### Buildings.

The buildings in exterior are of yellow brick and white marble, with metal roofs. The school building, in Italian style, is 152 feet long, 84 feet deep, and three stories and basement in height.

In the basement are the boiler, engine, fuel, heating and janitor's rooms, a lunch room, gymnasium and bath rooms, a room for manual training, and a room for photography; in the first story, two reception rooms, cloak, coat and toilet rooms, and four natural science laboratories; in the second story, the assembly hall, office, libraries and class rooms for the languages and mathematics; in the third story, the physical and chemical laboratories, the drawing and art rooms, and the principal's class room; and in the attic is ample space for storage.

The interior is finished in oak throughout, and provided with modern improvements and facilities. Cabinets, drawers, closets, specially adapted to the needs of the school, are being provided in all the rooms.

### Requirements for Admission.

Candidates for admission to any one of the normal schools must have attained the age of seventeen years complete, if young men, and sixteen years if young women, and must be free from any disease or infirmity which would unfit them for the office of teacher. They must, 1, present certificates of good moral standing; 2, give evidence of good intellectual capacity (records of their scholarship standing in the high schools are desired); and 3, be graduates of high schools whose courses of study have been approved by the board of education; or 4, they must have received, to the satisfaction of the principal and the board of visitors of the school, the equivalent of a good high school education. Successful experience in teaching is allowed to be taken into account in the determination of equivalents in the entrance examinations.

For 1897 and thereafter, until further notice, the examination will be on the following groups of subjects:

1. **LANGUAGES.**—(a) English, with its grammar and literature, and (b) one of the three languages, Latin, French and German.

2. **MATHEMATICS.**—(a) Arithmetic, (b) the elements of algebra, and (c) the elements of plane geometry.

---

3. HISTORY AND GEOGRAPHY.—The history and civil government of Massachusetts and the United States, with related geography and so much of English history as is directly contributory to a knowledge of United States history.

4. SCIENCE.—(a) Physical geography, (b) physiology and hygiene, (c) physics, (d) botany, and (e) chemistry.

5. DRAWING AND MUSIC.—(a) Elementary, mechanical and free-hand drawing, with any one of the topics,—form, color and arrangement, and (b) musical notation.

### **Records of Scholarship.**

The importance of a good record in the high school cannot be overestimated. Reasonable allowance in equivalents will be made in case a candidate, for satisfactory reasons, has not taken a study named for examination.

### **Oral Examinations.**

Candidates will be questioned orally either upon some of the foregoing subjects or upon matters of common interest to them and the school, at the discretion of the examiners. In this interview the object is to gain some impression about the candidates' personal characteristics and their use of language, as well as to give them an opportunity to furnish any evidences of qualification that might not otherwise become known to their examiners.

### **Written Examinations.**

The written examinations occupy two days in order to lessen the strain on the candidates and allow proper time for the correction of papers. In each subject several questions are submitted, from which the candidate selects the required number.

Groups 1, 2 and 4 are allowed two hours each, groups 3 and 5 one hour each.

### **Times of Examination.**

Entrance examinations for candidates wishing to enter in September will be held :—the first examination on Thursday and Friday, June 24 and 25 ; the second examination on Tuesday and Wednesday, September 7 and 8. Candidates are advised to present them-

selves at the first examination. New classes will be admitted only at the beginning of the fall term.

### **General Two Years' Course of Study.**

This course is designed primarily for those who aim to teach in public schools below the high school grade.

### **Three Years' Course.**

This course includes the subjects of the two years' course and additional elective studies from the mathematics, science, language, art and psychology. This course will fit graduates for highest grammar grades and departmental teaching.

### **Kindergarten Course.**

This course extends through a minimum of two years and includes such studies of the two years' course as immediately pertain to kindergarten work, instruction in the history and theory of kindergartens, and practice in teaching.

### **Special Courses for Teachers.**

Teachers of several years of successful experience in teaching, who give evidence of maturity, good scholarship, and of aptness to teach, may, with the consent of the principal and of the board of visitors, select a course, including the course in psychology and pedagogy, and when such course is successfully completed they shall receive certificates for the same.

### **Expenses.**

Tuition is free to all who declare their intention to teach in the public schools of Massachusetts. For others the tuition is thirty dollars a year. Text books and supplies are free as in the public schools. State aid to a limited extent may be granted to deserving persons, citizens of Massachusetts, after they have been in attendance for at least one term, provided they do not live in towns where the normal schools are situated.

## THE ORIGINAL CATARRH CURE.

Wonderful increase in the production and sale of THE ORIGINAL CATARRH CURE. It is especially adapted for Catarrhal Colds. It will break up a cold in 24 hours if used with an Atomizer or in a spoon and snuff up the nose. Ask your druggist for it; if he does not have it on hand it can be obtained by mail by sending to address below.

OCTOBER 7, 1896.

GENTLEMEN:—To all it may concern—I have had catarrh for thirty-five years and I have tried almost everything to relieve me. I have used the Original and have received more benefit from it than anything else I have tried. I was not able to smell anything for twenty years, till I used this Catarrh Cure. It will break up a cold in a short time. At first I used it six times a day and now I use it half an hour before retiring. I can highly recommend it to anyone.

Yours respectfully, NELSON BABCOCK, 27 Chase Ave., North Adams.

Later: February 23, 1897.—I am now entirely cured. N. BABCOCK.

## POSTAL LAWS OF 1897.

---

### RULINGS AND INFORMATION UPON POSTAL SUBJECTS. CLASSIFICATION OF MAIL MATTER.

Classification of Domestic Mail Matter.—Domestic mail matter,—that is, mail matter sent in the mails from some postoffice within the United States to some other postoffice within the same,—is divided into four classes, as follows:

First-Class.—Written matter, namely, letters, postal cards, and all matter wholly or partly in writing, whether sealed, or unsealed, (except manuscript copy accompanying proof-sheets or corrected proof-sheets of the same). All matter sealed or otherwise closed against inspection is also of the first-class.

The following Articles are Among Those Subject to First-Class Rates of Postage:—Autograph albums containing writing; bank books with written entries; bank checks filled out in writing, whether cancelled or not, written visiting cards; “old letters,” whether sent singly or in bulk; stenographic or shorthand notes; diplomas, marriage, insurance, or other certificates, filled out in writing; manuscript copy, when not accompanied with printed proof-sheets; type-written matter, and manifold copies of the same; drawings and plans, containing written words, letters, or figures indicating size, price, dimensions, etc.; envelopes bearing written addresses; re-mailed postal cards wholly or partly in writing; printed assessment notices with amount due written or stamped in; printed price-lists, containing written figures; printed receipts with written signature; printed blank forms, filled out in writing; printed cards, bearing a written date, where the date is not the date of the card, but gives information as to when the sender will call, or will deliver something mentioned in the printed part of the card, or is the date upon which something is acknowledged to have been received; indented or perforated sheets of paper, containing characters which can be read by the blind, when they contain actual, personal, correspondence.

Second-Class.—Periodical publications, namely, all newspapers, and other periodical publications which are issued at stated intervals, and as frequently as four times a year, which bear a date of issue, and are numbered consecutively, are issued from a known office of publication, are formed of printed paper sheets, without board, cloth, leather or other substantial binding. To be entitled to entry in this class, such publications must be originated and published for the dissemination of information of a public character, or devoted to literature, the sciences, art, or some special industry, and must have a legitimate list of subscribers, and must not be

designed primarily for advertising purposes, or for free circulation at nominal rates.

A “circular” is defined by statute to be “a printed letter, which, according to internal evidence, is being sent in identical terms to several persons,” and does not lose its character as such by writing therein the date, name of addressee or of the sender, or the correction of mere typographical errors.

The Following articles, when Printed upon Paper, and Containing no writing, are Third-class Matter:—Almanacs, printed legal and insurance books, blue prints, printed books; canvassing and prospectus books with printed sample chapters; blank check books and receipt books; printed cards, circulars, catalogues, and assessment notices wholly in print; Christmas and Easter cards; school copy books with printed lines and instructions for use; matter reproduced by the cyclostyle, hectograph, mimeograph, electric pen, or other similar process easy of recognition; engravings and wood cuts; printed labels; lithographs, printed maps (on paper), music books, and sheets of music, printed blank notes, photographs, printed plans and architectural designs, postage stamps, cancelled or uncanceled, postal cards bearing printed advertisements, mailed singly or in bulk, price-lists wholly in print, printed proof-sheets, with or without manuscript, printed tags, printed calendars, U. Seeds, bulbs, roots, scions and plants are, by the Act of July 24, 1888, also mailable at the third-class rate of postage. Under this head are included samples of wheat or other grain in its natural condition; seeding potatoes, beans, peas, chestnuts and acorns. NOT HOWEVER; samples of flour, rolled oats, pearled barley, or other cereals which can only be used as articles of food, or cut flowers, dried plants, and botanical specimens; or foreign nuts and seeds (such as the coffee bean) used exclusively as articles of food, all of which are subject to postage at the fourth-class rate.

Second-class matter is not subject to the four-pound limitation. The above limit of weight does not apply to matter in foreign mails regulated by postal convention.

Don't mail your letter or valuable package without having your own address written or printed upon the upper left-hand corner.

This will insure its return to you if not delivered, and will prevent its being sent to and opened at the Dead Letter office.

**TO THE PUBLIC: HOW TO SEND MONEY WITHOUT DANGER OF LOSS.**—If you wish to send money to a distance in payment of taxes or other debts, for a newspaper subscription, for merchandise, or for any other purpose. Do not put in a letter, buy a postal money order; absolute safety guaranteed by the United States Government.

If a return receipt for registered matter addressed to a foreign country be desired by the sender, a demand of the same must be written across the face of the envelope of the registered article. Postmasters should so inform all persons who send registered matter to foreign countries.

A postal money order is perfectly safe. In case of its loss, the owner can procure a duplicate by making application to the issuing or the paying Postmaster.

Postmaster-General Wilson announced in the following amendment to the postoffice law, designating legal holidays January 1, February 22, May 30, July 4, the first Monday in September, known as Labor day, and December 25, and such other days as the President of the United States or the Governors of their respective States may designate as Fast or Thanksgiving day, or proclaim specially as holidays. On other occasions their offices can be closed only after permission obtained therefor from the department. Upon holidays postoffices must be opened sufficiently to meet fairly the public convenience. Mails must be made up and dispatched as on other days. When a legal holiday falls upon Sunday the following Monday may be observed, unless otherwise specially provided by State authority.

**INSTRUCTIONS AS TO REGISTRATION, ETC.**—All valuable matter to be sent by mail should be registered. It will thus receive protection which it is not always possible to give it if sent in the ordinary mails.

Every postmaster is obliged to register mail matter that is properly prepared and offered at the postoffice for registration.

The cost of registering mail matter is eight cents for registry fee, in addition to postage, both of which must invariably be fully prepaid by stamps affixed to the matter.

Postmasters are forbidden to address mail matter for the patrons of their postoffices, to enclose it in the envelope, seal it, or affix the stamps.

Articles of correspondence addressed under initial, or which bear an address written in pencil, or any matter that is unmailable in the domestic mails, cannot be sent by registered mail to foreign countries, and will not be received for registration. Nor can any article excluded from the domestic mails be admitted in the registered mails for foreign countries.

Letters for Canada should bear the names of the county and province, and those for Mexico the name of the Mexican State, where the office of delivery is located.

## AN ACT

—TO—

Incorporate the City of North Adams.

---

*(See an Act to Abolish the Board of Public Works of the City of North Adams, and for Other Purposes on Page 141.)*

*Be it enacted, etc., as follows:*

### TITLE 1. MUNICIPAL GOVERNMENT.

SECTION 1. The inhabitants of the town of North Adams, shall, in case of the acceptance of this act by the voters of the said town as hereinafter provided, continue to be a body politic and corporate, under the name of the city of North Adams; and as such shall have, exercise and enjoy all rights, immunities, powers and privileges, and shall be subject to all the duties and obligations, now pertaining to and incumbent upon the said town as a municipal corporation.

SECTION 2. The administration of all the fiscal, prudential and municipal affairs of said city, with the government thereof, shall except the affairs of public schools, be vested in an executive department, which shall consist of one officer, to be called the mayor, and in a legislative department which shall consist of a single body, to be called the city council, the members whereof shall be called councilmen. The executive department shall never exercise any legislative power, and the legislative department shall never exercise any executive power, except as herein otherwise provided.

SECTION 3. The territory of said city shall first be divided into seven wards, as hereinafter provided, but said number, upon any subsequent division of said city into new wards, may be increased by an affirmative vote of a majority of the members of the city council, passed previous to and in the year of such division.

TITLE 2. ELECTION AND MEETINGS.

SECTION 4. The municipal election shall take place annually on the third Tuesday of December, and the municipal year shall begin on the first Monday of January following. All meetings of the citizens for municipal purposes shall be called by warrants issued by order of the city council, which shall be in such form, and be served and returned in such manner and at such times, as the city council may by ordinance direct.

SECTION 5. At such municipal election the qualified voters shall give in their voters by ballot in the several wards for mayor and councilmen, and for the members of the board of assessors, board of trustees of the public library, and of the school committee then to be elected, and the person receiving the highest number of votes for any office shall be deemed and declared to be elected to such office; and whenever two or more persons are to be elected to the same office the several persons, up to the number required to be chosen, receiving the highest number of votes shall be deemed and declared to be elected. If it shall appear that there is no choice of mayor, or if the person elected mayor shall refuse to accept the office, or shall die before qualifying, or if vacancy in said office shall occur subsequently and more than three months previous to the expiration of the municipal year, the city council shall forthwith cause warrants to be issued for a new election, and the same proceedings shall be had in all respects as hereinbefore provided for the election of mayor and shall be repeated until the election of a mayor is completed. If the full number of members of the city council has not been elected, or if a vacancy in the office of councilman shall occur subsequently and more than six months previous to the expiration of the municipal year, the council may forthwith elect some person or persons to fill the vacancy or vacancies until the next annual municipal election. The board of assessors shall consist of three persons, who shall be elected in a manner provided in section forty-one for the election of trustees of the public library.

SECTION 6. All meetings for the election of national, state, county and district officers shall be called by order of the city council, in the same manner as meetings for municipal elections are called.

SECTION 7. The city council may, when no convenient wardroom for holding the meetings of the citizens of any ward can be had within the territorial limits of such ward, appoint and direct, in the warrant for calling any meeting of the citizens of such ward that the meeting be held in some convenient place within the limits of any adjacent ward of the city; and for such purpose the place so assigned shall be deemed and taken to be a part of the ward for which the election is held.

SECTION 8. General meetings of the citizens qualified to vote may from time to time be held according to the right secured to the people by the constitution of this Commonwealth, and all such meetings may, and upon the request in writing of fifty qualified voters setting forth the purposes thereof, shall be duly called by the city council.

### TITLE 3. LEGISLATIVE DEPARTMENT.

SECTION 9. The members of the city council shall consist of twenty-one councilmen at large, who shall be elected by the inhabitants of the city as follows: At the first municipal election held under this act twenty-one members at large of the council shall be elected by the qualified voters of the entire city, seven to serve for the term of three years, seven for the term of two years and seven for the term of one year, beginning with the first Monday in January then next ensuing; and thereafter seven members at large of said city council shall be elected in like manner at each annual municipal election, to serve for the term of three years beginning with the first Monday in January next ensuing, in place of the members at large whose term then expires. At the first municipal election no voter shall vote for more than five of the councilmen to be elected for each term, that is to say, not more than fifteen in the aggregate on one ballot, and the seven having the highest number of votes for each term shall be declared elected. At all municipal elections subsequent to the first election no voter shall vote for more than five of the seven councilmen to be elected at an annual election on one ballot, and the seven having the highest number of votes shall be declared elected. The councilmen shall hold office for three years, except as herein otherwise provided, beginning with the first Monday in January next succeeding their election, and until their successors shall be elected and qualified. A majority of the board shall constitute a quorum for the transaction of business. In case an election is held to fill a vacancy or vacancies in the council a voter may vote for the councilmen necessary to fill such vacancies in addition to the number above provided.

SECTION 10. The mayor and the councilmen elect shall annually, on the first Monday in January, at ten o'clock in the forenoon, meet

and be sworn to the faithful discharge of their duties. The oath shall be administered at their first meeting after the acceptance of this act, by the town clerk, and in subsequent years by the city clerk, or, in his absence, by any justice of the peace, and shall be duly certified on the journal of the city council. In case of the absence of the mayor elect on the first Monday in January, or if a mayor shall not then have been elected, the oath of office may at any time thereafter be administered to him, and and at any time thereafter, in like manner, the oath of office may be administered to any member of the council who has been previously absent or has been subsequently elected; and every such oath shall be duly certified as aforesaid.

SECTION 11. After the oath has been administered to the councilmen present they shall be called to order, at their first organization by the town clerk, and in subsequent years by city clerk, or in case of the absence of the city clerk, by the oldest senior member present. The council shall then proceed to elect one of their own number president of the council by ballot. If no quorum is present an adjournment shall be taken to a later hour or to the next day, and thereafter the same proceedings shall be had from day to day until a quorum shall be present. If any person receives the votes of a majority of all the members of the council, such person shall be declared chosen president thereof. If on the first day on which a quorum is present no person receives the votes of such majority, they shall proceed to ballot until some person receives the votes of such majority or an adjournment to the succeeding day is taken, and on such succeeding day a plurality of those voting shall be sufficient for an election. No other business shall be in order until a president is chosen. The president shall be sworn by the town or city clerk, as the case may be, or in case of the absence of the clerk, by any justice of the peace. The council shall then proceed to the choice of a city clerk, in the same manner as above provided for the choice of president. The president may be removed from the presidency of the council and the clerk may be removed from office by the affirmative vote of two-thirds of all the members of the council, taken by roll call. The president of the council shall have the same right to vote as any other member thereof.

SECTION 12. The mayor may at any time call a special meeting of the city council, by causing written notification thereof, together with a statement of the subjects to be considered thereat, to be deposited in the postoffice, postpaid, and addressed to to the persons to be notified, or left at the usual place of residence of each member of the council, at least twenty-four hours before the time appointed for such meeting.

---

SECTION 13. The city council shall determine the rules of its own proceedings and shall be judge of the election returns and qualifications of its own members. In case of the absence of the president the council shall choose a president pro tempore, and a plurality of votes cast shall be sufficient for a choice. The council shall sit with open doors, whether in session as a council or as a committee of the whole, and shall cause a journal of its proceedings to be open to public inspection. The vote of the council upon any question shall be taken by roll call when the same is requested by at least three members. A majority of the members of the council shall be required to constitute a quorum, but a smaller number may adjourn from day to day. The council shall, so far as is not inconsistent with this act, have and exercise all the legislative powers of towns, and have all the powers and be subject to all the liabilities of city councils, and of either branch thereof, under the general laws of the Commonwealth, and it may by ordinance prescribe the manner in which powers shall be exercised. They shall receive no compensation for their services as members of the city council or any committee thereof.

SECTION 14. Neither the city council nor any members of committee thereof shall directly or indirectly take part in the employment of labor, the making of contracts, the purchase of materials or supplies, the construction, alteration or repair of any public works, buildings or other property, or the care, custody or management of the same, or in the conduct of any of the executive or administrative business of the city, or in the expenditure of public money, except such as may be necessary for the contingent and incidental expenses of the city council, nor in the appointment or removal of any officers, except as herein otherwise provided; but nothing in this section contained shall affect the powers or duties of the council in relation to state aid to disabled soldiers and sailors and to the families of those killed in the civil war.

SECTION 15. The city council shall in the month of January choose an auditor of accounts, who shall hold office for the term of one year beginning with the first Monday in February next ensuing, and until his successor is chosen and qualified. A majority of the votes of all the members of the council taken by roll call shall be necessary for the choice of the auditor of accounts and he may be removed by the council.

SECTION 16. The city council shall appropriate annually in the months of March and April the amount necessary to meet the expenditures of the city for the current municipal year. It shall take care that no money is paid from the treasury unless granted or appro-

priated, and shall secure a just and proper accountability by requiring bonds with sufficient penalties and sureties from all persons entrusted with the receipt, custody or disbursement of money. It shall as often as once in each year, ten days at least prior to the annual election, cause to be published for the use of the inhabitants a particular account of the receipts and expenditures of said city and a schedule of all city property and of the city debt. Any appropriation made by the city council for the erection of a city hall, or for land for a location of such building, shall be subjected to ratification by the legal voters of the city voting in their respective precincts at an annual municipal election. The city council may appropriate money from time to time in aid of the North Adams Hospital, and in return for such appropriations the said hospital shall receive persons for the reception of whom the city may erect, establish and maintain a hospital ; but such appropriations shall not exceed in any one year a sum amounting to one-tenth of one per cent. of the valuation of the city for the preceeding year.

SECTION 17. The city council shall have the power within said city to make and establish ordinances and by-laws, and to affix penalties as herein and by general law provided, without the sanction of any court or justice thereof: *provided, however,* that all laws and regulations now in force in the town of North Adams shall, until they shall expire by their limitation or be revised or repealed by the council, remain in force. Complaint for the breach of any ordinance or by-law may be made by the mayor or any head of a department or any resident of the city.

SECTION 18. No vote of the city council granting or bestowing an exclusive franchise of any description to any person or corporation shall be valid unless the same shall be approved by a vote of the qualified voters of the city, voting at large in their respective precincts at the annual municipal election.

SECTION 19. The city council shall not authorize the erection of a school-house, or of any addition thereto, nor pass any appropriation for such purpose, until plans for the same has been approved by vote of the school committee, and such approval has been certified in writing to the council by the chairman of said committee.

SECTION 20. The city council shall establish a fire department for said city, to consist of a chief and of such officers and members as the city council by ordinance shall from time to time prescribe ; and said council shall have authority to define their ranks and duties and in general to make such regulations concerning the conduct and government of such department, the management of fires and the con-

---

duct of persons attending fires, as they may deem expedient, and may fix such penalties for any violation of such regulations or any of them as are provided for breach of the ordinance of said city. The appointment of all the officers and members of such department shall be vested by the mayor exclusively, who shall have authority to remove from office any officer or member for cause. The chief and the officers shall be the firewards of the city.

SEC. 21. The city council shall have power to establish fire limits within the city, and from time [to time change or enlarge the same, and by ordinance they may regulate the construction of all buildings erected within said fire limits, stipulating their location, size and the material of which they shall be constructed, together with such other rules and regulations as shall tend to prevent damage by fire; *Provided*, that such rules and regulations shall not be inconsistent with the laws of this Commonwealth.

SECTION 22. The city council shall establish by ordinance a police department, to consist of a chief of police and such officers and men as it may prescribe, and make regulations for the government of the department. The appointment of all the members of such department shall be vested in the mayor exclusively, who shall have power to remove any member for cause.

SECTION 23. The city council shall, with the approval of the mayor, have exclusive authority and power to order the laying out, locating anew or discontinuing of all streets and ways and highways within the limits of said city, and to assess the damages sustained by any person thereby, and further, except as herein otherwise provided, to act in all matters relating to such laying out, locating anew, altering or discounting. Any person aggrieved by the assessment of his damages, or other action of the council under this section, shall have the rights and privileges now allowed by law in such cases in appeals from decisions of the selectmen of towns.

SECTION 24. In case any ordinance, order, resolution or vote involves the appropriation or expenditure of money to an amount which may exceed two hundred dollars, the laying of an assessment or the granting to a person or corporation of any right in, over or under any street or other public ground of said city, the affirmative votes of a majority of all the members of the city council shall be necessary for its passage. Every such ordinance, order, resolution or vote shall be read twice, with an interval of at least three days between the two readings before being finally passed, and the vote upon its final passage shall be taken by roll call; *provided, however*, that upon and after the written recommendation of the mayor, the city council may pass such ordinance, resolution or vote upon the same day, by a two-thirds yea and nay vote.

SECTION 25. At any meeting of the city council it shall be in order for any member thereof to give written notice, seconded in writing by a majority at least of all the members of the council, of his intention to move at the next meeting thereof, occurring within not less than ten days, a resolution that the mayor be removed for official misconduct or neglect of duty. Such notice shall specify as particularly as possible the acts of misconduct or the instances of neglect or duty complained of, shall be entered at large by the clerk in the minutes of the council, and the clerk shall within two days serve a copy upon the mayor and mail a copy to each of the members of the council at his residence. At such next meeting of the council the mayor shall have the right to speak in his own defence and to be heard by counsel. The vote on the resolution shall be by roll call. If the resolution fails to receive the affirmative votes of three-fourths of all the members of the council it shall have no effect and shall not be re-introduced during that meeting of the council. # BERKSHIRE SUNDAY DEMOCRAT.

## AS AN ADVERTISING MEDIUM

to cover North Adams and surrounding towns is unequalled by any other paper. **First**, because it has the largest circulation. **Second**, because it is the most thoroughly read. Its advertising is well displayed, a large portion of it is new each Sunday and none of it is out of date nor out of season. The American Newspaper Directory, which is the highest authority on newspaper circulations accords to the **DEMOCRAT the Largest Circulation in Berkshire County** and guarantees its rating of the **DEMOCRAT** by a reward of \$100 to the first person to prove it false. The **DEMOCRAT** is the only paper in North Adams to which this directory gives a guaranteed rating.

## AS A NEWSPAPER . . . .

the **DEMOCRAT** fills the demand for a Sunday morning newspaper to the satisfaction of its large number of readers. All the news of Saturday is ably handled in all its details, and the important events of the preceding week are reviewed or commented upon. Correspondence from neighboring towns and special articles of general interest aid in completing a paper which few in this section are willing to get along without. It consists of from 12 to 20 pages, sells for 5 cents a copy or \$2 a year delivered by special carrier.

# R. GOSSELIN,

## COMMERCANT DE BOIS, CHAR-

## BON, PAILLE, FOIN ET GRAIN.

Tous les ordres sont délivrés avec soin et promptitude. Il se charge lui-même et avec le plus grand soin, de la balance en usage pour peser tous les effets vendus par lui. Il se charge aussi de toutes sortes d'ouvrages en dehors, tel que creusage de cave, etc.

Tout en remerciant ses compatriotes de l'encouragement qu'ils ont donné dans le passé, il espère qu'ils continueront de le patroniser à l'avenir.

R. GOSSELIN, 10 rue Main, North Adams,
