# FIRE FIRES IN DAKOTA AND MONTANA

## STAY-GOLFERS TO PAY VISIT THIS SUMMER

Chick Evans, Jock Hutchison, Jim Barnes and Captain Carter Coming  
Judge Landis, Opie Read and George Ade Included in Party

Information was received in Victoria to-day by the Victoria and Island Publicity Bureau that a party of golfers, probably numbering 160 and including leaders of the game, will visit Victoria Friday, August 7, and play a series of games on the Colwood course. The party will include Chick Evans and Captain Carter, who will play exhibition matches against Jock Hutchison and Jim Barnes. Opie Read, the famous writer, ex-Judge K. M. Landis, the czar of baseball and George Ade, the well known author of fables in slang, will also accompany the party on its tour of the golf courses of the Northwest. The trip is being arranged by the Golfers Magazine. The tour will cover approximately 5,000 miles through the most beautiful sections of the Northwestern United States and Canada. A special train will carry the party leaving Chicago July 20 and returning August 15. The Colwood course has been selected as one of the "fifteen wonderful courses to be played on under the finest conditions that could possibly be arranged for the golfer."

## AMBASSADORS MET IN FRENCH CAPITAL

Council Discussed Routine Affairs; Allies Considering Security Pact  
Foch Committee's Recommendations For Disarmament Delayed

Paris, March 25.—The ambassadors' Council met to-day, but took up only routine affairs. The much talked of list of questions which were to be put to the Allies concerning ways and means of obliging Germany to respect the disarmament clauses of the Versailles Treaty is still in the hands of the committee. The expected questions will be held up until something further develops in the security negotiations.

## Use of Artificial Silk is Increasing

New York, March 25.—Use of artificial silk in this country is greatly increasing, and if the ratio continues, may in a few years be greater than the consumption of real silk. Walter W. Rivas, president of the Industrial Fibre Company of New York and Cleveland, said to-day in a report to the fifty-third annual meeting of the Silk Association of America. He said the figures for Europe were still more startling, and that "in the world outside of this country," consumption of the artificial product is greater than use of silk.

## CANADIAN CANOEIST REACHES MARSEILLES

Marseilles, March 25.—George H. C. Smythe, the Canadian flight commander, who is on a canoe voyage from London to Rome, arrived here to-day. Smythe left Paris February 23 and canoed here by way of the Seine, the River Yonne, the Burgundy Canal and the Hivers Saope and Rhone.

## INTOXICATED, THIS CALIFORNIA ALWAYS STEALS SAXOPHONES

Oakland, Cal., March 25.—When ever he becomes intoxicated he can not resist an impulse to steal saxophones. Lyle Parr, twenty-six, former soldier, told Police Judge E. J. Tyrrell here in asking that he be sentenced to prison for five years so he "could cure the habit." Parr was charged specifically with the theft of several saxophones from a local music store. It was a misdemeanor, so the court sentenced him to ninety days in jail with the intimation he would be under observation to determine if his penchant for stealing saxophones is normal.

## ANTI-AIRCRAFT GUNS FAILED TO PROTECT WARSHIPS

Los Angeles, March 25.—A feature of the "force firing" practice engaged in yesterday off this port by the combined Pacific and Atlantic fleets of the United States navy was the signal failure of the anti-aircraft naval rifles to cope with an aerial attack, according to press representatives aboard the cruiser Concord, the first ship to reach here following the manoeuvres.

## BANK CLEARINGS

Victoria bank clearings for the week ending to-day total \$1,353,337, according to the totals issued by the Clearing House at noon.

## ACCUSED SPENT DAY IN CITY PRIOR TO SUDDEN DISAPPEARANCE OF CRAFT

Evidence at Gillis Murder Hearing Connects Baker, Sowash and Morris in Visits to Victoria; Paul Stromkins Rowed Baker and Morris to Boat in Cadboro Bay, it is Alleged.

Almost a continuous record of the movements of Owen B. Baker and Harry F. Myers, alias Sowash, in the city on September 15 up to 10 p.m. at night was presented by the Crown in the resumption of the murder hearing before Magistrate Jay this morning.

Witnesses told of seeing Baker, Sowash and Morris at various places in the city on that day. A taxi driver told of driving Baker and his party to the yacht club at Cadboro Bay. A yacht club steward described seeing Baker and others on the float at Cadboro Bay and rowed out to Stromkins' boat in a dinghy.

Other witnesses told of the events that had taken place on South Pender Island, corroborating previous testimony as to the reaching of many camps of whiskey in broken lots. When the court adjourned at 1 p.m. Baker and Sowash had completed nine hours in the dock. The session resumed at 2:30 p.m. with Stromkins, yet to be heard.

F. Napier Denison, superintendent of the Dominion Meteorological Bureau, took the stand to testify as to the state of the tides on the evening of September 15, and the early morning following. Low tide was at 1:31 a.m. and the weather clear, with a high moon.

From Sidney Jory, driver for the Island Taxi Company, the court secured one of the most consecutive stories of the hearing. Witness said he had driven Baker and others to 1112 Balmoral Road on September 15. Morris and Sowash were at times in the party. On September 15 witness drove Baker and Morris to the early morning following. Low tide was at 1:31 a.m. and the weather clear, with a high moon.

Paris, March 25.—The French birthrate continues to decline. According to the vital statistics for last year the births numbered 752,101 and the deaths 679,885, the excess of births over deaths being 72,216 as against 95,000 during the preceding year.

## French Birthrate Steadily Declines

Paris, March 25.—The French birthrate continues to decline. According to the vital statistics for last year the births numbered 752,101 and the deaths 679,885, the excess of births over deaths being 72,216 as against 95,000 during the preceding year.

## CANADA'S AUTO EXPORTS GROWING

Ottawa, March 25.—Canada's exports of automobiles continue to increase and New Zealand is the country's best customer for such vehicles. Last month 4,068 passenger automobiles worth \$1,843,551 were exported, and of these New Zealand took 1,114.

## MEEKER'S MOUNTAIN IS AT REST AGAIN IN COLORADO AFTER MOVING 150 YARDS

Meeker, Col., March 25.—Meeker's "Moving Mountain" stopped its trek into the Rio Blanca Valley last night after having "shifted" approximately 150 yards to a broader base, observers to-day declared. Beyond the phenomenon of the "shifting" of the mountain, which geologists say is not unusual except in cases of peaks at high and large as Meeker's, the present moving of the mountain caused little excitement in the region. Residents of the region stated to-day that the filling up of gullies in the Rio Blanca Valley will spare the town of Meeker and Rifle the expense of building a bridge to complete a highway.

## IS HONORED BY PALESTINE PEOPLE; EARL OF BALFOUR

Jerusalem, March 25.—The Jewish people of Palestine have honored the Earl of Balfour for his part in the Balfour declaration. The Earl of Balfour was greeted by a delegation of the Jewish community of Jerusalem when he arrived in the city to-day. The Earl of Balfour was greeted by a delegation of the Jewish community of Jerusalem when he arrived in the city to-day.

## PROTEST MEETING ON VACCINATION SATURDAY NIGHT

A protest meeting against the enforcement of vaccination regulations in Victoria has been called for Saturday night at 8 o'clock at the Community Church. Alderman E. B. Woodward announced this morning "I will be an open mass meeting of citizens."

## HOCKEY QUEUE OPENS BEFORE SUN SHINES

Small riots were threatened, women fainted, traffic was stopped and both windows of Pimley & Ritchie's store on View Street were endangered to-day in an unprecedented clamor for tickets for the world series hockey game, between Victoria and Canadians, to-morrow, were due to go on sale at 10 o'clock this morning. Owing to the big line-up the ticket office opened half an hour earlier.

## NATURALIZATION FRAUD VERDICT GIVEN BY JURY

G. H. Alexander, Armenian, Found Guilty of Conspiracy After Ottawa Trial Sentence Delayed by Judge Until Two Other Counts Have Been Heard

Ottawa, March 25.—George H. Alexander, an Armenian, was found guilty by a jury at the Spring assizes here this morning of a charge of having conspired with Mirham Mirkharian of Niagara Falls, N.Y., to obtain fraudulently a naturalization certificate which purported to be issued for Garabed Mirkharian of Hamilton, Ont. Sentence was delayed by Mr. Justice Ross until Alexander is tried on two other counts which are pending.

## 4,500 MEN NEEDED ON ALBERTA FARMS

Edmonton, March 25.—The Government of Alberta has taken further action in connection with the claims of the unemployed in different parts of the province for assistance. Yesterday afternoon delegations representing the Drumheller unemployed and the Edmonton unemployed waited upon Premier Greenfield and Hon. Alex. Ross, Minister of Labor, but no action of any kind was taken. Arrangements are being made for a delegation representing the unemployed of the Province to meet the Premier to-day in the city.

## FEEDING OF NEEDY IN NOVA SCOTIA NOW HEAVY TASK

Sydney, N.S., March 25.—No change reported to-day in the dispute between the British Empire Steel Corporation and the United Mine Workers of America in District 24, which since the walkout three weeks ago has resulted in a complete tie-up in the operations of the coal mines in Nova Scotia and the consequent distress of nearly 12,000 men. Feeding and clothing the women and children of the colliery districts where the greatest want prevails has become an increasingly difficult task.

## DIFFICULT PROBLEM FOR TRAFFIC POLICE

Manila, March 25.—Traffic policemen are in a quandary as to how to deal with Simplicio and Lucio Godino, the Samar twins, who were joined together at birth. The twins learned to drive an automobile and have developed a great liking for speeding, which has become a difficult task for the city limits. Traffic officers hesitate to arrest them for exceeding the speed limit because the real offender can not be arrested without taking the other twin into custody also. The twins, now about twenty-five years old, are wards of Teodoro Yencu, Filipino capitalist. They have been examined by surgeons in various parts of the world, but they refuse to submit to an operation that would separate them.

## GREAT PLAINS AREA AT MONTANA-DAKOTA LINE SWEEPED BY FIRE

Flames Reported to Have Caused Losses in Region 100 Miles Long and 40 Miles Wide; Shacks and Livestock Burned; Entire Population of Town of Wapala, Montana, Out Fighting Two Fires.

Malden, N.D., March 25.—An extensive prairie fire which is reported to have swept a territory in Sioux County, forty miles wide and seventy to 100 miles long, destroying a number of homestead shacks and some livestock, was reported in telephone advices received here to-day from Fort Yates.

Miles City, Mont., March 25.—The entire population of Wapala has deserted the town to fight two big fires that are raging near there, according to information received here this afternoon by the Milwaukee Railway officials. The fire is on the Standing Rock Indian Reservation and is raging only a short distance from Yates, where the body of Sitting Bull, famous Indian warrior was buried.

## Late Wire Flashes

Regina, March 25.—Spring floods were responsible for a number of deaths to-day on railway lines in the southern part of Saskatchewan.

Washington, March 25.—A red flag was flying from the Department of Justice—but not the red flag of Soviet Russia. It bore the name of an auctioneer, who will sell the building under an order of the court to satisfy a mortgage.

Chatham, Ont., March 25.—According to residents of Painscourt, signs of Spring are shown by the blooming of fruit trees. A sprig of a cherry tree was found here yesterday on which were fully developed blossoms.

Hull, Que., March 25.—Awakened by the barking of her dog, Mrs. F. Karney, a widow residing on the Chelsea Road in South Hill, found the rear of her two-story frame dwelling in flames early this morning. She and her four-year-old daughter quickly made their escape. The house was destroyed.

Montreal, March 25.—E. F. Vogel, commercial traveler, arrested in Toronto on a charge of smuggling \$50,000 worth of narcotic drugs into Canada in a package of silks consigned to a Montreal wholesale dry-goods firm, was sentenced to five years' imprisonment to-day by Chief Justice Desautels.

Rome, March 25.—Premier Mussolini made his first appearance in the Chamber of Deputies to-day since his illness. Earlier in the day he had been received by King Victor Emmanuel, who congratulated him upon his recovery.

When Signor Mussolini entered the Chamber, followed by all the Cabinet members, the entire body, with the exception of the Communists, rose and gave him an enthusiastic demonstration, in which the galleries joined. Mussolini stood by the centre of the Ministerial bench bowing to his followers.

When silence was restored, the Communists set up the cry, "Viva Communism." The remainder of the Chamber arose and shouted in reply, "Viva Mussolini" and "Viva Fascism," and sang the Fascist hymn.

## NEW PLAN GREATLY ADDS TO CURATIVE VALUE OF ALL WORLD'S RADIUM SUPPLY

London, March 25.—The experts of the Middlesex Hospital in London, the centre of British radium research, have announced an important discovery which enables the curative value of any given quantity of radium to be multiplied thousands of times. Briefly, the discovery consists in bottling radium gas, known as radon, in tiny glass tubes. Radium emits three kinds of rays, known as Alpha, Beta and Gamma, but hitherto only the Gamma rays have been harnessed. The present success concerns the Beta rays, which the experts now are capturing, purifying, condensing and confining in glass tubes a little thicker than a human hair, to which is given the name "Seeds."

These seeds they are prepared to distribute to other hospitals for curative purposes, and suggest they may prove useful in treating cancer, although they deprecate the idea that they are likely to prove revolutionary or offer a sure cure. The Alpha rays are very weak and are regarded as negligible.

## TRIAL IN BOMBAY ATTRACTS ATTENTION

Bombay, March 25.—Widespread attention throughout India has been attracted to the trial which opened here to-day of nine persons accused of attempting on January 13 last to kidnap Mumtaz Begum, a beautiful dancing girl and former favorite of the Maharajah of Indore. Several of the accused persons held high positions under the Maharajah and it is alleged the girl, who had escaped from the household of the potentate, had been threatened with abduction unless she renouncing because of repeated anonymous threats, was called as the first witness for the prosecution. She testified she had first entered the household of the Maharajah as a singing and dancing girl and later lived there for nine or ten years as his mistress and gave birth to a child who died in infancy. Finally, discovering she was apparently no longer the favorite of the potentate, she escaped through the aid of a policeman and sought Baula's protection.

Later, the girl added, she was threatened with dire punishment unless she returned to the Maharajah and there were several attempts at abduction made previous to that of last January when Baula was killed.

## MUMTAZ TESTIFIES

Mumtaz, who lay in a hospital for weeks, suffering from knife wounds which disfigured her face and who has been closely guarded since the attempted kidnapping because of repeated anonymous threats, was called as the first witness for the prosecution. She testified she had first entered the household of the Maharajah as a singing and dancing girl and later lived there for nine or ten years as his mistress and gave birth to a child who died in infancy. Finally, discovering she was apparently no longer the favorite of the potentate, she escaped through the aid of a policeman and sought Baula's protection.

## "BANDIT SHEKHS" SENT TO PRISON

Winnipeg, March 25.—Smiling with astounding coolness throughout the evidence given by his former alleged accomplices incriminating him as the master mind of the Saturday night bandits, Harry Horton was committed in police court here to-day for trial on two charges of robbery. Three companions, who pleaded guilty, were given sentences ranging from twenty-three months to one year's imprisonment.

## CITIZEN OF DETROIT WAS SHOT DEAD BY MAN IN AUTOMOBILE

Detroit, Mich., March 25.—When E. Maher, twenty-six and two companions reconnoitered with the driver of an automobile containing two other men because they had narrowly escaped being run down, one of the men in the machine shot Maher dead. The automobile, escaped in view of scores of people early this morning.

# You Need a Bicycle

for Business, Pleasure and Health

FROM early morn till late at night the bicycle plays an important part in our daily life.

It does its work so quietly, so smoothly, so efficiently, we scarcely realize its presence.

### Ride to Work

Throng of workmen cycle to and from work every day, saving time, car fare and the discomfort of riding in packed street cars or of walking long distances.

• Multitudes of happy children—teachers, too—ride bicycles to school. And what in the world would the Boy Scouts do without bicycles?

### Economical Deliveries

All day long messenger boys—and boys making light deliveries—flit by on bicycles.

Occasionally a plumber pedals by on his wheel on a hurry call—perhaps, a leaking pipe!

A carpenter with his kit wheels from one job to another. The collector and the insurance agent glide along to make calls—many of them not near a car line.

### Pleasure and Emergencies

Out in the country, the city man rides for a day's fishing with his rod tied on his wheel. Coming towards him a farmer's boy wheels hurriedly to the city to get a spare part for a farm machine that has broken down.

Away down in California, Mary Pickford and Douglas Fairbanks ride bicycles for pleasure and to keep fit. An example that other men and women could follow with benefit to their health.

### More People Riding

More people are riding bicycles today than for years past. The paved roads are so smooth, so clean, and so easy to ride on, they are creating new riders by the thousands.

Just climb on a C. C. M. yourself and see how exhilarating it is to ride a bicycle.

See how easily it glides along, thanks to the C. C. M. Triplex Hanger—the three-piece hanger that gives the C. C. M. so much speed—and pep—and power.

Then press back on your pedals and see how quickly and smoothly the Hercules Coaster Brake acts.

Note how strong and rigid the frame is. It's of English Seam-

less Tubing, strongly reinforced.

Look at the brilliant, lustrous enamel—durable and lasting. And the glistening nickel. It's done over copper so it won't rust.

Glimpse the new Gibson Pedal, too—so light and so strong. Its silvery frame is of aluminum and cannot rust.

Stand back and look at the C. C. M.'s trim, graceful, racy lines. A beauty! A bicycle anyone would be proud of. And one that will give years and years of faithful service.

You need a bicycle—most everybody does. This year C. C. M. prices have again been reduced. They're now \$20 to \$25 less than the after-war "peak" prices. The nearest C. C. M. dealer is waiting to show you the latest models.

# VANCOUVER ISLAND NEWS

## NATURALISTS' ANNUAL MEETING AT DUNCAN

Postmaster Gives Interesting Talk on Handling of Mails

Special to The Times  
Duncan, March 26.—The annual general meeting of the Cowichan Field Naturalists was held on Tuesday evening in the institute rooms, Duncan, the president, G. O. Day in the chair. The election of officers for the coming year resulted as follows: President, G. O. Day (re-elected); vice-president, Mrs. G. Henderston and Rev. Bryce Wallace (re-elected); hon. secretary-treasurer, A. W. Manham (re-elected); executive, Mrs. E. S. Leather, Mrs. Dawson-Thomas, Mrs. Matland-Douglass, Miss W. V. Savage, Colonel Dopping-Hepensal, E. T. Crosswell and D. Ford.

A most interesting and instructive talk was then given by Mr. Ford, postmaster at Duncan on postoffice work and methods, accompanied by slides prepared by the department at Ottawa, with an idea of educating the people as to the proper method of addressing envelopes, making up mail, parcels, etc., in facilities. The work of the postoffice, Mr. Ford described the situation from receipt of the huge sacks from the steamers from abroad, conveyance to the postoffice by motor lorry or by some less modern conveyance, and of the different methods of sorting and handling mail indoors and outside. He also compared the number of postoffices at the present time, about 28,000 in Canada, in the old days fourteen in the settlements along the St. Lawrence in Quebec, and nine in Ontario along Lakes Ontario and Erie. One most interesting slide depicted a barrel floating on a river along the Labrador coast with a sail at one end and a rudder at the other and bearing a label, "His Majesty's mail." This reached its destination entirely by the aid of the current of the river and the prevailing wind, and always arrived in time.

Some views of Canada interspersed were also most attractive and interesting. F. A. Monk operated the lantern. Some suggestions were made with regard to the work of the club for the summer as to excursions, lectures, etc., and the meeting adjourned. Delicious refreshments were served under the able supervision of Mrs. Dawson-Thomas, assisted by lady members of the club.

## Chemainus News

Special to The Times  
Chemainus, March 25.—Mrs. Fredrick Beacham entertained on Saturday in honor of her husband's birthday. A dainty supper was served, afterwards an enjoyable evening was spent in music and cards until midnight. These present were: Mr. and Mrs. Beacham, Mr. and Mrs. George Lepper, Misses Ouida, McCosh, Nellie and Rose Lepper, Mary Wylie, Mr. Trueman Williams and Mr. W. McCarty.

Madames V. G. Pritchard, J. Taylor, G. Chatter and Miss Kathleen Burns motored to Duncan on Tuesday.

## Langford News

Special to The Times  
Langford, March 25.—The Langford Women's Institute held its usual monthly meeting yesterday. Mrs. William Todd of Victoria was the speaker for the afternoon and gave a particularly clear and vivid talk on the Canadian Toronto Exhibition held late last year. The lecturer was heartily thanked for her kindness in addressing the members. A delightful tea was served by Miss L. Savory who decorated the institute with quantities of Spring flowers and ferns tastefully arranged.

Langford, March 25.—The Langford Women's Institute held its usual monthly meeting yesterday. Mrs. William Todd of Victoria was the speaker for the afternoon and gave a particularly clear and vivid talk on the Canadian Toronto Exhibition held late last year. The lecturer was heartily thanked for her kindness in addressing the members. A delightful tea was served by Miss L. Savory who decorated the institute with quantities of Spring flowers and ferns tastefully arranged.

## DUNCAN CRICKETERS ANTICIPATE SUMMER

Both First and Second Elevens Ready For League Games

Special to The Times  
Duncan, March 26.—The monthly meeting of the executive of the Cowichan Cricket and Sports Club was held yesterday. The sub-committees appointed for the cabaret reported good progress. The turns will be the best procurable and with Hunt's orchestra supplying the music the committee feels the cabaret should be a success. The matter of fencing in the sports ground was left in the hands of the grounds committee. The honorary secretary was authorized to pay the interest due on the debentures not given back to the club. New members elected were Messrs. Hugh and Ted Cox, Ronnie Young and S. Appleby. The Locky and football sections expect to finish their matches by the middle of April when the grounds will be open over in anticipation of a long summer's cricket. Both the first and second elevens of the cricket club are in the league and hope to meet a great acquisition to the fighting force, but by having it the insurance rates would be reduced materially, and the citizens would have approximately \$6,000 a year in premiums, in which case the new machinery would soon pay for itself.

## Lake Cowichan News

Special to The Times  
Lake Cowichan, March 26.—Messrs. McDonald and Murphy closed down their camp at Robertson River last week. It is understood that this is according to an agreement with the other logging operators, with a view to curbing the loggers in order to steady the market. The McDonald and Murphy Company has been operating steadily, with the exception of a few weeks at Christmas, ever since it came up to the Lake over a year ago, and it will no doubt resume operations as soon as the condition of the market will allow.

The Western Construction Company is dismantling its camp after completing its contract at Ramsey Point. Mr. Sam Handra has installed a new engine in his launch, leaving the hull a thorough overhauling and a new coat of paint.

The new school now shows every sign of being completed within the stipulated time. The painters expect to be finished this week.

A party of fishermen from up the island were caught in the act of using salmon-traps for sale, in contravention of the law by Game Warden J. R. Simpson. Two or three boats were involved, and it is stated that about 100 fish were confiscated.

Saturday evening Mr. and Mrs. A. E. Swanson entertained at five hundred. The first prize was awarded to Mr. H. D. Dawson, while the consolation prize was won by Mr. Carl Swanson. Dainty refreshments were served at the close of the game.

Mr. and Mrs. H. Dawson entertained at five hundred on Monday. The first prize was awarded to Mrs. H. T. Harding, the consolation being won by Mr. A. E. Swanson.

Good progress is being made on Mr. F. E. Scholey's new house on Riverside Drive.

## HER FIRST LOVE

"So your poor husband is dead," said the vicar to an aged member of his flock.

"Oh no, he ain't," she replied.

"But you are in mourning," the vicar continued.

"Well, you see," was the reply.

"John annoyed me so much this afternoon that I was mourning again for my first husband."

## HARMLESS LAXATIVE

All Children Love Its Pleasant Taste

## Mother!

Give Bilious, Constipated Child "California Fig Syrup"

Hurry Mother! A teaspoonful of "California Fig Syrup" now will sweeten the stomach and thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, bilious, constipated or full of cold children love the pleasant taste of this

gentle, harmless laxative. It never cramps or overacts. Contains no narcotics or soothing drugs. Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California!" Refuse any imitation.

## NANAIMO COUNCIL PASSES ESTIMATES

New 600-Gallon Pumper For Fire Department

Gyros Take First Place in City Bowling League

Special to The Times

Nanaimo, March 25.—At Monday night's meeting of the City Council the estimates for the various departments were presented as follows: Police department, \$17,255.30; streets, \$34,560; water works, \$21,418; street lighting, \$7,042; sewerage, \$13,535; parks and properties, \$12,485; fire department, \$8,721.50.

In connection with the estimates of the fire department, Alderman Ferguson, chairman, referred to a suggestion contained in the report that the city purchase a 600-gallon pumper to replace the present obsolete fire engine. He stated this could be purchased for \$15,000 with payments spread over a term of five years. He stated that not only would the pumper be a great acquisition to the fighting force, but by having it the insurance rates would be reduced materially, and the citizens would have approximately \$6,000 a year in premiums, in which case the new machinery would soon pay for itself.

Mr. T. D. Jones, on behalf of the Nanaimo Baseball Club, wrote the Council requesting the use of the Cricket Grounds during the coming summer for baseball games.

Twenty-three applications were received for the position of stenographer at the city hall, rendered vacant by the resignation of Miss Woodward. No action was taken, the applications being referred to the Council in committee.

The public works manager reported expenditures on street repairs for the previous work at \$315.61, and for waterworks maintenance the sum of \$125.53.

Medical Health Officer Drysdale reported that during the past two months there had been a gradual reduction of infectious diseases in the city until at the present time there were only two cases of scarlet fever and one case of chickenpox. In his report Dr. Drysdale advocated the extension of the sewerage system in certain portions of the city and a strict enforcement of the law to enforce property owners to connect up with sewer where available.

## BOWLING

Monday evening the local Gyros took three points from the Eagles bowling quintette and captured first place in league, being one point ahead of the Western Pastime team. Mr. Albert Harding of the Gyros was high individual scorer with 152 pins, while Mr. M. Wilkinson with 100 was high average.

Gyros	794	757	716	2267
Eagles	728	724	683	2135

## Cedar Hill News

Cedar Hill, March 26.—The Cedar Hill Social Club will hold its weekly millicax 369 tournament on Thursday evening, March 26, at 8.30 in St. Luke's Parish Hall. The winners last week were as follows: First table, twenty-seven flags, Mrs. W. E. Hill; Mrs. W. Mortimer, E. Reagle and D. Knight; second table, twenty-seven flags, Mrs. L. Cockerill, Miss M. Holmes, J. Miller and W. E. Hill; ten bid, Mrs. Libby and Mrs. Jones.

## WOOLEN MILL MEN MEET IN TORONTO

Toronto, March 25.—To induce the Canadian farmers to raise more sheep, the Canadian manufacturers to use more Canadian wool and the Canadian consumers to wear more Canadian woolen goods—this is the threefold object of the convention of Canadian Woolen and Knit Goods Manufacturers which opened here yesterday.

In his annual address, President Dobble emphasized the importance of the woolen industry to Canada, and urged the necessity for safeguarding this industry in every way.

Resolutions advocating that the specially low duties granted Great Britain by Canada be discontinued, and that the research laboratory of the association, the only one of its kind in Canada, be continued, were adopted yesterday.

W. A. Dryden, a director of the Canadian Co-Operative Wool Growers' Association, speaking at a luncheon, said every type of sheep, including merino, could be successfully raised in Canada.

"Sheep should be kept on every farm in Canada as part of good farm practice," he said. "They fit into mixed farming as do no other farm animals."

He said that except for areas in the West, sheep should be kept for two purposes, wool and mutton, and that Eastern Canada was a small flock country. The reason why there was not a flock of sheep on every Canadian farm was that farmers did not know enough or learn enough about keeping them.

## NEW PRESIDENT

C. G. Cocksott of Brantford, Ontario, was elected president of the association for the ensuing year.

## Deutsche Bank Makes 10 Per Cent

Berlin, March 26.—The Deutsche Bank's annual report issued to-day shows a turnover of \$3,000,000,000 marks, quick assets of \$10,000,000 marks and deposits of \$4,000,000 marks. The net earnings of the bank were 19,000,000 marks and a dividend of ten per cent was declared.

# Angus Campbell & Co. Ltd.

1010 GOVERNMENT STREET

## If Madam Is Waiting, We Are Ready

All the New Spring Garments are here in wonderful profusion and in such beautiful shades, styles and trimmings that it will be a delight to Madam to view our really magnificent showing.

## FROCKS

Many and delightful are the Frocks we have for your selection for street and afternoon social wear. Made up in beautiful faces and lovely soft fabrics such as crepes, georgettes and satins in novel beaded designs, or perhaps embroidered. Their seductive shades include mauve, pink, blue, cranberry, blonde and the jewel tones. Priced upwards from \$27.50

The Ensemble Frocks in Poiré twills come in the new colors and have little touches of fur and embroidery trimming. Priced from \$29.75

## SUITS

The New Spring Suits are most attractive and very smart—boyish and trim. Some have brief finger-tip jackets, severely plain; others have three-quarter length coats. All are of mannish woolen fabrics, jaunty tweeds or twills. Priced up from \$29.00

## COATS

Top Coats, manfully patterned in swagger tweeds and soft sporty twills in new pastel shades, are foremost among Spring favorites. Novel embroideries, clever pleats and circular effects contributing their bit toward the fashionable flare. Fur borders and untrimmed collars feature more elaborate wraps. Our coats are priced up from \$19.75

## THE ENSEMBLE

Ensembles of all descriptions will sell well this Spring because the average woman has, at last, after three years' propaganda by Paris and New York, been sold on the frock and coat to match idea. Because it is right, an Ensemble Costume will be one of your most urgent wants this season. When you realize that it is extremely practical, because you have a separate coat and dress which harmonize beautifully, because they are suitable for so many occasions, and lastly because they form one of the smartest costumes ever designed, you will know how wise you were to decide upon this Ensemble for your Spring wardrobe.

We are presenting a complete collection of the most fascinating creations in Ensemble at prices ranging up from \$52.50

## DAINTY ACCESSORIES

These dainty little touches to one's Spring outfit should not be selected carelessly. No necessity to cramp your choice for we have amply provided for the widest range of ideas. Smart Handbags, Gloves daintily cuffed or smartly slip-on; Costume Pearls tinted to match gloves or bag, or both. Plan your selection to be correct down to the smallest detail. Such careful selection leads to a decidedly distinctive effect.

Keep In Touch With Our Window Displays

## BARGAINS IN CHESTERFIELDS

SAVE MONEY AND PATRONIZE HOME INDUSTRY  
This week we offer our entire stock of Chesterfield Suits at specially reduced prices. They are well made and if you wish to purchase a comfortable suite now is your chance to secure a bargain. Lots of coverings to choose from. Terms arranged.

## SMITH'S CHAMPION

410 DOUGLAS ST. LIMITED

## GOLD STRIKE MADE AT EAGLE RIVER

Wrangell, Alaska, March 26.—Telegrams received here to-day announced a new gold strike 250 miles northeast of this place, on a tributary of the Eagle River in the Casiar district, B.C., a short distance from a placer discovery made last September.

The strike is free milling quartz. J. G. Galvin, one of the stampedees to Gold Pan Creek, B.C., is to leave here to-morrow by telegraph to Wrangell and the principle base of supplies for the Casiar district, was reported without butter, bacon, lard, beans, rice and cigarettes.

## Simple Mixture Makes Stomach Feel Fine

Simple buckthorn bark, magnesium sulphate, glycerine, etc., as mixed in Adierka, helps stomach trouble in TEN minutes by removing old waste matter you never thought was in your system. Stops that full, bloated feeling and makes you happy and cheerful. Excellent for chronic constipation. Adierka works QUICK and delightfully easy. Hall & Co., Druggists.

## Pacific Milk

Co. Limited  
Head Office, Vancouver  
Factories in Ladner and Abbotsford

Yesterday afternoon a woman telephoned a recipe for Pouch Cake. She would not give her name, being content apparently with the simple giving of a valuable recipe to another cook. The recipe has gone forward. Our thanks go out here to this generous-hearted woman who gave without a selfish thought.

ON TO OTTAWA

WHEN THE GOOD SHIP

Maurentine next docks in New York she will part with a very distinguished company of shipping men who have left their office desks in Great Britain in order to see what the national capital of the Dominion of Canada looks like in the waning days of March.

It is only fair to the people of this continent who are on their way by the thousand to see Ursus Kermodei to tell them at once that one of their hopes will be dashed if they should chance to arrive in the immediate future.

It is the advance guard of representatives of the great shipping interests—which do business on the high seas under the style of the North Atlantic Conference—who will endeavor to persuade the special committee of the House of Commons entrusted with the job of examining its operations that freight charges which the trade and commerce of this country have to bear are fair and square and should not be interfered with.

THE NEW PACT

IN SPITE OF THE FACT that a number of international disciples of gloom figuratively threw up their arms after Mr. Austen Chamberlain's recent speech at Geneva, much more practical hopes for European peace than the protocol contained are rising in tangible shape on the wreckage of that unfortunate piece of unworkable idealism.

SAVE THE FORESTS

DURING THE WEEK OF April 19 to April 25 the people throughout Canada will be officially instructed in their duties towards Canadian forests.

WHO'S WHO IN HISTORY TO-DAY

THURSDAY, MARCH 26
BEN JOHNSON
Famous English dramatist and poet, a friend, though not an intimate, of Shakespeare, was appointed Poet Laureate by Charles I on March 26, 1632.

THE SPANISH PRISONER

TROUBLE STILL HANGS heavily on the head of that unfortunate "Spaniard" who is languishing in prison and aching for his long lost relative in Victoria—and many other cities of the world—to furnish the mystic key which he can himself extract those two hidden cheques from the mystic

not prepared to say in regard to those frontiers that she renounces the hope some day to modify some of their provisions by friendly negotiations and by diplomatic procedure, or, it may be for aught I know, by the good offices of the League of Nations.

If Germany completes this sign of repentance whether she has commenced it with motives which may not be quite one hundred per cent. honorable or not—the balance of power which would thus be established would be a balance of power altogether different from the old alignment which finally determined the line of conflict in 1914.

URSUS IN THE PINK

IT IS ONLY FAIR TO THE people of this continent who are on their way by the thousand to see Ursus Kermodei to tell them at once that one of their hopes will be dashed if they should chance to arrive in the immediate future.

It is the advance guard of representatives of the great shipping interests—which do business on the high seas under the style of the North Atlantic Conference—who will endeavor to persuade the special committee of the House of Commons entrusted with the job of examining its operations that freight charges which the trade and commerce of this country have to bear are fair and square and should not be interfered with.

WORDS OF WISE MEN

For friendship, of itself a holy tie, is made more sacred by adversity. —Dryden.
Animals are such agreeable friends—they ask no questions, they pass no criticisms. —George Eliot.

THE SPANISH PRISONER

TROUBLE STILL HANGS heavily on the head of that unfortunate "Spaniard" who is languishing in prison and aching for his long lost relative in Victoria—and many other cities of the world—to furnish the mystic key which he can himself extract those two hidden cheques from the mystic

value and experience the joy which a fifty-fifty split with his "cousin" would occasion. One or two of these pathetic appeals have reached this city from far away Barcelona during the last few weeks—evidence that the Military Directorate of King Alfonso's country did not break up the organization, as it claimed to have done, which has been doing business under the registered title of The Spanish Prisoner, Unlimited, for many years.

DR. FRANK CRANE

UNEVEN BRICKS

IT IS essential that a road should have a smooth surface. A brick sticking up or a brick sticking down is equally faulty. Bricks that sink below the surface are called "hankie marmas." Bricks that stick up are called "hankie marmas."

THE CHILD IMMIGRANT

To the Editor:—Paget, M.P., was a liar, and a fluent liar therewith. This old doggerel of Kipling's leaps to the mind on reading the report of the investigation of Miss Margaret Bondfield, woman Labor M.P., on child immigration, juvenile labor, and matters appertaining thereto.

THE WEATHER

Victoria, March 26.—5 a.m.—The barometer is falling over Northern B.C. and clear, fine weather generally over this Province. Lower temperatures are reported in the prairie.

Getting Too Fat?

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for Marshall's Prescription Tablets and take the world over. Get them from your own druggist or order them direct to the General Motors Bldg., Detroit, Mich. By doing this you will be able to lose weight easily and pleasantly, without starvation diet or strenuous exercise. Start taking them to-day and stop at once. (Adv.)

There are New Models in Watches Just as There are in Cars

Why wear a bulky old model watch when you can trade it in at Rose's? "Trade in" watch sale for a new model. We have the new twelve size thin model watch, in the most wonderful shapes, hand-engraved in white gold, green gold, and yellow gold, in every standard make. We carry an enormous stock to choose from and we will make you a liberal allowance on the old one.

humanity to man—the illusion of Justice.
In two cases which came under my personal notice, one was that of a Bernadotte boy immigrant near Aylesbury, Quebec. He had been sent on an errand one bitter winter night, and returning, as she thought, later than he should have done, the woman on the place locked him out without food. The boy, fearing a beating, went to the barn to sleep and his feet became frost-bitten. He crawled to the house in the morning, receiving no care or attention, and by the time a doctor was told of his condition both feet had to be amputated. I saw him afterwards, his poor, young face white and hopeless, with the eyes of a beaten dog.

Wash-Nut

Some twelve or thirteen years ago, when I first passed through Canada to the West, I spoke to several prominent men of the cruelty and abuse that was done to the poor, and I saw how they were treated in isolated farms and settlements, and suggested that among the endless series of problems which, no doubt, demanded solution that this one should present itself very forcibly to any humane society or individual with the power, leisure, and unselfishness to undertake systematic and unending vigilance and investigation.

Wash-Nut

London, March 24.—The London Morning Post reports that Professor Richard Schorr, director of the Hamburg University Observatory at Bergedorf, on Monday discovered a comet of the eleventh magnitude in the neighborhood of the constellations Leo and Virgo.

HEALTH & DISEASE
No. 44
PINK EYE

HEALTH & DISEASE

Pink Eye is a new name for an old complaint, catarrhal inflammation of the conjunctiva, the delicate membrane covering the eye and the inner surface of the eyelid. It denotes this popular name from the pink appearance of the white of the eye due to congestion of the blood vessels. This appearance, watering, itching and irritation are the chief symptoms.

HEALTH & DISEASE

It is often prevalent in schools and institutions, but may, of course, attack anyone. It frequently runs through a community in much the same way as does an epidemic of colds. It is undoubtedly "catching" and so is the family towel. Such undesirable conditions should not exist in any household under any circumstances. Each member of the family should have separate washcloths, towels, combs and hairbrushes; they are cheap enough to permit of being changed frequently.

HEALTH & DISEASE

From a strictly economic point of view it pays to buy such articles of preference to paying doctors' bills, to say nothing of saving loss of time at school or work. When the affection is prevalent, frequent washing of the hands in hot water with plenty of soap is imperative, because "infected hands" may easily convey the trouble to the eyes. It rarely gives rise to any serious complications, but should cloudiness of vision become a symptom it is a sure danger signal which must not be disregarded.

HEALTH & DISEASE

"Each morning Kruschen makes a million optimists." We said it years ago, and

HEALTH & DISEASE

That they tasteless pinch of Kruschen salts you slip into breakfast cup of coffee or tea every morning has a most remarkable effect on your health and matter that has been clogging your system and poisoning your blood, it removes all these "toxins" that have been poisoning the body's health. Every day you need higher Kruschen imparts to body and mind makes you glad to be alive in this jolly old world.

HEALTH & DISEASE

Remember—the six salts that every pinch of Kruschen contains are just the six vital salts that Nature demands for the body's health. Every day you need these vital salts. It's the little daily dinner that does it.

HEALTH & DISEASE

Get a bottle of Kruschen now and start enjoying life to-morrow.

HEALTH & DISEASE

Get a bottle of Kruschen now and start enjoying life to-morrow.

Back up! Old Timer, hear the news, "That Kruschen feeling" cures the blues.

A Cure for the Blues

"Cheer up, you'll soon be alive!" It's a better greeting we have nowadays for the man with the blues than the old mocking salutation that prophesied his approaching decease.

A Cure for the Blues

For there's no earthly reason why the man who is moping to-day, wondering how much they'll miss him when he's gone, should not be very much alive and kicking to-morrow. Some people, of course, will always revel in ill-health. But there are countless others who, pressed by ailments (imaginary and otherwise) have taken a kindly friend's advice in time and banished all their troubles with the aid of the "little daily dinner."

SERIAL STORY THE DARLING OF DESTINY By MILDRED BARBOUR

Sue held out her hand to the officer and thanked him in her prettiest fashion. A minute later she was speeding along, weak with relief over her escape.

THE LETTER

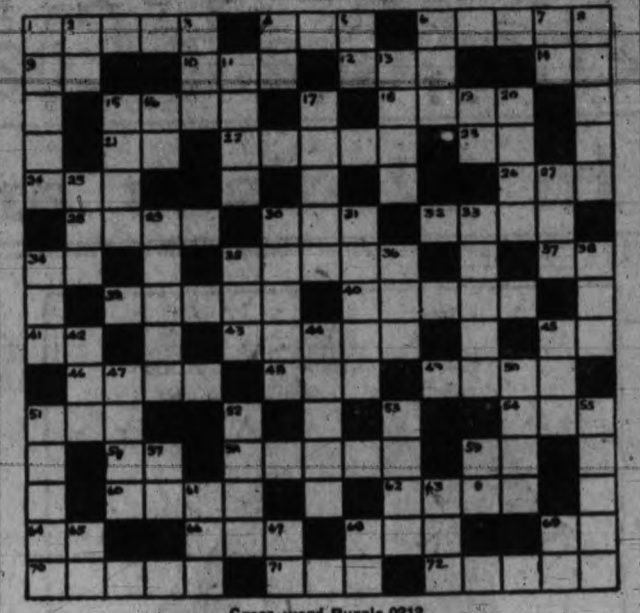

Luck favored Sue when she descended from the train at the Long Island Station. Some other people were speeding along, weak with relief over her escape.

At the house, luck again favored her, for the door into the parlor was unlocked and she was able to enter without rousing even a servant.

Life will taste sweeter when that Corn is gone Blue-jay THE QUICK AND GENTLE WAY TO END A CORN

TIMES CROSS-WORD PUZZLE

There are few difficult words in this puzzle. The longest have five letters each. But it's a difficult puzzle because of the preponderance of unkeyed letters.

Cross-word Puzzle 0212

Every number in the form represents the beginning of a word, reading either horizontally or vertically. If there is a black square to the left of the number, the word is horizontal; if above it, the word is vertical.

- 1. Pertaining to a sound. 2. To court. 3. Warmth. 4. A measure of area. 5. Female sheep. 6. Assuredly. 7. Neuter pronoun. 8. The smart or tang of the wind. 9. Speech. 10. Above. 11. A vessel used in the brewing of alcoholic liquors. 12. Childish form of mother. 13. A male descendant. 14. A machine used in cotton making. 15. Tidy. 16. Flapper's favorite pastime (verb). 17. To contemplate. 18. Masculine pronoun. 19. Rickets. 20. Point of compass. 21. Interior. 22. The horny scales at the tip of the fingers. 23. Preposition. 24. To readjust. 25. The square of the body of a type. 26. A pointed instrument for piercing small holes (pl.). 27. Carriage or pose. 28. A dull wit. 29. Deavored. 30. To exhumate. 31. A star-shaped flower. 32. Third note in scale. 33. Brought to destruction. 34. To level. 35. A dull, stupid fellow. 36. The deep. 37. Small fish. 38. To utter. 39. To have an obligation. 40. To plague. 41. Captures (in chess). 42. The half of either. 43. To rent. 44. Personal pronoun (pl.). 45. Preposition indicating origin. 46. Personal pronoun (fm.). 47. Seventh note in scale. 48. To conquer. 49. Direction where sun sets. 50. Snake-like fishes. 51. On. 52. Within. 53. Written slander.

From 3 to 5 p.m.—Elmer Jordan and smart places where she went, she spotted women with jewels and passed the word to me. Some times we worked together. At other times I worked with other confederates, but she shared the profits and she is as guilty as me. It was she who wrote me to come back after the pearl robbery. She said it was safe but she tipped off the bulls and they got me at the train. She wanted to put me away because she was getting scared that I'd hurt her chances with the rich young man she was going to marry.
To be continued

BEDTIME STORY Uncle Wiggily's Handkerchief

Copyright, 1925, by McClure Newspaper Syndicate. By HOWARD R. GARIS

"Have you a clean handkerchief for me this morning, Nurse Jane?" asked Uncle Wiggily of his muskrat lady housekeeper, as he opened the front door of the hollow stump bungalow.

All squirrels must learn to jump! chattered Johnnie

"Mother told me to take Skippy out in the tree branches to teach her to jump and leap and skip as Brother Billy and I do. But Skippy is afraid."

Lame-Stiff Red Pepper brings relief in 3 minutes

You will be amazed to learn how quickly red pepper relieves stiffness and lameness and rheumatism. It is so easy to use—just apply Red Pepper Rub. You will feel the heat instantly, and in three minutes it will seem to reach the depth. Circulation starts, congestion is relieved. The pain and the soreness depart.

Publishers Oppose Free Broadcasting

Ottawa, March 25.—Why should radio broadcasting receive treatment different from that accorded to the press, the pulpit and the stage? This question was put to the Copyright Committee of the House of Commons yesterday by Gordon V. Thompson of Leo Post Music Publishers, Toronto, who maintained that full copyright control should be exercised by Canadian authors and song writers in Canada. He opposed the broadcasting of "free music."

LEGION OF HONOR HAS NEW MUSEUM

Paris, March 25.—President Doumergue's references to the war time sacrifices of the United States as a friend of France and to American generosity which made possible the establishment of a new museum of the Legion of Honor evoked loud applause from a distinguished French audience yesterday at the inauguration of the new institution...

HOME WIFE OF ENGLAND CAPTURED IN DISGUISE

Boston, March 25.—Boston's "lone wolf" mysterious burglar who for weeks preyed on women apartment dwellers in the Back Bay district, was in jail to-day under observation of two physicians of the state department of mental diseases. The burglar, whose real name is said to be James E. Walters, and who has gone under the alias of Frank Stewart, was traced to a rooming house in South Boston. Arraigned in court yesterday, he pleaded not guilty to indictments for burglary and carrying weapons and indicated he would offer insanity as his defence...

Kept District Inhabited Largely By Women and College Girls in Terror

Walters gave his home address as Richmond, Va., and his occupation as marine engineer. Police say he admitted he was the much sought "Lone Wolf." Walters was told yesterday that Walters had been disabled at Brest during the war when a mine sweeper on which he served exploded. The attorney also said Walters had been adjudged insane at Boise, Idaho, several years ago and that he later had been sentenced to three months' imprisonment in Seattle, Wash., on a charge of breaking and entering. The "Lone Wolf" first engaged the attention of the Boston police January 5, when he robbed the apartment of a young woman, whom he lashed to a bed. A series of apartment robberies followed and the name of the "Lone Wolf" in a district inhabited largely by women and college girls became no great feat. A large force of plain clothes men was assigned to duty there...

SPRING DIFFICULTIES IN SASKATCHEWAN

Regina, March 25.—A washout on the Moose Jaw-Regina Branch of the Canadian National Railways about two miles east of Moose Jaw is the latest difficulty caused by the thaw in Southern Saskatchewan. At other points where delay was occasioned yesterday extra gangs have been working to divert the water and repair the damage. The Frenchman River at Ponteix has overflowed its banks and the result is that a flow of water from the new Government railway running South from Moose Jaw will suffer considerable damage between Crestwood and Dunkirk. Deep cuts through the hills became filled with snow during the winter. The rapid thaw of snow is giving rise to streamlets which are cutting deep grooves in the surface...

FLOODS CAUSE WASHOUT ON MOOSE JAW-REGINA BRANCH OF C.N.R.

Regina, March 25.—A washout on the Moose Jaw-Regina branch of the Canadian National Railways about two miles east of Moose Jaw is the latest difficulty caused by the thaw in Southern Saskatchewan. At other points where delay was occasioned yesterday extra gangs have been working to divert the water and repair the damage. The Frenchman River at Ponteix has overflowed its banks and the result is that a flow of water from the new Government railway running South from Moose Jaw will suffer considerable damage between Crestwood and Dunkirk. Deep cuts through the hills became filled with snow during the winter. The rapid thaw of snow is giving rise to streamlets which are cutting deep grooves in the surface...

DISTRESS RELIEF IS PROVINCIAL AFFAIR

Winnipeg, March 25.—The Manitoba Government may protest the duty on power exported from Canada as proposed in the Federal budget. Hon. W. B. Clark, Minister of Public Works, said today the Provincial Cabinet had the matter of a protest under consideration. The Manitoba Power Commission is at present negotiating for an agreement to supply power for purely domestic purposes to certain municipalities in Manitoba and North Dakota. The Bracken Government, it is stated, realizes the danger of exporting power as a contributory factor to industrial development of the Hydro-Electric Commission of the Province...

Premier States Ottawa's Attitude Regarding Nova Scotia Coal Dispute

Ottawa, March 25 (Canadian Press).—Where, in any emergency, an appeal has been made by the Government of any province on behalf of any of its citizens, the administration of which it has the honor to be the head has never failed to give such appeal careful and immediate consideration and to respond in the manner and to the extent of the circumstances appeared to warrant. Thus Premier King replied yesterday to an open letter to himself from Archdeacon F. J. Scott of Quebec published in the papers, in which the archdeacon made an appeal for Federal assistance for the miners who are idle and in distress in Nova Scotia as a result of the coal mine dispute. "Were it recognized," Premier King added, "that the Government of Canada, without request from the provincial government concerned, more especially when its legislature is in session, upon appeal from a citizen, in another province, should be obliged to use Federal moneys of which it is the trustee to meet a purely local situation, however serious, I greatly fear the effect would soon be, if I may be permitted to quote the words of your letter, to 'shake the ordered constitution of the country.'"

PATIENCE ADMIRED

The Premier stated that "I share all your admiration for the patience of the men, women and children who have been called upon to endure privation and suffering in the present situation. I believe I am not less anxious than yourself to see the existing distress speedily alleviated, I am equally cognizant of the fact that, as you intimate, our Government may suffer politically through misunderstanding of the motives which govern its action should it hesitate to respond to your appeal. This, however, is not a circumstance which to my mind should influence the Government in taking what appears to be the right and proper course in this matter."

WOULD OPEN THE DOOR

"The fact that Federal moneys might, with the consent of Parliament, be used towards relieving existing distress, possibly to the advantage of the Government itself, does not free either my colleagues or myself from our responsibility of recommending to Parliament a course of action which, once adopted, would open the door to inroads upon the Federal treasury from every quarter of the Dominion and which in the end might only serve to aggravate the present situation in Cape Breton and lead to similar conditions elsewhere. The principal characters are an aviator, modeled after Guynemere, the Archangel St. Michael and a captain in the flying corps. A Paris dispatch last month said Captain Guynemere's family had protested against the staging of "The Archangel." They were said to have informed the author, M. Rostand, that they "reserved all their rights in law" and had demanded suppression of the production...

VANCOUVER CLEARINGS

Vancouver, March 25.—The part week's bank clearings here were \$13,625,552.

Nordheimer Canada's Quality Piano

Among the fine pianos of the world the Canadian Nordheimer stands high on the honor roll. The Nordheimer is a piano of superlative quality, an instrument of the most artistic proportions and beautiful finish. MANHART HOPES TO APPEAL SENTENCE

Seattle, March 25.—Elmer Manhart, convicted of first degree murder Tuesday for the slaying of Lillian Helen Morley and facing a life sentence, will appeal to the State Supreme Court for a new trial, if eastern relatives, who have been informed of his plight and are expected in Seattle to-day or to-morrow, provide funds for attorney fees. For the first time the prisoner last night admitted that up to the eve of his trial he had kept from his family the fact that he was facing the gallows for the murder of Mrs. Morley in a taxicab on the night of February 1.

Court to Rule on Contest Publication

Regina, March 25.—Judgment was reserved by the Court of Appeal in the case of John Howlett, convicted of running a football contest through the publication known as The Moose Jaw News, and sentenced to a fine of \$125 and costs or thirty days in jail by Magistrate Lemon in the Moose Jaw police court on January 21. The hearing lasted only a short time. Appearing for Howlett, E. F. Collins, Moose Jaw, said there was no evidence to prove his client was the person responsible for the football contest, but that he was merely an employee obeying orders from other parties. It was also contended the contest was not a contest within the meaning of the act. The paper was published in the interest of soccer football in the province and did not exist merely for the purpose of carrying such contests as a money-making scheme.

Commons Asked to Appoint Petersen Subsidy Committee

By Times Staff Representative Ottawa, March 25.—Ottawa to-day is observing the effort of the "Ginger Wine" of the Progressive Party to secure representation on the important Interprovincial Shipping Committee as outlined by Premier King yesterday. The committee already has four Progressive members and the Government has declined fairly to remove one of them and replace him with J. T. Shaw, Calgary West, whom Gingerites had chosen for their representative. As for the Progressive Party, it is standing pat and will not listen to the Gingerites' request, that it withdraw one of its members to make way for Shaw. When the House is asked formally to appoint the committee to-day the Gingerites, themselves, with increasing frequency wherever and whenever industrial disputes arise.

ROBBERY IN SEATTLE

Seattle, March 25.—Two unmasked men to-day held up Morris Lebo, proprietor of a pawnshop here, and escaped on foot with jewelry valued at \$1,000 and \$100 in cash. Lebo was alone in the shop. He was asked to show a suit of clothes. While in the rear of the store one of the pair confronted him with a pistol, the other scooped the jewelry and money from the front part of the store and the two robbers calmly walked out.

# WARRIORS WOOT TO-DAY TO FATHOM FOR WAR PASS

## Frenchmen Hope To Show Real Form To-morrow

Cougars Calmly Awaiting Hour of Start; Fans Believe Series Will End in Three Straight But Expect Visitors to Make Their Most Desperate Effort; Arena Sold Out This Morning; Fans Begun Lining up for Seats at 3 o'Clock; Interest Very Keen

Excitement is running high on the eve of the third game of the world's series which will be played here to-morrow night between Canadiens and Victoria. There is a strong feeling that this will be the final game and that the Cougars will be crowned champions and awarded the Stanley Cup when Referee Ion sounds the final whistle to-morrow night.

The Canadiens arrived here this morning from Vancouver and after a short rest at the Empress Hotel shifted to the Arena where Leo Dandurand put his men through a stiff workout.

The third game will be played under Western rules. Dandurand does not intend that his Canadiens shall be tied in knots again by the Victoria rushes. At the workout to-day particular attention was paid to the forward pass, which threw the Frenchmen on their ears last Saturday. The visiting defence tried out several moves which they hope will prove successful in blocking the Victoria forwards while their own line of Forenz, Jollat and Boucher experimented with a new attack which enables them to pick up forward passes when heading in on the net.

### VEZINA NOT PRESENT

Georges Vezina, the famous goalie of Canadiens, did not attend the workout due to injuries to his thumbs. Georges cannot lift his stick and the trainer is working hard to get the digits in shape for the battle to-morrow. In the Vancouver game Georges had the misfortune to be struck on each thumb. In one instance he was cracked by a stick while in the other his thumb got jammed against the post as he tried to catch the puck.

While Canadiens are not making any predictions as to the outcome of the game they openly state that they will turn in their best display of the series. They are anxious to save themselves from going under in three straight games. They realize, however, that they face a team which Manager Dandurand calls a club of super-stars, under rules which favor the home club, but in their desperation they hope to blaze through to victory.

### COUGARS HAVE WORK-OUT

The Cougars are calmly awaiting the hour when they must step out and battle with the pick of the East. Lester Patrick summoned his men to the rink yesterday afternoon and had them skating and shooting for an hour. They did not indulge in hard play, as they have been through so many gruelling struggles during the past three weeks that they believe they have their play down to the keenness of a razor-blade. They are not, however, cheery over their performance and are not forcing themselves into believing that all they have to do to-morrow night is to step out on the ice and make Canadiens wilt. The manager of the Canadiens camp that the Frenchmen will play their heads off and, for this reason, intend to skate, check and shoot as they have done in the previous games.

There is no doubt but that the game will prove a thriller from start to finish. If Canadiens succeed in stopping Victoria it will be a big surprise, as the Cougars have won against the Eastern rules, and Western and Eastern rules, and have clearly demonstrated their superiority. The Cougars are not anxious to have the series prolonged and if they can possibly win in three straight they will do so.

As the series advances so does the interest. This was quite evident this morning when the fans lined up for their tickets.

At 3:15 o'clock, according to a close check-up, the first fan took his place in line. This was Bill McAllister. He and a partner had slept in their motor car in Abbotsford, and when the line would form. When there were indications of a stir in the quiet streets McAllister spread a blanket on the sidewalk and stood on it to keep his feet from turning into stons.

Slowly the fans topped up to the line, but after 5 o'clock they began to fill in more rapidly, until by 6:30 o'clock they were stretched, three deep, down View to Government, and along that thoroughfare to Fort. Some of the more thoughtful fans brought along boxes to sit upon and a breakfast to gnaw at. Some had a crossword puzzle to ponder over, but the majority were more interested in guessing whether or not they would reach the door of opportunity before the cry went up "Sold out."

TICKETS QUICKLY SOLD  
The office doors were opened at 5:30 o'clock and the police admitted four fans at a time and each fan took four tickets, the limit to one customer.

Before noon the rink was sold out. It is believed that there are enough fans in Victoria and vicinity here to see the game to pack the Vancouver arena to the top.

## Island Teams Were Beaten in Playoff Basketball Matches

Vancouver, March 25.—Nanaimo Reliance were eliminated from the Provincial basketball playoffs here last night when they lost to St. Andrew's Crusaders in the intermediate "B" division semi-final, 29 to 6. The Islanders were held scoreless in the second half. First Presbyterian Intermediate girls were also defeated in their semi-final game, Pollyannas of Turner Institute defeating them 15-3.

## "Thumbs up"

Both thumbs of the Canadian goalie are swollen up like balloons. Georges was unable to attend the workout at the Arena to-day due to the injuries he received in Vancouver. He was cracked by a stick and hit by the puck and his thumbs are very painful. However, he swan intends to be on his mark to-morrow night.

## Lone Goal Brings Victory In Soccer Match Yesterday

A lone goal off the boot of McClintock gave the Teamsters a 1-0 victory over the United Services eleven in the Hayward Cup game played at the Royal Athletic Park yesterday afternoon. The high wind blowing greatly handicapped the teams as far as combination was concerned but some real good football was seen. The services put up one of their best shows this season and the Drivers were forced to extend themselves to the limit to win.

In the first half, with the wind favoring them, the Services had the best of the play but poor work in front of the goal kept them from scoring. Each team had many chances to score in the second half but erratic shooting kept the score down.

At the start of the match the Services went on the attack and played hard and fast around the Teamster's goal. On one occasion Henry Wilson was right in on the Drivers' goal, when Obee broke through and had only the goalie to beat but his shot went wide of the goal. Just before time McKinnon, Speak and Caskie pulled off a pretty bit of combination and looked like scoring but Spouter came out of his net and made a great save.

After a number of attacks on the Services' goal, Caskie made a nice run along the wing and kicked a general melee occurred in the Services' goal and Kennedy one of their backs passed the ball back to Spouter. It was his turn to get a shot to meet it. Rushing in, McClintock intercepted and scored. From the kick-off the Services made some desperate efforts to equalize.

In the second half Spouter made several fine saves of shots that looked like sure goals. The Teamsters continued on the offensive and Davis and Speak sent in fast shots but Spouter blocked them. The Services missed their one great opportunity to get into even terms when Obee broke through and had only the goalie to beat but his shot went wide of the goal. Just before time McKinnon, Speak and Caskie pulled off a pretty bit of combination and looked like scoring but Spouter came out of his net and made a great save.

## Footfault Rule in Tennis is Amended

London, March 25.—The English Lawn Tennis Association's report of the International Federation's recent meeting at Paris, at which sixteen nations were represented, including Canada, South Africa and Australia, announced that Austria and Hungary, India, Ireland and Ecuador were all elected members. The footfault rule was amended by the insertion of three clauses. After defining the position the server should take up, which is unchanged, the rule reads: "Therefore, until the service is delivered, the server shall (a) not change position by walking or running, and (b) shall maintain contact with the ground and keep both feet beside the base line."

## Port Arthur Sweeps Through To Victory

Toronto Varsity Unable to Conquer Western Amateur Champions in Second Game at Winnipeg and Allan Cup is Brought Back From Eastern Stronghold; Both Teams Hit Terrific Pace and Deciding Goal Did Not Come Until Near End of Game

Winnipeg, March 26 (Canadian Press)—The Allan Cup, emblematic of the senior amateur hockey championship of Canada, is back again in the West. The coveted piece of silverware found its way back Wednesday night when the Port Arthur team, representing the West, nosed out Toronto Varsity, champions of the East, in the second game of the series. This gave them the first two games, the third being unnecessary. The score was three to two.

It was a thrilling game from start to finish, very few dull moments being experienced. Both teams were aggressive, and there was so much difference between the game and the previous one that it was almost Monday night affair that no comparison is possible. The final game was fast and the climax was reached when within fifteen seconds of time Port Arthur broke the tie, Gordon Wilson, slamming in a pass from L. Heureux.

The result showed that the Ports are a consistent aggregation of fighters. In the final period the Varsity boys had the advantage of a goal and it began to look as if the new rule providing for two out of three games would be given a test. But fate ruled otherwise, and it was here that the Port's defence proved its veracity. After Varsity had created the game, and then gone into the lead, Bill Brydge went down on a combination with Alex Grey. Grey had the shot, but Brydge was too quick for Sullivan's rebound, and the team's were on even terms.

TERRIFIC PACE  
From then on the pace was terrific. Both teams were fighting like enraged tigers and traveled at a pace that seemed like a physical impossibility. With less than four minutes to go Varsity speeded up and the Ports put on everything they had. The Thunder Bay boys had the edge, they forced the play, beyond the speed of Varsity and kept up such a terrific attack that they were able to keep the puck in the students' territory.

They started attack after attack, but each one was turned aside by the long hook check of Porter, or the bodycheck of Sullivan. Wilson, like overtime. Fans were in an uproar as the puck whizzed from side to side of the Varsity goal. Joe Sullivan was working overtime clearing his net and directing the play, and then came the biggest thrill of all.

L. Heureux stole the puck from Hudson on the boards and went back in to Varsity territory with Wilson, who was playing up past centre ice. Varsity was so intent on stopping L. Heureux that they forgot Wilson. He snatched the puck through the side, L. Heureux gave Wilson a grand chance and the burly defence man shot the rubber behind Sullivan, before the latter had a chance. Wilson was the hero of the hour, and with only fifteen seconds left in which to even the score the Varsity team found themselves up against a stone wall. The students made a game attack and used every ounce of energy they had left, but the task was too great. When the going rang Port Arthur, after getting into the playoff for three years in succession, had realized its great ambition.

Varsity, Port Arthur, Gray, Sullivan, Goal, Chabot, Porter, Defence, Wilson, Pixon, Centre, Gray, Hudson, Right Wing, Pudas, Kirkpatrick, Left Wing, L. Heureux, Cloutier, Sub, Cox, Richards, Goalies, Conners, Referee, Gene Fraser, Niagara Falls, and Jack Hughes, Winnipeg.

SUMMARY  
First period—1, Port Arthur, Gray, 2-0.  
Second period—No score.  
Third period—2, Varsity, Lexton Porter, 3-0; 3, Varsity, Kirkpatrick, 12-5; 4, Port Arthur, Bryge, 16-25; 5, Port Arthur, Wilson from L. Heureux, 19-45.

## WILL FIGHT HARD TO WIN LADIES' B.C. HOOP TITLE

Oakland, Cal., March 25.—Jimmy Delaney, of St. Paul will battle the winner of the Loughran-Stirling fight to be held Saturday in San Francisco. It was announced here to-day by Tommy Simpson, the bout will take place at the Oakland Athletic Club, April 15.

## Telephone Girls Win Championship of 'A' League in City Loop

As a result of their 17-4 victory last night over the Normal school, the Telephone girls' basketball team clinched the championship of the ladies "A" league of the City Basketball Association. This is the first title to be decided in the city leagues so far although the schedule is pretty nearly finished. The Telephone girls have completed their schedule of games without having one defeat chalked up against them. They have only five all kinds of credit for the victory.

The Telephone team is composed of the following players: K. Robertson, R. Robertson, I. Crawford, E. McGill and C. Laird. In the other game played last night in the "B" men's division Victoria College won from Ex-St. Mary's in a fast overtime game, the final score being 32-29.

## Lost Last Time

After an absence of twelve years Sprague is back in town with the old Quebec team in 1913 when Victoria won the world's championship. Since then Sprague has played on several world's champions but it looks as though Victoria is the jinx for him. Sprague is picked as the greatest defence man in the game but so far in this series has not shown to his best advantage.

## DELANEY BOOKED FOR BOUT

Oakland, Cal., March 25.—Jimmy Delaney, of St. Paul will battle the winner of the Loughran-Stirling fight to be held Saturday in San Francisco. It was announced here to-day by Tommy Simpson, the bout will take place at the Oakland Athletic Club, April 15.

## Tunney Ready For His Battle With H. Greb To-morrow

St. Paul, Minn., March 25.—Gene Tunney, United States light heavyweight champion, rested to-day after strenuous training for his bout here to-morrow with Harry Greb, middleweight champion.

## Pittsburg to Meet Eveleth in Series For Western Title

Pittsburg, Pa., March 25.—The Pittsburg hockey team and Eveleth will meet here to-night and Saturday night in the first two games of a playoff series to determine the United States hockey championship of the West. The locals now hold the western title. The winner of the playoff series will be entitled to meet Fort Pitt for the United States championship.

## Blow Delivered By N.Y. Boxing Heads Causes Great Stir

New York, March 27.—Jack Dempsey, champion heavyweight pugilist, retains his title in a telegraphic bout with the New York Athletic Commission yesterday, but the right-handed swing of the officials tore the joint from Boyle's Thirty Acres in Jersey City, dazed Tex Rickard for the moment and pushed the negro challenger, Harry Wills, back into his chair. From all indications, the blow missed the champion, but it shook about everything else in pugilism. By placing Dempsey on the ineligible list the commission put every heavyweight, every manager of heavyweights and every promoter in the land on guard.

## PROMOTERS LIABLE

Not satisfied with taking the 3,000-mile swing at the title holder, the commission became belligerent and recently by Wills, the champion pursued a waiting game. The officials led again with a fifteen-day ultimatum, still the champion waited. Perhaps the moguls thought him lacking in alertness, for in the next move they swung the heaviest blow they ever delivered. From the Pacific Coast came the news that the "punch" had landed on Dempsey somewhere in the motion picture lots and he could not be located.

## DUFFY TO MEET SIMONICH

Oakland, Cal., March 25.—Jimmy Duffy, Pacific coast welterweight champion, will meet Joe Simonich of Shute at the Oakland Athletic Club April 8. It was announced to-day.

## EXHIBITION BASEBALL

At Clearwater, Fla.: R. H. E. Washington Americans, 18 19 1 Brooklyn Nationals, 2 7 4 Zachary, McNamara and Rowe; Hollingsworth, Wilson, Roberts and Deberry, Hargrave.  
At Shreveport, La.: R. H. E. Chicago Americans, 11 14 3 Shreveport, Texas, 7 7 3 Faber, Ash, Connolly and Schall, Crouse; Brewer, Clark, Dobbs and Broham, Gurner.  
At San Francisco: R. H. E. Pittsburg Nationals, 7 11 0 San Francisco Coast, 11 16 2 Brown, Richardson, 4 6 3 Smith; Pfeffer, Moudy and Agnew.  
At Fort Myers, Fla.: R. H. E. Philadelphia Americans, 4 7 5 Milwaukee Americans, 4 6 3 Rommel, Groves and Cochran; Gearin, McCracken and Skell.  
At St. Petersburg, Fla.: R. H. E. New York Nationals, 6 10 3 Boston Nationals, 7 6 1 Wisner, Maun and Hartley; Marquard, J. Barnes and Gibson.  
At Charlotte, N.C.: R. H. E. Detroit Americans, 2 3 3 Toronto International, 0 3 2 Wells, Moore and Woodard; Stange; Gielke, Smith and Manion.

## Regina Pats Win Cup In Gruelling Battle

Memorial Cup, Emblematic of Junior Hockey Championship of Canada, Taken Away From Aura Lee on Toronto Ice; Kids Staged Free-for-all Fight and Six Policemen Had to be Called to Stop Them; Two Aura Lees Tried to Push Regina Defence Man's Head Through Ice

Toronto, March 26.—Back to Western Canada goes the Memorial Trophy and the junior hockey championship of Canada. In a fierce, gruelling struggle last night Regina Patricians, the prides of the prairie, conquered Aura Lee of Toronto 5-2.

It was the second straight victory of the Regina team. Monday night they won out after ten minutes torrid overtime by 2-1. Owen Sound greys won the 1924 junior title by defeating Calgary Canadians. It was sweet revenge for the West when the Pats, a solid troupe, under Manager Ritchie, crashed their way to victory over the Aura Lee team, installed as favorites before the series opened.

In many respects the game of the youthful gladiators was unprecedented on Toronto ice. Never before were such bitter moments witnessed between hockey teams. KIDS TEN FIGHT  
Shortly after the second period started, Acaster and McPherson, the rival centres, got into a jam in front of Regina's goal, and it was the immediate signal for a general free-for-all. Every player on both sides participated. It was a regular Donnybrook with a winner undecided, although it took six stalwart policemen to separate the first wretches, after the battle had lasted nearly three minutes. The players stood toe to toe and walloped anything and everything in sight. At one time three Toronto players were trying to push the dome piece of Ken Doraty, the Western defence cyclone, through the ice. McPherson and Acaster were given five-minute penalties.

Regina Pats had the finishing power and more in reserve. In the first period Frank Ingram threw his stick at Armstrong as the Aura Lee player was about to shoot, earning a five-minute penalty. When Morrison, the midjet of the Western invaders scored the goal in the second period that broke the deadlock, there was a wild rush at the goal umpire, who was removed and another put behind the cage.

Admiring fans contributed ovation after ovation to Regina as they staggered off the ice and all bitterness of the rival players' goal fell piled when the final gong sounded.

## LINE-UP

Aura Lee Position Regina  
Stark, Goal, Cunningham

Not satisfied with taking the 3,000-mile swing at the title holder, the commission became belligerent and recently by Wills, the champion pursued a waiting game. The officials led again with a fifteen-day ultimatum, still the champion waited. Perhaps the moguls thought him lacking in alertness, for in the next move they swung the heaviest blow they ever delivered. From the Pacific Coast came the news that the "punch" had landed on Dempsey somewhere in the motion picture lots and he could not be located.

**AT THE THEATRES**  
CURWOOD PICTURE  
IS SHOWING AT THE  
COLUMBIA THEATRE  
In speaking of his great work in directing "Jacqueline," or "Blazing Barriers," James Oliver Curwood's picture at the Columbia Theatre today, Mr. Henderson said: "I think this new Curwood picture undoubtedly represents my finest screen effort. I have always enjoyed working on a picture from the pen of this gifted author, not only because he is a personal friend of mine, but because I was born in Canada myself and stories of the great Northwest have always had a strong appeal to me. I am sure that everyone will agree with me when I say that Mr. Curwood has no peer in the handling of tales of this kind."  
"When we began work on this production, it was understood by everyone that no effort was to be spared in making it the greatest of its kind. The crowning feature of the production is, of course, the forest fire, which I know I am safe in asserting is the largest and most extravagant configuration ever staged."

**AT THE THEATRES**  
Playhouse—"The Merry Widow."  
Columbia—"The White Sister."  
Capitol—"Classmates."  
Dominion—"The Great Divide."  
Coliseum—"The Quaker Girl."  
throughout both hemispheres. The Military Academy officials, however, have always refused to permit the use of the West Point cadets for a photoplay story. They feel that the Academy, sacred to the finest traditions of America, must be held as a thing apart.  
That permission was accorded to Barthelmess for the film "Classmates" within the walls of West Point was an unusual and signal honor to the young star. "Classmates" shows the actual life of a cadet through his four years at the Academy. The West Point officials supervised the detail, even to the making of uniforms for Barthelmess and his company, so that "Classmates" is completely authentic.  
The production carries the official endorsement of Brigadier General Frederick Sladen, superintendent of West Point, and the officials of the Academy. Incidentally, in presenting the life of a West Point cadet, "Classmates" reveals a remarkable study of the development of a bright young boy into a man of force and character.

**WEST POINT IN SILENT DRAMA AT THE CAPITOL**  
"Classmates," the First National production starring Richard Barthelmess at the Capitol Theatre, presents West Point for the first time on any screen in the background of a silent drama.  
The United States Military Academy has been filmed for the screen. The famous parades of the West Point cadets, pronounced the best drilled body of men in the world, have evoked cheers in theatres.

**EARLE FOXE WAS ONLY MALE MEMBER IN COLISEUM FILM**  
Earle Foxe, leading man and only male member of the cast of "The Last Man on Earth," showing at the Coliseum this week, was kept busy during the making of the picture at the William Fox West Coast Studios, that he scarcely had time to eat and sleep.  
It so happened that he was playing a role in one of the Los Angeles stock companies which accounted for his always running late to the set. These, with a couple of malaises thrown in for good measure, kept him as occupied as a bee, and he really had been the last man on earth. In one day the young actor put on five different make-ups for the Fox production and one for his stage play.

**FAMOUS BAND AT DOMINION DRAWING CAPACITY HOUSES**  
"Tex" Howard and his famous American band who are playing daily at the Dominion Theatre this week, is one of the season's biggest musical treats. Victoria music lovers have had this season. Not since Chuck Whitehead made his memorable debut at the Capitol Theatre some years ago has Victoria had such a band. The band is a real one, and a popular music should really be played.  
"Tex" and his merry musicians are delighting capacity houses daily. Every member of this segregation is a soloist and an artist of every instrument they play, for each of them plays from three to four instruments and play them well.  
Their rendering of Rachmaninoff's "Prelude" and the popular airs from Verdi's "Aida" in an up-to-date synthesized style is a treat and invariably calls for a repeat. "My Best Girl" is another of the popular numbers on the programme, starting off with full orchestra and later being sung by six of the band, is decidedly pleasing. In fact, one really has to hear the band to do them justice.  
"Tex" and his musicians will play three times daily all this week, at 3.30 in the afternoon and at 7.30 and 9.30 in the evening.

**"WORLD'S STAGE" BY ELINOR GLYN AT PLAYHOUSE**  
Patrons of the Playhouse Theatre are in for a genuine surprise when they witness "The World's Stage" by Elinor Glyn. There have been screen plays, but never a screen play like this one. In the first place it is the story of a woman's life, as seen through the eyes of a man. The author holds the mirror up to life—the life of a screen actress in Hollywood, and paints a wonderfully vivid and true canvas of the hopes and trials, illusions, dreams, sorrow and happiness of the average screen star. Mrs. Glyn knows Hollywood. Therefore she writes with authority.  
In addition to "The World's Stage," the Frank Morton company is offering one of their cleverest productions, "The Merry Widow," a musical comedy, as merry as its name.

**CONWAY TEARLE CHOSEN HERO FOR "THE GREAT DIVIDE"**  
The greatest lover of all times plays the role of Stephen Ghent in "The Great Divide." After much parleying, Conway Tearle was selected to play the role which brought Henry Miller fame and fortune on the legitimate stage. And these were the requisites which gave Tearle the opportunity to portray this strongest of all adventurous lovers.  
First he had what Elinor Glyn, that great exponent of love, calls "it," which is generally conceded to mean irresistible charm and magnetism.  
In physique he is ideally suited to the part of Stephen Ghent, a strong dominant man of the desert.  
He is the living personification of the savage hero and has a personality and spirit which will index his interpretation of this role with the great achievements of the screen.  
Metro-Goldwyn-Mayer produced "The Great Divide," which is playing at the Dominion Theatre, and Reginald Barker directed it.

**NOVEL FEATURE IS PROMISED AT COLISEUM TO-NIGHT**  
The patrons of the Coliseum Theatre are quite interested in what Novelty Night will bring forth this evening. No whisper of the actual stunt has leaked out and that is probably as novel an idea as has been seen in local theatres for a long time.  
The reputation of the house for good entertainment is sure to be upheld.

**Chamber Music**  
Too lofty and forbidding for some, can be enjoyed by the most untutored listener.  
By G. J. D.  
How often is heard the remark that chamber music, or the great classics in music, are too "high-brow," and this expression, too, from those who are particularly fond of music. The writer has consistently contended that in this fear of being brought into contact with the classics there has been something particularly wrong somewhere. It is felt that those who dread the name of chamber music are doing themselves an unkind and absolute injustice. It is due to an inherent inflexible opinion, or is it a strange aloofness born from first early impressions of something that seemed to possess an air of forbidding loftiness, or something that seemed too delicate and too sacred for their personal understanding and enjoyment.  
Have they been regarding with too indubitable a respect and appreciation the refinement, the purity of these classics, or have they been often told that chamber music is the highest form of musical art and that in their modesty they have felt that they would not enjoy anything apparently so abstract, so dignified, so formal. All these have been laboring under the spell of delusion, and regrettably so, too, for how many could have become enraptured with the very name of classic and, ere now, were devotees and disciples of its beautiful and ennobling school.  
Hitherto this has been all wrong. The secret is out and can be told. Chamber music, where simple means are used to attain its effects, can be enjoyed by the most untutored listener. Experiments for some time have been in operation in many music centres in England, America and on the Continent, where programmes, consisting entirely of compositions known under the generic name of chamber music have been given to audiences of children only, and these have proven the most appreciative and enthusiastic auditors in the experience of the concert managers concerned. And herein lies the point. The children have not been frightened by the idea of classic music and they listen to it for what it is, untrammelled, whole-soufully. Then to those who have hitherto been regarding classical music as too much for their assimilative powers and pleasure it is suggested that they go to chamber music concerts, whenever they can, and in doing so let them support and encourage the classic on all possible occasions, not only endeavoring to realize the tremendous importance of such music that they themselves will become equipped the more intelligently with the knowledge of the beauty, the fragrance and the simplicity of the works of the great masters, and lastly, for all time, let them banish the absurd and provincial attitude of exaggerated respect which must do a cruel wrong to an art of general appeal and simple and delicate charm.

**CURED HIS RUPTURE**  
I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no loss of time, no trouble. I have nothing to sell, but will give full information about how you may get a complete cure without operation, if you write to me, Eugene M. Puller, Carpenter, 4211 Marceline Avenue, Manhattan, N.J. Better cut out this notice and show it to any other who are ruptured—you may save a life or at least stop the misery of rupture and worry and danger of an operation. (Adv.)

**NERVOUS SYSTEM VITAL SOURCE OF BODY POWER**  
YOUR nervous system is the vital force of your body; the force that gives energy to every organ and every muscle. So great is the power of the nerves that a tremendous shock, such as fear, may cause death.  
A lesser nerve shock will blanch the cheeks, make the knees tremble, cause the heart to beat wildly or almost paralyze breathing.  
To sustain our vitality we must nourish the nervous system. When we restore lost nerve power we find ourselves filled with new strength.  
Nervous, exhausted men and women can quickly regain their nerve power. As they rebuild their nerves they soon see the signs of returning vitality.  
If you are lacking in vital nerve force, go to your druggist to-day, obtain a bottle of Wincarnis and begin the safe Wincarnis treatment. Wincarnis is so effective that only three table-spoonfuls a day need be taken. Try Wincarnis and see the difference just a few days will bring.

**WINCARNIS**

GOOD TASTE IN FLOOR COVERINGS IS EASILY EXPRESSED

# A Beautiful Floor

at very moderate cost

There's wonderful satisfaction in having a beautiful floor when you know it hasn't cost much. That's one of the reasons why Dominion Linoleum is so popular. It places true floor beauty within everybody's reach. There are designs suitable for any room, worked up in delightful color combinations. A dash of brightness here, subdued loveliness there—in short, a range of selection to meet every need and every taste.  
Dominion Linoleum, costing so little in the first place, lasts for years. The colors will not fade. Light mopping or brushing keeps its firm, smooth surface spotlessly clean and as bright and fresh looking as the day it was laid.  
Dominion Linoleum is a practical floor for day-in and day-out use, a floor that kiddies can really play on, a floor that defies the heaviest grown-up tread. Dominion Linoleum comes in widths sufficient to cover any ordinary room from wall to wall without seam or crack. Enjoy its comfort, beauty and economy in YOUR home.

**Dominion Linoleum Rugs**  
have all the practical advantages of Dominion Linoleum. Their beauty is admired everywhere. Dominion Linoleum Rugs are moderate in price and being all in one piece, are easily moved if desired. They lie perfectly flat without fastening of any kind and will not rumple up, curl or tear.

Always turn over the edge when buying and look for the strong, long fibre back. 75 guaranteed years and years of satisfactory wear. Dominion Linoleum and Rugs are made in Canada by the manufacturers of the famous Dominion Bathing Linoleum.

Folly to Suffer With Piles

Step into any drug store, get a 50-cent box of Pyramid Pile Supp-  
menting and keep the same.  
Pain, itching and bleeding. These  
made declare it a wonder, many  
suffer from piles. See how  
they rely upon Pyramid and recom-  
mend them to their friends.

Divorces Multiply In Polish Republic

Warsaw, March 26.—The discovery  
that 20,000 Polish Catholics could  
have obtained divorces by joining the  
Russian Orthodox Church is causing  
concern to the Polish Government.  
Measures are being considered to re-  
strict the movement.

ACQUIRE ANNEX FOR JAMES BAY HOTEL

Indicative of the rosy anti-  
cipations of the hotel men of the  
city for an unusually heavy season  
of tourist travel this year is the  
announcement that the James Bay  
Hotel is to be enlarged. Negotiations were com-  
pleted yesterday for the acquisition  
of the former Tripp residence and  
double corner at Government and  
Avalon Streets, which is to be  
converted into an annex for this  
well known hostelry.  
The new annex is situated immedi-  
ately opposite the hotel, making it  
a convenient addition to the accom-  
modation. Structural alterations are  
being commenced to-day and when  
finished will result in the addition of  
fourteen bedrooms and four bath-  
rooms to the present accommodation.  
It is expected that the alterations  
will be completed at the end of about  
three weeks.  
The winter season, which is just  
closing, has been so satisfactory as  
to justify the enlargement of the  
hotel, according to Capt. Merston,  
the proprietor, and plans are afoot  
to still further augment the accommo-  
dation by the addition of eight bath-  
rooms to the main building. To this  
end structural alterations will be  
started in the hotel next month, and  
the work will be completed in readi-  
ness for the early summer influx of  
visitors.

LOADING OUTBOUND

With approximately 4,000  
pounds of blood fertilizer and  
white meal aboard, the steamship  
Arabia Maru of the O.S.K. fleet  
leaves this port this afternoon  
about 5 o'clock, according to ad-  
vices from the mainland to  
Rithets, agents for the ship here.  
The vessel will have a heavy cargo  
for the Orient in her hold.  
She also takes considerable  
freight.

NEW PRINCESS IS ON HER WAY HERE

Princess Marguerite Left Yes-  
terday; Other Ships Undergo  
Overhaul

Cable dispatches received here last  
night stated that the steamer Princess  
Marguerite had left the Clyde for  
Victoria. Capt. R. W. McMurtry com-  
mands the ship. The Kathleen and  
Marguerite are sister ships, both hav-  
ing been built at the yards of John  
Brown and Sons, Clydebank.  
The steamer Princess Beatrice, it is  
announced at the offices of the C.P.R.,  
will undergo her annual overhaul shortly  
in local yards. The Princess Royal,  
which has already been overhauled, is  
on the Powell River-Comox run. The  
Princess Patricia will be withdrawn  
from the Nanaimo to Vancouver ser-  
vice and repaired, overhauled and  
painted here. The Charming will take  
over her run while she is in drydock.  
The Princess Charlotte, which has been  
laid up for some time past, will go into  
service again about the middle of the  
month.

RETURNING TO THIS PORT

Motorship AORANGI  
dock in Honolulu to-day, bound here from the Antipodes on her first  
return trip in the Canadian-Australasian service.

PROTECTIVE RULES CANNOT BE BROKEN

Freight is Returned to Ship-  
ping Point From Victoria  
Because of Risk

Several smaller packages of  
freight, amongst them some toys  
which were destined for Barber Bros.  
store here and some articles for the  
naval barracks, Esquimalt, will re-  
turn to the Old Country on the next  
ship which leaves here for the United  
Kingdom, according to information  
gathered this morning. The reason  
for this is the regulation for the pre-  
vention of the spread of foot and  
mouth disease, which forbids the en-  
trance of goods packed in straw or  
any sort of fodder into Canada un-  
less that same packing has been  
properly fumigated before it leaves  
the point of shipment, and duly  
passed by the authorities specially  
appointed for this purpose. The

SEATTLE SHIPPING

Seattle, March 26.—J. McGowan,  
general agent on the Pacific Coast for  
the Royal Mail Steam Packet Company,  
on returning here yesterday from a tour  
of the Pacific Coast, said that prelimi-  
nary surveys of conditions in Cali-  
fornia, Oregon and Washington war-  
ranted prediction of a 50 per cent in-  
crease in fruit crops this year.  
Capt. A. O. Laitla, commander of the  
American-Oriental Mail liner President  
McKinley, was decorated here last  
night with the Red Ribbon Medal of  
Courage conferred by Emperor Yoshihito  
of Japan, for aiding the rescue during  
a mid-Pacific storm of the crew of the  
ill-fated Japanese steamship Kiyosui  
Maru January 5, 1924.

MAYOR WORKING HARD TO BRING EARLY TOURISTS

Mayor J. Carl Pendray is largely  
responsible for the early opera-  
tion of the ferry boat. Almost  
immediately after the arrival of  
Sidney, it was stated by officials of  
the Chamber of Commerce to-day.  
Mayor Pendray has been instru-  
mental in getting an earlier start  
than the operators of the ferry  
boat planned. Credit is  
due him, Chamber of Commerce  
officials declared to-day, for his  
success will bring an earlier tour-  
ist movement here.

PASSENGER TRAVEL GROWTH CONTINUES

Jefferson Inbound From the  
Orient, McKinley Out; Ruth  
Has Good List Aboard

The northbound travel on the Pa-  
cific Coast is steadily increasing.  
W. N. Allan, general agent here for  
Admiral Oriental Line and the Pa-  
cific Steamship Company stated  
this morning, "and the transpacific  
passenger eastbound are also show-  
ing an advance, all of which is very  
encouraging and shows that the  
travel season is starting early and  
that it will probably pass previous  
records and make this a banner  
year." Mr. Allan has just learned  
that the Ruth Alexander is due from  
California to-night with a  
splendid list of passengers for Vi-  
ctoria and heavy freight for here  
and Seattle.  
In addition to the Ruth Alexander's  
arrival to-night, at about 10 o'clock,  
the Admiral Oriental Line agent has  
the President McKinley sailing from  
this port on Saturday at about 5  
o'clock and expects the President  
Jefferson on Sunday. The Ruth  
Alexander sails again on Sunday for  
the South.  
The President Jefferson brings 350  
tons of freight or more for this port,  
and her cargo for the Mainland in-  
cludes \$400,000 worth of silk and  
large and valuable consignments of  
vegetable oil.  
Of the ship's 250 passengers, 29  
will disembark here, of whom four  
are British subjects. The remain-  
der are steerage.  
Mr. Allan further stated that the  
Chamber of Commerce Trade Com-  
mission from Seattle which recently  
toured the Orient but which became  
dissatisfied while in the East,  
would see the remainder of its mem-  
bers returning on the Jefferson. Al-  
though a number of its leading dele-  
gates have returned to America, the  
majority of the commission is to ar-  
rive on the Jefferson when she comes  
to port.  
The President McKinley will have  
a heavy list of passengers aboard  
when she leaves for the Orient and  
also carries considerable freight. She  
brought home the first members of  
the Seattle trade commission.

SAN FRANCISCO SHIPPING

San Francisco, March 26.—Thomas  
W. Harvie, general manager of the  
Port of Montreal, declared here yester-  
day that the Port of Montreal has  
the distinction of having the facili-  
ties for handling more grain than  
any other port in the world. Harvie  
said that 725,000 bushels of grain  
can be moved in and out of Montreal  
in an hour.  
The South Shore Port Company and  
the Consolidated Motor Freight  
Transportation Company, which re-  
cently purchased the tug which will  
be launched Saturday, for use in San  
Francisco Bay, it was reported here  
to-day. The tug will hit quicken  
the movement of freight from local  
wharves, the report said.  
The Dollar Round-the-world liner  
President Harbison arrived here yester-  
day from New York with a cap-  
acity list of tourists and a fair  
amount of cargo.  
The Norwegian tanker Balboa ar-  
rived here yesterday from Mexico  
with a cargo of whale oil. This was  
claimed to be the largest single  
shipment of its kind ever received in  
a Pacific coast port.

Stuffed Heads

Cleared by a Balm  
Cold in the head or catarrh means  
a local germ attack. Fight it locally.  
Don't wait for long-drawn effects.  
Apply Ely's Cream Balm in the  
nostrils and breathe it. Send its an-  
tiseptic fumes where the germs exist.  
Relief comes instantly. The head is  
cleared, inflammation is subdued.  
Don't suffer another hour. Ask  
your druggist for a bottle of Ely's  
Cream Balm and all misery is  
ended.

Making a Pal of Onions

How Stuart's Dyspepsia Tablets  
Have Tamed Them, Fried or  
Raw, For People With  
Timid Stomachs.

Stomach and Onions! Sure! And Don't  
Skip the Order.  
Onions, pork and beans, mince pie  
with cheese, sausage and bread-  
wheels, rich cream in your coffee  
and so on. Follow the large tablets  
with one of the small tablets and  
you'll have no gas, no sour  
risings, no heartburn, or other such  
distress due to dyspepsia.  
These tablets supply the stomach  
with an alkaline effect that over-  
comes the prurient acidity and sour  
stomach due to indigestion. They  
also assist the stomach to digest  
food as they contain stimulating  
qualities and digestive enzymes.  
They take up an excess of fermenta-  
tion and you feel a sense of stom-  
ach comfort. You can get Stuart's  
Dyspepsia Tablets in any drug store  
at 40 cents a box. Try a steak,  
smothered, today and get back into  
the real joy of living.

CANADIAN PACIFIC

SAILINGS TO EUROPE

Table listing ship names, destinations, and departure dates for transatlantic routes.

Freight Rates Theoretical or Practical?

To every question there are two sides. In the  
freight rates discussion, of which so much has  
been heard in British Columbia, the position of the  
railways has not yet been comprehensively pre-  
sented to the public.

The interests of the Canadian Pacific and of the shippers in any  
community are mutual and the policy of the Canadian Pacific  
has been to co-operate with interested shippers in British Colum-  
bia in order to secure the widest possible distribution of B.C.  
products.

Questions of transportation charges are, and for years have  
been, dealt with by consultations between interested shippers  
and the railways.

Annual conferences with the fruit  
shippers of the Okanagan and the  
traffic officials of the Canadian Pacific  
have settled questions of minimums,  
marketing, icing, equipment, loading  
mixtures and rates. Similar confer-  
ences between the manufacturers of  
canned goods and the Canadian  
Pacific have widened British Colum-  
bia's distribution of this commodity  
and enabled canners to meet com-  
petitive conditions. Conferences with  
Pacific and Mountain lumber associa-  
tions have effected satisfactory  
conclusions.

The Canadian Pacific policy has  
been of untold benefit to the mining  
interests—rates on ore, concentrates  
and metal products were settled at  
conferences with the mining and  
smelting interests of the province and  
today these products reach the world  
markets largely through the co-op-  
eration of the Traffic Department of  
the Company. Rates on coal oil have  
been arrived at by consultation with  
the refiners. Rates on sugar from  
Vancouver, disputed by rival refiners  
East and West catering for Prairie  
markets, were finally settled by the  
Board of Railway Commissioners.  
Marketing of the fresh fish products  
of the province has been notably  
broadened by the policy of the Cana-  
dian Pacific.

The whole freight schedules on  
these products, comprising ninety  
per cent of the rail shipments of the  
province, have been built up through  
innumerable conferences with inter-  
ested shippers with the object of  
marketing the output of the province

in more distant districts with the  
largest consuming population in the  
face of the keen competition of closer  
sources of supply.  
The Canadian Pacific does not  
accept a zone theory that would con-  
fine the marketing of the products of  
B.C. tributary to its rails to a limited  
population and in a limited territory.  
Theorizing on freight rates, just  
like generalizing on any other prac-  
tical question of economics, is liable  
to lead to unexpected and disap-  
pointing results if an attempt is made  
to put the theories into practice.

For instance, if the theory of  
equalization of freight rates in British  
Columbia were put into practice, it  
would be actually ruinous to many of  
the industries of the province.  
Lumber, fish, apples and other  
fruit, minerals and many other prod-  
ucts, natural and manufactured,  
would be entirely shut out of the  
markets east of Regina.  
In a series of forthcoming state-  
ments in the British Columbia press  
we propose to deal with various  
phases of this problem of freight  
rates. These statements will be frank  
and as simple as such a complex ques-  
tion can be made.  
We believe the public need only  
to be informed of the facts in a candid  
and straightforward way to appre-  
ciate the justice of the position we  
take and to understand that in this,  
as in all other transportation matters  
in British Columbia, the public inter-  
est and the interest of the Canadian  
Pacific are mutual, if not indeed,  
identical.

## ITALIAN PRINCE IS TO LIVE IN TURIN

Turin, March 25.—The residents of Turin, the capital of old Piedmont, which is heavy with the history and affection of the House of Savoy, of which King Victor Emmanuel is the present head, are awaiting with pleasurable expectation the arrival here in the near future of Crown Prince Humbert, who is to make Turin his home for several years while he studies at the War School.

Workmen are busily engaged with the task of preparing the prince's apartment in the royal palace, while committees are arranging to welcome the heir to the throne of Italy.

Humbert's matriculation in the War School will be most regular, and he will benefit by no special dispensations for royalty. He will be subjected to the rigid discipline of the institution and will attend his own classes with the other students. He will have a modest personal allowance and will lead a relatively simple existence. Already he has chosen as his "course" a number of persons who have attended him since he was a child.

The young prince, who is an ardent student of the history of his country, has arranged a number of excursions to the many famous castles of the region, which will be facilitated by the fact that he will have at his disposal the motor cars and a number of horses.

## SIR H. THORNTON SENDS ANNIVERSARY MESSAGE TO FANS

Canadian National Broadcast System Celebrates Year of Work

Special Programme From Winnipeg This Evening

Winnipeg, Man., March 25.—Celebrating the first anniversary of the extension of Canadian National broadcasting to Western Canada, Station CNRW will broadcast tonight a special programme from the Fort Garry Hotel studio.

An anniversary message from Sir Henry W. Thornton will be a feature. The speaker will be Mr. A. T. Tidale, assistant to the general manager.

The programme will continue until about 11 o'clock, Pacific time. Musical features will be provided by the Transcona Shops brass band, the Fort Garry Trio, Frank Wright's Dance Orchestra, playing at the Fort Garry supper dance, and Earl Hill's Capital Orchestra playing operatic numbers, instrumental and vocal solos.

Special souvenirs have been arranged and will be sent to children who write and to grownups who telegraph their messages during the broadcast.

## DUTY SAFEGUARD FOR NATURAL RESOURCES

Montreal, March 25.—The tax on exportation of electrical power will certainly, I should think, have the effect of discouraging Americans from tampering with Canada's natural resources," J. S. Norris, vice-president and general manager of the Montreal Light, Heat and Power Company, declared in discussing the provisions of this year's budget.

Norris did not think United States consumers would be nearly so anxious to get Canadian hydro-electric power with the added tax. Asked whether he considered this was a good thing for Canada, he replied, "yes, I do."

## POTASH PRICE RAISE DENIED BY GERMANS

Berlin, March 25.—No advance in the price of potash to United States consumers is being contemplated by the Potash Syndicate. This statement was made to-day by officials of the syndicate, who said the complaint lodged with Secretary of State Kellogg on Tuesday by United States Senator Harris of Georgia that German and French potash interests were arbitrarily advancing the price of their product was wholly unfounded.

It was added that prices for the United States market were definitely fixed last August, when the German and French syndicates reached an understanding at a conference in Basle, Switzerland. This understanding, which is still in force, was entered into with the purpose of eliminating speculation and price cutting in the United States market.

## REPORT ON COKE IN EASTERN CANADA

Ottawa, March 25.—Fifty-two per cent of the domestic fuel requirements of the "acute fuel area" of Ontario and Quebec could be supplied with coke manufactured in conjunction with gas to meet the present gas consumption of the area, according to a statement made in a report just issued by the Dominion Fuel Board.

The report is the result of investigations during the past year as to the possibilities of coke as domestic fuel. Strategic points selected for the economical operation of by-product coke plants are Port Colborne, London, Toronto, Ottawa, Montreal and Quebec.

By-product coke is denser and harder than ordinary gas-house coke, and where a suitable market can be found for gas and other by-products, can be sold at approximately \$3 a ton less than anthracite.

Forbear to judge for we are sinners all—Shakespeare.

## CHARLES L. DUNLOP IN THE SUPREME COURT OF BRITISH COLUMBIA

BETWEEN ETHEL MARGARET HELMCKEN, Plaintiff and CHARLES L. DUNLOP, Defendant

GEORGE THE FIFTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith, Emperor of India, and of the British Dominions Beyond the Seas, King, Defender of the Faith, Emperor of India, and of the British Dominions Beyond the Seas, Plaintiff

To CHARLES L. DUNLOP, formerly of the City of Victoria, in the Province of British Columbia, Defendant

WE COMMAND YOU, that within eight days after the date of this writ, you do cause an appearance to be entered for you in an action at the District Registrar of the Court at the City of Victoria, in the Province of British Columbia, and take notice, that in default of your so doing, the Plaintiff may proceed therein, and judgment may be given in her favour.

Witness my hand and the seal of the said Court at the City of Victoria, this 17th day of March, 1925.

J. J. HELMCKEN, Plaintiff's Solicitor.

CHARLES L. DUNLOP, Defendant

IN CHAMBERS: Before the Honourable Mr. Justice Murphy, Wednesday, the eighteenth day of March, one thousand nine hundred and twenty-five.

UPON the application of the Plaintiff AND UPON reading the summons herein and the affidavit of Ainslie James Helmcken sworn herein the 17th day of March, 1925, and filed, AND UPON HEARING Mr. A. J. Helmcken, solicitor for the Plaintiff,

IT IS ORDERED that service of this Order and a copy of the writ of summons in this action by inserting the advertisements of such writ and order once a week in three consecutive weeks in a newspaper published in the City of Victoria, in the Province of British Columbia, be good and sufficient service of the writ of summons.

AND IT IS FURTHER ORDERED that the time for appearance to the said writ by the defendant be within twenty-one days after the day upon which the said advertisement has been so inserted for the third time.

Dated the 18th day of March, 1925.

D. MURPHY, J.

D. F. B. GREGORY, J.

## TEXARKANA TAX SITUATION UNIQUE

Little Rock, Ark., March 25.—While the other people of Arkansas pay a four cent tax on every package of cigarettes they smoke, four cents a gallon on every gallon of gasoline and ten cents a gallon on motor oil burned in their automobiles, the city of Texarkana is "witting pretty."

Texarkana, over on the southwestern border of Arkansas, with part of the city in Texas and part in Arkansas, does not have to pay the cigarette and tobacco tax, and pays only one cent a gallon on gasoline. Even the remainder of Miller County, in which the Arkansas City is located, must pay the taxes.

The state of Texas does not levy a tobacco tax and levies only one cent a gallon on gasoline. As a result, when the tobacco and gasoline tax laws were passed Texarkana was exempted from their provisions. It was provided, however, that when the state of Texas adopted such tax laws they also should apply to Texarkana.

Thus, Texarkana, in Arkansas, stands in the unique position of having its tax laws, in so far as gasoline and tobacco are concerned, regulated entirely by the laws of Texas.

## MATSUDAIRA GUEST AT NEW YORK EVENT

New York, March 25.—A centennial of calamity howlers, who are "not confined to our own people," was a feature of the address of Henry W. Taft, president of the Japan Society, at a dinner given by the society last evening in honor of the new Japanese Ambassador to the United States, Tsuneo Matsudaira.

Taking a fling at the "yellow press," Mr. Taft remarked on the fact that dire forecasts were made by others than citizens of the United States, and referred to an address given recently in New York by a "titled Englishman," who had "given us the startling information that a plan had already been formed for an attack from Asia on the Panama Canal and California."

Ambassador Matsudaira told the society he had been asked what he thought of the possibility of war between Japan and the United States. "I was convinced no issues existed between the two countries which awaited adjustment by force," he said. "I don't think about war," he said.

## BRINGING UP FATHER

ALL RIGHT - I'LL BE IN THE DOG HOUSE.

GO QUICKLY AND LET THE MAID KNOW THAT YOU ARE SUPPOSED TO BE OUT.

I'M SO GLAD THAT THEY ARE CALLING IT SHOWS THAT THEY LIKE TO HAVE ME ON THEIR SOCIAL LIST.

YESSURE - I TOLD THEM THAT MR. JIGGS WAS OUT AND THEY SAID THEY WERE SORRY AND WOULD CALL AGAIN.

## BATTLECRUISER IS READY FOR TOUR OF PRINCE OF WALES

Plymouth, March 25.—Everything is in readiness aboard the battlecruiser Repulse for the Prince of Wales's voyage to South Africa and South America, which is to begin Saturday. The grim warship has been scrubbed and polished until she looks like a jeweled craft, with brass and nickel blazing in the sun and her deck and sides spotless.

The twelfth successive man-of-war to bear that name under the Union Jack, the Repulse will be the crack ship of the British fleet during the time the Prince is aboard. Only the best of officers and sailors have been chosen to accompany the Prince, and everyday life on board, while the Prince's standard is at the foremast, will be a display of rigid discipline.

All the time the Prince is aboard he plans to carry out a daily programme of exercises. The Prince's

## MURDER HEARING UNFOLDS DRAMATIC STORY OF LIFE IN BORDER RUM BATTLES

Festering Spots of the Rum Trade Told by American Witnesses at Gillis Murder Hearing; Proceedings Run Gamut of Life From Tragedy of Death to Humors of Anacortes Doctor Who Wanted a "Case."

Run by the boatload, sacked in small lots for motor transit, and the premiums paid for running it across the border were the high lights of the proceedings in Rex vs. Baker and Sowash in the afternoon session of the Provincial Police Court yesterday.

From the tragic suggestion of a blood-soaked cap identified as that similar to the one known to have been worn by Captain W. J. Gillis, ill-fated master of the Beryl G., to the humorous story of a Seattle clothier who described the craving of the accused Baker for gold buttons, the hearing ran through most of the gamut of human emotions.

In the dock, after six hours of evidence that encompassed their names at every turn, sat Owen Jamieson Baker, jauntily conducting his own defence, and Harry Frederick Myers, alias Sowash, voiceless and penitent. Both were arraigned on a charge of murder, and at the close of the day heard the dictum of the court which remanded the case for a further session to-day, with the witness Paul Stromking yet to appear.

The story of witnesses unfolded in the box was a swiftly moving picture of life on rum-row. Through it ran tales of speed boats, loading up in Canadian waters, and dashing for landings in isolated American points. Coastguard cutters, hi-jackers, and rum pilots had a place in the picture which veered from tragedy to comedy with a swiftness that kept a crowded courtroom on edge.

Witnesses told how they had last seen Captain Gillis and his son alive and well on the deck of the Beryl G. Others told of finding that the abandoned and adrift in the Gulf waters with blood spots on her decks, and her crew missing. Human blood, said the pathologist, was the peaked cap found in her cabin, and filtered through to the pages of a magazine dealing with "Adventure" on land and sea.

#### FOUND HUMAN BLOOD

The first hint of tragedy in what had up to that time been a swiftly moving tale of universal liquor running came when Dr. William Walker, noted pathologist of the Jubilee Hospital, stated in evidence that he found human blood on the peaked cap and the "Adventure" magazine given to him by the police to examine.

When the stains on the cap and human blood beyond question he averred. The magazine was dated August 30, 1924, and was also dated. Elmer P. Anderson, Tacoma witness, resuming the box, swore that the blood-soaked cap exhibited to him in court "is the kind of cap that the late Captain Gillis wore." Anderson, who had previously told of taking supper with Captain Gillis at 6 p.m. on the evening of September 1, testified that when he turned Marlboro's boat for home the weather was clear, unfogged, and the tide was low.

Albert Clausen, Seattle, gave his occupation as an auto-repairman and said he met the accused Baker at his own garage at 24 West Arden street on September 17. Baker, said witness, asked him to haul some liquor. After some parley, witness agreed to haul the liquor in his speed cruiser, the Dolphin, and left with both Baker and "Sowash," as witness knew the accused Myers. The twenty-five cases were fished with a pike out of the water and the boat turned for the U. S. coast. On the way back, however, the party veered Arcata and threw the whisky overboard. The cutter party boarded the boat and fined witness \$100 for running without lights, he said. Clausen made a second trip with Baker this time to Pender, Gough, and several Canadian islands, he averred.

#### COLLECTED THE CACHES

Both Sowash and Baker, accompanied him in the Dolphin, said witness. Miscellaneous caches were collected, mostly from the water. Some of the collected sacks of bottles were put off at Cypress Island. On this occasion some of the cargo was re-sacked in the presence of the witness at South Pender Island, as rough water had split open the sacks and the bottles of liquor had rolled into the water or were strewn in the beach. Witness recalled taking a cargo from Sidney Island, but in this case the sacks were dry and the liquor had been secured from the beach itself, and not from the water as in other instances.

For the purpose of re-sacking the cargo, Baker, said witness, secured sacks from a man named Paulson and used green engine paint from the Dolphin to mark the sacks. A stick

town with the remainder but the tide was out, he continued.

Smith averred he made \$350 on the deal, stating that he paid himself from the monies received in the subsequent sale, and gave the balance to Baker.

On cross examination by Baker, witness was asked if he received money from a man called "Titball," but said he had received none. His right share should have been \$1350, he said, in reply to the questions from the court; but he had not completed the haulage, though his partner did.

Earl Whitcombe, Anacortes, described his occupation as "running a transfer business" and said that at the time he met Baker he was interested in transferring liquor to Seattle by car. He met Baker at Rickaby's float, Anacortes, on or about September 20, and met him at the same time. Witness spoke to Sowash first as to the prospects of getting a case or two and was introduced to Baker who was at that time on board a motor speed boat with a half fan-tail stern, he said.

#### "FOR \$50 A CASE"

Baker, asserted witness, said that if he (Whitcombe) would take five cases he could have it for \$50 a case. Later witness got the delivery of his purchases from the street car of the depot. It was five cases of Scotch whisky in sacks. The sacks were marked in green paint with the letters "C" and "C" one letter to one sack, and witness inferred it denoted the brand. Witness said he paid Baker \$250 for the whisky and his own wages out of the balance, though he gave \$25 to Clausen next day and the remainder to Baker later.

Whitcombe averred he kept two cases for himself and delivered the other three. One went, he said, to Dr. Frost, one to Brian Vivian, and one to a man named Olsen.

In this stage of the hearing was recalled and identified Thoresten Paulson in the courtroom as "the man who was on the island with Sowash."

Mr. Whitcombe resumed the box identifying as "similar to those he had seen" the sack produced to him in court by A. M. Johnson, K.C. crown counsel. The sack bore a green-lettered "C" and was similar to the sack in which he had delivered Dr. Frost's consignment, said witness.

#### THE DOCTOR'S "CASE"

Alfred Sellenthin, Chief of Police of Anacortes, who stands at the top of next, Chief Sellenthin told of assisting Inspector Forbes Cruickshank of the Provincial Police, in investigation following the Beryl G. affair, directed to the purchasers of liquor then suspected to have been sold by the man Earl Whitcombe. Witness went to the office of Dr. Frost, of Anacortes, where he got the "C" lettered sack, exhibited in evidence. He gave this to the Canadian inspector.

The first touch of comedy in the long-drawn-out presentation of evidence came with the introduction of R. Creed Kerrigan, salesman for the Bellingham and Seattle distillers. Baker came to the store on August 22 and asked for some gold buttons for his coat, a single "arrowed" button.

"What line are you on?" witness had asked the accused.

"Hell, no line—I am running rum down from Canada," Baker had replied, said Mr. Kerrigan.

#### DID NOT TREAT SHERIFF

When order was restored Baker followed this up with a suggestion that the witness had once offered a sheriff whisky. Mr. Kerrigan gave an emphatic denial to both suggestions, and had a hearty laugh at Baker's expense.

Christopher Curtis-Waters, lighthouse keeper for the U. S. lighthouse at Stuart Island took the stand. Witness said on the morning of Sept. 17, with aid, recovered the Beryl G. adrift and abandoned. He sighted her one quarter of a mile out and drifting on the tide. When he came alongside, a 150-pound anchor came down over the side on the end of a two-inch hemp rope. It was not until he had towed the Beryl G. to Prevost Harbor that he looked at it more closely.

The boat bore traces of recent habitation. Dirty dishes strewn the galley, and a bullet hole was in the companionway door. Witness identified the linen cap with the black leather peak as that found by him on the locker, on top of the magazine "Adventure." He noticed a few stains that he took to be blood on the starboard side of the boat on the starboard, and again on the locker in the galley. There was neither liquor nor money then on the craft.

Corporal William Kler, formerly of Duncan, B.C., but attached to headquarters for the Beryl G. case, told of examining the boat in Prevost Harbor on Sept. 24 with the lighthouse keeper and a man named Erickson. He found a great quantity of blood in a dried state, but apparently of quite recent origin. He found the cap and magazine in the position described by the witness, and the cap was soaked in blood which had run down to the magazine, staining its pages. On board the boat were three kinds of ammunition but no arms.

At this stage Baker asked to see photographs entered by the Crown. He handed them back within a few seconds. He had thought they might be those of another boat but they were not, was his only comment. The court then rose for the day.

PREVENTS BLOTCHES & WIND CHAFES. The quick soothing and healing of Zam-Buk in sore chafed and inflamed conditions is only equalled by its swift effectiveness in eradicating eczema, pimples, rashes, ringworm, poisoned sores, etc.

**VICTORIA GOLFERS HONORED AS DODDS**

Attorney-General Manson was today formally notified that he has been elected a member of the Burke's Hole-in-one Club and is now a full-fledged Dodo. The club boasts of 2,000 members in all parts of Canada and United States. The Attorney-General made his hole in one on the Oak Bay golf links recently.

E. C. McQuade, 1128 Rockland Avenue, and T. O. Mackay, 613 View Street, have also been honored along with the Attorney-General by election to this club.

Mr. Manson was to-day studying a statement which had been sent him by W. A. Ireland of Columbus, O., president for 1925 of the Hole-in-one Club.

### Prince Visits New Wembley

Royal Visitor Vastly Pleased With Novelties of Children's Playground

London, March 26.—His Royal Highness the Prince of Wales paid a short visit of inspection to the Wembley Exhibition yesterday morning, making his last tour of the buildings and grounds previous to his departure on tour of South Africa and South America. At the Canadian section he was met by representatives of the Canadian Pacific Railway and the Canadian Government and he expressed a great interest in the new developments connected with the exhibits of the Government and the railway company. His chief
