### NEW OFFICE IS CREATED IN B.C. COAST SERVICE

Captain J. W. Troup, Finding Additional Supervision Necessary Owing to Extension of Service, Announces Captain C. D. Neroutsos as Assistant Manager; Captain R. W. McMurray New Marine Superintendent.

Captain J. W. Troup, manager of the B. C. Coast Steamship Service, announced to-day that on account of the extension of the service he had found additional supervision necessary, warranting the creation of the new office of assistant manager. Captain Troup further announced that Captain C. D. Neroutsos, marine superintendent at Vancouver, has been appointed assistant manager.

Captain Neroutsos' position as marine superintendent will be filled by Captain R. W. McMurray, formerly Canadian Pacific Railway marine superintendent at Liverpool, in the Atlantic Steamship service. These important executive changes become effective at once.

#### CAPT. NEROUTSOS HAS LONG SERVICE RECORD

Capt. Neroutsos, who becomes assistant manager of the B. C. Coast Steamship Service, has a notable marine career.

He went afloat in August, 1882, sailing out of the port of London in Messrs. Shaw and Saville's clippers, serving under sail and steam until the year 1888, when he joined the British India Steam Navigation Company, remaining in that service until 1896, and after serving two years with Messrs. Forward Brothers, came to this coast in the ex-Orient steamer Caronia as first officer for Messrs. Frank Waterhouse and Company, to ply between British Columbia and St. Michaels, Bering Sea, during the Klondike rush, arriving at Victoria on June 4, 1898.

He joined the Canadian Pacific Navigation Company under Capt. J. W. Troup in May, 1901, as first officer in the St. Islander, and subsequently served in various capacities in the British Columbia Coast Steamship Service of the Canadian Pacific Railway Company, until October, 1914, when he was appointed marine superintendent.

Captain R. W. McMurray, who has been appointed marine superintendent in succession to Captain Neroutsos, is by this time well known on the coast. Captain McMurray brought out from the Clydebank plant of John Brown and Sons the palatial P. E. steamships Princess Kathleen and Princess Marguerite.

He has an excellent record. At the commencement of his career in 1901, Captain McMurray became third mate of the barque Amazon, of Greenock, trading between Europe, South America, South Africa and the Indies.

Others in Gordon-Bennett Cup Race in Europe Reported Landings

Brussels, June 9.—Both the United States entrants are out of the balloon race for the Gordon-Bennett Cup. The S-14, with Lieut. G. Flood and Lieut. McCormick, landed near Dieppe, France, yesterday. The Goodyear III, piloted by Wade T. Van Orman, was to-day considered disqualified because its pilot accepted aid when the balloon fell at sea.

The three balloons which were still not heard from out of the eighteen that started Sunday were the Grand Charles, French, and Belgica, and Prince Leopold, Belgian.

The Aero Club at Brussels discredited rumors that Pilot Ernest de Myster of the Belgica, had been killed landing in England.

The French balloon Picardie landed at Anvers, France. It was reported to-day.

Landed in France  
The British balloon Miramar, piloted by Capt. G. W. Spencer, traveled about 300 miles from Brussels and landed at Beaumont de Lomagne, France.

The Italian balloon Clamping, piloted by Signor Ilaris, traveled about 260 miles and landed in France. The Spanish balloon Lopez fell in the North Sea. The balloon was lost. The pilot and Signor Lopez were rescued.

The British balloon Elise was destroyed when its guide ropes caught on a moving freight train as it descended near Boulogne, France. Lieut. Col. Johnson, the pilot, was not hurt, but Capt. Donald, a passenger, was slightly injured.

### CRATED FISH AT ESQUIMALT COUNCIL TOLD

Floot Anchored in Harbor Scene of Oriental Activity, Declares Councillor Nicol  
War Memorial Park Will Have Swings and Seats For Children

Councillor Nicol electrified the Esquimalt Council last night with an announcement that Chinese vendors had anchored a float in Esquimalt Harbor under which he said were fish crates for the keeping of live fish for market.

Boys, he said, had first drawn his attention to the scene by stating that they saw fish there in a state described by the councillor with considerable detail. Later with his own eyes he had seen a Chinese delivery rig take fish that were brought ashore from the anchored float. If, said Councillor Nicol, the fish crates were the same as those ordered removed from the City Esquimalt ought to take some action about it.

Esquimalt Harbor was under the control of the naval authorities, thought the council, and elected to draw the complaint to the attention of the medical health officer, the municipal solicitor, the police, and the naval authorities simultaneously. One or other of these groups would have power to act, it was felt.

FIRST PRESBYTERIAN CHURCH WINS SHIELD

Brilliant Organization Won High Honors at Musical Festival
Hearty congratulations are being showered upon the personnel of the First Presbyterian Church choir upon the splendid showing made at the British Columbia Musical Festival, held in Vancouver last week.

FIRST PRESBYTERIAN CHURCH CHOIR, FOR THREE YEARS IN SUCCESSION WINNERS OF THE MOUNT PLEASANT SHIELD AT B.C. MUSICAL FESTIVAL

Members of the choir who were unable to be present when the group was photographed are: Miss Norah Jones, Miss Baillie and Miss D. Baillie.

Most Successful Year
In all classes the First Church this year scored more successes than at any of the previous festivals, one of the outstanding triumphs being the winning of the silver medals for quintettes; the Victoria entry being composed of Miss B. McDonald, soprano; Miss Norah Jones, second soprano; Miss Ella Smith, contralto; W. Bell, tenor; and Samuel Saunders, bass.

Gold Medalist
In the tenor competitions the First Presbyterian Church had two entries and secured two places in a strong competitive class. W. Draper, tenor, and Samuel Saunders, tenor, were awarded third place.

Carnival Fund
We had an election some time ago, and many of the public bodies in this city made an insistent demand upon one of our most hard-worked business men, namely, J. Carl Pendray, to become a candidate for mayor of this city.

Historic Choir
The First Presbyterian choir first came into musical prominence about 1885, when it consisted of twenty-five to thirty singers, and was under the direction of J. G. Brown, who conducted the choir for more than a quarter of a century.

Canton Battle
But all attempts to capture it from the Yunnaneses troops holding it had failed.

CANADA TO SEND PARTY TO ARCTIC

Plan to Establish Possession of Islands Interests United States Officials

Ottawa, June 9.—George P. Mackenzie, formerly Gold Commissioner in the Yukon, will be in charge of the party to be sent North this summer under the direction of the Department of the Interior on board the steamer Arctic.

Washington, June 9.—The decision of the Canadian Government to send Mounted Police into the Arctic to establish patrols over islands North of the mainland was received with interest in Washington.

Indications have come from Ottawa for some time that Canada might take active steps to support claims she has made to islands in the Arctic, and it is thought likely the intention of the MacMillan expedition this summer to raise the United States flag over any islands discovered in previously unexplored regions of the polar sea may have been a factor in the Ottawa Government's decision to move by physical possession toward consolidating her claims in that region.

Should any question of sovereignty of new lands arise as a result of the MacMillan expedition, it is expected to simmer down to a matter of possession by claims of a government to lands lying off its borders, even though they be far beyond the customary three-mile limit.

MANY VISITORS AT SHAWNIGAN PARTY

Guests From Victoria at "At Home" at Antrim Poultry Farm

Shawnigan Lake, June 9.—The "at home" given by LL-Col. H. B. H. Cunningham at his home, the Antrim Poultry Farm, was an outstanding success. Upwards of 150 persons attended, including the Shawnigan Women's Institute and the Cobble Hill Women's Institute.

The large packing shed had been prettily decorated and seats provided for the ladies, who had attended to hear Prof. Buck, E. W. Neel, president of the Shawnigan Poultry Association, and introduced the speaker, also acting as chairman.

At the close of his address R. H. Pooley, thanked the professor for his interesting and instructive address, also thanking Col. Cunningham for giving them the opportunity of meeting so many friends under such pleasing conditions.

Mrs. Moss, O.B.E., thanked Col. Cunningham on behalf of the two women's institutes and their friends who were his guests for the afternoon, for his delightful hospitality. Tea, fruit salad and ice-cream was served on the terraces below the house by the Misses Cunningham, Musgrave and Stone.

TWO NOMINATED IN DUNCAN ELECTION

Polling To-day For Alderman in Up-island City

Duncan, June 9.—There are two nominations for the by-election for an alderman for the City of Duncan to fill the vacancy caused by the resignation of R. Whittington. They are William Dickie, nominated by T. Pitt and D. R. Hattie, and Albert Anderson, nominated by C. B. Mains and G. F. Miller.

HALF HOLIDAY The plebiscite on the half holiday, as to whether it shall continue to be on Wednesday or revert to Thursday, as formerly, will also be taken.

Bishop Schofield administered the rite of confirmation at St. Peter's Church, Quamichan, on Sunday morning. Only two of the candidates, Mrs. Fraser, Musgrave and Miss Dolby Bevan, were able to be present, illness preventing the others from attending.

The competition for the Bundoek Cup has now reached the semi-finals. Dr. Adams, E. W. Carr-Hilton, S. Wright and J. H. Edgell being the successful ones so far. Results to date are: W. L. B. Young defeated H. I. Smith by default. Edgell defeated Young 10 and 8. Wright defeated W. B. Powell 2 and 1.

E. W. Carr-Hilton defeated R. Musgrave one hole on the reply, first match ball square. H. R. Punnett was the winner in the men's monthly medal competition, being 4 down to bogey.

Others competing were John Gies, A. Peterson, H. T. Reid, M. H. Macmillan, K. F. Duncan, G. R. Grieve, G. G. Share, W. Morton, H. L. Helen, H. St. G. Stepany and R. B. Chaloner.

QUALICUM LADIES BEAT PARKSVILLE

Parksville, June 9.—Qualicum Beach ladies' basketball team played an excellent game on Thursday evening against Parksville ladies, defeating the Parksville team by a score of 12-4.

A good crowd of spectators gathered to watch the play. Parksville started out well by scoring after the first five minutes play. Ruth Tyson of Qualicum evened the score in a few minutes. The second period saw Qualicum score two more goals as also in the third period when Mary Money and Ruth Tyson each put the ball through the net.

The luncheon, afternoon tea and decorations were in the capable hands of the Hudson's Bay Company and Mrs. Winters of Shawnigan Lake. The weather was delightful and a charming afternoon was spent by all.

Alberni News

Alberni, June 9.—The odds and ends concert party went down to Bamfield on Wednesday and put on an entertainment there in the cable staffs' hall under the auspices of the Parent-Teacher Association of that place to raise funds for much needed repairs to their school and report a very successful trip, \$100 being cleared after expenses were paid.

They intend putting on a cabaret dance and concert in Clarks Hill on June 13 in aid of the Alberni Junior Baseball Club.

The Alberni volunteer fire brigade team which is entered for the tournament in Victoria at the opening of the Crystal Garden is rapidly rounding into shape under Fire Chief E. M. Whyte.

They are, however, badly handicapped as compared to most of the other brigades on the island, through not having a fire truck to work on, and have had to rig up an old Ford temporarily for this purpose, whereas practically all the other departments have their own motor apparatus.

PRESBYTERIANS HEARD ADDRESSES IN TORONTO

Supporters of Continuing Church Filled Auditorium of St. Andrew's Last Night

Toronto, June 9.—The Congress preceding the Assembly of the Continuing Presbyterian Church opened last night here with a meeting which more than filled the new St. Andrew's Church. Hundreds could not gain admission. There have been few such congregations before in this city as every province in the Dominion was represented by delegates.

Principal Fraser reviewed the history of the church union movement and the organized opposition to it. Opposition to church union had grown to-day to 700 self-supporting congregations with more than 100,000 communicant members, he said.

There is no doubt that Presbyterian Church will continue in Canada strong financially, numerically, socially and let us hope, spiritually," he said.

CANADA INVITES FARMERS FROM U.S.

Active Campaign to Bring Suitable Settlers to Lands

Ottawa, June 9.—Although considerable public attention has recently been directed to the policy of the Canadian Government in encouraging British families of farm experience to settle in Canada, not so much is known of the work being carried on by the Canadian Department of Immigration and Colonization in the United States.

For the better promotion of this work there was recently established in Ottawa a United States Emigration Branch, which is under the direction of J. Bruce Walker, a highly qualified official of many years' experience in immigration and colonization work on behalf of the Canadian Government.

The offices in the United States have been entirely reorganized and their efforts very considerably speeded up. For the more aggressive promotion of the work throughout the United States, certain necessary increases in staff have been made and the agents are devoting themselves to personal visitation and selection of the type of settler likely to be successful in Canada.

UNSOOUND CRITICISM

THE IMPORTANT POINT in that very practical Order-in-Council which the Government at Ottawa passed last Friday is that section which directs the Board of Railway Commissioners to readjust the whole freight structure of Canada on the basis of equalization.

These main provisions of the Order-in-Council seem perfectly clear to us. If the instruction to readjust on the basis of equalization means anything at all, it means that the rate which will be applicable on grain and flour moving westward to the Pacific Coast will be exactly the same as the rate to the east, as determined by that part of the schedule in the Crows Nest Act which is to be retained as a basis upon which the Board might work and, by the terms of the Order, is not to be exceeded.

There is no necessity for the enactment by Parliament of a second schedule. To adopt such a course, in the face of the direction which the Order-in-Council gives to the Board in respect of equalization, would be tantamount to the beginning of a new interference with its business.

The criticism which has been levelled at the Government's proposal is as unsound in this respect as it is unsound when it virtually presupposes that an instruction to keep within the eastern rate on grain and flour will be ignored to the detriment of that part of the country which has fought hard for what it has now practically won.

Considered judgment throughout the west naturally very warmly approves the action which the Ottawa Government has taken. What the businessmen of Vancouver, for instance, think of it may be gleaned from their printed opinions in the press of that city.

Pacific and Atlantic provinces shall disappear. This better condition will be brought about by the readjustment of rates on the basis of equalization.

THE QUEEN CONTEST

IN A NUMBER OF STORES in the city, from many residents who are helping to make the affair the huge success it deserves to be, tickets for the Queen Contest in connection with the Crystal Garden Carnival may be purchased at a nominal figure.

GOOD FOR THE COUNTRY

IT WAS NOT TO BE SUPPOSED that eastern interests represented in Manitoba would call the Dominion Government's freight rate Order-in-Council with glee.

As we have already contended, and it will be patent to every progressive organization in this Province, the certain prospect of freight rate equalization should usher in a new era of development in British Columbia.

QUITE A CHANGE

MOST POLITICIANS AND some newspapers will argue that public opinion is very largely swayed by the platform peroration or the written word.

New York, April 27.—The election of Field-Marshal von Hindenburg as President of Germany is a menace to world peace, in the opinion of James W. Gerard, former United States Ambassador to Germany.

New York, June 9.—James W. Gerard, Ambassador to Germany from 1913 to 1917, who returned yesterday on the Leviathan from a six weeks' trip to Europe, expressed the belief that the election of Field-Marshal von Hindenburg as President of Germany was a good thing for Germany and the world at large.

Of course, if Mr. Gerard has seen things in Europe which were not visible to him on April 27, he is entitled to change his opinion in accordance with the impression which those things have made upon his mind in the meantime.

DR. FRANK CRANE On Expenses of Funerals

WHEN Mrs. Lydia Harding Hammond died last January, she stated in her will that she did not want her children to spend money foolishly on funeral display.

With funerals, as with everything else, the simpler the better. Surely death is no time for vulgar display or for show. The dead certainly do not want it and it is of questionable advantage to the living.

WORDS OF WISE MEN

Custom, that unwritten law, by which the people keep even kings in awe.—Sir W. Palfrey. Death sets us free even from the greatest evils.—Plato.

WHO'S WHO IN HISTORY TO-DAY

NERO (Claudius Caesar Drusus Germanicus) Roman Emperor, a profane, cruel tyrant, a matricide and wife-murderer, committed suicide on June 9, 42. Most of the crimes in the calendar are attributed to him, including that of causing the assassination of his mother, Agrippina, and the murder of his stepson, Octavia and Poppaea. Tradition says he set fire to Rome and fiddled as a large part of it burned.

SPANISH-AMERICAN REVOLUTIONIST, was born at Cayes, Mississippi, on June 9, 1758. After serving in the Spanish army, with the French in North America, and taking part in the French revolution, he led an unsuccessful revolt in Venezuela. Later he was made commander of the patriot army and, following an overthrow of the government, became dictator.

GEORGE STEPHENSON English inventor, the inventor of the locomotive; was born near Newcastle on June 9, 1781. He built a "travelling engine" worked by steam, which carried coal from a mine to a wharf, a distance of 2 1/2 miles. Later he was made engineer of the Stockton and Darlington Railway, which was the first to carry passengers and goods by steam locomotion.

WALTER BESANT English novelist, best known as the author of "All Sorts and Conditions of Men," died on June 9, 1901. For several years he wrote novels and short stories in collaboration with James Rice.

HEALTH & DISEASE MASSAGE—LOCAL

There are only two effects of any movement of massage. The reflex and the mechanical. The reflex effect acting on the nervous system and the mechanical, mostly on the circulatory system. Both these effects are made use of in the application of local treatments.

The conditions in which this type of massage may be expected to be of service come mostly under the heading of injuries, whether recent like postures, dislocation, sprains, contusions, etc., or for the after effects of injuries, such as weak and wasted muscles, stiff joints, superficial and deep scars which are attached to neighboring structures, and prevent proper functioning of adjacent parts.

FEAR MAN MISSING FROM STEAMER DEAD

No Trace of Peter Clement, War Veteran, Who Disappeared From Adelaide

Peter Clement, the finding of whose abandoned clothes on a boat locker of the Princess Adelaide Sunday morning gave rise to the belief that he may have lost his life overboard, was seen last by his landlady at 1311 Richards Street, Vancouver, at 7 p.m. on Saturday last.

WAR VETERAN In the man's room at the Richards Street address were two grips and other belongings packed up, but not removed. Clement, it is now known, has a brother in Spokane, and was resident in Vancouver for some time. He received treatment for a nervous mental disability in an Eastern military hospital, and had also been under the care of a Vancouver hospital, since his arrival in that city.

PROTESTS AGAINST Narrow Streets in City's Downtown

R. S. MacLachlan of Mason Street, last night protested to the City Council against passage of any subdivision plan affecting a cluster of cottages in that district. "Mason Street, thanks to short-sighted municipal authorities of the past, is already a narrow, rutted thoroughfare, and any attempt to intensify this legacy of thoughtless City Fathers by the addition of fourteen-foot lanes in this vicinity will have the effect of forming a labyrinth of questionable value to the district." The council deferred discussion pending reports from city officials.

MAKU PIGMIES AND INCAS TO BE EXPLORED

Dr. McGovern to Lead Adventurous Journey up Amazon, Facing Poisoned Arrows

London, June 9.—(Reuter's Special to The Victoria Times)—Dr. McGovern, the explorer, is starting on another adventurous journey to South America, this time to the Amazon, where he will explore a region which will undoubtedly provide many thrills.

TRIBEMEN HOSTILE TO FOREIGNERS

"It is when we leave Rio Uaupes that our real work will begin. The Uaupes tribe are fiercely hostile to foreigners and have a habit of shooting their poisoned arrows first and inquiring afterwards. That is unfortunate, as I have always found it easy to get on with savages once I could get into touch with them. The food difficulty will have to be overcome. It is almost impossible to get food in the jungle, but I believe in living on the country, by doing so one travels light and fast. My journey will take me from the Atlantic to the Pacific, and I hope to make a general survey of the peoples of the Amazon. There are the Manku, the Kaku pigmies, the savages of the plateau, and the Incas. As presences I am taking pocket knives, scissors, looking glasses and mirrors. In all my travels I have never found a woman who remained unapproachable after being given a mirror. I shall carry a few simple medicines, and some artificial eyes as well. Dr. McGovern is being accompanied by John Manning, photographer. Mr. Manning hopes to bring back specimens for the South Kensington Museum. It is just three years ago since Dr. McGovern returned from his adventurous journey into Tibet, during which he penetrated the forbidden city of Lhasa as a native servant after he had been turned back and threatened with death if he went on.

Pittsburgh, Pa., June 9.—Fred Scott, a right-handed pitcher from Fort Worth, Texas, has joined the Pittsburgh National League club. He was with the Pirates last year. The Pittsburgh club has released Leonard Willis, recruit pitcher.

Oriental Exclusion League Formed Here

Dr. Clem Davies Elected President of Anti-Oriental Organization Last Night; Resolutions Passed; White Service Seeks Support of Citizens.

The Oriental committee, which consisted of delegates from ninety organizations in the city and district, last night at a regular meeting, resolved to form themselves into an Oriental Exclusion League. Dr. Clem Davies was unanimously elected president; W. D. Todd, first vice-president; Mrs. Henderson Laurie, second vice-president; F. W. Carlow, third vice-president; Harry Langley, secretary-treasurer; executive members, Joe Stewart, Mrs. W. F. Harrison, F. E. Gould, W. F. Fullerton, John Harvey, Mrs. Harry Hunter, Mrs. L. P. Macrae, G. C. Grant, Tom Walker, Mrs. W. H. Hartie, W. J. Alder, Miss Janet McEwan, Mrs. A. Gilson and Mrs. Walter Langley.

Whereas—the shingle industry of this Province is almost entirely in the hands of the Asiatic worker; And whereas—there is an insufficient supply of white labor trained in the packing and sawing of shingles; And whereas—this work is done mostly by piece-work by which the workers earn from \$5.00 to \$10.00 per month; Be it therefore resolved—that the signatories to this petition request the Honorable the Minister of Agriculture and Forestry to take steps to encourage the production of shingles by white workers.

Whereas—white people have been encouraged to invest their money and settle on the agricultural lands of this Province to promote the agricultural industry; And whereas—through an unfair competition of cheap labor and long hours together with a low standard of living, Asiatics are competing in this industry to an extent that is driving the white people off the land, to the detriment of the natural progress of the agricultural industry in this Province; Be it therefore resolved—that the signatories to this petition request the Honorable the Minister of Agriculture to prepare and present to the British Columbia Legislature at its next session, a bill to prevent the sale or lease of agricultural lands to Asiatics; And a bill making it compulsory for all white merchants or others offering for sale the produce of farms owned or leased by Asiatics to mark such produce, when so offered for sale, along with the name of the producer, with the name of the land laid down in "The Egg-marking Act."

MARKING OF PRODUCE

Whereas—white people have been encouraged to invest their money and settle on the agricultural lands of this Province to promote the agricultural industry; And whereas—through an unfair competition of cheap labor and long hours together with a low standard of living, Asiatics are competing in this industry to an extent that is driving the white people off the land, to the detriment of the natural progress of the agricultural industry in this Province; Be it therefore resolved—that the signatories to this petition request the Honorable the Minister of Agriculture to prepare and present to the British Columbia Legislature at its next session, a bill to prevent the sale or lease of agricultural lands to Asiatics; And a bill making it compulsory for all white merchants or others offering for sale the produce of farms owned or leased by Asiatics to mark such produce, when so offered for sale, along with the name of the producer, with the name of the land laid down in "The Egg-marking Act."

LEASING REVERTED LANDS

C. F. Moriarity last night moved that the City Council be questioned regarding their alleged action in leasing reverted lands to Chinese, in competition with white men. This was also adopted.

APPEAL FOR SUPPORT

Dr. Clem Davies, in thanking the organization for the honor conferred on him in electing him its first president, stated that it was his opinion that the Oriental question before the Legislature at its next session, is the biggest of the day. He emphasized the necessity for adequate financial support in order that a comprehensive and vigorous campaign might be conducted. Speaking in regard to the white service, he appealed for the loyal support not only of members of the Oriental Exclusion League, but of citizens as a whole. He stated that seven trucks are now operating in the city, and if financial support is given that this number can be largely increased to the point where we are welcoming the white trucks; we only ask that you give the boys a square deal; give them a chance to get on their feet. Dr. Davies also appealed to the white growers to get in touch with the office of the White Service and inquire what produce they could bring in to town, and prospects for Fall delivery. He also appealed to the greenhouse men to get busy and help to provide an adequate supply of fruits and produce for Fall delivery. The association endorsed a draft constitution and by-laws. The head office of the Oriental Exclusion League will be 308 Pemberton Building.

At the meeting of the Guild of Health on Thursday evening in Christ Church schoolroom, Quadra Street, an address will be given by Very Rev. Dean Quantock.

PRISON SENTENCE CONFIRMED

Washington, June 9.—The criminal anarchy act of New York, under which Benjamin Gitlow was convicted following publication in The Revolutionary Age in July, 1919, of a manifesto by the Left Wing of the Socialist Party, which the state contended advocated the overthrow of the Government by force, was declared valid and constitutional by the Supreme Court of the United States here yesterday. The court confirmed the Socialist's jail conviction. In November 1920 Gitlow was sentenced to from five to ten years at hard labor. Gitlow, a former New York Assemblyman, has since been fighting the case. Five times during the litigation he was released from Sing Sing Prison on court orders. Twice in the interim he sought public office. He was nominated Communist candidate for Mayor of New York City in 1921, but the Election Board barred him on the ground that he had forfeited his citizenship. On July 12, 1922, the New York Court of Appeals upheld the verdict of the lower court and he was returned to prison. While he was there, he filed a petition as candidate for Congress in the "Young Men's League," but was again declared ineligible. In December, 1922, he was released from Sing Sing to take an appeal to the Supreme Court and since then he has been at liberty and has been active in radical organizations here. The American Civil Liberties Union, which has been active in Gitlow's behalf, announced last night that Governor Smith would be asked to-day by Gitlow's attorney to pardon him.

### \$4,000,000 BUDGET OF UNITED CHURCH

That Sum Suggested as Total For 1925 and Quarter of 1926

Toronto, June 9.—From the Presbyterian General Assembly there goes to the first General Council of the United Church a suggestion that the first union budget be \$4,000,000, which would be intended to cover all activities of the united denominations for all of the year 1925 and first three months of 1926. Rev. Dr. Laird, treasurer of the church, voiced the suggestion yesterday afternoon in behalf of the general board that the Assembly send it along to the council.

Dr. Laird explained that the Presbyterian Church was entering upon a much better financial condition than he had dared to hope a year ago. The board had fixed its 1925 budget at \$1,500,000 and added \$300,000 for the first quarter of next year. The church had a total debt of about \$220,000, a reduction of \$210,000 in two years, for which they should make some provision. They had decided, therefore, to suggest in all \$1,970,000 to take adequate care of the work. The Methodists would ask for the same and the Congregationalists for \$600,000, making a total United Church budget \$4,000,000.

Gifts of congregations in 1924 had shown a decrease of \$23,000, he said, but total receipts from all sources were \$1,493,475, exceeding any former year.

Rev. J. W. Woodside, Ottawa, was elected chairman of the general board.

### SAYS GERMANY MAY RESTORE ITS THRONE

James W. Gerard Regards Election of Hindenburg as Good For Nation

New York, June 9.—James W. Gerard, United States Ambassador to Germany from 1913 to 1917, who returned on the liner Leviathan yesterday after a six-weeks' trip to Europe, expressed the belief that the election of Field Marshal von Hindenburg as President of Germany was a good thing for Germany and the world at large.

"It means a bulwark against the Reds at home in Germany and against Soviet Russia abroad," he said. "Hindenburg is above all an honest man. I expect to see changes in the German constitution looking toward a stronger government, with possibly a return to monarchy later. This will be no great calamity and the former crown prince has learned lessons of adversity. He is the most maligned and slandered man in the world today."

"Women voted for Hindenburg because they know that in a Red government the bad woman rule."

**FRENCH SECURITY**  
"The keynote of all European politics, financial and political, is security for France. If that is guaranteed, all other problems will be easily solved."

Mr. Gerard said he was surprised by the calmness with which the French had received the election of Hindenburg.

"They simply wait," he said, "to see whether Germany will become militaristic again, and in the meantime they are right, until they learn the intentions of the new Germany, is not disbanding one corporal's guard."

### VETERANS ARE HEARD AT OTTAWA INQUIRY

Ottawa, June 9.—Officers of several returned soldier organizations testified before the Senate Committee on Soldier Affairs yesterday. The principal evidence given consisted of opinions on the propriety of C. G. McNeill's action in receiving from the Government an advance cheque for \$10,000 out of the disabled-veterans fund and cashing it in his capacity as secretary of the Dominion Veterans' Alliance without consulting other soldier organizations.

Officers of the Grand Army of United Veterans, the Army and Navy Veterans and the Canadian Legion all considered the cheque should have been sent to the treasurer of the Alliance and the council of the latter consulted as to the disposition of the money.

Officers of the Amputation Association and the Sir Arthur Pearson Club for the Blind spoke on behalf of their members, and Hugh McLeod of the G.A.U.V. read extracts from a circular from Mr. McNeill to branches of the G.W.V.A., which stated there was a conspiracy among other veterans' societies to upset the G.W.V.A. through "unfriendly" politicians and the rancor of officialdom. G.W.V.A. auditors had been brushed aside and others put in, expressly instructed to "get" the G.W.V.A.

One of the officers of the various organizations rose to deny they had ever conspired against the G.W.V.A. A. S. B. Hind, formerly secretary of the Tubercular Association, which was the only association mentioned specifically, said that if any conspiracy existed it could be "looked for on the other side."

### OPPOSE WINNIPEG AS GRAIN BOARD CENTRE

Ottawa, June 9.—Request from Port William and Port Arthur that they be allowed to make representations against the removal of the headquarters of the Board of Grain Commissioners to Winnipeg was read to the Commons Committee on Agriculture to-day.

These cities asked that they be heard before the matter was finally disposed of. The application was filed.

A section of the new Grain Act which deals with the appointment of a secretary of the board was amended to-day to provide that the appointment shall be in the hands of the board itself. Formerly the section read "as authorized by law," which implied control by the Civil Service Commission.

### ROBBERY IN SEATTLE

Seattle, June 9.—Three persons held up Ted Harris, assistant manager of the Pantheon Theatre here, yesterday, and took \$5,000 in cash from him.

"Am I the only man who has ever kissed you?"

"Why will every man ask a girl that question? Of course you are."

### BETTER IN EVERY WAY

After Taking Lydia E. Pinkham's Vegetable Compound

Ingonar, N.S.—"I took your medicine for a run-down condition and inward troubles. I had pains in my right side so bad at times that I could not walk any distance. I saw about Lydia E. Pinkham's Vegetable Compound in the newspapers and have taken five bottles of it. I am better in every way and you can use my letter to help other women." — Mrs. ALVITA M. PERRY, Ingonar, N.S.

### Nervous Breakdown Relieved

Toronto, Ont.—"It is pretty hard to explain your feelings in nervous troubles. I felt low spirited, had pains in my head and eyes, always crying, and did not want to go anywhere. I do knitting and fancy work, and I would get irritable after a few minutes of work. I have been in Canada five years and have been this way ever since I came. I am taking Lydia E. Pinkham's Vegetable Compound and I sleep better and it seems to make me eat, and I must say I am feeling more jolly. I have great faith in your medicine because of what it has done for my husband's sister and she recommended it to me." — Mrs. A. SMYTH, 10 Burling Ave., Todmorden, Toronto, Ont.

All druggists sell this dependable medicine, and women suffering from these troubles so common to their sex should give it a trial now.

### MISSING ACTOR IS SOUGHT BY POLICE

Believed Heat Caused Leo Marx in Detroit to Lose Memory

Detroit, Mich., June 9.—Working on the theory that he has temporarily lost his memory because of the oppressive heat, police are searching for Leo Marx, New York actor, who mysteriously disappeared Saturday night.

Marx left his dressing room in a local theatre just before the final curtain, saying he was going outside to get some air as he did not feel well.

He went from the theatre to a nearby leather goods store and purchased a handbag, tendering a \$50 bill. When the proprietor could not change it, the purchaser told him who he was and took the bag, saying he would get the bill changed and pay for it later.

The automobile in which Marx and his wife had been traveling is at a local garage. Neither Mrs. Marx nor Marx's three brothers, who were playing with him, could assign any reason for the actor's disappearance.

### GERMAN VIEW OF CHINESE SITUATION

Berlin, June 9.—Captain Erich von Salzman, noted China explorer, has cabled The Vossische Zeitung from Peking his version of the situation in China, part of which follows:

"The military measures of the great powers, among whom Great Britain is leading, merely increases the Chinese agitation of hatred of foreigners. It is impossible to quell this spiritual movement by military force. The danger consequently continues to increase."

Von Salzman says a solution of the present trouble in Shanghai is hoped for as a result of the work of the investigating committee of diplomats which has gone to Shanghai from the capital to work with a Chinese investigating committee.

### ALBERTA MISSING IN CITY OF MONTREAL

Montreal, June 9.—Peter Milne, a member of the firm of Milne Brothers, Edmonton, Alberta, lumber merchant, who with his brother, David, was passing through Montreal last week en route to Europe, disappeared without leaving a trace. Mr. Milne visited the steamship Regina on Friday with his brother. They had their tickets and were to sail on the lines. They became separated and Peter has not been heard of since.

### BRITISH M.P.'S ARE AGAIN IN SESSION

London, June 9.—Parliament re-assembled to-day after the Whit-tide recess, with the prospect of a busy time, and probably several late sittings, as the Government will have to meet strenuous opposition to its financial scheme, especially the duties and other protection proposals. It is foreseen that insistence on the measures is likely to involve the free use of closure, with corresponding irritation among the Laborites and Liberals.

### BANK LETTER MOTION REJECTED BY M.P.'S

Ottawa, June 9.—A notice of motion for the production of copies of all correspondence between the Government and the Royal Bank of Canada, and the Union Bank of Canada, in relation to the amalgamation of those banks, was rejected in the House yesterday afternoon when the Speaker called for ayes and nays. The notice, which stood in the name of G. G. Coote, Progressive, Macleod, Alberta, was protested by Hon. J. A. Robb, Acting Minister of Finance, who stated that if the motion was consented it might create a precedent which would embarrass future Finance Ministers. Mr. Robb said that if the motion passed, he reserved the right to determine what was confidential and what was not, as provided for in the act.

### BODIES OF AIRMEN FOUND IN AFRICA

Cairo, June 9.—The search for four men who had been missing since they flew over the (Italo-Egyptian) frontier in a giant Italian aeroplane early in March ended yesterday with the discovery of four bodies in the desert between the Soudan and Siva oases. The War Ministry has delegated a commission of officers and doctors, to be accompanied by two Italian officers, to proceed to the spot where the bodies were found and definitely establish the cause of the deaths, which were apparently due to starvation.

The aeroplane used for the flight over the frontier country between Egypt and Italy was found March 15 by search parties 400 miles due south of Benghazi, in the western desert, many miles away from caravan routes.

ALL STRIKING NANAIMO MINERS ARE DISMISSED

All striking miners in the Nanaimo coal fields have been dismissed by the Western Fuel Company, according to word received at the Provincial Department of Labor here to-day. Notices to the miners that they have been dismissed have been posted at the pitheads of all mines. This move is accepted as indicating that the operators will not take the initiative in reopening negotiations with the miners, who insist that the first move towards a settlement shall come from the employers.

RESCUED CREW

He was in command of the destroyer Whiting in March, 1917, when the British destroyer rescued the crew of the wrecked Toyo Kisen Kaisha liner Chiyo Maru, in the China Sea. For his work on this occasion, Captain McMurray received a silver cup from the Emperor of Japan.

NO OCCASION FOR SPEED IN SERVING COWPER SUMMONS

Provincial Police Reply to Queries Regarding Libel Charge

Vancouver, June 9.—The city police are taking their own time about serving the summons issued by Magistrate Findlay calling upon J. S. Cowper to appear in police court next Monday to answer to the libel charge sworn to by F. J. Baker, former employer of the murdered Janet Smith. Since the summons is not returnable until next Monday there was no occasion for speed in serving it and it is being taken out this afternoon by an officer along with a number of other similar blue papers which he distributes on his daily rounds.

Elimination of Crow's Nest Rates Called Disaster

Winnipeg, June 9.—The elimination of the Crow's Nest Pass railway freight rate agreement was a disaster, declared Hon. A. P. McNab, Minister of Public Works of Saskatchewan, in an interview here to-day. "I can only hope," he stated, "that the Federal Government will not do to the country until this freight rate question is thoroughly straightened out."

**NEWS IN BRIEF**

A general meeting of the Army and Navy Veterans will be held Thursday at 8 o'clock.

The City Council last night appropriated \$200 for provision of a city flag for the Dominion Day celebration.

The Esquimalt Football Club will be hosts on Friday evening at a smoker to be held in the Sailors' Club, starting at 8.30 p.m.

The Fire Department Band will render selections of music in the Central Park on Wednesday afternoon, commencing 2.15 p.m.

Mrs. Hermann Robertson and Mrs. R. F. Green will be at David Spencer's Luncheon to-morrow to receive the annual dues for the Women's Auxiliary to the Provincial Royal Jubilee Hospital. There will be someone at the store for this purpose every day for the next few days.

All members of the Esquimalt Board of Trade are asked by the officials of that body to attend a meeting to be held this evening in the Sailors' Club for the purpose of considering important business. The election of directors will follow, it is understood.

On St. Barnabas' Day, June 11, there will be celebrations of the Holy Eucharist at 8 a.m. and 9.30 a.m. at St. Barnabas' Church. A festival evening will be held at 8 p.m. Later there will be a social gathering by invitation of the guild, in the school-room.

The City Council last night approved a slightly amended schedule of terms for sale of city property, providing for five per cent. discount from list prices where the full amount is paid in cash. Installment payments will be one-fourth cash and balance over five years with interest at six per cent. A discount of five per cent. will be granted when buildings of equal value to the price of the lot are erected within one year. Document fees will be not less than \$5 and all agreements will be registered by the city at the expense of the purchaser. Prices of the published list are changeable without notice and a five per cent. commission is payable to licensed real estate agents.

**SPRING WHEAT CROP LOWER THIS YEAR**

Will be 254,000,000 Bushels Against 283,000,000 Last Year, U.S. Predicts

Washington, June 9.—First indications of the size of this year's Spring wheat crop, and of those of oats, barley and hay was given to-day in the Department of Agriculture's monthly report which forecast production of Spring wheat at 254,000,000 bushels; last year 283,000,000 bushels were produced. All wheat production this year was forecast at 561,000,000 bushels, compared with 573,000,000 last year and 587,000,000 bushels the five year average. Forecast of oats production was 1,295,000,000 bushels, compared with 1,542,000,000 bushels last year.

Other production forecasts were barley, 325,000,000 bushels, compared with 188,000,000 last year, and rye, 52,500,000 bushels, compared with 67,400,000 bushels.

**OBITUARY**

The remains of the late Biggarstaff Wilson, who passed away at Beverley Hills, California, on June 5, reached the city this morning. The funeral will be held from the residence, 179 Rockland Avenue, to-morrow afternoon at 2 o'clock, proceeding to Christ Church Cathedral for services at 2.15. Interment will be made in Ross Bay Cemetery.

The death took place last Saturday in the Vancouver General Hospital of Mrs. Elizabeth Mason, age seventy-nine years. She had been a resident of this city for the past thirty-six years, but for the past three months made her home with her daughter-in-law in Vancouver. The funeral took place this morning at 10.30 o'clock from the Sands Funeral Chapel, Rev. A. de R. Owen officiated, and the remains were laid to rest in the family plot at Ross Bay Cemetery.

**LIBERAL HAD LEAD OF 283 VOTES, FINAL REGINA COUNT SHOWS**

Regina, June 9.—Official tabulation of the returns of the vote in Regina City to-day show that D. A. McNiven, Liberal, headed the poll with 7,859 votes, or 283 more than that of M. A. Macpherson, Conservative, who in turn was ninety votes ahead of Attorney-General J. A. Cross.

J. P. Bryan, at the foot of the poll, was 1,255 votes behind McNiven,

**EXPLAINS BY-LAW**

Mayor Pendray outlined to the Kiwanians the proposals whereon the Council is submitting the Parishale Estate Purchase by-law to the people next Tuesday June 16. The city will obtain title to the Royal Athletic Park and a large water frontage acreage at the outlay of cash.

He pointed out that, falling such an arrangement to lessen the taxes, the Council was convinced that properties valued at almost \$250,000 would revert to the city, as at present the taxation arrears total \$62,000 on these lands.

In addition to the lands to be transferred to the city, Public Administrator Cox has agreed to pay \$8,700 in cash to the city and will endeavor to keep all the remaining properties of the Parishale estate in tax-paying shape, Mayor Pendray stated.

Miss Eileen Bennett sang two numbers to great applause.

**SAM BRIGHOUSE ESTATE IS SUBJECT OF LEGAL BATTLE**

Large Sums Collected Were Intended For Heirs, it Asserted

Subject of Two Appeals Involve Forest Fires

Monies paid to Michael W. Brighouse in the estate of Sam Brighouse in Vancouver in 1913 and assets from the estate collected during the period of from 1907 to 1913 were intended to collect the trust for the heirs was the submission of C. W. Craig, counsel for appellant in the hearing of Morton vs Brighouse, which is recurring before the Court of Appeal this morning.

Such sums were a free gift to the defendant Michael Brighouse, it is contended by the defendant's respondent, who set up that Michael Brighouse was given free rein with the estate and that he was granted whatever he pleased to collect from its assets in the intervening years in which he managed the estate during the closing years of the testator's life.

The appeal is one by Frederick C. Morton, an administrator and trustee of the Brighouse estate from the dismissal of his action in the Supreme Court against Michael W. Brighouse and George D. Moxon, co-trustees. Mr. Justice D. A. McDonald dismissed the main action, which was for an accounting of sums alleged to have been collected by defendants to approximately \$115,000 with interest at five per cent for a twelve year period from 1913 to the date of judgment, 1925.

Attacking the contention that the assets of the estate were ever intended as a gift to the defendant, Michael Brighouse, Mr. Craig submitted that such sums were intended to be held in trust for the benefit of the heirs. Counsel urged that an agreement upheld by the defence was not a valid agreement to the extent of converting all rights in the Brighouse estate to Michael Brighouse prior to the death of the testator.

In his receding years the late Sam Brighouse had suffered from a disease which brought on mental affliction and evidence of this had been adduced at the trial, said Mr. Craig.

Michael Brighouse, he resumed, had received a \$200,000 farm from the estate and had in the collection of the sum of \$50,000 which the sum was unaccounted for. Mr. Craig thought they should be born by the estate in the hands of the defendant.

E. P. Davies, K.C. counsel for Michael Brighouse and J. G. Gibson, counsel for Mr. Moxon, have yet to be heard. Mr. Davies opened his case to the court went into luncheon recess. The hearing resumed this afternoon.

Members of Gizeh Temple Make Victoria Famous at Great Convention

Local Band in Highland Kilts One of Great Hits and Specially Honored

The immensity and the thrills of the great Shriner's convention at Los Angeles were discussed to-day by James Beatty, who made the trip as one of the members of the Gizeh Temple band of this city.

Last Tuesday's Shrine parade in Los Angeles was ten miles long, Mr. Beatty said. "Victoria was number eighty-five in the parade. There were 125 bands. The parade ended at the coliseum, where there were 1,000 reserved seats. When the Victoria band, garbed in the full dress uniforms of the 15th Canadian Scottish, kilts and all, entered the arena more enthusiastic their assistants arose in a mass and cheered the only Canadian band and British flag in the line.

"Our great surprise we were not permitted to march out of the huge arena as was usual, but instead were directed to the centre of the amphitheatre. As only fifteen bands were selected for such distinction, the city of Victoria may well feel proud of the honor done to their Shrine band. These fifteen bands composed the massed bands which played for the entertainment of the enormous crowds. All the other bands selected were composed of 75 to 150 pieces each.

"The Victoria band were known as the Canadians and the members immediately began to distribute literature supplied by the Victoria Publicity Bureau. The Los Angeles Nobles, who acted as our guides, were more enthusiastic their assistance in distributing our literature than most of our citizens would be. In other words, they applied the Los Angeles spirit to the advertising of Victoria. Our bandmen lost no opportunity of telling the people about Victoria. Many of the spectators said they had never heard of our city.

"The hospitality of Los Angeles is marvelous. Free buses and motors were on hand at all times for us. We were taken on trips through orange groves and to Catalina and other points of interest.

"The Victoria band serenaded the principal hotels and our uniforms found warm hospitality. Ours was one of the two bands to be invited to the Coconut Grove of the Ambassador Hotel, where we made a wonderful hit.

"Mary Pickford provided tea and refreshments for our band and nobles, because we were from her native land.

"Warner Bros. Studio, run by former Canadians, also entertained us. Arthur Hays Sulzberger, of the Broadway and Bullocks department stores, both founded and owned by Canadians.

"We were invited to play for broadcasting during the past year, because such support added materially to the possibility of our going to Los Angeles and making the hit we did there."

Stone deaf in one ear through war disability he had failed to hear the question of a constable and had been startled into staggering through flight.

Robert Watson, charged on remand with setting fire to telephone poles on the Industrial Reserve, was remanded at the request of P. J. Walls for trial on Wednesday.

Leonard Simpson, charged with an indecent act, was remanded for trial until Wednesday at the request of C. H. Sedger, his counsel.

"I want some collars for my husband," said the woman, "but I am afraid I have forgotten the size." "Thirteen and a half, ma'am," suggested the shop assistant. "That's it. How did you know?" "Men who let their wives buy their collars for them are always about that size, ma'am," explained the observant salesman.

A man on his deathbed made a will giving all his property to his wife on condition that she married again. Someone asked him why he made so strange a will. "Said he: 'I want to be sure that there will be one man who will be sorry that I am dead.'"

A pompous man missed his silk handkerchief, and accused an Irishman of stealing it. After some confusion the man found the handkerchief in his pocket, and apologized.

"Ya thought I was a thafe, and I thought ye was a gintleman, an' 'Never mould at all,' said the latter, "we were both mistaken."

**UNDERGROUND MEN READY TO TALK ON WAGE SCALE AGAIN**

Mass Meeting Decides to Re-open Negotiations With Management

Nanaimo, June 9.—A mass meeting of underground employees of the Western Fuel Company this afternoon decided to reopen negotiations with the company looking to a settlement of the wage dispute on the basis that the employees were willing to accept a reduction of twenty cents on the day on the wages of miners, ten cents a day on the wages of drivers and no reduction on men earning less than four dollars a day.

The committee was instructed to interview the management this afternoon in support of the men's proposal and report back to a meeting of the men to-morrow morning.

## Rain Gent Helps Canuck Railroad C.P.R. Out of Game

Sons Appear Beaten in the Seventh But Rain Came Down and Four Runs Scored

## "Red" McIntyre Let C.P.R. Down With Three Hits, But Each One Meant a Run

That old gent who controls the waterworks up in the clouds came to the assistance of an aggressive gang of young ball-tossers, known to the wide world as the Sons of Canada, by sprinkling the Royal Athletic Park last night with drops of rain as big as eggs. These drops fell upon the clinging uniforms of the C.P.R. and made them feel uncomfortable as they maintained their positions in the field. It was the seventh inning and the C.P.R. were sitting pretty with three runs to their credit while the Sons had failed to break their streak. The rain brought with it four runs which crowned the Sons victors.

## MOSHER LOSES CONTROL

The C.P.R. had scored one run in their half of the seventh and that leaked good enough to bring them through to victory and enable them to keep on the ball of the Commercial Travelers, who are leading the league. As the rain began to fall the Sons went to bat. Mosher, the C.P.R. curve producer, tried to keep a tight hold on the slippery ball but D'Arcy stepped into a nice one and cracked it for three bases. Mosher found the ball hard to control and smacked McIntyre in the ribs with a fast one. Smith lifted out a safety that scored D'Arcy and sent McIntyre galloping to third. Mosher tried to bear down but the ball would not behave and he averted his eyes when the C.P.R. catcher, which let McIntyre score.

## Age of Veteran Has Been Placed Between 44 and 58; Always Willing to Wrestle

Just how old is Stanislaus Zbyszko, massive Polish heavyweight wrestler, who is to meet "Moose" Norbeck, the Northwest heavyweight mat champion, at the Arena Saturday night? This question is being asked by hundreds of Victorians and others interested in the grappling sport. The writer has no way of knowing further than to accept as authentic what happened at Chicago last week when Zbyszko applied for his second naturalization papers to complete his American citizenship. The Pole at that time gave his age as forty-four. Biddy Bishop, who is managing Zbyszko's northwestern tour, was of the opinion that Stanislaus was forty-seven, while Bob Edgren, noted sports writer, believed the Pole was fifty-eight. Other sporting authorities give his age at from forty-five to fifty-six.

## USED THEIR HEADS

The C.P.R. made the most of their hits last night and scored one run in the first, another in the second, and the third in the seventh. Punkin Campbell brought in the first run. He was walked, took third on Roy Copas' flashing single and scored on Minnie's sacrifice. Dunn's error which gave Richards a life, followed by a little wildness on the part of McIntyre, resulted in the second run. Another walk by Copas, Campbell, followed by a sacrifice, steal and a line drive by F. Campbell, sent a runner over in the seventh.

## BURLINGTON COMING

The Burlington champions will be here on Saturday for a game with one of the local teams, which will be picked by the Board of Governors at a meeting to be held to-night. Last night's box score follows:

## Zbyszko's Age Just As Baffling As His Wrestling Methods

Just how old is Stanislaus Zbyszko, massive Polish heavyweight wrestler, who is to meet "Moose" Norbeck, the Northwest heavyweight mat champion, at the Arena Saturday night? This question is being asked by hundreds of Victorians and others interested in the grappling sport.

## ALWAYS READY TO WRESTLE

"Give me the man who is always ready for competition, no matter who the opponent may be," says Biddy Bishop. "If more of our champions were of the same way of thinking as Zbyszko, our wrestling would be better in all sports. I dare say that 'Moose' Norbeck will give Zbyszko a lot of rough usage. But the Pole doesn't care whether he is thrown or not. Maybe I should not say that. I know he cares, but he will never refuse to accommodate any one who wishes to meet him."

## PIRATES WIN EASILY

Pittsburg, June 9.—Pittsburg easily defeated Boston in the opening game of the series yesterday 8 to 4. The Pirates hit three Boston pitchers hard, while Altschlag pitched a perfect game for Pittsburg. Granham led the Pirates' attack with four hits in as many times at bat, one of them a double.

## New York and Brooklyn Both Suffer Setbacks in National; Yankees Picking up

Washington picked up another half-game on Mack's team yesterday by remaining idle while the pack-makers were being jolted again in Philadelphia, where the Tigers pulled out a 7-6 triumph after the Athletics had tied the score in their half of the ninth. Baumgartner and Groves were both pounded from the box by Cobb's men.

## YANKS WON THREE GAMES

The Yankees made it three out of four in their series with the Browns, by taking the final game 6-5, in the tenth inning. Home runs by Robertson and Rice in the ninth enabled the Browns to tie the score at five-all, but Earl Combs outgassed the St. Louis team and sped home with the winning run on a short sacrifice fly.

## CHIKKE DEFEATED SHAUITE IN PITCHER'S STRUGGLE

Chikke defeated Shaute in a pitcher's struggle, letting the Indians down with five hits as the Red Sox won 3-1, but Boston's entry in the National went down before a Pittsburgh batting assault on three pitchers.

## TOM MIX THRILLER ON CAPITOL SCREEN FOR REST OF WEEK

When Clarence Mulford wrote "The Orphan" he furnished Tom Mix with the greatest motion picture story of his career, it came to the screen last night at the Capitol Theatre under the title, "The Deadwood Coach."

According to the producers, "The Deadwood Coach" was taken in Zion Canyon, Utah. The stage coach held on the running fight with bandits, the grim hand to hand struggle on the brink of a towering cliff, all are presented with realism.

The story of "The Deadwood Coach" concerns the Orphan, an outlaw, who is feared throughout the territory, but who, in reality, is the enemy of only one man. When he was a boy, his father was killed by a marauder named Tex Wilson and the Orphan had dedicated his life to vengeance.

There is a price on the head of the Orphan and two disreputable cow hands set out to collect it. In an effort to shoot the outlaw, one of them kills his pal. He reports to the Sheriff that the Orphan committed the murder. Sheriff Jim Shields starts out single handed to capture

the supposed murderer. There is an Indian tribe on the war path and, believing that a posse will be after him, the Orphan, by a ruse, runs the redskins into the path of the Sheriff. Then, when he realizes that Shields is alone, he rushes to his rescue and saves him. The Orphan convinces the Sheriff that he is not a murderer and the Sheriff offers him a job as guard up the Deadwood Coach. It is in this way that the Orphan meets the girl, niece of Sheriff Shields and the manner in which he wins her and pays his debt to Tex Wilson, who is uncovered at the head of a band of robbers for whose deeds the Orphan was accused, makes for a fast moving and dramatic picture.

Tom Mix rides, shoots and fights better than ever, having supported Norma Talma in "The Wonderful Thing," Alma Rubens in "Week-end Husbands," and other stars. He also experienced acting with the Neighborhood Players New York, and the Majestic stock company at Utica, N.Y. He was born in New York City.

## "FRIVOLOUS SAL," WESTERN THRILLER, NOW AT COLUMBIA

Thrills, smiles and tears, intermingled upon a background of marvelous scenic beauty, struggle for predominance in J. K. McDonald's First National picture, "Frisivolous Sal," which began its first local engagement at the Columbia Theatre last night.

"Frisivolous Sal" is uncommonly good screen entertainment. The story was written by Mr. McDonald and the producer. It was directed by Victor L. Schertzinger, whose sympathetic understanding of human nature has added many deft, subtle touches. The cast is made up of players whose names alone bespeak the excellence of their performance. They are Eugene O'Brien, Mae Busch, Ben Alexander, Tom Santscho, Mitchell Lewis and Mildred Harris.

## BARBARA LA MARR STARS IN "SANDRA" NOW AT COLISEUM

During his school days at De La Salle Institute, New York, Augustin Sweeney was voted "the model" youth by his classmates. He was a model in that he did everything that any boy of his age would ordinarily do.

And now, as a screen actor, Sweeney is again a model youth. In Barbara La Marr's picture, he plays the role of "Bobbie," a young man who wears his trousers wide at the bottom and plays a saxophone, but otherwise does every-

## BOYS' PARENTS TOLD READINESS TO FIGHT INHERENT IN YOUTH

Despite his immature years, Sweeney is an actor, having supported Norma Talma in "The Wonderful Thing," Alma Rubens in "Week-end Husbands," and other stars. He also experienced acting with the Neighborhood Players New York, and the Majestic stock company at Utica, N.Y. He was born in New York City.

## BIBLICAL TALE PHOTOGRAPHED IN NATURAL COLOR

An astonishing and history-making film is promised in "So This is Marriage," Hobart Henley's production for Metro-Goldwyn, which is playing at the Dominion Theatre all this week. It is not only a shrewd study of married life as lived to-day, but also shows that similar conditions confronted young couples in the time of the ancients. A marvelously beautiful interlude is used to illustrate this part of the story, dealing with the old biblical tale of King David and Bath-Sheba. This section has been photographed in natural colors.

Among others in the cast are Eleanor Boardman, Conrad Nagel, Lew Cody, Clyde Cook, Warner Oland, Mabel Julienne Scott, Edw. Connelly, John Barrymore, and Miss DuPont. The story is "So This is Marriage" looks like a sensation.

## QUAINT ORIENTAL SETTING USED IN PLAYHOUSE COMEDY

A lively comedy bill is at the Playhouse this week, with the Frank Morton Company presenting "Ching Ling Foo," a delightful Oriental musical comedy, and, on the screen, Lloyd Hamilton in "A Self-Made Failure," the best thing this eccentric comedian has done.

"Ching Ling Foo" is out of the ordinary, with its action taking place in China, costumes, settings and music being appropriate to the theme. Frank Morton, as "Smoke," has the brunt of the comedy, unloading the laughs at a rapid pace. Supporting him are the principal members of the supporting cast.

## Dr. Edwin A. Leman Martyr to Science

East Orange, N.J., June 9.—Dr. Edwin A. Leman, who for the last thirteen years had devoted himself to the study of radium rays, died yesterday, a martyr to the advancement of science. He was noted for his ability to recover pure radium from its ore and was aware of the danger in working with the deadly rays. The vitality of his blood was destroyed.

## CHILEAN UPRISING CRUSHED BY TROOPS

Santiago, Chile, June 9.—The uprising in the northern provinces has been crushed by the Chilean troops, an official communique announced. "Owing to the resistance of subversives thirty of them were killed and a number wounded. The leader of the revolt was among those killed," the communique says.

## TUBERCULOUS MEN ELECT OFFICERS

### Island Delegate Also Named to Attend Convention at Ottawa

Important business was dealt with at a general meeting of the Tuberculosis Veterans' Association held last night with president A. E. Harrison in the chair. A communication from the Dominion president calling upon all T.V.A. branches to appoint delegates to attend a conference in Ottawa was read and approved, and resulted in the election of Comrade P. A. Stock to represent the Tuberculosis Veterans of Vancouver Island. He will proceed to Ottawa and report to headquarters on June 22. It is thought likely that the conference will terminate on June 27 in order to allow the delegates on the following day to attend the meeting of the British Empire Service League held under the personal direction of Field Marshal Earl Haig.

The meeting elected officers for the next six months, the appointments resulting as follows: President, Comrade Stock; vice-president, Comrade Kean; secretary-treasurer, Comrade Smith; five members were also elected to the executive.

## TENEMENT GARRISON OF 10,000 HOLDS WALL ST. BY NIGHT

New York, June 9.—Wall Street with its skyscrapers, houses and office population of 800,000 by day, is held by a tenement garrison of 10,000 by night.

Wall Street is the sole livelihood of this skeleton force of nightfolk. In discharge of a sense of obligation, it has quietly fostered an interesting piece of citizenship work the last ten years. The major result of the work, leaders say, has been to convert the district from New York's most notorious slum into a district representing twenty-three nationalities, into probably its most closely-knit, most homogeneous community.

The work is financed by 1,000 corporations, firms and individuals under the name of the Bowling Green Neighborhood Association. The activity is expressed, for example, in terms of a wooden four-story dwelling house on West Street for headquarters; a \$500,000 playground covering nine city lots on the riverfront; twenty-five "loisirs" or orchestras; social clubs for young people; nine social and political clubs and lodges for adults; educational classes, health clinics and community centers.

Irish pioneers later joined by Austrians, Syrians and Greeks headed the group in downtown Manhattan, which also includes Slavs, Turks, Armenians, Serbs, Rumanians, Scandinavians and other nationalities seemingly too diverse ever to bring together. Yet racial demarcations, socially considered, are disappearing, association heads assert.

Common employment has helped toward this coalescence. Wall Street buildings like the Equitable, Empire and the various banks carry on their payrolls for cleaning and other work some 3,721 women and 2,851 men of the neighborhood. They work split-tricks, at the start and the end of the night, as a rule, and often double-in restaurants at noon. Annual earnings for families in the district, with both parents working, average \$1,600 each, according to Paul Franklin, executive director of the association.

Group activities and the second generation of children have been the principal factors in the "get-together" phenomenon presented by the community, it was said. The association has long since dispensed with interpreters. Where grown-ups have not picked up English, their offspring are on hand to piece out. To all practical purposes, the twenty-three nations speak a common tongue.

"Is the Carnegie Library owned by the citizens and employees?" A. J. Temple asked the City Council last night when protesting against closure of the institution on holidays. The query was referred to the Library Commission for answer.

## BOOTLEGGERS USE CRAFTY METHODS

### Spokane, Wash., June 9.—The latest stratagem of bootleggers of this locality, the civil authorities declare, is to hire some person suffering from chronic illness to market their wares.

Then when the peddler comes before a court the plea is made that he has no money and that a jail sentence would mean sure death.

"Within the last three weeks there have been at least four cases of this kind tried before me," declared Justice Fred Morrill. "The defendant even had a physician take the witness stand and testify that it might mean death for the accused if he should be compelled to serve time in jail."

Deputy Prosecuting Attorney Louis Bunge corroborated the judge's statement.

## LENIENCY ASKED

Vancouver, June 9.—Imprisonment for two years in New Westminster penitentiary and a fine of \$300, or in default of payment an additional three months imprisonment, was the sentence imposed yesterday in county court here by Judge Fayley upon Jo Sang, who had been found guilty of distributing morphine. An appeal for leniency will be made to the Minister of Justice in Ottawa, based on the part Jo Sang took in the trial of Chang Sing for the murder of David C. Lew, when the accused was acquitted. Sang was a witness for the prosecution.

Prevent tooth decay below the gum-line

As the soil nourishes the tree roots, the gums nourish the teeth. And as the tree decays if you bare the roots, so do the teeth decay when gum shrinkage starts in.

This condition—one of the first stages of Pyorrhea—is very common and something that ordinary tooth pastes are powerless to prevent.

Forhan's is more than a tooth paste; it checks Pyorrhea. Thousands have found it beneficial for years.

SOUTH DAKOTA MAN URGES UNICAMERAL STATE LEGISLATURE

Pierre, S.D., June 8.—South Dakota, first state in the union to adopt the initiative and referendum, and first state to establish a system of rural credits as a branch of government, is interesting itself seriously in another governmental innovation—a one-house legislature.

The unicameral legislative reform is proposed and sponsored by Robert C. Dowdell, a member of the Democrat and state senator, but it has gained support from so wide a range of political thought in the state that it already looms as a major issue in the Legislature of 1927.

open window, a glided cage. Within the cage, hopping from perch to perch, was the canary.

"Come fly away to the woods with me!" invited the song sparrow to the canary. "We are the most wonderful singers in the world and we can give a concert!"

"Well, I can't say as much as that myself," said the sparrow. "I have to fly around very fast to get enough food to eat and only this morning a cat nearly caught me."

"Oh, I am drowning! Help! Help!" cried the song sparrow. Uncle Wiggily happened to be hopping through the woods looking for an adventure.

## TIMES CROSS-WORD PUZZLE

Well, here's an easy one for a change. Practically every word in this puzzle can be discovered without opening the dictionary. If a word does stop you, its crosswords will help solve it.

**HOW TO SOLVE THE CROSS-WORD PUZZLE**  
Every number in the form represents the beginning of a word, reading either horizontally or vertically. If there is a black square to the left of the number, the word is horizontal; if above it, the word is vertical. The same number may occur both horizontally and vertically. The definitions for the correct words to fill the form are found below, with numbers corresponding to those on the puzzle. Run through the definitions till you find one that you recognize, and put it in its proper place on the form, one letter for each white square. This will furnish several cross-clues to the words linking with it at right angles. Continue in this manner till the form is completely filled. If you have solved the puzzle correctly, it should read both horizontally and vertically with words corresponding to the definitions. The correct solution of to-day's puzzle will be printed in the next issue of The Times.

# "The Steadfast Heart"

By Clarence Budington Kelland

"For me... For me..." he said slowly. Then he sat down abruptly on the edge of the platform, his face bleak, lifeless, while silent tears followed each other in strange procession down his cheeks.

Presently the train roared for they boarded it as people might board a funeral train, and from its platform, at Dave's direction, Angus waved a little—hand—towards the man leaving behind—and so disappeared from their view.

Until the train was hidden by a distant curve, Bishwhang and Jake stood staring stonily after it; when the rear platform of the last car passed from view, Bishwhang heaved a deep sigh and moved closer to Jake as if for companionship.

This Angus Burke departed from Rainbow, Godspeed by a printer's devil and a whiskey-smelling printer. When he returned, not even these were there to bid him welcome.

**CHAPTER XI**

It was noon the next day when Angus Burke and Dave Wilkins arrived at their destination—the mid-Ohio village of Emporia. During their waking hours there had been little conversation between them, but it seemed to Dave Wilkins that the boy's eyes never left his face.

"Angus," he said, as he drew near the town, "this is going to be just as if you were born all over again; do you understand? As if you were somebody else. You're going to be on an equal footing with other boys and have an equal chance. . . . I want you to forget all about Rainbow."

It was a moment before Angus replied, "I—don't want to forget."

"Yes, Angus," Dave said, "you are to remember me."

The boy showed no curiosity when they alighted. He did not look about

## SCHOOL DAYS By DWIG

Dave thought of the situation. Dave seemed gratified.

When they were in Angus's room with the door closed, the boy stood in the middle of the room looking straight before him. He was thinking, and Dave waited.

"She wants me here," said Angus. "It was a miracle, a condition never before experienced by me."

"Yes, Angus. Everybody will want you here. Some day everybody will want you everywhere."

"No," said Angus, the old fear dulling his eyes, "they wouldn't want me here—not in Rainbow."

Mrs. Bassett, bustling and mothered over Angus, not a little to his bewilderment, came in. "Hain't much of a talker, he you? Kind of strange yet. Wear off. You'n me a goin' to take a sight of comfort together. How you fagget you're goin' to like it?"

"I'd like it if he was goin' to be here."

"I s'pose he'll be startin' right in to school. Um. . . . Thee's good boys here, but mischievous. Just you lemme tell you, Angus, the start-believe it, out of a dream where me'n your boy got on so well together he want to call me Grandpa—right this way—front room—snack's waitin' for ye."

Angus watched her curiously, then looked at Dave's face to read what

looked quickly at Dave, who nodded. "I call to mind how my boy come a-runnin' home once with another boy a-chastin' him. Bigger boy 'Henry' I called out to him from the gate, 'You stop where you be. Don't come runnin' in here. You stop stock-still and give that boy a lickin'—or I calculate to give you one myself when you get in.' Well, Henry he sailed in pell-mell and I stood by till the job was done. . . . Lesson he couldn't 'a' learned in school."

"I've got to stick up for myself," said Angus.

That was the auspicious beginning of that phase of Angus Burke's life which lay in the village of Emporia, of that period of education, development, of adventures in human nature, in which he discovered that people were not necessarily enemies, and that there existed a wonderful occupation by the name of play.

School was an experience for Angus when his first fear wore off and experience proved to him that nobody knew who or what he was. Strange boys made advances to him. The teacher was kind. She watched him with experienced eye and called him to her desk.

"You're lonesome," she said.

For a moment Angus made no reply. Then he said, "He had to go back." That explained everything.

"He? Who?"

"Mr. Wilkins."

"Who is Mr. Wilkins?"

Angus pondered this a moment. He didn't know exactly who Mr. Wilkins was—except that he fumbled for a reply.

"There ain't anybody but Mr. Wilkins," he said.

"And he left you here alone?"

Angus comprehended a veiled criticism and he resented it. There came a flash in his eyes, an alertness upon him.

"He had to," said Angus.

The teacher's curiosity was stirred. Yet, looking at Angus, she knew it would be useless to question him. Her experience with boys had been wide, yet here was one whom she could not comprehend, and who interested her. . . . It was not strange. Who could comprehend Angus but one who knew his story? . . .

**SOME FISHES LIKE LAND**

Scientific investigation into the habits of fishes has shown that many of them are by no means helpless when out of the water. There is, of course, a tropical fish known as the climbing perch, which has the very curious habit of scrambling, by means of its fins, up stones, roots and even the trunks of trees, in search of the insects on which it feeds.

**Tie Cutting Concern Seeks Permit to Operate in City's Reserve**

The existence of large quantities of commercial tie timber, upon the Sooke waterworks reserve, removable without detracting from the watershed value or damaging the city's water supply, was brought to the attention of the City Council last night, by the Trans-Canada Lumber Company, Vancouver.

An offer of four cents per tie was made to the city for all cut by the company should the city permit operations to be undertaken. The payment would be made monthly, upon certificates issued by the Canadian National Railway inspector.

The Trans-Canada Company points out that "timber of this size is not cut by logging companies, as they go after the larger logs. It is mostly destroyed, and no value received for it, unless it is taken out before ordinary logging operations commence."

The application was referred to the finance committee and Water Commissioner Preston for report.

**HOME BANK BILL GETS FIRST READING**

**Vote in Commons 100 to 20; Amount of Relief For Depositors \$5,450,000**

**Senator Robertson Scored by Premier For Saying Senate Opposed**

Ottawa, June 8.—By a vote of 100 to 20 the House of Commons last night adopted a resolution providing \$5,450,000 for relief of the Home Bank depositors, and subsequently gave first reading to a bill based on it.

Of the twenty who opposed it only two were Liberals—F. N. McCrear, Sherbrooke, Que., and Loch Lanctot, of Laprairie-Napierville. The remainder were from the ranks of Conservatives and Progressives.

Altogether there were three votes, although as the House was in committee at the time, in no case were the names of the individual members recorded.

First came votes on an amendment and a sub-amendment. J. W. Kennedy, Progressive, Glenora, Ont., had an amendment which would have divided the vote between the Home Bank depositors and the Farmers' Bank depositors. To this Loch Lanctot moved a sub-amendment which would have also given a share to the depositors in the Banque du Peuple, the Banque Ville Marie and the Banque de St. Jean. Mr. Lanctot's sub-amendment got only three votes. Mr. Kennedy's amendment was defeated by 100 to 15. Then came adoption of the main Government resolution.

Discussion practically monopolized the day and was productive of some sharp encounters.

**ROBERTSON'S MISTAKE**

The Premier read a letter from Senator Gideon Robertson to W. T. J. Lee, chairman of the Home Bank Depositors' Relief Association, which was dated February 27 of the present year and at the time, Premier King stated, Senator Robertson was acting as Conservative leader in the Senate. Premier King declared that in the letter Senator Robertson had intimated that if the Government proceeded by way of a bill, "the bill would be defeated in the Senate."

"What right," Premier King sharply queried, "has Senator Robertson to say what action the Senate was going to take on a public matter?"

"Having regard to a threat such as that," added Premier King, "the Government had no right to do even had it wished to take any other course, than to proceed in the manner in which it has proceeded at the present time."

This interpretation of Senator Robertson's letter was contested by Mr. Meighen, Conservative leader. The letter, Mr. Meighen declared, did not contain a word now a syllable even of such assertion of authority by Senator Robertson.

**CHANGE WAS NEEDED**

During the discussion, Hon. T. A. Crear observed that he wished to dissociate himself entirely from criticism of Sir Thomas White. Mr. Crear thought that if vigorous management had taken hold of the Home Bank the tremendous loss and failure that occurred would not have taken place.

**WILL RAISE LOAN**

The bill authorizes the Government to raise the \$5,450,000 by means of a loan.

Hon. J. A. Robb, Acting Minister of Finance, explained to the House that the sum would reimburse the Home Bank depositors to the extent of about thirty-five per cent. A payment of twenty-five per cent had already been made by the liquidator, who had intimated that an additional ten per cent would be forthcoming, making a total reimbursement of approximately seventy per cent.

The Acting Minister of Finance pointed out that the Canadian Government was not guaranteeing deposits. This whole matter had been investigated by Judge H. A. McKeown, royal commissioner, and his report had been unanimously concurred in by the House, and the Government had recognized a "moral claim in equity."

There was a precedent for the action taken by the Government in that the government of Great Britain had recognized a moral claim in the case of the failure of a firm of army agents in England who had handled the accounts of army officers and their dependents. This firm had failed and owing to the war conditions a moral claim was recognized and certain reimbursements were made by the Government to those who had suffered.

**INQUIRIES AS TO NEEDS**

Sir Henry Drayton said that as this was really a grant of relief, some effort should be made to ascertain whether depositors were in need of assistance.

Mr. Robb said he could not see how a distinction could be made between small and large depositors.

Sir Henry said his remarks bore no reference to the amount of deposit. They referred solely to the need of the depositors.

H. C. Hocken, Conservative, Toronto West, advocated amendment to the Bank Act, so that savings of bank depositors would be guaranteed.

Referring to Sir Henry Drayton's suggestion, Mr. Robb said that if the depositors had a moral claim it was difficult to see how any distinction could be made between them in the matter of relief.

"Does the Minister say there is a moral claim?" asked Right Hon. Arthur Meighen, Conservative leader.

**COMMITTEE'S REPORT**

Mr. Robb replied that the Banking and Commerce Committee had found there was such a claim.

Mr. Meighen pressed his question and Mr. Robb adhered to his answer, saying he was acting upon the report of the committee.

Mr. Meighen said concurrence in reports from committees was very often merely perfunctory. If there was a moral claim, it was just as binding as a legal claim. If there was not a moral claim, the grant must be treated solely as a relief measure. He wished some member of the Government would show him where a moral or legal claim in this matter existed.

**KENNEDY'S OPINION**

J. W. Kennedy, Progressive, Glenora, believed this relief action by the Government would likely be followed by request for full reimbursement. He was of the opinion that if a Minister of Finance has been in error, the Dominion of Canada as a whole should not be held responsible. Mr. Kennedy then moved his amendment.

The chairman ruled the amendment in order.

Mr. Robb then read a letter addressed to the Premier, dated May 1925, and signed by the representatives of the national committee of the Home Bank Depositors' Association. The letter, which followed an interview between the representatives of the depositors and Mr. King and Mr. Robb, stated the amount of \$5,450,000 which had been suggested by the two Ministers was "fair and reasonable in view of the existing circumstances."

William Irvine, Labor, Calgary East, suggested that deposits up to \$1,000 should be paid back in full and the balance distributed among the larger depositors.

**NO BIG FEES.**

Hon. H. H. Stevens, Conservative, Vancouver Centre, asked an assurance that the Government would guarantee every dollar voted would reach the depositors and that not one cent should go to legal help or liquidators' fees.

Mr. Robb said the Prime Minister and he had emphasized that fact upon the committee of depositors. The money would be distributed to the authorized liquidator.

**New Law Will Ban Horse Race Tips**

Ottawa, June 9.—An amendment to the Criminal Code prohibiting the publication of racing tips, selections, odds, or any similar intelligence on horse racing, except on the premises of an association during a race meeting, was given second reading and put through the committee stage with practically no dissent in the House last night. In addition to prohibiting the publication of racing news, the amendment also prohibits the circulation of information intended for use in connection with betting upon fights, games, sports or races other than horse racing.

**At last—a real whole wheat cracker**

Unlike ordinary white flour crackers TRISCUIT is made from perfect whole grains of wheat cooked in steam, shredded and baked. A lot of real nutriment in concentrated form. The crisp, flavory shreds of baked wheat encourage thorough chewing, and that means good teeth and perfect digestion.

TRISCUIT is ready-cooked, but tastes better when toasted in an oven and served hot with butter. At all first-class grocers.
