The Aim of Javanese Wikipedia & Its Community

	Javanese Wikipedia & free knowledge movement
● **To raise awareness, to encourage people**	**Javanese language preservation through Wikipedia**
	The spelling & the standard form of Javanese
● **To revitalize Javanese language**	**Showing that Javanese is a living language & able to survive in the modern era**
● **To break the stereotype about Javanese language**	**Through sharing sessions, discussions, while writing or fixing articles together on Wikipedia**
● **To increase the number of representations of Javanese language on the internet**	**The representation of Javanese language on the internet is less than 0.1%**

Challenges:

1. People with adequate Javanese writing skills yet NOT willing to write.

2. People who are not confident with their Javanese writing skills and NOT willing or hesitate to try to improve themselves.

   - The fear of making mistakes while writing in Javanese (spelling, grammar, the speech style).

**The estimate of the usage of Javanese language on the internet - Only less than 0.1%**
