

My dear Caroline - I can't describe to you  
 how well I have enjoyed the visit of which  
 I beg you had to forgive me to inform. In  
 it I have a slight view of the world  
 as it presented itself to me  
 after my long journey from several months  
 in this as you know, most excellent point  
 of observation. The battle here is with  
 us - for we will have a battle here & that  
 to it we are engaged & its issue will  
 be with the religious parties of the  
 world. The Boston & Brighton Society  
 thanks to the Lord's love have happily  
 begun this warfare - & about 100  
 of them have shrunk cheerless in  
 the contest by the word of a hypocrite  
 & in our judgment. Yesterday came  
 the Liberator with an 'all hail'  
 for the Liberator & can't also come  
 with a bound printed letter to Mary  
 speaking the same language - Now  
 what I want is the same for the

'Lectures Report' of which ~~not one~~  
 word is said either in the Standard  
 or Liberator & it was sent to both,  
 The Liberator did its duty in the  
 case of the Report but was failed  
 in that of the 'Advocate' & Mr. Chap-  
 man's writer from Paris, "that it is  
 sugar & spice & all that is nice."  
 It seems to me to do badly for  
 such a little thing. But to the  
 terms of the Report in "Lectures"  
 to which as the first notice  
 given that the Periodical Street journal  
 which has been long conducted  
 with the anti-slavery feeling  
 of this country it would go to  
 the same with impartial  
 impartiality, would it not be  
 the independent that this day  
 advised it as I wish to do  
 nothing & did not give them in their  
 work they have so faithfully

your account of my paper - from the Standard - I am happy to be informed  
 that it is all yours & am very sorry that the Standard is not  
 more liberal in its views of the Liberator & its  
 D.P.

commenced. - for it is only com-  
menced. The religious bodies  
here as with us - will try to  
sustain the credit of their na-  
tive organisations in America.

Yesterday came to me letters  
from <sup>home</sup> - which do not say 'no' to  
my remaining in England this  
winter. This has decided me to  
remain ~~of~~ <sup>in</sup> ~~happily~~ <sup>happily</sup> I may be able  
to learn things that may help  
us at home. ~~The longer~~ <sup>The longer</sup> I am  
here the more desirable does it  
appear to me to become acquainted  
with much of which I am igno-  
rant - Some others in my place &  
with the opportunities I enjoy could  
take in at a glance - what it requires  
long gazing for me to perceive - but as  
none of the quick witted ones are here  
and I am it has seemed well to  
avail myself of the opportunity so  
kindly offered me to do what is in my  
power. How much we have all enjoyed

your account of my paper - home - I am happy to be informed  
that you are all well. I am happy to be informed  
that you are all well. I am happy to be informed

Consequently - for 1. 3 on my case  
I need the testimony of  
the witnesses who were  
present at the trial in  
order to show a  
clear case in the  
affair. I have the  
original copy of  
the testimony of  
the witnesses who  
were present at  
the trial in  
order to show a  
clear case in the  
affair.
