[Approved by the Governor May 12, 1931 In effect August 14, 1931]

The people of the State of California do enact as follows:

Stats 1919,
p 607

SECTION 1. Section 3456 of the Political Code is hereby amended to read as follows:

Commis-
sioners to
assess lands

3456. (a) If such reclamation district is located, in whole or in part, within the Sacramento and San Joaquin drainage district, then if and when the said reclamation board shall have approved the plan or plans of the works of reclamation, after a hearing as provided in section 3455 of this code, then the board of trustees of the reclamation district shall so report to the board of supervisors of the county within which the district or the greater part thereof is situate, and shall set forth in their said report the estimated cost of the said works of reclamation, and petition the said board of supervisors to appoint three commissioners who shall have no interest in any real estate within said district, each of whom, before entering upon his duties, shall make and subscribe an oath that he is not in any manner interested in any real estate within said district, directly or indirectly, and that he will perform the duties of a commissioner to the best of his ability. Upon receipt of said petition from the board of trustees the board of supervisors to whom the same was presented must within not more than sixty days appoint said assessment commissioners above referred to. Said commissioners must view and assess upon the land within said district the said sum so estimated and shall apportion the same according to the benefits that will accrue to each tract of land in said district, respectively, by reason of the expenditures of said sums of money, and shall estimate the same in gold coin of the United States. The sums must be collected and paid into the county treasury as hereinafter provided, and be placed by the treasurer to the credit of the district, and paid out for the works of reclamation upon the warrants of the trustees, approved by the board of supervisors, or, if bonds of such district have been issued upon said assessment, then said treasurer shall set the same apart as a separate

Sums paid
into county
treasury

fund for the purpose of paying the principal and interest of such bonds, and shall not pay any part of the moneys received from such assessment for any purpose other than the payment of the principal and interest of such bonds.

(b) In all cases when the work contemplated by the original or any supplemental plan of reclamation of any reclamation district shall have been completed, the trustees may so report to the board of supervisors of the county in which the district, or the greater part thereof is situate, together with a petition to the said board of supervisors to appoint assessment commissioners. Said report and petition shall set forth that the work contemplated by the original or supplemental plan of reclamation has been completed, and that hereafter the said reclamation district will only require funds for the maintenance and repair of the said works of reclamation. Upon filing said report and petition the said board of supervisors shall appoint three commissioners, each of whom shall be similarly qualified, and shall make and subscribe the same oath as is provided hereinabove for commissioners. When so appointed and so qualified such commissioners shall prepare an assessment list, which list shall contain the following information in separate columns:

Report on maintenance, etc.

Assessment list.

1. A description of each tract assessed by legal subdivisions, swamp land surveys, or other boundaries sufficient to identify the same.
2. The number of acres in each tract.
3. The names of the owners of each tract, if known; and if unknown, that fact; but no mistake or error in the name of the owner or supposed owner of the property assessed, and no mistake in any other particular, shall render the assessment thereof invalid.
4. The assessment valuation per acre of each tract assessed.
5. The total assessment valuations of each said tract.
6. A blank column for rate to be fixed as shown hereinafter.
7. A blank column for amount of assessment to be computed as shown hereinafter.

Thereafter said assessment valuations shall be used as a basis for assessments in raising funds for the maintenance and repair of the works of reclamation and incidental expenses of said district. Said assessment list, when completed, shall be filed with the clerk of the board of supervisors in the same manner as a report made under an original or modified plan of reclamation. Thereupon the said board of supervisors shall appoint a time when it will meet for the purpose of hearing objections; said objections, if any, must be in writing, verified, and filed with the clerk of said board of supervisors. Notice of the said hearing shall be given in the same manner and for the same time as notice of hearing objections to an original assessment. At said hearing, the board of supervisors shall hear such evidence as may be offered in support of said written objections, and may modify or amend the said

Hearing on list

assessment valuations in any particular. No objections to said assessment valuations shall be considered by the board of supervisors, or allowed in any other action or proceeding, unless said objections shall have been made in writing to the board of supervisors before the date of such hearing.

Appeal to
superior
court

Any person aggrieved by the decision of the board of supervisors may commence an action in the superior court of the county in which the greater part of the said district is situate, to have said assessment valuations corrected, modified or annulled. Such action must be commenced within thirty days after said assessment valuations have been approved by the board of supervisors. If said action shall not be commenced within thirty days, no action or defense shall thereafter be maintained attacking the legality of said assessment valuations in any respect.

Fixing as-
sessment
rates

Thereafter, whenever, in the opinion of the trustees of the district, it shall be necessary to raise any sum for the construction, maintenance or repair of the works of reclamation, or for the incidental expenses of the district, the said board of trustees shall make an order, which order shall be entered in the minutes of the board and shall recite the total amount necessary to be raised and shall fix a rate designating the number of cents to be levied on each one hundred dollars of assessment valuation shown on the list prepared and approved in the manner hereinabove provided. Incidental expenses, as used in this section and in section 3480a of the Political Code are hereby declared to include, among other things, the difference in amount between the par value of refunding bonds sold pursuant to section 3480a of this act and the amount less than par for which said bonds may be sold, and also the amount necessary to be made available for the payment of interest upon said refunding bonds directed to be sold from the date of sale thereof to the date of maturity of the bonds to be refunded out of the proceeds of such sale.

"Incidental
expenses"

Thereafter the board of trustees must complete said assessment list by inserting the rate and the total assessment in columns six and seven as provided therefor.

Collection

The assessment made in pursuance hereof shall be filed with the county treasurer and thereafter collected in the same manner provided for the collection of any original assessment; provided, however, that the board of trustees may, in their discretion, direct the payment of any such assessment in one installment.

Said board of trustees shall file with the clerk of the board of supervisors of the county a list or lists of the charges assessed against each of said parcels. Said reapportionment shall be approved by the board of supervisors in the manner provided in section 3462 of this code. At any time before the date of such hearing, any person interested in any land upon which any charge has been assessed may file written objections to such assessment, stating the grounds of such objections, which said statement shall be verified by the affidavit of such person, or some other person who is familiar with the facts. At said hearing the board of supervisors shall hear such evidence as may be offered in support of said written objection and may modify or amend the said assessment in any particular, or make a reapportionment of the entire assessment. If the amount of any assessment in said list shall be changed, the board of supervisors shall set a day for hearing objections to said assessment as changed, and shall give notice thereof by publication for two times to wit: once a week for two successive weeks in some newspaper published in the county. SEC. 6. Section 3480 of the Political Code is hereby amended to read as follows:

Special bond
election

3480. Whenever in any reclamation district in this state, now formed or which may hereafter be formed, any assessment has been levied and assessed upon the lands of said district, and remains unpaid in whole or in part, where in the judgment and opinion of the board of trustees of said district it would be for the best interest of said district or the landowners therein to issue bonds for the purpose of obtaining money to pay the costs of reclamation, the indebtedness of the district, or any other legal charge, or when a petition signed by the owners of more than one-half of the land in the district is filed with the secretary of the board, the board of trustees of such district shall by order entered upon the records of said board, order a special election to be held at some place in said district to be designated by said board of trustees, at which said special election shall be submitted to the owners of land in said district the question of whether or not bonds of said district shall be issued in an amount equal to the amount of such assessment, or the part of such assessment remaining unpaid, which said amount shall be entered by said board of trustees in its records and stated by them in the order for such special election.

Evidence of
ownership
and value

For all purposes of this article relating to signing petitions and by-laws and voting at any election of reclamation districts the equalized assessment roll for the year last preceding, in each county wherein any land of the district is situated shall be sufficient evidence of ownership and of value of lands in the district as hereinafter provided. Guardians, executors, administrators and other persons holding land in a trust capacity under appointment of court may sign such petitions or by-laws or may vote without obtaining special authority therefor.

Notice of
election

Notice of such special election must be given by the board of trustees by posting notices thereof in at least three public places in the district at least twenty-one days prior thereto, and also by publication for the same length of time in some newspaper of general circulation published in each county in which any portion of said district may be situated; and such notice must specify the time and place of holding such election, the aggregate face value of bonds proposed to be issued and the names of three landholders of the district to act as a board

of election. Affidavits of the publication and posting of such notice must be filed with the county clerk of the county in which said district or the greater part thereof is situated (herein designated as the main county), together with a copy of said order calling the election, certified by the president of the board of trustees.

At such election each owner of lands in the district shall be entitled to vote in person or by proxy and shall have the right to cast one vote for each dollar's worth of real estate owned by him in the district, such value and ownership thereof to be determined from the next preceding assessment roll of the county or counties in which the lands of said district are situate, and the board of trustees of the district shall, prior to the election, cause to be prepared and certified by the proper officer and furnished to the board of election, a true and correct copy of the said next preceding assessment roll of the said county or counties, which said certified roll shall be used by the said board of election in determining the number of votes each voter is entitled to cast. Executors, administrators, special administrators and guardians may cast the votes of the estates represented by them.

No person shall vote by proxy at such election unless authority to cast such vote shall be evidenced by an instrument in writing, duly acknowledged and certified in the same manner as grants of real property and filed with the board of election. The ballots cast at such election shall contain the words: "Bonds—Yes" or the words "Bonds—No," and also the name of the person casting the ballot with the number of votes cast by him. A list of the ballots cast shall be made by the board of election, containing the name of each voter, and, if the ballot be cast by proxy, the name of the person casting it, and the number of votes cast by each and whether the same be cast for or against the issuing of the bonds.

If any person appointed as a member of the board of election shall fail to attend at the opening of the polls, the voters then present may appoint in his place any landholder of the district. Each member of such board of election, must, before entering upon his duties take and subscribe an official oath, which oath may be administered by an officer authorized to administer oaths or by any landholder in the district. The polls shall be kept open from ten o'clock a.m., of the day of election until four o'clock p.m. At the close of the polls the board of election shall at once proceed to canvass the votes and declare the result and shall forward a certificate showing such result and the number of votes cast for and against the issuing of bonds, to the county clerk of the main county, and shall deliver a duplicate thereof to the board of trustees of the district, and shall also deliver to the said county clerk of the main county all ballots cast at such election and all documents and papers used at such election. Any person interested may contest such election within twenty days after such

Issue of bonds

If a majority of the votes cast at such election are in favor of the issuance of bonds, the board of trustees of the district shall cause bonds in the amount stated in the order for the election to be executed and delivered, together with the assessment list, to the treasurer of said main county. Said bonds shall be of the denomination of not less than one hundred dollars nor more than one thousand dollars each; they shall be signed by the president of the board of trustees of the district and attested by the county auditor of said main county, and shall be numbered consecutively in the order of their maturity, and shall bear interest at a rate not to exceed six per cent per annum, payable semiannually on the first day of January and the first day of July in each year at the office of said county treasurer upon the presentation of the proper coupons therefor. Coupons for each installment of interest shall be attached to said bonds and shall bear the facsimile signature of the county auditor. At any time within thirty days after said bonds shall have been delivered to the treasurer of the county, an action may be commenced in the superior court of said main county by the trustees of said reclamation district in its name against the lands in said district and all persons owning the same or interested therein, to have it determined that said bonds are a legal obligation of such reclamation district, and in the event no such action is brought then the same may be commenced by any landowner in the district within thirty days thereafter. It shall be sufficient to describe said lands as all lands in the district (naming it) without a more specific description. Warrants

The board of trustees of said district may draw warrants upon the said county treasurer against the funds provided by sale of bonds, which said warrants shall be approved by the board of supervisors of said main county.

Bonds as
legal
investment

If the trustees deem it advisable they may order a special election to be held prior to making any assessment, to determine whether or not bonds shall be issued for an amount to be stated in the order for such election, but no bonds shall, in such instance, be issued until an assessment for the amount of the bonds authorized at such election shall have been made and filed with the county treasurer.

Election
prior to
assessment

The lien of any unpaid assessment upon which bonds shall have been issued shall continue until all said bonds, and any refunding bonds which may be issued, shall have been paid in full, and if for any reason any part of such principal or interest of said bonds, or of refunding bonds shall remain unpaid after enforcement of said assessment as in this article provided, the board of supervisors of the main county shall order an additional or supplemental assessment to be made as provided in section 3-459, sufficient to pay such unpaid principal and interest; which additional or supplemental assessment shall be enforced and collected in the same manner as the original assessment.

Additional
assessment

If any district having authorized the issuance of a series of bonds shall issue an additional series of bonds based on another assessment, the dates of maturity of such additional series of bonds shall be such that the latest maturities thereof shall not exceed thirty years and the earliest maturity of bonds of such additional series shall be later than the latest maturity of bonds of any earlier series, excepting refunding bonds. Whenever in any reclamation district in the state a bond issue of said district has been authorized prior to this amendment then the provisions of this section hereby amended in respect to the manner of procedure by which the assessments are called in to meet payments on account of principal or interest of such bonds, and also the provision herein contained by which the assessment shall continue in full force and effect as constituting a lien upon the several tracts of land within said district under the provisions of section 3463 of this code until the principal and interest of all bonds issued on the basis of said assessment shall have been paid in full, and also the provisions in reference to refunding bonds, shall apply to and inure to the benefit of the bonds which may have been issued by any reclamation district in this state prior to the date of the enactment of this amendment.

Warrants as
payment of
bonds.

Upon a sale of any of the bonds provided herein (except refunding bonds) the county treasurer of the main county is hereby authorized to accept in payment for said bonds, either in whole or in part, outstanding warrants of such district at their face value, together with the accrued interest thereon.

Interest on
unpaid in-

Where bonds of the district have been authorized to be issued on such assessments all unpaid assessments shall bear interest at the rate of seven per cent per annum from the date of the bonds originally issued thereon until such bonds and any refunding bonds issued thereon shall have been fully paid and discharged, and the interest due at any time on said unpaid assessments may be called without calling any installment of the said assessment. The word installment as used in this section shall be construed as applying to interest as well as the principal as the case may be.

At least ninety days before any interest date of the bonds, including refunding bonds, the county treasurer of the main county shall estimate the amount of money necessary to pay interest and principal maturing on such interest date after crediting thereon the funds in the treasury applicable to the payment thereof, and shall add thereto fifteen per cent of such aggregate sum to cover possible delinquencies, and said county treasurer shall thereupon cause to be published two times, to wit: once a week for two weeks in some newspaper of general circulation published in each county in which any of the district may be situate a notice substantially in the following form:

All or any part of said installment which shall remain unpaid on the (day fixed) will be delinquent, together with ten per cent of such installment added as penalty.

Treasurer of ----- county.

If no newspaper is published in said county, such publication shall be made in a newspaper published in an adjoining county. If any part of such installment or any interest thereon shall remain unpaid at the expiration of thirty days from the date of said notice, it shall become delinquent and ten per cent of the unpaid amount of said installment shall be added thereto and collected by said treasurer. When any installment shall have become delinquent, said treasurer shall publish two times, to wit: once a week for two weeks in a newspaper of general circulation in each county in which any portion of the said delinquent land may lie (or if no newspaper is published therein, then in a newspaper published in an adjoining county), a notice of all said delinquencies. Said notice shall contain a description of each parcel of land assessed in the district whereon such installment is delinquent, as such description appears on the assessment list or by reference number as set forth in said assessment list on file in the office of the county treasurer (stating the date and time said list was so filed) or by other appropriate reference thereto sufficient to identify the same, and shall refer to said list for further particulars. Said list shall also contain the name of the person to whom it is assessed, to unknown owners if such is the fact; the amount of the installment delinquent on such parcel, the amount of said penalty thereon, and a notice that each of said parcels will be sold at public auction by said county treasurer in front of the courthouse of said main county, at a specified day and hour which shall not be less than thirty days nor more than sixty days from the date of delinquency, to pay said delinquent installment, with penalty. At the time stated in said notice, the county treasurer shall sell each parcel of land described in said notice to the highest bidder, unless prior thereto he shall have received payment in full of said delinquent installment together with such penalty. 3480b. Whenever any district has outstanding more than one issue of bonds it may refund said bonds by a single issue of bonds as in this section provided. To refund said bonds hereunder, the trustees, subject to the provisions hereof, shall make a contract with three or more bondholders, or their duly authorized representatives, acting on behalf of all bondholders who shall become parties to the contract, wherein the terms for such refunding shall be set forth. The contract shall provide (1) for the issuance of refunding bonds hereunder and for the maturities of the refunding bonds, which, however, must all mature within fifty years from the date when authorized by the election herein provided; (2) for the interest rate on said refunding bonds which may be made to vary from time to time or may be omitted for a time but which shall not exceed six per cent per annum, payable semiannually; (3) for the deposit with the county treasurer of the bonds to be refunded and for the time within which said deposit shall take place; (4) for extension of time for deposit of said bonds, but the total time allowed for deposit thereof shall not exceed one year from the date of the election herein provided; (5) for application of moneys on hand in the bond funds of the district or to be received therein from any sources; (6) for the amount of refunding bonds to be issued and for the exchange thereof for bonds being refunded either on a pro rata or bond-for-bond basis; (7) and for such other things incidental to the process of refunding said bonds and not inconsistent herewith as may be proper or necessary. Said contract may include for refunding any outstanding warrants of the district. Bonds and coupons may be refunded whether in default or not in default. Except as herein specially provided, said refunding bonds shall be in terms substantially as provided in section 3480a, as said section shall be when this section shall go into effect as law; but they shall state that they are issued under this section. Upon the execution of said contract the trustees shall call an election in the district and shall submit to the electors the question whether or not refunding bonds shall be issued as provided by said contract. In the notices of election the terms of the contract shall be generally described. All proceedings appertaining to said election shall be in accordance with section 3480. proposition, said contract shall become binding according to its terms. Whenever bonds, or bonds and warrants, have been fully deposited, as required by said contract, then (1) moneys in the bond funds of the district shall be used, as specified by said contract either (a) in pro rata part payment of bonds and coupons for payment of which they were collected or (b) in payment of bonds and coupons at maturity where the holders thereof do not become parties to said contract, (2) lands that have been deeded under sales for delinquencies and are held for the benefit of bondholders shall be sold for cash at such prices as the trustees shall specify and moneys realized from the sale of said lands shall go into said bond funds of the district, and (3), after all of said lands have been sold, the trustees shall proceed, as provided in sections 3456a, 3461, 3462 and 3463 to have an assessment levied in the amount of the refunding bonds authorized. Said assessment shall be security for the payment of said refunding bonds and shall be collected and applied for that purpose in the manner prescribed in section 3480. Whenever the assessment roll for said assessment has been filed in the office of the county treasurer all assessments underlying the bond issues being refunded shall be null and void and no further proceedings shall be taken thereunder; provided, however, that deeds shall issue thereafter on any sales thereunder for delinquencies where the times for issue of said deeds have then already expired, or where said sales have been made to purchasers for cash and the times for redemption have not yet expired. Upon the filing of said assessment roll in the office of the county treasurer the trustees shall proceed to carry out said contract. Additional moneys for said bond funds for application under said contract may be provided by voluntary contribution and refunding bonds may be issued therefor. Unless funds are provided in the county treasury in the manner herein specified to pay at maturity any bonds and coupons which are not deposited under said contract the trustees shall not carry out said contract. The county treasurer, as depositary of bonds hereunder, may keep said bonds in any safe deposit boxes or vaults in any banks that he shall select. Nothing herein contained shall be held to affect or restrict the provisions of section 3480a. Except as any thereof can not be applied hereunder or is inconsistent herewith, the provisions of section 3480, as said section shall be when this section shall go into effect as law, are hereby incorporated herein as a part of this section and made applicable to said assessment and to said refunding bonds.

An issue of bonds is hereby defined to be all the bonds issued in accordance with a proposal approved by the electors of the district. Each issue of the bonds of a district shall be numbered consecutively as authorized, and the bonds of each issue shall be numbered consecutively. The board of directors shall fix the date of said bonds, or may divide any issue into two or more divisions and fix different dates for the bonds of each respective division. hereafter issued in pursuance of this act shall be deemed to be the apparent date of the said bond appearing on the face thereof. Each shall be signed by the president and secretary of the board of directors of the district, who may be in office at the date of said bond or at any time thereafter prior to the delivery of said bond to the purchaser thereof from the district, and the seal of the district shall be impressed on each bond. Such funding or refunding bonds shall, except as otherwise provided herein, be issued in

substantially the manner and form prescribed by this act for the issuance of other bonds of irrigation districts, and the provisions of this act and of the act creating the California bond certification commission concerning the authorization, certification, issuance and sale of bonds of irrigation districts shall be applicable to bonds issued under this section; provided, however, that no survey, examination, drawing, plan, estimate or report of the California bond certification commission as provided in sections 30, 30a, and 30b hereof shall be required to be made, nor shall any resolution of the board of directors that the proposed plan of works is satisfactory as prescribed by section 30b hereof be required to be adopted, but in lieu thereof the board of directors of any district desiring to fund or refund any of its bonds may submit to the California bond certification commission its proposed plan for funding or refunding such bonds. The board of directors of any district may make such expenditures or, with the approval of the California bond certification commission, may incur indebtedness, and issue warrants therefor, for the purpose of paying the cost and expenses incident to any such plan or in connection with such funding or refunding. If such plan is approved by said commission, the board of directors of such district shall call an election for the purpose of authorizing the issuance of such funding or refunding bonds. Such election shall be called and held and the result thereof determined and declared substantially in the same manner as provided by this act for the issuance of other bonds of such districts, except that a majority vote only shall be required for the authorization of such funding or refunding bonds. The maturity or maturities of said funding or refunding bonds shall be fixed by the board of directors of such district subject to the approval of the California bond certification commission, but in no case shall the maturity of any of said bonds be more than fifty years from the date thereof. the lands in the district, in addition to all other assessments in this act required or permitted to be levied and collected, sufficient to provide the amounts of such sinking fund payments for the then current year; provided that the amount of such sinking fund payments may be modified from time to time by the board of directors with the approval of the California bond certification commission. Whenever such sinking fund shall contain at least ten thousand dollars, the board of directors shall by notice published at least once a week for three successive weeks in some newspaper published in the county where the office of the district is located, and, in its discretion, in any other newspaper or newspapers, invite sealed proposals for the sale to the district of any of its outstanding funding or refunding bonds, for the payment of which such sinking fund was created. Said notice shall state the amount available for the redemption of such bonds and shall specify the time and place when such proposals will be opened. All such proposals shall be opened by the board of directors in open meeting at the time specified in said notice or at some subsequent time to which such meeting shall be adjourned. Any or all of such proposals may be rejected, in the discretion of the board of directors. If no bids are received, or if the bids received and accepted are not sufficient to exhaust the moneys so on hand and available for the purpose, the board of directors may purchase at private sale with any available money in the sinking fund, any of said bonds for the payment of which such sinking fund was created. No proposal to sell bonds to the district at a price in excess of the par value thereof shall be accepted. All bonds so purchased from sinking fund moneys shall be forthwith canceled. The board of directors may invest any money in the sinking fund in bonds of the United States or of the State of California and shall hold the bonds so purchased together with the income therefrom, as part of the sinking fund until such time as the board of directors may determine that it is for the best interests of the district that such bonds or any of them be sold. Notwithstanding anything to the contrary in this act contained, the proceeds of any existing or proposed contract or contracts, or source or sources of payment, or any portion thereof, designated by said board, may by resolution of said board be allocated to the payment of the principal and/or interest of any bonds of the district, including funding or refunding bonds, or of any portion of such principal or interest designated by said board, and after such allocation and until the payment or retirement of the bonds for the benefit of which such allocation was made, such proceeds or other source or sources of payment, or portion thereof, so designated by said board, shall be applied solely to the payment of the obligation specified in such resolution. Such allocation may be made for the exclusive benefit of any one or more issues of bonds of the district, or portions thereof, designated in such resolution, or, in the discretion of said board, for the benefit of any bonds of the district at any time issued or outstanding. Any such allocation shall be irrevocable until all of such bonds and their appurtenant coupons shall have been paid or retired. In the event that the board of directors, with the approval of the California bond certification commission, shall, pursuant to this act, provide that the principal and/or interest of any bonds, or any portion of such principal and/or interest, shall be payable solely from the proceeds of any such contract or contracts, or other source or sources of payment, other than assessments, neither the district nor any officer thereof shall be holden for such payment otherwise.

Nature of allocation

SEC. 7. If any section, subsection, sentence, clause, or phrase of this act is for any reason held to be unconstitutional or unenforceable, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase hereof irrespective of the fact that any one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional or unenforceable.

SEC. 8. This act shall not invalidate any act done, or any action or proceeding had or commenced before this act takes effect. All proceedings commenced prior to the effective date hereof shall be completed in accordance with the provisions of this act and all acts and proceedings commenced before but not completed until after the effective date of this act, whether relating to the authorization, issuance, exchange, sale or delivery of funding or refunding bonds, or otherwise, shall be valid and legally binding if taken in accordance with the provisions of this act.

clauses

SEC. 9. This act shall take effect immediately.

SEC. 10. This act is hereby declared to be an urgency measure within the meaning of section 1 of article four of the constitution of the State of California and it is deemed necessary for the immediate preservation of the public peace, health and safety that this law shall go into immediate effect. The following is a statement of the facts constituting such urgency.

Urgency

Many irrigation districts organized under the laws of this state have issued bonds for the purpose of acquiring works for the distribution of water to the lands within such districts for irrigation and domestic use, which bonds mature in whole or in part on July 1, 1931. If this amendment does not go into effect until ninety days after the final adjournment of this session of the Legislature, such districts will be unable to take advantage of the provisions hereof prior to July 1, 1931. Unless such bonds and interest coupons are refunded pursuant to the provisions of this amendment such districts must advance large cash payments for maturing bonds and interest coupons on that date, thereby leaving them without sufficient funds to enable them to operate properly and efficiently their distribution works. The proper and efficient operation of such

works is necessary for the purpose of furnishing water for irrigation and domestic use to the landowners within such districts and also to certain municipalities which are dependent entirely upon such districts for their source of water supply. The failure of the water supply of any such district or the inability of such district to make proper distribution thereof would be a menace to the public health of the inhabitants of such districts and of the municipalities aforesaid. If, however, the provisions of this amendment become a law immediately, such districts will be able to refund their bonds and coupons on or before July 1, 1931, thereby enabling such districts to utilize all available funds for the proper operation of their works for supplying and distributing water.

The first publication of said notice shall be at least twenty-one days before the day set for said hearing, and if at said hearing it shall appear that the notice given has been defective in any material respect, said board shall set another time for said hearing and cause notice again to be published as hereinbefore provided. At the hearing the board shall hear all relevant evidence in support of said petition or in opposition thereto or in support of or in opposition to requests for inclusion of lands in or exclusion of lands from said proposed district. During or prior to said hearing any holder of title or evidence of title to lands within said proposed district may present to said board a request for exclusion of such lands or any part thereof from said proposed district, and any holder of title or evidence of title to land not within said proposed district but contiguous to any part thereof and susceptible to irrigation from the sources or any of the sources named in said petition may present to the board a request in writing for the inclusion of said land in said proposed district. If, upon the hearing of said petition, it shall be shown to the board that said petition conforms to the requirements of this act and that notice of said hearing has been given as hereinbefore required, the board shall proceed to fix the boundaries of said proposed district, and in so doing shall exclude therefrom any land which the board shall find is not susceptible of irrigation from any of the sources proposed or will not be benefited by such irrigation and, upon application of the owner or owners, may include in such proposed district any lands which are susceptible of irrigation from the source or sources proposed in said petition and will be benefited thereby, if in the judgment of said board said proposed district will have or may obtain a sufficient supply of water for the irrigation of such land proposed to be included. The hearing of said petition may be continued by said board from time to time, but such hearing shall not be continued after thirty days from the time originally fixed therefor, except from day to day, if any petitioner shall object to such continuance. When said board shall have determined upon the lands to be included within said proposed district, it shall make an order establishing and describing the exterior boundaries thereof and describing any lands within said boundaries which are to be excluded from the district, and designating a name for said district, which may be the name proposed in said petition or such other name as the board may determine. Thereupon the assessment shall be deemed complete.

debtedness

Sec. 7. (a) Whenever the board of directors of any metropolitan water district incorporated under this act shall, by ordinance adopted by a vote of a majority of the aggregate number of votes of all the members of the board of directors, determine that the interests of said district and the public interest or necessity demand the acquisition, construction or completion of any public improvement or works, or the incurring of any preliminary expenses, necessary or convenient to carry out the objects or purposes of said district the cost of which will be too great to be paid out of the ordinary annual income and revenue of the district, said board of directors may order the submission of the proposition of incurring bonded indebtedness, for the purposes set forth in the said ordinance, to the qualified voters of such district, at an election held for that purpose. Any election held for the purpose of submitting any proposition or propositions of incurring such bonded indebtedness may be held separately, or may be consolidated or held concurrently with any other election authorized by law at which the qualified electors of the district are entitled to vote. The declaration of public interest or necessity herein required and the provision for the holding of such election may be included within one and the same ordinance, which ordinance, in addition to such declaration of public interest or necessity, shall recite the objects and purposes for which the indebtedness is proposed to be incurred, the estimated cost of the public works or improvements, or the estimated amount of preliminary expenses, as the case may be, the amount of the principal of the indebtedness to be incurred therefor and the maximum rate of interest to be paid on such indebtedness, which rate shall not exceed six (6) per cent per annum payable semi-annually. Such ordinance shall also fix the date upon which such election shall be held and the manner of holding the same and the method of voting for or against incurring the proposed indebtedness. Such ordinance shall also fix the compensation to be paid the officers of the election and shall designate the precincts and polling places and shall appoint the officers of such election, which officers shall consist of one inspector, one judge and two clerks in each precinct. The description of precincts may be made by reference to any order or orders of the board of supervisors of the county or counties in which the district or any part thereof is situated, or by reference to any previous order or ordinance of the legislative body of the municipality, or by detailed description of such precincts. Precincts established by the boards of supervisors of the various counties, to a number not exceeding six (6), may be consolidated for special elections held hereunder. In the event any bond election shall be called

to be held concurrently with any other election or shall be consolidated therewith, the ordinance calling the election hereunder need not designate precincts or polling places or the names of officers of election, but shall contain reference to the act or order calling such other election and fixing the precincts and polling places and appointing election officers therefor.

(b) The ordinance provided for in subdivision (a) of this section shall be published once, at least ten (10) days before the date of the election therein called, in a newspaper of general circulation printed and published within the district, and no other or further notice of such election or publication of the names of election officers or of the precincts or polling places need be given or made. Publication

(c) The respective election boards shall conduct the election in their respective precincts in the manner prescribed by law for the holding of general elections, and shall make their returns to the secretary of the district. At any regular or special meeting of the board of directors held not earlier than five (5) days following the date of such election, the returns thereof shall be canvassed and the results thereof declared. In the event that any election held hereunder shall be consolidated with any primary or general election and the proposition to incur indebtedness shall be printed upon a ballot containing other propositions, the returns of the election held hereunder shall be made with the returns of the primary or general election to the board of supervisors or other bodies whose duty it shall be to canvass the returns thereof, and the results of the election held hereunder shall be canvassed at the time and in the manner provided by law for the canvass of the returns of such primary or general election. It shall be the duty of such canvassing body or bodies to promptly certify and transmit to the board of directors of the district a statement of the result of the vote upon the proposition submitted hereunder. Upon receipt of such certificates, it shall be the duty of the board of directors to tabulate and declare the results of the election held hereunder. Conduct of election

(d) In the event that it shall appear from said returns that a majority of the electors voting on any proposition submitted hereunder at such election voted in favor of such proposition, the district shall thereupon be authorized to issue and sell bonds of the district in the amount and for the purpose and purposes and object or objects provided for such proposition in such ordinance, and at a rate of interest, not exceeding the rate recited in said ordinance. Results of election

(e) All bonds of such district, issued under the provisions of this act, shall be payable substantially in the following manner: A part to be determined by the board of directors which shall not be less than one-fiftieth ($1/50$) part of the whole amount of such indebtedness, shall be payable each and every year on a day and date, and at a place or places to Bond issues

be fixed by said board of directors, together with the interest on all sums unpaid at such date; provided, that, in case such bonds are issued in installments at different times, each installment shall be payable substantially in the following manner: A part to be determined by the board of directors which shall not be less than one-fiftieth ($1/50$) part of the whole amount of such installment, shall be payable each and every year on a day and date, and at a place or places to be fixed by said board of directors, together with the interest on all sums unpaid at such date; provided, however, that said board may, in its discretion, determine and fix the date for the earliest maturity of the principal of the whole amount of such bonded indebtedness, or of each installment of such bonds, as the case may be, not more than fifteen years from the date of the first issue of such bonds, or of the respective installment of such bonds, as the case may be; in this event, the whole amount of such bonded indebtedness, or of the respective installment of such bonds, as the case may be, must be made payable in substantially equal annual parts in not to exceed fifty (50) years from the date of the first issue of such bonds, when the bonds are issued in one block, or from the date of the respective installment of such bonds, when the bonds are issued in installments. The bonds shall be issued in such denominations as the board of directors may determine, except that no bonds shall be of less denomination than one hundred (100) dollars, nor of a greater denomination than one thousand (1000) dollars, and shall be payable on the day and at the place or places fixed in such bonds and with interest at the rate specified therein, which rate shall not be in excess of six per cent (6%) per annum, and shall be payable semiannually. Such bonds shall be signed by the chairman of said board of directors, or by such other officer as said board of directors shall, by resolution adopted by a majority vote of its members, authorize and designate for that purpose, and such bonds shall also be signed by the controller and countersigned by the secretary of said board of directors. The coupons of said bonds shall be numbered consecutively, and signed by said controller. All such signatures and countersignatures excepting that of the controller on said bonds, may be printed, lithographed or engraved.

(f) In case any of such officers, whose signatures or countersignatures appear on the bonds or coupons, shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures or countersignatures shall nevertheless be valid and sufficient for all purposes, the same as if they had remained in office until the delivery of such bonds.

(g) Such bonds shall not be sold at a price less than the par value thereof, together with accrued interest to the date of delivery, nor until notice calling for bids therefor shall have been published in a newspaper of general circulation published and circulated in the county wherein the principal place of business of said district shall be located. Said notice,

calling for bids, shall state the time for the receipt of such bids, which shall be not less than ten (10) days after the first publication thereof. Such notice may offer the bonds at a fixed interest rate or with the interest rate undetermined, in which event the bids shall contain a statement of the lowest rate of interest at which the bidder will take the bonds and pay par value or more therefor, together with accrued interest. Bids for such bonds shall be opened publicly and the results thereof publicly announced. Such bonds shall be sold to the highest bidder. Temporary, or interim, bonds or certificates, of any denomination whatsoever, to be signed by the controller, may be issued until the definitive bonds are executed and available for delivery.

(h) Such bonds may be issued and sold by said board of directors as they shall determine, and the proceeds thereof, excepting premium and accrued interest, shall be placed in the treasury of said district to the credit of the proper improvement fund, and shall be applied exclusively to the purposes and objects mentioned in said ordinance. Premium and accrued interest shall be placed in the fund to be applied to the payment of interest on, and the retirement of, the bonds so sold. Proceeds

(i) The board of directors shall, within ninety (90) days from the date of the election authorizing the issuance of bonds, cause to be brought in the name of the district an action in the superior court of the county in which said district, or the greater portion of the property subject to taxation by said district, according to the most recent assessment, is located, to determine the validity of any such bonds and the sufficiency of the provision for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due and to constitute a sinking fund for the payment of the principal thereof on or before maturity. Such action shall be in the nature of a proceeding in rem, and jurisdiction of all parties interested may be had by publication of summons for at least once a week for three (3) weeks in some paper of general circulation published in the county where the action is pending, such paper to be designated by the court having jurisdiction of the proceedings. Jurisdiction shall be complete within ten (10) days after the full publication of such summons in the manner herein provided. Anyone interested may at any time before the expiration of said ten (10) days appear and by proper proceedings contest the validity of such bonds and the sufficiency of the provision for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due and to constitute a sinking fund for the payment of the principal thereof on or before maturity. Such action shall be speedily tried and judgment rendered declaring such bonds to be valid or invalid, and declaring the provision for the collection of an annual tax for said purposes, to be sufficient or insufficient. Either party may have the right to appeal to the supreme court at any time within thirty (30) days after the Validity of
bonds

rendition of such judgment, which appeal must be heard and determined within three months from the time of taking such appeal. After the expiration of ninety (90) days from the date of the election authorizing the issuance of bonds, no action may be brought to contest or question the validity of said bonds and proceedings in relation thereto or the sufficiency of the provision for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due and to constitute a sinking fund for the payment of the principal thereof on or before maturity. If there be more than one action or proceeding involving the validity of any of such bonds, or the sufficiency of the provision for the collection of an annual tax sufficient for the said purposes, they shall be consolidated and tried together. The court hearing any proceeding or action inquiring into the regularity, legality or correctness of the proceedings leading up to the issuance of bonds or the validity of such bonds or the sufficiency of such provision for the collection of an annual tax, must disregard any error, irregularity or omission which does not affect the substantial rights of the parties to said action or proceeding. The rules of pleading and practice provided by the Code of Civil Procedure, which are not inconsistent with the provisions of this act, are applicable to all actions or proceedings herein provided for. The motion for a new trial of any such action or proceeding must be heard and determined within ten (10) days from the filing of the notice of intention. The costs on any proceeding or action herein provided for may be allowed and apportioned between the parties or taxed to the losing party, in the discretion of the court.

Revenue
from water

(j) The board of directors shall fix such rate or rates for water furnished as will pay the operating expenses of the district, provide for repairs and depreciation of works owned or operated by such district, pay the interest on any bonded debt, and, so far as practicable, provide a sinking or other fund for the payment of the principal of such debt as the same may become due; it being the intention of this section to require the district to pay the interest and principal of the bonded debt from the revenues of such district, so far as practicable. If, however, from any cause, the revenues of the district shall be inadequate to pay the interest or principal of any bonded debt as the same becomes due, the board of directors shall, at the time of fixing the tax levy and in the manner for such tax levy provided, levy and collect annually until said bonds are paid or until there shall be a sum in the treasury of the district set apart for that purpose sufficient to meet all sums coming due for principal and interest on such bonds, a tax sufficient to pay the annual interest on such bonds, or such part thereof as shall not be met from revenues of the district, and also sufficient to pay such part of the principal of such bonds as shall become due before the time when money will be available from the next general tax levy, or such

Taxes

portion thereof as shall not be met from revenues of the district; provided, however, that if the maturity of the indebtedness created by the issue of bonds be made to begin more than one year after the date of the issuance of such bonds, such tax shall be levied and collected at the time and in the manner aforesaid annually sufficient when added to revenues of the district available for that purpose to pay the interest on such indebtedness as it falls due and also to constitute, together with the revenues of the district available for such purpose, a sinking fund for the payment of the principal of such bonds on or before maturity. The taxes herein required to be levied and collected shall be in addition to all other taxes levied for district purposes and shall be collected at the time and in the same manner as other district taxes are collected and shall be used for no purpose other than the payment of such bonds and accruing interest.

(k) Coupon bonds issued hereunder, at the request of the holder, may be registered as to principal and interest in the holder's name on the books of the treasurer of the district, and the coupons surrendered and the principal and interest made payable only to the registered holder of the bond. For that purpose the treasurer of the district shall detach and cancel the coupons, and shall endorse a statement on the bonds that the coupon sheet issued therewith has been surrendered by the holder, and the coupons canceled by such treasurer, and that the principal and the semiannual interest are thereafter to be paid to the registered holder, or order, by draft, check or warrant drawn payable at a place of payment specified in the bond, after which no transfer shall be valid unless made on such treasurer's books by the registered holder, or by his attorney duly authorized, and similarly noted on the bond. After such registration, the principal and interest of such bond shall be payable only to the registered owner. Bonds registered under this paragraph may, with the consent of the district and the holders of the bonds, be reconverted into coupon bonds at the expense of the holder thereof, and again reconverted into registered bonds from time to time, as the board of directors of the district and the holders of the bonds may determine. In converting coupon bonds into registered bonds, coupon bonds may be exchanged for registered bonds of one hundred dollars (\$100) each, or multiples thereof, but not exceeding fifty thousand dollars (\$50,000) each, in which event new registered bonds shall be issued at the expense of the holder. Coupon bonds may be exchanged for other coupon bonds of one hundred dollars (\$100) each, or multiples thereof, but not exceeding fifty thousand dollars (\$50,000) each, in which event new coupon bonds shall be issued at the expense of the holder.

Coupon and
registered
bonds.

For each conversion or reconversion of a coupon or registered bond, the treasurer of the district shall be entitled to charge and collect such fee as the board of directors of the district may prescribe from time to time.

Legal investment

(1) All bonds heretofore or hereafter issued by any metropolitan water district shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings and trust companies, and for the state school funds, and whenever any moneys or funds may by law now or hereafter enacted be invested in bonds of cities, cities and counties, counties, or school districts in the State of California, such moneys or funds may be invested in the bonds of such metropolitan water district.

SEC. 6. Section 8 of said act is hereby amended to read as follows:

Assessed valuation

Sec. 8. (a) Immediately after equalization and not later than the fifteenth day of August of each year, it shall be the duty of the auditor of each county wherein such district or any part thereof shall lie, to prepare and deliver to the controller of the district a certificate showing the assessed valuation of all property within the district lying in the county, and also such assessed valuation segregated according to cities, the area of which lie within the district.

Rate of taxation

(b) On or before the twentieth day of August the board of directors of the district shall by resolution determine the amount of money necessary to be raised by taxation during the fiscal year beginning the first day of July next preceding and shall fix the rate of taxation of the district, designating the number of cents upon each one hundred dollars assessed valuation of taxable property in each county and shall levy a tax accordingly:

(1) Sufficient to meet interest and sinking fund requirements on all outstanding bonded indebtedness of said district; and

(2) For all other district purposes.

Amounts and installments for cities

(c) The board of directors shall also cause to be computed and shall declare in said resolution the amount of money to be derived from the area of the district lying within each separate municipality by virtue of the tax levy. In such resolution the board shall also fix and determine the times and proportional amounts of installments in which any city may elect to make payment in lieu of taxes as hereinafter provided. The board shall immediately cause certified copies of such resolution to be transmitted to the presiding officer of the governing body of each such city.

Payment by cities

(d) On or before the twenty-fifth day of August of each year the governing body of each such city may elect to pay out of the municipal funds all or any portion of the amount of tax which would otherwise be levied upon property within such city. Such election shall be made by order upon motion, which order shall recite that such payment shall be made in cash concurrently with the certification of such order to the controller of the district, or that such payment shall be made in installments and the times wherein such installments shall be payable and the amounts thereof, which amounts shall be in accordance with the requirements of the board of direc-

tors of the district as approved by resolution. In the event that any city shall elect to pay in cash, or by deferred installments, money or any part thereof which would otherwise be levied upon property within the city, it shall immediately certify to the controller of the district a copy of such order and a statement showing its financial condition, the funds from which such payments shall be made and the sources of revenue to be used therefor. Provided, however, that in the event any city shall elect to pay in cash all or any portion of the amount of tax which would otherwise be levied upon property within such city to meet interest and sinking fund requirements on the outstanding bonded indebtedness of said district, such amount so elected to be paid shall be deposited with the treasurer of said district on or before the twenty-seventh day of August next following such election; and provided, also, that unless such payment is so made in the case of interest and sinking fund requirements, and unless such election, as to all other taxes, shall provide for payments in accordance with the resolution of the board of directors as hereinbefore provided for, then such election shall be ineffective for any purpose.

(e) Before the first day of September the controller of the district shall cause to be prepared and transmitted to the auditor of each county in which the district shall lie, a statement showing the tax rate to be applied to assessed property in each city, which rate shall be the rate fixed by resolution of the board of directors modified to the extent necessary to produce from each city only the amount of money apportioned thereto in said resolution, less any amount paid or undertaken to be paid by such city, or credited thereto as herein provided, but if any fraction of a cent occur, it must be taken as a full cent on each one hundred dollars.

of Tax rate
for cities.

(f) Upon receipt by the auditor of each county wherein such district, or any part thereof, shall lie, of a certified copy of the controller's statement showing the tax rate to be applied to assessed property in each city, and showing the cities, the assessed property in which is exempt therefrom, if any, it shall be the duty of the county officers to collect taxes for the benefit of the district at the rate specified as herein provided. The taxes so levied shall be computed and collected at the time and in the manner required by law for the computation and collection of taxes for county purposes, and the property subject to such tax shall be subject to the same penalties for delinquency, and the same provisions of law relating to the sale of property for nonpayment of county taxes and redemption thereof shall apply to the tax herein authorized. When so collected, such taxes shall be paid over to the treasurer of the district, subject to the deduction herein authorized.

Collection
of taxes

In consideration of services rendered hereunder, any county shall annually be entitled to deduct and withhold an amount not exceeding one percent on the first twenty-five thousand dollars collected hereunder, and one-fourth of one per cent of

any amount in excess of twenty-five thousand dollars collected hereunder. The board of supervisors of each such county may provide such extra help as in their judgment may be necessary for the proper performance of duties hereunder.

Enforcement
of tax liens

(g) Whenever any real property situated in any district organized hereunder and upon which a tax shall have been levied, as herein provided, shall be sold for taxes and shall be redeemed, the money paid for such redemption, except advertising costs, shall be apportioned and paid in part to such district in the proportion which the tax due to such district shall bear to the total tax for which such property shall have been sold. All taxes levied under the provisions of this act shall be a lien upon the property upon which levied, and the enforcement of the collection of such tax shall be had in the same manner and by the same means as is or shall be provided by law for the enforcement of liens for state and county taxes, and all of the provisions of law relating to the enforcement of such taxes are hereby made a part of this act so far as applicable.

Payment by
cities to
districts

(h) Cities, the areas of which are included within metropolitan water districts incorporated hereunder, are hereby authorized to pay to such districts, out of funds derived from the sale of water or other funds not appropriated to some other use, such amounts as may be determined upon by the governing bodies, or other bodies, boards, commissioners or officers having control of such funds, thereof, respectively. Such payments may be made in avoidance of taxes as herein provided, or otherwise, and shall not be deemed gratuitous or in the nature of gifts, but shall be deemed payments for water or services in connection with the distribution of water. Any city making any such payment to any district incorporated hereunder, whether in avoidance of taxes or otherwise, shall receive credit therefor and the amount of the payment so made by any city shall be deducted from the amount of taxes which would otherwise be levied against property lying therein as herein provided. In the event that payment so made by any city shall exceed the amount of taxes which would otherwise have been levied against property within such city, the amount of such excess without interest shall be carried over and applied in reduction of taxes levied, or which would otherwise have been levied during the ensuing year or years. Any city, or body, board, commission or officer thereof having control of funds, which shall have incurred expenses (for which such funds have been, or will be, expended) in the investigation of or preliminary work upon any works or projects taken over by the district, may receive, and the district so taking over any such works or projects may make to such city, body, board, commission or officer thereof, reimbursement for all such sums so expended, or to be expended, for expenses incurred in such investigation of or preliminary work upon the works or projects so taken over by the district, to the extent that the board of directors of the district shall find that such

expenditures have benefited such district, it being the intention of this provision to permit the district to purchase, and the city or body, board, commission or officer thereof, to sell, such works or projects taken over by such district, and for which such city, body, board, commission or officer thereof, has no further use or need. The sum so to be paid by such district to such city or body, board, commission or officer thereof, shall be mutually agreed upon, and if the expenses, for which such reimbursement is to be made by the district, shall have been incurred by a body, board, commission or officer, of the city, having control of the funds so expended, or to be expended, for such expenses, then the district shall pay such sum to said body, board, commission or officer, or if ordered so to do by such body, board, commission or officer, the district shall pay such sum to the city. ^{Same}

As an alternative to the purchase and sale of any works or projects taken over by the district, as hereinabove provided, any city, or body, board, commission or officer thereof having control of funds, which shall have incurred expenses for which such funds have been, or will be, expended in the investigation of or preliminary work upon any such works or projects taken over by the district, may certify the amount thereof, without interest, to the board of directors of said district at any time within four (4) years from the date of the incorporation of such district, or the incurring of such expenses, if such district be already incorporated, and if allowed by the board of directors, such amount shall be credited to the city, which itself, or whose body, board, commission or officer, incurred the same, and such expenditures shall be considered as a payment of money made as herein provided for which deduction shall be made from the amount of taxes which would otherwise be levied against property lying within such city.

Any city which shall incur expenses in preliminary work in preparing for the incorporation of or in the incorporation of any district hereunder likewise may certify the amount thereof, without interest, to the board of directors of said district at any time within four (4) years from the date of the incorporation of such district, and if allowed by the board of directors, such amount shall be credited to the city incurring the same, and shall be considered as a payment of money made as herein provided, for which deduction shall be made from the amount of taxes which would otherwise be levied against property lying within such city.

No such payments of money made in avoidance of taxes or otherwise, or such credit allowed by such board of directors, as hereinabove provided, shall apply to reduce the amount of taxes which would otherwise be levied against the property within such cities respectively, to meet interest and sinking fund requirements on outstanding bonded indebtedness of such district.

Such certification and allowance shall be made on or before the first Monday in July, and the amount of money to be raised by taxation shall be computed with reference to the credit to be allowed as herein provided, but such credit may, in the discretion of the board of directors, be considered in connection with the amount of money to be raised by the next tax levy, or may be spread over subsequent years, not to exceed five.

Failure of
city to pay

(i) If any city shall fail to comply with the terms of the order relating to payments to be made to the district in lieu of taxation, the amount of the delinquency, plus a penalty of ten per cent shall be added to the taxes to be collected during the ensuing fiscal year, and thereafter for a period of two (2) years no order or ordinance shall be sufficient to exempt the property in said city from taxation hereunder unless it be accompanied by payment in cash of the amount which would otherwise be collected from owners of property within the city, together with all moneys due but unpaid under any previous order.

Sec. 7. Section 9 of said act is hereby amended to read as follows:

Annexation
of territory

Sec. 9. Annexation to the territory of any district organized hereunder may be effected by either of the following methods:

(a) Whenever any area shall be annexed to or consolidated with any city, the area of which shall be a part of any district organized hereunder, such annexed or consolidated area shall by virtue of its annexation or consolidation to such city become and be a part of such district and shall be taxable equally with other parts of such district to pay the indebtedness of the district outstanding at the time of such annexation or consolidation.

Procedure

(b) The governing or legislative body of any municipality may apply to the controller of any metropolitan water district for a statement showing the amount of the bonded and other indebtedness of the district, the assessed value of the taxable property therein according to the most recent assessment, and the names of all municipalities, the areas of which are included within the district, and it shall thereupon be the duty of the controller to furnish such information to the applicant. After consideration of such statement the governing body of such municipality may apply to the board of directors of such metropolitan water district for consent to annex such municipality to the metropolitan water district. The board of directors may grant or deny such application and in granting the same may fix the terms and conditions upon which such city may be annexed to and become a part of the metropolitan water district, to the end that burdens, including the bonded debt, shall be equitably distributed over all parts of the district, having due regard to benefits. The action of the board of directors evidenced by order made on motion shall be promptly transmitted to the governing body of such applying

city, which governing body may thereupon submit to the qualified electors of such city, at any general or special election held therein, the proposition of such annexation subject to the terms and conditions fixed as herein provided. Notice of such election shall be given by posting or publication; when given by posting such notice shall be posted at least ten days and in three public places in the city; when given by publication such notice shall be published once at least ten days before the date fixed for the election in a newspaper of general circulation published in the city. Such notice shall contain the substance of the terms and conditions fixed by the board of directors, as herein provided. Such election shall be conducted and the returns thereof canvassed in the manner provided by law for municipal elections in such city. If such proposition shall receive the affirmative vote of a majority of electors of such city voting thereon at such election, the governing body of such municipality shall certify the result of such election on said proposition to the board of directors of said district and a certificate of proceedings hereunder shall be made by the secretary of the district and filed with the secretary of state. Upon the filing thereof in the office of the secretary of state, such municipality shall become, and be, an integral part of such metropolitan water district, and the taxable property therein shall be subject to taxation thereafter for the purposes of said metropolitan water district, including the payment of bonds and other obligations of such district at the time authorized or outstanding.

Effect of annexation

(c) The validity of any proceedings for the annexation of a municipality or city to any district organized hereunder, shall not be contested in any action unless such action shall have been brought within three months after the completion of such proceedings, or, in case such proceedings are completed prior to the time that this paragraph takes effect, then within three months after this paragraph shall have become effective.

Validity of proceeding

SEC. 8. If any section, subsection, sentence, clause or phrase of this act, or of the act or acts of which this act is amendatory or supplemental, is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases of this act, or that any one or more sections, subsections, sentences, clauses or phrases of the act or acts of which this act is amendatory or supplemental, be declared unconstitutional.

Constitutionality

SEC. 9. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of article four of the constitution of the State of California, and shall take effect immediately. The following is a statement of the facts constituting such necessity:

Urgency

The peace, health and safety of the citizens of various cities in the southern part of this state are dependent upon the obtaining of an adequate supply of water, for municipal and domestic use therein, from the Colorado river or elsewhere, by means of an aqueduct, diversion works, and other facilities of such magnitude as to be possible only through the medium of a metropolitan water district, organized and functioning for the purpose of bringing such water to its member cities; that there is now a metropolitan water district, comprised of fourteen, or more, cities in the southern part of this state, organized and functioning for this purpose; that it is immediately necessary for such district to hold a bond election to obtain authority for the issuance of bonds sufficient to enable such district to commence the construction of the necessary diversion works, aqueduct and other facilities, and the acquisition of the rights of way required therefor; that to enable such district to obtain the necessary authority for such bond issue, and to float such bond issue satisfactorily, and to do the other things immediately required of such district in order to function properly for the immediate preservation of the peace, health and safety of the citizens of the component cities of such district, it is necessary that the foregoing amendments to the metropolitan water district act become effective immediately.

Sec. 4. Such protest must be in writing and must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and no other protest or objection shall be considered. The clerk shall indorse on every such protest the date of its reception by him. At the time set for hearing said protests, the city council shall proceed to hear and pass upon all protests so made and its decision shall be final and conclusive; provided, however, that when the protest is against the proposed improvement and the city council finds that such protest is made by the owners of more than one-half of the area of the property within the assessment district, no further proceedings shall be taken for a period of six months from the date of the decision of the city council on said hearing, unless the said protest be overruled by an affirmative vote of four-fifths of the members of the city council. Changes
in plans.

Unless the power to proceed shall have ceased, as hereinbefore provided, the city council may, at the conclusion of the aforementioned hearing, by resolution make such changes in the boundaries of the proposed assessment district, or in the property proposed to be acquired and/or change or modify the grades as set forth in the plans and specifications and referred to in the ordinance of intention as it shall find to be proper and advisable, and shall define and establish such boundaries and describe the property proposed to be acquired, but said city council shall not have the power to modify such boundaries so as to include any territory which will not in its judgment be benefited by said improvement. If any changes are made in the grades as set forth in the plans and specifications and referred to in said ordinance of intention, such changes shall be set forth in said resolution adopted at the conclusion of said hearing.

Said city council shall not modify such boundaries, make changes in the property proposed to be acquired, or make changes in the grades as set forth in said plans and specifications, and referred to in said ordinance, except after notice of intention so to do given by one insertion in said newspaper in which the ordinance of intention was published describing the proposed modification and/or change and specifying the time for hearing objections to such modification or changes, which time shall be at least ten days after the publication of said notice. Written objections to said proposed modification and changes may be filed with the clerk of said city council by an interested person at or before the time set for hearing the same. SEC. 7. Section 5 of said act is hereby amended to read as follows:

Order for
improvement

Sec. 5. Having acquired jurisdiction, the city council shall, by ordinance, order said improvement to be made, and direct an action to be brought by the city attorney, in the proper superior court, in the name of the municipality, for the condemnation of the property necessary or convenient to be taken therefor. Such ordinance need not describe the property to be taken, nor the grades to which improvements may be made, nor the assessment district, but may refer to the ordinance of intention, as modified by the resolution of modification as provided for in section 4 of this act, if any such be adopted, for all particulars.

Pending con-
demnation
proceedings

In the event an action has theretofore been brought by the city attorney in the name of the municipality for the condemnation of the property necessary or convenient to be taken for

such improvement under authority of law prior to the adoption of the ordinance ordering the improvement to be made, as provided in this section, then and in that event, the said ordinance ordering the improvement may refer to said action and direct the city attorney to continue prosecution of the same, and said action shall then have like effect and be in lieu of and serve all the purposes of the action herein referred to, and shall thereafter be carried on in the same manner and subject to the provisions hereinafter stated, provided that the complaint in said action shall set forth or state the effect of the ordinance of intention in such proceedings but need not set forth or state the effect of the ordinance ordering the improvement. In the event that the complaint in such action shall omit to state the effect of the ordinance of intention in such proceedings, said complaint may be amended as of course to set forth said matters at any time before trial and shall thereupon satisfy the requirement as to reference to the ordinance of intention.

SEC. 8. Section 10 of said act is hereby amended to read as follows:

Sec. 10. For the purpose of assessing the compensation and damages, the right thereto shall be deemed to have accrued at the date of the issuance of summons, and its actual value at that date shall be the measure of compensation for all property to be actually taken, and the basis of damages to property not actually taken, but injuriously affected, in all cases where such damages are allowed by the provisions of this act; provided that in any case where a motion to set the action for trial, as provided in section 8 of this act, is not made within one year after the date of the issuance of the summons therein, the right to compensation and damages shall be deemed to have accrued at the date of the hearing of the motion to set the action for trial.

Compensation and damages

If an order be made letting the plaintiff into immediate possession and the plaintiff shall take immediate possession upon commencing eminent domain proceedings and thereupon giving such security in the way of money deposits as the court may determine to be reasonably adequate to secure compensation to the owner, as provided in section 14 of article one of the constitution, then the compensation and damages awarded shall draw interest at the rate of seven per cent per annum from the date of such order.

Immediate possession

No improvements placed upon the property proposed to be taken, subsequent to the date at which the right to compensation and damages shall have accrued as hereinbefore provided, shall be included in the assessment of compensation or damages.

Subsequent improvements

The referees, or court, or jury, as the case may be, shall find separately:

Findings

First, the value of each parcel of property sought to be condemned, and all improvements thereon pertaining to the realty, and of each separate estate or interest therein;

Second, if any parcel of property sought to be condemned is only a part of a larger parcel, the damages which will accrue to the portion not sought to be condemned, and to each separate estate or interest therein, by reason of its severance from the portion sought to be condemned, and the construction of the improvement in the manner proposed by the plaintiff. Such damages must be fixed irrespective of any benefit from such improvement.

Third, in the case of an establishment of change of grade, the damages which will accrue to each parcel of property and to each separate interest therein abutting upon the exterior boundaries of any such public highways, roads, streets, squares, lanes, alleys, courts, and places theretofore officially fixed and established or to be fixed and established in said proceedings, by reason of the construction of improvements to the grades so changed and/or established.

ment of
proceedings

SEC. 9. Section 14 of said act is amended to read as follows:

The city council may, at any time prior to the payment of the compensation awarded the defendants, abandon the proceedings, by ordinance, and cause the said action to be dismissed, without prejudice; and if any of the assessments levied to pay the expense of the improvements, as hereinafter provided, shall have been actually paid in money at the time of such abandonment, the same shall be refunded to the persons by whom they were paid. If the proceedings be abandoned or the action dismissed no attorney's fees shall be awarded the defendants or either or any of them. Any expenses for said improvement for which the city is liable or which shall have been paid thereby may be charged as incidental expenses against the district benefited in any new proceeding had or taken for an improvement which shall include substantially the same thing or things to be done as those included in the abandoned proceedings.

Said clerk shall mail a notice of such filing to each owner of real property within the assessment district at his last known address as same appears on tax rolls of said city or on file in the office of the city clerk or to both said addresses if they are not the same, containing a designation by street number, or some other description, of the property assessed sufficient to enable the owner to identify the same and the amount proposed to be assessed thereon. The city clerk upon the completion of the mailing of said notices, shall file with the city council an affidavit setting forth the time and

manner of the compliance with the above requirement for mailing such notices. The mailing of such notices shall not be essential to obtaining jurisdiction by the council, and the failure so to do shall not affect in any manner the validity of any proceedings taken hereunder. Said notices shall require all persons interested to file with said clerk their objections, if any they have to the confirmation of said assessment, on or before the date set for the confirmation of said assessment which date shall be stated in said notices and be at least thirty (30) days from and after the date of mailing such notices.

The clerk shall, on the date fixed for the confirmation of said assessment, lay said assessment and all objections so filed with him, before the council; and said council shall hear all such objections at said meeting, or at any other time to which the hearing thereof may be adjourned. At such hearing the city council may remedy and correct any error or informality in the proceedings; may confirm, amend, alter, modify or correct the assessment in such manner as to it shall seem just; and may instruct and direct the street superintendent to correct the assessment or diagram in any particular. All the decisions and determinations of said city council, upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to appeal under the provisions of this section, as to all errors, informalities and irregularities which said city council might have avoided, or have remedied, during the progress of the proceedings, or which it can at that time remedy. No assessment, or diagram and no proceedings prior to the assessment shall be held invalid by any court for any error, informality, or other defect in the same, where the ordinance of intention of the council to do the work, has been actually published as herein provided. SEC 3 Section 4 of said act is hereby amended to read as follows

Sec. 4. Upon the filing of such application, it shall be the duty of the commissioner to examine it and the other papers and documents filed therewith, and he may, if he deems it advisable, make or have made a detailed examination, audit, and investigation of the applicant and its affairs. If he finds that the proposed plan of business of the applicant is not unfair, unjust, or inequitable, that it intends to fairly and honestly transact its business, and that the securities that it proposes to issue and the methods to be used by it in issuing or disposing of them are not such as, in his opinion, will work a fraud upon the purchaser thereof, the commissioner

shall issue to the applicant a permit authorizing it to issue and dispose of securities, as therein provided, in this state, in such amounts and for such considerations and upon such terms and conditions as the commissioner may in said permit provide. Otherwise, he shall deny the application and refuse such permit and notify the applicant in writing of his decision. Every permit shall recite in bold type that the issuance thereof is permissive only and does not constitute a recommendation or endorsement of the securities permitted to be issued. The commissioner may impose conditions requiring the deposit in escrow of securities, the impoundment of the proceeds from the sale thereof, limiting the expense in connection with the sale thereof and such other conditions as he may deem reasonable and necessary or advisable to insure the disposition of the proceeds of such securities in the manner and for the purposes provided in such permit. He may, from time to time, amend, alter or revoke any permit issued by him, or temporarily suspend the rights of the applicant under such permit.

If, after such an order is made, a request for a hearing is filed in writing and no hearing is held within sixty days thereafter, such order shall be deemed to have been rescinded.

He shall have the power to establish such rules and regulations as may be reasonable or necessary to carry out the purposes and provisions of this act.

Every such certificate shall expire on the thirty-first day of December next after its issuance, unless sooner suspended or revoked. To secure such certificate, the applicant shall make and file in the office of the commissioner an application therefor in writing, verified by or in behalf of the applicant. Said bond shall be conditioned upon the strict compliance with the provisions of this act, the faithful performance by said broker of all his obligations under the terms and conditions of any installment purchase contracts involving the sale of a security, the honest and faithful application of all funds received and the faithful and honest performance of all obligations and undertakings in the purchase or sale of securities, by said broker, his agents and employees. Any person who sustains an injury covered by such bond, may in addition to any other remedy that he may have, bring an action in his own name upon said bond for the recovery of any damages sustained by him. Upon such action being commenced the commissioner of corporations may in his discretion, require the filing of a new bond, and immediately upon the recovery in any action on such bond, such broker shall file a new bond, and upon failure to file the same within ten days in either case such failure shall constitute sufficient grounds for the suspension or revocation of such broker's certificate.

The commissioner may at any time temporarily suspend any broker's or agent's license issued by him if he finds, after a hearing upon such notice as he, in his discretion, shall deem reasonable, that there exists any of the grounds hereinabove enumerated for the denial of an application for a broker's or agent's license. If, at the expiration of thirty days from the date of such suspension, the license so suspended has not expired or has not been revoked, as hereinafter provided, it shall be deemed reinstated. The commissioner may at any time temporarily suspend any investment counsel's certificate issued by him if he finds, after a hearing upon such notice as he, in his discretion, shall deem reasonable, that there exists any of the grounds hereinabove enumerated for the denial of an application for an investment counsel's certificate. If, at the expiration of thirty days from the date of such suspension, the certificate so suspended has not expired or has not been revoked, as herein-after provided, it shall be deemed reinstated. The commissioner must revoke any investment counsel's certificate, if, after hearing upon notice, he shall find the existence of any of the grounds, hereinabove enumerated, for the denial of an application for an investment counsel's certificate; provided, however, that such revocation shall be discretionary with the commissioner if the only ground for such revocation falls under subdivision (b) or (c) of this section and he is satisfied that in the particular case the application of either subdivision is purely technical and does not substantially affect applicant's

SEC. 3. Section 2 of said act is hereby amended to read as follows:

Licenses.

Sec. 2. Licenses. (a) It shall be unlawful for any person, firm, copartnership, corporation or organization to establish,

conduct, maintain or operate a "clothes cleaning establishment"; or to alter or reconstruct an established "clothes cleaning establishment" either as to buildings, machinery, or other equipment or apparatus; or to cleanse clothing, wearing apparel, feathers, hats, fabrics or textiles by means of a process herein defined as "cleaning"; or to keep or store therein or upon the premises wherein such "cleaning" process is operated any "volatile and inflammable product" as defined in this act, in any structure or in any manner other than that approved by the state fire marshal, or without first making application to and obtaining from the state fire marshal of the State of California a license so to do. Every such permit or license shall contain the name of the person, firm, copartnership, association, corporation or organization to whom the same is issued, and if such establishment is conducted or maintained under a fictitious firm name, every such license or permit shall contain in addition to such fictitious firm name the name or names of each of the owners of such establishment, and shall specify the location by street and number of the premises in or upon which such establishment is, or is to be, located, the maximum amount of volatile and inflammable product that is to be or may be stored in or upon such premises and the exact location of the tank or tanks in which any such volatile and inflammable product may be stored.

The reference to alteration or reconstruction of an established "clothes cleaning establishment" either as to buildings, machinery, or other equipment or apparatus in this subsection (a) shall not apply to clothes cleaning establishments employing exclusively noncombustible and nonexplosive products, designated as being noncombustible and nonexplosive by a laboratory nationally recognized as properly equipped to so designate, in the process of cleaning or dyeing.

Blueprints (b) Every application for a permit or license to establish, conduct, maintain or operate a "clothes cleaning establishment," and every application to alter or reconstruct an existing "clothes cleaning establishment" shall be accompanied by four blueprints not exceeding twenty-four by forty-two inches in size, on which shall be shown a plot plan, made to a scale of one-eighth of an inch to one foot, showing the boundary lines of the property, devoted or to be devoted to the establishment, with its dimensions figured, all adjacent streets, alleys or easements, titled, and with their widths figured; the relation to such street, alley or easement lines of all buildings or structures existing, or to be erected, with all dimensions figured; the materials of construction of all existing and proposed buildings, including that of existing buildings on adjacent property, with wall sections and openings indicated, and the figured location, size, and materials of construction of the boiler house, including the type and horsepower of the boiler, and, in addition to said plot plan, a three-eighths or one-half inch scale detail plan of all hazardous buildings and rooms, including their heights, with all major

dimensions figured, showing the sections and materials of construction of walls, partitions, roofs and floors; the location and size of all door, window and skylight openings, and the location of the wall vents; the location of the riser ducts of the ventilating system; the run of all steam or other fixed fire extinguishing equipment, including the location of all outlets and control valves, and the arrangement of all operating apparatus and appliances, including the location of motors, and no permit shall be granted unless the arrangement, materials and construction shown on the said blueprints have been approved by the state fire marshal. Blueprints shall be submitted by the owner or lessee of a plant, or by an agent of said owner or lessee authorized in writing to perform such service, and such written authorization shall accompany said blueprints at their submission. Unless construction is commenced within a period of sixty (60) days from and after the date of approval such approval automatically becomes null and void, unless competent reasons are presented in writing within such period in explanation as to the cause of delay. No change as to location, arrangement, or materials of construction, will be permitted in the execution of a design unless the same have been approved by the state fire marshal.

Nothing in this subsection (b) shall apply to clothes cleaning establishments employing exclusively noncombustible and nonexplosive products, designated as being noncombustible and nonexplosive by a laboratory nationally recognized as properly equipped to so designate, in the process of cleaning or dyeing.

Posting
license

Posting license. (c) Said permit or license shall be posted in a conspicuous place in each and every clothes cleaning establishment and shall be shown to any duly authorized representative of the state fire marshal, or any duly authorized representative of any city or county fire department within the State of California whenever the same is requested.

Failure to
post license

(d) Failure to properly post and show such license or permit shall be deemed a violation of this act.

Use of
licenses.

(e) It shall be unlawful for any person, firm, association, corporation, copartnership, or organization to establish, conduct, maintain or operate any "clothes cleaning establishment," under or by virtue of a permit issued to or in the name of any other person, firm, copartnership, association, corporation, or organization.

Application
for license

Application for license. (f) Application for such license shall be made to the state fire marshal at his office within the State of California, and before the granting of such permit or license the state fire marshal, or his duly authorized representative, shall make a thorough investigation into the fitness of such applicant to conduct a "clothes cleaning establishment." If such investigation reveals that the "clothes cleaning establishment," or the plans, specifications, premises, or character or ability of such applicant to conduct a "clothes cleaning establishment" are not in compliance with the provi-

sions of law or in any manner jeopardizes the public welfare or in any manner in the opinion of the state fire marshal, or his duly authorized representatives, makes such proposed establishment a menace to the public welfare and safety, the state fire marshal in his discretion is empowered to deny such applicant a permit or license to establish or maintain a "clothes cleaning establishment."

Fee. (g) Every such licensed person under the provisions of this act to carry on a "clothes cleaning establishment" or business shall pay to the state fire marshal a license fee of forty dollars (\$40) per annum. Such applicant for such license or permit shall deposit at the time of making application for such license or permit the amount of such fee with the state fire marshal, and thereafter on or before the first of January of each and every year shall make application for license and shall pay to the state fire marshal such license fee of forty dollars. The failure of any established "clothes cleaning establishment" or its owners to pay such license fee to the state fire marshal on or before the first day of January of each and every year of the operation of such "clothes cleaning establishment," shall be prima facie evidence of the violation of this act.

Moneys collected. (h) All moneys collected for such license by the department of industrial relations as provided herein shall be paid into the state treasury and credited to the clothes cleaning establishment fund for purposes of enforcing the provisions of this act; and the department of industrial relations is authorized and instructed to use such funds for such enforcement purposes.

SEC. 4. Section 3 of said act is hereby amended to read as follows:

Sec. 3. Revocation of license. The state fire marshal shall have the power and authority to prescribe rules, regulations and specifications governing construction, equipment, maintenance and operation of "clothes cleaning establishments" deemed necessary to protect life and property against fire menace; provided, however, that such regulations in no manner restrict the operations of other statutes regulating such establishments; and provided, further, however, that any order of the state fire marshal revoking the license of any clothes cleaning establishment is subject to a review by the court and can be set aside only upon the grounds that the state fire marshal has exceeded his powers or has been guilty of fraud in the use of such order. The state fire marshal is further empowered and directed to abate fire nuisances in any "clothes cleaning establishment" pending a hearing upon such nuisance.

In the event that any person, firm, association, copartnership, corporation or organization to whom such license or permit has been issued to establish, conduct, maintain or operate a "clothes cleaning establishment" or to store or to keep any volatile and inflammable product therein, shall violate or shall cause or permit to be violated any of the provisions of this act

regulating such "clothes cleaning establishment," or shall conduct, maintain, or operate, or cause, or permit to be conducted, maintained or operated such "clothes cleaning establishment" in an unlawful or careless manner dangerous to persons or property, within the discretion of the state fire marshal or his duly authorized representatives, it shall be the duty of said state fire marshal, and said state fire marshal is hereby authorized and directed to revoke the permit or license issued to any such person, firm, association, copartnership, corporation or organization: provided, however, that no such permit or license shall be revoked until after a hearing as hereinafter provided has been had by said state fire marshal in the matter of revocation of such permit or license. Notice of such hearing shall be given in writing and served upon the holder of such permit or license or some representative thereof if such permit or license be issued in the name of more than one person, or their manager or agent, which notice shall state the grounds of complaint against such holder, or holders, or against such establishment, and shall also state the time and place when and where such hearing shall be held. Such notice shall be served upon the holder or holders of such permit or their representative by delivering the same to such holder, or either of them, or to his or their manager, representative, or agent, or to any person in charge of or employed in such establishment, or by leaving such notice at such establishment, or at the residence of such holder, or either or any of them with some person of suitable age and description. If such notice be not served personally upon the holder, or any or either of them, of such permit, a copy of such notice, in addition to such notice being served as otherwise hereinabove provided, shall be deposited in the United States post office, in a sealed envelope, postage prepaid, addressed to the holder of such permit at the address of such establishment. Such notice shall be served as hereinabove provided at least five (5) days prior to the date of such hearing.

SEC. 2. Section 17 of said act is hereby amended to read as follows: Stats 1929, p 876

Sec 17. The board of trustees of such district shall at the time for fixing the general tax levy for county purposes and in the manner of such general tax levy provided, levy and collect annually each year until said bonds are paid or until there shall be a sum in the treasury of such district set apart for that purpose to meet all sums coming due for principal and interest on said bonds, a tax sufficient to pay the annual interest on said bonds and also such part of the principal thereof as shall become due before the time for fixing the next general tax levy in which tax may be included a sum sufficient, in the judgment of the board of trustees, to take care of anticipated delinquencies; provided, however, that if the maturity of the indebtedness created by the issuance of bonds be made to begin more than one year after the date of the issuance thereof, such tax shall be levied and collected at the time and in the manner aforesaid, annually each year, in an amount sufficient to pay the interest on said indebtedness as it falls due and also to constitute a sinking fund for the redemption thereof on or before maturity. The tax herein required to be levied and collected shall be in addition to all other taxes levied for district purposes and shall be collected at the time and in the same manner as other district taxes are collected, and be used for no other purpose than the payment of said bonds and accruing interest. Tax for payment of principal and interest

Such tax shall be levied solely upon the lands within the district including any land which is the operative property of any public utility and excluding any lands belonging to any county, municipality, or political subdivision within said district, or lands belonging to the State of California or the United States of America; provided, however, that nothing herein contained shall be deemed to exempt from assessment the lands of any political subdivision the corporate boundaries of which are wholly outside the boundaries of said district, and all such lands of any such political subdivision shall be subject to the taxes herein provided to be levied with the same force and effect as though such lands were held by private individuals.

If the district has been divided into zones and the percentage of the amount to be raised for the redemption of principal and interest of said bonds from each such zone has been determined as provided in this act, the said amount of said tax levied shall be divided according to said percentage, and the percentage to be raised from the lands within each zone shall be levied upon and against the property in such zone as hereinbefore provided. Apportionment on percentage basis

The board of trustees may elect to avail itself of the assessment made by the assessor of the county of Sacramento and may take such assessment as the basis for district taxes and County may collect taxes for district

have its taxes collected by the county officials of such county; provided, the board of trustees shall declare its said election by resolution and file a certified copy of the same with the auditor of Sacramento county on or before the first day of August, and such board of trustees shall likewise file with such resolution a certified copy of the map or plat showing the zones and the percentages of the amount to be raised from each zone. Thereafter each year until otherwise provided by the board of trustees, all assessments shall be made and taxes collected for such district by the county assessor and tax collector, respectively, of said county of Sacramento. In such case, the auditor of such county must, on or before the second Monday of August of each year, transmit to the board of trustees of the district a statement in writing showing the total value of all property within the district, which value shall be ascertained from the assessment book of such county for that year as equalized and corrected by the board of supervisors of said county; and which said statement shall also show the total value of all property in each of the said zones respectively.

Assessment
roll

All land situated within said district and subject to assessment and/or taxation for district purposes, and not included on said county rolls for taxation for county purposes, shall immediately upon the effective date of this act be placed upon and thereafter carried on said rolls, and the assessed valuation of said lands shall be determined and fixed by said county assessor and the amount of such assessed valuation corrected and equalized by said board of supervisors at the same time or times and in the same manner as the assessed valuation of other lands upon said assessment rolls are fixed, determined, corrected and equalized by said county officials.

Fixing tax
rate

In case the board of trustees shall so elect to avail itself of the assessment made by the assessor of the county of Sacramento, as hereinbefore provided, it shall, on or before the first week day in September, or if such week day falls upon a holiday, then upon the first business day thereafter, fix the rate of tax for each zone, and designate the number of cents upon each one hundred dollars using as a basis the value of property as it is assessed by the county assessor and returned to the board of trustees of the district by the county auditor as hereinabove provided, which rate of taxation shall be sufficient to raise the amount previously fixed by the board as hereinabove prescribed. Such acts by the board of trustees of the district shall constitute a valid assessment of the property and a valid levy of the tax so fixed. The board of trustees must immediately thereafter transmit to the county auditor a statement of the rate of taxes so fixed by said board for each zone into which the district may be divided and the county auditor shall enter such rate upon the county tax roll. Such taxes so levied shall be collected at the same time and in the same manner as county taxes and when collected the net amount ascertained as hereinafter provided shall be paid to the treasurer

of the district under the general requirements and penalties provided by law for the settlement of other taxes.

Whenever any land situate in said district has been sold for taxes and has been redeemed the money paid for such redemption shall be apportioned and paid by the county treasurer to the said district in the proportion which the tax due to said district bears to the total tax for which such property was sold.

Apportionment of redemption moneys

All taxes levied under the provisions of this act shall be a lien upon the property on which they are levied and unless the board of trustees has by resolution otherwise provided the enforcement of the collection of such taxes shall be had in the same manner and by the same means as provided by law for the enforcement of the liens for state and county taxes, all provisions of law relating to the enforcement of the latter being hereby made a part of this act.

Tax liens

The amount of compensation to be charged by and paid to the county for the performance of service, as in this section provided, for and on behalf of such district, shall be fixed by agreement between the board of supervisors of the county of Sacramento, and the board of trustees of the district; provided, however, that such compensation shall in no event exceed one-half of one per cent of all moneys collected for such district as in this act provided. The amount so collected by such county shall be placed to the credit of the county salary fund.

Compensation of county

Wherever in this act the word "tax" is used, referring to the tax levied by the board of trustees of the district, the same shall be deemed and construed to be and to mean a special assessment.

SEC. 3. A new section is hereby added to said act to read as follows:

New section

Sec. 18b. In addition to the indebtedness hereinbefore authorized to be incurred by the district, the district shall have the right, subject to the approval of the state department of finance to incur indebtedness for organization purposes, preliminary engineering expenses and general incidental expenses as in this act provided in an additional amount not to exceed the sum of twenty thousand dollars. The sum of twenty thousand dollars, in addition to the sums heretofore appropriated, is hereby appropriated out of the funds of the state treasury, not otherwise appropriated for the use of the board of trustees of said district in carrying out the provisions of this act and in defraying the expenses hereinabove in this section authorized. And the state controller is hereby directed to draw warrants upon the state treasurer payable out of said appropriation whenever drafts of said board of trustees duly approved by the state department of finance are presented to him, and the state treasurer is hereby directed to pay said controller's warrants.

Further fiscal arrangements

All of the moneys hereinbefore in this section appropriated, to wit, the sum of twenty thousand dollars together with the moneys heretofore appropriated in the year 1929, as provided by section 18a of this act, together with one-half of the moneys

heretofore appropriated in the year 1927, as provided by section 18 of this act, shall be repaid to the state by the said district by means of a special tax levy on all property in said district levied and assessed for the fiscal year 1931-32. If, prior to the first day of July, 1931, a bond election has been held in said district, and bonds authorized, the said assessment shall be included in the general assessment of said district and collected with the other taxes levied and assessed in said district for the said fiscal year, and the amount due the State of California hereunder shall be paid by the trustees of the district to the treasurer of the county of Sacramento for the use of the State of California. If, prior to the said first day of July, 1931, bonds have not been authorized by the electors of said district, then the amount so due the state shall be added to the assessment roll of the county of Sacramento in the form of a special tax on all the property in said district, upon a certification from the state department of finance to the auditor of the county of Sacramento as to the amount so due the state by reason of any advances made by the state hereunder, which tax shall be collected by the tax collector of the county of Sacramento and paid over to the state by said county.

Urgency

SEC. 4. This act is hereby declared to be an urgency measure, deemed necessary for the immediate preservation of the public peace and safety within the meaning of section 1, article four of the constitution of the State of California and as such it shall take effect immediately. The following is a statement of facts constituting such necessity: The immediate prosecution of the work contemplated by this act is necessary for the early correction of the flood conditions which are now a yearly occurrence on the Sacramento and American rivers and which constitute a grave menace to the lands within said American river flood control district, including the cities of Sacramento and North Sacramento and which should be obviated as speedily as possible in order that the lives and property of inhabitants thereof may be secure.

Sec 9a. Upon the filing with the registrar of a verified complaint charging a licensee with the commission within two years prior to the date of filing of such complaint of any act which is cause for suspension or revocation of license, the registrar must forthwith issue a citation directing the licensee, within ten days after service of the citation upon him, to appear by filing with the registrar his verified answer to the complaint, showing cause, if any he has, why his license should not be suspended or revoked. Service of the citation upon the licensee shall be fully effected by mailing a true copy thereof, together with a true copy of the complaint, by United States registered mail in a sealed envelope with postage fully prepaid thereon addressed to the licensee at his latest address of record in the registrar's office. Service of said citation shall be complete at the time of said deposit subject to the provisions of section 1013 of the Code of Civil Procedure of this state. Failure of the licensee to answer shall be deemed an admission by him of the commission of the act or acts charged in the complaint and thereupon the registrar shall have power forthwith to suspend or revoke the license.

Upon the filing of the answer, the registrar shall fix a time and place for the hearing and give the licensee and the complainant not less than five days' notice thereof. The notice may be served by depositing in the United States mail a true copy of the notice enclosed in a sealed envelope with

postage thereon fully prepaid and addressed to the licensee and to the complainant, respectively, at his last known address. With the notice to the complainant there shall be attached or enclosed a copy of the answer. If either party has appeared by counsel, the notice shall be given, in like manner, to counsel instead of to the party.

Hearing

Upon the hearing, the registrar shall hear all relevant and competent evidence offered by the complainant and by the licensee, and shall have power to continue the hearing from time to time as in his judgment may be necessary or proper. After the hearing is concluded and the matter submitted, the registrar shall, within ten days after such submission, render his decision in writing, suspending or revoking the license or dismissing the complaint, with a brief statement of his reasons therefor. He shall give to the complainant and the licensee, or their respective attorneys, notice of the decision, by mail, in the same manner as prescribed herein for the giving of notice of hearing. A decision of the registrar suspending or revoking a license shall not take effect until twenty days after such service of notice of the decision.

Petition for rehearing.

Within twenty days after such service of notice of the decision of the registrar suspending or revoking a license, the licensee may apply for a rehearing by filing with the registrar his petition in writing therefor. Within five days after such filing, the registrar shall cause notice thereof to be served upon the complainant by mailing a copy of the petition for rehearing to the complainant in the same manner as herein prescribed for the giving of notice of hearing.

The filing of a petition for rehearing as to the registrar's action in suspending or revoking a license suspends the operation of such action and permits the licensee to continue to do business as a contractor pending denial or granting of the petition, and, if the petition be granted, pending decision of the registrar upon rehearing.

Order on rehearing

In his order granting or denying a rehearing, the registrar shall set forth a statement of the particular grounds and reasons for his action on the petition and shall forthwith mail a copy of the order to the parties who have appeared in support of or in opposition to the petition for rehearing. If a rehearing is granted, the registrar shall set the matter for further hearing on due notice to the parties, given in the same manner as prescribed herein for the giving of notice of an original hearing.

Decision on rehearing

Within ten days after submission of the matter upon rehearing, the registrar shall render his decision in writing and give notice thereof in the same manner as of a decision rendered upon an original hearing.

Appeal

Within thirty days after service of notice of the order denying the rehearing or of the decision rendered upon the rehearing, any party aggrieved by the order or decision of the registrar may appeal therefrom to the superior court of the State of California, in and for the county or city and county

in which the person affected by such decision resides or has his place of business under the terms of this act, by serving upon the registrar a notice of such appeal and a demand in writing for a certified transcript of all the papers on file in his office affecting or relating to such decision and all the evidence taken on the hearing and paying therefor at the rate of ten cents for each folio of the transcript and one dollar for the certification thereof. Thereupon, the registrar shall, within thirty days, make and certify such transcript, and the appellant shall, within five days after receiving the same, file the same and the notice of appeal with the clerk of said court. Upon the hearing of such appeal, the court shall be limited to a consideration and determination of the question whether there has been an abuse of discretion on the part of the registrar in making such decision.

When an appeal is taken to said superior court from the order or decision of the registrar suspending or revoking a license, such order or decision shall remain in effect pending final determination of the matter, unless the appellant shall file with the court a bond in a sum to be fixed by the court or by the judge thereof in favor of the people of the State of California and conditioned upon the faithful performance of all the obligations of said appellant as a contractor, pending the final determination of the matter on appeal and until the fulfillment by the contractor of any condition imposed by such order or decision of the registrar. Such bond shall be for the benefit of any person having dealings with said appellant in his capacity as a contractor, and any person so dealing with said appellant in such capacity shall have the right to commence and maintain an action thereon in his own name against such contractor and his sureties on said bond. Stay bond

If such superior court shall determine that a contractor's license should be suspended or revoked, it shall by its judgment suspend or revoke such license. The clerk of such superior court shall within ten days after the entry of any such judgment on appeal transmit to the registrar, by United States mail, a notice containing information as to the affirmation, modification or reversal of the order or decision of the registrar in said matter. Judgment

The suspension or cancellation of license as in this act provided may also be embraced in any action otherwise proper in any court involving the licensee's performance of his legal obligation as a contractor.

SEC. 9. Section 10 of chapter 791, statutes of 1929, is hereby amended to read as follows: Stats 1929,
p. 1591

Sec 10. A judgment of suspension or cancellation of license by the superior court shall be subject to appeal or review in accordance with the provisions of law as to appeal from or review of judgments of superior courts, but there shall be no stay of execution or enforcement of such judgment pending such proceedings on appeal or review unless the appellant or applicant for review shall file a bond in all respects con- Stay bond

ditioned as, and similar to, the bond required by section 9a of this act.

Notice of judgment.

The clerk of the court wherein said judgment has become final shall, within ten days after the entry of such final judgment, transmit, by United States mail, to the registrar, a notice containing information as to the affirmance, modification or reversal of the judgment of the superior court in said matter.

SEC. 3. Upon the filing of said report, the clerk shall present the same to the council for consideration at its next regular meeting, and said council may correct or modify the same in any respect. In case of such correction or modification, the report as corrected or modified shall stand as the report for the purpose of all subsequent proceedings. Thereafter, the council shall adopt its resolution of intention and therein appoint a time and place for hearing protests in relation of said proceedings, which time shall be not less than fifteen nor more than sixty days from the date of passage of said resolution, and shall direct the clerk of the council to publish said resolution of intention by one insertion in a daily or weekly newspaper circulated and published in said municipality and designated by the council for that purpose.

Notice of
passage of
resolution

SEC. 4. After the adoption of the resolution of intention, the superintendent of streets shall cause to be conspicuously posted along the line of said proposed maintenance and/or service, at not more than three hundred feet in distance apart, but not less than three in all, notices of the passage of said resolution, but no proceeding shall ever be held invalid for failure to post any public street, alley or other public place, if this provision has been substantially complied with. In every case all posting must be fully completed at least ten days before the day set for the hearing of protest as provided in section 3 hereof.

Form

Said notices shall be headed "Notice of street lighting assessment" in letters of not less than one inch in height, and shall, in legible characters, state the fact of the passage of the resolution of intention, its date, and briefly the maintenance and/or service proposed, and refer to the resolution of intention for further particulars. Said notices shall contain, also, a statement of the day, hour and place when and where any and all persons having any protests to the proposed maintenance and/or service may appear before the legislative body and show cause why said proposed maintenance and/or service should not be carried out in accordance with said resolution.

Protests

SEC. 5. At any time not later than the hour set for hearing protests in relation to said proceedings as provided in section 3 thereof, any owner of property liable to be assessed for said

maintenance and/or service may make written protest against the proposed maintenance and/or service or against the estimated amount of the assessment by filing said protest with the clerk of said council. No other protests shall be considered by said council, except as hereinafter provided.

The council shall hear and consider said protests, at the time appointed therefor, as above provided. or at any time to which the hearing thereof may be adjourned. and may confirm, correct or modify said proposed assessment. In case there is a majority protest by the property owners in any zone to the maintenance and/or service of the lights in such zone, or in case the street superintendent reports that it is practical to subdivide a zone and a majority of the property owners in such subdivided zone protest the maintenance and/or service of the lights in such subdivided zone, then the council must strike such zone or subdivided zone from the proceedings and correct the proposed assessment accordingly, unless the council shall, by a four-fifths affirmative vote of all the members of the council, find that the public interest and convenience requires that said street lights be maintained and/or serviced and the determination of the council shall be final and conclusive. In case a zone or subdivided zone is struck from the proceedings, as above provided, the council shall have jurisdiction to proceed the same as though said zone or subdivided zone were not a part of the original proceedings.

Hearing
and action
thereon

Immediately upon determination by the council of the above matters, the council shall be deemed to have acquired jurisdiction to confirm said report and assessment, and order said proposed maintenance and/or service to be contracted for or supplied as hereinafter provided.

The city council shall thereafter levy an assessment upon each lot, piece and parcel of land for the first contract year for the amount estimated to be necessary to maintain and/or service said lighting system for the ensuing contract year. Prior to the expiration of each contract year the council shall by resolution fix and levy the assessment for the amount estimated to be necessary to maintain and/or service said lighting system or systems for such ensuing contract year. Any surplus assessments collected under said proceedings shall be applied by the council to reduce the installment of the assessment to be levied either for the next ensuing contract year or such surplus may be permitted to accumulate in said assessment fund and be applied by the council to reduce the last installment of the assessment to be levied for the last contract year under said proceedings; such reductions shall be made as nearly as possible to the zones or subdivided zones from which such surplus assessments were collected. In case there is any surplus remaining at the close of the last contract year under any proceedings then such surplus shall be used as follows: (a) in case new proceedings are started within one year after the close of the last contract year referred to above, then such surplus shall be applied toward a reduction of the first

Levy of

Surplus

installment of the new assessment, such surplus as was collected from each zone or subdivided zone to be applied to reduce the installment levied against such zone or subdivided zone; (b) in case new proceedings are not started within said one-year period or in case one or more zones or subdivided zones are omitted for any reason from the new proceedings, then any such surplus shall become and remain a part of the general funds of the city.

Omission of
public prop-
erty from
assessment

Whenever any lot, piece or parcel of land belonging to the United States or to the State of California, or to any county, city, public agent, mandatory of the government, school board, education, penal or reform institution, or institution for the feeble-minded or the insane, and being in use in the performance of any public function, abuts the public streets, alleys or public places in which street lighting systems are located and are to be maintained and/or serviced under said proceedings, said city council may, by resolution adopted prior to the levy of any installment assessment, declare that said lots, pieces or parcels of land, or any of them, shall be omitted from the installment assessments thereafter to be levied to cover the costs and expenses of said maintenance and/or service. In the event that said lots, pieces or parcels of land, or any of them, are so omitted from any installment assessment, then the total cost and expense of all such maintenance and/or service shall be assessed on the remaining lots lying within such zones or subdivisions of zones as the council shall direct in said resolution; without regard to such omitted lots, pieces or parcels of land. In the event that the council shall, in such resolution, declare that said lots, pieces or parcels of land so owned as aforesaid, or any of them, shall be included in an installment assessment, or in the event that no declaration is made respecting such lots, pieces or parcels of land, or any of them, then said city shall be liable for such sum or sums as may thereafter be assessed against such lots, pieces or parcels of land so owned and used, and so included in the installment assessment by reason of the aforesaid declaration, or such lots, pieces or parcels so owned and used respecting which the resolution makes no declaration, which shall be payable by said city out of the general fund unless the council shall in the resolution designate another fund; provided, however, that any such sum or sums which may be assessed against any such lots, pieces or parcels of land so owned and used, shall not be payable by the city when such sum or sums are paid by the owner of or the governing body controlling such lots, pieces or parcels of land.

Limitations
periods on
contests and
appeals

SEC. 6. The validity of any assessment levied under this act shall not be contested in any action or proceeding unless the same is commenced within thirty days after the council shall have acquired jurisdiction to confirm the report and assessment as provided in section 5 above; and any appeal from a final judgment in such an action or proceeding must

be perfected within thirty days after the entry of such judgment.

SEC. 7. Upon the levying of an installment assessment as provided in section 5 hereof, the city clerk shall transmit the diagram and assessment provided for in said section 5 hereof, and any modifications or corrections thereof made by the city council, to the tax collector.

Delivery of assessment list to tax collector

SEC. 8. Upon the receipt of said diagram and installment assessment referred to in section 7 above, the tax collector shall record the same in a suitable book to be kept for that purpose and append thereto his certificate of the date of such recording, and such record shall become a part of the assessment roll upon which other taxes of said city are entered and shall be collected at the same time, in the same manner and by the same officer as in the case of other city taxes.

Recording of list in tax collector's book

SEC. 9. All sums collected on account of such assessment shall be placed in the city treasury to the credit of a special fund, which shall be designated by the name of the proceedings. Said special fund shall be used only for paying the cost and expenses of the maintenance and/or service described in the resolution ordering the work, including the cost of all posting and publication herein provided for and any other incidental expenses connected with said proceedings. The city council may at any time advance to such special fund out of any available funds in the city treasury, sums in excess of the amount to be paid by the city toward the cost of such maintenance and/or service and may reimburse the city for such advances by repaying the same out of any money that may thereafter come into such special fund.

Special fund for assessment collections

SEC. 10. When the diagram and installment assessment are recorded, as provided in section 8 above, the several amounts assessed shall be a lien upon the lots, pieces or parcels of land assessed, respectively. Such lien shall continue and be enforced in the same manner and with the same penalties as other taxes of said city are continued and enforced.

Assessment lien.

SEC. 11. At any time after the installment assessment becomes delinquent, the superintendent of streets may call for bids for such maintenance and/or service and fix a date, not less than twenty nor more than thirty days after the publication of a notice inviting bids for such maintenance and/or service, for the receipt of such bids at his office at an hour not later than ten a.m. on such date; such notice shall be published once in a daily or weekly newspaper published and circulated in said city and designated by the council for that purpose. Every bid shall be accompanied by either a certified check or a satisfactory surety company bond amounting to ten per cent of the bid, payable to the order of the city clerk or securing said city, and said check or bond shall be forfeited to the city in case the bidder depositing the same does not, within ten days after the publication of a notice of award of contract to him, enter into the necessary contract with the city. Upon such publication of notice of award all other checks or bonds

Said contract shall specify a date certain when such said maintenance and/or service shall be started, said date to be not more than thirty days after the execution thereof, and that said contract shall continue in force for a period of one year from said effective date of said contract. The council shall have the power, by resolution passed prior to the notice inviting bids as above provided, to order such other reasonable conditions, including faithful performance bonds and materialmen's bonds, as may in its discretion appear to be necessary and proper.

Alternative

utility

SEC. 12. The procedure provided for in this section shall be an alternative procedure to that provided in the preceding section of this act, where there is a municipally owned and/or operated public utility capable of furnishing the maintenance and/or service provided for in this act. The council by resolution may direct the superintendent of streets, instead of calling for bids and entering into a contract as above provided, to issue an interdepartmental purchase order for the maintenance and/or service of said street lighting system or systems upon such terms as may be agreed upon between said street superintendent and said public utility board or commission; provided, however, such agreement must be approved by the city council. Said interdepartmental purchase order shall state the date on which such maintenance and/or service shall be started and that it shall continue in force for a period of one year from said effective date thereof.

District
partly out
of city

SEC. 13. Where property has been assessed pursuant to paragraph two of section 1 of this act, the council may proceed in all respects in connection therewith as though said street lighting system were entirely within the city limits as above provided; except that the city council shall have power to enter into a contract with the board or council having jurisdiction over the adjoining territory either to maintain and/or service such street lighting system, or any portion thereof, or to have said system, or any portion thereof, maintained and/or serviced by the governing body of the adjoining territory and the board or council agreeing by such contract to furnish such maintenance and/or service shall have power to enter into any contract or to issue any purchase order as otherwise provided in this act.

Consolidation
of
systems

SEC. 14. Where there is more than one system of street lights in any municipality, any two, or more, or all of such systems may be consolidated and maintained and/or serviced under one proceeding. If the applicant is a corporation, it shall file with its application a copy of all minutes of any proceedings of its directors or stockholders or members relating to or affecting the issue of such securities, and also a copy of its articles of incorporation and of its by-laws and of any amendments thereto. Upon the filing of such application, it shall be the duty of the commissioner to examine it and the other papers and documents filed therewith, and he may, if he deems it advisable, make or have made a detailed examination, audit, and investigation of the applicant and its affairs. If he finds that the proposed plan of business of the applicant is not unfair, unjust, or inequitable, that it intends to fairly and honestly transact its business, and that the securities that it proposes to issue and the methods to be used by it in issuing or disposing of them are not such as, in his opinion, will work a fraud upon the purchaser thereof, the commissioner shall issue to the applicant a permit authorizing it to issue and dispose of securities, as therein provided, in this state, in such amounts and for such considerations and upon such terms and conditions as the commissioner may in said permit provide. Otherwise, he shall deny the application and refuse such permit and notify the applicant in writing of his decision. The commissioner may, from time to time for cause, amend, alter or revoke any permit issued by him hereunder, or temporarily suspend the rights of the applicant under such permit. The commissioner shall have the power to establish such rules and regulations as may be reasonable or necessary to carry out the purposes and provisions of this section.

Reports

Every company authorized by the commissioner to sell securities shall thereafter, at such times as it may be required by the commissioner, make and file in the office of the commissioner a report, setting forth, in such form as the commissioner may prescribe, the securities sold by it under the authority of any permit issued by him, the proceeds derived therefrom, the disposition of such proceeds, and such other information concerning its property, officers, or affairs, relating to or affecting the value of such securities, as the commissioner may require.

To secure such certificate, the applicant shall make and file in the office of the commissioner an application therefor in writing, verified by or in behalf of the applicant. In such application, the applicant shall set forth, in addition to such other information as may be required by the commissioner:

Said bond shall be conditioned upon the strict compliance with the provisions of this section, and the honest and faithful application of all funds received and the faithful and honest

performance of all obligations and undertakings in the purchase or sale of securities, by said broker, his agents and employees. Said bond shall be further conditioned upon the payment of all damages suffered by any person damaged or defrauded by reason of the violation of any of the provisions of this section, or by reason of any fraud connected with or growing out of any transaction contemplated by the provisions of this section. Any person who sustains an injury covered by such bond, may in addition to any other remedy that he may have, bring an action in his own name upon said bond for the recovery of any damages sustained by him. Upon such action being commenced the commissioner may in his discretion, require the filing of a new bond, and immediately upon the recovery in any action on such bond, such broker shall file a new bond, and upon failure to file the same within ten days in either case such failure shall constitute sufficient grounds for the suspension or revocation of such broker's certificate.

If, from such examination, the commissioner, shall be satisfied of the good business reputation of the applicant and of its officers or members, if any, that the sale of the securities proposed to be sold by it would not be unfair, unjust or inequitable to the purchasers thereof, that neither it nor its officers or members have violated any of the provisions of this act and that neither it nor its officers or members have engaged or are about to engage in any fraudulent transaction he shall issue such certificate. Otherwise, he shall refuse the same and deny the application and notify the applicant of his decision. CHAPTER 641.

An act to provide for the organization, government, powers and functions of flood control and flood water conservation districts.

[Approved by the Governor June 8, 1931. In effect August 14, 1931.]

The people of the State of California do enact as follows:

SECTION 1. Whenever a condition exists in any county or counties requiring the control of floods and the conservation of flood waters, a flood control and flood water conservation district may be formed by filing with the board of supervisors in the county where the proposed work is to be done, a petition which shall describe the boundaries of the proposed district, and request that the territory within said boundaries be organized into a flood control and flood water conservation district. Said district shall be embraced entirely within the boundaries of one county and shall include all of the territory within which any of the proposed work is to be done; provided, however, that no district organized under the provisions of this act shall include lands which are within the boundaries of any other flood control district heretofore created or organized.

Formation
of districts.

Such petition shall be signed by owners of land representing at least twenty-five per cent of the total assessed valuation of all lands within the proposed district. Such signatures shall be at least ten in number. The petition shall assert that the signers thereof are interested in and will be benefited by the formation of the proposed district and in the work proposed to be done by such district. The signers of the petition shall set forth opposite their names their respective addresses. Any such petition shall set forth generally the nature of the work proposed to be done together with an estimate of the cost thereof, but such description of such proposed work and estimate of cost shall not be a limitation upon the district when the same shall have been formed.

Petition by
owners

Notice.

SEC. 2. When any such petition shall be filed the same shall be set for hearing by the clerk of such board and at least ten days notice of the time and place of hearing shall be given by mail to each of the signers of such petition and by posting copies of said notice in at least three public places in the county. Such notice shall be mailed to the address of such person as given in such petition. The affidavit of the clerk of the board of supervisors giving such notice shall be sufficient evidence of the mailing and posting of such notice.

Hearing

SEC. 3. At the time fixed for the hearing, the board of supervisors holding the same shall hear said petition and shall determine whether or not said petition complies with the requirements of this act and whether or not notice has been given as herein required. Said hearing may be adjourned from time to time, but may not be adjourned for a period to exceed two weeks in all. No defect in the contents of the petition or in the title to or form of the notice or signatures shall vitiate any proceeding thereof. A determination of the board shall be expressed by resolution.

Changes in boundaries

SEC. 4. If the board of supervisors determine that the petitioners have complied with the requirements herein set forth and that the notice required herein has been given as required, it shall thereupon proceed to a final hearing of the matter. The board shall make such changes in the boundaries of the proposed district as it may deem advisable and shall define and establish such boundaries. Any person residing or owning property within the proposed district may appear before the board of supervisors at the hearing, in person or by attorney or agent, and oppose the creation of the proposed district or request a change in the boundaries thereof and may produce evidence in support of his opposition or request.

Suit by attorney general

SEC. 5. A finding of the board of supervisors in favor of the genuineness and sufficiency of the petition and notice shall be final and conclusive against all persons except the State of California upon suit commenced by the attorney general. Any such suit must be commenced within one year after the order of the board of supervisors declaring such district organized as herein provided, and not otherwise. Upon conclusion of the hearing of said matter the board may, in its discretion, by an order on its minutes, approve said petition as originally presented, or in a modified form, and declare the territory embraced within the boundaries established by said board, as herein provided, duly organized as a flood control and flood water conservation district. Said board shall then cause such order to be immediately entered in its minutes.

Government

SEC. 6. Such districts shall be governed and managed by a board of five trustees, appointed by the board of supervisors from landowners residing in the district, who shall hold office for four years and until the appointment and qualification of their successors. They shall receive no compensation but shall

be allowed their necessary traveling and other expenses incurred in the performance of their duties.

SEC. 7. The flood control and flood water conservation district shall have power:

1. To adopt and use a common seal.
2. To sue and be sued.
3. To receive and disburse any moneys that may be made or may become available for the purposes of flood control and flood water conservation within the boundaries of the district including any money appropriated by the State of California and made available for such purposes.
4. To employ and appoint an attorney and such agents, officers and employees as may be required and to prescribe their duties.
5. To make and execute all necessary contracts to carry out the purposes of the district.
6. To construct such dams, protection barriers and incidental works as may be necessary to carry out the project of flood control and flood water conservation.
7. To cooperate, negotiate and contract with any other flood control and water conservation district for any of the purposes or powers of constructing or maintaining any works or other projects.
8. To acquire and receive by gift, purchase, lease, contract, or other legal means all lands, money and other property necessary or useful for the purposes of the district.
9. To negotiate and contract with the government of the United States, the State of California, or any other governmental agency or any private corporation, firm or individual for the construction or maintenance of the works of the district.
10. To do any and all other things incidental to the carrying out of the purposes of the district.

The board of trustees shall hold a regular meeting at least once each month. All meetings of the board must be public and three members of the board shall constitute a quorum for the transaction of business. Full and complete minutes shall be kept and shall be open to the inspection of the public at all reasonable hours. A full and complete record of all receipts of money and expenditures thereof shall be kept showing the source of the receipts, and to whom and for what purpose all disbursements are made.

SEC. 9. Trustees shall make proper rules and regulations for the management and control of the works and projects of the district and it shall be the duty of the trustees to adequately maintain all works and projects of the district after the same are started.

SEC. 10. The negligence of a trustee or trustees of a flood control and water conservation district shall be imputed to the district to the same extent as if the water conservation and flood control district were a private corporation, and such district shall have power and authority to levy assessments

for the purpose of paying any damage so incurred as hereafter provided.

Powers of trustees

SEC. 11. In addition to the other powers listed in this act the board of trustees shall have power to levy assessments upon the lands contained within the boundaries of the district in accordance with the benefits accruing to said lands for the following purposes only:

1. To pay any indebtedness of the district for which no or insufficient funds are available.

2. To maintain works or projects of the district or to undertake and complete such work as may be necessary to adequately protect the works or projects which have already been undertaken or completed by the district.

Levy of assessments.

SEC. 12. The total amount of money to be raised shall be reported to the supervisors of the county, and assessments therefor shall be levied and collected in the same manner as is provided for the determination, levying and collection of assessments for and by reclamation districts. In the event that the trustees fail to cause said assessments to be levied, it shall be the duty of the board of supervisors to cause the same to be levied and collected.

Necessity of approval

SEC. 13. No dams or reservoirs for impounding water shall be constructed at any point or places under the provisions of this act without the concurrence and approval of the board of supervisors of each county which is or may be damaged or otherwise affected or which contains land or water rights which are or may be damaged, infringed or otherwise affected in any manner by the proposed work regardless of whether or not said county or any portion thereof is included within the district doing the work.

CHAPTER 642.

An act to limit the amount of special assessments for public improvements and acquisitions of property for public purposes; to provide for a preliminary investigation, report and hearing upon proposed public improvements and acquisitions of property for public purposes where the cost of such improvements or acquisitions is to be paid in whole or part by special assessments; to provide a basis for valuation of property for the purpose of establishing a special assessment limitation, and to authorize the payment of a part of the cost of such public improvements and acquisitions of property from any available public fund where a part of such cost is paid by special assessment on benefited

property, and to provide that a majority protest shall be a bar to any proceeding.

[Approved by the Governor June 8, 1931 In effect August 14, 1931]

The people of the State of California do enact as follows:

SECTION 1. Before any ordinance or resolution of intention or other initial action prescribed by any law of this state may be taken by the legislative body of any county, city and county, or city in this state, for the construction of any public improvement and/or the acquisition of any property for public use, where the cost of such construction or acquisition is to be paid in whole or in part by special assessments or through special assessment taxes upon lands, proceedings shall be taken as required by this act.

Proceedings
in case of
public
improvements, etc

SEC. 2. Such legislative body shall determine the nature, location and extent of such proposed improvement and/or acquisition. It shall also generally define the boundaries of the district or lands to be specially assessed to pay the cost thereof or any part of such cost. It shall also determine the amount, if any, proposed to be paid toward the cost of such improvement and/or acquisition from any source other than special assessments upon benefited property, and shall determine the statute under which it is proposed to conduct the proposed proceedings.

Determina-
tion of
cost, etc

SEC. 3. Such legislative body shall prepare, or shall have prepared for it, a written report upon the proposed improvement and/or acquisition and such report shall contain, in addition to the matters mentioned in section 2 hereof, the following information:

Report.

(a) A map, plat or diagram showing the general nature, location and extent of the proposed improvement and/or acquisition and the lands to be assessed to pay any part of the cost thereof;

Map

(b) The total estimated cost (inclusive of incidental expenses of the proceeding, the total amount of which shall also be separately stated) of the proposed improvement, stating separately the estimated cost of each class of construction proposed (such as grading, paving, curb, etc.);

Estimated
cost.

(c) The total estimated cost (inclusive of incidental expenses of the proceeding, the total amount of which shall also be separately stated) of the proposed acquisition, and if more than one purpose for the acquisition of property be involved, and any such purpose will require the acquisition of property or rights in property for which compensation must be made, which property or rights would not be required if such purpose were omitted, the estimated cost of the property or rights required for such purpose shall be separately stated;

(d) The assessed value of each parcel of land to be specially assessed as shown on the last equalized county assessment roll,

Assessed
value.

and the total assessed value of said lands. If the assessed value of any such parcel of land is not separately shown upon said assessment roll, an estimated assessed value of such parcel shall be made by the county assessor and such estimate shall for the purposes of this act be considered the assessed value of such parcel;

(e) The total assessed value of the improvements on said lands as shown by said assessment roll;

True value

(f) The total true value of said lands;

(g) The true value of each parcel of said lands;

Special assessments
(1) Liens

(h) The amount of all unpaid special assessments (exclusive of interest and penalties on any such assessments) for any acquisition and/or improvement which, if the proceedings therefor were begun after this act becomes effective, would require an investigation and report under this act, which have been levied and are or will be a lien upon each parcel of the lands to be assessed, and the total amount of such unpaid assessments upon all lands proposed to be assessed;

(2) bonds

(i) The estimated amount of all special assessments for any acquisition and/or improvement which, if the proceedings therefor were begun after this act becomes effective, would require an investigation and report under this act, which will be levied upon each parcel of the land to be assessed to pay the principal on bonds theretofore issued and payable by assessments levied in proportion to the assessed value of lands for the purpose of general taxation. (Such estimate shall be proportioned, as nearly as may be, according to the assessed value of such lands as shown by the last equalized county assessment roll; and if such bonds were issued against a district which was divided into zones, such estimate shall also be proportioned, as nearly as may be, according to the zones and percentages thereof; provided that any part of the principal amount of any bond to pay which an assessment has been levied and which will be included in the amount reported under paragraph (h) of this section shall not be included in the amount of bonds upon which the estimate required by this paragraph shall be based, but the balance of the principal amount of any such bonds for which balance no assessment has been levied shall be included in the estimated amount reported under this paragraph.) The total estimated amount of such special assessments upon all of the lands to be assessed shall also be stated;

(3) general
taxation

(j) The estimated amount of special assessments for any acquisition and/or improvement which, if the proceedings therefor were begun after this act becomes effective, would require an investigation and report under this act, whether levied in one lump sum or levied annually in proportion to the assessed value of lands for the purpose of general taxation, which will be levied upon each parcel of the lands to be assessed for the payment of the cost of any improvement and/or acquisition for which a resolution or ordinance ordering the improvement and/or acquisition has been adopted

prior to the date of said report, but for which no assessment has been levied or bonds issued, and the total estimated amount of such assessments upon all lands to be assessed. Assessments levied in proportion to the assessed value of lands for the purpose of general taxation shall be computed in the manner provided in paragraph (i) hereof;

(k) The estimated amount of the assessment for the proposed acquisition and/or improvement to be levied upon each parcel of land to be assessed. If the assessment is to be made in proportion to the assessed value of lands for the purpose of general taxation, then the total estimated cost of the acquisition and/or improvement less the amount, if any, proposed to be paid toward the cost of such improvement and/or acquisition from any source other than special assessment upon benefited property and the assessed value of the lands to be assessed as shown on said last equalized assessment roll shall be the basis for the computation of the assessment of each parcel. If the district is to be divided into zones, such proposed zones and the percentages therefor shall be shown on the district map and such estimated assessment shall also be proportioned, as nearly as may be, according to such zones and percentages;

(4) as to each parcel.

(l) The number of years within which the bonds, if any, to be issued shall mature, and the number of installments of the principal of such bonds, and the interest rate or maximum interest rate at which such bonds shall be issued if no definite interest rate is to be fixed until such bonds are sold.

SEC. 4. The legislative body may by order or resolution abandon the proposed project during the course of the preparation of such report or at any time thereafter.

Abandonment of project

SEC. 5. When said report has been completed and approved by the legislative body, the fact and date of such approval shall be endorsed thereon, and said report shall be filed with the clerk of said legislative body. Said legislative body shall also fix a time and place of hearing on such report and may order such hearing to be held by such legislative body or by such other public officers or public board of the city or county governed by such legislative body as may be designated by it. Such public officers or public board shall serve without additional compensation.

Hearing on report.

SEC. 6. Notice of such hearing shall be given by notice mailed, postage prepaid, by the clerk of the legislative body to each person to whom land in the proposed assessment district is assessed on the last equalized county assessment roll at his address as shown upon such roll, and to any person, whether owner in fee or having a lien upon or legal or equitable interest in any land within said proposed district, who has filed his name and address and a designation of the lands in which he is interested with said clerk. Said notice shall be substantially in the following form: (filling blanks)

Said notice must be mailed at least 30 days prior to the date of said hearing. If any parcel of land is assessed as owner unknown on the county assessment roll, no notice need be sent for such parcel unless the name and address of a person claiming an interest in such property has been filed with said clerk, in which case notice shall be mailed to such person and address. In the absence of fraud no error or mistake in the sending of said notices, or any of them, and no failure on the part of any property owners to receive same shall in any way affect the validity of the proceedings, but the clerk must file his affidavit of mailing such notice.

Protests

SEC. 7 At the hearing protests may be made orally or in writing by any person who would be entitled to protest or object to the ordering of the things proposed to be done at a hearing on the resolution of intention; provided, however, that all written protests must be filed with the clerk of the legislative body at or before the time fixed for the hearing, and that any protest relating to the regularity or sufficiency of the proceedings must be in writing and must clearly set forth the irregularity or defect to which objection is made. At such hearing the report, except as to the map, plat or diagram and the assessed valuations and true valuations of and assessments and estimated assessments upon individual parcels of lands

shall be read before protests are considered. Such hearing may be continued from time to time not exceeding thirty days.

SEC. 8. Within ten days after the conclusion of said hearing, the person or persons conducting said hearing shall file a report on said hearing, which report shall include a statement of the time and place of the hearing held, the approximate number of persons in attendance, the number and nature of protests made, and the recommendation of the person or persons holding said hearing (if the hearing was not held by the legislative body). Said report shall be filed with the clerk of said legislative body. Unless the project is abandoned, said reports shall be kept on file, open to public inspection, and any resolution of intention or ordinance of intention adopted in the proceeding shall state that such reports are on file with said clerk and that same may be examined at his office.

Report on hearing.

SEC. 9. Within thirty days after said report on the hearing has been filed, the two reports shall be considered and (except as to the map, plat or diagram and the assessed valuations and true valuations of and assessments and estimated assessments upon individual parcels of land) shall be read to said legislative body; provided, that if said legislative body conducted said hearing, the reports need not be read. If said legislative body determines that the public interest, convenience and necessity require the acquisition and/or improvement substantially as set forth in said report and that the said project is feasible, it may proceed in accordance with the statute stated in the report as the statute under which the acquisition and/or improvement shall be made or done, except as hereinafter provided. The acquisition and/or improvement shall be deemed substantially the same as set forth in the report if the things proposed to be done in the report are not changed or modified by additions thereto or omissions therefrom amounting in cost (as shown by the filed estimate hereinafter required) to more than one-tenth of the total estimated cost as stated in said report and no changes exceeding said one-tenth shall be made. The person who prepares the plans and specifications shall estimate separately the cost of each addition to or omission from the things proposed to be done as said things are set forth in said report, and file such estimate with the clerk of the legislative body. Such filed estimate shall be conclusive evidence of the cost of such changes. At the hearing on the ordinance or resolution of intention, said reports (except as to the map, plat or diagram and the assessed valuations and true valuations of and the assessments and estimated assessments upon individual parcels of land) shall be read to said legislative body prior to the consideration of protests and objections.

SEC. 10. If the report herein required to be prepared shall show that the estimated amount proposed to be assessed upon any lot or parcel of land for the proposed acquisition and/or improvement will exceed one-half of the true value of such lot or parcel, as set forth in said report, or shall show that the

total estimated cost of any proposed improvement and/or acquisition, less any amount to be paid towards such cost from any source other than special assessment upon the lands benefited by said acquisition and/or improvement, when added to the aggregate totals of all assessments and estimated assessments required to be stated in the report by paragraphs lettered (h), (i) and (j) of section 3 of this act, as such totals are stated in such report, will exceed in total amount one-half of the true value of all the lands proposed to be assessed, said proposed proceeding shall be abandoned or so modified that the amount to be specially assessed for the cost thereof will be less than the limits hereby established, unless the excess of said cost and indebtedness over one-half of said true value shall be paid from some source other than by special assessment on said lands. If the actual cost including incidental expenses of any improvement shall exceed the total estimated cost including incidental expenses thereof, as fixed by the total estimated cost stated in the report and the separate estimate for changes (if any) in the things to be done as filed with the clerk by more than one-tenth of such estimated cost, no part of the excess over said one-tenth shall be assessed upon the lands to be assessed in the proceeding; but such excess may be paid from other funds as hereinafter provided; and provided, also, that the limitation next herein mentioned shall not be exceeded. The word "improvement" in the last preceding sentence shall not be construed so as to include or relate to any acquisition of property for public use.

Payment
from other
funds

If the actual cost including incidental expenses of any acquisition and/or improvement, less any amount to be paid toward such cost from any source other than special assessment upon the lands benefited thereby, when added to the aggregate totals of all assessments and estimated assessments required to be stated in the report by paragraphs lettered (h), (i) and (j) of section 3 of this act, as stated in such report, and any other assessments or estimated assessments levied or to be levied upon such lands for any acquisition and/or improvement, (which if the proceedings therefor were begun after this act becomes effective, would require an investigation and report under this act), for which a resolution or ordinance ordering the improvement and/or acquisition has been adopted subsequent to the date of such report, exceeds in total amount one-half of the true value stated in the report of all the lands to be assessed to pay any part of the cost of such acquisition and/or improvement, no part of such excess shall be assessed upon such lands. Such estimated assessments not included in said report shall be computed in the manner provided by paragraphs lettered (i) and (j) of section 3 hereof.

Limitation
upon as-
sessments

In any case where the estimated or actual cost of any acquisition and/or improvement exceeds the amounts that may be specially assessed upon benefited property, the legislative body having jurisdiction over the proceeding may in its discretion provide for the payment of such excess cost from any proper

Payment of
excess cost

fund under its control and the balance shall then be specially assessed in accordance with the statute under which such proceeding is conducted. In case the property to be assessed is within the jurisdiction of more than one legislative body and consents to such proceeding have been given by all the legislative bodies within whose jurisdiction any portion of the land to be specially assessed is situated, any such legislative body whose consent has been given may appropriate all or any part of such excess cost from any proper fund under its control and may cause the amount so appropriated to be paid into the treasury of the county, city and county, or city whose legislative body has jurisdiction over the proceeding to be applied in payment of such excess cost. No public moneys appropriated to the payment of such excess cost as aforesaid shall be paid to the contractor, property owner, or other person otherwise entitled thereto unless valid appropriations of the remainder of such excess cost have been made by proper legislative bodies or the difference between the total amount of public money appropriated and such excess cost has been deposited in the treasury of the county, city and county, or city conducting such proceeding to be applied on the payment of such excess cost. Any partial appropriation made hereunder may be rescinded at any time before the total amount of such excess cost is appropriated and/or deposited as aforesaid.

Notwithstanding anything in this act contained, if the legislative body conducting the proceedings, after the two reports provided for herein have been filed and considered and prior to the adoption of any ordinance or resolution of intention in the proceeding, shall find by a four-fifths vote of all members thereof entered upon its minutes that the proposed project is feasible and that the lands to be assessed will be able to carry the burden of such proposed assessment, the limitations herein provided may be exceeded both with respect to the limitation named with reference to the district as a whole and as to the limitation respecting individual specific assessments; provided, however, that if at the hearing to be held under the provisions of this act, protests in writing are filed by the owners (as defined in the act under which the acquisition and/or improvement proceedings are to be taken) of a majority in area of the lands to be assessed, such limitations can not be exceeded.

Avoidance
of limita-
tions

SEC. 11. The true value of lands as said words are used in this act shall be determined as prescribed in this section. The state board of equalization shall biennially determine the average assessed value of property as assessed for taxation for general county purposes in each county and city and county in the state for each one hundred dollars of true value of such property as determined by said board of equalization in accordance with a uniform basis or standard. The determination of said board of equalization as to the ratio of assessed value to true value hereunder shall be final and conclusive. On or before the first Monday in December of each even

numbered year, beginning with the year 1932, said board of equalization shall notify the county clerk of each county in the state and the city clerk of each incorporated municipality by mail of the ratio of assessed value to true value in such county or in the county in which such municipality is situated, as the case may be, and such ratio shall be used for the purposes of this act for the two years beginning on the first day of January following such notification. Failure of said board of equalization to mail such notice or of any such clerk to receive such notice shall not affect the validity of any proceeding, but the proper ratio as herein prescribed shall be ascertained from said board of equalization by the legislative body conducting any such proceeding and used therein.

SEC. 13. This act shall not apply to any proceeding in which an ordinance or resolution of intention has been finally adopted before the date this act becomes effective; provided further, that after said act becomes effective, if the legislative body contemplating the passage of any ordinance or resolution of intention finds, after taking the steps provided by section 2 hereof, that the initial view of said legislative body is that the contemplated acquisition and/or improvement is one in which the probable assessments will not exceed the limitations set up by this act, then, it may in its discretion cause the clerk thereof to mail prepaid post cards, each with an addressed reply post card attached thereto with the return postage thereon guaranteed, giving notice of said contemplated action. Said cards shall be mailed to each person to whom land in the proposed assessment district is assessed on the last equalized county assessment roll at his address as shown upon such roll and to any person whether owner in fee or having a lien upon or legal or equitable interest in any land within said proposed district who has filed his name and address and the designation of the land in which he is interested with the said clerk. Said notice shall be substantially in the following form (filling blanks):

NOTICE OF PROPOSED ASSESSMENT.

Form of
notice

Notice is hereby given that the (name of the legislative body) proposes to adopt a resolution of intention under the (here mention statute under which it proposes to proceed) covering (here state in general terms what acquisitions and/or improvements are to be made). Your land will be assessed to pay a part of the cost thereof. This questionnaire is sent to the property owners interested to ascertain whether or not the owners of as much as fifteen per cent of the area of the proposed district demand proceeding under the "Special assessment investigation, limitation and majority protest act of 1931." Under said investigation act information will be obtained and a report thereon made, open to public inspection, and stating among other things (1) the estimated cost of the proposed project; (2) the estimated amount of existing assessments upon each parcel of land in the district; (3) the estimated assessment upon your lands for the proposed project. In the event that you desire the proceeding under said investigation act, so indicate on the attached card and return the same to the clerk within thirty days from (here set forth the date, not earlier than one day subsequent to the mailing of the cards). Sign your name legibly and describe or designate the property owned by you.

Clerk of (here designate legislative body).

The return post card as sent out shall be addressed to the clerk sending out the notice and shall have thereon a guarantee of the payment of the postage for the return thereof and on the reverse side shall contain the following:

Questionnaire to owners.

The undersigned { does } demand the making of the investigation provided for by the "Special assessment investigation, limitation and majority protest act of 1931" in connection with the (here set forth the same description of the project as is contained upon the notice post card).

(Description or designation of property) -----

If any parcel of land in the assessment district is assessed as owner unknown on the county assessment roll, no notice need be sent for such parcel unless the name and address of the person claiming an interest in said property shall be filed with said clerk, in which case notice shall be mailed to such person and address. In the absence of fraud no error or mistake in the sending of said notices, or any of them, and no failure on the part of any property owners to receive the same shall in any way affect the validity of the proceedings, but the clerk must file affidavit of mailing such notices and must include therein a list of the names and addresses of the persons to whom such notices were sent. If the owners (as defined in the act under which it is proposed to proceed) of fifteen per cent of the area of said assessment district do not so demand the making of the investigation provided by this act, then the said legislative body shall be at full liberty to proceed under the provisions of the statute under which it has declared its intention to carry through the contemplated proceedings without any further restrictions whatsoever by reason of the terms or provisions of this act except that the majority protest provisions hereof shall apply; if, however, the owners of fifteen per cent or more of the area of the proposed district so demand the making of such investigation, all the terms and provisions of this act shall apply to the proposed proceeding, if any further steps are taken therein by said legislative body. Said return post cards shall be kept on file in the office of the clerk of said legislative body and after the expiration of the aforesaid thirty days all such requests made to said legislative body shall be computed and said legislative body shall by order entered on its minutes determine whether or not the fifteen per cent hereinabove provided have demanded such investigation. Such determination shall be final and conclusive in the absence of actual fraud."

SEC. 13a. Notwithstanding anything in this act or in any statute, to proceedings under which this act is applicable, if at any time before the adoption of an ordinance or resolution of intention and/or within the time when protests may be filed

Postponement of proceedings after protest

under the provisions of any such statute there is a written protest filed with the clerk of the legislative body by the owners (as defined in the act under which it is proposed to proceed) of a majority of the frontage of the property fronting on said acquisition and/or improvement in those cases where the cost in whole or part of said acquisition and/or improvement is to be assessed upon the property fronting on said acquisition and/or improvement, or by the owners of more than one-half of the area of the property to be assessed for said acquisition and/or improvement in those cases where the cost in whole or part of said acquisition and/or improvement is to be assessed upon the property within a district, then said proposed proceedings shall be forthwith and immediately abandoned, and said legislative body shall be barred for a period of one year from and after the date of the filing of said protest as in this act provided, from instituting and/or causing to be instituted any proceedings for the construction of the improvement and/or acquisition. Provided, however, that if any majority protest be against a portion of the improvement and/or acquisition then all further proceedings to construct said portion of said improvement or to acquire said portion of said acquisition so protested against shall be barred for a period of one year, but the legislative body shall not be barred from instituting new proceedings not including said portion of said improvement and/or acquisition so protested against, or any part thereof.

Any such objections shall be heard and considered and at such hearing such report may be amended in accordance with the facts, and the hearing had upon such report as so amended.

Hearing of protests.

All objections or protests of every kind and nature relating to the validity of the proceedings had under this act, and not otherwise provided for herein, must be made in writing and filed in the manner and not later than the time at which protests or objections may be filed for the hearing designated in the resolution or ordinance of intention, and any protest or objection relating to the validity of the proceedings had under this act not made at such time and in such manner shall be waived and may not thereafter be urged, pleaded or raised in any action or proceeding, and the adoption of a resolution or ordinance finally ordering the acquisition or improvement shall be conclusive evidence that the proceedings prior thereto under this act are valid and sufficient.

SEC. 15. This act shall not apply to any flood control, irrigation, reclamation, sanitary, sanitation or other district organized or incorporated under the laws of the State of California where such district constitutes a public or municipal corporation, nor shall this act apply to any bonds issued or to be issued to provide money with which to construct or acquire any public improvement, work, or public utility, or to the acquisition, construction or completion of such public improvement, work, or public utility where such bonds have been voted by a majority or two-thirds vote (as may be required by the law under which said bonds are issued or to be issued) of the qualified electors of any district or other persons entitled to vote at the election upon the proposition of issuing such bonds, nor shall this act apply to any maintenance district proceedings or to any assessment levied for the maintenance of any improvements, but it shall apply to all other special assessment districts and proceedings within the scope of section 1 hereof, regardless of the particular statute under which any proceeding may be undertaken and of whether the special assessment made will be specific or a special assessment tax upon lands wholly or partially according to the assessed value of such lands.
