Lord's Day Act Not Applicable, Defence Argues

Federal Legislation Has Nothing to Do With Sunday Closing Here, Defence in Sabbath Prosecution Asserts; Provincial Shops Regulation Act Only Effective, Is Claim.

That the Lord's Day Act has nothing to do with Sunday closing in Victoria in effect will be the contention of the defence when prosecution of alleged Sabbath violators commences in the Police Court this afternoon.

Only the Dominion Parliament may prohibit anything from being done on Sunday, the defence will argue. But the Province, it will declare, can permit the transaction of any business on Sunday even though it is prohibited by Federal legislation.

It had been planned to proceed with the Sunday closing cases in the Assize Court this morning, but it was found, however, that the courtroom would be in use all morning so the proceedings were postponed until this afternoon.

DR. AUGUSTINE

BAD EYES DENY MANY FAIR CHANCE

Dr. Augustine, Noted Optometrist, Issues Warning Brings Glasses That Helped Samuel Hopkins Sign Declaration

Three out of every ten school children now wear glasses in this country, but the proportion should be seven out of ten, and the other four who should be, and are not, are doing irreparable damage to their eyesight, according to Dr. R. C. Augustine, president emeritus of the American Optometric Association, who arrived here to-day.

Dr. Augustine to-day lectured to the students of the Victoria High School on eyesight, care and general health principles. Last night he lectured to the students of the Spryshaw school here. To-night he will address the Kiwanis Club dinner at the Jubilee Hotel.

Historic Glasses Dr. Augustine brought to Victoria the spectacles of Samuel Hopkins which he used when he signed the Declaration of Independence. The lenses of these glasses are about one-third the size of the present-day glasses and are oblong, with bevelled corners. They are the models of the new colonial style of glasses which are oblong in shape. The glasses of Samuel Hopkins are in pure silver and contain the finest of the treasures of the optometrist's art of the world.

To Be Careful of Eyesight At the Victoria High School to-day, where his lecture was arranged for him by Dr. A. P. Blyth, Dr. Augustine cautioned students and others against reading while lying down, and urged them to see that the light is always in the right position, coming from over the shoulder, when reading.

"Eye strain means nerve waste," said Dr. Augustine. "Nerve waste leads to nervous exhaustion, an ailment which is a predisposing factor in nearly every ill that flesh is heir to."

"Blindness in America has decreased over 20 per cent since the advent of glasses. Every other country registers an increase. Five Americans and Canadians wear glasses to one of any other nationality."

"Sixty-two per cent of all children between five and sixteen years have defective vision. Of this number, fifteen per cent have myopia or nearsightedness, complicated or uncomplicated by astigmatism. Eighty-five per cent have hyperopia or farsightedness complicated or uncomplicated by astigmatism."

FROM INDIAN TO SETTLE ON ISLAND

Col. and Mrs. A. Playfair Arrived Here Had New Residence Built at Qualicum Beach

Arriving from India to settle on Vancouver Island, Col. and Mrs. A. Playfair were passengers reaching here last evening by the Nippon Yusen Kaima liner Yokohama Maru. Col. Playfair is among the advance guard of a number of British military officers retiring from the Indian service who are coming to British Columbia to settle, although he is in no way associated with the Government plan to induce British military officers to come to this Province from India. Col. Playfair has long considered coming to Vancouver Island.

He recently had a residence built at Qualicum Beach, which was completed almost simultaneously with his arrival here. Col. and Mrs. Playfair will make their residence at Qualicum Beach. Captain K. Kurihara, new port captain for the Nippon Yusen Kaima at Seattle, was a passenger by the Yokohama Maru. The ship left at midnight for Seattle.

SHRINERS TO MAKE VICTORIA RING

Will Pour in Here by Thousands for Next Few Days Bring Own Bands and Chanters; to Gives Parades Here

Just as many as the boats of the C. P. R. can carry of the vast army of 300,000 Shriners and their wives, who are now moving on San Francisco will be brought over to Victoria during the next three days.

The influx will start to-morrow, E. E. Leeson, recorder of the city temple here has been notified.

To-morrow's contingent arriving on the afternoon boat from Vancouver will include 250 from Kosar Temple of Louisville, Kentucky. On the same boat will be as many as can get aboard from the Hella Temple of Dallas, Texas. The Dallas Temple brings a big band.

Special trains are being run over the C. P. R. every couple of hours carrying only Shriners in to Vancouver from where they are transported to San Francisco. These trains will continue streaming into the city hour after hour Wednesday, Thursday and Friday. About half the number of Shriners going to San Francisco are being brought over by the C. P. R. Those who are coming West by Southern lines will return East by the C. P. R.

TWO BUILDINGS IN LEMBERG FELL; PERSONS KILLED

Lemberg, Poland, June 6.—More than forty persons were buried in the debris and many were killed to-day when two ancient three-story buildings, collapsed. The buildings are believed to have been shaken down by vibrations caused by a passing motor truck.

SECOND BREAK FROM MENTAL HOSPITAL

Police and Guards Seek Arthur Holt

Successfully evading the guards at the Wilkinson Road Mental Home, Arthur Holt, an inmate who is stated to have been nearly black out by fear of relatives, yesterday gained his freedom, and is believed to be hiding on the island.

According to the scanty information available Superintendent Farrar declining to issue any statement. Holt got away shortly before 10 o'clock yesterday morning. Provincial police authorities were at once notified, and a posse was organized to search for the man. The Sûreté police were not informed of the break until after 7 o'clock last night, when the joined in the search, it is stated.

Today the police officials scattered through the upper areas of Vancouver Island have been notified and are on the watch for the evader. Holt is described as follows: About thirty-five years of age, five feet six inches tall, 130 pounds weight, reddish hair, short clipped reddish moustache, ruddy complexion, wearing a faded and a dark blue skull cap. He walks with a shuffling gait, drooping shoulders and carries his head lopsidedly forward.

APPEAL COURT OPENS WITH LENGTHY LIST

WAGE OUTS LEAD TO STATE DOES \$60,000,000 Decision by U.S. Railway Labor Board

Chicago, June 6.—The strong protest of three labor representatives on the United States Railway Labor Board, a new wage cut of seven cents an hour for railway shop mechanics and nine cents for freight carmen, cutting 400,000 shopmen's pay by \$60,000,000 a year, was ordered by the board to-day.

The new wage reduction brought an estimated added saving of \$59,558,377 annually to the railroads, following on the heels of a \$50,000,000 cut in the wages of maintenance of way laborers last week. The shop craft decision becomes effective July 1, the same date as last week's order.

Minority Report The minority report of the labor members pointedly stated that the majority decision was made with no consideration of human needs, and charged that it failed to carry out the function of the board to set a fair and reasonable wage.

The board's latest decision, which is to be followed shortly by reductions for railway clerks, telegraphers and all other classes of railway employees except the train service men, was brief, and offered no explanation as to how the new rates were arrived at.

Chicago, June 6.—A strike vote of approximately 1,200,000 railroad workers will be taken by the individual unions affected by railroad

CRERAR MOTION IS RULED OUT

Commons Decides Against Budget Sub-amendment Ruling of Speaker Lemieux Is Upheld

Ottawa, June 6.—(Canadian Press)—Speaker Lemieux in the House this afternoon ruled out of order the amendment submitted by Hon. T. A. Crerar yesterday to the Drayton Conservative budget amendment.

Mr. Crerar submitted that conditions at present obtaining in the Canadian Parliament justified a departure from establishment practice. There was now a third party which was entitled to express its views.

Mr. Crerar then appealed to the House from the ruling. By a vote of 122 to 65, a majority of 57, the ruling of Speaker Lemieux on the Crerar sub-amendment ruling it out of order, was sustained. Liberals and Conservatives voted together in support of the Speaker's ruling. The Progressives voted solidly in opposition to it. A. B. Hudson, Independent Liberal member for Winnipeg South, voted with the Progressives.

URGE CHRISTIANS BE DRIVEN AWAY

Turkish Newspapers Are Attacking Armenians Many Cilician Christians Killed or Deported

Adana, Cilicia, June 6.—The Turkish newspapers are coming out boldly in advocacy of a policy of clearing out all Christians from Cilicia so that the country may become purely Moslem, thus removing any basis for international action here by the big Christian powers. Numerous Christians are being imprisoned on political charges and their estates confiscated and sold on the allegation that they belonged to the Turks before the war.

It is estimated here that fully 80 per cent of the Armenians in Cilicia have either been conscripted, deported, killed or have died of starvation. A large number of those remaining have embraced the Moslem faith so as to escape persecution.

HELICOPTER BEING BUILT IN BRITAIN

But Reports of Success Are Premature To Be Tested in Autumn, Says L. Brennan

London, June 6.—Louis Brennan, in an interview with The Evening News to-day, said reports appearing in other English newspapers regarding the success of the inventor's helicopter were unfounded.

"The simple truth is that the machine has not been out of its shed," he was quoted as saying. "We cannot tell from experiments with the model whether the full size machine will answer the conditions. My big machine will not be tested until Autumn."

One of the reports of the success of the Brennan helicopter was given by The Pall Mall Gazette, which said such a machine would be used in aviation experiments for decades, had been devised by Louis Brennan, noted inventor, with the aid of the British Government, and that he was the inventor of the Brennan torpedo and the gyroscopic monoplane.

The paper claimed the helicopter could rise from and land on a small roof, hover stationary in the air, rise to a height of 2,000 feet and fly sixty miles an hour. All these requirements were to have been met by the inventor, which had been given by the Air Ministry, which had been preparing to offer for its fulfillment a prize of £50,000, said the paper.

"It is the most important and far-reaching accomplishment yet attained in the history of flying," declared The Gazette. "It is revolutionary and destined to change not only the whole aspect of warfare, but also that of transport in general and commercial aeronautics in particular."

Mr. Griffith is expected to bring with him the revised constitution and to-morrow the Irish representatives will meet Mr. Churchill for a preliminary discussion of the document.

Premier Lloyd George will arrive in London from Wales on Thursday. He will confer with Secretary Churchill, and if satisfactory progress can be reported there will be a formal conference of the Irish and British representatives Friday morning in Downing Street.

Big Demonstration For No More War Is Planned in London

Delegates From All Civilized Countries of World Will Attend Twenty-Second International Peace Congress In July.

London, June 6.—A great "No-More-War" demonstration is being planned as the culminating feature of the 22nd International Peace Congress to be held here last week in July. "Never again" will be the motto of the congress for its sessions, which fall in the week preceding the eighth anniversary of the outbreak of the world war.

Several hundred delegates representing every civilized country in the world have signified their intention to attend. They will be welcomed by the Lord Mayor at the Mansion House and greetings will be tendered by the Bishop of London and leading representatives of other religious bodies. A demonstration will be held in Hyde Park, the scene of nearly all of London's big open-air demonstrations. It is being organized by a committee representing the churches, the Labor Party, League of Nations Union, Women's International League, National Peace Council and many other societies that, in one form or another, support the great peace movement.

TO CHOOSE NEW PREMIER OF JAPAN

Elder Statesmen Confer at Summons of Regent Two Ministers Expelled by Seiyu Kai Party

Tokyo, June 6.—The Regent summoned to-day the Elder Statesmen for a consultation on the subject of a successor to Premier Takahashi, who with his Cabinet resigned early this morning. Premier Takahashi did not recommend his successor.

Word was received that Marquis Saionji, former Premier and an Elder Statesman, was ill and would be unable to attend the consultation. The resignation of the Cabinet was not based on any political issue, much less on the Ministry's foreign policy, but was due entirely to a divergence of the question of the reconstruction of the Cabinet itself.

Two Expelled. Tokugoro Nakahashi, Minister of Education and Health, and Minobe, Minister of Agriculture, were expelled from the Seiyu Kai, the Government party, which holds them responsible for the downfall of the Cabinet. The two Ministers yesterday refused to resign when requested to do so by the Premier, who had been empowered by the Seiyu Kai to reorganize the Cabinet as he saw fit.

Broader educational facilities, land armament reduction and extension of the franchise were the chief policies over which Premier Takahashi and his Cabinet came to grief. The increase in college and university facilities promised by his Minister of Education could not be provided because of lack of funds. The militarists were successful in opposing his plans for reduction of Japan's army, and the capitalists and landowners, who now are the chief beneficiaries of the limited franchise system in effect, opposed bitterly his plans for making the suffrage available to Greater numbers.

Baron Koriyama Takahashi became Premier of Japan last November following the assassination of Takashi Hara, Japan's "Commoner Premier." At that time he was a leader of the Seiyu Kai or majority party, and held the portfolio of Finance, which he retained upon becoming Premier.

A Liberal. Baron Takahashi's elevation to the premiership, because of his known liberal views, was regarded as an assurance that the progressive policies of Premier Hara would be continued. Coming as it did at the time the Pacific and Disarmament Conference was in session at Washington, it was declared by Japanese statesmen at Washington to guarantee that the

IRISH CONFERENCE SET FOR TOMORROW

Griffith and Colleagues to See Churchill Lloyd George to Share Discussion Friday

London, June 6.—Arthur Griffith and his colleagues of the Southern Irish delegation which has been discussing the Irish situation with the British Cabinet will leave Dublin to-night. It is announced that a resumption of their negotiations with Colonial Secretary Churchill to-morrow.

Mr. Griffith is expected to bring with him the revised constitution and to-morrow the Irish representatives will meet Mr. Churchill for a preliminary discussion of the document.

Premier Lloyd George will arrive in London from Wales on Thursday. He will confer with Secretary Churchill, and if satisfactory progress can be reported there will be a formal conference of the Irish and British representatives Friday morning in Downing Street.

Favorable Outlook. In official circles here the outlook for the continuance of the conference is regarded as distinctly favorable since the ground was cleared somewhat by the answers the Irish representatives gave last Friday to the definite questions put by the British.

ALIENISTS WILL EXAMINE DELORME

Murder Charge Brings Specialists to Montreal

Montreal, June 6.—Alienists have been summoned to this city for the purpose of examining Adolphe Delorme and making a report on his mental fitness to stand trial on a charge of having murdered his half-brother, Binotti.

Judge Monet, during this morning's preliminaries in the Court of King's Bench, issued instructions that an urgent call be sent to Quebec, where the American Psychiatric Association is in annual convention, asking that insanity specialists be sent to Montreal to conduct the examination of the accused. The test will last probably less than two days, as his trial is scheduled to begin on June 9, and will undoubtedly proceed on that date, in view of the warnings of the judge that no delays of any sort will be countenanced.

CHILD LOST FIRE Montreal, June 6.—Lighting a match to investigate plaintive meows from a litter of kittens under a staircase, six-year-old Claire Gagne set fire to her dress and was fatally burned.

THOUSANDS ATTEND ROTARY CONVENTION

Los Angeles Scene of International Gathering New Constitution Is to Be Adopted

Los Angeles, June 6.—Thousands of delegates representing twenty-eight countries, are in Los Angeles attending the sessions of the thirteenth annual convention of the International Association of Rotary Clubs. While all of the 1900 delegates expected to attend have not yet arrived, convention officials estimate that 7,500 are now registered.

Following a spectacular prologue presenting Rotary ideals and an elaborate opening ceremony, the programme to-day called for an address by Dr. Crawford C. McCullough, of Fort William, Ont., the international president.

The most important business of the day, and in many ways of the convention, will be the presentation late to-day of the report of the committee on constitution and by-laws.

The proposed new constitution, framed by a committee of thirty-one members, presents several changes, particularly with reference to international Rotary. Among other things, under the new constitution, the Rotary Clubs of any nation may form a national group, change its name, and elect a president, change its constitution and by-laws.

Other matters to be taken up this afternoon are the reports of the secretary-general and the treasurer, President Emeritus Paul P. Harris is scheduled to address the delegates. The evening delegates and their families are to attend a fiesta to be held at Frazer Park. Each Rotary Club in the local district has made plans to provide a portion of the entertainment to-night.

A Milepost. "This meeting is another milestone along the pioneer trail which Rotary is blazing," said President Crawford McCullough. "It shows a set infrequent tendency to regard Rotary in the light of a great social movement. Rotary has now and needs but the simplest organization, for the strength of the whole movement must always rest in the truth upon which it is founded, and this in turn must find primary expression through the deeds of living men."

A general meeting of the Grand Army of United Veterans was held last evening in the Club Rooms, Langley Street, Comrade Crouch, the president in the chair. The local branch was reported to be in a very flourishing condition. The following new members were enrolled: C. Brass, A. H. Dodd, M. A. Morrow, R. B. Stratton, C. Jasper, H. L. King, W. Hansen, C. W. Irwin, G. Wilson, E. Gamble, J. Green, J. Cathcart, O. Duncan, J. A. Brazier, A. Smith, F. Pellon, E. D. Phillips, J. H. Dixon and E. F. Gould. Several matters of great interest to the returned soldier in general were discussed during the evening.

### OBITUARY RECORD

The death occurred at an early hour this morning, at the family residence, 2645 Fernwood Avenue, of Emily Pollard, beloved wife of H. J. Pollard. The late Mrs. Pollard was a native of Bristol, England, and 69 years of age. She had many friends in this city who will regret her demise. She is survived by her husband and four sons. The remains are resting at the Thomson Funeral Home pending funeral arrangements, which will be announced later.

Private service was held yesterday afternoon at 3:30 o'clock at the Thomson Funeral Home, 1625 Quadra Street, for the late Daniel Wallace Bates, Lieut.-Col. H. J. N. de Salis conducted the service. The casket and hearse were covered with a profusion of beautiful floral designs, testifying to the esteem in which the late Mr. Bates was held. The following acted as pallbearers: Messrs. R. C. J. Were, C. G. Owen, David Leeming, E. C. Mathews, J. M. Healy, I. J. Fisher. The remains were laid to rest in Ross Bay Cemetery.

The funeral of the late Edward Gerald Fitzgerald O'Leary, who was accidentally drowned at the Gorge last Friday evening, will take place Wednesday morning, June 7, at 11 o'clock, at the Sands Funeral Chapel, and interment will be made at Ross Bay Cemetery. She was born in England in 1882.

The funeral of the late Herbert Taylor, who passed away at the Royal Jubilee Hospital last Sunday, will take place to-morrow afternoon, at the Sands Funeral Chapel, at 3 o'clock. At 9 o'clock services will be conducted at St. Mary's Church, Metochin, by Rev. F. Cunney, assisted by Rev. W. W. Winter. He was fifty-one years of age, and born in England, and is survived by his widow, four sons and two daughters. He was a member of Lodge No. 42, A. F. & A. M., of Bowden, Alberta.

**SALE OF WORK.** The Ladies' Aid and Missionary Society of Grace English Lutheran Church will hold a sale of work and tea at the church social rooms to-morrow afternoon and evening. There will be a programme in the evening beginning at 9 o'clock.

## Willing Is Eliminated, Von Elm and Neville Win, Schwengers, Thomas Lose

The Colwood Golf and Country Club was left in surprise and wonderment at the conclusion of the first round of the P. N. W. amateur golf championship when it was found that J. Westland, an Everett boy, and students at the University of Washington, had defeated Dr. O. F. Willing, of Portland, in one of the closest conflicts the course has seen for many seasons.

Westland was looked upon as the outsider at the commencement of the tourney, but he proved himself a worthy opponent. He played beautiful golf this morning. In playing at the sixteenth hole he dubbed his tee and looked to be shattered, but at the seventeenth hole he did the most peculiar thing that has ever happened. Walking up to drive he returned to the edge of the green and sat down for three minutes, then taking up his club he drove and dubbed his tee, sending the ball only ten or twelve yards. Then with a nice second shot he placed the ball close to the pin and with a pretty putt passed the seventeenth hole with a victory. His approaching and putting throughout the entire game was wonderful and was much commented on at the course. The Davis Cup was also made a lovely twenty foot putt, which won applause from the large gallery. Victoria has much to credit herself in the Amateur Championship. B. Schwengers excelled himself in one of the closest games of the day when he carried Watson to the 20th hole, being all square at the 18th. They teed off again only at the 20th hole did Schwengers go down to defeat.

**Ladies' Tee Off.** The ladies' championship was commenced at 12:30 o'clock, while play for the Davis Cup was also started this afternoon. The teams and sets had not yet come in, but in the Davis Cup competition the Waverley Club was certainly a favorite. All scores in the first round of the men's Amateur Championship had not all come in at a late hour this afternoon. The results are as follows:

**AMATEUR CHAMPIONSHIP.** Westland beat O. F. Willing, 1 up. Von Elm beat R. Bone, 3 up and 2 to 1. J. A. Yellowlees beat C. E. Nelson, 1 up and 2 to go. R. Smith beat A. Bull, 2 up and 1 to go. E. W. Kay beat A. V. Price, 4 up and 3 to go. H. A. Fleeger beat W. M. Bone, 4 up and 3 to go. P. Ford won by default. S. Stocum won by default.

**Second Flight.** C. P. Schwenger won by default. J. Edmonds won by default. P. Ford won by default. S. Stocum won by default.

**Third Flight.** R. Rendell won by default. Knudson won by default. T. Tuttle won by default. M. Baker beat H. P. Taylor, 5 up and 4 to go.

**Fourth Flight.** F. Skiff won by default. J. P. Fell won by default.

**Fifth Flight.** W. Pemberton won by default. J. Shanks won by default.

**JUDGMENT IS RESERVED.** At the termination of the hearing of the interpleader action of North vs. Siciliano and others in the Supreme Court to-day, Mr. Justice Macdonald reserved judgment. Stuart Henderson and J. B. Cleary appeared for the plaintiff, Mrs. Margaret North, in an action to determine the ownership of the furniture in the North home on Johnson Street. Frank Higgins, K. C., appeared for the defendants, former detectives Siciliano, Macdonald and Carlow, judgment creditors in respect to the recent slander awards against Police Commissioner Joseph North.

**POUND STERLING \$4.51 IN STATES** New York, June 6.—The continued advance of British exchange here to \$4.51 for demand bills to-day was the noteworthy feature of the international financial situation. To-day's figure represents a gain of six cents so far this month and places remittances to London at their highest level in more than three years.

**THREE KILLED IN TRAIN-AUTO SMASH** Binghamton, N.Y., June 6.—Three persons were killed and three injured when an express train on the Erie Railroad hit a truck of the Binghamton State Hospital at a crossing in the city to-day. Those killed were inmates of the state hospital for the insane.

The engineer of the train is believed to have been killed, and the fireman also was seriously hurt.

**QUALIFIED PRAISE** When Thomas Nelson Page, the novelist, was a baby his father called in the old family butler to see his son.

The grizzled servant of two generations of the family smilingly told the wrinkled, old man: "Ah, 'ere, Mars' John, dis de prettiest little white baby Ah ever did see!"

**A MAN FROM MISSOURI** "Remember, my good man," said the lady visitor kindly, "that stone walls do not a prison make, nor iron bars a cage."

## INCREASE CITY FINANCE BODY TO OLD NUMBER

Andros, Chief Finance Critic, Refuses Place on Committee

The three-man committee system, one of the corner stones of the Marchant regime, has broken down. This became clear to-day, after it was announced that Aldermen R. W. Perry and E. B. Andros had been asked by the Mayor to join the Civic Finance Committee, which at present is composed of Aldermen Woodward, Leeming and Gillespie.

The Mayor's plan to increase the number of the Finance Committee was followed immediately by a brief announcement from Alderman Andros, last year's Finance Chairman and now most bitter critic of the present Committee's policies, that he had flatly refused the mayor's invitation to join the committee. This morning Alderman Perry announced that he had agreed to take the place set aside for Alderman Andros in the Finance Committee but he already is overburdened with duties on practically all other Council committees. Another Alderman to take the place set aside for Alderman Andros in the Finance Committee will be selected as soon as the Mayor returns from his present trip to the Prairies. It is expected.

## NEW PASTOR INDUCTED

The Rev. T. W. Paterson was last night inducted as the new pastor of St. Paul's Presbyterian Church, Victoria West, in succession to the Rev. H. M. Maclean, who has taken up missionary work in Manitoba.

The Rev. W. L. Macrae presided. The Rev. Joseph McCoy preached the sermon; the Rev. David McLaren addressed the minister, and the Rev. Thomas Menzies, M.P.P., addressed the people.

Arrangements were made for a reception to the new minister at 8 o'clock Friday night in the social hall of the church.

Canadian Flag to Be Amended in Accordance With Proclamation

The official status of the Canadian Ensign is set out in the following order, as approved in Executive Council of the Federal Government, and published in the Canada Gazette:

The Committee of the Privy Council have had before them a report dated April 19, 1922, from the Minister of the Naval Service, submitting that by Admiralty Warrant of February 2, 1922, the Red Ensign designated by the Shield of the Canadian Coat of Arms in the fly was authorized for Canadian registered vessels, and further that under memorandum No. 1000 of 1911 between the British Admiralty and the Canadian Government, ships of the Royal Canadian Navy are authorized to fly the Ensign of the Dominion of Canada in the Fly. Under King's Regulations and Admiralty Instructions of 1911 the Red Ensign defaced by the Shield of the Canadian Coat of Arms has also been adopted as the Official Flag for vessels in the Canadian Government service.

The Minister further submits that by proclamation of His Majesty, dated November 14, 1921, a new Coat of Arms has been authorized for the Dominion of Canada.

The Minister, with the concurrence of the Minister of Marine and Fisheries, recommends that from this date the Shield of the new Canadian Coat of Arms replace the Shield at present in use on the Canadian flag.

The Minister further recommends that the Ensign bearing the old Shield be permitted up to March 31, 1924.

## HAZEN AND BARNES ARE SCRATCHED

Glenageles, June 6.—O. H. Hazen, the English professional, who has just returned from several weeks in America, made the course in \$1. Blair required 89.

Hazen and Barnes failed to appear, and late this afternoon it was announced that they had scratched.

Other scores to-day were: Duncan 75, Vardon 74, Braid 73.

## MANSLAUGHTER IS CHARGE FACED BY BOY OF FIFTEEN

Miami, Fla., June 6.—William Lester, 15, to-day faced a charge of manslaughter for killing Phillip Hamilton, Jr., his 13-year-old playmate, Sunday. Young Hamilton's death resulted, according to evidence brought out at the coroner's inquest, from wounds received when Lester attempted to shoot an object out of the victim's hand as the latter rode away on a bicycle.

When Thomas Nelson Page, the novelist, was a baby his father called in the old family butler to see his son.

The grizzled servant of two generations of the family smilingly told the wrinkled, old man: "Ah, 'ere, Mars' John, dis de prettiest little white baby Ah ever did see!"

"Remember, my good man," said the lady visitor kindly, "that stone walls do not a prison make, nor iron bars a cage."

## FORUM MEETING TO DISCUSS AMENDMENTS TO LORD'S DAY ACT

In compliance with the City Council's request that the Victoria Chamber of Commerce should express its views on the matter of the amendments to the Lord's Day Act suggested by the City Council last January, a forum meeting will be held at the Sproul-Shaw auditorium at eight o'clock Thursday evening. The Chamber has called this meeting in order that a free expression of opinion for and against the proposed amendments may be heard, the City Council being anxious to know with what degree of approval its suggestions are met.

## TO REPRESENT CITY IN BIG ROSE SHOW

Perry to Take Victoria's Greetings to Portland

Alderman R. W. Perry, who represented Victoria so successfully at the Bellingham short time ago, and who made a great hit when he crowned the May Queen here, has been appointed by Mayor Marchant to represent the City at the Portland Rose Carnival this month. Alderman Perry will leave for Portland in about a week.

The Mayor's parting instructions to Alderman Perry are that he shall do everything he can in Portland to advertise Victoria. The Mayor wants the City to get a lot of good advertising through Alderman Perry's visit, and he has asked him to make use of his well-known oratorical abilities as often as possible. This the silver-tongued Alderman has agreed to do.

## DISCUSSING LOAN FOR THE GERMANS

Bankers Want Information from Reparations Commission

Paris, June 6.—The desirability of enlarging the scope of the committee of international bankers which has been considering a foreign loan for Germany was unofficially discussed to-day by the members of the Reparations Commission. They decided to meet to-morrow morning to formulate a reply to the bankers, who recently asked for information as to the credit basis for the proposed loan.

## CUTICURA HEALS LARGE RINGWORM

On Head. Itched and Burned. Could Not Sleep.

"A large ringworm started on my head. Each day it grew larger and itched and burned so that I used to have to get up at night and bathe it. The hair around it fell out and became very dry. I could not sleep at night on account of the irritation. The trouble lasted about a month. I began using Cuticura Soap and Ointment and after using about three cakes of Cuticura Soap and two boxes of Cuticura Ointment I was completely healed." (Signed) Miss Lucile Bond, 606 S. ## VIEWS STATED ON FREIGHT RATES

Lumbermen and Torontonians Heard at Ottawa

Ottawa, June 6.—(Canadian Press)—That the Crow's Nest Pass Agreement should be further suspended, that a specific list of rate reductions should be enacted by Parliament and that the general structure of rates should be revised by the Railway Commission, were the recommendations made to the special House Committee on Railway Costs this morning by A. E. Clark, representative of the Canadian Lumbermen's Association.

Mr. Clark stated in reply to W. A. Boys, M. P., that his application was based on the statement of the railways that a return to the Crow's Nest Pass Agreement would prevent rate reductions on lumber.

Asked if he believed reductions in rates would increase business, he said: "We know that a good deal of business is holding back awaiting the decision of this committee."

Further suspension of the agreement was advocated by the Toronto Board of Trade, on whose behalf Thomas Marshall, transportation manager, appeared.

"It would seem," said Mr. Marshall, "that the interests of the whole of Canada would be best served by the further suspension of the agreement, permitting full effect to be given to the order whereby rates in effect prior to September 13, 1920, both in Western and Eastern Canada, will be restored in July, 1922, and enable all traffic the rates on which were advanced to share in the readjustment."

## 7,000,000 BUSHELS OF WHEAT SHIPPED FROM THIS COAST

Vancouver, June 6.—Seven million bushels of wheat have moved through this port since October 1, 1921, according to records made public to-day. By the end of June approximately 3,500,000 bushels of wheat will have moved to the United Kingdom and the European continent via this port, and Japan has also taken nearly that amount.

In the 1920-21 season the shipments amounted to less than 1,000,000 bushels.

## IMPROVEMENT IN CONDITION OF LENINE REPORTED

Riga, June 6.—M. Turenoff, Russian Soviet Ambassador to Latvia, announced to-day that Premier Lenin was suffering from acute gastritis, with a high temperature following an attack on May 28. An official bulletin issued to-day said the Soviet Premier's condition showed some improvement.

## ACCIDENT CAUSED EX-ACTRESS' DEATH

Lillian Russell Injured During Storm at Sea.

Pittsburgh, Pa., June 6.—Lillian Russell (Mrs. Alexander J. Moore), bright star of American comic opera, for three decades and internationally known as a professional beauty, who died at 2:20 o'clock this morning, had been ill several weeks following a shipboard accident while returning from Europe.

Her death was unexpected, as her physicians two days ago announced she had passed the crisis and would recover.

Mrs. Moore, who was the wife of Alexander P. Moore, publisher of the Pittsburgh Leader, later suffered a relapse, and yesterday afternoon was so ill that members of the family were summoned to the bedside.

The accident which was the primary cause of her illness and death occurred when she was violently thrown on the ship's deck during a storm. The effects of the injury were not immediately serious, nevertheless, and although she steadily failed in health after her arrival home, even those most closely associated with her were not aware of the decline.

## ON PUBLIC BUSINESS

Mrs. Moore's trip to Europe was undertaken at the request of the Pittsburgh Leader, later suffered a relapse, and yesterday afternoon was so ill that members of the family were summoned to the bedside.

### A Danger Signal—Tender and Bleeding Gums

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously diseased. For not only the teeth are affected, but Pyorrhea germs seep into the body, lower its vitality and cause many ills. Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them. Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhea away by using Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment. 35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

### ROUGH CONSTABLES ARE REBUKED

Washington, June 6.—(Canadian Press)—Widespread comment has been caused here by the case of L. A. Moore, a Canadian veteran, who was beaten by Washington policemen recently. Police Judge Mattingly today not only dismissed charges of disorderly conduct against Moore, who resented failure of the

police to give a seat to a lady in a crowded street car, but held that the police proceeded unjustifiably and without authority. Public sentiment is with Moore and he has been strongly backed by the Elks Electrical School, where he is a student. Moore has grounds for carrying the case further in the civil courts, but may rest satisfied with the court's rebuke to the police. Easy street never leads anywhere.

### EASTERNERS STATE FREIGHT RATE VIEWS

#### Commons Committee Hears Maritime Province Men

Ottawa, June 6.—(Canadian Press)—That the United States railways were anxious to see a reduction in freight rates on Canadian roads in order that they might bring their own rates down was the opinion expressed by Angus Maclean, of Bathurst, representing the New Brunswick lumber industry, before the Commons Committee on Railway Costs, last night. "I have no reason to state they will come down to the level we are asking, which is the 1918 rate, but I have every reason to be confident they will make a substantial reduction if our roads take the lead," he said. "They probably will not come down the forty per cent we are asking," he added, in reply to questions. This was disputed by C. A. Hayes, of the Canadian National Railways, and Frank J. Watson, of the Grand Trunk. They claimed that the United States railways were not willing to go further than the recent ten per cent cut. Answering Hon. J. A. Stewart, Mr. Maclean declared emphatically that the sixteen per cent reduction offered by the railways was positively of no use to the lumbering industry. They wanted the 1918 rates restored; it was the 1920 rates which had proved the straw to the industry, and what they complained of now was that the railways had not cut their own operating costs to anything like the same proportion as the manufacturers had been forced to cut theirs. "The only salvation for this country is cheaper rates," he said. "The railways will get much more traffic; they will make much more money on a larger volume; more men will be employed, and, in my opinion, the salvation will come through development of a large export trade." "Do you think wages can be reduced in Canada apart from the international unions?" he was asked. "I don't think the unions ought to be considered at all," was the reply.

Earlier yesterday Hon. R. E. Finn, of Halifax, representing the Maritime Provinces, advocated the continued suspension of the Crow's Nest Pass agreement, declaring that the conditions which warranted the suspension of the Crow's Nest Pass agreement in the first instance and the subsequent continuance of suspension by the Railway Act have not yet passed away, and there remains a clear justification for the further continuance of the suspension. "The economic conditions of the Maritime Provinces," he said, "are such as to demand immediate relief from the transportation charges, which are at present effective in that district, and as between the East and the West it cannot be said that the conditions of the one are any worse than that of the other."

It was further contended by the speaker that there should be an extension to all portions of the country of measures of relief. The statement was also made that in Prince Edward Island potatoes were rotting in cellars because the high freight rates made it unprofitable to ship them. Therefore, relief should be granted, and it should be general. The Maritime Provinces were vitally interested in the present situation, because it had been represented that if the specific rate reductions called for in the Crow's Nest Pass agreement came into effect, the resulting revenues of the railways would be so reduced as to render it impossible to extend any relief through reduction in rates to other portions of the country or to other commodities not covered by the agreement.

Seek Market—It was contended by the Eastern representative that the Maritime Provinces had entered Confederation on the understanding that the Intercolonial would be built, and there was an implied agreement that the rates should be such as to enable producers in the Maritime Provinces to get into the market of Central Canada. Such rates had been granted and had remained in force for forty years, and in justice to the Maritime Provinces these rates should be restored.

### URGES FREIGHT RATES FOR BENEFIT OF ALL CANADA

Calgary, June 6.—H. A. Lovett, president of the North American Collieries, who is in this city in connection with affairs of his company in a general discussion of business conditions said that in his opinion there would not be any strong and substantial forward movement until some reasonably permanent policy had been worked out that would assure to industry and investment a sufficient length of time on a permanent basis to enable industrial plants to be made. Mr. Lovett was asked his view as to the deliberations in respect to the Crow's Nest Pass Agreement. He said he had not given railway freight rates any detailed personal investigation, but in a broad way his understanding of the agreement was that it was not between Western interests and the Canadian Pacific Railway Company, but between the people of the whole of Canada, and the Canadian Pacific Railway, and that the consideration given to the C. P. R. under the agreement was not by any one section of Canada, but by the people as a whole. Mr. Lovett also said that while he was not in a position to make any observations as to what would be a fair and judicious revision of freight rates, he felt confident that if the matter was approached from the standpoint of what was the most advantageous for the whole of Canada a proper adjustment could be worked out.

### GRATUITIES FOR MEN OF THE NAVY

#### Provision Made at Ottawa for Those Retiring

Ottawa, June 6.—(Canadian Press)—Provision for the payment of gratuities on retirement to officers and men of the Canadian Navy has been made by the Government. Officers retired from the active list will be granted a gratuity of one month's pay and allowances for each completed year of service. In addition to this, those whose services for three years or more will receive one month's pay and allowances; those who have served seven years, two months' pay and allowances; and those who have served seven years and over, three months' pay and allowances. Under the regulations just passed, service, in the case of officers, includes all time spent in the Canadian Navy on full pay, unemployed pay or half-pay, commencing from the date of first appointment to a ship of the Royal Navy or the Royal Canadian Navy. The regulations do not apply to officers lent to the Canadian navy from the British Navy, or to officers for whom a gratuity is already provided by the regulations of the naval service. They are applicable to retired officers of the British Navy, who are serving in the Canadian Navy, but the services of such officer shall be calculated from date of entry into the Canadian Navy or retirement from the British Navy, whichever is of later date.

Rules for Men—With regard to the men, it is provided that the Minister of Defense shall determine which of the ratings at present in service to be in excess of the number required. He shall order the discharge of those in excess. Any rating serving under a seven-year engagement who is discharged to promote economy in the naval service will receive a gratuity of one month's pay and allowances for each completed year or part year's service. As in the case of officers, he will also receive a gratuity of one month's pay and allowances for service of over three years and less than seven years, and three months for seven years and over. Any rating arriving under a special service rating will receive the gratuity to which he would have been entitled had he completed his engagement.

The regulations do not apply to ratings lent to the Canadian Navy by the British Navy. No gratuity under the regulations will be paid for any period of service which has already been completed by an officer or rating who has already received a gratuity, exclusive of war service gratuity.

#### Ontario Government Collects \$494,205 at Two Tracks

Toronto, June 6.—The coffers of the Ontario Government have been enriched by nearly half a million dollars as the result of the Spring meeting of the Ontario Jockey Club and the Thorncliffe Park Racing and Breeding Association. The new tax of five per cent on money wagered in the markets netted the Government \$218,250 from the Woodbine and \$170,915 from Thorncliffe. In addition there was also the Government tax of \$100,000, or \$22,500 for the meeting, which means that the Government got \$270,750 from the Ontario Jockey Club and \$223,415 from Thorncliffe, or a grand total of \$494,205.

### OUTLOOK FOR B. C. FRUIT CROP IS PROMISING

Winnipeg, June 6.—Crop reports to the Agricultural Department of the Canadian Pacific Railway state that British Columbia has experienced very hot and dry weather, which is ideal for setting of fruit, but the consequence of which there has been a heavy set of berries, plums and pears. Apple blossoms are just commencing to fall. All tree fruits are promising. Manitoba and Saskatchewan are experiencing little change in the grasshopper situation, but the crop in Alberta has been better than last year. The farmers are hopeful of controlling them.

### SAVS B.C. TO HAVE BEER PARLORS

#### Vancouver Paper Announces Drinking Places to Be Opened

Wines Also to Be Dispensed; Whisky in Hip-Pocket Flasks

#### Manson Favors Cutting Down Hard Liquor Consumption Here

Vancouver, June 6.—Announcement was made today that at the next session of the Provincial Legislature in October, proposals will be presented by the Government to encourage the sale of beer and light wines openly with the hope that the present run on whisky and other hard liquors will be stopped. The only method of liquor sale in British Columbia to-day is by official vendors at Government stores. A customer may carry away all the liquor he wishes to purchase. The Government is making a net profit of \$3,000,000 annually on a turnover of about \$10,000,000. Probably 40 per cent of the funds accruing to Washington, Oregon and California. But Government officials view with alarm the large purchases of liquor and brandy as compared with the comparatively small interest in beer.

Accordingly, new regulations are to be introduced, to have the beer sold openly in hotel bars, while hard liquors will be handled exclusively through Government stores.

The Vancouver Daily Province says that the recent recommendation of the Vancouver City Council that the sale of drinks be permitted in the hotel and with it a proposal for public drinking parlors under Government control, while beer and light wines may be procured. "After one month's study of the liquor question, Hon. Mr. Manson admits that it will be necessary at the next session of the Legislature to reconsider the method of handling beer, and it is expected that he will submit recommendations providing for a more open sale," the Province goes on.

A safe prediction is that Government drinking places will be established where beer and light wines may be secured and there may be a free sale of hard liquor in eight and sixteen-ounce packages. This will probably be the case if the hotel proposal is not agreed to.

"Hon. Mr. Manson favors the smaller bottle plan, but it is stated that A. M. Johnson, chairman of the Liquor Control Board, is strongly opposed to this course because in his view the small bottles would be carried in customers' pockets the same as the whisky bottles. He would appear in numbers on the tables of every cabaret."

Must Enforce Law—While Hon. A. M. Manson, Attorney-General, is not hostile to the principal sale of beer by the glass, he is not satisfied that the law as it has been properly tried out under the stricter enforcement that he is demanding, and blames the police and civic authorities of Vancouver for the conditions that surround "beer clubs" in the city.

"It is the duty of the police commission to see that the law is obeyed in the operation of those clubs," he said. "If they cannot do it, then I shall, if things continue as they are reported to be, advise the provincial officers there at the city's expense to secure the proper enforcement of the act. Vancouver will then be the only city having the maintenance of a standard police force. We intend to resort to this drastic method if things are not improved in Vancouver."

The change in the operation of the Liquor Act that was asked by Vancouver was, he said, a departure entirely from the original scheme of government control in respect that the Government, in terms of the referendum, had only authority to sell in sealed packages. It might be possible to appoint standard hotelmen as vendors for the sale of bottled beer if it was considered advisable, but he personally would not tamper with the act as it stood, and before there could be any sale of beer by the glass the principle would have to be approved by the Legislature.

### Not a Beer Man.

"Personally I have an open mind so far as the advisability of making beer more easily available is concerned," said Mr. Manson. "I have been called a beer man, but I am not. I am only a man who wishes to know if, however, it is the majority wish of the people that there should be more ready means to secure beer, and it is in the moral interest of the community that such a change be made in the administration of the Liquor Act, I would be quite agreeable. I am inclined to think that it would not be a bad thing if more beer and less whisky was being used. The one is less injurious than the other, in my opinion. That might mean a reduction in the amount of profits from liquor sales but I am not interested in that because I have never regarded Government monopoly of the sale of liquor primarily as a source of revenue."

### Keep Money Here.

Beer being a British Columbia product, the greater volume of this beverage retained in the country of millions of dollars that now were being sent to Scotland and France for whisky and brandies. Any modification of the act that would decrease the consumption of hard liquors, he believed, would be for the general welfare. Mr. Manson explained that at Campbell River he was trying the experiment of having a liquor store selling beer only. He did not know yet to what extent it was to prove successful, but he believed that in some of the rural communities there was a desire for beer, and that some people who had no wish to be consuming whisky. It would depend very largely what results were obtained from the Campbell River experiment whether the principle being tried out there would be extended to other parts of the province. The Attorney-General is convinced that the Liquor Act as it stands can be properly administered both to the credit of the people and to that of the Government. The terms of the act would have to be enforced, how-

### DON'T FAIL TO SPRAY TREES AND PLANTS

Spraying is absolutely essential if the reader wants perfect fruit or flowers. With the first warmth of Spring the eggs of insects (dormant during the Winter on twig or branch) come to life. The larvae eat voraciously, develop amazingly and, before you know it, the bloom is stung. Imperfect fruit and unsatisfactory blossoms are the certain result. Spray just as soon as the new leaf starts to unfold, before the bloom appears. Larvae flourish on the young tender leaf. Be sure to get on the under side, both of leaf and bud. Thorough treatment of this kind in the Spring saves a lot of trouble later.

For spraying use Kero-Spray. This contains Black Leaf Forty, Arsenate of Lead, Kerosene, Whale Oil Soap and emulsifying ingredients. It is sure death to all forms of insect life. In the garden, insects will constantly appear as the season develops. As soon as the first sign of green fly spider or thrip, etc., appear, apply Kero-Spray. Don't be afraid to use it as it will not harm the plant but really makes it able to resist rust, blight, mildew and other plant diseases. Kero-Spray can be obtained at any Vancouver Drug Co. store, Vancouver, Victoria and New Westminster. It sells at 40 cents per bottle (making 5 gallons), \$1.25 per 1/2 gallon (making 2 1/2 gallons), \$2 per gallon and special price on large quantities. (Adv)

MR. FIELDING'S PROPOSALS

If Mr. Fielding heeded the protests and recommendations regarding his taxation and tariff changes which have been pouring upon him from various quarters during the last fortnight, the deficit of \$135,000,000 which confronts him for the current year would be a fixture in all its formidable proportions.

Those who object to the stamp tax want the sales tax increased, and the opponents of the sales tax naturally object to being made the sacrificial goat and would send some other economic quadruped into the wilderness with the fiscal disabilities of the country upon its back.

GENERATING INTEREST.

If the National Federation of Meat Traders could have its way the British embargo on Canadian cattle would be lifted without more ado.

RAILWAY RATE INQUIRY.

Premier Oliver, who is returning to Victoria after a vigorous fight before a special committee of the House of Commons for better railway rates for British Columbia, is quoted in Winnipeg as saying that evidently it was the desire to limit the inquiry to the restoration of the Crow's Nest Pass agreement.

The resolution appointing the committee which was moved by the Hon. W. C. Kennedy, Minister of Railways, on May 8, provided that inquiry be made into the question of transportation costs and the effect upon the Canadian National Railways and other lines as well as upon Canadian agricultural development and Canadian industry generally of the expiration of the suspension of the Crow's Nest Pass agreement on July 6.

REALLY ORIGINAL.

In these days of economic uncertainty and a type of unrest that does not seem to respond to orthodox remedies it is refreshing to learn of innovations that are calculated to help to balance the industrial ledger.

BACK TO WORK.

After five weeks of idleness and nothing but strike pay forty-seven engineers' unions in Great Britain have voted two to one in favor of returning to work on the terms laid down by the employers.

NOTE AND COMMENT

Notwithstanding Mr. Crerar's very lively resolution on the budget at Ottawa we are reasonably certain that the Hon. Mr. Four Thousand a Year will see that there is no premature general election.

Valera, especially in view of the fact that the president of Mexico bears the suggestive name of Obregon. Villa, no doubt, is also impressed with the circumstance that de Valera, like himself, is half Spanish.

The process of unifying China is going on apace. Generals Wu and Chang are squaring away for another battle and Dr. Sun Yat Sen's southern army is getting ready for a crack at Wu at the first opportunity.

MEMORIAL SERVICE.

To the Editor:—Will you kindly express our appreciation and thanks, through the medium of your paper, to all who so readily and willingly assisted in the Memorial Service and Parade yesterday.

THE RELIGIOUS OPINIONS OF CHARLES DARWIN.

To the Editor:—In the interesting and instructive discussion at present going on in your columns re Cause of Causes, etc., I notice that "Ajax" repeatedly refers to Darwin and classes him as an agnostic.

NAVAL BRIGADE BAND.

To the Editor:—As one of the organizers of the memorial parade held in this city Sunday afternoon, I wish to express, through your publication, my great appreciation to the Boys' Naval Brigade Band, which took such a prominent part in that service.

CAUSE OF CAUSES.

To the Editor:—In common with many of your readers, I have read with interest the discussion going on between Bishop Macdonald and Ajax, and I have been struck with the fairness of the Bishop's letters.

created He him. "Male and female created he them"; and will Ajax please note that the Hebrew word "to create" only occurs three times in the Genesis account—verses 1, 21 and 27—and these statements cover the whole creation.

THE GENESAC NARRATIVE.

To the Editor:—No such crude statement as "Ajax" attributes to St. Augustine is to be found in his writings. That great Doctor of the Church taught, by example and precept, that baptized infants dying in infancy do not possess the beatific vision, and even suffer some degree of punishment, but "most light" (Contra Julian, Belg., lib. v. c. 11).

APPEAL COURT OPENS WITH LENGTHY LIST

(Continued from page 1) versus Gold Seal Liquor Company, appeal allowed.

To Appeal Further. Leave to appeal to the Privy Council was secured by E. C. Mayers in the appeal of Granby versus the Attorney-General, while conditional leave to appeal was secured in the appeals of the Engineer Mine Co. versus Fraser, and the Royal Exchange Navigation Company.

In the appeal of the corporation of North Vancouver versus Carlisle, to be heard at the present sitting of the court, H. W. Bullock Webster moved to stay proceedings under a final mortgage foreclosure, until the appeal is heard. The stay was granted.

Of the hearings in which judgment was given this morning, one of the most interesting is that of Rex versus the Gold Seal Liquor Company, Ltd., in which the appeal was allowed.

### Y.W.C.A. FESTIVAL OPENS TO-MORROW

Grand Historical Pageant at Armories Under Distinguished Patronage

Miss Kate Hemming, who so successfully directed last year's pageant in the Fair of Nations under similar auspices is this year organizing a grand historical pageant in which most interesting and elaborate costumes representing different periods of dress from the accession of Queen Victoria to the present, will be worn. Mr. Hotham has kindly consented to act as master of ceremonies.

The festival is being held under the distinguished patronage of His Honor the Lieutenant-Governor and Mrs. Nichol, the Hon. the Premier and Mrs. Oliver, W. J. Bowser, K.C., and Mrs. Bowser, Brigadier-General and Mrs. J. M. Ross, Lieutenant-Colonel and Mrs. F. A. Robertson, Engineer Lieut.-Commander and Mrs. G. P. Clarke, Mayor Marchant and Mrs. Marchant and the Ministerial Association of Victoria.

The birthday festival will be formally opened by Mrs. Walter Nichol Wednesday afternoon at 3 o'clock. Following an introductory address by Mrs. Chas. Bishop, president of the Y. W. C. A., a varied and interesting programme will be carried out. During the interval between afternoon and evening programmes those attending the festival will have opportunity of inspecting the monster birthday cake and of visiting the various booths. A special supper will be served Wednesday, 6 to 7.30 o'clock, and afternoon tea each day.

### LATEST DRESS STYLES

Cleveland, June 6.—(Associated Press).—A wide variety of style in Fall and Winter garments is offered by the National Coat and Skirt Manufacturers' Association in its annual style report, issued here today.

The slim line tailored suit with the mannish tailored collar is supplemented by tweed suits for sports wear and the more elaborate novelty models for dress occasions. The latter includes the three-piece suit and box-like models, embellished with fur.

The skirt length is determined by the particular kind of suit. The tendency is toward a somewhat longer skirt for the dressy models only.

The womanly top coats in both belted and unbelted models are developed in reversible fabrics, tweeds and mixtures that offer a real opportunity for smartness and individuality.

Graceful and enveloping are the new wrappy coats and capes with fur. There are many individual cuts and unusual trimmings applied to these garments.

Striking new sleeve effects make their appearance on straight line coats which partake of the qualities both of the conservative straight-line coats and wrap effect. Bishop or cardinal sleeves, Mongolian sleeves and other sleeve variations stand out as the dominating style feature of these new garments.

### I.O.D.E. VISITORS ENTERTAINED AT CHARMING AFFAIRS

Mrs. Nichol, Mrs. Butchart and Municipal Chapter Hostesses

Officers and delegates of the National Chapter, I. O. D. E., were the guests yesterday at a number of entertainments arranged by the Municipal Chapter of this city as a delightful culmination to a busy week.

In the evening the visitors and members of the Victoria Municipal Chapter were the guests of His Honor and Mrs. Nichol at Government House at a musicale soiree arranged in their honor. The delightful programme was given in the drawing room, which was masked with pink and blue Canterbury bells and hydrangeas. The contributions to the programme were Madam Lucrin-Pahey, Mrs. Robert Baird, Messrs. Arthur Gore and Maris Hale, with Mr. A. J. Gibson at the piano. Mrs. Nichol also gave two charming songs by special request. Instrumental numbers were given by a violin, Miss Peggy Scott, cello, and Mrs. Hew Scott, piano.

Following the recital a delicious buffet supper was served in the dining-room. During the programme Mrs. Colin Campbell, of Winnipeg, on behalf of the visiting delegates, presented Mrs. Henry Croft with a bouquet of carnations.

At "Benvenuto."

The lovely gardens at "Benvenuto," Tod Inlet, received their meed of admiration from the visiting delegates in the afternoon when Mr. and Mrs. R. P. Butchart, assisted by Mrs. Harry A. Ross, entertained at tea in their honor. Miss Agnew had charge of the transportation, many members generously loaning their cars for the occasion.

Luncheon For Visitors.

At noon the visitors were entertained at luncheon, the Municipal Chapter being the hostesses. Under the direction of Mrs. Henry Croft masses of laburnum and fragrant lilacs had been used in the lovely decorative scheme, with a huge replica of the emblem of the Order and the Municipal standard in a conspicuous position.

Those at the head table included Mrs. T. W. Patterson, cheque, \$20; Rotary Club of Victoria, \$50; Cloverdale, 100-lb. sack sugar; per Mrs. Longstaff, candy; Mrs. Geo. Mitchell,

# The One Unwanted

By RUBY M. AYRES  
INSTALMENT NO. 9

"I said, 'Oh, did you!' with a little catch in my voice, and turned away. So he was not ill. Then there must be some other reason why he had stayed away. I felt as if a cold hand had been laid on my heart.

It was the first day since I came to the Alberty's that he had missed calling.

I went back to the kitchen and sat down by the fire. I suppose I shiver for Mrs. Alberty pounced upon me at once.

"Are you cold? You ought to go to bed and have a hot bottle. Let me light the fire upstairs, and you go to bed, there's a dear. I knew you'd feel the effects to-day."

"I'm not cold, I hate bed, and I'm quite well," I said, but my voice was tremulous, and there was still that cold, horrid feeling at my heart.

"Why hadn't Mr. Anderson come?" It was because he regretted having kissed me? Was it because he was really engaged to his cousin? I would have given anything in the world to have been able to recall that note. He would only take it as an overture. He would think that I wanted to see him.

Panic seized me. Supposing he called during the evening. Supposing he called just because I had written. I told Mrs. Alberty that I would go to bed, after all—that my head ached. I let her fuss over me as much as she liked; secretly I rather hoped it should be ill. Perhaps Mr. Anderson would be sorry then. Perhaps he would realize that he did like me very much after all.

Last night I had been so happy. To-night I drew the clothes about my head and cried wretchedly.

He had told me not to talk nonsense about nobody wanting me, and I had thought that he, at any rate, wanted me. Apparently I was wrong, and I was still the unwanted.

But I need not have gone to bed, for he did not call that evening, nor the next day, and he sent no answer to my note.

I went over to Langton with Mr. Alberty on the second morning. The roads were wet and slushy. Most of the snow had gone, and the trees were dripping wet.

Langton was only a little one-eyed village, but there were a few shops where provisions were sold, and apparently every one drove in from miles around to shop there.

Once my heart nearly stood still because I thought I caught a glimpse of Mark Anderson's broad back above the road, but it was not he, and my pulses slowed down again.

We put the trap up at a little inn while Mr. Alberty went to the business, and I wandered round the village.

I might have thought it very pretty and picturesque in different circumstances, but to-night I could only think how dreary and depressing everything was. I was glad when it was time to start home again.

We were within sight of the farm when Mr. Alberty turned sharply to the left.

"I've got to leave a parcel at Mr. Anderson's," he said.

I began to say, "No, I won't go there," but checked myself.

After all, it would be impossible to go on avoiding him forever. I might just as well meet him and show an indifferent face.

But I felt as if I should choke as we drew up at the door, and was trembling as Mr. Alberty got down from the trap.

But there was nothing to have minded, because he took his parcel round to the side of the house and was back again almost instantly, and we drove away without having seen any of the family.

"Is Mr. Anderson away from home?" I asked with an effort. "He has not been up to see us lately." I tried so hard to speak as if it were a matter of no consequence.

Mr. Alberty scratched his chin.

"He's at home all right," he said ponderously. "And I was only saying to the missus this morning that he hasn't been high up for two days."

"He's been busy, perhaps," I said lightly. Then my voice seemed to die in my throat as we turned into the main road again and almost ran into Mr. Anderson and Nina.

They were walking, and I thought the color deepened in his face as he raised his hat.

Mr. Alberty stopped the trap.

"I've just been along to the house, Mr. Anderson," he said. "I left the parcel you wanted fetched from Langton."

"Ah, yes—thanks," Mr. Anderson looked at me. "I hope you are none the worse for your ducking, Miss Slater," he asked politely.

I forced myself to smile. "No, thank you, I am quite well."

"You had a narrow escape," Nina

Slater as a matter of fact, I still own property here."

I said, "Oh, do you? Is that why you've come down?"

They looked at one another, and Mr. Champion laughed.

"You don't believe that we came to see you?" he said amusedly, and I shook my head.

"Of course not."

# TEA PRICES RISING WITH INCREASED DEMAND

The shortage of the supply of tea available for consumption, due to the twenty per cent. reduction in the gardens of Ceylon and India during 1921, has, as might be expected, pushed the price of the tea offered on the market to-day up and up. At the same time the use of tea has been gaining in popularity, and the reduction of four pence a pound duty on tea entering England will further stimulate the demand. Those in touch with the tea situation advise us that higher prices are inevitable.

# PREACHED MESSAGE OF CO-OPERATION

## Dr. H. T. Hodgkin Here After Stating Quaker's Attitude to Oriental Problems

While the Society of Friends in Great Britain is not a wealthy religious body, it has been notable for the eminent men it has given to politics and business. Among them have been men who have devoted much time to religious work in non-Christian countries, and among them are such men as Dr. Henry T. Hodgkin, who with his wife arrived from the Orient yesterday on the Empress of Asia.

They were met by E. Coventry here, Mr. Coventry extending a hearty welcome on behalf of the local Society of Friends. Dr. Hodgkin, who graduated as a medical man in early life, before he gave himself to social reform work in the Old Country, brings to missionary effort the practical knowledge of a man who has himself been a missionary. For a period in the earlier years after graduation he was engaged in missionary enterprise in China.

On returning to England, he became foreign secretary of the Friends Foreign Mission Association for some years.

For 18 months Dr. Hodgkin and his wife have been traveling, and have given special attention to work in China and Japan.

# Sino-Japanese Relations

Speaking of the Japanese situation, the following in part voices his views on the Sino-Japanese racial bitterness:

"I presented some aspects of it at the meeting of the Peers' Club, Tokyo, before the League of Nations Society, although the larger part of that address was on the problem of how to prevent wars. There was quite a keen discussion there on this topic and I was able to elaborate somewhat in answer to questions. This meeting led to interviews, later in the stay, with Viscount Shibusaawa and a group of leading business men, and the Vice-Minister of Foreign Affairs at the Foreign Office. I also had chances of speaking very frankly on the question to a group of liberal M. P.'s under the chairmanship of Baron Ichimoto, a most interesting man who had previously invited me to meet a group of secretaries of nationalist societies. It is possible that the meeting with Viscount Shibusaawa may prove to be the most fruitful of all these occasions.

"My chief impression is that the Japanese are ready to be interested in the problem, that they are quite friendly towards the facts or have the power to see them with Chinese eyes. Even those who have knowledge seem generally speaking to have a very imperfect sense of the gravity of the situation, just as one may say that few Europeans, even among those who know the facts, realize the extreme gravity of the drift towards another war. One of my chief tasks, therefore, has been to try to drive this home, and I think that in some cases I have been able to do so.

# Peace Work Among Foreigners

"The meeting for foreigners gave me a fine chance of giving the full Quaker message on war. I spoke at the Union Churches in both Tokyo and Yokohama, and in each case on some aspect of international relations, and the Christian message of Love which can alone solve them. There was a very fine audience of young missionaries at the Language School to hear my address on the missionary adventure for to-day, and the address on Christ and War, where I stated the position, and was listened to by a crowded audience and followed by much questioning. I am pleased to feel that the ground has been well prepared for these messages, and that the word was not without effect. Several spoke of having come almost, if not quite, to the point of deciding, and I believe that quite a number of the younger missionaries will be giving the message of peace with courage and conviction.

Dr. and Mrs. Hodgkin proceeded to Vancouver, en route East.

# CASE LAID BEFORE OTTAWA OFFICIALS

## Vancouver Judge Does Not Admit Chinese As Citizen

Vancouver, June 6.—"Do you think the country is strengthened and made better by adding, say, 100,000 of this man's race to the Lower Mainland?" asked Judge Grant yesterday of Yew Gan Hoy's sponsor who appeared in County Court to vouch for Hoy's eligibility for Canadian citizenship.

The sponsor replied that he considered the Chinaman a good citizen because he always paid his bills. Hoy has been a resident of Vancouver for eleven years, carrying on the business of a tailor.

"I took the trouble to investigate the kind of farmers they make," the judge continued, "and I am told from an agricultural point of view they are ruining the Lower Mainland. They won't rotate the crops, but grow potatoes year after year in the same soil. It will take seven years to get the soil back to a productive base. Furthermore, their potatoes are no good. In one piece of land only one-quarter of the production of ten years ago is possible.

"The question is whether or not this country of ours is to be filled up with Orientals from across the Pacific. There are 500,000,000 Orientals over there, and they wouldn't miss 100,000. Why should I want to leave a country a fit place for my children to live in. My duty is not to report any person I don't believe would make this country better or would keep it as good as it is."

The other sponsor stated he had always found Hoy a "good boy."

# Referred to Ottawa

Judge Grant, in accordance with his usual practice when dealing with Oriental applications for naturalization, stated he would not recommend Hoy for citizenship, but would lay the case before the Secretary of State.

FOR CHILDREN  
THE SANDMAN STORY FOR TO-NIGHT

# MR. FOX SETS A NEW STYLE

Every one ate so much that when dinner was over they were all sleeping and wanted to go right home, so there was no dancing and Mr. Fox did not have to think of an excuse.

"I will wait until the others have gone," he whispered to Miss Grey Fox as the guests were saying good night to Mr. Bear and thanking him for the nice time. "The moon will be up and it will be pleasant to stroll slowly through the woods when no one is about, don't you think so, Miss Grey?"

So when the last guest had gone Mr. Fox stood up and bid good night to his host and began to limp towards the door. "I can't get that new march out of my feet," he laughingly said to Miss Grey Fox, "it is so fascinating."

But when they were going through the woods and Mr. Fox still limped and seemed to lean on the cane he was carrying, Miss Grey Fox began to suspect that the new march was the only way Mr. Fox was able to march.

"It looks to me as if you have not been lame, Mr. Fox; you have not been caught in a trap, have you?" she inquired.

"Miss Grey Fox, I have long thought that you are the very one I want for a wife," he said. "I am sure you will find that living in a burrow is much more comfortable than living hollow in an old tree trunk. My homes, you know I have more than one, are very comfortable."

But Miss Grey Fox was crafty even if she didn't know it, and she thought as she shared as that of the Red Fox, and she had no thought of taking a lame husband to hunt for, so she asked again: "Were you caught in a trap?"

"I am now, Miss Grey," said Mr. Fox in his sweetest manner; "you have outwitted my heart."

But Miss Grey Fox was not to be put off with any such answer. She did not intend to marry one who was lame all the time, and at last poor Mr. Fox had to tell her the truth.

"But I will soon be over it," he said. "I will be able to run and get about as well as ever in a few days."

By this time they had come to the doorway of Miss Grey Fox's home, but the only answer she would give to Mr. Fox, when he urged her to be his wife, was that when he was well enough to hunt again she would think it over.

"Well, I got through the evening very well, indeed," meditated Mr. Fox as he limped toward home. "I might say I did more than well, for I fooled every one at that party. Not one of them knew I got caught in a trap; that is, no one but Miss Grey Fox."

The more I think about her the more I wonder if after all she will be easy to manage; she was very stubborn about my lameness. I might say she was very persistent about being answered.

"Now, it is all right not to give up about some matters and things, but with a husband the wife should never insist upon knowing things he does not wish to tell her."

"I wonder how it is if I am not better off single, but then if I don't marry her she knows about the trap and will tell everybody in the woods I have got to marry her now; I am in a trap I cannot get out of at last," and Mr. Fox groaned as he closed behind him the door of his home and locked it.

Progressive Party's Objections to Budget Voiced in Amendment

Ottawa, June 6.—Parliamentary circles to-day await Speaker Lemeux's ruling on the Progressive amendment to the Conservative amendment to the budget moved yesterday afternoon by Hon. T. A. Crerar, Leader of the Progressives.

When Mr. Crerar expressed his party's point of view by moving the amendment there were protests that it was not in order, and the Speaker stated he would give his decision to-day.

The text of the amendment moved by Mr. Crerar was as follows: "That all the words after the word 'that' be struck out and the following be substituted therefor: 'The Liberals assembled in convention in August, 1919, adopted a resolution which after reciting its professed purposes, contained the following specific and unqualified pledges:

"That to these ends wheat, wheat flour and all products of wheat, the principal articles of food, farm implements and machinery, farm tractors, mining, flour and sawmill machinery and repair parts, rough and polished lumber, gasoline, illuminating, lubricating and fuel oil, nets, net twines and fishermen's equipment, cement and fertilizers should be exempt from customs duties, as well as the raw materials entering into same.

"That the British preference be increased to 50 per cent. of the general tariff.

"And the Liberal Party hereby pledges itself to implement by legislation the provisions of this resolution when returned to power."

"That such pledges were restated as the policy of the Liberal party in the official handbook issued just before the general election, namely, in October, 1921, under the authority of its leader, Hon. W. L. Mackenzie King."

"That candidates standing on behalf of the Liberal party in the next election used widely the promises therein set out as a means of securing support."

"That the Liberal party having been returned to power, the budget proposed by the Finance Minister now brought down, based as they are mainly on the principle of protection in respect to the tariff, are wholly inadequate to implement such pledges by legislation."

"That while recognizing that changes in fiscal policy should be made in such a way as to give industry a reasonable opportunity for readjustment, this House is of the opinion that the principle of protection as a basis for fiscal policy in Canada is unsound and in the best interests of the Dominion."

"Sales Tax. Referring to discussion of sales tax, Mr. Crerar announced that as much as possible would be introduced. It did not bear fairly upon the people who had to pay it.

"People less able to pay the sales tax were compelled to pay out of their income. Poor men earning from \$1,000 to \$1,800 a year were heavily hit in the purchase of necessities for their families. Bachelors under the Prime Minister, who was a bachelor-escaped almost altogether."

"Cheque Tax. The increase in the stamp tax on cheques would impose a very heavy burden. Mr. Crerar was not stating that there should not be a tax on cheques, but when the matter was taken up in committee some efforts should be made to co-ordinate the financial policy of the country."

"Under the British North America Act the provinces had all the powers of taxation except that relating to customs."

"People living in certain of the provinces were paying as many as three income taxes, one to the municipality, one to the Provincial Government and one to the Federal Government, said Mr. Crerar. There should be well-defined fields for each governing body."

"Reciprocity. The budget had some features with which Mr. Crerar was in agreement. The first was the statement made by the Finance Minister that it was the settled policy of the Government to secure reciprocity with the United States. Another good thing was the abrogation of the regulations permitting customs officials to assess the value on goods coming into the country. The cancellation of the regulations providing that the country of origin should be stamped on all goods coming in was also laudable in the right direction. The intention of the regulation evidently had been to make it difficult to import goods, and its sole purpose was to assist the Canadian manufacturer."

"Mr. Crerar also approved the Government's action in wiping out the depreciated currency regulation. Outside of the changes he had mentioned, however, Mr. Crerar did not look favorably upon the budget. It was a protectionist budget. It was true that Mr. Fielding had made a reduction of 2 1/2 per cent. in many of the items, but as far as the United States and general tariffs were concerned there was little change. What reductions were made still based on protection."

"Administration Cost. Ottawa, June 6.—That in his opinion it was costing too much at the present time to govern Canada was a statement made by Hon. T. A. Crerar, Progressive Leader, in the speech in the Commons yesterday afternoon which led up to his moving of an amendment to the Drayton Conservative budget amendment on

NARCOTICS SEIZED AT SEATTLE FROM SS. ARIZONA MARU

Tacoma, June 6.—Thirty thousand two hundred grains of cocaine, valued at \$50,200, retail price, were taken from the steamship Arizona Maru at the Milwaukee dock warehouse last night. Two seamen were arrested

connected with the sale and smuggling of the narcotic.

The drug was in sealed bottles hidden under a layer of sand over which black paint had been poured.

Alfred Ehrman, a sugar operator of San Francisco, accompanied by Mrs. Ehrman, arrived from Hongkong and Yokohama, Mr. Ehrman controls large sugar plantations in the Hawaiian Islands, and on a recent trip to Honolulu he extended it to the Far East. He is returning to San Francisco via Seattle.

Rev. C. H. S. Koch, Mrs. Koch and family, arrived from the Orient, and are en route to St. Paul, Minn.

Senor F. S. Ojala and wife were through passengers to Malaga, Spain.

Over thirty saloon passengers came ashore here from the Silver State, including the following: Marquis of Bute, Cardiff, Wales; Marchioness of Bute, Cardiff, Wales; Miss A. GOOD RUN BY ADMIRAL LINER

SS. Silver State Crossed Pacific in 9 Days, 13 Hours and 39 Minutes

After a run of 9 days, 13 hours and 39 minutes from Yokohama, the Admiral Line steamship Silver State reached William Head at 6 o'clock last night. There appeared to be a keen feeling of exhilaration among the ship's officers from Capt. John Griffith down, over the fact that Admiral Line, sailing from Yokohama the same day, had at last reached Victoria the same day as one of the Empress liners.

The Silver State sailed from Yokohama three and a half hours after the Empress of Asia.

Mr. Whitlock made quarantine eight hours after the Empress boat yesterday.

IS BOUND WEST TO SETTLE HERE

Capt. Andrew Hamilton Returning to B.C. After Thirty Years

Among the passengers arriving at Montreal by the C. P. S. S. Minnedosa from Liverpool was Capt. Andrew Hamilton, staunch friend of Canada, who is returning to British Columbia, which province won his affections thirty years ago.

Capt. Hamilton is now in the eight-fifth year of his age and with Mrs. Hamilton has come back to Canada to spend the Winter of his life with their sons and grandsons here. They will settle in a small house with a bit of garden in Victoria.

Going back to the earlier days of the career of Capt. Hamilton those who knew him best in Europe as well as in Canada, looking at him as he stands to-day so fresh in second youth and happy spirits, acknowledge how much Canada and the Empire owed to him. A generation ago when Canada had comparatively few friends in England, he toiled at a great assembly hall in the east end of London day after day to help the "under dogs" so many of whom have since reaped in happy Canadian homes the fruit of his unselfish devotion. Both Captain and Mrs. Hamilton were pleased to once more put their foot on Canadian soil and to great forward with the greatest pleasure to the return to British Columbia.

HEADING HIM OFF Miss Banks (to her father's cashier): "I don't believe, dear, that papa will give his consent."

Cashier: "Oh! yes, he will, after he has examined the books. He'll want to keep the money in the family."

"Does she dress in the height of fashion?"

"Well, yes—she wears 'em to the knee."

VALUE OF BANDS TO CITY SHOWN

Recent Street Processions Demonstrate Their Capacity

On the last Empire Day Victoria had, perhaps, the best, largest and longest parade in its history. Hand-picked musicians in their well-organized arrangements, and embraced in the multitudinous, original and excellent representations were the patriotic, the business display, the allegorical, the local topic and "skit," the art decorative, "fun and frolic," and, lastly, much music. It is, however, the last mentioned that readers are for the moment interested.

Let people ask themselves the question. What would a parade be without music? Its bands, its pipes, its drums? This can be answered very well by another. What would a regimental march-out resemble devoid of its band, or its bugles? In all such the very last thing to be dispensed with is band music. Ever since the early part of the 17th century people have shown a greater interest in music, an interest which is always increasing. But in all branches of the art-band music seems to have become part and parcel of the people themselves. Band music seemingly belongs to them, and many there are in every community who would forego almost any other pastime rather than miss "listening to the band." Of this there is no doubt and it must be realized also how great and far-reaching is the attractive influence of band music. A parade then cannot be complete without music. It becomes somber, listless, uninspiring and unattractive.

In Daily Life. So in the daily life of mankind is there a desire for music. It is God's gift to the people, and blessed is he who spreads the gospel of music, or assists in disseminating this gift throughout the community either by personal effort or by virtue of office or position. Music has its divine compensations. In a moment of darkness and despair it suddenly finds one

full of zest for living. The world appears fresh and new again, the breezes become balmy, and the sun more caressing, one's nerves soothe, and one's spirit resilient, transient and lusty though they be, yet in these fleeting and precious moments of happiness music becomes the most valued of all arts. In this direction then it is felt sure that Victoria public are no less eloquent in their appreciation of, and fondness for, hand music than is found in any other sections of the country.

It has been pointed out more than once that the people of this city take more than an ordinary interest in attending the community concerts under the auspices of the officers of the 5th Regiment and its band, held on Saturday evenings at the Drill House, and during the past Winter season many thousands attended the G. W. V. A. Sunday evening band concerts at the Capitol. During the Summer time too, now at hand, thousands congregate at park and beach to hear the concourse of sweet sounds from their favorite band, and return to their homes the better for it.

Municipal Bands. So humanizing, so civilizing, is music, and so universal its language, that every city should have its municipal band, or its symphony orchestra. There should be evening performances at one of the parks, if possible, for, after all, in giving music to the masses, it is only making a just return, for most of the great music of the world has sprung from the masses rather than from the classes. Then again, such an organization could be available for the various civic functions, and its services made effective, attractive and enjoyable on many an occasion, where without the strains of sweet music the event would prove dull, spiritless and monotonous.

Of the business aspect of such a band much could be said, but it has been especially our desire to point out that in such an elaborate function, as was the splendid parade alluded to, had there been no music, no bands, pipes or drums, the whole affair would have proved "flat, stale and unprofitable"—disappointing and diversionless.

## The Question of Depreciation

You cannot afford to overlook the question of depreciation when buying a car, because the time will come when you will either sell the car you have bought, or turn it in on a new car. The loss you will have to take will depend upon your choice now.

Ask the owner of any car purchased within the last fifteen months, at a price varying from \$2,000 to \$4,000, what loss he would have to take on a resale. The amount will surprise you. The more expensive the car the more the owner stands to lose. Excessive cost of upkeep kills the demand for a used car of this class.

### NEWS IN BRIEF

**Board Meeting.**—A meeting of the Esquimalt Board of Trade will be held to-morrow evening in the Sailors' Club at 8 o'clock. The discussion of Parks and Golf Courses will be taken up.

**Marguerite Chapter.**—The Marguerite Chapter, I. O. D. E., held its monthly meeting yesterday evening at the home of the Regent, Mrs. King. The sum of ten dollars was donated toward the Girl Guides' fund, and ten dollars to a maternity bag committee.

**Retailers to Meet.**—There will be a meeting of the Retail Merchants' Association at the Dominion Hotel to-night to make arrangements for the programme of the forthcoming convention of the Provincial Association. Harold M. Diggon is the chairman of the committee of arrangement.

**Pleasant Function.**—Mrs. Read, convener of the Women's Social and Educational Conservative Club, has arranged a very pleasant affair for Friday, to be held in the Campbell Building at 8 o'clock. There will be progressive whist, and Mrs. Newell Spratt will amuse the public in her own inimitable manner. Good prizes will be given for the card winners and refreshments will be served.

**Summer Sale.**—The Ladies' Guild of St. Mary Magdalene will hold its annual Summer sale in the grounds of the hall, Gosworth Road, on Thursday, June 15, at 3 p.m. The sale will be opened by the Rev. N. E. Spith, of "Barabara", and will include the usual attractions, plain and fancy work, home cooking, candy, fish pond, plants, tea, cake and ice cream.

**Will View Hospital.**—In place of the regular noon luncheon the Kiwanis Club will hold an evening function to-day, commencing at 7 p.m. at the Royal Provincial Jubilee Hospital. Members are asked to assemble at the hospital at 6 p.m. for the purpose of viewing the institution. Dr. R. C. Augustine, President, Emeritus American Optometric Association, will address the gathering on the subject of "The Eyes." Past President Mark W. Graham will speak on hospital matters.

**Soldier Home Assessments.**—The communication read at last night's Council meeting conveying the resolution recently adopted by the Canadian Legion protesting against the assessment of soldiers' homes under the new Housing Scheme at a higher rate than that charged ordinary civilians, was referred to the special committee composed of Aldermen Todd, Gillespie and Leeming and to the City Solicitor and Assessor for report.

**New Tennis Club.**—T. U. Durand thanks the Times for assisting in getting some new members for the tennis club which it is probable will be named the Hillside Tennis Club and which has a splendid chance of securing a very suitable location for the grounds on Hillside Avenue on property owned by the city. There are now about fifteen members ready to proceed with organization, but fifteen more are needed. Those interested in promoting this sport and desiring to join the club are asked to write Mr. Durand at P. O. Box 120, City.

**Concert Tonight.**—The Choir of the Emmanuel Baptist Church, Fernwood Road, will give their concert this evening, commencing at 8 o'clock. They will be assisted by Mrs. Styles, soprano; Miss May Mason, contralto; Mr. G. Green, cornetist, and Mr. Vernon Smith, solo violinist. Mr. Smith will also be associated with Miss Lilian Parfitt in a concerto for two violins. With these well known artists the choir has arranged an interesting programme, and the various selections which they will render will be of the best. After many weeks of hard practising under the capable leadership of Mr. Fred Parfitt, they will, undoubtedly, give a good account of themselves. The proceeds will be in aid of the pipe organ which the Church has recently acquired.

**Home Products Win.**—R. W. Mayhew, managing director of the Sidney Roofing Company, is in receipt of a letter from New Zealand containing high and unsolicited praise for the roofing product of the local concern. "Your roofing has proved to be the equal of any English roofing of the same capacity known on the market," the letter states. This comment is much appreciated by those who are anxious to see Victoria exports increased.

**Photographers Meet.**—There was a large attendance at the meeting of the Photographic Society at the Y.M.C.A. last night, when the subject of "An Evening With the Microscope" was discussed by W. N. Wells, told of the use of the microscope. Votes were given on various prints, a picture of the Beacon Hill stone bridge, which was exhibited by S. Huxtable, winning the highest number of votes. The next meeting will be held on July 3, when the subject will be "Historical Prints."

**Appeal is Dismissed.**—The appeal by Soon and nineteen other Chinamen from a police court conviction and fine on a charge of frequenting a common gaming house at the Oriental Club, Fan Tan Alley, was dismissed in the County Court yesterday by His Honor Judge Lampman, who found that the appellants had not dispelled the onus cast on them by the production of implements normally used for gambling. C. L. Harrison appeared for the Crown and W. C. Moresby for the defence.

**To Examine Pupils.**—W. O. Forsythe, a well-known teacher and composer of music in Toronto, will visit Victoria on Thursday and examine the pupils of Mrs. MacGregor and Mrs. Cornet.

**Young People's Forum.**—Animal life was discussed at the regular weekly meeting of the Young People's Forum of the Metropolitan Church last night, when a large gathering marked the occasion. Mr. Stewart favored the meeting with a solo and an instructive time was spent by all.

**Rockland Park W. C. T. U.**—The Rockland Park W. C. T. U. held its monthly meeting yesterday afternoon at the George tearooms, the members enjoying a pleasurable and profitable afternoon. The July meeting will be held at the same place.

**Police Have Boat.**—A small boat, believed to be the property of Wm. P. C. Wright, Maple Bay, is in the hands of the Provincial Police. The boat was found by an Indian, towed to Sidney, and turned over to the police.

**Store is Entered.**—Mrs. Pidcock, Craigflower Road, reported that a store at Gunton's corner, Indian Reserve, Esquimalt, was entered on the night of June 4 and a quantity of goods taken. The provincial police are investigating.

**Saanich Sewer By-law.**—The intrusion of the Greater Victoria scheme, now under discussion, makes it advisable that a sixty-day extension of time in the submission of the Saanich Sewer By-law be made, and the City Council agreed last night to the request from Saanich that the Saanich-Victoria agreement be relaxed to that extent.

**Discusses Relief.**—The first duties of Acting Mayor Harvey this morning consisted of a discussion with the Friendly Help Society regarding relief measures. Now that the city's relief has been done away with the full burden of looking after distressed people falls on the Friendly Help. It is anticipated, however, that there will not be much unemployment to cope with.

**Medical Society Meeting.**—At a meeting of the Victoria Medical Society held last evening in the Jubilee Hospital, Dr. Forrest Leader read an able paper on "Some Masters in Medicine," illustrated by many lantern slides. Business transacted included the appointment of a committee to deal with the establishment of a medical library, a long-felt want among the medical men of the city. Dean Thornton, of the dental faculty of McGill University, is expected in the city shortly, when arrangements will be made for him to address a joint meeting of the Victoria Medical and Dental Societies.

**Metropolitan Ladies' Aid.**—The Ladies' Aid of the Metropolitan Methodist Church held their regular business meeting in the church parlor on Friday afternoon, at which they concluded arrangements for the stall of home cooking they are undertaking for the Y.W.C.A. festival on June 7th and 8th. At the close of the meeting the President, Mrs. E. O. Weston, who has occupied the chair for over twelve years, was presented with a beautiful leather handbag, as a slight token of appreciation for her splendid work, for which she feelingly expressed grateful thanks. Refreshments were served and a pleasant social hour spent. The society will hold no further meetings until September.

## JOHN MCGREGOR IS NOW QUALIFIED

Graduates M.D. at McGill; Frank McNamee Also Successful

Mr. and Mrs. George McGregor, Cloverdale Avenue, received the welcome news by telegraph to-day that their eldest son, John McGregor, who has been studying medicine at McGill University, Montreal, has passed his final examinations for the degree of M. D.

Dr. McGregor, who is now 25 years of age, was educated at University School and the High School here, and matriculated from the latter institution. He has studied five years in Montreal and spent one year in the Army.

He will proceed to Toronto to take the Dominion Council of the Medical Association's examination, and has the purpose to proceed to Saranton to study surgery in hospital, there, and from Saranton will go to New York for further experience.

Another locally educated graduate in medicine is Frank McNamee, a friend of Dr. McGregor's for a number of years here and at McGill. All British Columbia candidates for the degree were successful, it is stated.

### CHONG HAS FOUND SILVER LINING TO HIS DARKEST CLOUD

By the aid of a rusty table knife and the staiding of his own blood, Chew Chong has discovered that he has real friends, despite his age and decrepitude.

Charged in the police court this morning with having attempted to commit suicide recently, Chong found himself being advised by and pleaded for by J. B. Clearhue, M.P.P., retained by friends who were anxious to send their venerable countryman back to China, provided the Court would be lenient.

Magistrate J. approved of the proposal and granted a month where-in to accumulate the necessary funds, after Interpreter Wing had declared that money would have to arrive from Montreal, Toronto and other cities, to supplement local contributions.

Chong is bowed with years, and much labor in British Columbia, having passed the most recent days of his forty years of residence here as a window washer.

### BURGLARY CHARGE RESULTS FROM BROTHERLY FIGHT

An ancient saying about the time when honest men come into their own was exemplified this morning in the city police court, when Arthur and James Goslin, Mexican brothers, just attaining manhood, were charged with fighting on Cormorant Street and each fined \$10 for breaking the peace.

Arthur was then charged, on the information of his severely damaged brother, with being the author of the burglary of a store at the corner of Finlayson and 11th Streets, which was entered on May 22 and has since been an unsolved puzzle to the authorities. The accused accepted immediate trial and pleaded guilty without demur, being remanded until to-morrow for sentence.

### AMERICAN REALTY MEN ARRIVE TO-MORROW

A large number of Philadelphia real estate men, who have been attending meetings of the National Association of Real Estate Boards in San Francisco, will stop off in Victoria to-day on their way home. The delegation includes over ninety men, many of them well known business men of Pennsylvania. The Canadian Pacific Railway Company is making all arrangements for their entertainment in British Columbia, which was entered on May 22 and has since been an unsolved puzzle to the authorities. The accused accepted immediate trial and pleaded guilty without demur, being remanded until to-morrow for sentence.

### Hospital Directors.

Christian Sivertz, James Foran, James Parfitt, Mark W. Graham and Alexander Stewart were elected as the city's representatives on the Board of Directors of the Royal Jubilee Hospital, at last night's meeting of the Council.

**His Name is Smith.**—The Victoria and Island Publicity Bureau prides itself that there is no question about Victoria and Vancouver Island that it cannot answer but Mrs. Shaw, Publicity writer for the Bureau, was found pondering over a letter this morning and inquiry solicited the information that she was endeavoring to obtain a correspondent by locating a J. Smith who, the writer states, is known to have resided in Victoria seven years ago, had a grocery stall in the public market, and had two sons, William and Albert, who served overseas. "You should be able to locate him from this" the letter says. When Mrs. Shaw counted nearly forty J. Smiths in the directory she decided help was necessary to perform the "easy" task of locating the party wanted. Anyone who can volunteer information should communicate with the Bureau in the Belmont Building, telephone 40.

## "SCHOOL DAYS" IS EXCEPTIONAL FEATURE

An enthusiastic reception was accorded the showing of Gus Edwards' "School Days," featuring the freckle-faced movie star, Wesley Barry, at the Dominion Theatre. The picture will be shown for the entire week. It is sponsored by Warner Brothers, and was produced by Harry Rapf and directed by William Nigh.

The appeal of "School Days" is irresistible, because it serves to bring back to the older generation the days when they were a couple of kids; to the youngsters it will serve as a treat because they can witness one of their own kind going through all the pranks, the disappointments and the joys of boyhood.

There is the familiar swimming hole, the familiar pal-a-dog, and the familiar little shanty, the school house, big enough to take care of a handful of youngsters. Wesley Barry, as Speck Brown, is an orphan. His guardian, a stern man, uses the rod in order to enforce obedience. But Speck more or less ignores him, until one day he meets his wealthy uncle. Then things begin to change.

Speck is sent East for an education. He mingles with the youngsters of wealthy people; he tries to be chummy, but they snub him. He tries to finance an invention, "You-Can't-Lose-It-Clothes Pin," invented by his eccentric old friend back on the farm and finds himself in the mesh of a couple of swindlers. He becomes disgusted with his surroundings, and longs to get back to his father's playground—to his dog and his little sweetheart and the swimmin' hole. Deserting his surroundings, he gets back home on a freight train.

There are many other interesting high lights in the picture, and the large cast does some splendid work in support of Wesley Francis X. Conlan is captain of the eccentric old inventor, Margaret Seddon, as the kindly old school teacher, does creditable work, George Lessey, in the role of the stern guardian, Hippy, the dog, and J. H. Gilmore, as the wealthy uncle, more than help round out a very fine screen offering. It is a picture that will delight the old folks because it will bring back many delightful moments of their school days, and the youngsters because they will enjoy the pranks and the glory of one of their own kind.

## THIRD OF CENTURY IN HOTEL BUSINESS

### Stephen Jones Is Dean of Pacific Northwest Hotelmen

### Growth of Dominion Hotel Is Record of Steady Progress

### Institution Now Approaching Half Century Mark

A third of a century associated with one hotel is the remarkable record of Stephen Jones, proprietor of the Dominion Hotel, who completed May 27, 33 years as head of the popular hostelry which has grown up with the city.

This institution, for such it may well be called after 45 years of usefulness, has been steadily developed under his management, and has been five times enlarged in the period since May 1889, when Mr. Jones succeeded his father.

Recognition of Mr. Jones' position as Dean of the hotelmen of the Pacific Northwest, came when he was invited to the Dominion Hotel, Spokane, on the occasion of the celebration recently for the proprietor of that celebrated hostelry, who has completed over 30 years in the same line of business.

### Early Career.

Mr. Jones was brought to Victoria in 1872 by his parents, the late Mr. and Mrs. Stephen Jones, at the age of three years from his birthplace, Clinton, Ontario. The family stayed for some time in Portland, after arrival on the Coast by the Union Pacific Railway, and then came to Victoria, where the elder Mr. Jones quickly established himself in the hotel business. He moved to the Dominion Hotel, then on the edge of the business district in 1876, and continued to manage it until his retirement in 1893, when he was 21 years of age. Mr. Jones, however, young as he was had already had some experience in an hotel at Esquimalt, which had been burned down shortly before he took over the Dominion Hotel from his father.

Mr. Stephen Jones senior lived for four years after the transfer, but meanwhile in 1891-92, the present proprietor had made one addition to the modest hostelry which he had inherited.

### Public Work.

During the years Mr. Jones has been engaged in building up a first class hotel business, and interesting himself in a number of enterprises he has found time to interest himself

### Ministerial Association Selects Its Officials

Officers for the year were elected by the Ministerial Association yesterday as follows: President, Rev. W. G. Wilson, D.D., M.A.; vice-president, Rev. W. R. Freeman; secretary, Rev. B. Black; executive committee, Rev. Dr. Clay, Rev. W. Stevenson, Rev. Dr. W. J. Sippel, Rev. A. K. McMillin, Rev. A. de B. Owen and Rev. R. Connel.

Owing to the proximity of the changes in the Methodist Church, addresses were presented as follows: To Rev. Robert Wilkinson, who is leaving the Oaklands and Belmont Methodist Churches to take up a pastorate at Ferris Road, Vancouver, and Rev. W. C. Wawhinney, of the James Bay Methodist Church, who will go to Telkwa.

A new member of the association was introduced to the meeting in the person of Rev. A. K. McMillin, who has taken over the pastorate of the First Congregational Church in this city. A former pastor in this city, Rev. John Robson, of Vancouver, also spoke.

The presentations were worded as follows: To Rev. R. Wilkinson. "In the working out of the system of the great sister church, the Methodist Church in Canada, we are called upon, from time to time, to suffer the severance of friendly and happy relations of the removal to other fields of brother ministers whom we have learned to respect and esteem. This is an experience

which reminds us of Thomas Bilby's line: Here we suffer and pain, Here we meet to part again, While the meeting is pleasant, the parting is painful.

"This is particularly true when it is the case of the removal of our best of that Christian gentleman, Rev. Robert Wilkinson, of the Belmont Avenue Methodist Church. As a neighbor he has always proved kindly and ready to act the neighborly part. As a member of our Ministerial Association, he has been faithful in his attendance at the meetings, earnest and wise in counsel and helpful in all his efforts to promote the work of the association. As a citizen he has ever had lively interest in all that pertains to the improvement of the conditions and the highest well-being of the people.

"Thus a valuable member of the community in general and of the Ministerial Association in particular is to be removed to another field of labor and usefulness. While we cannot but feel regret on account of our loss, we shall rejoice in others' gain. We commend our brother to the wise guidance and the sufficient sustenance and protection of our Divine Saviour and Lord."

To Rev. W. C. Wawhinney. "We, the members of the Ministerial Association of Victoria, having heard that you are about to leave to take up the work of the ministry in the far north, desire to assure you of our deep interest in your future.

"During the short time in which you have been associated with us in the Ministerial Association you have won for yourself a high place in our esteem as a Christian minister. For a year you filled the office of secretary of the association and we very greatly appreciate the service thus rendered. Devotion and diligence to the duties of the office, courtesy and thoughtfulness for your brethren,

## "SMILIN' THROUGH"

### SEEN AT ROYAL

Norma Talmadge in a fine dramatic vehicle in the magnetic screen attraction at the Royal Victoria Theatre this week. The production in which she appears is "Smilin' Through," screen version of Allen Langdon Martin's famous play that gained new laurels for Jane Cowl on the speaking stage. Norma is at her histrionic best in the dual role that this powerful drama gives her. She is seen first as the fair Moryeen, who is slain on her wedding day by a jealous

## ADVENTURE STORY

Fighting on the fore top of schooner with the vessel rolling and pitching and the mast swaying, is no pleasant job, according to Rudolph Valentino, playing the leading male role and Walter Long, the villainous captain of the hell-ship in "Moran of the Lady Letty," a Paramount picture which will be shown at the Columbia Theatre to-day.

The fight scenes were filmed aboard the ship in San Francisco Bay. The two men were at least sixty feet above the deck. The fight started on deck and continued on up the rigging until they reached the fore top. From there they fought on out to the end of a spar. After a final struggle, the villain drops into the ocean. For this latter shot, a camera was lashed to another spar, and thus a close-up view of the knock-out punch and the fall was obtained.

Dorothy Dalton plays the featured role of "Moran." The picture is an adaptation of the sea story by Frank Norris.

## D. W. GRIFFITH'S NEW FEATURE AT CAPITOL

"Dream Street," the new D. W. Griffith picture is a charming little voyage through a land that is distinctly Griffithland.

In a foreword to the picture, he says it is not Limehouse, nor London, Pennycyfers nor High Street. It is

## Miss Carol Dempster as Gypsy in Dream Street

Miss Carol Dempster as Gypsy in Dream Street

just one of the fascinating lands of Nowhere that Mr. Griffith invents.

It has the most charming and poetic landscapes of any of the countries into which he has wandered.

With the actors you seem to roam through the diamond dusk of strange old alleys, with their dirt and their perfumes and the odd life goes jangling through the shadows.

With the queer sermonic Chinaman you tread healthy stairways that seem to creek with memories and confessions or, with Gypsy Fair, the adorable little dancer, you trip measures in the sunshine of broad ways and little courtyards.

Sometimes you are upon the docks with the masts and spars of the shipping, and, in ancient Egypt of the Pharaohs with the pyramids standing in grim and reckless silence at your back. Then again there comes into your purview, dainty drawing rooms that ring with the laughter of children; and then old court rooms laden with sorrows and the memories of sorrow.

There is always something interesting and distinctive about Griffith's "sets" but those of "Dream Street" are your purview, dainty drawing rooms that ring with the laughter of children; and then old court rooms laden with sorrows and the memories of sorrow.

Leoniidoff and Rogge, Capitol dancers, appear again this week in new dances.

## "ROBINSON CRUSOE" STARRED AT DOMINION

"Adventures of Robinson Crusoe" is drawing large crowds of kiddies at the Dominion.

Margaret Livingston hopes some day to be a musical comedy star. But she isn't taking quite the usual method of satisfying her ambition, instead of being in a chorus somewhere on the stage, with a famous star of the musical frolics to pattern after, she is working in pictures.

She is a good type and an accomplished dancer.

As the Spanish heroine of "The Adventures of Robinson Crusoe," "Universal" elaborately filmed serial, starring Harry Myers, now at the Dominion Theatre, she has a chance to display her beauty in an exotic role.

Robert F. Hill directed the serial with Noble Johnson, Gertrude Olmstead, Josef Swickard, Gertrude Claire and others in support of the star.

**BOARD OF TRADE COUNCIL MET**

**Number of Subjects Discussed in Duncan**

(Times Correspondence.)  
Duncan—At a meeting of the Council of the Board of Trade held last week at Cobble Hill, members reported that as a result of their application for 10,000 trout fry, 5,000 had been sent. Mr. Hodson, from Cowichan Lake, had stated that depletion of the fish was due to the use of salmon eggs as bait. This matter was considered so important that after discussing the question of asking for amendments to the law to forbid fishing with such bait, or at least to forbid its sale, the board left it for the consideration of the Conference of Boards of Trade to be held at Cumberland.  
A request for the support of the Board to advocate paving a small section of the Island Highway in the neighborhood of Cobble Hill was endorsed.  
A request will be sent to the C.P.R. asking that the course of the Island Princess from Victoria to Vancouver should be inside the islands, as she may, as formerly, call at Genoa Bay and Cowichan Bay on her way to Vancouver.  
At the request of the Legislative committee, the Board is to ascertain what action is being taken by the Victoria Chamber of Commerce with regard to the increased tax on motor cars and the increased tax on cigarettes and the Duncan Board will support this action.  
Assistant District Engineer  
A resolution was unanimously carried expressing regret at the action of the Minister of Public Works in asking for the resignation of H. C. Mann, Assistant District Engineer. The Board also expressed high appreciation of his work during his five years' service, and of the capable and prompt attention he had given to all matters in connection with roads that had been brought to the notice by the Board.  
To Meet June 12  
The Council will meet in Chemainus on June 12, and members in that section will be asked to attend and discuss the wish of Chemainus members to secede from the parent organization.

**SUCCESSFUL EVENT HELD IN CUMBERLAND**

(Times Correspondence.)  
Cumberland—This town of Cumberland was the scene of great activities on Friday and Saturday when the Mooseheart Legion, Maple Leaf No. 53, put on a frolic. The city was nicely decorated for the occasion, a huge arch having been built at the entrance to the city with the inscription "Welcome Legionaries, Maple Leaf No. 53." Some of the business places on the main street displayed large banners with the same words. The frolic started on Friday night with a monster dance in the Illio Theatre, the music being supplied by the orchestra of Vancouver Lodge No. 888. The hall was packed to capacity and dancing was kept up until 5 o'clock in the morning.  
On Saturday members of lodges arrived on the scene from Victoria, Vancouver, Seattle, Port Angeles, Nanaimo and Ladysmith to witness the initiation of fifty candidates into the second degree of the order, fully 200 people being present at this ceremony. The boat which conveyed Vancouver lodge members and their wives delayed fully three hours, arriving at Union Bay at 11 o'clock, being first intended to arrive at 8. A special train met the boat and conveyed the visitors to Cumberland. On their arrival there a parade was formed, headed by the band, followed by the candidates and members of the order. Although the hour was late, the streets were lined with people to welcome the Legionaries to Cumberland. The parade started at the station and thence through the main streets to the G. W. V. A. hall, where the initiation took place.  
After the initiation a banquet was held, which was thoroughly enjoyed by all, and which was a great credit to the Cumberland lodge, who were in charge. Owing to the late hour of getting started things were not completed until fully three hours, when all departed homeward, expressing themselves as having witnessed one of the finest frolics ever put on by the Legion. Mr. Macdonald, Mayor of the city, proved himself to be the best of hosts, and much credit is due him for the success of the event.

**LADYSMITH WON BASEBALL GAME**

(Times Correspondence.)  
Ladysmith—Before one of the largest crowds that has witnessed a baseball game in these parts the Nanaimo city team went down to defeat before the local squad, the score being 2-1. The brand of ball played was of the best, and at no time did either team seem to be the favorite, the score standing one all until the eighth inning, when the local lads had a batting rally which resulted in the winning run. Some very fine hits were made, both Lauderbach and Simpson knocking one out of the lot. The batteries were as follows: Ladysmith—Stick-

Mackinley for Ladysmith replaced Dickson in the sixth.  
The following was the lineup:  
Ladysmith—Murray, 2nd; Davis, 2nd; Simpson, c.f.; Shephard, 1st; Gibbons, s.s.; Dickson, r.f.; Lauderbach, l.f.  
Nanaimo—J. Aitken, s.s.; W. Heatlie, c.f.; W. Cain, 2nd; A. Beattie, l.f.; W. Bailey, 3rd; B. Wood, 1st; Knorston, l.f.  
W. Lauderbach refereed the game very satisfactorily.

**LADYSMITH MAY HAVE RADIO CLUB**

(Times Correspondence.)  
Ladysmith—There is a move afoot locally to form a radio club, with the intention of purchasing and operating a radio telephone.  
Harold Gilroy, son of Mr. Gilroy, former managing director of the E. Eaton Company, Winnipeg, has arrived in town with his wife and family to take up residence for the season at their summer home at Shell Beach. This home is on the site formerly occupied by the Allen Stock Company, of Portland, Ore.  
C. J. Evans, of Seattle, passed through here on his way to Campbell River.

**AGRICULTURAL SOCIETY DIRECTOR TO BE ELECTED**

(Times Correspondence.)  
Duncan—At a meeting of the directors of the Cowichan Agricultural Society, with A. Peterson, vice-president, in the chair, Mrs. E. C. Walker, Mrs. R. M. Palmer, Major Grigg, J. Y. Copeman and A. A. Mutter were present.  
Dr. W. H. McKenzie, Chief Inspector for British Columbia of the Federal Department of Agriculture wrote, pointing out the regulations required for exhibiting accredited herds.  
A thorough cleansing and disinfection of buildings, which must be for the exclusive use of such herds, was necessary, he said. His department effected the services of an inspector to supervise the preparation of the accommodation for these herds.  
Dr. N. Black's resignation as a director was accepted with regret, and the secretary was asked to send him an expression of appreciation of his services as director. The election of a successor will be left to the next meeting, which will be on July 8.  
The meeting approved the action taken by Mr. Peterson, Mr. Peterson and the secretary in the matter of the agreement with the Chautauque guarantors decided, and that the matter should be left in the hands of the finance committee.

**SATURDAY NIGHT DANCES IN DUNCAN ARE A SUCCESS**

(Times Correspondence.)  
Duncan—The first of the season's Saturday night dances proved a great success, about 125 being present. Several out of town people were noticed among the dancers.  
Those Cindarella Dances were inaugurated by the Cowichan Agricultural Society two years ago, and were most popular, and to judge by those who were there on Saturday at, had fair to continue to be so. Henderson's local orchestra supplied excellent music, and light refreshments were served by the Tea Kettle Inn.  
An axle and front wheel were broken when the car belonging to Capt. E. G. Williams collided with a car driven by Miss Innes-Noad on Maple Bay Hill last week. Had it not been for the coolness and presence of mind shown, a serious accident might have resulted, but as it was, none of the occupants of the cars were hurt.  
Cyril Vibert, of Vancouver, arrived in Duncan last week. He will act as relieving officer for the next three months at the Bank of Montreal, during the annual holidays of the staff.  
Returning to Duncan.  
Mr. and Mrs. S. Ransom, formerly of Cowichan, who have been in England for the past few years, are on their way back, and are expected in Duncan during the week.  
Mr. and Mrs. Whinnings, of Vancouver, have returned here after a few days' visit with Mrs. Whinnings' sister, Mrs. R. C. Macgregor, of Duncan.  
Hugh Savage, editor of The Cowichan Leader, is in Ottawa attending the annual gathering of the editors and staffs of weekly newspapers.

**DUNCAN CUBS WON AT BASEBALL**

(Times Correspondence.)  
Duncan—At baseball the Cubs easily beat the Pirates in their last game by a score of 17 to 1. It was an indifferent game, the Pirates certainly not being up to their usual standard, while the Cubs found their batting eye and were hitting freely.  
The teams were:  
Cubs—Lovell, c.; Bishop, p.; Maitland, 1 b.; A. Dixon, 2 b.; Chastler, 3 b.; F. Evans, ss.; Woodward, l. f.; Baines, c. f., and Beckwith, r. f.  
Pirates—Forrest, c.; Robinson, p.; A. Evans, 1 b.; J. Dixon, 2 b.; Hattie, 3 b.; Rutledge, ss.; Tombs, l. f.; Plankett, c. f., and Peterson, r. f.

**COWICHAN CRICKET TEAM FOUGHT WELL, BUT VICTORIA WON**

(Times Correspondence.)  
Duncan—Nanaimo, although they had known of this game since the cricket season commenced, sadly let down the Cowichan cricketers at the last moment and failed to send any representatives to play in the Inter-City match on Saturday last. Cowichan, however, carried on as best they could, not failed to do anything against such formidable opponents as the pick of Victoria.  
Commander Noble's innings was the feature of the day. He made 72 before being caught by Capt. Dobbie off Carr-Hilton, Sr.  
Only two of the Cowichan side made double figures, R. W. Crossland 11, and Carr-Hilton, Sr. 13. Wilkinson and Goward proving too much for them all. In the second innings Cowichan did slightly better, Crossland being top scorer with 32, Carr-Hilton, Sr. 26. G. G. Bais, not out 11.  
Mrs. R. Barkley and Mrs. D. Groves served a delicious tea, and the visitors all seemed to have an enjoyable time.

**TWO REPORTS BY COAL WAGE BOARD**

Ottawa, June 6.—A majority report signed by D'Arcy Scott, chairman, and John E. Moore, of St. John, representing the employers, recommending that the McKinnon Award rates, with a reduction of 20 per cent in the wages of all employees and a minimum of \$2 a day for fatal men over the age of 18 years, should be adopted, was made public last night by the Scott Board of Conciliation, which investigated the miners' wages dispute in the Nova Scotia coal-fields.  
L. D. McDougall, of Inverness, N. S., who represented the men on the board, rendered a minority report in which he failed to agree with his associates mainly in the matter of wages. He recommended that the minimum wage be increased from \$2.25 to \$4.45, and that the higher daily rates should be reduced 10 per cent below what they were under the Montreal agreement.  
He also recommended that the contract rates at present in force be increased 15 1/2 per cent, making them 17 1/2 per cent below the Montreal agreement or 1 per cent below those of the McKinnon Award, to be retroactive to January 1.  
The board was appointed by Hon. James Murdock, Minister of Labor, after a policy of "strike-on-the-job" had been declared in some of the Nova Scotia mines and investigated the dispute between the British Empire Steel Corporation, its subsidiaries, the Dominion Coal Company, the Nova Scotia Steel and Coal Company, and the Acadia Coal Company and their employees.  
No Strike.  
Sydney, N.S., June 6.—Though open strike talk has been heard in the mine fields, it is not generally believed that a strike is likely to follow the majority finding of the Scott Board of Arbitration which recently investigated the miners' wage dispute. The board's award will be either rejected or accepted at the special convention of District 36 of the United Mine Workers of America at Truro, N.S., on June 30.

## Public Notice

Terms of Sale of Reverted Lands to Former Owners

On a 15-Year Payment Plan.

The following recommendations of the Reverted Lands Committee and City Land Commissioner were adopted by the City Council on May 2, 1932:

Recommended that, with a view to assisting the former owners or other persons interested in reverted lands, to acquire the properties in which they were formerly interested, the Council grant permission to the Reverted Lands Committee and the City Land Commissioner to negotiate with any or all of such former owners or other persons interested in certain lands that have reverted to the City as a result of tax sale proceedings, for the sale of any such lands on the following terms and conditions:

The sale price to include the upset price for which the land was sold, with interest thereon at the rate of six (6) per cent, per annum up to the 31st day of December, 1931, together with the total of all general and local improvement taxes and instalments of capital sum, with interest thereon according to law, which would have accrued, due and payable to the City as including the 31st day of December, 1931, if such land had not been sold at tax sale.

The negotiations proposed shall not apply to any reverted lands previously sold, or to any reverted lands that have been reserved by the present Council, or by past Councils, or that may be by the present Council reserved for school, park or any other purpose.

The privileges under the herein proposed plan of reverted land sales shall not be exercised after August, 1932.

Full particulars as to terms and conditions may be obtained on application to the undersigned:

W. G. CAMERON, City Land Commissioner, City Hall, Victoria, B.C.  
Dated at Victoria, the 5th day of June, 1932.

## PROMISING SEASON FOR ICE CREAM

### Consumption Returning to Pre-war Demands in This City

Since the year 1913 the local consumption during the month of May of ice had never been so great as it was during last month. The warm weather which closed the latter portion of the month brought the average consumption far above any other record they have had since the previous year. Last year between 75,000 and 100,000 gallons of ice cream was consumed during the Summer months alone, and Victoria ice cream manufacturers are looking forward for an ever greater year than last. Numerous stores have been erected at outlying beaches. So great is the trade in the Saanich municipalities that some difficulty is found in supplying requirements.

**BAPTISTS TO MEET IN VANCOUVER SOON**

Busy Sessions Will Be Held at Mt. Pleasant Church

Many phases of Baptist work in British Columbia will be discussed at the forthcoming B. C. Baptist convention in Mount Pleasant Baptist Church, Vancouver, June 16-21. Sessions of the women's branch of the church will commence a day earlier at the same place and meeting will be held concurrently thereafter.

E. Scott Eaton, a layman, is the president of the B. C. Union. His successor will be a minister.

Lay and ministerial delegates from 43 churches will attend the sessions and hear an unusually encouraging financial and religious report. Among the developments of the year has been the organization of Baptist associations of the Kootenays, Okanagan and Vancouver Island, bringing about a larger degree of cooperation between widely separated churches.

Mrs. Spofford of Victoria is the head of the women's body.

An almost record days' number of new ministers will be inducted into the membership of the convention at its first session by Rev. J. W. Litch, superintendent of missions. These include Rev. W. P. Freeman, of First Church, Victoria; A. S. Lewis, of Fairview; E. G. Hansell, of Armstrong; H. L. Kempton, of Broadway West; Donald Campbell, of Powell, and Harold Arthur, of Hastings East and Vancouver Heights.

**WILL CONFER ON HOSPITAL MATTERS**

City Council and Hospital Board to Meet

A "get-together" meeting of the city's legislative committee and the Jubilee Hospital Board will be held in the near future to talk over better arrangements for the paying of excess accounts, the City Council decided last night after a lengthy discussion on the question.

Secretary C. T. Carver, of the hospital, asking the city to pay the accounts of those patients who had failed to do so and which were due under the 1920 Hospital Act, precipitated the argument.

General dissatisfaction was expressed regarding the present arrangement and some of the aldermen did not see why Victoria should be loaded with the full responsibility of the hospital. The question of the division of liquor profits and diversion for hospital use and the liability of adjoining municipalities for a fair share of the responsibility was discussed.

**Question of Assessors**

The recommendation of the finance committee that two assistant assessors should be appointed to re-assess thoroughly the buildings and lands of the city did not meet with the approval of the Council, and on Alderman Todd's suggestion, the matter was referred to the special committee authorized to deal with this particular matter.

Alderman Todd warned the Council that it would be better to deal with the matter in the present, as there was great danger in meddling with assessments at this time. Such work would take a great deal of time and labor, and it must be remembered that the decisions of the assessor were based largely on the basis of past experience. Most of the aldermen spoke in opposition to the proposal.

**MINISTERS FAVOR SUNDAY CLOSING**

Will Support Mayor in "Laudable Endeavors to Enforce the Sunday Law"

Some of the organizations of the city have passed resolutions already in favor of the stand taken by Mayor Marchant and Commissioner Stansfield on Sunday closing. The passage yesterday by a meeting of the Ministerial Association of a resolution endorsing the Mayor's stand was worded as follows:

"Resolved, that this meeting of the Ministerial Association representing a large majority of the churches of Victoria and district, expresses its hearty appreciation of the stand which the Mayor of the City has taken in his laudable endeavors to enforce the Sunday law in the face of strong and persistent opposition, and further, this meeting wishes to assure the Mayor of its wholehearted support in this noble cause until the observance of this important law has become an established fact."

Council Disposes of Much Routine Business

The City Council fought shy of the Sunday closing issue at its meeting last night, the only reference made to the subject being the letter from the Chamber of Commerce stating that the latter body had decided to hold a forum meeting in the very near future to discuss the proposed amendments to the Lord's Day Act brought forward last January by the City Council, this action being in response to the Council's request that the Chamber approve the Council's recommendations.

Mayor Marchant will be absent from the city for the next three weeks. He is going to Calgary to attend the Baptist convention, and during his absence Alderman Harvey will be acting Mayor. A great deal of routine business was disposed of, and the Council sat until 11 o'clock.

**Dogs a Nuisance**

"With all due deference, we submit that the neighborhood of Bastion Square or the business area of Fort Street is hardly the proper area for a dog hospital. At all hours of the night and often during the day the entire peace of the neighborhood is disturbed by the hideous howl of dogs which are confined at 516 Fort Street," wrote W. L. W. Sciger on behalf of Board of Trade Building tenants, who wish an abatement of the nuisance. The City Health Officer and City Solicitor will examine into the matter and report.

**Elk Lake Improvement**

In connection with the petition of Eric G. Kingwell and four others asking the city to carry out certain improvements on Colquhoun River, which was referred to the City Solicitor and City Engineer for report, Engineer F. M. Preston reported that it would be inadvisable for the city to be a party to the work asked for owing to the danger from increased flow on the river's lower reaches. If anything should be done Mr. Preston thinks it should include the whole river from the outlet to Elk Lake and that work should begin at the lower end and not the upper, as suggested.

**Pernicious Practice**

"It is a very pernicious practice for an employee of the Reverted Land Commissioner's office to give out information without authority, and I have instructed the Land Commissioner that no such information be given out by his department except over his signature, otherwise the city will get into difficulties," Mayor Marchant said last night, when the City Council had its attention drawn to a complaint from one of the parties who had entered into an agreement with regard to reverted property.

**Wouldn't Believe It**

Members of the Council refused to believe that the property at 1720 King's Road was infested with pests, as claimed by Frank Poole, who, through his solicitors, asked for a refund of the \$1,000 purchase price to cover cost of plastering two rooms where it was alleged the insects had taken up their abode. Mr. Poole says Land Commissioner Cameron represented the place to be free of vermin, but Mr. Cameron denies giving any such guarantee. In the alternative Mr. Poole asks for a refund of the \$300 cash deposit on the purchase, but City Solicitor Pringle advises that the Council is not compelled to grant the refund. The matter was referred to the Reverted Lands Committee and the Commissioner with power to act.

**A Wild Idea**

"This idea is one of the wildest ever proposed for the city," wroter H. Bale, in reference to the Mayor's new housing scheme. Mr. Bale says that he is a builder of thirty years' experience. He owns a great deal of property in the city and to build houses on vacant lots is, in his opinion, a heavy taxpayer. He would like to see a revenue to even cover interest on the investment would be a losing proposition, he contends.

"Waste of the people's money" and "an expensive folly" is the way Mr. Bale expresses it when referring to the idea of building more houses in the expectation of making a profit when there are "thousands for sale of all classes and sizes" which can be bought for about half what it would cost to duplicate them at present. Mr. Bale, as a heavy taxpayer, stating he has the interest of the city at heart, prays the Council to well consider before acting on the proposal to build on the city's vacant lots. The letter was received and filed.

**Wants Money Back**

Another applicant for the return of a \$100 deposit made on the purchase of one of the city's properties was John G. Macfarlane, who bought the southeast corner of Faithful and Howe Streets. He alleges that in securing information from the collector's department regarding general and local improvement taxes accruing against the property the amounts were incorrectly stated to him. In the meantime the City Land Commissioner reports that Mr. Macfarlane has purchased another lot, but the City Solicitor thinks that if he drops his purchase he should forfeit his deposit. The Reverted Lands Committee was given power to act in the matter.

**Will Invite Moose**

In response to a request from the local Order of Moose, the Council will join with the public bodies of the city in inviting the Northwest Moose Association to hold its 1922 convention in Victoria. It is believed that about 5,000 visitors would come to the city.

**COUNCIL HAS POWER TO APPOINT OFFICIAL**

Esquimalt Council Hear That Police Board Has No Power to Select Prosecutor

Having by amicable settlement during the first few months of the year reduced the skeletons in the municipal cupboard to one occupant, the Esquimalt Council last night found that occupant—the question of the power to appoint a public prosecutor—in undiminished vigor.

The matter was broached in a letter from the Deputy Attorney-General, W. D. Carter, K. C., stating that the Attorney-General, in answer to a request from the Council, did not wish to express any opinion on the question of whose duty it was to appoint a prosecutor. An account of the writer, it continued, concurred in by the Attorney-General in person, was to the effect that the Council was the rightful authority to make the appointment.

Councillor Pomeroy, leader of the pro-council party, at once moved that E. V. Finland, candidate of the police board, be appointed. This was amended on a five to one vote to table the matter until the police board have another special meeting to determine action in the light of this communication. An account rendered by Mr. Finland for numerous attendances in the police court, at the behest of the police board, was ordered tabled also, for similar reasons. The police board will meet on Wednesday evening, stated the Reeve.

**PANDORA AVENUE ASSESSMENT DOWN**

City Council Approves Local Improvement Changes

The City Council last night adopted the amended report of the Local Improvement Commissioners, in accordance with the Council's suggestions, whereby a further reduction of fifty per cent is made on the existing charge for street widening and street extension on Pandora Avenue between Government and Quadra.

From Quadra to Vancouver Streets, on the North side the existing assessment of \$15 per front foot is reduced to \$10, and on the South side from \$12.25 to \$7.50.

From Vancouver to Cook Street the existing assessment charge of 5.40% on the North side and \$2.46 on the South side stands as regards the 1915 by-law and in connection with the 1920 by-law from Vancouver to Cook Street on the North side a reduction is made—from \$9.59% to 4.43%, and on the South side a reduction is made from \$7.79 to \$4.94 per front foot.

From Chambers to Fernwood Road, North and South sides, the present rate of \$7.70 per front foot stands. From Fernwood Road to McGregor Avenue the 1920 assessment of \$10.00 on the North side and \$7.70 on the South side stands at \$7.70 per front foot but in connection with the 1916 improvement by-law the \$7.30 charge is cancelled and a special provision by which owners who desire to obtain reductions are required to sign a release waiving all further claims for the Land Commissioner's regrading of Pandora Avenue between Chambers and Fernwood.

The aforesaid reductions are to take effect from January 1, 1922.

**TO DISCUSS HORSE RACING QUESTION**

Special Meeting of City Council on Friday

The application of the Vancouver Island Thoroughbred Horse Breeders' Association that permission be granted to hold two weeks' horse racing at the Willows this season, which application was supported by the newly-formed Country Club, the Amputation Association and the Canadian Legion, will be discussed at a special meeting of the City Council at 2.30 o'clock on Friday afternoon, when representatives of the B. C. Agricultural Association will be invited to attend to express their opinion.

Alderman Andros said that the exhibition would be a failure, and it would be impossible to draw a crowd without horse racing. He thought, however, the Agricultural Association should first be consulted.

Alderman Todd seconded this view, and suggested the holding of the special meeting.

Aldermen Leeming and Patrick called attention to the fact that the Agricultural Association, through ex-Alderman George Saunster, had given a definite promise that no more horse racing under the pari-mutuel system should be held at the Willows, and that the city's 1920 grant had been made on that promise.

The Mayor said that the status of the Council's authority in the matter was somewhat hazy and therefore he thought it would be wise to start the matter over to another meeting to permit investigation.

Alderman Hayward seconded Alderman Todd's motion and the Council agreed to the motion suggested.

It was explained that the races would be conducted under the auspices of the Country Club, which is made up of prominent Victoria business men, and therefore there would be every assurance of a fair deal.

**ESQUIMALT RESIDENTS WILL HAVE GARBAGE COLLECTION THURSDAY**

Council Urges All in District to Make Haste in Securing Cans

A tangible monument to the vision of the present council, a municipal garbage collection system will be instituted in the district of Esquimalt commencing on Thursday next. On that date a large number of the 900 residences affected will be in possession of their cans, and the collection service will commence in full swing.

At a meeting of the Esquimalt Council last evening some fear was expressed that the new service would not be made fully operative for some time, as only 40 cans have been taken out to date, but it was held that the obvious benefits of the system would lead to a sudden rush for cans, which retail to the resident at cost price, namely, \$4. The purchase of the can absolves all other charges, except of course the annual provision in the estimates.

The municipality has employed a driver and assistant to collect the cans from the various households, and the accumulated garbage of the district will be taken to the city for disposal by the city crews, on a flat rate basis. The scheme was evolved by the garbage committee of the present council after considerable opposition.

Though the Council hopes that the value of the service rendered, for the nominal cost of the price of one can, will induce all residents to make full use of the collection, yet the by-law carrying the measure into effect has a sting to its tail for the sake of delinquents. After June 8 it will be obligatory for all householders to dispose of their garbage in a sanitary manner, and the dumping of waste or any type of refuse on vacant property will become an offense punishable by a fine, following conviction in the police court.

**Contract With City.**

It is estimated that when the service is in full swing the collection will entail the disposal of 800 cans loads weekly, or otherwise as may be deemed necessary. The city of Victoria has entered into a contract with the district of Esquimalt to carry all this garbage to sea, along with the city refuse, at a fixed rate.

Provision has been made to clear away the accumulated garbage of many years, by a gradual process of collection at spare times, until the district is once more free and sanitary.

He's been waiting with his host's ugly elder daughter and was in a corner repairing damages. Here he was spied by his would-be papa-in-law.

"She is the flower of my family, sir," said the father.

"So it seems," answered the young man. "Pity she comes off so late."
