SUBJECT: Production, Distribution and Use of Fertilizer.

TO: Commanding General I Corps APO 301
ATTN: Mil Govt Sect.

1. Reference is made to par. 3 (f) of your communication AG 464-BA dated 24 June 1946 covering the above subject.

2. We submit the following report:

a. Night Soil

To plan and regulate the distribution of night soil, an Association for Night Soil Distribution was established by the Osaka Prefecture Government and the Osaka City Office. The Distribution, transportation, acquisition of materials are to be projected by this association. On the part of farmers, there is the Committee of Distribution Management formed in order to make equitable distribution.

The following is a schedule of the monthly allocation to farmers in the Osaka Prefecture:

TOTAL:	4,156,800	596,800	48,000	1,536,800	6,378,400

Ltr, The Osaka MG Team, subj: "Production, Distribution and Use of Fertiliser" dtd 9 Sep 46.

In Osaka City, 356,000 gallons of night soil are collected daily, of which 264,000 gallons are distributed to farmers and the remainder is used in home gardens in Osaka City. The gasoline shortage is most important factor in this operation.

b. Ashes, Garbage, Waste

As yet no plan is promulgated for the handling of ashes, garbage and waste due to the small amount available and lack of proper transportation.

c. Mowing

The Osaka Prefecture is conducting a campaign for mowing of grass during the months of August and September. The purpose of this campaign is to convert this grass into fertilizer. It is estimated that 296,250 tons of fertilizer will be obtained.
