

# DAUGHERTY'S RESIGNATION READY!

## SANITARIUM STAFFS TO GAIN NEW MEMBERS

Managerial and Medical Departments to Receive Additional Experts

A thorough re-organization of the managerial and medical forces of the Glendale Sanitarium will be put in effect in the new institution. Both will be enlarged, according to C. E. Kimlin, the business manager. The plan is now being worked on by the board of managers of the institution, with the thought in mind of making for efficiency and obtaining better results.

Negotiations are now being made for the securing of a well-known expert accountant on the Pacific coast to act as treasurer of the institution. This man now travels up and down the Pacific coast and into some of the inland states as an auditor, and he has established a reputation as an accountant that extends even into other parts of the country. Mr. Kimlin says the addition of this man will help materially in the financial side of the place, and will also relieve him of many of the duties that now rest on his shoulders.

**Group Practice**  
As to the medical force, it is being planned to have what is known as a group practice in the institution. With Dr. H. G. Westphal as the medical superintendent, it is proposed to have specialists in neurology, eye, ear, nose and throat, the heart, genito-urinary diseases, gynecology, children's diseases and diabetes. The aim of the institution's managers is to secure men of authority on these subjects, and to have them (Continued on Page 4)

## PREDICT DEFEAT OF MELLON PLAN

Republican Leaders Fail to Reach Compromise With Insurgents

**BULLETIN**  
WASHINGTON, Feb. 19.—Democrats, supported by a coalition with Republican insurgents this afternoon defeated the Mellon tax plan in the house and forced the adoption of the so-called Garner (Democratic) plan.

**BULLETIN**  
WASHINGTON, Feb. 19.—Defeat of the Mellon tax reduction plan in the House was forecast this afternoon, when the House, sitting as a committee of the whole, rejected an amendment by Representative Madden, Republican of Illinois, to accept the Mellon plan, with but one change—an increase of one per cent in the maximum surtax rate. The vote was 244 to 152.

WASHINGTON, Feb. 19.—The tax reduction fight got under way in the House again today with administration leaders admitting that the Coolidge-Mellon plan is doomed to defeat. Republican leaders today had failed to reach a compromise agreement with the insurgents by which the latter could be brought to support the Mellon plan. Negotiations will be continued by Speaker Gillette and Representative Longworth until the income tax rates are brought to vote.

## McAdoo Tells Points In Nomination Race

CHICAGO, Feb. 19.—Ten points on which the drive for the nomination and electoral college votes will be made today constituted the new William Gibbs McAdoo pledge. They were presented to his followers after the "hard headed conference" Mr. McAdoo had requested had proved to be a series of eulogies. A few of the state McAdoo managers had conceded that his services as attorney for E. L. Doheny, oil magnate, might cost him a few votes, but all were agreed they wanted him as a candidate.

## Hold Men, Women In Connection With \$500,000 Robberies

LOS ANGELES, Feb. 19.—With two of the alleged ring-leaders in custody and two women held for investigation, the sheriff's office today sought Jimmy Blanton and Billy O'Connor, whose arrest, it is claimed, would complete a round-up of a gang of men believed to have obtained nearly \$500,000 worth of loot in robberies during the last few months. "Red" McCarthy, who is alleged to have confessed participation in the \$200,000 diamond robbery of the Provident Loan Association on February 9, is already under arrest. McCarthy is said to have involved Blanton and O'Connor. James "Buck" O'Neil also is in custody on suspicion of robbery, while Mrs. Emma Prior and Mrs. Eva Taylor are the women held for investigation. The robber gang is also under suspicion by the officers as being responsible for several bank robberies.

## MAILS LYING ON PLYMOUTH DOCKS

Strikers Warn Government To Keep Hands Off Letters from U. S.

LONDON, Feb. 19.—The striking dock workers today warned the government not to attempt to handle mails received from the United States. Mails destined for America were loaded up on outgoing ships at Plymouth, but those received at Plymouth are still lying on the docks untouched.

**Violence Occurs**  
The first violence in the dock workers' strike took place today when strikers attacked and overturned wagons which were attempting to remove meat supplies from the immediate waterfront warehouses.

Meat prices increased another 3 cents upon the pound, making a total increase of 7 cents in two days. Numerous cargoes of fruit are rotting because they cannot be landed.

**Food Shortage**  
The government's court inquiry into the strike is under way. Officials of the striking dock workers' unions willingly gave evidence, but refused to promise to abide by any of the decisions of the court.

The strike is effective in all British ports, increasing the seriousness of the food shortage.

## SOUTHLAND GALE SWEEPING NORTH

Cold and Snow Strike States East of Mississippi, Moving to Lakes

WASHINGTON, Feb. 19.—Out of the southland came a storm which brought cold and snow to most of the states east of the Mississippi river today.

A storm in Louisiana will move northward during the next thirty-six hours, the United States weather bureau announced, attended by heavy snow, mixed with sleet and rain, in the upper Ohio valley and the lower lake region, eastward to the Atlantic coast.

## Admit Greene's Chance Of Recovery Is Slim

WASHINGTON, Feb. 19.—The condition of Senator Frank L. Greene, Republican, of Vermont, wounded during an exchange of shots between prohibition agents and bootleggers, was described this morning at the emergency hospital as "extremely critical." Physicians were hopeful that he would rally during the day, but it was admitted that the chances were against his recovery.

## PLANTATION STRIKE

HONOLULU, Feb. 19.—A plantation strike of Filipino laborers has been voted. Pablo Manlapit, president of the Filipino Labor union, announced today, but the date has not been set.

## DIFFICULTIES IN FILLING CABINET'S VACANCY

Number of Names Being Considered As Successor To Head of Navy

By GEORGE E. DURNO  
For International News Service

WASHINGTON, Feb. 19.—The task of mending the first break in his cabinet was before President Coolidge today. Less than twenty-four hours after the announcement of the resignation of Edwin Denby, secretary of the navy, more than half a dozen names were before the executive for consideration. Within another twenty-four hours that many more will have been placed at his disposal.

In selecting the successor to his navy chief—the first of his official family to give way before the odium of the great oil scandal—President Coolidge is handicapped by several important factors. Foremost of these is the impending presidential campaign and the resultant need of making an appointment that will be politically wise.

**Number Mentioned**  
Second is the fact that certain of the men who would be given the most favorable consideration come from states which already boast of a member in the cabinet, while others are not inclined to accept the honor for one reason or another.

Among those most prominently mentioned for the post are former Congressman Patrick H. Kelley of Lansing, Mich.; ex-Senator Miles Poindexter of Washington, present ambassador to Peru; and Charles Beecher Warren of Detroit, former ambassador to Japan and member of the commission that negotiated recognition of Mexico last summer.

**Kelley Has Lead**  
Of the three, Kelley at this time is believed to stand the best show. Coming from the same state Denby does, he enjoys the additional benefit of having been a ranking member of the House naval affairs committee at one time and chairman of the appropriations sub-committee in charge of naval appropriations. He is also a political factor in Michigan.

Other names presented to the president for consideration include Senator George Wharton Pepper of Pennsylvania; Senator Frederick Hale of Maine, and Representative Burton L. French of Idaho.

Definite selection and announcement of a successor to Denby is not expected much before March 10, the date of Denby's retirement.

## THIRTEEN DIE IN TENEMENT BLAZE

Seven Children Included In List; Pyromaniac Is Blamed for Fire

NEW YORK, Feb. 19.—Thirteen persons, seven of them children, were burned to death early today in a fire which swept a five-story tenement on the lower east side.

The fire was caused by a pyromaniac, police believe. Police immediately began an investigation. The tenement was a furnace of flames when the first firemen arrived. The blaze, which started in a baby carriage in a lower hall, spread through the building with great rapidity.

**Stairways Destroyed**  
Rescuers who sought to enter the blazing building found the stairways destroyed and the air shafts pillars of flames. Firemen, stumbling through the smoke, came up on twelve bodies in the hallways. The other victim jumped to death.

Of the thirteen dead, four were women and two men. Three boys, aged 11, 12 and 14 years, and four girls, one an infant, the others 7, 5 and 16 years old, were the other victims. Two persons were injured, a young girl and an aged man.

## CHICAGO PLAYERS

LOS ANGELES, Feb. 19.—Nineteen members of the Chicago National league baseball club arrived in Los Angeles early today, and an hour later departed for Catalina island, where they will start spring training tomorrow.

## Committee Calls Chief of Veterans' Bureau for Quiz

WASHINGTON, Feb. 19.—The sensational investigation of the United States Veterans' Bureau was unexpectedly re-opened this afternoon with the summoning of Director Frank L. Hines before the Reed committee for examination.

Hines was called upon to explain "personal matters" and to tell what steps he has taken to remove "hard boiled officials" who were charged with being unfriendly to ex-service men. The committee was particularly concerned with charges that wounded veterans were subjected to "brutal treatment" by bureau employes in the New York district office and the Washington "central" office. The committee intended to question Hines as to his plans for correcting the conditions which resulted in the charges.

## POINCARÉ PASSES TAX BOOST BILL

French Premier Wins Victory In Passage of Fiscal Reform Measure

PARIS, Feb. 19.—Premier Raymond Poincaré won a victory in the Chamber of Deputies today when his fiscal reform measure, imposing a 20 per cent increase upon all taxes, was passed by a vote of 315 to 254.

For a fortnight the premier has been struggling against bitter opposition but has succeeded in obtaining a vote of confidence nearly every day through amendments proposed by his political enemies. Owing to the violent opposition, the premier's majority in the chamber was cut to 61 votes when the final ballot was taken upon the measure.

**Franc Declines**  
The franc has declined to a new record, being quoted at more than 100 to the British pound sterling upon the exchange market. The chamber adjourned shortly before 5 o'clock this morning after adopting 31 of the 109 articles composing the government's fiscal reform act.

The measure calls for governmental economies totalling approximately one billion francs.

## TO RE-OPEN TOMB

MOSCOW, Feb. 19.—Nicolai Lenin's tomb will be re-opened to the public March 2, it was announced today.

## CUT OFF BY FLOODS

MADRID, Spain, Feb. 19.—The River Segura is flooded, cutting off numerous villages.

## LATEST NEWS

### DEMANDS RESIGNATION OF ROOSEVELT

WASHINGTON, Feb. 19.—The immediate resignation of Theodore Roosevelt, assistant secretary of the navy, was demanded from the floor of the senate this afternoon by Senator Pat Harrison, Democrat, of Mississippi. "Roosevelt is just as guilty as the secretary of the navy," said Harrison. "If Denby gets out, Roosevelt should get out, too."

### BARS FEDERAL EMPLOYEES FROM ACTING

WASHINGTON, Feb. 19.—Officers and employes of the federal government would be prohibited from acting as attorney or agent in prosecution of claims against the United States during their term of employment or within five years after their term of office had terminated, under a bill introduced in the House today by Congressman Howard, Democrat, of Nebraska. Penalties for violation of the proposed law are placed at \$1000 fine and one year imprisonment.

### ARREST WOMEN IN \$10,000 SWINDLE

NEW YORK, Feb. 19.—Miss Helen L. Beckett, good looking, beautifully dressed and of evident refinement, was arrested this afternoon on a charge of operating a stock swindling game in Wall street, which is declared by the district attorney to have netted her more than \$10,000. Using knowledge gained while a clerk in a brokerage firm, she opened up offices and according to the prosecutor, took money in wholesale quantities from aged men, society men and women by telling them she was agent for a gigantic stock pool, which never existed.

### U. S. PLANS TO ENJOIN OIL COMPANIES

WASHINGTON, Feb. 19.—Injunctions will be filed "as quickly as possible" to restrain the Sinclair and Doheny oil companies from extracting any further oil from the leased areas in Teapot Dome and Elk Hills reserves, it was announced at the White House this morning by Owen J. Roberts, special counsel, after he and ex-Senator Pomereau had conferred with President Coolidge.

## PROBE STOCK BOOKS FOR CLEWS IN OIL CASE

Senate Committee Seeks New Information On High Officials

WASHINGTON, Feb. 19.—After a two hour session behind closed doors to inquire into stock speculations of government officials in connection with the leasing of oil lands to private interests, the Senate public lands committee decided this afternoon to send its expert accountants to New York city to examine the books of J. P. Benkart & Co.

H. H. Benkart, a member of the firm, was questioned by the committee today, but the records he brought with him from New York were not deemed to be sufficiently complete for the purposes of the investigation.

**Hunt For Names**  
The committee's accountants particularly were instructed to examine the books for names of officials who are charged by certain members of the committee with having profited heavily in oil stock deals about the time the negotiations were under way for leasing Teapot Dome to Harry F. Sinclair.

Benkart announced that he was entirely willing to open all records and books in his office to the accountants.

**Millionaire Missing**  
Harry Payne Whitney, millionaire sportsman and friend of Harry F. Sinclair, who was under subpoena to appear before the committee today for examination, did not answer the summons. The committee waited more than an hour for him, when the clerk was sent to telephone all local hotels to ascertain his whereabouts.

Later, the sergeant-at-arms of the senate was called in consultation by Senator Lenroot, Republican, of Wisconsin, chairman, and it was understood that orders were issued to locate Whitney immediately.

At the same time it was announced that J. P. Benkart and Elmer E. Smathers, New York brokers, also under subpoena, were not in New York and could not answer the call of the committee. It was explained that Benkart was in the south and that Smathers was in Europe.

Members of the committee were extremely reticent to discuss the (Continued on Page 3)

## Masked Bandits In Raid on Party Get \$1650 In Valuables

LOS ANGELES, Feb. 19.—Raiding a party at the home of Mr. and Mrs. P. P. Figueroa in North West Lake avenue early today while the Figueroas, members of a Southern California pioneer Spanish family, were entertaining half a dozen guests, six masked bandits obtained approximately \$1650 in loot, it was reported to the police.

While the party guests were gaily laughing and talking at a midnight dinner a loud knock at the door startled the merry-makers. Mr. Figueroa responded and as he opened the door the leader of the bandit gang confronted him with a drawn revolver.

"Don't say a word and hand over your valuables," the bandit leader commanded of the party members "covering" them with a pistol while members of his gang quickly "frisked" them. From the women the bandits took jewelry valued at \$600 and \$450 in cash from the men. The bandits then ransacked the house, taking clothing, and silks valued at \$600 and escaped.

## TRAIN IN FLAMES SETS TOWN AFIRE

Falls Through Bridge Into Village; Loss of Life Believed Heavy

BERLIN, Feb. 19.—One of the strangest railway wrecks in history, probably causing heavy loss of life, took place at Ludwigstadt today when a burning freight train was derailed while passing over a high bridge, setting the village on fire. Ludwigstadt is near Coburg.

The locomotive and twenty-one cars plunged from the bridge. The houses were set on fire, cars having crashed through the roofs.

Relief workers, searching the wreckage, found the bodies of the engineer and two trainmen incinerated.

Traffic between Munich and Berlin was tied up.

## RETAIL COST OF FOOD DECREASES

Jan. Is Lower Than Dec., But Average for Year Shows Increase

WASHINGTON, Feb. 19.—The retail cost of food in January decreased 1 per cent as compared with December, while for the year ending January 15 there was an increase of 3 per cent in all articles of food combined, the department of labor announced today.

At the same time the department announced the general level of wholesale prices in January, compared with those in January, 1923, declined 3 1-4 per cent.

## Death Crash Inquiry Is Being Conducted

LOS ANGELES, Feb. 19.—An investigation was under way today to determine the cause of the head-on collision last night between two automobiles on the Foothill boulevard in which two persons were killed and six others injured, two of whom are expected to die.

The dead: Gladys Lewis, 15; Mrs. R. Sherman, 16, of Pasadena. Those expected to die: Cecil George, Pasadena; Gny Wood, Pasadena. The accident happened at the intersection where Villa road joins the main highway.

Both machines were completely demolished and the occupants of the two cars were pinned beneath the wreckage. A bottle of liquor is said to have been found on one of the crash victims.

## FRAUD IS CHARGED

HONOLULU, Feb. 19.—Three inspectors of Chinese immigration have been laid off duty on orders from Washington and an investigation of alleged passport frauds is under way.

## ATTORNEY GENERAL WILL QUIT IF COOLIDGE ASKS HIM, OTHERWISE HE STAYS

Cabinet Holds Meeting But Question Relative To Retirement Is Not Discussed; Roosevelt Also to Remain in Office, Claim

WASHINGTON, Feb. 19.—The Teapot Dome scandal will be a dominating issue in the coming presidential campaign, spokesmen for both major parties agreed this afternoon, during a hot party debate in the Senate. The defeat of President Coolidge, if nominated, was predicted by Senator Harrison, Democrat, Mississippi. The president was immediately defended by Senators Moses, Republican, of New Hampshire and Edge, Republican, of New Jersey.

**BULLETIN**  
By GEORGE R. HOLMES  
For International News Service

WASHINGTON, Feb. 19.—Attorney General Harry Daugherty "stood pat" today. His resignation could be had by President Coolidge for the asking. But the president did not ask for it, and the attorney general did not tender it.

Official announcement was made at the White House following the cabinet meeting, that the attorney general had not resigned. It was also announced that the president had not discussed with Mr. Daugherty the question of his probable retirement, and the matter was in no way referred to today's session.

The members of the president's official family, Secretary of the Navy Denby, who resigned yesterday, included the matter at the usual hour at the White House and went through the usual cabinet session. There was not even informal discussion of any more cabinet upheavals, it was said by those present.

**Roosevelt Stays**  
Thus disappeared a story that had all Washington on the keen edge of nervous expectancy, which was to the effect that the attorney-general, under fire, would "put it up to the cabinet" today as to whether he would follow Secretary Denby into retirement.

Assistant Secretary of the Navy Roosevelt also will remain, it was announced at the White House. President Coolidge took cognizance of the report of sinister rumors and reports with which Washington has been flooded during the past week. In talking with newspaper correspondents at the regular press conference, the president voiced regret at the volume and content of the many ugly stories current, and their efforts on the reputations of those high in official life who perhaps have had no connection with any manner of wrong-doing. He emphasized the responsibility of the press in not giving currency to unrestrained rumors and reports.

**Additional Details**  
Further details came to light today concerning the lengthy conference at the White House Sunday night of the president, Attorney-General Daugherty and Senator Borah, Republican of Idaho.

At this conference, the attorney-general vigorously defended himself against the whispered charges against him, but declared his resignation was at the president's disposal, if Mr. Coolidge desired. Mr. Coolidge poured a cigar and said nothing.

Borah and Daugherty engaged in a lengthy argument, according to the story. The Idaho senator expressed the belief that Daugherty should resign "for the good of the administration" and Borah pointed out that the department of justice had taken no steps to inquire into the legality of the oil leases.

**President Silent**  
To this, the attorney-general is understood to have replied that the Senate sat quietly for two years, too, and did nothing about the oil leases. To which Senator Borah is said to have suggested that the opinions of others be sought as to whether he should retire from the cabinet, but the attorney-general could not see it that way. His retirement or re-

retirement, he said, was a matter between him and the president, and if the president desired his resignation it could, of course, be had. Otherwise, he would fight for vindication. During this colloquy the president sat silent.

**Daugherty Declares He Will Not Quit at Present**  
By GEORGE R. HOLMES  
For International News Service.  
Copyright, 1924  
WASHINGTON, Feb. 19.—Attorney-General Harry M. Daugherty has no immediate intention of resigning from the cabinet, he told his friends today.

The one thing that would cause a change in his plans would be for President Coolidge to indicate that his retirement would be a welcome relief to the administration—and thus far the president has given no such indication, despite the enormous pressure that has been and is being exerted on the White House to this end. The attorney's inclination and present intention is to fight. He feels he has committed no wrong, he feels his skirts are clear in the oil mess and he believes his administration of the department of justice will stand the test of any investigation.

**Leaders In Conference**  
This attitude on the part of Daugherty was made known at a conference in his apartment that lasted until the early hours of this morning. Present were five administration leaders in the senate—Senators Willis of Ohio, Watson of Indiana, Moses of New Hampshire, Reed and Pepper of Pennsylvania—and Daugherty himself.

They talked of his resignation, and Daugherty did most of the talking. He is said to have declared that the investigation of his administration promised through the Wheeler resolution will not reveal "one single case" of delinquent or corruption, and he wound up by inviting them all not to obstruct the Wheeler investigation, but, on the contrary, to vote for it.

The Teapot Dome scandal was gone into at great length. Daugherty declared that his record in this respect was "absolutely clear" and would be subjected to the strongest light that the senate investigating committee can throw on it. He denied that his opinion was ever sought or given concerning the legality of the leases to Sinclair and Doheny, or that the leases were ever a subject of cabinet consideration. **Offer No Suggestions**  
The senators, it is understood, neither advised him to resign nor to remain in the cabinet. They merely acquainted him with the situation as it exists in the Senate, and from a political standpoint, and he listened. This was the situation as it existed in chaotic Washington today. A word from President Coolidge to the effect that he would welcome the resignation of his attorney-general would change it in a twinkling, it was admitted on all sides. In some quarters it is considered inevitable that the attorney-general will have to follow Edwin Denby into retirement; in others it is held that there can be no more cabinet resignations without the appearance of the whole Republican administration being indicted. **Conflicting Advice**  
President Coolidge is receiving much conflicting advice concerning the status of his attorney-general. (Continued on page 7)

## Deputy Will Help Local Taxpayers Make Out Reports

George M. Donovan, from the office of Rex B. Goodcell, collector of internal revenue for this district, will be at the office of Charles F. Hahn, 117 West Broadway, from 9 until 4 o'clock every day this week to assist Glendaleans with their income tax reports. Mr. Donovan will also be in Glendale from March 5 to 15, at Mr. Hahn's office. With this co-operation with the public, Collector Goodcell feels there should be no excuse for not filing on time. March 15 is the last day of the period. After that a penalty attaches for all taxable incomes not reported.

**Personal Mention**

Mrs. Agnes Wallis of Long Beach was in Glendale on Sunday visiting with relatives and friends. Mrs. Wallis is a former resident of Glendale.

Miss Edna Valentine recently arrived here from Dayton, Ohio, and will make her home with her brother-in-law and sister, Mr. and Mrs. S. C. Mustard, of 616 West Myrtle street.

Mr. and Mrs. A. T. Wintersgill and daughters, Esther and Edith, of 411 North Louise street, enjoyed a pleasant motor trip to San Bernardino yesterday. They attended the annual Orange Show.

Mr. and Mrs. Luther O. Kitzredge of 514 South Belmont street broke the ground Sunday for their new English stucco home which will be erected on the corner of Camulos and Canada boulevard. W. K. Dunlap is the architect and S. C. Mustard the contractor.

Mr. and Mrs. Homer D. Lockwood and children, Vera and Homer, Jr., of 729 North Louise street, motored to Riverside and San Bernardino on Sunday. They had dinner at the Glenwood Mission Inn and later drove to San Bernardino to the Orange Show.

Mr. and Mrs. G. H. Rowe of 216 South Orange street, accompanied by Miss Elizabeth Bohannon and Miss Sarah Pollard, motored to Redlands on Sunday, where they visited Miss Nellie Rowe at the University of Redlands. Later they motored to Mill Creek as far as Kamp Kold Brook.

Mrs. Frances Crittenden of 164 South Columbus avenue is having the pleasure of entertaining as her guests Mr. and Mrs. W. J. Leitz of Portland, Ore., formerly of Minneapolis, Minn. Mr. and Mrs. Leitz arrived here on Friday and possibly may decide to make their permanent home here.

Mrs. G. P. Koppen of San Francisco has come south for an extended visit with her sister, Mrs. Pearl G. Curran, of 214 East Chestnut street, and her mother, Mrs. P. Linkogel, of Los Angeles. Mrs. Koppen spent a few days here recently during the serious illness of her mother, returning home two weeks ago. She will spend several weeks here, as she is in need of a change and rest.

A letter to relatives from Dr. and Mrs. Luman H. Royce, who made many friends while in Glendale last winter, assisting in the financial campaign of the First Congregational church, states that they are at Coral Gables, a suburb of Miami, Fla., that city which is giving Glendale such a close run for the fastest growing city "in the nation," as they put it. Evidently the people of Miami are boosters, as Dr. and Mrs. Royce write that a handsome home was erected and furnished for their use while organizing a church in this beautiful suburb.

At the meeting of Glendale commandery last night, dinner was enjoyed at 6:30 o'clock and the remainder of the evening was given over to a meeting and drill practice.

**Glen Eyrie Club**  
Mesdames Bertha Wyvell, Libbie Cutting, Mae Warrick and Dolly Kase will be hostesses tomorrow at the meeting and luncheon of the Glen Eyrie Club in the Masonic Temple on South Brand boulevard.  
The club includes Eastern Stars, and the lodge women will meet at 10 o'clock in the morning and will spend the time before and after luncheon with needlework.  
Reservations for the luncheon can be made by calling Glendale 2145-W.

**At Ebell Club**  
Mrs. Charles H. Toll, president of the Los Angeles district, California, presented her report today at the meeting of the West Ebell Club, Los Angeles.  
The meeting was of particular interest locally because Baroness Oilly de Ropp of 520 South Brand boulevard gave a short talk on Russia.

**Social Events**

**Birthday Honor**  
Among the many dinner parties Saturday night at the Sunset Canyon Country Club was a birthday affair at which Mrs. Nettie Williams of 1139 East Maple street was hostess, honoring Mrs. Sigmund Haas of Gallup, N. M., who has been wintering in Long Beach.  
Sweet peas in pastel shades and narcissus were the decorative feature of the table. A huge birthday cake was placed before Mrs. Haas with the serving of the final course, and was cut by her and serving company.  
Dancing enjoyed.

Mrs. Jennie E. Maennel and Miss Elsie Maennel have recently moved from 113 West Chestnut street to 138 South Everett street.

Miss Mary Blackburn of Chino was a week-end visitor in Glendale, the guests of Mr. and Mrs. R. A. Blackburn, 331 El Bonito street.

Mr. and Mrs. William Litchfield and baby daughter of 316 East Chestnut street, enjoyed a pleasant motor trip with friends to Camp Baldy on Sunday.

Mr. and Mrs. T. A. Wright of 141 North Louise street, are having the pleasure of entertaining as their guests for a few days, Mrs. Anna Steer of San Diego and Frank Farquharson of Trinidad, Colorado.

George N. Adams of 335 El Bonito street, who has been confined to the house with blood poisoning in his foot for several days the past week, has sufficiently recovered as to be able to resume business.

Mrs. Warren Z. Newton of 245 North Louise street, accompanied by her mother, Mrs. Mathilda Eckman, left Monday morning by automobile for San Francisco. Mrs. Newton only expects to stay a few weeks, but Mrs. Eckman plans to stay indefinitely.

Richardson D. White, superintendent of the city schools, will leave Wednesday morning for Chicago to attend the national convention of school superintendents that is to be held in that city. He will be absent two weeks.

Dr. and Mrs. H. R. Boyer entertained with a dinner party on Saturday night at their home, 125 Milford street, in honor of Mr. and Mrs. S. P. Davis who are leaving soon for Europe. Covers were laid for the honor guests and Mr. and Mrs. Charles Fourl of Hollywood and Dr. and Mrs. Boyer.

Mr. and Mrs. W. H. Flynn and sons, Billy and Dickie, of 331 El Bonito street, were among the thousands of radio fans who accompanied the invitation of Colonel Saulsbury to attend the barbecue at his San Francisco rancho on Sunday. But the crowd was too great for comfort and Mr. and Mrs. Flynn turned at the Elizabeth Lake route and returned to Glendale without enjoying Colonel Saulsbury's hospitality.

**Faculty's Confer**  
The Wilson Avenue school faculty were hostesses yesterday at the joint meeting of the teachers of the intermediate schools. Tea was served in the domestic science room and the meeting was opened by an address by Principal Norman Whytock of Glendale Avenue school. The teachers then went to class rooms, and convened in sections, with the following presiding as chairmen: English, Miss Lewis White; geography, Miss Natalie Mackay; history, Miss Gladys Sharpe; arithmetic, Miss Larene Fritch; occupations and general science, Mrs. Malcolm McLenan; drawing, Miss Helen Buck.

**Club Features**  
Special features of the Literature department meeting tomorrow at the Tuesday Afternoon clubhouse will be a song by Mrs. L. Goodbar, written by Mrs. H. H. A. Beach, and a portrait of Mrs. Beach done by Mrs. Nellie Horn of Tunjuna.

Mrs. Goodbar appeared in concert with Mrs. Beach and her song tomorrow and Mrs. Horn's portrait will be greatly enjoyed by the club women.

The meeting will be held at 2:30 o'clock in the tea room and the subject of the program will be "Woman of Today."

**Officers' Guests**  
Members of the state board and past state and supreme officers will be special guests at the luncheon and regular meeting of Chapter AH, P. E. O., which will be held Wednesday, February 20, at the home of Mrs. W. W. Worley, 1560 Grand View avenue.  
During the afternoon the regular business session will be held with the president, Mrs. Fannie Beach in charge.

**Deaths - Funerals**  
MRS. MINERVA WHITEHEAD  
Mrs. Minerva Whitehead died today, Tuesday, February 19, 1924, at the home of her daughter, Mrs. Estella Stevenson, 330 West Broadway, at the age of 87 years.  
The deceased leaves five daughters: Mrs. Stevenson of Glendale, Mrs. Charles Elledge of Rosedale, Kan.; Mrs. Nellie Tanner of Lawrence, Kan.; Mrs. William E. Womm of Garden City, Kan.; Mrs. Florence Huffman of Hepler, Kan.; and two sons: G. M. Whitehead of Girard, Kan., and M. S. Whitehead of Walnut, Kan.  
Funeral services will be held at 11 o'clock Wednesday morning in the chapel of the Jewel City Undertaking company on North Brand boulevard. Rev. Clifford A. Cole will officiate.  
Mrs. Whitehead's body will be taken by Mrs. Stevenson to Walnut, Kan., for burial.

**At Ebell Club**  
Mrs. Charles H. Toll, president of the Los Angeles district, California, presented her report today at the meeting of the West Ebell Club, Los Angeles.  
The meeting was of particular interest locally because Baroness Oilly de Ropp of 520 South Brand boulevard gave a short talk on Russia.

**Girl Scouts Meet**  
Members of Troop 3, Girl Scouts, of which Mrs. R. C. Horner is captain, held their regular meeting Friday afternoon at the Wilson Avenue Intermediate school.  
At this time the parts were given out for the play which the troop will present after Easter. The title of the play to be presented is "The Taming of Horrors."

**Women's Auxiliary**  
Glendale Auxiliary No. 36 of the Spanish War Veterans will hold their regular meeting on Wednesday night, February 20, at 8 o'clock, in the K. P. hall, Park avenue and Brand boulevard.  
Mrs. Martha Warren, president, urges all members to be present.

**Board Hostess**  
The Sunday school board of the Central Avenue Methodist church held their regular monthly business meeting at the home of Miss Julia Goodsell, 125 West Palm street Monday night, D. C. Bear is superintendent and Rutherford Wallace is secretary of this organization.

**Work On Shades**  
Work on parchment shades will occupy the time Thursday morning at the meeting of Arts and Crafts, Department A of the Tuesday Afternoon club at the club-

**Social Events**

**Mother's Birthday**  
Mrs. Martha Galer was delightfully honored on Sunday, her sixty-seventh birthday, when her son-in-law and daughter, Mr. and Mrs. Adrian Wilson, with whom she resides at 370 West Palmer avenue, were hosts at a family dinner.  
Bouquets of beautiful pink sweetpeas were features of the pink, white and green color scheme used in the appointments for the buffet dinner with the serving of the final course Mrs. Galer was presented with a beautiful birthday cake.  
Those enjoying the birthday dinner were Mr. and Mrs. E. L. Mansell and son Robert of Burbank; Mr. and Mrs. Jack Galer and daughter Katherine of Los Angeles; Mr. and Mrs. R. C. Willis, Mrs. M. E. Warfield and daughter and son, Martha and Charles, Mrs. Antoinette Wilson and sons Louis and Harold, Mrs. Galer, Mr. and Mrs. Adrian Wilson of Glendale; and Mrs. Edwin Porter and daughter and son, Betty and William of Pittsburg, Pa.  
In the evening the company was joined by Judge and Mrs. C. F. Parker of Glendale.

**Entertains Class**  
The Valentine season was the happy inspiration for the informal social affair enjoyed recently by members of the Berean Bible class of the First Baptist church with the teacher, Mrs. Arthur Sisley, at her home, 630 West Maple street.  
Specially honoring all those having birthdays in January and February, Mrs. Sisley arranged everything to carry out the Valentine idea.  
Heart games were played and cutting hearts of all sizes were seen throughout the rooms.  
With refreshments little individual birthday cakes were served to the guests.  
Those enjoying the affair were Mrs. M. J. Piercey, president of the class, and Mesdames W. E. Crisleg, C. W. Kent, E. E. Ford, Vincent, W. W. McElroy, J. F. Moody and M. A. Litzenberg.

**Vote Unanimous**  
The Women's Auxiliary of the Glendale American Legion post meeting last night at the home of the president, Mrs. E. W. Gilliland, 415 East Stocker street, voted unanimously to send a telegram to Senator Samuel Shortridge voicing their hearty support of any just compensation legislation.  
Mesdames Wilbur Lee, Charles Jones and Gilliland were hostesses last night and after a business meeting an informal social hour was enjoyed.  
A silver cup has been offered by the state organization to the auxiliary having the greatest increase in membership during the current year. The Glendale Auxiliary is anxious to win this trophy and therefore all Glendale women who are eligible for membership are urged to join.

**Happy Surprise**  
W. G. Currell of 540 West Oak street was happily surprised Saturday night when a group of his old friends from New York and Chicago, who are now living in Southern California, arrived at his home unexpectedly for a social evening.  
Cards and dancing were entertainment features and late in the evening Mrs. Currell served a two-course luncheon.  
There were present Mr. and Mrs. L. Streicher, Mr. and Mrs. Tidwell, Dr. and Mrs. Kirkwood, Capt. Merlute, Miss L. Cueter of Los Angeles; Mr. and Mrs. Perry Oswald and Mr. and Mrs. Currell of Glendale.

**Give Radio Tea**  
A radio tea will be given tomorrow afternoon, Wednesday, February 20, at the home of Mrs. W. H. Robinson, 451 West Riverside drive, under the auspices of the Pacific Avenue Parents-Teachers' association of which Mrs. Dean S. Phillips is president.  
A program has been arranged for presentation at 2:30 o'clock. All members of the association are urged to be present and a cordial invitation is extended to all friends.

**Popular Dances**  
There are no dancing parties held in Glendale that are proving more popular than the Jolly Bachelors' dances every Saturday night in the Odd Fellows' hall on West Broadway. Southern Californians from 150 miles away are coming clear to Glendale to join in the entertaining affairs.  
Announcement is made that on Saturday night of this week from 10 till 12 o'clock refreshments will be served the dancers.

**Presents Pupils**  
Miss Clara A. Wolter, piano teacher, 312 North Orange street, presented her Glendale piano class in recital Saturday afternoon in her Los Angeles studio in the Southern California Music building.  
Those taking part were Leona Hortline, Catherine Fox, Anna Marie Farinacci, Viola Farinacci, Richard Teague, Dorothy Pendleton, Altona Wolter.

**Old Times Party**  
Mrs. Virginia Freeman, Mrs. Roberta T. Young and Dr. Jessie A. Russell form the committee arranging the old times party for the Business and Professional Women's club for next Tuesday night.  
The affair will take place in Hahn's hall on North Brand boulevard. There will be a program and dancing, beginning at 8 o'clock.

**Joins Madrigals**  
Mrs. C. C. Coughlin, soprano, was received yesterday afternoon as an active member at the regular weekly rehearsal and meeting of the Madrigal club at the First Congregational church.  
Mrs. Hensal and Mrs. Markey have been named to attend the reciprocity day at the Long Beach Music club February 27.

**P-T. A. Board**  
Plans were completed yesterday afternoon for the urtic meeting tomorrow night at the Broadway High school at the executive board meeting of the Parent-Teachers' association with Mrs. P. O. Lucas at 720 South Maryland avenue.  
Mrs. C. H. Whitney, president, was in charge of the meeting.

**Work On Shades**  
Work on parchment shades will occupy the time Thursday morning at the meeting of Arts and Crafts, Department A of the Tuesday Afternoon club at the club-

**BANK MUST TELL CLIENTS' INCOME**

**Federal Court Rules Records On Books Are Open to Tax Collectors**

In its efforts to collect income taxes, the government has the right to require employes or agents of a bank who know facts as to deposits or investments or other dealings of parties who owe income taxes to testify in court to the entries made on the books of the banks relating to such transactions, according to a federal court decision received from Washington by Collector of Internal Revenue Rex B. Goodcell.

The ruling holds that the fourth amendment to the Constitution, which prohibits unreasonable search and seizures, does not authorize a third person who has books and papers which may be relevant to federal tax liability, to refuse to produce these books or papers or testify to the facts.

Under this decision, which affects the revenue act of 1921, collection of delinquent income taxes will be facilitated, as bankers will be required to supply, under oath, all information they possess as to the financial status of the delinquent taxpayer.

**Incomes Reported**  
Collector Goodcell warned income taxpayers today the innumerable avenues of information for checking up incomes that come within the provisions of the revenue act had been set in motion under instructions from Washington. Single persons whose net income was \$1000 or more and married persons whose net income was \$2000 or more must file returns; and, under the checking system already in operation, every person whose income for 1923 was \$1000 or more has been reported to the internal revenue bureau.

One of these sources of information is the "information at source" provision of the revenue act. Under this provision reports must be made by all persons, corporations and partnerships of payments of income to others during the year of \$1000 or more. Information returns are carefully checked with the individual return of the taxpayer and such payments were made. Thousands of delinquent and additional taxes aggregating hundreds of thousands of dollars have been discovered as the result of this audit.

**Employers Report**  
The act requires report of all "fixed and determinable income," such as wages, salaries, commissions, royalties, etc. The requirement is not limited to periodical payments, but a single payment of \$1000 or more must be reported. A separate return of information for each employee whose salary or wage for 1923 was \$1000 is required of employers. Payment for overtime, fees, commissions, bonuses and the fair value of board and lodging furnished as part payment of services should be included.

Fraternal organizations and associations are required to report salaries paid officers. Banks are required to report interest paid or credited to a depositor if the total during the year equaled or exceeded \$1000.

A separate report of each payment of \$1000 or more is required on Form 1098. Form 1099 on which must be shown the number of separate returns serves as a letter of transmittal. The forms may be obtained at office of the collector of internal revenue and branch offices.

**Pupils Give Program At Choral Club Meet**  
At the meeting last night of the Glendale Choral club, Miss Pearl Adair and Mrs. Gretta Cordary, pupils of Mrs. Virginia Freeman, gave duets during the intermission. They sang "I Would Tell My Love" (Mendelssohn) and "Echoes" (Frank L. Moir).  
J. Arthur Myers was in charge of the choral work, and decision was made to postpone the presentation of "Hiawatha's Wedding Feast" until a later date. The date was originally set for February 29, but, because of conflicting events, the date will be changed.

The Choral club is to give part of the sketch in Hollywood and Long Beach as return engagements for programs given by those cities in Glendale last spring.

**Mistreated Child of Eight Years, Charge**  
On complaint of Annie R. Yard, Glendale Welfare worker, Marguerite Lackey, 1013 South Marlborough street, was arrested last night by Lieutenant W. J. Royle, Detective Sergeant Charles P. Blake of the local police force, and Mrs. K. Root, state probation officer, on a charge of mistreating the 8-year-old daughter of her husband's brother.  
The little girl, who has made her home here in Glendale with the Lackeys, was taken away in charge of Mrs. Root, and Mrs. Lackey was arraigned this morning and her trial set for next Saturday morning at 10 o'clock, by Judge F. H. Lowe.

**Tea Tomorrow**  
Mrs. George Bigelow will entertain the members of the football section of the Women's Auxiliary of the First Congregational church with an informal social tea at her home, 1351 North Columbus avenue, on Wednesday afternoon, February 20. All members are urged to be present.

# BUILDING PASSES \$600,000 MARK

Total for Year to Date Is Now \$1,620,781; Many Homes Under Way

At noon today permits for the month of February passed the \$600,000 mark, according to H. C. Vandewater, municipal building superintendent. The exact amount was \$601,258.

Permits issued during 1924 now total \$1,620,781. All permits issued recently have been for small amounts, there being no applications for permission to erect large buildings for the past week.

The following permits were issued recently:

A. C. Hayes, 7 rooms and garage, 1450 Cleveland	7,500
Florence M. Kelly, addition	5,000
322 North Kenwood	4,000
G. C. Taylor, 6-room duplex, 422 A Piedmont Park	3,000
H. A. Peteman, 5 rooms, 516 E. Jerome, 5 rooms and garage, 1318 East Carroll	3,000
C. E. Plimpton, 4 rooms, 1011 South Columbus	2,800
Nora Viscardi, 5 rooms, 1320 East Maple	2,800
C. G. Van Bibber, oil station, 1753 North San Fernando	2,000
Mary J. Douglas, addition, 715 East Palmer	1,000
Lawrence Collins, 2 rooms, 334-A West Magnolia	800
William A. Rice, addition, 704 East Palmer	150
F. L. Sargent, garage, 1235 East Wilson	125
W. C. Lauderdale, addition, 446 Riverside	100

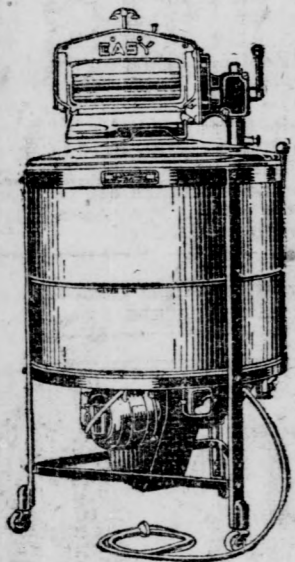

## Henry VI Was Miracle Maker, Claim Backers

LONDON, Feb. 19.—Proponents of the plan to revise the Church of England prayer book to include King Henry VI among the saints has brought forward an ancient manuscript from the British Museum which credits the monarch with performing 174 miracles. Among the miracles set forth in the document, between 1431 and 1500, are: Restoring life to a man who had been hanged for an hour, the victim saying afterwards he suffered no discomfort; restoring speech and sight to a priest whose eyes had been put out and tongue cut off; restoring to health and plumpness a woman who had been mashed "flat as a pancake by a cart."

## OUTPUT DECREASES

Gold production throughout the world is steadily decreasing. Before the World War the output was around \$468,000,000, but in 1922 it had fallen to \$334,978,000. The increased cost of production of the metal is held to be responsible for the decrease.

# REVIVAL STARTS ITS THIRD WEEK

Eleventh Commandment, 'Love One Another,' Topic Of Evangelist

The service conducted last night was the beginning of the third week of evangelistic services which are being conducted at the First Methodist church by the Kerr brothers, and will continue another week after this, concluding on Sunday, March 2.

Tomorrow night, preceding the usual services, the brotherhood class will hold its monthly meeting and banquet at the church, beginning at 6:15 o'clock. At the close of this meeting the members will go in a body to the evangelistic services and occupy reserved seats.

During the service last night, Rev. H. W. Kerr delivered the sermon, taking his text from John 13-34. "A new commandment I give unto you, that ye love one another, as I have loved you, that ye also love one another." "This is known as the 11th commandment," said the speaker.

"The world had its commandments before Christ came but he confirmed and strengthened them and taught that they can be transgressed by thought and desire as well as by action. Christ brought this new commandment of love, not alone to those that are lovely and those that love us, but love to our enemies and to those that persecute us."

"Possessing this love we are willing to spend and be spent for others, to cast our bread upon the waters, but no sacrifice is ever made for the love of Christ but that it enriches the maker a hundred fold, both in this life and the life to come. When we love God supremely we love our fellow men the most."

"This 11th commandment enables us to trust. The 11th commandment will help us to bear burdens. This 11th commandment, it draws, constrains. That was the great power of Jesus. It drew Matthew from his tax gathering, Peter and John from their fishing nets, and for twenty centuries he has been drawing men and women and tonight he says to you, 'Behold, I stand at the door and knock and if any man will hear my voice and open the door I will come in unto him and sup with him and he with me.'"

## Yale Club Was Once Hospital for British

NEW HAVEN, Conn., Feb. 19.—Dances and dinners, tea fights and lectures abound today in an ancient house on Elm street, in central New Haven, that in 1777 was a British hospital. One of the historic houses of Connecticut, the structure has been turned over for use by the Yale Faculty club, and with just enough improvements to make the place comfortable, seems likely to be preserved for the future.

President Stiles, the Revolutionary head of Yale, gave his life in resisting British invasion of New Haven in 1777, being wounded and captured while taking pot shots at the troops from behind a clump of trees, and taken to this present-day club structure, where he died.

Anson Phelps Stokes, late secretary of Yale, bought the house for his home some years ago and then, for the first time since its erection in 1787, the property passed from the Pierpont family, to whom the site was granted by a special act of the English king. When the British came, the Pierponts hid their silver in the garden and fled.

Stokes turned his property over to Yale when he resigned as secretary, and Yale has assigned it to the Faculty club.

Aged Chinese Woman Dope Peddler Buried

SALT LAKE CITY, Utah, Feb. 19.—The reported spirit of Lucy Long has started on its last journey.

Lucy Long, Chinese woman, known to opium smokers throughout the intermountain territory as "Mamma," and notorious in Salt Lake as a dealer in the poppy product, was given the most unusual funeral this community has witnessed since the days of the frontier.

And as her relatives mourned silently in their Oriental stoisim, hundreds of Americans, some friends and others of the idly curious type, passed before the bier, while Department of Justice operatives, Federal narcotic officers and uniformed and plain clothes policemen watched every move among certain strange Chinese onlookers.

Tong men from Butte, Mont., believed to be of a rival faction to that which Lucy Long was a member, were reported in attendance at the services. Her society, the Bing Gung tong, was in charge of the funeral.

SUSPENDS AUDIENCES

MADRID, Feb. 19.—Owing to a heavy rush of state duties, General Primo Rivera, head of the directory, today suspended audiences for two weeks.

BANDITS CAPTURED

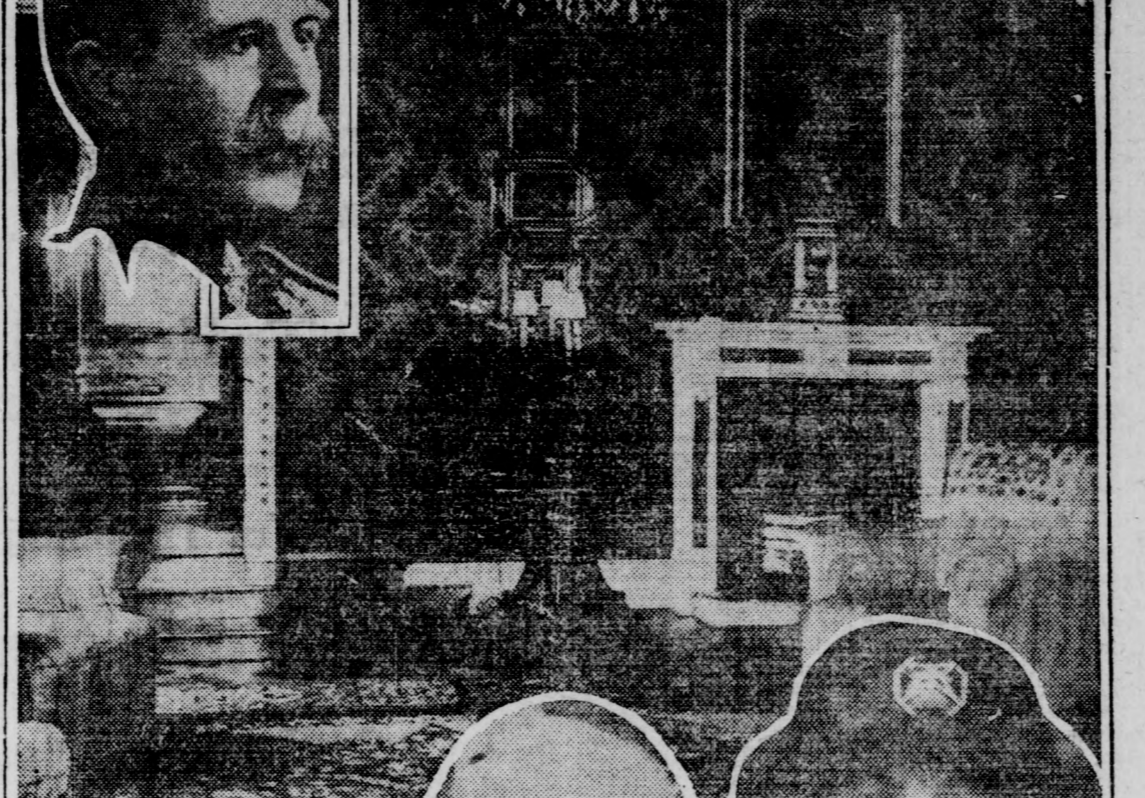

SARAGOZA, Spain, Feb. 19.—A gang of bandits who have been holding the countryside in a reign of terror, was rounded up by police today.

PROHIBITION RAIDS

MOSCOW, Feb. 19.—The commissioner for the interior announced today 60,945 prohibition raids have been made in the past three months. Arrests totalled 42,115.

# AMBASSADOR PLANS LAVISH ENTERTAINMENTS

American Envoy Takes London Residence Of Marquis Of Crewe

An Interior View of Crewe House, and The Marquis of Crewe (above), Ambassador and Mrs. Kellogg (below).

LONDON, Feb. 19.—England is expecting Frank B. Kellogg, the new American ambassador, and Mrs. Kellogg to entertain lavishly on a scale uncommon among recent envoys from the United States to the Court of St. James.

And the Kelloggs seem to be preparing for just such a thing. They have taken over Crewe House, one of the show-places of fashionable Mayfair, and they are looking for a country estate. They are already popular here. The ambassador, a former senator from Minnesota, is looked upon as an able man, and Mrs. Kellogg as a matron with the highest social qualities.

Crewe House is admirably arranged for entertaining on a large scale. It is very roomy, beautifully furnished and is crowded from cellar to garret with art treasures. It is the most picturesque example in London of the "Rus in Urbe," formerly known as Wharncliffe House and dating from the reign of King George II. Although built nearly two hundred years ago and retaining the characteristic architecture of the early eighteenth century, it has been equipped by its present owners, the Marquis and Marchioness of Crewe, with every modern comfort and luxury regardless of cost.

Lord Crewe, after having been Viceroy of Ireland and after having held various cabinet offices, is now British Ambassador to France.

## Stock Book Inquiry Is Now Under Way

(Continued From Page 1) meeting. They announced that they had been pledged to secrecy.

Tells of Meeting After the meeting, which lasted for nearly three hours, and in which the special counsel, Owen J. Roberts and Atlee Pomerene, participated, Lenroot declared: "Officers of J. P. Benard, New York broker were called and asked to produce certain records and books, which they did. They expressed their entire willingness to have the committee or its accountants go over their records, but some of these records are so voluminous that it was found necessary to instruct accountants to go to New York to examine the books and records. The accountants will leave for New York immediately to conduct the examination of the records."

"The committee then adjourned, subject to call by the chairman."

"Harry Payne Whitney was under subpoena to appear. No word was received from him by the committee today."

Committee members indicated, however, that developments may be so sensational that the committee will be forced to meet within a day or two.

## Oxy Students Rally Round Banquet Board

The annual Occidental college supper was held in the commons last night, with 475 students, faculty members and friends gathered around the banquet tables.

Attractive valentine decorations and souvenirs were found at every table. The large gathering enjoyed their college songs and yells, which were led by Maynard Munger.

## NAPIER ENGINE ADOPTED

LONDON, Feb. 19.—Claimed to be the largest in the world, the 1000-horsepower Napier aero engine has been officially accepted by the British Air Ministry, after a strenuous test which included running on the bench for fifty-three hours.

## BOND TAX PLAN LOSES

WASHINGTON, Feb. 19.—The House, meeting as the committee of the whole, late yesterday defeated the proposal to tax the income from state, city and municipal bonds. The vote was 140 to 67.

## FAMOUS TRIO TO RENDER PROGRAM

Talented Group to Play Here For Glendale Music Club, March 14

Following the meeting yesterday of the board of the Glendale Music club at the home of Mrs. Frank Arnold at 211 East Loma Vista avenue, announcement is made that the program at the club meeting March 14 will be given by the Los Angeles Trio.

This trio includes Calmon Luboviski, violinist, an artist well known by Glendale music lovers; May McDonald Hope, pianist, another popular musician with Glendale audiences, and Alex Simonsen, cellist, equally as talented as the two just mentioned.

The program will be composed of solo, duet and ensemble numbers.

At the meeting yesterday plans were also made for the presentation March 25 of Mendelssohn's oratorio "Elijah" by the oratorio section with John Smallman, director of the chorus of 150 voices.

This will take place in the auditorium of the Broadway High school and the philharmonic orchestra and a group of talented artists will assist. Tickets are to be three prices, \$1.50 reserved seats, \$1 general admission, and 50 cents for student tickets.

A full attendance is urged for the meeting and rehearsal tonight of the oratorio section at the Harvard High school at 7:30 o'clock. Mr. Smallman is anxious that all those planning on taking part in the presentation will attend all rehearsals until the night of the performance in order to perfect the work.

## Thieves Strip Auto Of All Accessories

Thieves broke into the garage of James W. Horne, 1445 Valley View road, last night and stripped the car of all accessories, including spot light, motometer, hand grips, stop signal and wind deflectors. There is no clue to the robbers.

## 'Pop' Wilson Gets New Racing Car But Lines, His Lines, Too Generous

Mechanics and drivers of George Bentel's family at Ascot are telling the best one ever on "Pop" Wilson, Glendale's veteran racing driver and well known as a star of the dirt track.

Pop, in celebration of the opening of the new track, ordered himself a fine new car with which to trim Mr. DePalma, Horey, Haughdahl, et al.

The new speed creation was to be christened Sunday, and Pop felt sure that he would pilot his new beauty to a win in at least the Pasadena sprint.

But of all fatal mistakes! Pop is known as having rather generous stream-lines, with a graceful bulge to his tomean, and he forgot to measure the body of the car. When he was ready to mount his steed, he squeezed this way and that way, forward and back, but, despite the herculean efforts of all pit hands armed with shoe horns and buckets of grease, he was unable to get his bulk into the new machine.

So Ernest Wilson, another Glendale man, drove it for him, but was forced out of the race due to ignition trouble.

The question that is puzzling the pit hands is how on earth would Pop have gotten out of the car if he had succeeded in planting himself in the driver's seat.

"Boy, page the man with the acetylene torch."

## TURKISH HAREMS STILL PROSPERING

Greek Lecturer Tells of Customs Existing in Turkish Homes

By GEORGE T. HOOK For International News Service. PHILADELPHIA, Feb. 19.—Those with bigamous tendencies perhaps will be interested to know that the Turkish harem is not a defunct institution as the "new freedom" movement might lead us "foreigners" to believe. In fact, well-filled harems, according to Julius C. Nayphe, a Greek, who stopped off here on his return from a lecture tour in Australia, are still a very desirable adjunct to the households of those Turkish whose station and money, or just money, enable them to "foot the bills."

Nayphe lost members of his family in Turkish massacres and has made such a study of the country, its inhabitants and their customs as to enable him to lecture convincingly and with understanding.

"The harem is as popular an institution today as it was in the days when Suleiman the Magnificent was Caliph," Nayphe said. "With the coming of the 'new freedom' a few advanced Turkish women dropped their veils and are out of the harem for good. La Tifa, wife of Mustapha Kemal Pasha, is one of them. The others are a long way from western freedom, and it is doubtful if they want it."

"The harem is the most practical device for restoring the numerical strength of the Turkish nation, and the leaders count on it," the Greek lecturer declared.

## Thibet 'Frames' Devil in Rolling for Luck

LONDON, Feb. 19.—They use "crooked" dice when they shoot craps with the devil in Thibet. Sir Charles Bell, former political officer in Thibet, revealed this in describing the annual ceremony of gaming with the devil for "the luck of the year." The devil's opponent picks the dice, and his pair shows nothing but sixes. The devil's shooter gets dice with nothing but deuces. "Big Dick" always wins over "Little Joe."

# BLAME MOTHER IF BABY EATS PINS

Philadelphia Specialist Who Saved One Youngster Gives Advice

By GEORGE T. HOOK For International News Service. PHILADELPHIA, Feb. 19.—The carpet tack which threatened the life of little Cletus Moore, eight months old, of St. Louis, whose case recently attracted wide attention, today is specimen No. 1,265 in the foreign body collection of the Jefferson Hospital Broncho-Scopic Clinic, of which Dr. Chevalier Jackson, noted specialist, is the head. It is more mute evidence of Dr. Jackson's skillful genius in removing foreign bodies from human anatomies.

The collection consists of many cases, one containing tacks, nails, and pins; another, bones and pieces of food, and still others containing an endless array of buttons, cuff links, safety pins and small toys. All the specimens were salvaged by Dr. Jackson and his two clinical associates—Dr. Charles Clarf and Dr. Gabriel Tucker—and Dr. Jackson says he has "enough unmounted exhibits of the carelessness of mothers" to fill a half dozen more cases.

"Safety pins," he said, "have killed more babies than firearms," and he called attention to five rusty pins taken from the lungs of a year-old infant boy. An elder brother had fed the pins to the baby.

"Children come into the world with their minds blank," Dr. Jackson, a strong advocate of the "ounce of prevention" theory declared. "They must learn what things are hard and soft, rough or smooth, hot or cold, sweet or sour, edible or inedible, and their chief way of acquiring this knowledge is to put into their mouths everything in reach."

"There are only three things they can do—swallow the things whole; spit them out, or aspirate them into the lungs."

He advocates more care on the part of mothers and unequivocally places the entire blame on their carelessness—"not wilful carelessness, not stupid carelessness, but carelessness that comes from lack of knowledge."

Cite Two Cases

While the majority of foreign-body cases involve infant patients the clinic has treated many elders. A rusty safety pin, for instance, holds the time record in the clinic's collection. The pin lay 37 years inside a man before it was found by X-Ray and removed by Dr. Jackson's invention—the bronchoscope.

There is also a rusty shawl-pin, which was removed from the oesophagus of a southern woman after 26 years, during which she had been an invalid and was believed to be suffering from tuberculosis.

The bronchoscope was perfected by the noted specialist after years of work in Pittsburgh and in this city. It is a lengthy instrument, with a small electric light and a pincers at the end. Once the foreign body is located by X-Ray the bronchoscope is inserted, and while a tiny bulb furnishes light the pincers, also operated from

### Spanish Grandees Find Pope Snubbed Them

MADRID, Feb. 19.—A story of how the Pope snubbed a number of Spanish Grandees during the recent visit of the Spanish sovereigns to the Vatican is going the rounds among Spanish journalists. During the visit, the story runs, the nobles and court employes with the sovereigns requested to be separated from the Spanish journalists during the Pope's reception. The Vatican authorities agreed and prepared three intercommunicating rooms. In the first were the Grandees, in the second various palace employes and military officials, while in the third were some twenty or more journalists without official standing. The Pope passed through the first and second rooms and gave his benediction, but in the third room he stopped and gave a discourse in favor of the newspapers and his desire for unity of thought. Then followed individual benedictions, and several of those present were allowed to kiss his ring. It afterward transpired that the Grandees' request had come to the knowledge of the Pope, and apparently he had decided to snub the Grandees by making them crowd at the door while he discoursed with the reporters.

### REQUIRES MORE GRAIN

In a series of studies made by the United States department of Agriculture, it has been ascertained that it takes about six pounds of hay to produce one pound of lamb (live weight), and ten pounds each of hay and corn to make one pound of beef. About five and a half pounds of corn will produce a pound of live pork.

### THE GLENDALE

Seven reels of sheer joy are promised patrons of the one show tonight at the Glendale theatre, for in addition to A. S. M. Hutchinson's great play, "This Freedom," there will be a preview of the latest comedy done by America's comedy king. Of course, everyone in Glendale knows who that is—he always previews his pictures at the Glendale theatre, without his name being given, bashful boy, Manager W. A. Howe urges that all who expect to see the show be present promptly at 7:30 tonight, as seats is bound to be a shortage of seats later. "America's Comedy King" is the watchword which wins the preview crowds—and if you don't know who it is, find out tonight. This is said to be his greatest picture and all of them are "great."

### Anatolian Marriage Ceremony Simplified

CONSTANTINOPLE, Feb. 19.—In order to encourage young people to marry and increase the diminishing Turkish race, marriage is to be made as simple and as inexpensive as possible for the inhabitants of Ak Shehir, Anatolia. Under the new laws music will be forbidden at marriages unless the musician obtains a permit one day in advance by the payment of one pound, while the musician is not entitled to accept more than five pounds for two days and nights' playing. Anything over and above this sum that he charges will be seized and restored, while the municipality will demand a fine from him. Only three vehicles may be sent to fetch the bride, while gambling is forbidden during the marriage celebrations. Other things forbidden include the giving of gratuities, the adorning of the bride with gold coins, the decoration of the wedding carriages, the giving of any presents by relations of the two parties, and the bringing of the bride more than one set of furniture by the bridegroom.

### Will Church Nursery Shatter Old Alibis?

MORGANTOWN, Pa., Feb. 19.—Small children at home no longer will be accepted by the elders of the Amish-Mennonite church here as an excuse for non-attendance of mothers at worship. A complete modern nursery has been installed in the new church building, and a nurse will be in charge during Sunday services.

The Turkish empire was founded in Asia Minor by the Tartars in 1299.

### THE GATEWAY

"Black Oxen," the story of a woman's rejuvenation, shows at the Gateway theatre for the last times today, with a cast including Corinne Griffith, Conway Tearle and Claire MacDowell. The picture was directed by Frank Lloyd and is released through First National. "Black Oxen" was written by Gertrude Atherton and ran in the Saturday Evening Post as a serial, later to become a best seller. It is the story of a woman who, passing the prime of life, regains youth and beauty and the power to love, finds indeed the mystical fountain of youth. The picture at the Gateway theatre on Wednesday will be "The Huntress," featuring Colleen Moore, the management announces, and starting Thursday and continuing Friday and Saturday, Rex Beach's "Big Brother" will be shown.

## SNOW SPORTS TO LURE MOTORISTS

Winter Carnival in Mountain Resort Playground to Rival Europe

St. Moritz of Switzerland! Lake Placid of New York! Who has not heard of these famous winter resorts, yet how many motorists of Southern California know that right at their very door lies a valley that offers the same attractions during the winter as do these famous winter playgrounds?

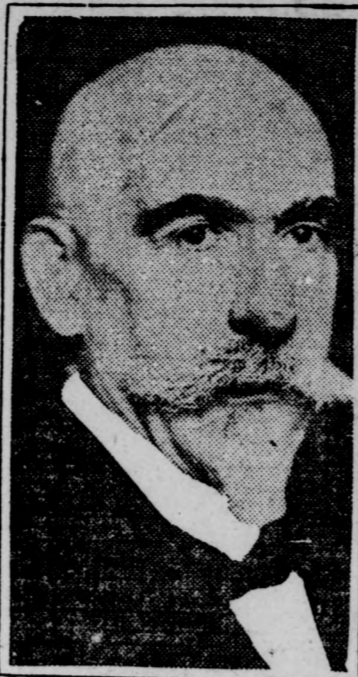

The Big Bear valley people are making preparations to stage a snow carnival that will last from February 21 to February 24, inclusive. They hope to prove to the skeptical motorists that the famed valley not only offers summer recreation, but winter sports as well. Baldwin Lake is to be the center of attraction. The Chamber of Commerce in that vicinity has built a tent city large enough to accommodate one thousand persons that will go there to enjoy the sports during the carnival week. A few miles from Baldwin Lake lies Stillwell's camp on the Big Bear lake, where cabins and good foodstuffs may be obtained at summer rates. If you have never revelled in winter sports or if you are a "back easterner" and wish to renew old-time memories, this carnival week offers a wonderful opportunity. There will be many types of sport—skiing, snowshoe races, hockey events, curling on the ice, tobogganing, dog sled races, hockey on the ice—the list is long and varied, but you may be sure that there will be events where all may participate, both amateur and professional. Although arrangements have been made for skate rental, it is advisable to take your own skates if you are fortunate enough to possess a pair; if not, you can obtain a pair at one of the excellent local sporting goods houses at small cost. Tobogganing offers thrills galore, shove off down the course at a terrific speed, holding your breath as you bank the curves, then at last shooting out upon the flats. Higher up in the hills lies a prairie of snow, unbroken save for the tracks of some fellow who has ventured there on skis. Here you can revel in a regular "back east" old-fashioned winter.

How to Get There Now about the roads—go by the way of Victorville. True, the going is not as good in the winter as during the summer months, and if you are going to attend the snow carnival, it will be necessary that you have your car equipped with certain accessories that are necessary for both your safety and comfort. Perhaps it is your fortune to possess a closed car; if so, comfort may be obtained despite the rigid weather conditions. If it is your lot to own a touring car, practically the same comfort may be had by adding certain fittings that will give near-closed car comforts. First among these accessories comes the tonneau windshield which protects the occupants of the back seat from the icy wind, and windshield wings in front turn aside the cold wind and give comfort to the driver. There are a number of car heaters on the market today that are invaluable to winter driving. The type that has met with instant approval among the greater majority of motorists is the type that fetches the manifold and makes use of the waste heat by transporting it by a pipe through the floor boards and keeps the driver's feet warm. They are easily attached and can be removed during the summer months.

Roads Are Slippery The above mentioned accessories, together with plenty of heavy robes and gloves, will give every comfort needed. Chains are necessary to driving safely for the roads are a bit slippery early in the morning and in the late afternoon, and it is advisable to take two pair if you are contemplating a trip into the snowlands. A windshield wiper, too, has proven valuable and will aid in keeping the fog and snow from blinding your vision. If you intend to make the trip at night you will need a pair of spot lights. These will give safety to night driving and will enable you to pick out the dangerous curves and holes in the road. Now, as a last word of warning, do not forget to drain your radiator at night when you are once in the hills, as the zero temperature will freeze your radiator. A true lover of motoring and a devotee of the mountains does not limit his outdoor action to the milder seasons of the year, and from observations at the local branch of the Western Auto Supply company many motorists are making preparations to attend the snow festivities during the carnival days in Big Bear valley.

Commission Working on Refund of Debts WASHINGTON, Feb. 19.—"The American debt funding commission is taking all practicable steps to bring about a funding of the entire indebtedness to the United States," the commission announced Monday, following a brief executive session. It was stated that certain debtor nations, including Czechoslovakia, Estonia, Poland and Jugoslavia, have commissions either in this country or are expected here shortly for the purpose of taking up questions relating to their indebtedness. Many famous people design their own greeting cards.

## Hun Submarine Sought by Three European Nations

Prof. Oswald Flamm

PARIS, Feb. 19.—Three governments, Great Britain, Italy and France, are now angling for possession of the secrets of the new super-submarine cruiser developed by Prof. Oswald Flamm, German submarine specialist. His own government is barred from making use of his revolutionary invention.

Prof. Flamm, it is declared, has succeeded in solving the problem of stabilization, the chief obstacle to size and great cruising radius, by shape and construction, not by ballast.

In shape the submarine resembles in cross section the conventional heart, point upward. The keel is built along the groove that thus runs along the bottom of the vessel, the sides of which bulge out on either side of the keel line. The body of the craft is rounded up to the point where the bulges reach their lowest point. From here to the keel the line is straight, so that the groove of the heart is an inverted V.

Prof. Flamm planned the bigger submarines Germany built toward the end of the war, but he had a long fight with Admiral von Tirpitz, commander of the fleet before they were adopted. Without Flamm's invention the submarines would have been unable to make their long raids.

Stabilization is obtained by the form of the body and pressure on the submarine. The first submarine he built on the new theory by which he discarded ballast and other forms of stabilization was in 1920 and was a vessel of 1,443 tons. The biggest German submarine during the war and the biggest anywhere during the war displaced 1,100 tons.

He has been working ten years on submarine construction, and as a result of studies lasting three years he succeeded in constructing a model of a new type which shall be 52 feet long, 49 feet wide and 32 feet deep, a submarine of 7,067 tons.

The French in their new naval program have only 3,000-ton submarines. The new type makes possible long raids—20,000 miles or more if a speed of thirteen knots is maintained. Twenty-three knots is top speed.

## SANITARIUM WILL INCREASE STAFFS

Medical Force Will Include Specialists In Every Modern Treatment

(Continued From Page 1) devote their energies to such lines.

A large corps of mechanics are now bending every energy to complete the medical building, and have everything in tip-top shape by the opening day.

The treatment rooms for both men and women have reached that stage towards their completion that it will be but a comparatively few more days until the intricate equipment necessary for an up-to-date treatment room will be installed. The terrazzo floors that are being laid in the center of these rooms, because of the vast amount of water that will be used in the course of each day, are being finished, and also the cell-like structure in each of which will be a table with a bed. Hereon patients will lie while receiving their treatments. Something like fifty patients can be treated simultaneously in each of these treatment rooms.

Besides the new equipment that will be installed some of the equipment in the old institution will also be installed. Some of this will include the Krommayer quartz water-cooled lamps, the Alpine sun lamps, and the Burdick deep therapy lamps, which models have been in use in the sanitarium for the past five years. The operating room will have natural light, a large window being placed almost the full length and width of the room. New wheel chairs have been ordered, and the beds in the surgical rooms will be of the most improved type.

Furniture Has Arrived All day yesterday men were engaged in laying carpets in the rooms on the second and third floors. The heating plant has been in constant operation for several days past in order to dry out the walls and floors of the rooms on these floors. The paint on the walls fairly shines. The carpets are of heavy Wilton velvet and those that have thus

far been laid add a richness to the rooms that is quite noticeable. The mahogany and walnut furniture also lends dignity to the appearance. There are four car loads of furniture stored in the institution waiting to be placed in the different rooms. The runners of velvet carpet in the corridors will be six feet wide, and extend the full length of the building. They will fit tight against the base boards. The carpet layers expect to finish on an average of 29 rooms a day.

The force of mechanics has been increased to 100 men in order to get the building ready for the opening on March 23. Mr. Kimlin announced this morning that the contract for the outside stucco work has been let to C. C. McClintock of Glendale, who will begin immediately to erect scaffolding for the outside finish to the buildings. When this is

done, the building will have an entirely different exterior appearance from what it now has. All the brick will be entirely covered.

Window washing has begun on the third floor, and when this work is further advanced the women, who have been engaged for some time past making draperies, will hand them with their feminine idealism. All these women are members of the Glendale and Eagle Rock Adventist churches, and are displaying more than ordinary interest in the tasks that are before them. They are just as much interested in the success of the institution as are the managers, and want to see the name and fame of the institution spread throughout the country.

Mrs. W. K. Kellogg, the wife of the corn flake king, and Dr. Margaret Bonta, of Los Angeles, were interested visitors to the

sanitarium. They expressed themselves as highly pleased with the institution, and were exceedingly pleased with the modern equipment that has already been installed in the sectional treatment rooms, which is all ready for use. They also expressed admiration for the general treatment rooms.

Another visitor was E. G. Fulton, general manager of the Loma Linda Sanitarium and College of Medical Evangelists. Mr. Fulton has been connected with sanitariums on both coasts of America for a great many years, and said the Glendale Sanitarium was the acme of success as far as modern equipment was concerned.

Magnus Johnson hails from Meeker county, but it is only fair to state that the county is meeker than Magnus.—Chicago Herald-Examiner.

### Memorial for Negro Football Casualty

AMES, Iowa, Feb. 19.—The Double A, an organization made up of athletes, at the State College of Agriculture here has started a movement to erect a bronze memorial in the college gymnasium in honor of Jack Trice, a negro football player, who died from injuries received in the game last year with Minnesota. Students and faculty members subscribed a total of \$2,250 to pay funeral expenses for Trice and to lift the mortgage off the home of his mother, Mrs. Anna Trice, of Ravenna, Ohio.

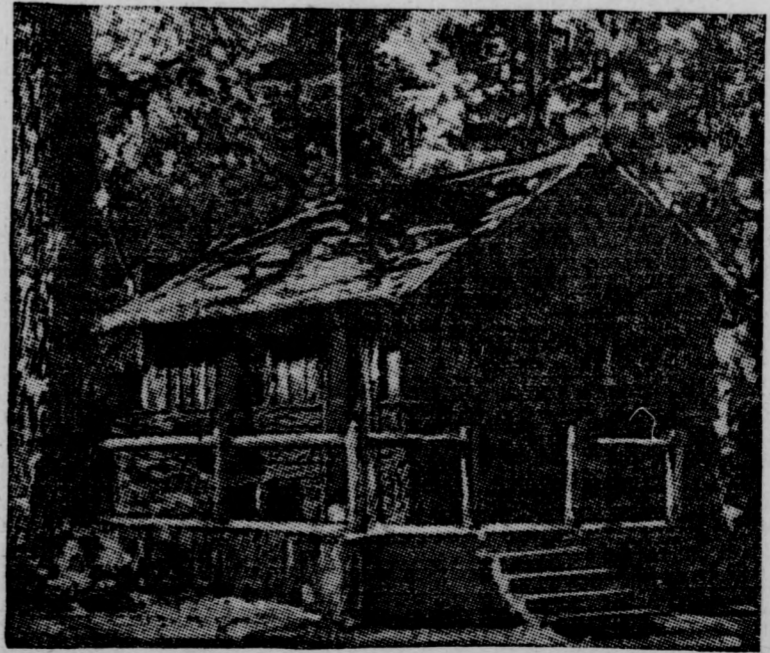

Sugar made from corn cobs costs about \$120 a pound.

Attorney General To Stay In Office Unless Coolidge Asks For His Resignation

(Continued From Page 1)
The cabinet assembled as usual shortly after 10:30 a. m. Secretary of the Navy Donby attended. He appeared in excellent spirits and apparently felt relieved that the strain was over. Attorney-General Daugherty was an early arrival. He joked with reporters and smilingly refused to say anything about his resignation.

Stock Market Activities Under Committee's Inquiry
WASHINGTON, Feb. 19.—A new batch of thrills and sensations was promised today as the Senate public lands committee continues its investigation of the "great oil scandal."

Abandoning the recess, the committee met behind closed doors to cross-examine several prominent New York stock brokers and financiers for additional light upon the federal officers of high finance the information anticipated.

Claims Good Faith
"I challenge investigation before any unpurged tribunal. My actions to safeguard the interest of the government and the navy were undertaken openly and in good faith and were based upon the best obtainable information. It has not been proven, nor do I believe that it can be proven, my actions to safeguard both to the government and the navy. The Senate has known of the leases for nearly two years and yet has done nothing to stop them until the passage of the Walsh resolution.

Millionaire Called
Among those under subpoena to appear at the executive session today were Harry Payne Whitney, millionaire tycoon and business associate of Sinclair; Elmer E. Snathers, J. Philip Benard and Harry B. Benard, New York brokers, and the office manager and order clerk of J. P. Benard company, New York.

Edward McLean, wealthy Washington and Cincinnati newspaper publisher, who is under subpoena, issued blanket denial of reports that his attorney, Wilton T. Lambert, gave the committee information of a starting nature. In spite of this denial, members of the committee admitted they had been in consultation with Lambert over the weekend and declared that following these conferences, information involving a cabinet officer in oil stock transactions had been received.

Some of this information, it was said, however, came from a special investigator in New York, who for more than two months has been examining books of Wall Street firms. This investigator presented a written report to Senators Walsh and Wheeler, Democrats of Montana. A copy of the report is in the hands of President Coolidge. It was said to contain damaging evidence against a cabinet officer and was used as a wedge in urging the president to relieve that official of his portfolio.

Action Is Ordered
Amid the sensational developments concerning stock transactions by high governmental officials and reports regarding other imminent changes in the official family of the president, it was announced today that the White House had ordered that the government's suit go forward immediately to obtain return of the naval oil reserves.

The special counsel, Owen J. Roberts, and Atlee Pomerene, have been in almost constant consultation since Roberts' confirmation by the Senate and have virtually decided upon procedure to be followed in the impending court battle.

Two immediate problems faced the counsel—jurisdiction and procedure. Four jurisdictions are possible in filing the initial suits—Delaware, where the Sinclair and Doherty companies that leased the reserves are incorporated; Washington, where the leases were signed, and California and Wyoming, where the reserves are located.

May File in California
It is the desire of President Coolidge that as much of the court action as possible be filed in Washington where the headquarters of the counsel have been already established, but in order to facilitate proceedings, the first papers may be filed in California and Wyoming. If injunctions are sought and obtained in those states, United States marshals would be sent to the reserves to prevent, by force, if necessary, any further extraction of oil.

The totally different procedures, both almost equally effective, are available to the counsel in moving to halt further drilling operations, injunction suits and motions to appoint federal receivers for the Doherty and Sinclair companies.

An injunction would be speediest but the counsel pointed out today that this might result in deterioration of equipment and reserves during the necessarily long legal battle in the courts.

Could Be Continued
Under a receivership operation could be continued in the oil field and all money and oils held in bond by the receiver dur-

LOCAL STATISTICS

### Rev. Goodsell Celebrates Birthday Anniversary At Glendale Home

Rev. H. C. Goodsell, who has been a resident of Glendale for a number of years, celebrated his eighty-fifth birthday anniversary on Thursday last week at his home, 125 West Palmer street. Rev. and Mrs. S. Goodsell of Los Angeles were luncheon guests and Mr. Goodsell enjoyed a visit later from his son, Prof. Joy Goodsell. On Sunday Rev. Goodsell, who has been confined by illness to the house for several weeks, was able to be taken to the Central Avenue Methodist church, of which he is a much-loved member, in a wheeled chair and was presented with a beautiful bouquet of flowers by D. C. Bear, superintendent of the Sunday school, and received the congratulations and greetings from his many friends in this church.

## Mellon Raps Miller on Bonus Statements

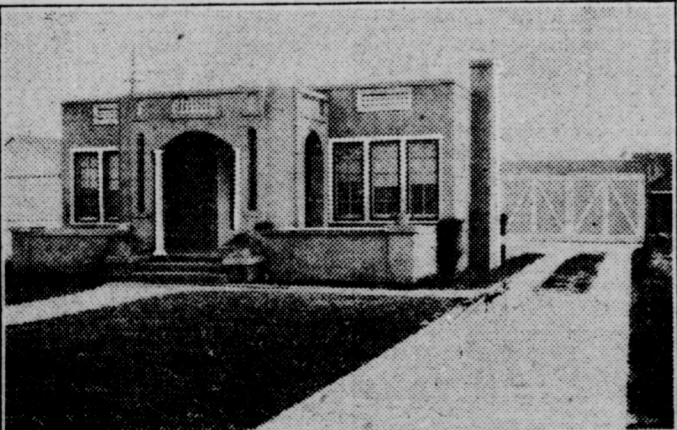

WASHINGTON, Feb. 19.—Secretary of the Treasury Mellon yesterday afternoon took Colonel Thomas W. Miller, alien property custodian, severely to task for Miller's statement that treasury officials had "juggled" figures to defeat the soldiers' bonus. In a warm letter to Colonel Miller, Mellon demanded immediate information as to the identity of the "high treasury official" mentioned by Miller, and invited Miller's attention to the Vanderlip episode of unverified speech-making.

## POLICE GET A MEAL

BELLAIRE, Ohio, Feb. 19.—Police are asked to aid in many things. Local police for the first time, however, were asked recently to "get a meal." A woman, employed as a cook in a restaurant, appeared at police headquarters and asked Sergeant Merl Kinsey to telephone her place of employment that she had overslept and to ask that other help put on the potatoes to boil.

A flat circular piece of perforated metal which can easily be held over cooking utensils also acts as a colander when draining vegetables.

## OUTLINE SCOUT TRAINING PLANS

### Commissioner Wyman Will Hold Quarterly Inspection Of All Troops

Major C. L. Wyman, commissioner of the Verdugo Hills Council, Boy Scouts of America, was the speaker last night at the Scoutmasters' round-table held at the First Congregational church. He outlined plans for the future work of the troops, announcing that he will hold an inspection once every quarter.

The Scoutmasters discussed the Scout uniform and recommended the following for all Glendale Scouts: Scout hat, coat, shirt, breeches, stockings and tan shoes. There is a large supply of these uniforms on hand in Glendale and all Scouts are urged to wear them.

The date for the Scoutmasters' banquet was set for Monday night, March 17, at the First Congregational church, when dinner will be served by the church women.

### Tells Institute Plans

Harvey R. Cheesman, Scout executive, told of plans for the coming training institute for prospective Scoutmasters. He stated that each troop is to be pledged to interest ten men in the institute. There are already a fine faculty lined up, including Scout executives from Pasadena and San Fernando, camp director of Pasadena; U. S. forest superintendent Mr. Charleton; Mr. Rollins, assistant chief engineer of the Los Angeles road department.

At the close of the meeting Mr. Cheesman led in two new games to be given to the troops, and later refreshments were served in the church parlors.

There were present: H. E. Leedom, Robert Taylor, Kenneth M. Payne, Ralph Haight, Henry Prussing, W. L. Walker, H. B. Lockwood, G. Newman, C. L. Wyman and H. R. Cheesman.

## URGE ROGERS TO SPEAK FOR BILL

### Sponsors of Bonus Meeting Seek Movie Comedian To Boost Measure

D. L. Todd, of the committee arranging for the American Legion mass meeting, to be held at the Harvard Street high school grounds next Saturday afternoon at 2 o'clock, said this morning that an effort was being made to get Will Rogers, movie comedian, to appear on the program. Last week he spoke for the Los Angeles Legionnaires in Pershing Square.

The purpose of this meeting, said J. A. Wilson, commander of the local Legion post, "is to enlighten the people regarding the provisions of the adjusted compensation bill now pending before Congress. It is not a 'bonus' bill, as the opponents of the measure would have the public believe. The most any man can get in cash under its provisions would be a very small amount. It provides for assistance to the needy ex-service man, and it will be shown that it can be done without hurting the taxpayers."

State Commander James Collins of Long Beach stated that, if possible, he would be here to assist in the meeting. Several of the best speakers in the Legion in Los Angeles county will make short talks.

### Faulty Flue Causes South Street Blaze

A defective flue set fire to the roof of the residence of K. W. Ufford, 572 South street, at 11:30 o'clock this morning. The fire department in answer to the call was able to extinguish the blaze before extensive damage had been done.

### Affair Postponed

E. Ernest Tucker of Community Service announces that the affair for 21-year-olds that was being planned for February 22 has been indefinitely postponed. A complete register is to be made of the 21-year-olds in Glendale and then the date for the affair set.

## Scholarship Offered To So. Calif. Student

Applications for the \$500 scholarship offered by the Yale club of Southern California should be in the hands of the committee of award before April 1. It is announced by R. E. Seiler, chairman. The scholarship is offered to some high school boy of Southern California, to help defray his expenses at Yale during his freshman year, and is an outright gift. The scholarship also carries with it an opportunity to draw from the scholarship fund up to \$500 for each of the remaining years of the boy's university course. Mr. Seiler states. He may be addressed, for full particulars, at 515 North Kenmore avenue, Los Angeles.

## Missionary From India Will Speak Tonight

Miss Ruth Bergevin, who has worked for many years in the missionary fields of India, will be the speaker at the Glendale Presbyterian church at the pre-communion service which will begin at 7:30 o'clock. Miss Bergevin has spent many years in India doing missionary work, and on account of her wide experience has a great many interesting things to relate.

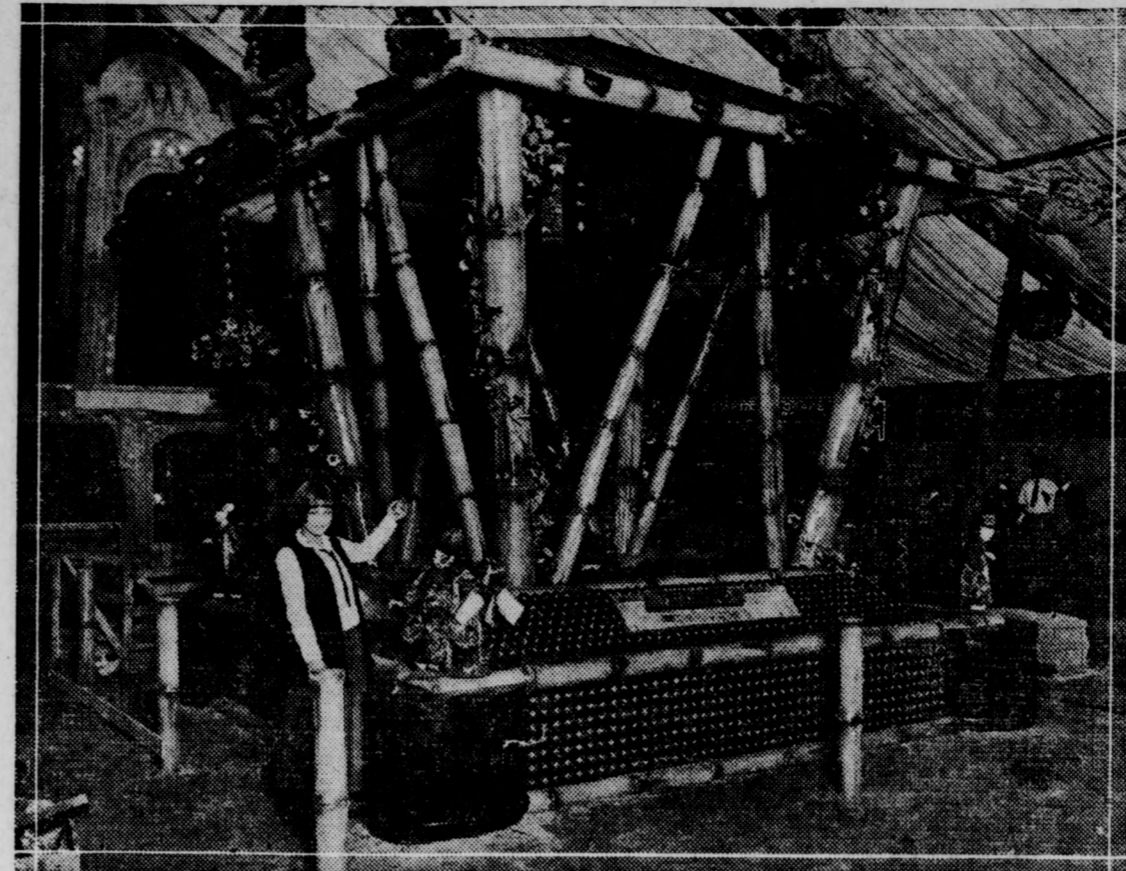

## C. C. Kuver Returns to Glendale to Reside

C. C. Kuver, who formerly owned the West Broadway Bakery, has returned to Glendale after spending a year and a half in Trinidad, Colo. He sold his bakery at 124 West Broadway and expected to return to Colorado permanently. The Southern California lure brought him back after eighteen months, and he will bring his family here in June and plans to stay.

## LIQUOR VENDERS WALK INTO TRAP

### Fake Road House Agrees to Buy Whiskey; \$5600 in Fines Collected

BAKERSFIELD, Feb. 19.—Izzy is a "wuzzer." Einstein's theory of capturing bootleggers is relatively insignificant when compared with that of District Attorney Henry Schmidt of Kern county. Today he feels there are no more illicit liquor dealers wholesaling their wares hereabouts. Tiring of seeing private stills raided, hip pocket flasks seized and drunks arrested while bootlegging continued, the district attorney bethought himself of a new and effective method for getting the "goods" on the higher ups.

His system might be labeled S. O. S., for he gets the Source Of Supply to Shut Off the Stuff. Over the week-end he collected \$5600 in fines—enough to pay his salary for a year, with the aid of Justice to the Peace Marion and a crew of selected officers.

### Open Up Roadhouse

The "goods" were delivered to a road house, which smiling Mr. Schmidt had an agent operate under the name of "The Green Lantern." An abandoned house near McKittrick, in the oil fields, was fitted as a cafe, and the management announced that hard drinks would be served—provided the bootleggers would provide them with the stuff.

Needless to say that through underground channels word was spread about and a grand opening staged last Friday night. The bootleggers all found the Green Lantern ready to order and deliveries were to be made on a half hour schedule at the rear door. The district attorney, among others, was present with guns and handcuffs to make the guests feel at home until all had gathered.

### Gather the Coin

Following are the names of those who fell into the net, the amount of liquor and the fines: Ray Potter and J. W. Crosbie, five barrels of whiskey, \$700 each; Nello Bellomini, H. Tullos, A. Bandettini and Pascal Banducci, kegs of wine, \$700 each; Al Thackeray, fifteen gallons whiskey, \$700; John Field and H. C. Burright, moonshine, \$400 each. Most of those convicted reside in Bakersfield. G. W. Blackwell of San Luis Obispo, and R. C. Bateman, a local man, will face federal charges, it is said. One of the Italians arrested flashed a roll of \$52,500 when called upon to pay his \$700 in night session of court.

## Postoffice Building To Start Soon, Claim

The new postoffice on East Broadway is to be started within the next few days, according to information received by F. Booth, 111 South Kenwood street, from Lewis A. Monroe, of Los Angeles, the owner and builder. It is stated by Mr. Booth that several property owners in the vicinity are contemplating building on East Broadway as soon as the postoffice building is started, and Mr. Booth predicts that this street will become the business center of Glendale in the near future, with the entire street build up solidly as far as the new High school.

## SOVIET IN CHINA

LONDON, Feb. 19.—A Central News dispatch from Hong Kong quoted newspapers as saying that Sun Yat Sen is planning to adopt a soviet form of government in Kwan-Tung province. The greater proportion of seeds produced annually are American grown.

## OFFICERS NAMED BY GIRL SCOUTS

### Troop One Picks Executives And Patrol Leaders At Election

Troop One, Glendale Girl Scouts, held a meeting last night at the home of Lucile Beach, 327 Riverdale drive. Frederica Browne presided as chairman and election of troop officers, which is held semi-annually took place. Voting was done by ballot, with the following results: Troop officers: Treasurer, Emily Torchia; recording secretary, Bertha Brown; corresponding secretary, Carolyn Ayars. Chairmen of standing committees are Amy Bainbridge, nominating committee, and Martha Fleming, floral committee.

Frederica Browne is leader and Bonnie Jean Lockwood is corporal of the Eagle Patrol; Lina Borthick, leader, and Frances Betz, corporal, of the Bluebird Patrol; Katherine Bender, leader, and Charlotte Cleveland, corporal, of the Woodthrush Patrol.

## UNDERGOES OPERATION

A major surgical operation was performed last night at the Glendale Sanitarium and Hospital on Harry Burkstaller of 320 West Park avenue.

## MAJOR OPERATION

R. F. Howlett of 361 Milford street underwent major surgery this morning at the Glendale Sanitarium and Hospital.

## More Than Score Hurt In Street Car Crash

CHICAGO, Feb. 19.—Twenty-five men and women en route to work were injured, some seriously, when two crowded street cars collided at an intersection on the West Side today. Slippery rails were blamed for the collision. The brakes on a heavy Chicago avenue car failed to hold and it crashed squarely into the side of an Ashland avenue car, stoving in its side and throwing it from the rails. Several passengers were trampled in the panicky rush to escape.

## ACCEPTS RESIGNATION

SACRAMENTO, Feb. 19.—Governor Richardson today announced he would accept the resignation of Mrs. Nellie Brewer Pierce, author of the famous "economy budget," as a member of the state Board of Control.

## TEN DIE IN FIGHT

SOFIA, Feb. 19.—Five anarchists and five policemen were killed in a fight today when a house in which a secret anarchist meeting was being held was attacked. Phidias was the leading sculptor of antiquity.

## CLUB GATHERS AT FOOTHILL HOME

Mrs. M. L. Parker Hostess to Organization; New Officers Elected

The beautiful foothill home of the M. L. Parker place, 1325 North Central avenue, was the scene of an elaborate affair on Friday, when Mrs. Parker presided as hostess over a 1 o'clock luncheon given in the celebration of the tenth anniversary of the Foothill Club.

Elaborate decorations carrying out the Valentine colors were used in the living and dining rooms. Baskets of red carnations and greenery were artistically arranged in the scheme of decoration. Luncheon was served at three tables beautifully decorated in the same tints, with low bowls of red carnations forming the centerpiece and tall red candles. Place cards consisting of red hearts and hand-painted cupid and greenery were artistically arranged in the scheme of decoration. Luncheon was served at three tables beautifully decorated in the same tints, with low bowls of red carnations forming the centerpiece and tall red candles.

A special feature of the luncheon was the serving of the large white birthday cake, attractively decorated with roses and bearing the inscription, "1914-1924," in red, by Mrs. C. H. Crawford.

**Tells Club History**  
 Before serving the birthday cake, Mrs. Julius Kranz, president of the club, gave in an interesting manner the history of the club, which was organized at her home, then located at 1317 North Brand boulevard, on February 12, 1914, with Mrs. Charles H. Toll as the first president.

A tribute was also paid at this time to the hostess, Mrs. Parker, who leaves in a very short time for her home in the East.

Later, Mrs. C. H. Crawford read the Harvard University prize play of 1923, which was greatly enjoyed.

**Officers Chosen**  
 During the afternoon the annual election of officers was held. The retiring officers, Mrs. Julius Kranz, president; Mrs. Elmer E. Dean, vice-president; and Mrs. C. H. Crawford, secretary, presided over the meeting, when the following officers were elected: Mrs. Nyda Dana, president; Mrs. W. D. Nelson, vice-president; and Mrs. C. H. Beggs, secretary.

The rest of the afternoon was devoted to music and a social time. The members present included Mesdames Julius Kranz, C. H. Crawford, E. B. Wyman, J. D. Tabor, Alfred F. Priest, Perce H. Curtis, W. B. Nelson, C. H. Beggs, Elmer E. Dana, J. W. Cotton, Mary J. Oliver, Dr. Margaret York and Miss Ellen L. Williams. Special guests of Mrs. Parker were Mrs. Wilbur Sadler of Illinois and Mrs. S. B. Smith of Eugene, Ore.

## CITY LOSES SUIT

WASHINGTON, Feb. 19.—The city of Seattle, Wash., purchaser of the street railway and lighting property of the Puget Sound Power & Light Company, lost in the supreme court of the United States today a suit to prevent collection of taxes on the railway and lighting property assessed against it by King County, in which Seattle is located.

## Franciscan Padres' Dignity Would Be Upset by Travel Over King's Highway Now

By GIL A. COWAN  
 Of The Evening News Staff.  
 Next time radioland has a picnic in the vicinity of Elizabeth lake like the one Sunday at San Francisco canyon there are going to be a lot of Glendale people stay away from San Fernando road. With the thousands of cars and their occupants headed for a free barbecue the king's highway becomes an endless chain which would shock the dignity of the Franciscan padres who tramped over the terrain first.

All of which is an admission the writer got into the line of cars, this being incidental to a trip to Burbank. Before one realized the hopelessness of turning back, Newhall tunnel—with five traffic officers on duty—had been passed, and out in the open the procession headed for the Mint canyon highway.

**Big Day for Restaurants**  
 Miles and miles reeled on, with a constant stream of automobiles in each direction. Palmdale was the first stopping place, and there the many who failed to get to the free food at Captain Edward A. Salisbury's ranch were lined up in the streets. It was the biggest day for Palmdale restaurants in many a moon—and the poorest Sunday dinner many people ever had eaten. Maybe the scenery, especially the sunset, and the fresh air was well worth their while.

Lancaster, farther away, yet still in the fertile Antelope valley, was our choice for evening dinner. An argument was to be settled. The Sunday before we had eaten an Imperial Valley turkey dinner at the Oregon hotel in El Centro for 75 cents. It was very good. Nevertheless, some people favor Antelope valley turkey. Lancaster Inn also serves a 75-cent dinner—and their turkey won.

**Only One Tough Turkey**  
 The waitress stated that only once had her husband, the cook, been unable to cook a local turkey so as to command compliment. Investigation revealed that this bird was the grandfather of the flock, and now that he is dead the turkey meat is tender and tasty, as well as cheap.

Having gone so far, with nothing to do but turn around and return over the beaten path, we continued into the desert to Mohave, a sleepy railroad town; yes, it has a good eating house, some bootleggers in the nearby hills, perhaps; and it is the end of the highway. Particularly is this true for Randburg people, who have to travel over a mighty rough road to their silver camp.

**Drive Over Tehachapi**  
 Was the road to Bakersfield good for night driving, we inquired, and the assurances were such that a start was made at once. Monolith is the first village in the trip over the Tehachapi. It is noted for its cement plant, built by the city of Los Angeles to manufacture monolithic cement for the aqueduct. All of which reminds one of seeing that "huge syphon snake over the desert with its life giving load for the metropolis of Los Angeles.

Another aqueduct, another Monolith, another river to be harnessed now that the Boulder Canyon dam project is being proved essential to the growth of

## LARGE ASSEMBLY AT HIGH SCHOOL

Important Ceremonies Take Place; Student Officers Direct Affairs

The most important assembly to date in the auditorium of the new Broadway High school, and the first one when all the students from the Harvard High school were likewise present, was held yesterday afternoon, with ex-President Ronald West of the Glendale Union High school student body presiding.

The assembly was given over to important ceremonies in connection with the new student body president, Howard Elliott, and his cabinet. Principal George U. Moyses spoke briefly, stressing the fact that the student body government is playing an important role in the school organization and one in which the faculty and parents may well take pride.

Mr. Moyses later presented the championship pennant to the heavyweight football team, who, captained by Ronald West, fought themselves to the leadership of the Central league, comprising Covina, Azusa, Monrovia, Alhambra, South Pasadena and Glendale. Gift From C. H. Toll

Presentation was made of the beautiful framed photograph of the "General Sherman" redwood, giant of the Sequoia National park. The picture is a gift from Charles H. Toll of Glendale.

Following the talk by Mr. Moyses, President Howard Elliott took charge of the student body and fifty Glendale "Gs" were awarded to the three football teams defending the Glendale Union High school on the gridiron during the past season.

Referee A. E. Bryan, in presenting the red and black G. U. H. S. banner, complimented the players on the clean type of sport exhibited and urged that this be at all times the paramount consideration.

Announcement was made of a "Faculty Frolic" at the Broadway High school the night of February 29. This will be a leap year occasion and promises to be gay.

## PURITY OF HEART IS SERMON TOPIC

Christ Wants Clean Church, Declares Evangelist In Sunday Talk

The evangelistic services held at the First Methodist church Sunday under the leadership of the Kerr brothers, were well attended and proved unusually inspiring and interesting. The morning sermon, delivered by Rev. McD. Kerr on "Heart Purity" taken from the text, 2 Corinthians, 7-1 "Having therefore these promises, dearly beloved, let us cleanse ourselves from all filthiness of the flesh and spirit."

"These promises," said the speaker, "referred to by the apostle Paul are made to all believers. Christ wants a clean church, a holy people and such a church alone glorify Him. He wants a peculiar people zealous of good works. Let us consider the conditions of this promise.

"One condition to receiving heart purity is earnestness. We need to be just as earnest as Christians as those seeking pleasure and material matters. Conversion of the new Testament type is a great change in man, the regeneration of the heart, but God has greater things in store for you. It is expressed in various terms, perfect love, heart purity, wholly sanctified or holiness. It all means the same, we need it to live by, we need it to die by, we must have it to recommend us to the just Judge of all. It is the teaching of the church of the medieval church, it is one of the cardinal doctrines of the Bible, it is a part of Christ's atonement, it alone can save us from all filthiness of the flesh, pride, self-will, envy and anger. When is it accomplished in us? Not in death, not an hour before death, but now. God has but one time and that is now. How is it accomplished? By the atoning blood of Christ, by the sanctifying work of the word, by resting on God's promises, by the gracious work of the Holy Spirit."

## MISSION WORKER REGAINS HEALTH

Sanitarium Guest Recovers from Shock Following Jap Earthquake

Miss H. A. Spencer, who for forty years was a missionary in Japan for the Methodist Episcopal church, is improving in a most encouraging manner from her illness at the Glendale Sanitarium. Miss Spencer came to the Sanitarium last October direct from Yokohama, where she passed through the great earthquake at that city and Tokio during September, and has been under the care of the Sanitarium physicians ever since. She is now on a furlough, and anticipates returning to the Land of Nippon soon after her recovery.

Another Methodist missionary who is a patient at the Sanitarium is Dr. Julius Soper, who was associated with Miss Spencer in Japan. Dr. Soper's wife and daughter are now residing in Glendale. He, too, is improving in his condition.

Mrs. C. J. Aggergaard, of Big Creek, near Fresno, has just arrived at the institution for a course of treatment. During her last stay at the Sanitarium, Mrs. Aggergaard, whose husband is the owner of a department store in their town, remained at the institution eight months. She planned to come at this time to be present at the opening of the new Sanitarium, but will probably not remain that long, since the opening date has been set ahead until March 23.

The dining hall of the institution was crowded with visitors Sunday, who came especially for the special Sunday dinner, which has become so popular among the residents of Glendale.

Among the prominent visitors to the new sanitarium recently have been Dr. Martin A. Mortensen, a member of the medical staff of the Battle Creek Sanitarium, and W. K. Kellogg, the health food king. That the Glendale Sanitarium is looked upon with favor by the Battle Creek medical men is evident from the word that has been received by the sanitarium management here to the effect that patients who do not care to spend the winter there on account of the severity of the weather will be encouraged to bask in the sunshine of southern California during the winter, and take their medical work at the Glendale institution. It was stated by Business Manager C. E. Kimlin that the Battle Creek promoters believe in the modernity of the equipment here, and hence will send those patients here, who prefer a warm winter.

## PARENTS TO ACT STUDENTS' ROLES

Novel Program Arranged for P.-T.A. Meet Tomorrow at Broadway School

Instead of meeting in the afternoon, the regular monthly session of the Glendale Union High School Parent-Teachers Association will be at night Wednesday, February 20, at the Broadway High school.

The novel program arranged for this event, when the parents will be asked to take their children's places in a regular schedule of work, under members of the faculty, who will be present, promises to be a big success.

Each parent will be given a copy of their child's program and they will be expected to attend classes just as if they were high school students. Classes will be limited to ten minutes, with five minutes intermission, so that the whole day's schedule may be gone through in one evening.

There will be a short business meeting in the auditorium prior to the calling of "school," and following the classes there will be entertainment. A large attendance is looked for, states Mrs. C. H. Whitney, president of the G. U. H. S. association.

The dynasty of Han in China, founded 206 B. C., formed one of the most brilliant periods in the history of China.

## English Air Expert Pays Tribute to America for Development of Aviation

EDITOR'S NOTE—The progress achieved in the field of aeronautics and the lines that should be followed in future development are problems in which governments and flying men the world over are interested. In this article and others that follow are set forth the views of Major-General Sir Frederick H. Sykes, chief of the British Air Staff during the war and after the war comptroller-general of civil aviation in Great Britain. Although his remarks deal chiefly with the problems of the British air industry, they portray on broad lines the problems peculiar to aviation in all countries.—International News Service.

By LUTHER A. HUSTON  
 International News Service Staff Correspondent  
 LONDON, Feb. 19.—America leads the world in aeronautical research and experiment while France has taken the lead in the field of operation. Great Britain, which held the lead at the end of the war, has failed to maintain the development work essential to leadership.

This frank statement of England's aeronautical position, by comparison with that of her chief allies during the war, was made by Major General Sir Frederick H. Sykes, one of the leading British authorities on aviation questions. General Sykes has been identified with aviation in England almost since its inception. He was one of the organizers of the British naval air corps and the Royal air force; commanded British flying units in France and on the Dardanelles front during the war, was chief of the British air staff, Britain's air representative on the supreme council and, after the war, comptroller general of civil aviation. At present he is a member of the British parliament. Discussing the importance of aviation both in times of war and in civil affairs, General Sykes said: "The air as we know it, has been evolved in the short space of fifteen years. Under right guidance it holds the developments of the future. As an instrument of war it will enforce operations in three dimensions.

**Urge Observance of Garbage Collection**

Despite the fact that publicity has been given to the change in the garbage collection schedule, which was effective today, City Manager V. B. Stone reports this morning that hardly any garbage was set out yesterday on the new route.

Mr. Stone announced some time ago that, commencing Monday, February 18, collection of garbage would be made Mondays and Thursdays north of Kenneth road and west of Pacific, twice a week.

**Air Vastly Vital**  
 "Air power may destroy the civilized world, or at best render a country a menace to its neighbors. Air transport, as an agent of peace, can be a strong factor in the welding of civilization. As the fastest locomotion ever known, independent alike of sea and land frontiers, it is bound to have a far-spread beneficial effect.

"The civil and military, each with their independent roles, are yet indissolubly intertwined, and any apparent stressing of the military side is only because the war, its requirements and the fact that money was then of no consequence, played such a great part in bringing aeronautical progress to the position in which we know it.

"In European warfare it will be impossible, until air superiority has been gained, for fleets to move, armies to mobilize and operate or the organization of reserve resources of material and man power to make headway. Air power opens a new phase and sphere of war. Its radius, approaching 1000 miles and 150 miles per hour, will increase, and its action will be countered by nothing short of superiority in air. An uncountered offensive will compel the removal of seats of government and naval, military and air bases beyond the radius of action.

"Attack is the best defense, and the primary requirement in war is an independent, long-range air fleet supported by home defense units.

Deprecating England's slackness in the matter of attention to post-war air development, General Sykes paid tribute to the work America has done in the (Continued on page 6)

## MUST BRING BACK GOODS IN 5 DAYS

No Exchange or Credit on Merchandise Kept Over That Period

Members of the Glendale Merchants Association, meeting in their regular weekly luncheon at the Egyptian Village yesterday, adopted a rule that merchandise taken from their stores, either on cash or charge purchases, would not be taken back in exchange for new merchandise, nor would credit be allowed on it, unless it was returned within five days in the same condition as when it left the store and with the sales slip attached.

Two check artists who are working cities of the southland were described to the members, who were warned to be on the alert for them.

Secretary Frank H. Pilling submitted a report of a decision handed down by Superior Court Judge Valentine to the effect that where land is registered under the Torrens Title Act, mechanics' lien should be recorded in the recorder's office and in the office of the Registrar of Deeds.

President C. J. Hatz appointed a house committee, to be headed by H. S. Webb, and a committee to decide what days in the year the members of the association shall close their places of business. The latter committee is composed of R. D. Greene, chairman, Harry A. Kent, and E. E. Gordon.

The usual routine business took up a good part of the time of the meeting.

## STATE OIL PRODUCTION

SAN FRANCISCO, Feb. 19.—The total production of crude oil for California for January, 1924, was 20,912,500 barrels, the American Petroleum Institute announced here today. The total stocks at the end of the month were 94,254,333 barrels, showing an increase in stocks of 2,329,680 barrels.

## INVESTMENT

INVESTMENT puts money to work for you. It earns as you earn; draws interest or dividends for its service, just as you draw your salary. It does this in good weather or bad; night and day; and with no interruption from sickness. It is a fine thing to have capital working for you through investment. You have always wanted to clip coupons—now is the time to begin.

Of course, you cannot make investments without capital; but you may make a very small sum of money earn. One dollar, deposited in our Savings Department, will start drawing interest immediately.

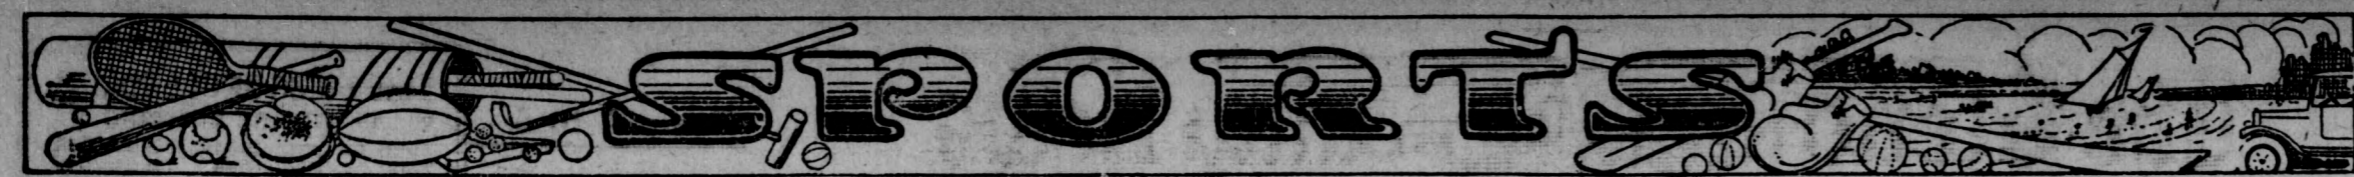

A dollar may seem too small for anything except a beginning; but it may prove the modest cornerstone for a prosperous, happy life. Save that dollar and as many more as you can add to it, for it means getting the things you want. Get ready for investment.

### GRIDIRON SQUAD RECEIVES LETTERS

#### High School Players Get Official Recognition for Season's Work

Twenty members of Glendale's champion heavyweight football team of 1923; sixteen members of the Class B team in the 120 pound division; and sixteen members of the Class C team, or "heavyweight," were presented with their football letters yesterday afternoon before 2200 students of the Glendale Union high school during the first student body assembly ever held in the new Broadway school building.

As each one of the fifty-two boys who assisted in upholding the honor of the Red and Black was called to the platform, the auditorium fairly rocked with applause, and it was easily the greatest student demonstration ever witnessed in Glendale. Interest naturally centered on the members of the first team, who fought their way to the Central League championship, disposing of San Bernardino and Santa Monica, only to lose to Long Beach in that wonderful game, when after the first six minutes of play the lighter Glendale team practically swept the heavy Jack-rabbits off their feet, but falling by a small margin to earn the right to meet Bakersfield in the finals for the championship of southern California.

#### Coaches Make Talks

The presentation speeches in each case were made by the coaches directly in charge of the teams—Normal Hayhurst of the heavyweights, Howard L. Butterfield of the Class B team and Eugene Wolfe of the Class C team. In addition to their letters, the members of the first team were each presented with a little gold football for the first time in the history of the Glendale institution, owing, as Coach Hayhurst said, to the unprecedented financial success of the past football season, due in no small measure to their efforts.

#### After a short introductory speech in which Coach Hayhurst emphasized the fact that the clean living necessary during the training season for success on the gridiron was just as necessary to equip the boys in their battle of life, he called Captain Ronald West to the platform, for the presentation of letter and gold football.

"Ronnie" was followed by Howard Elliott, or "Brosky," as he is known to the student body, and Masuru Hori, the 125 pound Japanese boy whose playing was declared by all to be the best exhibition of offensive and defensive work at end ever shown by a California high school boy, and whose work, together with Howard Elliott, made them the unanimous choice for their own positions on the mythical all-California eleven.

They were followed by Cyril Walton, Angelo Brucker, Jack Offutt, Irvin Carver, Donald Dietrich, Arden Gingery and Erick Bradner, all of them seniors, who will be lost to the school through graduation in June.

Ten members of this year's team will not be back for football next fall. Clayton Phillips, Lewis Dotson, Marlon Morrison, Cecil Zaun, Darrell Elliott, Captain-elect Richard Ryan, Leslie LeVelle, Harry Fish, Carl Denney and Charles Lundie, all members of last year's team who will be back in the fall to form the nucleus of the 1924 squad, were then called to the platform.

Several members of the team made short speeches thanking Coach Hayhurst and the student body for the support given the team this past season.

While no gold footballs were given the other two teams, letters of the same pattern as the first team received, only smaller, were given those entitled to them.

The following members of the Class B team were rewarded for their season's work: Captain E. Muff, Lyle McAllister, Roland Reed, Raymond Green, J. Heide-man, W. Jonkey, J. Lovell, D. Le Franchi, J. Sturges, F. Lee, Archie Neal, C. Thompson, F. Thompson, C. Worley, R. Shurlander, F. Krug. Of this squad McAllister, C. Thompson and F. Krug graduate this June.

The following members of the Class C team: C. Harris, J. Edwards, W. Hunsinger, L. Grindell, S. Stewart, L. Patten, R. Stone, J. Grayson, H. Begg, A. Breniman, C. Gressey, S. Miller, C. Lowe, D. Ward, F. Wight and M. Aspl. None of these boys graduate this year.

Prospects are exceedingly bright for another championship team in 1924, yet all realize what a job it is going to be to replace the gaps left by the graduation of the ten seniors. Coach Hayhurst, however, is optimistic over the chances of a repetition of last year's victory.

### Paddock Slated for Early Reinstatement

NEW YORK, Feb. 19.—Fred-erick W. Rubien, secretary of the A. A. U., declared yesterday that he had every reason to believe that Charles Paddock, star sprinter, would be reinstated within a short time.

"Paddock is preparing a statement for us and we will take action as soon as it is received," Rubien declared. "His case will be decided by a mail vote."

## The Sport Crucible

By Davis J. Walsh  
International News Service Sports Editor

### KANE SPEAKS HIS PIECE

Moved by the wholly laudable purpose of cashing in on one of those New York "gates," Eddie Kane, manager of Tom Gibbons, in attempting to talk Dempsey and Kearns into some action on the project, Kane signed some time ago for a Dempsey-Gibbons bout under Rickard's auspices, but to date Kearns has ignored the entire business, except to speak some rather unflattering lines about Gibbons in a quoted interview.

Kane's rejoinder to same is to invite Kearns to say it with fountain pens.

"It is not my intention to open a bad-singing contest, as personally I have the highest regard for Dempsey," Kane says in a letter to the writer. "But I do and will believe, until convinced otherwise, that Gibbons is the better fighter. He wants to prove it in the ring, not in the newspaper."

### BEDTIME STORY:

Once upon a time there was a manager who did not take a part of his fighter's earnings. He took all of them.

### BARNEY BUYS ANOTHER

Barney Dreyfuss, an individual who holds the dollar in some esteem, has been singularly successful with his purchases of high-priced minor leaguers, Marty O'Toole being a notable example. It, therefore, will be interesting to watch the development, if any, of one Emil Yde (pronounced "E-dee") for whom Barney dug deep and diligently.

Yde pitched in forty-seven ball games for Oklahoma City last season, winning 28 and losing 12. He also hit for the fetching average of .392 in ninety games. The

young man won nine games in succession, losing the tenth by one run, the result of an error behind him.

And yet Yde, former undergraduate at Wisconsin and Illinois, has been in professional baseball only since July, 1922.

Everyone will be watching Yde this season, including Barney Dreyfuss.

The park benches were empty today. Someone advertised a Rolls Royce for sale.

The American Olympic Committee has reached an impasse on the case of Charley Brookins, of Iowa, the greatest low hurdler that ever lived. Brookins could pitch daisies and win a 200-metre Olympic hurdle race, provided there was a 200-metre Olympic hurdle race. There isn't. Unfortunately Brookins is not keen about stepping on to the 400-metre distance, but may have to it if he wishes to go to Paris.

### EXCUSE OUR SPLASH

Speaking of the Olympic games, it may be said that any idea that the United States might be troubled in the swimming events was dissipated by the six-day performance of American women in breaking twenty records at Miami, Fla. Seventeen of these marks represented world records.

No less than twelve fell to the credit of Sybil Bauer in the backstroke and Agnes Geraghty in the breast stroke, the distances ranging from 50 to 440 yards. Three more were hung up by Gertrude Ederle, the free-style wonder, at 75 yards, 150 yards and 250 yards.

If this trio doesn't clean up in Paris in their specialties, it will probably do the receiving.

A. E. Bryan, local sporting goods man and well known Pacific coast referee, has been chosen as coach and trainer. Besides playing himself, he has had a wide experience in all branches of athletics, and is an ideal man for the position. Staigg, candidate for one of the field berths, is Southern swimming champion, and an amateur boxer of note.

### More Talent Available

In addition to playing Legion teams, the local crew expect to take on southern California independent teams, and hope to provide Glendale fans with a high quality of ball.

There are four or five more good players on the rolls of the local post, and although they have not as yet turned out for practice, it is expected that they will be in uniform when actual play starts.

The question of a manager has not been decided, but it is probable that W. H. Reeves will be forced to accept the position, although he recently declined it.

## ATHLETES READY FOR TRACK MEET

### A. A. U. Relay Carnival Will Bring Out Stars of Many Colleges

The attention of the sport fan is now centering around the A. A. U. relay carnival to be held at the Los Angeles Coliseum next Saturday afternoon, February 23, under the auspices of the University of Southern California. Everything is in readiness for the greatest carnival in the history of the cinder path. With the new and fast stadium track completed, and the weather ideal for running, it appears more than possible that some records will be hung up.

The interest in this meet is keen and a score or more institutions have sent in their entries. It will be a thriller from start to finish. The competition is strong and there will be plenty of excitement for all. The field of athletes includes many who will undoubtedly take part in the A. A. U. Olympic games tryouts in June, and a large crowd is expected to turn out to see how the fellows stack up at the start of the season.

### U. S. C. Is Dangerous

U. S. C. seems to have the edge on the others as she is allowed to combine varsity and frosh teams, and the Trojans have a whole mess of peagreen sprinters. The 100-yard dash, open, will see such star sprinters as Cliff Argue, Phil Buckman, Keith Lloyd, Yale Martz, Bert Starry, Dick Darling, Lowell Arnold, Doug Smith and a host of other speed demons.

Pomona looks favorable to cop the four-man four-mile relay, although Occidental has several good long distance men. The high-hurdle races will feature Otto Anderson, Bob Maxwell and Morton Kaer. In the high-jump event are Steve Turner, Cliff Argue, Frank Bradshaw, Bayard Eyer, Henry Coggeshall and Melvin Ofstead. The broad jump finds Squint Fulton, Homer Frisbee, Earl Wilson, Otto Anderson and Morton Kaer, who are all able to go over twenty-two feet. The pole vault will have such men as Roy Goodenough, George Fontaine, Keith Carcander, Roland Clark and Charles Bickmore.

### Many Are Entered in Penn Relay Meeting

PHILADELPHIA, Feb. 19.—Judging by the number of schools entered so far, this year's Penn Relay Carnival on Franklin Field promises to break all records for number of entries and the highest standard of performance.

The annual carnival of long-legged athletes will be held Friday and Saturday, April 25 and 26, and to date over sixty colleges have affirmatively answered invitations. These include many of the big colleges of the east, such as Cornell, Syracuse, Pittsburgh, Princeton, Penn State, Columbia, Massachusetts Institute of Technology and Georgetown.

The committee in charge of the track and field fete is especially elated by the remarkable interest apparently harbored by middle-western colleges. From the mid-west section the entry list already contains Ohio State, Uni-

## BIG LLINI TRACK SEASON STARTING

### Relay Carnival and Various Other Meets to Afford Great Chances

URBANA, Ill., Feb. 19.—Coach Harry Gill's Illinois track team has started work in earnest in preparation for the greatest track season in the history of the school thus far. The annual Relay Carnival, the Drake Relays, the indoor and outdoor Western Conference meets, the National Intercollegiate, as well as the meet with the University of California during the Easter holidays, will give the Indians an opportunity to compete with the best men in the Middle West and Far West before the season closes.

Illinois has not for years boasted of such an array of stars as Gill will have to start this season, barring accidents. In the dashes are such men as Ayers, a ten-second man; Evans, with records of 9 4-5 in the 100 and 21 3-5 in the 220; Schock, Hughes, Yarnell and Kyle. Hughes is also being groomed for the 440, and Doug Fessenden, who can step the quarter under fifty seconds. Carter, Koonz and Smuts, all veterans, and Mann and Yates, two promising sophomores, are out.

Captain Pich Johnson and Kin-say are two of the best hurdlers in the conference, and Plato is a youngster who looks like a comer. Coach Gill believes Kinsey will run close to fifteen flat in the high sticks this year, and Johnson is about as speedy.

In the distance runs the Indians will have enough men to place relay teams in nearly all of the big Relay Carnival events. Hall, Linde, Topper, Makeever, Mieler, Meals and Marzulo are all capable of running the mile and two-mile. The coach probably will use Mieler and Marzulo in the two-mile, with Hall and Marvin the outstanding stars in the mile.

Other stars who are almost sure of firsts in many meets are Schil-daver, who is tossing the shot over forty-three feet. Brownell, national intercollegiate pole vault champion, with a record of thirty-two feet two inches, and Angier, national javelin champion.

The best performers in the jumps are Captain Johnson, Sweeney and Wallace in the broad jump, and Wright and Flint over the high bar. The broad jumpers are good for about twenty-two feet, which will not win a lot, and the high leapers are going around five feet eight or ten inches.

The Relay Carnival will be the first big test of Illinois and of all Western athletes for that matter. Gill is pointing his men toward this meet and later will work them into shape for the conference indoor meet and the California trip.

## Occidental Net Stars Trim Calteck Cracks

Occidental College opened the conference tennis season with a decisive victory over Calteck Saturday morning on the Tournament Park courts in Pasadena. The Tiger racquetmen won all but two matches. They lost the second doubles and fourth singles.

Palmer playing first man for Oxy, surprised the fans by defeating Parker of Calteck 6-3, 6-1 in two straight sets. Boice had difficulty in downing Perkins and finally won after both sets went to duce. The score for the third doubles was 9-7, 7-5. In the first doubles match Palmer and Finell had little trouble in disposing of Parker and Larson 6-3, 6-1. The Tiger victory was unexpected as the Engineers are cracked up to have a wonderful team, but they fell easy prey to the victors. Raymond, who was fourth man in the Oxy team, is ineligible and so Shubby Creighton filled in the vacant position.

The results are—Oxy 5—Calteck 2.

Palmer (O) defeated Parker (C. T.) 6-3, 6-1; Finell (O) defeated Larson (C. T.) 6-2, 6-0; Boice (O) defeated Perkins (C. T.) 9-7, 7-5; Jones (C. T.) defeated Creighton (O) 2-6, 6-2, 6-1; Palmer and Finell defeated Parker and Larson 6-3, 6-1; Perkins and Jones defeated Boice and Creighton 6-3, 2-6, 6-3.

## Nisle Bowlers Lose To Hammond Lumber

The Nisle Clothes shop lost two games to the Hammond Lumber company in last night's Foothill league match at the Recreation alley.

## LEGION POST TO FORM BALL TEAM

### Lots of Talent Available to Fill Every Position on Veterans' Nine

Glendale Post No. 127 of the American Legion intends to make a strong bid this year for the premier honors among the Legion baseball teams, and the interest displayed by the local Legionnaires bodes well for a successful season.

Some time ago the matter of a Legion baseball team was brought up by W. H. Reeves, an ardent fan, who stated at the time that, with the material on hand, Glendale ought to turn out a better team than El Segundo did last year, when the championship went to the coast city.

The first practice was held Sunday morning in the pastime park on San Fernando road, and some fifteen candidates turned out. In a team of this kind the chief difficulty always appears to be in locating a pitcher—but the local team is very fortunate in that direction. In Stone, formerly with the St. Louis Browns, they have one of the best flippers in the south-west. In addition to the big leaguer, Dungan, rated as one of the best semi-pro hurlers in the middle west, has been out throwing a few around to loosen up his arm. He has signified his intention to play with the Legion team.

### Acosta Turns Out

Frank Acosta, recognized everywhere as one of the best fielding third basemen in California, will play the hot corner. Doran, who played a consistent game with the White Sox in the Triple A team, will hold down second base. In addition there are Mapes, Hodges, White, Staigg, Leischner, Solano and Collage, all of whom have played ball in fast company. Collage will in all probability do the receiving.

A. E. Bryan, local sporting goods man and well known Pacific coast referee, has been chosen as coach and trainer. Besides playing himself, he has had a wide experience in all branches of athletics, and is an ideal man for the position. Staigg, candidate for one of the field berths, is Southern swimming champion, and an amateur boxer of note.

### More Talent Available

In addition to playing Legion teams, the local crew expect to take on southern California independent teams, and hope to provide Glendale fans with a high quality of ball.

There are four or five more good players on the rolls of the local post, and although they have not as yet turned out for practice, it is expected that they will be in uniform when actual play starts.

The question of a manager has not been decided, but it is probable that W. H. Reeves will be forced to accept the position, although he recently declined it.

### Western Giant CORDS for Safety!

When pavements are wet and slippery—when the danger of skidding is great—that is the time thousands of motorists enjoy the security of riding on the carefully designed Sure Non-Skid tread of Western Giant Cords.

## FIGHT RESULTS

### Syracuse Gets Busy on Sports of Spring

AT BROOKLYN—Cannon Ball Eddie Martin, Brooklyn, won the decision over Buck Josephs, New York, six rounds.

AT NEW YORK—Jeff Smith, Bayonne, decision over Jamaica Kid, New York, twelve rounds.

AT BUFFALO—Rocky Kansas, Buffalo, and Jack Bernstein, New York, a draw, ten rounds.

AT MILWAUKEE—Pinkey Mitchell, Milwaukee, given decision over Lew Tendler, Philadelphia, ten rounds; Johnny Mendelsohn, Milwaukee, won over Joe Tiplitz, Philadelphia, ten rounds; Danny Kramer, Philadelphia, defeated Joe Dawson, Milwaukee, ten rounds.

AT MEMPHIS—Pal Moore, Memphis, won from Johnny McCoy, Cleveland, eight rounds.

AT INDIANAPOLIS—Bud Taylor, Indianapolis, defeated Sammy Noble, New York, ten rounds.

AT HARRISBURG—Ray Mitchell, Philadelphia, outpointed Joe Marks, New York, ten rounds.

AT SCRANTON—Teddy Myers, Buffalo, scored technical knock-out over Lew Herman, Scranton, seven rounds.

AT DETROIT—Scheduled ten-round bout between Jack Taylor and Jack Leslie, stopped in eighth by referee because neither fighter was trying to fight; Battling Gallee trounced Clem Johnson, ten rounds.

AT LINCOLN—Morris Schalf-

## Syracuse Gets Busy on Sports of Spring

SYRACUSE, N. Y., Feb. 19.—With crew and baseball men reporting for indoor practice, and with John F. ("Chuck") Meehan, the Orange football tutor, presiding over a gridiron lecture course class, spring sports are holding the center of the stage at Syracuse University today.

Coach Jim Ten Eyck veteran rowing mentor, has issued his annual plea for a greater number of crew candidates, bawling the fact that but forty candidates had reported for the varsity and junior varsity crews. More candidates for the freshman crew are needed, also.

Coach Lew Carr was little more optimistic over his varsity baseball than was the rowing mentor. The Orange varsity baseball team is faced with a hard schedule, and Coach Carr realizes he will have to develop a first-class nine to hold its own.

fer, Omaha, awarded technical K. O. over Joe Herrick, Omaha; Battling Strayer, Omaha, defeated Muff Bronson, six rounds; Ray Carter stopped Mike Rosegall, Omaha, six rounds; Danny Kralk, Omaha, won technical K. O. over Champion Tampico of Mexico, in sixth; Oliver Joy, Lincoln, won decision over Eddie Ferris, four rounds.

## Giants and White Sox Sid Chambers Makes in Deciding Contest

The fifth and deciding game between the St. Louis Colored Giants, under L. S. Cobb, and the Glendale White Sox will be played here Friday, February 22, Washington's birthday.

These teams have met four times, and each of them has been returned the winner twice. This has all the appearances of a grudge fight, and it is openly stated that both teams will be "loaded" to assure victory. Two of the games between these teams were fine exhibitions of baseball, and the other two had all the earmarks of slugfests.

Strange to say, the prides of Central avenue won both Sunday games before capacity crowds, while the White Sox gained the decision on the week days before a fair-sized audience.

Frank Kerwin, one of the White Sox bosses, stated yesterday afternoon that all of the White Sox regulars would be in the lineup, as he was determined to get the odd game. It is probable that the locals will be called upon to face "Screwball" Cooper, colored hurling ace, and if they do they will have to show more stuff than they have in their previous appearances against him to get anywhere near victory.

Tentative plans have been made for the appearance here next Sunday of the strong Van Nuys team in the last game which the regular White Sox team will play. After this appearance the team will be reorganized.

Benny Leonard wants to wear three crowns. Guys on other side of the pond are having hard job holding on to one.

Although many Glendale people attend the Ascot races every Sunday, there are very few of those there yesterday that knew that the youngster in the Strickland special that finished fourth in the Pasadena sprint and the Frank Chances sweepstakes was a Glendale boy—Sid Chambers of 736 South Glendale avenue.

Chambers has been driving every Sunday at Ascot, but until yesterday he has never had a car which gave him half a chance against De Palma, Horey or Lecklider.

Chambers, who has been driving for over two years in Canada and the northwest, is probably the youngest racing driver ever registered with the A. A. A. Although somewhat a veteran as far as number of entries goes, he is now just 21. Until appearing at Ascot, which automatically put him in "dutch" with the A. A. A., he was a recognized driver and entitled to a start in any race.

He is negotiating for a fast entry, such as a Miller or a Deussenberg, and then he says he will make some of the greater fights have a heavy foot to keep him in their dust.

He is a good, clean looking boy and has a great amount of confidence in his own ability, which is half the battle. For a boy to finish fourth in the galaxy of stars that appear at Ascot every Sunday is no small honor in itself.

Beachcombers digging at race track are picking up \$15 a day in dirt, says a headline. Probably it's some of the jack that was dropped there last season on "hot tips."

### Southern California

#### Will Vote Water Bonds

ANAHEIM, Feb. 19.—The \$110,000 water extensions recently voted will be paid for by a bond issue to be voted after the regular election. The \$20,000 approved for a sewer program will be raised through a sale of the Stanton farm.

#### Gets Blackhand Note

HUNTINGTON BEACH, Feb. 19.—"You are young and pretty," said a message handed to Mrs. Robert Parusso. "We want you. If you do not deposit \$500 at the corner of Eighth and Walnut streets by midnight Saturday night we will get you.—Blackhand." Mrs. Parusso turned the message over to the police with the explanation that it was tendered her at the door of her home by a rough looking individual. She is still safe and the police are looking for the man or men back of the "blackhand" note.

#### Will Film Roosevelt's Life

HOLLYWOOD, Feb. 19.—The life history of Theodore Roosevelt is to be filmed. Alfred Goulding is to produce the picture, which he promises to have ready for release by late spring. Many scenes from the Spanish-American war will be depicted and the famous charge up San Juan hill, where "Teddy" first won fame, will be shown in detail. Many wild animals will be used in the South American and African jungle scenes.

#### Fight Typhoid Epidemic

SANTA ANA, Feb. 19.—Importation of two public health nurses from San Francisco is the latest development in the fight to purify the water system and stamp out the typhoid epidemic. The nurses' names are Mrs. Elma B. Shaffer and Miss E. D. Johnston. They will assist Miss Helen Woodworth, city nurse.

#### Explode Schick Clue

SAN DIEGO, Feb. 19.—The skull found near Chula Vista, and at first believed to be that of the missing broker, George E. Schick, has been identified as that of a Mexican, J. C. Davidson declares that his son Alden brought the skull from Mexico about a year ago, as a curiosity, and that last spring Mrs. Davidson placed it in a gunnysack and dumped it by the roadside, where it was discovered and brought forth as the latest skeleton in this "mystery" closet.

#### Bandy Legs Cost \$390

SAN LUIS OBISPO, Feb. 19.—There are few things more humiliating than crooked calves, believes the Rouett Improvement Company, who are \$390 poorer because a baby Holstein was born with bow legs. They sold it to a butcher for \$10. The calf would have brought \$400 had its aforementioned members been gracefully shaped.

#### Wholesale Violator

WATTS, Feb. 19.—Michael O'Brien has been fined \$150 for violating seven auto laws all at once. The legalities he shattered were: Speeding, no headlights, cutting corners, no license plates, no operator's license, driving on the left side of the street, and no dimmers.

#### Mislays Thirty-five Picks

SANTA BARBARA, Feb. 19.—Has anyone thirty-five pickaxes in the rear of their car, is what

## MAKING OF LIFE IS FINEST WORK

### 'Needs of Man' Forms Subject of Rev. Kerr's Talk at Men's Meeting

The men's mass meeting held Sunday afternoon by Rev. H. W. Kerr at the First Methodist church was unusually well attended. The meeting was opened with a song service led by J. B. Clark. At this time, the Rev. Kerr gave a duet number, the Ha-o-Win-ta-Mah quartet gave a few selections and a chorus of boys gave a selection.

Rev. Kerr spoke on "Man's Needs." "This is a busy world," said the speaker. "Some are busy making plans for money, some for a living, and some for a name. But the making of a splendid life is the best plan of all. The most unhappy man is the man who has nothing to do, and, on the other hand, if I were seeking in Glendale the happiest and most successful man I would pick out the man who is busy loving God."

Overcoming Temptation  
"I am urging all men who desire success and happiness to look into God's mirror. As men we can be clean in our hearts and lives and be right with God. I am not telling you that you will not have temptations and trials and sorrows, for you will, but God will make you more than conquerors."

"If God is left out of your life you will find that your life has been a failure. This life in Christ will sustain a man in financial reverses, in impaired health and in the hour of death."

No man that is at all a man would be ashamed of his mother. We commend the lad who stands by his mother at all times and under all circumstances. Are we ready to stand by Jesus? Are we ashamed to declare our faith and hope in Christ?"

### Spanish War Camp Will Meet Wednesday Night

The Spanish War Veterans, Camp 67, L. D. Pike, commander, will hold a regular meeting at 8 o'clock Wednesday night, at Knights of Columbus hall, corner of Park and Brand boulevard. A full attendance is requested, as the final plans for the entertainment to be given Friday night, February 22, at the Tuesday afternoon clubhouse auditorium are to be considered. Announcement of the entertainment will be given following the Wednesday night meeting.

Over 3,000,000 native born Americans are illiterate.

Charles Urton, local contractor, wants to know. A Mexican in his employ was instructed to put the picks in the rear of Urton's car. Through error he put them in another machine, just which one of the million or more operating in California no one seems to know, least of all the Mexican.

### Highway Warfare Looms

CARPINTERIA, Feb. 19.—There will be a merry war if the state highway commission decides to change the route of the state highway through this town. At the court house citizens state they are ready to fight to preserve the old route, around which the town has developed. The commission plans to change the highway because of two dangerous curves, one north and one south of the center of the town.

## COMMENT

That's All

### Highways and Bridges History a la Henry Ford More Resignations in Order Two Glendale Beauty Spots

By Gil A. Cowan

Highways and more highways. Boulevards and more boulevards. Bridges and more bridges. Bigger and better and wider thoroughfares in county, city and state.

Southern California is the cyprus of road builders, yet its traffic conditions are as bad as they could possibly be any place. In Los Angeles it is futile to drive a car on week days. The main boulevards are impossible on Sundays and holidays. Bridges are breaking down under the strain.

It is high time that Los Angeles city, county and cities within the county awakened to the necessity for a great big and immediate program of highway construction.

Not less than twenty millions of dollars should be spent in the next two years in building county roads, while fifty million would necessarily have to be spent in street work inside the corporate limits of the cities if expansion is to go apace.

We doubt that such vast sums are available, but just as surely as the money is not spent the progress of this favored land of ours will be retarded. And the longer the authorities delay a really comprehensive program, the more expensive it will eventually become.

Truly, we believe the board of supervisors, the city administrations, the civic leaders and the general public are aware of the stupendous task. But they are looking for a prophet to lead them out of the wilderness of ways and means.

Something has to be done and done quickly. As pointed out in this column yesterday, a general traffic emergency exists all over the United States. Perhaps an increased gasoline tax would pave the way.

Henry Ford has some original ideas regarding the teaching of history. Discussing these the Christian Science Monitor says editorially:

What Mr. Henry Ford so thoughtfully and so generously hopes to accomplish at the old Longfellow Wayside Inn at Sudbury, near Boston, can hardly be regarded as an experiment. There, according to plans already well under way, it will be attempted to teach history by contrast. The method is obvious, and, however effective the means may prove, it is a foregone conclusion that they will be interesting. In adjoining fields, in plain view of the many children and young people, Mr. Ford believes will be attracted to the place, will be a yoke of oxen plowing and tilling the ground, just as it was cultivated a century or two centuries ago, and a modern gasoline-driven tractor, operated by one man and doing the work of half a dozen pairs of oxen and half a dozen drivers.

In the ancient hostelry itself, it is proposed to set up beside the old fireplace, with its swinging crane, an electric kitchen of the most modern type. Discarded panelings will be restored and other improvements made, and then the place made famous by the poet's "Tales" will be thrown open, at a reduced admission charge, to the public. To many long accustomed to frequent visits to old New England homesteads, the opportunity may not at first appear to offer much as a means of studying history objectively. But to the visitors of whatever age from many other sections of the United States it will be a rare privilege, and one which will become more and more valuable with every passing year.

There is more than a mere sentimental value in these things which have been handed down from generation to generation. We of today, unless we pause to consider those things, have little appreciation of the advance which has been made in industry, in commerce, in the means of travel, and in the ordinary methods of housekeeping and the provisions for personal comfort. Less than a century ago, in New England and in New York state, the houses were heated by open fireplaces, over which all meals were prepared. In these it was necessary to keep the embers always alive. "Losing the fire" meant a journey to a neighbor's house in search of burning coals. Matches were then unknown, or were so expensive as to be unavailable. The processes of kindling a fire by the use of flint and steel were slow and troublesome.

It is important that there be preserved the tangible evidences of the progress made by humanity. The tendency is to destroy, and thus to forget, the crude implements and devices which once seemed so admirably adapted to the uses to which they were put. The wooden plowshare, the cumbersome loom, the deliberate spinning wheel and the unwieldy well-sweep with its moss-covered bucket, seem antiquated to many of those who regard themselves of an older generation. And yet it was but yesterday, in the record of the years, that they were in common and everyday use.

The resignation of Secretary Denby comes not as a surprise in view of the recent senatorial inquiries. The naval portfolio, no doubt, will be placed in good hands by President Coolidge. One or two more resignations and the chief executive will be placed in a position to actually accomplish something, while Congress will settle back to work and another field day shall have passed.

If Calvin Coolidge is to be leader of the Republican party in the coming campaign, he will do well to wield a whip, with firm hand, and make his own terms,

## Opening a New Department

A Shoe Message of very special interest to all our customers

WITH a great deal of satisfaction we announce that we have secured the Exclusive Agency in this city, for the celebrated

# MENIHAN'S ARCH-AID SHOES

We are showing this justly famous shoe in a great variety of styles and sizes, for Misses and Matrons of every age. These are the original and genuine Arch-Aid shoes, nationally advertised and nationally known as the shoes which possess style, grace and metropolitan smartness, while supporting the arch with scientific accuracy. Believing that we knew the taste of our customers we were unwilling to offer them footwear,—however comfortable,—that was in the slightest degree homely, old-fashioned, or "out-moded" as the saying is. We were delighted to find that Menihan's Arch-Aid Shoes possessed the trim custom lines of the most up-to-date footwear and were beautifully finished in every detail, while possessing the comfort-giving aid to weak or fallen arches for which they have been endorsed by many foot specialists.

## TRACT LIES AMID RICH GAME LAND

### Clear Lake Highlands Forms Hunting and Fishing Paradise, Claim

G. H. Phelps, Glendale manager of the Clear Lake Highlands subdivision, said today that a survey of the remaining nature spots in California shows that nowhere are fish and game as plentiful as in Lake county.

"Clear Lake never freezes, so there is no skating," said Mr. Phelps. "With that exception, it rather than sit back and watch any gang of highbidding politicians embarrass him as they have the late lamented president.

President Coolidge is one of the few comparatively poor men, common clay as it were, to be cast by the hand of fate into the presidential chair. Others have tried to get there and failed. It is conceded that he is honest and sincere, mentally alert and morally clean, yet he now needs the vision, the closer touch with people of ALL sections and environments, if he is to carry on. And he will not get it from the politicians, either.

is an all-around, year-around resort, where outdoor sports can be indulged in every day of the year.

"Fishing in one respect, is the leader, as the bass fishing season at Clear Lake is open the year around. This is the only instance of a year-around open season in California. The other varieties of fish, procurable in their season, are more plentiful than at other lake resorts in the state.

Deer Are Plentiful  
"Deer are still found in great numbers along the shores of the lake and in the back country. Small game, such as rabbits and partridges, are practically everywhere.

"Clear Lake offers unequalled opportunities for bathing, as the waters of the lake are kept at an agreeable temperature by the warm springs. There are miles of beach available. If medicinal baths are desired Lake county has many world-famous medicinal springs, where accommodations are on par with the best known of the European resorts.

"Clear Lake is twenty-five miles long and ten miles wide, is ideal for any kind of boating. Sail, motor and row boats, and canoes alike, are found on the lake.

Golf and Tennis  
"Golf and tennis are enjoyed by the habitues of the Clear Lake district. There are tennis courts, and good golf courses, with a fine course now under construction at Clear Lake Highlands.

"The bridge trails in the hills and mountains in Lake county are unsurpassed anywhere in California. Marvelous views predominate through their lengths and yet they are safe trails."

### NEW GARDEN RAKE

A garden rake has been invented that can be widened by pulling out the end sections of the three of which it is formed.

## Diet and Health

By Lulu Hunt Peters, M.D.  
Author of "Diet and Health with Keys to the Calories"

**THE NERVOUS CHILD—No. II**

Butterfingers! What's the matter with you lately? Your fingers are all thumbs. If you break another dish I'll whip you. Now stop that whimpering, cry baby! What's the matter with you anyway? You're nervous as a cat lately. Well, I suppose you can't help it. You came rightfully by it. You're just like your father. Now, stop crying instantly or I'll put you to bed without any supper."

Do you talk this way to your nervous child, mother? It's a very effective way of deepening the injury which has already started in his nervous system, and which may go on to serious diseases and a retardation of his physical and mental development. This may be manifested not only in his childhood but, if he survives, in his adult life. For very, very many adult nervous disorders, and lives dismal and ineffective, can be traced to their roots in childhood.

You must remember this—the nervous system of the normal child is unstable and easily affected, and the nervous system of the so-called nervous child is ten times as unstable and more easily affected than that of the normal child.

Let us discuss the reasons why remarks such as I have indicated are harmful. First, instead of scolding and sarcastic remarks, the utmost tact, patience and gentleness should be exercised in handling the nervous child. Instead of considering unusual traits as due to carelessness or pervasiveness, you must realize that there is a physical or an emotional cause for them, and give serious thought to discovering what it is.

Calling attention to faults by sarcasm and scolding only antagonize the child and intensify faults in normal childhood (or any time of life) and with the nervous child the results are still more harmful. The nervous child is to be pitied instead of censured. But here is an important point, mothers—the child must not be made conscious of that pity, because this will tend to emphasize his condition in his own mind, just as much as the opposite extreme of coldness and scolding.

Calmness and apparently ignoring the nervous manifestations is the right course. Now notice that I say "apparently" ignoring. There is a very great distinction between apparently and really ignoring conditions. In reality, you are not to ignore these symptoms—you are to study them and find out their cause.

"If you break another dish I'll whip you." Threats of punishment cause fear which intensifies the nervousness, perhaps already caused by a fear foundation. It is a debatable question whether children should ever be whipped. I am not wholly convinced that corporal punishment, on rare occasions, given in the right manner, is wholly harmful. In fact, I believe that occasionally it is salutary. I certainly believe that before the child can reason, a lit-

## DAILY FASHION HINT

Prepared Especially for The Glendale Evening News

**A YOUTHFUL MODEL**  
A favorite of the mode is this frock in Lanvin green chiffon crepe. With panels at the sides that fall below the hem, a soft crushed girde, and deep collar and cuffs of radium silk stitched with moire ribbon, it introduces new notes that discriminating women will easily identify as Paris-inspired. For a simpler effect, the panels may be omitted. Medium size requires 5 1/2 yards 36-inch material. Pictorial Review Dress No. 1565. Sizes, 34 to 44 inches bust and 16 to 20 years. Price, 35 cents.

**THE ULTIMATE IN CHIC**  
The woman who sallies forth into a spring afternoon with this frock of crepe-back satin made in coat style will surely command attention. The fastening is at the right side, and the flounces and collar are outlined with one of the new fancy braids that Paris dress-makers love so dearly to use at every opportunity possible. Another distinguishing note is the circular cuffs at the lower edges of the close-fitting sleeves. Medium size requires 5 1/2 yards 36-inch material and 6 3/4 yards of braid. Pictorial Review Dress No. 1735. Sizes, 34 to 44 inches bust. Price, 45 cents.

## BEAUTY CHATS

**ANSWERED LETTERS**

**Miss Teddy:**—A good grade of olive or almond oil will not cause hair to grow on your face. You will find that a cream made from either of these will be more nourishing than massaging only with oil.

**M. N.:**—Hands that perspire a great deal indicate lowered vitality of the whole system. Temporary relief may be attained by using any powder in which there is added a small amount of boracic acid, but the proper thing is to improve the health by giving more attention to the diet, sleep, exercise and fresh air. Continue to use the pumice stone on the warts in the palms of the hands, and you do not need any other treatment for them except to keep the skin softened when need be by rubbing into the callous places as much oil as it will absorb.

**Mrs. L. M. R.:**—The cause for an oily scalp may usually be traced to poor elimination. Correct the condition by drinking plenty of water between meals and eat less rich or oily foods for a time. After a shampoo close pores by having the last rinse extremely cold.

**Brunette:**—Your hair will recover its natural shade again after a little time, which is better for it than to dye it now. The next time you have a permanent wave explain beforehand the effect this one had on the color of your hair. It is possible that you may be one of the few persons whose hair will not stand the process.

**Mintee:**—The following exercises are excellent for thigh and hip muscles: Take a squatting position, hands on hips, knees bent so the thigh forms a right-angle with the trunk; one foot

## Who's Who in the Day's News

**WARREN T. MCCRAY**  
Warren T. McCray, governor of Indiana and farmer, is the central figure in the most notable court action in the history of that state. He is fighting criminal charges of embezzlement, forgery and larceny.

The court action grew out of his financial embarrassment caused by the failure of his extensive farming projects. McCray, facing losses on account of the fall of farm produce prices and conditions generally, was forced to obtain funds to tide himself over.

His dealings with a score of banks are to be brought into his trial by the state.

Republicans of the state are incensed over the matter, feeling that it is embarrassing to the party in that it throws discredit on the whole farm situation. McCray states that, had he been able to obtain farm credit he would have "pulled it through."

McCray, elected governor in 1921, is a native of that state. He was born in Newton Co., Feb. 4, 1865. His father was a banker and the founder of the state bank at Kentland, of which McCray became president.

McCray interested himself in farming and went into it on a mammoth scale. He bought

enough to go with boys, my mother objects. Please advise me what to do.

I have never had what you would call a real date with a boy, but I have gone with crowds of young folks with two boy friends. I have had several chances to go, but have turned them down on mother's account. **WORRIED.**

You are old enough to have young men friends, and your mother is making a mistake in opposing it. My advice is to take the matter in your own hands and go. Do not quarrel with your mother. When she scolds, close your lips tightly and do not say anything unkind in return. As soon as she sees you are determined, she will be less obstinate and doubtless after a few months you will be recognized as a young lady, old enough to make your own decisions.

**Ice Cream Company's Head Glendale Visitor**

Arthur A. Chapell of Chicago, Ill., president and manager of the Chapell Ice Cream company, the second largest ice cream company in Chicago, with Mrs. Chapell, was entertained Sunday at the home of his cousins, Mr. and Mrs. Robert T. Philp, of 650 North Kenwood street.

The visit was most enjoyable, for following the World war Mr. Philp was with the Chapell company for two years.

The history of the Chapell company is most interesting. Mr. Philp states, figures showing that in 1912 there were 36,000 gallons of cream put out, and during 1923 the production was 1,356,000 gallons.

Mr. and Mrs. Chapell are enjoying an extended tour of the West and are enjoying greatly their visit in California.

**Supervisors Put Ban On Roadside Salemen**

The ban has been placed by the Los Angeles county Board of Supervisors on real estate men who sell their lots from the roadsides and litter the highways with tract pamphlets.

The action came at the last meeting when Supervisor Woodley introduced a resolution, which was unanimously passed, calling upon the County Council to prepare an ordinance making it illegal to trade in anything on the highways.

The proposed ordinance is aimed at eliminating a danger to motorists, Mr. Woodley declared, and preserving the highways for their legitimate purpose of accommodating the traffic flow.

**JAIL TOTAL LOSS**

CONYNGHANTOWN, Pa., Feb. 19.—Inasmuch as there hasn't been an arrest since Conynghantown was made a borough, twenty-three years ago, the town "jail" has been junked. At the time the borough was established a large steel cage was purchased for \$250 to be used as a "lock-up." Not a single prisoner has graced the interior of the cage since.

Medicinal herbs and roots are found everywhere in the Philippines.

**MISS HOLLINS WINS**

DEL MONTE, Cal., Feb. 19.—Miss Marion Hollins of Westbrook, Long Island, formerly national champion, yesterday defeated Mrs. H. G. Hutchings of Winnetka, former Pacific northwest champion, two and one, in the semi-finals of the Pebble Beach women's golf championship. Miss Mary K. Browne, former national tennis champion, defeated Mrs. Brent Potter of San Francisco, San Jose champion, two and one.

**NOMINATES FLETCHER**

WASHINGTON, Feb. 19.—President Coolidge yesterday sent to the Senate the nomination of Henry P. Fletcher, now ambassador to Belgium, as ambassador to Italy to succeed Richard Washburn Child, who is resigning.

With a \$5 purchase you will receive free a coupon, redeemable at Strom's Studio, 206 East Broadway, for a picture of your little tot. See the pictures on display.

**EAGLE ROCK PERFORMANCE TO AID BOWL PLANS**

Project to Build Auditorium Backed by Influential Men of Community

Tonight at the United Theatre on Eagle Rock boulevard will be held the big "Bowl Benefit" for which plans have been brewing these three weeks and more, and residents of the community are urged by Chairman W. L. Miller of the Chamber of Commerce committee in charge to red string on their thumbs so as not to forget to be present.

Many from adjoining communities will also be on hand, as invitations have been extended everyone in the "five friendly valleys" to come and, by paying \$5 for their seat, contribute that much toward the construction of a bowl in Eagle Rock similar to that in the northwest section of Hollywood.

President Remsen du Bois Bird of Occidental college is one of the guiding spirits behind the great move, which it is felt will do more to build up this section than anything that has ever been done.

Plan to Pave Glassell  
A movement is on foot to press the paving of Glassell avenue, and J. B. Brown, a local realtor, is at the head of the movement. Mr. Brown feels that nothing of a development nature in Eagle Rock is more important at this time than that.

"The petition for paving this avenue has been signed unanimously by property owners," he says, "and the ordinance has been passed, but Los Angeles is so swamped with work that it has been delayed. We need someone to take the matter in hand, and place Glassell paving at the top of the file again."

Eagle Rock also needs better

**Auto Club's Manager Warns About Licenses**

After March 1 a penalty of 100 per cent will be added to the cost of 1924 automobile licenses, is the warning issued by Manager M. B. Towman of the Glendale branch, Automobile Club of Southern California, corner of Brand boulevard and Colorado street.

Up until that date licenses may be obtained at the local office, Mr. Towman states, adding that the service is offered to members only and is without charge.

**SURGEONS OPERATE**

Dan Brown of 455 West Vine street underwent minor surgery yesterday at the Glendale Sanitarium and Hospital. Other minor operations were performed on Mrs. D. S. Gritton of 1900 Glenwood road, Miss Virginia Allen of 123 East Acacia street, and Carl Ivansson of 805 East Wilson avenue.

People won't stay here unless they are provided with adequate transportation. "Better school equipment and more schools must be had. Eagle Rock should have a park also. There is a strip of property on Park avenue, 100x300 feet, which was originally intended for park purposes, but which was not developed due to the financial condition of the city. This should be turned into a 'breathing place' for Eagle Rock residents on warm days."

"We must have committees at once to work on these things, and my advice to the incoming officers is not to become discouraged when everything does not move forward at as rapid a pace as you would desire."

**Auxiliary Meets Thursday**  
Mrs. Martha Decker, state president of the American Legion auxiliary, will be present at the meeting of the local chapter Thursday night, February 21, at the home of Mrs. Gertrude Rose, 5211 Alverne avenue.

The auxiliary will also have a "pre-Lent" dinner at the home of Mrs. Angelo Bessolo, 155 Ellen street, driven. Plans for this will be completed at Thursday's meeting, it is announced.

**Finally found health in Kellogg's Bran after suffering long with constipation**

Mr. Patch writes that Kellogg's Bran "solved his problem." It has solved the problem of constipation—mild and chronic—for thousands of others. It has brought relief when all else has failed because Kellogg's Bran is ALL Bran. Nothing but ALL Bran can be 100 per cent effective. Read Mr. Patch's letter:

Dear Sirs:  
I have been a constant sufferer from constipation and have wondered what was the cause of it. I have tried about all the cereals I could think of, and finally tried Kellogg's Bran. This solved my problem. I feel 100 per cent better and I owe it to your Bran. Thanking you very kindly for this great cereal, I am  
Very respectfully,  
Chester C. Patch,  
761 Main St., Greenwood, Mass.  
For the permanent relief of constipation, eat Kellogg's Bran regularly—two tablespoons daily—in chronic cases, with every meal. It sweeps, cleans, and purifies the intestines. It rids them of the dangerous poisons that lead to other diseases. It is guaranteed to bring results, or your grocer will return your money.

Kellogg's Bran, cooked and krumbled, is delicious with milk or cream. You will like its nut-like flavor—so different from ordinary, tasteless bran. Sprinkle it over the cereals. Cook it with hot cereals. Eat it in Kellogg's Bran muffins, griddle cakes and many other wonderful recipes given on the package.

Kellogg's Bran, cooked and krumbled, is made in Battle Creek and is served by the leading hotels and clubs everywhere. It is sold by all grocers.

**Erle Forbes Writes Poet on Modest Violet**

Consideration for the modest violet is voiced by Erle E. Forbes of Los Angeles, in a letter to the Glendale Evening News.

In sending the poem Mr. Forbes writes: "One day recently when the writer was trying to nurse back to life some dainty violets which big feet had trodden down, a 'Keep Off the Flowers' ran through his mind and he quickly jotted down the following verses on a scrap of paper and tacked them up in the flower bed:

**HARK!**  
("Tis Violet's Voice")  
Say! can it be, O thoughtful man,  
That you're so reckless and so rude  
To tread on us just 'cause you can,  
When we're so helpless and so good?  
We came to beautify the earth,  
God gave us this to do,  
To make you glad when fain you're sad,  
And bloom and b-l-o-o-m for you  
So if you'll watch us day by day  
And if you don't forget  
We'll fill our space with tender grace,  
God's little vi-o-lets."

Readers of The Glendale Evening News will recall a little poem on safety printed recently in the News and attributed to Glen Erle Forbes, 4 years of age. Mr. Forbes writes of this: "This is too much credit to give a small boy. The National Safety News from which the poem was taken failed to print the clause, 'By big Dad.' However, he is very poetical and great on singing and speaking pieces."

**Poem Is Written in Memory of Dead Girl**

Funeral services for Ramona Belle Aney, daughter of Mr. and Mrs. I. T. Aney, who was killed by a truck last Wednesday in front of the Central Avenue school, were held at 2 o'clock Saturday afternoon in the chapel of the L. G. Seavern Undertaking Company on South Brand boulevard. Interment was made in Grand View Memorial park.

A friend of the Aney family has contributed the following poem in memory of the child:

Closed those eyes are now in death,  
Motionless these busy hands,  
And before the throne of God  
Our dear daughter and sister stands.  
Finished here her earthly life,  
With her loving words and deeds  
She has gone to pastures green,  
Where our dear, kind shepherd leads.  
Then farewell, our angel one,  
'Till we all shall meet at last,  
Forgetting in the joyous greeting  
All the sorrows of the past.

**ALLEGED FIREBUG HELD**

SAN FRANCISCO, Feb. 19.—Julius Arnstein, wanted in Los Angeles for the alleged burning of his cleaning business in order to collect insurance, was arrested here late yesterday. According to the police, Arnstein jumped his \$2500 bail.

**BURBANK TRUSTEES ORDER STOP LINES OUT**

Placards Will Warn Autoists Approaching Schools to Drive Slowly

Burbank has voted out of existence its former school stop system, obliterated the "stop" lines from the streets and placed there, instead, movable signs which will serve to halt the flow of traffic only at the hours when children are coming and going.

Permanent placards will also admonish autoists to drive with caution when in the school zones and traffic officers will give their attention to school crossings during the danger hours, at other times than which drivers will not suffer the slowing up of traffic occasioned by the former variety of school stops.

This is the decision of the city trustees, taken after due deliberation and upon consideration of both sides of the knotty problem, declares E. E. Kirk, city attorney. The ultimate solution will come when experts in Los Angeles who are working on the school and traffic problems have rendered a report, it is believed, as what will work out in the metropolis will work out in Burbank, residents feel.

**Extend Canyon Road**  
The road leading up the canyon from the Sunset Canyon Country club is to be graded and leveled from the front gate at the head of Olive avenue to its present limit and will then be extended the full length of the club's property, a total distance of two and one-quarter miles.

Following this it is planned to restructure the cabin site area, opening up many new sites and enlarging the present ones. This it is felt will supply the demand for the time being. Later it is expected to run in lateral roads, opening up many more sites.

In this way officials of the club declare they will solve one of the most perplexing problems with which they have had to cope. The firm of Rose & Davidson, civil engineers, have been engaged to carry out the work and are already busy on the job, it is reported.

**P-T, A Celebration**  
Founders' Day was celebrated last night in the auditorium of the Thomas A. Edison school, under auspices of the Parent-Teacher association, the main address of the evening being given by Mrs. C. C. Noble, who spoke on the subject, "National, State and Local P-T, A. Work."

Every P-T, A. in Burbank contributed to the program, which was as follows:  
High school—Girls' Glee club.  
John Muir and Thomas Edison Orchestra.  
Luther Burbank—Recitation, by James Norwood.  
Abraham Lincoln—Vocal solo, Miss Lawrence.  
Joachim Miller—Piano solo, Miss McConnell of Los Angeles.  
Superintendent Collins occupied the presiding chair.

**Verdugo Hills Rifle Club to Be Formed**

The Verdugo Hills Rifle and Revolver club will complete organization at 8 o'clock Saturday night, March 1, in the lecture room of the Los Angeles Chamber of Commerce, announces, W. E. Palmer, organizer, who states that 200 members have been obtained in one week, mostly local people.

He cordially invites all interested shooters to attend the meeting and join the new club, announcing that election of officers will be held. Organization of the club was begun in Montrose a few days ago.

It isn't a question of whether two can live as cheaply as one or not. They've got to.—Columbus (O.) Dispatch.

**BE PRETTY! TURN GRAY HAIR DARK**

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Year ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Weyth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stare gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and, after another application or two, your hair becomes beautifully dark, glossy and attractive.

(Continued From Page 1) furthering of aeronautical science. "In America," he said, "unlimited expenditure on a wide field of research and development has supported the efforts of designers and there has, in consequence, been a great stride in general aeronautical progress in the United States, where the performances of latest types far surpass those achieved in Europe. There are many examples; as a recent instance, America secured first and second place in the Schneider cup race. She holds the world's record for speed, altitude and endurance. This is entirely due to the way she had concentrated on research.

"It is in the United States also that the development of the air-

**BLAME POOR METHODS**  
LONDON, Feb. 19.—Antiquated methods of production and distribution are keeping British farmers poor, according to the report of a government committee to study farm conditions. Co-operative marketing was urged in the report as the remedy for the farmer's complaint that the prices they received and the price the consumers paid were too divergent. Standardization of products also was advocated in the report.

ship is being seriously pushed forward. Whether or no there is truth in press reports of an immediate transatlantic service it is clear that America is prepared radically to tackle the various problems concerned and generally to utilize the experience of the world."

**Come In and See**

"Wet-Mix" Poured Concrete Hollow Tile is a product manufactured right here in your town.

Many of your neighbors have used it in building their homes. A railroad station, church, garages, school have been built of this tile, and you may judge for yourself of their attractiveness.

Durability of this tile is a prime reason for its use in public buildings, and its fire resistant qualities make it doubly appropriate.

We Invite Investigation.

"Wet-Mix" Poured Concrete Hollow Tile was used in the Broadway School.
