

I hope I will soon  
be home for country.

Weymouth. Oct. 16. 1888.

Dear Maria,

I arrived safely at Weymouth, not getting wet in the least. All are pretty well. I think Aunt Priscilla looks rather better. Henry is well. She & the children are up at Grandma Hubbs being invited to come up & pass the night. Miss Susan Fufto arrived at Grandma's this afternoon & offered to take a letter. I write this in order to hear from you to morrow night. Any thing sent to Mrs Tarbell's will come out safe. Write & send all the news of the Cottages as I don't now see any paper but the Advocate. I suppose Debora is at Cambridgeport. Perhaps Miss Kingman may bring you this letter. If she does, you must leave the package at Linnings. But at any rate see that I hear. Give my love to Mary Chapman & tell her that I was very sorry to leave town without coming there but could not. Don't forget to write her this. I sorrow to see poor little only only Annie. Give my love to her & make her understand it.

Yrs A. W. W.

I left a pocket watch marked with my name which I should like sent out.

Do not let the  
near her name.

Mrs Maria W. Chapman.
