ROUMANIA DECLINES TO SIGN THE TREATY

SUPPORTERS OF DIRECT ACTION WON VOTE AT BIG LABOR CONGRESS

Report of Parliamentary Committee Referred Back At Glasgow Convention Because It Did Not Express Opinion On Direct Action

Glasgow, Sept. 9.—The proponents of direct action for the enforcement of labor's demands won a victory on the first vote relating to the subject which was taken by the British Trades Union Congress at to-day's session. The Parliamentary Committee's report was referred back to it because it did not express an opinion on direct action, the vote being 2,586,000 for the motion to refer and 1,870,000 against.

The motion to refer the report back to the committee was made by Robert Smillie, the miners' delegate.

G. H. Stuart Bunning, secretary of the Postmen's Federation, who is presiding over the Congress, declared that the vote on the motion did not preclude the bringing up later of a definite resolution on the subject.

The vote is regarded as tantamount to a vote of censure of the committee.

RAILWAY WORKERS WANT MORE PAY

Maintenance-of-Waymen and Shopmen Meet in Detroit

Robertson, Dominion Minister of Labor, to Speak Tomorrow

Detroit, Mich., Sept. 9.—Although the National Commission of the United Brotherhood of Maintenance-of-Way Employees and Railway Shopmen has been empowered by the referendum strike vote of the membership to call a continent-wide strike if the wage increases demanded of the United States Railroad Administration and the railways in Canada are refused, definite action will be decided on the floor of the international convention now being held here at the United States Railroad Administration and the railways in Canada submit their answer before the sessions close. This was announced by officers of the Brotherhood this morning.

Firm Attitude.

The men, according to their leaders, are determined to accept any compromise of their demands, but will strike if wage increases of one dollar a day per man and the new working agreement asked for are refused. The delegates, numbering nearly 3,000, are expecting that Director-General Walter D. Hines, of the United States Railroad Administration, who is scheduled to address the convention tomorrow, may have something to say of the Railroad Administration's decision on the wage demand. They also expect that through Frank S. Morrison, secretary of the American Federation of Labor, the Brotherhood tomorrow will receive the sanction of the parent body in its stand.

Robertson to Speak.

Gideon Robertson, the Canadian Minister of Labor, who also is expected to talk tomorrow, will preside.

Hungarian Premier Sends Delegation to Roumanian Capital

Paris, Sept. 9.—(Havas)—Dr. Stephen Friedrich, Premier of Hungary, is reported in a Vienna dispatch to have sent a Hungarian delegation to Bucharest. The report states that besides being empowered to negotiate a separate peace with Roumania, the delegation may discuss eventual union of Hungary and Roumania.

FURTHER INCREASE IN PRICE OF SUGAR IN TERMINAL CITY

Vancouver, Sept. 9.—A further increase in the price of sugar of forty-five cents a hundred pounds was announced by the trade here this morning. About two weeks ago it rose fifty cents a hundred, so that within a short time it has risen almost one cent a pound. This brings it to eleven cents a pound wholesale, or exactly on a par with the Government maximum in the East.

Returned Men Will Have Positions in New South Wales

Sydney, N. S. W., Sept. 9.—The Legislative Assembly of New South Wales has given first reading to a bill introduced by the Government which will compel employers to re-employ returned soldiers who joined the forces in their pre-war or equally good positions and makes it incumbent upon all employers upon pain of heavy penalties to employ returned soldiers before engaging other workers.

Melbourne, Sept. 9.—(Reuter's).—Premier Hughes, in a speech, said Australia must have a Government that had a clear and direct mandate from the people. Referring to the general political outlook, he declared that whatever became of the other League of Nations, the league of the British Empire would never perish.

ROUMANIA NOT READY TO AGREE TO TERMS ARRANGED BY ALLIES

Delegation to Peace Conference Announced To-Day Roumanian Signatures Will Not Be Affixed to Treaty With Austria; Renner On Hand

Paris, Sept. 9.—The Roumanian delegation to the Peace Conference announced to-day that it would not sign the Austrian peace treaty, the signing of which by Austria and the various other powers interested is set to take place at 10 o'clock tomorrow forenoon.

Paris, Sept. 9.—Dr. Karl Renner, Austrian Chancellor and head of the Austrian peace delegation, who is to sign the peace treaty tomorrow for his nation, arrived in Paris from Vienna this morning.

Basel, Sept. 9.—Chancellor Renner, in reporting the peace conditions to the Austrian National Assembly, according to Vienna dispatches, drew attention to the change in spirit of the conditions in the first draft and the definite treaty. He declared that the right of free disposal of the Germans in Austria had failed and asked that the treaty be signed "to end the present state of things."

Deputy Hauser declared that "our people are convinced that it is impossible to live alone; union with our German brothers alone can save us."

Dinghofer, a pan-German Deputy, declared that his party votes against signing the treaty. Leisher, a Socialist, criticized the treaty violently, putting all his hopes in the League of Nations, but, he added, "not that which now exists."

After the Tyrolean and Carinthian Deputies had declared that they would abstain from voting, Dr. Renner explained that the treaty was the Allies' last word. "We must reply yes or no," he said.

A vote was then taken and the decision to sign carried.

11,616 DISABLED MEN BEING TRAINED

Canada Leads in Work of Retraining Former Soldiers

Ottawa, Sept. 9.—Canada continues to lead in the important work of industrial training of disabled soldiers. To-day there are in Canada 11,616 disabled men undergoing industrial retraining under the direction of the vocational branch of the Department of Soldiers' Civil Re-establishment, while the number of disabled men in training in the United States is 6,677. In each instance the figures have been obtained from official sources.

There are at present in Canada 7,469 disabled men receiving industrial re-training in the schools conducted by the vocational branch of the Department of Soldiers' Civil Re-establishment and, in addition, 4,557 men have been placed in various shops and plants in Canada.

In Canada to date 6,973 ex-soldiers have been graduated from these courses.

D'ANNUNZIO'S FLIGHT WILL BE COSTLY TRIP

Venice, Sept. 9.—It is estimated that the cost of the proposed flight of Gabriele d'Annunzio, the poet-aviator, from Rome to Tokio will be 5,000,000 francs. D'Annunzio is working hard daily to complete to the smallest detail his plans for the long journey.

SOLOMON GOMPERS, FATHER OF LABOR LEADER, SUCCEUMS

Boston, Sept. 9.—Solomon Gompers, father of Samuel Gompers, president of the American Federation of Labor, died at his home here last night. He was born in Amsterdam, ninety-two years ago. For the past twenty years he had been blind.

TORONTO ELECTION.

Toronto, Sept. 9.—Mayor T. L. Church, of this city, is spoken of as a probable candidate in the Conservative interests in Southwest Toronto in the coming provincial election as the opponent of Hartley Dewar, leader in the Ontario Legislature of the Liberal Party.

COST-OF-LIVING INQUIRY TO BE HELD IN VANCOUVER

Vancouver, Sept. 9.—Hon. J. W. deB. Farris, the Attorney-General, received a wire last night asking that he recommend a lawyer to act as a commissioner to inquire into the high cost of living here, and also recommend counsel to act with the Commissioner. Mr. Farris stated last night that he had a man in mind but so far no arrangements had been made. He left for Ottawa this morning and probably will have telegraphic advices to-day which will enable him to recommend the appointment. The wire came from Judge H. A. Robson, of Winnipeg, chairman of the Board of Commerce.

The inquiry will be held under the new Inquiry of Commerce Act, which gives powers to take action against profiteers.

One of the earliest steps to be taken, it is understood, will be to inquire into the question of the hoarding of food in cold storage here.

CITY MAKES NEW HEALTH RECORD

Report For Last Month Shows Lowest Mortality Reported

City health officials are being congratulated to-day following the report of Dr. A. G. Price, Medical Health Officer, that the death rate in Victoria for August was the lowest he has any record of. At the same time the city is free from infectious diseases, the doctor reports. There were only 22 deaths here last month, which is a death rate of 6.6 per thousand a year. At the same time there were 92 births, 50 of which were males and 42 females, giving a birth rate of 27.6 a year. There were 63 marriages.

While the death rate was only 6.6 per thousand, the chief fact in the statistics that rejoices Dr. Price is that the health department has succeeded in bringing down the death rate of infants to zero.

"These statistics show most favorable health conditions prevailing in Victoria at present," said Dr. Price. "The death rate for August is the lowest I have ever recorded for one month in the city. Infant mortality rate was nil, there being no death of any child under one year of age, a fact which is remarkable with so high a birth rate, and August is the month when infant mortality is always highest."

Of the 48 cases of pulmonary tuberculosis in the city's institutions most have come to Victoria from (Concluded on page 12.)

WARSHIPS TO CROSS FROM PORT ANGELES

American Dreadnoughts and Destroyers Will Come Here From There

Portland, Sept. 9.—Mr. Daniels, Secretary of the United States Navy, who is here to-day, will leave Astoria tomorrow morning on the dreadnought Arkansas for a point near Port Angeles, where the Arkansas will meet the dreadnought New Mexico, flagship of the United States Pacific Fleet, and a division of destroyers, and the ships will then proceed to Victoria, B. C.

Secretary Daniels arrived here early to-day on a special train from Astoria and had a busy time of it with inspections and entertainments.

Sea Docks.

Following his inspection of the proposed naval base site yesterday at Tongue Point, at the mouth of the Columbia River, the Secretary today was taken by the city's committee of welcome to the St. John's Terminal docks. At noon he addressed a luncheon company at the Chamber of Commerce, and later was taken over a portion of the Columbia River Highway. Dinner will be served at Crown Point.

FRIEDRICH CABINET GAINS IN HUNGARY

Paris, Sept. 9.—Advices reaching the Peace Conference from Budapest indicate that the Government headed by Dr. Stephen Friedrich probably will remain in office indefinitely. It is said that Franz Heinrich's efforts to establish a coalition Cabinet has been abandoned and there is apparently a general support of the Friedrich Government.

U. S. STEEL'S ORDERS.

New York, Sept. 9.—The unfilled orders of the United States Steel Corporation on August 30 were \$1,091,103 tons, according to the Corporation's monthly statement issued to-day. This was an increase of \$30,432 tons compared with the orders of July 31.

BIG CROWDS IN STREETS OF WINNIPEG WELCOME PRINCE

Winnipeg, Sept. 9.—A large and enthusiastic crowd greeted the Prince of Wales when he arrived in Winnipeg at 10 a. m. to-day on his special train. A civic holiday had been proclaimed and the streets, which were gay with bunting, were thronged with people.

Punctuated with the booming of the royal salute, the cheers of the great crowd which lined the streets for miles marked the progress of the Prince's party down the main street to the City Hall, where a civic address was presented by Mayor Gray, and then to the Parliament Buildings, where Premier Norris presented an address of welcome on behalf of the Provincial Government.

The formal opening of the Shoal Lake aqueduct was another ceremony in which the Prince took a leading part, turning on the new water supply for the city of Winnipeg.

A special detachment of 100 Mounted Policemen led the procession throughout, their brilliant uniforms conspicuous in the gray light.

ALLIES PREPARE REPLY TO GERMANY ABOUT AUSTRIA

Paris, Sept. 9.—The reply to be made to the German note regarding the Allies' demand for the suppression of Article 61 of the German constitution, which provides for Austrian representation in the German Parliament, was again discussed by the Supreme Council at to-day's session. No agreement was reached as to the terms of the reply, but it is expected that these will be framed tomorrow.

Newspapers here to-day said the Council considered the German answer to the Council's note relative to Article 61 as insufficient.

BOLSHEVIKI NOW ASKING FOR PEACE

Reported to Have Proposed to Lithuanians Negotiations Be Held

Paris, Sept. 9.—The Russian Bolsheviks have proposed peace to the Lithuanians, according to reports from Polish sources.

COLONEL D. YOUNG TO ADDRESS M. P.'S

Will Tell Members at Ottawa of Conditions in Siberia

Ottawa, Sept. 9.—Colonel Douglas Young, of Toronto, will address the members of the House of Commons tomorrow forenoon on conditions in Siberia. Colonel Young recently returned from Siberia, where he was attached to the British Mission as representative of the Canadian Red Cross Society. He is an officer of the Royal Canadian Dragoons.

CAILLAUX MAY GO FREE IN FRANCE

Charge of Dealing With the Enemy May Be Quashed

Paris, Sept. 9.—(Havas)—Various reports were in circulation to-day regarding the case of Joseph Caillaux, former Premier of France, who has been under arrest for more than a year on charges of having had treasonable dealings with the enemy. Several of the newspapers report that the commission of inquiry of the high court, which has had the case under long investigation, has decided to issue a decree sending the ex-premier before the court, as was recommended not long ago in a report by the Attorney-General.

Some of the newspapers add to the report that the charge of treason against the accused is to be quashed, leaving the only political charge still against him the allegation of a crime against the interior safety of the state. Certain newspapers go so far as to claim that this would be equivalent to a discharge, as the accusation would be covered by the amnesty act, thus rendering pleading useless.

TO TRANSPORT VISITORS

The committee arranging for the visit of the American warships of the Pacific fleet on Thursday announces that the necessary arrangements have been made with Captain T. to provide for the dispatch of the Island Princess every half hour from 2 o'clock to 6 o'clock on Thursday from the Outer Wharf to the United States dreadnoughts New Mexico and Arkansas. The vessels will take up an anchorage outside. A nominal charge will be made for the round journey which is likely to be widely patronized. About 170 persons can be carried on each occasion.

NORTH SEA ABOUT CLEARED OF MINES

London, Sept. 9.—The North Sea will be cleared of mines before the rough autumn weather forces the mine-sweepers to quit work, according to a statement made by a naval authority. Completion of the work this year has been expected a month ago, but the American sweepers had outstripped expectations, said the officer. Beginning with an average destruction of 200 mines daily, the Americans now are blowing up between 1,000 and 1,200.

MINE WORKERS ARE DEBATING DEMANDS

Convention of United Mine Workers Opens in Cleveland

Cleveland, Ohio, Sept. 9.—With some 2,000 delegates from points in the United States and Canada in attendance, the annual convention of the United Mine Workers of America was called to order here this morning. Events have conspired to make it probably the most important in the history of the United Mine Workers, since quite apart from the possibilities of trouble contained in its almost certain demands for higher wages and shorter hours, the miners of Great Britain are looking to it for support on the questions of the six-hour day and thirty-hour week and the nationalization of coal mines.

Railroads.

Of great significance on the opening programme, however, is a desire to secure the support of organized labor everywhere for the Plumb plan for the nationalization of the railways of the United States and in attendance are Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers; Timothy J. Shea, acting president of the Brotherhood of Locomotive Firemen and Enginemen; W. G. Lee, president of the Brotherhood of Railway Trainmen, and L. E. Sheppard, president of the Order of Railway Conductors.

Lengthy Convention.

The address of Acting-President John L. Lewis, of the United Mine Workers of America, in the chair owing to illness of President Frank K. Hayes, will inaugurate the deliberations of the convention, which is expected to last from two to three weeks.

Among the resolutions which will cause most discussion are several calling for immediate ratification of the peace treaty by the United States, together with one opposing participation by the United States in the League of Nations.

EXPLOSIONS UNDER PAVEMENT IN NEW YORK CAUSE PANIC

New York, Sept. 9.—Several persons were injured by broken glass and hundreds of windows were shattered under the pavement at Third Avenue and Forty-Second Street, caused a series of explosions to-day. The iron coverings of manholes were hurled high into the air but no one was hit.

The explosions caused a panic in the neighborhood and police reserves were called to restore order.

CELLAR WAS FULL OF DEAD BODIES

Even Young Girls Were Shot By Bolsheviks in Odessa

London, Sept. 9.—Advices from Odessa, that General Smirnov, of Port Arthur fame, was among the hostages rescued there.

The majority of the victims of the Bolsheviks were shot in a courtyard. The headquarters was a garage and the buildings around it were pitted with bullet holes.

One hundred empty vodka bottles were found in one cellar, showing that the executioners were stimulated before their ghastly work. One open cellar twenty feet deep and overlooked by a window from which the Bolsheviks had fired upon the helpless hostages with rifles, was packed with bodies, including those of several girls in their teens.

JELICOE HAS NOT DISCLOSED DETAILS OF HIS REPORT

Auckland N. Z., Sept. 9.—Admiral Lord Jellicoe declares that the forecasts recently made of the contents of the report he will make following his investigation of the naval affairs of Australasia in relation to Empire naval defence are quite incorrect.

SAYS WASTE OF WAR LARGELY TO BLAME

Wilson States Cost of Living Mainly Due to That

St. Paul, Sept. 9.—The cost of living, President Wilson told the Minnesota Legislature to-day, is largely due to "a world situation" growing out of the sacrifices of living and other subjects, received the President with cheers. He was introduced by Governor Burnquist, who said Minnesota hoped there would be some arrangement to prevent future wars.

The Legislature, which began yesterday an extraordinary session to consider treaty controversy, feeling was arranged to prevent future wars.

First of all, President Wilson said, it was the nation's duty to see the commerce of the world going by the establishment of peace. After that there were domestic adjustments that must be made. Among other things, he said, the railway facilities in this country were not equal to the demand.

Compromise.

Washington, Sept. 9.—Further progress in their efforts to compromise was seen to-day in the continued conference of leaders in the Senate peace treaty controversy. Feeling was said to be growing among uncommitted ratification advocates that some sort of concessions would have to be granted to the Opposition, and efforts were being made to get the extremists on both sides to agree to the views of the so-called "mild" clause reservationists. Compromise resolutions were being circulated privately among Senators.

FOR RE-ELECTION.

Vars. Ont., Sept. 9.—Damas Racine, M. P. P. for Russell County, was again chosen Liberal standard-bearer in the coming provincial election at a convention of the Russell County Liberals here yesterday.

The Great Department Store of
Morrin Thompson Co.
Announce

Withdrawal
From Business

Morrin Thompson Co. kept the big store at Phoenix, B. C.
The Granby Mine at Phoenix, employing several thousand
men has closed down for good.

So Morrin Thompson Co. have decided to sell off their entire
stock and have rented the only available store in Victoria.
This is the sum and substance of what must be considered
one of the most startling merchandising events in this city.

The stock is large, entirely too large
for this small store, but the warehouse
is filled to overflowing. The stock will
be replenished from day to day from
this surplus.

As soon as the immense stock can be
sold the keys will be turned in the door
locks forever.

So Thursday morning this
big Sale opens to the public.

Greatly reduced prices will be the
drawing card, in the hope of making a
quick job of it. Profits will not be
figured in this sale. Prices will be
made to insure rapid selling, regardless
of what the goods cost.

Extent of reductions, one-third to one-
half off regular cash prices.

Character of merchandise conforming
to the highest standard for all classes
of goods.

At these prices you can well afford to
buy heavily now in anticipation of
future needs.

Every item in this huge stock will be
sold out—nothing will be held back.

About \$65,000 worth of Dry Goods,
Silks, Fancy Goods, Underwear, Hats,
Shoes for men and women and chil-
dren—in fact, about everything kept
in a well regulated department store.

Large users of merchandise should
grasp this opportunity to stock up and
save real dollars, and out-of-town mer-
chants will do well to come to Victoria.
You'll not feel the cost and we will sell
you goods at less than present day
prices.

We have decided to sell out the stock
wholesale and retail, and the fixtures
as well.

Sale begins Thursday morn-
ing and will continue for three months.
Prices are for cash and will be marked
in plain figures on each article. Lots
of goods on the table, so you can make
your selection at your ease.

Out-of-town customers are urged to
take advantage of this Sale.

It will be a wonderful money-saving
opportunity for the buying public.

REMEMBER—Sale Starts
Thursday, September 11

Morrin Thompson Co. has sold mer-
chandise in Phoenix for many years—
distributing close to a half million dol-
lars at wholesale and retail. Their
business was the largest of its kind for
hundreds of miles around. Their stocks
included only the best products.

Nothing will be reserved in this Sale.
Everything will feel the sharp cut of
the reduction axe.

Sales are for cash only.

Fixtures of all kinds for sale cheap,
subject to our use.

It will end sooner than the time al-
lotted if the goods are sold. Come while
there are complete stocks of all lines.

It's your last chance. We advise
morning shopping. The crowds after
12 noon will be too large for comfort.

Liberal Leader in Commons
Deals With League of
Nations

Debate on Peace Treaty
Leads to Criticism of
Article 10

Ottawa, Sept. 8.—Strong Opposi-
tion criticism of the League of Na-
tions was voiced in the House of
Commons yesterday afternoon. Gen-
erally, as was expected, the criticism
centred around Article 10 and the
obligation thereunder placed on
members of the League to preserve
against external aggression the ter-
ritorial integrity of all members of
the League.

"Are we bound henceforth to take
part in outside affairs?" queried the
Acting Leader of the Opposition, D.
D. McKenzie.

Canada, Hon. H. S. Beland feared,
was assuming more international ob-
ligations without increasing her in-
ternational status. "Under this cov-
enant," Dr. Beland declared, "under
the Council the League is given the
right to dispose of Canadian troops
for the quelling of disorder in any of
the five continents."

Mr. McKenzie took the view, too,
that Canada had not yet reached the
full status of nationality. "We are
not," he argued, "able to declare war
and peace, if Canada, as a separate
nation, bound herself to observe the
League covenant, she might have to
fight even the Mother Country. Nor
would Canada's action on the treaty
alter it in the slightest degree. Sub-
mitting it to the Dominion Parlia-
ment merely 'ticked the fancy' of
some members and made them feel
more important."

Replying for the Government, Hon.
A. L. Sifton, Minister of Public
Works, took the view that Canada
was fully entitled to sit in the peace
conference. In regard to Article 10,
the view also was taken by speak-
ers on the Government side that
Canada, having reached the status of
a nation, should be prepared to play
her part with other nations.

Important Matter.
In opening Mr. McKenzie stated
that the peace treaty was one of the
most important matters that the
Canadian Parliament had ever dealt
with. The treaty had taken a very
long time to prepare. In discussing
it the House would have to utilize
its best judgment and talent if it
was to be done with effect. "I will
properly and intelligently. Person-
ally, he did not feel that the time
fixed for its discussion was suffi-
ciently long to give members a
chance really to assimilate the sense
of the treaty. Therefore, said Mr.
McKenzie, Canada's connection with
it and its effect on the Dominion as
a whole were matters of the great-
est importance.

"We are two parties in the House,"
said Mr. McKenzie, "but in discuss-
ing the treaty we should not regard
it from a political standpoint."

No Party Capital.
The Liberals had no desire to make
party capital out of it. The Prime
Minister, when asked what would
happen if Canada should refuse to
ratify the treaty, had stated that it
would mean a change of government.
With this statement Mr. McKenzie
did not agree. If, he said, the Prime
Minister was seeking some reason
why the Government should be put
out of power, there was no reason
for him to have crossed the Atlantic.

The making of war had not been
brought about by the Government of
Canada and Canada had no respon-
sibility for the trouble or for the
making of the treaty. While Can-
ada's envoys no doubt had assisted,
it could not be said that the treaty
was a product of the brains of the Can-
adian Government, and whether it was
good or bad, it was unnecessary to
say that the Government must fall
if it was not ratified.

Canada's Position.
The Prime Minister, Mr. McKenzie
said, had been anxious to make a
party question out of a matter which
should be considered entirely apart
from party feelings. It was import-
ant to consider Canada's status, and
whether it had been affected in any
way either now or in the future.
Great Canadian statesmen in the past
had been satisfied with Canada's po-
sition without having her take part
in any wars, and the South African
war was the first to which Canada had
sent soldiers. The next occasion was
at the outbreak of the Great War. On
both these occasions Canada had
acted on her own initiative and of
her own free will.

One of the questions to be consid-
ered in regard to this treaty, said
Mr. McKenzie, was whether Canada
is by implication or otherwise giv-
ing assent to a document which ma-
terially changes her position.

Not of Free Will.
"Are we to be bound henceforth to
take part in outside affairs?" he
asked, adding that apparently it was
the intention of those signing the
treaty for Canada that any future
action should not be her free will but
in compliance with the terms of the
document whatever they might be,
and interpreted by a council sitting
at Geneva on which Canada probably
would not be represented as a sep-
arate nation. Future action in any
foreign wars would be decided
by that council and Canadians would
act on a memo whether they liked it
or not.

Mr. McKenzie quoted international
law and sections of the British North
America Act to show that Canada
would still be regarded in interna-
tional law as a colony of Great Britain,
and said further that any legisla-
tion passed in Canada could still be
vetoed at any time within two years
by the King-in-Council.

Not a Member.
"We are not in a position to declare
war or peace and therefore cannot
be members of the League of Na-
tions," said Mr. McKenzie.

Article 8 of the peace treaty, deal-
ing with the reduction of armaments,
involving a standing army, navy and
air force, and this, said Mr. Mc-
Kenzie, was not the desire of the
Canadian people.

In any case, said Mr. McKenzie, the
treaty already had been ratified and
there was no need of calling upon the
Canadian Government for ratification.
W. F. Maclean, South York, asked
if it was not the case that Mr. Lloyd

George had asked this Government to
ratify the treaty.
Mr. McKenzie replied that he thought
not. He stated that the Prime
Minister had promised ratification to
His Majesty. However, that might
be, Canada's action would not alter
in the slightest degree the force of
the treaty.

Mr. Sifton.
Hon. A. L. Sifton said that he
might disagree with the Leader of
the Opposition on certain constitu-
tional points. So as to the ratifica-
tion of the treaty was concerned, he
had no knowledge that it had yet
been ratified by the British Parlia-
ment. The ratification of the treaty
for the Dominion of Canada by the
King would depend upon whether
the Canadian Parliament approved
or disapproved of the treaty.

It was a departure from the estab-
lished rule to submit such a treaty
to Parliament for ratification, but surely
it was better to do this than to ratify
it by Order-in-Council, which course
would have been quite constitutional.

Important Position.
Mr. Sifton said that while the great
powers had done the bulk of the work
in making the chief decisions for
the peace, the British Empire, from
the British Dominions had been
called upon to occupy a much more
important position than was held by
those of any of the smaller powers.
All the British delegates were not
able to attend and Ministers from the
Dominions worked hard to assist in
drawing up the treaty to the advan-
tage of the British Empire, and to
make it an honorable treaty for the
world at large.

Five Objected.
E. B. Devlin, Wright, asked what
nations in particular had objected to
Canada taken part in the delibera-
tions.

"All five powers," replied Mr. Sif-
ton.

Mr. Sifton outlined the manner in
which the work of the Peace Confer-
ence was carried out and said that
in the meeting of the full Conference
practically the only discussion had
been made by Sir Robert Borden held
them up for a few minutes to dis-
cuss the rights of Canada in regard
to labor.

Referring to Mr. McKenzie's argu-
ment that Canada has no right in the
League of Nations, Mr. Sifton
read a letter signed by Premier
Clemenceau, of France; Premier
Lloyd George and President Wilson,
taking the direct opposite view.

Dr. Beland.
Hon. H. S. Beland, Beauce, the next
speaker, said he regarded the treaty
of peace as the most momentous
document in the world's history. For
one who had been an eye-witness
and in many cases a victim of Prus-
sian militarism for four years, there
was a deep satisfaction in reading
the clauses of the treaty. It was a
striking demonstration that as far as
the Allies were concerned, the war
had reached a victorious and happy
conclusion, and while the terms
might appear severe, they would need
to be so that Germany's ambitions
would not again oppress the world.

JAPANESE PRESS AND
SHANTUNG QUESTION

Tokio, Sept. 8.—Discussion by the
Japanese press of the action of the
United States Senate Foreign Rela-
tions Committee relating to the
Shantung provision of the peace
treaty reflects unpleasant impres-
sions that have been caused in Japan.
Newspapers say that "considering
Japan's repeated assurances that
Shantung is to be returned to China,
the committee's attitude is unne-
cessarily insulting and provocative."

AN AMERICAN PLANE
FELL INTO LAKE ERIE

Detroit, Mich., Sept. 9.—An aero-
plane bound from a southern flying
field to Minneapolis fell into Lake
Erie near Kingsville, Ont., late yes-
terday, according to word received
here last night. Pilot Clay Greene,
Detroit, and Gene Stanley, Cincin-
nati, his passenger, were rescued by
a passing motor boat after clinging
to the wrecked plane several hours.
One of the men, the dispatch did not
indicate which, was seriously injured.

BITRO-PHOSPHATE
IS GOOD FOR THIN
NERVOUS PEOPLE

A PHYSICIAN'S ADVICE.
Frederick S. Kelle, M. D., Editor of
New York Physicians' "Who's Who,"
says that weak, nervous people who
want increased weight, strength and
nerve, should take a grain or two
of Bitro-Phosphate just before or
during each meal.

This particular phosphate is the dis-
covery of a famous French scientist,
and reports of remarkable results from
its use have recently appeared in many
medical journals.
If you do not feel well—if you are
thin; go to any good druggist and get
enough Bitro-Phosphate for a two
week supply—it costs only fifty cents
a week.
Eat less; chew your food thoroughly,
and if at the end of a few weeks you
do not feel stronger and better than you
have for months; if your nerves are not
steadier; if you do not sleep better; if
you have more vim, endurance and vitality,
your money will be returned, and the
Bitro-Phosphate will cost you nothing.
It is sold by Cyrus H. Bowes in Vic-
toria and all good druggists.

FIVE STRIKERS
KILLED BY POLICE

Mob Attacked Police in Ham-
mond, Indiana, and Police
Fired

Trouble Outcome of Strike of
Car Construction Company's
Employees

Hammond, Ind., Sept. 9.—Five
strikers were killed and fifteen
wounded to-day in a battle between
1,000 former employees of the Stand-
ard Steel Car Company and police
here.

Two months ago 2,000 workmen at
the plant went on strike. Five weeks
ago there was a riot between strikers
and the police in which a number
of persons were injured, and as a
result of this outbreak Governor
Goodrich sent a regiment of the In-
diana state militia to Hammond to
restore order. The troops were with-
drawn about two weeks ago.

Yesterday 200 strikers returned to
work, and this caused considerable
bad feeling among the men who had
refused to return.

Foreigners.
To-day, when the 200 men were on
their way to work, a crowd of 1,000
foreign-born strikers gathered in a
street several blocks from the plant
of the Standard Steel Car Company
and threatened the men who had re-
turned to work. Twenty policemen
and twenty special guards employed
by the company were rushed to the
scene, and the crowd was ordered to
disperse.

The order was greeted with jeers
and the men refused to obey. Cap-
tain Ben Strong, in charge of the
police, then ordered the leaders of the
mob arrested. When the police at-
tempted to execute the order, the
crowd attacked the police and special
guards with sticks and stones and
several of the strikers drew re-
volvers and fired a number of shots,
according to Captain Ben Strong.

The police then retaliated by firing
about seventy-five shots into the
crowd, killing five and wounding fif-
teen strikers. Later the strike lead-
ers were taken into custody.
None of the policemen or special
guards was wounded.

CITY OF WINNIPEG
WANTS MORE REVENUE

Winnipeg, Sept. 9.—That the Prov-
ince of Manitoba is gradually tak-
ing away from the city of Winnipeg
all its sources of revenue from taxa-
tion and leaving the city high and
dry was the gist of a charge made
by Thomas A. Hunt, City Solicitor,
at a special meeting of the city's
legislation committee yesterday after-
noon.

Counsel for the city urged that a
re-valuation or re-assessment of the
whole of the land in the province
should be made with a view to ar-
riving at a more fair basis of taxa-
tion as between the city and the re-
minder of the province. It also was
argued at the meeting that the city
did not get nearly what was coming
to it from the taxes on automobiles,
from the amusement tax or from the
telephone system.

W. HOHENZOLLERN
WENT OUT TO TEA

The Hague, Sept. 8.—Via London,
Sept. 9.—W. Hohenzollern, former
Kaiser of Germany, yesterday, for the
first time since he took refuge in Hol-
land, was a guest outside Benthick
Castle.

Accompanied by his wife and
Count and Countess Bentinck,
Hohenzollern motored to Belmont Castle,
ten miles from Amerongen, and took
tea with the Countess Constant.

TRADE OF BRITAIN
SHOWS INCREASE

London, Sept. 9.—The Board of
Trade's figures for August show that
imports increased £33,652,000 and
exports increased £21,251,000. The
principal increases in imports were
£19,000,000 in food, £5,900,000 in
wool and £9,000,000 in cotton.
Exports increased in all manufac-
tured articles, of which cotton in-
creased £7,000,000 and wool £6,
000,000.

CZECHO-SLOVAKIA
AND PEACE TREATY

Paris, Sept. 9.—A Zurich dispatch
printed here yesterday afternoon
said: The State Council of Czecho-
Slovakia had urged the Government
of that country not to sign the treaty
of peace with Austria if the solution
of questions relative to the Teichen
district was not satisfactory.

NO RENTAL

Paris, Sept. 9.—Col. Blanton Win-
ship, Judge Advocate-General, and
also head of the Requisitions and
Claims Department of the American
Expeditionary Forces, finally dis-
posed of the old story that the French
people claimed rentals for the ground
occupied by trenches at the front in
his testimony yesterday before the
commission of the American Con-
gress investigation war expenditures.
He testified that no such claim had
ever been made against the American
expeditionary forces.

NO UNIONS.

Ottawa, Sept. 9.—The Minister of
Justice in the House yesterday af-
ternoon presented a bill to prohibit
members of the Dominion Police and
of the Royal Northwest Mounted
Police from belonging to trade un-
ions.

BIG STOCK SWINDLE
IN STATES; ARRESTS
MADE IN CHICAGO

Chicago, Sept. 9.—Besides the eight
persons now under arrest in the alleged
nation-wide stock swindle, it was an-
nounced to-day by the State Attorney
that others, some outside of Chicago,

would be taken into custody to-day.
It is stated that about a hundred per-
sons in all sections of the country are
involved in a confession which six of
the eight arrested persons are said to have
made to the authorities. Senators,
Governors, bankers and leading business
men of the country were used in fur-
therance of the financial scheme of the
alleged swindlers, according to the
State Attorney's forces.

State Attorney Horne said he planned
to place the evidence before the grand
jury this week.

THE DAILY TIMES

Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY LIMITED

CANADA AND THE LEAGUE OF NATIONS.

The Canadian public will not tolerate any attempt to make a political football of the League of Nations covenant...

D. D. Mackenzie objects to the covenant on the ground that "it binds Canada to take part in outside affairs."

Article 10 says: "The members of the League undertake to respect and preserve as against external aggression the territorial integrity and existing political independence of all members of the League."

We wonder what the critics of that article think the League of Nations is for. Merely to hold meetings as a mutual admiration society and serve refreshments?

What Canadian participation in "outside affairs" Article 10 involves, as far as Canada is concerned, is problematical.

"We are not a nation" Mr. Mackenzie is reported as saying, and if Canada, as a separate nation, bound herself to observe the League covenant she might have to fight even the Mother Country.

Canada is ready to assume whatever obligations are involved in membership in the League of Nations, not merely because she will obtain important benefits from that association...

If the League of Nations scheme were to collapse the hope of mankind, still writhing in the agony inflicted by the terrible tragedy of the last five years, would be submerged in its ruins.

SOME RECORD!

Victoria may well be proud of the fact that her death rate for the month of August is the lowest for any one month in the recollection of the Medical Health Officer.

mament association for the advertisement of this locality in particular and the Island in general, liberally supported with funds by the people.

BRITISH COLUMBIA DETERMINED.

British Columbia municipalities have demonstrated their intention to wage war on the profiteer and the hoarder.

But little will be accomplished, however, unless the Dominion Government can be induced to set up different machinery from that upon which it intends to rely at present.

Little good can be done by any Board acting as a solitary tribunal whenever and wherever a good and sufficient case has been made out to warrant its attention.

If the Dominion Government is sincere in its desire to give real assistance to the people of the country there is nothing on earth to prevent the prompt passage of a short Act designed to divide the responsibility for the regulation of trade and commerce in this particular between the Provinces.

PREVENTION IS BEST.

Dr. Price informed the City Council that it was more usual to look for the cause of disease than to look for the cause of its absence.

IMPRESSED WITH THE CARIBOO.

Anybody who knows the Cariboo country must wonder why some concerted effort has not been made to convert its agricultural possibilities into realities.

With the coming of the Pacific Great Eastern Railway, of course, there are hopes for this part of the Province which never could have been realized as long as the prairie schooner and the automobile were the only means of transport northwards.

HUMOR OF THE COUNTRY.

A Welsh county court judge recently had before him a case in which a printer sued a pork butcher for the value of a large parcel of paper bags with the latter's advertisement printed thereon.

MAY ESTABLISH A HOME IN VICTORIA

Board of Trade Asked by Editorial Association For Site

Victoria may be selected as the site for a home for aged and retired newspapermen.

The association is desirous of securing information respecting a suitable location in Victoria of its immediate neighborhood which may be leased or purchased.

The question of exchange was brought before the Board by the Spokane Chamber of Commerce, an expression of views as to the best method restoring normal conditions being requested from the local Board.

The trade, commerce and transportation committee called the Board's attention to the customs regulations which required vessels to enter and clear at every port of call where a customs officer is stationed.

The president, vice-president and chairman of the means committee were appointed a special committee to wait on the Foundation Company and the Choiberg shipyard for the purpose of ascertaining whether the Board can be of any service in shaping their plans for future operations in Victoria.

SCHOOL PLACES STILL INADEQUATE

Saanich Board Finds It Necessary to Continue Temporary Measures

Problems of accommodation occupied the attention of the Saanich School Board last evening.

At Tillamook the building is inadequate, and a class will be provided with desks in the central hallway.

The Board was engaged until a late hour with deputations, dealing with various matters.

VANCOUVER SUPPORTS SEATTLE-ISLAND TOUR

J. R. Davison, publicity commissioner of Vancouver, reached Victoria to-day and this afternoon he is in consultation with the officials of the Victoria and Island Development Association with a view to the inauguration of a comprehensive advertising campaign in connection with the Victoria and Island and Vancouver tour which the C. P. R. has started from Seattle at the special rate.

PROPOSE TO EXTEND NIGHT SCHOOL WORK

Trustees to Take Up Question; Manual Training Facilities Inadequate

Extension of the work of the night schools when they open in October is to be taken up at the meeting of the Victoria School Board to-morrow night.

The Board has already applications from a number of students who wish to have the opportunity of taking the matriculation course in the night schools.

Extension of manual training school work will also be taken up. Reports from various districts of the city show that more manual training facilities are needed at once.

A BEDTIME STORY

UNCLE WIGGILY AND SUSIE'S CRACKERS

Copyright, 1919, by McClure Newspaper Syndicate. (By Howard R. Garis.)

"There! I know it!" cried Nurse Jane Fuzzy Wuzzy, the muskrat lady housekeeper in the hollow stump bungalow one day.

"What did you know?" asked Uncle Wiggily, the bunny rabbit gentleman, as he hopped up the front steps in time to hear what Nurse Jane said.

"Did you know I was going to come home very hungry Oh, so very, very hungry?" and the bunny looked at the pantry doors very appetite like.

"Well, I might have guessed that you'd come home hungry, as you nearly always do," said Nurse Jane with a smile that made her "tail wobble sideways in her skirt. "But what I meant that I knew was that I knew I'd forget to bring any bread for supper. And I did."

"You did what?" asked Uncle Wiggily. "Did you bring it or forget it?"

"I forgot," answered Nurse Jane.

"And now, if you want any bread for supper, Uncle Wiggily, why, I'm afraid I'll have to ask you to go to the five and ten cent store and get it yourself."

"Right gladly will I do that," said the bunny gentleman. "All this day I've searched through the woods, looking for an adventure, and none have I found. Now I may find one if I go to the store for bread."

"You may," spoke Nurse Jane. "But whether or not you find an adventure please don't forget the bread as I did."

"I'll try not to!" said Uncle Wiggily with a most jolly twinkle of his pink nose, which was almost as red as a baby's toes when she's been sunburned down at the seashore.

Giving his tall silk hat an extra polish with the billy end of his whiskers, the bunny rabbit made a hop, skip and a jump, and away he started for the eight and eleven cent store, where the loaves of bread grew on cake trays.

Uncle Wiggily safely reached the place, and a cute little pussy cat girl waited on him, giving him a nice, fresh loaf of bread. Uncle Wiggily was hopping home with that under his paw when, just as he passed an old hollow stump, he looked around the corner and there stood Susie Littletail, the nice little rabbit girl.

Susie had been crying—Uncle Wiggily could tell that by the tears which were still chasing one another down the side of her pink nose. And in one paw Susie held a bag.

"Why, Susie, my dear! What's the matter?" kindly asked Uncle Wiggily.

"O, dear!" sobbed Susie. "O, dear!

"And what was so hard that she could scarcely talk."

"Now, Susie," said Uncle Wiggily, going up to her and wiping some of her tears away with his handkerchief, "you must calm yourself, Susie, and tell me what is the matter."

The reason, Uncle Wiggily didn't wipe all Susie's tears off on his handkerchief was that it wasn't a sponge, and he would have needed one to soak them all up. Some tears he let splash down on the ground.

"Control yourself and tell me."

"I will!" sobbed Susie. "You see I was coming from the store and the lion—the lion he got away!"

"The lion got away?" cried Uncle Wiggily, looking quickly around among the trees. "Well, I should think you would be glad of it, and wouldn't cry about a thing like that. If I saw a lion in the woods, and he tail away, I should be very glad of it."

"But that isn't the worst of it!" went on the little rabbit girl, crying once more. "The bear—the bear, he got away, too!"

"Why, Susie! You don't mean to tell me there was a bear as well as a lion?" cried the bunny gentleman.

"Yes, there was," Susie answered. "And there was—there was a lefelephant, too. A great big lefelephant with a tail one end, and a trunk on the other!"

"Dear me, Susie Littletail!" exclaimed Uncle Wiggily. "Something dreadful must have happened! Did a circus pass here, and did some of the wild animals get loose? If they did we'd better run."

"No," answered Susie. "It wasn't a circus, Uncle Wiggily."

"But what was it?" the rabbit wanted to know. "You spoke of a lion, a bear and an elephant and a bear. If they weren't circus animals, what were they?"

Susie cried again.

"Come, tell me what they were!" begged Uncle Wiggily. "If there was a lion, a bear and an elephant here a little while ago, this is no place for us! What became of them?"

"I—I ate them!" sobbed Susie.

"Ate them?" cried Uncle Wiggily.

"Susie Littletail, what does this mean? Are you—"

"Oh, they were animal crackers!" said Susie. "I ate a lion and a bear, and an elephant. I—I didn't mean to, but I was so hungry! Now, when I take the bag of animal crackers home, and my mother sees that a lion and a bear and an elephant and part of a tiger have gotten away—'cause I ate 'em—why she—"

"Oh, ho!" laughed Uncle Wiggily. "If that's all, don't worry. I'll buy you some more animal crackers, but you must tell your mother you ate some, and she will forgive you!" So Uncle Wiggily bought more crackers, and Susie took them home, and told all that happened and everything came out all right. And how Mr. Longears laughed whenever he thought of it!

So if the lollypop doesn't try to jump over its own stick when it sees the marshmallow roasting in the gas stove, I'll tell you next about Uncle Wiggily and the berries.

ELABORATE PLANS FOR PRINCE'S BALL

Three Floors of Empress Hotel Taken For Function

All arrangements are well in hand for the ball to be given in honor of the Prince of Wales, on Wednesday, September 24. It is to be held in the Empress Hotel, and will undoubtedly be the event of the season. The most elaborate preparations are in hand, the entire basement, ground floor and part of the first floor of the Empress already having been engaged by the committee. Every room in this section will be at the disposal of the committees, and will be elaborately laid out for dancing accommodation, supper room and sitting out rooms. The musical arrangements are in the hands of a special committee, and at least two bands, and possibly three, will be engaged.

The decorations will be looked after by a small committee, who will enlist the services of some of the prominent ladies of the city who are familiar with this work. Invitations and tickets are now in the printers' hands, and it is expected that these will be ready for issue by Monday next. The secretary, Major Nicholson, will make a definite announcement in this respect in a few days when the allotment to the ex-service organizations and the necessary procedure for securing the tickets will be announced.

The price of the tickets have been fixed by the committee at \$5 per ticket. The committee in charge wishing to make it clearly understood that this is calculated merely to cover the estimated cost of the ball. A resolution has been passed whereby should there be any surplus such will be devoted to the "24th of May" celebrations in aid of the widows and orphans of ex-service men. It might be here stated that no complimentary tickets will be issued for this ball.

Major F. B. Edwards is chairman of the committee, which has established an office on the ground floor of the Belmont Building on Humbolt Street, the secretary's telephone number being 2520.

LOCAL COUNCIL DISCUSS MINIMUM WAGE WORKINGS

Many Important Matters Affecting Women Considered at Yesterday's Meeting

WOULD-BE VOTERS URGED TO REGISTER

Members of the Local Council of Women, in session yesterday afternoon, were reminded that the existing voting lists for Federal elections have all been cancelled and that to ensure a vote at the event of a by-election for the Dominion Government, it was essential that every woman register between September 15 and 20, inclusive. The reminder was imparted to the Council by a deputation from the Women's Independent Political League, represented by Mrs. Gordon Grant and Mrs. Johnston. Mrs. Grant urged the women to register and pointed out that any woman who is a British subject of twenty-one years of age and over, with a residence of one year in Canada and two months in the constituency is entitled to vote in the Dominion election.

Minimum Wage Hardships Reporting for the women in industry committee, Mrs. C. C. Spofford stated that the application of the Minimum Wage Act with regard to dressmakers and furriers was creating much hardship on girls desirous of learning these trades. The recent ruling that dressmakers and furriers were to employ only one apprentice to each seven employees and that such apprentices be paid \$10.00 per week had been followed by the inevitable result that the employers were unable to take "green" hands, being unable to pay \$10.00 to a girl who knew nothing of the rudiments of sewing.

Mrs. Spofford stated that she had been approached by several parents who were desirous of apprenticing their daughters to these trades and who now found it impossible to place the girls. Under the old regime the majority of dressmakers and furriers paid a small wage to the girl while learning, the prospect of a higher wage on acquiring a knowledge of the business being an incentive to the girl. In the absence of proper technical schools, continued Mrs. Spofford, the majority of girls entering these businesses learn very little sewing and so were seriously handicapped in the matter of learning these trades. She expressed the hope that the addition of a vocational course to the High School would help in this matter.

Disability of Ministers. As convener of the laws committee Mrs. Spofford also asked that the Provincial executive of the Council press for an amendment to provincial legislation, to secure equal rights for women under their husband's estate.

The disability of ministers of the Gospel to sit on Municipal Councils or in School Boards was another matter brought before the meeting. Mrs. Spofford, in presenting this recommendation, declared that the ministers should be entitled to a place on these bodies as a matter of justice. "Why should they be robbed of any of their rights of citizenship?" asked the speaker. Mrs. Schofield, wife of the Bishop of Columbia, in her presentation reminded the meeting that under the present conditions, ministers have the same status as criminals and the feeble-minded, these three classes being the only ones debarred from representation on Municipal Councils and School Boards. The matter was referred to the Provincial executive for consideration.

Sunday Picnics. The question of Sunday observance again came before the Council, there being a distinct feeling that Sunday picnics and entertainments are detrimental to public morals. A number of questions on public health and educational matters, emanating from the International Council of Women, has been referred to the committees on Health and Education. Miss Winn spoke to the members of the coming Child Welfare Conference to be held in Vancouver on October 29-31 and appealed for a big representation of Victoria women at the conference.

Mrs. R. S. Day, provincial vice-president, was present at the meeting and briefly explained the functions of the Provincial executive. Her suggestion that each member of the affiliated societies contribute an annual voluntary fee of twenty-five cents, such fee to be devoted towards the expenses of the Local Council and Provincial executive, was warmly commended by Miss Crease, the local president.

Mrs. Gordon's Appointment. Reference was made by Miss Crease to the appointment of Mrs. J. D. Gordon, vice-president of the Local Council, to the Soldiers' Settlement Board. Mrs. Schofield spoke of Mrs. Gordon's initial work at Courtenay, and paid an eloquent tribute to her sterling qualities and her absence from the Council's deliberations, was passed with acclaim by the meeting.

VANCOUVER ISLAND NEWS

The beautiful bronze tablet recording the names of the fallen men of St. Andrew's congregation, Nanaimo, was unveiled Sunday evening by Rev. (Capt.) E. D. McLaren, D. D., of the chaplain service, and Sergt. Matt Guinness, D. C. M., and M. M., a member of the congregation and representing the Great War Veterans' Association.

Previous to the unveiling Rev. Dr. Unsworth read the names of the twenty-seven men whose names are commemorated and dedicated the tablet to the memory of the fallen, the comfort of the sorrowing and the inspiration of all to win the fruits of the great sacrifice.

In the earlier part of the service the organist, Mr. Andrew Dunsmore, played Chopin's Funeral March, the congregation standing. Crossing the "Sea" (Bridge) and "What Are These?" (Stanley) were well rendered by the choir. Mr. Thomas Lewis appropriately sang "The Deathless Army," and "In Flanders Fields" was sung with great feeling by Mrs. Drysdale.

Names of the Fallen.
 The following are the names of those commemorated in the service: John Addison, killed in action September 17, 1918; Gilbert Blank, killed in action December, 1918; Archibald Bushfield, enlisted January, 1916, 11th C. M. R.; died of wounds September 20, 1918; Lieut. Harold Cunningham, enlisted June 16, 1918, 131st Battalion, returned from France for officer's training, died of wounds August 17, 1918; Arthur Gaven, enlisted New Zealand, missing October 12, 1917; John Edwards, enlisted 4th August, 1918, killed November 2, 1918; Charles Hardy, enlisted May, 1915, died of wounds October 28, 1917; Robert Hastie, enlisted September 17, 1915, transferred to Canadian Western Scouts, killed in action November 2, 1918; Robert Honeyman, enlisted 13th C. P. A., March, 1916; killed in action September 2, 1918; George Jack, enlisted May 10, 1916, 141st, died of wounds October 7, 1917; Charles Morrison, enlisted 11th C. M.

R. May 23, 1915, killed November 27, 1916; Peter McCorkindale, D.C.M., Imperial Reservist, called to colors August, 1914, killed in action March 22, 1915; Robert McCourt, enlisted 47th Western Division, Royal Canadian Mounted Police, killed in action October 22, 1916; Kenneth McLennan, son of the late Rev. Dr. McLennan, minister of St. Andrew's, enlisted November, 1914, died of wounds September 23, 1918; Wm. H. McLennan, enlisted January 17, 1918, killed in action February, 1917; Alfred Patterson, enlisted 143rd May 10, 1915, killed in action October 28, 1917; David Pittendrigh, enlisted 20th Battalion October, 1914, killed May 5, 1916 David Roberts, killed at Vimy Ridge, 1917; John Scott Rowan, Cadet Royal Flying Corps, killed while flying, Fort Worth, Texas; Robert B. Stewart, enlisted January, 1916, 58th, killed in action September 24, 1916; Thomas M. Stewart, saw service in 72nd Seaforth Highlanders (Canadians), left April, 1917, long time missing, and reported as having died September 23, 1918; Robert K. Thompson, enlisted 20th Battalion October, 1914, killed in action May 18, 1916; Duncan-McCarthy Mckenzie, enlisted 21st Battalion, left April, 1917, killed in action September 17, 1917; William Campbell, 143rd Battalion December 31, 1918; Alex Swanson, 54th, killed Vimy Ridge April 19, 1917; Robert Swanson, 102nd, killed May 1, 1917.

Board of Trade.
 The regular monthly meeting of the Nanaimo Board of Trade will be held in the Board of Trade room this evening at 8 o'clock. A number of important matters will come up for discussion, including the delay in the inauguration of a free mail delivery, the extension of the city limits, harbor improvements and the abolition of custom charges on vessels engaged in R. C. shipping.

Nanaimo High School.
 There are 140 students attending the Nanaimo High School this term, the largest number in the history of Nanaimo's higher branch of learning. The attendance at the public schools number slightly over one thousand.

Change at Crematorium.
 Dr. Dyer, who has been practicing in Chemung for the last three months, has returned to Vancouver with his wife and children. A new doctor has not been selected, but in the meantime Dr. Roberts has taken charge.

MANY PERSONS ENTER NORTHERN LAND AREAS

"The Land Settlement Board has established new areas at Smithers and Evelyn Lake and is about to establish an area at Francois Lake," reports Alex. M. Manson, M.P.P., who has made an extended trip through the country and returned much pleased with what he saw. He says that the original purchaser for speculation is still a nuisance in many cases and is holding up development. In other cases the owners are doing good work in bringing real farmers who are buying the lands and cultivating them. The Land Settlement scheme has had a good effect, not only in putting men on the land, but in inducing others to do the same. The result there is such an era of prosperity in the valleys to the east along the G.T.P. as has never before been seen. There has been an increase in the number of schools from 28 to 37 in the northern district and of teachers from 47 to 82 and this is a fair indication of the progress. No less than ten new schools were authorized in the month of June.

WELL-KNOWN AUTHOR LECTURING HERE
 Mgr. Bickerstaffe - Drew, Known as John Ayscough, at St. Ann's

"If my visit to Victoria has done nothing more than gain a few readers for Anthony Trollope, then my mission has succeeded," was the way in which Monsignor Francis Bickerstaffe-Drew, more familiarly known under his pen-name of John Ayscough, concluded a brilliant lecture on literature last night at St. Ann's Academy.

Literature and Life.
 Tracing the relationship between literature and life, the speaker pointed out that the present civilization was the first which had not been founded on religion. The older civilizations such as those of China, the great Indian empires, Greece and Rome, all had their bases in a great faith. Their civilization was the expression of their antique faiths and the civilization of Christ was an effort to transcend the faith of the Romans, rising from the ashes of that great faith. Showing that every civilization had its literature, the lecturer said that the mimes of those days—architecture, sculpture, poetry, music, dancing, the drama, were all forms of literature, "which after all is but the stereotype of memory or sense, the expression of emotion," he continued.

Newspapers Not Literary.
 "We make the claim that we are more civilized than our forebears. Are we more literary?" said the lecturer. Many people of this civilization, never satisfied with the newspapers, which have no claim as literature, and were often a recession from the truth. Communion with Nature imparted a literary knowledge, he explained, which was often lacking in those who claimed to be literary. Declaring that reading was an essential to prevent the mind from rotting from atrophism and disease, the speaker recommended the reading of history, biography and memoirs, and the serious subjects. "Read history. We quadruple our interest in life by reading history. Then there are the biographies, and memoirs which are accessible pleasures of life open to people of small means," said Monsignor Drew.

Growth of Novel.
 In an interesting manner he traced the growth of the novel from the classical times when it had a shady reputation, through the middle ages when it was scurrilous, coarse and flippant, the Renaissance when it became more respectable but very dull, to the days of Cervantes when the novels of chivalry became popular. Cervantes' "Knight of the dolorous countenance," was funny, but not ignoble, a man of fancy, but not of business, high-souled and clean living. "If Cervantes had got hold of Becky Sharpe, how different her end would have been," was the speaker's comment, in comparing Thackeray and Cervantes.

Women Writers.
 At the end of the Renaissance the novel became cumbrous, then the Puritans, who held aloof from recreation, temporarily halted its progress. These were followed in the eighteenth century by Fielding and Smollett, who "were rakes and wrote of rakes." Later the novel was rescued by a woman, Fanny Burney, whose "Evelina" did much to regenerate the novel, and who led the way for the great woman writers of the Victorian era—the Brontes, Jane Austen, Mrs. Oliphant and Mrs. Gaskell.

The work started by Fanny Burney was carried on by Sir Walter Scott, who lifted the plane of the novel to a higher level. But even he, as a man of social position, did not care to attach his name to his novels for fear of falling into disrepute. Scott was followed by the great writers of the Victorian era—Charles Dickens and Thackeray, neither of whom had ever been surpassed in English literature.

Anthony Trollope.
 A writer who had never earned the recognition he deserved, concluded the lecturer, was Anthony Trollope. His novels were true to life. His rogues were natural and convincing, and his heroines were real women, "unlike those of Thackeray, who thought that every good woman must be in tears and of Dickens, who took the stand that good women were fools, as his 'angels' usually were."
 Right Rev. Bishop Macdonald presided, and an expression of thanks to the speaker was voiced by J. D. O'Connell.
 The lecturer will speak again this evening at St. Ann's Academy.

ANOTHER REASON FOR HIGH MILK PRICES

The way in which the city scales are being conducted will have the effect of forcing up the price of milk, E. & T. Haper, milk dealer, informed the City Council last night. This firm told of having to wait for an hour and one-half the other day to get some weighing done. They said it meant a loss to them and asked the Council for an explanation. They also said that such long time goes to help make the price of milk high.

HUNGRY HORSE TEARS CAR SEAT FOR FOOD
 Contrary to some reports, F. W. Kilner's car was not seriously damaged recently when one of the city horses got after it and started to tear the upholstery in an effort to get at the padding underneath which he thought would make good eating. The city engineer made a report to this effect to the Council last night. He said that the damage was so small that Mr. Kilner did not purpose making any claim against the city for damages.

CITY TO DESTROY CATERPILLARS ON COOK STREET TREES

The swarms of caterpillars that are said to be attacking the poplar trees along Cook Street and not stopping there, but invading private properties and stripping fruit trees, are to be taken in hand at once by the city officials under the parks committee, the City Council instructed last night. This action was taken by the council on the complaint of W. T. Bridge, of 818 Cook Street, who sent a written description to the aldermen of the caterpillar situation in that part of the city.

SOMETHING WRONG AT THE CITY HALL, ALDERMAN CHARGES

Council Attacked by Alderman Harvey Over Departure of Officials

MORE RESIGNATIONS COMING, HE SAYS

Alderman Harvey came out at last night's meeting of the City Council and charged the other aldermen with "something being wrong" in connection with the recent numerous resignations of officials from high municipal offices. He announced that "there are other important resignations in contemplation."

This challenge immediately aroused the other members of the Council. "When the aldermen says that there is something wrong, does he mean that there is something wrong with himself?" asked Alderman Patrick.

"There is a growing uneasiness at the alarming rate of dismissals at the City Hall," said Alderman Harvey. "I can count about eight resignations within these eight months. Resignations of high lights and good, old, trusted men. When we see such a state of things I think that something is wrong."

"If we should see such things happening in one of our big firms we should wonder what it was all about, and would be inclined to consult Dunn."

"I am afraid there does not exist here that kindly feeling that is so essential between employer and employee. One of the big things in the world-to-day is the need for a better feeling between employer and employee."

Alderman Harvey then announced that he was adverse to accepting the resignations of City Assessor George McMinnoy and Building and Plumbing Inspector H. F. Shade.

WOULD RECONSIDER

The challenge of Alderman Harvey followed a demand made on the City Council last night by the Victoria Sanitary and Heating Engineers that the aldermen should reconsider the resignation of Mr. McMinnoy as well as that of Mr. Shade. "I believe something must be done," cried Alderman Fullerton.

"I did not," replied Alderman Harvey.

"I did," Alderman Fullerton came back. "You voted for it. Put that in the newspapers. Speak the truth."

ATTORNEY-GENERAL SAYS IT IS CITY'S DUTY TO BRING MAN BACK

The aldermen last night passed back to the Attorney-General the responsibility of extraditing and bringing back to Victoria the former secretary of the Comrades of the Great War, who, it is alleged, is wanted by the police.

COUNCIL REFUSES TO MAKE EXTRADITION

Attorney-General Farris informed the Council last night that the duty of extraditing offenders against the criminal law always rests upon the municipality in which the alleged offence was committed, because the municipality always receives the fines levied in such cases.

In spite of this announcement the aldermen decided to request the Attorney-General to carry out their request and bring back the man.

"You can't bring people back unless you have good evidence," said Alderman Andrews. "The whole trouble is the expense. If we were responsible for putting up the expenses of everybody who has unbecomingly come to us we would be at the end of our rope. The whole thing is that unless you put up your money you don't get your man apprehended. They can't make us chase this man. Neither will the Provincial Government chase him unless the money is put up."

"If a man is a criminal he should be punished for it," said Alderman Johns. "This man ought to be brought back at the expense of the people."

The aldermen also pointed out that if things were allowed to go on in such a way as this, the man could abscond, and there would be no danger of him being brought back to face punishment.

"We are not trying to solve this question," said Alderman Sangster. "The Attorney-General is."

SAYS PUBLIC HEALTH SHOULD BE PARAMOUNT

Sanitary Engineers File Petition Regarding Plumbing Inspector

Only one firm of plumbers in Victoria failed to sign the petition to the City Council to retain Plumbing Inspector H. F. Shade. That was due to the absence of the principal from the City Council last evening said:

"The undersigned Sanitary and Heating Engineers of the City of Victoria most respectfully petition your honorable body to reconsider Mr. H. F. Shade's resignation as Plumbing Inspector, which resignation was understood, has been accepted. We feel it our duty to submit this request at this time for the following reasons: Most of the undersigned have been in close touch with Mr. Shade's work for many years, and we verily believe that the high standard of sanitary conditions pertaining to our trade in this city (which is not excelled in any other part of the Dominion) has been brought about largely through the careful attention and interest shown by Mr. Shade in the performance of his duties. To us, the public health is the paramount question in this matter, and we verily believe that it would be better protected and the general interest of our citizens to allow Mr. Shade, who has been Inspector for the past fifteen years, and whose qualifications for the position are admitted by all who know of the work he has done, to resign at this time and a new inspector appointed in his

INTERVIEW WITH MR. SHADE, APPEARING IN THE DAILY TIMES LAST WEEK.

Alderman Sargent suggested that the council receive and file the communication from the Sanitary and Heating Engineers, and this the aldermen, with the exception of Alderman Harvey, did with alacrity.

Alderman Johns told of how dogs have to stand up on their hind legs now to drink and urged that the matter should be gone into and better provision made for the dogs that are still at large on downtown streets.

Acting Mayor Cameron also told of witnessing a dog drinking out of a fountain on Broad Street recently.

The matter was up before the Council some time ago when the Blue Cross suggested that something should be done.

At the same time the engineer is to see whether the fountains cannot be made fit for men and women to drink out of.

"It is much to be regretted that no provision seems to have been made in the city to keep the various drinking fountains on the streets in a clean and wholesome condition," reported Sanitary Inspector Lancaster. "Many complaints as to the dirty state of these fountains are made each summer and the complaints are certainly well founded."

"Surely the city is wealthy enough to keep these fountains with cool water in a clean condition, so they are fit for people to drink out of," said Alderman Andrews.

"I have seen fountains that were in a condition that would drive people away from them," said Alderman Sargent.

The interview.

"Alderman Harvey did not object at the council meeting last week to the resignation being accepted," said Alderman Patrick. "It seems to me that we are just killing time. Mr. Shade knows his business and we know ours."

"I don't know who they are or where they come from—this large number of men who have left our city departments. As for Mr. Shade I know nothing about him at all. I don't think the city is going to go broke when Mr. Shade quits."

"Insulting to this council," was the way Alderman Patrick described an

ALL GRAVEYARD ADVERTISING TO BE STOPPED BY CITY

Advertising in graveyards on headpieces is not to be permitted any longer in Victoria, the City Council made clear last night. The B. C. Funeral Co. called the attention of the council to the advertising that is being done on temporary headstones by undertakers here and asked whether it was permissible to advertise on these headpieces, for any length of time.

"We don't propose to have our cemeteries made into a resort for advertising billboards," said Alderman Andrews. "It is bad enough to go to the cemetery without seeing such things."

Alderman Fullerton and Dinsdale pointed out that in the past advertising on temporary headpieces had

ASPHALT INFLAMMABLE? IS QUESTION THAT PUZZLES ALDERMEN

Aldermen at the City Council meeting last night did not know whether asphalt pavement was more inflammable than wood, when Alderman Andrews told them that it was. The question came up when Gillespie, Hart & Todd asked permission to place an asphalt covering on the floor of the building at 511 Cormorant Street instead of concrete and

use the place as a garage. The city engineer said that he did not think asphalt as safe as concrete.

"We will possibly get ourselves into trouble by giving a permit against the by-law," said Alderman Johns.

Alderman Andrews said that if asphalt were safe and should be allowed by the Council, the building by-law had better be changed, so that there could be no action taken against the Council in case of a fire.

The question has been postponed for a week to allow the city engineer, the fire chief and city solicitor to get together and see whether the by-law should be amended.

At the prison of St. Paul's, Lyons, there is a curious collection of pens. They are the pens with which the executioners signed the regulation receipts for the prisoners handed over to them to be guillotined. At each execution a fresh pen is used for the purpose, and the ink is left to dry upon it.
