The hearing must be recorded and its scope may cover only the issues of whether the arresting officer had reasonable grounds to believe the person had been driving or was in actual physical control of a vehicle in violation of section 39-08-01 or equivalent ordinance; whether the person was placed under arrest; whether the person was tested in accordance with section 39-20-01 or 39-20-03 and, if applicable, section 39-20-02; and whether the test results show the person had a blood alcohol concentration of at least ten one-hundredths of one percent by weight. For purposes of this chapter, any copy of a certified copy of an analytical report of a blood, urine, or saliva sample received by the commissioner from ~~the office of~~ the state toxicologist or a law enforcement officer, a certified copy of the checklist and test records received by the commissioner from a certified breath test operator, and any copy of a certified copy of a certificate of ~~the office of~~ the state toxicologist relating to approved methods, devices, operators, materials, and checklists used for testing for blood alcohol concentration received by the commissioner from ~~the office of~~ the state toxicologist or the clerk of district court, are regularly kept records of the commissioner.

5. Nothing in this chapter permits an agent to consent to admission to a mental health facility, or state institution, ~~or security unit of a long-term care facility~~ for a period of more than forty-five days without a mental health proceeding or other court order, or to psychosurgery, abortion, or sterilization, unless the procedure is first approved by court order.

**SECTION 3. AMENDMENT.** Section 23-06.5-07 of the North Dakota Century Code is amended and reenacted as follows:

#### 23-06.5-07. Revocation.

1. A durable power of attorney for health care is revoked:
  - a. By notification by the principal to the agent or a health care or long-term care services provider orally, or in writing, or by any other act evidencing a specific intent to revoke the power; or
  - b. By execution by the principal of a subsequent durable power of attorney for health care; ~~or~~
  - c. ~~By the divorce of the principal and spouse, where the spouse is the principal's agent.~~
2. A principal's health care or long-term care services provider who is informed of or provided with a revocation of a durable power of attorney for health care shall immediately record the revocation in the principal's medical record and notify the agent, the attending physician, and staff responsible for the principal's care of the revocation.

3. If the spouse is the principal's agent, the divorce of the principal and spouse revokes the appointment of the divorced spouse as the principal's agent.

3. A durable power of attorney for health care is not effective if, at the time of execution, the principal is being admitted to or is a patient in a hospital unless a person designated by the hospital or an attorney licensed to practice in this state signs a statement that the person has explained the nature and effect of the durable power of attorney for health care to the principal or unless the principal acknowledges in writing that the principal has read the explanation prefacing the statutory form in section 23-06.5-17 or a similar written explanation of the nature and effect of a durable power of attorney for health care.

### HIV TESTING

AN ACT to create and enact four new subsections to section 23-07.5-01 and six new subsections to section 23-07.5-02 of the North Dakota Century Code, relating to testing for the human immunodeficiency virus.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** Four new subsections to section 23-07.5-01 of the North Dakota Century Code are created and enacted as follows:

"Emergency medical services provider" means a firefighter, peace officer, or other person trained and authorized by law or rule to render emergency medical assistance or treatment.

"Personal physician" means the physician designated by a patient as the patient's primary physician or if no physician has been designated or the designated physician is unable to make a determination as to whether a significant exposure has occurred, the patient's primary attending physician. The term means the local health officer having jurisdiction in the area the significant exposure has allegedly occurred if the patient has no attending physician or designated primary physician.

"Significant exposure" means:

- a. Contact of broken skin or mucous membrane with a patient's blood or bodily fluids other than tears or perspiration;
- b. The occurrence of a needle stick or scalpel or instrument wound in the process of caring for a patient; or
- c. Exposure that occurs by any other method of transmission defined by the state department of health and consolidated laboratories as a significant exposure.

"Universal precautions" means measures that a health care provider, emergency medical services provider, or a person rendering aid under chapter 32-03.1, takes in accordance with recommendations of the federal centers for disease control and prevention concerning human immunodeficiency virus transmission in health care settings.

**SECTION 2.** A new subsection to section 23-07.5-02 of the North Dakota Century Code is created and enacted as follows:

A health care provider, emergency medical services provider, or a person rendering aid under chapter 32-03.1 who provides care to a patient or handles or processes specimens of body fluids or tissues of a patient and

who has had a significant exposure with the patient may subject the patient's blood to a test for the presence of the human immunodeficiency virus, without the patient's consent, if all of the following apply:

- a. A sample of the patient's blood has been drawn for other purposes and is available to be used to test for the presence of the human immunodeficiency virus.
- b. The patient's personal physician, based on information provided to the physician, determines and certifies in writing that the individual has had a significant exposure. The certification must accompany the request for testing and disclosure.
- c. The patient is capable of consenting when the test is requested, has been given an opportunity to be tested with consent, and has not consented.
- d. Before testing, the patient is informed, while competent and conscious, that the patient's blood may be tested for the presence of human immunodeficiency virus; that the test results may be disclosed to no one including the patient without the patient's consent, except to the individual who has had a significant exposure; that if the individual who has had a significant exposure knows the identity of the patient, that individual may not disclose the identity to any other person except for the purpose of having the test performed; and that a record of the test results may be placed in the individual's medical record, and if not in the medical record, may be kept only if the record does not reveal the patient's identity. A person who discloses the identity of a patient under this Act is guilty of a class C felony. Each individual who has had a significant exposure and to whom test results are disclosed must first sign a document indicating that individual's understanding that the individual may not disclose the information and that disclosing the information constitutes a class C felony.

**SECTION 3.** A new subsection to section 23-07.5-02 of the North Dakota Century Code is created and enacted as follows:

A patient who has received care from a health care provider, emergency medical services provider, or a person rendering aid under chapter 32-03.1 and who has had a significant exposure with the provider may subject the provider's blood to a test for the presence of the human immunodeficiency virus, without the provider's consent, if all of the following apply:

- a. A sample of the provider's blood has been drawn for other purposes and is available to be used to test for the presence of the human immunodeficiency virus.
- b. A physician, based on information provided to the physician, determines and certifies in writing that the patient has had a significant exposure. The certification must accompany the request for testing and disclosure.

- c. The provider is capable of consenting when the test is requested, has been given an opportunity to be tested with consent, and has not consented.
- d. Before testing, the provider is informed, while competent and conscious, that the provider's blood may be tested for the presence of human immunodeficiency virus; that the test results may be disclosed to no one including the provider without the provider's consent, except to the patient who has had a significant exposure; that if the patient who has had a significant exposure knows the identity of the provider, that patient may not disclose the identity to any other person except for the purpose of having the test performed; and that a record may be kept of the test results only if the record does not reveal the provider's identity. A person who discloses the identity of the provider or otherwise breaches the confidentiality requirements of this subsection is guilty of a class C felony. Each patient who has had a significant exposure and to whom test results are disclosed must first sign a document indicating that patient's understanding that the patient may not disclose the information and that disclosing the information constitutes a class C felony.

**SECTION 4.** A new subsection to section 23-07.5-02 of the North Dakota Century Code is created and enacted as follows:

If a person who is the subject of a reported significant exposure is unconscious or incapable of giving informed consent for testing under this section, that consent may be obtained in accordance with section 23-12-13. If a person who is the subject of a reported significant exposure dies without an opportunity to consent to testing prior to admission to, or discharge or release from, the facility that received that person, testing for the presence of any contagious disease must be conducted.

**SECTION 5.** A new subsection to section 23-07.5-02 of the North Dakota Century Code is created and enacted as follows:

Any testing done pursuant to section 2, 3, or 4 of this Act may be conducted in the most expedient manner possible. An individual who has had a significant exposure, upon receiving certification of the significant exposure as required by subdivision b of section 2 or subdivision b of section 3 of this Act, may petition an appropriate district court for issuance of an order directing the patient or provider with whom the individual had a significant exposure to have blood drawn to be tested for the presence of the human immunodeficiency virus if a previously drawn blood sample is not available for testing. The court shall hold a hearing on the petition within five days of the date the court receives the petition. The record of any court hearing conducted under this subsection is confidential. The court may issue an order requiring testing under this subsection only if:

- a. The patient or provider has been requested to consent to testing and has refused to be tested and a sample of the patient's or provider's blood is not available to be used to test for the human immunodeficiency virus;

- b. The court finds clear and imminent danger to the public health or the health of the person petitioning for the testing and the person has demonstrated a compelling need for the test which cannot be accommodated by other means;
- c. The petition substitutes a pseudonym for the true name of the person to be tested;
- d. The court provides the person to be tested with notice and reasonable opportunity to participate in the proceeding if the person is not already a party to the proceeding;
- e. The proceedings are conducted in camera unless the subject of the test agrees to a hearing in open court; and
- f. The court imposes appropriate safeguards against unauthorized disclosure which must specify the persons who have access to the information, the purposes for which the information may be used, and appropriate prohibition on future disclosure.

**SECTION 6.** A new subsection to section 23-07.5-02 of the North Dakota Century Code is created and enacted as follows:

A person may request two tests after a significant exposure. The first test may be requested within ten days after a significant exposure, and the second test may be requested not earlier than five months, nor later than six months, after a significant exposure. The tested person must provide a blood sample within twenty-four hours after the first request and within seventy-two hours after the second request, subject to the provisions of this chapter.

**SECTION 7.** A new subsection to section 23-07.5-02 of the North Dakota Century Code is created and enacted as follows:

A health care provider who subjects a patient to a significant exposure must notify the patient of the exposure. A health care provider witnessing a significant exposure may report the exposure pursuant to any appropriate facility or employer guidelines that the provider may be subject. The knowing failure to inform a patient of a significant exposure or refusal to submit to testing as required under this chapter may be considered by a health care provider's licensing board to constitute conduct that may subject the licensee to disciplinary action.

### AIDS TESTING DEFENDANTS

AN ACT to provide for the medical testing of a sex offense defendant for sexually transmitted diseases and the human immunodeficiency virus; to create and enact a new subdivision to subsection 1 of section 23-07.5-05 of the North Dakota Century Code, relating to disclosure of test results; and to provide a penalty.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. Court-ordered sexual offense medical testing.** The court may order any defendant charged with a sex offense under chapter 12.1-20 and any alleged juvenile offender with respect to whom a petition has been filed in a juvenile court alleging violation of chapter 12.1-20 to undergo medical testing to determine whether the defendant or alleged juvenile offender has any sexually transmitted diseases, including a test for infection with the human immunodeficiency virus or any other identified positive agent of acquired immunodeficiency syndrome. The court may not order a defendant charged with violating section 12.1-20-10, 12.1-20-12.1, or 12.1-20-13 or an alleged juvenile offender with respect to when a petition has been filed in a juvenile court alleging violation of section 12.1-20-10, 12.1-20-12.1, or 12.1-20-13 to undergo the testing authorized by this section. The court may order the testing only if the court receives a petition from the alleged victim of the offense or from the prosecuting attorney if the alleged victim has made a written request to the prosecuting attorney to petition the court for an order authorized under this section. On receipt of a petition, the court shall determine, without a hearing, if probable cause exists to believe that a possible transfer of a sexually transmitted disease or human immunodeficiency virus took place between the defendant or alleged juvenile offender and the alleged victim. If the court determines probable cause exists, the court shall order the defendant or alleged juvenile offender to submit to testing and that a copy of the test results be released to the defendant's or alleged juvenile offender's physician and each requesting victim's physician. The physicians for the defendant or alleged juvenile offender and requesting victim must be specifically named in the court order, and the court order must be served on the physicians before any test.

#### **SECTION 2. Testing procedures - Results of test - Penalty.**

1. If testing is ordered by a court under section 1 of this Act, only a health care provider, blood bank, blood center, or plasma center may obtain a specimen of bodily fluids or tissues for the purpose of testing.
2. The court shall order that the specimen be transmitted to a licensed medical laboratory and that tests be conducted for medically accepted indications of exposure to or infection by acquired immunodeficiency syndrome virus, acquired immunodeficiency syndrome-related conditions, and

sexually transmitted diseases for which medically approved testing is readily and economically available as determined by the court.

3. Notwithstanding section 23-07.5-03, the laboratory shall send a copy of the test results to the physicians designated in the court order, who shall then release the test results to the defendant or alleged juvenile offender and each requesting victim as designated in the court order. The court order must be served on the physicians before any test. The laboratory also shall send a copy of test results that indicate exposure to or infection by acquired immunodeficiency syndrome virus, acquired immunodeficiency syndrome-related conditions, or other sexually transmitted diseases to the state department of health and consolidated laboratories.

4. Every copy of the test results must include the following disclaimer:

The testing was conducted in a medically approved manner, but tests cannot determine exposure to or infection by acquired immunodeficiency syndrome or other sexually transmitted diseases with absolute accuracy. Anyone receiving this test result should continue to monitor their own health and should consult a physician as appropriate.

5. The court shall order all persons, other than the test subject, who receive test results pursuant to section 1 of this Act, to maintain the confidentiality of personal identifying data relating to the test results except for disclosure that may be necessary to obtain medical or psychological care or advice. A person who intentionally discloses the results of any test in violation of this subsection and thereby causes bodily or psychological harm to the subject of the test is guilty of a class C felony.
6. The specimens and the results of tests ordered pursuant to section 1 of this Act are not admissible evidence in any civil, criminal, or juvenile proceeding.
7. Any person who performs testing, transmits test results, or discloses information pursuant to this Act is immune from civil liability for any action undertaken in accordance with this Act, except for an act or omission that constitutes gross negligence.
8. The county in which the alleged violation of chapter 12.1-20 occurred shall pay for the testing. A defendant who is convicted of the offense shall reimburse the county for the costs of testing.

**SECTION 3.** A new subdivision to subsection 1 of section 23-07.5-05 of the North Dakota Century Code is created and enacted as follows:

AN ACT to amend and reenact section 23-12-13 and subsection 2 of section 30.1-28-12 of the North Dakota Century Code, relating to persons authorized to provide informed consent to health care for incapacitated persons and the general powers of a guardian.

**SECTION 1. AMENDMENT.** Section 23-12-13 of the North Dakota Century Code is amended and reenacted as follows:

**23-12-13. Persons authorized to provide informed consent to health care for incapacitated persons - Priority.**

1. Informed consent for health care for a minor patient or a patient who is determined by a physician to be an incapacitated person, as defined in subsection 2 of section 30.1-26-01, and unable to consent may be obtained from a person authorized to consent on behalf of the patient. Persons in the following classes and in the following order of priority are authorized to provide informed consent to health care on behalf of the patient:
  - a. The appointed guardian or custodian of the patient, if any;
  - b. The individual, if any, to whom the patient has given a durable power of attorney that encompasses the authority to make health care decisions;
  - c. The patient's spouse who has maintained significant contacts with the incapacitated person;
  - d. Children of the patient who are at least eighteen years of age and who have maintained significant contacts with the incapacitated person;
  - e. Parents of the patient, including a stepparent who has maintained significant contacts with the incapacitated person;
  - f. Adult brothers and sisters of the patient who have maintained significant contacts with the incapacitated person;
  - g. Grandparents of the patient who have maintained significant contacts with the incapacitated person;

- h. Grandchildren of the patient who are at least eighteen years of age and who have maintained significant contacts with the incapacitated person; or
  - i. A close relative or friend of the patient who is at least eighteen years of age and who has maintained significant contacts with the incapacitated person.
2. A physician seeking informed consent for proposed health care for a minor patient or a patient who is an incapacitated person and is unable to consent must make reasonable efforts to locate and secure authorization for the health care from a competent person in the first or succeeding class identified in subsection 1. If the physician is unable to locate such person, authorization may be given by any person in the next class in the order of descending priority. A person identified in subsection 1 may not provide informed consent to health care if a person of higher priority has refused to give such authorization.
  3. Before any person authorized to provide informed consent pursuant to this section exercises that authority, the person must first determine in good faith that the patient, if not incapacitated, would consent to the proposed health care. If such a determination cannot be made, the decision to consent to the proposed health care may be made only after determining that the proposed health care is in the patient's best interests.
  4. No person authorized to provide informed consent pursuant to this section may provide consent for sterilization, abortion, or psychosurgery, or for admission to a state mental health facility ~~or a secured unit of a long-term care facility~~ for a period of more than forty-five days without a mental health proceeding or other court order.
  5. If a patient who is determined by a physician to be an incapacitated person, or a person interested in the patient's welfare, objects to a determination of incapacity made pursuant to this section, a court hearing pursuant to chapter 30.1-28 must be held to determine the issue of incapacity.

**SECTION 2. AMENDMENT.** Subsection 2 of section 30.1-28-12 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

2. To the extent that it is consistent with the terms of an order by a court of competent jurisdiction, the guardian is entitled to custody of the person of the ward and may establish the ward's place of residence within or without this state. However, no guardian may voluntarily admit a ward to a mental health facility, ~~or~~ state institution, ~~or secured unit of a long-term care facility~~ for a period of more than forty-five days without a mental health commitment proceeding or other court order. Notwithstanding the other provisions of this subdivision, the guardian may readmit a ward to a mental health facility, ~~or a~~ state institution, ~~or secured unit of a long-term care facility~~ within sixty days of discharge from that institution, if the original admission to the facility, ~~or~~ institution, ~~or unit~~ had been authorized by the court.

SENATE BILL NO. 2295  
(Senators Nalewaja, Lindaas, Solberg)  
(Representatives Mahoney, Rydell, Svedjan)

### HEALTH CARE PROVIDER COOPERATIVE AGREEMENTS

AN ACT relating to cooperative agreements between health care providers; and to provide an appropriation.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. Definitions.** In this Act, unless the context otherwise requires:

1. "Cooperative agreement" means an agreement among two or more health care providers or third-party payers for the sharing, allocation, or referral of patients, personnel, instructional programs, support services and facilities, or medical, diagnostic, or laboratory facilities or procedures or other services traditionally offered by health care providers.
2. "Department" means the department of health and consolidated laboratories.
3. "Health care facility" means a facility licensed in this state as a hospital, nursing home, community-based residential care facility, mental health center, or sanatorium.
4. "Health care provider" means any person licensed, registered, permitted, or certified by the department of health and consolidated laboratories to provide health care services in this state.
5. "Third-party payer" means any insurer or other entity responsible for providing payment for health care services, including the workers compensation bureau, the comprehensive health association of North Dakota, and any self-insured entity.

**SECTION 2. Application for cooperative agreements - Departmental review.** A health care provider may negotiate a cooperative agreement with another health care provider or third-party payer if the likely benefits resulting from the agreement outweigh the disadvantages attributable to a reduction in competition that may result from the agreement. The parties to a cooperative agreement may apply to the department for a certificate of public advantage governing the agreement. The application must include an executed copy of the cooperative agreement and must describe the nature and scope of the cooperation in the agreement and any consideration passing to any party under the agreement. The applicants shall file a copy of the application and related materials with the attorney general and the department. The department shall review the application and shall hold a public hearing on the application. The department shall grant or deny the application within ninety days of the date of filing of the application. The decision must be in writing and must set forth the basis for the decision. The department shall furnish a copy of the decision to the applicants, the attorney general, and any intervenor. Directors, trustees, or their representatives of a health care provider

or third-party payer who participate in the discussion or negotiation are immune from civil actions or criminal prosecution for a violation of state or federal antitrust laws, unless the discussion or negotiation exceeds the scope authorized in this section.

**SECTION 3. Standards for certification.** The department shall issue a certificate of public advantage for cooperative agreement if the department determines that the applicants have demonstrated by clear and convincing evidence that the likely benefits to health care consumers resulting from the agreement outweigh any disadvantages attributable to a reduction in competition that may result from the agreement. The department shall consult with the attorney general regarding its evaluation of any potential reduction in competition resulting from a cooperative agreement.

1. In evaluating the potential benefits of a cooperative agreement to health care consumers, the department shall consider whether any of the following benefits may result from the cooperative agreement:
  - a. Enhancement of the quality of health care services provided to residents of this state;
  - b. Preservation of health care facilities in geographical proximity to the communities traditionally served by those facilities;
  - c. Gains in the cost efficiency of services provided by the parties involved;
  - d. Improvements in the utilization of health care resources and equipment; and
  - e. Avoidance of duplication of health care resources.
2. The department's evaluation of any disadvantages attributable to any reduction in competition likely to result from the agreement may include the following factors:
  - a. The extent of any likely adverse impact on the bargaining power of health maintenance organizations, preferred provider organizations, managed health care service agents, or other health care payers in negotiating payment and service arrangements with hospitals, physicians, allied health care professionals, or other health care providers;
  - b. The extent of any reduction in competition among physicians, allied health professionals, other health care providers, or persons furnishing goods or services to or in competition with providers or third-party payers that is likely to result directly or indirectly from the cooperative agreement;
  - c. The extent of any likely adverse impact on patients in the quality, availability, and price of health care services; and
  - d. The availability of arrangements that are less restrictive to competition and achieve the same benefits or a more favorable balance of benefits to health care consumers over disadvantages attributable to any reduction in competition likely to result from the agreement.

**SECTION 4. Certificate termination.** The department may, after notice and hearing, terminate a certificate of public advantage if the department determines that:

1. The likely or actual benefits to health care consumers that result from a certified agreement no longer outweigh the disadvantages attributable to a potential reduction in competition resulting from the agreement; or
2. Performance by the parties under the certified agreement does not conform to the representations made by the parties in the application or to the provisions of any conditions attached to the certificate of public advantage by the department at the time the application was granted.

**SECTION 5. Records.** The department shall maintain all cooperative agreements for which the certificates of public advantage remain in effect. Any party to a cooperative agreement who terminates the agreement shall file a notice of termination with the department within thirty days after termination.

**SECTION 6. Investigation by attorney general.** The attorney general, at any time after an application is filed under section 2 of this Act, may require by subpoena the attendance and testimony of witnesses and the production of documents in the county in which the applicants are located for the purpose of investigating whether the cooperative agreement satisfies the standards set forth in section 3 of this Act. The attorney general may seek an order from the district court compelling compliance with a subpoena issued under this section.

**SECTION 7. Cooperative agreement enjoined - Automatic stay - Standards for adjudication.** The attorney general may seek to enjoin the operation of a cooperative agreement for which an application for certificate of public advantage has been filed by filing suit against the parties to the cooperative agreement in district court. The attorney general may file an action before or after the department acts on the application for a certificate, but the action must be brought no later than forty days following the department's approval of an application for certificate of public advantage. Upon the filing of the complaint, the department's certification, if previously issued, must be stayed and the cooperative agreement is of no further force unless the court orders otherwise or until the action is concluded. The attorney general may apply to the court for ancillary temporary or preliminary relief necessary to stay the cooperative agreement pending final disposition of the case. In any action, the applicants for a certificate bear the burden of establishing by clear and convincing evidence that the likely benefits to health care consumers which result from the cooperative agreement outweigh any disadvantages attributable to a reduction in competition that may result from the agreement. The court shall review whether the agreement constitutes an unreasonable restraint of trade under state or federal law in assessing disadvantages attributable to a reduction in competition likely to result from the agreement.

**SECTION 8. Cancellation of a certificate of public advantage.** If, at any time following the forty-day period specified in section 7 of this Act, the attorney general determines that, as a result of changed circumstances, the benefits to health care consumers which result from a certified agreement no longer outweigh the disadvantages attributable to a reduction in competition resulting from the agreement, the attorney general may file suit in district court seeking to cancel the certificate of public advantage. In an action brought under this section, the attorney general has the burden of establishing by a preponderance of the evidence

that, as a result of changed circumstances, the benefits to health care consumers which result from the agreement and the unavoidable costs of canceling the agreement are outweighed by disadvantages attributable to a reduction in competition resulting from the agreement. If the attorney general first establishes by a preponderance of the evidence that the department's certification was obtained as a result of material misrepresentation to the department or the attorney general as the result of coercion, threats, or intimidation toward any party to the cooperative agreement, the parties to the agreement bear the burden of establishing by clear and convincing evidence that the benefits to health care consumers which result from the agreement and the unavoidable costs of canceling the agreement are outweighed by disadvantages attributable to any reduction in competition resulting from the agreement.

**SECTION 9. Resolution by consent decree - Attorney fees.** The district court may resolve any action brought by the attorney general under section 7 or 8 of this Act by entering an order that, with the consent of the parties, modifies the cooperative agreement. Upon the entry of the order, the parties to the cooperative agreement have the protection specified in section 10 of this Act and the cooperative agreement has the effectiveness specified in section 10 of this Act. If the attorney general prevails in an action under section 6, 7, or 8 of this Act, the attorney general is entitled to an award of the reasonable costs of the investigation or litigation and reasonable attorney fees, expert witness fees, and court costs incurred in litigation.

**SECTION 10. Effective certification - Validity - Application.** A cooperative agreement for which a certificate of public advantage has been issued is a lawful agreement. If the parties to a cooperative agreement file an application for a certificate of public advantage governing the agreement with the department, the conduct of the parties in negotiating a cooperative agreement is lawful conduct. This section does not immunize any person for conduct in negotiating a cooperative agreement for which an application for a certificate of public advantage is not filed. If the department or the district court determines that the applicants have not established by clear and convincing evidence that the likely benefits to health care consumers which result from a cooperative agreement outweigh any disadvantage attributable to a potential reduction in competition resulting from the agreement, the agreement is invalid and has no force or effect. This section does not exempt hospitals or other health care providers from compliance with laws governing hospital cost reimbursement. This Act does not apply to any agreement among hospitals by which ownership or control over substantially all of the stock, assets, or activities of one or more previously licensed and operating hospitals is placed under the control of another licensed hospital or hospitals. Notwithstanding any provisions to the contrary, any improvements, construction, expansion, or acquisition of health care equipment or services approved as a condition of a cooperative agreement is not subject to laws governing certificate of need.

**SECTION 11. Assessment - Health care cooperative agreement fund.** The department shall establish an assessment to be paid by each party to a cooperative agreement. The aggregate amount of the assessment for a cooperative agreement may not exceed forty thousand dollars. The parties shall pay the assessment to the department when the application for the cooperative agreement is submitted to the department. The department shall deposit the moneys received under this section in the health care cooperative agreement fund of the state treasury.

**SECTION 12. APPROPRIATION.** There is hereby appropriated out of any moneys in the health care cooperative agreement fund, not otherwise appropriated, such amounts

as may be necessary to the department of health and consolidated laboratories for administering the cooperative agreements between health care providers and for reimbursement to the attorney general for expenses incurred for the biennium beginning July 1, 1993, and ending June 30, 1995.

The person must be ordered discharged from the ~~hospital or~~ treatment facility if that person has been detained before the hearing. If the court finds probable cause to believe that the respondent is a person requiring treatment, it shall consider less restrictive alternatives to involuntary detention and treatment.   - ~~c-~~ (3) That ~~the~~ prescribed medication is the least restrictive form of intervention necessary to meet the treatment needs of the patient; and
  - ~~d-~~ (4) That the benefits of the treatment outweigh the known risks to the patient.
- b. The court shall inquire whether the patient has had a sufficient opportunity to adequately prepare to meet the issue of involuntary treatment with prescribed medication and, at the request of the patient, the court may continue the involuntary treatment hearing for a period not exceeding seven days or may appoint an independent expert examiner as provided in subsection 4.

2. a. Evidence of the factors certified under subsection 1 may be presented to the court at an involuntary treatment hearing held pursuant to sections 25-03.1-19 and 25-03.1-22, or at a separate hearing after motion and notice. - b. Involuntary treatment with prescribed medication may not be authorized by the court solely for the convenience of facility staff or for the purpose of punishment.
3. If the factors certified under subsection 1 have been demonstrated by clear and convincing evidence, the court may include in its involuntary treatment order a provision, or it may issue a separate order after notice and hearing, authorizing the treating psychiatrist to involuntarily treat the patient with prescribed medication on such terms and conditions as are appropriate. ~~However, no such provision is effective. The order for involuntary treatment with prescribed medication, however, may not be in effect for more than ninety days, unless prior to the expiration of that time period the treating psychiatrist submits a report to the court indicating that the involuntary treatment with prescribed medication remains appropriate and necessary to effectively treat the patient. Based on such reports, a review of the patient's progress, and the patient's concerns, the court may extend its authorization for involuntary treatment with prescribed medication for additional ninety day periods if the patient remains under an involuntary treatment order.~~
4. If a patient has requested an examination by an independent expert examiner under this chapter, and if the treating psychiatrist has requested authorization for involuntary treatment with prescribed medication, only a ~~licensed physician or~~ psychiatrist may independently examine the patient as to the issue of involuntary treatment with prescribed medication.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1.** Section 26.1-03-02.1 of the North Dakota Century Code is created and enacted as follows:

26.1-03-02.1. Valuation of securities and other investments.

1. All securities and investments of insurance companies must be valued in accordance with published valuation standards of the national association of insurance commissioners including, but not limited to, the accounting practices and procedure manuals and publications by the valuation of securities office of the national association of insurance commissioners.
2. All investments of insurance companies authorized to do business in this state, for which no method of valuation has been otherwise provided, must be valued in the discretion of the commissioner at their fair market value, appraised value, or at amounts determined by the commissioner as their fair market value. If any valuation of an investment by an insurer appears to be an unreasonable estimate of its true value, the commissioner has the authority to cause the investment to be appraised, and the appraised value must be substituted as the true value. The appraisal must be made by two disinterested and competent persons, one to be appointed by the commissioner and one to be appointed by the insurer. In the event these two persons fail to agree, they shall appoint a third disinterested and competent person, and the estimate of the value of the investment, as arrived at by these three persons, must be substituted as the true value.

SECTION 2. Section 26.1-03-19.1 of the North Dakota Century Code is created and enacted as follows:

26.1-03-19.1. Examination of companies - Definitions. In sections 26.1-03-19.1 through 26.1-03-19.7, unless the context otherwise requires:

1. "Company" means any foreign or domestic insurance company as defined in section 26.1-02-01.
2. "Examiner" means any individual or firm having been authorized by the commissioner to conduct an examination under this chapter.
3. "Person" means any individual, aggregation of individuals, trust, association, partnership or corporation, or any affiliate thereof.

SECTION 3. Section 26.1-03-19.2 of the North Dakota Century Code is created and enacted as follows:

26.1-03-19.2. Authority, scope, and scheduling of examinations.

1. The commissioner or any of the commissioner's examiners may conduct an examination under this chapter of any company whenever the commissioner in the commissioner's sole discretion deems appropriate but shall at a minimum, conduct an examination of every insurer licensed in this state not less frequently than once every five years. In scheduling and determining the nature, scope, and frequency of the examinations, the commissioner shall consider the matters as the results of financial statement analyses and ratios, changes in management or ownership, actuarial opinions, reports of independent certified public accountants, and other criteria as set forth in the examiners' financial condition and market conduct handbook adopted by the national association of insurance commissioners and in effect when the commissioner exercises discretion under this section.

2. For purposes of completing an examination of any company under this chapter, the commissioner may examine or investigate any person, or the business of any person, insofar as the examination or investigation is, in the sole discretion of the commissioner, necessary or material to the examination of the company.
3. In lieu of an examination under this chapter of any foreign insurer licensed in this state, the commissioner may accept an examination report on the company as prepared by the insurance department for the company's state of domicile or port-of-entry state until January 1, 1994. Thereafter, the reports may only be accepted if the insurance department was at the time of the examination accredited under the national association of insurance commissioners' financial regulation standards and accreditation program, or the examination is performed under the supervision of an accredited insurance department or with the participation of one or more examiners who are employed by an accredited state insurance department and who, after a review of the examination workpapers and report, state under oath that the examination was performed in a manner consistent with the standards and procedures required by their insurance department.

**SECTION 4.** Section 26.1-03-19.3 of the North Dakota Century Code is created and enacted as follows:

26.1-03-19.3. Conduct of examinations.

1. Upon determining that an examination should be conducted, the commissioner or the commissioner's designee shall issue a letter appointing one or more examiners to perform the examination and instructing them as to the scope of the examination. In conducting the examination, the examiner shall observe those guidelines and procedures set forth in the examiners' handbook adopted by the national association of insurance commissioners. The commissioner may also employ other guidelines or procedures as the commissioner may deem appropriate.
2. For the purposes of making any examination required or authorized by law, every company or person from whom information is sought, its officers, directors, trustees, and agents must provide to the examiners appointed under subsection 1, in any examination required or authorized by law, timely, convenient, and free access at all reasonable hours at its offices to all books, records, accounts, papers, documents, and any or all computer or other recordings relating to the property, assets, business, and affairs of the company being examined. The officers, directors, employees, trustees, and agents of the company or person must facilitate the examination and aid in the examination so far as it is in their power to do so. The refusal of any company, by its officers, directors, employees, trustees, or agents to submit to examination or to comply with any reasonable request of the examiners is grounds for suspension or refusal of, or nonrenewal of, any license or authority held by the company to engage in an insurance or other business subject to the commissioner's jurisdiction. Any proceedings for suspension, revocation, or refusal of any license or authority must be conducted pursuant to sections 26.1-01-03.1 and 26.1-11-09.

3. The commissioner or any of the commissioner's examiners have the power to issue subpoenas, to administer oaths, and to examine under oath any person as to any matter pertinent to the examination. Upon the failure or refusal of any person to obey a subpoena, the commissioner may petition a court of competent jurisdiction, and upon proper showing, the court may enter an order compelling the witness to appear and testify or produce documentary evidence. Failure to obey the court order is punishable as contempt of court.
4. Qualified regular employees of the commissioner, or the commissioner's designated representatives acting as independent contract examiners under the direction of regular employees of the commissioner, shall conduct all examinations of an insurance company required or permitted by law to be conducted by the commissioner, whether or not the examinations are convention examinations called in accordance with rules promulgated by the national association of insurance commissioners. The commissioner may contract for and procure the services of financial and market conduct examiners and other or additional specialized technical or professional assistants, as independent contractors. None of the persons providing those services or assistance on a contract or fee basis may be in the classified service of the state.
5. Nothing contained in this chapter may be construed to limit the commissioner's authority to terminate or suspend any examination in order to pursue other legal or regulatory action pursuant to the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination will be prima facie evidence in any legal or regulatory action by and before the commissioner of insurance.
6. Except as provided in subsections 5 and 6 of section 26.1-03-19.4, nothing contained in this chapter may be construed to limit the commissioner's authority to use and, if appropriate, to make public any final or preliminary examination report, any examiner or company workpapers or other documents, or any other information discovered or developed during the course of any examination in the furtherance of any legal or regulatory action which the commissioner may, in the commissioner's sole discretion, deem appropriate.

**SECTION 5.** Section 26.1-03-19.4 of the North Dakota Century Code is created and enacted as follows:

26.1-03-19.4. Examination reports.

1. All examination reports must be comprised of only facts appearing upon the books, records, or other documents of the company, its agents, or other persons examined, or as ascertained from the testimony of its officers or agents or other persons examined concerning its affairs, and the conclusions and recommendations as the examiners find reasonably warranted from the facts.
2. No later than sixty days following completion of the examination, the examiner in charge shall file with the department a verified written report of examination under oath. Upon receipt of the verified report, the department shall transmit the report to the company examined, together

- with a notice which must afford the company examined a reasonable opportunity of not more than thirty days to make a written submission or rebuttal with respect to any matters contained in the examination report.
3. Within thirty days of the end of the period allowed for the receipt of written submissions or rebuttals, the commissioner shall fully consider and review the report, together with any written submissions or rebuttals and any relevant portions of the examiner's workpapers, and enter an order:
    - a. Adopting the examination report as filed or with modification or corrections. If the examination report reveals that the company is operating in violation of any law, regulation, or prior order of the commissioner, the commissioner may order the company to take any action the commissioner considers necessary and appropriate to cure the violation;
    - b. Rejecting the examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation or information, and refiling pursuant to subsection 1 above; or
    - c. Calling for an investigatory hearing with no less than twenty days notice to the company for purposes of obtaining additional documentation, data, information, and testimony.
  4. a. All orders entered pursuant to subdivision a of subsection 3, except those entered pursuant to section 26.1-01-03.1 or 26.1-11-09, must be accompanied by findings and conclusions resulting from the commissioner's consideration and review of the examination report, relevant examiner workpapers, and any written submissions or rebuttals. The company may, within thirty days of the entry of any such order, request a hearing to vacate or amend the order. This hearing must be conducted in compliance with chapter 28-32. The order must be served upon the company, together with a copy of the adopted examination report. Within thirty days of the issuance of the adopted report, the company shall acknowledge receipt of the adopted report and related orders.
  - b. Any hearing conducted under subdivision c of subsection 3 by the commissioner or authorized representative must be conducted as a nonadversarial confidential investigatory proceeding as necessary for the resolution of any inconsistencies, discrepancies, or disputed issues apparent upon the face of the filed examination report or raised by or as a result of the commissioner's review of relevant workpapers or by the written submission or rebuttal of the company. Within twenty days of the conclusion of any hearing, the commissioner shall enter an order pursuant to subdivision a of subsection 3.
  5. a. Upon the adoption of a financial examination report under subdivision a of subsection 3, the commissioner shall continue to hold the content of the examination report as private and confidential information for a period of fifteen days except to the extent provided in subsection 2. Thereafter, the commissioner may open the report for

public inspection so long as no court of competent jurisdiction has stayed its publication.

- b. Nothing contained in this code prevents or may be construed as prohibiting the commissioner from disclosing the content of an examination report, preliminary examination report, or results, or any matter relating thereto, to the insurance department of this or any other state or country, or to law enforcement officials of this or any other state or agency of the federal government at any time, so long as the agency or office receiving the report or matters relating thereto agrees in writing to hold it confidential and in a manner consistent with this chapter.
  - c. In the event the commissioner determines that regulatory action is appropriate as a result of any examination, the commissioner may initiate any proceedings or actions as provided by law.
6. a. All working papers, recorded information, documents, and copies thereof produced by, obtained by, or disclosed to the commissioner or any other person in the course of a financial examination made under this chapter must be given confidential treatment and are not subject to subpoena and may not be made public by the commissioner or any other person, except to the extent provided in subsection 5. Access may also be granted to the national association of insurance commissioners. The parties must agree in writing prior to receiving the information to provide to it the same confidential treatment as required by this section, unless the prior written consent of the company to which it pertains has been obtained.
- b. For purposes of any other examination other than financial examinations required or authorized by law, all preliminary data, drafts, notes, impressions, memoranda, working papers, and work product generated by the commissioner or the person making an examination or inspection are confidential and not open for public inspection until the commissioner releases a final report concerning the examination or inspection or upon a declaration by the commissioner that the material is nonconfidential. If a declaration of nonconfidentiality is requested by any person and denied, the commissioner, in the denial, shall state the reason for the confidentiality and the date, as can best be reasonably determined at the time, when it will be made public.

**SECTION 6.** Section 26.1-03-19.5 of the North Dakota Century Code is created and enacted as follows:

26.1-03-19.5. Conflict of interest. No examiner may be appointed by the commissioner if the examiner, either directly or indirectly, has a conflict of interest or is affiliated with the management of or owns a pecuniary interest in any person subject to examination under this chapter. This section must not be construed to automatically preclude an examiner from being:

1. A policyholder or claimant under an insurance policy.

- e. The deposit must be used to protect the interests of the health maintenance organization's enrollees and to assure continuation of health care services to enrollees of a health maintenance organization that is in rehabilitation or conservation. The commissioner may use the deposit for administrative costs directly attributable to a receivership or liquidation. If the health maintenance organization is placed in receivership or liquidation, the deposit is an asset subject to the provisions of the liquidation act.
- f. The commissioner may reduce or eliminate the deposit requirement if the health maintenance organization deposits with the state treasurer, insurance commissioner, or other official body of the state or jurisdiction of domicile for the protection of all subscribers and enrollees, wherever located, of the health maintenance organization, cash, acceptable securities or surety, and delivers to the commissioner a certificate to the effect, duly authenticated by the appropriate state official holding the deposit.

The deposit must at all times have a fair market value in an amount of one hundred twenty percent of the health maintenance organization's outstanding liability for uncovered expenditures for enrollees in this state, including incurred but not reported claims, and must be calculated as of the first day of the month and maintained for the remainder of the month. If a health maintenance organization is not otherwise required to file a quarterly report, it shall file a report within forty-five days of the end of the calendar quarter with information sufficient to demonstrate compliance with this section.
2. The deposit required under this section is in addition to the deposit required under section 26.1-18.1-12 and is an admitted asset of the health maintenance organization in the determination of net worth. All income from the deposits or trust accounts is an asset of the health maintenance organization and may be withdrawn from the deposit or account quarterly with the approval of the commissioner.
3. A health maintenance organization that has made a deposit may withdraw that deposit or any part of the deposit if a substitute deposit of cash or securities of equal amount and value is made, the fair market value exceeds the amount of the required deposit, or the required deposit under subsection 1 is reduced or eliminated. Deposits, substitutions, or withdrawals may be made only with the prior written approval of the commissioner.
4. The deposit required under this section is in trust and may be used only as provided under this section. The commissioner may use the deposit of an insolvent health maintenance organization for administrative costs associated with administering the deposit and payment of claims of enrollees of this state for uncovered expenditures in this state. Claims for uncovered expenditures must be paid on a pro rata basis based on assets available to pay such ultimate liability for incurred expenditures. Partial distribution may be made pending final distribution. Any amount of the deposit remaining must be paid into the liquidation or receivership of the health maintenance organization.
5. The commissioner may by regulation prescribe the time, manner, and form for filing claims under subsection 4.

The commissioner may require that the reports include liability for uncovered expenditures as well as an audit opinion.

26.1-18.1-14. Enrollment period and replacement coverage in the event of insolvency.

1. Enrollment period.

- a. In the event of an insolvency of a health maintenance organization, upon order of the commissioner all other carriers that participated in the enrollment process with the insolvent health maintenance organization at a group's last regular enrollment period shall offer the group's enrollees of the insolvent health maintenance organization a thirty-day enrollment period commencing upon the date of insolvency. Each carrier shall offer the enrollees of the insolvent health maintenance organization the same coverages and rates that it had offered to the enrollees of the group at its last regular enrollment period.
- b. If no other carrier had been offered to some groups enrolled in the insolvent health maintenance organization, or if the commissioner determines that the other health benefit plans lack sufficient health care delivery resources to assure that health care services will be available and accessible to all of the group enrollees of the insolvent health maintenance organization, then the commissioner shall allocate equitably the insolvent health maintenance organization's group contracts for the groups among all health maintenance organizations which operate within a portion of the insolvent health maintenance organization's service area, taking into consideration the health care delivery resources of each health maintenance organization. Each health maintenance organization to which a group or groups are so allocated shall offer the group or groups the health maintenance organization's existing coverage which is most similar to each group's coverage with the insolvent health maintenance organization at rates determined in accordance with the successor health maintenance organization's existing rating methodology.
- c. The commissioner shall also allocate equitably the insolvent health maintenance organization's nongroup enrollees which are unable to obtain other coverage among all health maintenance organizations which operate within a portion of the insolvent health maintenance organization's service area, taking into consideration the health care delivery resources of each health maintenance organization. Each health maintenance organization to which nongroup enrollees are allocated shall offer nongroup enrollees the health maintenance organization's existing coverage for individual or conversion coverage as determined by the type of coverage in the insolvent health maintenance organization at rates determined in accordance with the successor health maintenance organization's existing rating methodology. Successor health maintenance organizations which do not offer direct nongroup enrollment may aggregate all of the allocated nongroup enrollees into one group for rating and coverage purposes.

2. Replacement coverage.

- a. "Discontinuance" means the termination of the contract between the group contractholder and a health maintenance organization due to the insolvency of the health maintenance organization, and does not refer to the termination of any agreement between any individual enrollee and the health maintenance organization.
- b. Any carrier providing replacement coverage with respect to group hospital, medical, or surgical expense or service benefits within a period of sixty days from the date of discontinuance of a prior health maintenance organization contract or policy providing hospital, medical, or surgical expense or service benefits shall immediately cover all enrollees who were validly covered under the previous health maintenance organization contract or policy at the date of discontinuance and who would otherwise be eligible for coverage under the succeeding carrier's contract, regardless of any provisions of the contract relating to active employment or hospital confinement or pregnancy.
- c. Except to the extent benefits for the condition would have been reduced or excluded under the prior carrier's contract or policy, no provision in a succeeding carrier's contract of replacement coverage which would operate to reduce or exclude benefits on the basis that the condition giving rise to benefits preexisted the effective date of the succeeding carrier's contract may be applied with respect to those enrollees validly covered under the prior carrier's contract or policy on the date of discontinuance.

26.1-18.1-15. Filing requirements for rating information.

1. No premium rate may be used until either a schedule of premium rates or methodology for determining premium rates has been filed with and approved by the commissioner.
2. Either a specific schedule of premium rates, or a methodology for determining premium rates, must be established in accordance with actuarial principles for various categories of enrollees, provided that the premium applicable to an enrollee may not be individually determined based on the status of the enrollee's health. However, the premium rates may not be excessive, inadequate, or unfairly discriminatory. A certification by a qualified actuary or other qualified person acceptable to the commissioner as to the appropriateness of the use of the methodology, based on reasonable assumptions, shall accompany the filing along with adequate supporting information.
3. The commissioner shall approve the schedule of premium rates or methodology for determining premium rates if the requirements of subsection 2 are met. The procedures set forth in sections 26.1-30-20 and 26.1-30-21 govern the approval and disapproval of rating information required to be filed under this section.

26.1-18.1-16. Regulation of health maintenance organization producers.

1. The commissioner may adopt rules necessary to provide for the licensing of health maintenance organization producers. The rules must establish:

  - b. The conditions for entering into reciprocal agreements with other jurisdictions for the licensure of nonresident health maintenance organization producers.
  - c. Any examination, prelicensing, or continuing education requirements.
  - d. The requirements for registering and terminating the appointment of health maintenance organization producers.
  - e. Any requirements for registering any assumed names or office locations in which a health maintenance organization producer does business.

Any regular salaried officer or employee of a health maintenance organization who devotes substantially all of the person's time to activities other than the taking or transmitting of applications or membership fees or premiums for health maintenance organization membership, or who receives no commission or other compensation directly dependent upon the business obtained and who does not solicit or accept from the public applications for health maintenance organization membership;
  - b. Employers or their officers or employees or the trustees of any employee benefit plan to the extent that the employers, officers, employees, or trustees are engaged in the administration or operation of any program of employee benefits involving the use of health maintenance organization memberships, provided that the employers, officers, employees, or trustees are not in any manner compensated directly or indirectly by the health maintenance organization issuing the health maintenance organization memberships;
  - c. Banks or their officers and employees to the extent that the banks, officers, and employees collect and remit charges by charging same against accounts of depositors on the orders of the depositor; or
  - d. Any person or the employee of any person who has contracted to provide administrative, management, or health care services to a health maintenance organization and who is compensated for those services by

the payment of an amount calculated as a percentage of the revenues, net income, or profit of the health maintenance organization, if that method of compensation is the sole basis for subjecting that person or the employee of the person to this chapter.

3. The commissioner may by rule exempt certain classes of persons from the requirement of obtaining a license:
  - a. If the functions they perform do not require special competence, trustworthiness, or the regulatory surveillance made possible by licensing; or
  - b. If other existing safeguards make regulation unnecessary.

#### 26.1-18.1-17. Powers of insurers.

1. An insurance company licensed in this state, or a hospital or medical service corporation authorized to do business in this state, may either directly or through a subsidiary or affiliate, organize and operate a health maintenance organization under the provisions of this chapter. Notwithstanding any other law which may be inconsistent, any two or more insurance companies, hospital or medical service corporations, or subsidiaries or affiliates thereof, may jointly organize and operate a health maintenance organization. The business of insurance is deemed to include the providing of health care by a health maintenance organization owned or operated by an insurer or a subsidiary thereof.
2. Notwithstanding any provision of insurance and hospital or medical service corporation laws, an insurer or a hospital or medical service corporation may contract with a health maintenance organization to provide insurance or similar protection against the cost of care provided through health maintenance organizations and to provide coverage in the event of the failure of the health maintenance organization to meet its obligations. The enrollees of a health maintenance organization constitute a permissible group under the laws. Among other things, under the contracts, the insurer or hospital or medical service corporation may make benefit payments to health maintenance organizations for health care services rendered by providers.

#### 26.1-18.1-18. Examinations.

1. The commissioner may make an examination of the affairs of any health maintenance organization and providers with whom the organization has contracts, agreements, or other arrangements as often as is reasonably necessary for the protection of the interests of the people of this state but not less frequently than once every five years.
2. Every health maintenance organization and provider shall submit its books and records for the examinations and in every way facilitate the completion of the examination. For the purpose of examinations, the commissioner may administer oaths to, and examine the officers and agents of, the health maintenance organization and the principals of the providers concerning their business.

3. The expenses of examinations under this section must be assessed against the health maintenance organization being examined and remitted to the commissioner.

4. In lieu of the examination, the commissioner may accept the report of an examination made by the commissioner of another state.

26.1-18.1-19. Suspension or revocation of certificate of authority.

1. Any certificate of authority issued under this chapter may be suspended or revoked, and any application for a certificate of authority may be denied, if the commissioner finds that any of these conditions exist:

a. The health maintenance organization is operating significantly in contravention of its basic organizational document or in a manner contrary to that described in any other information submitted under section 26.1-18.1-02, unless amendments to the submissions have been filed with and approved by the commissioner.

b. The health maintenance organization issues an evidence of coverage or uses a schedule of charges for health care services which do not comply with the requirements of sections 26.1-18.1-07 and 26.1-18.1-15.

c. The health maintenance organization does not provide or arrange for basic health care services.

d. (1) The health maintenance organization does not meet the requirements of section 26.1-18.1-06; or

(2) The health maintenance organization is unable to fulfill its obligations to furnish health care services.

e. The health maintenance organization is no longer financially responsible and may reasonably be expected to be unable to meet its obligations to enrollees or prospective enrollees.

f. The health maintenance organization has failed to correct, within the time prescribed by subsection 3, any deficiency occurring due to the health maintenance organization's prescribed minimum net worth being impaired.

g. The health maintenance organization has failed to implement the grievance procedures required by section 26.1-18.1-10 in a reasonable manner to resolve valid complaints.

h. The health maintenance organization, or any person on its behalf, has advertised or merchandised its services in an untrue, misrepresentative, misleading, deceptive, or unfair manner.

i. The continued operation of the health maintenance organization would be hazardous to its enrollees.

j. The health maintenance organization has otherwise failed substantially to comply with this chapter.

2. In addition to or in lieu of suspension or revocation of a certificate of authority pursuant to this section, the applicant or health maintenance organization may be subjected to an administrative penalty of up to ten thousand dollars for each cause for suspension or revocation.
3. The following pertains when insufficient net worth is maintained:
  - a. Whenever the commissioner finds that the net worth maintained by any health maintenance organization subject to the provisions of this chapter is less than the minimum net worth required to be maintained by section 26.1-18.1-12, the commissioner shall give written notice to the health maintenance organization of the amount of the deficiency and require filing with the commissioner a plan for correction of the deficiency acceptable to the commissioner, and correction of the deficiency within a reasonable time, not to exceed sixty days, unless an extension of time, not to exceed sixty additional days, is granted by the commissioner. Such a deficiency must be deemed an impairment, and failure to correct the impairment in the prescribed time is grounds for suspension or revocation of the certificate of authority or for placing the health maintenance organization in conservation, rehabilitation, or liquidation.
  - b. Unless allowed by the commissioner, no health maintenance organization or person acting on its behalf may, directly or indirectly, renew, issue, or deliver any certificate, agreement, or contract of coverage in this state, for which a premium is charged or collected, when the health maintenance organization writing the coverage is impaired, and the fact of the impairment is known to the health maintenance organization or to the person. However, the existence of an impairment does not prevent the issuance or renewal of a certificate, agreement, or contract when the enrollee exercises an option granted under the plan to obtain a new, renewed, or converted coverage.
4. A certificate of authority must be suspended or revoked or an application or a certificate of authority denied or an administrative penalty imposed only after compliance with the requirements of this section.
  - a. Suspension or revocation of a certificate of authority or the denial of an application or the imposition of an administrative penalty pursuant to this section must be by written order and must be sent to the health maintenance organization or applicant by certified mail. The written order must state the grounds, charges, or conduct on which suspension, revocation, or denial or administrative penalty is based. The health maintenance organization or applicant may in writing request a hearing within thirty days from the date of mailing of the order. If no written request is made, the order is final upon the expiration of said thirty days.
  - b. If the health maintenance organization or applicant requests a hearing pursuant to this section, the commissioner shall issue a written notice of hearing and send it to the health maintenance organization or applicant by certified or registered mail stating:

- (1) A specific time for the hearing, which may not be less than twenty nor more than thirty days after mailing of the notice of hearing; and
- (2) A specific place for the hearing, which may be either in Bismarck, North Dakota, or in the county where the health maintenance organization's or applicant's principal place of business is located.

After the hearing, or upon failure of the health maintenance organization to appear at the hearing, the commissioner shall take whatever action the commissioner deems necessary based on written findings and shall mail the decision to the health maintenance organization or applicant. The action of the commissioner is subject to review under chapter 28-32, or other applicable statutory review process.

5. The provisions of chapter 28-32 apply to proceedings under this section to the extent they are not in conflict with subdivision b of subsection 4.
6. When the certificate of authority of a health maintenance organization is suspended, the health maintenance organization may not, during the period of the suspension, enroll any additional enrollees except newborn children or other newly acquired dependents of existing enrollees, and may not engage in any advertising or solicitation whatsoever.
7. When the certificate of authority of a health maintenance organization is revoked, the organization shall proceed, immediately following the effective date of the order of revocation, to wind up its affairs, and shall conduct no further business except as may be essential to the orderly conclusion of the affairs of the organization. It may engage in no further advertising or solicitation whatsoever. The commissioner may, by written order, permit the further operation of the organization as the commissioner may find to be in the best interest of enrollees, to the end that enrollees will be afforded the greatest practical opportunity to obtain continuing health care coverage.

26.1-18.1-20. Rehabilitation, liquidation, or conservation of health maintenance organizations.

1. Any rehabilitation, liquidation, or conservation of a health maintenance organization must be deemed to be the rehabilitation, liquidation, or conservation of an insurance company and must be conducted under the supervision of the commissioner pursuant to the law governing the rehabilitation, liquidation, or conservation of insurance companies. The commissioner may apply for an order directing him to rehabilitate, liquidate, or conserve a health maintenance organization upon any one or more grounds set out in chapter 26.1-06; or when in the commissioner's opinion the continued operation of the health maintenance organization would be hazardous either to the enrollees or to the people of this state. Enrollees have the same priority in the event of liquidation or rehabilitation as the law provides to policyholders of an insurer.
2. For purposes of determining the priority of distribution of general assets, claims of enrollees and enrollees' beneficiaries have the same

priority as established by chapter 26.1-06.1 for policyholders and beneficiaries of insureds of insurance companies. If an enrollee is liable to any provider for services provided pursuant to and covered by the health care plan, that liability has the status of an enrollee claim for distribution of general assets. Any provider who is obligated by statute or agreement to hold enrollees harmless from liability for services provided pursuant to and covered by a health care plan has a priority of distribution of the general assets immediately following that of enrollees and enrollees' beneficiaries as described herein, and immediately preceding the priority of distribution described in chapter 26.1-06.1.

26.1-18.1-21. Summary orders and supervision.

1. Whenever the commissioner determines that the financial condition of any health maintenance organization is such that its continued operation might be hazardous to its enrollees, creditors, or the general public, or that it has violated any provision of this chapter, the commissioner may, after notice and hearing, order the health maintenance organization to take action as may be reasonably necessary to rectify the condition or violation, including one or more of the following:
  - a. Reduce the total amount of present and potential liability for benefits by reinsurance or other method acceptable to the commissioner.
  - b. Reduce the volume of new business being accepted.
  - c. Reduce expenses by specified methods.
  - d. Suspend or limit the writing of new business for a period of time.
  - e. Increase the health maintenance organization's capital and surplus by contribution.
  - f. Take other steps as the commissioner may deem appropriate under the circumstances.
2. For purposes of this section, the violation by a health maintenance organization of any law of this state to which the health maintenance organization is subject must be deemed a violation of this chapter.
3. The commissioner may set uniform standards and criteria by rule for early warning that the continued operation of any health maintenance organization might be hazardous to its enrollees, creditors, or the general public and to set standards for evaluating the financial condition of any health maintenance organization, which standards must be consistent with the purposes expressed in subsection 1.
4. The remedies and measures available to the commissioner under this section are in addition to, and not in lieu of, the remedies and measures available to the commissioner under the provisions of section 26.1-06.1-09.

26.1-18.1-22. Rulemaking authority. The commissioner may adopt reasonable rules necessary and proper to carry out the provisions of this chapter.

26.1-18.1-23. Confidentiality of medical information and limitation of liability.

1. Any data or information pertaining to the diagnosis, treatment, or health of any enrollee or applicant obtained from the person or from any provider by any health maintenance organization must be held in confidence and may not be disclosed to any person except to the extent that it may be necessary to carry out the purposes of this chapter, or upon the express consent of the enrollee or applicant, or pursuant to statute or court order for the production of evidence or the discovery thereof, or in the event of claim or litigation between the person and the health maintenance organization wherein the data or information is pertinent. A health maintenance organization is entitled to claim any statutory privileges against the disclosure which the provider who furnished the information to the health maintenance organization is entitled to claim.
2. A person who, in good faith and without malice, takes any action or makes any decision or recommendation as a member, agent, or employee of a health care review committee or who furnishes any records, information, or assistance to such a committee is not subject to liability for civil damages or any legal action in consequence of the action, nor is the health maintenance organization which established the committee or the officers, directors, employees, or agents of the health maintenance organization liable for the activities of any person. This section may not be construed to relieve any person of liability arising from treatment of a patient.
3. a. The information considered by a health care review committee and the records of their actions and proceedings is confidential and not subject to subpoena or order to produce except in proceedings before the appropriate state licensing or certifying agency, or in an appeal, if permitted, from the committee's findings or recommendations. No member of a health care review committee, or officer, director, or other member of a health maintenance organization or its staff engaged in assisting the committee, or any person assisting or furnishing information to the committee may be subpoenaed to testify in any judicial or quasi-judicial proceeding if the subpoena is based solely on the activities.  
b. Information considered by a health care review committee and the records of its actions and proceedings which are used pursuant to subdivision a of subsection 3 by a state licensing or certifying agency or in an appeal must be kept confidential and is subject to the same provision concerning discovery and use in legal actions as are the original information and records in the possession and control of a health care review committee.
4. To fulfill its obligations under section 26.1-18.1-06, the health maintenance organization shall have access to treatment records and other information pertaining to the diagnosis, treatment, or health status of any enrollee.

26.1-18.1-24. Acquisition of control of or merger of a health maintenance organization. No person may make a tender for or a request or invitation for

tenders of, or enter into an agreement to exchange securities for or acquire in the open market or otherwise, any voting security of a health maintenance organization or enter into any other agreement if, after the consummation thereof, that person would, directly or indirectly, or by conversion or by exercise of any right to acquire, be in control of the health maintenance organization, and no person may enter into an agreement to merge or consolidate with or otherwise to acquire control of a health maintenance organization, unless, at the time any offer, request, or invitation is made or any agreement is entered into, or prior to the acquisition of the securities if no offer or agreement is involved, the person has filed with the commissioner and has sent to the health maintenance organization, information required by section 26.1-10-03 and the offer, request, invitation, agreement, or acquisition has been approved by the commissioner. Approval by the commissioner must be governed by section 26.1-10-03.

26.1-18.1-25. Coordination of benefits.

1. Health maintenance organizations are permitted, but not required, to adopt coordination of benefits provisions to avoid overinsurance and to provide for the orderly payment of claims when a person is covered by two or more group health insurance or health care plans.
2. If health maintenance organizations adopt coordination of benefits, the provisions must be consistent with the coordination of benefits provisions that are in general use in the state for coordinating coverage between two or more group health insurance or health care plans.
3. To the extent necessary for health maintenance organizations to meet their obligations as secondary carriers under the rules for coordination, health maintenance organizations shall make payments for services that are received from nonparticipating providers, provided outside their service areas, or not covered under the terms of their group contracts or evidence of coverage.

**SECTION 23.** Chapter 26.1-26.5 of the North Dakota Century Code is created and enacted as follows:

**26.1-26.5-01. Definitions.** As used in this chapter:

1. "Accredited state" means a state in which the insurance department or regulatory agency has qualified as meeting the minimum financial

regulatory standards promulgated and established from time to time by the national association of insurance commissioners.

2. "Control" or "controlled" has the meaning ascribed in chapter 26.1-10.
3. "Controlled insurer" means a licensed insurer which is controlled, directly or indirectly, by an insurance broker.
4. "Controlling insurance broker" means an insurance broker who, directly or indirectly, controls an insurer.
5. "Insurance broker" means an insurance broker or brokers or any other person, firm, association, or corporation, when, for any compensation, commission, or other thing of value, such person, firm, association, or corporation acts or aids in any manner in soliciting, negotiating, or procuring the making of any insurance contract on behalf of an insured other than the person, firm, association, or corporation.
6. "Licensed insurer" or "insurer" means any person, firm, association, or corporation duly licensed to transact a property and casualty insurance business in this state. The following, inter alia, are not licensed insurers for the purposes of this chapter:
  - a. All risk retention groups as defined in the Superfund Amendments Reauthorization Act of 1986 [Pub. L. No. 99-499, 100 Stat. 1613] and the Risk Retention Act [15 U.S.C. section 39-01 et seq.] and chapter 26.1-46.
  - b. All residual market pools and joint underwriting authorities or associations.
  - c. All captive insurers. For the purposes of this chapter, captive insurers are insurance companies owned by another organization whose exclusive purpose is to insure risks of the parent organization and affiliated companies or, in the case of groups and associations, insurance organizations owned by the insureds whose exclusive purpose is to insure risks to member organizations or group members and their affiliates.

26.1-26.5-02. Applicability. This chapter applies to licensed insurers as defined in section 26.1-26.5-01, either domiciled in this state or domiciled in a state that is not an accredited state having in effect a substantially similar law. All provisions of the Insurance Holding Company Act, to the extent they are not superseded by this chapter, continue to apply to all parties within holding company systems subject to this chapter.

26.1-26.5-03. Minimum standards.

1. a. The provisions of this section apply if, in any calendar year, the aggregate amount of gross written premium on business placed with a controlled insurer by a controlling insurance broker is equal to or greater than five percent of the admitted assets of the controlled insurer, as reported in the controlled insurers' quarterly statement filed as of September thirtieth of the prior year.

- b. Notwithstanding subdivision a, the provisions of this section do not apply if:
- (1) The controlling insurance broker places insurance only with the controlled insurer, or only with the controlled insurer and a member or members of the controlled insurer's holding company system, or the controlled insurer's parent, affiliate, or subsidiary and receives no compensation based upon the amount of premiums written in connection with such insurance; and accepts insurance placements only from nonaffiliated insurance brokers, and not directly from insureds.
  - (2) The controlled insurer, except for insurance business written through a residual market facility, accepts insurance business only from a controlling insurance broker, an insurance broker controlled by the controlled insurer, or an insurance broker that is a subsidiary of the controlled insurer.
2. A controlled insurer may not accept business from a controlling insurance broker and a controlling insurance broker may not place business with a controlled insurer unless there is a written contract between the controlling insurance broker and the insurer specifying the responsibilities of each party, which contract has been approved by the board of directors of the insurer and contains the following minimum provisions:
- a. The controlled insurer may terminate the contract for cause, upon written notice to the controlling insurance broker. The controlled insurer shall suspend the authority of the controlling insurance broker to write business during the pendency of any dispute regarding the cause for the termination.
  - b. The controlling insurance broker shall render accounts to the controlled insurer detailing all material transactions, including information necessary to support all commissions, charges, and other fees received by, or owing to, the controlling insurance broker.
  - c. The controlling insurance broker shall remit all funds due under the terms of the contract to the controlled insurer on at least a monthly basis. The due date must be fixed so that premiums or installments thereof collected shall be remitted no later than ninety days after the effective date of any policy placed with the controlled insurer under this contract.
  - d. All funds collected for the controlled insurer's account must be held by the controlling insurance broker in a fiduciary capacity, in one or more appropriately identified bank accounts in banks that are members of the federal reserve system, in accordance with the provisions of the insurance law as applicable. However, funds of a controlling insurance broker not required to be licensed in this state must be maintained in compliance with the requirements of the controlling insurance broker's domiciliary jurisdiction.
  - e. The controlling insurance broker shall maintain separately identifiable records of business written for the controlled insurer.

- f. The contract may not be assigned, in whole or in part, by the controlling insurance broker.
- g. The controlled insurer shall provide the controlling insurance broker with its underwriting standards, rules and procedures, manuals setting forth the rates to be charged, and the conditions for the acceptance or rejection of risks. The controlling insurance broker shall adhere to the standards, rules, procedures, rates, and conditions. The standards, rules, procedures, rates, and conditions must be the same as those applicable to comparable business placed with the controlled insurer by an insurance broker other than the controlling insurance broker.
- h. The rates and terms of the controlling insurance broker's commissions, charges, or other fees and the purposes for those charges or fees. The rates of the commissions, charges, and other fees must be no greater than those applicable to comparable business placed with the controlled insurer by insurance brokers other than controlling insurance brokers. For purposes of this subdivision and subdivision g, examples of "comparable business" include the same lines of insurance, same kinds of insurance, same kinds of risks, similar policy limits, and similar quality of business.
- i. If the contract provides that the controlling insurance broker, on insurance business placed with the insurer, is to be compensated contingent upon the insurer's profits on that business, then such compensation may not be determined and paid until at least five years after the premiums on liability insurance are earned and at least one year after the premiums are earned on any other insurance. In no event may the commissions be paid until the adequacy of the controlled insurer's reserves on remaining claims has been independently verified pursuant to subdivision a of subsection 4.
- j. A limit on the controlling insurance broker's writings in relation to the controlled insurer's surplus and total writings. The insurer may establish a different limit for each line or subline of business. The controlled insurer shall notify the controlling insurance broker when the applicable limit is approached and may not accept business from the controlling insurance broker if the limit is reached. The controlling insurance broker may not place business with the controlled insurer if it has been notified by the controlled insurer that the limit has been reached.
- k. The controlling insurance broker may negotiate but may not bind reinsurance on behalf of the controlled insurer on business the controlling insurance broker places with the controlled insurer, except that the controlling insurance broker may bind facultative reinsurance contracts pursuant to obligatory facultative agreements if the contract with the controlled insurer contains underwriting guidelines including, for both reinsurance assumed and ceded, a list of reinsurers with which such automatic agreements are in effect, the coverages and amounts or percentages that may be reinsured, and commission schedules.

3. Every controlled insurer shall have an audit committee of the board of directors composed of independent directors. The audit committee shall annually meet with management, the insurer's independent certified public accountants, and an independent casualty actuary or other independent loss reserve specialist acceptable to the commissioner to review the adequacy of the insurer's loss reserves.
4. a. In addition to any other required loss reserve certification, the controlled insurer shall annually, on April first of each year, file with the commissioner an opinion of an independent casualty actuary, or such other independent loss reserve specialist acceptable to the commissioner, reporting loss ratios for each line of business written and attesting to the adequacy of loss reserves established for losses incurred and outstanding as of yearend, including incurred but not reported, on business placed by the insurance broker.
  - b. The controlled insurer shall annually report to the commissioner the amount of commissions paid to the insurance broker, the percentage such amount represents of the net premiums written, and comparable amounts and percentage paid to noncontrolling insurance brokers for placements of the same kinds of insurance.

26.1-26.5-04. Disclosure. The insurance broker, prior to the effective date of the policy, shall deliver written notice to the prospective insured disclosing the relationship between the insurance broker and the controlled insurer, except that, if the business is placed through an insurance broker who is not a controlling insurance broker, the controlling insurance broker shall retain in his records a signed commitment from the insurance broker that the insurance broker is aware of the relationship between the insurer and the insurance broker and that the insurance broker has or will notify the insured.

26.1-26.5-05. Liability of controlling insurance broker in the event of insolvency of controlled insurer. If the commissioner has reason to believe that a controlling insurance broker has committed or is committing an act which could be determined to be a violation, and that the violation substantially contributed to the insolvency of a controlled insurer, the commissioner or receiver may maintain a civil action against the controlling insurance broker for all damages caused by the insurance broker's acts.

26.1-26.5-06. Administrative penalties and actions by the commissioner.

1. In addition to any other remedies provided herein, whenever it appears to the commissioner that a person has committed or is committing an act that could be determined to be a violation, the commissioner may institute a proceeding under chapter 28-32. After the hearing, the commissioner may order any or all of the following:
  - a. That the person permanently cease and desist from committing the acts found to be in violation of this chapter.
  - b. Payment of a penalty of not more than ten thousand dollars for each and every act or violation.
  - c. That the controlling insurance broker cease placing business with the controlled insurer.

2. If it is found, after hearing, that the controlling broker or any other person has not materially complied with this chapter and that the controlled insurer or any policyholder thereof has suffered any loss or damage, the commissioner may maintain a civil action or intervene in an action brought by or on behalf of the insurer or policyholder for recovery of compensatory damages for the benefit of the insurer or policyholder or other appropriate relief.
3. If an order for liquidation or rehabilitation of the controlled insurer has been entered pursuant to chapter 26.1-06.1, and the receiver appointed under that order believes that the controlling insurance broker or any other person has not materially complied with this chapter, or any rule or order adopted hereunder, and the insurer suffered any loss or damage therefrom, the receiver may maintain a civil action for recovery of damages or other appropriate sanctions for the benefit of the insurer.
4. Nothing contained in this section affects the right of the commissioner to impose any other penalties provided for in the insurance law.
5. Nothing contained in this section is intended to or in any manner alters or affects the rights of policyholders, claimants, creditors, or other third parties.

26.1-26.5-07. Effective date. Within sixty days of the effective date of this Act, each controlled insurer and each controlling insurance broker must comply with the provisions of sections 26.1-26.5-03 and 26.1-26.5-04.

### INSURANCE COMPANY REDOMESTICATION

AN ACT to create and enact three new sections to chapter 26.1-05 of the North Dakota Century Code, relating to redomestication of insurance companies.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** Three new sections to chapter 26.1-05 of the North Dakota Century Code are created and enacted as follows:

##### **Approval of the domestic insurer. - Premium waiver.**

1. An insurer organized under the laws of another state which is admitted to do business in this state for the purpose of writing insurance may be a domestic insurer by complying with the requirements of law relative to the organization and licensing of a domestic insurer of the same type in this state and by designating its principal place of business at a place in this state. For purposes of this section, a company is deemed to have designated its principal place of business at a place in this state if the company locates its home office in this state. If an insurer seeks to become a domestic insurer but is unable to designate its principal place of business in this state, the insurer may place on deposit with the Bank of North Dakota, upon the approval of the commissioner, a sum established by the commissioner, which may not be withdrawn without the approval of the commissioner. An insurer that complies with this subsection is entitled to the certificates and licenses to transact the business of a domestic insurer in this state and is subject to the authority and jurisdiction of this state.
2. After an insurance company has redomesticated to this state and located and maintained its home office in this state, the insurance company is allowed a credit against the premium tax imposed and due under section 26.1-03-17 for an amount equal to the premium tax paid in this state during the first two years as a domestic company in this state. This credit must be used in the third and fourth years following the company's redomestication to this state and may not be carried over beyond the fourth year.

**Conversion to foreign insurer.** A domestic insurer, upon the approval of the commissioner, may transfer its domicile to another state in which it is admitted to transact the business of insurance. Upon transfer, the insurer ceases to be a domestic insurer and, if qualified, may be admitted to this state as a foreign insurer. The commissioner shall approve a proposed transfer unless the commissioner determines the transfer is not in the interests of the policyholders of the state.

**Effects of redomestication.** In the discretion of the commissioner, the certificate of authority, agent appointments and licenses, rates, and other items in existence at the time an insurer licensed to transact the business of insurance in this state transfers its corporate domicile to this state or another state by merger, consolidation, or any other lawful method, continue in effect upon the transfer if the insurer remains duly qualified to transact the business of insurance in this state. An outstanding policy of a transferring insurer remains in effect and does not need to be endorsed as to the new name of the company or its new location unless so ordered by the commissioner. A transferring insurer shall file new policy forms with the commissioner on or before the effective date of the transfer, but may use existing forms with appropriate endorsements as approved by the commissioner. A transferring insurer shall notify the commissioner of the details of the proposed transfer and shall file promptly any resulting amendments to corporate documents filed or required to be filed with the commissioner.

5. Termination of this contract does not release the provider from completing procedures in progress on enrollees then receiving treatment for a specific condition for a period not to exceed sixty days, at the same schedule of copayment or other applicable charge in effect upon the effective date of termination of this contract.

2. In lieu of the bond specified in subsection 1, a prepaid limited health service organization may deposit with the commissioner cash or securities or other investments of the types set forth in section 26.1-17.1-14. **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. Definition.** As used in this Act, unless the context otherwise requires "boiler" means a closed vessel in which water is heated, steam is generated, steam is superheated, or any combination thereof, under pressure or vacuum for use externally to the boiler by the direct application of heat from the combustion of fuels, or from electricity or nuclear energy. The term includes fired units for heating or vaporizing liquids other than water where these units are separate from processing systems and are complete within themselves.

**SECTION 2. Chief boiler inspector, deputy inspectors - Appointment - Jurisdiction.** The commissioner, as manager of the state fire and tornado fund, shall employ a chief boiler inspector and deputy inspectors. The chief boiler inspector has jurisdiction over all boilers in this state except as otherwise provided.

1. No person is eligible to the office of chief boiler inspector unless that person:
  - a. Has had at the time of the appointment at least five years' experience in the construction, inspection, operation, maintenance, or repair of high pressure boilers and pressure vessels as a mechanical engineer, boilermaker, steam operating engineer, or boiler inspector. An applicant possessing a mechanical engineering degree from an accredited school may substitute that degree for two years of the five years' experience, at the discretion of the commissioner.
  - b. Holds a commission issued by the national board of boiler and pressure vessel inspectors or obtains the commission within one year after the date of appointment by the commissioner.

The inspection must be thorough as to the construction, installation, condition, and operation as provided by the rules adopted to implement this Act. An exempt boiler may be inspected by the chief boiler inspector when the owner, the owner's agent, or the user of the boiler makes written request for inspection to the commissioner. Each boiler of one hundred thousand pounds [45359.24 kilograms] per hour or more capacity, used or proposed to be used within this state, which has internal continuous water treatment

under the direct supervision of a graduate engineer or chemist, or one having equivalent experience in the treatment of boiler water where the water treatment is for the purpose of controlling and limiting serious corrosion and other deteriorating factors, and with respect to which boiler the chief boiler inspector has determined that the owner or user has complied with the prescribed recordkeeping requirements, must be inspected at least once every twenty-four months internally and externally while not under pressure, and at least once every eighteen months externally while under pressure. If a hydrostatic test is necessary to determine the safety of a boiler, the test must be conducted by the owner or user of the equipment under the supervision of the chief boiler inspector. 3. If a complete report is not filed with the commissioner within ninety days from the certificate due date, the chief boiler inspector may make the required inspection, unless extensions of time are granted by the chief boiler inspector. For that inspection, the insurance company or self-insured company shall pay all appropriate inspection fees in accordance with section 9 of this Act.
4. The chief boiler inspector may inspect any boiler to which a special inspection applies.
5. The commissioner may, for cause, suspend or revoke the appointment of any special inspector.

**SECTION 10. Certificate of inspection - Certificate to be posted.** The commissioner shall issue a certificate of inspection for each boiler inspected upon receipt of an inspection report certifying that the boilers are in a safe condition to be operated. The commissioner shall charge a fee of fifteen dollars for each certificate of inspection issued as the result of inspections authorized under section 8 of this Act. The fees are the liability of the insurance company or self-insured company and must be paid in accordance with rules adopted by the commissioner. No certificate may be issued for any boiler not in a safe condition to be operated. No certificate is valid for a period of more than twelve months for power boilers, twenty-four months for steam traction engines, and thirty-six months for low pressure boilers except that a two-month grace period may be extended for any certificate. **SECTION 14. Rules - Penalty for violation - Hearing.** The commissioner shall adopt rules for the safe and proper installation, use, operation, and inspection of boilers and pressure vessels subject to this Act. The commissioner may not issue a certificate of inspection to any owner or user of a boiler who fails or refuses to comply with those rules. The commissioner shall revoke any certificate presently in

force upon evidence that the owner or user of the boiler is failing or refusing to comply with the rules.

Any owner or user of a boiler may request a hearing before the commissioner within fifteen days from service of an order refusing or revoking a certificate of inspection. It is the burden of the owner or user to show cause why the certificate of inspection should not be refused or revoked. **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1.** A new chapter to title 26.1 of the North Dakota Century Code is created and enacted as follows:

**Persons disqualified as bail bondsmen - Violation is misdemeanor.** The following persons or classes may not be bail bondsmen and may not directly or indirectly receive any benefits from the execution of any bail bond: jailers, police officers, committing magistrates, magistrate court judges, sheriffs, deputy sheriffs and constables, or any person having the power to arrest or having anything to do with the control of federal, state, county, or municipal prisoners. A violation of this section is a class B misdemeanor.

**Unqualified and unlicensed person acting as bail bondsman prohibited - Pledging of property by individual as security for bail bond permitted - Violation is misdemeanor.** No person may act in the capacity of a bail bondsman or perform any of the functions, duties, or powers prescribed for bail bondsmen under the provisions of this chapter unless that person is qualified and licensed as provided in this chapter. However, none of the provisions of this section prohibit any individual from pledging real or other property as security for a bail bond in judicial proceedings if the person does not receive, or is not promised, money or other things of value therefor. Violation of this section is a class B misdemeanor.

**Violations - Penalties.**

1. The commissioner may suspend, revoke, or refuse to continue, issue, or renew any license issued under this chapter if, after notice to the licensee and hearing, the commissioner finds as to the licensee any of the following conditions:

Each jail shall furnish a space convenient to the telephones in the booking area to be used to hold business cards of bondsmen.

**Surrender of defendant prior to breach.** At any time before there has been a breach of the undertaking in any type of bail provided herein, the surety or bondsman may surrender the defendant, or the defendant may surrender, to the official to whose custody the defendant would have been given had the defendant been committed. The defendant may be surrendered without the return of premium for the bond if the defendant has been guilty of nonpayment of premium, changing address without notifying the bondsman, self concealment, or leaving the jurisdiction of the court without the permission of the bondsman, or of violating his contract with the bondsman in any way that does harm to the bondsman, or the surety, or violates the obligation to the court. For the purpose of surrendering the defendant, the surety may arrest the defendant before the forfeiture of the undertaking, or by written authority endorsed on a certified copy of the undertaking, may empower any peace officer to make arrest, first paying the lawful fees therefor.

  - c. An individual health insurance policy, including coverage issued by a health maintenance organization, nonprofit health service corporation, and fraternal benefit society that provides benefits similar to or exceeding the benefits provided under the basic health benefit plan, provided that the policy has been in effect for a period of at least one year.
24. "Rating period" means the calendar period for which premium rates established by a small employer carrier are assumed to be in effect.
25. "Reinsuring carrier" means a small employer carrier which reinsures individuals or groups with the program.
26. "Restricted network provision" means any provision of a health benefit plan that conditions the payment of benefits, in whole or in part, on the use of health care providers that have entered into a contractual arrangement with the carrier under chapters 26.1-17, 26.1-18, and 26.1-47 to provide health care services to covered individuals.
27. "Small employer" means any person that is actively engaged in business that, on at least fifty percent of its working days during the preceding calendar quarter, employed no more than twenty-five eligible employees, the majority of whom were employed within this state. In determining the number of eligible employees, companies that are affiliated companies, or that are eligible to file a combined tax return for purposes of state taxation, must be considered one employer.
28. "Small employer carrier" means any carrier that offers health benefit plans covering eligible employees of one or more small employers in this state.
29. "Standard health benefit plan" means a health benefit plan developed under section 8 of this Act.

**SECTION 2. Applicability and scope.**

1. Sections 1 through 12 and section 16 of this Act apply to any health benefit plan that provides coverage to the employees of a small employer in this state if:
  - a. Any portion of the premium or benefits is paid by or on behalf of the small employer;
  - b. An eligible employee or dependent is reimbursed, whether through wage adjustments or otherwise, by or on behalf of the small employer for any portion of the premium; or
  - c. The health benefit plan is treated by the employer or any of the eligible employees or dependents as part of a plan or program for the purposes of section 106, 125, or 162 of the United States Internal Revenue Code.
2.
  - a. Except as provided in subdivision b, carriers that are affiliated companies or that are eligible to file a consolidated tax return must be treated as one carrier and any restrictions or limitations imposed by sections 1 through 12 and section 16 of this Act apply as if all health benefit plans delivered or issued for delivery to small employers in this state by the affiliated carriers were issued by one carrier.
  - b. An affiliated carrier that is a health maintenance organization having a certificate of authority may be considered to be a separate carrier for the purposes of sections 1 through 12 and section 16 of this Act.
  - c. Unless otherwise authorized by the commissioner, a small employer carrier may not enter into one or more ceding arrangements with respect to health benefit plans delivered or issued for delivery to small employers in this state if the arrangements would result in less than fifty percent of the insurance obligation or risk for the health benefit plans being retained by the ceding carrier.
3.
  - a. A Taft Hartley trust, or a carrier with the written authorization of that trust, may make a written request to the commissioner for a waiver from the application of any of the provisions of subsection 1 of section 4 of this Act with respect to a health benefit plan provided to the trust.
  - b. The commissioner may grant the waiver if the commissioner finds that application of subsection 1 of section 4 of this Act, with respect to the trust:
    - (1) Would have a substantial adverse effect on the participants and beneficiaries of that trust; and
    - (2) Would require significant modifications to one or more collective bargaining arrangements under which the trust is established or maintained.
  - c. A waiver granted under this section does not apply to a person who participates in the trust as an associate member of an employee organization.

**SECTION 3. Establishment of classes of business.**

1. A small employer carrier may establish a separate class of business only to reflect substantial differences in expected claims experience or administrative costs resulting from:
  - a. The small employer carrier using more than one type of system for the marketing and sale of health benefit plans to small employers.
  - b. The small employer carrier having acquired a class of business from another small employer carrier.
  - c. The small employer carrier providing coverage to one or more association groups that meet the requirements set forth in rules adopted by the commissioner.
2. A small employer carrier may establish up to nine separate classes of business under subsection 1.
3. The commissioner may adopt rules to provide for a period of transition in order for a small employer carrier to come into compliance with subsection 2 if the small employer carrier acquires an additional class of business from another small employer carrier.
4. The commissioner may approve the establishment of additional classes of business if the carrier applies to the commissioner and the commissioner determines that the action would enhance the efficiency and fairness of the small employer marketplace.

**SECTION 4. Restrictions relating to premium rates.**

1. Premium rates for health benefit plans subject to sections 1 through 12 and section 16 of this Act are subject to the following:
  - a. The index rate for a rating period for any class of business may not exceed the index rate for any other class of business by more than fifteen percent.
  - b. For a class of business, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage, or the rates that could be charged to the employers under the rating system for that class of business, may not vary from the index rate by more than twenty percent of the index rate.
  - c. The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of:
    - (1) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that the change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which

- the small employer carrier is actively enrolling new small employers;
- (2) Any adjustment due to the claim experience, health status, or duration of coverage of the employees or dependents of the small employer as determined from the small employer carrier's rate manual for the class of business; however, the adjustment may not exceed fifteen percent annually and must be adjusted pro rata for rating periods of less than one year; and
  - (3) Any adjustment due to change in coverage or change in the case characteristics of the small employer, as determined from the small employer carrier's rate manual for the class of business.
- d. Adjustments in rates for claim experience, health status, and duration of coverage may not be charged to individual employees or dependents. Any adjustment must be applied uniformly to the rates charged for all employees and dependents of the small employer.
  - e. Premium rates for health benefit plans must comply with the requirements of this section notwithstanding any assessment paid or payable by a small employer carrier pursuant to section 7 of this Act.
  - f. A small employer carrier may utilize industry as a case characteristic in establishing premium rates, but the highest rate factor associated with any industry classification may not exceed the lowest rate factor associated with any industry classification by more than fifteen percent.
  - g. In the case of health benefit plans delivered or issued for delivery before the effective date of this Act, a premium rate for a rating period may exceed the ranges set forth in subdivisions a and b of subsection 1 for a period of three years following the effective date of this Act. Under this subdivision, the percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of:

    - (1) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that the change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers.
    - (2) Any adjustment due to change in coverage or change in the case characteristics of the small employer, as determined from the carrier's rate manual for the class of business.
  - h. (1) Small employer carriers shall apply rating factors, including case characteristics, consistently with respect to all small employers in a class of business. Rating factors must produce

premiums for identical groups which differ only by amounts attributable to plan design and do not reflect differences due to the nature of the groups assumed to select particular health benefit plans.

- (2) A small employer carrier shall treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.
- i. For the purposes of this subsection, a health benefit plan that uses a restricted provider network may not be considered similar coverage to a health benefit plan that does not use a restricted provider network, if the use of the restricted provider network results in substantial differences in claims costs.
- j. A small employer carrier may not use case characteristics, other than age, gender, industry, geographic area, family composition, and group size, without prior approval of the commissioner.
- k. The commissioner shall adopt rules to:
- (1) Assure that differences in rates charged for health benefit plans by small employer carriers are reasonable and reflect objective differences in plan design, not including differences due to the nature of the groups assumed to select particular health benefit plans;
- (2) Prescribe the manner in which case characteristics may be used by small employer carriers; and
- (3) Otherwise implement this section.
2. A small employer carrier may not transfer a small employer involuntarily into or out of a class of business. A small employer carrier may not offer to transfer a small employer into or out of a class of business unless the offer is made to transfer all small employers in the class of business without regard to case characteristics, claim experience, health status, or duration of coverage.
3. The commissioner may suspend for a specified period the application of subdivision a of subsection 1 as to the premium rates applicable to one or more small employers included within a class of business of a small employer carrier for one or more rating periods upon a filing by the small employer carrier and a finding by the commissioner that the suspension is reasonable in light of the financial condition of the small employer carrier or, with the prior approval of the committee established pursuant to section 8 of this Act, that the suspension would enhance the efficiency and fairness of the marketplace for small employer health insurance.
4. In connection with the offering for sale of any health benefit plan to a small employer, a small employer carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of:
- a. The extent to which premium rates for a specified small employer are established or adjusted based upon the actual or expected variation in

- claims costs or actual or expected variation in health status of the employees of the small employer and their dependents;
- b. The provisions of the health benefit plan concerning the small employer carrier's right to change premium rates and factors, other than claim experience, that affect changes in premium rates;
  - c. The provisions relating to renewability of policies and contracts; and
  - d. The provisions relating to any preexisting condition exclusion.
5. a. Each small employer carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.
- b. Each small employer carrier shall file with the commissioner on or before March fifteenth of each year an actuarial certification certifying that the carrier is in compliance with this chapter and that the rating methods of the small employer carrier are actuarially sound. The certification must be in a form and manner and contain information specified by the commissioner. The small employer carrier shall retain a copy of the certification at the carrier's principal place of business.
- c. A small employer carrier shall make the information and documentation described in subdivision a of this subsection available to the commissioner upon request. Except in cases of violations of sections 1 through 12 and section 16 of this Act, the information is proprietary and trade secret information and is not subject to disclosure by the commissioner to persons outside the department except as agreed to by the small employer carrier or as ordered by a court of competent jurisdiction.

**SECTION 5. Renewability of coverage.**

1. A health benefit plan subject to sections 1 through 12 and section 16 of this Act must be renewable with respect to all eligible employees and dependents, at the option of the small employer, except for any of the following:
- a. Nonpayment of the required premiums.
  - b. Fraud or misrepresentation of the small employer or, with respect to coverage of individual insureds, the insureds or their representatives.
  - c. Noncompliance with the carrier's minimum participation requirements.
  - d. Noncompliance with the carrier's employer contribution requirements.
  - e. Repeated misuse of a provider network provision.

- f. The small employer carrier electing to nonrenew all of its health benefit plans delivered or issued for delivery to small employers in this state. In that case the carrier shall:
- (1) Provide advance notice of its decision not to renew to the commissioner in each state in which it is licensed; and
  - (2) Provide notice of the decision not to renew coverage to all affected small employers and to the commissioner in each state in which an affected insured individual is known to reside at least one hundred eighty days prior to the nonrenewal of any health benefit plan by the carrier. Notice to the commissioner under this paragraph must be provided at least three working days prior to the notice to the affected small employers.
- g. The commissioner finds that the continuation of the coverage would not be in the best interests of the policy holders or certificate holders or would impair the carrier's ability to meet its contractual obligations. In this case the commissioner shall assist affected small employers in finding replacement coverage.
2. A small employer carrier that elects not to renew a health benefit plan under subdivision f of subsection 1 may not write new business in the small employer market in this state for a period of five years from the date of notice to the commissioner.
3. In the case of a small employer carrier doing business in one established geographic service area of the state, this section only applies to the carrier's operations in that service area.

**SECTION 6. Availability of coverage.**

1. a. As a condition of transacting business in this state with small employers, every small employer carrier shall actively offer small employers at least two health benefit plans. Each small employer carrier shall offer one basic health benefit plan and one standard health benefit plan.
- b. (1) A small employer carrier shall issue a basic health benefit plan or a standard health benefit plan to any eligible small employer that applies for either plan and agrees to make the required premium payments and to satisfy the other reasonable provisions of the health benefit plan not inconsistent with sections 1 through 12 and section 16 of this Act.
- (2) In the case of a small employer carrier that establishes more than one class of business pursuant to section 3 of this Act, the small employer carrier shall maintain and issue to eligible small employers at least one basic health benefit plan and at least one standard health benefit plan in each established class of business. A small employer carrier may apply reasonable criteria in determining whether to accept a small employer into a class of business if the criteria are not intended to discourage or prevent acceptance of small employers applying for a basic or standard health benefit plan, are not related to the health

status or claim experience of the small employer, and are applied consistently to all small employers applying for coverage in the class of business. The small employer carrier shall provide for the acceptance of all eligible small employers into one or more classes of business. This paragraph does not apply to a class of business into which the small employer carrier is no longer enrolling new small businesses.

- c. A small employer is eligible under subdivision b if it employed at least three or more eligible employees within this state on at least fifty percent of its working days during the preceding calendar quarter.
- d. This subsection takes effect one hundred eighty days after the commissioner's approval of the basic health benefit plan and the standard health benefit plan developed pursuant to section 8 of this Act; however, if the small employer health reinsurance program created pursuant to section 7 of this Act is not yet operative on that date, this section becomes effective on the date the program begins operation.
- 2. a. A small employer carrier shall file with the commissioner, in a format and manner prescribed by the commissioner, the basic health benefit plans and the standard health benefit plans to be used by the carrier. A health benefit plan filed under this subdivision may be used by a small employer carrier beginning sixty days after it is filed unless the commissioner disapproves its use.

b. The commissioner after providing notice and an opportunity for a hearing to the small employer carrier, may disapprove, at any time, the continued use by a small employer carrier of a basic or standard health benefit plan if the plan does not meet the requirements of sections 1 through 12 and section 16 of this Act.
- 3. Health benefit plans covering small employers must comply with the following:

  - a. A health benefit plan may not deny, exclude, or limit benefits for a covered individual for losses incurred more than twelve months following the effective date of the individual's coverage due to a preexisting condition. A health benefit plan may not define a preexisting condition more restrictively than:

    - (1) A condition for which medical advice, diagnosis, care, or treatment was recommended or received during the six months immediately preceding the effective date of coverage; or
    - (2) A pregnancy existing on the effective date of coverage.
  - b. A small employer carrier shall waive any time period applicable to a preexisting condition exclusion or limitation period with respect to particular services for the period of time an individual was previously covered by qualifying previous coverage that provided benefits with respect to the services, if the qualifying previous coverage was continuous until at least ninety days prior to the

effective date of the new coverage. The period of continuous coverage may not include a waiting period for the effective date of the new coverage applied by the employer or the carrier. This subdivision does not preclude application of an employer waiting period applicable to all new enrollees under the health benefit plan.

- c. A health benefit plan may exclude coverage for late enrollees for the greater of eighteen months or for an eighteen-month preexisting condition exclusion; however, if both a period of exclusion from coverage and a preexisting condition exclusion are applicable to a late enrollee, the combined period may not exceed eighteen months from the date the individual enrolls for coverage under the health benefit plan.
- d. (1) Except as provided in this subdivision, a small employer carrier shall apply requirements used to determine whether to provide coverage to a small employer, including requirements for minimum participation of eligible employees and minimum employer contributions, uniformly among all small employers with the same number of eligible employees who are applying for coverage or receiving coverage from the small employer carrier.
- (2) A small employer carrier may vary application of minimum participation requirements and minimum employer contribution requirements only by the size of the small employer group.
- (3) (a) Except as provided in subparagraph b, a small employer carrier, in applying minimum participation requirements with respect to a small employer, shall not consider employees or dependents who have qualifying existing coverage in determining whether the applicable percentage of participation is met.
- (b) With respect to a small employer, with ten or fewer eligible employees, a small employer carrier may consider employees or dependents who have coverage under another health benefit plan sponsored by the small employer in applying minimum participation requirements.
- (4) A small employer carrier may not increase any requirement for minimum employee participation or any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.
- e. (1) If a small employer carrier offers coverage to a small employer, the small employer carrier shall offer coverage to all of the eligible employees of a small employer and their dependents. A small employer carrier may not offer coverage only to certain individuals in a small employer group or only to part of the group, except in the case of late enrollees as provided in subdivision c.
- (2) Except as permitted under subsection 1 and this subsection, a small employer carrier may not modify a basic or standard health benefit plan with respect to a small employer or any eligible

employee or dependent through riders, endorsements, or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

4. a. A small employer carrier is not required to offer coverage or accept applications under subsection 1 if:
  - (1) A small employer who applies for coverage is not physically located in the carrier's established geographic service area;
  - (2) An employee who applies for coverage does not work or reside within the carrier's established geographic service area; or
  - (3) Within an area the small employer carrier reasonably anticipates, and demonstrates to the satisfaction of the commissioner, that, because of its obligations to existing group policyholders and enrollees, it will not have the capacity within its established geographic service area to deliver service adequately to the members of the groups.
- b. A small employer carrier that cannot offer coverage pursuant to paragraph 3 of subdivision a may not offer coverage in the applicable area to new cases of employer groups with more than twenty-five eligible employees or to any small employer groups until the later of one hundred eighty days following each refusal or the date on which the carrier notifies the commissioner that it has regained capacity to deliver services to small employer groups.
5. A small employer carrier is not required to provide coverage to small employers pursuant to subsection 1 for any period of time for which the commissioner determines that requiring the acceptance of small employers in accordance with the provisions of subsection 1 would place the small employer carrier in a financially impaired condition.

**SECTION 7. Small employer carrier reinsurance program.**

1. A nonprofit entity known as the North Dakota small employer health reinsurance program is created.
2. a. The program is subject to the supervision and control of the board. The board consists of eight members appointed by the commissioner of insurance and the commissioner or the commissioner's designated representative, who serves as an ex officio member of the board.
- b. In selecting the members of the board, the commissioner shall include representatives of small employers and small employer carriers and other individuals determined to be qualified by the commissioner. At least five of the members of the board must be representatives of reinsuring carriers and must be selected from individuals nominated by small employer carriers in this state under rules adopted by the commissioner.
- c. The commissioner shall appoint the initial board members as follows: two members to serve a term of two years, three members to serve a term of four years, and three members to serve a term of six years.

Subsequent board members shall serve for a term of three years. A board member's term continues until a successor is appointed.

- d. The commissioner shall appoint a person to fill a vacancy in the board. The commissioner may remove a board member for cause.
3. Within sixty days of the effective date of this Act, each small employer carrier shall file with the commissioner the carrier's total number of small employer group enrollees and its net health insurance premium derived from health benefit plans delivered or issued for delivery to small employers in this state in the previous calendar year.
4. Within one hundred eighty days after the appointment of the initial board, the board shall submit a plan of operation to the commissioner and the board also shall submit any amendments to the plan necessary or suitable to assure the fair, reasonable, and equitable administration of the program to the commissioner. The commissioner, after notice and hearing, may approve the plan of operation if the commissioner determines it to be suitable to assure the fair, reasonable, and equitable administration of the program and to provide for the sharing of program gains or losses on an equitable and proportionate basis in accordance with this section. The plan of operation is effective upon written approval by the commissioner.
5. If the board fails to submit a suitable plan of operation within one hundred eighty days after its appointment, the commissioner, after notice and hearing, shall adopt a temporary plan of operation. The commissioner shall amend or rescind any plan adopted under this section when the board submits a plan of operation which the commissioner approves.
6. The plan of operation must establish procedures:
  - a. For handling and accounting of program assets and moneys and for an annual fiscal reporting to the commissioner;
  - b. For selecting an administering carrier and setting forth the powers and duties of the administering carrier;
  - c. For reinsuring risks in accordance with this section;
  - d. For collecting assessments from reinsuring carriers to fund claims and administrative expenses incurred or estimated to be incurred by the program;
  - e. For applying the dollar thresholds contained in this section in the case of carriers that pay or reimburse health care providers through capitation or salary; and
  - f. For providing for any additional matters necessary for the implementation and administration of the program.
7. The program has the general powers and authority granted under the laws of this state to insurance companies and health maintenance organizations licensed to transact business, except the power to issue health benefit plans directly to either groups or individuals. In addition thereto, the program may:

- a. Enter into contracts as necessary or proper to carry out the provisions and purposes of sections 1 through 12 and section 16 of this Act, including with the approval of the commissioner, entering into contracts with similar programs of other states for the joint performance of common functions or with persons or other organizations for the performance of administrative functions.
  - b. Sue or be sued, including taking legal action necessary or proper for recovering any assessments and penalties for, on behalf of, or against the program or any reinsuring carriers or take any legal action necessary to avoid payment of improper claims against the program.
  - c. Define the health benefit plans for which reinsurance will be provided, and to issue reinsurance policies under sections 1 through 12 and section 16 of this Act.
  - d. Establish rules for reinsuring risks under the program.
  - e. Assess reinsuring carriers in accordance with subsection 11, and make advance interim assessments as reasonable and necessary for organizational and interim operating expenses. Interim assessments must be credited as offsets against any regular assessments due following the close of the fiscal year.
  - f. Appoint appropriate legal, actuarial, and other committees to provide technical assistance in the operation of the program, policy and contract design, and any other function within the authority of the program.
  - g. Borrow money to effect the purposes of the program. A note or other indebtedness of the program not in default is a legal investment for carriers and may be carried as an admitted asset.
8. A small employer carrier may reinsure with the program as provided for in this subsection:
- a. With respect to a basic health benefit plan or a standard health benefit plan, the program shall reinsure the level of coverage provided and, with respect to other plans, the program shall reinsure up to the level of coverage provided in a basic or standard health benefit plan.
  - b. A small employer carrier may reinsure an entire employer group within sixty days after the group's coverage begins under a health benefit plan.
  - c. A small employer carrier may reinsure an eligible employee or dependent within sixty days after coverage begins with the small employer. A newly eligible employee or dependent of the reinsured small employer may be reinsured within sixty days after the coverage begins.
  - d. (1) The program may not reimburse a reinsuring carrier with respect to the claims of a reinsured employee or dependent until the carrier has incurred an initial level of claims for the employee

or dependent as set by the board. The board shall establish retention levels of reinsuring carriers for reinsurance under sections 1 through 12 and section 16 of this Act at an amount of not less than fifty thousand dollars nor greater than one hundred thousand dollars. A reinsuring carrier's liability under this paragraph may not exceed the maximum limit established by the board in a calendar year for a reinsured individual.

- (2) The board annually shall adjust the initial level of claims and the maximum limit to be retained by the carrier to reflect increases in costs and utilization within the standard market for health benefit plans within the state. The adjustment may not be less than the annual change in the medical component of the consumer price index for all urban consumers of the department of labor, bureau of labor statistics, unless the board proposes and the commissioner approves a lower adjustment factor.
- e. A reinsuring carrier may terminate reinsurance with the program for one or more of the reinsured employees or dependents of a small employer on any anniversary of the health benefit plan.
- f. A reinsuring carrier or small employer carrier shall apply all managed care and claims handling techniques, including utilization review, individual case management, preferred provider provisions, and other managed care provisions or methods of operation consistently with respect to reinsured and nonreinsured business.
9. a. The board, as part of the plan of operation, shall establish a method for determining premium rates to be charged by the program for reinsuring small employers and individuals pursuant to this section. The method must include a system for classification of small employers that reflects the types of case characteristics commonly used by small employer carriers in the state. The method must provide for the development of base reinsurance premium rates which must be multiplied by the factors set forth in subdivision b to determine the premium rates for the program. The board shall establish the base reinsurance premium rates, subject to the approval of the commissioner, and shall set the rates at levels which reasonably approximate gross premiums charged to small employers by small employer carriers for health benefit plans with benefits similar to the standard health benefit plan, adjusted to reflect retention levels required under sections 1 through 12 and section 16 of this Act.

  - b. Premiums for the program are:

    - (1) An entire small employer group may be reinsured for a rate that is not greater than one and one-half times the base reinsurance premium rate for the group established under this section.
    - (2) An eligible employee or dependent may be reinsured for a rate that is not greater than five times the base reinsurance premium rate for the individual established under this section.
  - c. The board shall review the method established under subdivision a, periodically, including the system of classification and any rating

factors, to assure that it reasonably reflects the claims experience of the program. The board may propose changes to the method. The changes are subject to the approval of the commissioner.

- d. The board may consider adjustments to the premium rates charged by the program to reflect the use of effective cost containment and managed care arrangements.
10. If a health benefit plan for a small employer is entirely or partially reinsured with the program, the premium charged to the small employer for any rating period for the coverage issued must meet the requirements relating to premium rates set forth in section 4 of this Act.
11. a. Prior to March first of each year, the board shall determine and report to the commissioner the program net loss for the previous calendar year, including administrative expenses and incurred losses for the year, taking into account investment income and other appropriate gains and losses.
- b. Any net loss for the year must be recouped by assessments of small employer carriers.
- (1) The board shall establish, as part of the plan of operation, a formula by which to make assessments against small employer carriers. The assessment formula must be based on:
- (a) Each small employer carrier's share of the total number of small group enrollees covered in the preceding calendar year from health benefit plans delivered or issued for delivery to small employers in this state by small employer carriers; and
- (b) Each small employer carrier's share of the total number of small group enrollees covered in the preceding calendar year from newly issued health benefit plans delivered or issued for delivery during the calendar year to small employers in this state by small employer carriers.
- (2) The formula established under this subdivision may not result in any small employer carrier having an assessment share that is less than fifty percent nor more than one hundred fifty percent of the proportion of the small employer carrier's total premiums earned in the preceding calendar year from health benefit plans delivered or issued for delivery to small employers in this state by small employer carriers to the total premiums earned in the preceding calendar year from health benefit plans delivered or issued for delivery to small employers in this state by all small employer carriers.
- (3) With the approval of the commissioner, the board may change the assessment formula established under this subdivision as appropriate. The board may provide for the shares of the assessment base attributable to total number of small employer group enrollees and to the previous year's total to vary during a transition period.

- (4) Subject to the approval of the commissioner, the board shall make an adjustment to the assessment formula for small employer carriers that are approved health maintenance organizations which are federally qualified under 42 U.S.C. 300, et seq., to the extent, if any, that restrictions are placed on them that are not imposed on other small employer carriers.
- c. (1) Before March first of each year, the board shall determine and file with the commissioner an estimate of the assessments needed to fund the losses incurred by the program in the previous calendar year.
- (2) If the board determines the assessments needed to fund the losses incurred by the program in the previous calendar year will exceed five percent of total premiums earned in the previous calendar year from health benefit plans delivered or issued for delivery to small employers in this state by small employer carriers, the board shall evaluate the operation of the program and report its findings, including any recommendations for changes to the plan of operation, to the commissioner within ninety days following the end of the calendar year in which the losses were incurred. The evaluation must include an estimate of future assessments and consideration of the administrative costs of the program, the appropriateness of the premiums charged, the level of insurer retention under the program and the costs of coverage for small employers. If the board fails to file a report with the commissioner within ninety days following the end of the applicable calendar year, the commissioner may evaluate the operations of the program and implement amendments to the plan of operation the commissioner determines necessary to reduce future losses and assessments.
- d. If assessments exceed net losses of the program, the excess must be held at interest and used by the board to offset future losses or to reduce program premiums. As used in this subdivision, "future losses" includes reserves for incurred but not reported claims.
- e. The board shall determine each small employer carrier's proportion of the assessment annually based on annual statements and other reports determined necessary by the board and filed by the small employer carriers with the board.
- f. The plan of operation must provide for the imposition of an interest penalty for late payment of assessments.
- g. A small employer carrier may seek from the commissioner a deferment from all or part of an assessment imposed by the board. The commissioner may defer all or part of the assessment of a small employer carrier if the commissioner determines that payment of the assessment would place the small employer carrier in a financially impaired condition. If all or part of an assessment against a small employer carrier is deferred, the amount deferred must be assessed against the other participating carriers in a manner consistent with the basis for assessment set forth in this subsection. The small

employer carrier receiving the deferment remains liable to the program for the amount deferred and may not reinsure any individuals or groups with the program until it pays the assessments.

12. Neither the participation in the program, the establishment of rates, forms, or procedures, nor any other joint or collective action required by sections 1 through 12 and section 16 of this Act may be the basis of any legal action, criminal or civil liability, or penalty against the program or any small employer carriers either jointly or separately.
13. Assessments for the program are exempt from taxes.
14. The board, as part of the plan of operation, shall develop standards setting forth the manner and levels of compensation to be paid to producers for the sale of basic and standard health benefit plans. In establishing the standards, the board shall consider the need to assure the broad availability of coverages, the objectives of the program, the time and effort expended in placing the coverage, the need to provide ongoing service to the small employer, the levels of compensation currently used in the industry, and the overall costs of coverage to small employers selecting these plans.
15. Nothing in sections 1 through 12 and section 16 of this Act may be construed to require an industrywide trade association plan operating under a master group policy to market, offer, or sell a health benefit plan to employers who are not members of the association. An association which on January 1, 1993, and at least ten years prior to that date, markets, offers, or sells health benefit plans to all members of the association, and does not market, offer, or sell any other individual or group health benefit plan is exempt from sections 1 through 12 and section 16 of this Act. For purposes of sections 1 through 12 and section 16 of this Act, "trade association" means an association with a membership of not less than fifty small employers, each employing more than twenty-five employees serving a single industry, business, or trade that has been actively in existence for at least one year, has a constitution and bylaws or other governing documents, has been formed in good faith for purposes other than for obtaining insurance, and does not condition membership in the association on health status. Notwithstanding this subsection, nothing in this section may be construed to exempt a small employer carrier from sections 1 through 12 and section 16 of this Act.

#### SECTION 8. Health benefit plan committee.

1. The commissioner of insurance shall appoint a health benefit plan committee composed of representatives of carriers, small employers, employees, health care providers, and producers.
2. The committee shall recommend the form and level of coverage to be made available by a small employer carrier pursuant to section 6 of this Act.
3. The committee shall recommend benefit levels, cost-sharing levels, exclusions, and limitations for the basic health benefit plan and the standard health benefit plan. The committee shall design a basic health benefit plan and a standard health benefit plan each of which contain benefit and cost-sharing levels that are consistent with the basic method

of operation and the benefits of health maintenance organizations, including any restrictions imposed by federal law.

- a. The plans recommended by the committee may include cost containment features such as:
  - (1) Utilization review of health care services, including review of medical necessity of hospital and physician services;
  - (2) Case management;
  - (3) Selective contracting with hospitals, physicians, and other health care providers;
  - (4) Reasonable benefit differentials applicable to providers that do or do not participate in arrangements using restricted network provisions; and
  - (5) Other managed care provisions.
- b. The committee shall submit the health benefit plans described in this subsection to the commissioner for approval within one hundred eighty days after the appointment of the committee.

SECTION 9. Periodic market evaluation. In consultation with members of the committee, the board shall study the effectiveness of sections 1 through 12 and section 16 of this Act at least every three years and report on that study to the commissioner. The report must analyze the effectiveness of sections 1 through 12 and section 16 of this Act in promoting rate stability, product availability, and coverage affordability. The report must address whether carriers and producers are fairly and actively marketing and issuing health benefit plans to small employers in fulfillment of the purposes of sections 1 through 12 and section 16 of this Act. The report may contain recommendations for actions to improve the overall effectiveness, efficiency, and fairness of the small group health insurance marketplace and recommendations for market conduct or other regulatory standards or action.

SECTION 10. Waiver of certain state laws. Any law requiring the coverage of a health care service or benefit, or requiring the reimbursement, utilization, or inclusion of a specific category of licensed health care practitioner, does not apply to a basic health benefit plan delivered or issued for delivery to small employers in this state under sections 1 through 12 and section 16 of this Act.

SECTION 11. Standards to assure fair marketing.

1. Each small employer carrier shall actively market health benefit plan coverage, including the basic and standard health benefit plans, to eligible small employers in the state. If a small employer carrier denies coverage to a small employer on the basis of the health status or claims experience of the small employer or its employees or dependents, the small employer carrier shall offer the small employer the opportunity to purchase a basic health benefit plan and a standard health benefit plan.
2. a. A small employer carrier or producer may not engage in the following activities, directly or indirectly:

- (1) Encouraging or directing small employers to refrain from filing an application for coverage with the small employer carrier because of the health status, claims experience, industry, occupation, or geographic location of the small employer.
  - (2) Encouraging or directing small employers to seek coverage from another carrier because of the health status, claims experience, industry, occupation, or geographic location of the small employer.
- b. Subdivision a does not apply to information provided by a small employer carrier or producer to a small employer regarding the established geographic service area or a restricted network provision of a small employer carrier.
3. a. A small employer carrier may not enter into any contract, agreement, or arrangement, directly or indirectly, with a producer that provides for or results in the compensation paid to a producer for the sale of a health benefit plan to be varied because of the health status, claims experience, industry, occupation, or geographic location of the small employer.
  - b. Subdivision a does not apply to a compensation arrangement that provides compensation to a producer on the basis of percentage of premium, provided the percentage does not vary because of the health status, claims experience, industry, occupation, or geographic area of the small employer.
4. A small employer carrier shall provide reasonable compensation, as provided under the plan of operation of the program, to a producer, if any, for the sale of a basic or standard health benefit plan.
5. No small employer carrier may terminate, fail to renew, or limit its contract or agreement of representation with a producer for any reason related to the health status, claims experience, occupation, or geographic location of the small employers placed by the producer with the small employer carrier.
6. No small employer carrier or producer may induce or otherwise encourage a small employer to separate or otherwise exclude an employee from health coverage or benefits provided in connection with the employee's employment.
7. Denial by a small employer carrier of an application for coverage from a small employer must be in writing and must state the reason or reasons for the denial.
8. A violation of this section by a small employer carrier or a producer is an unfair trade practice under section 26.1-04-03.
9. If a small employer carrier enters into a contract, agreement, or other arrangement with a third-party administrator to provide administrative, marketing, or other services related to the offering of health benefit plans to small employers in this state, the third-party administrator is subject to this section as if it were a small employer carrier.

SECTION 12. Restoration of terminated coverage. The commissioner may adopt rules to require small employer carriers, as a condition of transacting business with small employers in this state after the effective date of this Act, to reissue a health benefit plan to any small employer whose health benefit plan has been terminated or has not been renewed by the carrier after January 1, 1994. The rules may contain terms for the reissue of coverage as the commissioner determines necessary to provide continuity of coverage to small employers.

SECTION 13. Group health care coverage - Cooperative agreement allowed. The commissioner of insurance shall adopt rules to enable groups to form a cooperative that would allow those groups to purchase group health insurance coverage as one entity.

SECTION 14. A new section to chapter 26.1-36 of the North Dakota Century Code is created and enacted as follows:

Preventive health care - Copayments. The standard health benefit plan developed under section 8 of this Act must provide coverage for prenatal care visits for a covered person and recommended immunizations and well child visits for a covered person from birth to the age of five years. The plan may impose only a five dollar copayment for each prenatal care visit and a two dollar copayment for each well child visit or immunization visit.

SECTION 15. AMENDMENT. Section 26.1-36-37.1 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

26.1-36-37.1. Standard health insurance proof of loss form - Claim payment time limits. The commissioner shall prescribe by rule a standard health insurance proof of loss and claim form for use in filing proof of loss and a claim for all health care services. For purposes of this section, "health care service" means any service included in providing an individual with medical, dental, or hospital care or any service incident to providing medical, dental, or hospital care as well as any service provided to prevent, alleviate, care, or heal human illness or injury. After receipt of a health insurance proof of loss form, the insurer shall, within fifteen business days, pay the claim or that portion of the claim that is not contested, deny the claim, or make an initial request for additional information. If a claim or a portion of a claim is contested, the insured or the insured's assignee must be notified in writing that the claim is contested and the reasons for the contest. Nothing in this notification precludes the insurer from denying the claim in whole or in part, for other reasons at a later date. Within fifteen business days of the receipt of the information initially requested, the insurer shall pay or deny the claim.

SECTION 16. A new section to chapter 26.1-36 of the North Dakota Century Code is created and enacted as follows:

Loss ratios - Rules. For all policies providing hospital, surgical, medical, or major medical benefit, an insurance company, a nonprofit health service corporation, a fraternal benefit society, and any other entity providing a plan of health insurance or health benefit subject to state insurance regulation shall return benefits to group policyholders in the aggregate of not less than seventy-five percent of premium received and to individual policyholders in the aggregate of not less than sixty-five percent of premium received. The commissioner shall adopt rules to establish these minimum standards on the basis of incurred

claims experienced and earned premiums for the entire period for which rates are computed to provide coverage in accordance with accepted actuarial principles and practices.

### ASBESTOS CLAIM LIMITATIONS

AN ACT to create and enact a new section to chapter 28-01 of the North Dakota Century Code, relating to limitation of actions for certain asbestos claims by public building owners.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** A new section to chapter 28-01 of the North Dakota Century Code is created and enacted as follows:

**Limitation of action for asbestos claims.**

1. The legislative assembly finds that it is in the interest of the general public, particularly those persons who may bring claims regarding materials containing asbestos in public buildings and those against whom the claims may be brought, to set a specific date by which public building owners must bring a cause of action for removal or other abatement costs associated with the presence of asbestos in their buildings. By enactment of this statute of limitations, the legislative assembly does not imply that suits would otherwise be barred by an existing limitations period.
2. Notwithstanding any other law to the contrary, any action to recover costs for removal and replacement of asbestos or materials containing asbestos from a public building; to recover costs for other measures taken to locate, correct, or ameliorate any problem related to asbestos in a public building; or for reimbursement for removal and replacement, correction, or amelioration of an asbestos problem in a public building, must be commenced prior to August 1, 1997. Any such action which would otherwise be barred before August 1, 1997, as a result of expiration of the applicable period of limitation, is revived or extended. An asbestos action revived or extended under this subsection must be commenced prior to August 1, 1997.
3. For purposes of this section, "public building" means any building owned by any county, city, township, school district, park district, or any other unit of local government, the state or any agency, industry, institution, board, or department thereof.

### TORT REFORM

AN ACT to create and enact chapter 28-01.3 of the North Dakota Century Code, relating to products liability; to amend and reenact section 13 of chapter 404 of the 1987 Session Laws of North Dakota and sections 32-03.2-02 and 32-03.2-11 of the North Dakota Century Code, relating to comparative fault and punitive damages; and to repeal section 15 of chapter 404 of the 1987 Session Laws of North Dakota, and chapter 28-01.1 and section 32-03.2-03 of the North Dakota Century Code, relating to the expiration date of legislation concerning tort liability, products liability, and comparative fault.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 13 of chapter 404 of the 1987 Session Laws of North Dakota is amended and reenacted as follows:

**SECTION 13. REPEAL.** ~~If this Act does not contain an expiration date, North Dakota Century Code sections Section 9-10-07 of the North Dakota Century Code and section 32-03-07 of the North Dakota Century Code as amended by section 1 of 1987 Senate Bill No. 2058, as approved by the fiftieth legislative assembly, are hereby repealed.~~

**SECTION 2. AMENDMENT.** Section 32-03.2-02 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**32-03.2-02. Modified comparative fault.** Contributory fault does not bar recovery in an action by any person to recover damages for death or injury to person or property unless the fault was as great as the combined fault of all other persons who contribute to the injury, but any damages allowed must be diminished in proportion to the amount of contributing fault attributable to the person recovering. The court may, and when requested by any party, shall direct the jury to find separate special verdicts determining the amount of damages and the percentage of fault attributable to each person, whether or not a party, who contributed to the injury. The court shall then reduce the amount of such damages in proportion to the amount of fault attributable to the person recovering. When two or more parties are found to have contributed to the injury, the liability of each party is several only, and is not joint, and each party is liable only for the amount of damages attributable to the percentage of fault of that party, except that any persons who act in concert in committing a tortious act or aid or encourage the act, or ratifies or adopts the act for their benefit, are jointly liable for all damages attributable to their combined percentage of fault. Under this section, fault includes negligence, malpractice, absolute liability, dram shop liability, failure to warn, reckless or willful conduct, assumption of risk, misuse of product, and failure to avoid injury. ~~Under this section, fault does not include~~

any, and product liability, including product liability involving negligence or strict liability or breach of warranty for product defect.

**SECTION 3. AMENDMENT.** Section 32-03.2-11 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**32-03.2-11. When court or jury may give exemplary damages.**

1. In any action for the breach of an obligation not arising from contract, when the defendant has been guilty by clear and convincing evidence of oppression, fraud, or malice, actual or presumed, the court or jury, in addition to the actual damages, may give damages for the sake of example and by way of punishing the defendant. Upon commencement of the action, the complaint may not seek exemplary damages. After filing the suit, a party may make a motion to amend the pleadings to claim exemplary damages. The motion must allege an applicable legal basis for awarding exemplary damages and must be accompanied by one or more affidavits showing the factual basis for the claim. At the hearing on the motion, if the court finds prima facie evidence in support of the motion, the court shall grant the moving party permission to amend the pleadings to claim exemplary damages. For purposes of tolling the statute of limitations, pleadings amended under this section relate back to the time the action was commenced.
2. If either party so elects, the trier of fact shall first determine whether compensatory damages are to be awarded before addressing any issues related to exemplary damages. Evidence relevant only to the claim for exemplary damages is not admissible in the proceeding on liability for compensatory damages. If an award of compensatory damages has been made, the trier of fact shall determine whether exemplary damages are to be awarded.
3. Evidence of a defendant's financial condition or net worth is not admissible in the proceeding on exemplary damages.
4. If the trier of fact determines that exemplary damages are to be awarded, the amount of exemplary damages may not exceed two times the amount of compensatory damages or two hundred fifty thousand dollars, whichever is greater; provided, however, that no award of exemplary damages may be made if the claimant is not entitled to compensatory damages. In a jury trial, the jury may not be informed of the limit on damages contained in this subsection. Any jury award in excess of this limit must be reduced by the court.
5. In order for a party to recover exemplary damages, the finder of fact shall find by clear and convincing evidence that the amount of exemplary damages awarded is consistent with the following principles and factors:
  - a. Whether there is a reasonable relationship between the exemplary damage award claimed and the harm likely to result from the defendant's conduct as well as the harm that actually has occurred;
  - b. The degree of reprehensibility of the defendant's conduct and the duration of that conduct; and

c. Any of the following factors as to which evidence is presented:

- (1) The defendant's awareness of and any concealment of the conduct;
- (2) The profitability to the defendant of the wrongful conduct and the desirability of removing that profit and of having the defendant also sustain a loss; and
- (3) Criminal sanctions imposed on the defendant for the same conduct that is the basis for the exemplary damage claim, these to be taken into account if offered in mitigation of the exemplary damage award.

**SECTION 4.** Chapter 28-01.3 of the North Dakota Century Code is created and enacted as follows:

28-01.3-01. Limitation on ad damnum clause. If a complaint filed in a products liability action prays for a recovery of money in an amount equal to or less than fifty thousand dollars, the amount must be stated. If a recovery of money in an amount greater than fifty thousand dollars is demanded, the pleading must state merely that recovery of reasonable damages in an amount greater than fifty thousand dollars is demanded. This action may be superseded by an amendment to the North Dakota Rules of Civil Procedure.

28-01.3-02. Alteration or modification of product is defense to action. No manufacturer or seller of a product may be held liable in any products liability action where a substantial contributing cause of the injury, death, or damage to property was an alteration or modification of the product, which occurred subsequent to the sale by the manufacturer or seller to the initial user or consumer, and which changed the purpose, use, function, design, or intended use or manner of use of the product from that for which the product was originally designed, tested, or intended.

28-01.3-03. Liability of nonmanufacturing sellers.

1. In any products liability action maintained against a seller of a product who did not manufacture the product, the seller shall upon answering or otherwise pleading file an affidavit certifying the correct identity of the manufacturer of the product allegedly causing the personal injury, death, or damage to property.
2. After the plaintiff has filed a complaint against the manufacturer and the manufacturer has or is required to have answered or otherwise pleaded, the court shall order the dismissal of the claim against the certifying seller, unless the plaintiff can show any of the following:
  - a. That the certifying seller exercised some significant control over the design or manufacture of the product, or provided instructions or warnings to the manufacturer relative to the alleged defect in the product which caused the personal injury, death, or damage to property.
  - b. That the certifying seller had actual knowledge of the defect in the product which caused the personal injury, death, or damage to property.

- c. That the certifying seller created the defect in the product which caused the personal injury, death, or damage to property.
  3. The plaintiff may at any time prior to the beginning of the trial move to vacate the order of dismissal and reinstate the certifying seller if the plaintiff can show any of the following:
    - a. That the applicable statute of limitation bars a product liability action against the manufacturer of the product allegedly causing the injury, death, or damage.
    - b. That the identity of the manufacturer given to the plaintiff by the certifying defendant was incorrect.

28-01.3-04. Indemnity of seller. If a product liability action is commenced against a seller, and it is alleged that a product was defectively designed, contained defectively manufactured parts, had insufficient safety guards, or had inaccurate or insufficient warning; that such condition existed when the product left the control of the manufacturer; that the seller has not substantially altered the product; and that the defective condition or lack of safety guards or adequate warnings caused the injury or damage complained of; the manufacturer from whom the product was acquired by the seller must be required to assume the cost of defense of the action, and any liability that may be imposed on the seller. The obligation to assume the seller's cost of defense should also extend to an action in which the manufacturer and seller are ultimately found not liable.

28-01.3-05. Determination of defective product. No product may be considered to have a defect or to be in a defective condition, unless at the time the product was sold by the manufacturer or other initial seller, there was a defect or defective condition in the product which made the product unreasonably dangerous to the user or consumer.

28-01.3-06. Definitions. As used in this chapter:

1. "Manufacturer" means a person or entity who designs, assembles, fabricates, produces, constructs, or otherwise prepares a product or a component part of a product prior to the sale of the product to a user or consumer. The term includes any seller of a product who is owned in whole or significant part by the manufacturer or who owns, in whole or significant part, the manufacturer.
2. "Product liability action" means any action brought against a manufacturer or seller of a product, regardless of the substantive legal theory or theories upon which the action is brought, for or on account of personal injury, death, or property damage caused by or resulting from the manufacture, construction, design, formula, installation, preparation, assembly, testing, packaging, labeling, or sale of any product, or the failure to warn or protect against a danger or hazard in the use, misuse, or unintended use of any product, or the failure to provide proper instructions for the use of any product.
3. "Seller" means any individual or entity, including a manufacturer, wholesaler, distributor, or retailer, who is engaged in the business of selling or leasing any product for resale, use, or consumption.

4. **SECTION 5. REPEAL.** Section 15 of chapter 404 of the 1987 Session Laws of North Dakota, chapter 28-01.1 of the North Dakota Century Code, and section 32-03.2-03 of the 1991 Supplement to the North Dakota Century Code are repealed.

1. a. In this section:

- (1) "Bona fide purchaser" means a purchaser for value in good faith and without notice of an adverse claim. Any recorded instrument on which a state documentary fee is noted is prima facie evidence that the transfer described therein was made to a bona fide purchaser.
- (2) "Nonadverse party" means a person who does not have a substantial beneficial interest in the trust or other property arrangement that would be adversely affected by the exercise or nonexercise of the power that the person possesses respecting the trust or other property arrangement. A person having a general power of

b. In paragraphs 3 and 4 of subdivision b of subsection 2, a "transfer" includes an exercise or release of a power of appointment, but does not include a lapse of a power of appointment.

2. The augmented estate consists of the sum of:

- a. The value of the decedent's probate estate, reduced by funeral and administration expenses, homestead allowance as defined in section 47-18-01, family allowances and exemptions, and enforceable claims.
- b. The value of the decedent's reclaimable estate, which is composed of all property, whether movable or immovable, wherever situated, not including in the decedent's probate estate, of any of the following types:
  - (1) Property to the extent the passing of the principal thereof to or for the benefit of any person, other than the decedent's surviving spouse, was subject to a presently exercisable general power of appointment held by the decedent alone, if the decedent held that power immediately before death or if and to the extent the decedent, while married to the surviving spouse and during the two-year period next preceding the decedent's death, released that power or exercised that power in favor of any person other than the decedent or the decedent's estate, spouse, or surviving spouse.
  - (2) Property, to the extent of the decedent's unilaterally severable interest therein, held by the decedent and any other person,

- except the decedent's surviving spouse, with right of survivorship, if the decedent held that interest immediately before death or if and to the extent the decedent, while married to the surviving spouse and during the two-year period next preceding the decedent's death, transferred that interest to any person other than the decedent's surviving spouse.
- (3) Proceeds of insurance, including accidental death benefits, on the life of the decedent payable to any person other than the decedent's surviving spouse, if the decedent owned the insurance policy, had the power to change the beneficiary of the insurance policy, or the insurance policy was subject to a presently exercisable general power of appointment held by the decedent alone immediately before death or if and to the extent the decedent, while married to the surviving spouse and during the two-year period next preceding the decedent's death, transferred that policy to any person other than the decedent's surviving spouse.
- (4) Property transferred by the decedent to any person other than a bona fide purchaser at any time during the decedent's marriage to the surviving spouse, to or for the benefit of any person, other than the decedent's surviving spouse, if the transfer is of any of the following types:
- (a) Any transfer to the extent that the decedent retained at the time of or during the two-year period next preceding death the possession or enjoyment of, or right to income from, the property.
- (b) Any transfer to the extent that, at the time of or during the two-year period next preceding the decedent's death, the income or principal was subject to a power, exercisable by the decedent alone or in conjunction with any other person or exercisable by a nonadverse party, for the benefit of the decedent or the decedent's estate.
- (c) Any transfer of property, to the extent the decedent's contribution to it, as a percentage of the whole, was made during the two-year period next preceding the decedent's death, by which the property is held, at the time of or during the two-year period preceding the decedent's death, by the decedent and another, other than the decedent's surviving spouse, with right of survivorship.
- (d) Any transfer made to a donee during the two-year period next preceding the decedent's death to the extent that the aggregate transfers to any one donee in either of the years exceed ten thousand dollars.

death benefits) on the life of the decedent and benefits payable under a retirement plan in which the decedent was a participant, exclusive of the federal social security system.

- d. The value of property owned by the surviving spouse at the decedent's death, reduced by enforceable claims against that property or that spouse, plus the value of amounts that would have been includable in the surviving spouse's reclaimable estate had the spouse predeceased the decedent. But amounts that would have been includable in the surviving spouse's reclaimable estate under paragraph 3 of subdivision b of subsection 2 are not valued as if the spouse were deceased.
3. Any transfer or exercise or release of a power of appointment is excluded from the decedent's reclaimable estate to the extent the decedent received adequate and full consideration in money or money's worth for the transfer, exercise, or release or if irrevocably made with the written consent or joinder of the surviving spouse.
4. Property is valued as of the decedent's death, but property irrevocably transferred during the two-year period next preceding the decedent's death which is included in the decedent's reclaimable estate under paragraphs 1, 2, and 4 of subdivision b of subsection 2 is valued as of the time of the transfer. If the terms of more than one of the paragraphs or subparagraphs of subdivision b of subsection 2 apply, the property is included in the augmented estate under the paragraph or subparagraph that yields the highest value. For the purposes of this section, an "irrevocable transfer of property" includes an irrevocable exercise or release of a power of appointment.
5.
  - a. Although under this section a payment, item of property, or other benefit is included in the decedent's reclaimable estate, a payer or other third party is not liable for having made a payment or transferred an item of property or other benefit to a beneficiary designated in a governing instrument, or for having taken any other action in good faith reliance on the validity of a governing instrument, upon request and satisfactory proof of the decedent's death, before the payer or other third party received written notice from the surviving spouse or spouse's representative of an intention to file a petition for the elective share or that a petition for the elective share has been filed. A payer or other third party is liable for payments made or other actions taken after the payer or other third party received written notice of an intention to file a petition for the elective share or that a petition for the elective share has been filed.
  - b. The written notice of intention to file a petition for the elective share or that a petition for the elective share has been filed must be mailed to the payer's or other third-party's main office or home by registered mail or served upon the payer or other third party in the same manner as a summons in a civil action. Upon receipt of written notice of intention to file a petition for the elective share or that a petition for the elective share has been filed, a payer or other third party may pay any amount owed or transfer or deposit any item of

property held by it to or with the court having jurisdiction of the probate proceedings relating to the decedent's estate, or if no proceedings have been commenced, to or with the court having jurisdiction of probate proceedings relating to decedents' estates located in the county of the decedent's residence. The court shall hold the funds or item of property and, upon its determination under subsection 4 of section 30.1-05-05, shall order disbursement in accordance with the determination. If no petition is filed in the court within the specified time under subsection 1 of section 30.1-05-05, or, if filed, the demand for an elective share is withdrawn under subsection 3 of section 30.1-05-05, the court shall order disbursement to the designated beneficiary. Payments, transfers, or deposits made to or with the court discharge the payer or other third party from all claims for the value of amounts paid to or items of property transferred to or deposited with the court.

- c. Upon petition to the court by the beneficiary designated in a governing instrument, the court may order that all or part of the property be paid to the beneficiary in an amount and subject to conditions consistent with this section.

But a person who, not for value, receives a payment, item of property, or any other benefit included in the decedent's reclaimable estate is obligated to return the payment, item of property, or benefit, or is personally liable for the amount of the payment or the value of the item of property or benefit, as provided in section 30.1-14-07.

b. If any section or part of any section of this chapter is preempted by federal law with respect to a payment, an item of property, or any other benefit included in the decedent's reclaimable estate, a person who, not for value, receives the payment, item of property, or any other benefit, is obligated to return that payment, item of property, or benefit or is personally liable for the amount of that payment or the value of that item of property or benefit, as provided in section 30.1-05-07, to the person who would have been entitled to it were that section or part of that section not preempted.

1. The right of election may be exercised only by a surviving spouse who is living when the petition for the elective share is filed in the court under subsection 1 of section 30.1-05-05. If the election is not exercised by the surviving spouse personally, it may be exercised on the surviving spouse's behalf by the surviving spouse's conservator, guardian, or agent under the authority of a power of attorney.
2. If the election is exercised on behalf of a surviving spouse who is an incapacitated person, the court must set aside that portion of the

elective-share and supplemental elective-share amounts due from the decedent's probate estate and recipients of the decedent's reclaimable estate under subsections 2 and 3 of section 30.1-05-07 and must appoint a trustee to administer that property for the support of the surviving spouse. For the purposes of this subsection, an election on behalf of a surviving spouse by an agent under a durable power of attorney is presumed to be on behalf of a surviving spouse who is an incapacitated person. The trustee must administer the trust in accordance with the following terms and such additional terms as the court determines appropriate:

- a. Expenditures of income and principal may be made in the manner, when, and to the extent that the trustee determines suitable and proper for the surviving spouse's support, without court order but with regard to other support, income, and property of the surviving spouse exclusive of benefits of medical or other forms of assistance from any state or federal government or governmental agency for which the surviving spouse must qualify on the basis of need.
- b. During the surviving spouse's incapacity, neither the surviving spouse nor anyone acting on behalf of the surviving spouse has a power to terminate the trust; but if the surviving spouse regains capacity, the surviving spouse then acquires the power to terminate the trust and acquire full ownership of the trust property free of trust, by delivering to the trustee a writing signed by the surviving spouse declaring the termination.
- c. Upon the surviving spouse's death, the trustee shall transfer the unexpended trust property in the following order: under the residuary clause, if any, of the will of the predeceased spouse against whom the elective share was taken, as if that predeceased spouse died immediately after the surviving spouse; or to that predeceased spouse's heirs under section 30.1-09.1-11.

30.1-05-04. (2-204) Waiver of right to elect and of other rights.

1. The right of election of a surviving spouse and the rights of the surviving spouse to homestead allowance, exempt property, and family allowance, or any of them, may be waived, wholly or partially, before or after marriage, by a written contract, agreement, or waiver signed by the surviving spouse.
2. A surviving spouse's waiver is not enforceable if the surviving spouse proves that:
  - a. The waiver, if given effect, would reduce the assets or income available to the surviving spouse to an amount less than those allowed for persons eligible for a program of public assistance;
  - b. The surviving spouse did not execute the waiver voluntarily; or
  - c. The waiver was unconscionable when it was executed and, before execution of the waiver, the surviving spouse:
    - (1) Was not provided a fair and reasonable disclosure of the property or financial obligations of the decedent.

- (2) Did not voluntarily and expressly waive, in writing, any right to disclosure of the property or financial obligations of the decedent beyond the disclosure provided.
    - (3) Did not have, or reasonably could not have had, an adequate knowledge of the property or financial obligations of the decedent.
  3. An issue of unconscionability of a waiver is for decision by the court as a matter of law.
  4. Unless it provides to the contrary, a waiver of "all rights" or equivalent language in the property or estate of a present or prospective spouse or a complete property settlement entered into after or in anticipation of separation or divorce is a waiver of all rights of elective share, homestead allowance, exempt property, and family allowance by each spouse in the property of the other and a renunciation by each of all benefits that would otherwise pass to the person from the other by intestate succession or by virtue of any will executed before the waiver or property settlement.
- 30.1-05-05. (2-205) Proceeding for elective share - Time limit.

1. Except as provided in subsection 2, the election must be made by filing in the court and mailing or delivering to the personal representative, if any, a petition for the elective share within nine months after the date of the decedent's death, or within six months after the probate of the decedent's will, whichever limitation later expires. The surviving spouse shall give notice of the time and place set for hearing to persons interested in the estate and to the distributees and recipients of portions of the augmented estate whose interests will be adversely affected by the taking of the elective share. Except as provided in subsection 2, the decedent's reclaimable estate, described in subdivision b of subsection 2 of section 30.1-05-02, is not included within the augmented estate for the purpose of computing the elective share, if the petition is filed more than nine months after the decedent's death.
2. Within nine months after the decedent's death, the surviving spouse may petition the court for an extension of time for making an election. If, within nine months after the decedent's death, the spouse gives notice of the petition to all persons interested in the decedent's reclaimable estate, the court for cause shown by the surviving spouse may extend the time for election. If the court grants the spouse's petition for an extension, the decedent's reclaimable estate, described in subdivision b of subsection 2 of section 30.1-05-02, is not excluded from the augmented estate for the purpose of computing the elective-share and supplemental elective-share amounts, if the spouse makes an election by filing in the court and mailing or delivering to the personal representative, if any, a petition for the elective share within the time allowed by the extension.
3. The surviving spouse may withdraw a demand for an elective share at any time before entry of a final determination by the court.

4. After notice and hearing, the court shall determine the elective-share and supplemental elective-share amounts, and shall order its payment from the assets of the augmented estate or by contribution as appears appropriate under section 30.1-05-07. If it appears that a fund or property included in the augmented estate has not come into the possession of the personal representative, or has been distributed by the personal representative, the court nevertheless shall fix the liability of any person who has any interest in the fund or property or who has possession thereof, whether as trustee or otherwise. The proceeding may be maintained against fewer than all persons against whom relief could be sought, but no person is subject to contribution in any greater amount than the person would have been under section 30.1-05-07 had relief been secured against all persons subject to contribution.
5. An order or judgment of the court may be enforced as necessary in suit for contribution or payment in other courts of this state or other jurisdictions.
6. A copy of the order or judgment of the court shall be forwarded immediately to the tax commissioner by the court.

30.1-05-06. (2-206) Effect of election on statutory benefits. If the right of election is exercised by or on behalf of the surviving spouse, the surviving spouse's homestead allowance, exempt property, and family allowance, if any, are not charged against but are in addition to the elective-share and supplemental elective-share amounts.

30.1-05-07. (2-207) Charging spouse with owned assets and gifts received - Liability of others for balance of elective share.

1. In a proceeding for an elective share, the following are applied first to satisfy the elective-share amount and to reduce or eliminate any contributions due from the decedent's probate estate and recipients of the decedent's reclaimable estate:
  - a. Amounts included in the augmented estate which pass or have passed to the surviving spouse by testate or intestate succession.
  - b. Amounts included in the augmented estate under subdivision c of subsection 2 of section 30.1-05-02.
  - c. Amounts included in the augmented estate which would have passed to the spouse but were disclaimed.
  - d. Amounts included in the augmented estate under subdivision d of subsection 2 of section 30.1-05-02 up to the applicable percentage thereof. For the purposes of this subdivision, the "applicable percentage" is twice the elective-share percentage set forth in the schedule in subsection 1 of section 30.1-05-01 appropriate to the length of time the spouse and the decedent were married to each other.
2. If, after the application of subsection 1, the elective-share amount is not fully satisfied or if the surviving spouse is entitled to a supplemental elective-share amount, amounts included in the decedent's probate estate and that portion of the decedent's reclaimable estate other

than amounts irrevocably transferred within two years before the decedent's death are applied first to satisfy the unsatisfied balance of the elective-share amount or the supplemental elective-share amount. The decedent's probate estate and that portion of the decedent's reclaimable estate are so applied that liability for the unsatisfied balance of the elective share amount or for the supplemental elective-share amount is equitably apportioned among the recipients of the decedent's probate estate and that portion of the decedent's reclaimable estate in proportion to the value of their interests therein.

3. If, after the application of subsections 1 and 2, the elective-share or supplemental elective-share amount is not fully satisfied, the remaining portion of the decedent's reclaimable estate is so applied that liability for the unsatisfied balance of the elective-share or supplemental elective-share amount is equitably apportioned among the recipients of that portion of the decedent's reclaimable estate in proportion to the value of their interests therein.
4. Only original recipients of the reclaimable estate described in subdivision b of subsection 2 of section 30.1-05-02, and the donees of the recipients of the reclaimable estate to the extent the donees have the property or its proceeds, are liable to make a proportional contribution toward satisfaction of the surviving spouse's elective-share or supplemental elective-share amount. A person liable to make contribution may choose to give up the proportional part of the reclaimable estate or to pay the value of the amount for which the person is liable.

**SECTION 16.** Chapter 30.1-06 of the North Dakota Century Code is created and enacted as follows:

30.1-06-01. (2-301) Entitlement of spouse - Premarital will.

1. If the testator's surviving spouse married the testator after the testator executed a will, the surviving spouse is entitled to receive, as an intestate share, no less than the value of the share of the estate the surviving spouse would have received if the testator had died intestate as to that portion of the testator's estate, if any, that neither is devised to a child of the testator who was born before the testator married the surviving spouse and who is not a child of the surviving spouse nor is devised or passes under section 30.1-09-05 or 30.1-09-06 to a descendant of such a child, unless:
  - a. It appears from the will or other evidence that the will was made in contemplation of the testator's marriage to the surviving spouse;
  - b. The will expresses the intention that it is to be effective notwithstanding any subsequent marriage; or
  - c. The testator provided for the spouse by transfer outside the will and the intent that the transfer be in lieu of a testamentary provision is shown by the testator's statements or is reasonably inferred from the amount of the transfer or other evidence.
2. In satisfying the share provided by this section, devises made by the will to the testator's surviving spouse, if any, are applied first, and other

devises, other than a devise to a child of the testator who was born before the testator married the surviving spouse and who is not a child of the surviving spouse or a devise or substitute gift under section 30.1-09-05 or 30.1-09-06 to a descendant of such a child, abate as provided in section 30.1-20-02.

30.1-06-02. (2-302) Omitted children.

1. Except as provided in subsection 2, if a testator fails to provide in the will for any of testator's children born or adopted after the execution of the will, the omitted afterborn or after-adopted child receives a share in the estate as follows:

a. If the testator had no child living when the testator executed the will, an omitted afterborn or after-adopted child receives a share in the estate equal in value to that which the child would have received had the testator died intestate, unless the will devised all or substantially all the estate to the other parent of the omitted child and that other parent survives the testator and is entitled to take under the will.

b. If the testator had one or more children living when the testator executed the will, and the will devised property or an interest in property to one or more of the then-living children, an omitted afterborn or after-adopted child is entitled to share in the testator's estate as follows:

(1) The portion of the testator's estate in which the omitted afterborn or after-adopted child is entitled to share is limited to devises made to the testator's then-living children under the will.

(2) The omitted afterborn or after-adopted child is entitled to receive the share of the testator's estate, as limited in paragraph 1, that the child would have received had the testator included all omitted afterborn and after-adopted children with the children to whom devises were made under the will and had given an equal share of the estate to each child.

(3) To the extent feasible, the interest granted an omitted afterborn or after-adopted child under this section must be of the same character, whether equitable or legal, present or future, as that devised to the testator's then-living children under the will.

(4) In satisfying a share provided by this subdivision, devises to the testator's children who were living when the will was executed abate ratably. In abating the devises of the then-living children, the court shall preserve to the maximum extent possible the character of the testamentary plan adopted by the testator.

2. Neither subdivision a nor subdivision b of subsection 1 applies if:

a. It appears from the will that the omission was intentional; or

- b. The testator provided for the omitted afterborn or after-adopted child by transfer outside the will and the intent that the transfer be in lieu of a testamentary provision is shown by the testator's statements or is reasonably inferred from the amount of the transfer or other evidence.
3. Except as provided in subsection 1, if at the time of execution of the will the testator fails to provide in the will for a living child solely because the testator believes the child to be dead, the child is entitled to share in the estate as if the child were an omitted afterborn, or after-adopted child.
4. In satisfying a share provided by subdivision a of subsection 1 or subsection 3, devises made by the will abate under section 30.1-20-02.

**SECTION 17.** A new section to chapter 30.1-07 of the North Dakota Century Code is created and enacted as follows:

(2-401) Applicable law. This chapter applies to the estate of a decedent who dies domiciled in this state. The rights to homestead allowance, exempt property, and family allowance for a decedent who dies not domiciled in this state are governed by the law of the decedent's domicile at death.

**SECTION 18. AMENDMENT.** Section 30.1-07-01 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-07-01. ~~(2-402)~~ (2-403) Exempt property entitlement — Personal property.** In addition to the homestead defined in section 47-18-01, the decedent's surviving spouse ~~of a decedent who was domiciled in this state~~ is entitled to receive from the estate, to a value, not exceeding five ten thousand dollars in excess of any security interests therein, in household furniture, automobiles, furnishings, appliances, and personal effects. If encumbered chattels are selected and if the value in excess of security interests, plus that of other exempt property, is less than five ten thousand dollars, or if there is not five ten thousand dollars worth of exempt property in the estate, the spouse or such children are entitled to other assets of the estate, if any, to the extent necessary to make up the five ten thousand dollar value. Rights to exempt property and assets needed to make up a deficiency of exempt property have priority over all claims against the estate, ~~except that~~ but the right to any assets to make up a deficiency of exempt property ~~shall abate~~ abates as necessary to permit ~~prior~~ earlier payment of the homestead allowance and family allowance. These rights are in addition to any benefit or share passing to the surviving spouse or children by the decedent's will of the decedent, unless otherwise provided, by intestate succession, or by way of elective share.

**SECTION 19. AMENDMENT.** Section 30.1-07-02 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-07-02. ~~(2-403)~~ (2-404) Family allowance.**

2. The family allowance is not chargeable against any benefit or share passing to the surviving spouse or children by the will of the decedent, unless otherwise provided, by intestate succession, or by way of elective share. The death of any person entitled to family allowance terminates ~~his~~ the right to allowances not yet paid.

**SECTION 20. AMENDMENT.** Section 30.1-07-03 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-07-03. (~~2-404~~) (2-405) Source, determination, and documentation.**

1. If the estate is otherwise sufficient, property specifically devised ~~is~~ may not be used to satisfy rights to exempt property. Subject to this restriction, the surviving spouse, ~~the~~ guardians of ~~the~~ minor children, or children who are adults may select property of the estate as exempt property. 2. If the right to an elective share is exercised on behalf of a surviving spouse who is an incapacitated person, the personal representative may add any unexpended portions payable under the homestead allowance, exempt property, and family allowance to the trust established under subsection 2 of section 30.1-05-03.

SECTION 21. AMENDMENT. Section 30.1-08-02 of the North Dakota Century Code is amended and reenacted as follows:

30.1-08-02. (2-502) Execution - Witnessed wills - Holographic wills.

- 1. ~~Except as provided for holographic wills, writings within section 30.1-08-13, and wills within section in subsection 2 and in sections 30.1-08-06, every and 30.1-08-13, a will shall must be in:~~

3. A signature affixed to a self-proving affidavit attached to a will is considered a signature affixed to the will, if necessary to prove the will's due execution.

**SECTION 23. AMENDMENT.** Section 30.1-08-06 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-08-06. (2-506) Choice of law as to execution.** A written will is valid if executed in compliance with section 30.1-08-02 ~~or 30.1-08-03~~ or if its execution complies with the law at the time of execution of the place where the will is executed, or of the law of the place where at the time of execution or at the time of death the testator is domiciled, has a place of abode, or is a national.

**SECTION 24. AMENDMENT.** Section 30.1-08-07 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-08-07. (2-507) Revocation by writing or by act.**

1. A will or any part thereof is revoked:
  - 1- a. By executing a subsequent will which that revokes the prior previous will or part expressly or by inconsistency; or
  - 2- b. By being burned, torn, canceled, obliterated, or destroyed, performing a revocatory act on the will, if the testator performed the act with the intent and for the purpose of revoking it by the testator or by another person the will or part or if another individual performed the act in his the testator's conscious presence and by his the testator's direction. For purposes of this subdivision, "revocatory act on the will" includes burning, tearing, canceling, obliterating, or destroying the will or any part of it. A burning, tearing, or canceling is a "revocatory act on the will", whether or not the burn, tear, or cancellation touched any of the words on the will.
2. If a subsequent will does not expressly revoke a previous will, the execution of the subsequent will wholly revokes the previous will by inconsistency if the testator intended the subsequent will to replace rather than supplement the previous will.
3. The testator is presumed to have intended a subsequent will to replace rather than supplement a previous will if the subsequent will makes a complete disposition of the testator's estate. If this presumption arises and is not rebutted by clear and convincing evidence, the previous will is revoked; only the subsequent will is operative on the testator's death.
4. The testator is presumed to have intended a subsequent will to supplement rather than replace a previous will if the subsequent will does not make a complete disposition of the testator's estate. If this presumption arises and is not rebutted by clear and convincing evidence, the subsequent will revokes the previous will only to the extent the subsequent will is inconsistent with the previous will; each will is fully operative on the testator's death to the extent they are not inconsistent.

**SECTION 25. AMENDMENT.** Section 30.1-08-08 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-08-08. (2-508) Revocation by divorce** ~~No revocation by other changes change of circumstances. If after executing a will the testator is divorced or his marriage annulled, the divorce or annulment revokes any disposition or appointment of property made by the will to the former spouse, any provision conferring a general or special power of appointment on the former spouse, and any nomination of the former spouse as executor, trustee, conservator, or guardian, unless the will expressly provides otherwise. Property prevented from passing to a former spouse because of revocation by divorce or annulment passes as if the former spouse failed to survive the decedent, and other provisions conferring some power or office on the former spouse are interpreted as if the spouse failed to survive the decedent. If provisions are revoked solely by this section, they are revived by testator's remarriage to the former spouse. For purposes of this section, divorce or annulment means any divorce or annulment which would exclude the spouse as a surviving spouse within the meaning of section 30.1-10-02. A decree of separation which does not terminate the status of husband and wife is not a divorce for purposes of this section. No change of circumstances other than as described in this section revokes a will. Except as provided in sections 30.1-10-03 and 30.1-10-04, a change of circumstances does not revoke a will or any part of it.~~

**SECTION 26. AMENDMENT.** Section 30.1-08-09 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-08-09. (2-509) Revival of revoked will.**

1. If a subsequent will which, had it remained effective at death, would have that wholly revoked a prior previous will in whole or in part, is thereafter revoked by acts a revocatory act under subdivision b of subsection 1 of section 30.1-08-07, the prior previous will is remains revoked in whole or in part unless it is revived. The previous will is revived if it is evident from the circumstances of the revocation of the subsequent will or from the testator's contemporary or subsequent declarations that he the testator intended the prior previous will to take effect as executed.
2. If a subsequent will that partly revoked a previous will is thereafter revoked by a revocatory act under subdivision b of subsection 1 of section 30.1-08-07, a revoked part of the previous will is revived unless it is evident from the circumstances of the revocation of the subsequent will or from the testator's contemporary or subsequent declarations that the testator did not intend the revoked part to take effect as executed.
3. If a subsequent will which, had it remained effective at death, would have that revoked a prior previous will in whole or in part, is thereafter revoked by a subsequent another, later, will, the prior previous will is remains revoked in whole or in part, except unless it or its revoked part is revived. The previous will or its revoked part is revived to the extent it appears from the terms of the subsequent later will that the testator intended the prior previous will to take effect.

**SECTION 27. AMENDMENT.** Section 30.1-08-11 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-08-11. (2-511) Testamentary additions to trusts.**

1. ~~A devise or bequest, the validity of which is determinable by the law of this state, may be made by a will~~ may validly devise property to the trustee of a trust established or to be established during the testator's lifetime by the testator ~~or~~ by the testator and some other person, or by some other person, including a funded or unfunded life insurance trust, although the trustor has reserved any or all rights of ownership of the insurance contracts, or at the testator's death by the testator's devise to the trustee, if the trust is identified in the testator's will and its terms are set forth in a written instrument, other than a will, executed before, or concurrently with, or after the execution of the testator's will or in ~~the valid last~~ another individual's will of a person who if that other individual has predeceased the testator, regardless of the existence, size, or character of the corpus of the trust. The devise is not invalid because the trust is amendable or revocable, or because the trust was amended after the execution of the will or ~~after~~ the testator's death of the testator.
2. Unless the testator's will provides otherwise, ~~the property so~~ devised to a trust described in subsection 1:
  1. ~~a.~~ a. Is not ~~deemed to be~~ held under a testamentary trust of the testator but becomes a part of the trust to which it is ~~given~~ devised.
  2. ~~b.~~ b. ~~Shall~~ Must be administered and disposed of in accordance with the provisions of the governing instrument or will setting forth the terms of the trust, including any amendments thereto made before or after the testator's death of the testator, regardless of whether made before or after the execution of the testator's will, and, if the ~~testator's will so provides, including any amendments to the trust made after the death of the testator.~~
3. ~~A~~ Unless the testator's will provides otherwise, a revocation or termination of the trust before the testator's death of the testator causes the devise to lapse.

**SECTION 28. AMENDMENT.** Section 30.1-08-13 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-08-13. (2-513) Separate writing identifying bequest devise of certain types of tangible personal property.** Whether or not the provisions relating to holographic wills apply, a will may refer to a written statement or list to dispose of items of tangible personal property not otherwise specifically disposed of by the will, other than money, ~~evidences of indebtedness, documents of title, and securities, and property used in trade or business.~~ To be admissible under this section as evidence of the intended disposition, the writing must ~~either be in the handwriting of the testator or be signed by him~~ the testator and must describe the items and the devisees with reasonable certainty. The writing may be referred to as one to be in existence at the time of the testator's death; it may be prepared before or after the execution of the will; it may be altered by the testator after its preparation; and it may be a writing which that has no significance apart from its effect ~~upon~~ on the dispositions made by the will.

**SECTION 29. AMENDMENT.** Section 30.1-09-03 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**30.1-09-03. ~~(2-603)~~ (2-601) Rules of construction and intention applicable only to wills.** The intention of a testator as expressed in ~~his~~ the testator's will controls the legal effect of ~~his~~ the testator's dispositions. The rules of construction expressed in ~~the succeeding sections~~ of this chapter apply unless a contrary intention is indicated by the will.

**SECTION 30. AMENDMENT.** Section 30.1-09-04 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-09-04. ~~(2-604)~~ (2-602) Construction that will** Will passes all property - After-acquired property. A will ~~is construed to pass~~ may provide for the passage of all property which the testator owns at his death including and all property acquired by the estate after the execution of the will ~~testator's death.~~

**SECTION 31. AMENDMENT.** Section 30.1-09-05 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-09-05. ~~(2-605)~~ (2-603) Antilapse - Deceased devisee - Class gifts.** ~~If a devisee who is a grandparent or a lineal descendant of a grandparent of the testator is dead at the time of execution of the will, fails to survive the testator, or is treated as if he predeceased the testator, the issue of the deceased devisee who survive the testator by one hundred twenty hours take in place of the deceased devisee and if they are all of the same degree of kinship to the devisee they take equally, but if of unequal degree, then those of more remote degree take by representation. One who would have been a devisee under a class gift if he had survived the testator is treated as a devisee for purposes of this section whether his death occurred before or after the execution of the will.~~

1. In this section:

- a. "Alternative devise" means that a devise that is expressly created by the will and, under the terms of the will, can take effect instead of another devise on the happening of one or more events, including survival of the testator or failure to survive the testator, whether an event is expressed in condition-precedent, condition-subsequent, or any other form. A residuary clause constitutes an alternative devise with respect to a nonresiduary devise only if the will specifically provides that, upon lapse or failure, the nonresiduary devise, or nonresiduary devises in general, pass under the residuary clause.
- b. "Class member" includes an individual who fails to survive the testator but who would have taken under a devise in the form of a class gift had the individual survived the testator.
- c. "Devise" includes an alternative devise, a devise in the form of a class gift, and an exercise of a power of appointment.
- d. "Devisee" includes a class member if the devise is in the form of a class gift, an individual or class member who was deceased at the time the testator executed the will as well as an individual or class member who was then living but who failed to survive the testator, and

- an appointee under a power of appointment exercised by the testator's will.
- e. "Stepchild" is a child of the surviving, deceased, or former spouse of the testator or of the donor of a power of appointment, and not of the testator.
  - f. "Surviving devisee" or "surviving descendant" means a devisee or a descendant who neither predeceased the testator nor is deemed to have predeceased the testator under section 30.1-09.1-02.
  - g. "Testator" includes the donee of a power of appointment if the power is exercised in the testator's will.
2. If a devisee fails to survive the testator and is a grandparent, a descendant of a grandparent, or a stepchild of either the testator or the donor of a power of appointment exercised by the testator's will, the following apply:
- a. Except as provided in subdivision d, if a devise is not in the form of a class gift and the deceased devisee leaves surviving descendants, a substitute gift is created in the devisee's surviving descendants. They take by representation the property to which the devisee would have been entitled had the devisee survived the testator.
  - b. Except as provided in subdivision d, if a devise is in the form of a class gift, other than a devise to "issue", "descendants", "heirs of the body", "heirs", "next of kin", "relatives", "family", or a class described by language of similar import, a substitute gift is created in the deceased devisee or devisee's surviving descendants. The property to which the devisees would have been entitled had all of them survived the testator passes to the surviving devisees and the surviving descendants of deceased devisees. Each surviving devisee takes the share to which the devisee would have been entitled had the deceased devisees survived the testator. Each deceased devisee's surviving descendants who are substituted for the deceased devisee take by representation the share to which that deceased devisee would have been entitled had the deceased devisee survived the testator. For the purposes of this subdivision, "deceased devisee" means a class member who failed to survive the testator and left one or more surviving descendants.
  - c. For purposes of section 30.1-09-03, words of survivorship, such as in a devise to an individual "if the individual survives me", or in a devise to "my surviving children", are not, in the absence of additional evidence, a sufficient indication of an intent contrary to the application of this section.
  - d. If the will creates an alternative devise with respect to a devise for which a substitute gift is created by subdivision a or b, the substitute gift is superseded by the alternative devise only if an expressly designated devisee of the alternative devise is entitled to take under the will.

- e. Unless the language creating a power of appointment expressly excludes the substitution of the descendants of an appointee for the appointee, a surviving descendant of a deceased appointee of a power of appointment can be substituted for the appointee under this section, whether or not the descendant is an object of the power.
3. If under subsection 2, substitute gifts are created and not superseded with respect to more than one devise and the devises are alternative devises, one to the other, the determination of which of the substitute gifts takes effect is resolved as follows:
- a. Except as provided in subdivision b, the devised property passes under the primary substitute gift.
- b. If there is a younger-generation devise, the devised property passes under the younger-generation substitute gift and not under the primary substitute gift.
- c. In this subsection:
- (1) "Primary devise" means the devise that would have taken effect had all the deceased devisees of the alternative devises who left surviving descendants survived the testator.
- (2) "Primary substitute gift" means the substitute gift created with respect to the primary devise.
- (3) "Younger-generation devise" means a devise that is to a descendant of a devisee of the primary devise, is an alternative devise with respect to the primary devise, is a devise for which a substitute gift is created, and would have taken effect had all the deceased devisees who left surviving descendants survived the testator except the deceased devisee or devisees of the primary devise.
- (4) "Younger-generation substitute gift" means the substitute gift created with respect to the younger-generation devise.

**SECTION 32. AMENDMENT.** Section 30.1-09-06 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-09-06. ~~(2-606)~~ (2-604) Failure of testamentary provision.**

1. Except as provided in section 30.1-09-05, ~~if~~ a devise, other than a residuary devise, that fails for any reason, ~~it~~ becomes a part of the residue.
2. Except as provided in section 30.1-09-05, if the residue is devised to two or more persons ~~and~~, the share ~~of one of the~~ a residuary ~~devises~~ devisee ~~that fails for any reason,~~ his share passes to the other residuary devisee, or to other residuary devisees in proportion to ~~their~~ the interests of each in the remaining part of the residue.

2. ~~Distributions in cash before death with respect to a specifically devised described security not provided for in subsection 1 are not part of the specific devise.~~

**SECTION 34. AMENDMENT.** Section 30.1-09-08 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**30.1-09-08. ~~(2-608)~~ (2-606) Nonademption of specific devises in certain cases - Unpaid proceeds of sale, condemnation, or insurance - Sale by conservator or agent.**

1. A specific devisee has the right to the remaining specifically devised property in the testator's estate at death and:

5. For the purposes of the references in subsection 2 to an agent acting within the authority of a durable power of attorney for an incapacitated principal, "incapacitated principal" means a principal who is an incapacitated person, no adjudication of incapacity before death is necessary, and the acts of an agent within the authority of a durable power of attorney are presumed to be for an incapacitated principal.

**SECTION 35. AMENDMENT.** Section 30.1-09-09 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-09-09. ~~(2-609)~~ (2-607) Nonexoneration.** A specific devise passes subject to any security interest existing at the date of death, without right of exoneration, regardless of a general directive in the will to pay debts.

**SECTION 36. AMENDMENT.** Section 30.1-09-10 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-09-10. ~~(2-610)~~ (2-608) Exercise of power of appointment.** A In the absence of a requirement that a power of appointment be exercised by a reference, or by an express or specific reference, to the power, a general residuary clause in a will, or a will making general disposition of all of the testator's property, does not express an intention to exercise a power of appointment held by the testator unless specific reference is made to the power or there is some other indication of only if the power is a general power and the creating instrument does not contain a

gift if the power is not exercised or the testator's will manifests an intention to include the property subject to the power.

**SECTION 37. AMENDMENT.** Section 30.1-09-12 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-09-12. ~~(2-612)~~ (2-609) Ademption by satisfaction.**

1. Property which a testator gave in his the testator's lifetime to a person is treated as a satisfaction of a devise to that person in whole or in part, only if the will provides for deduction of the lifetime gift, or the testator declares declared in a contemporaneous writing that the gift is to be deducted from the devise or is in satisfaction of the devise or that its value is to be deducted from the value of the devise, or the devisee acknowledges acknowledged in writing that the gift is in satisfaction of the devise or that its value is to be deducted from the value of the devise.
2. For the purpose purposes of partial satisfaction, property given during lifetime is valued as of the time the devisee came into possession or enjoyment of the property or as of at the time of testator's death of the testator, whichever occurs first.
3. If the devisee fails to survive the testator, the gift is treated as a full or partial satisfaction of the devise, as appropriate, in applying sections 30.1-09-05 and 30.1-09-06, unless the testator's contemporaneous writing provides otherwise.

**SECTION 38. AMENDMENT.** Section 30.1-09-13 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-09-13. ~~(2-701)~~ (2-514) Contracts concerning succession.** A contract to make a will or devise, or not to revoke a will or devise, or to die intestate, if executed after July 1, 1975, can be established only by:

1. Provisions of a will stating material provisions of the contract;
2. An express reference in a will to a contract and extrinsic evidence proving the terms of the contract;
3. A writing signed by the decedent evidencing the contract.

The execution of a joint will or mutual wills does not create a presumption of a contract not to revoke the will or wills.

**SECTION 39.** Chapter 30.1-09.1 of the North Dakota Century Code is created and enacted as follows:

**30.1-09.1-01. (2-701) Scope.** In the absence of a finding of a contrary intention, the rules of construction in this chapter control the construction of a governing instrument. The rules of construction in this chapter apply to a governing instrument of any type, except as the application of a particular section is limited by its terms to a specific type or types of provisions or governing instrument.

**30.1-09.1-02. (2-702) Requirement of survival by one hundred twenty hours.**

1. For the purposes of this title, except for purposes of sections 30.1-31-21 through 30.1-31-30, and except as provided in subsection 4 an individual who is not established by clear and convincing evidence to have survived an event, including the death of another individual, by one hundred twenty hours is deemed to have predeceased the event.
2. Except as provided in subsection 4 and except for a security registered in beneficiary form under sections 30.1-31-21 through 30.1-31-30, for purposes of a provision of a governing instrument that relates to an individual surviving an event, including the death of another individual, an individual who is not established by clear and convincing evidence to have survived the event by one hundred twenty hours is deemed to have predeceased the event.
3. Except as provided in subsection 4, if it is not established by clear and convincing evidence that one of two coowners with right of survivorship survived the other coowner by one hundred twenty hours, one-half of the property passes as if one had survived by one hundred twenty hours and one-half as if the other had survived by one hundred twenty hours and there are more than two coowners and it is not established by clear and convincing evidence that at least one of them survived the others by one hundred twenty hours, the property passes in the proportion that one bears to the whole number of coowners. For purposes of this subsection, the term "coowners with right of survivorship" includes joint tenants, tenants by the entirety, and other coowners of property or accounts held under circumstances that entitles one or more to the whole of the property or account on the death of the other or others.
4. This section does not apply if:
  - a. The governing instrument contains some language dealing explicitly with simultaneous deaths or deaths in a common disaster and that language is operable under the facts of the case;
  - b. The governing instrument expressly indicates that an individual is not required to survive an event, including the death of another individual, by any specific period or expressly requires the individual to survive the event by a specific period;
  - c. Imposition of a one hundred twenty-hour requirement of survival would cause a nonvested property interest or a power of appointment to fail to qualify for validity under subdivision a of subsection 1, subdivision a of subsection 2, or subdivision a of subsection 3 of section 47-02-27.1, or to become invalid under subdivision b of subsection 1, subdivision b of subsection 2, or subdivision b of subsection 3 of section 47-02-27.1; or
  - d. The application of this section to multiple governing instruments would result in an unintended failure or duplication of a disposition.
5. a. A payer or other third party is not liable for having made a payment or transferred an item of property or any other benefit to a beneficiary designated in a governing instrument who, under this section, is not entitled to the payment or item of property, or for having taken any other action in good faith reliance on the

beneficiary's apparent entitlement under the terms of the governing instrument, before the payer or other third party received written notice of a claimed lack of entitlement under this section. A payer or other third party is liable for a payment made or other action taken after the payer or other third party received written notice of a claimed lack of entitlement under this section.

- b. Written notice of a claimed lack of entitlement under subdivision a must be mailed to the payer's or other third party's main office or home by registered mail or served upon the payer or other third party in the same manner as a summons in a civil action. Upon receipt of written notice of a claimed lack of entitlement under this section, a payer or other third party may pay any amount owed or transfer or deposit any item of property held by it to or with the court having jurisdiction of the probate proceedings relating to the decedent's estate, or if no proceedings have been commenced, to or with the court having jurisdiction of probate proceedings relating to decedents' estates located in the county of the decedent's residence. The court shall hold the funds or item of property and, upon its determination under this section, shall order disbursement in accordance with the determination. Payments, transfers, or deposits made to or with the court discharge the payer or other third party from all claims for the value of amounts paid to or items of property transferred to or deposited with the court.
6. a. A person who purchases property for value and without notice, or who receives a payment or other item of property in partial or full satisfaction of a legally enforceable obligation, is neither obligated under this section to return the payment, item of property, or benefit nor is liable under this section for the amount of the payment or the value of the item of property or benefit. But a person who, not for value, receives a payment, item of property, or any other benefit to which the person is not entitled under this section is obligated to return the payment, item of property, or benefit, or is personally liable for the amount of the payment or the value of the item of property or benefit, to the person who is entitled to it under this section.
- b. If this section or any part of this section is preempted by federal law with respect to a payment, an item of property, or any other benefit covered by this section, a person who, not for value, receives the payment, item of property, or any other benefit to which the person is not entitled under this section is obligated to return the payment, item of property, or benefit, or is personally liable for the amount of the payment or the value of the item of property or benefit, to the person who would have been entitled to it were this section or part of this section not preempted.

30.1-09.1-03. (2-703) Choice of law as to meaning and effect of governing instrument. The meaning and legal effect of a governing instrument is determined by the local law of the state selected by the transferor in the governing instrument, unless the application of that law is contrary to the provisions relating to the elective share described in chapter 30.1-05, the provisions relating

to exempt property and allowances described in chapter 30.1-07, or any other public policy of this state otherwise applicable to the disposition.

30.1-09.1-04. (2-704) Power of appointment - Meaning of specific reference requirement. If a governing instrument creating a power of appointment expressly requires that the power be exercised by a reference, an express reference, or a specific reference, to the power or its source, it is presumed that the donor's intention, in requiring that the donee exercise the power by making reference to the particular power or to the creating instrument, was to prevent an inadvertent exercise of the power.

30.1-09.1-05. (2-705) Class gifts construed to accord with intestate succession.

1. Adopted individuals and individuals born out of wedlock, and their respective descendants if appropriate to the class, are included in class gifts and other terms of relationship in accordance with the rules for intestate succession. Terms of relationship that do not differentiate relationships by blood from those by affinity, such as "uncles", "aunts", "nieces", or "nephews", are construed to exclude relatives by affinity. Terms of relationship that do not differentiate relationships by the half blood from those by the whole blood, such as "brothers", "sisters", "nieces", or "nephews", are construed to include both types of relationships.
2. In addition to the requirements of subsection 1, in construing a dispositive provision of a transferor who is not the natural parent, an individual born to the natural parent is not considered the child of that parent unless the individual lived while a minor as a regular member of the household of that natural parent or of that parent's parent, brother, sister, spouse, or surviving spouse.
3. In addition to the requirements of subsection 1, in construing a dispositive provision of a transferor who is not the adopting parent, an adopted individual is not considered the child of the adopting parent unless the adopted individual lived while a minor, either before or after the adoption, as a regular member of the household of the adopting parent.

30.1-09.1-06. (2-706) Life insurance - Retirement plan - Account with payable on death designation - Transfer-on-death registration - Deceased beneficiary.

1. In this section:
  - a. "Alternative beneficiary designation" means a beneficiary designation that is expressly created by the governing instrument and, under the terms of the governing instrument, can take effect instead of another beneficiary designation on the happening of one or more events, including survival of the decedent or failure to survive the decedent, whether an event is expressed in condition-precedent, condition-subsequent, or any other form.
  - b. "Beneficiary" means the beneficiary of a beneficiary designation and includes a class member if the beneficiary designation is in the form of a class gift and includes an individual or class member who was

- deceased at the time the beneficiary designation was executed as well as an individual or class member who was then living but who failed to survive the decedent.
- c. "Beneficiary designation" includes an alternative beneficiary designation and a beneficiary designation in the form of a class gift.
  - d. "Class member" includes an individual who fails to survive the decedent but who would have taken under a beneficiary designation in the form of a class gift had the individual survived the decedent.
  - e. "Stepchild" means a child of the decedent's surviving, deceased, or former spouse, and not of the decedent.
  - f. "Surviving beneficiary" or "surviving descendant" means a beneficiary or a descendant who neither predeceased the decedent nor is deemed to have predeceased the decedent under section 30.1-09.1-02.
2. If a beneficiary fails to survive the decedent and is a grandparent, a descendant of a grandparent, or a stepchild of the decedent, the following apply:
- a. Except as provided in subdivision d, if the beneficiary designation is not in the form of a class gift and the deceased beneficiary leaves surviving descendants, a substitute gift is created in the beneficiary's surviving descendants. They take by representation the property to which the beneficiary would have been entitled had the beneficiary survived the decedent.
  - b. Except as provided in subdivision d, if the beneficiary designation is in the form of a class gift, other than a beneficiary designation to "issue", "descendants", "heirs of the body", "heirs", "next of kin", "relatives", "family", or a class described by language of similar import, a substitute gift is created in the deceased beneficiary of beneficiaries' surviving descendants. The property to which the beneficiaries would have been entitled had all of them survived the decedent passes to the surviving beneficiaries and the surviving descendants of the deceased beneficiaries. Each surviving beneficiary takes the share to which the surviving beneficiary would have been entitled had the deceased beneficiaries survived the decedent. Each deceased beneficiary's surviving descendants who are substituted for the deceased beneficiary take by representation the share to which the deceased beneficiary would have been entitled had the deceased beneficiary survived the decedent. For the purposes of this subdivision, "deceased beneficiary" means a class member who failed to survive the decedent and left one or more surviving descendants.
  - c. For purposes of section 30.1-09.1-01, words of survivorship, such as in a beneficiary designation to an individual "if the individual survives me", or in a beneficiary designation to "my surviving children", are not, in the absence of additional evidence, a sufficient indication of an intent contrary to the application of this section.

- d. If a governing instrument creates an alternative beneficiary designation with respect to a beneficiary designation for which a substitute gift is created by subdivision a or b, the substitute gift is superseded by the alternative beneficiary designation only if an expressly designated beneficiary of the alternative beneficiary designation is entitled to take.
3. If, under subsection 2, substitute gifts are created and not superseded with respect to more than one beneficiary designation, and the beneficiary designations are alternative beneficiary designations, one to the other, the determination of which of the substitute gifts takes effect is resolved as follows:
- a. Except as provided in subdivision b, the property passes under the primary substitute gift.
- b. If there is a younger-generation beneficiary designation, the property passes under the younger-generation substitute gift and not under the primary substitute gift.
- c. In this subsection:
- (1) "Primary beneficiary designation" means the beneficiary designation that would have taken effect had all the deceased beneficiaries of the alternative beneficiary designations who left surviving descendants survived the decedent.
- (2) "Primary substitute gift" means the substitute gift created with respect to the primary beneficiary designation.
- (3) "Younger-generation beneficiary designation" means a beneficiary designation that is to a descendant of a beneficiary of the primary beneficiary designation, is an alternative beneficiary designation with respect to the primary beneficiary designation, is a beneficiary designation for which a substitute gift is created, and would have taken effect had all the deceased beneficiaries who left surviving descendants survived the decedent except the deceased beneficiary or beneficiaries of the primary beneficiary designation.
- (4) "Younger-generation substitute gift" means the substitute gift created with respect to the younger-generation beneficiary designation.
4. a. A payer is protected from liability in making payments under the terms of the beneficiary designation until the payer has received written notice of a claim to a substitute gift under this section. Payment made before the receipt of written notice of a claim to a substitute gift under this section discharges the payer, but not the recipient, from all claims for the amounts paid. A payer is liable for a payment made after the payer has received written notice of the claim. A recipient is liable for a payment received, whether or not written notice of the claim is given.

- b. The written notice of the claim must be mailed to the payer's main office or home by registered mail, return receipt requested, or served upon the payer in the same manner as a summons in a civil action. Upon receipt of written notice of the claim, a payer may pay any amount owed by it to the court having jurisdiction of the probate proceedings relating to the decedent's estate or, if no proceedings have been commenced, to the court having jurisdiction of probate proceedings relating to decedents' estates located in the county of the decedent's residence. The court shall hold the funds and, upon its determination under this section, shall order disbursement in accordance with the determination. Payment made to the court discharges the payer from all claims for the amounts paid.
5. a. A person who purchases property for value and without notice, or who receives a payment or other item of property in partial or full satisfaction of a legally enforceable obligation, is neither obligated under this section to return the payment, item of property, or benefit nor is liable under this section for the amount of the payment or the value of the item of property or benefit. But a person who, not for value, receives a payment, item of property, or any other benefit to which the person is not entitled under this section is obligated to return the payment, item of property, or benefit, or is personally liable for the amount of the payment or the value of the item or property or benefit, to the person who is entitled to it under this section.
- b. If this section or any part of this section is preempted by federal law with respect to a payment, an item of property, or any other benefit covered by this section, a person who, not for value, receives the payment, item of property, or any other benefit to which the person is not entitled under this section is obligated to return the payment, item of property, or benefit, or is personally liable for the amount of the payment or the value of the item of property or benefit, to the person who would have been entitled to it were this section or part of this section not preempted.

30.1-09.1-07. (2-707) Survivorship with respect to future interests under the terms of a trust - Substitute takers.

1. In this section:

- a. "Alternative future interest" means to an expressly created future interest that can take effect in possession or enjoyment instead of another future interest on the happening of one or more events, including survival of an event or failure to survive an event, whether an event is expressed in condition-precedent, condition-subsequent, or any other form. A residuary clause in a will does not create an alternative future interest with respect to a future interest created in a nonresiduary devise in the will, whether or not the will specifically provides that lapsed or failed devises are to pass under the residuary clause.
- b. "Beneficiary" means the beneficiary of a future interest and includes a class member if the future interest is in the form of a class gift.

- c. "Class member" includes an individual who fails to survive the distribution date but who would have taken under a future interest in the form of a class gift had the individual survived the distribution date.
  - d. "Distribution date", with respect to a future interest, means the time when the future interest is to take effect in possession or enjoyment. The distribution date need not occur at the beginning or end of a calendar day, but can occur at a time during the course of a day.
  - e. "Future interest" includes an alternative future interest and a future interest in the form of a class gift.
  - f. "Future interest under the terms of a trust" means a future interest that was created by a transfer creating a trust or to an existing trust or by an exercise of a power of appointment to an existing trust, directing the continuance of an existing trust, designating a beneficiary of an existing trust, or creating a trust.
  - g. "Surviving beneficiary" or "surviving descendant" means a beneficiary or a descendant who neither predeceased the distribution date nor is deemed to have predeceased the distribution date under section 30.1-09.1-02.
2. A future interest under the terms of a trust is contingent on the beneficiary's surviving the distribution date. If a beneficiary of a future interest under the terms of a trust fails to survive the distribution date, the following apply:
- a. Except as provided in subdivision d, if the future interest is not in the form of a class gift and the deceased beneficiary leaves surviving descendants, a substitute gift is created in the beneficiary's surviving descendants. They take by representation the property to which the beneficiary would have been entitled had the beneficiary survived the distribution date.
  - b. Except as provided in subdivision d, if the future interest is in the form of a class gift, other than a future interest to "issue", "descendants", "heirs of the body", "heirs", "next of kin", "relatives", or "family", or a class described by language of similar import, a substitute gift is created in the deceased beneficiary or beneficiaries' surviving descendants. The property to which the beneficiaries would have been entitled had all of them survived the distribution date passes to the surviving beneficiaries and the surviving descendants of the deceased beneficiaries. Each surviving beneficiary takes the share to which the surviving beneficiary would have been entitled had the deceased beneficiaries survived the distribution date. Each deceased beneficiary's surviving descendants who are substituted for the deceased beneficiary take by representation the share to which the deceased beneficiary would have been entitled had the deceased beneficiary survived the distribution date. For the purposes of this paragraph, "deceased beneficiary" means a class member who failed to survive the distribution date and left one or more surviving descendants.

- c. For purposes of section 30.1-09.1-01, words of survivorship attached to a future interest are not, in the absence of additional evidence, a sufficient indication of an intent contrary to the application of this section. Words of survivorship include words of survivorship that relate to the distribution date or to an earlier or an unspecified time, whether those words of survivorship are expressed in condition-precedent, condition-subsequent, or any other form.
- d. If a governing instrument creates an alternative future interest with respect to a future interest for which a substitute gift is created by subdivision a or b, the substitute gift is superseded by the alternative future interest only if an expressly designated beneficiary of the alternative future interest is entitled to take in possession or enjoyment.
- 3. If, under subsection 2, substitute gifts are created and not superseded with respect to more than one future interest and the future interests are alternative future interests, one to the other, the determination of which of the substitute gifts takes effect is resolved as follows:

  - a. Except as provided in subdivision b, the property passes under the primary substitute gift.
  - b. If there is a younger-generation future interest, the property passes under the younger-generation substitute gift and not under the primary substitute gift.
  - c. In this subsection:

    - (1) "Primary future interest" means the future interest that would have taken effect had all the deceased beneficiaries of the alternative future interest who left surviving descendants survived the distribution date.
    - (2) "Primary substitute gift" means the substitute gift created with respect to the primary future interest.
    - (3) "Younger-generation future interest" means a future interest that is to a descendant of a beneficiary of the primary future interest, is an alternative future interest with respect to the primary future interest, is a future interest for which a substitute gift is created, and would have taken effect had all the deceased beneficiaries who left surviving descendants survived the distribution date except the deceased beneficiary of beneficiaries of the primary future interest.
    - (4) "Younger-generation substitute gift" means the substitute gift created with respect to the younger-generation future interest.
- 4. If, after the application of subsections 2 and 3, there is no surviving taker, the property passes in the following order:

  - a. If the trust was created in a nonresiduary devise in the transferor's will or in a codicil to the transferor's will, the property passes under the residuary clause in the transferor's will; for purposes of

this section, the residuary clause is treated as creating a future interest under the terms of a trust.

- b. If no taker is produced by the application of subdivision a, the property passes to the transferor's heirs under section 30.1-09.1-11.

30.1-09.1-08. (2-708) Class gifts to descendants, issue, or heirs of the body - Form of distribution if none specified. If a class gift in favor of "descendants", "issue", or "heirs of the body" does not specify the manner in which the property is to be distributed among the class members, the property is distributed among the class members who are living when the interest is to take effect in possession or enjoyment, in such shares as they would receive, under the applicable law of intestate succession, if the designated ancestor had then died intestate owning the subject matter of the class gift.

30.1-09.1-09. (2-709) Representation - Per capita at each generation - Per stirpes.

1. In this section:

- a. "Deceased child" or "deceased descendant" means a child or a descendant who either predeceased the distribution date or is deemed to have predeceased the distribution date under section 30.1-09.1-02.
- b. "Distribution date", with respect to an interest, means the time when the interest is to take effect in possession or enjoyment. The distribution date need not occur at the beginning or end of a calendar day, but can occur at a time during the course of a day.
- c. "Surviving ancestor", "surviving child", or "surviving descendant" means an ancestor, a child, or a descendant who neither predeceased the distribution date nor is deemed to have predeceased the distribution date under section 30.1-09.1-02.

2. If an applicable statute or a governing instrument calls for property to be distributed "by representation" or "per capita at each generation", the property is divided into as many equal shares as there are surviving descendants in the generation nearest to the designated ancestor which contains one or more surviving descendants and deceased descendants in the same generation who left surviving descendants, if any. Each surviving descendant in the nearest generation is allocated one share. The remaining shares, if any, are combined and then divided in the same manner among the surviving descendants of the deceased descendants as if the surviving descendants who were allocated a share and their surviving descendants had predeceased the distribution date.
3. If a governing instrument calls for property to be distributed "per stirpes", the property is divided into as many equal shares as there are surviving children of the designated ancestor and deceased children who left surviving descendants. Each surviving child is allocated one share. The share of each deceased child with surviving descendants is divided in the same manner, with subdivision repeating at each succeeding generation until the property is fully allocated among surviving descendants.

4. For the purposes of subsections 2 and 3, an individual who is deceased and left no surviving descendant is disregarded, and an individual who leaves a surviving ancestor who is a descendant of the designated ancestor is not entitled to a share.

30.1-09.1-10. (2-710) Worthier-title doctrine abolished. The doctrine of worthier title is abolished as a rule of law and as a rule of construction. Language in a governing instrument describing the beneficiaries of a disposition as the transferor's "heirs", "heirs at law", "next of kin", "distributees", "relatives", "family", or language of similar import does not create or presumptively create a reversionary interest in the transferor.

30.1-09.1-11. (2-711) Future interests in heirs and like. If an applicable statute or a governing instrument calls for a future distribution to or creates a future interest in a designated individual's "heirs", "heirs at law", "next of kin", "relatives", or "family", or language of similar import, the property passes to those persons, including the state under section 30.1-04-05, and in such shares as would succeed to the designated individual's intestate estate under the intestate succession law of the designated individual's domicile if the designated individual died when the disposition is to take effect in possession or enjoyment. If the designated individual's surviving spouse is living but is remarried at the time the disposition is to take effect in possession or enjoyment, the surviving spouse is not an heir of the designated individual.

**SECTION 40.** Chapter 30.1-10 of the North Dakota Century Code is created and enacted as follows:

30.1-10-01. (2-801) Disclaimer of property interests.

1. A person, or the representative of a person, to whom an interest in or with respect to property or an interest therein devolves by whatever means may disclaim it in whole or in part by delivering or filing a written disclaimer under this section. The right to disclaim exists notwithstanding any limitation on the interest of the disclaimant in the nature of a spendthrift provision or similar restriction or any restriction or limitation on the right to disclaim contained in the governing instrument. For purposes of this subsection, the "representative of a person" includes a personal representative of a decedent, a conservator of a disabled person, a guardian of a minor or incapacitated person, and an agent acting on behalf of the person within the authority of a power of attorney.
2. The following rules govern the time when a disclaimer must be filed or delivered:
  - a. If the property or interest has devolved to the disclaimant under a testamentary instrument or by the laws of intestacy, the disclaimer must be filed, if of a present interest, not later than nine months after the death of the deceased owner or deceased donee of a power of appointment and, if of a future interest, not later than nine months after the event determining that the taker of the property or interest is finally ascertained and the interest is indefeasibly vested. The disclaimer must be filed in the court of the county in which proceedings for the administration of the estate of the deceased owner

- or deceased donee of the power have been commenced. A copy of the disclaimer must be delivered in person or mailed by registered mail to any personal representative or other fiduciary of the decedent or donee of the power.
- b. If a property or interest has devolved to the disclaimant under a nontestamentary instrument or contract, the disclaimer must be delivered or filed, if of a present interest, not later than nine months after the effective date of the nontestamentary instrument or contract and, if of a future interest, not later than nine months after the event determining that the taker of the property or interest is finally ascertained and the interest is indefeasibly vested. If the person entitled to disclaim does not know of the existence of the interest, the disclaimer must be delivered or filed not later than nine months after the person learns of the existence of the interest. The effective date of a revocable instrument or contract is the date on which the maker no longer has power to revoke it or to transfer to the maker or another the entire legal and equitable ownership of the interest. The disclaimer or a copy thereof must be delivered in person or mailed by registered mail to the person who has legal title to or possession of the interest disclaimed.
- c. A surviving joint tenant may disclaim as a separate interest any property or interest therein devolving to the survivor by right of survivorship. A surviving joint tenant may disclaim the entire interest in any property or interest therein that is the subject of a joint tenancy devolving to the survivor, if the joint tenancy was created by act of a deceased joint tenant, the survivor did not join in creating the joint tenancy, and has not accepted a benefit under it.
- d. If real property or an interest therein is disclaimed, a copy of the disclaimer may be recorded in the office of the register of deeds of the county in which the property or interest disclaimed is located.
3. The disclaimer must describe the property or interest disclaimed, declare the disclaimer and extent thereof, and be signed by the disclaimant.
4. The effects of disclaimer are:
- a. If property or an interest therein devolves to a disclaimant under a testamentary instrument, under a power of appointment exercised by a testamentary instrument, or under the laws of intestacy, and the decedent has not provided for another disposition of that interest, should it be disclaimed, or of disclaimed or failed interests in general, the disclaimed interest devolves as if the disclaimant had predeceased the decedent, but if by law or under the testamentary instrument the descendants of the disclaimant would take the disclaimant's share by representation were the disclaimant to predecease the decedent, then the disclaimed interest passes by representation to the descendants of the disclaimant who survive the decedent. A future interest that takes effect in possession or enjoyment after the termination of the estate or interest disclaimed takes effect as if the disclaimant had predeceased the decedent. A

disclaimer relates back for all purposes to the date of death of the decedent.

- b. If property or an interest therein devolves to a disclaimant under a nontestamentary instrument or contract and the instrument or contract does not provide for another disposition of that interest, should it be disclaimed, or of disclaimed or failed interests in general, the disclaimed interest devolves as if the disclaimant has predeceased the effective date of the instrument or contract, but if by law or under the nontestamentary instrument or contract the descendants of the disclaimant would take the disclaimant's share by representation were the disclaimant to predecease the effective date of the instrument, then the disclaimed interest passes by representation to the descendants of the disclaimant who survive the effective date of the instrument. A disclaimer relates back for all purposes to that date. A future interest that takes effect in possession or enjoyment at or after the termination of the disclaimed interest takes effect as if the disclaimant had died before the effective date of the instrument or contract that transferred the disclaimed interest.
- c. The disclaimer or the written waiver of the right to disclaim is binding upon the disclaimant or person waiving and all persons claiming through or under either of them.
5. The right to disclaim property or an interest therein is barred by an assignment, conveyance, encumbrance, pledge, or transfer of the property or interest, or a contract therefor; a written waiver of the right to disclaim; an acceptance of the property or interest or a benefit under it; or a sale of the property or interest under judicial sale made before the disclaimer is made.
6. This section does not abridge the right of a person to waive, release, disclaim, or renounce property or an interest therein under any other statute.
7. An interest in property that exists on the effective date of this section as to which, if a present interest, the time for filing a disclaimer under this section has not expired or, if a future interest, the interest has not become indefeasibly vested or the taker finally ascertained, may be disclaimed within nine months after the effective date of this section.

30.1-10-02. (2-802) Effect of divorce, annulment, and decree of separation.

1. An individual who is divorced from the decedent or whose marriage to the decedent has been annulled is not a surviving spouse unless, by virtue of a subsequent marriage, the spouse is married to the decedent at the time of death. A decree of separation that does not terminate the status of husband and wife is not a divorce for purposes of this section.
2. For purposes of chapters 30.1-04 through 30.1-07 and section 30.1-13-03, a surviving spouse does not include:

  - a. An individual who obtains or consents to a final decree or judgment of divorce from the decedent or an annulment of their marriage, which decree or judgment is not recognized as valid in this state, unless

subsequently that participate in a marriage ceremony purporting to marry each to the other or live together as husband and wife.

- b. An individual who, following an invalid decree or judgment of divorce or annulment obtained by the decedent, participates in a marriage ceremony with a third individual; or
- c. An individual who was a party to a valid proceeding concluded by an order purporting to terminate all marital property rights.

30.1-10-03. (2-803) Effect of homicide on intestate succession, wills, trusts, joint assets, life insurance, and beneficiary designations.

1. In this section:

- a. "Disposition or appointment of property" includes a transfer of an item of property or any other benefit to a beneficiary designated in a governing instrument.
- b. "Governing instrument" means a governing instrument executed by the decedent.
- c. "Revocable", with respect to a disposition, appointment, provision, or nomination, means one under which the decedent, at the time of or immediately before death, was alone empowered, by law or under the governing instrument, to cancel the designation, in favor of the killer, whether or not the decedent was then empowered to designate the decedent in place of the decedent's killer or the decedent then had capacity to exercise the power.

2. An individual who intentionally and feloniously kills the decedent forfeits all benefits under this title with respect to the decedent's estate, including an intestate share, an elective share, an omitted spouse's or child's share, a homestead allowance, exempt property, and a family allowance. If the decedent died intestate, the decedent's intestate estate passes as if the killer disclaimed the killer's intestate share.

3. The intentional and felonious killing of the decedent:

- a. Revokes any revocable disposition or appointment of property made by the decedent to the killer in a governing instrument, provision in a governing instrument conferring a general or nongeneral power of appointment on the killer, and nomination of the killer in a governing instrument, nominating or appointing the killer to serve in any fiduciary or representative capacity, including a personal representative, executor, trustee, or agent.
- b. Severs the interests of the decedent and killer in property held by them at the time of the killing as joint tenants with the right of survivorship, transforming the interests of the decedent and killer into tenancies in common.

4. The severance under subdivision b of subsection 3 does not affect any third-party interest in property acquired for value and in good faith reliance on an apparent title by survivorship in the killer unless a

- writing declaring the severance has been noted, registered, filed, or recorded in records appropriate to the kind and location of the property that are relied upon, in the ordinary course of transactions involving such property, as evidence of ownership.
5. Provisions of a governing instrument which are not revoked by this section are given effect as if the killer disclaimed all revoked provisions or, in the case of a revoked nomination in a fiduciary or representative capacity, as if the killer predeceased the decedent.
  6. A wrongful acquisition of property or interest by a killer not covered by this section must be treated in accordance with the principle that a killer cannot profit from any wrong.
  7. After all right to appeal has been exhausted, a judgment of conviction establishing criminal accountability for the felonious and intentional killing of the decedent conclusively establishes the convicted individual as the decedent's killer for purposes of this section. In the absence of a conviction, the court, upon the petition of an interested person, must determine whether, under the preponderance or evidence standard, the individual would be found criminally accountable for the felonious and intentional killing of the decedent. If the court determines that, under that standard, the individual would be found criminally accountable for the felonious and intentional killing of the decedent, the determination conclusively establishes that individual as the decedent's killer for purposes of this section.
  8.
    - a. A payer or other third party is not liable for having made a payment or transferred an item of property or any other benefit to a beneficiary designated in a governing instrument affected by an intentional and felonious killing, or for having taken any other action in good faith reliance on the validity of the governing instrument, upon request and satisfactory proof of the decedent's death, before the payer or other third party received written notice of a claimed forfeiture or revocation under this section. A payer or other third party is liable for a payment made or other action taken after the payer or other third party received written notice of a claimed forfeiture or revocation under this section.
    - b. Written notice of a claimed forfeiture or revocation under this subsection must be mailed to the payer's or third party's main office or home by registered mail or served upon the payer or other third party in the same manner as a summons in a civil action. Upon receipt of written notice of a claimed forfeiture or revocation under this section, a payer or other third party may pay any amount owed or transfer or deposit any item of property held by it to or with the court having jurisdiction of the probate proceedings relating to the decedent's estate, or if no proceedings have been commenced, to or with the court having jurisdiction of probate proceedings relating to decedents' estates located in the county of the decedent's residence. The court shall hold the funds or item of property and, upon its determination under this section, shall order disbursement in accordance with the determination. Payments, transfers, or deposits made to or with the court discharge the payer or other third party

from all claims for the value of amounts paid to or items of property transferred to or deposited with the court.

9. a. A person who purchases property for value and without notice, or who receives a payment or other item of property in partial or full satisfaction of a legally enforceable obligation, is neither obligated under this section to return the payment, item of property, or benefit nor liable under this section for the amount of the payment or the value of the item of property or benefit. But a person who, not for value, receives a payment, item of property, or any other benefit to which the person is not entitled under this section is obligated to return the payment, item of property, or benefit, or is personally liable for the amount of the payment or the value of the item of property or benefit, to the person who is entitled to it under this section.

b. If this section or any part of this section is preempted by federal law with respect to a payment, an item of property, or any other benefit covered by this section, a person who, not for value, receives the payment, item of property, or any other benefit to which the person is not entitled under this section is obligated to return the payment, item of property, or benefit or is personally liable for the amount of the payment or the value of the item of property or benefit, to the person who would have been entitled to it were this section or part of this section not preempted.

30.1-10-04. (2-804) Revocation of probate and nonprobate transfers by divorce - No revocation by other changes of circumstances.

1. In this section:

a. "Disposition or appointment of property" includes a transfer of an item of property or any other benefit to a beneficiary designated in a governing instrument.

b. "Divorce or annulment" means any divorce or annulment, or any dissolution or declaration of invalidity of a marriage, that would exclude the spouse as a surviving spouse within the meaning of section 30.1-10-02. A decree of separation that does not terminate the status of husband and wife is not a divorce for purposes of this section.

c. "Divorced individual" includes an individual whose marriage has been annulled.

d. "Governing instrument" means a governing instrument executed by the divorced individual before the divorce or annulment of the marriage to the former spouse.

e. "Relative of the divorced individual's former spouse" means an individual who is related to the divorced individual's former spouse by blood, adoption, or affinity and who, after the divorce or annulment, is not related to the divorced individual by blood, adoption, or affinity.

- f. "Revocable", with respect to a disposition, appointment, provision, or nomination means one under which the divorced individual, at the time of the divorce or annulment, was alone empowered, by law or under the governing instrument, to cancel the designation in favor of the former spouse or former spouse's relative, whether or not the divorced individual was then empowered to designate the divorced individual in place of the former spouse or in place of the former spouse's relative and whether or not the divorced individual then had the capacity to exercise the power.
2. Except as provided by the express terms of a governing instrument, a court order, or a contract relating to the division of the marital estate made between the divorced individuals before or after the marriage, divorce, or annulment, the divorce or annulment of a marriage:
- a. Revokes any revocable disposition or appointment of property made by a divorced individual to the individual's former spouse in a governing instrument and any disposition or appointment created by law or in a governing instrument to a relative of the divorced individual's former spouse, provision in a governing instrument conferring a general or special power of appointment on the divorced individual's former spouse or on a relative of the divorced individual's former spouse, and nomination in a governing instrument, nominating a divorced individual's former spouse or a relative of the divorced individual's former spouse to serve in any fiduciary or representative capacity, including a personal representative, executor, trustee, conservator, agent, or guardian.
- b. Severs the interests of the former spouses in property held by them at the time of the divorce or annulment as joint tenants with the right of survivorship, transforming the interests of former spouses into tenancies in common.
3. A severance under subdivision b of subsection 2 does not affect any third-party interest in property acquired for value and in good faith reliance on an apparent title by survivorship in the survivor of the former spouses unless a writing declaring the severance has been noted, registered, filed, or recorded in records appropriate to the kind and location of the property which are relied upon, in the ordinary course of transactions involving such property, as evidence of ownership.
4. Provisions of a governing instrument that are not revoked by this section are given effect as if the former spouse and relatives of the former spouse disclaimed the revoked provisions or, in the case of a revoked nomination in a fiduciary or representative capacity, as if the former spouse and relatives of the former spouse died immediately before the divorce or annulment.
5. Provisions revoked solely by this section are revived by the divorced individual's remarriage to the former spouse or by a nullification of the divorce or annulment.
6. No change of circumstances other than as described in this section and in section 30.1-10-03 effects a revocation.

7. a. A payer or other third party is not liable for having made a payment or transferred an item of property or any other benefit to a beneficiary designated in a governing instrument affected by a divorce, annulment, or remarriage, or for having taken any other action in good faith reliance on the validity of the governing instrument, before the payer or other third party received written notice of the divorce, annulment, or remarriage. A payer or other third party is liable for a payment made or other action taken after the payer or other third party received written notice of a claim forfeiture or revocation under this section.
- b. Written notice of the divorce, annulment, or remarriage under this subdivision must be mailed to the payer's or other third party's main office or home by registered mail or served upon the payer or other third party in the same manner as a summons in a civil action. Upon receipt of written notice of the divorce, annulment, or remarriage, a payer or other third party may pay any amount owed or transfer or deposit any item of property held by it to or with the court having jurisdiction of the probate proceedings relating to the decedent's estate or, if no proceedings have been commenced, to or with the court having jurisdiction of probate proceedings relating to decedents' estates located in the county of the decedent's residence. The court shall hold the funds or item of property and, upon its determination under this section, shall order disbursement or transfer in accordance with the determination. Payments, transfers, or deposits made to or with the court discharge the payer or other third party from all claims for the value of amounts paid to or items of property transferred to or deposited with the court.
8. a. A person who purchases property from a former spouse, relative of a former spouse, or any other person for value and without notice, or who receives from a former spouse, relative of a former spouse, or any other person a payment or other item of property in partial or full satisfaction of a legally enforceable obligation, is neither obligated under this section to return the payment, item of property, or benefit nor liable under this section for the amount of the payment or the value of the item of property or benefit. But a former spouse, relative of a former spouse, or other person who, not for value, received a payment, item of property, or any other benefit to which that person is not entitled under this section is obligated to return the payment, item of property, or benefit, or is personally liable for the amount of the payment or the value of the item of property or benefit, to the person who is entitled to it under this section.
- b. If this section or any part of this section is preempted by federal law with respect to a payment, an item of property, or any other benefit covered by this section, a former spouse, relative of the former spouse, or any other person who, not for value, received a payment, item of property, or any other benefit to which that person is not entitled under this section is obligated to return that payment, item of property, or benefit, or is personally liable for the amount of the payment or the value of the item of property or benefit, to the person who would have been entitled to it were this section or part of this section not preempted.

The trust continues until six years after the date of conviction. If an action is filed by a beneficiary to recover the beneficiary's interest in a trust within that time limitation, the trust character of the property continues until the conclusion of the action.

Twenty-five percent of the profits from the crime must be reserved for payment to the beneficiaries.

If the attorney general proves that the profits from the crime are subject to a constructive trust pursuant to this section and that it is more probable than not that there are beneficiaries within the meaning of this section, the court shall order all proceeds deposited in a bank and held by the bank as trustee of the trust until an order of disposition is made by a court pursuant to subsection 4, or until the expiration of the period specified in subsection 2.
    - d.   6. The remedies provided by this section are in addition to other remedies provided by law. No period of limitations, except those provided by this section, limits the right of recovery under this section.
  7. The offender or any person contracting with an offender shall notify the attorney general at least thirty days before the transfer of any profits from a crime. A person who willfully violates this subsection is guilty of a class A misdemeanor.

8. Any contract between a convicted felon or representative of the felon and another person which provides for the payment of profits from a crime other than as provided by this section is void.

### DEFICIENCY JUDGMENTS ON COMMERCIAL PROPERTY

AN ACT to create and enact a new section to chapter 32-19 of the North Dakota Century Code, relating to commercial real property deficiency judgments.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** A new section to chapter 32-19 of the North Dakota Century Code is created and enacted as follows:

**Deficiency judgments on commercial real property.** Notwithstanding any other provision of law, a person holding a mortgage may obtain a deficiency judgment against the mortgagor of commercial real property contracted for after the effective date of this Act. In an action for the foreclosure of a mortgage on commercial real property, the plaintiff shall state in the complaint whether a deficiency judgment will be sought, identify the defendant or defendants claimed to be personally liable for the amount due, and demand a deficiency judgment against those defendants. Within ten days after filing and serving the summons and complaint on the defendants, the plaintiff seeking a deficiency judgment on commercial real property shall file with the clerk of district court a request for an appraisal of the real property by a licensed or certified appraiser and serve a copy of the request upon the defendants. The request must contain the plaintiff's agreement to pay the cost of the appraisal, which must be included as a cost allowed to the plaintiff if judgment is entered granting foreclosure. Upon the filing of the request, the plaintiff shall arrange for an appraisal of the property and shall notify the defendants, at their last known address, of the request for an appraisal. Within not more than twenty days after completion of the appraisal, the appraiser shall provide to the plaintiff and file with the clerk of court a written report indicating the present fair market value of the commercial real property. The plaintiff shall also serve copies of the report on the defendants named in the complaint to be personally liable. Within fifteen days of the filing and serving of the report of appraisal, any party may file a notice of intention to obtain an additional appraisal at the party's own expense. The appraisal report must be filed within thirty days of the filing of the notice of intention and must be considered, with other appraisal reports filed, in the determination by the court of the present fair market value of the property. At the time of the entry of the judgment, the court shall include in its findings of fact the present fair market value of the property and, if the present fair market value is less than the amount found to be due the plaintiff, identify the persons who are liable for any deficiency remaining after a sheriff's sale of the property pursuant to foreclosure judgment. The judgment must be docketed as a money judgment against the persons personally liable. Upon entry of an order confirming the sheriff's sale in the foreclosure, the clerk of court shall note the amount to be credited thereon, which must be the amount bid at the sheriff's sale, less the cost of the sheriff's sale, which may not be less than the present fair market value established by the court. At any time after the

sheriff's sale and final entry of judgment, the plaintiff may pursue the same remedies to collect the judgment as those available to collect other money judgments. The amount collectible must include the entire amount found to be due the plaintiff in the judgment, together with interest on the amount of the judgment at the rate provided in the note secured by the mortgage, less the amount credited by the clerk of court upon entry of the order confirming the sheriff's sale. As used in this section, "commercial real property" means any real property except residential real property consisting of fewer than three residential units and agricultural property as defined by section 57-02-01. As used in this section, "fair market value" means the highest price that commercial real property can be sold for in the open market by a willing seller to a willing buyer, neither acting under compulsion and both exercising reasonable judgment.

The provisions of this section are not available unless the promissory note and mortgage executed by the parties named as defendants in an action for a deficiency judgment contains language located immediately above the signatures of the parties advising them that the lender has the right to proceed to obtain and collect a deficiency judgment against the parties personally liable, together with foreclosure of the real property mortgaged under applicable laws.

AN ACT to create and enact a new section to chapter 34-05, a new section to chapter 34-14, a new section to chapter 52-04, and a new section to chapter 65-04 of the North Dakota Century Code, relating to determining an independent contractor's status and to independent contractors for purposes of wage claims, unemployment compensation contributions, and workers' compensation premiums; and to amend and reenact section 65-01-03 of the North Dakota Century Code, relating to independent contractors for purposes of workers' compensation.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** A new section to chapter 34-05 of the North Dakota Century Code is created and enacted as follows:

Independent contractors - Determination made by commissioner. A person beginning work or working as an independent contractor may apply to the commissioner to receive verification of independent contractor status. The commissioner, upon receiving an application, shall review the circumstances of the applicant's job and other relevant information. When the information supports a finding under the "common law" test that the applicant will be working or is working as an independent contractor, the commissioner shall issue a determination to verify the status of the applicant as an independent contractor and shall issue the independent contractor an identification number that will be invalid if the applicant's job changes. If the applicant's job changes, the applicant may reapply for a determination to verify independent contractor status.

**SECTION 2.** A new section to chapter 34-14 of the North Dakota Century Code is created and enacted as follows:

Retroactive payment not required. When the commissioner reviews a potential employment relationship involving an independent contractor who has a valid identification number issued under section 1 of this Act and determines that the party described as an independent contractor is an employee for purposes of wages, rather than an independent contractor, the commissioner may not require the party determined to be the employer to pay wages, in addition to those required by the contract, for that employee, or any interest, penalty, or delinquency fee with respect to those wages, retroactive to the date the relationship with the employee began, unless, however, the commissioner determines that the employer willfully and intentionally entered the relationship with the purpose of avoiding the payment of wages. The commissioner may require the payment of wages for that employee as of the date the order declaring an employment relationship becomes final.

**SECTION 3.** A new section to chapter 52-04 of the North Dakota Century Code is created and enacted as follows:

Retroactive payment not required. When the bureau reviews a potential employment relationship involving an independent contractor who has a valid identification number issued under section 1 of this Act and determines that the party described as an independent contractor is an employee for purposes of unemployment compensation, rather than an independent contractor, the bureau may not require the party determined to be the employer to pay contributions for that employee, or any interest, penalty, or delinquency fee with respect to those contributions, retroactive to the date the relationship with the employee began, unless, however, the bureau determines that the employer willfully and intentionally entered the relationship with the purpose of avoiding unemployment compensation benefits. The bureau may require the payment of contributions for that employee as of the date the order declaring an employment relationship becomes final.

**SECTION 4. AMENDMENT.** Section 65-01-03 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**65-01-03. In determining whether a person is an independent contractor or an employee, the ~~primary~~ test to be employed is the "common law" test.

**SECTION 5.** A new section to chapter 65-04 of the North Dakota Century Code is created and enacted as follows:

Retroactive payment not required. When the bureau reviews a potential employment relationship involving an independent contractor who has a valid identification number issued under section 1 of this Act and determines that the party described as an independent contractor is an employee for purposes of workers' compensation premiums, rather than an independent contractor, the bureau may not require the party determined to be the employer to pay premiums for that employee, or any interest, penalty, or delinquency fee with respect to those premiums, retroactive to the date the relationship with the employee began, unless, however, the bureau determines that the employer willfully and intentionally entered the relationship with the purpose of avoiding workers' compensation premium payments. Commingling of production - Central production facility - Metering of production - Testing of meters.** A producer may not commingle production from two or more oil or gas wells with diverse ownership in a storage facility without prior approval of the commission after notice and opportunity for hearing. If the commingling of production is for the express purpose of separating, metering, holding, and marketing of production, the owner of the wells shall apply to the commission for approval of the proposed commingling of production at a storage facility. If wells producing into a centralized storage facility have diverse ownership, the production from each well must be measured by meters approved and tested by or under the direction of the commission and tested by the department of weights and measures as provided in section 64-02-15.1 or production must be measured by some other method the commission has approved after notice and opportunity for hearing. If wells producing into a centralized storage facility have common ownership, including the common ownership of the working interest, the common ownership of the royalty ownership, and the common ownership of any overriding royalty owners, the production from each well need not be measured on meters approved by the commission if the owner of the wells demonstrates to the commission that the production from each well can be accurately determined at reasonable intervals by other means.

**SECTION 3.** A new section to chapter 38-08 of the North Dakota Century Code is created and enacted as follows:

Testing upon request of a royalty owner. Inspections and testing of farm milk bulk tank equipment may be made only by the state dairy department under section 4-30-18. Inspections and testing of oil and gas production meters and measuring devices may be made only by or under the direction of the industrial commission under section 38-08-04. If upon complaint, the commission finds the weighing or measuring device is within the permitted tolerance, the cost of the test must be paid by the complainant; and in all other cases the cost of testing must be paid by the owner of the equipment.

Thereafter, flaring of gas from the well must cease and the well must either be capped or connected to a gas gathering line. For a well operated in violation of this section, the producer shall pay royalties to royalty owners and ~~gross production tax imposed under section 57-51-02~~ upon the value of the flared gas and shall also pay gross production tax on the flared gas at the rate imposed under section 57-51-02.2. The industrial commission shall ~~may~~ enforce this section and, for each well operator found to be in violation of this section, shall ~~may~~ determine the value of flared gas for purposes of payment of ~~gross production tax and~~ royalties under this section and its determination is final. A producer may obtain an exemption from this section from the industrial commission upon application and a showing that connection of the well to a natural gas gathering line is economically infeasible at the time of the application or in the foreseeable future or that a market for the gas is not available.

A person requested to submit to a test as provided in subsection 1 or 5 must be warned by the law enforcement officer requesting the test that a refusal to submit to the test will result in that person being immediately placed out of service for a period of twenty-four hours and being disqualified from operating a commercial motor vehicle for a period of not less than one year under section 39-06.2-10.
4. If the person refuses testing, or submits to a test that discloses an alcohol concentration of at least four one-hundredths of one percent by weight, the law enforcement officer must submit a certified report to the director certifying that the test was requested pursuant to subsection 1 or 5 and that the person refused to submit to testing, or submitted to a test under subsection 1 which disclosed an alcohol concentration of at least four one-hundredths of one percent by weight.
5. A person who drives or is in actual physical control of a commercial motor vehicle within this state is deemed to have given consent to an onsite alcohol screening test under section 39-20-14.
6. Upon receipt of the certified report of a law enforcement officer submitted under subsection 4, the director must disqualify the driver from driving a commercial motor vehicle under section 39-06.2-10.

**SECTION 6.** A new section to chapter 39-06.2 of the 1991 Supplement to the North Dakota Century Code is created and enacted as follows:

Action following test result for a resident driver. If a person submits to a test under section 5 of this Act and the test shows that person to have an alcohol concentration of at least four one-hundredths of one percent by weight at the time of the performance of a chemical test within two hours after the driving or being in actual physical control of a commercial motor vehicle, the following procedures apply:

1. When a breath sample test result derived under section 39-20-07 reveals a resident driver to have an alcohol concentration of at least four one-hundredths of one percent by weight, the law enforcement officer shall immediately take possession of the person's commercial driver's license. The law enforcement officer shall issue the driver an out-of-service order as provided for in section 12 of this Act. If the driver then has valid driving privileges, the law enforcement officer must issue to the driver a temporary driver's permit, in accordance with section 11 of this Act.
2. If a test administered under section 5 of this Act was by a urine or blood sample and the person tested is not a resident of an area in which the law enforcement officer has jurisdiction, the law enforcement officer shall, on receiving the analysis of the sample by the state toxicologist showing that person had an alcohol concentration of at least four one-hundredths of one percent by weight, either proceed in accordance with subsection 1 during that person's reappearance within the officer's jurisdiction or notify a law enforcement agency having jurisdiction where the person lives. On that notification, that law enforcement agency shall immediately take possession of the person's North Dakota commercial driver's license or permit and, within twenty-four hours, forward it and a copy of the temporary driver's permit to the halting officer. The law

enforcement agency shall also, on taking possession of the person's commercial driver's license, issue to that person a temporary driver's permit according to section 11 of this Act.

3. The halting officer, within five days of the issuance of the temporary driver's permit, shall forward to the director a certified written report in the form required by the director and the person's commercial driver's license taken under subsection 1 or 2. If the person was issued a temporary driver's permit because of the results of a test, the report must show that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle while in violation of section 4 of this Act, that the person was lawfully detained, that the person was tested for alcohol concentration under this chapter, and that the results of the test show that the person had an alcohol concentration of at least four one-hundredths of one percent by weight. In addition to the commercial driver's license and report, the law enforcement officer must forward to the director a certified copy of the operational checklist and test records of a breath test and a copy of the certified copy of the analytical report for a blood or urine test for all tests administered at the direction of the officer.

**SECTION 7.** A new section to chapter 39-06.2 of the 1991 Supplement to the North Dakota Century Code is created and enacted as follows:

Action following test result or refusal of testing by nonresident driver. If a driver licensed in another state refuses, in this state, a test provided under section 5 of this Act or submits to a test under section 5 of this Act, and the test results show an alcohol concentration of at least four one-hundredths of one percent by weight, the following procedures apply:

1. When a breath sample test result, derived under section 39-20-07, reveals the driver to have alcohol concentration of at least four one-hundredths of one percent by weight, the halting officer, without taking possession of the person's out-of-state driver's license, shall inform the driver of the test results and issue an out-of-service order according to section 12 of this Act and a temporary driver's permit according to section 11 of this Act.
2. When a urine or blood sample test result, derived under section 39-20-07, reveals an alcohol concentration of at least four one-hundredths of one percent by weight, the halting officer shall mail the person a temporary driver's permit issued according to section 11 of this Act and a notice as provided under section 39-06.1-07.
3. The law enforcement officer, within five days of issuing the temporary driver's permit, shall forward to the director a certified written report in the form required by the director and a certified copy of the operational checklist and test records of a breath test and a copy of the certified copy of the analytical report for a blood or urine test for all tests administered at the direction of the officer. If the person was issued a temporary driver's permit because of the person's refusal to submit to a test under sections 5 of this Act and 39-20-14, the report must include information as provided in section 6 of this Act. If the person was issued a temporary driver's permit because of the results of a

test, the report must show that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle while in violation of section 4 of this Act, that the person was lawfully detained, that the person was tested for alcohol concentration under this chapter, and that the results of the test show that the person had an alcohol concentration of at least four one-hundredths of one percent by weight.

**SECTION 8.** A new section to chapter 39-06.2 of the 1991 Supplement to the North Dakota Century Code is created and enacted as follows:

Revocation of privilege to drive commercial motor vehicle upon refusal to submit to testing. If a person refuses to submit to testing under section 5 of this Act, the law enforcement officer shall immediately take possession of the person's driver's license and issue to that person a temporary driver's permit. The director, upon the receipt of that person's driver's license and a certified written report of the law enforcement officer in the form required by the director, forwarded by the officer within five days after issuing the temporary driver's permit, showing that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle while in violation of section 4 of this Act or, had reason to believe that the person committed a moving traffic violation or was involved in a traffic accident as a driver, and in conjunction with the violation or accident the officer has, through the officer's observations, formulated an opinion that the person's body contains alcohol, that the person was lawfully detained, and that the person had refused to submit to the screening test under section 5 of this Act, shall revoke that person's commercial driver's license or permit to drive and any nonresident commercial driver's privilege for the appropriate period under section 39-06.2-10, or if the person is a resident without a commercial driver's license or permit, the director shall deny to the person the issuance of a commercial driver's license or permit for the appropriate period under section 39-06.2-10 after the date of the alleged violation, subject to the opportunity for a prerevocation hearing and postrevocation review as provided in this chapter. In the revocation of the person's driver's license the director shall give credit for time in which the person was without a driver's license after the day of the person's refusal to submit to the test except that the director may not give credit for time in which the person retained driving privileges through a temporary driver's permit.

**SECTION 9.** A new section to chapter 39-06.2 of the 1991 Supplement to the North Dakota Century Code is created and enacted as follows:

Administrative hearing on request.

1. Before issuing an order of suspension, revocation, or disqualification under section 39-06.2-10, the director shall afford that person an opportunity for a hearing as provided by section 39-20-05, if the person mails a request for the hearing to the director within ten days after the date of issuance of the temporary driver's permit.
2. If the issue to be determined by the hearing concerns license suspension for operating a commercial motor vehicle while having an alcohol concentration of at least four one-hundredths of one percent by weight, the hearing must be before a hearing officer assigned by the director and at a time and place designated by the director. The hearing must be

- recorded and its scope may cover only the issues of whether the arresting officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle in violation of section 4 of this Act, whether the person was lawfully detained, whether the person was tested in accordance with section 5 of this Act, and whether the test results show the person had an alcohol concentration of at least four one-hundredths of one percent by weight. For purposes of this section, a copy of a certified copy of an analytical report of a blood or urine sample from the office of the state toxicologist, or a certified copy of the checklist and test records from a certified breath test operator establish prima facie the alcohol concentration shown therein. Whether the person was warned that the privilege to drive might be suspended based on the results of the test is not an issue.
3. If the issue to be determined by the hearing concerns license revocation for refusing to submit to a test under section 5 of this Act, the hearing must be before a hearing officer assigned by the director at a time and place designated by the director. The hearing must be recorded. The scope of a hearing for refusing to submit to a test under section 5 of this Act may cover only the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle in violation of section 4 of this Act, whether the person was lawfully detained, and whether that person refused to submit to the test or tests. The scope of a hearing for refusing to submit to a test under subsection 3 of section 7 of this Act may cover only the issues of whether the law enforcement officer had reason to believe the person committed a moving traffic violation or was involved in a traffic accident as a driver, whether in conjunction with the violation or the accident the officer has, through the officer's observations, formulated an opinion that the person's body contains alcohol and, whether the person refused to submit to the onsite screening test. Whether the person was warned that the privilege to drive would be revoked or denied for refusal to submit to the test or tests is not an issue.
4. At a hearing under this section, the regularly kept records of the director may be introduced. Those records establish prima facie their contents without further foundation. For purposes of this chapter, any copy of a certified copy of an analytical report of a blood or urine sample received by the director from the office of the state toxicologist or a law enforcement officer, a certified copy of the checklist and test records received by the director from a certified breath test operator, and any copy of a certified copy of a certificate of the office of the state toxicologist relating to approved methods, devices, operators, materials, and checklists used for testing for alcohol concentration received by the director from the office of the state toxicologist or the clerk of district court, are regularly kept records of the director.
5. At the close of the hearing, the hearing officer shall notify the person of the hearing officer's findings of fact, conclusions of law, and decision based on the findings and conclusions and shall immediately deliver to the person a copy of the decision. If the hearing officer does not find in favor of the person, the copy of the decision serves as the director's official notification to the person of the revocation,

suspension, or denial of driving privileges in this state. If the hearing officer finds, based on a preponderance of the evidence, that the person refused a test under section 5 of this Act or that the person had an alcohol concentration of at least four one-hundredths of one percent by weight, the hearing officer shall immediately take possession of the person's temporary driver's permit issued under this chapter. If the hearing officer does not find against the person, the hearing officer shall sign, date, and mark on the person's permit an extension of driving privileges for the next twenty days and shall return the permit to the person. The hearing officer shall report the findings, conclusions, and decisions to the director within ten days of the conclusion of the hearing. If the hearing officer has determined in favor of the person, the director shall return the person's commercial driver's license by regular mail to the address on file with the director under section 39-06.2-08.

6. If the person who requested a hearing under this section fails to appear at the hearing without justification, the right to the hearing is waived, and the hearing officer's determination on license revocation, suspension, or denial will be based on the written request for hearing, law enforcement officer's report, and other evidence as may be available. On the date for which the hearing is scheduled, the hearing officer shall mail to the person, by regular mail, at the address on file with the director under section 39-06-20, or at any other address for the person or the person's legal representative supplied in the request for hearing, a copy of the decision which serves as the director's official notification to the person of the revocation, suspension, or denial of driving privileges in this state. Even if the person for whom the hearing is scheduled fails to appear at the hearing, the hearing is deemed to have been held on the date for which it is scheduled for purposes of appeal under section 10 of this Act.

**SECTION 10.** A new section to chapter 39-06.2 of the 1991 Supplement to the North Dakota Century Code is created and enacted as follows:

Judicial review. Any person whose commercial driver's license or privilege has been suspended, revoked, or denied by the decision of the hearing officer under section 9 of this Act may appeal within seven days after the date of the hearing under section 9 of this Act as shown by the date of the hearing officer's decision, section 28-32-15 notwithstanding, by serving on the director and filing a notice of appeal and specifications of error in the district court in the county where the events occurred for which the demand for a test was made, or in the county in which the administrative hearing was held. The court shall set the matter for hearing, and the petitioner shall give twenty days' notice of the hearing to the director and to the hearing officer who rendered the decision. Neither the director nor the court may stay the decision pending decision on appeal. Within twenty days after receipt of the notice of appeal, the director or the hearing officer who rendered the decision shall file in the office of the clerk of court to which the appeal is taken a certified transcript of the testimony and all other proceedings. It is the record on which the appeal must be determined. No additional evidence may be heard. The court shall affirm the decision of the director or hearing officer unless it finds the evidence insufficient to warrant the conclusion reached by the director or hearing officer. The court may direct that the matter be returned to the director or hearing officer for rehearing and the presentation of additional evidence.

**SECTION 11.** A new section to chapter 39-06.2 of the 1991 Supplement to the North Dakota Century Code is created and enacted as follows:

Temporary driver's permit. A temporary driver's permit extends driving privileges for twenty-five days, unless earlier terminated by the decision of a hearing officer under section 9 of this Act. The law enforcement officer must sign and note the date of issuance on the temporary driver's permit. The temporary driver's permit serves as the director's official notification to the driver of the director's intent to revoke, suspend, or deny driving privileges in this state. No temporary driver's permit may be issued for the period covered by an out-of-service order.

**SECTION 12.** A new section to chapter 39-06.2 of the 1991 Supplement to the North Dakota Century Code is created and enacted as follows:

Out-of-service order - Rules. The director shall adopt rules for the issuance and enforcement of out-of-service orders. The rules must be in accordance with the standards and requirements of the federal Commercial Motor Vehicle Safety Act of 1986 [Pub. L. 99-570; 100 Stat. 3207-179; 49 App. U.S.C. 2708] and 49 CFR parts 383 and 392.

**SECTION 13. AMENDMENT.** Section 39-06.2-11 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**39-06.2-11. License reissuance - Class D license.** The ~~commissioner~~ director may issue a class D driver's license to a driver suspended, revoked, or disqualified under this chapter when:

1. The suspension, revocation, or disqualification arises from a violation under this chapter which would not require similar sanctions under chapter 39-06 ~~or~~, 39-06.1, or 39-20.
2. The period of suspension, revocation, or disqualification imposed for a violation under this chapter is greater than that which could have been imposed under chapter 39-06 ~~or~~, 39-06.1, or 39-20 for the same violation, and the period of suspension or revocation provided for under chapter 39-06 ~~or~~, 39-06.1, or 39-20 has been satisfied under the existing suspension or revocation.

**SECTION 14. AMENDMENT.** Subsection 1 of section 39-20-07 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

1. A person having, at that time, an alcohol concentration of not more than five one-hundredths of one percent by weight is presumed not to be under the influence of intoxicating liquor. This presumption has no application to the administration of chapter 39-06.2.

**SECTION 15.** Section 4 to House Bill No. 1488, as approved by the fifty-third legislative assembly, is created and enacted as follows:

**SECTION 4. RETROACTIVE APPLICATION OF ACT.** Section 2 of this Act applies retroactively to cases arising after April 9, 1990.

**SECTION 16. EMERGENCY.** This Act is declared to be an emergency measure.

HOUSE BILL NO. 1098  
(Transportation Committee)

(At the request of the Department of Transportation)

**ALCOHOL CONCENTRATION OF OPERATORS**

AN ACT to amend and reenact subdivision a of subsection 1 of section 39-08-01, sections 39-20-03.1, 39-20-03.2, 39-20-04.1, 39-20-05, subsection 4 of section 39-20-07, and sections 39-20-09 and 65-01-11 of the North Dakota Century Code, relating to alcohol concentration of motor vehicle operators and statutory references to the director of the department of transportation.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. AMENDMENT.** Subdivision a of subsection 1 of section 39-08-01 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

- a. That person has a ~~blood~~ an alcohol concentration of at least ten one-hundredths of one percent by weight at the time of the performance of a chemical test within two hours after the driving or being in actual physical control of a vehicle.

**SECTION 2. AMENDMENT.** Section 39-20-03.1 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**39-20-03.1. Action following test result for a resident operator.** If a person submits to a test under section 39-20-01, 39-20-02, or 39-20-03 and the test shows that person to have a ~~blood~~ an alcohol concentration of at least ten one-hundredths of one percent by weight at the time of the performance of a chemical test within two hours after the driving or being in actual physical control of a vehicle, the following procedures apply:

1. The law enforcement officer shall immediately take possession of the person's operator's license if it is then available and shall immediately issue to that person a temporary operator's permit if the person then has valid operating privileges, extending driving privileges for the next twenty-five days, or until earlier terminated by the decision of a hearing officer under section 39-20-05. The law enforcement officer shall sign and note the date on the temporary operator's permit. The temporary operator's permit serves as the ~~commissioner's~~ director's official notification to the person of the ~~commissioner's~~ director's intent to revoke, suspend, or deny driving privileges in this state.
2. If a test administered under section 39-20-01 or 39-20-03 was by saliva or urine sample or by drawing blood as provided in section 39-20-02 and the person tested is not a resident of an area in which the law enforcement officer has jurisdiction, the law enforcement officer shall, on receiving the analysis of the saliva, urine, or blood from the state toxicologist and if the analysis shows that person had a ~~blood~~ an alcohol

concentration of at least ten one-hundredths of one percent by weight, either proceed in accordance with subsection 1 during that person's reappearance within the officer's jurisdiction or notify a law enforcement agency having jurisdiction where the person lives. On that notification, that law enforcement agency shall immediately take possession of the person's North Dakota operator's license or permit if it is then available and, within twenty-four hours, forward the license and a copy of the temporary operator's permit to the law enforcement agency making the arrest or to the ~~commissioner~~ director. The law enforcement agency shall also, on taking possession of the person's operator's license, issue to that person a temporary operator's permit as provided in this section, and shall sign and date the permit as provided in subsection 1. The temporary operator's permit serves as the ~~commissioner's~~ director's official notification to the person of the ~~commissioner's~~ director's intent to revoke, suspend, or deny driving privileges in this state.

3. The law enforcement officer, within five days of the issuance of the temporary operator's permit, shall forward to the ~~commissioner~~ director a certified written report in the form required by the ~~commissioner~~ director and the person's operator's license taken under subsection 1 or 2. If the person was issued a temporary operator's permit because of the results of a test, the report must show that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while in violation of section 39-08-01, or equivalent ordinance, that the person was lawfully arrested, that the person was tested for ~~blood~~ alcohol concentration under this chapter, and that the results of the test show that the person had ~~a blood~~ an alcohol concentration of at least ten one-hundredths of one percent by weight. In addition to the operator's license and report, the law enforcement officer shall forward to the ~~commissioner~~ director a certified copy of the operational checklist and test records of a breath test and a copy of the certified copy of the analytical report for a blood, saliva, or urine test for all tests administered at the direction of the officer.

**SECTION 3. AMENDMENT.** Section 39-20-03.2 of the North Dakota Century Code is amended and reenacted as follows:

**39-20-03.2. Action following test result or on refusing test by nonresident operator.** If a person licensed in another state refuses in this state to submit to a test provided under section 39-20-01 or 39-20-14, or who submits to a test under section 39-20-01, 39-20-02, or 39-20-03 and the test results show the person to have ~~a blood~~ an alcohol concentration of at least ten one-hundredths of one percent by weight at the time of performance of a test within two hours after driving or being in physical control of a motor vehicle, the following procedures apply:

1. Without taking possession of the person's out-of-state operator's license, the law enforcement officer shall issue to the person a notification of the test results and a temporary operator's permit extending nonresident operating privileges in this state for twenty-five days from the date of issuance or until earlier terminated by the decision of a hearing officer under section 39-20-05. The temporary permit must be signed and dated by the officer and serves as the ~~commissioner's~~ director's official notification to the person of the ~~commissioner's~~ director's intent to

revoke, suspend, or deny driving privileges in this state, and of the hearing procedures under this chapter.

2. If the test was administered by saliva or urine sample or by drawing blood, the law enforcement officer, on reviewing the ~~blood~~ alcohol concentration analysis showing the person had a ~~blood~~ an alcohol concentration of at least ten one-hundredths of one percent by weight, shall mail the person a notification of the test results, a temporary operator's permit extending nonresident operating privileges in this state for twenty-five days from the date of mailing or until earlier terminated by the decision of a hearing officer under section 39-20-05, and notice of the intent to revoke, suspend, or deny driving privileges in this state, together with the notice provided under section 39-06.1-07 of the procedures available under this chapter. The temporary operator's permit must be signed and dated by the officer.
3. The law enforcement officer, within five days of issuing the temporary operator's permit, shall forward to the ~~commissioner~~ director a certified written report in the form required by the ~~commissioner~~ director and a certified copy of the operational checklist and test records of a breath test and a copy of the certified copy of the analytical report for a blood, saliva, or urine test for all tests administered at the direction of the officer. If the person was issued a temporary operator's permit because of the person's refusal to submit to a test under sections 39-20-01 and 39-20-14, the report must include information as provided in section 39-20-04. If the person was issued a temporary operator's permit because of the results of a test, the report must show that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while in violation of section 39-08-01, or equivalent ordinance, that the person was lawfully arrested, that the person was tested for ~~blood~~ alcohol concentration under this chapter, and that the results of the test show that the person had a ~~blood~~ an alcohol concentration of at least ten one-hundredths of one percent by weight.

**SECTION 4. AMENDMENT.** Section 39-20-04.1 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

<sup>1</sup> 39-20-04.1. Administrative sanction for driving or being in physical control of a vehicle while having certain ~~blood~~ alcohol concentration.

1. After the receipt of a person's operator's license, if taken under section 39-20-03.1 or 39-20-03.2, and the certified report of a law enforcement officer and if no written request for hearing has been received from the arrested person under section 39-20-05, or if that hearing is requested and the findings, conclusion, and decision from the hearing confirm that the law enforcement officer had reasonable grounds to arrest the person and test results show that the arrested person was driving or in physical control of a vehicle while having a ~~blood~~ an alcohol concentration of at

least ten one-hundredths of one percent by weight at the time of the performance of a test within two hours after driving or being in physical control of a motor vehicle, the ~~commissioner~~ director shall suspend the person's operator's license as follows:

- a. For ninety-one days if the person's driving record shows that, within the five years preceding the date of the arrest, the person has not previously violated section 39-08-01 or equivalent ordinance or the person's operator's license has not previously been suspended or revoked under this chapter.
  - b. For three hundred sixty-four days if the person's driving record shows that, within the five years preceding the date of the arrest, the person has once previously violated section 39-08-01 or equivalent ordinance or the person's operator's license has once previously been suspended or revoked under this chapter.
  - c. For two years if the person's driving record shows that within the five years preceding the date of the arrest, the person's operator's license has at least twice previously been suspended, revoked, or issuance denied under this chapter, or for a violation of section 39-08-01 or equivalent ordinance, or any combination thereof, and the suspensions, revocations, or denials resulted from at least two separate arrests.
2. In the suspension of the person's operator's license the ~~commissioner~~ director shall give credit for the time the person was without an operator's license after the day of the offense, except that the ~~commissioner~~ director may not give credit for the time the person retained driving privileges through a temporary operator's permit issued under section 39-20-03.1 or 39-20-03.2.

**SECTION 5. AMENDMENT.** Section 39-20-05 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**<sup>2</sup> 39-20-05. Administrative hearing on request.**

1. Before issuing an order of suspension, revocation, or denial under section 39-20-04 or 39-20-04.1, the director shall afford that person an opportunity for a hearing if the person mails a request for the hearing to the director within ten days after the date of issuance of the temporary operator's permit. The hearing must be held within twenty-five days after the date of issuance of the temporary operator's permit, but the hearing officer may extend the hearing to within thirty-five days after the issuance of the temporary operator's permit to accommodate the efficient scheduling of hearings. Upon a showing of good cause by the operator, or upon learning of the unavailability of the operator, or the operator's attorney, or a witness, the hearing officer may schedule the hearing on a date within forty-five days of the date of the operator's arrest. If the hearing date is extended beyond twenty-five days from the issuance of the

temporary operator's permit, the director shall provide extended temporary operator's privileges to the date of the hearing. If no hearing is requested within the time limits in this section, and no affidavit is submitted within the time limits under subsection 2 of section 39-20-04, the expiration of the temporary operator's permit serves as the director's official notification to the person of the revocation, suspension, or denial of driving privileges in this state.

2. If the issue to be determined by the hearing concerns license suspension for operating a motor vehicle while having ~~a blood~~ an alcohol concentration of at least ten one-hundredths of one percent by weight, the hearing must be before a hearing officer assigned by the ~~commissioner~~ director and at a time and place designated by the ~~commissioner~~ director. The hearing must be recorded and its scope may cover only the issues of whether the arresting officer had reasonable grounds to believe the person had been driving or was in actual physical control of a vehicle in violation of section 39-08-01 or equivalent ordinance; whether the person was placed under arrest; whether the person was tested in accordance with section 39-20-01 or 39-20-03 and, if applicable, section 39-20-02; and whether the test results show the person had ~~a blood~~ an alcohol concentration of at least ten one-hundredths of one percent by weight. For purposes of this section, a copy of a certified copy of an analytical report of a blood, urine, or saliva sample from the office of the state toxicologist, or a certified copy of the checklist and test records from a certified breath test operator establish prima facie the ~~blood~~ alcohol concentration shown therein. Whether the person was informed that the privilege to drive might be suspended based on the results of the test is not an issue.
3. If the issue to be determined by the hearing concerns license revocation for refusing to submit to a test under section 39-20-01 or 39-20-14, the hearing must be before a hearing officer assigned by the ~~commissioner~~ director at a time and place designated by the ~~commissioner~~ director. The hearing must be recorded. The scope of a hearing for refusing to submit to a test under section 39-20-01 may cover only the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a vehicle in violation of section 39-08-01 or equivalent ordinance; whether the person was placed under arrest; and whether that person refused to submit to the test or tests. The scope of a hearing for refusing to submit to a test under section 39-20-14 may cover only the issues of whether the law enforcement officer had reason to believe the person committed a moving traffic violation or was involved in a traffic accident as a driver, whether in conjunction with the violation or the accident the officer has, through the officer's observations, formulated an opinion that the person's body contains alcohol and, whether the person refused to submit to the onsite screening test. Whether the person was informed that the privilege to drive would be revoked or denied for refusal to submit to the test or tests is not an issue.
4. At a hearing under this section, the regularly kept records of the ~~commissioner~~ director may be introduced. Those records establish prima facie their contents without further foundation. For purposes of this chapter, any copy of a certified copy of an analytical report of a blood,

urine, or saliva sample received by the ~~commissioner~~ director from the office of the state toxicologist or a law enforcement officer, a certified copy of the checklist and test records received by the ~~commissioner~~ director from a certified breath test operator, and any copy of a certified copy of a certificate of the office of the state toxicologist relating to approved methods, devices, operators, materials, and checklists used for testing for ~~blood~~ alcohol concentration received by the ~~commissioner~~ director from the office of the state toxicologist or the clerk of district court, are regularly kept records of the ~~commissioner~~ director.

5. At the close of the hearing, the hearing officer shall notify the person of the hearing officer's findings of fact, conclusions of law, and decision based on the findings and conclusions and shall immediately deliver to the person a copy of the decision. If the hearing officer does not find in favor of the person, the copy of the decision serves as the ~~commissioner's~~ director's official notification to the person of the revocation, suspension, or denial of driving privileges in this state. If the hearing officer finds, based on a preponderance of the evidence, that the person refused a test under section 39-20-01 or 39-20-14 or that the person had ~~a blood~~ an alcohol concentration of at least ten one-hundredths of one percent by weight, the hearing officer shall immediately take possession of the person's temporary operator's permit issued under this chapter. If the hearing officer does not find against the person, the hearing officer shall sign, date, and mark on the person's permit an extension of driving privileges for the next twenty days and shall return the permit to the person. The hearing officer shall report the findings, conclusions, and decisions to the ~~commissioner~~ director within ten days of the conclusion of the hearing. If the hearing officer has determined in favor of the person, the ~~commissioner~~ director shall return the person's operator's license by regular mail to the address on file with the ~~commissioner~~ director under section 39-06-20.
6. If the person who requested a hearing under this section fails to appear at the hearing without justification, the right to the hearing is waived, and the hearing officer's determination on license revocation, suspension, or denial will be based on the written request for hearing, law enforcement officer's report, and other evidence as may be available. The hearing officer shall, on the date for which the hearing is scheduled, mail to the person, by regular mail, at the address on file with the ~~commissioner~~ director under section 39-06-20, or at any other address for the person or the person's legal representative supplied in the request for hearing, a copy of the decision which serves as the ~~commissioner's~~ director's official notification to the person of the revocation, suspension, or denial of driving privileges in this state. Even if the person for whom the hearing is scheduled fails to appear at the hearing, the hearing is deemed to have been held on the date for which it is scheduled for purposes of appeal under section 39-20-06.

**SECTION 6. AMENDMENT.** Subsection 4 of section 39-20-07 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

4. Alcohol concentration is based upon grams of alcohol per one hundred ~~cubic centimeters~~ milliliters of blood or grams of alcohol per two

hundred ten liters of alveolar air or grams of alcohol per sixty-seven ~~cubic centimeters~~ milliliters of urine.

**SECTION 7. AMENDMENT.** Section 39-20-09 of the North Dakota Century Code is amended and reenacted as follows:

**39-20-09. Effect of evidence of chemical test.** The provisions of this chapter do not limit the introduction of any other competent evidence bearing on the question of whether the person was under the influence of intoxicating liquor, drugs, or a combination thereof, but, if the test results show a ~~blood~~ an alcohol concentration of at least ten one-hundredths of one percent, the purpose of such evidence must be limited to the issues of probable cause, whether an arrest was made prior to the administering of the test, and the validity of the test results.

**SECTION 8. AMENDMENT.** Section 65-01-11 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

<sup>3</sup> **65-01-11. Burden of proof in compensation matters - Death certificate.** If the bureau or an employer claims that an employee is not entitled to the benefits of the North Dakota Workers' Compensation Law by reason of the fact that the employee's injury was caused by the employee's willful intention to injure himself, or to injure another, or by reason of the voluntary intoxication of the employee, the burden of proving such exemption or forfeiture is upon the bureau or upon the person alleging the same; however, a ~~blood~~ an alcohol level above the legal intoxication limit as defined in subsection 3 of section 39-20-07 creates a rebuttable presumption that the injury was due to intoxication. Any claimant against the fund, however, has the burden of proving by a preponderance of the evidence that the claimant is entitled to participate in the same. In the event of a claim for death benefits the official death certificate must be considered as evidence of death and may not be used to establish the cause of death.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:****SECTION 1. FLEXIBLE TOOLS FOR EFFECTIVE FUTURE LOCAL GOVERNANCE - LEGISLATIVE INTENT.**

1. The legislative assembly determines that:
  - a. North Dakota communities face an uncertain future, within an environment of diverse economic, social, and demographic circumstances. Each community is subject to a unique interplay of these critical circumstances, including location, the quality and character of the economic base, the mix of human and natural resources, and the leadership qualities of institutions and citizens. Some communities are thriving economically and are able to provide more jobs, increased personal income, a broader tax base, and generally prosperous environment from which to provide local government functions and services for local citizens. Other communities are experiencing declining populations, a declining retail sector, fewer job opportunities, and a shrinking tax base from which to provide these functions and services;
  - b. The resolution of many of the important, increasingly complex issues facing communities will depend on each community's capacity for assessing its current and prospective challenges and opportunities, and on effective local leadership and local governance, open communication, citizen involvement, positive attitudes, and community-wide respect for diverse viewpoints, which must be considered in the larger environment of changing conditions for which local governments must be responsive;
  - c. There is a common need for addressing the future of local governance by permitting and encouraging local citizens and leaders to initiate study, cooperation, and adaptation in local governance in recognition of the diverse circumstances and resources of North Dakota communities;
  - d. No one, common vision of local government will work for all North Dakota communities because there is diversity in local thinking about the future of local government among different communities; and
  - e. Local citizens and leaders need the flexibility of a variety of tools for renovating the structure and processes of their local governments in ways that build local capacity to identify the needs of the community, to use available resources in effective ways, and to participate in the development and implementation of plans for overcoming barriers to healthy community life.
2. It is the purpose of this Act to provide tools that enable local citizens and leaders to:
  - a. Analyze their current and prospective community challenges and opportunities;
  - b. Study and analyze their capacity for effective future local governance and, in their discretion, to collectively reshape their local governance in ways that best serve their needs and provide effective,

creative, and efficient local government functions and services in the future; and

- c. Be creative and flexible in making informed decisions to improve the structure and processes of local government in building the future social and economic environment of the community.

SECTION 2. Advisory study of local governance options. An advisory study committee may be established under this chapter to provide local citizens and leaders with the means for fully and adequately studying options available for positioning their local governments for effective, creative, and efficient service in the future, in a manner suited to the economic, social, geographic, demographic, and other circumstances influencing the needs and resources of local communities. An advisory study committee is encouraged to prepare a comprehensive program for the performance of local government functions and the furnishing of local government services within the jurisdiction of the governing body or cooperating governing bodies that established the committee. In its study, the committee may consider:

1. The need for maintaining citizen access to, control of, and participation in local government;
2. The existing land use within the area, including the location of highways and natural geographic barriers to, and routes for, transportation;
3. The need for organized local government functions, services, and controls; the present cost and adequacy of local government functions, services, and controls; probable future needs for those functions, services, and controls; and the probable effect of alternative courses of action on the cost and adequacy of local government functions, services, and controls;
4. The trends in population density and distribution, and the potential or likelihood for significant growth or decline;
5. The tax base and other factors bearing on the capacity for local government to provide essential functions and services necessary to the general welfare of local citizens;
6. The boundaries of existing units of local government;
7. Data necessary for analyzing the strengths, weaknesses, challenges, and opportunities that are unique to the community; and

A local advisory study committee is established:
  - a. By a majority vote of the governing body; or

- b. By a petition signed by ten percent or more of the total number of qualified electors of the political subdivision voting for governor at the most recent gubernatorial election and submitted to the governing body.
2. Notwithstanding subsection 1, an election on the question of establishing a five-member advisory study committee for a county or city must be held at the next regular election in the county or city if five years have elapsed since the latter of:
  - a. The effective date of this Act;
  - b. The date of the most recent election held on the question of establishing an advisory study committee pursuant to this subsection; or
  - c. The date of issue of a written report prepared for a comprehensive study and analysis of the cooperative and restructuring options available to the county or city conducted by the governing body, an advisory study committee established pursuant to this section, a home rule charter commission, or through another study process for which a written report was prepared.
3. The question of establishing an advisory study committee pursuant to subsection 2 requires an affirmative vote of a majority of those voting on the question for passage.
4. The governing body shall appoint the members of the advisory study committee and set the duration of the committee. The members are not entitled to receive compensation, but may receive actual and necessary expenses incurred in the performance of official duties as determined by the governing body.
5. The governing body may provide office and meeting space and legal, clerical, facilitation, training, and other assistance to the study committee, and may appropriate funds in its final budget, or expend any unexpended balances in its general fund otherwise designated for current expenditure, for the necessary expenses of the advisory study committee. 1. The governing bodies of any two or more political subdivisions, including any combination of counties, cities, city park districts, townships, school districts, or other political subdivisions, may establish an advisory committee to study the potential for cooperative or combined efforts for providing local government functions and services. 2. The composition and duration of the advisory study committee is as prescribed in the joint powers agreement, resolutions of the governing bodies, or petitions. However, the governing bodies may agree, by joint resolution, to limit the duration or composition of the advisory study committee created by petition pursuant to subdivision b of subsection 1. Any vacancy may be filled as prescribed in the agreement, resolution, or petitions or, if not prescribed, by the governing body that was represented by the person vacating the position.
3. A governing body may agree to provide office and meeting space and legal, clerical, facilitation, training, and other assistance to the study committee, and may appropriate funds in its final budget, or expend any unexpended balances in its general fund otherwise designated for current expenditure, for the necessary expenses of the advisory study committee. The committee, with the approval of the governing body, may:
  - a. Employ and fix the compensation and duties of necessary staff;

County officer combination, separation, and redesignation options.

1. A county may, without requiring local citizens to permit county home rule powers:
  - a. Combine any elective county office with one or more functionally-related, elective or appointive county offices;
  - b. Separate an elective county office into two or more elective or appointive offices; or
  - c. Redesignate an elective county office as an appointive office or an appointive office as an elective office.
2. A combination or separation of any elected or appointed county office may include the reassignment of any statutory function of that office or service provided by that office, but may not diminish the general responsibility of county government to perform any function or provide any service that is required by law to be performed or provided by county government.
3. This option is available in addition to, or in lieu of, other county structural options authorized under title 11, unless a specific mandate for combining or separating particular county offices is otherwise provided by law. The office of county judge is excluded from the application of this chapter.

Methods of accomplishing office combination, separation, or redesignation of elective or appointive status. The combination or separation of elective county offices, or redesignation of a county office as elective or appointive, may be accomplished:

1. By resolution of the board of county commissioners, subject to the right of referendum in the county electors. The board of county commissioners may by a majority vote adopt a preliminary resolution incorporating a proposed plan for combining or separating county offices, or redesignating a county office as elective or appointive. The board shall cause the complete text of the proposed plan to be published in the official newspaper of the county, at least once during two different weeks within the thirty-day period immediately following the adoption of the preliminary resolution. The board of county commissioners shall hold public hearings and community forums or use other suitable means to disseminate information, receive suggestions and comments, and encourage public discussion of the purpose, conclusions, and recommendations of the plan. Within two years after the adoption of the preliminary resolution, the board of county commissioners may by final resolution approve the plan or amend the plan and approve it for implementation according to its terms. The final resolution may be referred to the qualified electors of the county by a petition protesting the plan. The petition must be signed by ten percent or more of the total number of qualified electors of the county voting for governor at the most recent gubernatorial election, and filed with the county auditor, or functional equivalent of that office, before four p.m. on the thirtieth day after the final resolution is adopted. Within ten days after the filing of the petition, the county auditor shall examine the petition and ascertain from the voter list whether the petition contains the signatures of a sufficient number of qualified electors. Any insufficiencies may be cured by the filing of an amended petition within ten days after the county auditor declares the insufficiency. The final resolution is suspended upon a determination by the county auditor that the petition was timely filed and contains the signatures of a sufficient number of qualified electors. The board of county commissioners shall reconsider the referred resolution, and if it does not repeal the resolution in its entirety, shall submit the resolution to a vote of the qualified electors of the county at the next regular election. The county auditor shall cause the complete text of the resolution to be published in the official newspaper of the county, not less than two weeks nor more than thirty days, before the date of the election. If a majority of the qualified electors voting approves the resolution, the plan incorporated in the resolution is effective and becomes operative according to its terms as if it had not been suspended.
2. By initiative of county electors. A petition signed by ten percent or more of the total number of qualified electors of the county voting for governor at the most recent gubernatorial election may be submitted to the board of county commissioners, calling upon the board to submit to the electors the question of adopting a plan described in, or annexed to, the petition. The county auditor, or the functional equivalent of that officer, shall examine the petition and ascertain from the voter list whether or not the petition contains the signatures of a sufficient number of qualified electors. Any insufficiencies may be cured by the filing of

an amended petition within thirty days after the county auditor declares the insufficiency. When a plan for the combination or separation of county offices or redesignation of county offices as elective or appointive is proposed pursuant to this subsection, the board of county commissioners shall submit the proposed plan to a vote of the qualified electors of the county at a primary or general election not less than sixty days nor more than two years, as specified in the petition, after determining that the petition is sufficient. The question on the ballot at the election must be framed in a manner that fairly and accurately describes the substance of the proposed plan. The board shall cause the complete text of the proposed plan to be published in the official newspaper of the county, at least once during two different weeks within the thirty-day period immediately preceding the date of the election. The board of county commissioners may, prior to the election, hold public hearings and community forums and use other suitable means to disseminate information, receive suggestions and comments, and encourage public discussion of the purpose, conclusions, and recommendations of the plan. If a majority of the qualified electors voting on the proposed plan approves the question of its adoption, the plan is effective according to its terms.

Analysis required - Contents of plan - Limitations.

1. A proposed plan for combining or separating county elective offices, or redesignating a county office as elective or appointive, must be based on an analysis of each affected office, which may include an analysis of:
  - a. The existing office organization, functions, and procedures established for providing governmental services;
  - b. The proposed office organization, functions, and procedures; and
  - c. How the proposal may improve the effectiveness and efficiency of county government and its responsiveness and accountability to local citizens.
2. The analysis may be performed as part of a study process initiated pursuant to section 2 of this Act.
3. A proposed plan for combining or separating county elective offices, or redesignating a county office as elective or appointive, may include provision for:

delayed effective dates for implementation at the end of a current term or a future term, upon the occurrence of a vacancy, or on a date certain;

- e. The limited application or temporary implementation of the plan, including provisions that permit implementation on an experimental or pilot basis such as the expiration of the plan on a date certain in the future, required reapproval of the plan by the electors at a future date, or a phased-in implementation of different components of the plan; and
  - f. Any other provision deemed necessary for combining or separating the offices or redesignating an office as elective or appointive.
4. A plan may not propose to diminish the term of office for which a current county officer was elected, redesignate that elected office during that term as appointed, or reduce the salary of the office for that term. The plan may not diminish the general responsibility of county government to perform any function or provide any service that is required by law to be performed or provided by county government.
  5. A proposed plan may not diminish the future term of office, or redesignate an elected office as appointed, with respect to any person who, on the effective date of this Act, holds an elected county office and continues to hold that specific office for future terms on an uninterrupted basis. This subsection does not apply after January 1, 2002, or if the person holding the affected office consents in writing to the proposed plan and submits that written document prior to the scheduled implementation of the plan to a district judge serving the judicial district in which the county is located.

Plan implementation - Revision or abandonment of plan. One copy of the plan as approved must be filed with the district court for the county and one with the county auditor or functional equivalent to remain as a part of the county's permanent records. The board of county commissioners may take any action necessary to bring about an orderly transition in implementation of the plan, including any transfer of powers, records, documents, property, or funds which is consistent with the approved plan and necessary to place it into full effect. A plan, or part of a plan, adopted under this chapter may be revised or abandoned through the same procedure set forth in this chapter for adopting a plan.

Combination or separation of appointive offices. A plan for combining or separating appointive county offices may be proposed and adopted by resolution of the board of county commissioners.

**SECTION 4.** A new chapter to title 11 of the North Dakota Century Code is created and enacted as follows:

Multicounty combination of elective officers.

1. A county may combine any county elective office with one or more elective offices of one or more other counties for the purpose of sharing that combined office for the performance of functions and the provision of services among those counties. The procedures set forth in this chapter

- apply to the combination, unless a specific procedure for combining particular elective county offices is otherwise provided by law.
2. A proposal for combining county elective offices may be accomplished:
    - a. By the boards of county commissioners of each affected county by entering into a joint powers agreement incorporating a plan for the office combination, subject to the right of referendum in the electors of each of the counties; or
    - b. By initiative of the electors of each affected county. A petition signed by ten percent or more of the total number of qualified electors of each county voting for governor at the most recent gubernatorial election may be submitted to the boards of county commissioners of each county, calling upon the boards to submit to the electors the question of adopting a plan described in, or annexed to, the petition.
  3. A joint powers agreement entered into between counties for combining the functions of any county elective office pursuant to subdivision a of subsection 2 may be referred to the qualified electors of an affected county by a petition protesting the agreement. The petition must be signed by ten percent or more of the total number of qualified electors of the county voting for governor at the most recent gubernatorial election, and filed with the county auditor, or functional equivalent of that office, before four p.m. on the thirtieth day after the agreement is adopted. Within ten days after the filing of the petition, the county auditor shall examine the petition and ascertain from the voter list whether the petition contains the signatures of a sufficient number of qualified electors. Any insufficiencies may be cured by the filing of an amended petition within ten days after the county auditor declares the insufficiency. The implementation of the terms of the joint powers agreement is suspended upon a determination by the county auditor that the petition was timely filed and contains the signatures of a sufficient number of qualified electors. The board of county commissioners shall reconsider the referred agreement and, if the board does not terminate the agreement in its entirety, shall submit the question to a vote of the qualified electors of the county at the next regular election. The county auditor shall cause the complete text of the agreement to be published in the official newspaper of the county, not less than two weeks nor more than thirty days, before the date of the election. The boards of county commissioners may, prior to the election, hold public hearings and community forums and use other suitable means to disseminate information, receive suggestions and comments, and encourage public discussion of the purpose and provisions of the plan. If a majority of the qualified electors voting in the county approve the question, the plan incorporated in the agreement is effective and becomes operative according to the terms of the agreement as if the agreement had not been suspended. If the electors of either county disapprove the question, the plan does not become effective.
  4. The question of combination of the functions of elective county offices brought by petition pursuant to subdivision b of subsection 2 must be submitted by the boards of county commissioners to the electors in each of

the affected counties at a primary or general election not less than sixty days nor more than two years, as specified in the petition, after the petition is determined sufficient by each board. The question on the ballot at the election must be framed in a manner that fairly and accurately describes the substance of the proposed office-sharing arrangement. The board of county commissioners in each affected county shall cause the complete text of the proposed plan for combining offices to be published in the official newspaper of the county, at least once during two different weeks within the thirty-day period immediately preceding the date of the election. The boards of county commissioners may, prior to the election, hold public hearings and community forums and use other suitable means to disseminate information, receive suggestions and comments, and encourage public discussion of the purpose and provisions of the plan. If a majority of the qualified electors of each county voting on the proposed plan approves the question of its adoption, the plan is effective according to its terms.

5. One copy of the plan as approved must be filed with the district court for each county and one with each county auditor or functional equivalent to remain as a part of each county's permanent records. The boards of county commissioners may take any action necessary to bring about an orderly transition in implementation of the plan.
6. A plan, or part of a plan, adopted pursuant to this chapter may be revised or terminated through another joint powers agreement or petition submitted pursuant to the procedure set forth in this chapter for adopting a plan, or pursuant to provisions for termination or revision provided in the original joint powers agreement.

A proposal for combining appointive offices of two or more counties, appointive offices of a county and another political subdivision, or appointive offices of two or more political subdivisions which are not counties, may be implemented through the execution of a joint powers agreement, unless a specific procedure for combining particular appointive offices is otherwise provided by law. Combination of boards of park commissioners - Plan. The membership and functions of a board of city park commissioners may be combined with one or more boards of city park commissioners or with one or more boards of county park commissioners pursuant to a plan adopted pursuant to this chapter. This chapter does not supersede the procedure and requirements of chapter 11-28 with respect to the creation of a joint county park district. A proposal for combining boards of park commissioners may be initiated:

2. By a petition, signed by ten percent or more of the total number of qualified electors of each affected city park district or county voting for governor at the most recent gubernatorial election and submitted to the city park district or county, incorporating a plan for combining boards of park commissioners.

Election on combination plan. If a plan for combining boards of park commissioners is proposed by agreement or petition, the participating or affected boards shall immediately submit the proposed plan to the governing bodies of the affected cities and, if applicable, to the board of county commissioners of any affected county. Those boards shall jointly submit the question of combination to the qualified electors of the affected cities and counties at a primary or general election as specified in the agreement or petition within two years of the initial submission of the agreement or petition, and shall cause the complete text, or a fair and accurate summary, of the plan to be published in the official newspapers of the affected cities and counties, not less than two weeks nor more than thirty days, before the date of the election. The boards of park commissioners may, prior to the election, hold public hearings and community forums and use other suitable means to disseminate information, receive suggestions and comments, and encourage public discussion of the purpose and provisions of the plan. The plan incorporated in the agreement or petition is effective and becomes operative according to its terms if a majority of the qualified electors voting in each affected city or county approves the plan.

Contents of plan - Effect of plan - Limitations - Revision or termination.

1. Notwithstanding any other law regarding the structure of a board of park commissioners, a plan for combining a board of city park commissioners with another board of city park commissioners or a board of county park commissioners may specify:
  - a. The number, selection, functions, qualifications and training, and terms of the members of the proposed combined board;
  - b. The manner of apportionment of the costs of operating the combined board;

- c. Procedures for the selection, transfer, reassignment, or termination of personnel associated with the combined board and previous boards;
  - d. Procedures for the transfer of powers, records, documents, and property, for the equalization of the property, funds on hand, and debts, and for the adjustment of existing bonded indebtedness and other obligations in a manner which will provide for a fair and equitable burden of taxation for debt service;
  - e. The transition in implementing the plan, including elements that consider the reasonable expectations of current officeholders or personnel such as delayed effective dates for implementation;
  - f. A limited application or temporary implementation of the plan, including provisions that permit implementation on a trial or experimental basis such as the expiration of the plan on a date certain in the future, required reapproval of the plan by the electors at a future date, or a phased-in implementation of various components of the plan; and
  - g. Other provisions which are consistent with the powers and functions of a board of park commissioners and with state law.
2. As a political subdivision of the state, the combined board of park commissioners has the status of a board of city park commissioners, or the status of both a board of city park commissioners and a board of county park commissioners if both are combined. If applicable, all laws relating to the functions and powers of a board of city park commissioners and, if city and county boards are combined, laws relating to the functions and powers of a board of county park commissioners apply to a combined board of park commissioners.
  3. A plan for combining boards of park commissioners may not repeal or diminish any general law of the state directing or requiring a board of park commissioners to carry out any function or provide any service. A combined board of park commissioners, resulting from a combination of boards of city and county park commissioners, may not levy any tax or exercise any power that was not otherwise conferred within the territorial jurisdiction of the county upon the previous board of county park commissioners, and taxes that may be authorized by law for a city park district may be levied only in areas within the jurisdiction of the combined board which are designated as cities.
  4. A plan adopted pursuant to this chapter may be revised or terminated through the procedures set forth in this chapter for adopting a plan.

**SECTION 49.** A new chapter to title 54 of the North Dakota Century Code is created and enacted as follows:

Joint powers agreements - General authority.

1. Any county, city, township, city park district, school district, or other political subdivision of this state, upon approval of its respective governing body, may enter into an agreement with any other political subdivision of this state for the cooperative or joint administration of

any power or function that is authorized by law or assigned to one or more of them. Any political subdivision of this state may enter into a joint powers agreement with a political subdivision of another state or political subdivision of a Canadian province if the power or function to be jointly administered is a power or function authorized by the laws of this state for a political subdivision of this state and is authorized by the laws of the other state or province. A joint powers agreement may provide for:

- a. The purpose of the agreement or the power or function to be exercised or carried out.
- b. The duration of the agreement and the permissible method to be employed in accomplishing the partial or complete termination of the agreement and for disposing of any property upon the partial or complete termination.
- c. The precise organization, composition, and nature of any separate administrative or legal entity, including an administrator or a joint board, committee, or joint service council or network, responsible for administering the cooperative or joint undertaking. Two or more political subdivisions which enter into a number of joint powers agreements may provide a master administrative structure for the joint administration of any number of those agreements, rather than creating separate administrative structures for each agreement. However, no essential legislative powers, taxing authority, or eminent domain power may be delegated by an agreement to a separate administrative or legal entity.
- d. The manner in which the parties to the agreement will finance the cooperative or joint undertaking and establish and maintain a budget for that undertaking. The parties to the agreement may expend funds pursuant to the agreement, use unexpended balances of their respective current funds, enter into a lease-option to buy and contract for deed agreements between themselves and with private parties, accumulate funds from year to year for the provision of services and facilities, and otherwise share or contribute property in accordance with the agreement in cooperatively or jointly exercising or carrying out the power or function. The agreement may include the provision of personnel, equipment, or property of one or more of the parties to the agreement that may be used instead of other financial support.
- e. The manner of acquiring, holding, or disposing of real and personal property used in the cooperative or joint undertaking.
- f. The acceptance of gifts, grants, or other assistance and the manner in which those gifts, grants, or assistance may be used for the purposes set forth in the agreement.
- g. The process to apply for federal or state aid, or funds from other public and private sources, to the parties for furthering the purposes of the agreement.

- h. The manner of responding for any liability that might be incurred through performance of the agreement and insuring against that liability.
- i. Any other necessary and proper matters agreed upon by the parties to the agreement.
2. Any county, city, township, city park district, school district, or other political subdivision of this state may enter into an agreement in the manner provided in subsection 1 with any agency, board, or institution of the state for the undertaking of any power or function which any of the parties is permitted by law to undertake. Before an agreement entered into pursuant to this subsection is effective, the respective governing body or officer of the state agency, board, or institution must approve the agreement and the attorney general must determine that the agreement is legally sufficient.
3. An agreement made pursuant to this chapter does not relieve any political subdivision or the state of any obligation or responsibility imposed by law except to the extent of actual and timely performance by a separate administrative or legal entity created by the agreement. This actual and timely performance satisfies the obligation or responsibility of the political subdivision.

Clarification of constitutional authority and effect of other statutes - Construction.

1. The specificity of this chapter, chapter 54-40, or any other law may not be construed to limit the general authority of a political subdivision to enter into agreements pursuant to section 10 of article VII of the Constitution of North Dakota, except for specific limitations on that authority, and subject to specific procedural requirements, imposed by this chapter, any other law, or a home rule charter.
2. This chapter does not dispense with the procedural requirements of any other statute providing for the joint or cooperative exercise of any governmental power.

Political subdivisions encouraged to file agreements with advisory commission on intergovernmental relations. A political subdivision entering into a joint powers agreement pursuant to this chapter or any other law is encouraged to file one copy of the agreement and explanatory material with the advisory commission on intergovernmental relations, to assist the commission in providing information for other political subdivisions exploring cooperative arrangements.

**SECTION 50. AMENDMENT.** Section 54-40-08 of the North Dakota Century Code is amended and reenacted as follows:

**54-40-08. Joint functions — Who may participate** Agreements for the use by political subdivisions of buildings and facilities of the state.

1. Any municipality, county, park district, school district, or other political subdivision of this state, upon approval of its respective governing body, may enter into agreements with one another for joint or cooperative action, on a cost sharing basis, or otherwise, to carry out

~~any function or duty which may be authorized by law or assigned to one or more of them, and to expend funds of such municipality, county, park district, school district, or other political subdivision pursuant to such agreement, to use unexpended balances of their respective current funds, to enter into lease option to buy and contract for deed agreements between themselves and with private parties, and to accumulate funds from year to year for the provision of services and facilities, and to otherwise share or contribute property in accordance with such agreement in jointly and cooperatively carrying out such function or duty.~~

- ~~2-~~ Any municipality, county, city, township, city park district, school district, or other political subdivision of this state may enter into ~~agreements in the manner provided in subsection 1~~ an agreement with any agency, board, or institution of the state for the use of buildings and facilities under the control of ~~such~~ that state agency, board, or institution for ~~such periods~~ a period of time as the parties may determine to be necessary. ~~No such agreement may be entered into by any state agency, board, or institution unless~~ Before an agreement pursuant to this section is effective, the respective governing body or officer of ~~such~~ the state agency, board, or institution ~~has approved~~ must approve the agreement and the attorney general ~~has determined~~ must determine that the agreement is legally sufficient.

**SECTION 51.** A new chapter to title 54 is created and enacted as follows:

County-city home rule - City participation. One or more counties and one or more cities within each county may frame and adopt a home rule charter to form a single unit of local government pursuant to this chapter. A county-city home rule charter may include a city that participates in proposing the charter if a majority of the electors of the city voting approve the proposed charter.

Method of proposing home rule charter. The process for drafting and submitting a county-city home rule charter may be initiated by:

1. Separate motions by one or more boards of county commissioners and one or more city governing bodies within each of those counties;
2. The execution of a joint powers agreement; or
3. A petition filed with the governing body of each county and city and signed by ten percent or more of the total number of qualified electors of each county and city voting for governor at the most recent gubernatorial election. The petition must be signed by at least ten percent of the

electors residing within each participating city and ten percent of the electors residing in the remainder of the county.

Charter commission alternatives - Powers and limitations - Charter contents.

1. Within sixty days after proceedings are initiated for a county-city home rule charter, the governing bodies of the affected counties and cities shall enter into a joint powers agreement specifying the procedure for framing the charter, which may include the establishment of a single, cooperative charter commission with membership representing each county and city. As an alternative, the governing body of each county and city may establish a charter commission to frame the charter in cooperative study with the charter commissions of the other counties or cities. The governing bodies shall designate one of the members as chair of the charter commission.
2. Each governing body may, whether separate charter commissions are established or another procedural arrangement is established through execution of a joint powers agreement, set the compensation and expenses of charter commission members and, from its general funds, furnish the charter commission with office space, supplies, and legal, clerical, and other assistance.
3. A charter commission, during its deliberation, may hold public hearings and community forums and use other suitable means to disseminate information, receive suggestions and comments, and encourage public discussion on the subject of the proposed county-city home rule charter, and may report periodically to the affected governing bodies on its progress. In preparing the charter, the charter commission may:
  - a. Include all, or any part, of the available powers enumerated by sections 11-09.1-05 and 40-05.1-06 for county and city home rule in the county-city charter, subject to the limitations of those provisions. A unified county-city government may not levy any tax that would not otherwise be authorized within the jurisdiction of a city or county pursuant to section 11-09.1-05 or 40-05.1-06, and city taxes may be levied only within areas of the unified government which are designated as participating cities;
  - b. Provide for adjustment of existing bonded indebtedness and other obligations in a manner that will provide for a fair and equitable burden of taxation for debt service;
  - c. Provide for the transfer or other disposition of property and other rights, claims, assets, and franchises of local governments unified under the charter;
  - d. Provide for the reorganization, abolition, or adjustment of boundaries of any existing boards, commissions, agencies, and special districts of the unified governments;
  - e. Include provisions for transition in implementing the charter, including elements that consider the reasonable expectations of current officeholders such as delayed effective dates for

- implementation at the end of a current term or a future term, upon the occurrence of a vacancy, or on a date certain;
- f. Include provision for the limited application or temporary implementation of the charter, including provisions that permit implementation on a trial or experimental basis such as the expiration of the charter on a date certain in the future, required reapproval of the charter by the electors at a future date, or a phased-in implementation of various aspects of the charter; and
  - g. Include other provisions that the charter commission decides to include and which are consistent with state law.
4. A county-city home rule charter may not diminish the term of office for which a current county officer was elected, redesignate that elected office during that term as appointed, or reduce the salary of the office for that term.
  5. A county-city home rule charter may not diminish the future term of office, or redesignate an elected office as appointed, with respect to any person who, on the effective date of this Act, holds an elected county office and continues to hold that specific office for future terms on an uninterrupted basis. This subsection does not apply after January 1, 2002, or if the person holding the affected office consents in writing to the proposed charter and submits that written document prior to the scheduled implementation of the charter to a district judge serving the judicial district in which the county is located.
  6. The charter commission shall submit a single, joint report and proposed charter within one year after appointment, unless a later submission date is agreed to by the affected governing bodies. The proposed charter or accurate summary of the charter must be published in the official newspaper of each affected county and city, at the expense of each county and city, at least once during two different weeks within the thirty-day period immediately preceding the date of election. However, a city with a population of one thousand or less may, instead of publishing the charter in a newspaper, distribute copies of the charter door-to-door and have them posted and available at prominent locations in the city.

Submission of charter to electors. At least sixty days, but not more than two years, after submission of the proposed charter to the affected governing bodies, the proposed charter must be submitted to a vote of the qualified electors of each affected county and city at a primary or general election held concurrently. The question on the ballot at the election must be framed in a manner that fairly and accurately describes the substance of the proposed charter. If the proposed charter has been submitted to a vote of the qualified electors of a county or city, the governing body may call a special election to resubmit the proposed charter to a vote of the qualified electors, and the special election must take place at least sixty days after the call for the special election.

Ratification by majority vote - Effect of unification - Former powers preserved - Supersession of existing charters and conflicting state laws - Filing of copies of new charter.

1. If a majority of the qualified electors of the county and a majority of the qualified electors of at least one city in the county voting approves the charter, it is ratified and becomes the organic law of the area on the first day of January or July next following the election. However, the proposed charter may condition the approval of the charter on separate approval by any number of specified counties or cities participating in the charter process.
2. On the effective date, the separate corporate existence of the county and of each participating city are unified into one unit of local government. The unified government shall succeed to, possess, and own all of the assets and, except as otherwise provided in the charter, becomes responsible for all the obligations and liabilities of each affected county and city. Any provision of law authorizing contributions or aid of any kind from the state or federal government to an affected county and city remains in full force and effect with respect to the unified county-city government. All powers granted any county or city by general law are granted to a home rule county-city.
3. The county-city home rule charter and the ordinances made pursuant to the charter must be liberally construed to supersede, within the territorial limits and jurisdiction of the affected area, any conflicting state law. The charter may not authorize the enactment of ordinances to diminish the authority of boards of supervisors of a township or to change the structure of township government in any organized civil township, without the consent of the board of supervisors of the township. Any ordinance of a unified county-city government does not supersede any specific statutory limitation imposed on a home rule county or city.
4. One copy of the charter as ratified must be filed with the secretary of state, one with the clerk of district court for any affected county or city, and one with the officer of unified county-city government responsible for maintaining permanent records. Courts shall take judicial notice of the charter.

Amendment or repeal - Discontinuance of participation.

1. A county-city home rule charter may be amended or repealed by a proposal submitted by the governing body of the unified county-city government or by a petition filed with the governing body signed by ten percent or more of the total number of qualified electors within the jurisdiction of the county-city government who voted in the last preceding general election. The governing body may appoint a charter commission to draft amendments to the charter. The proposals must be submitted to a vote of the qualified electors of the unified county-city government at the next primary or general election. The voters may accept or reject any amendment or a repeal by a majority vote of the electors of the unified government voting at the election.
2. A participating county or city may discontinue its participation in the unified county-city government by filing with the governing body a petition proposing the action that is signed by ten percent or more of the total number of qualified electors within the county or city. The proposal must be submitted to a vote of the qualified electors at the next

primary or general election. The voters may accept or reject the proposal by a majority vote of the electors of the county or city voting at the election.

Manner of calling and holding elections. The elections provided for in this chapter are subject to the laws applicable to other elections. All qualified electors of any affected county and city are eligible to vote at the election. The charter commission, for proposals to adopt a home rule charter, or the governing body, for proposals to amend or repeal a home rule charter, shall prescribe the form of ballot so that the voter may signify whether the voter is for or against the proposed home rule charter or the amendment or repeal.

Vested property - Rights of action - Actions saved. The adoption of any charter or amendment does not destroy any property, action, right of action, claim, or demand of any nature vested in the county-city. All rights of action, claims, or demands are preserved to the county-city, and to any persons asserting any claims against the county-city as though the charter or amendment had not been adopted. The adoption of any charter or amendment affects neither the right of the county-city to collect special assessments previously levied under any law or charter for the purpose of public improvements, nor impairs the obligation of any existing contract to which the county-city is a party.

Effect of amendment or repeal on salary or term of office. On the first day of January following repeal of a county-city home rule charter any affected county and city reverts to the form of government in place immediately preceding adoption of the home rule charter. If positions to which officials were elected under the home rule charter are substantially the same as positions under the form of government to which the county and city revert upon repeal, the elected officials shall continue to exercise the authority of their positions for the salary prescribed by the home rule charter until expiration of their terms of office as prescribed by the home rule charter. An amendment of a home rule charter may not diminish the term for which any official was elected, redesignate that elected office during that term as appointed, or reduce the salary of the office for that term.

SECTION 52. A new chapter to title 54 of the North Dakota Century Code is created and enacted as follows:

Purpose. The purpose of this chapter is to provide procedures for political subdivisions by mutual agreement to transfer the administrative, legal, and financial responsibility for any powers or functions to the county, as authorized by section 10 of article VII of the Constitution of North Dakota. Nothing in this chapter may be construed to affect the authority of political subdivisions to enter into joint powers agreements for the cooperative or joint administration of powers or functions or other contracts as permitted by law.

Definitions. As used in this chapter:

1. "County" means the county in which a political subdivision is located.
2. "Political subdivision" means a city, township, city park district, school district, or other unit of local government or special district or authority in this state.

Transfer of powers or functions to the county. A political subdivision may enter into an agreement for the transfer of the legal, administrative, and financial responsibilities for carrying out a power or function of the political division as required or permitted by law or home rule charter. The agreement must include:

1. The nature of the power or function to be transferred;
2. The effective date of the proposed transfer;
3. The responsibility for administration of the power or function to be transferred;
4. The manner in which affected employees currently engaged in the performance of the power or function will be transferred, reassigned, or otherwise treated;
5. The manner in which real property, facilities, equipment, or other personal property required in the exercise of the power or function are to be transferred, sold, or otherwise disposed of;
6. The method of financing, establishing, and maintaining a budget for the power or function; and
7. Other legal, financial, and administrative arrangements necessary to affect the transfer in an orderly and equitable manner.

Revocation of transfer. An agreement may be amended by further agreement of the parties in the same manner as the original agreement was made. An agreement may be terminated as provided in the agreement or, if no provision is made for the termination, by joint action of all parties, or by an individual party not less than one year after its notice in writing to all other parties. If a political subdivision that is a party to the agreement is dissolved, the agreement may be terminated as provided in this section by the governing body of the political subdivision upon its reincorporation or reestablishment, by a petition submitted to the county and signed by a majority of the electors residing within the previous territorial jurisdiction of the dissolved political subdivision, or in some other manner specified in the agreement.

### LOST, STOLEN, OR DESTROYED CHECKS

AN ACT to create and enact a new section to chapter 41-03 of the North Dakota Century Code as created by chapter 448 of the 1991 Session Laws of North Dakota, relating to cashier's checks, teller's checks, and certified checks.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** A new section to chapter 41-03 of the North Dakota Century Code as created by chapter 448 of the 1991 Session Laws of North Dakota is created and enacted as follows:

**(3-312) Lost, destroyed, or stolen cashier's check, teller's check, or certified check.**

1. In this section:

- a. "Check" means a cashier's check, teller's check, or certified check.
- b. "Claimant" means a person who claims the right to receive the amount of a check that was lost, destroyed, or stolen.
- c. "Declaration of loss" means a written statement, made under penalty of perjury, to the effect that:
  - (1) The declarer lost possession of a check;
  - (2) The declarer is the drawer or payee of the check in the case of a certified check, or the remitter or payee of the check in the case of a cashier's check or teller's check;
  - (3) The loss of possession was not the result of a transfer by the declarer or a lawful seizure; and
  - (4) The declarer cannot reasonably obtain possession of the check because the check was destroyed, its whereabouts cannot be determined, or it is in the wrongful possession of an unknown person or a person that cannot be found or is not amenable to service of process.
- d. "Obligated bank" means the issuer of a cashier's check or teller's check or the acceptor of a certified check.

2. A claimant may assert a claim to the amount of a check by a communication to the obligated bank describing the check with reasonable certainty and requesting payment of the amount of the check, if the claimant is the drawer or payee of a certified check or the remitter or payee of a

cashier's check or teller's check, the communication contains or is accompanied by a declaration of loss of the claimant with respect to the check, the communication is received at a time and in a manner affording the bank a reasonable time to act on it before the check is paid, and the claimant provides reasonable identification if requested by the obligated bank. Delivery of a declaration of loss is a warranty of the truth of the statements made in the declaration. If a claim is asserted in compliance with this subsection, the following rules apply:

- a. The claim becomes enforceable at the later of the time the claim is asserted, the ninetieth day following the date of the check in the case of a cashier's check or teller's check, or the ninetieth day following the date of the acceptance in the case of a certified check.
  - b. Until the claim becomes enforceable, it has no legal effect and the obligated bank may pay the check or, in the case of a teller's check, may permit the drawee to pay the check. Payment to a person entitled to enforce the check discharges all liability of the obligated bank with respect to the check.
  - c. If the claim becomes enforceable before the check is presented for payment, the obligated bank is not obliged to pay the check.
  - d. When the claim becomes enforceable, the obligated bank becomes obliged to pay the amount of the check to the claimant if payment of the check has not been made to a person entitled to enforce the check. Subject to subdivision a of subsection 1 of section 41-04-30, payment to the claimant discharges all liability of the obligated bank with respect to the check.
3. If the obligated bank pays the amount of a check to a claimant under subdivision d of subsection 2 and the check is presented for payment by a person having rights of a holder in due course, the claimant is obliged to refund the payment to the obligated bank if the check is paid, or to pay the amount of the check to the person having rights of a holder in due course if the check is dishonored.
  4. If a claimant has the right to assert a claim under subsection 2 and is also a person entitled to enforce a check that is lost, destroyed, or stolen, the claimant may assert rights with respect to the check either under this section or section 41-03-35.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. Title.** This Act may be cited as the "Accountancy Act of 1993".

**SECTION 2. Purpose.** It is the policy of this state, and the purpose of this Act, to promote the reliability of information that is used for guidance in financial transactions or for accounting for or assessing the financial status or performance of commercial, noncommercial, and governmental enterprises. Public interest requires that persons professing special competence in accountancy or offering assurance as to the reliability or fairness of presentation of such information have demonstrated or maintained their qualifications to do so, and that persons who have not demonstrated and maintained such qualifications, including certificate holders not in public practice, not be permitted to hold themselves out as having such special competence or to offer such assurance. Public interest requires that the professional conduct of persons licensed as having special competence in accountancy be regulated in all aspects of the practice of public accountancy. Public interest requires that a public authority competent to prescribe and assess the qualifications and to regulate the professional conduct of practitioners of public accountancy and certificate holders not in public practice be established and that the use of titles relating to the practice of public accountancy which are likely to mislead the public as to the status or competence of the persons using such titles be prohibited.

**SECTION 3. Definitions.** As used in this Act, unless the context requires otherwise:

1. "Board" means the state board of accountancy.

  - c. To determine the qualifications of all applicants.
  - d. To employ and establish the salary of an executive director and such other personnel as it deems necessary in administration and enforcement of this Act. The board may appoint committees or persons, including counsel, to advise or assist the board.
  - e. To take all action that is necessary and proper to effectuate the purposes of this chapter, including the power to sue and be sued in its official name as an agency of this state, to issue subpoenas to

compel the attendance of witnesses and the production of documents, to administer oaths, to take testimony, and to receive evidence concerning all matters within its jurisdiction. In case of disobedience of a subpoena, the board may invoke the aid of any court of this state in requiring the attendance and testimony of witnesses and the production of documentary evidence. The board, its members, and its agents are immune from personal liability for actions taken in good faith in the discharge of the board's responsibilities.

- f. The board may adopt rules governing its administration and enforcement of this chapter and the conduct of licensees, including:
- (1) Rules governing the board's meetings and the conduct of its business;
  - (2) Rules of procedure governing the conduct of investigations and hearings by the board;
  - (3) Rules specifying the educational qualifications required for the issuance of certificates under this chapter and the continuing professional education required for renewal of certificates and permits;

  - (6) Rules governing the manner and circumstances of use, by holders of certificates who do not also hold permits under this Act, of the titles "certified public accountant", "CPA", "licensed public accountant", and "LPA";
  - (7) Rules regarding practice reviews that may be required to be performed under this Act; and
  - (8) Other rules the board deems necessary or appropriate for implementing this chapter.

#### **SECTION 5. Certified public accountants.**

1. The board shall grant the certificate of "certified public accountant" to any resident who meets the requirements of this section.
2. The board may refuse to grant a certificate on the grounds of a history of dishonest or felonious acts only if there is a substantial connection between the lack of good character of the applicant and the professional responsibilities of a licensee and if the finding by the board of lack of good character is supported by clear and convincing evidence. When an applicant is found to be unqualified for a certificate because of a lack of good character, the board shall furnish the applicant a statement containing the findings of the board, a complete record of the evidence

- upon which the determination was based, and a notice of the applicant's right of appeal.
3. The board shall issue a certificate to a holder of a certificate issued by another state, provided that that state extends similar reciprocity to the certificate holders of this state, and upon a showing that:
    - a. The applicant passed the examination required for issuance of the certificate with grades that would have been passing grades at the time in this state;
    - b. The applicant:
      - (1) Meets all current requirements except residence in this state for issuance of a certificate, at the time application is made; or
      - (2) At the time of the issuance of the applicant's certificate in the other state, met all such requirements except residence then applicable in this state;
    - c. The applicant meets the requirements of section 6 of this Act, if applying for a permit.
    - d. The applicant has paid the applicable fees.
  4. The board shall issue a certificate to a holder of a recognized professional accounting designation from a jurisdiction or organization outside of the United States, provided such jurisdiction or organization extends similar reciprocity to the certificate holders of this state, and upon a showing to the board's satisfaction that the applicant:
    - a. Meets the good character requirement of subsection 2;
    - b. Meets the substantial equivalent of the education requirements of subsection 5 at the time of application, or at the time of the issuance of the designation by the other jurisdiction or organization met the education or experience requirements then applicable in this state;
    - c. Has completed examinations generally equivalent to those prescribed under subsection 6;
    - d. Has satisfactorily completed any additional examinations that the board prescribes;
    - e. Has paid the applicable fees; and
    - f. Meets the requirements of section 6 of this Act, if applying for a permit.
  5. The education requirement for a certificate is as follows:
    - a. Through December 31, 1999, a baccalaureate degree or its equivalent conferred by a college or university acceptable to the board, with an accounting concentration or equivalent as determined by board rule to be appropriate, or four years of public accounting experience on one's

- own account or in the office of a public accountant in active practice, or in an accounting or auditing position with the government of the United States or a state.
- b. After December 31, 1999, at least one hundred fifty semester hours of college education including a baccalaureate or higher degree conferred by a college or university acceptable to the board, the total educational program to include an accounting concentration or equivalent as determined by board rule to be appropriate.
6. The examinations required to be passed as a condition for the granting of a certificate must be in writing and must test the applicant's knowledge of the subjects of accounting and auditing. A grade of seventy-five percent is required in each subject to constitute a passing grade. The time for holding the examination must be fixed by the board and may be changed from time to time. The board may prescribe by rule the methods of applying for and conducting the examinations, including methods for grading papers and determining a passing grade required of an applicant for a certificate provided that the board to the extent possible sees to it that the grading of the examination and the passing grade requirements are uniform with those applicable in all other states. The board may use all or any part of the uniform certified public accountant examination and advisory grading service of the American institute of certified public accountants and may contract with third parties to perform administrative services with respect to the examination it deems appropriate to assist it in performing its duties.
  7. An applicant must pass all sections of the examination provided for in subsection 6 in order to qualify for a certificate. If at a given sitting of the examination an applicant passes two or more but not all sections, then the applicant must be given credit for those sections passed and need not sit for reexamination in those sections, provided that:
    - a. The applicant wrote all sections of the examination at that sitting;
    - b. The applicant attained a minimum grade of forty percent on each section not passed at that sitting but this requirement does not apply to an applicant who has passed three sections at a given sitting;
    - c. The applicant passes the remaining sections of the examination within the six consecutive examinations given after the one at which the first sections were passed;
    - d. At each subsequent sitting at which the applicant seeks to pass any additional sections, the applicant writes all sections not yet passed; and
    - e. In order to receive credit for passing additional sections in any such subsequent sitting, the applicant attains a minimum grade of forty percent on sections written but not passed on such sitting.
  8. An applicant must be given credit for any and all sections of an examination passed in another state if such credit would have been given under then applicable requirements, if the applicant had taken the examination in this state.

9. The board may in particular cases waive or defer any of the requirements of subsections 7 and 8 regarding the circumstances in which the various sections of the examination must be passed, upon a showing that, by reason of circumstances beyond the applicant's control, the applicant was unable to meet the requirement.
10. The board may charge, or provide for a third party administering the examination to charge, each applicant a fee, in an amount prescribed by the board by rule, for each section of the examination or reexamination taken by the applicant.
11. A certificate of certified public accountant must be issued and renewed each year, with renewal subject to payment of fees and any other requirements prescribed by the board.
12. The board may require examination of other related subjects as specified by rule.
13. Applicants for initial issuance or renewal of certificates under this section shall list in the applications all states and jurisdictions in which they have applied for or hold certificates or permits or other recognized professional accounting designations, and each holder of or applicant for a certificate under this section shall notify the board in writing, within thirty days after its occurrence, of any issuance, denial, revocation, or suspension of a certificate or permit or other recognized professional accounting designation by another state or jurisdiction.

**SECTION 6. Permits to practice - Individual.**

1. The board shall grant or renew permits to practice public accountancy to persons who possess a valid North Dakota certificate, or who are licensed public accountants of this state, and who make application and demonstrate their qualifications in accordance with this section.
2. Permits must be issued and renewed on an annual basis. Applications for permits must be made in the form the board specifies. The board shall grant or deny any application no later than ninety days after the application is filed in proper form. If the applicant seeks the opportunity to show that issuance or renewal of a permit was mistakenly denied, or if the board is not able to determine whether it should be granted or denied, the board may issue to the applicant a provisional permit, which expires ninety days after its issuance or when the board determines whether or not to issue or renew the permit for which application was made, whichever occurs first.
3. For issuance and renewal of a permit under this section an applicant must show completion of one hundred twenty hours of continuing professional education during the last three-year period, with a minimum of twenty-four hours each year. The board may prescribe by rule the content, duration, and organization of continuing professional education courses which contribute to the general professional competence of the applicant. The board may provide by rule for prorated continuing professional education requirements to be met by applicants whose certificates were issued less than three years before the permit issuance or renewal date. The board may also prescribe by rule special requirements to be met by applicants

for permit renewal whose prior permits lapsed before their applications for renewal and for those applicants who have received reciprocal certificates less than three years before the application for permit issuance or renewal.

4. The board shall charge a fee for each application for initial issuance or renewal of a permit under this section in an amount prescribed by the board by rule.
5. Applicants for initial issuance or renewal of permits under this section shall in their applications list all states and jurisdictions in which they have applied for or hold certificates or permits or other recognized professional accounting designations, and each holder of or applicant for a permit under this section shall notify the board in writing, within thirty days after its occurrence, of any issuance, denial, revocation, or suspension of a certificate or permit or other recognized professional accounting designation by another state or jurisdiction.

#### **SECTION 7. Permits to practice - Firms.**

1. Each firm that engages in the practice of public accounting must hold a firm permit to practice. The board shall grant or renew permits to practice public accountancy to firms that make application and demonstrate their qualifications in accordance with this section.
2. Permits must be issued and renewed on an annual basis. Applications for permits must be made in the form the board specifies. The board shall grant or deny any application no later than ninety days after the application is filed in proper form. If the applicant seeks the opportunity to show that issuance or renewal of a permit was mistakenly denied or if the board is not able to determine whether it should be granted or denied, the board may issue to the applicant a provisional permit, which expires ninety days after its issuance or when the board determines whether or not to issue or renew the permit for which application was made, whichever occurs first.
3. An applicant for initial issuance or renewal of a permit to practice under this section must show that each partner, officer, or shareholder who regularly works in this state, and each employee who holds out as a licensee and who regularly works in this state, holds a valid individual permit to practice issued under section 6 of this Act or the corresponding provision of prior law and that each other partner, officer, or shareholder holds a certificate or similar professional accounting designation and is licensed to practice public accountancy in some other state or jurisdiction.
4. An applicant for initial issuance or renewal of a permit to practice under this section is required to register each office of the firm within this state with the board and to show that each office is under the charge of a person holding a valid permit to practice issued under section 6 of this Act or the corresponding provision of prior law.
5. The board shall charge a fee for each application for initial issuance or renewal of a permit under this section in an amount prescribed by the board by rule.

6. Applicants for initial issuance or renewal of permits under this section shall in their applications list all states and jurisdictions in which they have applied for or hold permits to practice public accountancy or similar authorizations, and each holder of or applicant for a permit under this section shall notify the board in writing, within thirty days after its occurrence, of any change in the identities of partners, officers, or shareholders who work regularly within this state, any change in the number or location of offices within this state, any change in the identity of the persons in charge of such offices, and any issuance, denial, revocation, or suspension of a permit by any other state or jurisdictions.
7. The board may require by rule, on either a uniform or a random basis, as a condition to renewal of permits under this section, that applicants undergo practice reviews conducted no more frequently than once every three years in such manner and producing such satisfactory result as the board specifies; provided that any such requirement must be adopted reasonably in advance of the time when it is first required to be met and must include reasonable provision for compliance by an applicant's showing that it has undergone a satisfactory review performed for other purposes which was substantially equivalent to practice reviews generally required under this subsection and completion of such review was within the three years immediately preceding the renewal period.

**SECTION 8. Licensed public accountants and firms of public accountants.**

Persons and firms who on the effective date of this Act hold registrations as licensed public accountants issued under prior law of this state are entitled to have permits to practice granted and renewed under sections 6 and 7 of this Act provided that they fulfill all requirements for renewal under those provisions. If such licensees hold valid permits to practice under sections 6 and 7 of this Act, they are entitled to engage in the practice of public accountancy to the same extent and with the same requirements as other holders of such permits and are entitled to use the designations "licensed public accountant" and "LPA", but no other designation, in connection with the practice of public accountancy. Licensed public accountant licenses and permits must be renewed annually, with renewal subject to payment of fees and any other requirements prescribed by the board.

**SECTION 9. Appointment of secretary of state as agent.** Application by a person or a firm not a resident of this state for a certificate under section 5 of this Act or a permit to practice under section 6 or 7 of this Act constitutes appointment of the secretary of state as the applicant's agent upon whom process may be served in any action or proceeding against the applicant arising out of any transaction or operation connected with or incidental to the practice of public accountancy by the applicant within this state.

**SECTION 10. Enforcement against holders of certificates and permits.**

1. The board may revoke any certificate or permit issued under section 5, 6, or 7 of this Act or corresponding provisions of prior law; suspend any such certificate or permit or refuse to renew any such certificate or permit for a period of not more than five years; reprimand, censure, or limit the scope of practice of any licensee; impose an administrative fine not exceeding one thousand dollars; or place any licensee on probation,

all with or without terms, conditions, and limitations, for any one or more of the following reasons:

- a. Fraud or deceit in obtaining a certificate or permit;
  - b. Cancellation, revocation, suspension, or refusal to renew authority to engage in the practice of public accountancy in any other state for any cause;
  - c. Failure, on the part of a holder of a certificate or permit, to maintain compliance with the requirements for issuance or renewal of such certificate or permit or to report changes to the board under sections 5, 6, or 7 of this Act;
  - d. Revocation or suspension of the right to practice before any state or federal agency;
  - e. Dishonesty, fraud, or gross negligence in the practice of public accountancy or in the filing or failure to file the certificate or permit holder's own income tax returns;
  - f. Violation of any provision of this chapter or rule adopted by the board under this chapter;
  - g. Violation of any rule of professional conduct adopted by the board under section 4 of this Act;
  - h. Conviction of a felony, or of any crime an element of which is dishonesty or fraud, under the laws of the United States, of this state, or of any other state if the acts involved would have constituted a crime under the laws of this state;
  - i. Performance of any fraudulent act while holding a certificate or permit issued under this chapter or prior law; and
  - j. Any conduct reflecting adversely upon the licensee's fitness to engage in the practice of public accountancy.
2. In lieu of or in addition to any remedy specifically provided in subsection 1, the board may require of a licensee either or both of the following:
    - a. A practice review conducted as the board specifies.
    - b. Satisfactory completion of continuing professional education programs the board specifies.
  3. In any proceeding in which a remedy provided by subsection 1 or 2 is imposed, the board may require the respondent licensee to pay the costs of the proceeding.

**SECTION 11. Enforcement procedures - Investigations.** If this chapter authorizes the board to revoke, deny, or suspend the certificate, license, or permit of any licensee, the licensee has a right to a hearing before the board on such contemplated disciplinary action and has a right to appeal to the courts from the decision of the board on the hearing. All of the provisions of chapter 28-32

relating to proceedings before an administrative agency are applicable to and govern the notice of hearing, the hearing, and the right of appeal from the board's decision. During the investigation of any complaint or other information suggesting violations of this chapter, the report of the investigating officer, the complaint, if any, the testimony and documents submitted in support of the complaint or gathered in the investigation, and the fact of the pending investigation must be treated as confidential information and may not be disclosed to any person except law enforcement authorities and, to the extent deemed necessary in order to conduct the investigation, the subject of the investigation, persons whose complaints are being investigated, and witnesses questioned in the course of the investigation.

#### **SECTION 12. Reinstatement.**

1. If the board has suspended or revoked a certificate or a permit or refused to renew a certificate or permit, the board may modify the suspension or reissue the certificate or permit upon application in writing by the person or firm affected and for good cause shown and payment of a fee established by the board.
2. The board shall specify by rule the manner in which applications for reinstatement must be made, the times within which they must be made, and the circumstances in which hearings on applications will be held.
3. Before reissuing or terminating the suspension of a certificate or permit under this section, the board may require the applicant to show successful completion of specified continuing professional education and may make the reinstatement of a certificate or permit conditional and subject to specified conditions, including satisfactory completion of a practice review conducted as specified by the board.

#### **SECTION 13. Unlawful acts.**

1. A person or firm not holding a valid permit issued under section 6 or 7 of this Act may not issue a report on financial statements of any other person, firm, organization, or governmental unit. This prohibition does not apply to an officer, partner, or employee of any firm or organization affixing a signature to any statement or report in reference to the financial affairs of such firm or organization with any wording designating the position, title, or office that the signer holds therein, does not prohibit any act of a public official or employee in the performance of duties as such, and does not prohibit the performance by any persons of other services involving the use of accounting skills, including the preparation of tax returns, management advisory services, and the preparation of financial statements without the issuance of reports thereon. This prohibition does not apply to transactions between manufacturing and sales organizations and their customers when accounting services accompany the sale of products provided that such accounting services are incidental and that any financial report made is clearly titled "unaudited financial report".
2. The prohibition contained in subsection 1 is applicable to issuance, by a person or firm not holding a valid permit, of a report using any form of language conventionally used by licensees respecting a review of financial statements.

3. The prohibition contained in subsection 1 is applicable to issuance by a person or firm not holding a valid permit of a report using any form of language conventionally used by licensees with respect to a compilation of financial statements.
4. A person not holding a valid certificate may not use or assume the title or designation "certified public accountant", or the abbreviation "CPA" or any other title, designation, words, letters, abbreviation, sign, card, or device tending to indicate that the person is a certified public accountant.
5. A firm may not assume or use the title or designation "certified public accountant", or the abbreviation "CPA", or any other title, designation, words, letters, abbreviation, sign, card, or device tending to indicate that the firm is composed of certified public accountants, unless the firm holds a valid permit issued under section 7 of this Act, and all partners, officers, and shareholders of the firm hold certificates.
6. A person may not assume or use the title or designation "licensed public accountant" or the abbreviation "LPA", or any other title, designation, words, letters, abbreviation, sign, card, or device tending to indicate that the person is a licensed public accountant unless the person is registered as provided in section 8 of this Act.
7. A firm may not assume or use the title or designation "licensed public accountant", the abbreviation "LPA", or any other title, designation, words, letters, abbreviation, sign, card, or device tending to indicate that the firm is composed of licensed public accountants unless the firm holds a valid permit issued under section 7 of this Act and all partners, officers, and shareholders of the firm are licensed public accountant registrants.
8. A person or firm not holding a valid permit issued under section 6 or 7 of this Act may not assume or use the title or designation "certified accountant", "chartered accountant", "enrolled accountant", "licensed accountant", "public accountant", "registered accountant", "accredited accountant", or any other title or designation likely to be confused with the titles "certified public accountant" or "licensed public accountant", or use any of the abbreviations "CA", "EA", "LA", "PA", "RA", "AA", or similar abbreviation likely to be confused with the abbreviations "CPA" or "LPA". A holder of a certificate who does not also hold a permit may use the titles pertaining to the certificate in any manner not prohibited by rules adopted by the board under section 4 of this Act.
9. A person or firm not holding a valid permit issued under section 6 or 7 of this Act may not assume or use any title or designation that includes the words "accountant", "auditor", or "accounting", or other terms in any manner that implies such person or firm holds such a permit or has special competence as an accountant or auditor. This subsection does not prohibit any officer, partner, or employee of any firm or organization from affixing the person's signature to any statement in reference to the financial affairs of such firm or organization with any wording designating the position, title, or office that the person holds and does

not prohibit any act of a public official or employee in the performance of duties.

10. A person holding a certificate may not engage in the practice of public accountancy unless the person also holds a valid permit issued under section 6 of this Act.
11. A person or firm holding a permit under this Act may not engage in the practice of public accountancy using a professional or firm name or designation that is misleading about the legal form of the firm, or about the persons who are partners, officers, or shareholders of the firm, or about any other matter. Names of one or more former partners or shareholders may be included in the name of a firm or its successor.
12. This section does not apply to a person or firm holding a certification, designation, degree, or license granted in a foreign country entitling the holder to engage in the practice of public accountancy or its equivalent in that country, whose activities in this state are limited to the provision of professional services to persons or firms who are residents of, governments of, or business entities of the country in which the person or firm holds such entitlement. This subsection does not authorize issuing reports with respect to the financial statements of any other persons, firms, or governmental units in this state. A person or firm acting under the authority of this subsection may not use in this state any title or designation other than the one under which the person or firm practices in such country, followed by a translation of such title or designation into the English language, if it is in a different language, and by the name of such country.

**SECTION 14. Injunctions against unlawful acts.** If as a result of an investigation, the board believes that any person or firm has engaged, or is about to engage, in any acts or practices which constitute or will constitute a violation of this chapter, the board may make application to the appropriate court for an order enjoining such acts or practices, and upon a showing by the board that such person or firm has engaged, or is about to engage, in any such acts or practices, an injunction, restraining order, or other appropriate order must be granted by the court.

**SECTION 15. Criminal penalties.**

1. If by reason of an investigation, the board has reason to believe that any person or firm has knowingly engaged in acts or practices that constitute a violation of this Act, the board may bring its information to the attention of a state's attorney or the attorney general or other appropriate law enforcement officer who may cause appropriate criminal proceedings to be brought.
2. Any person or firm who knowingly violates any provision of section 13 of this Act is guilty of a class A misdemeanor.

**SECTION 16. Single act evidence of practice.** In any action brought under section 10, 11, 13, 14, or 15 of this Act, evidence of the commission of a single act prohibited by this Act is sufficient to justify a penalty which must include revocation, suspension, refusal to renew, reprimand, censure, fine, probation,

injunction, restraining order, or conviction or any combination of these penalties, without evidence of a general course of conduct.

**SECTION 17. Confidential communications.** Except by permission of the client engaging a licensee under this chapter, or the heirs, successors, or personal representatives of such client, a licensee or any partner, officer, shareholder, or employee of a licensee may not voluntarily disclose information communicated to the licensee by the client relating to and in connection with services rendered to the client by the licensee in the practice of public accountancy. Such information is deemed confidential but this section may not be construed as prohibiting the disclosure of information required to be disclosed by the standards of the public accounting profession in reporting on the examination of financial statements or as prohibiting disclosures in court proceedings, in investigations or proceedings under section 10 or 11 of this Act, in ethical investigations conducted by private professional organizations, or in the course of practice reviews.

**SECTION 18. Licensees' working papers - Clients' records.**

1. All statements, records, schedules, working papers, and memoranda made by a licensee or a partner, shareholder, officer, director, or employee of a licensee, incident to, or in the course of, rendering services to a client in the practice of public accountancy, except the reports submitted by the licensee to the client and except for records that are part of the client's records, are the property of the licensee in the absence of an express agreement between the licensee and the client to the contrary. A statement, record, schedule, working paper, or memorandum may not be sold, transferred, or bequeathed, without the consent of the client or the client's personal representative or assignee, to anyone other than one or more surviving partners or stockholders or new partners or stockholders of the licensee, or any combined or merged firm or successor in interest to the licensee. This section may not be construed as prohibiting any temporary transfer of workpapers or other material necessary in the course of carrying out practice reviews.
2. A licensee shall furnish to a client or former client, upon request and reasonable notice:
  - a. A copy of the licensee's working papers, to the extent that such working papers include records that would ordinarily constitute part of the client's records and are not otherwise available to the client; and
  - b. Any accounting or other records belonging to, or obtained from or on behalf of, the client that the licensee removed from the client's premises or received for the client's account. The licensee may make and retain copies of such documents of the client when they form the basis for work done by the licensee.
3. This section does not require a licensee to keep any workpaper beyond the period prescribed in any other applicable statute.

**SECTION 19. Uniform statute of limitations.**

1. a. This section applies to all causes of action of the type specified in this section filed on or after the effective date of this Act.

- b. This section governs any action based on negligence or breach of contract brought against any accountant, any partnership of accountants, any accounting corporation, or any other legal entity of accountants registered, licensed, or practicing in this state by any person or entity claiming to have been injured as a result of financial statements or other information examined, compiled, reviewed, certified, audited, or otherwise reported or opined on by the defendant accountant as a result of an engagement to provide public accounting services.
2. An action covered by this section may not be brought in any court in this state unless the suit is commenced on or before the earlier of:
  - a. Two years from the date the alleged act, omission, or neglect is discovered or should have been discovered by the exercise of reasonable diligence; or
  - b. Six years after the service for which the suit is brought has been performed or the date of the initial issuance of the accountant's report on the financial statements or other information, whichever comes first.

### CONTRACTOR LICENSING

AN ACT to amend and reenact sections 43-07-04 and 43-07-10 of the North Dakota Century Code, relating to contractor licensing.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 43-07-04 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**43-07-04. License - How obtained.** To obtain a license under this chapter, an applicant shall submit, on such forms as the registrar shall prescribe, an application under oath containing a statement of the applicant's experience and qualifications as a contractor, and the names of three persons who are knowledgeable about the applicant's experience and qualifications. A bond, as ~~hereinafter~~ prescribed in section 43-07-11, and a copy of a certificate of insurance indicating liability coverage as proof that the applicant has secured liability insurance, must be filed with the application and the contractor shall submit a statement from the North Dakota workers compensation bureau that the contractor has secured workers' compensation coverage satisfactory to the bureau along with such other information as may be required by the registrar to assist the registrar in determining the applicant's fitness to act in the capacity of a contractor. The application must contain a statement that the applicant desires the issuance of a license under this chapter, and must specify the class of license sought. Any person refused a license by the registrar may appeal to the district court of Burleigh County, if a nonresident, or to the district court of the county of residence, if a resident of this state.

**SECTION 2. AMENDMENT.** Section 43-07-10 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

<sup>1</sup> **43-07-10. Renewal of license - Time requirements - Revocation of license for failure to renew.** Any license issued under this chapter may be renewed for each successive fiscal year by obtaining from the registrar a certificate of renewal. To obtain a certificate of renewal, the licensee shall file with the registrar an application, accompanied by two copies of a listing of each contract or subcontract obtained by the licensee during the preceding fiscal year in this state over the amount of ten thousand dollars, the nature of the work contracted or subcontracted, and, if a performance bond was required by the contract, the name and address of the corporation or other person who issued the bond. The registrar shall within a reasonable time forward one copy of the list to the state tax commissioner and shall

also indicate whether the license of the applicant was renewed by the registrar. The applicant shall include with the application a copy of a certificate of insurance indicating liability coverage as proof that the applicant has secured liability insurance, and a certification that the applicant has submitted all payroll taxes including North Dakota income tax, workers' compensation premiums, and unemployment insurance premiums due at the time of renewal. The application for a certificate of renewal must be made to the registrar on or before the first day of February of each successive fiscal year. At the time of filing the application for a certificate of renewal, the applicant shall pay to the registrar a renewal fee equal to twenty percent of the license fee established in section 43-07-07. If any contractor applies for a renewal under a class different from the license previously issued to the contractor, the new license may be issued only upon the showing, under the terms and conditions, and upon the payment of the fee required for the issuance of an original license of the class applied for. All certificates of renewal in which the applicant does not apply for a change in the class of license must be issued by the registrar to the applicant when the application is properly filed and the renewal fee is paid. If any contractor fails to file an application for a certificate of renewal when due, the registrar shall revoke the contractor's license. The registrar shall notify by mail a contractor whose license is revoked of the revocation within sixty days after the filing deadline. The contractor may then renew the license within ninety days after the filing deadline by paying a penalty fee of twenty-five percent of the license fee set forth in section 43-07-07, filing an application for a certificate of renewal, and paying the renewal fee. A contractor who applies for a certificate of renewal before or within ninety days of the filing deadline is not subject to the investigation and waiting period prescribed in section 43-07-09.

AN ACT to establish a North Dakota board of reflexology and to provide for the licensure of reflexologists; add to create and enact a new subsection to section 43-25-04 of the North Dakota Century Code, relating to massage therapist licensure exemptions.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. Definitions.** As used in this Act, unless the context otherwise requires:

1. "Board" means the North Dakota board of reflexology.
2. "Reflexologist" means a person who uses special pressure techniques on the reflexes in the human feet, hands, and ears and who has studied the principals of reflexology and anatomy and physiology generally included in a regular course of study.
3. "Reflexology" means the application of specific pressure by the use of the practitioner's hands, thumbs, and fingers to reflex points in the client's hands, feet, or ears using alternating pressure, and such techniques as thumb walking, finger walking, hook and back up, and rotation on a reflex.

**SECTION 2. Board - Appointment - Terms.** The board consists of three licensed reflexologists appointed by the governor except the first board need not consist of licensed members. A person must be a member of the North Dakota reflexology association in order to be eligible for appointment to, and continued membership on, the board. The members must be appointed for three years, staggered so that the term of one member expires as of July first of each year. Each member shall hold office until that member's successor is appointed and qualified. In July of each year the board shall meet at some convenient place within the state and shall elect one member as president, one member as vice president, and one member as secretary-treasurer. The secretary-treasurer must be bonded in the sum of one thousand dollars for the faithful discharge of the secretary-treasurer's duties. The board may employ, and set the compensation of, employees to assist the secretary-treasurer in the performance of the secretary-treasurer's duties. The board shall hold meetings in the state as determined necessary by the board to discharge its duties. Board members are entitled to receive twenty-five dollars per day and travel expenses in an amount provided by law for state officials and employees when performing the official duties of the board. In addition, the secretary-treasurer is to be paid an extra nine dollars per meeting.

**SECTION 3. Removal of members of the board.** The governor may remove from office any member of the board for neglect of duties under this Act, malfeasance or incompetency in office, or unprofessional conduct. The governor may fill any

vacancy resulting from removal, resignation, or death of any member of the board. An appointee under this section must be a reflexologist licensed by the board.

**SECTION 4. Duties of the secretary-treasurer - Compensation - Expenses of the board.** The secretary-treasurer of the board shall:

1. Keep a record of:
  - a. The name and address of every person who is licensed to practice in the state;

  - c. The renewal date of each license; and
  - d. Other information as required by the board.
2. Furnish, upon demand, any person a certified copy of records upon payment of a ten dollar fee plus twenty-five cents for each page copied.
3. Prepare and submit to the governor and the North Dakota reflexology association a detailed annual report on the income and expenses of the board and a list of licensed reflexologists.

**SECTION 5. Exemptions.** This Act does not apply to the activities or services of physicians, chiropractors, physical therapists, cosmetologists, registered nurses, massage therapists, or members of other professions licensed, certified, or registered by the state who may on occasion apply pressure to the reflex points in the hands, feet, and ears in the course of their work. This Act does not apply to an individual who takes a self-help class and applies reflexology without pay on immediate family members or the individual's body.

**SECTION 6. Requisites for licensure.** Any person who is eighteen years of age or more and is either a bona fide resident of this state for at least one month immediately preceding the application or is a resident of another state who is practicing reflexology in this state shall submit an application for licensure to the secretary-treasurer of the board. An applicant is entitled to be issued a license as a reflexologist if the applicant:

2. Presents three character references citing that the applicant is of good moral character.
3. Passes a reasonable demonstrative and written examination in reflexology. If there is an applicant for examination, the board shall conduct an examination at least once a year at a time and place designated by the board. Examinations must be held in the state. An applicant must receive a general average score on the examination of seventy-five percent in all subjects involved and no score of less than fifty percent in any one subject. The board shall notify the applicant of the applicant's score. An applicant who fails to pass any subject is entitled to a reexamination on that subject within six months upon payment of an additional fee of

fifty dollars or an amount established by the board. Two reexaminations exhaust the privilege under the original application.

4. Pays a licensing fee of seventy-five dollars or an amount set by the board.

**SECTION 7. Reciprocity.** Notwithstanding the requirements in section 6 for the issuance of a license, the board shall license an individual from another state who applies for licensure, pays the applicable fee, meets or exceeds the requirements set by the board, and who has no imposed or pending disciplinary actions.

**SECTION 8. Restriction on use of title.** A reflexologist licensed by the board may be held out as a "licensed reflexologist" and may use the abbreviation "L.R." as a part of or immediately following that person's name, in connection with the profession. No person may use the title "licensed reflexologist" unless licensed in accordance with this Act.

**SECTION 9. License - Display - Renewal - Renewal fee.** Each license must be conspicuously displayed at the place of practice. A license must be recorded in the office of the clerk of the district court in any county where the reflexologist practices within thirty days after issuance.

A license must be renewed before June first of each year. The secretary-treasurer of the board shall mail notice of renewal to each licensed reflexologist's address as shown in the records of the board at least thirty days before the expiration of the license. The notice must include any requests for information necessary for renewal. The licensed reflexologist may renew a license by sending a renewal fee of twenty-five dollars, or an amount set by the board, to the secretary-treasurer of the board, and submitting proof that the reflexologist has attended a seminar on reflexology at least once during the preceding three years. A license that is not renewed by June thirtieth lapses.

**SECTION 11. Prohibited practices.** A reflexologist may not use lotions, creams, or mechanical devices in the application of reflexology. A reflexologist may not diagnose or treat for specific diseases, practice spinal or other joint manipulations, prescribe or adjust medication, and prescribe or administer vitamins.

**SECTION 12. Revocation of licensing.** The license of a licensed reflexologist may be revoked, suspended, or annulled by the board upon any one or more of the following grounds:

1. That the person is guilty of gross malpractice or incompetence.
2. That the person's mental or physical health endangers public health or safety.
3. That the person fails to comply with rules of the board.
4. That the person is guilty of false or deceptive advertising.
5. That the person engages in unprofessional conduct.

**SECTION 13. Administrative procedures.** Any person may file a written complaint with the board seeking disciplinary action against a reflexologist for violations of this Act or rules adopted by the board. If the board determines that a complaint alleges facts that, if true, would require denial, revocation, suspension, or nonrenewal or other disciplinary action of a licensed reflexologist, the board shall conduct a hearing. The board may dismiss a complaint that does not state facts that warrant action.

**SECTION 14.** A new subsection to section 43-25-04 of the 1991 Supplement to the North Dakota Century Code is created and enacted as follows:

Reflexologists licensed under sections 1 through 13 of this Act.

### STATE EMPLOYEE OUT-OF-STATE MEALS

AN ACT to amend and reenact section 44-08-04 of the North Dakota Century Code, relating to reconciliation of state law to federal laws regarding out-of-state meal reimbursement.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 44-08-04 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**44-08-04. Expense account - Amount allowed - Verification.** Except as provided in section 44-08-04.1, each elective or appointive officer, employee, representative, or agent of this state, or of any of its subdivisions, agencies, bureaus, boards, or commissions, may make claim for meals and lodging while engaged ~~within this state~~ in the discharge of a public duty away from the claimant's normal working and living residence for all or any part of any quarter of a day. Claims may also be made for meals which are included as part of a registration fee for a conference, seminar, or other meeting and for meals attended at the request of and on behalf of the state or any of its subdivisions, agencies, bureaus, boards, or commissions; however, if a meal is included in a registration fee, the applicable quarter allowance cannot be claimed for that meal. Claims for meals specifically included in a registration fee for a conference, seminar, or other meeting must be allowed even if the city at which the conference, seminar, or meeting is held or the meal is provided is the claimant's normal working and living residence. Upon approval of the claim, it must be paid as an allowance at the following rates for each quarter of any twenty-four-hour period:

1. First quarter is from six a.m. to twelve noon and the sum may not exceed three dollars and fifty cents in state, ~~or six dollars out of state~~. No reimbursement may be made if travel began after seven a.m.
2. Second quarter is from twelve noon to six p.m. and the sum may not exceed five dollars in state, ~~or nine dollars out of state~~.
3. Third quarter is from six p.m. to twelve midnight and the sum may not exceed eight dollars and fifty cents in state, ~~or fifteen dollars out of state~~.
4. Fourth quarter is from twelve midnight to six a.m. and the sum must be the actual lodging expenses not to exceed thirty-five dollars.
5. Provided, however, that the ~~preceding four subsections~~ allowances provided by this section are not applicable unless the person concerned has been out of the headquarters or normal place of employment for four hours or overnight.

The allowance for out-of-state meals, within the continental United States, is equal to the per diem meals rate in the city for which a claim is made on that day as established by rule for federal employees by the United States general services administration and must be allocated twenty percent to the first quarter, thirty percent to the second quarter, and fifty percent to the third quarter.

Verifications of claims may not be required for the first three quarters listed above and only a lodging receipt is required for the fourth quarter.

Such persons engaged in travel outside state boundaries shall receive actual lodging expenses. Verification by receipt for such out-of-state travel expense is required only for lodging expense claimed.

Those persons engaged in foreign travel outside the continental United States shall receive reimbursement for meals at a rate not to exceed two times the regular out-of-state meal allowance with the exception of Canadian travel, which will be reimbursed at regular out-of-state meal allowance rates. Verification by receipt for such foreign travel expense outside the continental United States is required only for the lodging expense claimed. For purposes of this section, "regular out-of-state meal allowance" means the per diem meals rate on that day as established for federal employees in nonhigh rate geographical areas by the United States general services administration.

The head of any department, institution, or agency of this state may set a rate for such expenses less than those set forth in this section for any person or persons under his authority. Verification of any other type of expense not prescribed by this section must be as prescribed by the office of the budget except no receipt may be required for taxi or cab fares up to and including the sum of ten dollars. The office of management and budget shall disapprove any claim it determines to be in error or unlawful or not within the limits of legislative appropriations.

HOUSE BILL NO. 1337

(Senators Graba, Schoenwald, B. Stenehjem)

### CONSUMER RENTAL PURCHASE AGREEMENTS

AN ACT relating to the rental and acquisition of ownership of personal property through consumer rental purchase agreements; to provide a penalty; and to provide an effective date.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. Definitions.** As used in this Act, unless the context or subject matter otherwise requires:

1. "Advertisement" means a commercial message in any medium that aids, promotes, or assists a consumer rental purchase agreement.
2. "Cash price" means the price at which the lessor would have sold the property to the consumer for cash on the date of the consumer rental purchase agreement for the property.
3. "Consumer" means an individual who rents property under a consumer rental purchase agreement.
4. "Consumer rental purchase agreement" includes an agreement for the use of property by a consumer primarily for personal, family, or household purposes for an initial period of four months or less, regardless of whether there is any obligation beyond the initial period; which is automatically renewable with each payment after the initial period but does not obligate or require the consumer to continue renting or using the property beyond the initial period, and which permits the consumer to become the owner of the property under the terms of the consumer rental purchase agreement. The term does not include:
  - a. A rental purchase agreement primarily for business, commercial, or agricultural purposes, or an agreement with a governmental agency or instrumentality or organizations.
  - b. A lease or agreement that constitutes an installment sale or installment contract as defined in section 51-13-01.
  - c. A lease of a safe deposit box.
  - d. A lease or a bailment of personal property incidental to the lease of real property and which contains no provision for the consumer to have an option to purchase the leased property.
  - e. A lease of a motor vehicle.
  - f. A hiring defined under chapter 47-15.

- g. A security interest under chapter 41-09.
- 5. "Consummation" means the time at which a consumer becomes contractually obligated on a consumer rental purchase agreement.
- 6. "Lessor" includes a person who regularly provides the use of property through consumer rental purchase agreements and to whom rental payments are initially payable on the face of a consumer rental purchase agreement.

**SECTION 2. Inapplicability of other laws.** Consumer rental purchase agreements under this Act are not governed by the laws relating to a retail installment contract or a retail installment sale as defined in section 51-13-01 or security interest as defined in section 41-01-11.

**SECTION 3. Disclosure of information.**

- 1. A lessor shall include in a consumer rental purchase agreement:
  - a. The total number, total amount, and timing of all payments necessary to acquire ownership of the property.
  - b. A statement that the consumer does not own the property until the consumer has made the total payments necessary to acquire ownership.
  - c. A statement that the consumer is responsible for the fair market value of the property at the time it is lost, stolen, damaged, or destroyed, if that is the intent of the lessor.
  - d. A description of the leased property sufficient to identify the property to the consumer and the lessor, including any identification numbers, if applicable, in a statement indicating whether the property is new or used. A statement indicating that the property is used when in fact it is new is not a violation of this Act.
  - e. A statement of the cash price of the property. If the agreement includes a lease of two or more items as a set, in one agreement, a statement of the aggregate cash price of all the items is sufficient.
  - f. The total of initial payments paid or required to be paid at or before consummation of the agreement or delivery of the property, whichever is later.
  - g. A statement that the total amount of a payment does not include other charges such as late payment penalties; default, pick-up, or reinstatement fees; and other fees which must be separately disclosed in the contract.
  - h. A statement clearly summarizing the terms of the consumer's option to purchase, including a statement that the consumer has the right to exercise any early purchase options and the price or formula or method for determining the price at which the property may be purchased at any given time.
  - i. A statement identifying the party responsible for maintaining or servicing the property while the property is being leased, together with a description of that responsibility, and a statement that if any

- part of the manufacturer's express warranty covers the leased property at the time the consumer acquires ownership of the property, the warranty is transferred to the consumer, if allowed by the terms of the warranty.
- j. The date of the transaction, the identification of the lessor and consumer, and the address where the property will be primarily located during the possession of the consumer under the commercial rental purchase agreement.
  - k. A statement that the consumer may terminate the agreement at any time without penalty by voluntarily surrendering or returning the property in good repair, ordinary wear and tear excepted, along with any payment of any past due rent.
  - l. Notice of the right to reinstate an agreement as provided in this Act.
  - m. A statement that the lessor is required by law to provide the consumer a written receipt, upon request by the consumer at the lessor's place of business, for each payment made by cash or money order.
2. A consumer rental purchase agreement must contain, immediately above or adjacent to the place for the signature of the consumer, a clear, conspicuous, printed or typewritten notice, in boldface, ten-point type, substantially the following language:

NOTICE TO CONSUMER - READ  
BEFORE SIGNING

- a. DO NOT SIGN THIS BEFORE YOU READ THE ENTIRE AGREEMENT, INCLUDING ANY WRITING ON THE REVERSE SIDE, EVEN IF TOLD YOU DO NOT NEED TO.
  - b. DO NOT SIGN THIS IF IT CONTAINS ANY BLANK SPACES.
  - c. YOU ARE ENTITLED TO AN EXACT COPY OF ANY AGREEMENT YOU SIGN.
3. In a transaction involving more than one lessor, only one lessor is required to make the disclosures, but all lessors are bound by the disclosures. The disclosures must be made before the consumer rental purchase agreement is executed. The disclosures must be made clearly and conspicuously in writing in at least eight-point type and a copy of the disclosures and the consumer rental purchase agreement must be provided to the consumer. If a disclosure becomes inaccurate as a result of any act or occurrence caused by the consumer or by an agreement or consent entered into after delivery of the required disclosures, the resulting inaccuracy is not a violation of this Act.
4. Compliance with the Federal Consumer Leasing Act of 1976 [Pub. L. 94-240; 90 Stat. 257; 15 U.S.C. 1601, 1640, 1667-1667e] regarding disclosures in consumer rental purchase agreements satisfies the requirements of this section.

2. A negotiable instrument.
3. A security interest or any other claim of a property interest in any goods except those goods delivered by the lessor pursuant to the consumer rental purchase agreement.
4. A wage assignment.
5. A waiver by the consumer of claims or defenses.
6. A provision authorizing the lessor or a person acting on the lessor's behalf to enter upon the consumer's premises or to commit any breach of the peace in the repossession of the goods.

**SECTION 5. Reinstatement of agreement - Repossession.**

1. A consumer who fails to make a timely rental payment may reinstate the agreement without losing any right or option that exists under the agreement by the payment of:
  - a. All past-due rental charges;
  - b. The reasonable costs of repossession and redelivery if the property has been repossessed; and
  - c. Any applicable late fee within five days of the renewal date if the consumer pays monthly, or within two days of the renewal date if the consumer pays more frequently than monthly. A late fee may not be more than three dollars or five percent of the delinquent lease payment, whichever is greater.
2. If a consumer has paid less than two-thirds of the total amount of payments necessary to acquire ownership and the consumer has returned or voluntarily surrendered the property other than through judicial process during the applicable reinstatement period set forth in this section, the consumer may reinstate the agreement during a period of not less than thirty-one days after the date of the return of the property.
3. If a consumer has paid two-thirds or more of the total amount of payments necessary to acquire ownership and the consumer has returned or voluntarily surrendered the property other than through judicial process during the applicable period set forth in this section, the consumer may reinstate the agreement during a period of not less than forty-five days after the date of the return of the property.
4. This section does not prevent a lessor from attempting to repossess property during the reinstatement period. A repossession does not affect the consumer's right to reinstatement. Upon reinstatement, the lessor shall provide the consumer with the same property or substitute property of comparable quality and condition.

**SECTION 6. Renegotiation for new agreement - Extensions.**

1. A renegotiation of an agreement occurs when an existing consumer rental purchase agreement is satisfied and replaced by a new agreement undertaken by the same lessor and consumer. A renegotiation is considered a new agreement requiring new disclosures. The following events may not be treated as a renegotiation:
  - a. The addition or return of property in a multiple-item agreement or in the substitution of leased property if the average payment allocation to a payment is not changed by more than twenty-five percent.
  - b. A deferral of extension of one or more periodic payments or portions of a periodic payment.
  - c. A reduction in charges in the lease or agreement.
  - d. A lease or agreement that has become the basis for a legal action.
2. No disclosure is required for any extension of a consumer rental purchase agreement under the same terms as the original agreement except for the extension.

**SECTION 7. Advertisement of consumer rental purchase agreement.**

1. If an advertisement for a consumer rental purchase agreement refers to or states the dollar amount of any payment and the right to acquire ownership of any one specific item, the advertisement must also clearly and conspicuously state the following items, as applicable:
  - a. That the transaction advertised is a consumer rental purchase agreement;
  - b. The total amount of payments necessary to acquire ownership; and
  - c. That the consumer acquires no ownership rights if the total amount necessary to acquire ownership is not paid.
2. Any owner or personnel of a medium in which an advertisement appears or through which an advertisement is disseminated is not liable for a violation of this section.
3. This section does not apply to any advertisement that does not refer to or state the amount of any payment or which is published on radio, in the yellow pages of a telephone directory, or in any similar directory of business.

**SECTION 8. Penalties - Remedies - Lessor to preserve evidence.**

1. A lessor who fails to comply with this Act is liable to the consumer for:
  - a. The greater of the actual damages sustained by the consumer as a result of the violation or, in the case of an individual action, twenty-five percent of the total payments necessary to acquire ownership, but not less than one hundred dollars nor more than one thousand dollars; and
  - b. The costs of the action and reasonable attorney's fees.

2. A lessor who violates section 7 of this Act is liable to the consumer for actual damages suffered from the violation, the costs of the action, and reasonable attorney's fees.
3. If there is more than one lessor, liability may be imposed only on the lessor who made the disclosures. When no disclosures have been made, liability must be imposed jointly and severally on all lessors.
4. When there is more than one consumer, there may be only one recovery of damages under subsection 1.
5. Multiple violations in connection with a single consumer rental purchase agreement entitle a consumer to only one recovery under this section.
6. A consumer may not take any action to offset any amount for which a lessor is potentially liable under subsection 1 against any amount owed by the consumer unless the amount of the lessor's liability has been determined by judgment of a court of competent jurisdiction in an action to which the lessor was a party. This subsection does not bar a consumer then in default on the obligation from asserting a violation of this Act as an original action or as a defense or counterclaim to an action brought by the lessor to collect an amount owed by the consumer.
7. In connection with any transaction under this Act, the lessor shall preserve evidence of compliance with this Act for not less than two years from the date of consummation of the agreement.

**SECTION 9. EFFECTIVE DATE.** This Act becomes effective on January 1, 1994.

6. "Public authority" means the state subject to legislative authority, a county, township, or city when ownership of or jurisdiction over a fee-based facility has been tendered to and accepted by said authority.

**SECTION 2. After a hearing, the public authority may accept a proposal that it determines to be in the public interest. A public authority may negotiate and enter into a development agreement with any private operator.

**SECTION 4. Contents of development agreements.** A development agreement for a fee-based facility entered into pursuant to this Act may provide for private ownership of the facility without reversion of title; for operating the facility under lease or management contract; for build, operate, and transfer facilities or build, transfer, and operate facilities; or any other form of ownership or operation considered advisable by the public authority. **SECTION 6. Lease term.** A lease for public facilities must be for terms of no more than fifty years and must be reviewed and may be revised every five years.

2. A public authority may provide services for which it is reimbursed with respect to preliminary planning, planning, environmental certification, and preliminary design of infrastructure projects.

**SECTION 9. Development agreements - Mandatory provisions.**

A development agreement must require:

6. Any other provisions negotiated by the parties.

**SECTION 10. Cost recovery.** Development agreements entered into under this Act may authorize private operators of fee-based facilities to impose a fee-based charge for the use of the facility and must require that the fee revenues be applied:

2. To lease or fee-based concessions payments, if any;

3. To costs associated with the operation, administration, and maintenance of the facility; and
4. To reasonable reserves for future capital outlays, if any.

Residual fee revenues belong to the private operator, except for any royalties that may be payable to a public authority under the development agreement or a related fee-based concession agreement. After the expiration of any lease for a build, transfer, and operate facility, or after title has reverted for a build, operate, and transfer facility, the public authority may continue to charge a fee for the use of the facility.

**SECTION 11. Joint authority.** When a fee-based facility is or will be situated in the jurisdiction of more than one public authority, or is or will be an interstate or international facility, the applicable authorities concerned may enter into a compact to delegate to one or more of the authorities or a board appointed by the various authorities the authority to exercise all of the powers, duties, and functions of the other authorities regarding the fee-based facility, including the authority to negotiate and administer the development agreement and any related lease and fee-based concession agreement. In addition, if all public authorities having jurisdiction over a fee-based facility concur, title to or authority over the facility may be tendered to the agreed upon authority of choice, which may at its option accept the title of authority to administer pursuant to the development agreement and this section.

**SECTION 12. Property tax exemptions - Exemptions from bidding requirements.**

1. If approved by the governing body of the city, for property within city limits, or by the governing body of the county, for property outside city limits, new fee-based facilities are exempt from all ad valorem taxes.

No price or price change is effective until filed in accordance with this chapter. Each filing under this section must be accompanied by a fifty-dollar filing fee.

**SECTION 10. AMENDMENT.** Section 49-21-06 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**49-21-06. Complaint against prices.** There is a rebuttable presumption that prices for essential telecommunications services in effect on July 1, 1989, are fair and reasonable. Any person may ~~make complaint~~ complain to the commission, or the commission on its own motion may complain and begin investigation, of the ~~unreasonableness or inadequacy~~ reasonableness, fairness, or adequacy of any price for any essential or nonessential service. Any notice and hearing by the commission will be ~~conducted~~ provided in accordance with ~~section 49-05-03 chapter 28-32~~ and the commission can only set aside, after notice and hearing, any price for a service it investigates pursuant to this section which it determines, ~~after notice and hearing,~~ to be unreasonable, unfair, or inadequate. This section must be construed to authorize the commission to set aside any unreasonable, unfair, or inadequate price set by a telecommunications company for the connection between facilities of two or more telecommunications companies and for the transfer of telecommunications, provided this section may not be construed to set aside any price set by contract between telecommunications companies and in effect on July 1, 1989, upon complaint by one of the parties to the contract that the price is

### NURSING HOME RATES AND APPEALS

AN ACT to create and enact a new section to chapter 50-24.4 of the North Dakota Century Code, relating to nursing home rates pending reconsideration and appeal.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** A new section to chapter 50-24.4 of the North Dakota Century Code is created and enacted as follows:

#### **Rates pending reconsideration and appeal.**

1. For purposes of this section:

- a. "Final decision rate" means the amount, if any, determined on a per-day basis, by which a rate otherwise set under this chapter is increased as a result of a request for reconsideration made under section 50-24.4-17, a request for an administrative appeal under section 50-24.4-18, or a request for judicial appeal under chapter 28-32 taken from a decision on an administrative appeal.
- b. "Pending decision rate" means the amount, determined on a per-day basis, by which a rate otherwise set under this chapter would increase if a nursing home prevails on a request for reconsideration made under section 50-24.4-17, on a request for an administrative appeal under section 50-24.4-18, or on a request for a judicial appeal under chapter 28-32 taken from a decision on an administrative appeal; however, the amount may not cause any component of the rate to exceed rate limits established under this chapter or through rules adopted under section 50-24.4-02.

2. If a nursing home has made a request for reconsideration under section 50-24.4-17, taken an administrative appeal under section 50-24.4-18, or taken a judicial appeal under chapter 28-32 from a decision on an administrative appeal, and has provided information sufficient to allow the department to accurately calculate, on a per-day basis, the effect of each of the disputed issues on the nursing home's rate, the department shall determine and issue a pending decision rate within thirty days of receipt of the request for reconsideration, administrative appeal, or judicial appeal. If the information furnished is insufficient to determine a pending decision rate, the department, within thirty days of receipt of the request for reconsideration, shall inform the facility of the insufficiency and may identify information that would correct the insufficiency.

3. The department shall add the pending decision rate to the rate that would otherwise be set under this chapter, and, notwithstanding section 50-24.4-19, the total must be the rate chargeable to private-paying residents until a final decision on the request for reconsideration or appeal is made and is no longer subject to further appeal.
4. The nursing home shall establish and maintain records that reflect the amount of any pending decision rate paid by each private-paying resident from the date the nursing home charges a private-paying resident the pending decision rate.
5. If the pending decision rate paid by a private-paying resident exceeds the final decision rate, the nursing home shall refund the difference, plus interest at the legal rate, within sixty days after the final decision is no longer subject to appeal. If a nursing home fails to provide a timely refund to a living resident or former resident, the nursing home shall pay interest at three times the legal rate for the period after the refund is due. If a former resident is deceased, the nursing home shall pay the refund to a person lawfully administering the estate of the deceased former resident or lawfully acting as successor to the deceased former resident. If no person is lawfully administering the estate or lawfully acting as a successor, the nursing home may make any disposition of the refund permitted by law. Interest paid under this subsection is a nonallowable cost.

The tax commissioner shall transmit the equivalent credit payment amount to the state treasurer to be allocated to a special fund for payment to

A community may alternatively fund a program through a grant without use of new jobs credit from withholding.

1. Loans must be secured and payable from a sufficient portion of the future receipts of payments authorized by the agreement, with such other security as the lender may determine is justified. The state treasurer shall transfer the moneys from the special fund created in section 3 of this Act to a special fund set up for this purpose by the department or community. ### TAX PAYMENTS BY IMMEDIATE MEANS

AN ACT to create and enact a new subsection to section 57-01-02 of the North Dakota Century Code, relating to authorizing the tax commissioner to require payments of one hundred thousand dollars or more due on a return, report, or other document to be paid by a method in which the funds are immediately available to the state, requiring a taxpayer to provide the tax commissioner with evidence of the payment, providing for penalties and interest on late payments, authorizing the tax commissioner to adopt rules necessary for the administration of this payment method; and to provide a penalty.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** A new subsection to section 57-01-02 of the 1991 Supplement to the North Dakota Century Code is created and enacted as follows:

- a. May require, consistent with the cash management policies of the office of management and budget, that any taxpayer owing one hundred thousand dollars or more in connection with any return, report, or other document to be filed with the commissioner shall pay the tax liability to the state no later than the date the payment is required by law to be made in funds which are immediately available to the state on the date of payment. Payment in immediately available funds may be made by wire transfer of funds through the federal reserve system or by any other means established by the commissioner which ensures the availability of the funds to the state on date of payment. Evidence of the payment must be furnished to the commissioner on or before the due date of the tax as established by law. Failure to timely make the payment in immediately available funds or failure to provide evidence of payment in a timely manner subjects the taxpayer to penalty and interest as provided by law for delinquent or deficient tax payments. If payment is timely made in other than immediately available funds, penalty and interest must be added to the amount of tax due from the due date of the tax payment to the date that funds from the tax payment become available to the state.
- b. May establish by rule periodic filing and payment dates that are subsequent to the dates otherwise established by law for any taxes collected by the commissioner in those instances where the commissioner deems it to be in the best interest of the state, provided that the alternative date may not be later than the last day of the month in which the tax was otherwise due.
- c. May adopt rules necessary for the administration of this subsection.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 57-02-08.1 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

<sup>1</sup> 57-02-08.1. **Property tax credits for persons sixty-five years of age or older with limited income.**

1. Any person sixty-five years of age or older in the year in which the tax was levied, or any person who is permanently and totally disabled in the year in which the tax was levied, as certified by a licensed physician selected approved by the local governing body, with an income of thirteen thousand dollars or less per annum from all sources, including the income of any dependent person, including any county, state, or federal public assistance benefits, social security, or other retirement benefits, shall receive a reduction in the assessment on the taxable valuation on the homestead as defined in section 47-18-01, except that this exemption applies to any person who otherwise qualifies under the provisions of this subsection regardless of whether the person is the head of a family. The exemption under this subsection continues to apply if the person does not reside in the homestead and the person's absence is due to confinement in a nursing home, hospital, or other care facility, for as long as the portion of the homestead previously occupied by the person is not rented to another person. The exemption to which any person may be entitled must be determined according to the following schedule:
  - a. If the person's income is not in excess of seven thousand dollars, a reduction of one hundred percent of the taxable valuation of the person's homestead up to a maximum reduction of two thousand dollars of taxable valuation.

<sup>1</sup> NOTE: Section 57-02-08.1 was also amended by section 1 of Senate Bill No. 2360, chapter 545.

- to a maximum reduction of one thousand six hundred dollars of taxable valuation.
- c. If the person's income is in excess of eight thousand five hundred dollars and not in excess of ten thousand dollars, a reduction of sixty percent of the taxable valuation of the person's homestead up to a maximum reduction of one thousand two hundred dollars of taxable valuation.
  - d. If the person's income is in excess of ten thousand dollars and not in excess of eleven thousand five hundred dollars, a reduction of forty percent of the taxable valuation of the person's homestead up to a maximum reduction of eight hundred dollars of taxable valuation.
  - e. If the person's income is in excess of eleven thousand five hundred dollars and not in excess of thirteen thousand dollars, a reduction of twenty percent of the taxable valuation of the person's homestead up to a maximum reduction of four hundred dollars of taxable valuation.

In no case may a husband and wife who are living together both be entitled to the credit as provided for in this subsection upon their homestead. The provisions of this subsection may not reduce the liability of any person for special assessments levied upon any property. Any person eligible for the exemption herein provided shall sign a statement that the person is sixty-five years of age or older or is permanently and totally disabled, that the person's income, including that of any dependent, as determined in this chapter does not exceed thirteen thousand dollars per annum and that the value of the person's assets, excluding the value of the person's "homestead" as defined in section 47-18-01, does not exceed fifty thousand dollars including the value of any assets divested within the last three years. The term "dependent" includes the spouse, if any, of the person claiming the exemption. The assessor shall attach the statement to the assessment sheet and shall show the reduction on the assessment sheet. All benefits available in this section terminate at the end of the taxable year of the death of the applicant.

2. Any person sixty-five years of age or older, or any person who is permanently and totally disabled as certified by a licensed physician ~~selected~~ approved by the local governing body, with an income of thirteen thousand dollars or less per annum from all sources, including the income of any dependent person, including any county, state, or federal public assistance benefits, social security, or other retirement benefits, but excluding any federal rent subsidy, and who rents living quarters is eligible for refund for that part of the annual rent which is deemed by this subsection to constitute the payment of property tax and which is further deemed to represent a burdensome share of his income. For the purpose of this subsection, twenty percent of the annual rent, exclusive of any federal rent subsidy and of charges for any utilities, services, furniture, furnishings, or personal property appliances furnished by the landlord as part of the rental agreement, whether or not expressly set out in the rental agreement, must be considered as payment made for property tax. When any part of the twenty percent of the annual rent exceeds four percent of the annual income of a qualified applicant, said applicant shall receive a refund from the state general fund for that amount in

excess of four percent of the person's annual income, but the refund may not be in excess of two hundred thirty dollars. If the calculation for the refund is less than five dollars, a minimum of five dollars must be sent to the qualifying applicant. In no case may a husband and wife who are living together both be entitled to the refund as provided for in this subsection. Each application for refund under this subsection must be made to the tax commissioner before the first day of June of each year by the person claiming the refund, but the tax commissioner may grant an extension of time to file an application for good cause. The tax commissioner shall certify to the state treasurer the amount of the refund due, if any, and the state treasurer shall issue the refund from the state general fund to the applicant. In no case may this subsection apply to rents or fees paid by a person for any living quarters, including a nursing home licensed pursuant to section 23-16-01, if that living quarter has been declared exempt from property taxation and is not making a payment in lieu of property taxes.

3. All forms necessary to effectuate this section must be prescribed and designed by the tax commissioner who shall annually distribute an adequate supply of them to each county director of tax equalization. The county directors of tax equalization shall make these forms available upon request.
4. In determining a person's income for eligibility under this section, the amount of medical expenses actually incurred by that person or any dependent person and not compensated for by insurance or otherwise must be deducted. For purposes of this section, the term "medical expenses" has the same meaning as it has for state income tax purposes.
5. No person whose homestead as defined in section 47-18-01 is a farm structure exempt from taxation under subsection 15 of section 57-02-08 may receive any property tax credit under this section.
6. For the purposes of this section, "permanently and totally disabled" means the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or has lasted or can be expected to last for a continuous period of not less than twelve months.

### POLITICAL SUBDIVISION OPTIONAL LEVIES

AN ACT providing optional property tax levy increase authority for political subdivisions and providing limitations on that authority; and to provide an effective date and an expiration date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. Protection of taxpayers and taxing districts.** Each taxing district may levy the lesser of the amount in dollars as certified in the budget of the governing body, or the amount in dollars as allowed in this section, subject to the following:

1. No taxing district may levy more taxes expressed in dollars than the amounts allowed by this section.
2. For purposes of this section, "base year" means the taxing district's taxable year with the highest amount levied in dollars in property taxes of the three taxable years immediately preceding the budget year and "budget year" means the taxing district's year for which the levy is being determined under this section.
3. For taxable year 1993, a taxing district may elect to levy at most three percent more than the amount levied in dollars in the base year. For taxable year 1994, a taxing district may elect to levy at most two percent more than the amount levied in dollars in the base year. Any levy of a percentage increase under this section must be specifically approved by a resolution approved by the governing body of the taxing district. Before adding the increase, the dollar amount levied in the base year must be:
  - a. Reduced by an amount equal to the sum determined by the application of the base year's mill rate for that taxing district to the final base year taxable valuation of any property that is not included in the assessment for the budget year but was included in the assessment for the base year.
  - b. Increased by an amount equal to the sum determined by the application of the base year's mill rate for that taxing district to the final budget year taxable valuation of any property that was not included in the assessment for the base year but which is included in the assessment for the budget year.
  - c. Reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district.

4. A taxing district may levy an amount in dollars equal to the amount levied in any of the previous three years reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district and increased by an amount equal to the sum determined by the application of any unused mill levy authority from that year, which was authorized by law or by the electors of that taxing district but not levied for that year, to the budget year taxable valuation of the taxable property in that taxing district. A taxing district electing to increase its levy under this subsection may not add the percentage increase permitted by subsection 3 to the amount levied under this subsection.
5. In addition to any other increase under this section, a taxing district may increase its levy in dollars to reflect new or increased mill levies authorized by the legislative assembly or authorized by the electors of the taxing district.
6. Under the provisions of this section a taxing district may supersede any applicable mill levy limitations otherwise provided by law, or a taxing district may levy up to the mill levy limitations otherwise provided by law without reference to this section, but the provisions of this section do not apply to the following:
  - a. Any irrevocable tax to pay bonded indebtedness levied pursuant to section 16 of article X of the Constitution of North Dakota.
  - b. The one-mill levy for the state medical center authorized by section 10 of article X of the Constitution of North Dakota.
7. A school district choosing to increase its levy authority under this section may apply the allowable percentage increase only to the amount in dollars levied for general fund purposes under section 57-15-14 or, if the levy in the base year included separate general fund and special fund levies under sections 57-15-14 and 57-15-14.2, the school district may apply the allowable percentage increase to the total amount levied in dollars in the base year for both the general fund and special fund accounts. School district levies under any section other than section 57-15-14 may be made within applicable limitations but those levies are not subject to the allowable percentage increase under this section.
8. Optional levies under this section may be used by any city or county that has adopted a home rule charter unless the provisions of the charter supersede state laws related to property tax levy limitations.

**SECTION 2. EFFECTIVE DATE - EXPIRATION DATE.** This Act is effective for the first two taxable years beginning after December 31, 1992, and is thereafter ineffective.

### TAX LIABILITY AND LIENS

AN ACT to create and enact two new sections to chapter 57-36, two new sections to chapter 57-43.1, and two new sections to chapter 57-43.2 of the North Dakota Century Code, relating to corporate officer liability and tax liens.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** A new section to chapter 57-36 of the North Dakota Century Code is created and enacted as follows:

**Corporate officer liability.** If a corporation holding a license issued under this chapter fails for any reason to file the required returns or to pay the tax due, any of its officers having control or supervision of, or charged with the responsibility for making, such returns and payments is personally liable for the failure. The dissolution of a corporation does not discharge an officer's liability for a prior failure of the corporation to make a return or remit the tax due. The sum due for such a liability may be assessed and collected under the provisions of this chapter for the assessment and collection of other liabilities.

**SECTION 2.** A new section to chapter 57-36 of the North Dakota Century Code is created and enacted as follows:

#### **Lien of tax - Collection - Action authorized.**

1. When a taxpayer liable to pay a tax or penalty imposed refuses or neglects to pay the tax, the amount, including any interest, penalty, or addition to the tax, together with the costs that may accrue in addition to the tax, is a lien in favor of the state of North Dakota upon all property and rights to property, whether real or personal, belonging to the taxpayer, and in the case of property in which a deceased taxpayer held an interest as joint tenant or otherwise with right of survivorship at the time of death, the lien continues as a lien against the property in the hands of the survivors to the extent of the deceased taxpayer's interest therein, which interest is determined by dividing the value of the entire property at the time of the taxpayer's death by the number of joint tenants or persons interested therein.
2. The lien attaches at the time the tax becomes due and payable and continues until the liability for the amount is satisfied. For the purposes of this section the words "due" and "due and payable" mean the first instant at which the tax becomes due.
3. To preserve the lien against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any property situated in a county, the commissioner shall file a notice of the

lien with the register of deeds of the county in which the property is located.

4. The register of deeds of each county shall prepare and keep in the register of deed's office a book known as "index of tax liens", so ruled as to show in appropriate columns all of the following data, under the names of taxpayers, arranged alphabetically:
  - a. The name of the taxpayer.
  - b. The name "state of North Dakota" as claimant.
  - c. The time notice of lien was received.
  - d. The date of notice.
  - e. The amount of lien when due.
  - f. The date of satisfaction.

The register of deeds shall endorse on each notice of lien the day, hour, and minute when received and preserve the same, and shall index the notice in the index book and the lien is effective from the time of indexing.

5. The commissioner is exempt from the payment of the filing fees as otherwise provided by law for the filing of a lien or the satisfaction of a lien.
6. Upon payment of a tax as to which the commissioner has filed notice with the register of deeds, the commissioner shall file with the register of deeds a satisfaction of tax and the register of deeds shall enter the satisfaction on the notice on file and indicate the fact on the index.
7. Upon the request of the commissioner, the attorney general shall bring an action at law or in equity, as the facts may justify, without bond to enforce payment of any taxes and any penalties, or to foreclose the lien in the manner provided for mortgages on real or personal property, and in the action the attorney general shall have the assistance of the state's attorney of the county in which the action is pending.
8. The foregoing remedies of the state are cumulative and no action taken by the commissioner or attorney general may be construed to be an election on the part of the state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy provided by law.

**SECTION 3.** A new section to chapter 57-43.1 of the North Dakota Century Code is created and enacted as follows:

**Corporate officer liability.** If a corporation holding a license issued under this chapter fails for any reason to file the required returns or to pay the tax due, any of its officers having control or supervision of, or charged with the responsibility for making, such returns and payments is personally liable for the failure. The dissolution of a corporation does not discharge an officer's liability for a prior failure of the corporation to make a return or remit the tax due. The sum due for such a liability may be assessed and collected under the provisions of this chapter for the assessment and collection of other liabilities.

**SECTION 4.** A new section to chapter 57-43.1 of the North Dakota Century Code is created and enacted as follows:

**Lien of tax - Collection - Action authorized.**

  - e. The amount of lien when due.
  - f. The date of satisfaction.

The register of deeds shall endorse on each notice of lien the day, hour, and minute when received and preserve the same, and shall index the notice in the index book and the lien is effective from the time of indexing.

5. The commissioner is exempt from the payment of the filing fees as otherwise provided by law for the filing of a lien or the satisfaction of a lien.
6. Upon payment of a tax as to which the commissioner has filed notice with the register of deeds, the commissioner shall file with the register of

7. Upon the request of the commissioner, the attorney general shall bring an action at law or in equity, as the facts may justify, without bond to enforce payment of any taxes and any penalties, or to foreclose the lien in the manner provided for mortgages on real or personal property, and in the action the attorney general shall have the assistance of the state's attorney of the county in which the action is pending.

AN ACT to create and enact a new chapter to title 57 of the North Dakota Century Code, relating to taxation of department of transportation highway contracts; and to provide an expiration date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** A new chapter to title 57 of the North Dakota Century Code is created and enacted as follows:

**Tax levied.** There is hereby levied, in addition to all other taxes imposed by law, and must be paid and collected, as herein provided, a privilege or license tax against the contractor on account of the business activities engaged in and in the amount to be determined by the application of rates against gross receipts, as follows: upon every contractor an amount equal to five percent of the gross receipts derived from performance of highway contracts.

**Definitions.** As used in this chapter:

1. "Contractor" includes every person, firm, or corporation and its assigns entering into any highway contract.
2. "Gross receipts" includes only those amounts derived and received by the contractor from the performance of contracts, including any additional amounts paid to the contractor for cost adjustments to a highway contract which may include fuels, materials, or labor.
3. "Highway contract" means a contract with the department of transportation for the stockpiling of materials or the construction, reconstruction, maintenance, or repair of a highway on the state system which is funded wholly or in part from the state highway fund and does not include any funding, immediate or subsequent, from any political subdivision of this state.

**Proceeds.** The proceeds of the taxes levied by this chapter must be paid by the contractor to the tax commissioner within thirty days of receipt of the proceeds for performance of a highway contract, and must be dedicated to the state highway fund and may be used solely for the payment of principal and interest on any loan or loans obtained by the department of transportation for the purpose of repaying federal highway funds advanced to the state under section 1054 of the Intermodal Surface Transportation Efficiency Act of 1991 [Pub. L. 102-240; 105 Stat. 1914; 23 U.S.C. 120, note].

**Collection.** The taxes imposed pursuant to this chapter constitute a debt due the state and may be collected by civil action, in addition to all other methods

provided by law and in this chapter. The taxes, together with interest and penalties, shall constitute and be secured by a lien upon the property of any person from whom taxes are due or who are required to pay taxes. All provisions of the tax laws of this state which apply to the enforcement of liens for license taxes and bonding taxes due the state apply fully to the collection of the taxes levied in this chapter, and the tax commissioner shall collect these taxes and enforce this chapter and shall have and exercise for collection and enforcement all rights and remedies that this state or the tax commissioner has for collection of the state sales tax. All provisions of the state sales tax, with respect to definitions, except the definition of "gross receipts" contained therein, payment and assessment of the state sales tax, making of reports and keeping and preserving records, interest after the due date of tax, penalties for failure to pay tax or otherwise complying with the state sales tax statutes, the promulgation of rules, and the administration and enforcement of the state sales tax statutes, which are not inconsistent with the provisions of this chapter when applied to the tax levied, apply to the tax levied in this chapter. The tax commissioner shall have and exercise the same powers, duties, and obligations with respect to the taxes levied in this chapter as are imposed on the tax commissioner by the state sales tax statutes. All provisions of the state sales tax statutes that are made applicable in this chapter to the taxes levied and to the administration of this section are incorporated by reference and made a part as if fully set forth in this chapter; provided, that the provisions of the state sales tax with respect to the collection by the taxpayer of the tax levied do not apply, the taxes levied being levied against the person required to pay the tax to the state.

**SECTION 2. EXPIRATION DATE.** This Act is effective until the loan or loans obtained by the department of transportation for the purpose of repaying federal highway funds advanced to the state under section 1054 of the Intermodal Surface Transportation Efficiency Act of 1991 [Pub. ### WORKED-OVER WELL EXEMPTION

AN ACT to amend and reenact section 57-51.1-02 and subsection 4 of section 57-51.1-03 of the North Dakota Century Code, relating to application of the oil extraction tax to oil produced from a well that was worked over; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 57-51.1-02 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**57-51.1-02. Imposition of oil extraction tax.** There is hereby imposed an excise tax, to be known as the "oil extraction tax", upon the activity in this state of extracting oil from the earth, and every owner, including any royalty owner, of any part of the oil extracted shall be deemed for the purposes of this chapter to be engaged in the activity of extracting that oil. The rate of tax shall be six and one-half percent of the gross value at the well of the oil extracted, except that for oil produced from wells drilled and completed after April 27, 1987, and not otherwise exempt under section 57-51.1-03, for oil produced from a secondary or tertiary recovery project that was certified as qualifying by the industrial commission before July 1, 1991, for oil that does not qualify as incremental oil but is produced from a secondary or tertiary recovery project that is certified as qualifying by the industrial commission after June 30, 1991, and for incremental oil produced from a secondary or tertiary recovery project that is certified as qualifying by the industrial commission after June 30, 1991, and which production is not otherwise exempt under section 57-51.1-03, or for oil produced from a well that receives an exemption pursuant to subsection 4 of section 57-51.1-03 after June 30, 1993, and which production is not otherwise exempt under section 57-51.1-03, the rate of tax shall be four percent of the gross value at the well of the oil extracted. However, if the average price of a barrel of crude oil for any consecutive five-month period in any year is thirty-three dollars or more, then the rate of tax for the following months on all taxable wells is six and one-half percent of the gross value at the well of the oil extracted. However, if after the aforementioned trigger provision becomes effective, the average price of a barrel of crude oil is less than thirty-three dollars for any consecutive five-month period in any year, the rate of tax reverts to four percent of the gross value at the well of the oil extracted for any wells drilled and completed after April 27, 1987, and not otherwise exempt under section 57-51.1-03, and for a qualifying secondary recovery project or for a qualifying tertiary recovery project.

**SECTION 2. AMENDMENT.** Subsection 4 of section 57-51.1-03 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

4. The production of oil from a qualifying well that was worked over is exempt from any taxes imposed under this chapter for a period of twelve months, beginning with the first day of the third calendar month after the completion of the work-over project. The exemption provided by this subsection is only effective if the well operator files a notice of intention to begin a work-over project with the industrial commission prior to commencement of the project and establishes to the satisfaction of the industrial commission upon completion of the project that the cost of the project exceeded ~~either a minimum of sixty-five thousand dollars or a minimum of thirty thousand dollars~~ if production is increased at least fifty percent during the first two months after completion of the project. A qualifying well under this subsection is a well with an average daily production of no more than fifty barrels of oil during the latest six calendar months of continuous production prior to the filing of the notice required by this subsection. A work-over project under this subsection means the continuous employment of a work-over rig, including recompletions and reentries. The exemption provided by this subsection becomes ineffective if the average price of a barrel of crude oil for any consecutive five-month period in any year is thirty-three dollars or more. However, the exemption is reinstated if, after the aforementioned trigger provision becomes effective, the average price of a barrel of crude oil is less than thirty-three dollars for any consecutive five-month period in any year.

**SECTION 3. EFFECTIVE DATE.** This Act is effective for taxable periods beginning after June 30, 1993.

### SEVERANCE TAX COUNTIES' ALLOCATION

AN ACT to amend and reenact subdivision b of subsection 2 of section 57-62-02 of the North Dakota Century Code, relating to allocation of coal severance tax revenues between a coal-producing county and a non-coal-producing county; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Subdivision b of subsection 2 of section 57-62-02 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

- b. If the tipple of a currently active coal mining operation in a county is within fifteen miles [24.14 kilometers] of another county in which no coal is mined, the revenue from the production not exceeding the production limitation in a calendar year which is apportioned from that coal mining operation according to this subsection must be allocated, subject to the definitions of terms and the requirements in paragraph 4, as provided in this subdivision. For purposes of this subdivision, the production limitation is three million eight hundred thousand tons [3447302.02 metric tons] through calendar year 1995, three million six hundred thousand tons [3265865.07 metric tons] in calendar years 1996 and 1997, and three million four hundred thousand tons [3084428.12 metric tons] in calendar years after 1997. Revenue from production exceeding the production limitation in a calendar year from that coal mining operation must be allocated only within the coal-producing county under subdivision a. Allocations under this subdivision must be made as follows:
- (1) Thirty percent must be paid by the state treasurer to the incorporated cities of the coal-producing county and to any city of a non-coal-producing county when any portion of the city lies within fifteen miles [24.14 kilometers] of the tipple of the currently active coal mining operation in the coal-producing county, based upon the population of each incorporated city according to the last official regular or special federal census or the census taken in accordance with the provisions of chapter 40-02 in case of a city incorporated subsequent to such census.
  - (2) Forty percent must be divided by the state treasurer between the general fund of the coal-producing county and the general fund of any non-coal-producing county when any portion of the latter county lies within fifteen miles [24.14 kilometers] of the tipple of the currently active coal mining operation in the

coal-producing county. The non-coal-producing county portion must be based upon the ratio which the assessed valuation of all quarter sections of land in that county, any portion of which lies within fifteen miles [24.14 kilometers] of the tipple of the currently active coal mining operation, bears to the combined assessed valuations of all land in the coal-producing county and the quarter sections of land in the non-coal-producing county within fifteen miles [24.14 kilometers] of the tipple of the currently active coal mining operation. The county director of tax equalization of the coal-producing county shall certify to the state treasurer the number of quarter sections of land in the non-coal-producing counties which lie at least in part within fifteen miles [24.14 kilometers] of the tipple of the currently active coal mining operation and their assessed valuations.

- (3) Thirty percent must be apportioned by the state treasurer to school districts within the coal-producing county and to school districts in adjoining non-coal-producing counties when a portion of those school districts' land includes any of the quarter sections of land certified by the director of tax equalization to the state treasurer to be eligible to share county funds as provided for in paragraph 2. The county superintendent of the non-coal-producing counties shall certify to the state treasurer the number of students actually residing on these quarter sections lying outside the coal-producing county and each school district in non-coal-producing counties shall receive a portion of the money under this paragraph based upon the ratio of the number of children residing on quarter sections of that school district within the fifteen-mile [24.14-kilometer] radius of the tipple of a currently active coal mining operation to the total number of schoolchildren from the coal-producing county combined with all the schoolchildren certified to be living on quarter sections within fifteen miles [24.14 kilometers] of the tipple of the currently active coal mining operation in the coal-producing county.
- (4) For the purposes of this ~~subdivision~~ subsection:
  - (a) The terms "currently active coal mining operation in a county", "currently active coal mining operation in the coal-producing county", and "currently active coal mining operation" mean a coal mining operation that produced more than one hundred fifty thousand tons [136077.71 metric tons] of coal in a coal-producing county during the prior quarterly period.
  - (b) The term "coal-producing county" means a county in which more than one hundred fifty thousand tons [136077.71 metric tons] of coal were mined in the prior quarterly period.
  - (c) The term "another county in which no coal is mined" means a county in which not more than seventy-five thousand tons [68038.86 metric tons] of coal were mined in the prior quarterly period.

- (d) The terms "non-coal-producing county" and "non-coal-producing counties" mean any county in which not more than seventy-five thousand tons [68038.86 metric tons] of coal were mined in the prior quarterly period.
- (e) In computing each amount to be paid as provided in paragraph 1, 2, or 3 for coal severance tax revenue from coal mined during a monthly period, the state treasurer shall deduct from the allocation the amount of coal severance tax revenue, if any, that the governmental body in the non-coal-producing county received from the coal mined in the non-coal-producing county during the same monthly period.

### TRUSTEES' INVESTMENT STANDARD

AN ACT to amend and reenact section 59-02-08 of the North Dakota Century Code, relating to adoption of a "prudent investor" standard for investment of funds by a trustee.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 59-02-08 of the North Dakota Century Code is amended and reenacted as follows:

**59-02-08. Investment of trust funds - ~~Failure to invest~~ Prudent investor rule.** ~~A trustee must invest money received by him under the trust, as fast as he collects a sufficient amount, in such manner as to afford reasonable security and interest for the same. If he fails so to do, he must pay simple interest thereon, if such omission is negligent merely, and compound interest if it is willful. A trustee is under a duty to the beneficiaries to invest and manage the funds of a trust as a prudent investor would, in light of the purposes, terms, distribution requirements, and other circumstances of the trust. The "prudent investor rule" means that in making investments, the fiduciaries shall exercise the judgment and care, under the circumstances and then prevailing, that an institutional investor of ordinary prudence, discretion, and intelligence exercises in the management of large investments entrusted to it, not in regard to speculation, but in regard to the permanent disposition of funds, considering probable safety of capital as well as probable income. This standard requires the exercise of reasonable care, skill, and caution, and is to be applied to investments not in isolation, but in the context of the trust portfolio and as a part of an overall investment strategy, which should incorporate risk and return objectives reasonably suitable to the trust.~~

**SECTION 1. AMENDMENT.** Section 59-04-15 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**59-04-15. Powers and duties of trustee.**

1. Every act of the trustee in contravention of the terms of the trust and statute is absolutely void except where the district or county court having jurisdiction and supervision of the administration of the trust, by order, on notice and hearing as provided in this chapter, authorizes the trustee to sell, mortgage, pledge, lease, or otherwise dispose of or invest trust property in the manner as best may accomplish the object and purpose of the trust, where it is made to appear to the satisfaction of the court that the order is necessary and for the best interests or benefit of the trust estate or person or persons beneficially interested in the trust estate, or who thereafter may acquire an interest in the trust estate, and where it is further established to the satisfaction of the court that the trust instrument is lacking in specific and adequate directions as to the disposition or investment of trust property, or that strict compliance with the terms of the instrument will tend to destroy the trust estate or create losses of principal or income.
2. Unless otherwise provided by the terms of the trust or an order in a supervised proceeding, a trustee acting reasonably for the benefit of the beneficiaries may exercise the powers granted to a personal representative under section 30.1-18-15.
3. A trust agreement may grant the powers of section 30.1-18-15, as those powers exist on the date of signing the agreement, to a trustee by a specific reference to section 30.1-18-15 and the powers relating to investment under sections 6-05-15, 6-05-15.1, and 6-05-15.2.

### DREDGED AND FILL MATERIAL DISPOSAL

AN ACT to regulate the disposal of dredged and fill material in certain waters of the state of North Dakota; to provide a penalty; and to provide an effective date.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. Definitions.** The state engineer shall adopt definitions that are consistent with federal law for, among other words: "dredged material", "fill material", "general permit", "person", "waters of the state", and "wetlands".

**SECTION 2. Powers.** The state engineer has the following powers:

1. To exercise general supervision of the administration and enforcement of this chapter and all rules and orders adopted pursuant to this chapter.
2. To advise, consult, and cooperate with other agencies of the state, the federal government, and other states and interstate agencies, and with affected groups, political subdivisions, and industries in furtherance of the purposes of this chapter.
3. To accept and administer loans and grants from the federal government and from other sources, public or private, for carrying out any of its functions, which loans and grants may not be expended for other than the purposes for which provided.
4. To enter upon or through permittee's premises where dredged or fill material is discharged, after written notice to the permittee. Such power may be exercised by authorized agents, representatives, and employees of the state engineer.
5. To exercise all incidental powers necessary to carry out the purposes of this chapter.
6. To make rules governing the application, issuance, denial, modification, or revocation of permits for the discharge of dredged or fill material into waters of the state and for the administration of the chapter.
7. To hold any hearings necessary for the administration of this chapter.
8. To initiate actions in court for the enforcement of this chapter including actions to enjoin any threatened or continuing violation of any requirement.
9. To issue administrative orders to restrain any person from engaging in any unauthorized activity.

10. To take all action necessary or appropriate to secure to the state the benefits of section 404 of the Clean Water Act [33 U.S.C. 1344].

**SECTION 3. Permits - Certification from state department of health and consolidated laboratories required.** The state engineer may not issue a permit under this Act without a certification from the state department of health and consolidated laboratories that the permitted activity will not adversely affect water quality.

**SECTION 4. Specification of disposal sites.** The state engineer shall specify a disposal site for each permit issued. Each disposal site must be specified for each permit through application of rules adopted by the state engineer. The rules must be consistent with federal law. The state engineer may prohibit the specification of any defined area as a disposal site, withdraw any defined area from specification as a disposal site, or deny or restrict the use of any defined area for specification as a disposal site whenever the state engineer determines, after notice and opportunity for public hearing, that the discharge of dredged or fill materials will have an unacceptable adverse effect on municipal water supplies, shellfish beds and fishery areas, wildlife, or recreational areas.

**SECTION 5. Discharge of dredged or fill material - Permit required - Exceptions.**

1. Except as otherwise provided by this Act, no person may discharge dredged or fill material into waters of the state unless that person has a permit from the state engineer. No person may discharge dredged or fill material in violation of a permit. A permit is not required for:
  - a. The discharge of dredged or fill material when an activity is authorized by a general permit issued pursuant to section 6 of this Act;
  - b. Normal farming, silviculture, and ranching activities such as plowing, seeding, cultivating, minor drainage, harvesting for the production of food, fiber, and forest products, or upland soil and water conservation practices;
  - c. Maintenance, including emergency reconstruction of recently damaged parts, of currently serviceable structures such as dikes, dams, levies, groins, riprap, breakwaters, causeways, bridge abutments or approaches, and transportation structures, which does not change the character, scope, or size of the original fill design;
  - d. Construction or maintenance of farm or stock ponds or irrigation ditches, or the maintenance of drainage ditches;
  - e. Construction of temporary sedimentation basins on a construction site which does not include placement of fill material into waters of the state;
  - f. Construction or maintenance of farm roads or forest roads, or temporary roads for moving mining equipment, where such roads are constructed and maintained, in accordance with best management practices, to assure that flow and circulation patterns and chemical and biological characteristics of the waters of the state are not

impaired, that the reach of the waters of the state is not reduced, and that any adverse effect on the aquatic environment will be otherwise minimized; or

- g. The placement of fill material associated with activities which the state regulates by requiring best management practices under chapter 61-28.
2. Any discharge of dredged or fill material into waters of the state incidental to any of the activities identified in subdivisions a through g of subsection 1 must have a permit if it is part of an activity whose purpose is to convert an area of waters of the state into a use to which it was not previously subject, where the flow or circulation of waters of the state may be impaired or the reach of such waters reduced, or if the discharge contains a toxic pollutant. Where the proposed discharge will result in significant discernible alterations to flow or circulation, the presumption is that flow or circulation may be impaired by such alteration.

#### **SECTION 6. General permits.**

1. In carrying out the functions relating to the discharge or dredged or fill material, the state engineer may, after notice and opportunity for public hearing, issue general permits on a state or regional basis for any category of activities involving discharges of dredged or fill material if the state engineer determines that the activities in the category are similar in nature, will cause only minimal adverse environmental effects when performed separately, and will have only minimal accumulative adverse effects on the environment. Any general permit issued under this section must set forth the requirements and standards which apply to any activity authorized by the general permit. General permits must be issued pursuant to rules adopted by the state engineer which are consistent with federal law.
2. A general permit may be revoked or modified by the state engineer if, after opportunity for public hearing, the state engineer determines that the activities authorized by the general permit have an adverse impact on the environment or such activities are more appropriately authorized by individual permits.
3. The state engineer may require an individual permit for any proposed activity under a general permit where the nature or location of the activity makes an individual permit more appropriate.

**SECTION 7. Emergency permits.** The state engineer may issue a temporary emergency permit for the discharge of dredged or fill material if unacceptable harm to life or severe loss of physical property is likely to occur before a permit could be issued or modified under procedures normally required.

**SECTION 8. Permit application - Notice - Hearing.** Any person desiring to discharge dredged or fill material for which a permit is required shall file an application with the state engineer. The application must be on a form prescribed by the state engineer and must include information required by the state engineer. The state engineer may issue a permit after notice and opportunity for public

hearing. Within fifteen days of receipt all the information required to complete an application for a permit, the state engineer shall publish the notice.

**SECTION 9. Proceedings.**

1. Any proceeding to determine compliance or violation of the provisions of this chapter, or any rule, order, or condition in a permit issued pursuant to this chapter by the state engineer must be conducted in accordance with chapter 28-32.
2. Any person claiming to be aggrieved or adversely affected by actions taken or by any rule or order issued pursuant to this chapter may request a hearing by the state engineer if no hearing on the matter resulting in the action has been held. If a hearing has been held, the person claiming to be aggrieved or adversely affected may petition for reconsideration and may appeal in accordance with chapter 28-32.

**SECTION 10. Penalties.** The state engineer may assess or sue to recover civil penalties and seek criminal remedies as provided in this section.

1. The state engineer may assess or recover civil penalties for discharges of dredged or fill material without a required permit or in violation of any permit condition of up to five thousand dollars per day of such violation.
2. The state engineer may seek criminal fines against any person who willfully or with criminal negligence discharges dredged or fill material without a required permit or violates any permit condition issued under this chapter of up to ten thousand dollars per day of such violation.
3. The state engineer may seek criminal fines against any person who knowingly makes a false statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained under this chapter or any rules adopted pursuant to this chapter, or falsifies, tampers with, or knowingly renders inaccurate any monitoring device or method required to be maintained under the permit of up to five thousand dollars for each instance of violation.

**SECTION 11. Restoration.** In lieu of or in addition to the penalties authorized under section 10 of this Act, the state engineer may require restoration of areas in which dredged or fill material has been illegally discharged. If the state engineer determines that any person has discharged dredged or fill material without a permit or in violation of any permit condition, the state engineer shall notify the person by registered or certified mail. The notice must specify the nature and extent of noncompliance and state that the area in which the dredged or fill material is located must be restored to the satisfaction of the state engineer within thirty days of receipt of the notice. If the area is not restored as required, the state engineer shall cause the restoration of the area and assess the cost of the restoration against the person or persons responsible for the illegal discharge.

**SECTION 12. EFFECTIVE DATE.** This Act becomes effective on the date the state engineer certifies to the governor and the secretary of state that the state has received approval from the United States environmental protection agency to assume the program under section 404 of the Clean Water Act and that adequate funds have been made available from the federal government or other sources to fund the program

established pursuant to this Act, as determined by the state engineer and approved by the emergency commission. The secretary of state shall forward a copy of the state engineer's certification to the legislative council, with a notation indicating the effective date of this Act.

**SECTION 4. AMENDMENT.** Section 65-01-11 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

<sup>1</sup> **65-01-11. Burden of proof in compensation matters - Death certificate.** If the bureau or an employer claims that an employee is not entitled to the benefits of the North Dakota Workers' Compensation Law by reason of the fact that the employee's injury was caused by the employee's willful intention to injure himself, or to injure another, or by reason of the voluntary ~~intoxication of impairment caused by use of alcohol or illegal use of a controlled substance by~~ the employee, the burden of proving such exemption or forfeiture is upon the bureau or upon the person alleging the same; however, a blood alcohol concentration level at or above the ~~legal intoxication limit as defined in subsection 3 of section 39-20-07 set by the United States secretary of transportation in 49 CFR 383.52 or a level of an illegally used controlled substance sufficient to cause impairment found by a test required by a physician, qualified technician, chemist, or registered nurse and performed as required by the United States secretary of transportation under 49 CFR part 40, at or above the cutoff level in part 40,~~ creates a rebuttable presumption that the injury was due to ~~intoxication impairment caused by the use of alcohol or the illegal use of a controlled substance.~~ An employer or a doctor who has reasonable grounds to suspect an employee's alleged work injury was caused by the ~~employee's voluntary impairment caused by use of alcohol or illegal use of a controlled substance may request that the employee undergo testing to determine if the employee had alcohol or the controlled substance in the employee's system at levels greater than the limit set by the United States department of transportation at the time of the injury. If an employee refuses to submit to a reasonable request to undergo a test to determine if the employee was impaired, the employee forfeits all entitlement to workers' compensation benefits arising out of that injury.~~ Any claimant against the fund, however, has the burden of proving by a preponderance of the evidence that the claimant is entitled to participate in the same. In the event of a claim for death benefits the official death certificate must be considered as evidence of death and may not be used to establish the cause of death. If the employee can prove by a preponderance of the evidence, within one year of a denial

~~65-02-15. Workers' compensation binding arbitration panel—Membership - Qualified arbitrator - Regions. The bureau shall establish four regional listings of persons who may serve as arbitrators for workers' compensation proceedings. Each regional listing must contain an equal number of names submitted to the director by an organization, statewide in scope, which, through its affiliates, embraces a cross section and a majority of the organized labor of the state; an equal number of names submitted to the director by a recognized statewide organization of employers, representing a majority of employers; and a similarly equal number of names selected by the bureau from applications by interested persons throughout the state who demonstrate the unique ability, experience, and qualifications to serve as arbitrators. Each list must be revised every three years. The people whose names appear on a regional listing must reside in that region. When a disputed claim is submitted for binding arbitration, the employee shall select a name from the appropriate regional list that was submitted by the labor organization; the employer shall select a name from the appropriate regional list that was submitted by the statewide organization of employers or shall designate the bureau to do so; and the selected employee and employer representatives shall select a name from the appropriate regional list of those individuals who have been selected to serve as arbitrators based upon their experience and ability. The bureau shall divide the state into four regions for the purpose of holding arbitration proceedings. The appropriate region is the region in which the employee resides. If the employee resides out of state, the appropriate region is the region of the situs of employment. As an alternative selection procedure, by mutual agreement, the employee and the employer may designate themselves as the employee and employer representatives on the panel and together shall select the third panel member from the appropriate regional list of those individuals who have been selected to serve as arbitrators based upon their experience and ability. Panel members are entitled to remuneration for their services at a rate set by the bureau and to travel expenses at the rate in effect for state employees. The bureau shall provide staff services to the panel members. The salaries and expenses of the panel must be paid from money appropriated to the bureau for that purpose. The process for choosing arbitrators and qualifications for arbitrators must be outlined by rule. ~~65-02-17. Binding arbitration panel—Attorneys' fees. Following constructive denial of a claim or issuance of an administrative order under chapter 28-32 reducing or denying benefits, an aggrieved employee or employer may request that the action be submitted to binding arbitration before the workers' compensation binding arbitration panel in lieu of a formal administrative hearing or judicial remedy. The bureau shall pay, at an hourly rate established by the bureau, a claimant's attorneys' fees on claims submitted for binding arbitration. If the aggrieved employee elects not to submit the action to binding arbitration,~~

~~attorneys' fees may only be paid if the employee prevails~~ Binding arbitration is permitted only with the consent of the nonrequesting party.

A Immediately after payment is made, the bureau shall mail to the employer a receipt or certificate specifying that the payment has been made ~~must be mailed to the employer by the bureau immediately after the payment is made, and the~~. The receipt or certificate, attested by the seal of the bureau, is prima facie evidence of the payment of the premium. The bureau shall provide that premiums to be paid by school districts, townships, and all public corporations or agencies, except municipal corporations, fall due at the end of the fiscal year of that entity, and that premiums to be paid by all municipal corporations fall due at the end of the calendar year, and may make provisions so that premiums of other employers fall due on different or specified dates. For the purpose of effectuating different or specified due dates the bureau may carry new or current risks for a period of less than one year and not to exceed fifteen months, either by request of the employer or action of the bureau. An employer subject to this chapter shall display in a conspicuous manner at the workplace and in a sufficient number of places to reasonably inform employees of the fact, a certificate of premium payment showing compliance with this chapter and the toll-free telephone number used to report unsafe working conditions and actual or suspected workers' compensation fraud. Any employer subject to this chapter is liable to pay a civil penalty of two hundred fifty dollars for failure to display the notice of compliance and the toll-free telephone number as required by this section.

**SECTION 10. AMENDMENT.** Section 65-05-09.2 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**65-05-09.2. Retirement offset.** If ~~a claimant~~ an employee is entitled to permanent total disability benefits and social security retirement benefits under 42 U.S.C. sections 402 and 405, the aggregate wage-loss benefits payable under this title must be determined in accordance with this section. The employee's social security retirement offset must equal forty percent of the calculated ratio of the employee's average weekly wages, as calculated on the commencement of the first, or recurrent, disability under section 65-05-09, to the current state's average weekly wage. Any offset calculated cannot exceed forty percent of the employee's weekly social security retirement benefit. If a claim has been accepted on an aggravation basis and the ~~worker~~ employee is eligible for social security benefits, the bureau's offset must be proportionally calculated. An overpayment must be recouped in the same manner as set forth in section 65-05-09.1. ~~The provisions of this section are effective for workers who retire on or after July 1, 1989. This section applies to an employee who becomes entitled to and receives social security retirement benefits after June 30, 1989, or who receives social security retirement benefits that have been converted from social security disability benefits by the social security administration after June 30, 1989. A conversion by the bureau from offsetting an employee's social security disability benefits to offsetting an employee's social security retirement benefits under this section may not result in a decrease in the aggregate amount of benefits the employee receives from both sources.~~

In cases in which the extent of disability is disputed and resolved by agreement, the concept of reopening a disability claim due to significant change in medical condition is applicable ~~inapplicable~~.

**SECTION 12. LEGISLATIVE COUNCIL STUDY.** During the 1993-94 interim, the legislative council shall study the feasibility and desirability of replacing the workers' compensation permanent partial impairment benefit system with a permanent partial disability system and of requiring that the medical basis for certifying disability be established by medical evidence supported by objective medical findings and shall study the impact of consortium awards on third-party subrogation settlements and cases. The workers compensation bureau shall develop rules and procedures to implement a permanent partial disability system and present those rules and procedures to the legislative council or a designated committee for review as part of the interim study.

**65-02-20. Bureau to establish managed care program.** The bureau shall establish a managed care program with a third-party administrator to effect the best medical solution for an injured employee. The managed care system must allow for a third-party administrator to direct the program for medical care of the injured employee upon a finding by the bureau that the employee suffered a compensable injury. The managed care administrator shall operate according to guidelines adopted by the bureau to ensure that an injured employee receives appropriate medical treatment in a cost-effective manner. The managed care administrator shall assist the bureau in the medical management of claims within the bounds of workers' compensation law. If an employee, employer, or medical provider disputes the recommendation of the managed care administrator, the employee, employer, or medical provider may request binding dispute resolution on the recommendation. The bureau shall make rules providing for the procedures for dispute resolution. Dispute resolution under this section is not subject to chapter 28-32 or section 65-01-14 or 65-02-17. A dispute resolution decision under this section requested by a medical provider concerning payment for medical treatment already provided or a request for diagnostic tests or treatment is not reviewable by any court. A dispute resolution decision under this section requested by an employee is reviewable by a court only if medical treatment has been denied to the employee. A dispute resolution decision under this section requested by an employer is reviewable by a court only if medical treatment is awarded to the employee. The dispute resolution decision may be reversed only if the court finds that there has been an abuse of discretion by the dispute resolution panel. Any person providing binding dispute resolution services under this section is exempt from civil liability relating to the binding dispute resolution process and decision.

**WORKERS' COMPENSATION SOCIAL SECURITY OFFSET**

AN ACT to amend and reenact section 65-05-09.1 of the North Dakota Century Code, relating to social security offset against workers' compensation benefits.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. AMENDMENT.** Section 65-05-09.1 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**65-05-09.1. Social security offset.** When an injured employee, or spouse or dependent of an injured employee, is eligible for and is receiving permanent total or temporary total disability benefits under section 65-05-09, and is also eligible for, is receiving, or will receive, benefits under Title II of the Social Security Act [42 U.S.C. 423], the aggregate benefits payable under section 65-05-09 must be reduced, but not below zero, by an amount equal as nearly as practical to one-half of such federal benefit. The federal benefit, or primary insurance amount, must be determined by the social security administration. The amount to be offset must equal the primary insurance amount rounded to the next lowest dollar less credit for either the entire amount of attorneys' fees and costs, or the fees and costs paid to an authorized representative of the employee as allowed by the social security administration, withheld from past due social security benefits or paid directly by the claimant for representation before the social security administration. The amount of the offset computed by the bureau initially must remain the same throughout the period of eligibility and may not be affected by any increase or decrease in federal benefits.

Any injured employee, or dependent of an injured employee, receiving permanent total or temporary total disability benefits under section 65-05-09 and whose benefits are offset as provided herein, is not eligible for any escalation of benefits which would adversely affect the bureau's right to offset workers' compensation benefits against social security benefits, as provided for in this chapter. This offset will become effective on January 1, 1980, provided that it meets the criteria necessary to allow states to offset federal benefits under Title II of the Social Security Act [42 U.S.C. 424a]. Providing further that:

1. If the receipt of social security benefits results in an overpayment of temporary or permanent total disability benefits by the bureau, a refund of any overpayment must be made by the injured worker or that overpayment must be taken from future temporary total or permanent total disability benefits or permanent partial impairment awards, on the current claim or any future claim filed, at a recovery rate to be determined by the bureau.
2. If a claim has been accepted on an aggravation basis and the injured worker is eligible for social security benefits, the bureau's offset must be proportionally calculated.

3. If any person described in this section refuses to authorize the release of information concerning the amount of benefits payable under the Social Security Act, the bureau's estimate of the amount is deemed to be correct until the actual amount is established and no adjustment may be made for any period of time covered by the refusal.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. AMENDMENT.** Section 65-05.1-06.2 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**65-05.1-06.2. Bids for vocational rehabilitation services.** The bureau shall solicit bids from vocational rehabilitation vendors to provide services relative to vocational rehabilitation of claimants. The bureau shall contract with the lowest and best bidders to provide these services on ~~an annual~~ a biennial basis. The bureau shall determine the criteria that render a vocational rehabilitation vendor qualified. The request for bids must contain a detailed outline of services each vendor will be expected to provide. The accepted bid is binding upon both the bureau and the rehabilitation vendor. If additional services are determined to be necessary as a result of failed or inappropriate rehabilitation of an injured employee through no fault of the employee, the bureau may contract with the vendor for additional services. If the failure or inappropriateness of the rehabilitation of the injured employee is due to the vendor's failure to provide the necessary services to fulfill the contract, the bureau is not obligated to use that vendor for additional services on that claim and the bureau may refuse payment for a service that the vendor failed to perform which was a material requirement of the contract.

### OTHER STATES' BENEFITS

AN ACT to amend and reenact subsection 4 of section 65-08-01 of the North Dakota Century Code, relating to payment of workers' compensation benefits in another state.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Subsection 4 of section 65-08-01 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

4. An employer whose employment results in significant contacts with this state shall acquire workers' compensation coverage in this state unless a reciprocal agreement between the states is entered which provides that the other state will likewise recognize that an employment relationship entered into in this state is exempted from the application of the workers' compensation law of the other state. An employment has significant contacts with this state when (a) the employee earns or would have been expected to earn twenty-five percent or more of the employee's gross annual wage or income from that employer from services rendered in this state; or (b) if no employee earns twenty-five percent of the employee's gross annual income from that employment within this state, the employer's gross annual payroll in a calendar year in this state is at least one hundred thousand dollars. Under this subsection, an employee injured in this state may elect to file a claim in this state notwithstanding that the employee had another remedy in the state in which the employment was principally localized. ~~Benefits paid under the other state's workers' compensation law, however, bar benefits in this state, unless benefits pursuant to the other state's act are paid only to supplement benefits under this title. A claim filed under this subsection is subject to section 65-05-05. The time limits within which the bureau shall issue a decision on a claim, as specified in sections 65-01-14 and 65-02-08, do not begin to run for claims filed under this section until the first date the bureau may begin to process the claim as set forth in section 65-05-05.~~

HOUSE BILL NO. 1222

### WORKERS' COMPENSATION EXTRATERRITORIAL COVERAGE

AN ACT to create a North Dakota workers' compensation insurance company; to amend and reenact section 54-17-07 of the North Dakota Century Code, relating to the duties of the industrial commission; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Definitions. In sections 1 through 6 of this Act, unless the context otherwise requires:

1. "Company" means the workers' compensation insurance company or other organization established by the bureau to provide additional workers' compensation coverage.
2. "Employers' liability coverage" means an insurance product that provides coverage for injury-related claims suffered by an employee that are not covered by title 65.
3. "Extraterritorial workers' compensation coverage" means coverage provided under section 65-08-01.
4. "Incidental operations" means operations of an employer for fewer than thirty days in a state with which the employer has no other significant contacts.
5. "Other states insurance" means an insurance product that provides workers' compensation insurance coverage to an employer for that employer's employee while the employee is working at an incidental operation in a state in which the employee is eligible to file for workers' compensation benefits if the employee suffers a work-related illness or injury or dies as a result of work activities in that state.
6. "Principally localized" means the employer has a place of business in this state, the employee regularly works at or from that place of business, the employment contract is entered in that state, and in case of an employee leasing company, the company retains control over the employee and does not lease the employee to an out-of-state employer.

SECTION 2. Workers' compensation additional coverages. The bureau may establish a casualty insurance organization, organized as a stock or mutual company, a risk pool, a reciprocal exchange, a risk retention or purchasing group, or a reinsurer with the limited purpose of offering extraterritorial workers' compensation insurance coverage or other states' insurance. The casualty insurance organization may be established only upon the director's determination that the organization is needed to provide sufficient workers' compensation coverage for the

employees and employers of this state and upon the approval of the budget section of the legislative council. If a stock insurance company is established, the company shall meet the stock requirements of section 3 of this Act.

SECTION 3. Workers' compensation insurance company created - Stock requirements. The North Dakota workers compensation bureau may establish a stock insurance company to provide extraterritorial workers' compensation insurance, other states' insurance, and employer's liability insurance to North Dakota employers insured by the bureau. The capital stock and surplus for the company must be paid out of the workers' compensation fund. The company shall have capital stock of at least five hundred thousand dollars and a surplus of at least five hundred thousand dollars. The company may not issue an insurance policy until fifty percent of the required capital stock and all of the required surplus have been paid in, and the residue of capital stock must be paid in within twelve months from the time of filing the articles of incorporation. The bureau is the sole stockholder of the company. The company must be incorporated pursuant to the laws of this state and is subject to title 26.1 unless otherwise provided.

SECTION 4. Board of directors - Members. The board of directors of the company consists of the director of the workers compensation bureau and four persons appointed by the director. The director is the chairman of the board. The chairman shall appoint a secretary-treasurer for the board. Any member of the board may be removed at any time by the director.

SECTION 5. Workers' compensation insurance to be provided. The company shall provide extraterritorial workers' compensation insurance or other states' insurance to an employer who is insured by the North Dakota workers compensation bureau. The company may exclude coverage for a state with which the workers compensation bureau has a reciprocal agreement that recognizes an employer's workers' compensation coverage in the state in which the employer's business is principally localized as being sufficient or for a state whose workers' compensation coverage is provided through an exclusive state fund.

SECTION 6. Rates - Billing. The board shall set the rates to be charged by the company for additional workers' compensation coverage. The board may consult with the workers compensation bureau and its actuary in determining the appropriate rates. The company shall incorporate its billings with the billings of the bureau to ensure that an employer receives one billing that itemizes the charges for mandatory workers' compensation coverage and for the optional additional workers' compensation insurance.

SECTION 7. AMENDMENT. Section 54-17-07 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

54-17-07. Industries under the industrial commission - Income on deposits and investments. The industrial commission shall operate, manage, control, and govern all utilities, industries, enterprises, and business projects established, owned, undertaken, administered, or operated by the state of North Dakota, except those carried on in penal, charitable, or educational institutions or those conducted pursuant to sections 1 through 6 of this Act. All income earned on state moneys that are deposited or invested to the credit of the industrial commission or any agency, utility, industry, enterprise, or business project operated, managed, controlled, or governed by the industrial commission must be added to and become a part of such moneys.

**SECTION 8. EFFECTIVE DATE.** This Act becomes effective on January 1, 1994.

(Senator Evanson)

### STUDENT INFORMATION CONFIDENTIALITY

AN ACT to create and enact a new section to chapter 15-38 of the North Dakota Century Code, relating to confidentiality of student information.

VETO

March 16, 1993

The Honorable Rosemarie Myrdal  
President of the Senate  
Senate Chamber  
State Capitol  
Bismarck, ND 58505

RE: Senate Bill 2055

Dear President Myrdal,

I am returning Senate Bill 2055 pursuant to Article V Section 9 of the North Dakota Constitution, exercising my authority to veto the bill under North Dakota Law.

The bill was designed to alleviate apparent problems in our school systems, whereby a school counselor, or social worker, who is subject to confidentiality rules is unable to disclose information to the teacher about a particular student. The legislation purports to alleviate that problem by cloaking the teacher with similar confidentiality rules. I have several concerns and objections to the bill which follow:

1. The bill does not achieve its intended result. In other words, Senate Bill 2055 does not change the confidentiality rules that another person (a school counselor/social worker) is subject to, nor does it authorize another person to disclose confidential information to the teacher.
2. I believe the bill is a step in the wrong direction for our educational system. Specifically, I believe teachers should be allowed greater latitude with respect to the manner in which they deal with our children and the students of our state. This bill impedes the flexibility I believe teachers should have in performing their duties.
3. Confidentiality rules, if necessary, can be formulated administratively in the North Dakota Educators Code of Ethics.
4. The general rule of confidentiality has four fairly broad exemptions that raise concerns not addressed by the bill. For example, if the teacher incorrectly determines that one of the exceptions applies, then is the

teacher subject to fines, disciplinary action, or even civil liability to the student?

For these reasons, I veto Senate Bill 2055, and respectfully return it to the Senate.

Sincerely,

Edward T. Schafer  
Governor

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1.** A new section to chapter 15-38 of the North Dakota Century Code is created and enacted as follows:

**Confidentiality of student information.** No teacher may disclose to any other person confidential information received from or about a student except as provided in this section. Information is considered confidential if made privately and not intended for disclosure to any other person. A teacher may disclose information when:

1. The teacher has reason to believe that there is danger or detriment to the health, safety, or life of a person and that disclosure of the information will alleviate the danger;
2. The student's parent if the student is under eighteen, or the student if the student is eighteen or older waives the confidentiality requirement of this section;
3. Such information needs to be shared with parents, other teachers, counselors, or school personnel in the normal course of educating the student; or
4. Disclosure is required by other provisions of law.

### **DEVELOPMENTALLY DISABLED FACILITY DEPRECIATION RECAPTURE**

AN ACT to create and enact a new section to chapter 25-16 of the North Dakota Century Code, relating to residential care and services for the developmentally disabled.

VETO

March 23, 1993

The Honorable Rick Berg  
Speaker of the House  
House Chamber  
State Capitol  
Bismarck, ND 58505

RE: House Bill 1276

Dear Speaker Berg,

I am returning House Bill No. 1276, and hereby veto the same.

Under current law, North Dakota recaptures depreciation when a care provider of the developmentally disabled sells a facility or fixed asset. The recapture is limited to the extent that the sale price exceeds the net book value (depreciated value) of the asset. House Bill 1276 seeks to change that procedure dramatically. The bill limits the amount of recapture to the difference between sale price and the outstanding mortgage or debt against the property. This limitation may result in a "churning" of facilities, through the artificial creation of debt, the sale of properties and the loss of recapture to the State of North Dakota. In other words, when North Dakota should have received depreciation recapture - no recapture will be received when the debt meets or exceeds the disposal price.

House Bill 1276 could cost the state substantial revenue if a number of facilities are sold, which could severely disrupt services to the developmentally disabled. Private providers of services to the developmentally disabled have been the backbone of our programs. Those providers deserve fair compensation for their services with appropriate and accurate recognition of depreciation being a proper and integral part of their remuneration.

I believe House Bill 1276 impedes that process and I respectfully return the same.

Sincerely,

Edward T. Schafer  
Governor

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1.** A new section to chapter 25-16 of the North Dakota Century Code is created and enacted as follows:

**Depreciation recapture on sale of fixed assets.** When care providers, or operators of institutions or facilities sell fixed assets or otherwise remove the asset from service in or to the facility, any depreciation costs asserted with respect to that asset are subject to depreciation recapture. The depreciation recapture is to the extent that the sale or disposal price exceeds the net book value of the asset. Depreciation recapture applies only during the first fifteen years of operation of the facility or institution or within the first fifteen years after acquisition of a fixed asset. The amount of depreciation recapture may not exceed the difference between the sale price and the outstanding mortgage or debt on the facility.

**CHILD ASSISTANCE IN TESTIMONY**

AN ACT to create and enact three new sections to chapter 12.1-35 and a new subsection to section 12.1-35-02 of the North Dakota Century Code, relating to testimony and proceedings involving a witness or victim who is a minor; and to amend and reenact sections 12.1-35-01 and 12.1-35-04 of the North Dakota Century Code, relating to victim and witness standards.

RE: Senate Bill 2257

Dear President Myrdal,

Attached please find Senate Bill No. 2257, which I hereby veto.

Section 3 of the bill seeks to expand the protections afforded to North Dakota's children under Chapter 12.1-35 during the child's involvement in legal proceedings. Our children rightfully deserve the protection of the courts and the law in such instances. However, the North Dakota courts have the inherent power to protect witnesses, including children from badgering, harassment, or abuse as they testify in court. In addition, North Dakota law also, currently provides protection to witnesses during discovery proceedings. (See for example, Criminal Procedure Rule 15, and Civil Procedure Rule 26(c).)

Section 4 places a mandatory obligation on the court to allow an individual to sit with, accompany, or be in close proximity to the child during the child's testimony. That obligation is mandatory to the court in all cases regardless of the age of the child so long as a request for the assistance is made. I believe the bill goes too far by requiring the court to permit such a procedure in all cases and gives rise to the potential for coaching during testimony. Section 4 of the bill also requires the court to hold a hearing at the request of the state to see if the courtroom should be closed during the child's testimony. The accused has a constitutional right to a speedy and public trial - which, of course, is not absolute. Nonetheless, I am troubled by the constitutional implications and direction that the bill takes with respect to open and public proceedings within our

judicial system. I believe that an open and public judicial system promotes greater understanding and respect for the courts, court personnel, and the law itself.

For these reasons, I respectfully return Senate Bill 2257, having vetoed the same.

Sincerely,

Edward T. Schafer  
Governor

### AIRPORT AUTHORITY COMMISSIONER COMPENSATION

AN ACT to amend and reenact section 2-06-06 of the North Dakota Century Code, relating to compensation paid to commissioners of an airport authority.

VETO

March 23, 1993

The Honorable Rosemarie Myrdal  
President of the Senate  
Senate Chamber  
State Capitol  
Bismarck, ND 58505

RE: Senate Bill 2446

Dear President Myrdal,

Attached please find Senate Bill No. 2446, which I am returning to the Senate and hereby veto.

The bill seeks to amend Chapter 2-06, the Airport Authorities Act, which has been in place for over three decades, and which establishes the compensation of the Airport Authority Commissioners, who during that period, have graciously served the State of North Dakota and their local authority without compensation, except for necessary expenses, including travel expenses. The bill authorizes a per diem expenditure not to exceed \$50 per day, and not to exceed \$1,000 annually. Given the number of boards and commissions, I believe the bill is a step in the wrong direction for right-sizing government.

I have therefore vetoed the bill and respectfully return the same to the Senate Chambers.

Sincerely,

Edward T. Schafer  
Governor

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 2-06-06 of the North Dakota Century Code is amended and reenacted as follows:

In addition, a commissioner is entitled to the necessary expense expenses, including traveling expenses, incurred in the discharge of his the commissioner's duties. Each commissioner shall hold office until his a successor has been appointed and has qualified. The certificates of the appointment and reappointment of commissioners must be filed with the authority.

The powers of each authority are vested in the commissioners thereof of the authority. Action may be taken by the authority upon a vote of not less than a majority of the commissioners present.

There must be elected a chairman and vice chairman from among the commissioners. An authority may employ an executive director, secretary, technical experts, and such other officers, agents, and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties, and compensation. For such any legal services as it an authority may require, an authority may call upon the chief law officer of the municipality or municipalities included in the authority or may employ its own counsel and legal staff. AN ACT to create and enact a new section to chapter 12.1-32 and two new subsections to section 54-23.3-04 of the North Dakota Century Code, relating to the imposition, collection, allocation, and disbursement of funds generated from a sentencing surcharge and the powers and duties of the director of the department of corrections and rehabilitation; and to provide an appropriation.

RE: Senate Bill 2378

Dear President Myrdal,

I am returning Senate Bill No. 2378 and hereby veto the same.

Community correction programs currently exist in Williston, Minot, Jamestown and Richland county, and provide an excellent tool for local authorities as a sentencing option other than jail and also provide a method for repaying court costs, restitution, etc.

Senate Bill 2378, however, establishes regional boards, establishes a special fund up to \$508,000, and creates a cumbersome financing mechanism. A local surcharge is collected by misdemeanor at the local level, transferred to the state treasurer, and then returns 85% of the amounts collected to the regional boards and 15% to the Department of Corrections.

I believe the community correction programs are useful vehicles, but that Senate Bill 2378 creates an additional layer of government and is a cumbersome system for maintaining these programs at the local level.

I therefore am respectfully returning Senate Bill 2378, having vetoed the same.

Sincerely,

Edward T. Schafer

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1.** A new section to chapter 12.1-32 of the North Dakota Century Code is created and enacted as follows:

**Surcharge on sentencing - Imposition and administration.**

1. Any person who pleads guilty or is convicted of any misdemeanor offense in violation of title 12.1 or equivalent ordinances shall pay a sentencing surcharge of twenty-five dollars. The surcharge is in addition to any other sentencing requirement permitted by law.
2. When a person pleads guilty or is convicted of two or more offenses committed as the result of a single act or omission, the court shall impose a sentencing surcharge for only one of the offenses.
3. The offender shall pay the sentencing surcharge to the clerk of court for the court imposing the sentence. The clerk of court shall, on a monthly basis, pay all money collected from the sentencing surcharge to the county treasurer. The county treasurer shall pay, by the fifteenth of each month, all money received from the clerk of court under this section to the state treasurer for deposit in the community corrections development account.
4. If an offender is unable to satisfy the obligation imposed by this section within thirty days, a payment schedule agreeable to the court may be established.
5. The community corrections development account is created in the state treasury. The community corrections development account consists of moneys deposited in the account under this section and interest earned on moneys in the account and may be spent within the limits of legislative appropriations. On the first day of each month the state treasurer shall transfer eighty-five percent of the money in the community corrections development account generated by the sentencing surcharge to the department of corrections and rehabilitation for disbursement to the regional community advisory boards for community corrections programs. The state treasurer shall transfer the remaining balance of the account to the department of corrections and rehabilitation for the administration and development of a community corrections development program.

**SECTION 2.** Two new subsections to section 54-23.3-04 of the 1991 Supplement to the North Dakota Century Code are created and enacted as follows:

To establish regional community advisory boards for the purpose of improving community and corrections relations through the development of community corrections projects.

To develop a procedure for the access to, distribution of, and use of funds in the community corrections development account by regional community advisory boards.

**SECTION 3. APPROPRIATION.** There is hereby appropriated out of any moneys in the community corrections development account in the state treasury, not otherwise appropriated, the sum of \$508,012, or so much of the sum as may be necessary, to the

### MOTORBOAT PROGRAMS AND FUND

AN ACT to create and enact two new sections to chapter 20.1-02 of the North Dakota Century Code, relating to the creation of the motorboat programs and safety fund; to amend and reenact section 20.1-03-12 of the North Dakota Century Code, relating to motorboat license fees; and to provide an effective date.

The Honorable Rosemarie Myrdal  
President of the Senate  
Senate Chamber  
State Capitol  
Bismarck, ND 58505

RE: Senate Bill 2398

Dear President Myrdal,

I am returning Senate Bill No. 2398 to the Senate, having vetoed the same. My reasons for doing so are described below.

First of all, I am concerned that this bill creates a new program in a period of difficult economic times for the state. Secondly, the program is funded through highway tax distribution dollars which would otherwise be used for highway construction. At the present time, North Dakota does not have sufficient funds to fully match the federal highway construction program to date. I don't believe we should divert those funds for new programs such as those contemplated by Senate Bill 2398.

Finally, the bill does not clearly describe the manner in which, and by whom the motor boat programs and safety fund will be administered.

For these reasons, I respectfully return Senate Bill 2398.

Sincerely,

Edward T. Schafer  
Governor

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1.** A new section to chapter 20.1-02 of the North Dakota Century Code is created and enacted as follows:

Motorboat programs and safety fund - Use. The director shall deposit all motorboat license fees with the state treasurer. The state treasurer shall deposit the fees in the motorboat programs and safety fund. Funds placed in the motorboat programs and safety fund and interest earned on the fund may be used only for construction and installation of boat launching facilities, fish cleaning and comfort stations, boating enforcement, boating safety education, and boat licensing administration.

**SECTION 2.** A new section to chapter 20.1-02 of the North Dakota Century Code is created and enacted as follows:

Motorboat programs and safety fund - Transfer from highway tax distribution fund. On July first of each year the state treasurer shall transfer from the highway tax distribution fund, before allocation of the fund under section 54-27-19, to the motorboat programs and safety fund an amount equal to two dollars and fifty cents multiplied by the number of motorboats licensed with the game and fish department on July first of that year.

**SECTION 3. AMENDMENT.** Section 20.1-03-12 of the North Dakota Century Code is amended and reenacted as follows:

### INTERIM BOARD TEACHER NEGOTIATIONS

AN ACT to create and enact a new subsection to section 15-27.6-04 of the North Dakota Century Code, relating to negotiations between teachers and interim district school boards.

VETO

March 25, 1993

The Honorable Rosemarie Myrdal  
President of the Senate  
Senate Chamber  
Bismarck, ND 58505

RE: Senate Bill 2447

Dear President Myrdal,

I am returning Senate Bill No. 2447, and hereby veto the same.

The bill seeks to establish guidelines for contract negotiations between teachers and the school board in a consortium district. I am, however, troubled by the following passage within the legislation:

"If the issue has not been resolved, the commission shall, between ten and twenty days after transmittal, make its finding and recommendations public. If any issue remains unresolved fifteen days prior to the election, the parties shall adopt the recommendation of the commission as to the unresolved issue."

Senate Bill 2447 basically establishes binding arbitration for consortium districts. The voters of North Dakota in June 1992 made their intentions clear by successfully referring binding arbitration legislation passed in the 1991 Legislature.

Sincerely,

Edward T. Schafer  
Governor

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1.** A new subsection to section 15-27.6-04 of the 1991 Supplement to the North Dakota Century Code is created and enacted as follows:

Negotiate with teachers pursuant to chapter 15-38.1. The parties may utilize the impasse procedures provided in section 15-38.1-13, except that

the aggrieved school board or representative organization shall request assistance from the commission no later than ninety days prior to the special election provided for in section 15-27.6-10. Within forty days after the request to render assistance is received, the findings and recommendations of the commission must be transmitted to the contending parties. If the issue has not been resolved, the commission shall, between ten and twenty days after the transmittal, make its findings and recommendations public. If any issue remains unresolved fifteen days prior to the election, the parties shall adopt the recommendation of the commission as to any unresolved issue. This section does not prevent the parties from continuing the good faith negotiation process during the impasse. The negotiated agreement between the parties must include a provision for the reduction of staff in participating districts and a provision, if the school district does not vote in favor of forming a new school district pursuant to subsection 4 of section 15-27.6-10, to rehire teachers nonrenewed by the participating school districts.

### PUBLIC LIBRARY DIRECTORS COMPENSATION

AN ACT to amend and reenact section 40-38-03 of the North Dakota Century Code, relating to compensation of the board of directors of a public library.

VETO

April 2, 1993

The Honorable Rick Berg  
Speaker of the House  
House Chamber  
State Capitol  
Bismarck, ND 58505

RE: House Bill 1302

Dear Speaker Berg,

I am returning House Bill No. 1302, and regretfully must veto the same.

As you know, I vetoed Senate Bill 2446 that was similar legislation which permitted modest payments to members of local airport authorities. House Bill 1302 allows for similar payments not to exceed \$25.00 per day. Throughout my administration, I will remain vigilant with respect to the cost and the growth of government. That cost diverts funds from the private sector, which may actually impede the growth of our economy.

House Bill 1302 is permissive legislation, and places control at the local level - a principle with which I concur. Nonetheless, I have vetoed the bill with the following specific objections:

1. The bill presents an innocuous opportunity to spend a substantial amount of local taxpayer funds. North Dakota has 103 libraries, all of which are served by board members that meet throughout the year. Given the inertia of government, and the likelihood of authorizing these payments, I can see this bill costing local taxpayers thousands of dollars in short order.
2. Again, I believe that legislation of this nature is a step in the wrong direction given the number of boards and commissions throughout North Dakota at both the state and local level. Clearly, a good argument exists for modest payments to the North Dakota citizens who give of their time and energies for public service, on the local library board, Airport Authority, Chamber of Commerce, etc., but where do we draw the line?

3. Public service gives rise to another objection I have with the bill, which is whether it is necessary. In other words, is it necessary for North Dakota to permit payment to citizens for their service on the various boards and commissions throughout the state? All of us can think of many organizations, committees, boards, and commissions that the good citizens of North Dakota serve throughout their lifetime because of a personal interest in the program, in honor of civic duty, or service to their community, state or country.

I believe that North Dakotans will continue to provide unselfish service to our local libraries and communities without the financial incentive contemplated by House Bill 1302. The unselfish example of the board member who serves without remuneration, is the one I would hope we, as North Dakotans, will follow, rather than withholding that commitment for a small financial reward.

For these reasons, I regretfully must return House Bill 1302 to your chambers.

Sincerely,

Edward T. Schafer  
Governor

VETO

The Honorable Rosemarie Myrdal  
President of the Senate  
Senate Chamber  
State Capitol  
Bismarck, ND 58505

RE: Senate Bill 2003

Dear President Myrdal,

I am returning Senate Bill 2003, and hereby veto the same pursuant to Article V, Section 9 of the North Dakota Constitution.

The legislation establishes an appropriation for defraying the expenses of the North Dakota university system and the institutions of higher learning under the supervision of the state Board of Higher Education. The total funds appropriated is \$464,008,349, including \$255,212,947 from the general fund.

I have two major objections (and several concerns) to the bill, which follow:

1. The general fund appropriation is \$9 million above the amount recommended in my proposed budget. This figure does not include almost \$1 million in bonding authority which obligates costs in the future.
2. I do not believe additional funding will achieve the intended result of the university system's own Seven Year plan, which advocates management of change without growth.

I am committed to a university system that offers students the highest quality, is cost-effective, and is relevant to the needs of every North Dakotan. My proposed budget sufficiently addresses all three of these goals, and includes \$6.5 million more than the current biennium.

In January, while constructing our budget, Chancellor Treadway concurred with our 1993-95 recommendation for higher education.

I share with Dr. Treadway the belief that the university system must change and reallocate, and this goal must be accomplished within the parameters of what the state can afford at a time of diminished resources. The challenge is to improve quality and service with the realization that higher education cannot expect increased appropriations from the state.

The Seven Year plan clearly states that future improvements in quality and the pursuit of new initiatives should be attained through reallocation of existing resources.

A primary area for reallocation is administrative costs, including executive management, support services, and other non-academic activities to improve funding for academics.

The university system must be lean and innovative; it must be flexible, adaptable, and quick to learn new ways when conditions change. In a nutshell, the university system must begin squeezing more bang out of every buck.

Corporate America has spent the last decade making revolutionary changes by decentralizing authority, focusing on quality, and basically bringing their products closer to the customers. The university system must follow suit.

In the face of the financial crisis in North Dakota, it is disappointing to see increased spending. In some circles, the belief is that the only way out of a public crisis is to tax and spend. But forcing North Dakotans to dig into their pockets to pay more taxes will break family budgets across the state.

We must recognize that the ability to pay higher taxes has all but evaporated in North Dakota.

For these reasons, I veto Senate Bill 2003, and respectfully return it to the Senate.

Sincerely,

Edward T. Schafer  
Governor

The industrial commission may offer loan notes issued under this section for sale only to the Bank of North Dakota at a price that is as representative as possible of the current market interest rates for comparable loan notes purchased by the Bank of North Dakota. The proceeds of the loan notes and other available funds are hereby appropriated during the biennium beginning July 1, 1993, and ending June 30, 1995, to the institutions under the control of the board of higher education for the following capital repair projects and special assessment costs:

RE: Senate Bill 2142

Dear President Myrdal,

Attached please find Senate Bill No. 2142, which I am returning to the Senate and regretfully must veto the same.

The bill increases payments to the Parole Board to the same level as members of the Legislative Council. I know full well that the members of the Parole Board work diligently and at length in their service to the people of North Dakota, and could rightfully claim the modest compensation this bill authorizes.

The members of the Parole Board have served North Dakota exceptionally well. Nonetheless, as I have indicated in previous veto messages, I am reluctant to authorize new boards, programs, or expenditures at this time in our state's history. As deserving as the members of Parole Board may be, I cannot concur with Senate Bill 2142, and regretfully veto the same and return the bill to your chambers.

Sincerely,

## MINORS ALCOHOL SCREENING

AN ACT to amend and reenact sections 5-01-08 and 39-20-14 of the North Dakota Century Code, relating to the use of screening tests as evidence of the consumption of alcoholic beverages by a person under twenty-one years of age.

VETO

April 8, 1993

The Honorable Rosemarie Myrdal  
President of the Senate  
Senate Chamber  
State Capitol  
Bismarck, ND 58505

RE: Senate Bill 2290

Dear President Myrdal,

I am returning Senate Bill No. 2290, and veto the same.

The intent of the bill is to permit the use of screening tests authorized by Chapter 39-20, as evidence that a minor has consumed alcoholic beverages. However, the bill raises some troubling questions. For example:

1. Section 1 provides that the screening test under Chapter 39-20 can be used as evidence of a minor having consumed alcoholic beverages, which is prohibited by NDCC 5-01-08. Then, does a law enforcement officer have legal authority to insist that the minor take the screening test when the minor is a passenger in an automobile, or is not in an automobile at all, (in a park, in their residence, etc.)? In other words, under what circumstances can the screening test be required? Presently, an officer may request that a driver submit to a screening test, and the test results can be used as evidence of consumption of alcohol by a minor.
2. The bill mixes Chapters 5-01, and 39-20 which gives rise to another problem. Chapter 39-20, provides that a person must submit to a screening test and if the test is refused, then that person's driver's license shall be revoked as provided in Section 39-20-04. However, if the minor who is a passenger in an automobile refuses to submit to the test, can the driver's license then be revoked? Or, in a different case, does the minor who refuses the screening test in the community park risk his driver's license by refusing to submit to such a request?

For these reasons, I veto and return Senate Bill 2290 to your chambers.

Sincerely,

Edward T. Schafer  
Governor

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. AMENDMENT.** Section 5-01-08 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**5-01-08. Persons under twenty-one years of age prohibited from purchasing, consuming, or possessing alcoholic beverages or entering licensed premises - Penalty - Exceptions - Referrals to addiction facilities.** Except as permitted in this section and section 5-02-06, any person under twenty-one years of age purchasing or attempting to purchase alcoholic beverages, consuming alcoholic beverages other than during a religious service, being under the influence of alcoholic beverages, or being in possession of alcoholic beverages, or furnishing money to any person for such purchase, or entering any licensed premises where alcoholic beverages are being sold or displayed, except a restaurant when accompanied by a parent or legal guardian, or in accordance with section 5-02-06, or if the person is a law enforcement officer entering the premises in the performance of official duty, is guilty of a class B misdemeanor. The court may, under this section, refer the person to an outpatient addiction facility licensed by the state department of human services for evaluation and appropriate counseling or treatment. The screening test authorized by section 39-20-14 may be used as evidence of having consumed alcoholic beverages.

**SECTION 2. AMENDMENT.** Section 39-20-14 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**39-20-14. Screening tests.** Any person who operates a motor vehicle upon the public highways of this state is deemed to have given consent to submit to an onsite screening test or tests of the person's breath for the purpose of estimating the alcohol content of the person's blood upon the request of a law enforcement officer who has reason to believe that the person committed a moving traffic violation or was involved in a traffic accident as a driver, and in conjunction with the violation or the accident the officer has, through the officer's observations, formulated an opinion that the person's body contains alcohol. A person may not be required to submit to a screening test or tests of breath while at a hospital as a patient if the medical practitioner in immediate charge of the person's case is not first notified of the proposal to make the requirement, or objects to the test or tests on the ground that such would be prejudicial to the proper care or treatment of the patient. The screening test or tests must be performed by an enforcement officer certified as a chemical test operator by the state toxicologist and according to methods and with devices approved by the state toxicologist. The results of such screening test must be used only for determining whether or not a further test shall be given under the provisions of section 39-20-01 or as proof of consumption of alcoholic beverages under section 5-01-08. The officer shall inform the person that refusal of the person to submit to a screening test will result in a revocation for up to three years of that person's driving privileges. If such person refuses to submit to such screening test or tests, none may be given, but

such refusal is sufficient cause to revoke such person's license or permit to drive in the same manner as provided in section 39-20-04, and a hearing as provided in section 39-20-05 and a judicial review as provided in section 39-20-06 must be available. However, the commissioner must not revoke a person's driving privileges for refusing to submit to a screening test requested under this section if the person provides a sufficient breath, blood, or urine sample for a chemical test requested under section 39-20-01 for the same incident. No provisions of this section may supersede any provisions of chapter 39-20, nor may any provision of chapter 39-20 be construed to supersede this section except as provided herein. For the purposes of this section, "chemical test operator" means a person certified by the state toxicologist as qualified to perform analysis for alcohol in a person's blood, breath, saliva, or urine.

**OIL PUT OPTIONS**

AN ACT to authorize the state to purchase oil put options; to provide an appropriation; and to provide an expiration date.

VETO

April 9, 1993

The Honorable Rick Berg  
Speaker of the House  
House Chamber  
State Capitol  
Bismarck, ND 58505

RE: House Bill 1023

Dear Speaker Berg:

I am returning House Bill 1023, and respectfully veto the same.

The bill is designed to level out state oil revenues by "hedging" against a decline in the oil market. The bill also has some built-in protections, in that OMB initiates the process, subject to the approval of the Industrial Commission, and implementation by the State Investment Board.

However, in effect, the bill introduces North Dakota government to sophisticated, high-finance techniques that also involve high risk. The nature of an option is such that 100 percent of the investment can be lost as a result of market conditions.

I believe this type of financing for state government is dangerous in itself and sets a dangerous precedent for the future. I believe it is better for North Dakota to carefully plan its budget and allow for historical trends and variances with respect to oil production and prices, which affect oil revenue.

For these reasons, I veto House Bill 1023, and return the same to your chambers.

Sincerely,

Edward T. Schafer  
Governor

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. Oil and gas tax revenue put options. Upon request of the director**

of the office of management and budget and upon approval by the industrial commission, the state investment board may purchase oil put options for the office of management and budget. The purchase of put options must be designed to offset reduced state general fund oil and gas tax revenues due to oil and gas prices falling below selected levels. Put options may be purchased only at such times that the purchase assures that oil tax revenues plus the revenues from the sale of put options will be in excess of the oil tax revenues estimated for that level of production by the most recently adjourned legislative assembly. The office of management and budget shall report any purchases of put options to the budget section of the legislative council.

**SECTION 2. APPROPRIATION.** There is hereby appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, for the biennium beginning July 1, 1993, and ending June 30, 1995, such amounts as may be necessary, but not to exceed the additional general fund revenues that will become available pursuant to the sale of oil put options as provided in this Act, to the office of management and budget to purchase oil put options through the state investment board.

**SECTION 3. EXPIRATION DATE - SUSPENSION.** This Act is effective through June 30, 1995, and after that date is ineffective.

RE: House Bill 1286

Dear Speaker Berg:

I am returning House Bill 1286, and respectfully veto the same.

The bill removes a litigants' ability to seek a different judge in a divorce proceeding, once a judge has made a decision in the case. Essentially, the effect of House Bill 1286 is to bind both litigants to the same judge, potentially for years to come. After a period of time, even the most well-intentioned and conscientious judge may become cynical about a particular litigant, his attorney, or his cause. That litigant should be able to seek a different judge in subsequent proceedings. Likewise, even the most well-intentioned and conscientious judge may bring a bias or prejudice that unconsciously affects the court's decision. Again, the litigant should be free to seek a different judge as current law presently allows. Presently, the law is not biased towards either litigant, and each has an equal right to remove a judge in their case.

The courts deal with issues as sensitive as child custody, visitation, changes of residency of minor children, grandparent visitation and significant economic issues pertaining to the family unit. Given those issues, I believe we should assure flexibility and objectivity in our judicial system to promote the ends of justice and fair play. The flexibility and sense of fair play that the litigants now enjoy will ultimately enhance respect for the court and its decision.

For these reasons, I respectfully veto House Bill 1286 and return it to your chambers.

Sincerely,

Edward T. Schafer  
Governor

Except as provided by subsection 2 of section 29-15-21, any~~ Any motion for a new trial, settlement of a proposed case, judgment notwithstanding the verdict, or vacation or modification of an order, judgment, or other proceeding, must be presented and heard before the judge before whom the matter was heard, considered, or determined, unless for any reason the judge is unable to act.

**SECTION 2. AMENDMENT.** Subsection 3 of section 29-15-21 of the North Dakota Century Code is amended and reenacted as follows:

In any event, no demand for a change of judge may be made after the judge sought to be disqualified has ruled upon any matter pertaining to the action or proceeding in which the demanding party was heard or had an opportunity to be heard. ~~Any proceeding to modify an order for alimony, property division, or child support pursuant to section 14-05-24 or an order for child custody pursuant to section 14-05-22 must be considered a proceeding separate from the original action and the fact that the judge sought to be disqualified made any ruling in the original action does not bar a demand for a change of judge.~~

### ELECTROLOGIST LICENSING

AN ACT to establish a board of electrology and to provide for the licensure of electrologists; to repeal chapter 43-38 of the North Dakota Century Code, relating to electrologists and electronic hair removal technicians; to provide a penalty; and to provide an effective date.

VETO

April 15, 1993

The Honorable Rick Berg  
Speaker of the House  
House Chamber  
State Capitol  
Bismarck, ND 58505

RE: House Bill 1304

Dear Speaker Berg:

Attached please find House Bill 1304, which I have vetoed as of this date.

The bill creates a new board of five members for the purposes of licensing and regulating electrologists in North Dakota. There are 24 licensed electrologists in North Dakota at the present time who are currently subject to the licensing standards, rules and regulations of the State Health Council as provided in NDCC 43-38.

The present status of the law allows members of this occupation to practice their trade subject to licensing by the State Health Council. In the past, I have suggested that North Dakota's boards and commissions be reviewed for consolidation in the future to attain cost savings for the tax payer, and efficient service to the constituencies served by those boards and commissions.

I would much prefer that we leave the law in its current status, refrain from creating a new board, and consider combining the electrologists with similar occupations that are currently licensed and regulated by an existing board.

For these reasons, I have vetoed House Bill 1304 and respectfully return the same to you.

Sincerely,

Edward T. Schafer  
Governor

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. Definitions.** As used in this Act, unless the context otherwise requires:

1. "Board" means the board of electrology.
2. "Electrologist" means a person licensed by the board to engage in the practice of electrology.
3. "Practice of electrology" means the permanent removal of hair through the use of an electrical instrument that utilizes a needle or probe.

**SECTION 2. Board - Appointment - Terms.** The board consists of five members. The governor shall appoint five residents of the state to the board. The members must include one licensed physician or registered nurse, one layperson, and three licensed electrologists. The physician or registered nurse and electrologist members of the board must have at least two years' experience in their respective professions immediately preceding their appointment. The layperson member of the board or an immediate member of the layperson's family may not be an electrologist or have any financial interest in any business related to the practice of electrology. A member of the board must be appointed for three years, staggered so that the term of at least one member expires as of July first of each year. No member may serve for more than two successive three-year terms. Each member shall hold office until that member's successor is appointed and qualified. In July of each year the board shall meet and elect one member as president, one member as vice president, and one member as secretary-treasurer. The board shall hold meetings in the state as determined necessary by the board to discharge its duties. The board shall meet at least twice each year. Board members are entitled to receive travel expenses in an amount provided by law for state officials and employees when performing the official duties of the board.

**SECTION 3. Removal of members of the board.** The governor may remove from office any member of the board for neglect of duties under this Act, malfeasance or incompetency in office, or unprofessional conduct. The governor may fill any vacancy resulting from removal, resignation, or death of any member of the board.

**SECTION 4. Duties of the secretary-treasurer - Expenses of the board.** The secretary-treasurer of the board shall:

1. Keep a record of:
  - a. The name and address of every electrologist licensed by the board;
  - b. The license number and date of issuance of the license for each licensed electrologist;
  - c. The renewal date of each license; and
  - d. Other information as required by the board.
2. Prepare and distribute minutes of all board meetings.
3. Furnish, upon demand, any person a certified copy of records upon payment of a ten-dollar fee plus twenty-five cents for each page copied.

4. Prepare and submit to the governor and all licensed electrologists a detailed annual report on the income and expenses of the board and a list of licensed electrologists.

**SECTION 5. Licensure of electrologists.** No person may practice electrology whether for payment or free demonstration without first being an electrologist licensed by the board.

**SECTION 6. Requisites for licensure.** Any person who is eighteen years of age or more, is a high school graduate or has completed equivalent education, and has successfully completed the educational or training requirements of the board may submit an application for licensure to the secretary-treasurer of the board. An applicant is entitled to be issued a license as an electrologist if the applicant passes an examination in electrology approved by the board and pays a license fee of not more than one hundred dollars, as set by the board. The board may approve a national board certification examination developed by a national testing service. If there is an applicant for examination, the board shall conduct an examination at least once a year at a time and place designated by the board and shall notify the applicant of the applicant's score.

**SECTION 7. Restriction on use of title.** An electrologist licensed by the board may be held out as a "licensed electrologist" and may use the abbreviation "L.E." as a part of or immediately following that person's name, in connection with the profession. No person may use the title "licensed electrologist" or profess to be an electrologist or in any manner be represented as an electrologist in this state unless licensed in accordance with this Act.

**SECTION 8. License - Display - Renewal - Renewal fee.** Each license must be conspicuously displayed at the place of practice. A license must be renewed before January first of each year. By December first of each year the secretary-treasurer of the board shall mail notice of renewal to each licensed electrologist's address as shown in the records of the board. The notice must include any requests for information necessary for renewal. The licensed electrologist may renew a license by sending a renewal fee of not more than seventy-five dollars, as set by the board, to the secretary-treasurer of the board. A license that is not renewed by January first lapses.

**SECTION 9. Deposit of fees.** The secretary-treasurer shall deposit all fees collected under this Act in a separate account for the administration of this Act.

**SECTION 10. Revocation of licensing - Alternatives to revocation or suspension.** The license of a licensed electrologist may be revoked, suspended, or annulled by the board upon any one or more of the following grounds:

1. That the person is guilty of gross malpractice or incompetence.
2. That the person's mental or physical health endangers public health or safety.
3. That the person fails to comply with rules of the board.
4. That the person is guilty of false or deceptive advertising.
5. That the person engages in unprofessional conduct.

**SECTION 11. Administrative procedures.** Any person may file a written complaint with the board seeking disciplinary action against an electrologist for violations of this Act or rules adopted by the board. If the board determines that a complaint alleges facts that, if true, would require denial, revocation, suspension, or nonrenewal or other disciplinary action of a licensed electrologist, the board shall conduct a hearing. The board may dismiss a complaint that does not state facts that warrant action.

**SECTION 12. Grandfather provisions.** Upon receipt of evidence showing that a person is licensed in the practice of electrology on July 31, 1994, and that person meets the criteria established for licensure by the board, the board shall issue, upon application, a license to the person to continue to practice.

**SECTION 13. Inspections - Rules.** The board may make inspections as may be necessary to implement this Act and to provide adequate health safeguards. The board shall adopt rules governing education requirements for electrologists, continuing education requirements, and other rules necessary to carry out the purposes of this chapter. Any rules adopted by a state agency prior to January 1, 1993, which relate to functions covered by this Act, remain in effect until the rules are specifically amended or repealed by the board.

**SECTION 14. Penalty.** Any person who willfully violates this Act or rules adopted by the board is guilty of a class B misdemeanor.

**SECTION 15. REPEAL.** Chapter 43-38 of the 1991 Supplement to the North Dakota Century Code is repealed.

**SECTION 16. EFFECTIVE DATE.** This Act becomes effective August 1, 1994.

### INSURANCE DEDUCTIBLE REBATE

AN ACT relating to the paying of an insurance deductible or offering of a rebate by a seller of goods or services; and to provide a penalty.

VETO

April 29, 1993

Alvin Jaeger  
Secretary of State  
State Capitol  
600 East Boulevard, 1st Floor  
Bismarck, ND 58505

RE: Senate Bill 2403

Dear Secretary Jaeger:

Pursuant to Article V, Section 9, I am sending you Senate Bill 2403, with my objections thereto, having vetoed the same.

The bill prohibits a person who performs repairs of physical damage to automobiles from offering rebates or otherwise paying all or part of any insurance deductible, and further prohibits a person from charging excessive rates for repair services of an amount equal to or greater than the insurance deductible that is rebated to the insured.

The bill is intended to prohibit the practice when a repair shop offers a \$25.00 rebate for windshield repair as an incentive to the customer to use the services of the shop offering the rebate. The underlying premise of the bill suggests that physical damages (for example, windshields) are being repaired unnecessarily, or that the repair shop offers the rebate, and then adds the rebate to its charges to the insurance carrier.

There is no evidence to suggest current practices have caused an increase in insurance rates. Nor does the bill guarantee a reduction of insurance rates if the bill becomes law.

My objection to the bill is that it is essentially anti-consumer in nature. Under current practice, the consumer is free to seek out any repair shop he chooses for the repair of his damaged automobile. Currently, an insurance carrier has the authority to monitor and control the prices charged for a particular service. If the carrier feels that a repair shop is overcharging to recoup rebates the shop offers to its customer, then the carrier may refuse to authorize repairs at the "inflated" price or otherwise direct the insured to use a different shop.

In short, I believe that the bill injects controls into the market system unnecessarily, when there are adequate controls already in place to prevent overcharging, if any, in the auto repair industry.

For these reasons, I have vetoed Senate Bill 2403, and am filing the same with your office.

Sincerely,

Edward T. Schafer  
Governor

**SECTION 1. Insurance claims for excessive charges - Penalty.**

1. A person who sells goods or services may not:
  - a. Advertise or promise to provide a good or service, paid for by the consumer from proceeds of an insurance policy that provides coverage for physical damage to automobiles, and to pay all or part of any applicable insurance deductible or to pay a rebate in an amount equal to all or part of any applicable insurance deductible; and
  - b. Knowingly charge an amount for the good or service that exceeds the usual and customary charge by the person for the good or service by an amount equal to or greater than all or part of the applicable insurance deductible paid by the person on behalf of an insured or remitted to an insured by the person as a rebate.
2. A person who is insured under an insurance policy that provides coverage for physical damage to automobiles may not submit a claim under the policy based on charges that are in violation of subsection 1 or may not knowingly allow a claim in violation of subsection 1 to be submitted, unless the person promptly notifies the insurer of the excessive charges.
3. A violation of this section is a class B misdemeanor.

RE: House Bill 1002

Dear Secretary Jaeger:

Pursuant to Article V, Sections 9 and 10, I am filing House Bill 1002 with your office, having signed the same, and having vetoed Section 4 as authorized by the North Dakota Constitution.

Section 4 of the bill concerns \$4.6 million appropriated to the human service centers in the Department of Human Services. Those funds are to be prioritized according to documents filed with the Legislative Assembly on April 24, 1993. However, the Section goes on to restructure that appropriation with the approval of the budget section of the Legislative Assembly.

My objection to the bill is that it appropriates \$4.6 million in funds that are not specifically prioritized in the bill itself. In addition, the budget section may reprioritize that spending as it deems appropriate. In short, I am asked to approve \$4.6 million in spending, without knowing specifically where and how those funds are to be expended.

For these reasons, I have vetoed Section 4 of House Bill 1002, and file the same with your office.

Sincerely,

Edward T. Schafer  
Governor

NOTE: Attorney General's Opinion 93-05 dated May 25, 1993, concludes that the Governor's veto of the first sentence of Section 4 of House Bill No. 1002 was valid but that the veto of the remainder of that section is "void and has no effect."

RE: House Bill 1003

Dear Secretary Jaeger:

Attached please find House Bill 1003, which I have signed, and am filing with your office pursuant to Article V, Section 10 of the North Dakota Constitution.

However, pursuant to Article V, Section 10, I have struck the sum of \$240,000 for Vocational and Technical Education on page 1 of the bill, as authorized by the Constitution.

Earlier this year, I signed into law Senate Bill 2022, which was the Appropriation bill for the State Board of Vocational Education, and which included an appropriation of \$25 million of all funds (and included \$14 million in general fund appropriations). House Bill 1003 includes \$240,000 in general funds for the

purchase of technical equipment, which has been previously funded entirely with Federal dollars. The \$240,000 could otherwise have been utilized for the Foundation Aid program (amounting to approximately \$2 per student). I am concerned about following a dangerous precedent, whereby a program is not included in a department's budget, and which is then incorporated into another department's budget utilizing general fund dollars in the absence of federal support for the program. As the Federal Government begins to terminate funding for programs, we in North Dakota must look at our own priorities and determine whether those programs should continue, and whether we can pay for them.

For these reasons, I have partially vetoed House Bill 1003, and respectfully file the same with your office.

RE: House Bill 1038

Dear Secretary Jaeger:

Pursuant to Article V, Section 9, I am filing with your office, House Bill 1038, with my objections thereto, having vetoed the same.

I believe that health care reform is critical to the economy and well-being of North Dakota, as well as our nation. North Dakota must take steps to design appropriate reforms in its health care system and must use people with the expertise to design reform appropriately. At present, North Dakota is participating in a grant by the Robert Wood Johnson Foundation which is designed to research and develop a plan of reform for North Dakota. North Dakota's health task force was established under the auspices of that grant. The task force answers to the state health officer and may be an efficient vehicle capable of developing a strategy for appropriate reforms in our health care system. Additionally, present law requires the health officer to study health care problems, and to plan for their solutions. Since the state health officer is accountable to the Governor's Office, and since I am committed to see appropriate health care reform, I believe we have the mechanism in place to accomplish this goal.

Finally, the bill unnecessarily adds an additional layer of Governmental oversight, directing the task force to report to the Legislative Council (or an interim committee designated by the Legislative Council). Current law directs the health task force to report to the health officer directly.

For these reasons, I believe that is in North Dakota's best interest to veto House Bill 1038 and to use North Dakota's current resources to develop and implement appropriate reform in our health care system.

Sincerely,

Edward T. Schafer  
Governor

RE: House Bill 1514

Dear Secretary Jaeger:

Pursuant to Article V, Sections 9 and 10, I am filing with your office House Bill 1514, having signed the same, but also having vetoed Section 2 pursuant to the line item veto authorized by Article V, Section 10 of the North Dakota Constitution.

The tourism industry is critical to North Dakota's economic prosperity. Boating and fishing activities on North Dakota's lakes by our citizens and visitors have a substantial economic impact on the state and are a vital part of the state's recreational resources. I believe we have adequate funding available in the Game and Fish Department to provide reasonable boating access for our citizens and visitors to our state. I am absolutely committed to the development of our tourism industry, and to providing reasonable access to all who wish to use the state's water resources. As part of my commitment, I am asking the Game and Fish Director to take steps necessary to accumulate funds for this purpose, and to begin the task of providing proper boating access.

Section 2 of the bill diverts monies from the Highway Tax Distribution Fund for the purposes of construction and installation of boat launching facilities, fish cleaning and comfort stations, boating enforcement, etc.

The objectionable section establishes a new program, but does not make funds available for its intended purpose until June 30, 1995. It is also conditioned upon House Bill 1399 (gas tax) becoming law. The bill sets up a scenario for the 1993-95 biennium (however unlikely), of diverting highway tax funds for constructing boat

launching facilities, and leaving insufficient funds to fully fund the state's match for federal highway construction dollars. That could result in activating an additional \$.01 gas tax under House Bill 1399. Please recall that Federal Government provides \$4.00 for highway construction funds for every \$1.00 the state of North Dakota is able to provide as a match.

Even if the above scenario does not occur during the 1993-95 biennium, the program still diverts highway construction dollars for future years to come, which compounds North Dakota's current difficulty in matching federal dollars for highway construction. So, the intended funding source uses "high risk" dollars that could cost the state \$4.00 in federal highway construction funds for every \$1.00 that is diverted to this program.

By exercising this partial veto, and making a commitment now, I believe we can provide the kind of boating access that North Dakotans and the tourism industry deserve today.

For these reasons, I have vetoed Section 2 of House Bill 1514.

Sincerely,

Edward T. Schafer  
Governor

# INITIATED MEASURE, APPROVED

## CHAPTER 652

### CONGRESSIONAL TERM LIMITS

An initiated measure to create and enact sections 16.1-01-13, 16.1-01-14, and 54-12-01.05 of the North Dakota Century Code, relating to eligibility for placement on the ballot for United States Senator and Representative in Congress, to the people's intent in enacting this measure, and to the effect of certain opinions of the attorney general; if section 16.1-01-13 is held unconstitutional, to create and enact section 16.1-01-13.1 of the North Dakota Century Code, relating to eligibility for placement on the ballot for United States Senator and Representative in Congress; and to provide for application of this measure and for a contingent effective date.

#### BE IT ENACTED BY THE PEOPLE OF THE STATE OF NORTH DAKOTA:

**SECTION 1.** Section 16.1-01-13 of the North Dakota Century Code is created and enacted to read as follows:

**16.1-01-13. Term limits for United States senators and representatives in Congress.** A person is permanently ineligible to have that person's name placed on the ballot at any election for the office of United States senator or representative in Congress if, by the start of the term for which the election is being held, that person will have served as a United States senator or a representative in Congress, or in any combination of those offices, for at least twelve years.

**SECTION 2.** If section 16.1-01-13 of the North Dakota Century Code, as enacted by section 1 of this measure, is held to be unconstitutional, section 16.1-01-13.1 of the North Dakota Century Code is created and enacted to read as follows:

**16.1-01-13.1. Term limits for United States senators and representatives in Congress.** A person is ineligible to have that person's name placed on the ballot at any election for the office of United States senator or representative in Congress if, by the start of the term for which the election is being held, that person will have served as a United States senator or a representative in Congress, or in any combination of those offices, for at least twelve years. However, if that person is still otherwise eligible to hold the office, the disqualification imposed by this section ceases after two years have elapsed since the disqualification last affected that person's eligibility for placement on the ballot.

**SECTION 3.** Section 16.1-01-14 of the North Dakota Century Code is created and enacted to read as follows:

**16.1-01-14. Statement of intent.** In enacting this measure, the people of North Dakota:

1. Recognize that, along with the rest of the people of the United States, we have bestowed certain powers on the state and federal governments, and the governmental power flows ultimately from the people, not to them.
2. Do so in the partial exercise of our duty to elect representatives in Congress, under Article I, section 2 of the United States Constitution, and our duty to elect United States Senators, under the 17th Amendment to the United States Constitution.
3. Recognize that the United States Supreme Court has never held that the people of a state do not have the constitutional power to establish term limits for federal legislators from their state.
4. Recognize that certain restrictions are placed on our ability to choose federal legislators, such that we could not, for example, elect a 28-year old to the Senate or require a religious test for a federal legislator.
5. Assert that, aside from the requirements explicitly imposed by the United States Constitution, our power with respect to election of federal legislators is plenary.
6. Note that, under the United States Constitution, we have certain rights to control suffrage in elections, regulating such matters as residency, ballot access, and voting methods. As the possessors of the power to regulate suffrage, we also have the power to regulate certain qualifications of the agents we appoint by exercising our suffrage.
7. Exercise the legislative power we reserved to ourselves in Article III, Section 1 of the North Dakota Constitution.
8. Recognize that, just as the federal Hatch Act [5 U.S.C. §7324 et seq.] restricts the candidacies of otherwise eligible persons from holding elected office, we have the same salutary purpose as does the Hatch Act, namely preventing an incumbent party from using government power to entrench itself permanently into government office.
9. Are mindful of the United States Supreme Court's statement, in *Garcia v. San Antonio Metro Transit Authority*, 469 U.S. 528, 551 (1985), that state control of the election process is supposed to be a protection of the state peoples from the national government.
10. Recognize that increased concentration of power in the hands of incumbents has made this state's electoral system less free, less competitive, and most importantly, less representative.
11. Recognize that our interests are best served by having our United States senators and representatives in Congress be mindful of their origins and return to our ranks whence they came.
12. Make the following declarations and historical findings:
  - a. James Madison, in No. 57 of *The Federalist Papers*, predicted that the House of Representatives would always be responsive to the will of the people because that house would be bound by the same laws they impose on the people. His prediction was wrong and Congress has arrogated to itself powers not granted to the people, a recent notorious example

being the bank of the House of Representatives in which members were allowed to kite checks. His prediction was wrong in that Congress has oppressed the people with laws from which it exempts itself, recent examples including minimum wage, discrimination, occupational safety, and other laws.

- b. The appearance of corruption and the lack of competitiveness for entrenched incumbency seats has lessened voter participation and that is counter-productive to the purposes of a representative republic.
  - c. Our vital interests in maintaining the integrity of the political process have been harmed by these and other factors. Therefore, term limitation is the best method by which we can insure that our vital interests are guarded.
13. Believe this measure is constitutional and intend it to be so. Therefore, even if a court holds any portion of this measure unconstitutional, thereby substituting its own judgment for that we have expressed in enacting this measure, the Legislative Council shall require the publisher of the North Dakota Century Code to include the text of this measure, in the manner as if not so held but with appropriate annotation, to stand as a testament to our expressed will, and as a memorial to the defiance of that will by whatever court holds this measure unconstitutional. Furthermore, if any part of this measure is held unconstitutional, we intend that the rest of it be deemed effective, to the maximum extent permitted under section 1-02-20.

**SECTION 4.** Section 54-12-01.05 of the 1991 Supplement to the North Dakota Century Code is created and enacted to read as follows:

**54-12-01.05. Limitation of effect of certain opinions of attorney general.** Any opinion of the attorney general, or any other public official other than a court of competent jurisdiction, that this measure is unconstitutional, is not binding on any other public official, and all other public officials are free to act in accordance with the wishes of the people of North Dakota as expressed in this measure.

**SECTION 5. Application of measure; contingent effective date.** This measure does not affect the right of a person to serve out the rest of a term to which that person had been elected when the relevant part of this measure took effect. Service before and after this measure takes effect affects eligibility for placement on the ballot as follows:

1. Unless section 2 of this measure becomes effective, service as a United States Senator or representative in Congress in a term ending before this measure becomes effective does not affect a person's eligibility for placement on the ballot.
2. If section 1 of this measure is held unconstitutional, section 2 of this measure becomes effective at the first primary election more than 90 days after the case holding section 1 unconstitutional becomes final in the court of last resort or, if not appealed to a court of last resort, more than 90 days after the expiration of the time for appealing to such a court. It then governs the future eligibility for placement on the ballot

of all candidates for United States senator and representative in Congress.

## CHAPTER 653

### WATER DEVELOPMENT AND FUNDING

An initiated measure to establish comprehensive water development objectives including construction, design and planning of water projects, putting the Missouri River to statewide beneficial use, and developing other North Dakota water resources. The measure imposes a one-half of one percent sales or excise tax on all sales at retail except mobile homes used for residential or business purposes, farm machinery and farm machinery repair parts, agricultural irrigation equipment, resale of mobile homes, natural gas, and highway construction contracts entered before January 1, 1993. The tax is collected beginning January 1, 1993, and ending Midnight on December 31, 1999. The net revenue generated by the tax is to be deposited in the resources trust fund to be used to implement the comprehensive water development objectives of the initiated measure.

#### BE IT ENACTED BY THE PEOPLE OF THE STATE OF NORTH DAKOTA:

SECTION 1. Water development - Intent - Objectives. The citizens of North Dakota have determined that the federal government is reducing its commitment to water resource development and that North Dakota can no longer rely on traditional federal programs to develop the state's water resources in a wise and timely manner. The citizens of North Dakota have also determined that North Dakota should now take the initiative in providing assured water supplies throughout the state, from the Missouri River and other available water resources, as the state enters the twenty-first century. Assured water supplies are essential for municipal and rural uses, recreation, wildlife, irrigation, processing agricultural products, and the creation of new jobs in North Dakota.

Therefore, the citizens are establishing and funding a comprehensive statewide water development program. The specific objectives of this program will be:

1. To establish North Dakota's claim to its proper share of the Missouri River.
2. To complete the southwest pipeline project for distribution of water to cities and rural areas in southwestern North Dakota.
3. To develop the northwest area water supply program for distribution of water to cities and rural areas in northwestern and north central North Dakota.
4. To negotiate the appropriate agreements with the United States, with cost sharing by the state or political subdivisions if necessary, to complete principle features of the Garrison Diversion Unit, for distribution of water for multiple uses.
5. To assume the operation and maintenance of Garrison Diversion Unit features to facilitate the delivery of Missouri River water for multiple uses.

6. To deliver Missouri River water to stabilize Devils Lake.
7. To provide water for irrigation for the development and diversification of agriculture.
8. To deliver Missouri River water to the James, Sheyenne, and Red rivers for multiple uses.
9. To establish a permanent revolving fund for grant and loan programs for municipal, rural, domestic and industrial water supply and water distribution needs.
10. To manage and protect environmental and wildlife resources in the implementation of this water development program.
11. To develop, design, and construct any additional water management facilities as are necessary for the full utilization and management of water resources throughout the state, including such projects as the Souris River flood control, Sheyenne River flood control, local water management and recreation projects, and other local water requirements.

SECTION 2. A new section to chapter 57-39.2 of the North Dakota Century Code is created and enacted as follows:

Separate and additional tax on retail sales. There is imposed a tax of one-half of one percent, in addition to any other tax provided by law, upon the gross receipts of retailers from all sales at retail which are taxable under this chapter, except those items in subsection 2 of section 57-39.2-02.1 and section 57-39.2-03.6. In the case of any contract for the construction of highways, roads, streets, bridges, and buildings awarded prior to January 1, 1993, the contractor receiving the award is liable only for the sales tax at the rate of tax in effect on the date of the contract. The tax commissioner may provide by administrative rule for alteration of the bracket system provided under section 57-39.2-08.2 to properly reflect the rate of tax including the tax imposed by this section. The tax imposed by this section must be included in the "general sales tax rate" as used in sections 54-17.2-21, 57-39.2-26.1, and section 4 of this Act.

SECTION 3. AMENDMENT. Section 57-39.2-26 of the North Dakota Century Code is amended and reenacted as follows:

57-39.2-26. Allocation of revenue. All Except as otherwise provided by sections 54-17.2-21, 57-39.2-26.1, and section 4 of this Act, all moneys collected and received under this chapter shall be paid into the state treasury and shall be credited by the state treasurer to the general fund. Moneys deposited with the commissioner as security for the payment of tax, penalties, or costs due shall be deposited and accounted for as provided in subsection 3 of section 57-39.2-12.

SECTION 4. A new section to chapter 57-39.2 of the North Dakota Century Code is created and enacted as follows:

Allocation of sales, use, and motor vehicle excise tax revenues to resources trust fund. Notwithstanding any other provision of law, the net revenue from the separate and additional sales, use, and motor vehicle excise taxes imposed by sections 2, 5, and 6 of this Act must be deposited by the state treasurer in the resources trust fund. A portion of sales, use, and motor vehicle excise tax

collections equal to fifty percent of an amount determined by multiplying the quotient of one percent divided by the general sales tax rate, that was in effect when the taxes were collected, times the net sales, use, and motor vehicle excise tax collections under chapters 57-39.2, 57-40.2, and 57-40.3 must be deposited by the state treasurer in the resources trust fund. The state tax commissioner shall certify to the state treasurer the amount of sales, use, and motor vehicle excise tax net revenues that must be deposited in the resources trust fund as provided in this section.

SECTION 5. A new section to chapter 57-40.2 of the North Dakota Century Code is created and enacted as follows:

Separate and additional use tax. An excise tax is imposed on the storage, use, or consumption in this state of tangible personal property purchased at retail for storage, use, or consumption in this state, at the rate of one-half of one percent of the purchase price of the property. An excise tax is imposed on the storage, use, or consumption in this state of tangible personal property not originally purchased for storage, use or consumption in this state at the rate of one-half of one percent of the fair market value of the property at the time it was brought into this state. The tax imposed under this section applies to any activity that is taxable under this chapter, except those items in subsection 2 of section 57-40.2-02.1, and the tax imposed under this section is in addition to any other tax imposed by law. In the case of any contract for the construction of highways, roads, streets, bridges, and buildings awarded prior to January 1, 1993, the contractor receiving the award is liable only for the use tax at the rate of tax in effect on the date of the contract.

SECTION 6. A new section to chapter 57-40.3 of the North Dakota Century Code is created and enacted as follows:

Separate and additional motor vehicle excise tax. There is imposed an excise tax at the rate of one-half of one percent on the purchase price of any motor vehicle purchased or acquired either in or outside of the state of North Dakota for use on the streets and highways of this state and required to be registered under the laws of this state. The tax imposed under this section is in addition to any other tax provided by the law.

SECTION 7. AMENDMENT. Section 57-40.3-10 of the 1991 Supplement to the North Dakota Century Code is amended and reenacted as follows:

57-40.3-10. Transfer of revenue. All Except as otherwise provided in sections 54-17.2-21, 57-39.2-26.1, and 4 of this Act, all moneys collected and received under this chapter must be transmitted monthly by the registrar to the state tax commissioner and must be paid to the state treasurer to be transferred and credited to the general fund.

SECTION 8. EFFECTIVE DATE - EXPIRATION DATE. Section 1 of this Act is effective 30 days after adoption. Sections 2, 3, 5, 6, and 7 of this Act are effective for taxable events occurring after December 31, 1992, and before January 1, 2000. Section 4 of this Act is effective for sales, use, and motor vehicle excise tax collections received by the state tax commissioner after February 28, 1993.

## CHAPTER 655

### WASTE FACILITY DISPOSAL FEES

An initiated measure to establish an environmental protection and recycling fund from moneys collected from fees for waste disposal or incineration in North Dakota. The fund shall be used for recycling programs and for cleanup of land, air or water pollution.

The measure establishes a 50 cent per ton fee on waste generated within 100 miles of the final disposal site. The measure also establishes a fee on waste generated more than 100 miles from the final disposal point, equal to the cost of waste disposal at the disposal point closest to where it was generated less the actual cost of disposal at the final disposal facility. Waste site operators must collect the fee and may retain 1% of the fee collected.

#### BE IT ENACTED BY THE PEOPLE OF THE STATE OF NORTH DAKOTA:

#### 23-29-16. Environmental Protection and Recycling Fund.

1. There is hereby established an Environmental Protection and Recycling Fund. The Environmental Protection and Recycling Fund shall be funded by fees imposed upon the generators of waste which is ultimately disposed of in a final disposal facility in North Dakota or incinerated in North Dakota. The fund shall be administered by the Department of Health and Consolidated Laboratories which may make such regulations relating thereto as it deems appropriate. The proceeds of the fund, after the expenses of administration are met, shall be used as follows:
  - (a) Fifty percent (50%) for research on and implementation and maintenance of recycling programs, including education of the public thereon; and
  - (b) Fifty percent (50%) for the cleanup of land, air, or water polluted, contaminated, or otherwise found to be detrimental to the health, safety, or welfare of the people and wildlife of North Dakota, including any necessary research in connection therewith.
2. Beginning January 1, 1993, a fee is imposed on the disposal or incineration of waste in a final disposal facility in North Dakota. The amount of the fee shall be as follows:
  - (a) The fee for waste generated within 100 miles of the final disposal site shall be 50 cents per ton, or part thereof.
  - (b) The fee for waste generated beyond 100 miles from the disposal site shall be the dollar amount computed by (1) determining the cost of

disposing of the waste, including tipping fees and state and local government fees, in the final disposal facility that could accept the waste and is closest to the area at which the waste was generated, and (2) subtracting therefrom the fee actually charged for the disposal or incineration of the waste by the owner or operator of the final disposal facility in North Dakota. The owner or operator of the final disposal facility is responsible for collecting the fee and may deduct and retain one percent (1%) of the fees collected as compensation for collecting and remitting them. The fees shall be remitted to the Department on a quarterly basis, and the owner or operator shall maintain such records thereof as the Department deems necessary. The fees thus collected shall be deposited in a special account in the State Treasury.

3. The term "waste" includes but is not limited to solid waste, incinerator ash, medical waste, hazardous waste, municipal waste, special waste, and any other waste however denominated. The fees imposed by this section do not, however, apply to inert waste, oil field exploration and production waste, and solid waste disposed of on site at energy conversion facilities and coal mining operations. For purposes of this section, an incinerator shall be considered and treated as a "final disposal facility." No additional fee shall be imposed pursuant to this section on incinerator ash from waste on which a fee herein imposed has been previously paid.
4. Each container of waste generated beyond 100 miles from the final disposal site shall be accompanied by a notarized certificate by a representative of the generator or transporter (1) accurately and completely describing its contents, the place of origin of the waste, and the name and address of its generator; (2) containing an itemized computation of the cost determination required for determination of the fee provided by 23-29-16(2)(b), together with the name, address, and telephone number of (a) the person making such computation and (b) the facility from which the fee determination information was obtained; and (3) to which is attached a photograph(s) accurately depicting all waste contained in the container.
5. Violation of subsection (4) of this section, in addition to other penalties prescribed by this Chapter, shall be a Class A Misdemeanor.
6. The legislature may from time to time supplement the fund from other revenue sources if deemed advisable.

### STATE LAND AND MINERAL INTEREST EXCHANGES

Senate Concurrent Resolution No. 4020, Chapter 757, 1991 Session Laws, proposed by the Fifty-second Legislative Assembly of the State of North Dakota, for the amendment of section 6 of article IX of the Constitution of North Dakota, relating to certain exchanges of land and mineral rights.

#### STATEMENT OF INTENT

This amendment allows for the exchange of land between the board of university and school lands and private owners and allows for the exchange of all mineral interests with the approval of the legislative assembly.

**BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the following proposed amendment to section 6 of article IX of the Constitution of North Dakota is agreed to and must be submitted to the qualified electors of North Dakota at the general election to be held in 1992, in accordance with section 16 of article IV of the Constitution of North Dakota.

**SECTION 1. AMENDMENT.** Section 6 of article IX of the Constitution of North Dakota is amended and reenacted as follows:

**Section 6.** No original grant school or institutional land shall be sold for less than the fair market value thereof, and in no case for less than ten dollars (\$10.00) per acre, provided that when lands have been sold on contract and the contract has been canceled, such lands may be resold without reappraisal by the board of appraisal. The purchaser shall pay twenty (20) percent of the purchase price at the time the contract is executed; thereafter annual payments shall be made of not less than six (6) percent of the original purchase price. An amount equal to not less than three (3) percent per annum of the unpaid principal shall be credited to interest and the balance shall be applied as payment on principal as credit on purchase price. The purchaser may pay all or any installment or installments not yet due to any interest paying date. If the purchaser so desires, he may pay the entire balance due on his contract with interest to date of payment at any time and he will then be entitled to proper conveyance.

All sales shall be held at the county seat of the county in which the land to be sold is situated, and shall be at public auction and to the highest bidder, and notice of such sale shall be published once each week for a period of three weeks prior to the day of sale in a legal newspaper published nearest the land and in the newspaper designated for the publication of the official proceedings and legal notices within the county in which said land is situated.

No grant or patent for such lands shall issue until payment is made for the same; provided that the land contracted to be sold by the state shall be subject to taxation from the date of the contract. In case the taxes assessed against any of said lands for any year remain unpaid until the first Monday in October of the following year, the contract of sale for such land shall, if the board of university and school lands so determine, by it, be declared null and void. No contract of sale heretofore made under the provisions of this section of the constitution as

then providing shall be affected by this amendment, except prepayment of principal may be made as herein provided.

Any of said lands that may be required for townsite purposes, schoolhouse sites, church sites, cemetery sites, sites for other educational or charitable institutions, public parks, airplane landing fields, fairgrounds, public highways, railroad right of way, or other railroad uses and purposes, reservoirs for the storage of water for irrigation, irrigation canals, and ditches, drainage ditches, or for any of the purposes for which private lands may be taken under the right of eminent domain under the constitution and laws of this state, may be sold under the provisions of this article, and shall be paid for in full at the time of sale, or at any time thereafter as herein provided. ~~Any of said lands and any other lands controlled by the board of university and school lands, including state coal mineral interests, may, with the approval of said the board, may be exchanged for lands and coal mineral interests of the United States, the state of North Dakota or, any county or municipality thereof as the legislature may provide, or any private individual or entity as the legislative assembly may provide, and the lands so acquired shall be subject to the trust to which the lands exchanged therefor were subject, and the state shall reserve all mineral and water power rights in land so transferred, except coal mineral interests approved for exchange by the board of university and school lands under this section.~~

When any of said lands have been heretofore or may be hereafter sold on contract, and the purchaser or his heirs or assigns is unable to pay in full for the land purchased within twenty years after the date of purchase and such contract is in default and subject to being declared null and void as by law provided, the board of university and school lands may, after declaring such contract null and void, resell the land described in such contract to such purchaser, his heirs or assigns, for the amount of the unpaid principal, together with interest thereon reckoned to the date of such resale at the rate of not less than three (3%) percent, but in no case shall the resale price be more than the original sale price; such contract of resale shall be upon the terms herein provided, provided this section shall be deemed self-executing insofar as the provisions for resale herein made are concerned.

### FEDERAL DRIVER'S LICENSE SANCTIONS OPPOSED

A concurrent resolution opposing the enactment of legislation providing for sanctions dealing with an individual's driver's license as a consequence of the individual's conviction of any drug-related offense.

**WHEREAS**, the provisions of Section 159 of Title 23 of the United States Code mandates that the United States Secretary of Transportation withhold federal-aid highway funds from a state that fails to enact legislation that provides sanctions dealing with an individual's driver's license upon the individual's conviction of any violation of the federal Controlled Substances Act or any drug-related offense, or provide a written certification that the governor of the state is opposed to the enactment and enforcement of such legislation and that the legislature of the state has adopted a resolution expressing its opposition to such a law; and

**WHEREAS**, drug abuse and the problems associated with drug abuse continue to be matters of deep national concern, but the sanctioning of an individual driver's license as proposed under Section 159 of Title 23 of the United States Code is considered an inappropriate response to the problem; and

**WHEREAS**, the sanctioning of an individual's driver's license is a matter best left to the state to ensure compliance with the traffic and motor vehicle laws of the state; and

**WHEREAS**, the federal government should refrain from mandating policy or legislation of this nature for the state;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

That the Fifty-third Legislative Assembly expresses opposition to the enactment or enforcement of any law mandated under Section 159 of Title 23 of the United States Code, relating to sanctions dealing with an individual's driver's license upon conviction of any violation of the federal Controlled Substances Act or any drug-related offense; and

**WHEREAS**, many medical assistance recipients receive treatment at private clinics even though comparable services are available through public health services; and

**WHEREAS**, the United Nations has recently passed its Convention on the Rights of the Child; and

**WHEREAS**, the Convention on the Rights of the Child is addressed to national and local governments; and

### NATIONAL ENERGY TAX OPPOSITION

A concurrent resolution urging the President and Congress to reject any proposals for a national energy tax and to reject any proposals to increase federal excise taxes on motor fuels for the purposes of deficit reduction.

WHEREAS, the United States Congress and the President are considering an increase in the federal motor fuel tax or enactment of a national energy tax to help reduce the nation's deficit; and

WHEREAS, motor fuel is already one of the most heavily taxed commodities consumers buy; and

WHEREAS, the federal deficit is a national problem that should not be addressed by taxes that apply only to the country's highway users and energy users; and

WHEREAS, the nation's highway transportation system is largely the result of an effective state-federal partnership utilizing federal highway trust fund money from taxes paid by highway users; and

WHEREAS, with growing congestion and heavy replacement costs for roads and bridges, additional highway user taxes for nonhighway purposes could seriously hamper federal and state abilities to meet highway needs; and

WHEREAS, in addition to being inflationary, a large additional motor fuel or national energy tax for deficit reduction would cost thousands of jobs, reduce the gross national product, and reduce federal income tax revenues; and

WHEREAS, increasing the federal motor fuel tax or creating a national energy tax for nonhighway purposes would seriously erode public support for the successful pay-as-you-go state-federal highway program; and

WHEREAS, an increase in the motor fuel tax would fall hardest on the working poor and states like North Dakota that depend heavily on energy; and

WHEREAS, for most people there are no practical alternatives to driving or energy use for business and heating; and

WHEREAS, the public demands that deficit reduction be based on Congress effectively controlling federal spending and acquiring revenue through fair and equitable taxation;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

That the Fifty-third Legislative Assembly opposes the imposition of any additional federal excise tax on motor fuels or imposition of a national energy tax to help balance the federal budget and urges both the President and Congress to reject any such proposals; and

**BE IT FURTHER RESOLVED**, that copies of this resolution be forwarded by the Secretary of State to the Secretary of the United States Department of Transportation, the chairman of the United States House of Representatives Committee on Public Works and Transportation, the chairman of the United States Senate Committee on Finance, the presiding officers of the United States Senate and House of Representatives, and to each member of the North Dakota Congressional Delegation.

**WHEREAS**, United States Highway 83 runs from the Canadian border in North Dakota to the southern border of Texas and connects with highly traveled roads in Canada and Mexico; and

**WHEREAS**, there is good potential for increased trade with Canada and Mexico; and

**WHEREAS**, a core group recently announced the formation of a proposed Central North American Trade Corridor; and

**WHEREAS**, the purpose of this group is to promote trade by establishing a recognized trade corridor running along Highway 83; developing an international marketing cooperative; utilizing the Free Trade Agreement; exchanging information about marketing and distribution of goods; and developing the trade corridor infrastructure, including custom-bonded warehouses, foreign trade zones, intermodal and multimodal facilities, and the highway, rail, and air transportation systems; and

**WHEREAS**, the development of the corridor would provide needed economic development in the state;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

### FEDERAL AGRICULTURAL POLICIES URGED

A concurrent resolution urging the Secretary of Agriculture to increase commodity loan rates, implement the Target Option Payment program, appropriately index target prices, increase acceptance rates by the Farmer Owned Reserve, adjust milk marketing orders, study the relationship between support levels, production costs, and farm income, and review current regulations governing commodity support programs.

**WHEREAS**, North Dakota relies upon agriculture as the base of its economy; and

**WHEREAS**, real net farm income fell to its lowest level ever in the 1980's which remains inadequate and will continue to fall with the proposed federal BTU tax; and

**WHEREAS**, since 1980, North Dakota has lost over 7,000 farms and the nation as a whole has lost over 250,000 farms; and

**WHEREAS**, it is anticipated that North Dakota and the nation will continue to lose farms; and

**WHEREAS**, the loss of farms has an accompanying loss of farmers and farm income, which in turn has devastated main street businesses and led to the out-migration of our young people; and

**WHEREAS**, a modest increase of 50 cents per bushel in the price of wheat would add \$200 million to farm income; and

**WHEREAS**, the current farm program has failed to provide family farmers with reasonable economic safety nets; and

**WHEREAS**, the current farm program is excessively complicated and burdensome for producers;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

That the Fifty-third Legislative Assembly urges the Secretary of Agriculture to use the discretionary authority granted in the Food, Agriculture, Conservation, and Trade Act of 1990 and increase commodity loan rates to the statutory level, implement the Target Option Payment program, index target prices to the rate of inflation, open the Farmer Owned Reserve to accept up to 15,000 bushels per farmer, adjust milk marketing orders to provide orderly market conditions that maintain the purchasing power of dairy farmers and the value of their assets, direct the United States Department of Agriculture to study the relationship between support levels, production costs, and farm income, and review current regulations governing

commodity support programs in order to simplify producer participation and compliance; and

**BE IT FURTHER RESOLVED**, that the Fifty-third Legislative Assembly invites the Secretary of Agriculture to tour North Dakota and to conduct a hearing on farm policy while in this state; and

A concurrent resolution directing the Legislative Council to study the short-term and long-term capital construction needs of state agencies and institutions and methods of financing capital construction projects.

**WHEREAS**, the current 10 percent of one percent of sales tax set aside for capital construction needs appears to be inadequate to finance necessary projects; and

**WHEREAS**, the State Building Authority may be able to issue debt for revenue bond facilities on the state's colleges and universities at a lower cost; and

**WHEREAS**, the practice of requiring local shares on state capital construction projects is not uniform; and

**WHEREAS**, the actual cost of projects when financed by bond issues may or may not be high; and

**WHEREAS**, the value of the capital construction budget to the Legislative Assembly should be evaluated;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

That the Legislative Council study the short-term and long-term capital construction needs of state agencies and institutions and methods used by the state to determine which capital construction projects to undertake, the most appropriate method of finance, and the appropriateness of private or local contributions toward construction costs; and

**WHEREAS**, legislation consolidating the counties of the state or providing the means for easier optional consolidation of counties has been considered by the Fifty-third Legislative Assembly; and

**WHEREAS**, it has become apparent that there are potential advantages and disadvantages of consolidating counties by legislation or by local option and thoughtful review is needed to fully examine the legal and administrative issues necessary to make a decision in the best interests of all citizens; and

**WHEREAS**, study of the consolidation of counties during an interim period with study committee membership of local government representatives will allow adequate time for consideration of the complex issues that must be addressed and allow an opportunity for input from citizens;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

That the Legislative Council study the feasibility and desirability of statutorily combining counties or revising provisions for optional consolidation of counties; and

### MEDICAL ASSISTANCE STUDY

A concurrent resolution directing the Legislative Council to study the medical assistance eligible population in this state to determine if there is a need for a more equitable distribution of medical assistance reimbursement to certain providers.

**WHEREAS**, there are approximately 52,500 residents of the state who are eligible for medical assistance benefits for health care services; and

**WHEREAS**, some health care providers have an excessive medical assistance clientele due to a heavy concentration of medical assistance eligible residents in the area of the state in which those providers practice; and

**WHEREAS**, medical assistance reimbursement rates are lower than other health care insurance reimbursement rates; and

**WHEREAS**, a review of the distribution of medical assistance eligible persons in the state and of whether some health care providers are serving a disproportionate number of medical assistance clientele would uncover inequities that exist in the medical assistance system; and

**WHEREAS**, if inequities exist, a different reimbursement method might be considered to provide reimbursement at increased rates for providers serving a larger ratio of medical assistance recipients;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

That the Legislative Council study the medical assistance eligible population in this state to determine if there is a need for a more equitable distribution of medical assistance reimbursement to certain providers; and

**WHEREAS**, the negotiation process and setting of teacher salaries and benefits can lead to discontent on the part of teachers, school board members, and taxpayers of this state; and

**WHEREAS**, it would best serve the interests of everyone concerned if the time, energy, and resources devoted to teacher salaries and benefits were applied to the education of our children; and

**WHEREAS**, variation exists between statistics and studies that compare North Dakota's tax rates to the rates of other states; and

**WHEREAS**, recent interest in legislation and initiative and referendum issues dealing with taxation issues at the state and local level indicate that thorough study of tax issues is required; and

**WHEREAS**, the communities of Grand Forks and Minot have been actively engaged in promoting a continued presence by the Air Force at the Grand Forks and Minot Air Force bases;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

### INDIVIDUAL INCOME TAX STUDY

A concurrent resolution directing the Legislative Council to study the imposition of state income taxes for individuals, estates, and trusts.

**WHEREAS**, since 1981 North Dakota has had two separate methods of determining income tax liability for individuals, estates, and trusts; and

**WHEREAS**, the existence of two separate methods of imposing income taxes makes it difficult for citizens to understand the state's income tax laws and interrelationships; and

**WHEREAS**, thorough study of North Dakota income tax laws is required to determine whether it is possible to create a unified method of determining individual, estate, and trust income taxes which is simple to administer and understand, contains a minimal number of exemptions and credits, and is approximately revenue neutral;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

That the Legislative Council study the imposition of income taxes for individuals, estates, and trusts with emphasis on determining a unified method of determining individual, estate, and trust income taxes which is simple to administer and understand, contains a minimal number of exemptions and credits, and is approximately revenue neutral; and

### **SALES AND USE TAX STUDY**

A concurrent resolution directing the Legislative Council to study the imposition and administration of sales, use, motor vehicle excise, and aircraft excise taxes.

**WHEREAS**, sales, use, motor vehicle excise, and aircraft excise taxes constitute major revenue sources for the state and local governments; and

**WHEREAS**, the fact that sales taxes are a substantial tax obligation requires the Legislative Assembly to scrutinize imposition of the tax to assure that it is fairly apportioned among citizens; and

**WHEREAS**, policy decisions concerning sales, use, and excise tax rates and exemptions impact economic development, tourism, and all other aspects of North Dakota's economy; and

**WHEREAS**, the sales tax base in this state should be compared to the sales tax base in other jurisdictions on a frequent basis to allow informed decisions on whether there is a need for uniformity across jurisdictional lines;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

That the Legislative Council study imposition and administration of sales, use, motor vehicle excise, and aircraft excise taxes; and

### **RURAL WATER SUPPLY STUDY**

A concurrent resolution directing the Legislative Council to study the supplying of water to rural areas and small towns.

**WHEREAS**, the means to supply water to rural areas and small towns in this state is a critical issue; and

**WHEREAS**, funding by the Farmers Home Administration has been available in the past for water supply organizations but it appears the role of the Farmers Home Administration will diminish so it is necessary to develop plans to restructure financing for nonprofit rural water supply organizations and to examine financing options, including tax-exempt financing, which will be compatible with federal law; and

**WHEREAS**, it is necessary to examine the need for improvement, renovation, and expansion of existing water service systems and to assure that rural water supply organizations are able to comply with increasing regulation, make systems more viable, expand to include unserved areas, and assure that rural water rates remain stable;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

That the Legislative Council study the supplying of water to rural areas and small towns; and

### **EMERGENCY MANAGEMENT STUDY**

A concurrent resolution directing the Legislative Council to study the structure and organization of the Division of Emergency Management and local emergency management organizations.

**WHEREAS**, the possibility of combining the Division of Emergency Management into another existing state agency and the combining of local emergency management organizations into the county sheriffs' offices requires detailed study of numerous issues; and

**WHEREAS**, study of consolidation should include the review of similar functions and duties being performed by other state agencies and local governmental entities in an attempt to eliminate duplication and increase the efficiency of the services provided; and

**WHEREAS**, study of the consolidation of the Division of Emergency Management and local emergency management organizations with other local governmental entities should include review and evaluation of any economic, professional, training, emergency preparedness, and other potential benefits as well as a thorough evaluation of impacts on local units of government;

That the Legislative Council study the structure and organization of the Division of Emergency Management and local emergency management organizations, including the feasibility of consolidation of the Division of Emergency Management with an appropriate state agency and the feasibility of consolidation of local emergency management organizations with other local governmental units, and that consideration be given to whether services would be enhanced and greater efficiencies would be achieved through these consolidations; and

**WHEREAS**, injury prevention programs dealing with water safety, fire safety, firearms safety, bicycle safety, playground safety, in-home safety, toxic safety, vehicle restraints, blood poisoning, and sudden infant death syndrome may not be funded at a level to achieve optimum results; and

**WHEREAS**, other states have implemented programs to support child care licensing reforms, child abuse prevention, and child injury prevention programs in new and innovative ways; and

**WHEREAS**, California has instituted a program called "Kids License Plates" that results in a portion of the moneys received from personalized license plates that have symbols representing a heart shape, a five-point star, a child's handprint, and a plus sign dedicated for child care reforms; and

**WHEREAS**, Section 11 of Article X of the Constitution of North Dakota provides that motor vehicle licensing and registration fees be placed in the highway tax distribution fund for public highway construction purposes; and

**WHEREAS**, any proposal to change the distribution of motor vehicle license and registration fees requires a review of constitutional requirements;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

**WHEREAS**, while the potential earning power of a youth about to become a part of the work force is a tremendous asset, the potential costs of losing a youth to the correction system may be a tremendous liability; and

**WHEREAS**, young people age 17 through 21 who are released from the state's foster care system may become parents before they become self-sufficient members of the work force; and

**WHEREAS**, while most families continue to nourish their children throughout the years of their education and into maturity, some find it difficult to break an intergenerational proclivity to depend upon state support systems; and

**WHEREAS**, youth with the ability and the will to become economically contributing citizens of North Dakota should not be deprived of the opportunity to do so; and

**WHEREAS**, the United States Department of Health and Human Services has indicated its willingness to develop pilot projects offering transitional living services for youth age 17 through 21;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

**WHEREAS**, the Fifty-third Legislative Assembly considered and did not fully resolve the issues involved in state and local administration of federal housing programs; and

**WHEREAS**, state laws on depositories of public funds have been in place for 70 years or more and during that time the investment world has changed substantially; and

**WHEREAS**, the limitations of state law on depositories for funds of political subdivisions severely restrict the opportunity of political subdivisions to receive the highest safe return on investments; and

**WHEREAS**, determination of the current status of state law regarding depositories for funds of political subdivisions and analysis of the feasibility and desirability of allowing political subdivisions to make alternate investments that are reasonably free of risk could allow a much more beneficial use of public funds;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

That the Legislative Council study deposit and investment restrictions in state law regarding funds of political subdivisions to determine the feasibility and desirability of allowing additional investments of political subdivision funds; and

A concurrent resolution directing the Legislative Council to study and establish procedures necessary to implement annual sessions of the Legislative Assembly beginning in 1995 and 1996.

**WHEREAS**, in 1976 the Constitution of North Dakota was amended to allow the Legislative Assembly to meet in regular session for 80 natural days and to provide that days spent in regular session need not be consecutive; and

**WHEREAS**, after seven sessions of operating under the 80 natural day provision the Legislative Assembly requested the Legislative Council to study the legislative process during the 1989-90 interim, with emphasis on the appropriate use of the 80 natural days allowed for the Legislative Assembly to be in session; and

**WHEREAS**, during that study information was received on the South Dakota Legislature, which meets for a 40-day session in odd-numbered years and a 35-day session in even-numbered years, and the Wyoming Legislature, which meets for a 40-day general session in odd-numbered years and 20-day budget session in even-numbered years; and

**WHEREAS**, the complexities of governing the state require that the Legislative Assembly meet in annual session beginning in 1995 and 1996; and

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

### FORESIGHT STUDY

A concurrent resolution directing the Legislative Council to study alternatives for establishing mechanisms for facilitating long-term policy development and other foresight processes in North Dakota state and local government.

**WHEREAS**, the present economic and social transition created by technological change and global competition can provide North Dakota with opportunities to pursue a prosperous future with clarity of purpose; and

**WHEREAS**, in order to identify and take advantage of these opportunities, there is a need for foresight processes that permit long-term or "posterity" thinking by leaders and citizens to position North Dakota for anticipating and responding to issues and problems with forward-looking perspectives; and

**WHEREAS**, this foresight capacity can assist North Dakota leaders in better anticipating changes in the state's social, economic, and physical environment; help North Dakota leaders and managers make more informed and wiser decisions through careful deliberation; and enhance communication and cooperation among the three branches of state government, local government, and the public; and

**WHEREAS**, this foresight capacity may include processes and activities involved in public policy issue scanning, future research and analysis, long-range planning, and public participation and consensus building; and

**WHEREAS**, several states have taken diverse approaches in creating mechanisms for looking at government decisionmaking from a long-term perspective as a means for taking advantage of new opportunities, avoiding problems, and providing for continuity in public policy; and

**WHEREAS**, these efforts by other states include the creation of a long-term policy research center in Kentucky that serves both the executive and legislative branches of state government, and efforts such as the Oregon Benchmarks Process, the Minnesota Milestones Process, and Utah's Tomorrow Strategic Planning that involve the identification of measurable benchmarks or goals for the state's future; and

**WHEREAS**, the efforts of these states reflect the recognition of foresight processes as an important tool for public policy making which can serve to improve the way policy decisions are formulated and assessed by providing decisionmakers with a fuller background and broader context that considers the long-term implications of policies and critical emerging trends and issues that are likely to have a significant impact on the state and its citizens in the future;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

That the Legislative Council study alternatives for establishing mechanisms for facilitating long-term policy development and other foresight processes in North Dakota state and local government; and

**BE IT FURTHER RESOLVED**, that the Legislative Council consider appointing citizen members to the interim committee that is assigned this study, including representatives of local government, the executive branch, higher education, the nonprofit sector, and the private sector to assist in generating ideas for incorporating foresight into decisionmaking; and

**WHEREAS**, these boards, councils, committees, and commissions have varying requirements for membership selection and appointment, composition, and authority; and

**WHEREAS**, the duties and responsibilities of these various boards and commissions range from advisory to regulatory; and

**WHEREAS**, all boards, councils, committees, and commissions, whether merely advisory in nature or whether engaged in active regulation of any activity, should be responsive and receptive to the needs of the public;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

That the Legislative Council study the membership, duties, and responsibilities of all boards, committees, commissions, and councils. The study should include consideration of whether any of the boards, councils, committees, and commissions have overlapping powers and duties, whether any boards, councils, committees, and commissions should be eliminated or consolidated, whether each board, council, committee, and commission presently performs the functions for which it was originally created, and whether the membership of each board, council, committee, and commission is responsive to the people of the state; and

WHEREAS, improved forecasting of revenues for the state would be a substantial benefit to the state and its political subdivisions and citizens;

**WHEREAS**, in 1979 this country's aviation industry manufactured and sold more than 17,000 aircraft but in 1992 the industry manufactured only 899 aircraft; and

**WHEREAS**, this decline in the aircraft industry has been attributed to product liability claims against aircraft manufacturers in the United States; and

**WHEREAS**, revision in product liability laws may encourage the return of aircraft manufacturers to the United States, and possibly to North Dakota;

**WHEREAS**, the criminal justice provisions and statutes of the state may not be adequately serving the needs of society in the areas of protection, the rehabilitation of convicted persons, or the prevention of criminal activity; and

**WHEREAS**, disparities and inequities in penalties, sentences, and sentencing procedures may cause disenchantment with the state's criminal justice system; and

**WHEREAS**, the system of criminal justice must be viewed as a comprehensive whole embracing every phase from crime prevention through correction and rehabilitation; and

**WHEREAS**, a revision of the substantive criminal laws of this state, with emphasis on classification of penalties, elimination of criminal provisions having little or no social utility, and consideration of substituting civil for criminal penalties when feasible, would be a large step toward maintaining a modern, comprehensive criminal justice system for the state;

**NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

That the Legislative Council study the substantive criminal laws of the state, or so much thereof as may reasonably be reviewed during the 1993-94 interim, with special emphasis on the penalty structure established by present law, including the classification of penalties and the elimination of duplicate penalties. **WHEREAS**, pursuant to North Dakota Century Code Section 50-06-06.5, which was a recommendation resulting from a 1985-86 study by the Legislative Council's interim Budget Committee on Human Services, the Department of Human Services has developed a plan for an integrated, multidisciplinary continuum of service for mentally ill individuals; and

**WHEREAS**, during the 1987-88 interim the Legislative Council's Budget Committee on Human Services studied the role and function of the State Hospital in the provision of services to the mentally ill and chemically dependent, and during the 1989-90 interim the Legislative Council's Budget Committee on Human Services reviewed the plan for expanding community services for the chronically mentally ill and chemically dependent and the future role of the State Hospital; and

**WHEREAS**, during the 1991-92 interim the Legislative Council's Budget Committee on Government Services, in studying the feasibility and desirability of the Department of Human Services contracting with the private sector for the treatment of alcohol and drug dependent persons, determine that the department and the private sector are interested in cooperating to provide chemical dependency treatment services; and

**WHEREAS**, the committee was informed that the department's 1993-95 budget request for community services for the mentally ill may not include sufficient funds to meet all the needs identified by the regional human service centers;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council monitor the continued development of a continuum of services for the mentally ill and chemically dependent, including changes in the role of the State Hospital and expanded community services, and receive status reports from the Department of Human Services and private providers on the development of a partnership between the public and private sectors for providing alcohol and drug abuse services throughout the state.

**WHEREAS**, total quality management is a system of ideas that W. Edwards Demming taught Japanese corporations in the 1950s and which has been developing in the United States ever since; and

**WHEREAS**, Dr. Demming teaches organizations to treat the people they serve as important customers, to place customer satisfaction as an organization's primary goal, to base decisions on carefully gathered statistical data about all the facts of the operation, and to bring labor and management together and keep them working closely together as one of the best ways to get the job done; and

**WHEREAS**, total quality management is designed to establish a secure work environment so that everyone may work effectively, break down the barriers between departments, institute a program of education and self-improvement, cease dependence on mass inspection, and require top management to drive the transformation; and

**WHEREAS**, total quality management has been implemented successfully in several United States companies and state and local governmental units; and

**WHEREAS**, legislative involvement and input at appropriate times in agencies' implementation of total quality management will assist state agencies in being responsive to legislative intent; and

**WHEREAS**, the Governor by executive order has established the North Dakota Quality Coordination Committee to develop a strategic plan to coordinate total quality management implementation in state government; and

**WHEREAS**, North Dakota state employees are currently valued for their high quality work and their willingness to strive always to do better; and total quality management provides the philosophical basis and the tools for excellence; and

**WHEREAS**, total quality management concepts include:

1. A recognition that to achieve success, high levels of management must be committed to the total quality management concepts and must conduct a systematic review of the implementation progress;
2. A focus on service recipients and the citizens of the state of North Dakota by:
  - a. Identifying and prioritizing service needs,
  - b. Placing a high priority on satisfying priority service needs,
  - c. Constantly striving for improvement in quality and delivery of services, and

  - c. Stimulate employees by reward and recognition to provide quality service, and
  - d. Provide recognition of superior employee performance in quality improvement;
4. Communication and coordination in the provision of services by:
  - a. Communicating quality goals to the citizens and the Legislative Assembly of the state of North Dakota,
  - b. Striving to provide services more efficiently to reduce costs of service,
  - c. Recognizing that poor quality services result in costs to the state, many of which costs may not be easily identified or may appear in future years, and
  - d. Encouraging cooperation within a governmental agency and with local political subdivisions and providers of service; and
5. The necessity of long-term strategic planning to identify long-term needs of the citizens of North Dakota and to develop goals to meet those needs; and

**WHEREAS**, the Department of Human Services initiated the implementation of total quality management concepts during the 1991-93 biennium which are expected to:

1. Mold the department into a cohesive organizational structure with a common mission and purpose;

2. Provide employee incentives to reward quality performance;
3. Emphasize strategic planning to place a greater emphasis on needs assessment;
4. Improve coordination and consultation as a result of increased communication among departmental divisions;
5. Develop an internal decisionmaking process adhering to the mission of the department and focusing on the needs of North Dakota citizens; and
6. Establish a mechanism for anticipating future needs and conceptualizing potential approaches to meeting those needs; and

That the Fifty-third Legislative Assembly encourages the Department of Human Services to continue development of a total quality management initiative; and

**BE IT FURTHER RESOLVED**, that the Department of Human Services be invited to report for the purposes of study, response, and direction to the Legislative Council, or any committee the Legislative Council designates, during the 1993-94 interim on the department's progress in developing total quality management concepts, the human service areas affected by the implementation of total quality management, and the related costs and benefits of total quality management; and

SENATE CONCURRENT RESOLUTION NO. 4005  
(Legislative Council)  
(Interim Court Services Committee)

### JUDICIAL SYSTEM STUDY

A concurrent resolution directing the Legislative Council to study the problems associated with the unification of the state's judicial system into a single trial court of general jurisdiction.

**WHEREAS**, the 1991 Legislative Assembly enacted House Bill No. 1517, which provides a transition process for establishing a single trial court of general jurisdiction through the abolition of county courts and the establishment of additional district court judgeships, with the reduction in the total number of judges to meet the numerical goal set by the Legislative Assembly; and

**WHEREAS**, the projected budget for the court unification under House Bill No. 1517 is \$8.2 million per biennium; and

**WHEREAS**, there have been several alternative suggestions made for providing the funding for court unification, including redistribution of county court revenues and changes in filing fees; and

**WHEREAS**, the implementation of the legislation occurs over a period of time, continued changes to the unification plan and to provide for funding may be necessary;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the problems and monitor the implementation of 1991 House Bill No. 1517, including the funding of court unification and possible changes in filing fees or in distribution of county court revenues, in order to ensure that a unified, consolidated court system is accomplished; and

**BE IT FURTHER RESOLVED**, that the Legislative Council report its findings and recommendations, together with any legislation necessary to implement the recommendations, to the Fifty-fourth Legislative Assembly.

SENATE CONCURRENT RESOLUTION NO. 4006  
(Legislative Council)  
(Interim Finance and Taxation Committee)

### FEDERAL LANDS RESPONSIBILITY URGED

A concurrent resolution urging the Congress of the United States to take responsibility to assure that the federal government becomes a responsible landowner by assuming its fair share of the property tax burden on government land.

**WHEREAS**, in North Dakota and other states the federal government has acquired millions of acres of land for migratory bird sanctuaries, the national park system, the national forest system, water resource development projects, and other uses; and

**WHEREAS**, Congress has enacted legislation providing for payments in lieu of taxes on federal lands well below the taxes paid by neighboring landowners, and then the federal government has broken the promise of this legislation because Congress has not appropriated sufficient funds to make these payments; and

**WHEREAS**, in states such as North Dakota with sparse population the removal of federal lands from the tax base shifts a substantial burden of the cost of local governmental services to neighboring landowners; and

**WHEREAS**, to the growing consternation of North Dakotans, while the federal government lacks sufficient funds to pay its promised share of the tax burden, federal agencies have sufficient funds to acquire additional property upon which taxes will not be paid;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Fifty-third Legislative Assembly urges the Congress of the United States to take responsibility to assure that the federal government becomes a responsible landowner, a good neighbor, and a taxpaying citizen of each state in which it owns property by enacting legislation to do all of the following:

1. Provide for repeal of laws authorizing acquisition by federal agencies of land for migratory bird refuges and waterfowl production areas or provide that states have an option to rescind previously granted approval for acquisition of such property;
2. Provide that no federal agency or instrumentality may acquire any interest in property in a state unless all federal agencies owning any interest in property in that state have made full in lieu of tax payments equal to one hundred percent of the taxes that would be due against the property under local assessment and levies for the previous two taxable years;

3. Provide that each federal agency or instrumentality owning any property in a state must give the state an annual accounting of acreage and valuation of its holdings in each county in the state;
4. Provide that each federal agency or instrumentality owning any property in a state must give the state an annual report of how much property it intends to acquire within each county in the state;
5. Provide that limitations on the acreage of federally owned property per county must be established and that federal acquisitions must be approved by an evaluation board in each state consisting of representatives of water, farm, and wildlife groups and representatives of all levels of local government;
6. Provide that any federal agency or instrumentality that fails to make full in lieu of tax payments is permanently banned from acquiring any interest in property in that state until full payment is made;
7. Provide that federal agencies and instrumentalities are subject to state laws regarding imposition of interest and penalties and forfeiture of property for nonpayment of taxes in the same manner as any other landowner; and
8. Provide that federal duck stamp revenues and other funds used for acquisition of interests in property be made available for payments in lieu of taxes on property already acquired; and

**BE IT FURTHER RESOLVED**, that the Secretary of State send copies of this resolution to the Secretary of the Senate of the United States, the clerk of the House of Representatives, the chairman of the Senate Appropriations Committee, the chairman of the House of Representatives Appropriations Committee, the chairman of the Senate Energy and Natural Resources Committee, the chairman of the House of Representatives Interior and Insular Affairs Committee, the Secretary of the Interior, the President of the United States, and each member of the North Dakota Congressional Delegation.

### **SAFE DRINKING WATER ACT ENFORCEMENT**

A concurrent resolution urging Congress to moderate enforcement of the Safe Drinking Water Act.

**WHEREAS**, Congress enacted the Safe Drinking Water Act in 1974 and substantially amended the Act in 1986; and

**WHEREAS**, the Act established a program to require compliance with national drinking water standards for contaminants that may have an adverse effect on the health of people; and

**WHEREAS**, the National Conference of State Legislatures has estimated that a yearly total of \$281 million will be necessary to comply with the provisions of the amendments made in 1986; and

**WHEREAS**, each state should be allowed to conduct preliminary monitoring to determine whether a particular drinking water rule or further monitoring requirements need to be implemented within that state; and

**WHEREAS**, each state should be allowed flexibility to apply safe drinking water rules to regions within that state that have documented drinking water problems; and

**WHEREAS**, North Dakota is faced with the task of fully implementing four major new safe drinking water regulatory packages beginning January 1, 1993, and at least three additional major safe drinking water rule packages beginning January 1, 1997; and

**WHEREAS**, the Environmental Protection Agency should allow states additional time to adopt and implement these major safe drinking water rule packages;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Fifty-third Legislative Assembly urges the Congress of the United States to moderate enforcement of the Safe Drinking Water Act; and

**BE IT FURTHER RESOLVED**, that the Secretary of State forward copies of this resolution to the Administrator of the Environmental Protection Agency, each member of the North Dakota Congressional Delegation, and the Governor.

### ASSISTANCE PROGRAM ELIGIBILITY STUDY

A concurrent resolution directing the Legislative Council to study the eligibility criteria for economic and medical assistance programs and study the feasibility and desirability of standardizing income and asset criteria for those programs, standardizing pass-through, disallowance, and disregard income criteria, and of establishing criteria to allow persons eligible for those programs to earn income without losing their eligibility for benefits.

**WHEREAS**, the county human service offices are responsible for administering many different economic and medical assistance programs, which may have originated at the federal, state, or local level; and

**WHEREAS**, each program may have different eligibility criteria to be reviewed during the application process; and

**WHEREAS**, different eligibility criteria are confusing to consumers and advocates; and

**WHEREAS**, standardizing and streamlining these criteria could result in a more efficient administration of economic and medical assistance programs and increase self-esteem; and

**WHEREAS**, revising the criteria to allow people to earn money without jeopardizing their benefits may encourage independence from the programs;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the eligibility criteria for economic and medical assistance programs administered by the counties and study the feasibility and desirability of standardizing the income and asset criteria for those programs, standardizing pass-through, disallowance, and disregard income criteria, and of establishing criteria to allow persons eligible for the programs to earn income without losing their eligibility for benefits; and

### AT-RISK ADOLESCENTS STUDY

A concurrent resolution directing the Legislative Council to study the optimum structure and staff development services necessary to meet the needs of middle-level adolescents identified as the at-risk group in North Dakota schools.

**WHEREAS**, each middle-level student has individual talents, goals, and aspirations that must be identified and nurtured in school as well as at home at this critical period of development; and

**WHEREAS**, middle-level students experience rapid and often traumatic physical and emotional changes as well as fluctuation in cognitive processing that call for a school environment staffed by teachers who are knowledgeable and competent in meeting these developmental needs of young adolescents; and

**WHEREAS**, each middle-level student's needs must be met by experienced personnel who recognize that this period represents the student's last best chance to avoid a diminished future; and

**WHEREAS**, a mismatch exists between the organization and curriculum of middle-grade schools and the intellectual and emotional needs of young adolescents, so middle-level teachers must be trained to match the organization and curriculum to the needs of middle-level adolescents; and

**WHEREAS**, in both large and small North Dakota school districts, the vast majority of teachers who are teaching one or two seventh or eighth grade classes are secondary trained and have a major commitment to the high school curriculum; and

**WHEREAS**, neither the elementary school model of teachers trained as generalists nor the secondary model of teachers trained as specialists in their content fields in departmentalized settings is appropriate for middle-level students; and

**WHEREAS**, school structure needs examination concurrent with national research to determine the optimum organizational setting for middle-level students; and

**WHEREAS**, each North Dakota school should assess its effectiveness in meeting the developmental needs of middle-level students; and

**WHEREAS**, an externally funded project has successfully reached a small number of North Dakota schools and staff;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the optimum structure and staff development services necessary to meet the needs of middle-level adolescents identified as the at-risk group in North Dakota schools; and

**WHEREAS**, many North Dakota residents have living wills, documents concerning anatomical gifts, and durable powers of attorney pursuant to chapters 23-06.2, 23-06.4, and 23-06.5 of the North Dakota Century Code; and

**WHEREAS**, these documents may not be readily available to health care providers in emergencies; and

**WHEREAS**, a central repository for key medical documents may benefit all residents of North Dakota;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the feasibility of establishing a central repository for living wills, documents evidencing anatomical gifts, durable powers of attorney for health care, and other similar documents; and

### POOR CITIZENS LEGAL REPRESENTATION STUDY

A concurrent resolution directing the Legislative Council to study methods for providing civil legal representation and dispute resolution services for poor citizens.

**WHEREAS**, 89,000 North Dakotans, constituting 15 percent of the North Dakota population, are those with incomes at or below the federal poverty level; and

**WHEREAS**, this poorest segment of the population has increased by eleven percent during the last decade and is projected to increase further, as citizens near poverty are unable to maintain their independence due to lack of civil legal representation and dispute resolution services; and

**WHEREAS**, the lack of legal representation and dispute resolution services in civil matters severely affects a person's ability to secure and maintain basic needs of life, such as shelter, food, clothing, and the ability to live in a free and secure environment; and

**WHEREAS**, special populations of poor North Dakotans, such as the elderly, single parents, children, Native Americans, victims of domestic violence, homeless, mentally ill, developmentally disabled, and farmers and migrant workers, are particularly hurt by the lack of access to civil legal representation and dispute resolution services; and

**WHEREAS**, poor citizens need not only equal access to legal representation for civil legal matters that affect the general population, but also special civil legal representation to be able to gain equal access to complex government agency processes necessary to secure and retain assistance for the basic necessities of life; and

**WHEREAS**, needed civil legal dispute resolution services include innovation in pro se services in court proceedings, specialized use of volunteer attorney services, public school education programs, and development of other counseling, mediation, and arbitration forums and advocacy services for poor citizens; and

**WHEREAS**, a special committee of the Supreme Court of North Dakota concluded that there are approximately 150,000 civil legal problems of poor North Dakotans each year for which legal representation and dispute resolution services are not available and which problems are beyond the capacity of the present civil legal services providers, particularly in legal matters such as child custody, child visitation, child support, domestic violence, protective services for the elderly, children's rights and protections, health care, housing access and eviction, debtor rights and responsibilities, and prompt access to government benefits required to sustain a family at a minimal level until economic independence is regained; and

**WHEREAS**, with present resources, the State Bar Association of North Dakota and the five providers of civil legal services to the poor serving North Dakotans cannot provide legal help at a level beyond the assistance they provided in 10,000 civil cases in 1992; and

**WHEREAS**, new approaches are needed to provide effective access to low-cost, balanced, and speedy mechanisms to resolve civil legal problems for poor and near-poor North Dakotans;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the present and projected future need for civil legal representation and dispute resolution services for poor and near-poor citizens in North Dakota; the harms and costs of the lack of civil legal representation and dispute resolution services for these poor and near-poor citizens; and the benefits of alternative methods for providing civil legal representation and dispute resolution services to these citizens; and

**BE IT FURTHER RESOLVED**, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-fourth Legislative Assembly.

A concurrent resolution directing the Legislative Council to study means of gathering data on sentencing in all felony cases and in all misdemeanor cases involving violations of North Dakota Century Code Chapters 12.1-17, 12.1-20, and 14-07.1.

**WHEREAS**, anecdotal evidence reveals great disparities in the sentences given in criminal cases by courts in this state; and

**WHEREAS**, there is no systematic method currently in use to track sentences in criminal cases in this state; and

**WHEREAS**, consistent sentencing, although not necessarily uniform sentencing, would enhance the deterrent effect of sentencing; and

**WHEREAS**, sentencing practices information would be beneficial to judges, attorneys, law enforcement personnel, and the legislative assembly in carrying out their respective responsibilities;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study means of gathering data on the sentencing of all persons convicted of a felony offense and all persons convicted of a misdemeanor in violation of North Dakota Century Code Chapters 12.1-17, 12.1-20, and 14-07.1; and

**BE IT FURTHER RESOLVED**, that each employee of the Fifty-third Legislative Assembly who was employed by the Fifty-second Legislative Assembly is entitled to any additional per day compensation as was granted by the Fifty-second Legislative Assembly; and

**BE IT FURTHER RESOLVED**, that each employee who was not employed by the Fifty-second Legislative Assembly, but was employed by the Legislative Assembly during a previous regular legislative session during which that employee was paid for at least 45 days, as either an employee of the Senate or the House, is entitled to receive any additional per day compensation, to which the employee would have been entitled if the employee had been employed by the Fifty-second Legislative Assembly, and to receive the additional compensation, which may not exceed five dollars per day, that employee must certify to the Legislative Council the year of each regular session during which that employee was employed as required by this resolution; and

**BE IT FURTHER RESOLVED**, that if any employee resigns, is discharged, or for other reasons terminates employment, the compensation provided by this resolution for that employee ceases effective the last day of employment; and

**BE IT FURTHER RESOLVED**, that the Legislative Council study legislative employee pay scales to determine if inequities exist and study the feasibility and desirability of providing additional compensation to legislative employees based on prior employment by the Legislative Assembly; and

**BE IT FURTHER RESOLVED**, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-fourth Legislative Assembly.

(Senator Tallackson)  
(Representative D. Olsen)

### **DEPARTMENT OF DEVELOPMENTAL DISABILITIES STUDY**

A concurrent resolution directing the Legislative Council to study the feasibility of establishing a Department of Developmental Disabilities and Mental Health.

**WHEREAS**, the services provided developmentally disabled persons and seriously mentally ill persons may be significant enough to justify departmental status on the state level; and

**WHEREAS**, the Department of Human Services with its current budget request approaching a billion dollars a biennium is becoming so large that it may not be giving adequate attention to programs involving mental health and developmental disabilities; and

**WHEREAS**, the creation of a Department of Developmental Disabilities and Mental Health and a downsized Department of Human Services may give the Legislative Assembly an opportunity to improve its control and evaluation of programs administered by the two departments; and

**WHEREAS**, the removal of these programs from the Department of Human Services would preclude the use of moneys appropriated by the Legislative Assembly for developmentally disabled and seriously mentally ill persons from being used for other human service programs;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council is directed to study the feasibility of establishing a Department of Developmental Disabilities and Mental Health; and

**BE IT FURTHER RESOLVED**, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-fourth Legislative Assembly.

### **NOXIOUS WEED TRUST FUND STUDY**

A concurrent resolution directing the Legislative Council to study the development of a Noxious Weed Trust Fund.

**WHEREAS**, leafy spurge already infests 1.1 million acres of land and has the ability to double its acreage of infestation every ten years; and

**WHEREAS**, the direct economic impact of leafy spurge in North Dakota in 1990 was \$23.2 million and is estimated to be \$29.8 million by 1995; and

**WHEREAS**, the state of North Dakota has struggled with the need to provide a consistent level of funding to counties for the effective management of leafy spurge and other noxious weeds; and

**WHEREAS**, the state of Montana has created a successful Montana Noxious Weed Trust Fund;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the formation of a Noxious Weed Trust Fund as a means of providing a consistent level of funding for noxious weed management; and

**BE IT FURTHER RESOLVED**, that the Legislative Council report its findings and recommendations, together with any legislation required to implement its recommendations, to the Fifty-fourth Legislative Assembly.

**WHEREAS**, the Educational Telecommunications Council is charged with creating educational telecommunications programs and systems within the state; and

**WHEREAS**, the Educational Telecommunications Council has broad powers regarding the development of statewide programs and systems; and

**WHEREAS**, the Educational Telecommunications Council contracts for the building and operating of public television stations; and

**WHEREAS**, the Educational Telecommunications Council receives gifts and contributions from public and private sources, and may solicit grants to be used in conjunction with moneys appropriated by the Legislative Assembly;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the Educational Telecommunications Council, the council's role in the creation of educational telecommunications programs and systems within the state, the powers and duties of the council, the council's abilities to receive gifts and contributions from public and private sources, the council's ability to solicit grants for use in conjunction with moneys appropriated by the Legislative Assembly; and the council's expenditure of all funds received; and

### HIGHER EDUCATION DAY

A concurrent resolution declaring Friday, February 26, 1993, as Higher Education Day.

**WHEREAS**, the state of North Dakota has a strong tradition of supporting its institutions of higher education and of recognizing the students who attend those institutions; and

**WHEREAS**, students attending these institutions of higher education are visiting the Legislative Assembly to express their concerns about the future of higher education in this state; and

**WHEREAS**, the Legislative Assembly acknowledges the need to preserve the quality of higher education the state has enjoyed in the past; and

**WHEREAS**, the Legislative Assembly acknowledges the students at the institutions of higher education who would like to express their appreciation to the members of the Legislative Assembly for their hard work and their attention to the status of higher education in this state;

### REVENUE ESTIMATING STUDY

A concurrent resolution directing the Legislative Council to study methods to improve the development of biennial revenue estimates.

**WHEREAS**, one of the major budget problems of the 50 states is the need to improve revenue estimating procedures; and

**WHEREAS**, the volatility of the North Dakota economy is affected both by weather conditions and fluctuation in the price of oil; and

**WHEREAS**, revenue estimates in North Dakota have not been accompanied by a full range of options outlining alternative economic conditions; and

**WHEREAS**, further analysis of revenue estimates by the Legislative Assembly and the Executive Budget Office during the legislative session may improve estimates; and

**WHEREAS**, Budget Section review of early forecasts prior to the development of the executive budget may be helpful to both the Governor and the Legislative Assembly;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council, through the Budget Section, study methods to improve the development of biennial revenue estimates, review recently implemented practices in other states, and consider a process for legislative review of estimates during the legislative session; and

**BE IT FURTHER RESOLVED**, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-fourth Legislative Assembly.

### FEDERAL MANDATES OPPOSITION

A concurrent resolution urging Congress to either refrain from imposing on states and local governments the costs of programs mandated by federal law or fully fund those programs.

**WHEREAS**, the Congress of the United States continues to mandate programs that impose costs on states and local governments; and

**WHEREAS**, states and local governments have limited resources and are struggling to provide for the needs of their citizens; and

**WHEREAS**, imposing the costs of congressional programs upon states and political subdivisions is a pusillanimous means for Congress to avoid its responsibility to deal with federal budget issues; and

**WHEREAS**, Congress must face the same difficult decisions faced by state and local governments, that if a program is not worthy of full funding perhaps it is not worthy of enactment;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Fifty-third Legislative Assembly of North Dakota urges the Congress of the United States to either refrain from imposing the cost of programs on state and local governments or to appropriate sufficient federal moneys to pay the full costs of programs mandated by Congress; and

**BE IT FURTHER RESOLVED**, that copies of this resolution be forwarded by the Secretary of State to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and to each member of the North Dakota Congressional Delegation.

### **DOLLARS FOR SCHOLARS PROGRAM**

A concurrent resolution commending the efforts of the volunteers and staff involved with the Dollars for Scholars program.

**WHEREAS**, North Dakota, like many other states, faces increasing difficulty in funding primary, secondary, and higher education; and

**WHEREAS**, higher education costs continue to rise, thereby placing a greater burden upon students and their families; and

**WHEREAS**, North Dakota continues to support and encourage the education of all students in order to ensure individual growth and the variety of benefits that educated individuals bring to the state; and

**WHEREAS**, the Citizens' Scholarship Foundation of America has, through the Dollars for Scholars program, raised over \$725,000 in endowment funds through 31 community chapters; and

**WHEREAS**, this effort resulted in North Dakota colleges and universities receiving nearly \$250,000 in cross-match grants from the Citizens' Scholarship Foundation of America; and

**WHEREAS**, in 1991 and 1992, this effort resulted in 350 scholarship awards to young North Dakotans, totaling over \$111,000; and

**WHEREAS**, the national office of the Citizens' Scholarship Foundation of America has recognized that in the last year, the percentage increase of scholarship dollars available through the North Dakota Dollars for Scholars chapters is 10 times greater than the percentage increase nationally; and

**WHEREAS**, the growth in the number of North Dakota Dollars for Scholars chapters is five times greater than the national average; and

**WHEREAS**, opportunities to develop additional Dollars for Scholars chapters in North Dakota communities remain available;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Fifty-third Legislative Assembly commends the volunteers and staff involved in the Dollars for Scholars program for the national recognition they received because of their outstanding contributions to the students and the citizens of North Dakota; and

### **AGRICULTURAL COMMODITY CONTRACT STUDY**

A concurrent resolution directing the Legislative Council to study problems relating to the use of contracts for the sale of agricultural commodities.

**WHEREAS**, there are many kinds of commodity contracts designed to provide farmers and ranchers with a measure of income assurance and stability; and

**WHEREAS**, agricultural contracting is likely to expand due to the provisions of the 1990 farm bill and the increased emphasis on agricultural diversification and specialty crops; and

**WHEREAS**, the perishable nature of agricultural commodities, the vulnerable financial position of many farmers, and the difficulty faced by farmers in assessing commodity contracts can create risks for farmers who engage in agricultural contracting;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the problems relating to the use of contracts for the sale of agricultural commodities by North Dakota farmers and ranchers to persons other than public warehousemen licensed under chapter 60-02, including potential risks contained in current contracting practices, and laws and bills from other states relating to agricultural contracting; and

### CONSERVATION RESERVE PROGRAM

A concurrent resolution urging Congress to continue a land retirement program in excess of 45 million acres at the expiration of the current conservation reserve program contracts.

**WHEREAS**, the conservation reserve program has protected the long-term food-producing capability of the United States by reducing wind and water erosion of cropland; and

**WHEREAS**, the conservation reserve program has protected and improved water quality by reducing sedimentation and nonpoint source pollution; and

**WHEREAS**, the conservation reserve program has provided excellent wildlife habitat for game and nongame species; and

**WHEREAS**, the conservation reserve program has reduced federal farm program expenditures for deficiency payments, diversion payments, and commodity loan and storage payments; and

**WHEREAS**, the conservation reserve program has provided income to over 18,000 contractholders in North Dakota; and

**WHEREAS**, the United States currently has surplus cropland and will continue to have such in the foreseeable future;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Fifty-third Legislative Assembly urges the Congress of the United States to continue a land retirement program in excess of 45 million acres at the expiration of the current conservation reserve program contracts; and

**BE IT FURTHER RESOLVED**, that the North Dakota conservation reserve program coalition be authorized to define disaster conditions, and to recommend regulations and the price for the emergency use of conservation reserve program lands; and

**BE IT FURTHER RESOLVED**, that the Secretary of State forward copies of this resolution to the United States Secretary of Agriculture, the chairman of the House Agriculture Committee, the chairman of the Senate Agriculture, Nutrition, and Forestry Committee, and to each member of the North Dakota Congressional Delegation.

### FREEDOM OF CHOICE ACT OPPOSITION

A concurrent resolution urging Congress to reject the Freedom of Choice Act.

**WHEREAS**, it has traditionally been the right of a state to be self-determining with the ability to pass laws governing and pertaining to activities within the state and it is imperative a state be able to preserve that right; and

**WHEREAS**, a bill, cited by its sponsors as the Freedom of Choice Act, now being considered by the Congress of the United States, would invalidate most North Dakota abortion-related regulations, including virtually all of the North Dakota Abortion Control Act, most of which is now recognized as constitutional and within the province of state jurisdiction in light of decisions by the United States Supreme Court; and

**WHEREAS**, the Freedom of Choice Act, as discussed in the 1992 United States Senate Labor and Human Resources Committee report, would invalidate the North Dakota informed consent law in its entirety including provisions that give a woman seeking an abortion the right to know the probable gestational age of her unborn child, the name of the physician who would perform the abortion, the particular medical risks associated with the abortion procedure to be used as well as the medical risks associated with carrying the child to term, and provisions that give a woman the right to obtain information about the medical benefits that may be available for her and her child before, during, and after the birth of the child, and information containing objective, scientifically accurate medical facts about the development of the unborn child; and

**WHEREAS**, the Freedom of Choice Act would invalidate North Dakota's requirement that a minor seeking an abortion first obtain consent of both parents or authorization of a court before an abortion because the Freedom of Choice Act, on its face, allows a state to require only "parental involvement" such as parental notification, not consent, and would not even allow the state to require mere notification unless the state also provides each minor the option of consulting an "other responsible adult," thereby circumventing the involvement of a minor's parents; and

**WHEREAS**, the Freedom of Choice Act would invalidate North Dakota Century Code section 14-02.1-04, which permits an abortion to be performed after a unborn child attains viability only when the physician determines that the pregnancy will cause "a substantial risk of grave impairment" to the mother's health, because the Freedom of Choice Act, as discussed in the United States Senate Labor and Human Resources Committee report, prohibits the states from limiting in any way the discretion of abortion-performing doctors to perform abortions after viability to enhance the mental or emotional health of the mother; and

**WHEREAS**, the Freedom of Choice Act only allows a state to protect unwilling individuals, but not hospitals, from having to participate in the performance of abortion when they are conscientiously opposed, and thus it would invalidate North Dakota Century Code section 23-16-14, which protects the freedom of hospitals to refuse to make their facilities available for the performance of abortions, exposing North Dakota's hospitals that refuse to perform abortions to lawsuits seeking to force them to do so against their conscience; and

**WHEREAS**, the Freedom of Choice Act, as discussed in the United States Senate Labor and Human Resources Committee report, would invalidate North Dakota Century Code section 14-02.3-04, which prevents the use of North Dakotans' tax dollars to provide operating rooms and equipment in public hospitals for the performance of abortions except when an abortion is necessary to preserve the life of the mother thereby effectively overturning the 1977 Supreme Court ruling in Poelker v. Doe, 432 U.S. 519 (1977); and

**WHEREAS**, because the Freedom of Choice Act would require a state to prove that any health regulation of abortion is "medically necessary" to protect the health of a woman undergoing the procedure, those provisions in North Dakota's Abortion Control Act requiring the filing of consent forms, the reporting of complications, and the maintenance of patient records would be held to a higher scrutiny in determining their validity than North Dakota record requirements for other medical procedures; and

**WHEREAS**, the Freedom of Choice Act would invalidate the North Dakota requirement that only licensed physicians perform abortions, because the United States Labor and Human Resources Committee report in effect invites litigation to strike down a physician requirement on the basis that it is not "medically necessary" that physicians, as opposed to other trained personnel, perform abortions;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Fifty-third Legislative Assembly urges the Congress of the United States to reject the Freedom of Choice Act, which would invalidate virtually every abortion-related regulation enacted by the people of North Dakota through their elected officials; and

**BE IT FURTHER RESOLVED**, that the Secretary of State forward copies of this resolution to each member of the North Dakota Congressional Delegation.

SENATE CONCURRENT RESOLUTION NO. 4035  
(Senators Kelsh, Redlin)

### HEALTH INSURANCE DEDUCTION URGED

A concurrent resolution urging the Congress of the United States to allow self-employed farmers, ranchers, and small business owners an income tax deduction for health insurance premiums.

WHEREAS, the United States is spending almost 14 percent of its gross national product on health care, yet 37 million Americans do not have health insurance; and

WHEREAS, more than 87,000 North Dakotans are without health insurance, of whom more than 20,000 are children; and

WHEREAS, although North Dakota ranks fifth in per capita health care expenditures, rural hospitals, emergency rooms, and ambulance services are in financial difficulty; and

WHEREAS, health insurance premiums should be recognized as a business expense for all businesses that incur such expenses;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Fifty-third Legislative Assembly urges the Congress of the United States to enact legislation to allow self-employed farmers, ranchers, and small business owners an income tax deduction for the cost of health insurance premiums; and

**BE IT FURTHER RESOLVED,** that the Secretary of State forward copies of this resolution to the chairman of the United States House of Representatives Ways and Means Committee, the chairman of the United States Senate Finance Committee, and each member of the North Dakota Congressional Delegation.

SENATE CONCURRENT RESOLUTION NO. 4036  
(Senator W. Stenehjem)

### GOVERNMENTAL IMMUNITY STUDY

A concurrent resolution directing the Legislative Council to study the doctrine of governmental immunity of the state.

**WHEREAS**, the doctrine of governmental immunity prohibits any injured citizen from making claims against or suing the state for wrongful acts or torts of government employees and agents; and

**WHEREAS**, the doctrine of governmental immunity was based on the English tradition of sovereign immunity--the king could do no wrong; and

**WHEREAS**, the doctrine was judicially adopted in North Dakota for both the state and political subdivisions; and

**WHEREAS**, the state constitution does not specifically provide for governmental immunity for either the state or its political subdivisions, but rather provides that suits may be brought against the state in such manner, in such courts, and in such cases, as the Legislative Assembly may, by law, direct; and

**WHEREAS**, in Kitto v. Minot Park District, 224 N.W.2d 795 (N.D. 1974), the court reversed its earlier position and abolished the judicial doctrine of governmental immunity as it applied to political subdivisions; and

**WHEREAS**, the Legislative Assembly subsequently enacted North Dakota Century Code Chapter 32-12.1, which provides for the circumstances under which a political subdivision can be held liable for injuries to an individual and establishes monetary damage limits upon those suits; and

**WHEREAS**, North Dakota Century Code Chapter 32-12.1 has provided for recovery on the part of individuals that are injured and has adequately protected political subdivisions from extremely large award amounts; and

**WHEREAS**, the majority of states have eliminated total state immunity and have further provided for statutory limits on the awards;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the doctrine of governmental immunity of the state, with special emphasis on monetary limitations on any actions allowed; and

**BE IT FURTHER RESOLVED**, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-fourth Legislative Assembly.

#### **FAIR INTERNATIONAL TRADE URGED**

A concurrent resolution urging the President and Congress to institute policies encouraging fair trade between nations, and expressing opposition to the General Agreement on Tariffs and Trade and the North American Free Trade Agreement.

**WHEREAS**, the General Agreement on Tariffs and Trade (GATT) and the North American Free Trade Agreement (NAFTA) are designed to improve trade relations between countries; and \*

**WHEREAS**, the General Agreement on Tariffs and Trade and the North American Free Trade Agreement would mix vastly different standards of living, wage structures, social protection measures, and regulatory climates; and

**WHEREAS**, the General Agreement on Tariffs and Trade and the North American Free Trade Agreement can create opportunities for exploitation; and

**WHEREAS**, because North Dakota has a largely agricultural economy, it is incumbent on this state to be a leader in examining the contents and impacts of these and other international trade agreements; and

**WHEREAS**, the result of free trade with Canada has decimated North Dakota's wheat market; and

**WHEREAS**, United States companies have moved manufacturing plants to Mexico and are taking advantage of wages averaging between 75 cents and \$1 an hour; and

**WHEREAS**, 500,000 jobs previously held in the United States are now being held in Mexico; and

**WHEREAS**, a policy of fair trade between free and independent nations would maintain a balanced economy in each nation, restrict monopoly, revitalize business, and bring about prosperity and well-being for all people; and

**WHEREAS**, both the General Agreement on Tariffs and Trade and the North American Free Trade Agreement are on a "fast track" path that allows only 90 days for congressional review and approval or rejection but allows no congressional amendments;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Fifty-third Legislative Assembly urges the President and Congress to institute policies encouraging fair trade between nations which will ensure profitable markets and income for all agricultural producers and living wages for laborers; and

**BE IT FURTHER RESOLVED**, that the Fifty-third Legislative Assembly urges a meaningful review by Congress of all free trade agreements; and

**BE IT FURTHER RESOLVED**, that the Fifty-third Legislative Assembly expresses its opposition to "fast track" authority that allows the President to submit international trade agreements to Congress for review but does not allow for congressional amendments; and

**BE IT FURTHER RESOLVED**, that the Fifty-third Legislative Assembly expresses its opposition to the General Agreement on Tariffs and Trade and to the North American Free Trade Agreement in their current forms; and

**BE IT FURTHER RESOLVED**, that copies of this resolution be forwarded by the Secretary of State to the President of the United States and to each member of the North Dakota Congressional Delegation.

### WORKERS' COMPENSATION STUDY

A concurrent resolution directing the Legislative Council to study the workers' compensation system including the cost and delivery of medical care, the cost of rehabilitation, legal fees, previous legislation, premium structure, alternate insurance concepts and the impact on the fund of those concepts, administration and staffing of the bureau, the number of injured workers receiving social service benefits, and employer and employee fraud.

**WHEREAS**, workers' compensation law is designed to provide sure and certain relief to employees injured in the course of their employment; and

**WHEREAS**, the dramatic increase in the cost of providing workers' compensation, the complexity of litigation involving the bureau in the last 10 years, and premium income that is significantly less than fund expenditures jeopardize the ability of the bureau to provide compensation to injured employees; and

**WHEREAS**, the Legislative Assembly enacted legislation in 1991 to establish programs to provide for the more efficient and effective administration of benefits by the bureau; and

**WHEREAS**, self-insurance or private insurance may be a viable option for some North Dakota employers to provide workers' compensation coverage to their employees; and

**WHEREAS**, the bureau's claims analysts and rehabilitation staff should be qualified and adequately trained to provide consistent claims administration and rehabilitation programs; and

**WHEREAS**, the extent to which fraud is a contributing factor in increasing workers' compensation costs is not known; and

**WHEREAS**, insufficient data is available to make reasoned and informed decisions concerning major changes in the structure and organization of the bureau, claims adjudication, benefits, premiums, and other matters that may affect the solvency of the fund;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the North Dakota workers' compensation system including the cost and delivery of medical care, the cost of rehabilitation, legal fees, previous legislation, premium structure, alternate insurance concepts and the impact on the fund of those concepts, administration and staffing of the bureau, the number of injured workers receiving social service benefits, and employer and employee fraud; and

### TEACHER ASSISTANCE STUDY

A concurrent resolution directing the Legislative Council to study the feasibility and desirability of implementing programs to assist first-year teachers.

**WHEREAS**, it is the responsibility of the state to maintain a system of public schools; and

**WHEREAS**, this responsibility is satisfied in part by retaining competent, experienced, and enthusiastic teachers; and

**WHEREAS**, 23 percent of teachers leave the profession after their first year; and

**WHEREAS**, 61 percent of teachers leave the profession after their fifth year; and

**WHEREAS**, this departure of highly educated professionals is a tremendous financial loss to the state; and

**WHEREAS**, the implementation of mentoring programs, internships, evaluations, supervisions, and peer assistance procedures could enhance the chances for success of first-year teachers;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the feasibility and desirability of implementing programs to assist first-year teachers; and

**BE IT FURTHER RESOLVED**, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-fourth Legislative Assembly.

## CHAPTER 746

SENATE CONCURRENT RESOLUTION NO. 4040  
(Senators Tomac, Freborg, Yockim)  
(Approved by the Delayed Bills Committee)

### MISSOURI RIVER BANK PROTECTION

A concurrent resolution urging the Congress of the United States and the United States Army Corps of Engineers to assume responsibility for Missouri River bank erosion downstream from all Pick-Sloan Plan dams, including the Garrison Dam to Oahe Reservoir reach in North Dakota, and to continue a program of annually appropriating funds for the maintenance and construction of bank protection projects.

**WHEREAS**, the Flood Control Act of 1944, as amended, assured all 10 states within the Missouri River Basin equal benefits under a control and management program that came to be commonly known as the Pick-Sloan Plan; and

**WHEREAS**, the Congress of the United States has directed the United States Army Corps of Engineers to build, operate, and maintain all the features of the Pick-Sloan Plan; and

**WHEREAS**, the Pick-Sloan Plan provides major flood control benefits, recreational benefits, power supply benefits, and navigational benefits for states lying below Sioux City, Iowa, through construction of large reservoirs in states lying above that point, and by channelizing the Missouri River from Sioux City, Iowa, to St. Louis, Missouri, at federal expense; and

**WHEREAS**, the Pick-Sloan Plan reservoirs have been in place for many years, thus providing the downstream states in the Missouri River Basin all of the benefits promised in the Pick-Sloan Plan for the past 35 years; and

**WHEREAS**, construction of facilities under the Pick-Sloan Plan has, to date, resulted in \$3 billion of flood protection to downstream interests and has allowed these downstream interests to develop the original floodplain of the Missouri River for industrial, municipal, and agricultural uses; and

**WHEREAS**, the Army Corps of Engineers has stabilized and continues to maintain the entire channel of the Missouri River from Sioux City, Iowa, to St. Louis, Missouri, all at federal cost; and

**WHEREAS**, under the Pick-Sloan Plan, North Dakota has sacrificed over 550,000 acres of land, much of which was prime agricultural land; and

**WHEREAS**, almost two-thirds of the inexpensive hydroelectric power generated by Garrison Dam in North Dakota which was built pursuant to the Pick-Sloan Plan is used in states other than North Dakota; and

**WHEREAS**, the Army Corps of Engineers stated in its final report to Congress dated December 1981 concerning Missouri River streambank erosion that "bank erosion in this reach results in a permanent net loss of high value lands. This process,

unless halted, would eventually transform the present river into a wide area of sandbars and channels, occupying an increasing proportion of the valley width between the bluffs"; and

**WHEREAS**, the lands adjacent to the Missouri River have been and will continue to be seriously eroded and permanently lost to the local landowners and the state of North Dakota because of reservoir management which releases highly fluctuating amounts of clear water capable of eroding and transporting large amounts of soil; and

**WHEREAS**, soil eroded from the banks of the Missouri River is being deposited as a delta in the headwaters of the Oahe Reservoir and Lake Sakakawea thereby causing the water table to rise under the adjacent land, and is increasing the frequency and severity of ice jam hazards and has, according to recent Army Corps of Engineers pronouncements, endangered 6,000 acres of land containing 40 homes and valuable farmland around Lake Oahe; and in the headwater area of Lake Sakakawea, the delta is endangering the 3,200 irrigated acres in the Buford-Trenton Irrigation District, is endangering the water intake for the city of Williston, and is endangering portions of Williston and many acres of valuable farmland in addition to the Buford-Trenton Irrigation District; and

**WHEREAS**, a similar bank erosion problem exists for a 58-mile reach on the South Dakota-Nebraska border downstream from the Gavins Point Dam and also between Fort Peck Dam in Montana and Lake Sakakawea; and

**WHEREAS**, destructive bank erosion continues when high winter water releases for power generation occur, even in these drought years of sharply lower total annual releases; and

**WHEREAS**, Section 33 of the Water Resources Development Act of 1988 amended the Flood Control Act of 1944 and directed the Secretary of the Army to undertake measures, such as the maintenance and rehabilitation of existing structures, which the Secretary of the Army determines are needed to alleviate bank erosion and related problems associated with reservoir releases along the Missouri River between Fort Peck Dam in Montana and a point 58 miles downstream of the Gavins Point Dam on the South Dakota-Nebraska border; and

**WHEREAS**, Congress appropriated \$1.5 million in fiscal year 1992 and \$1.5 million in fiscal year 1993 for the purpose of protecting the banks of the Missouri River; and

**WHEREAS**, the Army Corps of Engineers has not used any of these funds to protect the eroding banks because it maintains that a project must have a cost benefit ratio greater than one to be constructed; although this was clearly not the legislative intent of Section 33 of the Water Resources Development Act of 1988;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Fifty-third Legislative Assembly urges the United States Congress to assume responsibility for the protection of lands endangered below all Pick-Sloan Plan dams by the operation of the Pick-Sloan Plan; and

**BE IT FURTHER RESOLVED**, that Congress is urged to continue a program of annually appropriating funds to repair existing bank protection projects now in

danger of failure and to begin to construct bank protection projects in the most critical locations; and

**BE IT FURTHER RESOLVED**, that Senator Kent Conrad, Senator Byron Dorgan, and Congressman Earl Pomeroy are urged to work diligently with the senators and congressmen of the states of Montana, South Dakota, and Nebraska to secure appropriations of these necessary funds; and

**BE IT FURTHER RESOLVED**, that funding for this project not be a normal federal water project appropriation, but rather be charged to the operation of the Pick-Sloan Plan; and

**BE IT FURTHER RESOLVED**, that the United States Army Corps of Engineers is urged to initiate a program to construct bank protection structures along the Missouri River between Fort Peck and a point 58 miles downstream of Gavins Point Dam; and

**BE IT FURTHER RESOLVED**, that the Secretary of State forward copies of this resolution to the Secretary of the Army; the Secretary of the Interior; the District Engineer, Omaha District, United States Army Corps of Engineers; Governor Edward T. Schafer; the members of the North Dakota State Water Commission; and each member of the North Dakota, South Dakota, Nebraska, and Montana Congressional Delegations.

### UNIFORM GROUP INSURANCE STUDY

A concurrent resolution directing the Legislative Council to study the feasibility and desirability of allowing all North Dakota residents to participate in the uniform group insurance program.

**WHEREAS**, the cost of obtaining health insurance is increasing rapidly and many North Dakota residents are finding it increasingly difficult to obtain affordable health insurance coverage; and

**WHEREAS**, it is estimated that up to 16 percent of the population of North Dakota does not have health insurance or has inadequate health insurance; and

**WHEREAS**, the Legislative Assembly has established the uniform group insurance program to promote the economy and efficiency of employment in the state service, reduce personnel turnover, and offer an incentive to well-qualified men and women to enter and remain in the service of state employment; and

**WHEREAS**, North Dakota residents not participating in the uniform group insurance program may be able to obtain favorable health insurance coverage if they could participate as a member of the uniform insurance program group;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the feasibility and desirability of allowing all North Dakota residents to participate in the uniform group insurance program; and

### FAMILY COURT STUDY

A concurrent resolution directing the Legislative Council to study the feasibility and desirability of establishing a family court for the resolution of domestic relations cases for low income persons.

**WHEREAS**, more than one-half of all actions filed in district courts involve domestic relations cases, including divorce, separation, adult abuse, custody proceedings, support actions, adoptions, and paternity proceedings; and

**WHEREAS**, the present court system results in long delays and adversarial proceedings which many times ruin any chance of effective communication between the parents; and

**WHEREAS**, most low income persons must rely on overworked legal aid offices or attorneys willing to do pro bono domestic relations cases for legal services; and

**WHEREAS**, lack of ability to pay for legal services may result in a low income person staying in an abusive relationship, separating informally without the benefit of court-ordered support, or using other self-help measures to find relief; and

**WHEREAS**, North Dakota has a small claims court that uses procedures that are effective and result in a speedy resolution of disputes, often without the intervention of attorneys; and

**WHEREAS**, the types of services needed by low income persons in domestic relations cases could often be achieved using procedures similar to those used in the small claims court;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the feasibility and desirability of establishing a family court for the resolution of domestic relations cases for low income persons, with emphasis on using informal procedures and on providing the court with jurisdiction to consider all domestic relations cases using the full range of services available in the community, including guardian ad litem services for minor children, counseling, addiction and substance abuse treatment programs, mediation, domestic violence protection orders, enforcement proceedings for child custody, support and visitation, modification proceedings, and juvenile court matters; and

**BE IT FURTHER RESOLVED**, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-fourth Legislative Assembly.

**WHEREAS**, the state's natural, cultural, historical, and recreational resources act as attractions to residents and nonresidents for the purpose of exploration, education, and entertainment; and

**WHEREAS**, the economic well-being of the state depends upon attracting nonresidents to the state; promoting tourism; keeping the natural, cultural, historical, and recreational resources in a condition that entices residents to stay in the state; and enhancing economic development within the state; and

**WHEREAS**, significant amounts of revenue are generated in the state as a result of the use of natural, cultural, historical, and recreational resources; and

**WHEREAS**, North Dakota Century Code Section 54-46-12 provides that all counties, cities, and park district offices, departments, and agencies may establish and maintain the uniform system prescribed by the director of the Office of Management and Budget; and

**WHEREAS**, the Office of Management and Budget has adopted rules in North Dakota Administrative Code Article 4-06 relating to county records management; and

**WHEREAS**, the rules appear to make the retention process for the counties mandatory rather than permissive as allowed by statute; and

**WHEREAS**, the rules make reference to, but do not contain, schedules, manuals, and reports that control the record retention and disposition process; and

**WHEREAS**, some political subdivision officials contend that political subdivisions are not allowed adequate input into the adoption of schedules under present procedures;

### LIGNITE DEVELOPMENT STUDY

A concurrent resolution directing the Legislative Council to study tax, regulatory, marketing, and other business incentives that can be enacted by the state of North Dakota to maintain and encourage development of our state's abundant lignite resources.

**WHEREAS**, North Dakota's lignite industry annually produces approximately thirty million tons of lignite, contributing to our state's and nation's energy independence by generating electricity for more than two million people and by producing synthetic natural gas for 300,000 homes and businesses, which is equivalent to over 20,000 barrels of domestic oil per day; and

**WHEREAS**, North Dakota's lignite industry generates over 17,000 direct and indirect jobs, over one billion dollars in annual business volume, and over sixty million dollars in annual tax revenue for our state; and

**WHEREAS**, the lignite research, development, and marketing program enacted by the Legislative Assembly and administered by the Industrial Commission has marketing studies underway to identify strategies for increased development and additional uses of our state's 1,000-year supply of lignite coal; and

**WHEREAS**, various state tax, regulatory, and marketing incentives to enhance lignite development which could result in increased jobs, economic activity, and tax revenue for our state are being identified and evaluated by the Lignite Research Council;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study tax, regulatory, marketing, and other related business incentives that could be adopted by the State of North Dakota to maintain and encourage development of its lignite resources, for both existing and future uses; and

A concurrent resolution directing the Legislative Council to study the feasibility and desirability of pooling all sources of funding for health care benefits in conjunction with the study by the North Dakota Health Task Force in exploring the control of costs and the redistribution of dollars toward improved access to services through a health care reimbursement system.

**WHEREAS**, the most significant trend in North Dakota's population has been the movement of people from rural to urban areas and the outmigration of people, particularly in the middle-aged categories; and

**WHEREAS**, it is expected that 60 percent of the state's population will reside in eight counties in the year 2000; and

**WHEREAS**, 80 percent of the state's 53 counties are within a federally designated health professional shortage area; and

**WHEREAS**, the per capita spending for health care in North Dakota in 1990 was \$2,661, which was the seventh highest per capita spending in the nation; and

**WHEREAS**, the North Dakota Health Task Force received a grant of approximately \$671,000 from the Robert Wood Johnson Foundation to study health care financing systems and health care provision mechanisms; and

**WHEREAS**, any reforms within the health care delivery system must assure reasonable access to quality, cost-effective, reasonable prices and appropriate health care services for all North Dakotans with an increased emphasis on primary care and prevention; and

**WHEREAS**, there are several different entities responsible for the provision and payment of health care services to North Dakotans, including medical assistance, private health insurance plans, employer-sponsored group health insurance plans, the Comprehensive Health Association of North Dakota and the workers' compensation system; and

**WHEREAS**, the existing women's correctional facility is on the grounds of the State Penitentiary; and

**WHEREAS**, the State Penitentiary is in need of additional space for inmates; and

**WHEREAS**, numerous problems have occurred along with corresponding cost increases because the State Penitentiary has both male and female inmates at the same location; and

**WHEREAS**, a separate correctional facility for women off the State Penitentiary grounds may be less expensive; and

**WHEREAS**, there may be unused space at other state institutions which could be converted at a lower cost than the cost of new construction for a women's correctional facility;

**WHEREAS**, various state agencies, departments, and institutions are required by law to prepare and publish annual or biennial reports to the Governor and the Legislative Assembly; and

**WHEREAS**, the contents of the reports may be of limited assistance to the Governor and the Legislative Assembly and much of the information contained in the reports may be available from other sources; and

### HOME RULE STUDY

A concurrent resolution directing the Legislative Council to study the relationship of state, county, and city government to determine the feasibility and desirability of expanding autonomy of counties and cities through statewide county and city home rule.

**WHEREAS**, since territorial days county and city governments have operated within the confines of laws enacted by the Legislative Assembly and under traditional court interpretations of local government powers, to the effect that a county or city has only those powers expressly granted by state law or necessarily implied from the grant and any doubt as to the existence of a power must be resolved against the existence of that power; and

**WHEREAS**, changing conditions necessitate pleas to the Legislative Assembly when state law must be created or amended to allow counties or cities to take action to meet new conditions; and

**WHEREAS**, a goal of a constitutional amendment approved by the voters in 1982 was to provide for "maximum local self-government by all political subdivisions" and legislation has provided for optional adoption of county and city home rule charters; and

**WHEREAS**, enactment of state law that provides a basic framework of home rule for all counties and cities, which may be altered by electors of each county or city, may be desirable, on a permanent basis or on a four-year trial basis; and

**WHEREAS**, thorough study of the relationship of the state and its counties and cities is needed to compare current law and the potential benefits of expanded autonomy under home rule and to review laws of other states and recommendations of national organizations which may offer guidance;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the relationship of state, county, and city government to determine the feasibility and desirability of expanding the autonomy of counties and cities through statewide county and city home rule; and

A concurrent resolution directing the Legislative Council to study the impact on the state's economy of parity prices for various agricultural commodities.

**WHEREAS**, the economic viability of the agricultural sector is directly dependent upon the ability of individual producers to secure a reasonable rate of return on their investments and a reasonable price for their commodities; and

**WHEREAS**, the economic viability of the agricultural sector directly impacts the livelihood of many North Dakota residents and the state's tax revenues; and

**WHEREAS**, the economic viability of the agricultural sector affects its ability to produce essential foods for domestic and foreign consumption;

**WHEREAS**, the number of children born to single mothers in North Dakota, in 1991, was at the highest rate recorded; and

**WHEREAS**, the number of children born to single mothers and the percentage of births to single mothers continues to increase each year for all age groups and races; and

**WHEREAS**, 50.4 percent of single mothers in this state lived below the poverty level in 1990; and

**WHEREAS**, children born to single mothers are at greater risk of living in poverty and of having difficulty in school than children born to a married couple; and

**WHEREAS**, the increasing rate of pregnancies of single women has grave implications for North Dakota due to increased demands for social and educational services coupled with the likely prospect of a generation less able to compete in the world economy;

That the Legislative Council study the feasibility and desirability of developing a program to assist single parents and their children in becoming independent of the social service system; and

**WHEREAS**, persons of advanced age or poor health may transfer their assets to friends and relatives to render themselves eligible for medical assistance payments; and

**WHEREAS**, medical assistance payments are a substantial expenditure of public expenditures and the state should examine whether changes in the application of gift and estate tax laws could reduce the expenditure of state funds for medical assistance payments; and

**WHEREAS**, the intent of laws providing for medical assistance payments is that assistance should be available only for those who are unable to pay and laws should provide a better means for distinguishing those who are able to pay their own medical expenses;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

A concurrent resolution directing the Legislative Council to study open records, open meetings, and bidding laws for nonprofit corporations and organizations.

**WHEREAS**, open records and open meetings have long been established as a matter of public policy in North Dakota; and

**WHEREAS**, statutes enacted in 1957 provide that all governmental meetings and records must be open and accessible to the public except as otherwise specifically provided by law; and

**WHEREAS**, the voters of this state have approved constitutional amendments mandating open governmental meetings and open public records, subject to statutory exceptions; and

**WHEREAS**, there remains confusion concerning the types of records and meetings of nongovernmental groups that are open to the public; and

### GARRISON DIVERSION STATE ROLE

A concurrent resolution urging the Garrison Diversion Conservancy District, with the cooperation of the State Water Commission, the Governor, the Garrison Diversion Overview Committee, and each member of the North Dakota Congressional Delegation, to attempt to negotiate promptly, with the appropriate federal officials, a greater role for the state in the development, construction, operation, and maintenance of the Garrison Diversion Project.

**WHEREAS**, the state of North Dakota was first promised a 1,000,000-acre multiple purpose water project in the historic Pick-Sloan compromise, which led to the Flood Control Act of December 22, 1944 [58 Stat. 887]; and

**WHEREAS**, the Act of August 5, 1965 [79 Stat. 433] authorized the initial phase of the Garrison Diversion Unit which promised 250,000 acres of irrigation, fish and wildlife, municipal and rural water supplies, recreation, and other benefits for the state of North Dakota; and

**WHEREAS**, the Garrison Diversion Project was substantially modified by the Garrison Diversion Unit Reformulation Act of 1986 [100 Stat. 418] and project benefits to the state of North Dakota were significantly reduced; and

**WHEREAS**, federal officials have consistently promised the state of North Dakota that the United States would promptly develop the Garrison Diversion Unit if the state would accept a smaller project and if the state would pay an ever increasing share of project costs; and

**WHEREAS**, the state of North Dakota has already contributed 550,000 acres of land for Pick-Sloan reservoirs so that downstream states may receive flood control, water supply, recreation, hydroelectric, and navigation benefits; and

**WHEREAS**, during the past 49 years, the state of North Dakota and North Dakota Indian tribes have fully contributed their share of the Pick-Sloan compromise and have incurred substantial social, financial, economic, and environmental costs, but the anticipated benefits have not been forthcoming; and

**WHEREAS**, the Garrison Diversion Unit will provide a capability to stabilize Devils Lake and fulfill the Indian Trust; and

**WHEREAS**, the Garrison Diversion Unit will provide thousands of acres of irrigation, which is essential to support a stable livestock industry and to diversify North Dakota agriculture into nonsurplus crop production; and

**WHEREAS**, over 100 rural communities have applied for assistance in developing water supplies which meet the federal water quality standards; and

**WHEREAS**, through the cooperation and efforts of the state of North Dakota, the wetland and the fish and wildlife mitigation programs are substantially ahead of project development; and

**WHEREAS**, continued federal delay of key features, such as a connecting facility between the McClusky and New Rockford canals, will virtually assure that the project will remain nonfunctional, will preclude the state from receiving promised benefits, and will seriously reduce the potential for economic advances in North Dakota's future; and

**WHEREAS**, all elements of the program are to be considered interdependent and, thus, developed and maintained concurrently; and

**WHEREAS**, the state of North Dakota is committed to completion of the Principal Supply Works to provide initial deliveries of Missouri River waters to the Sheyenne, Red, and James Rivers, and the Devils Lake basin by the year 2000; and

**WHEREAS**, the Legislative Assembly anticipates a potential need for the state of North Dakota and the Garrison Diversion Conservancy District to assume a greater role in developing, constructing, operating, and maintaining the Garrison Diversion Project; and

**WHEREAS**, the Legislative Assembly also anticipates a potential need for the state of North Dakota to enter agreements with the United States to complete key project features or to assume title to project features in order to assure that the project is not abandoned by the United States;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Fifty-third Legislative Assembly urges the Garrison Diversion Conservancy District, with the cooperation of the State Water Commission, the Governor, the Garrison Diversion Overview Committee, and each member of the North Dakota Congressional Delegation, to work together to investigate and explore, with the appropriate federal officials, all reasonable means to assure the development, construction, operation, and maintenance of the Garrison Diversion Project in a timely manner, and to continue the diplomatic and working relationships with the neighboring provinces in order to identify a satisfactory means of solving our mutual water supply problems; and

**BE IT FURTHER RESOLVED**, that the Secretary of State forward copies of this resolution to the board of directors of the Garrison Diversion Conservancy District, the State Water Commission, the Governor, the Garrison Diversion Overview Committee, and each member of the North Dakota Congressional Delegation.

**WHEREAS**, Roughrider Industries manufactures a complete line of office furniture, metal products, street and highway signs, and vehicle license plates, all of which may be candidates for production and sale by the private sector; and

**WHEREAS**, Roughrider Industries is planning on expanding its furniture manufacturing division to produce a line of furniture that would be mainly available exclusively to retailers and has additional plans to expand to out-of-state markets; and

**WHEREAS**, the economic climate of the state and recent budgetary constraints necessitate an evaluation of the cost effectiveness of products produced by Roughrider Industries which may be in direct competition with products produced by the private sector; and

**WHEREAS**, careful consideration and study should be given before the public sector expands its product production capabilities that are in direct competition with private sector production capabilities; and

**WHEREAS**, inmate labor has a long history in American corrections and state correctional industries vary across the nation and are worthy of review; and

**WHEREAS**, there may be alternative concepts of rehabilitation available to the state rather than permitting Roughrider Industries to continue or expand its present operations;

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

That the Legislative Council study the cost effectiveness and economic impact of permitting Roughrider Industries to manufacture and sell products that may be produced and sold by the private sector including a review of the mission of Roughrider Industries, correctional industries in other states, and the cost components and pricing structure of prison manufactured products; and

A concurrent resolution directing the Legislative Council to study methods for funding state, county, and city law enforcement, correctional, and emergency medical technician training facilities and programs and the feasibility and desirability of establishing centralized training for law enforcement, correctional, emergency medical assistance personnel, and other emergency service providers.

**WHEREAS**, adequate training facilities and programs are essential to ensuring the competence and professionalism of law enforcement, correctional, and emergency assistance officials; and

**WHEREAS**, current training facilities lack sufficient housing, office space, and areas for emergency vehicle and physical training and this often requires the search for and use of substitute facilities, the availability of which cannot be depended upon; and

**WHEREAS**, the future needs for training peace officers, game wardens, parole and probation officers, correctional officers, Bureau of Criminal Investigation agents, Highway Patrol officers, and emergency medical technicians in this state may require increased funding and the methods for providing adequate funding are uncertain; and
