

**GRADUATES ENTERTAIN**

**CLASS DAY EXERCISES AT UNION HIGH PLEASE BIG AUDIENCE**

An audience which taxed the seating capacity of the High School Auditorium and which was brim full of appreciation and enthusiasm, enjoyed the Class Day program given by members of the graduating class Tuesday evening. There are eight in the class which includes:

- Verne Nyman,
- Carrie Stone,
- Carolyn Foss,
- Harriet Williams,
- Louise Storer,
- Leone Shattuck,
- Augusta Wallis,
- Lloyd Lanterman.

As always, the numbers by the High School Orchestra were much enjoyed.

The time honored "Class Prophecy" in spite of the ground having been covered so many times before by preceding classes, was cleverly worked out by Harriet Williams and effectively delivered by Leone Shattuck.

The Class Will by Augusta Wallis was equally original and well received.

The class play was a rather clever little skit in two acts which afforded scope for the display of considerable talent on the part of members of the cast, viz.

- Verne Nyman,
- Emerson Padelford,
- Merritt Brown,
- Carrie Stone,
- Carolyn Foss,
- Harriet Williams,
- Louise Storer,
- Leone Shattuck,
- Augusta Wallis.

It was based on the intense hatred felt by Reginald Peters (played by Verne Nyman) a grouchy bachelor, for all women except his twin sister played by Carrie Stone. The twin sister grows very tired of being cut off from all her women friends and gets up courage enough to invite a few to visit her. Many more than she expected arrive and the resulting complications make up the plot. Excellent character work was done by the two darkey impersonators, Louise Storer and Merritt Brown.

Harriet Williams was excellent in the "girl from New York." Not all could be stars but all did well and reflected credit on Miss Abbie Terry, teacher of Dramatic Art and oral expression, who has been training them.

The clever stagecraft of Hubert Wood and Harold Dewey in producing a flickering grate fire with electric lights, should not be overlooked.

The class history of these boys and girls who have no past but instead  
(Continued on Page 4)

**GOES TO CAMP HANCOCK**

**MERLE ECKLES AMONG SEVEN HUNDRED CAMP KEARNY BOYS SENT EAST**

Merle Eckles who has been at Camp Kearny, 143d Regiment, Battery A, First Field Artillery, has been transferred with about seven hundred other soldier boys to Camp Hancock near Augusta, Georgia. The boys passed through Los Angeles Tuesday evening and are now on their way. Merle is, so far as known, the only Glendale boy in the bunch. He and about four hundred others will enter the mechanical school maintained by the government in connection with the factory where motor trucks are being manufactured for government use and there the boys will be taught their construction and operation from the ground up in order to fit them to be motor drivers in the army. It is not enough to know how to drive a truck, the soldier detailed for that service must also know how to repair and keep it in order. It is expected that Merle and his associates will be kept at Camp Hancock for several months before being sent across the water. Merle's friends are rejoicing in the fact that he has been transferred to a camp so far south where the change from California climatic conditions will not be severe.

**MEN WILL ENTERTAIN**

The men of the Holy Family Catholic church are to be hosts tonight at a card party in the new Elks Club building, to which everyone is invited. Five hundred will be the game. The men will entertain with their characteristic hospitality and a good time is assured all who attend. Both men and women are invited. The proceeds go into the building fund for the new church.

**AT CAMP KEARNY**

**LIVING UP TO HIGH IDEALS MADE EASY FOR BOYS IN CAMP**

A forty-five minute ride by auto took us to the center of this great school of experience where "our boys" are being trained daily to higher and higher degrees of efficiency.

Being Wednesday afternoon, there were none of the usual military preparations, yet activity was written large over all.

Everyone knows all about the hard work, the plain fare, the narrow tent-limits of camp life, as well as the physical development which these are bringing out.

There are other sides which, perhaps are not so generally understood and of these, I shall speak.

I feel that every wife and mother owes lively gratitude to the Y. W. C. A. for the beautiful thought that this organization has worked out. I believe, in every cantonment, under the name of the "Hostess House."

As I entered the door I was surprised and delighted to find an immense living room, airy and bright with many windows, well screened and shaded and draped with curtains of bright chintz.

Many Navajo rugs on the floor carried out the color scheme, while in a deep wide fireplace at the end, whole tree-trunks burn all day and evening, completing a scene of home-like comfort.

Large sofas and easy chairs are arranged as social centers throughout the room, supplemented with dozens of cozy army chairs and rockers in black and green wicker work.

A long table, capable of seating 12 to 16 at once, is furnished with reading lamp and writing materials, while a piano draped with the stars and stripes in silk stands ready for use.

A clock ticks on the mantel, large vases full of foliage stand here and there, making a picture which must be dear to many a heart in camp.

A cafeteria, fitted to accommodate many parties of 4 to 6 in connection, together with information bureau, telephones, lavatories, etc.

A Y. W. C. A. worker is in attendance as "Hostess" day and evening, supplying a charming feminine note without which the place would be incomplete and the keynote certainly is hospitality in its broadest, fullest sense.

Here "our boys" are welcome as the sun—it is all for them and their friends.

Here father, mother and son, husband and wife, brother and sister, may meet and enjoy each other, but best of all the boys may spend their evenings, their half-holidays, their Sundays in this satisfying environment.

Is it appreciated?  
I should say so.

During a long afternoon, I took quiet note of the many men who came and went.

They were of the very best type of our American young manhood, drawn there, as by a magnet.

Hats were doffed and cigarettes discarded as they entered, to gather around the table to write or around the piano to sing and play, some to read, others to sit before the fire and dream, while the happy hum of talk and laughter overhung all without a boisterous note.

Not far from here is the Library. Again a wave of gratitude rose as I saw this fine large room with its many tables and chairs, its racks of books and library service, all recalling the arrangements of our own city library.

This building is warmed with floor-furnaces and was full of men, reading and studying in quiet relaxation.

The librarian told me they have 15,000 books in camp. Looking over the racks, I found all the familiar authors. Is it appreciated? Yes, indeed.

Verandahs stretch the length of both buildings filled with quantities of chairs, most of which held one of "our boys" or one of his friends.

I was so glad to see that the better, higher needs of the men are catered to so beautifully.

I surely was comforted about them, realizing very clearly that the higher nature need not be starved in camp life.

I came away feeling that the boys can live up to their ideals as well in camp as at home—that they may progress and develop there, not only physically, but mentally and morally and spiritually—that like will draw to like there as elsewhere—that the froth of life will pass away, revealing the hidden springs of true manhood, perhaps more quickly there than in the ordinary course of home and business life.

MARY C. JOLLEY,  
1426 Salem Street.

**STRIKES IN BERLIN SPREADING**

**SOCIALISTS OF ALL DEGREES HAVE JOINED THE MOVEMENT AND WORKMAN'S COUNCIL IS FORMED**

(Special Service to Glendale Evening News)  
COPENHAGEN, January 30.—Five hundred thousand are out on strike today in Berlin alone and the movement spreading to provincial towns is growing hourly. Danzig and Hamburg already are affected and the shipyards at Vulcan and Kiel and the great Krupp works have felt the strike. In Berlin a Workman's Council has been formed.

This information came in Berlin dispatches passed by the censor.

The Workman's Council will be represented by "An action commission" of ten men and women. Philip Scheidemann, majority socialist leader, and socialists of varying degrees have joined the movement.

**AMBASSADOR FRANCIS THREATENED**

**ANARCHISTIC RUSSIANS SAY THEY WILL HOLD HIM RESPONSIBLE FOR LIFE OF BERKMAN**

(Special Service to Glendale Evening News)

PETROGRAD, January 29 (Delayed).—An ultimatum declaring that American Ambassador Francis will be "held personally responsible for the life and liberty of Alexander Berkman" was forwarded to Ambassador Francis by an anarchistic group of sailors and workmen at Helsingfors.

**DANGEROUS INTERNATIONAL SITUATION**

**GOVERNMENT EMBARRASSED BY THREAT OF RUSSIAN ANARCHISTS IN BERKMAN CASE**

(Special Service to Glendale Evening News)

WASHINGTON, January 30.—The anarchistic threat to hold Ambassador Francis responsible for the life and liberty of Alexander Berkman, indicted for conspiracy to defeat the draft law, was confirmed in official circles today.

The action to be taken by this government has not been determined.

A dangerous international situation has developed as the result of this anarchistic move. The government can not stay the progress of the law toward Berkman, but every effort will be made to appease the anarchists. News of the president's action in intervening for a new trial for Thomas Mooney has been cabled to Russia with the hope of quieting the anarchists. The government is embarrassed by the situation since there is no government in Russia with which this country has been dealing.

**U. S. WILL DRAFT ENGLISHMEN**

**GREAT BRITAIN AND CANADA HAVE AGREED THAT AMERICA MAY CONSCRIPT THEIR NATIONALISTS HERE**

(Special Service to Glendale Evening News)

WASHINGTON, January 30.—Great Britain and Canada have agreed that the United States may draft their nationalists in this country, Secretary of State Lansing announced today.

Englishmen and Canadians will be given a specified time to return to their own countries. If they do not they will be drafted in the American army. A similar procedure will obtain toward Americans in England and Canada.

**TRANSPORT SHIPS ARRIVE SAFELY**

**LINERS FORMERLY PROPERTY OF GERMANY CONVEY THOUSANDS OF AMERICAN TROOPS TO FRANCE**

(Special Service to Glendale Evening News)

PARIS, January 30.—The great steamer, Leviathan, formerly the Vaterland, has arrived at a European port carrying thousands of American soldiers. The voyage was uneventful. Permission to make this announcement was given today.

Permission was also given to announce that fourteen other transports also have all arrived safely at European ports carrying thousands of troops and thousands of tons of supplies.

Every one of these transports arrived ten months earlier than their former German crews anticipated when they smashed the machinery aboard each liner. The steamers Baron von Steuben and Baron du Kalb are now actively engaged in the American service. Half a million tons of shipping formerly the property of the enemy are now being utilized by the United States and her allies.

**CONTINUE AIR RAIDS**

**THREE KNOWN TO BE DEAD AND SIX OTHER BODIES MAY BE FOUND AS RESULT OF LAST NIGHT'S ATTACK**

(Special Service to Glendale Evening News)

LONDON, January 30.—Three persons are known to have been killed and ten injured in last night's air raid over London, Lord French announced today. The official statement feared that six other bodies might be found buried in the wreckage.

**VICTORY GARDENS**

**BOYS AND GIRLS OF GLENDALE HAVE STARTED CAMPAIGN TO FEED SAMMIES**

It has been said by someone who evidently knew (possibly Napoleon) that an army fights on its stomach. Boys and girls of the Glendale Grammar Schools have started in to do their bit in helping to keep the Sammie's stomachs filled. The piano box has been moved out of the sunny corner to the shade of the pepper trees. The old chicken-pen has been dismantled and stored away, while its fertile floor has been spaded under. Every tot and adolescent knows that each bunch of vegetables brought in from the back yard for mother's stews and salads, adds just that much to the food supply of the nation. They can tell you exactly how it works and why.

As an aid to our youngsters in their beginnings for Victory Gardens, formed by Victory Gardeners, no other agency has been so helpful as our Glendale Garden Society. This organization has loaned to our grammar school system a revolving fund with which its purchasing committee has bought seeds of a local seed merchant at market-gardener's prices. Its able distributing committee, with Mrs. Ackley as chairman, has spent some time in evenings past packing these seeds. Miss Olive Williams is the "lady wizard" who manages to put in almost a nickle's worth which is sold to the children for one penny. Packets of beans contain 40 to 45 Kentucky Wonders, enough for 8 ft. of that back fence. Tomato packets (Beefsteak variety) contain 80 to 100 seeds. Beets, 1 teaspoonful per packet. Other seeds run in similar proportions—Swiss chard, So. port white globe onion, early Egyptian beets, parsley, radishes (three varieties), carrots, stringless bush beans, Golden Bantam and Oregon Evergreen sweet corn, banana squash, oyster plant (salsify), Los Angeles Market Lettuce, giant peppers, spinach, English mustard (for greens) and turnips.

These seeds are sold to the children at school, under the supervision of the various teachers and principals who keep an accurate record of children purchasing, number of packets, etc. It is obvious that these seeds are not to be furnished to the grown-ups, and that not more than two packets of any one kind may be sold to one child. In about two weeks the various schools will be ready to loan their Planet Jr. hand-plows to boys and girls for use on Saturdays and after school hours, these plows, of course to be returned in condition as good as that found at receiving time.

The school representatives in this Victory Garden movement are very grateful indeed to several of our patriotic citizens for so graciously accepting our invitations to be of service. Mr. David Black of Kenneth Road, Casa Verdugo, will be glad to instruct children in garden ways for the Central Avenue district. Mrs. C. W. Kinnan of 1468 Patterson, and Mr. Tom Hutchinson of 127 Orange street, will help boys and girls with the practical back yard problems of the Columbus Avenue school district. Mr. Hartman of the Mason Apartments, will help the Victory Gardeners of the Pacific Avenue school district. Mr. Ault, of 245 S. Glendale avenue, will help in the Doran street district. D. F. Hartley of 257 East Broadway and Mrs. G. B. Woodberry of 419 Glendale avenue, are greatly interested in helping the Broadway district gardeners. Mr. Ellart Nelson of 151 W. Tenth street, Tropic, will help Colorado boulevard children on Saturday afternoons. Phone 402-R.

Mr. Mark Keppel, our County Superintendent of Schools, recently stated before a large meeting of the Los Angeles County Supervisory Association in words to the effect that every unproductive back yard is a tomb-stone for a Belgian or French child, and that every vacant lot is a monument for a dead soldier or sailor.

Let us make Glendale a city of gardens—not monuments! Germany, we are told, is filled with very beautiful monuments. Boost for the children, and you boost Uncle Sam. Make Victory Gardens with them. Study a reliable seed catalogue and remember that water is cheaper in Glendale than in any other town of California. If it costs you 25 cents to grow 20 cents' worth of carrots, grow them anyway. You can't eat your quarter, and you can't eat the soil in which they are grown. That is the proposition—yours, Uncle Sam's and mine.

(Signed) HELEN WHITE,  
Supervisor of Agriculture and Nature Study, Glendale City Schools.

WEATHER FORECAST—Fair tonight and Thursday. Frost in exposed places.

**DRASTIC REQUIREMENTS**

**HEAVY PENALTIES IMPOSED FOR FAILURE TO FILE INCOME TAX RETURNS**

The income blanks which must be filled out and filed by all citizens by the first of March or incur penalties, are to be placed at the headquarters of the Exemption Board where all may get them and where a number of teachers of the High School and the Grade Schools will be present in the evenings to assist all who desire help in filling them out. These blanks will not be mailed to citizens. Instead the responsibility of securing them and filling them is upon the individual.

Form 1040A is for the individual income tax return for net incomes of not more than \$3000. Under its provisions all married persons living with wife or husband who have a net income of \$2000 must fill out a blank, and all unmarried persons or married persons who are not living with wife or husband who have a net income of \$1000 must also file returns. Provision is also made for filing returns on the combined incomes of husband and wife or of parents and children.

If you are married and live with your wife (or husband) or are the head of a family, you are entitled to a personal exemption of \$2000 plus \$200 for each dependent child under eighteen years of age (or mentally or physically incapacitated for self support). If husband and wife make separate returns this exemption may be claimed by either but not by both, or may be divided between them.

If you are not married or do not live with your wife or husband, or are not the head of a family, you are entitled to a personal exemption of \$1000 only.

The "head of a family" is a person who, in accordance with some moral or legal obligation actually supports and maintains one or more individuals closely related to him or her by blood, marriage or adoption.

The affidavit must be executed by the person whose income is reported unless he is a minor, unless he is ill, absent from the country, or otherwise incapacitated, in which case an agent may execute the affidavit.

The return must be sent to the Collector of Internal Revenue of the District so it will reach him before March 1st, 1918.

The penalty for making false or fraudulent return may be a fine not exceeding \$2000 or imprisonment, not exceeding one year, or both in the discretion of the court, and in addition 100 per cent of the tax evaded.

Penalty for failure to make return on time not less than \$20 nor more than \$1000 and, in addition, 50 per cent of the amount of tax due.

Penalty for failure to pay the tax when due, five per cent of the amount paid plus 1 per cent, interest for each full month during which it remains unpaid.

**SOLDIER WELFARE**

**VAGRANTS AND CAMP FOLLOWERS TO BE ROUNDED UP AND INTERNED**

The meeting of Justices of the Peace and County Recorders held in Los Angeles last Saturday was but a part of the soldier welfare movement that is developing along so many lines and that eventually comes back to the welfare of the people.

When interviewed in regard to the matter Judge Lowe stated that years ago such an organization existed but it died for lack of interest. "But now," said he, "the government is vitally interested in the physical condition of our soldiers in all the camps, and they are urging upon the various State officials and municipal authorities the adoption of some plan to curtail just as far as possible the activities of vicious people who might be able to get a footing near these places, and it is done for the moral and physical welfare of the men.

"The meeting was called primarily to agree upon a uniform action by all of the city police judges, city recorders and justices of the peace throughout the county along those lines, that is to say, the handling of lewd women and vagrant men. Instead of fining them to send them down to the county jail and there they will be subject to inspection by the Board of Health and if they are found to be in an unclean condition, they are isolated.

"The County has rehabilitated the old Los Felis Hospital and the women will be placed there. The men will be sent elsewhere.

"That was one of the objects of calling these officials together and

## MADE-IN-GERMANY LIES CIRCULATED IN CANADA

Canada is also having trouble with Made-in-Germany lies calculated to hinder Canadian food conservation, according to an official statement received from the Canadian food controller by the United States food administration.

The stories bothering Canada are of the same general character as those the United States food administrator recently denounced in this country, such as the ridiculous salt and bluing famine and the report that the government would seize housewives' stock of home canned goods.

The Canadian food controller estimates that when the people listen to and pass on such stories, each one has the power of destruction that lies in a battalion of soldiers.

"Stories without even a vestige of foundation have been scattered broadcast," said the Canadian statement. "Nor have they come to life casually. They have started simultaneously in different parts of the country and in each instance have been calculated to arouse public indignation.

"They are insidious, subtle, persistent. Bit by bit they dissipate public trust, the great essential in the work of food control.

"It lies with every individual to forbear from criticism; to refrain from passing on the vagrant and harmful story, and thus the more effectively to co-operate in work which is going to mean more than the majority of people yet realize."

## PROPOSED NEW DRAFT LAW

The new draft law does not change the age limit for the national army. It merely provides for including the young men who have become 21 years of age since June, 1917, the date of the first registration for army service.

It was the war department, on the advice of the army officers, which rejected the suggestion for increasing the age limit beyond the 31 years now provided for. The army wants young men, not only because they make the best soldiers, but because they have not formed the attachments at home that would handicap their service, as older men are apt to have done.

The army wants care-free men, who will not go to war with divided responsibilities. Men who do not first sit down and count the cost and weigh their home ties in the balance with the duties at the front.

It is estimated that the new provision will bring to the army seven hundred thousand young men. It will make ample provision for leaving out of the service for the present, at least, those with dependents and those who can serve the country more efficiently at home than at the front.—K. C. Star.

## LOAN YOUR MONEY TO UNCLE SAM

Have you purchased a thrift stamp yet? They only cost twenty-five cents, and they may start you on the road to saving that will ultimately lead to a good bank account. Any habit is easily learned, consequently the habit of saving and thrift can be cultivated. Now is the time to begin, when only two bits will act as a starter. One little thrift stamp will lead to a war savings stamp. This costs only a few cents over four dollars and bears such interest from the government that you will receive five dollars for it on the first of January, 1923. By that time the habit of saving will have become such a part of the people of the United States that the spirit of thrift will be manifested in all things. Start your first thrift stamp on a savings card today and watch your money grow.

## A THEORY EXPLODED

The common belief that the average of physical soundness is higher among country boys than among the city-bred is not supported by the record of the selective draft.

For the purpose of comparison, selection was made of a typical set of cities of 40,000 to 50,000 population, with no large immigrant element, and distributed over ten different states, and a corresponding set of counties of the same total size, located in the same states and containing no city of 30,000 population.

The result was virtually a tie. The country lad, accustomed to hard physical labor, may be more muscular than his city cousin, but he is not superior in the possession of the degree of physical soundness essential to his acceptance as a soldier.

## OUR ARMY IN 1919

With military critics already forecasting a fifth year of the war—it is now half way through its fourth year—it is of more than passing interest to take stock of our own military establishment, as a means of making some estimate of what the future may yet demand of us.

For some reason there is a bit of pessimism with reference to the 1918 campaign. At bottom, this is doubtless because of the fact that Russia is definitely out of the war, and the question is seriously raised as to whether the United States can get into it in real force this year. If we do, it will be nothing less than a miracle for an army of such proportions to be raised, drilled, equipped and transported across an ocean within such a limited time. And knowing this, Germany, by all the signs, is preparing for an attack on the western front that may greatly lengthen the war. It is not conceivable to think of German victory ultimately, but should her released divisions and armament from the Russian front be added to the immense forces already in France and Belgium, it causes the bravest heart to beat faster as one thinks of the possible results of that great movement against the allies. Should it be successful or even partially successful, 1918 will not see the end of the war.

And if not, 1919 will doubtless see 2,500,000 American soldiers under arms and following the flag without calling any additional men than those already utilized or available. There are already 1,200,000 men with the colors, including in this total the enlarged

## War Savings a Daily Service

THE men in France and our soldiers at sea don't serve "every once in a while." They serve all the time, day and night, until the War is won.

We too must serve—every day. We must serve by saving the dollars that save lives.

### LECTURE AND DEMONSTRATION BY MRS. HAZZARD

Thirty enthusiastic women were present at the last demonstration by Mrs. Hazzard, Food Expert, in this city Tuesday.

Mrs. Hazzard gave a vivid demonstration of the amounts of sugar used by people of the United States as contrasted with the amounts used in England and France. Our government is asking us to cut our sugar consumption to three and three-sevenths tablespoonfuls per person per day. We have used as a nation about twice that amount. France has a sugar ration of 1 tablespoon per person per day, and England a trifle more. And yet some unpatriotic persons are grumbling over sugar restrictions. Let us rejoice that we can do, with a willing heart, anything that will help win the war for democracy.

This week the following recipes were demonstrated.

#### Corn Meal and Fruit Gems

¾ cup yellow corn meal,  
 ¾ cup white flour,  
 1 teaspoonful salt,  
 2 teaspoonfuls baking powder,  
 2 tablespoonfuls brown sugar or less.

About ¾ cup liquid,  
 1 or 2 tablespoonfuls melted fat,  
 1 cup chopped apples or cooked prunes.

Mix and bake in gem pans for 25 to 30 minutes in moderate oven.

Mrs. Hazzard gave warning to be sure to cook all cereals a long time.

#### Corn Meal Gingerbread

1 cup corn meal,  
 1 cup white flour,  
 1 teaspoonful ginger,  
 1 teaspoonful pastry spice, dash of nutmeg,  
 ½ teaspoonful salt,

¾ cup sugar,  
 ¾ cup boiling water,  
 1 tablespoonful shortening.  
**Pie Crust**

A new pie crust was baked and proved very delicious. Rolled oats when run through a meat chopper, makes a fine grained cereal which can be used with much better results than when whole.

2 cups rolled oats (ground in a meat grinder),

1 teaspoonful salt,  
 1 tablespoonful fat,  
 1 cup boiling water.

Mix and roll out as ordinary crust. Bananas with boiled rice will serve as a palatable luncheon dish.

#### Baked Bananas

The banana dish demonstrated proved very tasty.

6 bananas sliced in half lengthwise and in half cross wise,

½ cup sugar,  
 ¼ cup water,  
 Little salt,  
 1 tablespoonful lemon juice.

Saute the bananas in small amount of fat until slightly brown, then add a little butter, the sugar, water and lemon juice and bake in oven, basting frequently.

Recipe for meatless dish demonstrated last week is follows:

2 cups cooked pink or kidney beans,

Cayenne pepper to suit taste,  
 2 tablespoonfuls of tomato juice,  
 Salt to taste,

½ cup grated cheese,  
 2 pimientos chopped fine.

Heat beans thoroughly, add tomato, salt, pepper and pimientos. When ready to serve, stir in the cheese.

This makes a dish whose food values are very highly concentrated.

Mrs. Hazzard has been called north to a conference of state work and will not be able to demonstrate here next Tuesday.

regular army, the national guard that has been taken over in the army, and the new national army provided for by the draft. In addition, there are 370,000 men certified for service who have not yet been summoned to the camp, while General Crowder estimates there will be an additional 1,000,000 men in class 1, as the classification is now made up. This makes a grand total of about 2,500,000 available for service without including the boys who have come of age since last June, whom General Crowder thinks should be registered at once. There are probably well toward another 1,000,000 of them.

If half the latter should be drafted and accepted, it would provide an army of 3,000,000 soldiers fit for the field in 1919 without any change in the draft ages or conditions, and without going below class 1.

The one thing that might make it unnecessary to transport this enormous army to France would be the failure of the kaiser's expected movement this spring on the western front, which both German and allied critics are confidently expecting. The result of that might end the war—but it must also be remembered that it may indefinitely prolong it.—San Bernardino Sun.

**Personals**

Mr. and Mrs. J. A. Haines of 1450 West Fifth street, are the happy parents of a seven-pound daughter born Monday, who has been named Irma Elaine.

A meeting of the Woman's Relief Corps of N. P. Banks Post will be held at G. A. R. Hall Thursday at 1 p. m. to practice ritual work. All members are urged to attend.

Miss Elizabeth Russell who has been visiting relatives and friends in Los Angeles and Glendale for the past three weeks left a few days ago to accept a position as teacher of mathematics in San Mateo high school.

Rev. McCrea will speak at the Baptist Church this evening on "Life at Camp Kearny" during the prayer meeting hour. Following his talk there will be a 45-minute study of "An Apostle in a Quandy" Philippians 1-19 to 30, by the pastor.

Mrs. P. J. Blake is enjoying a visit with Captain Blake's brother, James A. Blake, and his wife in Tucson, Ariz. James A. Blake is Instructor of Military Tactics at the University of Arizona. Mrs. Blake expects to be at her home on Cedar street in March.

Mrs. Carson Taylor of Los Angeles, has joined her husband at headquarters today in work for the Glendale Red Cross Chapter and is assisting in the Surgical Dressings Department. Mrs. Taylor had some thrilling experiences in connection with the war when getting out of Germany and an effort will be made to persuade her to give the details.

Because of the call from General Pershing for ambulance mechanics, David Young, who has been with Ambulance Company 158 at Camp Kearny, has been transferred to another Company which has been sent to the front. David came to Glendale to see his aunt, Mrs. Justin Stone, 945 Chestnut street, Sunday, and left for France Monday.

Mrs. C. E. Ellsworth of 932 Damasco Court, was hostess today at a noon dinner party at which a pink color scheme will be effectively carried out in floral decorations of pink carnations and maiden-hair fern, in the place cards and accessories. The guest list will include the following: Mrs. F. A. Brown and three children of Chicago, Mrs. Otto Vonden Steinen and her son Otto, Mrs. Will Hardy from Douglas, Wyo., and Mrs. Chas. Wendell of Glendale. The guests will remain for a social afternoon.

Yesterday was Kansas Day in Los Angeles County and the big picnic at Long Beach which brought together a crowd of not less than four thousand persons celebrated the admission of that State to the Union. A picnic lunch was served at noon and during the afternoon a fine program was given in the large Auditorium in Long Beach at which Rev. Clifford C. Cole of this city was the chief speaker. He is a native of Kansas and grew up there, and still thinks the Sunflower State is a pretty good place.

**MOVE TO MONTEBELLO**

H. H. Dreyer who has been a resident of this city for some time, has accepted a position in a general store in Montebello and gone to that city to live. Mrs. Dreyer is packing their household effects and will follow him in a few days. Their son Francis will be transferred to the Montebello High School and hopes to complete his course without loss of any credits. The good wishes of their many friends here will follow them to their new home.

Their son William C. Dreyer, who is a sailor boy, has recently been transferred from Mare Island Navy Yard to the U. S. S. Great Northern, one of the big steamships taken over by the U. S. Government. Henry Dreyer is still at the Submarine Base on the Atlantic side of the Panama Canal.

**DR. W. H. WALKER WILL SPEAK**

At the Prayer Meeting in the Presbyterian Church tonight, 7:30. Dr. Walker is the teacher of the Adult Bible Class at Temple Baptist Church in Los Angeles, and will give an exposition on the Sabbath School lesson for next Sunday, "Jesus Lord of the Sabbath." Come to Prayer Meeting and bring others with you.

**THAT MADE HER MADDER**

"They separated on account of incompatibility, I understand."  
 "Yes, he would never get angry when she was."

**NEVER THAT**

"Anyhow there was one thing he wouldn't do with his money."  
 "What was that?"  
 "Save it."

**FOR SALE**—Special prepared fertilizer for lawns and flowers. White's Dairy, Burbank, Route A, Box 283. Tel. Home Green 24. 58tf

**BIRTHDAY CELEBRATION**

Miss Frae Morse entertained very delightfully Tuesday afternoon in honor of her birthday. A pink and white color scheme was charmingly carried out in the rooms where the guests assembled to enjoy the ever-popular game of 500. Mrs. George Robinson was the delighted recipient of the first prize, Miss Marguerite Studebaker winning second while Miss Ellen Webber received the consolation. A musical program was not the least important feature of the afternoon. Miss Viola Yorba sang in her usual sweet way and Miss Clara Pearson also gave some vocal selections very charmingly with ukelele accompaniment.

The guests who enjoyed the gracious hospitality of Miss Morse and extended congratulations on this happy occasion were:

Misses Viola Yorba, Marguerite Studebaker, Barbara Mitchell, Clara Pearson, Ellene Webber, Dorothy Hunt, Ruth Wilson, Dorothy Morton, Frances Peckham, Aileen Freeman, Helen McMullen, Lenora Kelly, Ruth Boren, Mesdames John Wilcox, Thomas Furst, George Robinson, Frank Raymond, A. N. Burger, D. W. Hunt, Anna Smith.

**MUSICALE**

A pleasant event of the week promises to be the musical recital to be given Wednesday evening at the home of Miss Lois Webb, 1316 Milford street by pupils of Clarence E. Krinbill.

The students who will play are Miss Annabel McClellan, Lois Webb, Gertrude Coward, Margaret Landis, Frances Beatty and Thomas McClellan.

Assistance on the program will be given by Mrs. R. D. Jillson, a distinguished reader from New York City; Miss Mae Boreham, brilliant dramatic soprano and A. Wilhelm Albers, concert violinist.

**CHAPTER AH OF THE P. E. O.**

Chapter AH of the P. E. O. was entertained at the home of Mrs. William C. Mabry on Acacia avenue, last Friday. Assisting hostesses were Mesdames Andrew Stephenson, John Hobbs and John A. Logan. A delicious luncheon was served at 12:30, the tables being very beautifully decorated with violets. The attendance was large and a delightful afternoon was spent. Mrs. Gene Weaver, speaker of the day, giving a talk on P. E. O. work in California.

**VALENTINE DANCE AND CARD PARTY**

The Glendale Branch of the British Ambulance Society has arranged to give a Valentine Dance and Card party the evening of February 9th at the Masonic Temple on Grand Boulevard. Fine music has been secured and there will be some exhibition dancers.

For the card players there will be Five Hundred and Bridge and a prize will be given for each.

A large number of guests are expected from Los Angeles, Hollywood and elsewhere. The Society extends a cordial invitation to everyone and asks the hearty co-operation of all war relief workers in making this affair a great success.

Tickets at 50 cents will be on sale at the various stores in Glendale. If those who wish to play cards would kindly notify officers of the Society, it would be a much appreciated courtesy. They can be reached as follows:

Mrs. Frank England, president, 974-R.  
 Miss Ina Whitaker, secretary, 586-J.

This party is being given in place of the play that was to have been presented under the auspices of the Society. Miss Geraldine Mortimer, who was arranging for it, announced that it was impossible to produce it at present owing to the fact that the leading man had been called to his regiment and no substitute could be found at such short notice.

**STORE ROBBED**

The store building at Vine and Pacific avenue, formerly occupied by O. L. Kilburn but now used by W. C. Freeman & Son, was entered by a thief some time Tuesday night. All the money in the cash drawer was taken and a gunny sack was filled with goods from the shelves, canned goods, cheese and dry goods. The loss amounts to between \$15 and \$20. The double doors at the entrance to the store were pried apart and forced open. It is believed that some hungry tramp was the thief.

**THE TRIAL OF JESUS**

Beginning with tonight, Rev. R. W. Mottern of the Lutheran church, corner of Fifth and Maryland, is beginning a series of Wednesday night studies on the "Great Trial and Condemnation of Jesus." In this course of studies from every point and angle legal, moral and religious this great trial will be studied with a view to prepare both mind and heart for a deeper appreciation of Easter, and giving a richer and fuller understanding of this greatest trial of history. The subject for this evening is "The Method of a Jewish Trial." Without regard to creed or no creed, this study should arouse much interest and many avail themselves of this opportunity.

**EXEMPTION BOARD NOTES**

Physical examinations were made this forenoon at which about forty registrants were put through the mill.

As soon as all the members of the Board can be assembled they will go over the physical examination reports and make their findings. Very few of the men have asked for re-examinations by the Medical Advisory Board.

An order was received this morning by the Board from Washington stating that enlistments in the new National Guard will not be regarded as enlistments in the U. S. Army until the Guard is actually mustered into service by an order of the President. Under this order, men who have joined these National Guard companies will not be excused from the requirements of the draft.

Under another order from Washington the Board is prohibited from issuing a passport to any American citizen who may desire to enlist in a foreign army.

**RED CROSS ITEMS**

Excellent work is being done in the Surgical Dressings department. Yesterday Mrs. Hildreth and Mrs. Towle were instructors. Today Mrs. Cleveland is directing the class.

Three new workers were enrolled yesterday, viz. Elsie Winsel, Mesdames Cora Quinch and N. Jackson.

Yesterday Mrs. H. E. Betz, chairman, and her assistants, made 16 ambulance pillows besides preparing considerable work for school children.

Today the children who are working under Mrs. Moulton in the knitting department, making wash rags, squares for comforters and the like, will be busy at headquarters.

**THANK YOU, MR. ADVERTISER**

The Evening News feels wonderfully grateful to its advertisers. It is the advertising patronage a daily newspaper gets that makes it possible to exist. Every city of the population of Glendale should support a daily newspaper, and it is indeed pleasing to know that so many merchants in the community have the metropolitan spirit in them to the extent that they know the value of newspaper space judiciously used in a live daily paper.

**THE NEW WAY**

At the recent meeting of the Executive Committee of the Southern California Associated Dailies, Gabbert, of Riverside, reported that the Riverside papers had put the churches on a pay basis for their Sunday church notices. He said they had not encountered a single kick, the church people evidently appreciating the fact that it costs more than ever to get out a newspaper nowadays. Of course, the preachers shortened the advance notices of their pulpit proclamations, but they simply cut out the superfluous, not the necessary matter in their notices.

Two of the Glendale churches have voluntarily placed themselves in the pay for church notice list and the others seem very thoughtful on the subject.

**INTERMEDIATE SCHOOL NOTES**

A presentation of "G. I." emblems to the members of the basket ball quintet will be a feature of an assembly to be held at the Intermediate School on Friday morning.

The qualification for possession of a school letter is participation in two victories during a playing season.

The players to receive letters are Steven Fairchild, Victor Colburn, Oliver Clark, Burlin Langford, Andrew Monsello, James McGowan and Melvin McCann.

Graduation exercises on Friday will rob the Intermediate squad of all but two players.

In a game featured by the clever shooting of "Vic" Colburn, the Intermediate Basketball quintet yesterday afternoon overwhelmed the Normal Training School five, with a score of 28-4.

The game opened with slow playing on both sides. The first half was uneventful, ending with a tally of 7-0 in favor of the local basket-tossers.

With the start of the second half the Intermediates began a spurt, which carried them far to the front. The Normal team was helpless before the clever passing and accurate shooting of the Intermediate boys. However, growing careless, the local players failed to guard their opponents, allowing them to secure two field goals in the last five minutes of play.

A return game will be played on Thursday afternoon on the Normal court.

Members of the W. C. T. U. are requested to gather at the Jewel City Undertaking Parlors Thursday at 2 p. m. to pay their last respects to one of their number, Mrs. Sophia M. Galloway, who has been a faithful wearer of the White Ribbon for many years.

RUBY J. SMART, President.

**THE GAMBLE LECTURE**

The Rev. Dr. S. W. Gamble will deliver another lecture in the Third Street school tomorrow night at 7:30. All cordially welcome both Jew and Gentile.

**Convenient Escrows**

Long experience in handling escrows enables me to see that the interests of both parties to a deal are properly protected and avoids the necessity of the parties going to Los Angeles to sign papers with the title companies.

I handle the details by telephone and correspondence. I secure competitive bids from the title companies on their work. While the search of title is being made your money remains in Glendale. Besides saving time and trouble, you generally save money by dealing with me.

**TUJUNGA**

(By F. M. ASHBY)

Many calamity howlers still exist in our little village. They look on the dark side and predict dire things for the future. Nothing, they say, can save us, everything has gone to the dogs. They are a bit tiresome. During the past year at least \$15,000 has been spent in new houses and improvements. Among the new houses can be mentioned those now occupied by Mr. Treat on Fairview avenue, Wilnot Parcher and Carl Johnson on San Ysidro street, Mr. Douglas and C. D. Stuart on Monte Vista, Mr. Shoemaker on Michigan avenue, Mr. Neumire and Mrs. Hilliard on Los Robles street. The Episcopal chapel on Pine street, has been opened and dedicated and opened for use. More land has been cleared up; the State highway is being built and many other things show growth. It is hard to lose many of our people who have felt obliged to move away, but others are coming in. There is a future for Tujunga. Look up, then, not down, forward and not backward.

Most people in this village think that to incorporate as a city of the sixth class is the most desirable thing to do. They say that there are many things aside from the water question that a corporate body could do. It puts the people in position to do something. The water situation can then be considered with authority and power to act, the streets can be attended to by proper local workmen. The decision of the Railroad Commission as to water rates has not yet been thoroughly digested by the people but it forms a definite basis upon which to act in acquiring, by just and legal process an ultimate municipal ownership.

The work of the women of Tujunga for the Red Cross is highly to be praised. Nearly 100 members are already secured and great quantities of all sorts of clothing made so that the average is higher than for many larger places.

Dr. C. C. Buck, Carl J. Woodrow and Fred M. Ashby attended the meeting of the Foothills Valley Federation at La Crescenta Monday night. The retiring president gave a big review of the work of the past year and the officers elected for the ensuing year are as follows:

Rev. Mr. Brooks, of La Crescenta, President.

Mr. Cobb, La Crescenta, Vice President.

Dr. Buck, of Tujunga, Mr. Haffinger, of Sunland and Mr. Williams of La Canada. Mr. Cubertson of La Crescenta was elected Secretary and Leo L. Long of Tujunga, treasurer.

The Board of Trade under the presidency of Mr. Parcher is doing good work. Glad to note that the president has recovered from his illness.

The new owners of Bolton Hall will assume charge February 1st.

**SCIENTISTS AIDING IN WAR**

Secretary of the Interior Lane, in his recent annual report, portrays the transition of a peaceful democracy into a nation organized for war. Possession of resources alone, he warns the country, does not win wars and recounting the enormous progress made on every hand, declares the physical resources of the United States are almost completely at the command of the world's needs.

"What can you do to serve me?" quotes the secretary, replying: "The answer of this department is that it has put every agency and activity which it has at the service of those departments more directly concerned with war-making.

"Our men of scientific knowledge—metallurgists, chemists, engineers, typographers—have found new work at their hands.

"The patent office has been searched for new devices that could be brought into use to kill the submarine or limit its destructiveness, for the plans of heretofore unused lethal weapons and for the formulae of improved or unknown sources of power.

"The scientific bureau of the government found themselves converted overnight into adjuncts and auxiliaries in the great international contest. Men who had regarded themselves as modestly useful only in the discovering and revealing of new sources of material strength found that their years of experience in the mountains and on the desert, in laboratories and in mines, called them at once into the thick of the European struggle."

**TRAINING FOR WAR**

If Englishmen considered the football field as the place to win their battles, Prussians have always held that the best way to prepare for victory is by training their young officers in the hunting field, notes a writer. Since medieval times the chase, especially on the continent of Europe, has been advocated by the school of warriors. In the old days, when men were only interested in fighting, and when there weren't really enough wars to keep a healthy feudal nobleman continuously occupied and happy, warring upon wild animals was discovered to be the next best thing to warring on humans.

"Mother, dear, what is economy?" "Ethel, where on earth did you pick up that vulgar expression. Don't ever let me hear you use it again."—Puck.

**LOS ANGELES CIVIL SERVICE EXAMINATIONS**

The Civil Service Commission of the County of Los Angeles announces the following examinations at the times and places indicated below. Applications are to be made on blank forms which will be sent on request, and should be filed with the Commission at least three days prior to the date of examination, at the office of the Commission, Room 1007 Hall of Records, Los Angeles, Cal. Applicants must be citizens of the United States and residents of the State of California.

Attendant, Juvenile Hall. Tuesday, February 19, 8:30 a. m. Room 1007 Hall of Records, Los Angeles. Salary, including maintenance, beginning \$65 per month; advance after one year to \$70 per month; further advance after three years to \$75 per month only by order of the Board of Supervisors for exceptionally meritorious service. The Commission desires eligible list.

Horticultural Inspector. Monday, February 18, 8:30 a. m., Room 1007 Hall of Records, Los Angeles. Salary, \$3.50 per day. The Commission desires an eligible list.

Interne, (Los Angeles County Hospital, Los Angeles, Cal.) The examination will be held Friday, March 1, 1918 at Room 1007 Hall of Records, Los Angeles, beginning at 8:30 a. m. Also at several eastern medical schools. The Commission desires an eligible list from which appointments may be made as necessary. There are 18 positions to be filled in July, 1918, and 10 in January, 1919. The service is for a period of 18 months. Compensation, full maintenance and uniform. All successful candidates before appointment must be graduates of some medical institution of learning of recognized standing.

**THE STRANGLE HOLD**

What a strangle hold the liquor interests of the country must have upon public officials.

Public officials declare that they dare not eliminate the liquor industry during the period of the war for the laboring man will refuse to work without liquor.

If the officials really believe this argument their mental condition is pitiable.

Does the evidence obtainable in the states where the traffic is abolished teach them nothing?

Can they point to a single factory or institution in the country where the abolishment of the liquor traffic has failed to increase the efficiency of the laboring men?

Why is the government placing so many war orders in Michigan if officials believe that the abolishment of the liquor business is going to interfere with efficiency?

Doubtless the whole truth concerning the strangle hold that the liquor industry is able to maintain on our country at the present time is the same truth that has always been manifest in the support of its business—namely the control on politics the saloon is able to maintain.

The average man will never be able to give any other explanation for the conduct of a nation, in search for efficiency, that will close schools and factories, have meatless days and wheatless days at the same time that it allows the liquor institutions to continue to consume thousands of fuel, thousands of bushels of food, congest the railroads with their shipments and destroy the efficiency of the men and women who consume the products.

It is our duty to cheerfully obey all conservation orders but nothing calls upon us to overlook the injustice of our saving while the liquor industry goes on with its material and human waste.—Hollywood Citizen.

"A good habit is a groove in the mind, a path of least resistance toward right living." It is easy to do that which we are accustomed to do; we naturally take the familiar course.

Our friendships would be more satisfactory if we were content to accept our friends and love them for what they are, instead of trying to make them over after some pattern of our own designing.

**NOTICE OF THE TIME AND PLACE OF THE HEARING OF ALL PERSONS FEELING AGGRIEVED BY ANY ACT OR DETERMINATION OF THE SUPERINTENDENT OF STREETS OF THE CITY OF GLENDALE IN RELATION TO THE IMPROVEMENT OF A PORTION OF MILFORD STREET.**

Public notice is hereby given that the Board of Trustees of the City of Glendale will on the 31st day of January, 1918 at 8:30 o'clock P. M., take up and hear any and all protests against any acts or determinations of the Superintendent of Streets of said City in relation to the improvement of Milford Street from Columbus Avenue to Pacific Avenue, as more fully described in Resolution of Intention No. 961, adopted the 19th day of July, 1917, and will at said hearing take up all matters and acts protested against in that certain protest dated December 28, 1917, and filed in the office of the City Clerk on the 3rd day of January, 1918. Said protest being the protest against the acceptance by the City of Milford Street between Columbus Avenue and Pacific Avenue as contemplated under aforesaid Resolution of Intention No. 961 and Resolution of Award of Contract No. 969 of the City of Glendale.

J. C. SHERER, City Clerk of the City of Glendale. 122t5

**CERRITOS AVE. SCHOOL**

Graduating exercises will be held in the Cerritos Ave. School Wednesday evening at which a musical program will be given. E. E. Knepper, Assistant County Superintendent will be the speaker, and a class play featuring "Old Aunt Peabody's Visit to the City," will be given. President Clyde Carmack will present the diplomas. Members of the graduating class are:

Alice Smith, Louis Barnes, Albert Hewett, Ollie Springer, Elsa Roeder.

Mesdames Dutton, Danner and Bruck were hostesses at a party in honor of the class given last Saturday at G. A. R. Hall at which about thirty-five guests, friends of the graduates and teachers in the school were entertained.

The sale of Thrift Stamps is still in progress and about \$85 worth have been disposed of to date to scholars.

From the sale of popcorn and punch about \$10 has recently been earned for the Junior Red Cross fund.

**REAL FOOLISHNESS**

There is a government organization in Washington called the "Committee on Public Information" which has "A Division on Women's War Work," and of course there is a publicity department attached to it, as all these new organizations as well as the old ones are devoted to.

About twice a week or oftener this "publicity division" sends out some alleged information, and each sheet carries at the head a caption to newspapers not to use the matter before the date of the release printed thereon.

To begin with very little of the publicity stuff thus sent out has any news value at all and this office has never been able to use it nor do we notice it used in any exchanges coming to this office. Therefore it may be said that it has no value in the form sent out. But whenever the copy mailed to the newspapers contains anything worth printing one may be sure it has already been printed in the Eastern papers and if of sufficient importance has been telegraphed to this coast. Not infrequently the very same "news" has been sent out by other departments of other "publicity" concerns.

It is really remarkable the amount of stuff furnished the press of the country by department publicity agents. Every mail is filled with them and the vast amount of paper used, not to mention the time required in preparing this useless stuff costs many thousands of dollars. So colossal has the nuisance become that it is almost a criminal waste of public funds. This "Division on Women's Work" is particularly given to repeating alleged news already given out by the Red Cross, which has an active publicity agent of its own, and who is also guilty of perpetrating lots of useless stuff.—Colton Courier.

**LITTLE VALUE IN STAMP DYES**

Somebody is working a bunko game on the Red Cross when they say that 1000 stamps will yield enough dye to get money to feed a Belgian baby for a long period, is the opinion of Professor Edmond O'Neill of the department of chemistry of the University of California. Professor O'Neill recently became aware of a strenuous campaign that was being carried on to save canceled postage stamps, and upon being told the Red Cross was gathering them to sell for the Belgian baby fund, analyzed a stamp and came to the conclusion that the dye in 1000 stamps would not bring enough money to buy a glass of milk.

"Somebody is being fooled," said Professor O'Neill. "According to the present market price of dye, \$4 will purchase enough dye to make a little over 2,000,000 stamps. Besides, it is impossible to regain the dye from old stamps. The only possible use that old stamps can be put to is the making of wood pulp. Somebody is probably contemplating buying the many tons of stamps that will be collected by the Red Cross at a low figure, and using them for making wood pulp."—Exchange.

**OFFICER IGNORED ORDERS**

Early in the war when Field Marshal John French and General Joffre were straining every nerve to hold back the German advance which they did finally at the Marne a French general, so the story goes, refused to open orders sent by an officer who had been promoted over his head. The message, like the dispatch in the Franco-Prussian war, was "lost" and a division which was left without support, was almost annihilated. The story goes that the general was ordered shot.

"You're a picture," ventured the fresh youth, taking a seat beside a pretty girl.

"A moving picture, at that," she responded as she transferred herself to a place across the aisle.

**TOO HANDY**

"A man who wears his hair long is a freak." "He's worse than a freak; he's a fool, if he's married."

**GRADUATES ENTERTAIN**

(Continued from Page One)

of that a glorious future, we all hope, was covered by the class poem of which Carolyn Foss and Louise Storer were the authors, and which read as follows:

"One, two, three, four, five, six, seven,  
H.-12 class thinks school is heaven  
And yet they leave with dancing feet  
For their four years' work is now complete.

Their faces clean and bright and sweet  
No other class can ever beat.  
In honor too they're not taboo  
Though not from Missouri, they can show you.

On the only man whom we possess  
We certainly must lay great stress  
With boys so few and far between  
Verne's the only one on whom we lean.

A Jazzy bunch are our six girls  
They are fair or dark or have red curls.

Though tall or slim or short or fat,  
These jazzy girls sure do stand pat.

Though the class is sedate and quiet here,  
You'll hear from them, you need not fear;

For out in the world they are going to go  
And there, you bet they will not be slow.

There's Verne on whom you can depend  
To this class he was a Godsend.

To us Augusta is quite new  
But she has surely proved true blue.

So dignified is our Leone  
She ought to sit upon a throne;  
And Carol, odd as it may seem,  
Is quite the opposite extreme.

Louise is nice to all alike,  
No matter whether tramp or knight.

Carrie is always so sweet and neat  
That to look at her is quite a treat.

But last of all though not the least  
Comes Harriet who would charm a beast.  
She is as fair as maid can be  
As any one with two eyes can see.

This mid-year class is the first to go  
From Glendale High School's honored row  
And may that honor stay as bright  
As on their graduation night.

Now our little ditty is done,  
Seven, six, five, four, three, two, one

But a postscript we must add to this  
And another boy, Oh joy! Oh bliss!

At the eleventh hour Lloyd Lanterman  
Who recently has found he can,  
Will graduate with our small band  
To him we extend a welcoming hand.

**SOLDIER WELFARE**

(Continued from Page 1)  
to submit statistics which have been gathered carefully showing the hundreds of thousands of men who have been incapacitated by reason of physical disability.

"The organization was perfected by the election of officers and it is proposed to make it a permanent thing, not to deal simply with these war measures but to enable all the magistrates to meet once a month in Los Angeles to discuss in a general way the laws that are being enforced more especially by the justices and judges who have jurisdiction over that class of misdemeanors. I think it is the intention of the organization to invite in at these meetings the best talent from the Superior and other benches to elucidate points of law and things that come up every day to put us on a better footing with reference to the knowledge we should have in regard to the laws. What it will lead to no one can tell. Something might come up with reference to other laws enforceable by the various municipalities and it looks to me as though it will result in great good. It will stimulate these magistrates to uniform and united action and to work together for the best good of the municipalities they serve."

**THE WEARY CAPTAIN OF INDUSTRY**

"Do you approve of government ownership?"  
"Yep."  
"You think the government could take your business and run it successfully?"  
"Nope. But I believe I'd get a very pleasant and beneficial holiday while the government was making a try at it."

**GET TICKEST FROM STEPHENS!**

On February 1st the Salt Lake Route will open a city ticket office in Glendale, at 1111 West Broadway, where Mr. T. I. Stephens will be very glad to see all who contemplate a trip east.

He will have a complete line of tickets to all points east and will arrange for sleeping-car reservations in the favorite Los Angeles Limited and Pacific Limited trains over this route.

Baggage will be checked through from Glendale.

Give him a chance to figure on your next trip east via the

**THE TOLL FRANCE HAS PAID**

Four-fifths of the women in France wear mourning, say the correspondents, and we believe them, but we are not among those who credit reports of a France "exhausted" and "bled white," observes a war writer. French women go into mourning on the smallest provocation. Rye shops abound. Every little way in a French city one encounters the sign, "Mourning in 24 hours." When madame puts on black, no one straightway infers the demise of monsieur. Much more likely an uncle by marriage had dropped off, or perhaps some eighth cousin thrice removed. It is always possible that, for one wooden cross on a battlefield, there will be six dozen gowns at the dye shop. No one denies that the French army has suffered terrible casualties. No one feels inclined to understate them, the French least of all. But only Americans who have never lived in France will imagine that the swarms of black-clad women indicate a proportionate number of dead Poilus. The truth is, Poilus were never so plucky as today, never so efficient, and, despite heartbreaking losses, never so numerous.

**SAVE THAT SHOVELFUL OF COAL TODAY**

WASHINGTON, Jan. 30.—More than twenty-one million school children in the Middle West and East are today bringing to the attention of America the absolute necessity of saving coal.

The school children are making a house to house canvass, tagging coal shovels with screaming notices to "Save Coal and Win the War."

Fuel Administrator Garfield designated today as "Shovel Tag Day" and called upon the army of school children to aid the government in seeing to it that users of coal both large and small, save at least a shovel of coal today.

The tags being tacked to the shovels of millionaires and the more humble alike, bear the following notes to remind each person that a "shovelful of coal saved means just so much additional power and help and support for the American soldier and sailor on the firing-line:

"Save that shovelful of coal a day for Uncle Sam.

"Cover furnaces and pipes with asbestos or other insulation; also weatherstrip your windows or stuff cracks with cotton.

"Keep your rooms at 68 degrees (the best heat for health.)

"Heat only the rooms you use all the time.

"Test your ashes by sifting. If you find much good coal, there is something wrong with your heater. See a furnace expert.

"Write to the maker of your furnace or stove for practical directions for running economically.

"Save gas and electric light as much as possible—this will save coal for the nation.

"The fuel administration points out that this tag day is different from all other tag days. Instead of asking for cash contributions, the school children will demand that householders save money—for food, for war savings stamps, for liberty bonds, and, at the same time, add to the Government's coal pile."

**Just as a  
Mighty Oak**

Can grow from a small acorn,—so can a fortune grow from a small bank account.

Both when well started have a steady growth. You can start your account this month. Even though it be a small one at first, if you will steadily add to it in a few years you will have a capital worth working for.

If you live in Glendale, make up your mind to start an account in this Glendale Bank and watch your money grow with the bank and the town.
