(Do not remove from attached sheet)

Subject: Draft Legislation

oto No.	From: Govt Sec To: LS/LAJ Capt. Norris 26-6076 Date: 21 November 1950
1.	1. Immedicate introduction of the attached draft bill in the Diet is proposed by the Finance Ministry. 2. Your prompt comment is requested. 1 Incl Bill Concerning Subsidy for Disaster Rehabilitation Works Expenses for Salt Fields, etc. C. W.

Parl. & Pol. Div.

Salt fields

1. The bill is objectionable in that it fails to define standards for guiding the Japan Monopoly Corporation and/or the Minister of Finance in the matters covered by Articles 5, 6, and 10, dealing respectively with the handling of applications for subsidy, the alteration of the works program, and the "necessary procedures and other matters for the enforcement of this Law by the Finance Ministry Ordinance." Even though the bill prescribes that the Corporation shall establish standards to be "set forth previously" (Art. 5), which of course is better than no mention of any standards at all, nevertheless the standards should be written into the law itself, particularly since subsidies are involved.

2. Reference is made to Article 16 of the Salt Monopoly Law (No. 112 of 1949, as amended), which empowers the Japan Monopoly Corporation to compensate a manufacturer suffering loss from natural disasters. In view of the seeming overlapping of this subsidizing function in subject bill, it is believed that provision should be made in the bill for repeal of said Article 16 of the Salt Monopoly Law.

Read 6 12/4

3. Although in paragraph 3 of Article 8 it is provided that, where a refund (for unused or unearned subsidy) is ordered, a hearing shall be held by "employees appointed by

2 cont'd the Corporation - - - - in order to give him (the manufacturer) an opportunity for explanation," the next paragraph (4) stresses that the refund shall be made without delay. It cannot be ascertained from this language whether the explanation by the manufacturer is to play any part at all in the decision by the "employees appointed by the Corporation." This ought to be clarified.

2. The attached draft of a proposed Partial Amendment to the Peoples' Finance Corporation Law (Law No. 49 of 1949) has apparently been prepared by Diet Members without regard to the Supplemental Budget of 1950-51 now being considered in the Extraordinary Diet Session, along with the necessary amendment to the Basic Law. Both the Supplemental Budget and the above referred to amendment propose a transfer of funds from the General Account to the subject Corporation for the purpose of increasing the capital of the said Corporation from ¥ 3 billion to ¥ 4 billion. This increase in the capitalization having been agreed upon between officials of this section and representatives of the Japanese Finance Ministry. Accordingly, the introduction before the Diet of the attached amendment for the express purpose of creating an additional and considerable expansion of capital beyond budgetary contemplation and considerations would be, in conflict with prior administrative agreement. Approval of the attached draft bill is therefore withheld.

Dr. Band 26-6913
28 November 1950

1. PHW Section concurs with introduction of Bill for the Control of Poisonous and Powerful Agents, inclosed with Check Note 1 above.

2. The proposed bill will, when enacted, replace the current Control Law on Business of Poisons or Powerful Agents (Law No. 206 of 1947), which it has been found necessary to amend extensively in the interests of protection of the public health against hazzards resulting from improper control over such chemicals. The new law will provide for (1) registration of manufacturers, importers, and sellers of such chemicals; (2) employment of qualified personnel by manufacturers, importers, and sellers; (3) safeguards against improper handling and storage; (4) proper labeling; (5) restrictions on sale and other distribution; (6) special provisions concerning tetraethyl lead and monofluoracetic acid derivatives, and other such poisonous agents; (7) necessary amendments of other laws concerned; and (8) penalties for violations.

3. PHW Section recommends:

a. In Article 16 the words "monofluor acetate" be changed to conform with item 10 of Attached List No. 1 (of the proposed law), as follows: "monofluoracetic acid, its salts, and preparations."

b. Early introduction into the Diet and prompt enactment of the bill with change as indicated in subparagraph a above.

Note No. 2

Mr Solomon 26-6291
HGS/RYG/AHS/jm
From: NR To:Govt Sec Date: 17 NOV 1950

Since this Bill merely concerns the creation of a special account and accounting procedures to assure proper collection, budgeting and expenditure of funds to be collected from coal mine operators and disbursed for rehabilitation of damage claimed from their operations, NR sees no objection to the presentation of the Bill to the Diet for action.
