INTRODUCTION

Some important steps in the improvement of Mount Auburn having been taken since the publication of the last Catalogue, the proprietors of that institution are entitled to be made acquainted with what is doing and has been done, in carrying out the objects of the establishment, agreeably to the conditions of its act of incorporation. These conditions require that its funds shall be "forever devoted and applied to the preservation, improvement, embellishment, and enlargement" of the place.

New Purchase.—During the past season, the Trustees have purchased the whole of the "Stone Farm," so called, containing about sixteen acres, lying contiguous to the southerly side of Mount Auburn, and occupying the space between the south side of the Cemetery and the road which runs parallel with it. By this purchase, also, a detached lot of two or three acres, previously owned by the corporation, but separated from the cemetery by intervening land, will be inclosed within its boundaries. The prudence of this measure will be understood, when it is considered that the whole of this land will undoubtedly be wanted by the present generation, and that its sale will add much to the future resources of the corporation.

Trees.—The growth of forest trees in Mount Auburn having become so dense as in many places to exclude the light, and prevent advantageous views of the ground, the Trustees, after consulting the individual proprietors, have taken measures to remove such trees, or parts of trees, as have been thought to be superfluous and detrimental. This work, which is now in process of performance, will require both care and time. As far as possible the wishes of proprietors have been respected both with regard to the removal and the preservation of particular trees. In the progress of thinning the wood, regard has been had, firstly to the removal of such trees and branches as were sickly, deformed or, injurious by their proximity to better trees, and secondly, to the creation of *vistas*, (much wanted at Mount Auburn,) through which its more picturesque natural features and prominent works of art, may be seen with advantage. It is to be regretted that many firs and

evergreens of dense foliage, have been planted about various lots, the effect of which in a few years will be to obstruct and greatly injure their good appearance. In a place where trees are already in the excess, it would be more desirable to plant only flowers and flowering shrubs of low stature. With such view, about one hundred *Kalmias* with other ornamental shrubs have been introduced during the present season by the Trustees.

Water.—The introduction of running water into Mount Auburn was an early and favorite project, but one which has been found impracticable. By careful surveys it was long ago ascertained that the level of the surface of Fresh pond was seven or eight feet below that of the principal ponds of Mount Auburn. And water from any other suitable source could not be introduced without an expense far exceeding the means of the corporation. Nevertheless the springs existing in the place have been turned to some account, as may be seen in the small stream of water which falls for two thirds of the year from beneath a shell into the head of Meadow pond. Another perpetual spring has been discovered on the south of the same pond, which may be improved when a path is completed around the margin. The pond in Consecration Dell has been deepened and cleaned of its mud, and surrounded with a turfed border resting on a stone foundation. A similar improvement will be made with the other principal ponds.

Repairs.—Extensive operations are continually in progress for keeping the premises of Mount Auburn in suitable order and repair. The magnitude of this work may be estimated from the fact that the collective length of avenues and paths is from fifteen to twenty miles. An improved system of organizing the labor required on the grounds is now engaging the serious attention of the Trustees.

Price of Lots.—The price of lots has been gradually increased since the beginning of the establishment, and has within the last year been raised to \$150, and that of certain choice lots about Lawn Avenue to \$200 and \$250. This increase is but just to the early proprietors, whose interest account would now place them on a footing nearly equal with that of parties who have more recently come in. It will also be seen that property in a cemetery which has been inclosed and embellished by the expenditure of some hundreds of thousands of dollars, with the prospect of nearly as much more to be expended hereafter, is worth more than that in a cemetery in its primitive and unimproved state.

Funds.—In connection with the foregoing subject it is gratifying to perceive that in addition to its invested funds, the unsold land of the Corporation is abundantly sufficient, under as prudent management as that which has heretofore governed the Trustees, to defray the expense of all pending operations and contracts, and to reserve in the end a permanent fund sufficient to keep the cemetery in perpetual repair.

Chapel.—The present Chapel was cheaply built by acceptance of the lowest contract offered, a step which from economical motives was thought necessary at the time of the erection. It was unfaithfully and insecurely built, and was not accepted by the Trustees until a large deduction had been made from its stipulated price. It is now decided to take down and rebuild a great portion of its walls, making them conform to the original design and contract, by replacing with proper stones all those which are blemished, imperfect or insufficient, and which now render the building unsafe. No changes in the design will be made, except such as tend to promote the stability and increase somewhat the external decoration of the edifice. It is found, on calculation, that the first cost of this building, added to that of the contract for reconstructing it, will scarcely, if at all, exceed the sum which would be required to build a similar chapel at the present time. When completed it will be a suitable companion to the other enduring works of Mount Auburn, and a fit receptacle for the memorials which it is destined to contain.

Tower.—The tower, which was erected last year, is believed to be satisfactory to the proprietors and the public. The steps and grading around it have been completed during the past season, and the apparatus and other incumbrances used, are removed for employment elsewhere. After the completion of the Chapel, no great work is foreseen which, during its preparation, will be likely to interfere long with the symmetry and finished appearance of the ground. But the temporary interruption occasioned by the works in progress will always be unavoidable.

Statues.—A statue of the late Judge Story, destined for Mount Auburn chapel, is announced as having been completed by his son in Italy, and is expected to arrive soon in this city. The Trustees, in pursuance of a design repeatedly alluded to in their publications since the foundation of the cemetery, have voted to procure to be made, three more marble statues of "persons distinguished in American history," to be placed in the remaining corners of the chapel. The interior of this building, thus rendered symmetrical by the occupation of its walls with memorials of the distinguished dead, will constitute one of the most appropriate and attractive features of Mount Auburn. The subjects have been selected from among many deemed worthy of such commemoration, after deliberate thought, and after consultation with our prominent scholars and historians. The statues are destined to their respective places as fitting representatives and impersonations of four great epochs in the history of Massachusetts. 1. The epoch of the settlement of the country and the foundation of Boston—John Winthrop. 2. The period of colonial resistance to the aggressions of British power—James Otis. 3. The era of American independence and the establishment of constitutional government—John Adams. 4. The period of realization growing out of the others, the period of the supremacy of law, and of moral, intellectual and social progress—Joseph Story. Fortunately portraits or busts of these eminent men have been preserved to us, and with their characters and services no student of our history is unacquainted.

When it is remembered that the undertaking of Mount Auburn was, at the time of commencement, novel in its nature, and opposed to the existing prejudices of the day; that for years it had to contend with indifference and opposition; that it has gradually made itself acceptable to our own citizens, and imitated by those of other places; that it has been able out of its own funds to accomplish extensive works of ornament and use; that the establishment has been sedulously kept free from debt; that its contracts have never been made subservient to private interests; that it has never made a disastrous investment of its funds, but, on the contrary, has exhibited an annual surplus of from twenty to forty thousand dollars; that its means were never better than at the present time, and that in no instance has any trustee accepted any reward or emolument for his services;—it may be conceded that this institution is entitled to take rank among the successful experiments of our age and country

Commonwealth of Massachusetts.

In the year of our Lord One Thousand Eight Hundred and Thirty-Five.

A N A C T

TO INCORPORATE THE PROPRIETORS OF THE CEMETERY OF MOUNT AUBURN.

SECTION 1. Be it Enacted by the Senate and House of Representatives, in General Court assembled, and by the authority of the same, That Joseph Story, John Davis, Jacob Bigelow, Isaac Parker, George Bond, and Charles P. Curtis, together with such other persons as are proprietors of lots in the Cemetery at Mount Auburn, in the towns of Cambridge and Watertown, in the County of Middlesex, and who shall in writing signify their assent to this Act, their successors and assigns be, and they ereby are created a Corporation, by the name of the Proprietors of the Cemetery of Mount Auburn, and they shall have all the powers and privileges contained in the statute of the year one thousand eight-hundred and thirty three, chapter eighty-three.

SECTION 2. Be it further enacted, That the said Corporation may take and hold in fee simple the Garden and Cemetery at Mount Auburn, now held by the Massachusetts Horticultural Society, and any other lands adjacent thereto, not exceeding fifty acres in addition to said Garden and Cemetery, upon the same trusts and for the same purposes, and with the same powers and privileges as the said Massachusetts Horticultural Society now hold the same by virtue of the statute of the year one thousand eight hundred and thirty-one, chapter sixty-nine; and may also take and hold any personal estate not exceeding in value fifty thousand dollars, to be applied to purposes connected with and appropriate to the objects of said establishment.

SECTION 3. Be it further enacted, that all persons who shall hereafter become proprietors of lots in said Cemetery, of a size not less, each, than three hundred square feet, shall thereby become members of the said Corporation.

SECTION 4. Be it further enacted, That the officers of the said Corporation shall consist of not less than seven nor more than twelve Trustees, a Treasurer, Secretary, and such other officers as they may direct. The Trustees shall be elected annually, at the annual meeting, and shall hold their offices until others are chosen. And they shall choose one of their number to be President, who shall be also President of the Corporation; and they shall also choose the Secretary and Treasurer, either from their own body or at large. And the said Trustees shall have the general management, superintendence and care of the property, expenditures, business and prudential concerns of the Corporation, and of the sales of lots in the said Cemetery, and they shall make a report of their doings to the Corporation at their annual meeting. The Treasurer shall give bonds for the faithful discharge of the duties of his office, and shall have the superintendence and management of the fiscal concerns of the Corporation, subject to the revision and control of the Trustees, to whom he shall make an annual report, which shall

be laid before the Corporation at their annual meeting. And the Secretary shall be under oath for the faithful performance of the duties, of his office, and shall record the doings at all meetings of the Corporation and of the Trustees.

SECTION 5. Be it further enacted, That the annual meetings of said Corporation shall be holden at such time and place as the by-laws shall direct, and the Secretary shall give notice thereof in one or more newspapers, printed in Boston, seven days at least before the time of meeting. And special meetings may be called by the Trustees in the same manner, unless otherwise directed by the by-laws; or by the Secretary, in the same manner, upon the written request of twenty members of the Corporation. At all meetings a quorum for business shall consist of not less than seven members; and any business may be transacted, of which notice shall be given in the advertisements for the meeting, and all questions shall be decided by a majority of the members present, and voting either in person or by proxy.

SECTION 6. Be it further enacted, That as soon as the said Corporation shall have received from the Massachusetts Horticultural Society a legal conveyance of the said Garden and Cemetery at Mount Auburn, the Massachusetts Horticultural Society shall cease to have any rights, powers and authorities over the same; and all the rights, powers and authorities, trusts, immunities and privileges conferred upon the said society, and upon the proprietors of lots in the said Cemetery in and by virtue of the first section of the statute of the year one thousand eight hundred and thirty-one, chapter sixty-nine, shall be transferred to and exercised by the Corporation created by this Act; and the same shall to all intents and purposes apply to the said Corporation, and all proprietors of lots in the said Cemetery, with the same force and effect as if the same were herein specially enacted, and the said Corporation substituted for the Massachusetts Horticultural Society hereby.

SECTION 7. Be it further enacted, That any person who shall wilfully destroy, mutilate, deface, injure or remove any tomb, monument, grave-stone or other structure placed in the Cemetery aforesaid, or any fence, railing or other work for the protection or ornament of any tomb, monument, grave-stone or other structure aforesaid, or of any cemetery lot, within the limits of the Garden and Cemetery aforesaid, or shall wilfully destroy, remove, cut, break or injure any tree, shrub or plant within the limits of the said Garden and Cemetery, or shall shoot or discharge any gun or other firearm within the said limits, shall be deemed guilty of a misdemeanor, and shall, upon conviction thereof before any Justice of the Peace, or other court of competent jurisdiction within the county of Middlesex, be punished by a fine not less than Five Dollars nor more than Fifty Dollars, according to the nature and aggravation of the offence; and such offender shall also be liable, in an action of trespass, to be brought against him in any court of competent jurisdiction, in the name of the Proprietors of the Cemetery of Mount Auburn, to pay all such damages as shall have been occasioned by his unlawful act or acts; which money, when recovered, shall be applied by the said Corporation, under the direction of the Board of Trustees, to the reparation and restoration of the property destroyed or injured as above, and members of the said Corporation shall be competent witnesses in such suits.

SECTION 8. Be it further enacted, That the lots in said Cemetery shall be indivisible, and upon the death of any proprietor of any lot in the said Cemetery containing not less than three hundred square feet, the devisee of such lot, or the heir at law, as the case may be, shall be entitled to all the privileges of membership as aforesaid; and if there be more than one devisee or heir at law of each lot, the board of Trustees for the time being shall designate, which of the said devisees or heirs at law shall represent the said lot, and vote in the meetings of the Corpo-

ration; — which designation shall continue in force, until by death, removal or other efficient cause, another designation shall become necessary; and, in making such designation the Trustees shall, as far as they conveniently may, give the preference to males over females, and to proximity of blood and priority of age, having due regard, however, to proximity of residence.

SECTION 9. Be it further enacted, That it shall be lawful for the said Corporation to take and hold any grant, donation or bequest of property upon trust, to apply the income thereof, under the direction of the board of Trustees, for the improvement or embellishment of the said Cemetery or of the Garden adjacent thereto, or of any buildings, structures or fences erected or being erected upon the lands of the said Corporation, or of any individual proprietor of a lot in the Cemetery, or for the repair, preservation, or renewal of any tomb, monument, gravestone, fence or railing, or other erection in or around any Cemetery lot, or for the planting and cultivation of trees, shrubs, flowers, or plants in or around any Cemetery lot, according to the terms of such grant, donation or bequest; and the Supreme Judicial Court in this Commonwealth, or any other court therein having equity jurisdiction, shall have full power and jurisdiction, to compel the due performance of the said trusts, or any of them, upon a bill filed by a proprietor of any lot in the said Cemetery for that purpose.

SECTION 10. Be it further enacted as follows: First, That the present proprietors of lots in the said Cemetery, who shall become members of the Corporation created by this Act, shall henceforth cease to be members of the said Horticultural Society, so far as their membership therein depends on their being proprietors of lots in the said Cemetery. Secondly, That the sales of the Cemetery lots shall continue to be made as fast as it is practicable by the Corporation created by this Act, at a price not less than the sum of sixty dollars for every lot containing three hundred square feet, and so in proportion for any greater or less quantity, unless the said Horticultural Society and the Corporation created by this Act, shall mutually agree to sell the same at a less price. Thirdly, That the proceeds of the first sales of such lots, after deducting the annual expenses of the Cemetery establishment, shall be applied to the extinguishment of the present debts due by the said Horticultural Society on account of the said Garden and Cemetery. And after the extinguishment of the said debts, the balance of the said proceeds, and proceeds of all future sales, shall annually, on the first Monday of every year, be divided between the said Horticultural Society and the Corporation created by this Act, in manner following, namely:— Fourteen hundred dollars shall be first deducted from the gross proceeds of the sales of lots during the preceding year, for the purpose of defraying the Superintendent's salary and other incidental expenses of the Cemetery establishment; and the residue of the said gross proceeds shall be divided between the said Horticultural Society and the Corporation created by this Act, as follows, namely: one-fourth part thereof shall be received by and paid over to the said Horticultural Society, on the first Monday of January of every year, and the remaining three-fourth parts shall be detained and held by the Corporation created by this Act, to their own use forever. And if the sales of any year shall be less than fourteen hundred dollars, then the deficiency shall be a charge on the sales of the succeeding year or years. Fourthly, The money so received by the said Horticultural Society shall be forever devoted and applied by the said Society to the purposes of an experimental garden, and to promote the art and science of Horticulture, and for no other purpose. And the money so retained by the Corporation created by this Act, shall be forever devoted and applied to the preservation, improvement, embellishment and enlargement of the said Cemetery and Garden, and the incidental expenses thereof, and for no other pur-

pose whatsoever. Fifthly, a Committee of the said Horticultural Society, duly appointed for this purpose, shall, on the first Monday of January of every year, have a right to inspect and examine the books and accounts of the Treasurer, or other officer acting as Treasurer of the Corporation created by this Act, as far as may be necessary to ascertain the sales of lots of the preceding year.

SECTION 11. Be it further enacted, That any three or more of the persons named in this Act shall have authority to call the first meeting of the said Corporation, by an advertisement in one or more newspapers, printed in the City of Boston, seven days, at least, before the time of holding such meeting, and specifying the time and place thereof. And all proprietors of lots, who shall before, at or during the time of holding such meeting, by writing, assent to this Act, shall be entitled to vote in person or by proxy at the said first meeting. And at any such meeting or any such adjournment thereof, any elections may be had, and any business done, which are herein authorized to be had and done at an annual meeting, although the same may not be specified in the notice for the said meeting. And the first Board of Trustees, chosen at the said meeting, shall continue in office until the annual meeting of the said Corporation next ensuing their choice, and until another Board are chosen in their stead, in pursuance of this Act.

SECTION 12. Be it further enacted, That the said Cemetery shall be and hereby is declared exempted from all public taxes, so long as the same shall remain dedicated to the purposes of a Cemetery.

PRICE OF LOTS.

1. The present price of a lot of 300 superficial square feet, is **ONE HUNDRED AND FIFTY DOLLARS**, and in proportion for a larger lot. Smaller lots can occasionally be had, but at the same rate.

2. Lots for tombs, to be properly secured against nuisance, may be purchased at the price of **TWO HUNDRED DOLLARS** for 300 square feet.

3. Lots of the same size on **Lawn Avenue**, and other choice locations, will not be sold at a price less than **TWO HUNDRED AND FIFTY DOLLARS** for tomb lots; and **TWO HUNDRED DOLLARS** for common lots.

4. In all cases, the approbation of the Committee on lots shall be required, before any lot shall be laid out or enlarged. Any proprietor who exchanges his lot, shall pay therefor the sum then chargeable by the Regulations, which in no case is less than **TWENTY DOLLARS**.

N. B. One Dollar is payable to the Secretary for making and recording each deed, and the same for each transfer of a lot.

As to the construction of tombs, see the Regulations below.

CONDITIONS, LIMITATIONS AND PRIVILEGES TO WHICH EVERY LOT IS SUBJECT BY THE DEED OF THE CORPORATION, TO WIT:

First.—The proprietor of the lot shall have a right to enclose the same with a wall or fence, not exceeding one foot in thickness, which may be placed on the adjoining land of the Corporation, exterior to the said lot.

Second.—The said lot shall not be used for any other purpose, than as a place of burial for the dead; and no trees within the lot or border shall be cut down or destroyed, without the consent of the Trustees of the said Corporation.

Third.—The proprietor of the said lot shall have the right to erect stones, monuments or sepulchral structures, and to cultivate trees, shrubs and plants in the same.

Fourth.—The proprietor of the said lot shall erect, at his or her own expense, suitable land-marks of stone or iron, at the corners thereof, and shall also cause the number thereof to be legibly and permanently marked on the premises. And if the proprietor shall omit, for thirty days after notice, to erect such land-marks and mark the number, the Trustees shall have authority to cause the same to be done at the expense of said proprietor.

Fifth.—If the land-marks and boundaries of the said lot shall be effaced, so that the said lot cannot with reasonable diligence be found and identified, the said Trustees shall set off to the said grantee, his or her heirs or assigns, a lot in lieu thereof, in such part of the Cemetery as they see fit, and the lot hereby granted shall in such case revert to the Corporation.

Sixth.—If any trees or shrubs, situated in said lot, shall by means of their roots, branches, or otherwise, become detrimental to the adjacent lots or avenues, or dangerous or inconvenient to passengers, it shall be the duty of the said Trustees for the time being, and they shall have the right, to enter into the said lot and remove the said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

Seventh.—If any monument or effigy, or any structure whatever, or any inscription, be placed in or upon the said lot, which shall be determined by the major part of the said Trustees for the time being, to be offensive or improper, the said

Trustees, or the major part of them, shall have the right, and it shall be their duty, to enter upon said lot and remove the said offensive or improper object or objects.

Eighth.—No fence shall at any time be placed or erected in or around any lot, the materials and design of which shall not first have been approved by the Trustees or a committee of them.

Ninth.—No tomb shall be constructed within the bounds of the Cemetery except in or upon lots situated in such parts of the grounds as shall be designated by the Trustees for that purpose; and no proprietor shall suffer the remains of any person to be deposited in a tomb so authorized, *for hire*.

Tenth.—The said lot shall be holden subject to the provisions contained in an act of the General Court, dated March 31, 1835, and entitled “An Act to incorporate the Proprietors of the Cemetery of Mount Auburn.

NOTE.—The Society request that all railings or enclosures of lots may be light, neat and symmetrical — that all stones erected in memory of the dead, may be marble or granite — and that no slabs be placed in the Cemetery. *Fences composed in whole or in part of wood are prohibited.*

SINGLE INTERMENTS.

There are two enclosures known as St. John’s Lot and St. James’ Lot, in which interments may be made on payment of TEN DOLLARS for each interment.

REGULATIONS CONCERNING VISITORS.

The Secretary will issue to EACH PROPRIETOR one Ticket of Admission into the Cemetery with a vehicle, under the following Regulations — the violation of any of which, OR A LOAN OF THE TICKET out of the family of the proprietor, involves a forfeiture of the privilege. In case of a loss of their Tickets the Proprietors are requested to apply to the Secretary, from whom a new one can be obtained. This is necessary, as the Gatekeeper’s orders are to admit no Proprietor without a ticket.

Any person who has a RELATIVE INTERRED IN THE LOTS, appropriated to single interments at the Cemetery, may, on application to any Trustee or to the Secretary, receive a special pass into the Cemetery on SUNDAYS.

STRANGERS and occasional visitors can receive, on application to any Trustee, or to the Secretary, a permit to enter the Cemetery with a carriage on any day other than Sundays or holydays.

In peculiar cases the Trustees will give permits to Strangers on Sundays. This is a new privilege,—an experiment; if not abused it will, however, be continued.

The gates are opened at sunrise and closed at sunset.

No money is to be paid to the Gatekeeper.

No person can claim the right to be admitted on SUNDAYS and HOLIDAYS, except PROPRIETORS and members of their HOUSEHOLD, and persons accompanying them: and they must *show their tickets*.

No refreshments, and no party carrying refreshments, will hereafter be admitted to come within the grounds at Mount Auburn.

All persons who shall be found within the grounds making unseemly noises, or otherwise conducting themselves unsuitably to the purposes to which the grounds are devoted, will be required instantly to leave the grounds, and upon refusal will be compelled to do so, and will be prosecuted accordingly.

No vehicle is to be driven in the Cemetery *at a rate faster than a walk*.

No horse is to be fastened, except at the posts provided for this purpose.

No horse is to be left unfastened, without a keeper.

No person is admitted on horseback.

All persons are prohibited from gathering any flowers, EITHER WILD OR CULTIVATED, or breaking any tree, shrub, or plant.

Any person who shall be found in possession of flowers or shrubs while in the grounds, or before leaving them, shall be deemed to have tortiously taken them in the grounds, and will be prosecuted accordingly. N. B. Persons carrying flowers INTO the Cemetery, to be placed on any lot or grave as offerings or memorials, are requested to notify the Gatekeeper as they pass in; in every other case flowers brought to the Cemetery *must be left without the gate, or with the Gatekeeper*, until the owner passes out again.

All persons are prohibited from writing upon, defacing and injuring any monument, fence, or other structure in or belonging to the Cemetery.

All persons are prohibited from discharging fire-arms in the Cemetery.

The Superintendent of the grounds, the Gatekeeper, and any other person acting under them, shall have a right to require his or her name from any person other than a proprietor or a member of his family, who shall visit the grounds and upon his or her refusal, or giving a false name, to exclude them from the grounds.

The Superintendent, the Gatekeeper, and all other persons acting under them, have full authority to carry these regulations into effect, and will give notice of any violations thereof to the Trustees.

☞ The Superintendent has the care of the Cemetery, and is authorized to remove all those who violate these regulations or commit trespasses. Trespassers are also liable to be fined FIFTY DOLLARS.

*** TWENTY DOLLARS reward is offered to any person who shall give information to the Trustees, which shall lead to the conviction of the offender, of any trespass done by taking or plucking any flowers, shrubs, or trees, within the grounds, or of otherwise injuring the grounds, or of any other offence against the laws and regulations provided for the protection of the Cemetery and the monuments and erections therein.

The Gatekeeper has a discretionary power to admit persons on week days, who shall satisfy him that they belong to the family of a proprietor, though they have no ticket with them; and *in extreme cases* to admit other persons also. The Trustees wish it to be understood, that this also is *an experiment*, and that the Gatekeeper's power is a discretionary one. No one has a *right* to admittance without a ticket or pass, and the Gatekeeper is instructed to use this power with moderation. If it is found that the privilege leads to any abuse, it will be at once withdrawn.

REGULATIONS CONCERNING INTERMENTS.

The key of the receiving tomb under Park Street Church, is in charge of the Superintendent of Burying Grounds, at his office, near City Hall, Boston.

Printed forms of application for permission to deposit bodies in either receiving tomb, or in any lot, may be had of him, or of the Superintendent of the Cemetery at the Cemetery—*without which no interment can be made.*

CONSTRUCTION OF TOMBS.

The following circular addressed to the Proprietors of Lots in the Cemetery in 1841, explains the views of the Trustees in relation to the construction of Tombs within the Cemetery. And although recently some modification of the rules as to tombs has been made, the Trustees do not desire to see the number of tombs increased. The present regulations require that no part of the structure of any tombs shall be less than two feet below the surface of the earth, and that they shall be actually covered with earth to that depth. And they can be built only in locations approved by the Committee on lots, and subject to their approval as to the mode of their construction.

BOSTON, June 5, 1841.

At a meeting of the Trustees of MOUNT AUBURN CEMETERY holden this day, it was voted and ordered,

That in all the Deeds of Lots which shall hereafter be granted by the Corporation, it shall be provided as a condition, that no Tomb shall be constructed within the bounds of the Cemetery, except in and upon such Lots situated in such parts of the grounds, as shall be designated by the Trustees for that purpose.

The Trustees have been led to this measure by their conviction that the multiplication of Tombs in Mount Auburn has become a great and growing evil, encumbering the grounds during the visiting season with the materials and rubbish of building, and endangering the stability of trees by the large excavations which are required in their formation. But a much greater objection exists in the fact, that the frequency with which some of the Tombs are opened, and a want of sufficient tightness in the doors of others, have already given rise in the hot months to a *perceptible nuisance*, which, if not seasonably checked, may hereafter grow into an intolerable evil.

Since the commencement of the undertaking of the Cemetery of Mount Auburn, the Trustees have, at various times, expressed their earnest hope, that the proprietors would see the expediency of devoting their lots to the purpose of separate rather than promiscuous interment. The very object of retiring to the country, has been to avoid the evils and abuses which were known to be attendant on the customs of city sepulture. It seldom happens that inhumed bodies remain secure in receptacles provided for the collection of indefinite numbers. Each successive generation crowds out its immediate predecessors, whose unknown and dismembered remains are disposed of at the discretion of the undertaker. On the other hand, in a place like Mount Auburn, where space is abundant, the separate grave,

allotted, marked and registered for the resting place of each individual, is likely to remain inviolate for ages to come. This peaceful and permanent rest was the undoubted object proposed in the original foundation of this sanctuary of the dead, now become the pride of our metropolis, and the solace of its mourners, and destined to be the model of imitation throughout our extensive country. So far as its purpose shall be adhered to, the original object of the founders will be realized, and we shall hope that its ample shades will not be allowed to perpetuate the narrow, insecure, and sometimes revolting arrangements which its institution was expressly designed to supersede.

The Trustees are aware that they have no control in the foregoing respect, over the disposition of lots already sold. But they hope that by restriction in regard to the future, and by an appeal to the good sense and sympathies of the present proprietors, they may be able to set limits to an evil, to which their attention has been imperatively drawn.

☞ The Trustees beg leave to call attention to the rule which requires that the bounds of each lot should be denoted by a permanent fence or posts, and the number of each be marked in a permanent manner in iron or upon stone. A disregard of this rule has already caused the loss of many land marks, and rendered a reference to the Catalogue of Proprietors and Plan of the Cemetery, in many cases impracticable.

PERPETUAL REPAIR OF LOTS.

INQUIRY is frequently made as to the terms on which the Corporation will contract to keep a lot perpetually in repair; and the revolting state in which many old burial-grounds are seen to be, admonish us daily to make some such provision *while we have time*. It is one of the best things in the constitution of this Corporation, that it furnishes a medium in this changing community for providing a perpetual care and repair of our places of burial. No other method so secure could be devised.

Of course the sum for which the Corporation will assume this obligation is liable to vary with the peculiar site, size, and improvement of each lot. As a general rule, however, it is understood that the price will be, as to the lots of 300 feet, with nothing more than a plain fence and monument, not less than \$300; if the lot contains a tomb, not less than \$500.

The Corporation, however, are ready to receive any sum, not less than \$100, and hold the same in the manner indicated in the following declaration of trust. The difference is obvious. In the one case the perpetual repair is guaranteed *at all events*; in the other, the lot is only to be taken care of so far as the net income of the donation goes, and so long as it lasts. In the one case, if the invest-

ments of the "fund for repairs" fail, the obligation goes with it. In the other case, the duty exists as long as the Corporation endures.

By a vote of the Trustees, passed July 15, 1843, the following form of a declaration of trust (prepared for insertion in a will, or other instrument,) was adopted, and ordered to be distributed among the members of the Corporation. Copies printed on letter sheet, may be had on application to the Secretary.

[————— doth hereby give, or bequeath,] unto the proprietors of the CEMETERY OF MOUNT AUBURN the sum of ————— dollars,* for their sole use forever; in trust, nevertheless, that the trustees of the said Corporation for the time being, shall in order to obtain an interest therefrom, invest the same from time to time, at their discretion, in some public stock of this State, or of the National Government, or in the stock of some Bank or Banks in this State, or in some personal notes or obligations of private persons, secured by a satisfactory collateral pledge or mortgage, on interest, and to apply the income or interest thereof, from time to time, after deducting therefrom the sum of fifty cents out of every hundred dollars of the sum so above given, as follows:—

FIRST.—To keep in suitable and good repair and preservation, Lot, No. —, in the said Cemetery, and the monument, fences, trees, shrubbery, and soil thereon.

SECONDLY.—To suffer the surplus, if any, of such income or interest to accumulate for such time as the said Trustees may deem expedient, or in their discretion to apply the same surplus, or any part thereof, from time to time, to the ornament and preservation of the grounds of the said Cemetery, or to any other, or all the purposes to which, by the Act of Incorporation, the funds of the said Corporation may be lawfully applied, and which are appropriate to the objects of the establishment of the said Cemetery.

Provided, however, That the said Trustees shall never be responsible for their conduct in the premises, except for good faith and such reasonable diligence as may be required of mere gratuitous Agents; and *provided further,* that the said Trustees shall in no case be obliged to make any separate investment of the sum so given, and that the average income or interest derived from all funds of the like nature belonging to the Corporation, shall be divided annually, and carried proportionally to the credit of each Lot entitled thereto.

PORTFOLIO OF PLANS.

It happens, not unfrequently, that neighboring proprietors determine to purchase lands lying between or near lots, to be enjoyed in common, as ornamental or monumental ground, and for other like purposes, or that several lots in one vicinity are brought within one inclosure, while it is still desired to retain their several peculiar lots to the several proprietors. At other times it happens, that after a lot has been located to conform to some existing path or avenue, circumstances make it necessary to alter the course of the path or drive-way, and thus change the relative position of the lot. Some lots too are so irregular in form,

*N. B.—No gift or bequest of a less amount than \$100 will be received upon these trusts.

that it becomes desirable to have the same fully laid out by a plan. It has been found, however, that what is called the large original plan of the Cemetery is still on too small a scale to exhibit such details as have been named, and the Trustees have been reluctant to allow it to be disfigured by the obliterations and amendments necessary to preserve such changes. In order, therefore, to provide some remedy in this and many similar cases which constantly occur, the Trustees have provided a large Portfolio, in which plans of small sections of the Cemetery may be exhibited on a large scale, and any peculiar disposition or dedication of the land readily shown. The plans are required to be upon paper of a uniform size, &c., (which the Secretary will furnish,) and to be prepared by the Corporation Surveyor.* When certified by the Superintendent and Committee on Lots, they will be permanently fixed in the portfolio by the Secretary for the use of all parties interested.
