PRICE TWO CENTS

FLOWER SHOW IS POSTPONED A WEEK

To Be Held Saturday, June 16

The Flower Show has been postponed one week. That is, instead of being held this coming Saturday, June 9, it will be held one week later, Saturday, June 16.

The "lateness" of the season is responsible for the postponement. But by holding the show one week later it is believed that in the majority of classes, and especially in roses and peonies, the exhibits will be much better and that the show as a whole will be much more satisfactory.

In a few of the classes the blooms will have passed their zenith, so to speak, by the sixteenth, but this sacrifice was believed to be absolutely necessary in order that the majority of the classes of flowers might be shown to the very best advantage.

And in the meanwhile, gardens are being cultivated with redoubled zeal and flowers are being nourished with especial care. Reports reaching Fletcher W. Stites, who is in charge of the show, during the past week, indicate more popular interest and greater enthusiasm than in either of the other two shows.

Everybody Invited

So in spite of the weather—which refers to the past and not the present—Narberth's Third Annual Flower Show in the Y. M. C. A. Building, Saturday afternoon and evening, June 16, is going to be an affair that should be attended by every resident of the borough. It is free and everybody is invited.

To those few of the older residents who did not attend the first and second Flower Shows, and to the newer residents, we can only say: There's a big surprise coming to you on Saturday, June 16.

As you stroll about the town on Sundays you probably think you can form some idea of the variety and quality of flowers that are grown in Narberth. Very well, go to the Flower Show and see the pick of the town concentrated in one immense group. You're due for an eye-opener that will make you prouder than ever of your home town.

But better still, enter some of your own flowers in the show. Remember, this is an amateur's show. It is for folks who love flowers—folks who like to potter around the garden. It's a People's Flower Show. Put some of your own flowers in and come to the show yourself and bring your neighbors, and don't be afraid to invite "the folks from town" out to see what the Narberth folks can grow in their gardens.

Special for Exhibitors

The show begins at two o'clock, but all exhibits must reach the Y. M. C. A. by one o'clock. Mr. Stites and the members of his committee will be on hand to receive you and show you the tables where your flowers belong.

Also, please attach to each exhibit by a thread or fine wire, a card, about the size of a visiting card, on which you must write your name and the class number in which you want the exhibit entered. This is important. In the two previous shows many exhibitors failed to tag their exhibits in this way, causing considerable work at the Y. M. C. A. and interfering with the opening of the show on scheduled time. Tag your exhibits at home and be ready when you reach the Y. M. C. A.

A single exhibit can compete in only one class, but you can easily determine the class to which it belongs by consulting the list of classes published in another column in this issue.

THE NARBERTH GUARD

The Narberth Guard recently organized from members of the Narberth Home Defense Unit who are interested and willing to drill, now has a membership of ——. These men have been drilling very consistently for several weeks and are about ready to take up the Manual of Arms. Guns for use in this practice are necessary and every effort is being made to secure them. At the meeting Thursday evening it is expected some action regarding this important feature will be taken.

In this organization each member pays an enrollment fee of twenty-five cents and the dues are fixed at twenty-five cents per month.

Dues are to be paid on the first meeting night of each month. In order to have his name called out at "roll call," it is necessary for a member to have his dues paid.

This information is given in some detail for benefit of those who were not present when the Guard was organized and those who may have since become members or who desire to join.

JR. CIRCLE KING'S DAUGHTERS REMEMBERS OUR TOWN

At the annual meeting of the Narberth Civic Association, it was suggested that all "charitable" organizations using unpaid advertising space in Our Town would do well by contributing to the paper a small percentage of the profits of the event exploited by such advertising, because of the fact that the paper was not self-supporting; and, was, in fact, in the "charity class" itself.

The first organization to remember this suggestion was the Junior Circle of King's Daughters, which recently gave a play for charity which was widely advertised in Our Town.

CALLED TO SERVICE

Two young men who recently enlisted in the Naval Coast Defense Reserve have been called to the service. They are Kenneth Hamilton and Henry Howes both reported immediately.

BOY SCOUTS LOSE SEED POTATOES

Some one stole a bushel of seed potatoes from a lot on Anthwyn Farms last week which the Boy Scouts had purchased to plant for the benefit of the needy in the months to come.

This kind of stealing deserves double punishment, and if any one can secure information as to the guilty person they will be serving the community by reporting same to Mr. W. D. Smedley, chairman of Committee on Public Safety.

BOY SCOUT NEWS

The last regular meeting of the Boy Scouts, Troop 1, Narberth, was held on June 1 in the Y. M. C. A.

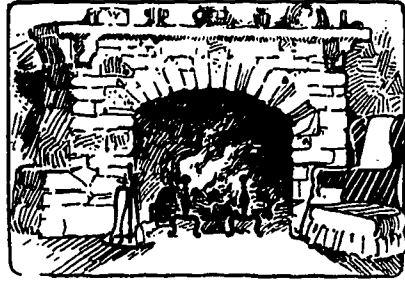

The meeting, led by Wilson was opened, as usual, with the Lord's prayer, pledge to the flag and Scout oath.

Mr. Cole spoke about the "Potato Patch" in Anthwyn Farms, which the troop is cultivating.

The Flying Eagles and Seals have seeds up out of the ground, also each of these two patrols has several tomato plants, which are growing rapidly.

The Kangaroos have their garden planted, but their seeds have not come up yet. About half of the potatoes have been planted.

Mr. Sheridan was a visitor.

IN MEMORIAM

Mrs. Frederick C. Ward

The many warm friends of Mr. and Mrs. Frederick C. Ward learned with deep sorrow of the passing away of Mrs. Ward on May 23, at their home, Burlington, Vt., the immediate cause of her death having been embolism of the brain. She was stricken on the Thursday night preceding, lapsing into unconsciousness, and breathing her life away without suffering.

Mr. and Mrs. Ward resided in Narberth until about three years ago, when they removed to Burlington, Vt., to make their home with their son-in-law and daughter, Mr. and Mrs. Henry Hager. For a time they resided on Hampden avenue with Mrs. Ward's sister, Mrs. Fannie V. Garrett, who was equally beloved by all of her friends, and who died in Denver, Col., some years ago. After Mrs. Garrett's departure for Denver, Mr. and Mrs. Garrett made their home with Mr. and Mrs. William Wright and Miss Gertrude Wright, on Grayling avenue, where they were frequently visited by Mrs. Hager and her young son, George.

Mrs. Ward and Mrs. Garrett were active in the various societies of the Narberth Presbyterian Church, including the Ladies' Aid, the Missionary Society and the Home Department of the Sunday School. In the Home Department both ladies were particularly active, and after Mrs. Garrett's departure for Denver, Mrs. Ward assumed her duties as a visitor to the aged and infirm in the Home Department. She was most conscientious in this labor of love, and will long be remembered for her kindly visits and words of cheer and comfort to those unable to attend church or Sunday school.

Her life was that of the ideal Christian woman and her countenance was illumined with the inner spiritual light that made her presence seem like a benediction. Gentleness and consideration for others were the characteristics of every act. Unobtrusively and efficiently she fulfilled every duty. Her memory will long be cherished by everyone with whom she came in contact. The deepest sympathy for her family is felt by all of their Narberth friends in their bereavement.

NEXT NEEDLEWORK GUILD MEETING

The meeting of the Needlework Guild at Mrs. Hewitt's, 116 Essex avenue, 2.30 P. M., Wednesday, June 6, is to discuss plans for a lawn fete in the interests of the War Relief Work the society is doing. The fete will probably be held on Mrs. Hewitt's lawn, Saturday, June 23. Several from outside the society expect to be present and assist in plans, and with the fete itself later. It is hoped there will be a full attendance of the members of the society.

RECEPTION TO REV. AND MRS. DEMMY

Last Friday evening the reception to Rev. and Mrs. Avery-S. Demmy at the Baptist Church of the Evangel was a success in every way. Flanked by officers of the church and their wives Mr. and Mrs. Demmy received the members of the church and congregation and neighboring churches.

A fine program was rendered by the following friends: Piano solo, Mrs. A. W. Needham; vocal solo, Mrs. Charles R. Jones; reading, Mrs. William J. Jones; cello, Mr. George R. Abele; vocal solo, Mr. E. B. Stanley; vocal solo, Mrs. T. N. Butler, whistling solo, Mrs. W. S. Horner. The program was followed by refreshments and adjourned at a late hour with words of commendation for the fine work of the committee of ladies who had charge.

THE SHORTAGE OF WHEAT

(Dr. Dixon, Health Commissioner).
The yield of wheat this year cannot possibly meet the demand from home and abroad. If we mean to divide our crust with our Allies, conservation must be observed.

Wheat bread is made either of whole wheat or the white starch of the wheat. In the economic scheme we must consider these two kinds of bread.

Whole wheat flour will sustain human life with its starch, bran, iodine and phosphate of lime, while we would starve to death on white bread made entirely of the starch, therefore, those on a very restricted diet, such as prisoners, etc., are often dependent upon bread. They should have the flour containing the whole wheat.

White bread however, when taken with soup made from a good stock that furnishes the nitrogen and earthy salts, is a cheaper food. It is also full of nutritives when combined with fat, meat and a little soup, the base of which is soup stock. Therefore, white flour bread with a general diet is cheaper than whole wheat bread.

A further conservation of our present supply may be found by observing more moderation in the quantity of bread and biscuit eaten. Most people eat too much starch.

Those in charge of children seem to be under the impression that wheat bread made of white flour is the "staff of life." This is a mistake. When children have to depend largely upon white bread they are apt to be undernourished, shown by their soft and flabby flesh. Under such a starchy diet they are susceptible to tuberculosis.

Too much bread of white flour (starch) often produces a catarrhal condition of the mucous membrane.

Another economic way to help ourselves and our Allies would be to increase the crop of foodstuffs. As it is not the season for planting wheat, to make up the deficiency caused by the foreign demand, corn, a valuable food-

stuff for both man and beast, should be sown.

This would be the best substitute for wheat.

Maize or corn has a larger proportion of starch than wheat, and a little over one-half more of nitrogen.

Corn is much richer in fat than is wheat.

Corn can be served in many palatable dishes. These are generally known or can be obtained from books on cooking.

Corn has a large geographical range in the United States and an average crop will do much to furnish food for our people.

Thousands of Belgians have lived almost entirely on corn for the last year.

Barley and oats are also substituted in a measure for wheat and can be planted to yield this season.

During the Revolutionary War maize was an important factor in feeding our soldiers.

CUB'S WEEKLY LETTER

To the Editor of Our Town:

Reports continue to drift in from the dinner given to the Building and Loan directors by Charley Caldwell at Atlantic City week before last. The latest is that certain of the directors had denied themselves food for several days prior to the feast, not alone for the sake of doing full justice to the meal, but as a measure of economy in view of the present price of grub. The tale goes that the host was thoroughly disgusted at the behavior of some of his tightwad guests, who, throwing all propriety to the winds, took advantage of the occasion to lay in (pockets as well as stomachs) enough chicken and waffles to last them a week. Right here they saved several days' lunch money. One guest went so far as to complain that no macaroni was served, that being his favorite dish. Charley says he will never have that "soup house gang" at his place again and you can't blame him.

Should mosquitoes be scarce hereabouts this summer or if they are fewer than might be expected after the excessive amount of rain, we haven't enjoyed, just give thanks to the man who is responsible for that state of affairs. Donald M. Houghton, of Woodside avenue, is the patriot who by his own labors drained the marsh lying between Rockland and Bowman avenues, employing no brass bands or stump speakers to advertise the job. You're all right, Don!

After a rain there is a string of miniature lakes in Narbrook Park. Property owners should profit by the example set by William T. Harris and fill up the holes in their lots. Board of Health, take notice!

Did you get nabbed by the P. R. R. detectives for crossing the tracks at our local freight yard last week? I notice several of these short-cutters taking the regular path nowadays. By the way, parents, many school children on the South Side cut across lots at that point—it's dangerous.

Willie Cummer says he is willing to sell his place to the Tennis Club, on condition that his house is made the club room and he is installed as bartender.

Snow balls are in full bloom and watergreen is thriving. Is that due to the cold spring?

Remember, slackers, there is yet a chance for you. The Narberth Home Guard drills Monday and Thursday nights, either in Elm Hall or on the streets. Don't be ashamed to prepare yourself to take care of your home or help quell any possible local disorder. Come out and enjoy yourself—it's lots of fun to drill. No tin soldier business about it. No uniforms, buttons or other decorations. All those not subject to conscription on the first draft are eligible and welcome. There is no obligation of any kind involved, but there is an advantage in drilling and that is in case of later drafts you will be prepared and be that much ahead of the "let-George-do-its." The latter will have to go just the same—they can sneak out now, but that won't help them if the necessity arises for a further call. We ought to have 100 men in line each drill period.

Cub.

THE SOLUTION OF THE SALOON QUESTION

A Dutchman named August ran a saloon. One day in came the landlord and said, "On account of Wilson's election, I'll have to raise the rent \$10 on the first of December." "All right!" said August.

Next day in came the whiskey salesman and said, "On December first whiskey will be 10 per cent. higher." "All right!" said August.

Next day the beer salesman came in and said, "After the first of December beer will be 10 per cent. higher." "All right!" said August.

Next day the bartender said, "December first you will have to raise my wages \$10 a month." "All right!" said August.

Next day August put a sign in his saloon that read: "Notice, the first of December will be the last of August."

that is of interest to Narberth
folks, but in order to meet the
printing schedule, all "copy"—
manuscripts—must reach the editor
by 6 P. M. Monday each week.

And still many of our good con-
tributors who help so much toward
making Our Town a success, continue
to mail their "copy"—manuscript—on
Tuesday, and even sometimes on Wed-
nesday—the very day on which this
paper is mailed. It is imperative that
all items must be in the editor's hands
on Monday evening, as hereafter all
items received after the specified time
will not appear in the current week's
issue, thereby in most instances mak-
ing the "copy" stale news for the fol-
lowing week.

by speakers who are authorities upon
the subjects suggested. A cordial in-
vitation to attend is extended to all
interested in this community by the
Suburban League, the out of town
branch of the Woman's League for
Good Government.

SPECIAL NOTICE

During the early weeks of April,
being under the impression that coal

all localities, in order to assist in the
controlling of any possible epidemic
of infantile paralysis that may occur
this summer. There were 2000 cases
in Pennsylvania between July 1, 1916,
and the end of the year, with 500
deaths. The fatalities might have been
much greater had not the citizens
adopted the measures suggested by the
State authorities and it is urged that
no effort be spared to repeat, or rather
redouble, those measures this season.

Space does not allow us to print
the full text of the Harrisburg com-
munication, but the following extracts
should be carefully noted by every
resident of the borough and followed
to the letter. The Board of Health is
instructed to enforce these rules:

Stables—In Towns and Villages

Manure must not be allowed to ac-
cumulate in open piles. The daily
contents should be placed in pits or
bins tightly covered or thoroughly fly
screened.

It must be removed once a week
from the first day of May until the
last day of November.

Stables must be cleansed daily.

Garbage

Garbage when kept must be placed
in covered containers. The containers
must be scrubbed clean with the
liberal use of soap and water before
refilling.

It must be collected at least three
times a week from May 1 until Novem-
ber 1; the balance of the year it must
be removed often enough to permit
the container being kept closed.

Rubbish and Ashes

Rubbish, and ashes mixed with rub-
bish, must be collected regularly and
disposed of in such a way as not to
cause a nuisance.

House Cleaning

All vermin, such as lice, bedbugs,
roaches, flies, mosquitoes, rats and
mice should be exterminated.

Kennels, boxes and cages used by

household pets should be frequently
cleansed and disinfected, including
floors, carpets, etc., used by them.

Cellars should be kept clean at all
times; this includes the floors, walls
and ceilings. Cellars should be kept
dry. Cellars should have the windows
as well as all other openings for ven-
tilation, etc., fly-screened.

All houses should be thoroughly
screened by the end of April and the
screens kept in good condition until
cold weather, or when insect life has
ceased its activities.

General

Surface drainage of kitchen, laun-
dry and bath waste water should not
be permitted unless it is sprinkled
over a large surface, where it will not
reach a stream, and never to such an
extent as to sour the ground.

Where no sewer system is avail-
able, separate cess pools had better
be built to receive this waste water.

Streams must not be used for the
dumping of sewage, garbage, ashes or
rubbish of any kind.

Pools of stagnant water or any mos-
quito breeding places should be
drained.

Water barrels, cisterns, etc., should
be covered or screened.

All highways should be treated so
as to keep down dust.

Street gutters should be frequently
flushed out and kept free from ac-
cumulations of rubbish.

Ground where manure or garbage
has stood or where made foul by sur-
face drainage should be cleaned and
treated with unslaked lime.

Foodstuffs exposed for sale must be
protected from flies, dirt and domestic
animals, and where exposed for sale
on sidewalks they must be elevated
above the pavement at least 24
inches.

It would be well during the coming

summer that children under sixteen
years of age should not be allowed to
congregate unnecessarily in public
places.

Commissioner of Health.
