**REWARD FOR COURAGE**

In recognition of their service in preventing what might have been an accident, C. H. Ketchum, superintendent of the Stockton division of the Southern Pacific, has presented two gold watches to two boys, Frank Haffensperger, aged 11, and Clayton Shaesley, aged 12, of Livingston, Cal. The watches are engraved with their names and bear the legend: "Presented in recognition of his heroic act, June 4, 1916.

On that date the irrigating canal of the Crocker-Hoffman Land and Water company broke and the water rushed over the tracks near Arena. Seeing the danger, the boys, in true railroad style, stationed themselves along the right of way, and flagged train 49 as it came along.

The company has also expressed its appreciation of the efforts of W. L. Raffensperger and his wife and of A. N. Shaesley.

**TO THE PUBLIC**

I have severed my connection with the Crystal Ice and Cold Storage company, and commencing August 1, I will engage in the ice business on my own account and will be ready and pleased to serve the trade of Glendale.

**LAND ENOUGH FOR ALL**

The sixth and greatest meeting to discuss the single tax idea in Glendale will be held in the Union High School Auditorium Friday evening, August 4, 8:30 sharp. This question is just now emerging into public prominence in California; for three months an initiative petition has been in circulation all over the State with the result up to date of 130,000 signatures filed with the county clerks; 54,000 from this county alone. As not more than 76,000 valid names are necessary to get this amendment on the ballot for next November election success on that point is all but officially assured.

At this meeting "Luke North", editor of Everyman magazine, will speak regarding the wonderful popularity of this movement which in his publication he styles "The Great Adventure." He is the dynamo of the whole campaign and has for two weeks been up in Francisco and Oakland firing the enthusiasm there and organizing centers in other towns. Furthermore, a most interesting feature of this meeting will be the address by Mrs. W. C. deMille of Hollywood, only daughter of Henry George, "The Prophet of San Francisco," whose great book has been translated into all the languages of Europe and into Japanese and Chinese by missionaries.

A number of five minute speeches by Glendale people to be named later will be given, and to close the program a set of Henry George's works purchased by Glendale people will be presented to the library. The books are now on exhibition at the office of Mrs. Nanno Woods, 1111 Broadway, who will in behalf of Glendale contributors present the books to the public library. Mrs. Alma Jeannette Danford, city librarian, will receive them. Dr. Jessie Russell will preside.

**SEVENTH DAY ADVENTIST CHURCH**

That it is the duty of every Christian to conform his life to the pattern given in the life of Christ, and in the precepts and admonitions of the Bible, was the statement of Elder G. A. Snyder, in his sermon at the Glendale Seventh-day Adventist church, Third and Isabel streets, last Saturday morning.

"There is more to the blessed experience of the true Christian than merely a happy feeling," the minister said. "Many people suppose religion consists only in feeling joyful and happy. It is right that we should be happy when we know Jesus has forgiven our sins, and has given us deliverance. But the trouble with some people is that their Christian experience consists entirely in feeling, and that there is very little doing. I am glad to say that Seventh-day Adventists, as a people, do not have that reputation.

"On the other hand, we sometimes are criticised because we do not exhibit the ecstasy in meeting that some do. If the person who feels happy and thankful to God hasn't any other way to express it, it may be all right for him to shout in meeting. But there is a much more practical way to express our joy in Christianity than that. To communicate to others the joy of our own hearts, to do real missionary work, and to give of our means that the good news may go to others, is a more practical way to express our love for God and His work.

"Let us weave our Christian principles into our daily lives, beautifying them with the loveliness of heaven."

**GASOLINE FIRES**

Many fires originate from the cleaning of silks with gasoline, the violent rubbing of the silk generating static electricity, which produces a spark that ignites the vapor.

Many jobbing tailors cause fires by using gasoline in an open vessel and smoking a cigarette or cigar at the same time.

A dangerous practice, common in many garages, is the cleaning of automobile parts with gasoline from an open can. Employees find it easy to clean grease and oil from the motor and other parts with a brush saturated with gasoline, and the gasoline is readily ignited by a spark. Such a spark may be caused by striking two pieces of metal together, by the ignition system on the automobile when the starting crank is turned, and in other ways. In one instance a nut that stuck was struck with a wrench, causing a spark. The car was instantly enveloped in flame.

**ALL FOR THE G. O. P. P.**

Editor of The Evening News:

Now that Governor Johnson is a candidate for U. S. Senator subject to the August primaries he should resign as governor, but possibly he believes that a bird in hand is worth several in the bush and will until after August 29. I don't wish the governor any personal harm, but hope August 29 will be his unlucky day. I fail to see why any Republican should vote for Governor Johnson for Senator. In 1910 the Republicans of California elected him governor; two years later he left the party and stated frequently he was not a Republican. Now again he asserts he is a Republican (for office). Only a few days ago with much heat he accused certain Republicans of voting for Mr. Wilson in 1912. If they did so the same men supported him in 1910 and he with others disfranchised these same men in 1912. Some excuse for voting for Mr. Wilson!

Also a few days ago he said in a public speech that the Progressive party may be dead but that its principles still lived. I agree with him on both propositions. For the fact is the defunct party never had any right to politically use the name Progressive in 1912. That word was pre-empted by the Republican party at its birth half a century ago and the history of our country for the past 45 years is proof of it. In this time we as a nation have progressed to the amazement of the world and we could not have done so only that the party in control was progressive all these years. Except possibly 12 years, when the country was not under Republican control.

The letters, "G. O. P.," are all wrong. They should be printed at all times "G. O. P.," Grand Old Progressive Party.

The Republican party established for once and all the principle that the United States is a nation, an indissoluble Union. It suppressed the most gigantic rebellion in history; it overthrew human slavery; it paid the gigantic debt created by the nation's great war; it preserved the natural credit; it created a banking system under which the American people achieved a prosperity unexampled in human history; it resumed specie payment and defeated repeated efforts to debase the national currency; it made the purchasing power of our money all equal (a dollar is a dollar either in gold, paper, silver, nickel or copper); it established the American policy of protection under which the American standard of wages and living was kept at the highest level known in history; it bought Alaska; it planned and pushed almost to completion the Panama Canal, the greatest engineering feat in history; it threw open the great West to development through the Homestead policy; it created the Department of Agriculture; it established Free Rural Mail Delivery; it created the Parcel Post, the Postal Savings Banks; it created the Department of Commerce and Labor.

It originated the conservation movement, and inaugurated the irrigation projects on the arid lands of the West; it passed the Sherman Anti-Trust law; it passed the Interstate Commerce act, the Railway rate bill, created a commerce court and tariff commission (now repealed by the present administration); it established the gold standard, it established so firmly the nation's credit that its securities are the best in the world.

These are a few things done by the Republican party in the last 40 odd years. Who dares say it is not or has not been progressive all these years? Most of these laws, if not all, when passed, were opposed by the Democratic party either as unconstitutional, supplementary or class legislation, but please note the brief periods the Democratic party has been in power. They dare not repeal any of these laws except the tariff law, the one best of all of them.

I hope all Republicans will vote for Willis Booth for Senator, for he is a Republican and I hope all Progressives will vote for him because he is a Progressive—being a Republican he can't help but be progressive.

Voters of the 5th Supervisorial District, don't forget to vote for Stephen C. Packer for supervisor. His election means honest and economical administration. For one and all and no favorites I am for the G. O. P. P.

W. H. NICOLES,  
1101 W. 7th St., Glendale.

Mrs. Ella Richardson, who has been visiting in Maine for some time, writes that she has taken the first step on her return journey. She is at or near Arlington, Mass., where she is visiting her aunt. She attended services in the Christian Science mother church a week ago and dined with Mr. and Mrs. Charles Jarvis and Mr. and Mrs. Jean Gobeler of Los Angeles. The party visited the famous Red Rock at Lynn, Mass., a spot favored by Mrs. Eddy, where she often sat in contemplative mood.

**MOVED ACROSS THE STREET**

I wish to notify the public that what has been known as The Good-year Shoe Shop, at 533 West Broadway, has been changed in name to Miles Shoe Shop and has been moved across the street to 540 West Broadway, the Watson building, next to the Glendale Market. Am ready to do all kinds of shoe repairing.

**You Don't Have to Wait for Your Pass-Book**

You do not need to leave your pass-book (your only receipt for deposits) with this bank and wait a day or more at the last of every month in order to find out how your account stands.

Instead, a neatly-printed, machine-figured statement of your checks and deposits, and the balance of your account is ready for you each month.

This improved service is made possible by the Burroughs Book-keeping Machine which is used in our accounting department.

The machine keeps every depositor's account figured right up to date all the time. If you ever want a statement in a hurry, we can give it to you inside of five minutes. Moreover it is absolutely accurate, as the machine never makes a mistake in figuring.

We are sure that you will find this Monthly Statement System less burdensome, more accurate, and far more satisfactory than the method of balancing pass-books.

**BANK OF GLENDALE**  
Broadway and Glendale Avenue  
BOULEVARD BRANCH  
340 Brand Blvd.

The President: "Yes sir! Sending out monthly statements is one of the best moves this bank ever made."

The Bookkeeper: "Great stuff! No more balancing pass books. I can keep every account up to date all the time."

The Depositor: "Fine! This statement handed me once a month with my cancelled checks tells me just how my account stands. This is Real Bank Service—has the pass book beat a mile."
