OCT 3 1952

1

1. Check Sheet, G2 to Chief of Staff, subject: "Pay Scale for Indigenous Linguists Employed by MISG/FE (Adv)", dtd 15 Jul 52 (Incl 1), requested authority to classify and pay forty-six (46) indigenous Korean intelligence employees of Military Intelligence Service Group, Far East (Advance) in Korea under the "Critical Military Specialist (CMS) Pay Scale" established for KUSAK. Basis of request was MISG/FE (Adv) inability to retain qualified indigenous intelligence employees or hire adequate replacements under restrictions of a pay scale substantially lower than that authorized for KUSAK intelligence employees in comparable positions. These specialists are essential in view of the entirely inadequate supply of military and DAC Korean and Chinese linguists and the loss of their services would seriously impede the strategic intelligence collection effort in Korea. Comptroller interposed no objection to including MISG/FE (Adv) personnel under CMS pay scale and G5 concurred. Approved by Deputy Chief of Staff, 13 Aug 52, initials "BMB".

2. Incl 2 is CINCPAC letter to CG Eighth Army authorizing CG, 511th Military Intelligence Service Company (formerly MISG/FE (Adv)) to classify forty-six (46) qualified Korean employees under the CMS pay scale. 2d Ind thereto, Hq Korean Communication Zone to CINCPAC:

a. Advises that recommendations of the Wage Coordination Board appointed per CINCPAC message CX 53402 forwarded to CINCPAC included elimination of the CMS pay scale with the establishment of revised wage scales.

b. States that:

(1) Special wage scales discriminate against employees of units which cannot qualify for the added benefits.

(2) The critical shortage of Interpreter-Translators has resulted in personnel not fully qualified gaining access to the CMS scale, at the same time qualified personnel (not in G2 or G3) are not permitted these benefits.

(3) The CMS scale not only provides wages starting at least 500% over the present KUSAK scale, it also authorized Korean U.S. rations and mess privileges.

(4) The above has resulted in dissatisfaction among indigenous personnel and ill-will among employing units.

c. Requests that basic communication be reconsidered.

3. GINCUNC message CX 55841, 26 Sep 52, to CG Korean Communication Zone (Incl 3) grants authority to accept recommendations of the Wage Coordination Board referred to in par 2a above and implement the new wage and classification plan effective 1 Nov 52.

4. The accepted recommendations of the Wage Coordination Board take specific cognizance of the CMS pay scale and exempt personnel classified and paid thereunder from the 1 Sep 52 pay increase to be provided as an interim measure to full implementation. Consequently the G2 position remains the same as that which necessitated the action in Incl 1, that the indigenous intelligence specialists employed by 511th MIS Co must receive compensation equal to their EUSAK counterparts if their services are to be retained. To withdraw the CMS classification of these people so recently granted would be particularly undesirable since they have already received 2 months pay under this system and since the additional period involved would be only a month or two at most.

5. It should be pointed out that the CMS pay scale privilege has been very cautiously and conservatively utilized by the 511th MIS Co. Only one (1) employee has been classified into the second pay grade (\$.40 per hour), all others are in the lowest pay grade (\$.30 per hour). Ration and mess privileges have not been extended to this personnel even though authorized.

6. In view of the above recommend that:

a. No action be taken to revoke authority established by GINCUN letter, dtd 16 Aug 52, subject: "Pay Scale for Indigenous Linguists Employed by Military Intelligence Service Group, Far East (Advance)" (Incl 2).

b. The CMS pay scale as applied to indigenous employees of the 511th MIS Co be discontinued concurrent with classification of these employees under the approved pay scale recommended by the Wage Coordination Board when effective.

c. Draft 3d Ind to CG, Korean Communications Zone (Incl 4) be approved for dispatch.

Authority for classification of intelligence personnel under this program is delegated to ACOFS, G2 EUSAK. MISG/FE(Adv), the G2, FEC strategic intelligence agency in Korea, is not considered in reference letter although logistically supported to include hiring of indigenous personnel by EUSAK. Such action would be consistent with policy objective of providing a uniform compensation and classification plan for all direct-hire indigenous employees in Korea.

2. The entire problem of compensation and classification of indigenous employees is now being reviewed by EUSAK and KComZ preparatory to forwarding recommendations to Headquarters, Far East Command. Any changes made in the present EUSAK-Air Force pay schedule should be reflected in the pay scale of the indigenous linguists of MISG/FE (Adv).

CX 55841 In reply your letter 30 Aug 52, subject: Wage Coordination Board Report. Msg in 2 parts.

1. Authority granted to accept recommendations of the Wage Coordination Board and take following action:

a. Implement, effective 1 Nov 52, the new wage and classification plan prepared by UNCAK for all indigenous direct hire employees of the UN Armed Forces in Korea with deductions from rates of pay for services, issues-in-kind, rations and privileges that are extended to these workers. It is understood that such deductions will not be made from the payroll, but from the rates of pay to minimize the increase in won drawings and that the deductions will generally follow the market value of such goods and services.

b. As an interim measure to prevent serious labor dissatisfaction, increase wages of direct hire employees of all UN Forces in Korea 100%, effective 1 Sep 52. Further, during the interim period effective 1 Sep 52, increase ration deductions from 1,000 to 2,000 won.

2. This authority is granted with the understanding that:

a. All the UN military commands in Korea will take necessary steps to reduce the number of compensable man-hours of indigenous direct hire labor to the minimum amount consistent with the safe and efficient operation of the missions of their commands.

b. Issues-in-kind and services will be provided to the maximum extent feasible to reduce won drawings.

Pay Scale for Indigenous Linguists

Chief of Staff

JUL 15 1952

THRU: Comptroller

1 Letter, Hq EUSAK, file AG 230 KGL-K, dated 18 June 52, subject: "Pay Scale for Korean Civilian Linguists Engaged in Intelligence and Psychological Warfare Operations" (Incl 1) establishes a "Critical Military Specialist (CMS) Pay Scale" for Korean employees engaged in intelligence and psychological warfare operations in Korea. Authority for classification of intelligence personnel under this program is delegated to ACoS, G2, EUSAK. MISG/FE(Adv), the G2, FEC strategic intelligence agency in Korea, is not considered in reference letter although logistically supported to include hiring of indigenous personnel by EUSAK. MISG/FE(Adv) cannot retain essential indigenous intelligence employees nor hire adequate replacements at a pay scale substantially lower than that authorized for EUSAK intelligence employees in comparable positions. In view of the entirely inadequate supply of military and DAC Korean and Chinese linguists, MISG/FE(Adv) operations are supported to a large extent by these indigenous employees. Consequently, the loss of their services would bring the strategic intelligence collection effort in Korea to a virtual standstill.

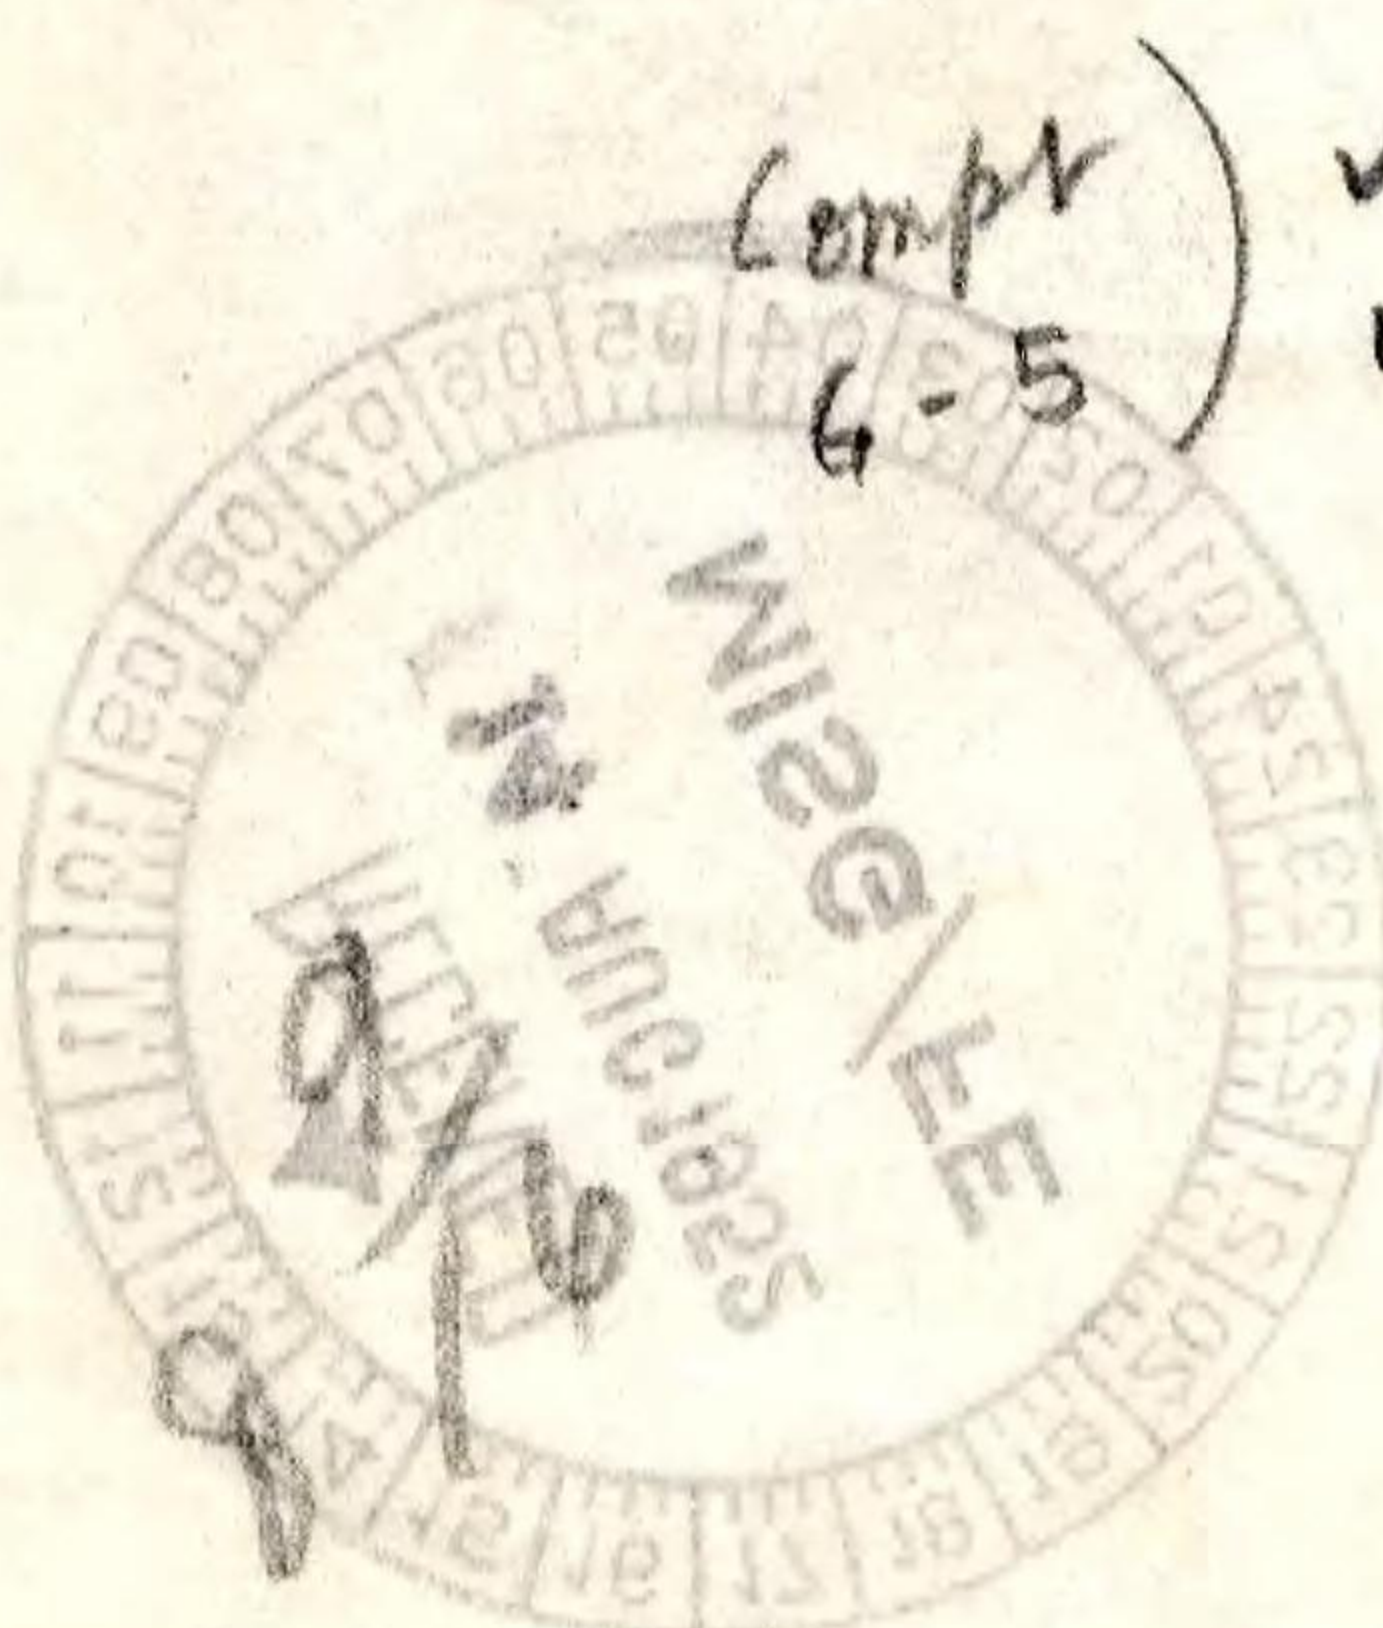

2. In conference 9 July 52, Col Alexander (G2 Section, EUSAK) advised Col Rasmussen (MISG/FE) that EUSAK desires command approval to include MISG/FE(Adv) employees under the CMS program, since this organization is a Hq, FEC unit.

3. Incl 2 is command letter to CG, EUSAK which requests that CO, MISG/FE (Adv) be authorized to classify forty-six (46) currently employed Korean indigenous intelligence employees under the pay scales established by reference letter. Recommend approval and dispatch.

SUBJECT: Pay Scale for Indigenous Linguists
Employed by MISG/FE (Adv)

FROM: COM

TO: Cofs

DATE: 31 July 1952

THRU: G-5

2

1. COM interposes no objection to extending the Eighth Army pay scale for indigenous linguists in Korea to include Korean linguists employed by MISG/FE (Adv). A uniform pay scale for all direct-hire indigenous linguists should apply to all commands, including Air Force and Navy as well as to all elements of the UN Command.

2. It is the opinion of COM, however, that the comments of G-5 should be obtained regarding the impact of such a pay scale on the Korean economy.

1. G-5 considers it desirable that the Eighth Army pay scale for indigenous linguists be extended to include Korean linguists employed by MISG/FE (Adv). Such action would be consistent with policy objective of providing a uniform compensation and classification plan for all direct-hire indigenous employees in Korea.

2. The entire problem of compensation and classification of indigenous employees is now being reviewed by EUSAK and KComZ preparatory to forwarding recommendations to Headquarters, Far East Command. Any changes made in the present EUSAK-Air Force pay schedule should be reflected in the pay scale of the indigenous linguists of MISG/FE (Adv).

3. It is considered the counter inflationary measures incorporated in the economic stabilization plan now being implemented pursuant to the Agreement on Economic Coordination should be relied upon to contain possible inflationary pressures which may develop from legitimate wage increases.
