Cowdr. A. D. FRASER, USE, undertook low altitude oblique coverage of beach-heads and invasion forces at Okinawa on L-Ray. Comdr. FRASER'S photo-Liberator staged from VD-5's Advance Echelon camp at Clark Field, Luson, where he had flown from Ouam on 30 March. At 0130 Item, 1 April 1945, take-off was made from Clark, with special photographers and correspondents as passengers and the plane reached Okinawa prior to E-hour, at about 0700 Item.

Poscending below the overcast, Comdr. FRASER made mamerous runs, both over bombarding ships, landing craft and the beach-heads themselves. Anti-aircraft fire was both heavy and light caliber and moderate in intensity. Good obliques were shot, despite poor light due to clouds and smoke from the heavy action.

The return flight to Guam was made via Iwo where Comdr. FRASER and crew changed planes, reaching Agama Field. Guam by 2035 King.
