Status of Industrial Facilities

30th. April. 1947.

1. Name of Copany: Chiyoda Sangyo Kabushiki Kaisha.
2. Address of Company: 400 Higashinonami-cho, Hikone city, Shiga Prefecture.
3. Name of Factory: Hikone Plant.
   Date of Construction: Jan. 1946.
   Note: Hikone Plant was transfered from Nagoya city where Nagoya Plant constructed in Feb. 1936. under the name of Oshita Tekkosho.
4. Address of Factory: 400 Higashinonami-cho, Hikone city, Shiga Prefecture.
   a. Number of employees on date permit was granted 96
   b. Number of employees at present 145
5. Reconversion permit Authorized by: Shiga Military Government.
6. Date of Permit: 25 September. 1946. Team.
7. Production authorized by this permit:

Item	Quantity
Sewing Machines	Maximum Production.

8. Previous Products of Factory: None.
   Note: In Nagoya Plant as followed.

Pre-War	Wartime
Sewing Machines.	Smaller Parts for Torpedo

9. Number of machines in operation listed for Reparation:
   1. Machine tools 96
   2. Other Metal Working Machines 0
   3. Other Industrial Machines 7
10. Total number of machines listed for Reparation:
   1. Machines tools 128
   2. Other Metal Working Machines 0
   3. Other Industrial Machines 7
11. Monthly production (April)

Item	No. or Weight	Value
15 sort 83 type Sewing Machines	100 sets	¥273,000.oo

12. Total products after permit of operation:

Item	No. or Weight	Value
15 sort 83 type Sewing Machines	410 sets	¥1,119,300.oo
Parts of Sewing Machine	for 700 sets	¥ 910,000.oo
Total		¥2,029,300.oo

13. To whom the products were supplied.
   a. Export 0%
   b. Domestic 100%
   c. Occupation Forces 0%
14. Signature and Title of Company official Verifying this Report.

3 December 1946

SUBJECT: TOSHIN JUKOGYO K.K. (Chiyoda Sangyo Co. Ltd.) of Hikone City, Shiga Prefecture, Munitions Reparation Plant.

TO : Commanding Officer, Kinki Military Government Region. APO 301. (Attention: Resources and Industry Officer)

1. Reference : letter, 004-SH-18, Headquarters Shiga Military Government Team, subject, Request for Removal From Reparations Selections Within Privately Owned Munitions Plants of Chiyoda Sangyo Co. Ltd. of 400 Higashi Nonami-cho, Hikone city, Shiga Prefecture, Dated 17 October 1946.

2. This Headquarters has obtained additional information concerning the subject plant which may alter any decision already made by higher Headquarters.

3. There are two points to which your attention is invited:

a. The subject plant, at the time its machinery was located in Nagoya, Aichi Prefecture, was a subcontractor of Aichi Tokei Denki k.k. from November 1940 to August 1945. Aichi Tokei Denki was placed on OD-5 for Reparations 13 August 1946 and was removed about two months later.

b. Aichi Tokei Denki had about 180 subcontracting plants during 1940 to 1945 and Toshin Jukogyo k.k. was the only plant in this group of subcontractors to be designated for custody and control by OD-5.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

1. Position of Nagoya Factory in the war-time.

In spite of the privetely-owen munition factory in war-time which were working throughout Japan strictly in accordance with the Government orders and supervised by the Military authourities, with the special supplies of raw materials, machineries, labours, electrict power and all other necessary materials, the Nagoya Factory of this Co. had never been favored materially or in any other way. Therefore it is clear that this Co. was only a mere subcontractor of Aichi Tokei Denki K.K. which they had then about 180 subcontractors of the same kind and also that this Co. was not a designated Arms factory, Military or Governmentary. But strictly managed and worked out all by ourselves.

This Co. had been doing PIECE WORK for Aichi Tokei Denki K.K. after the prohibition of peace time production of sewing machines, which was set forth by the Japanese Government during the war-time. As a sub-contractor, this Co. used to supply the Aichi Toki Denki K. K. the finished materials mainly bolts, nots, screws, pins and washeres, in accordance with the specification given in their orders with which raw-materials furnished by them. Thus, we earned the manufacturing fees for the labourers of our Co.

Conseqently, we received no orders nor any other thing whatso-over from the Military or Governmental authourity concerned, because of non-essential factory for the arms production. and as to the manufacturing fees of these materials were simply fixed between Aichi Tokei Denki K.K. and us without any intermediation or orders of the Gov rnment concerned.

Therefore it is cleare that this Co. was only a mere sub-

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

contractor of Aichi Tokei Denki K.K. which they had then about one nundred eighty (180) sub-contractors of the same kind. And that this Co. was not a designated Arms Factory Military or Governmentary.

2. Position of Aichi Tokei Denki K.K. as the parent Company.

Address of the Head Office: Funakuta-machi, Atsutaku, Nagoya.

Status of this Company during the war-time:

This factory was designated as a munition factory by the Japanese Government and engaged in manufacturing arms. During the war-time, on account of the Air-raids, the factory had moved from one place to another, but later the factory was hit by the bomb beyond opperation, and presently not opperating.

Designated for reparation controled factory on the 24, August, 1946, and released from this Reparation List on the 24, October, 1946.

3. Relation between our Co. and Aich Kokei Denki K.K. as the parent company:

We had been supplying the Aichi Tokei Denki K.K. mainly the bols, nots, and washers which were finished from the raw-materials given by them as a sub-contractor as explained in paragraph 1.

Aichi Tokei Denki K.K. then had about one hundred eighty (180) sub-contractors including this Chiyoda Sangyo K.K. (formarly called Toshin Jukogyo K.K.) doing the similar job like us for them. And all of them including the Aichi Tokei Denki K.K. Its-self are eather exempted or released from the Reparation List, despite of the fact that only one among these one hundred eithry (180) companies, our Co. has been ordered as a Reparation Controled Co. and still been un-released from the said List.

4. History of our Nagoya Factory:

copy

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Established in February, 1936 at Ni-chome, Acike Machi, Nagoya City, in the name of Messrs Oshita Tekkosho for the purpose of manufacturing sewing machine. Operation of the factory commenced immediately after its establishment.

In Novermber, 1938, moved its head office to Yon-chime, Minami Ichibancho, Atsuta Ku, Nahoya City. Reorganized into a Joint Stock Co. under the name of Kabushiki Kaisha Oshita Tekkosho, and contenued the manufacturing the sewing machine.

In 1940, peace-time production of sewing machine was prohibited by the order of Japanese Government. then our Co. was obliged to take-up the piece work with the Aichi tokei Denki K.K. as their sub-contracting work-shop. Since then, our Co. engaged in manufacturing mainlu bolts, nuts, screws, pins, washers for the said Co. in accordance with their specification and orders the same Co. then used as a parts of the arms that they assembled and manufactured.

In the same year of 1940, the name of the Co. was again cnanged into Toshin Jukogyo K.K.

5. Position of Hikone Factory:

In June, 1945, we transfered the part of Nagoya Factory to the present site of Hikone, Shiga Prefecture. And before completion of setting machineries and equipments redy for the operation, the war was ended in September of the same year.

Then, with the intention of peace-time production of manufacturing sewing machine by availing our former experiences, we have adjusted the equipment and set-ups of the factory in added the necessary machineries by purchesing after the and of the War.

On December 1945 we again, changed the name of the Co. , as

copy

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Chiyoda Sangyo K.K. which may sute the peace-time manufacturing.

During the later part of 1945, the preperation and the construction of the factory has remarkably progressed. And at present we are actually produsing the sewing machines. By year 1947 we shall be manufacturing at the rate of five hundred (500) sets per month.

The present set-ups and whole equipments, machineries and instollations of this factory is prepared solely for the manufacture of the sewing machine, and we are now concentrating all our possible efforta so as to manufacture a good sewing machine by making improvement upon improvemnt

From the above-mentioned explanations, it is cleare that this factory has originary started with the intention of peace-time production of sewing machine, since the beginning of the oppration. And during the war-time as the peace-time production throughout Japan has been prohibited by the Covernment, this factory had no alternative but to become as a subcontractor for the Aichi Tokei Denki K.K. As stated in the above mentioned paragraphs.

Therefore, we hereby submit this explanatory note as a petition to appeal to your kind authority re-consider this matter and release from the Reparation List after the due investigations.

We earnestly desire we may be given the favourble consederation to this matter.

signed _____

17 October 1946

SUBJECT: Request for Removal from Reparations Selections Within Privately Owned Munitions Plants of Chiyoda Sangyo Co. Ltd. of 400 Higashi Nonami-cho, Hikone city, Shiga Prefecture.

TO : Commanding General, I Corps, APO 301 (Kyoto, Honshu) (Attention: Military Government Section).

1. The Chiyoda Sangyo Co. Ltd. of Hikone city has filed application with this Headquarters to be removed from the Reparations Selections Within Privately Owned Munitions Plants. The following facts were ascertained upon investigation by personnel of this office.

2. The above mentioned company was started in February 1936 as a sewing machine manufacturer under the name of Oshita Tekkojo. In 1940 the company changed its name to Toshin Jokogyo K.K. and in early 1946 the name was changed to Chiyoda Sangyo Co. Ltd. From 1936 to September 1945, the company operated only one factory at Nagoya, Aichi Prefecture. In June 1945 the Nagoya factory was evacuated and the machines and equipment set up for operation by September 1945 at Hikone city in Shiga Prefecture.

3. The Nagoya factory has a long history as a war producer. In November 1938, the company began making 40 mm shell caps and rough finishing of 90 mm shell housings. From 1938 to 1940, approximately 60 percent of the factory's capacity was devoted to shell parts. From 1940 till the end of hostilities in 1945, the factory was engaged 100 percent in war production, making shell and torpedo parts.

4. The machine tools that were used in the Nagoya factory during the period 1936 through 1945 are now located at Hikone city. It is true that the Hikone factory had no production during World War II, but the movement of these machines from Nagoya to Hikone does not exempt the company from being classed as a war producer under the category of a Privately Owned Munitions Plants.

1. This headquarters concurs in recommendation contained in basic communication.

9137

2. The machines of this company have been used in the manufacture of war implements since early 1936. It is the opinion of this headquarters that this plant does come under the established criteria as to what constitutes an aircraft producer. It is noted that the application of the company for exemption from reparations is based not on improper selection, but rather on the essentiality of the plant to the economy of Japan.

3. It is the recommendation of this headquarters, that the request of the Chiyoda Sangyo K.K. (listed as TOSHIN JUKOGYO K.K. - Plant No. 7 in Shiga Prefecture) for removal from the list of reparations selections be denied.

SUBJECT: TOSHIN JUKOGYO K.K. (Chiyoda Sangyo Co. Ltd.) of Hikone City, Shiga Prefecture, Munitions Reparation Plant.

TO : Commanding Officer, Kinki Military Government Region. APO 301. (Attention: Resources and Industry Officer)

1. Reference : letter, 004-SH-18, Headquarters Shiga Military Government Team, subject, Request for Removal From Reparations Selections Within Privately Owned Munitions Plants of Chiyoda Sangyo Co. Ltd. of 400 Higashi Nonami-cho, Hikone city, Shiga Prefecture, dated 17 October 1946.

2. This Headquarters has obtained additional information concerning the subject plant which may alter any decision already made by higher Headquarters.

3. There are two points to which your attention is invited:

a. The subject plant, at the time its machinery was located in Nagoya, Aichi Prefecture, was a subcontractor of Aichi Tokei Denki k.k. from November 1940 to August 1945. Aichi Tokei Denki was placed on OD-5 for Reparations 13 August 1946 and was removed about two months later.

b. Aichi Tokei Denki had about 180 subcontracting plants during 1940 to 1945 and Toshin Jukogyo K.K. was the only plant in this group of subcontractors to be designated for custody and control by OD-5.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

1. POSITION OF NAGOYA FACTORY ~~Position of [illegible] Factory in the war-time.~~

In spite of the privetely-owen munition factory in war-time which were working throughout Japan strictly in accordance with the Government orders and supervised by the Military authourities, with the special supplies of raw materials, machineries, labours, electrict power and all other necessary materials, the Nagoya Factory of this Co. ~~had~~ never been favoured materially or in any other way. But strictly managed and worked ~~but~~ they by ourselve.

This Co. had been doing piece works for Aichi Tokei Denki K.K. which had hundred eighty(180) sub-contractors of the same kind. And that this Co. was not a designated Arms Factory Militarly or Governmentary.

Therefore it is clearе that this Co. was only a mere sub-contractor of Aichi Tokei Denki K.K., which/had then about one they hundred eighty(180) sub-contractors of the same kind. And that this Co. was not a designated Arms Factory Militarly or Governmentary.

machine, which was set force by the Japanese Government during the war-time. As a sub-contractor, this Co. used to supply the Aichi Toki Denki K.K. the finished materials mainly bolts, nots, screws, pins and washeres, in accordance with the specification given in their orders with which raw-materials furnished by them. Thus, we earned the manufacturing fees for the labourers of our Co.

Consequently, we received no orders nor any other thing whatso-ever from the military or Governmental authourity concerned, because of non-essential factory for the arms production. And as to the manufacturing fees of these materials were simply fixed between Aichi Tokei Denki K.K. and us without any intermediation or orders of the Gevernment concerned.

Therefore it is clearе that this Co. was only a mere sub-contractor of Aichi Tokei Denki K.K., which/had then about one they hundred eighty(180) sub-contractors of the same kind. And that this Co. was not a designated Arms Factory Militarly or Governmentary.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

2. Position of Aichi Tokei Denki K.K. as the parent Company.

Address of the Head Office: Funakutamachi, Atsutaku, Nagoya.

Status of this Company during the war-time:

This factory was designated as a munition factoby by the Japanese Government and engaged in manufacturing arms. During the war-time, on account of the Air-raids, the factory had moved from one place to another, but later the factory was hit by the bomb beyond opperation, and presently not opperating.

Designated for reparation controled factory on the 24, August, 1946, and released from this Reparation List on the 24, October, 1946.

3. Relation between Our Co. and Aich Kokei Denki K.K. as the parent company:

We had been supplying the Aichi Tokei Denki K.K. mainly the bolts, nots, and washers which were finished from the raw-materials given by them as a sub-contractor as explained in paragraph 1.

Aichi Tokei Denki K. K. then had about one hundred eighty (180) sub-contractors including this Chiyoda Sangyo K.K. (formarly called Toshin Jukogyo K.K.) doing the similar job like us for them. And all of them including the Aichi Tokei Denki K.K. Its-self are eather exemted or released from the Reparation List, despite of the fact that only one among these one hundred eighty (180) companies, our Co. has been ordered as a Reparation Controled Co. and still been un-released from the said List.

4. History of ~~of~~ Our Nagoya Factory:

Established in February, 1936 at Ni-chome, Aoike Machi, Nagoya City, in the name of Messrs Oshita Tekkosho for the purpose of manufacturing sewing machine. Operation of the~~ir~~ factory commenced immediately after its establishment.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

In November, 1938, moved its head office to Yon-chime, Minami Ichibancho, Atsuta Ku, Nagoya City. Reorganized into a Joint Stock Co. under the name of Kabushi Kaisha Oshita Tekkosho, and contenued the manufacturing the sewing machine.

In 194o, peace-time production of sewing machine was prohibited by the order of Japanese Government. then our Co. was obliged to take-up the piece work with the Aichi tokei Denki K.K. as their sub-contracting work-shop. Since then, our Co. engaged in manufacturing mainlu bolts, nuts, screws, pins, washers for the said Co. in accordance with their specification and orders the same Co. then used as a parts of the arms that they assembled and manufactured.

In the same year of 194o, the name of the Co. was again changed into Toshin Jukogyo K. K.

5. Position of Hikone Factory:

In June, 1945, we transfered the part of Nagaya Factory to the present site of Hikone, Shiga Prefecture. And before completion of setting machineries and equipments redy for the operation, the war was ended in September of the same year.

Then, with the intention of peace-time production of manufacturing sewing machine by availing our former experiences, we have adjusted the equipment and set-ups of the factory in added the necessary machineries by purchesing after the end of the War.

On December 1945 we again, changed the name of the Co., as Chiyoda Sangyo K.K. which may sute the peace-time manufacturing.

During the later part of 1945, the preperation and the construction of the factory has remarkably progressed. And at present we are actually produsing the sewing machines. By year

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

1947 we shall be manufacturing at the rate of five hundred (500) sets per month.

The present set-ups and whole equipments, machineries and installations of this factory is prepared solely for the manufacture of the sewing machines and we are now concentrating all our possible efforts so as to manufacture a good sewing machine by making improvement upon improvement.

From the above-mentioned explanations, it is cleare that this factory has originary started with the intention of peace-time production of sewing machine, since the beginning of the oppration. And during the war-time as the peace-time production throughout Japan has been prohibited by the Government , this factory had no alternative but to become as a subcontractor for the Aichi Tokei Denki K. K. as stated in the above mentioned paragraphs.

Therefore, we hereby submit this explanatory note as a petition to appeal to your kind authority re-consider this matter and release from the Reparation List after the due investigations.

We earnestly desire that we may be given the favourble consederation to this matter,.

Signed Yasuo Takeuchi

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

25 October, 1946.

TO : COMMANDING OFFICER OF SHIGA MILITARY GOVERNMENT TEAM.

FROM : Employees of Messrs. Chiyoda Sangyo Co. Ltd.

SUBEJECT: Petition for Removal of Messrs. Chiyoda Sangyo Co., Ltd. (Hikone Kojo) from the Reparation List designated for Custody as Privately-owned Munitions Plants in the Memorandum issued on 13 August, 1946.

After the termination of the war, we have fully realized the meaning of the acceptance of the provisions on the part of the Imperial Japanese Government which set forth in the Declaration at Potsdam on 26 June, 1945, and in order to faithfully fulfill the above-mentioned Declaration, we, thereafter, concentrated our every possible effort to establish the peace-time industry. For this purpose, we commenced the manufacture of sewing machine immediately after the end of the war to the present day by co-operating each other.

Such being the case, the percentage of the number attended to this factory is always near around 97%. Thus, their ideal was the production of the best quality of sewing machine by making various improvement upon improvement. In the other words, their ideal is the production of so-called "Japanese Singer." Not only this, upon completion of such good sewing machine, we can utilize this for collateral goods for exports. As the result our earnest effort, we could of late fortunately prepared our machine for the production of complete sewing machine. Production programme was recently on the rail. While, all of a sudden, on 24 August, 1946, our Hikone Kojo was designated for custody as privately-owned

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

munition plants in accordance with the Memorandum delivered the Imperial Japanese Government from SCAP dated 13 August, 1946. Big shock and unrest were fallen upon not only for the employees in general but also extented to their families, If the installations, equipments, and machines, were taken away from the premises of this factory, all exployees will be placed out of their employment and at loss for their future life. It will be quite clear that stability of their life will be destroyed. Furthermore, all our effort will come for nothing and we cannot contribute the development of peace-time industry. This is a well-known fact throughout Japan that a sewing machine is a good instrument indeed for women in general giving their chance of having an independent life. From this point of view, we are quite convincing that sewing machine is really indispensable machine under the present circumstances. Consequently, the immediate production of this is vital for us.

As we have already stated in the first paragraph of this petition, we are determining to fulfill the object of the Potsdam Declaration and at the same time, we would like to establish real peace-time industry. In the meantime, the investegation for the present situation of our Factory by the esteemed Military Government is earnestly desirable. Thus, we expect the day when our Hikone Kojo will be deleted from the Reparation List By your kind and thoughtful consideration in the time to come. By presenting this petition with the signatures of all employees, we express herewith our sincere desire.

Signed:

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

TO : HEADQUARTERS, SHIGA MILITARY GOVERNMENT TEAM.

FROM : Central Liaison Office, Tokyo.

SUBJECT : Request for Removal of Chiyoda Sangyo K.K. from Reparations List.

C.L.O. No. 478(ECI-F) 24 October 1946

1. Reference: SCAP Memorandum AG 387.6(13 Aug 46)ESS/IN (SCAPIN-1134), subject: "Reparations Selections within Privately Owned Munitions Plants."

2. Herewith is submitted an application of the Ministry of Commerce and Industry on the subject matter.

3. As is stated in detail in the above application the subject plant had never been engaged in the production of munitions during the war. It is therefore requested that favorable consideration be given by your Headquarters for the removal of this plant from the Reparations List.

FOR THE PRESIDENT:

(K. ASAKAI)
Director of General Affairs,
Central Liaison Office.

Enclosure: An application of the Ministry of Commerce and Industry, accompanied by an explanatory note on the subject plant(in sextuplicate).

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

TO : Headquarters SHIGA Military Government Team

FROM : Adjustment Division,
Ministry of Commerce and Industry

SUBJECT: Application for Exemption from Designation of Reparation Control to Chiyoda Sangyo Co.Ltd., Hikone Factory. (Toshin Jukogyo Co.Ltd., Hikone Factory.) as privately-owned munitions plants.

1. In regards to those plants as designated for control as privately-owned munitions plants in the directive dated 13 August 1946, we have taken and are also taking actions necessary to assure its satisfactory control and custody, in close connection with organs concerned civil and official.

2. However, Chiyoda Sangyo Co.Ltd., Hikone Factory(Toshin Jukoggyo Co.Ltd., Hikone Factory) is desired to be exempted from the designation for control as well as to be the object of reparation in future after your review on the detailed explnation (annexed paper) due to the fact that this company was not considered to have participated in the munitions production during war.

T. Wada
Director of Adjustment Division,
Ministry of Commerce and Industry.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

A. Name of Firm: Messrs. Chiyoda Sangyo Co.Ltd.,
(Former "Toyshin Jukogyo")

B. Name of the Factory: Chiyoda Sangyo Co.Ltd.,Hikone Factory.

C. Location:

Head Office & Factory: No.19,4 chome, Minami Ichibancho,Atsuta-ku, Nagoya city, Aichi Prefecture.

Hikone Kojo: No.400, Higashi Nonamicho, Hikone city, Shiga Prefecture.

D. Date of Foundation & Commencement of Work:

Company: Comenced work in February,1936,under the name of Oshita Tekkojo at Aoikecho,Nakagawa-ku,Nagoya; for the purpose of manufacturing sewing machine, and estabrished the Messrs,Oshita Tekkojo Co.Ltd., in Nove, 1938, and the head office changed to the present place at the same time.

Hikone Kojo: The factory was Completed in September 1945, Hikone city, Shiga Prefecture and commenced work at the same time.

E. History of the Factory:

In June, 1945, this factory was commenced to evacuate from Nagoya city and parts of the building began to be constructed, but it was suspended for some time, becnuse of the termination of the war. However, in September,1945. planned to manufacture sewing machine as they formerly produced. They prepared the equipment and partial production of jigs and tools for this

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Purpose. By the end of January,1946, the equipments was almost completed. Accourdingly from February till August they were engaged in producing several parts of the sewing machine.

They are now endeavouring with all their efforts to produce 1,000 complete machines since this September to the end of this year. And further planned to make monthly production of 500 machines in the course of 1947, and 1,000 monthly in 1948.

F. Items & Quantity of Production during 1934 - 1936.

The factory being built in September, 1945, no production in this period.

G. Items & Qaantity of Production during 1937 - 1945.

The factory being built in September, 1945, no production in this period.

H. Items & Quantity of Production after the termination of the war:

(a) Monthly Production after the authourized permission of conversion. (Permit No. IC-200 issued from Headquarters of I Corps, on 24 January, 1946, for manufacturing sewing machine)

	Items	Quantity	Value (¥)
January	Parts of sewing machine	0	0
February	----------	800	¥ 8,000
March	----------	2,000	" 21,000
April	----------	3,500	" 34,000
May	----------	7,000	" 69,000
June	----------	12,000	" 125,000
July	----------	13,000	" 135,000
August	----------	15,500	" 165,000

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(b) Future Production Plan: Complete Sewing Machine.

September - December,1946	1,000 (Total)
1947	500 (Monthly)
1948	1,000 (Monthly)

Moreover, in order to make some additional items, they tried to submit an application to Shiga Military Government through Shiga Prefectural Government asking for permission for the following items, on 18 May, 1946.

(1) Additional Items: Reparing and Production of Parts of Rolling Stocks.

(2) Capacity of Monthly Production: 2,500 Pieces.

(3) Value in Yen: 40,000 Yen per month.

Remarks: The Company received these orders from Messrs. Omi Tetsudo Kabushiki Kaisha Limited for repairing and production of rolling stocks.

I. Equipment of Plant (At the end of August, 1946 with an annexed drwaing of the situation of building.)

(a) MACHINE TOOLS:	Drilling Machines	14
	Grinding Machines (including 2 borrowed)	4
	Lathes(including turret and automotic lathes)	91
	Milling Machines	15
	Shaping and slothing Machines (including 1 borrowed)	5
(b) OTHER WORKING MACHINES.	Small Hand Presses	2

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(c) OTHER INDUSTRIAL EQUIPMENT.

Electric Transformers (including 2 borrowed)	2
Electric Motors(including 5 borrowed)	20
Heating Furnance for Forging	1

(d) Quantity of Equipped Machines which have become needless after the Conversion.

None.

J. Proportion of the monthly faculty of their principal products to that of the whole Japan.

Items	Faculty of whole Japan (Monthly)	Faculty of our Factory (Monthly)	Rate%
Sewing Machine	10,000	500	5%

K. Reason of Necessity of Continuance of this Factory:

(a) Althouth this factory was to be evacuated from Nagoya city just before the termination of the war (in June,1945) and begun to be constructed in Hikone, the project was not completed during the war. Naturally, therefore, this factory did not contribute anything at all during the war.

(b) Principal product of this factory after the war is sewing machine, and this is now highly appreciated and demand by the numerous factories and people that have lost their machines during the war by the air-raids.
It is very necessary to increase the product of this sewing machine, as soon as possible.

(c) Under the present circumstances of Japan, these sewing machine will surely be afford women in general to have the chance of leading their life. In view of elevating women's

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

social position in Japan, the continuous production of these machine is also necessary to maintain their independent life.

Remarks: The Present Equipments in the Plants read as BORROWED were temporarily hired from Messrs. Omi Tetsudo Kabushiki Kaisha. (Local Railway Company in Shiga Prefecture.)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

HEADQUARTERS
SHIGA MILITARY GOVERNMENT TEAM
APO 25 (Otsu, Honshu)

HLR/ak

004-SH-18

17 October 1946

SUBJECT: Request for Removal from Reparations Selections Within Privately Owned Munitions Plants of Chiyoda Sangyo Co. Ltd. of 400 Higashi Nonami-cho, Hikone city, Shiga Prefecture.

TO : Commanding General, I Corps, APO 301 (Kyoto, Honshu)
(Attention: Military Government Section).

1. The Chiyoda Sangyo Co. Ltd. of Hikone city has filed application with this Headquarters to be removed from the Reparations Selections Within Privately Owned Munitions Plants. The following facts were ascertained upon investigation by personnel of this office.

2. The above mentioned company was started in February 1936 as a sewing machine manufacturer under the name of Oshita Tekkojo. In 1940 the company changed its name to Toshin Jokogyo K.K. and in early 1946 the name was changed to Chiyoda Sangyo Co. Ltd. From 1936 to September 1945, the company operated only one factory at Nagoya, Aichi Prefecture. In June 1945 the Nagoya factory was evacuated and the machines and equipment set up for operation by September 1945 at Hikone city in Shiga Prefecture.

3. The Nagoya factory has a long history as a war producer. In November 1938, the company began making 40 mm shell caps and rough finishing of 90 mm shell housings. From 1938 to 1940, approximately 60 percent of the factory's capacity was devoted to shell parts. From 1940 till the end of hostilities in 1945, the factory was engaged 100 percent in war production, making shell and torpedo parts.

4. The machine tools that were used in the Nagoya factory during the period 1936 through 1945 are now located at Hikone city. It is true that the Hikone factory had no production during World War II, but the movement of these machines from Nagoya to Hikone does not exempt the company from being classed as a war producer under the category of a Privately Owned Munitions Plant.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

5. It is recommended by this Headquarters that this application be not favorably considered.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Application Note for Exemption
from Designation of Reparation
Control.

9 June, 1947.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

This company was established in February, 1936 at Ni-chome, Aoike machi, Nakagawa-ku, Nagoya city, in the name of Messrs. Oshita Tekkosho for the purpose of manufacturing sewing machine.

In November, 1938, moved its plant and head office to Yon-chome, Minami Ichibancho, Atsuta-ku, Nagoya city, reorganized into a joint stock Company, and continued the manufacturing the sewing machine.

In the course of China Accidents, peace-time production of our sewing machine had fallen into hard lines because of the difficulty of acquiring raw materials and recruiting labourers. Then, we obliged to engage partially in manufacturing smaller parts of simple shell for Hisakado Tekkosho at Sakurada-cho, Atsuta-ku, Nagoya city and for Toyoda Shokki Kabushiki Kaisha, at Kariya-cho, Hekikai-gun, Aichi Prefecture, in accordance with the specification given in their orders with which raw-materials furnished by them, and thus, we earned the manufacturing fees for the labourers of our Co.

The quantity of parts of shell which we manufactured for Hisakado Tekkosho and Toyota Shokki Kabushiki-kaisha was very few and any small plants like our's then engaged in manufacturing parts of war ~~for a which~~ under the order of their parent company, because they came then to a dead-lock in management generally.

In 1940, added difficulty in management, we set up to manufacture parts of war as a sub-contracting plant of Aichi Tokei Denki Kabushiki kaisha, and at the same time changed the name of Co. into Toshin Jukogyo K. K.

In 1941, because of difficulty in management and trouble among directors, all the former directors and officers retired and the new members occupied each their post.

At Minami Ichiban-cho, Atsuta-ku, Nagoya city, the whole building area of our office and plant were 1041^{m2} and the whole site were 2204^{m2}.

The number of machines of our plant are as follow.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(A) before War ----------62 sets

(B) machines, added during War ----------52 sets

(C) machines, purchased after the end of War -----21 sets(EX)

(D) machines, designated for Reparation Control -135 sets

In June, 1945, we transfered the part of Nagoya factory to the present site of Hikone, and in the middle of its construction the War was ended.

Immediately after the end of War, we changed from war production into the sewing machine production, and we are now manufacturing 200 set's per month.

Aichi Tokei Denki K. K. as our fomer parent company, was designated for Reparation controled factory, but released from the Reparation List soon after its designation. Moreover, among 200 sub-contracting plant of Aichi Tokei Denki K. K., only our Hikone plant was designated for Reparation Control.

We earnestly desire to be released from the Reparation List after your impartial consider-ation to this matter.

Signed Yasuo, Takeuchi
President
Chiyoda Sangyo Co. Ltd.

SUBJECT: Request for Removal from Reparations Selections within Privately Owned Munitions Plants of Chiyoda Sangyo Co. Ltd. of 400 Higashi Nonami-cho, Hikone City, Shiga Prefecture.

TO : Commanding General, I Corps, APO 301 (Kyoto, Honshu)
(Attention: Military Government Section)

1. The above mentioned company was started in February 1936 as a sewing machine manufacturer under the name of Oshita Tekkojo. In 1940 the company changed its name to Toshin Jukogyo K. K. and in early 1946 the name was changed to Chiyoda Sangyo Co. Ltd. From 1936 to September 1945, the company operated only one factory at Nagoya, Aichi Prefecture. In June 1945 the Nagoya factory was evacuated and the machines and equipment set up for operation by September 1945 at Hikone City in Shiga Prefecture.

2. The president of the company admits making munitions at the Nagoya Plant during world war II but denies any production at the Hikone Plant because of the Hikone plant's getting established in September 1945.

3. In accordance with Section III, Paragraph 1 (c) (2), OD 5/5, Hq, Eighth Army, 24 September 1946, the Hikone factory of Chiyoda Sangyo Co. Ltd. is recommended to be deleted from the Reparations Selections within Privately owned Munitions Plants because the machinery cannot be considered surplus to Japan's peace time economy. The Nagoya plant was not originally organized for munitions production and the Hikone plant had no production during world war II. The character of the machines and equipment at the Hikone plant has made the conversion to sewing machine manufacture easy. Complete sewing machines can be produced at the Hikone plant by about 1 November 1946.

4. The Hikone plant of Chiyoda Sangyo Co. Ltd. has been inspected but the facts presented here are not possible to be verified by personnel of the Shiga Military Government Team.

The application of the Toshin Jukogyo K.K. does not include information in sufficient detail to account for the activities of this company during the period of war. It is directed that the company be instructed to furnish detailed information with respect to its operation and production for each year from 1937 to the termination of hostilities. The fact that this company removed its equipment from Nagoya at the end of the war, and failed to again resume operation, does not remove the plant from the category of a war producer.

The Company: --- Feburary, 1936 in Nagoya
(Commenced in the name of "OSHITA TEKKOJO" for the purpose of manufacturing sewing machine.)
The Factory: --- September, 1945.
Commencement of Work in Hikone Work: September, 1946.

5. History of the Factory.
In June, 1945, our factory was commenced to evacuate from Nagoya city, and part of the building began to be constructed, but it was suspended for some time, because of the termination

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

the war.

In September, 1945, planned to manufacture the sewing-machine, as we were formerly produced. We commenced to prepare the equipment for this machine and the partial production of jigs and tools for this purpose.

Thus, in January, 1946, the equipment was almost completed; and since then, from February to August, 1946, we were engaged in producing several parts of the sewing machine. We are now endeavouring with all our efforts to produce one thousand (1,000) complete sewing machines within the course of this year.

6. Items & Quantity of Production of 1934 - 1945, we had nothing produced in this period.

7. Items & Quantity of the Production of 1937 - 1945:

None. (Refer to the former Paragraph.)

8. Items & Quantity of Production after the termination of the war.

(a) Monthly Production after obtaining the authourized permission of conversion. (Permit: No. IG-2000 issued from Headquarters I Corps on 24 January, 1946.)

Items (Parts of Sewing Machine)

	Quantity (pieces)	Value (Yen)
January	0	0
February	800	8,000
March	2,000	21,000
April	3,500	34,000
May	7,000	69,000
June	12,000	125,000
July	13,000	135,000
August	15,500	165,000

(b) Future Production Plan: Comparte Sewing Machines.

Electric motors (including 5 borrowed)	20
Heating Furnace for forging	1

d. QUANTITY OF EQUIPPED MACHINES which have become needless after the conversion.

None.

Remarks: Equipment read as "BORROWED " were temporarily hired from Messrs. Omi Tetsudo Kabushi Kaisha Ltd. (Local Railway Co,)

10. Proprtion of the monthly faculty of our principal products to that of the whole Japan.

Items	Faculty of whole Japan.	Faculty of our Company.	Rate %
Sewing-machines	10,000	500	5%

11. Reasons of the necessity of continuance of our factory.

(1) Although our factory commenced to evacuate from Nagoya in June, 1945, just before the termination of the war, and tried to be constructed at Hikone, it was not completed during the war. Naturally, therefore, our factory did not contribute anything at all to the production during the war.

(2) As explained in paragraph 5 (" History of the factory") this factory established for the purpose of manufacturing sewing machine in 1936. By the rquest of the then Japanese Gover--nment concerned, this factory han been obliged to convert into the manufacture of parts of arms during the war-time, it is

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

now converted again into the production of the most useful commodities for civilian use, as they exprienced to produce in the former days.

(3) The principal product of our factory at present is sewing-machine, and this is now highly appreciated and demanded by the numerous factories and people in general that have lost their machines during the war by successive air-raids.

(4) Under the present circumstances of Japan, elevation of social position of women in general is the most important and essential. From this viewpoints, sewing machine will surely afford numerous chance for women to have independent life, Thuse, increasing the production of these good sewing machine in future, it is presumed for us, is of great significance.

Signed Yasuo Takeuchi

SUBJECT: History of the factory concerning. Chiyoda Sangyo at Hikone.

With reference to the above-mentioned subject, Shiga Ken Liaison Office wishes to submit herewith the information furnished by Messrs. Chiyoda Sangyo Co. Ltd. concerning the history of Head Office Chiyoda Sangyo, at Nagoya City as follows.

Nagoya Factory

(1) February, 1936: Commenced work at Aoike-machi Nagoya City, Aichi Prefecture, in the name of OSHITA TEKKOJO for the purpose of manufacturing sewing machine.

(2) November 1937: Reorganized and changed their name as follows: KABUSHIKI KAISHA OSHITA SEISAKUJO
Removed Office to No. 19. 4chome, Minami Ichibancho, Atsuta-ku, Nagoya City.

(3) August, 1940: Changed their name TOSHIN JUKOGYO KABUSHIKI KAISHA;

(4) In the development of international situation and prohibition of manufacturing sewing machine, this factory has been obliged to engaged in manufactnring part of arms in the war-time.

(5) March, 1945. and June, 1945: Parts of buildings or machines were burst down by air-raids.

(6) December, 1945: Changed their name CHIYODA SANGYO.

Liaison Officer of
Shiga Ken Liaison Office.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

27 September 1946.

TO : Shiga Military Government Team.

SUBJECT: Application for the removal of factory from the restricted list for reparation program, issued under date of 13 August 1946. (Subject: Reparations Selections within Privately-Owned Munitions Plants)

FROM : The Chief of Commerce and Industry Ministry, Kinki Regional Office, Osaka, Ref. No. CIK-19.

This Office is again submitting the petition prepared by Chiyoda Sangyo Co. Ltd. (Hikone Kojo) for the removal from the List of O.D-5, because we have found the factory to be most essential for the recovery of our civil economy.

The Hikone factory, as explained in the attached application, was established specially for the production of sewing machine in 1936 and now trying to return to their former object of production.

We are anxious to keep this factory because this machine is not only a very essential machine for the maintenance of civil economy, but will surely be the most domestic and useful utensil for women in general throughout Japan. Not only this, the sewing machine will afford innumerable chance for the people for obtaining occupation. Furthermore, this industry should be carefully selected so that the products can be exported as collateral goods with good reputation. In the meantime, their past experience in manufacturing sewing machine is quite valuable. This product will a attain the fame of "the Japanese Singar" in the nearest future.

As previous applications to your office, reference number being we have explained thoroughly what out office's duty and responsibility are for the restoration of this country's economy.

So we are quite confident that you will appreciate our position,

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

as without your kind consideration we can not hope to accomplish our responsibility of restoration and stabilization of this couhtry's civil economy, and we are certain that you have realized her essentiality for our civilian living.

We shall be most grateful if you could recommend for their factory to be removed from O, D-5, list and your investigation for what we have submitted here is greatly anticipated.

Hoping for your earlist recommendation for this removal.
