

# Connected Open Heritage

- Preserving cultural heritage at risk online, and giving people easy access to it.

[\[\[M:Connected Open Heritage\]\]](#)

# Wikimedia and cultural heritage

- Increased visibility and attention around the cultural heritage of the world
- Digital preservation to protect cultural heritage from destruction and demolition

# Wikimedia and cultural heritage

- *Connected Open Heritage:*
  - Move the monument database (WLM) to Wikidata
  - Add more countries
  - Make historical images available on Commons
  - Connect images with articles and Wikidata objects
  - Bring attention to cultural heritage on Wikimedia by organizing a photo exhibition and conference participation
  - Collaboration between Wikimedia Sweden, UNESCO, CHwB and Wikimedia Italia, funded by the Post code lottery
