USAT "GENERAL OMAR BUNDY"  
SEATTLE PORT OF EMBARKATION  
SEATTLE 4, WASHINGTON

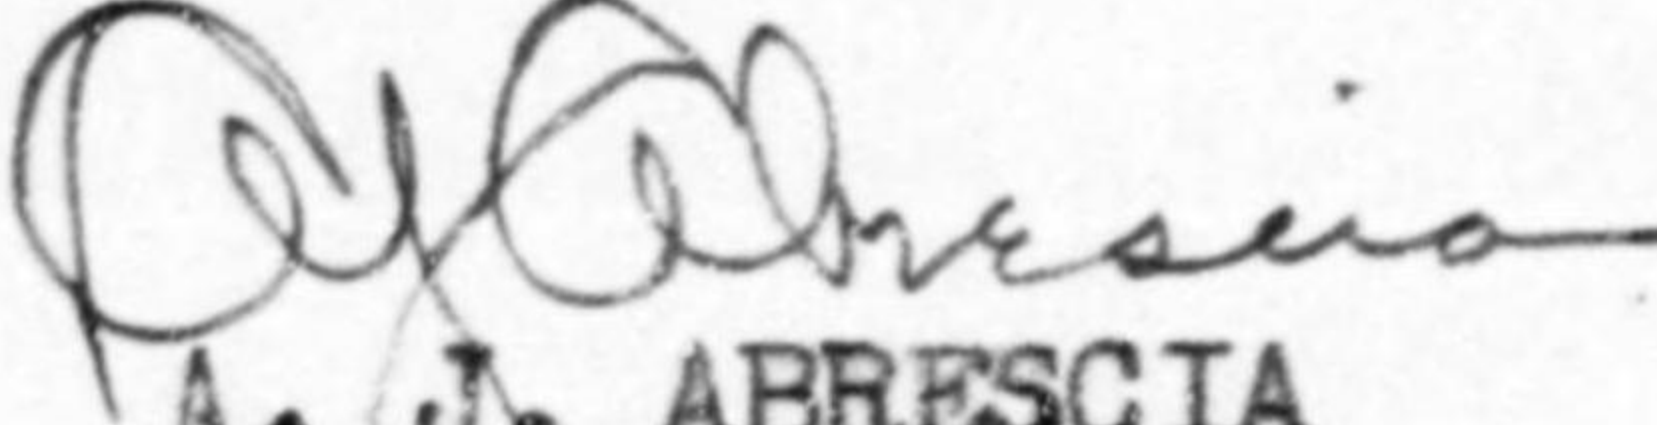

5 July 1948

TO WHOM IT MAY CONCERN:

This is to advise that MAX T. QUINTUA has been employed in the Supply Department and Administrative Department of this Vessel in the capacity of Steward Yeoman since September 5, 1946. His duties required a knowledge of personnel work processing new assignments and discharges, maintaining Department files, typing correspondence, preparing requisitions and supply procedure forms.

During his employment he had demonstrated marked ability, attention to duty, accuracy and dependability.

I do not hesitate in recommending Mr. Quintua to anyone requiring his services.

Dear General Whitney,

The inclosed clipping, from a source often critical, may be of interest. I believe the occupation is well rid of Killeen, who must have been a thoroughly perverted thinker. I have heard nothing but praise for the General's position in this matter — certainly the American people are presently in no mood to compromise with Communism in any form or any place. This is a hopeful sign, to my way of thinking.

With cordial regard,

Robby

Dear Mac:

Thank you for sending me the copy of the motion for re-consideration in the Labor case with your letter of July 16th. I shall read this document with much interest.

Your plan to reissue in trusteeship the stock certificates unclaimed by pre-war owners is a good one, provided the Commonwealth Act 62 is broad enough to permit such action. I have not a copy of such act before me, and consequently I am unable to pass upon the possibility of your being able to get away with such action. I heartily agree that there rests upon the officers of the Company a definite responsibility to protect the interests of these stockholders by every lawful means.

I am at present not much inclined to make a trip to Manila for the Annual Meeting which you have set for August 30th. The situation here renders it extremely difficult for me to get away at that time, and it seems to be almost a certainty that the meeting will have to be adjourned for lack of a quorum, present or represented. Such eventuality would render the trip a useless waste of much needed time.

You mention, however, other matters which you would like to discuss with me. If these matters are not such that you can discuss in writing and could safely get away for a trip to Tokyo, I would be glad to arrange the necessary entry authority and would be delighted to have a visit from you.

I explained in some detail to Floody my reasons for feeling it inadvisable for me to attempt to go to Manila at the time indicated, and I am sure that he is in full accord with my views.

The cigars arrived in good shape, and at the moment I am well stocked with Scotch. Thank you for your thoughtful courtesy in these matters.

With every good wish, I am,

Cordially yours,

Mr. C.F. McCormick,

Dear Court:

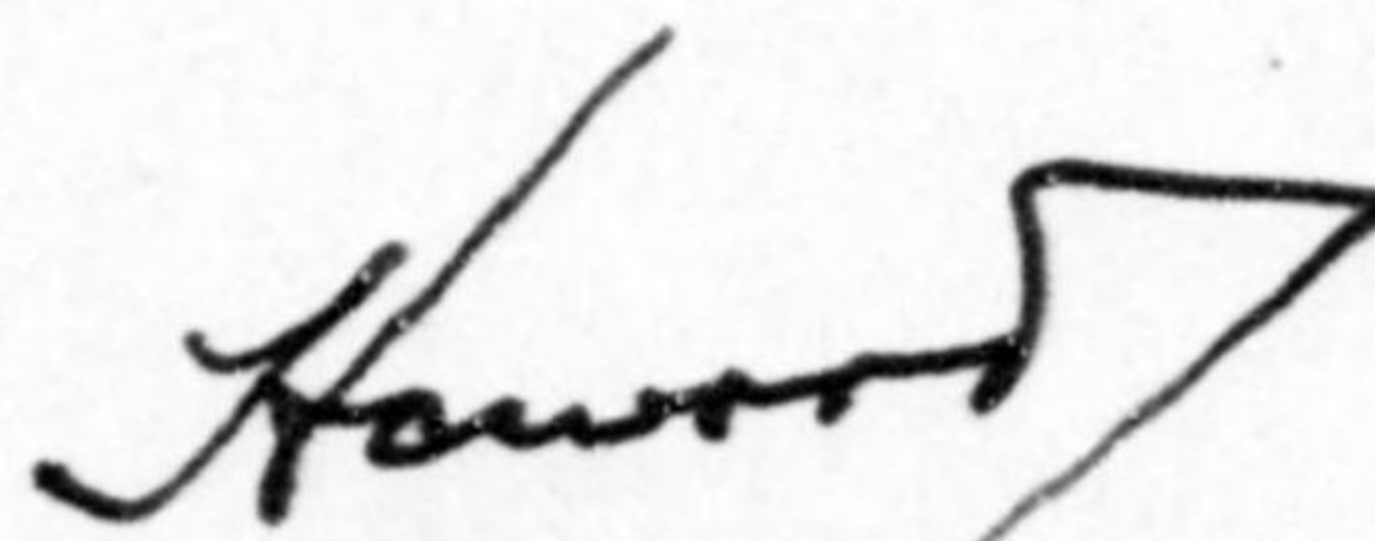

Francisco and myself are here at Iwahig carrying on certain experimental activities in Malaria Control which if successful will revolutionize our whole Malaria Control program throughout the islands.

This note will be presented to you by Mr. Pedro S. Paje, Superintendent of the Colony whose assistance and cooperation in our work here have been invaluable.

Any courtesies which you may be able to arrange for GHQ to extend to Mr. Paje during his short visit to Japan will be most deeply appreciated.

With kindest personal regards, I remain as always,

Sincerely yours,

Dear "Compañero" Whitney:

Thanks a lot for your letter of June 28, 1948  
and enclosures.

The photograph of General MacArthur is great.  
I do appreciate his having autographed it as well  
as the first day covers.

I am send a set of new covers for you and  
another for General MacArthur. Hope you like  
them. I do not know whether you are a phila-  
telist however, I am sure you will keep them as  
souvenirs.

If you have any first day covers which you  
do not want just send them to me for my  
collection. By the way, should you send any  
please have them autographed.

I am enclosing an article which the  
General may like. Thanks for your comment re  
Philippine-Japanese trade. Can send you more  
clippings on this if you so wish.

Best regards + thanks for everything.

Yours respectfully  
Francisco Ortigas

P.S. If any news interest you, I can send you the latest reports.  
What about sending me your picture - autograph it to your  
"compañero" (i.e. Walter in the legal profession).

P.S. If you have any friend who needs to exchange stamps let me know his address.  
Thanks

Dear Sergeant Artiago:

I was delighted to have your nice letter of July 19th and immediately made inquiry concerning the possibility of assisting you to be sent to the Philippines for duty. I find that under present policy Filipinos of United States citizenship are not being sent to the Philippines for service. My suggestion is, therefore, that you continue to do your duty in your present assignment like the good soldier that you have always been, and I am sure that in your next assignment you will find a spot much more to your liking.

If at any time you pass through Tokyo, I hope that you will drop in and see me. It is always a source of much happiness to me to hear from and again see comrades of the old Brisbane days.

With all good wishes, I am,

Dear Sir

Just don't know how  
to start this letter to you  
but I'll try my best.

I met one of the  
Filipino boys who was in  
the Bico. And ask about you  
so he told me about you. And  
I was sure glad to hear that  
you were still working.

Sir I am in the Engr.

I been trying to get back  
to the Philippines. Do you  
think I could get there. You  
always told us if we need help  
to write you. So if I can not  
get in the island. In this exchange  
of getting to O.H.Q. I wish you  
let me know.

Hope the letter does not take  
up to much of your time.  
Sir if you see <sup>St.</sup> Col. Brown  
I wish you tell him I said

MEMORANDUM TO: CHIEF, GOVERNMENT SECTION

SUBJECT : Sgt. Artiago

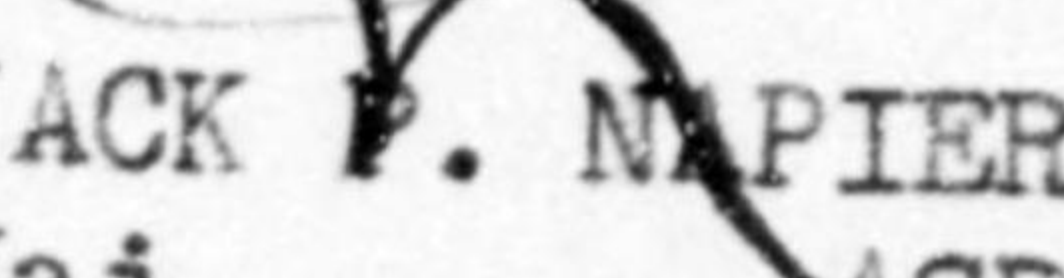

1. Sgt. M. W. Artiago is now in Korea which is an exceedingly unpopular station, transfer from which is attempted by a considerable percentage of personnel assigned there.

2. FEC Policy, as announced in message to War Department, is that no more Filipino-American should be sent to the Philippine Islands at the present for the reason that the Command is becoming unbalanced in that respect. From his name, it would appear that Artiago is probably in that race group.

3. Transfer to GHQ could be requested in either of two ways, neither of which is very practical.

a. In special cases, when there is a particular job for a particular Enlisted Man and a vacancy exists, request to G-1 setting up the valid reasons may be grounds for a transfer. (Paragraph 2 - AR 615-200)

b. Any Enlisted Man may request transfer to any station provided he can show good reason for such transfer. Request is made through his unit of assignment and must be approved by all Administrative Headquarters involved. (Paragraph 6, AR 615-200)

Dear Father Shanahan:

Thank you so much for your kindly note of July 23rd concerning Courtney's marriage. Both Mrs. Whitney and I feel that it was most characteristic of you, and are delighted to hear from you if only a few lines. You said nothing concerning your health which we hope by now is fully restored.

Our wedding anniversary date which you request is October 20th, and we would find immeasurable comfort in your thought and prayers on that day. Why don't you take time off and look the situation over here in Japan some day?

With warm personal regards from us

Dear Floody:

This note will greet you at your new home and carries with it the heartfelt wishes of all of us for an early restoration to complete health and much happiness for you and yours.

In my letter to you yesterday I neglected to thank you for your kindly references to Courtney and his bride. At the present time he is in Washington at 5711 Huntington Street, Chevy Chase, Washington 15, D.C., where he is taking the summer session of the Georgetown University School of Foreign Service under Father Walsh the eminent lecturer on geo-politics. He selected this course for the summer after completing two of his remaining five terms at Yale. You will be pleased to know that in both terms he received "Dean's List" honor grades and is to be given credit for a full term for this summer work at Georgetown, which will enable him to graduate from Yale next June rather than the following February. This is, of course, very much worthwhile. Although it was difficult to get him back to college after the five year interlude during which responsibility naturally matured him, I have felt that if I could never do another thing for him, if I could get him with the background of a Yale graduate my influence in that respect would have a beneficial bearing upon the rest of his life. For this reason I am particularly glad that he is doing so well. His wife's family is prominent in Fairmont, West Virginia, her father being a successful physician, and from all accounts Mary Jo will prove a fine life-partner for Courtney. I would deeply appreciate your writing him a note, as I know he would too, as he has always had the greatest admiration and affection for you.

Well, Farmer, send me a picture some time of you out cutting some of that hay you tell me about, and with best always,

Mr. R. P. Flood,

Gentlemen:

I am just in receipt of the attached statement of premium due. Please refer to the voucher returned in answer to your letter of January 12, 1948, directing application of accrued dividends against the next premium due. I would appreciate your crediting all dividends due on my policy to the corresponding annual premium and sending me a statement for the balance due annually. This will have the effect of placing my premium account on an annual basis and automatically crediting against the same the amount due from me covering each corresponding year.

Dear General Whitney,

I was considerably embarrassed to find that you had been asked to write the University of California about me. A few months ago I was approached to teach this course, one evening a week, without any initiative whatever on my part. I agreed to do so only with considerable reluctance, and was told the recommendation form was only the usual red-tape, that they would not write the three references I had to give. When I found they had written all three I was particularly annoyed, and henceforth shall refuse to go to the trouble to do this sort of thing, as all I get out of it is experience and inconvenience. Nevertheless I am grateful for the trouble you went to in the matter, and appreciative of the things you said, even though I firmly believe you exaggerated to the point of perjury.

It was a real pleasure to receive an announcement of your son's wedding some time ago, and I congratulate you and Mrs. Whitney as well as the lucky young couple. Has he given up living in Japan? Please remember me to him, and extend my best wishes.

General Malone very thoughtfully sent me a photostat copy of the letter General MacArthur wrote him with reference to the work he did in San Francisco with reference to the recent campaign. Naturally, all of us were disappointed in the outcome, and yet I cannot but believe the General is in a very real sense fortunate not to have this additional burden of the Presidency thrust upon him. Dewey should be an able chief executive, certainly far superior to the man we now have, and with General MacArthur holding up our bastion in the Far East the US should be far better prepared for any eventuality that may come than under other circumstances. As the third anniversary of the occupation approaches, I salute all of you out there once more, and wish I might have had a larger and longer part of it with you.

Tell Sheilah I enjoyed her brief note with the copy of your letter to Schmelzle, and am glad to know she is still on the job taking care of things for you. I should also like for you to give my cordial best wishes to Mrs. Whitney and old friends in the Section, as well as yourself.

Sincerely,

*Robby*

Dear Al:

I was glad to receive your letter of June 28th and to hear of your recent activities.

With existing uncertainties due to lack of decisions on reparations, industrial levels and trade policy, it is difficult to appraise the opportunities in the import-export business in Japan at this time but my guess is that, if the international situation settles down and firm decisions can be made, the prospects will be good for profitable import-export business here.

I am enclosing SCAP Circulars No. 3 of February 25, 1948 and No. 21 of June 26, 1948. The former sets forth the procedure to be followed by a representative of a commercial firm to obtain SCAP permission to enter Japan and the rules and regulations that pertain to his activities once he is here. The second circular specifies the control of entry and exit of property and cargo into and from Japan, with sample application forms currently in use.

Negotiations are presently under way with Washington whereby the red tape necessary for securing a license of this character will be reduced and firms will be authorized to undertake business in Japan on a more normal commercial basis. How soon this will be accomplished is uncertain at this time, but if you decide to proceed at once, I will, of course, do all I can to help you.

I have given your regards to Sid Huff who was also very glad to hear from you, and I conveyed to General MacArthur your statement of gratitude which he deeply appreciated.

With kindest regards and best wishes, I am,

Sincerely yours,

Brigadier General Courtney Whitney  
G.H.Q., S.C.A.P.  
A.P.O. 500  
c/o Postmaster  
San Francisco, California

Dear Courtney:

Over three years has elapsed since I had the great pleasure of seeing you in Santo Tomas in Manila.

After liberation I embarked for San Francisco on February 22 and arrived here on March 30, 1945. I spent the rest of that year recovering my health.

In 1946, when physically fit again, I decided not to return to the Marsman organization because of the unsatisfactory experiences of my wife and daughter in relation to that organization while in the U. S. during the war.

Since January 1946, I have been associated with Bacon & Company at 256 Montgomery Street, San Francisco in the investment brokerage business. I am not very happy in that business and have decided to make a change.

After the shooting war, a former employee of Marsman in the Philippines, a mining engineer by profession and personal friend, one James S. Baker, organized an import and export company in San Francisco bearing his name. The company has been doing business successfully in sixteen foreign countries.

Mr. Baker, former Deputy Director of the Foreign Economic Commission, had the pleasure of meeting you upon his arrival at Nichols Field in 1945.

I contemplate becoming associated with the James S. Baker Company under a partnership arrangement and to establish a James S. Baker Company of Japan in Tokio, provided we can obtain permission to do so, for the purpose of operating an import and export business.

Both Baker and I are American citizens. I am a veteran of World War I, having served as an officer in the Twenty-Seventh Division, an instructor at the Infantry

- Page 2

Weapon School and as a member of the Inter-Allied Games Committee in Paris in 1919.

I trust you will not consider me presumptuous in seeking your opinion of the future prospect in Japan, advice concerning my contemplated business venture and instructions as to procedure in obtaining required permission to accomplish our purpose.

General MacArthur may remember me as a pre-war resident of the Manila Hotel and as a fellow passenger on one of the Dollar ships many years ago. Please convey to him my deep appreciation of his successful efforts in liberating the internees of the several prison camps in the Philippines, his outstanding leadership in the conduct of the war in the Pacific and his efficient administration of the post-war affairs of the allies in the Far East. It is regrettable we did not have another MacArthur in Europe. I am sure the world would be a more happy one to live in today.

If Sid Huff is still with you, please give him my kindest regards as well as to other mutual friends.

Trusting I may receive from you the information requested and with best wishes to you and your family, I beg to remain

Very truly yours,

Dear General Whitney:

Your letter to Mr. Kangleon has just arrived and been dispatched to him through our courier service. We are delighted to handle any correspondence that you may send and strongly advise that method of transmitting it rather than the normal mail service. Delivery from Manila to our headquarters at the Philippine University frequently requires from six to ten days.

Sincerely,

J. W. ANDERSON

Dear Judge:

Evelyn and I just learned today from the Manila Times of the passing of Mrs. Haussermann and want you to know how deeply we sympathize with you in this hour of your grievous loss.

Faithfully yours,

Judge John W. Haussermann,

Dear Court:

Thanks very much for your 19 June letter. The Alexander arrives Sunday, 4 July, and we will be on the lookout for Lt. Colonel Darnell. I don't anticipate he will encounter any problems. I am afraid some of the passengers won't be too happy about the arrival date if they expect an immediate departure from Seattle as Monday the 5th is a double holiday in the good old USA and activities must be cut to a minimum as a major portion of our personnel are civilians and will not be present for duty.

Trust you received the information I mailed you recently in response to your letter requesting data about my military service in the Philippines. Again, thanks for anything you send forward.

What happened to Herb Wheeler? I tried to see him when I visited San Francisco in February. He had departed three days prior to my arrival on a 60 - 90 days sick leave. Haven't had a word on him since. It was the opinion of one of his friends in San Francisco that if Herb was not retired physically (which looked doubtful), he would like to return to Japan.

With best personal wishes to you and your family.

Dear General:

Your kind letter of 8 June and the enclosed emblem and Commendation for Meritorious Civilian Service were forwarded to me a few days ago, and I need not tell you what a pleasant surprise they were! Thank you very very much.

Jean Marie and I often think with warmth of our stay in Tokyo. As far as I am concerned, any person who had the good fortune to get you as a Chief is bound to do his best work, not only because of your living example of devotion to duty but also because you give responsibility unstintingly and a man feels that he is counted on to carry a share of your load. In contrast with other chiefs I have had it is not surprising that whatever kudos I won came to me under your regime. We are now living only a few miles from Robbie and often revel in fond recollections.

We moved here the day after Montezuma's Graduation exercises to spend the summer at Stanford. The Hoover Library for the study of War, Peace and Revolution, the Brookings Institute now being held here, and a Summer Institute for Radio and Writing were the attractions that made us decide on spending our vacation this way. Tom Blakemore was here for a few hours I learned, but I missed him. And it seems that nobody of the old guard ever writes, so we often wonder what life in Room 616 is like now. News has just come of the Fukui disaster; we hope that Tokyo was spared this time.

Our little family is well and happy. Mark Leopold toddles all over the house and shows great ingenuity getting into all kinds of mischief. He seems to think very little of our civilization for he promptly puts everything he gets hold of into the wastebasket!

We wish you and the C. in C. the very best in the world. Please remember us to Mrs. Whitney and Sidney, and to "Chuck" Kades and our old friends of G.S. With our warmest regards and gratitude,

Yours sincerely,

*Pieter K. Roest*

Dear General Anderson:

Prior to his departure I have had an arrangement with General Moore that I could send to him letters from General MacArthur and those which I write in his behalf and personal notes to the Philippines in his care. He in turn has had them delivered as and when convenient. I hope that I can continue this procedure as it is much more simple and expeditious than mailing through the postal services.

Sincerely,

COURTNEY WHITNEY

Dear Floody:

I received a few days ago your letter of June 4th and yesterday the one of the 23rd and note from both that we are fully in accord with respect to the pending issues with Benguet.

I note your concern with regard to the projected annual meeting of Consolidated Mines but I do not see how it is possible for any group of brokers to muster sufficient stock representation to ensure a quorum. It would take over two hundred million shares and if Mac merely holds our proxies and those of any large holders which he can easily procure, he can refrain from putting them in if to do so would be to build up the necessary representation to constitute a quorum. I have no idea how much stock is in brokers' hands but we could easily determine the amount that is in the brokers' names and, of course, the brokers themselves would have to secure proxies covering any street certificates or pledged shares which they held against accounts. My viewpoint is that my appearance on the scene would attract so much unusual notice as to precipitate a fight if there is in fact any such potential, rather than to offset any threat. I do not believe that the threat, if any, is such as to call for unusual steps. I believe that my strength in this situation would be infinitely more effective if it were thrown in should any trouble actually develop, rather than to forestall any anticipated trouble. The moves for Mac to make would be so simple that I cannot see how he could possibly go astray.

It has seemed to me for some time that we should as soon as we possibly could declare and pay a dividend. With this in mind I addressed certain questions to Mac some time ago and he replied as per the attached. There is, of course, considerable merit to his suggestion that we wait until we can declare a 25 per cent dividend. I am quite sure that if we were to declare a 25 per cent dividend and let it be known that it was anticipated, that such would be the smallest annual dividend to be paid thereafter, that in the period between the declaration and payment the stock would rise considerably in value -- possibly sufficient to justify a sale rather than to wait for the actual

dividend payment. Please give this matter some thought and let me know how you feel about it. It, of course, does involve both the question of potential tax liability and the Abra-Southern Cross payments and is a matter which you are in much better position to evaluate than I am.

My suggestion is that you advise Mac before calling the annual meeting to analyze the stock ownership and determine possibilities of any opposition group obtaining the representation essential to a quorum and at the same time determining any outstanding sizeable blocks on which we could obtain proxies, and on the basis of such analysis let us discuss the matter further.

You will note in his letter that Mac points out there are still fifty million shares yet to be released in accordance with Republic Act No. 52. What is the status of these shares? Would this situation form the basis for an indefinite postponement of the annual meeting if there is any danger from opposition action?

I am delighted that you were able to boil down your conflict with the Judge to one of near settlement. The delayed payment in that settlement would, of course, effect our ability to pay a sizeable dividend in the early future.

I am very happy that you have adjusted your course to the search for a climate which is conducive to your recovery. I hope that you remain firmly determined upon this purpose and relegate everything else to a secondary consideration.

With affectionate wishes always to you all,

Sincerely,

Mr. R.P. Flood,  
484 Vassar Avenue,  
Berkeley, California.
