

FKAGEU - Logic Model

Situation

A lot of regulations affecting European chapters are drafted and decided in EU. Just lobbying nationally are in many cases not enough since that is not where decisions are made. The FKAGEU that started last year has been a promising start to monitor the movement interests.

Priorities

Find out in what areas our focus is most important and who is the most important to work with.

INPUTS

What we invest

Volunteer time
Connections
Staff time

OUTPUTS

Participants Activities Direct Products

Who we reach

Wikimedians
EU Politicians
Lobbyists
Activists

What we do

Outreach
Physical meetings
Gathering material
Monitor information flow

What we create

Relationships
Impact matrix
Strategy

OUTCOMES - IMPACT

Short term Intermediate Long-Term

Results in terms of Learning

What issues are relevant for the movement

Politicians and policy makers learn that we are active in the field and what opinions we care about

Finding out what the other key persons are

Results in terms of changing Action

Prioritize the work

Get invitations for consultation

Results in terms of change to the Conditions

Publicly funded information are freely licensed

Clear view on how orphan works can be used

Harmonization on FoP

Wikimedia recognized and listened to as key player
