GLENDALE TODAY PASSES THREE MILLION MARK IN BUILDING

ASSESSED VALUATION TAXABLE PROPERTY IN CITY OF GLENDALE \$20,000,000, SO REPORT SHOWS

Figures Last Year Were \$12,477,000, and Thus Increase Is About 38 Per Cent; Annexations Also Help to Bring Up Figures

"Glendale Spirit" this year is worth more than \$4,000,000! This fact became known today when it was reported from the county tax assessor's office that the assessed valuation of taxable property within the city limits of Glendale will run close to \$20,000,000 when the next roll is made out in July. Last year's valuation was \$12,477,000, so that the addition of \$7,523,000 means an increase of about 38 per cent.

Building activities during the twelve month period between March 1, 1921, and February 28, 1922, have influenced the total considerably. During this time \$5,692,885 worth of permits were issued. Fifty per cent of this sum is taken for appraisal purposes. This is \$2,846,442.

Annexations to the city limits in the past fiscal year also swell the total value of the municipality. The Pacific Avenue District was appraised at \$474,140; the Laura Avenue District, \$216,000; the Sierra Avenue District, \$112,370; and the Viola Avenue District, \$45,000, making a total of \$631,510 for all.

Adding the appraisal value of the permits and the estimated value of the annexed territory gives a total of \$3,477,812. Subtracting this sum from the \$7,523,000 increase leaves a difference of \$4,045,188.

Increased realty values are responsible for this increased valuation. These are due to the "Spirit of Glendale" which is worth more than \$4,000,000.

Before Council Tonight
The city council tonight will be busy wrestling with the municipal budget for the next fiscal year. They have the privilege of raising the tax rate to cover several items, but it is not expected that they will take much advantage of this authority.

The expenditure for the public library in the last budget amounted to 15 cents on each hundred dollars of assessed valuation. This amount could be doubled or brought up to 30 cents.

The expenditure for parks last year amounted to 5 cents which could be multiplied by six or brought up to 30 cents.

Altogether, the municipality is empowered to increase its share of taxes from \$1.30 to \$1.69.

City Auditor H. A. Harrison, however, does not believe that the tax rate of \$4.19 will be increased owing to the increasing valuations.

Some More Figures
Last year this rate brought \$522,786 in the county treasury from the city of Glendale. This was divided as follows: \$162,063 or 31 per cent, for the local city administration; \$85,214 or 16.3 per cent, county purposes; \$267,143, or 51.1 per cent for school purposes, and \$8,364 or 1.6 per cent for flood control work.

This year the same rate will bring in the neighborhood of \$838,000. Presuming that the same division is made the following amounts will be available: \$259,780 for municipal purposes, an increase of \$97,717; \$126,794 for county expenses, an increase of \$51,580; \$427,380 for school purposes, an increase of \$160,237, and \$13,485 for flood control, an increase of \$5,114.

However, it is rumored that the appraisal value of Glendale property will not be \$20,000,000, but only \$19,500,000. In that case—well, figure it out for yourself—if you like figures.

Mrs. C. E. Hutchinson
Hostess to Sections
Mrs. C. E. Hutchinson, president of the Tuesday Afternoon club, entertained at her home, 246 North Orange street, yesterday afternoon for the curators of the various sections of the club.

PROGRESSIVE CLUB HAS DISCUSSION OVER POETRY

Contest of Word Musicians Scheduled to Close On Night of June 26

The Glendale Progressive club met at noon yesterday in the banquet room of Ye White Inn, 233 South-Brand boulevard, and discussed among other matters the approaching Spring Poets' Dinner.

This event is scheduled on the club calendar for the night of June 26 in the banquet room of the Glen Inn.

Every member of the club is expected to bring the members of his family and his friends, and a piece of original poetry expressive of the mirthsome biteness of Mother Nature.

A booby prize for the worst verse contributed was offered by G. C. McConnell of the Builders' Supply company, 633 East Broadway. He stated that it would be either a pocketknife or a razor. He was immediately asked if he wished to encourage such.

Dr. Henry R. Harrower reported that plans for the affair were progressing nicely.

Membership Growing
A membership of forty with several others to join soon was reported by Captain W. E. Kelly of 106 West Colorado street, who presided.

The subject of dues was brought up by E. B. Sutton of the Nash Agency, 114 South Maryland avenue. He called attention to the fact that it would be necessary for the local club to pay \$6 into the national club treasury for each new member initiated regardless of whether or not he paid his dues regularly.

By unanimous vote Mr. Sutton was elected master-at-arms.

George M. Lindsey of 106 East Broadway reported that the Long Beach Progressive club has been able to get 97 per cent of its membership out to all its luncheons by fining each member who failed to report, the price of the excuse.

They "Pay Their Taxes"
As chairman of the civics committee, Dr. Harrower reported that "all members of the Progressive Business club are honest citizens who pay their taxes and so on and so forth." He further stated that employees of the Harrower Laboratory were looking forward with keen anticipation to next Tuesday night when they will meet with members of the club for a social evening. He declared that the largest radio set in this valley would be in operation at this time.

Besides those mentioned already the following were present: Attorney W. Claire Anspach, P. E. Hoyt, A. Gelmore, L. G. Scovern, James C. May, Fred B. Hill, Ed N. Radke, W. C. Waring, Dr. James A. Belyea, Dr. W. B. Crowell, George A. Whitaker, George H. Thomas, Harry S. S. Widdows, Attorney G. H. King, C. U. Mandis and James Howarth.

Postmaster D. Ripley Jackson, who is attending the Shriners' convention in San Francisco, sent the following telegram to the local Progressive club: "In remembrance of the past I hereby appoint W. B. Kelly to lead singing, 'How Dry I Am.'"

W. B. Davis Tells
Of Illinois Crops
W. B. Davis of the Davis-Glendale company, hothouse grower, arrived in Glendale yesterday from Aurora, Ill., with the report that farmers there have enjoyed very favorable weather for crops, although the spring has been a little wet. Business conditions, too, are better and the east will soon be back to normal, according to Mr. Davis, who operates both in the middle west and here.

One of the reasons for Mr. Davis' return to Glendale was to get data on the overhead sprinkling system which he has installed on 20 acres of cucumbers. He finds that it saves both water and labor and on general principles is much superior to irrigation by shovel.

Another feature of the system is the protection the sprinkling affords against light frost. In fact, the severe damage of a freeze may be minimized by spraying vines and letting the ice coating protect the tender leaves.

Growers in Florida are quite generally adopting the system, according to Mr. Davis, and he expects to see it become popular on the Pacific coast.

MOTOR TRIP IS PLANNED
Mrs. Kathryn Farrell and Miss Kathryn Farrell of 435 West Patterson avenue, Miss Hazel Flynn and Miss Lawler of Los Angeles are planning to motor to San Diego for the week-end.

MOTOR TO SANTA PAULA
W. G. Lauderdale and W. L. Moore of the Irish Linen Store, 117 North Brand boulevard, motored to Santa Paula yesterday.

SAVE SUB CREW IN THRILLING FIGHT WITH FIRE
KEY WEST, Fla., June 15.—A thrilling rescue of the twelve members of the crew of the former United States submarine chaser 305, and her chaplain, E. T. Sulzer and his wife, was accomplished off the Florida keys today as flames enveloped the boat, burning her to the water's edge. The fire originated from a short circuit when the vessel was two miles out of Key West, where she had put in for supplies while en route to Matanzas, Cuba. Wireless calls for help from the burning vessel were answered by the two masted schooner Champion of Miami, whose crew effected the rescue.

WALTER S. WARD IS UNDER INDICTMENT BY JURY
WHITE PLAINS, N. Y., June 15.—Walter S. Ward, son of the millionaire head of the Ward Baking company, who admitted that he had shot and killed Clarence Peters, an ex-sailor, as the result of an alleged blackmail plot, was indicted by the West Chester county grand jury this afternoon. It was reported that the indictment charged murder, but this was not officially confirmed. Peters' body was found in the Kensico reservoir road on the morning of May 16. All the authorities concerned made the utmost mystery of the indictment and it could not be immediately learned what the count against Ward was—whether murder in the first degree or second degree, or merely manslaughter.

CONVENTION OF SHRINERS WILL CLOSE TONIGHT
SAN FRANCISCO, June 15.—With Washington selected as the next convention city, officers elected and only decision on application for new temples pending, the business of the forty-eighth annual session of the Imperial Council of Shriners was fast being wound up today and preparations were being completed for the grand pageant spectacle tonight which will formally bring to a close the golden jubilee of Shrinedom. In a series of magnificent electrically lighted floats the history of Masonry will be traced through the years since its inception in the parade tonight which climaxes the convention. All of the visiting nobles as well as the patrols and the bands will march tonight.

CHICKEN AND BIG ARGUMENT HOLD REALTY BOARD

Multiple Listing System Is Cause of Long Debate at Meeting of Realtors

Fried chicken was the principal business coming before the Glendale Realty board's business luncheon yesterday noon at the Chamber of Commerce. Chief Louis of the Glen Inn had made a special effort to make the meal a great success.

It was good that he did, too, for a lengthy argument on multiple listing was indulged in by the members and by vote of 19 to 11 they decided in favor of the system. And soon thereafter, due to warm arguments presented by the board, the board unanimously agreed to delay action until the committee on rules could report.

It was the sense of the meeting that a majority of the membership should favor the scheme because its success depends entirely on whole-hearted co-operation of participants. Among those who spoke were W. F. McPherson, Fred Heal, Mrs. M. L. T. Light, Dr. Jessie Russell, L. H. Wilson, James W. Pearson, C. E. Schimmling, Roy King, Peter Hanson and Harry Miller.

All Kinds of Motions
Charles E. Guthrie did most of the explaining. President C. E. Thom kept order and Secretary E. P. Hayward read motions, amendments and substitute motions and more motions on the subject until two hours passed and his car was argued for violating the parking ordinance.

Mr. Guthrie stated that after attending the national convention of realtors in San Francisco, he had decided for himself that any system which would stop the hit and miss, fly by night methods now being used, he was for it.

"Conditions should be so," he said, "that we are responsible to our clients and know what we are doing and the multiple listing system provides a legitimate means of selling property on an exclusive sales contract."

Young People Enjoy Picnic in Woodlands
A large party of young people left Broadway last evening at 5 o'clock, on the Montrose railway for Verdugo Woodlands, taking a picnic lunch and enjoying the sunset hours in that beautiful spot. The party was composed of pupils of Central Avenue school and a number from Intermediate who were formerly pupils at Central Avenue, and included Helen White, Evelyn Meeker, Nancy Killebrew, Mae Goetz, Juanita Fifield, Josephine McLaren, Mary Pomroy, Hazel Howard, Alice Luc, Rebecca Brant, Jennie Sheridan, Elizabeth Waltman, Elfrida Trowski, Nelda McClain, Elizabeth Coffman, Louise Heinze, Cornelia Hollingsworth, Ruth Bender, Janice Brown, Rose Bagley, Ruth Shierholz. They were accompanied by Mrs. E. E. Harwood of the Central Avenue school and Mrs. Oliver C. Logan of Casa Verdugo.

DANCING PARTY IS GIVEN
The members of Carnation lodge of Rebekahs and their friends enjoyed a very delightful dancing party last night at the I. O. O. F. hall at Broadway and Orange streets, with seventy-five present. Music for dancing was furnished by a five piece orchestra. The lodge hall was decorated with American flags in honor of Flag Day. During the evening light refreshments were served. Mrs. Leonard Pease of 631 North Isabel street was chairman of the committee in charge of arrangements.

Merchant Tailors! Here Is Hot Tip On Two Customers
J. A. Pope and J. E. Tollett, members of the firm of Pope & Tollett, confectionery and cafe proprietors, 111 South Brand boulevard, today are wearing the only clothes they have.

If they had been in bed or bathing last night between 6 and 9 o'clock when a sneak thief cleaned house at 113 So. Central avenue, there is no doubt but what they would have sent a hurry call to the clothier.

"That thief overlooked nothing," said Jesse Tollett this morning, "except one suit of Jim's. He got two of mine, three dozen of our shirts, two handbags and everything in our trunks, including a Big Ben alarm clock setting on top of mine."

"Three hundred dollars won't cover the loss and my army discharge was in one of the coats stolen," continued Tollett, "and I hope the thief returns it."

City's Parking Law Is Being Enforced, Found It Out Yet?

The parking ordinance in the Brand boulevard business section now is being enforced. People are paying \$2 to \$5 for the privilege of leaving their machine more than two hours in one place.

It is said that those who purposely move their cars to evade the law also are liable to fine.

Several realtors were caught yesterday while in session at the Chamber of Commerce banquet hall.

Judge F. H. Lowe in police court is having a good time trying to explain to strangers that the signs all over San Fernando valley, reading, "You Can Park in Glendale," apply only to the East Broadway business section, which will keep its share of shoppers now. It is pointed out.

City Councilman Sam Davis states he is going to move the repeal of parking ordinance at every meeting of the council from now on, provided, of course, some irate citizen doesn't beat him by testing the legality of the act.

PUPILS REHEARSE FOR GRADUATION

Total of 186 to Receive Their Diplomas Tonight at T. D. & L. Theatre

Graduation exercises will be held tonight at the T. D. & L. theatre for the grammar school system of Glendale.

One hundred and eighty-six pupils are awaiting the coming of night with feverish impatience. The ninety-four girls will hurry home from school this afternoon to make sure that their white middie and blue ties are nicely ironed and laid out and the ninety-two boys will make sure that their Sunday best suits are all ready for the occasion.

The morning was spent by the graduates in rehearsing their actions tonight at the T. D. & L. theatre where they will occupy a block of seats in the front of the house. Pupils from Cerritos avenue school were instructed by Mrs. Annie L. S. Curtiss, principal of the school, while the pupils from Intermediate were directed by their class teachers: Miss Vera Sinclair, Miss Carol Duncan, Miss Edna Duffey, Miss Gertrude Greider and Manning L. Alvas.

A special rehearsal of the intermediate orchestra was held this morning under the direction of Miss Elsa Brennenman. This will play "Cup Winner" by Tocaban as the class march and will accompany the large chorus of girls from the graduating class in the singing of "The Recessional," by Kipling-DeKoven.

Those in Orchestra
Members of the orchestra are: Piano, Graham Young; drums, Gordon Wattles; trombone, Herbie Snow; cornets, Lawrence Burns and Nathan Finch; saxophone, Wayne Gulick; clarinet, David Hanna; mandolins, Homer Searies and Charles Cronkite; violins, Leslie Tronsier, Mary Agnes Cobb, Marian Johnson, Leo Ratigan, James Edmonds, Oneida Brown, Joseph Kneisel, Leighton Taylor, Milo Sherrick, Wallace Trau, Eugene Lindgren and Leroy Tepe.

"Mandolins and Music" is the title of "an ultra-modern song to be sung by the girls' glee club from the graduating class which will be composed of the following:

Sopranos—Mabel Todd, Ruth Cox, Ione Jenkins, Georgia Young and Frances Culp.
Second sopranos—Helen Vreeland, Genevieve Burr, Dorothy Steiner, Gladys Jones and Dorothy Hertzog.

Alto—Virginia Caldwell, Ruth Vogel, Bernice Collins, Dorothy Young and Marion Smith.
Two songs will be sung by the boys' chorus from the graduating class. They will be "Gypsy Trail" by Galloway and "In Spain," by Chiera. Members of this glee club will be: Milo Sherrick, Francis Moffett, Lowell Parker, Richard Stone, Meredith Brown, Shirley Preston, Leighton Taylor, Donald Whitaker, Charles Beamon, Charles Thymann, Lyle Wheeler, Louis Doty, Frederick Scherholtz, Howard Scott, Paul Scott, Fred Fallis, Frank Gallie, and 9 o'clock when a sneak thief cleaned house at 113 So. Central avenue, there is no doubt but what they would have sent a hurry call to the clothier.

"That thief overlooked nothing," said Jesse Tollett this morning, "except one suit of Jim's. He got two of mine, three dozen of our shirts, two handbags and everything in our trunks, including a Big Ben alarm clock setting on top of mine."

"Three hundred dollars won't cover the loss and my army discharge was in one of the coats stolen," continued Tollett, "and I hope the thief returns it."

HOUSING PROBLEM TALK
A real opportunity is afforded home builders, contractors and everyone interested in the future of Glendale, according to the Chamber of Commerce announcement of its meeting tonight, at which time K. V. Haymaker of Detroit, Mich., will talk on the housing problem. Mr. and Mrs. Harry Girard will furnish the musical program.

Miss Isabel Isgrigg Hostess to Chapter

The last regular meeting of Chapter L. P. E. O., of which Mrs. Letitia Lusby is president, was held yesterday with an all-day session at the home of Miss Isabel Isgrigg, near Roscoe. A short business meeting was held in the morning and a delicious luncheon served at noon.

The theme of the afternoon program, which was in charge of Mrs. Dorothy Weller, was "Is Patriotism Dead?" Preceding this Mrs. A. L. Bryant, who has had charge of the programs throughout the year, thanked those who had taken part and then turned the program over to Mrs. Weller, who read an excellent paper on "Patriotism at Home." Mrs. Arthur Brown told of her war relief work and Mrs. H. E. Bartlett of the Red Cross work. Miss Waunita Emery read a paper on "Conditions Concerning the Recent War" and Mrs. Dana Burket on "Our International Relations." The remainder of the program included the flag salute, poem, "Four Flag and My Flag," singing of "America" and "The Star Spangled Banner."

Miss Isgrigg was assisted as hostess by Mrs. A. W. Tower, Mrs. A. M. Hunt and Mrs. Emma Burket.

E. E. Gordon Home Visited by Burglars

The home of Mr. and Mrs. E. E. Gordon at 343 Salem street was robbed yesterday afternoon between the hours of 2 and 4 o'clock while the family was absent. Entry was gained by poking a hole in the screen of the porch door and lifting the latch. The kitchen door was locked with the key inside. This was twisted with a wire or pair of special pliers until the door opened. A number of keeppakes were taken belonging to Mrs. Gordon and Mr. Gordon's sisters, Miss Emily Bell and Mrs. F. S. Clinton. It is believed that the house had been watched to find out when it would be vacant.

ROB W. M. WRIGHT HOME

The home of Will M. Wright at 124 West Doran street was entered about noon, according to the belief of Mrs. Wright and Miss Elizabeth J. Mathews, who returned in the afternoon and found the contents of trunks and dressers heaped up all over the house. About \$15 in money were stolen as well as some negotiable papers belonging to Miss Mathews, which she expects to recover.

"TIZ" FOR ACHING, SORE, TIRED FEET

Good-bye, sore feet, burning feet, swollen feet, sweaty feet, smelly feet, tired feet.

Good-bye, corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" now at any drugstore or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.—Advertisement.

10,000 TO LOSE JOBS
WASHINGTON, June 15.—Approximately 10,000 employees of the various navy yards will be let out during the next fiscal year as a result of the curtailed appropriation in the pending naval bill as compared with the fund available for this year, it was said at the navy department.

SERVICE FOR FLAG DAY UNUSUALLY IMPRESSIVE

Glendale Lodge of Elks Conducts Ceremony at Lodge Last Night

The largest assembly that ever attended a local Elk Flag Day service crowded the B. P. O. E. lodge room at the impressive and patriotic gathering last night. The lodge room was decorated with the national colors in artistic and imposing array, and high above the heads of the speakers fluttered a silken American flag, with a spotlight playing upon it. The outdoor concert was not held as announced. The program began at 8:30 o'clock, the large Elks band, directed by H. E. Kenney, playing Sousa's "Stars and Stripes Forever." The enthusiastic applause was followed by an encore, "Daughters of America," by J. B. Lampe. The next number was "Jolly Robbers" overture, by Suppe. During the playing of this magnificent number the lodge officers marched in. The musical number was followed by a solemn and inspiring Flag Day service.

Gives Flag's History
James J. Dunee, past exalted ruler of the New Rochelle, N. Y. lodge, was presented by Exalted Ruler Arthur H. Dibern, and gave an interesting history of the American flag, its original form, its adoption by Congress, the banner made by Betsy Ross, and the changes which were made up to the present day. Our flag, declared Mr. Dunee, is at once a history, a declaration and a prophecy. He explained the symbolism of the colors, stripes and stars, and ended with an eulogy on its special history. Several appropriate songs were rendered by Z. Earl Meeker of Los Angeles. Mr. Meeker has a sympathetic voice of unusual resonance and the numbers were well received. One of the most impressive parts of the service was the erection of a floral Liberty Bell on the altar. The lodge officers built the bell, first with a section made of red roses, then a center section of pure white lilies and the upper part of deep blue violets. The lights were dimmed and, with a large bright star gleaming overhead and the lights playing on the waving American flag, the chaplain offered up a prayer. Everyone must have been a little more thoughtful and a little more patriotic at the conclusion of the beautiful ritual.

Miss Campbell of Los Angeles followed the service with a soprano solo, and responded to the applause, singing, with Mr. Meeker, a patriotic duet.

Patriotic Address
The principal speaker of the evening, Edwin Murphy, past exalted ruler of Redondo Beach lodge, was then announced. Mr. Murphy is a clear and forceful speaker, and he gave a patriotic address which held his audience to an eager attention. He spoke of the stainless honor of the nation, and the unswerving devotion of its people. During the course of the speech he gave two very appropriate poems, and dealt with the history of right throughout the history of the world. The patriotic ideals and requirements of the Order of Elks were explained and, speaking of the insidious forces of disloyalty, he declared, "They shall not pass." At the close of Mr. Murphy's address, after the enthusiastic applause had quieted, the program was closed with the singing of "America" by the entire assembly.

And while the white-uniformed band played the "Radium March," a medley of patriotic airs, the audience filed out, each one a little more loyal, each one loving his country a little more for the evening's services.

Hey, Boys! This Bit of Information Wholly for You!

"Hokey" will be an extremely unpopular outdoor sport next term in "the back country."

School kids will have to mind their P's and Q's and won't be allowed to go fishing—even if they could find any water.

L. T. Rowley of 334 Vine street is known as Glendale's "attendance officer." In former generations he would have been known as "the boogey man." His domain has been extended to include the school districts of Crescenta, Monte Vista and Glorietta. These include the villages of LaCrescenta, Sunland and Tujunga.

URGE CAUTION IN HOMES DISTRICT

Mayor Spencer Robinson and Realty Board in Restriction Move

Exclusive high class residential districts would be assured if Mayor Spencer Robinson and the Glendale Realty board have their way.

At the meeting of the latter body yesterday the secretary was instructed to write a letter to the city council requesting that petitions filed under the zoning ordinance show that 51 per cent of houses already in the district are valued at \$2500 or more.

In other words, subdividers will have to use due caution hereafter in permitting temporary homes. In this connection C. D. Thom, chairman of the meeting, assured the realty men and women present that there would be no industrial district on Glendale avenue north of Lexington drive, if he could help it.

Several communications were read by Secretary E. P. Hayward and tabled by the board. In other columns will be seen the story of action on the multiple listing system.

George H. Knox to Speak on Efficiency

"Every person is a salesman!" exclaimed George H. Knox this morning, commenting upon his lecture tonight at the Harrower Laboratory, 920 East Broadway, on "Salesmanship," which will be the third in his course of "Personal Efficiency."

"The doctor sells health by better sanitary methods," he continued. "The banker sells protection and expert counsel; the laborer sells muscle. Every man sells his intelligence. He sells what is in his head. If there is sawdust in his head, he sells sawdust. Salesmanship is the science of changing men's minds to their own advantage. It is the power to influence; it is the ability to gain attention, interest a man and move him to action."

REACH AN AGREEMENT

NEW YORK, June 15.—An agreement has been reached between the international committee of bankers and the Mexican financial delegation headed by Adolpho de la Huerta, minister of finance, which is discussing Mexico's foreign debts, it was announced.

IS BACK TO PEACE PAY

WASHINGTON, June 15.—President Harding has signed the Wadsworth-McKenzie bill, returning the navy, army, marine corps and coast guard service to peace time pay standards. The bill, effective July 1, slashes \$14,154,000 from the pay bill of the four services.

DOES DOLL NEED SOX?

Doll sox are to be given away with purchases at Gordon's store, 119 North Brand boulevard, on Friday and Saturday. They form a mighty interesting part of the window display for the little tots.

LABOR PROPOSES UNION OF VOTES

Women and Farmers Will Be Asked to Join in Political Movement

By WARREN W. WHEATON
For International News Service.
CINCINNATI, June 15.—A new non-partisan political triumvirate—labor, women and the farmers of the country—is the hope of the American Federation of Labor in convention here, it became known today. An attractive proposal to women and farmers to go in with organized labor in making collective voting strength felt most, will be drafted before the national convention adjourns.

The part labor hopes to play in the political future of the United States will begin to take definite form outside the convention hall here today.

United States Senator Robert M. La Follette, Republican of Wisconsin, and widely known as "labor's friend," addressed the convention yesterday. While here to talk on child labor, to which subject the entire day was devoted in convention, labor leaders plan, through conference with him, to formulate the most aggressive and extensive political action yet attempted in the history of trade unionism, several leaders admitted.

To Women and Farmers
From out of these conferences and later official endorsement action of the federation in convention will come overtures to women and to farmers throughout the country to join ballot forces with the working men and women.

"No new third party is contemplated," according to Matthew Woll, vice president of the federation.

The plan of the activity promises to be an elaborate one, from which first fruits will be sought in the coming senatorial and congressional elections.

While these conferences take place, the convention some time today is expected to approve a demand for a constitutional amendment effectually doing away with child labor.

In Los Angeles

Speeders Pay \$55,000
LOS ANGELES, June 15.—Speeders have paid the county of Los Angeles approximately \$55,000 in five months, it was revealed today, while city and county officials were making a check of the daily revenue of the city and county speed courts.

This check revealed that the fines for 220 county cases heard yesterday totaled \$3,625, while the fines of 497 city cases heard during the same period totaled \$3,132, the total city and county fines reaching \$6,757.

Read Love Notes in Court

LOS ANGELES, June 15.—The heart and soul of Madalynne Oberheind which burned the world again when the burning love letters she wrote to J. Edgar Kennedy were read to the jury retriving her on the charge of murdering her former sweetheart.

Prophetic at times and then inspired by an unlearned love, the letters held the jury and court room spectators spell-bound. And as the reading progressed the picture changed from one of faith and love to suspicion, doubt and then outright anger.

Seek to Free Kleagle

LOS ANGELES, June 15.—Efforts to negotiate the release on bail of Nathan A. Baker, kleagle of the Ku Klux Klan and confessed leader of the Ingleswood raiders, pending his trial August 7 with thirty-six other Klansmen charged with three felonies for alleged participation in the Ingleswood mob violence, were made by K. W. Price, King Kleagle of the Klan in California.

Deputy District Attorney Raymond Turney announced that the state will oppose efforts to have Baker's bail of \$10,000 reduced to \$1,000. Price surrendered in Judge House's court Tuesday afternoon, after remaining in hiding all morning and was released on \$500 bail, pending trial.

Witness from Madrid, Spain

LOS ANGELES, June 15.—Manuel Galvez of Madrid, Spain, an international expert on printing, engraving and texture of paper, was a witness at the trial of the suit brought by J. A. Kie-mann to recover \$65,000 he paid George H. Grinnell for supposedly rare stamps, which afterwards were declared to have been forgeries.

The stamps were what were known as "Hawaiian missionaries" and Galvez compared them with genuine postage stamps of that issue and pronounced the forty-two stamps purchased by Kie-mann as "poor" forgeries.

It was stated the case will require two or three weeks more of testimony.

KAHN EXPRESSES VIEWS

VIENNA, June 15.—While the economic situation of Austria is desperate it is not completely beyond salvation according to a statement made here by Otto Kahn, the American banker. Mr. Kahn is investigating Austrian conditions in detail, but he is not connected in any way with the conference of international bankers that adjourned in Paris on Saturday.

Business Growing Better, According to State Report

SACRAMENTO, June 15.—Business is prospering and state revenues increasing.

Proof of this conclusion is contained in a report of Secretary of State Jordan showing that a total of \$979,032 has been collected by the state in corporation license fees and penalties during the past eleven months. When the fiscal year ends June 30, there is every indication that the state's income from license fees will total near the million dollar mark.

Domestic corporations which lost their charters and foreign concerns which forfeited their rights to transact business in California during the eleven-month period totaled 2,548.

UNMARRIED MAN WINS BABY BUGGY

Large Crowd Gathers at C. of C. Auditorium to Participate in Prizes

T. Kuranaga of the Japan Art & Tea company, 135 South Brand boulevard, was host last night to approximately 1000 patrons who gathered at the Chamber of Commerce auditorium for the purpose of seeing who won the much heralded baby buggy prize.

O. E. Summers, single as yet, had the pleasure of pushing the perambulator from the room, while scores of other people got something for their trouble.

Charles Klein and Aileen Rose were winners in the pie-eating contest, while Waldo Cowan won the initial award.

Bread, mayonnaise dressing, coffee, tea, candy, cake, fruit basket, hand painted vase, chocolate set and tea set were given away, several little girls from the audience assisting Mr. Kuranaga, J. M. Knodes and E. F. Sanders, secretaries of the Chamber of Commerce, also were present to see that the crowd was kept happy.

In opening the evening's events, Mr. Kuranaga stated that he was promoting the affair for the purpose of getting people to trade at home and free tickets were given every person who visited his store entitling them to the opportunity of winning the prizes.

Another similar gift night is proposed by the Japan Art & Tea company immediately following the Christmas season, inasmuch as the one last night was such a success. Johannes Brothers, Ben Fur brands and Jevne goods were among those given away.

Executive Board of Scouts in Session

The executive board of the district council held its monthly meeting last night in the office of Roy L. Kent, 120 South Brand boulevard, and discussed matters of interest to Boy Scouts of the Verdugo Hills District.

"We can't organize troops fast enough to take care of the boys who want to be scouts," reported Scout Executive H. F. Benner. "At the present time there is a need for four more troops in Glendale and additional troops at Burbank, Roscoe, Sunland, La Crescenta, Mentrose and Eagle Rock. Our biggest task is to get the right kind of leaders."

Peter L. Ferry of 614 East Aca-cia avenue, chairman of the camping committee, reported that the scout camp will be one of the biggest camps for boys ever held. He admitted, however, that it would be impossible to accommodate all of the applicants. It was agreed to limit the camp to seventy-five boys and fifteen leaders.

Nine out of the ten members of the executive committee were present. They were: C. L. Chandler, E. E. Harwood, Roy L. Kent, Nathan Rigdon, W. C. Wattles, A. R. Eastman, Peter L. Ferry, R. W. Colburn and C. L. Suits.

ADMITS 357,903 ALIENS

WASHINGTON, June 15.—The labor department has announced that under the amended three per cent restrictive immigration law, 357,903 aliens may be admitted to the United States during the fiscal year beginning July 1, 1923. The number admitted this year was 355,825, but foreign born citizens of Alaska, Hawaii, and Porto Rico are to be included in the coming year restrictive list.

OPPOSING NOMINATION

WASHINGTON, June 15.—Hot fight against the nomination of Judge Vernon Van Fleet of South Bend, Ind., as a member of the federal trade commission by Senator La Follette, Republican, of Wisconsin, and members of the senate farm "bloc," is impending. The nomination has been held up for a week by the senate interstate commerce committee at La Follette's request.

CHURCHES INVESTIGATE

NEW YORK, June 15.—A committee consisting of representatives of various churches and others interested in economic conditions existing in the New River and Winding Gulf coal fields of West Virginia, will leave some time next week for a thorough investigation of that region, the International News Service learned from trustworthy sources.

'Character Estimate' Chart Is Devised to Analyze Mentalities of Young People

Dr. Ida L. Gregory. Dr. Duren J. Ward.

By MICHAEL F. DACEY
 By International News Service.
 DENVER—A "practical character estimate" chart, designed to revolutionize methods of analyzing adult as well as juvenile mental and physical efficiency, has been developed here under the supervision of Mrs. Ida L. Gregory, in collaboration with Dr. Duren J. Ward.
 It is believed the chart may become the standard for psychological tests in homes, schools, business houses, factories and courts throughout the country.
 The chart has been worked out after many years of study and observation.
 Mrs. Gregory long has been a student of human nature. She established and was superintendent of the first free night school in the city of Denver, with five pupils, turning the organization over to city supervision some time later, with nearly 500 students in attendance. She has been connected with Judge Ben Lindsay's Juvenile Court for nineteen years and has had wide opportunity to study juvenile behavior.
 Dr. Ward is a graduate of Hillsdale college, Harvard university and Leipzig university and studied at the University of Berlin. He has been a teacher and minister and is widely known as a writer on various phases of anthropology, ethnology, psychology, sociology and education and has published numerous articles and tracts on psychology.
 The chart, the combined efforts of the two scholars, is based almost entirely upon scientific data, tempered by the "human touch" of Mrs. Gregory's and Dr. Ward's years of observation. Its chief purpose is to properly classify children for elemental training. It may also be applied to adults for the purpose of "keeping round pegs out of square holes," thereby preventing much economic waste.
 "The analysis prescribed by the chart," Mrs. Gregory says, "will result in placing men in positions which their abilities fit."
 The modern methods of telling abilities and vocation, the chart shows, consist of a scientific inquiry into "heredity, temperament, sensitivity, perception,

A. B. Johnson Out for State Senator
 A. Burlingame Johnson of Pasadena, Republican candidate for the nomination of state senator to represent the Thirty-sixth District, which includes Glendale, was a recent visitor here. He was formerly an assemblyman from the Sixty-seventh District, and at one time was a member of the United States Consulate in China, and is well-known in Glendale.
 Mr. Johnson, it is stated, decided some time ago that he would be a candidate, but it is understood that a petition signed largely by Pasadenaans and presented to him decided him in favor of the race, subject to the August primaries.
 "I believe," stated Mr. Johnson, "that candidates for such responsible positions as this should at least be suggested by unselfish public-spirited citizens, and be based upon some special qualifications for the work to be done. The base of public office-seeking too often is found in a desire to share the emoluments rather than a desire to serve the public."
 "I take it that whatever good there is to be gained by experience from somewhat varied activities in business and public affairs my friends wish to endorse," he stated. "The more I can do and do plede, and solely with a desire to serve whatever is best in our social and civic fabrics. With this understanding and pledge, I offer my services and name in the coming primaries for the endorsement of my fellow citizens."
 Since his return from the Orient, eight years ago, it is understood that Mr. Johnson has been engaged in manufacturing lumber in the northern part of the state. During last year he opened three lumber yards in Glendale and Pasadena districts.

Northwest Section Aid Society Meets
 The northwest section of the Ladies' Aid of the Congregational church gave a silver tea Wednesday afternoon at the home of Mrs. Lev. Chas. Cook, 1414 W. 1st, with thirty women present. The entertainment provided by Mrs. Lauderdale was unique and very enjoyable. Each member present had been tagged on the back with the name of a distinguished historic or literary character. She was obliged to discover her own identity from the more or less indirect but leading questions asked by the company. Other games occupied the afternoon at the close of which refreshments were served.

ORANGE GROVE ACTIVITY
 Considerable activity is being shown on Orange Grove avenue, east of Adams street. Two residences are nearing completion and two more are being started. The assured erection of the new high school has created considerable inquiry for property for residential purposes in this section.
 Mr. Boydston, recently of Oregon, has the foundation in for a commodious five room modern residence.
 Graham & Wilson, of 1120 East Colorado boulevard, report the sale of several lots and real estate conditions are taking on a rosy hue.

T. D. & L. MATINEE ONLY
 The dazzling Mae Murray in George Fitzmaurice's feature production, "On With the Dance," is the attraction today at the T. D. & L. theatre, at the matinee only.
 Mr. Allan has donated the use of the popular playhouse tonight for the presentation of the Glendale schools.

BUILDING BOARD MEETS
 Members of the general building committee of the American Legion met last night, and considered plans for providing a home for Glendale post No. 127. W. B. Guthrie, chairman of the administration committee, presided and reports of various committees were made, showing progress.

Agricultural School Will Open in Alaska
 FAIRBANKS, Alaska — The farthest-north institution of higher education in the world, the Alaska Agricultural college and School of Mines, will be opened here next September.
 No longer will it be necessary for Alaska's high school graduates to go "outside" to complete their education, for the new college will afford courses in agriculture, home economics, mining engineering, civil engineering, general science and even special courses for the humble prospector and miner.
 Marking this important step in the development of Alaska, the opening of the college will be celebrated with elaborate ceremonies, under the direction of Judge Charles E. Bunnell, who was formerly Federal Judge for the Fourth Judicial Division of the territory, who was appointed president of the institution.
 The movement for the establishment of an accredited college in Alaska was started in 1917, when the territorial legislature appropriated \$60,000. It was not until 1921, however, when sufficient appropriations were made and the opening of the college next September became assured. Once operating, the college will be entitled to \$50,000 annually from the Federal government.

DISCUSS AIR TRAFFIC
 WASHINGTON, June 15.—Congress was asked to establish a precedent in the regulation of air traffic when Senator Hefflin, democrat, of Alabama, introduced a joint resolution to forbid aerial demonstrations over open air meetings in the District of Columbia. A fine of \$50 was provided for violations.

STUDENT BANQUET GUESTS HEAR OF SCHOOL WORK

'Codes' Annual Celebration Held Last Night for Various Leaders

A very successful student activity banquet was held last night in the Glendale Union High school cafeteria when the five principal departments of the student body—the cabinet, oratory, debating, the explosion, and The Stylus had their annual celebration, or "Codes" banquet, as it is called. All the leaders of the school and those who participated in these activities during the last school year and representatives from the faculty and the board of trustees were present.

The first part of the evening was spent in enjoying the delicious meal prepared and served by Miss Hansen's advanced cooking classes. The feature of the meal was the dessert, strawberry ice-cream inscribed with a chocolate "G" and cake with a chocolate border and the word "Codes" monogrammed in pink.

Tables Form Figure Five The tables were arranged to form the numeral five, representing the five activities. The place cards, which were very cleverly done, were prepared by Chester Vossbrink. The decorations of the evening were in red and black, the school colors, and with vases of red roses and red carnations placed on the tables.

The toastmistress of the occasion was Miss Lucy Strother, president of the student body. She proved to be an excellent toastmistress and carried her part off in a superb manner. Her introductions were short and to the point but very clever and full of life and humor.

After the meal was over the toasts began, Miss Strother calling on some of the orators and those gifted in the speaking line to give toasts to the different activities. Those who gave toasts and their subjects were: Maynard Toll, "The Cabinet"; Miss Charlotte Rominger, "The Faculty"; George Jordan, "Oratory"; Victor Colburn, "The Explosion"; Doris Packer, "Debating"; Paul Hutchinson, "The Stylus"; Walter Sullivan, "Eats"; and Kathleen Campbell, "School Activities." The after-dinner speeches were excellent, interesting, and sparkling with humor, the guests declared.

Honors Are Awarded

During the speaking program, Victor Colburn, secretary of debating, presented the debating pins to those who earned them during the past year. Two gold pins, which represent the highest honor and are earned by participation in four league debates, were presented to Paul Hutchinson and Kathleen Campbell. Silver pins, won by two league debates, were given to George Jordan and Dale Wood. Miss Gardiner in a very appropriate speech presented Victor Colburn with his silver pin. Bronze pins, for one league debate, were given to Helen Sherwood, Isabel Touney and Harold Majors. Mr. Moyse announced during the evening that Glendale High was fortunate to secure a debating instructor for next year.

The board of trustees were represented at the "Codes" banquet by Mr. and Mrs. H. W. Yarrick, 247 West Wilson avenue, and those of the faculty who enjoyed the evening were Mr. and Mrs. George Morse, Mr. and Mrs. A. L. Ferguson, Miss Freeman, Miss Abbott, Miss Gardner, Miss Knight, and Mr. Webb.

Walter Brinkop Is Here On Candidacy

Walter Brinkop of Los Angeles, candidate for the Republican nomination for state treasurer at the primaries to be held August 29, came to Glendale yesterday for a conference with various prominent citizens who are working in the interests of his candidacy.

Brinkop is all enthused over the success of his campaign. In speaking of his candidacy, he said: "I don't want the people of the state to think that I am making this race simply because I am an ex-soldier and that they should support me solely because of this fact. However, in picking a man for the job, one naturally looks to his qualifications for that job. The office of state treasurer does not require a man of military training. However, it does require a man who has had long experience in financial matters, who understands the handling of large sums of money and their safe keeping, and in other words, the office of state treasurer should be occupied by a man of special training along financial lines.

"In going before the voters of California, I go as a man who has had years of training in financial matters and who is at present in the bond and mortgage department of the Mortgage Guarantee Company of California. This should be sufficient proof of my ability. Ex-service men and women are working hard for my nomination and it is largely through their efforts that the forty-four Brinkop-for-Treasurer clubs have been organized throughout the state."

Central avenue girls were coached by Mrs. E. E. Harwood and the Midgets by Miss Gladys Sharpe. Wilbur Logan of Central avenue and Melville Walker of Intermediate umpired.

LABOR EXPECTING FACTION FIGHTS

Inside Troubles to Come Out at Convention Today, Is Belief of Leaders

By WARREN W. WHEATON For International News Service. CINCINNATI, June 15.—The period of uncertainty for organized labor's future policies, unity and political program arrived today.

There will be no set program of procedure beginning today for the American Federation of Labor's convention and labor leaders look for a rising to the surface of the factional bubbles of discontent before many more days of convention sessions pass.

Trouble lies in many of the veritable flood of resolutions already before the convention, leaders believe. Some, particularly those demanding the federation's approval of the one big union idea, the recognition of the Russian soviet government and various attempts to straighten out interior, local union disputes, team with dangerous possibilities, it is said. Leaders say they are "filled with dynamite."

Labor's unbundling of its wrath against the United States supreme court had not finished today. There remains to be presented to the convention a supplementary report of the legislative council of the federation which will be another seathing criticism of the judiciary. It is possible this will be presented today or tomorrow.

Favorable action is expected by leaders on United States Senator La Follette's suggestion, made during denunciation of the supreme court, that a constitutional amendment be sought to enable congress to over-ride decisions of the country's highest court declaring any act unconstitutional.

Midget Squad Wins From Central Team

The girls' indoor ball team from Central avenue school played the Midget team of the Intermediate school yesterday at the grounds of the latter with a resultant score in favor of the Midgets. Lineups were as follows: Central avenue, Rose Bagley, captain; Ruth Bender, Cornelia Hollingsworth, Elizabeth Coffman, Elfrida Tronowski, Mae Goetz, Jennie Sherland, Nancy Kilgore, Mary Pomeroy, Hazel Howard; Intermediate, Alice Garber, captain; Norma Faulkner, Catherine Browne, Janet West, Carmen Wilson, Virginia Bandino, Madeline Guglielmino, Louise Hoyt, Nora Wing.

Asks Legion's Approval WASHINGTON, June 15.—Senator Ladd, Republican of North Dakota, who has evolved a new cash plan for paying a soldiers' bonus, has sent a copy of his proposal to Hanford McNider, national commander of the American Legion, to ascertain whether or not the plan is acceptable to the veterans' organization.

Proposals Is Rejected NEW YORK, June 15.—The coal operators' proposal that President Harding be asked to appoint a commission or tribunal for the adjustment of present and future disputes in the coal industry was declared unacceptable to the miners in a formal statement presented to the operators by a miners' committee headed by John L. Lewis, president of the United Mine Workers of America.

Body Taken from River SACRAMENTO, June 15.—The body of a man, believed to be that of Joseph Haley, a local ship contractor, was recovered from the Sacramento river. Haley was drowned about a week ago when a small boat in which he was riding collided with a barge.

Bound, Gagged and Robbed SAN FRANCISCO, June 15.—Joseph W. Robinson, Louisville, Ky., reported to the police that he had been bound, gagged and robbed of \$1,400 in cash and \$500 in jewelry in his room at the Idora hotel by two armed men. He was unable to extricate himself from his bonds until nearly noon.

Alleged Smugglers Arrested SEATTLE, June 15.—Roy Olmstead, former lieutenant of police, is at liberty on \$1,000 bail. Eddie Gay is held by federal prohibition enforcement agents and Lou Gilliam is to be surrendered to the federal authorities as a result of a round-up of alleged booze smugglers and bootleggers supplying Washington and California cities.

First Cash Dividend NEW YORK, June 15.—The Sinclair Consolidated Oil corporation declared an initial quarterly dividend of fifty cents a share. This is the first cash dividend ever paid by the corporation, previous disbursements being made in stock.

BOOZE SOLD, IS CHARGE WASHINGTON, June 15.—President Harding has referred to Chairman Lasker of the shipping board, a letter from Adolphus Smith III, of St. Louis, charging that intoxicating liquor is sold on shipping board vessels, it was learned at the White House. Lasker has been asked to report to the president regarding Busch's charges.

NEW ENGINE OF WAR LONDON, June 15.—A new engine of warfare—an all-steel airplane which cannot be set on fire—is being tested out by the British experimental staff at Farnborough, it was learned today.

ECONOMIC MEET IS OPENED TODAY

Russian Problem Will Be Studied In Detail at The Hague Session

By S. D. WEYER For International News Service. THE HAGUE, June 15.—The international conference to consider the means for the reconstruction of Russia and by which Great Britain hopes to bring about a long term truce to secure the peace of Europe opened today.

The threads of the Genoa conference will be picked up at once after a mixed commission is appointed to study the Russian problem in detail. Economic experts representing more than a dozen nations are gathered here. The United States is not officially reported. Neither is Germany.

The next ten days will be given over to the appointment of the mixed commission and the outlining of the agenda. The taking of testimony from the commission of Russian experts will not begin until June 26. If the present plans are followed the examination of the Russians will continue for about three months after which the mixed commission will make a report, embodying recommendations as to the best means of rehabilitating Russia economically.

The star diplomats of Russia were absent when the curtain was rung up for this latest international conference. Premier Lloyd George decided not to attend. British interests are in the keeping of a commission of experts headed by Sir Philip Graeme.

Miss Betty Snookum Is Wild Ex-Actress

NEW YORK, June 15.—Coney Island has returned to normalcy after the most exciting evening since the hot dog was introduced into the resort. It was all caused by Miss Betty Snookum, a former actress in the movies. Betty is a baboon, aged 11 years, and weighs 150 pounds. She has been starring at a Coney Island concession, but Tuesday night she snapped her chain and decided to go out for a walk.

The ambition to move animated about 20,000 persons at the same moment. Some one telephoned to the police that wild beasts were at large chewing up everybody in Coney. Policemen armed with revolvers started after Betty and the shots increased the general turmoil.

Betty amused herself by entering restaurants and turning on the faucets of coffee urns and occasionally hurling a plate at a too inquisitive policeman. After a two-hour stroll she returned to her cage and went to sleep with a smile on her face. It had been a successful evening.

ROBERTS & ECHOLS
Make Remarkable Offer To Any Person In Glendale Who Is Weak, Sick, Nervous or Run-Down.

It Is Now Possible for You to Come to This Store, Buy a Regular \$1.10 Package of Nuxated Iron, Use It for Two Weeks, and if at the End of That Time You Have Not Received All, and Even Greater Benefits Than You Expect, Simply Bring the Wrapper Back to Roberts & Echols, and We Will Cheerfully Hand You Back Your Money

Glendale people may well ask how we can afford to make this remarkable "Satisfaction or Money Back" offer. Medical examinations by physicians all over the country show that an amazing number of people lack 100% iron in their blood. At a recent conference, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out Door Hospital), New York, and the Westchester County Hospital, said, "Without iron, the blood becomes weak, thin, pale and watery. In many people this so seriously weakens their vital organs as to lead them to believe that they have heart or stomach trouble, kidney disease, nerve force exhaustion or some other serious ailment. I have had people come to me thinking they had heart trouble, because they often had pains and palpitation of the heart, sudden dizziness, faintness of spots before the eyes. In a great many of these cases, the moment iron was supplied, all of these symptoms disappeared." We make this offer because Genuine Nuxated Iron contains true organic iron like the iron in your blood. So many people are deficient in iron who would surely be benefited by this remarkable remedy, that we recommend that you come right to Roberts & Echols and get your bottle of Nuxated iron. Use it for two weeks, and note the improvement in your own case in strength, energy and endurance. If you are not more than surprised at the results, just bring back the wrapper and we will promptly refund your money without question.—Advertisement.

FILAMENT CURRENT VARIATION AND PLATE CURRENT

It has been explained that the number of electrons emitted by a vacuum tube filament per second (the rate of emission) depends upon the filament temperature. This, of course, depends in turn upon the strength of the current passing through the filament. The higher the temperature of water being heated over a stove the faster the water evaporates. Also the higher the filament temperature the faster the electrons are evaporated from the filament. The current for the filament is usually supplied by a storage battery quite similar to that used for automobile starting and lighting. In fact, an automobile battery could be used for the purpose providing the voltage is not too high for the tube in use. Most tubes require six volt batteries. The flow of current from the battery through the filament may be regulated by a small rheostat called a "filament rheostat."
 The current passing between the filament and plate of a vacuum tube depends upon the rate at which the electrons arrive at the plate. We have seen that they may be attracted to this plate at an increasing rate until they are omitted. Then, since there are no more electrons available per second, the plate current ceases to increase with an increase of plate voltage which provides the attractive force. It is then necessary to increase the supply of

 RADIO ENGINEER, CUTTING AND WASHINGTON RADIO CORP

THE HIGH-MU AUDION

The vacuum tube illustrated, according to the manufacturer, is only used for amplification and as an oscillator tube. Any other use constitutes an infringement of patents covering tubes used as detectors. As an amplifier, however, it is claimed

a storage battery used for filament lighting (the "A" battery). The filament goes straight through from one end of the tube to the other. The grid is a spiral set rather close to the filament and the plate is cylindrical, quite similar to the usual design. The construction is very rugged. The manufacturers claim a high percentage of uniformity in their product which is interesting.

A vacuum tube when used as an amplifier in a multistage amplification circuit must be free from noises or the tubes in succeeding stages will amplify the noises along with the signals. It is claimed that the High-Mu tube is free from all mechanical noises. Being a high vacuum tube it naturally does not have the "hissing point" characteristic of soft detector tubes. When used as an oscillator the tube will oscillate freely on plate voltages between two and three hundred volts. The plate current at the high voltages is at all times under control of the grid due to the high vacuum.

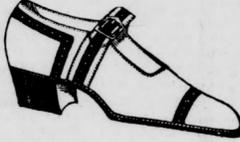

At both ends of the tube are caps of molded insulation. The plate and one of the filament leads are brought out at one end and the grid and other filament leads are brought out of the opposite end. The terminals, two in each cap, are so arranged that quick and easy connection is made when the tube is pressed into the holding clips of the receptacle. A special form of receptacle is used since the tube will not fit in the standard tube sockets. This receptacle is a one-piece molded Condensite block 2 1/4 inches by 3/4 inches. The contact clips are very strong and hold the lamp very rigidly in position. One cap of the tube is red, while the other is black and the receptacle is so marked that it is impossible to make the wrong connection.

to be very efficient and to have a voltage amplification factor five times that of the usual types. This is said to be due to the design which permits the use of high voltages, up to three hundred volts, on the plates. The tube is exhausted to a high degree of vacuum and is what is known as a "hard" tube. A special filament material is used and very little filament current is used. The average current consumption per tube is 3 of one ampere, which is somewhat lower than the average of most tubes. There is, therefore, less drain on

Citizens Flee From City's Heavy Taxes Chicago Pastor Does Not Like Flappers

PERSHING, Okla.—“They bonded the town so dog-gone heavy the folks all moved away.” That’s the way one of the “surviving” residents described the plight of this “city” today.
 Pershing—boom town of the Osage country—incorporated in 1919 and quickly growing to a population of several thousand, has but a few hundred inhabitants left within its limits. It’s “Main Street” looks deserted—for all the world like a state street on a movie “lot” after the mob “extras” have left and the cameras have ceased to grind.
 It had big ideas, according to the “early settlers.” It took the name of the commander of the American armies in the war, and General Pershing, justly proud, gave money for its beautiful church edifice.
 But it wanted public improvements and bonded itself for \$140,000. Taxes soon soared. They reached 16 per cent. where they are at present, and the Pershing-ites began to “pull up stakes” and move. Some of the buildings which were portable were hauled out of town. Others were boarded up.
 Oklahoma taxpayers who took \$80,000 of Pershing’s bonds have now asked for an investigation, which has been ordered, to ascertain why the interest on their bonds has not been kept up.
 And in the meantime Pershing wonders what it will do to solve its problem—taxes, taxes and still more taxes.
COMMITTEE ON INQUIRY
 WASHINGTON, June 15.—Chairman Nelson of the senate committee has appointed Senators Sterling, Republican, South Dakota; Cummins, Republican, Iowa; and Overman, Democrat, North Carolina, to serve as a subcommittee in the investigation of alien property custodian’s office.

English Ranks First With Denver Parents Tourists Play Golf Far Above Sea Level Flap Flapjacks Is Advice to Flappers

DENVER—The study of English takes first rank with students and parents of Denver’s high schools, according to announcement here by Superintendent of Schools J. H. Newlon.
 Superintendent Newlon sent out questionnaires to high school seniors, to students just entering high school and to parents of both, with the result that an overwhelming majority returned answers indicating that English as the most important study. Mathematics ranked second in choice, while history and civics were given comparatively little importance. Public speaking was awarded little consideration by the pupils and parents.
 The questionnaires also indicated that study at school was favored over study in the home.
 In commenting upon the returns on the “subject of most value,” Superintendent Newlon declared that it was cause for serious thought that history and civics were assigned a low place by both students and parents.
 “The study of the history of the United States and its government are of supreme importance in preparing boys and girls for citizenship,” he said.
WEAR CIVILIAN CLOTHES
 WASHINGTON, June 15.—Secretary of War Weeks has issued an order permitting officers and enlisted men of the army to wear civilian clothes after June 15, when they are in continental United States and not on duty with troops.
TOURISTS PLAY GOLF FAR ABOVE SEA LEVEL
 DENVER—Auto tourists and campers in Denver’s mountain parks will have opportunity this year to enjoy golf 8,000 feet above sea level on a rolling surface in the Colorado Rockies.
 A golf course is being laid out east of Buffalo Bill’s Lookout Mountain grave, and a clubhouse, nestled in a sheltered spot, will be constructed for the comfort of the patrons.
 The site of the clubhouse is directly opposite the famous Genesee Mountain ski course, and a splendid view of the mountains and plains will be afforded from the clubhouse verandahs.
FLAP FLAPJACKS IS ADVICE TO FLAPPERS
 MIAMI, Okla.—“Flappers, if you must flap, flap flapjacks. It’s the advice of Miss Orietta Stoddard, 13-year-old school girl and the youngest ordained Methodist minister in the country.
 Miss Stoddard cares nothing for “cake eaters.” The society of “shifters” mean nothing in her young life. She’s not against a little harmless “flapping,” but she rises to pass out a few “dents” for the frivolous.
 “Don’t forget that skirts are more than girldes,” she asserts.
 “Don’t smoke cigarettes because others are silly enough to do it.”
 “Don’t make dates unless mother approves.”
 “Don’t trade your beauty for a good time.”
 Miss Stoddard, now finishing her school year, will spend her summer vacation, not in joy riding, but in preaching the gospel in the churches in her district.

MUTUAL BENEFIT CIRCLE IN PICNIC

Annual Reunion Is Largely Attended and Excellent Program Featured

The annual reunion and picnic of the Mutual Benefit Reading Circle, held yesterday afternoon at La Ramada park, was enjoyed by more than 200 members and their guests. The picturesque little park and the balmy spring day furnished an ideal setting for the occasion, which marked the last meeting of the Circle for this year.

The program opened at 12 o'clock with the salute to the flag, with Mrs. W. H. Crawford as leader. This was followed by the singing of "America," led by Mrs. H. V. Henry.

Luncheon was then served, the picnicers being seated at long tables radiating from the center, in the shape of a star. Favours of tiny potted plants with flags as blossoms at every place, and decorations were in the national colors in commemoration of flag day.

Talks Are Made

Richardson D. White, city superintendent of schools, gave a "Big Brother" talk, and Mrs. H. R. Archibald followed with a "Big Sister" talk. Greetings were read from Mrs. Charles H. Toll, the original organizer of the Circle, who was unable to attend on account of her activities with the Ebell club, and from Mrs. J. C. Danford, of the public library.

A beautiful basket of flowers was then presented to Mrs. A. A. Barton, leader of the Circle, accompanied by the singing of an original song, "We Love a Lady," to the air of "I Love a Lassie."

Mrs. Barton responded with a few words of thanks and appreciation, both of the floral offering and the attendance.

James W. Foley, a poet of Pasadena, gave an interesting address on "A Friend of the Family." He read a few of his poems, and dwelt on the necessity for complete understanding between persons of different ages and classes.

The affair closed with the singing of "Auld Lang Syne."

IS OUT ON HEAVY BAIL

CHICAGO, June 15.—Cornelius J. Shea, Daniel McCarthy and Mrs. John Miller, indicted in connection with the murder of Police Lieutenant Terence Lyons, a month ago, were ordered admitted to bail of \$75,000 each by Judge Taylor in criminal court.

REDUCTIONS IN TARIFF

WASHINGTON, June 15.—The senate finance committee announced it had agreed to reduce the tariff on surgical and dental instruments. The new rates will be 45 per cent ad valorem on surgical instruments and 35 per cent on dental instruments.

NOMINATED BY HARDING

WASHINGTON, June 15.—Fred Starck, former newspaperman of Cleveland, Ohio, has been nominated by President Harding as a director of the war finance corporation.

War Mothers Need Machines to Take Delegates on Ride

Here is an opportunity for service to the most deserving people in the world, folks. The War Mothers, now in convention at Los Angeles, have been invited to see Glendale.

They will, too, if the good people who have motor cars will telephone Mrs. Alex Mitchell that their machines will report tomorrow, Friday night, for the tour.

Mrs. Mitchell will give the directions. Phone Glendale 54-W tonight.

Of course you will.

HARRY CAREY IN WESTERN PICTURE

See the West in 'Man to Man,' Attraction at the Glendale Theatre

C'mon, see the west, young man.

It certainly is in "Man to Man," the Universal-Jewel production at the Glendale theatre. The broad sweeps of unfenced grazing kingdoms of Arizona and California furnished the background against which Harry Carey and a strong cast of players were photographed in the action of a virile story.

A stampede of five thousand head of cattle gives enough thrill to the spectator to prove that Stuart Patton, the director, hasn't lost his pep since he directed "Conflict," Priscilla Dean's amazing Universal-Jewel starring vehicle, which provided theatre-goers with a whole flock of thrills.

"The Barnstormers," one of those Sunshine comedies, provides a week of chuckles in thirty minutes, while Pathe News and Aesop's Fables are too diverse to tell about. So see 'em.

Discussion of Wright Law Friday Night

The executive board of the Federated Brotherhood of Glendale is planning a public meeting open to the men and women of Glendale and, especially to the members of the Federated Brotherhoods of the protestant churches, to be held Friday night at 7:45 o'clock at the First Methodist church. The purpose of the meeting is to place before the people the Wright law for enforcement of the prohibition act under the eighteenth amendment. The speakers of the evening will include Judge W. H. Thomas of Santa Ana and Dr. Francis of Los Angeles.

COMMENT THAT'S ALL

Putting Off Till Tomorrow Business Here Is Good Let's Go to the Beach No One Shimmies Any More

By Gil A. Cowan

SOMEWHERE along about this time of the year everybody gets lackadaisical, whatever that means.

In the words of a boy I once knew, they don't care if they don't do nothing at all.

It is the slack in the rope for which the summer's heat undoubtedly is responsible or reprehensible, or something like that.

However, there is a compensating reaction, our scientific friends say, or words to that effect.

And what Glendale doesn't do today, it will tomorrow.

Things may be a bit slow with some, but if you glance around the folk will show anyone that they are 50 to 100 per cent better here this summer than a year ago.

The Glendale Evening News, as an established institution, is doing more by far than ever before. So are many of the stores here. BUSINESS HERE IS GOOD!

The building record is traveling right along and this fall will see it outdistancing anything previously. Already it has such a start over a year ago that the only way for anyone to take a vacation in the material and construction industries is to steal it.

Right there is the secret of a lot of the smoke screen that hides the prosperity looking this city in the face. Some of the most active men are out of the city, or have been, or will be for a few days. Others are awaiting their return.

Had occasion to visit one of the stores yesterday inquiring for an advertisement. Proprietor is in Colorado to see his mother. Those in charge didn't want to do anything while he was away—they have enough of a job to tend to the business.

Want to see a real estate man and found he was in "Frisco at the Shriners' doing. So, another business man I tried to find. That's the way with this western country.

When any one wants to go any place, they do not announce it. Simply turn the key in the door and away they go.

Remember a baker on East Broadway not so many years ago who worked nine months each year to take three months' vacation. And he made money, too.

Two or three of Glendale's builders are over in Europe right now saying "howdy" to their old home folks. A half dozen more are in the east. Two or three are sick—and yet business goes on without them.

From inside information it may be positively stated that the season of 1922-23 will see more construction work here than ever before.

It's all lined up, folks. So let's go—to the beach, for instance, and enjoy ourselves a few days.

Going to the beach this year affords some real pleasure. The bathing suits are now at the irreducible minimum of one piece and that eliminates the comment and guessing contests. Why somebody didn't think of it a long time ago seems strange, for the effect is such that a person doesn't care a hang now how much bathers forget, as long as they forget themselves.

The real question is how well they can wear clothes. And, as for amusements, the new dances don't seem to be such a rage, although almost everyone dances and enjoys the pastime.

It isn't a question of how rough they are, but how gracefully they can glide about.

Mack Sennett has been muchly maligned for introducing the slapstick stuff and the bathing beauties, but the effect has been for the good.

The day of half-concealing, half-revealing one's physical charm is gone. Nobody shimmies now unless they want to dance with St. Vitus.

Vampires are mythological creatures and the so-called flappers have found a permanent place in the sun.

Yes, the western world has accomplished a transition that a decade ago would have horrified a public which likes to be humbugged into the belief that suppression, not expression of life as it really is, provides the answer to social and moral problems.

However, it is well that somebody held the brakes and slowed up evolution. Otherwise there would have been too many wrecks along the way.

Society Vaudeville At Glendale Friday

The annual society vaudeville is an event which is looked forward to each year and this year an entirely new program with new costumes is to be given. There will be fancy and interpretative dancing, songs, recitations and musical readings and a solo by Betty Jane Stewart, who is only 2 years and 4 months old.

Mrs. Brattain's work with the children and grown-up pupils, who will also be included in the program, is known for the thoroughness of detail and unique costumes with which it is presented. The "Garden Dance," presented for the first time recently at the Ambassador hotel, will be included in tomorrow's program, as will also the butterfly ballet, Oriental ballet, Mother Goose dances, and solo dances, among which will be Oriental, Grecian, interpretative, Russian, Dutch, character, eccentric, buck and wing and toe.

There will be eighty-five pupils and a school take part.

HARDING MARINE PLANS MENAGED

Must Stop Liquor Sales On Shipping Board Craft, Congress Indicates

By A. O. HAYWARD For International News Service. WASHINGTON, June 15.—

President Harding's long-cherished plan for the department of American merchant marine today was threatened with defeat unless the government takes immediate steps to stop the sale of intoxicating liquor on the United States shipping board vessels.

Members of the house who are opposed to the Harding-Lasker ship subsidy bill on general principles prepared to form a coalition with the ardent prohibitionists to put through an amendment barring ships which carry liquor for the benefit of the subsidy legislation.

Republican leaders plan to block this move by establishing a form of cloture in the house to prevent such an amendment from being considered, but it was evident today that Chairman Lasker's policy of selling liquor on government ships is to be attacked so vigorously in both branches of congress that the administration may be forced to alter this policy or to establish definitely its legality through a new ruling by the department of justice, pending a decision by the United States supreme court.

Hope to Stage Fight If the Democrats in the house find it impossible to attach the prohibition rider to the ship subsidy bill they hope to stage a fight on that issue which will prevent enactment of the shipping legislation during the present session of congress.

House leaders admit that the exceedingly precarious situation in which the administration's ship subsidy bill has rested for several weeks is even more complicated today because of the charges of Adolphus Busch that the United States is the "biggest bootlegger in the world." Even if the administration should bow to the will of the "dry" and agree to stop selling liquor on government vessels, shipping authorities declare the development of the merchant marine would be placed in jeopardy because American ships could not compete with British vessels which are permitted to dispense liquor.

The Anti-Saloon league adherents declare this problem could be solved by prohibiting all ships—British or American—from carrying intoxicants within the three-mile limit. Wayne B. Wheeler, general counsel for the league, says such prohibition is provided through recent decisions of the supreme court in interpreting the Volstead act.

Club Members Visit At Garvanza Home

The M. K. T. Club, which has several members in Glendale, held one of the most successful meetings of the year Tuesday of this week at the home of Mr. and Mrs. Frank Robinson of Garvanza. A social time and basket lunch was enjoyed during the noon hours and a program presented in the afternoon. Musical numbers included piano selections by Frank Robinson, vocal numbers by Mrs. Dr. Lowrey. A reading, in Scotch dialect, by Mrs. Bradley, was most entertaining; Mrs. John Robinson gave a short address on "Numerology"; "Newer Religion and Psychic Laws," was the theme chosen by the speaker of the afternoon, Mrs. E. Z. Barnett, of Glendale.

Those present were Mrs. Claude Putnam, Mrs. Charles Carroll, Mrs. Witham, Mrs. Bradley, Mrs. Alice Travers, Mrs. E. Z. Barnett, Mrs. Williams of Glendale; Mrs. A. R. Martin and Mrs. Grace Brunner of Pasadena; Dr. Lantry, Dr. Anna Tasker, Mrs. Beers, Mrs. Kirkby, Mrs. Clark, Mrs. Von De-Roll, Mrs. Young, Mrs. Flaehaeger, Mrs. Dunlap, Mrs. Rankin, Mrs. Antrum, Mrs. Dennison of Los Angeles. The next meeting of the club will be held in Sycamore Grove, July 12.

George R. Bradbury Buys Thirteen Lots

George R. Bradbury, who is building the original Spanish apartment court on Glendale avenue at Windsor Road, has purchased thirteen lots in West Kenneth Square and he will start construction soon on several typically California bungalows.

No two will be alike and they will be built with the idea of quick sale which will do much to develop the vicinity adjacent to Kenneth Road west of Grand View avenue, according to R. S. Henry of the Charles B. Guthrie agency, 103 1/2 South Brand boulevard.

Earl C. Goodspeed, a retired army captain, also has purchased a lot in the West Kenneth Square tract on which he plans to build.

COMMUNICATION HALTED

SPRINGFIELD, Ill., June 15.—Electric rail traffic in and out of this city was completely paralyzed while gangs of workmen were striving to erect poles and clear debris from the right of way which was strewn about in a fierce wind and electric storm which struck here.

Telephone wires were down, cutting off communication completely to numerous points in central Illinois. Several homes in this city were damaged by falling trees. No fatalities have been reported.

PLAN TO INVEST IN PROPERTY HERE

Two Brothers Already Buy Lee Flats; Considering Other Investments

One of the largest real estate sales of its kind in several weeks was closed recently when the Lee Flats at the northeast corner of Laurel and Maple streets were sold to E. R. Edwards and his brother, J. Edwards, who are prominent in financial and real estate circles in Long Beach. They own valuable oil land in the Signal Hill and Santa Fe Springs oil fields, it is stated. It is understood that they intend to invest heavily in Glendale properties with a view of locating here permanently.

E. R. Edwards was invited to investigate business opportunities in Glendale by his daughter, Mrs. C. H. Smith, whose husband owns the Fountain Lunch at the Sam Seelig store. Mr. and Mrs. Smith will occupy one of the new flats.

NEW FOUNTAIN AT PARK PHARMACY

E. E. Brown Is Receiving Many Compliments On Store Improvement

E. E. Brown, proprietor of the Park Avenue pharmacy, "went and done it."

He has installed one of the most modern and model soda fountains in the city.

Sure, and he is going to be ready to accommodate the thrifty on South Brand boulevard in the vicinity of Park avenue with twelve sitting up to the counter at a time.

That counter is marble, with a marble footrest on which you can scrape gum off of your shoes kinda careless like and otherwise treat with disdain, although it cost Mr. Brown something like \$2500.

Of course, that figure includes the refrigerator back bar which will keep the bottled goods, such as ginger ale, near beer, etc., nice and cool.

It is a real improvement—that fountain—and the proprietor may well feel proud of it.
