

Dear Burleigh -

It is now but a little over
2 months to our next Annual Meeting
in New York. I must beg of you to
put aside other work for a time, so far as
you possibly can, and let us have the
Ann. Report down to May 1858. - Please
write & let me know (at 21 Cornhill) when
you think you can send us the work
complete.

I mailed sundry copies of your
Speech the other day, - to your wife, yourself,
& to various friends in Connecticut, Florence, &c.
& to persons in Vermont & elsewhere. We have
furnished a copy to every Member of the New-
York, & Mass^{ts}, Legislatures. So you are
lecturing pretty extensively, just now, - thanks
to the Printing Press, - and can afford to lie by
a little from your weekly travel, & write us up.

Let me hear soon. Truly Yrs
