Bill Gives Extension, Ouota Basis To Japan

WASHINGTON, May 8.—Congressional resentment over the postponement of Japanese exclusion until March 1, 1925, flared up in both houses this afternoon.

It was revealed for the first time that not only has a concession been made to Japan in the way of a time extension, but also that from July 1 of this year until March 1, 1925, Japan was placed on a quota basis like any other nation.

This revelation came as a shock to the exclusionists in congress and served to feed the fires of discord.

The revelation as to the quota concession came dur-ing debate in the Senate, and caused a small sensation, for never in history has Japan been allowed a quota of immigrants to this country, and in passing the present immi-gration bill, both houses specifically voted down not only a quota provision for Japan, but the "gentlemen's agree-

Three Diseases Lead In California's Death Toll

SACRAMENTO, May 8.—Tuberculosis, cancer and pneumonia in the order named last year were the greatest contributing causes of death in California, according to figures given out by L. E. Ross, director of the state bureau of vital statistics.

There were 55,416 deaths in the state in 1923. Tuberculosis accounted for 5724, cancer proved fatal in 4702 cases and eumonia is credited with a toll of 3790 death.

According to Ross, alcoholism last year was responsible for only 120 deaths during the year. The state official declared the annual fatalities from alcoholism prior to the advent of prohibition ranged from 400 to 500. The figures show that only 650 persons

hostile factions are lining up.

Labor troubles have spread died of old age.
Accidents of all kinds were from the Ruhr to Saxony responsible for 4358 deaths, Silesia. The virtual cessation of 1001 persons killed themselves the coal industry threatens to during the year and there were 343 homicides. The death paralyze industry. To Final Consideration WASHINGTON, May 8.—Sweeping aside all dilatory

tactics, the Senate this afternoon rushed toward final consideration of the administration's new tax reduction bill.

Senate Rushes Tax Bill

Scores of minor amendments were disposed of with unusual rapidity while administration leaders announced they hoped to reach a final vote on the bill itself before adjournment tonight.

The Senate restored a gift tax to the measure this afternoon, reversing the action of the finance committee in killing a similar tax proposed by the House. The new gift tax,

ranging from 1 per cent on \$25,000 to 36 per cent on sums above \$5,000,000, would place the same rate upon gifts made during a taxpayer's lifetime as were previously placed on inheritances and estate gifts.

The exceptions to the gift

tax were \$10,000 in cases of strangers, \$25,000 on gifts to a child or parent, and \$50,000 husband and wife.

Hammer of North Carolina And Blanton of Texas Engage In Battle

WASHINGTON, May o .-A fight between Representative Hammer, North Carolina, and Representative Blanton, of Texas, occurred this morning at a committee meeting, at which witnesses were to be examined. Hammer, during the fight, hung a chair around the head and shoulders of Blanton.

The battle was lively while it lasted, the two members swinging wildly and struggling to get at each other while spectators and other congressmen endeavored to

keep them apart.
Called 'Grandmother'
The trouble started when Representative Blanton objected to the meeting being held on the ground he had not been previously

notified. Hammer said Blanton had 'wilfully misunderstood" an announcement about the meeting. "You're a garrulous old grandmother," retorted Blanton.

"That's not true," cried Hammer, "and you haven't the courtesy of a dog to say it."
"You're a liar," yelled Bla Hammer swung

Blanton swung and missed. All

Chair For Weapon As Blanton swung again-and missed-the North Carolinian picked up a folding chair and reaching over the head of William F. Ham, president of the Washington Railway and Electric com-

pany, he struck the Texan. By this time the spectators who were not hunting cover were hanging on the coat tails of the contestants and they finally succeeded in pulling them apart.

The committee then adjourned until tonight, when Blanton said he would be present and crossexamine every witness. This assertion led to more trouble. "That's my privilege," said

Blanton, "and I'll fight for my Another Round "When you talk fight it's mere-

ly bluff," shouted Hammer. "You are a coward. You've been beaten like a dog and I'll beat you again.' "That's a lie," yelled the Texan, leaning across the table and ges-

Set Date of Hearing

On Investigations WASHINGTON, May 8.—Justice Stafford of the District of Co-

lumbia supreme court today directed the Wheeler-Brookhart committee to show cause on May 23 why it should not be enjoined from pressing its investigation of charges that former Attorney-General Harry M. Daugherty failed to prosecute violations of the anti-trust laws.

EXPECT LOW PRICES

ATLANTA, May 8 .- Prospect for cheaper lumber by midsummer is checking building in the southeast to some extent, although in this city the volume of construction passed the \$1,500,000 mark for the first time this year in April. Small builders admit they are playing a "hunch" based largely on the idea that orders are running below production at the majority of the southern lumber mills. Shortage of farm labor and the necessity of replanting large acreages damaged by storms and bad weather has made the agricultural outlook less favorable than at any time this spring.

HUNDREDS VISIT BOTTLING PLANT, SEE PUNCH MADE

Watch 'Glendale Punch' as Mixed by Sierra Club Beverage Co., Inc.

Fully 2500 visitors attended published by a group of young break out again any unfortunate the "Glendale Punch" party held last night at the bottling plant of the Sierra Club Beverage com-The truth is that the professor has been suffering from a severe attack of muscular rheumatism, which settled between his ears. the Sierra Club Beverage company, Inc., 602 East Wilson avenue, reports Francis J. W. Henry, manager. They were shown manager. They were shown through the model sanitary plant learned descendant of what Dar-win said is again able to do his

Glendale Punch will not only be sold throughout California, Oregon, Washington and Arizona in bottled form, but will be ex-ploited throughout the United States as a concentrate, to be bottled by other plants under the trade mark name, thus heralding Glendale afar, according to Mr. Henry.

The hundreds of visitors who last night were the guests of the Sierra Club Beverage company, Inc., explored every nook cranny of the plant, from labora-tory to bottling works. They saw the huge pasteurizing machine, where every bottle of the com-pany's beverage is treated, thus eliminating the necessity for use of artificial preservatives. They saw the almost human washing, bottling and labeling machines, and noted how each bottle is inspected for any possible defect or impurity. And they saw the great glass-lined tank where the pure water is put under pressure. Congratulate Owners

As a result of their trip, the visitors who had previously pronounced the punch excellent declared that it was no wonder, coming from such a sanitary plant, and they congratulated Mr. Henry and his associates on having been so successful in mar-

keting this Glendale product. escort us back to our uphol-products of our plant," says Mr. stered apartment, so that will Henry, "that they are never be awl, as the shoemaker said. they are made till they are bottled pasteurized and cased. Announce Program For Big Missionary Week in Glendale

The program for mission-ary week to be held at the Glendale Presbyterian church beginning Monday, May 12, is as follows:

Monday night, May 12, fellowship dinner. Compli-mentary tickets will be given to all Glendale pastors and their wives. Following the banquet a children's program will be presented at 8 o'clock. Tuesday night, May 13, is

Christian Endeavor night. Wednesday night, May 14, prayer meeting with the pas-tor, Rev. W. E. Edmonds in charge.
Thursday night, May 15,

Hursday light, May 16,
Men's night.
Friday night, May 16,
Pageant night, "The Uplifting Light" will be presented
by the Sunday School department under the direction
of Mrs. Miller.

Glendale Oil Operator Hastens To New Field

J. S. Lundregan of 308 East Maple avenue, who spent the week-end at his home, left this morning for Santa Paula, where excitement is running high over the opening of the new oil district.

Mr. Lundregan, a resident of Glendale for many years, is one of the pioneer oil operators who was instrumental in the opening of the Bakersfield, McKittrick, Coalinga and Midway oil fields, and, with his associates of the Ring Oil Syndicate, has again been a pioneer in opening this entirely new district near Santa Paula, Ventura county, South

Mountain district, section 23, township 3, range 20 west. This opens up a large amount of new oil territory in this

district. The Ring well was cement-ed at 3000 feet and the well tested out at 3008, where they went into eight feet of oil sand. This comes as a surprise to oil prospectors who months ago pronounced this district to be dry territory.

On the other hand Mr. Mc-Groarty claimed that his own orchestra is a union organization: However, another report states

that the union and producer compromised by having the Columbia orchestra "sit in" with the "Mission Play" orchestra for the overture the first night. Later Mr. McGroarty was to take the matter up with the union.

Burglars Break Into Two Glendale Homes

Burglars forced an entrance nto the residence of V. E. Philp, 221 North Orange street yesterday afternoon by jimmying a rear window. A small Toledo safe in the house was opened with a chisel. The amount of the loss is not yet known. A complete list of articles missing will be handed in to the police today.

The residence of M. N. Parks. 210 Burchett street, was entered last night. The thieves opened the rear door with a passkey. The value of articles taken was not determined last night, and will not be known until late today.

Average loads of railway coaches are 14 passengers, and of sleeping cars 11.

MEMBERS ELECT **NEW REGENT FOR** D. A. R. CHAPTER

Miss Ida D. Myers Is Chosen President of Local Branch Yesterday

By KATHERINE V. SINKS

General Richard Gridley chaper, Daughters of the American Revolution, meeting yesterday afternoon at the First Congregational church, paid honor to Miss Ida D. Myers of 1203 South Central avenue, by unanimously electing her regent for the coming

The many friends of Miss Myers in Glendale and in state and national D. A. R. organizations will receive this announcement with great happiness, for she is a woman of charming personality and rare capability, which have made her a valued member of many organizations and loyal resident of Glendale.

In addition to being a member and first vice-regent of the D. A. R. chapter, Miss Myers has served during the past year as curator of the American citizenship and leg-islation department of the Tuescompany, realtors, 227 South Brand boulevard, are announced sponding secretary of the Glendale sponding secretary of the Glendale College Women's club, of which she is a charter member.

states that two additional private offices are being put in and will State Official She has also had the state and national honor of being state chairman of conservation and thrift for the California D. A. R., and the original and complete reports she has submitted have received mention at the national

congress in Washington, D. C. Other officers elected yesterday were Mrs. S. C. Leppelman, first vice-regent; Mrs. Mabel Franklin Ocker, second vice-regent; Miss Hazel White, corresponding secretary; Mrs. J. A. Crawford, recording secretary; Mrs. W. G. Lyman, treasurer; Mrs. W. A. Sayler, chaplain; Mrs. E. W. W. Hayward, registrar; Mrs. Kennedy, histories.

Miss Myers will be the third regent of the chapter, the other two being Mrs. Mary Howard Gridley Braly, deceased, who was organizing regent ten years ago, and served till the time of her death, a year ago; and Mrs. C. W. Houston, retiring regent, who has served most faithfully and effi-

ciently during the past year.

Baroness Speaks Combining the spirit of patriotism, so dominant in D. A. R. afairs, with the celebration of National Music Week, the program yesterday was featured by an address by Baroness Ottilie De Ropp grown since its establishment at of Glendale, and piano numbers the above address in August of by Alma Geiger Phelps, also of

Daily Greeting To News Readers

Says the old motto: "Heaven the country, Christ the way." But it is true that He who is the way is also the life into which the way leads; and Christ must be country as well as path. -Phillips Brooks.

WHAT IS AN IDEALIST?

A National Woman's magazine is out with a lantern looking for an idealist who has some chance of being elected president of the United States. This magazine defines an idealist as one who favors a League of Nations, a man whom Woodrow Wilson would have chosen to carry on his work. "In other words," this editorial says, "Idealism means Wilson." One by one the candidates of both parties are eliminated. The anomalous argument is advanced that President Coolidge's increasing popularity over Hiram Johnson in the Republican party is due to Johnson's opposition to the League, and then Coolidge is at once eliminated as an idealist because he is known to be opposed to the League. William G. McAdoo and John W. Davis are thrown out because of "oil." And so on, until only Senator Carter Glass of Virginia is left. He is an idealist as defined by this magazine, and he cries easily. It is true that Senator Glass is spoken of very highly by men of both parties, and he would likely make a strong showing in the race for the presidency if nominated in the Democratic con-

It is true that Woodrow Wilson was an idealist of the highest type, and the League of Nations as he and other great world leaders dreamed of it is indeed a great ideal. Washington, too, was a great idealist. He dreamed of independence for the colonists and fought for his ideal. Lincoln was an idealist and he effaced self completely in working for a united north and south without slavery. Roosevelt was a great idealist. A man can dream dreams and at the same time be a man of action, force and achievement.

Who can say that Calvin Coolidge is not an idealist? He has all the earmarks of a great man, although, of course, he has yet to prove himself. Every great man is an idealist. No man can accomplish great things without an ideal, without setting a goal for himself. Before any great thing can be achieved some one must envision it. No doubt, President Coolidge dreams dreams and sees visions like many others who have reached the same high position he occupies. But he will have to do more than dream if he measures up to his party's and his country's estimate of him. Thrust into the presidential chair at a moment's notice, he has conducted himself with dignity and distinction through many trying situations. He must be a man of high ideals. By all means give us an idealist for a president, but may he be a man of accomplishment too.

JUNE—THE MONTH OF BRIDES!

Tune will soon be here! Why is it that the very mention of the word June sends a sort of thrill over one? June-and the age-old story of love and mating. June brides, June honeymoons, golden nights of fragrant June.

While the minds of the young race impetuously ahead, those of the older wend slowly back along the sweet-scented paths of memory. Ah, the beautiful things of yesteryear, that come never again! One could almost become a poet, thinking of

But hist! Around the corner, the ugly whisper of the cynic: "Oh, that sentimental bunk! Marriage is a failure and love a myth. Look at the papers, full of divorces."

And so on. You know, because you've heard him-or (shameful to admit) her-the cynic. Is marriage a failure: Well, then, all of life, from the cradle to the grave, is a failure as well, and the entire scheme of the universe one supreme

No, do not sneer at marriage, the culmination of love. True, it has to be strong enough to weather the storms of life, as well as the calms. It has its defects, as an institution, but most certainly it is not a failure. It has its flaws, to be sure, but it has its finer facets, too-noble, uplifting, inspiring things that come into the home and enrich life.

And never, never forget the babies, whose laughter strikes the golden note of all life, and the training aright of whose little footsteps constitutes mankind's supreme purpose, the perpetuation of life on this globe, with its evolution of ever higher types. No, marriage is not a failure. It is the sacred tions and limitations and botheraheritage each generation takes up from the one before, to tions that developed out of the extreament, livestock cannot escape, citement incident to the develop- once the animals are attacked. PRACTICING THE "KEYNOTE"

The Devil's Handicap By DR. FRANK CRANE

The difficulty with a lie is that it does not fit. It not only does not fit the truth but it does not fit other lies. The excellence of truth is that

chinery. The whole universe is a wonderful mechanism.

Every law in it harmonizes with every other law; every force in it co-operates with every other That is why this solid globe spins around the

sun and keeps its orbital track to the nicety of a And what is true of matter is true of mind.

That is the reason why William James' defini-tion of truth is the best yet made: mony. One truth is akin to all others. They are

all members of the same living family and do not But when you get hold of a piece of nonsense,

or of untruth, the more you hang onto it, the more entangled you become.

The first duty of man is not to believe; it is to find out what to believe; it is not to have faith; it is to know what to have faith in.

You may believe with all your heart and with true religious devotion that a bullet fired from a gun will not harm you, yet you will get killed just the same if somebody shoots you, and quite as An error is like a monkey wrench in the ma- effectively, as if you were an agnostic.

Every falsehood is very much like a disease germ; unless it is destroyed it will break out in some kind of sore. Retained in the system it invariably causes pain or weakness.

Faith is of no value as a substitute for truth;

it is only good as a handmaiden to Truth; a follower and servant of Truth.

The devil always stumbles finally. He may run fast for a while and we may all imagine that he will win the race. But the truth is he does not belong in this world. He does not know the paths and pitfalls of the universe. By and by he "The truth is what will work."

paths and pitfalls of the universe. By and by he falls. Only the honest mind and the good heart understand the world. They invariably succeed because every force in the universe is in co-operation with them. Their tragedy is only seeming Their suffering is but temporary. Those who are half blind are those who believe that evil pays. But if a man's vision is clear and his judgment sound he will never doubt that the devil is fatally handicapped.

Human Nature

NOT FINISHING THE JOB It is Human Nature to enter gaily and enthusiastically upon a new venture and then drop it when it becomes apparent that drudgery is necessary to complete the work, and drudgery is always necessary in achieving anything worth-while. We begin an undertaking with earnestness and zeal but our eagerness diminishes as job begins to pall. The beginning is always easy. The end is hard. We start the day fresh and eager for the task before us. Before night the work becomes real toil. With what joy we enter the race! How tired we are before the goal is reached.

Campaign speakers are char-

acterizing Calvin Coolidge as the man who always finishes the job. They give instances to show that he has always been that way. It is one of the greatest compliments

Thought That Came Today By HARVEY E. WESTGATE of Glendale

LOVE'S BATTLE CRY

Love speaks when hope has taken flight, Love leads when hate and anger grope. Love stands on guard the darkest night; Love comes at will, from friend or foe, Love points the way when all is lost, Love knows no barriers, high or low, Love never halts to count the cost.

Though anger walk throughout the world, And hate upon each crest doth ride, I see at last a flag unfurled That shall forever there abide; Though wars descend and greed doth jeer, Though baser passions rule the day, Throughout shall Love be standing near, And show at last the only way.

Silent her march and slow her pace, As hate and envy seem to reign, But still she plants in breast and face A seed of Love to bloom again; Trampled and torn the fields she knows, And red the seas with human blood, Shattered and mangled, on she goes To point the way in calm or flood.

A million years, perhaps, or more, 'Til comes the victory she shall win, But through the strife and battle's roar She'll lead, at last, her colors in; For in the soul of every man, Though hate may hold him in her sway, There lives a seed to bloom again When Love goes marching on her way.

The After House

By MARY ROBERTS RINEHART Copyright, 1924, by The McClure Newspaper Syndicate.

THE STORY

DR. RALPH LESLIE, just graduated from medical college, ships on the yacht Ella as deck steward. He is penniless and thinks this will be a good opportunity to recuperate from an attack of typhoid fever. Marshall Turner is the owner. His wife, her sister Elsa, a divorcee named Mrs. Johns, and a man named Vail are the passengers. Turner is dissipated and evidently jealous of his wife and Vail. There is a crew of fourteen, including the stewardess, a maid, the cook and Williams, the butler. Charlie Jones, a German sailor with a bent for religion, is friendly to Leslie. Captain Richardson and Turner have an argument over running the ship. Turner, drunk, appoints Singleton captain. Richardson knocks Singleton down and threatens to put Turner in irons if he interferes with the running of the boat. Mrs. Johns asks Leslie to sleep near the passengers' staterooms, in a pantry, as she is afraid of trouble. One night Schwartz, the second mate, disappears overboard, though nobody sees him jump. On the night of August 12 Leslie wakes in the pantry to find himself locked in. Vail, Captain Richardson and the maid, Karen, are murdered with an axe. The men put Leslie in charge, and they decide to head back to port. The axe is found where it was flung into the stewardess's berth. She says that Karen had been roused by a bell in the night, she thought Mrs. Turner's, but Mrs. Turner says she did not ring. Karen told the stewardess she thought Turner, who had annoyed her, was outside the door. She opened the door, screamed and fell dead. Mrs. Sloane said she saw a figure in white in the door throw the axe toward her. The crew imprisons Singleton. Leslie and Burns share responsibility for keeping up discipline. They lock the axe in the captain's cabin and Leslie takes the key. The other key, the one to the pantry, has not been found. "Find that and you will find the man who locked you in," says Elsa. They put the bodies in a lifeboat. Leslie and Elsa find that the bell that called Karen registered Vail's room. Leslie sees Elsa pick up a key in Turner's room. Turner gets delirium tremens and raves about Vail. needlework and was never seen without a piece of embroidery work in her hands. After her

Members of Many Temples Meet at Kansas City For Convention

By W. F. SULLIVAN
For International News Service.
KANSAS CITY, May 8.—Old

In Spain Are Changed Glory will my above all, but beneath its majestic folds will fly pendants will be suspended every-MADRID, May 8.—The rule where, and bright, gaudy bunting "turn to the right" was put will drape buildings on all sides

> not beautiful was not worth while. Bright-colored lights of various hues will illuminate the city for the night spectacle. A color scheme of red, yellow and green will predominate in the decorations and lighting plans, in keeping with the Shrine's adopted

Gala Spectacle The Shrine convention decorations and illuminations sub-committee is aiming to give as artistic touch to its work that will exceed in novelty and boldness anything of this nature ever attempt-

ed anywhere. impressive one, replete with massed music, kaleidoscopic parades and pageants.

The decorative plans now nearing completion include a novel idea for pendant display. Under the plan huge pendants, made of sewn together, stiffened by rods, would be hung from incandescent lamp-lined wires stretched across the streets from trolley poles.

A brilliant-hund scroll

A brilliant-hued scroll of wings, a vari-colored sphinx and a red-and-yellow Heart of America and Shrine emblem will be the figures painted on both sides of the pendants in oil colors. Above this will be strung incandescent lamps in series three, each color separated from

its adjacent one by a red fez. Sphinxes on Guard Arriving visitors at the Union station will feast their eyes on a huge obelisk, forty-six feet high, changing colors constantly. Green will merge into yellow, the yellow into red. Six huge sphinxes will

guard the obelisk.

At each end of the plaza will be placed groups of four Egyptian columns, thirty feet high, painted in red, yellow and green at the base and head. Palm trees will dot imaginary desert sands. Rivers of Color

The streets will be made to re-semble red, yellow and green rivers. At each intersection will be erected Egyptian columns, twenty-four feet high, and sphinxes in seven colors will be stationed

To illuminate the city at night, under present plans of the committee, 50,000 incandescent lamps of varied hues will be used. The cost of the elaborate decorations, it is estimated, will exceed

100 Temples Coming About 100 temples are expected o send their bands and patrols, which would make a parade equal

to an army division. The local committee is anticipating a record attendance and has 7000 rooms under contract to provide quarters for the visitors. About 75 per cent of the visiting Shriners will bring their wives and other relatives, it is estimat-

The Shrine now has 543,000 members, in 155 temples in the United States. Medinah Temple, of Chicago, is the largest, with 21,052 members. Other large temples are:

Syria, Pittsburgh, 16,377; Lulu, Philadelphia, 15,628; Aleppo, Boston, 14,495; Mecca, New York, 11,875; Murat, Indianapolis, 9,-679; Moslem, Detroit, 9,617; and Islam, San Francisco, 9,435.

Clock is Calendar as Well as Chronometer

SYRACUSE, N. Y., May 8.— H. B. Azandian, No. 241 West Adams street, has completed a special clock which gives the time in hours, minutes and seconds, and also the day of the week, month, date, year and phases of the moon. It took nine menths of spare time work at night to finish the timepiece.

One of the disks on the clock, governing the days of the month, makes but one revolution in four years. So accurate is it that Leap Year is recorded, and the following year, without adjustment, it will move from February 28 to

Both of the inserts on the side in a fine leather fected ranches are near Visalia.

RADIO FANS ON COAST PICK UP

One Youth Gets Credit for Rescue as Only One to Hear Signals

DISTRESS CALL

By L. C. OWEN
Special Correspondent of The Glendale Evening News, Copyright 1924 SAN FRANCISCO, May 8 .--

The thrill of picking up an SOS from a ship in distress was ex-perienced twice the past week-end by Pacific coast radio fans, and in one of the two cases an amateur with a home-made set gets credit for bringing about a rescue.
S. W. Miller, an amateur radio
fan of Berkeley, was tinkering
with his home-made set Sunday night when he heard faintly the famous dot, dot, dot, dash, dash, dash, dot, dot, dot, of the inter-

national distress signal. Communicating by telephone with the coast guard station, Miller found he was the only one to comprehend the call, which had been flashed by a United States destroyer to summon aid for three fishermen in distress in a small boat between Golden Gate and Farallone islands. Business and Professional Wom- guard men rushed to the rescue and brought the fishermen to

safety. Program Halted The other instance of radio fans "picking up" a distress call, said to be the first instance of the kind on the Pacific coast, came Saturday night when thousands of fans were listening in on a

radio concert. Suddenly the dots and dashes began to click into the performance. Few of the listeners realized what they meant, however, until the announcers at the broadcasting stations announced "ship in distress somewhere in the Pa cific sending S O S calls," and then suspended operations until the messages of distress had been cleared and ships started to the aid of the distressed vessel.

Ship on Rocks
It was the Associated Oil company tanker Frank H. Buck which had run hard aground on the jagged rocks of Point Pinos, near Monterey. The Buck, one of the biggest

tankers operating in the Pacific, got off her course while fighting a terrific northwest gale. Her crew was taken off, but the tanke when rescue ships had been started to the Buck's assistance the radio broadcasting stations came back on the air long enough

FINDS MOON SEDAN IDEAL CAR FOR

Fairest Means of Financing Construction Work, Is Marsh's Opinion

SACRAMENTO, May 8.-Gasoline taxation provides the fairest means of financing road construction in California today, said W. H. Marsh, chief of the state motor vehicle department, in making the statement that the tax in Arkansas is 4 cents per gallon instead of 2 ents per gallon as in Califor-

Taken in connection with Chairman Harvey M. Toy's recent utterance - that primary road construction must halt with the disbursement of the last \$3,000,-600 of highway bonds-it is believed that Marsh's statement is in advocacy of an increase in the present state gasoline tax of 2 cents per gallon.

The chief of the motor vehicle division further said that Arizona, Georgia, North Carolina, Oregon, South Carolina and Virginia have South Carolina and Virginia have placed a gasoline tax of 3 cents.

No Protests Filed Marsh added that the motor vehicle department has not re-ceived one protest against the gasoline tax, although there are more than 1,000,000 motorists in California.

Twenty-eight states devote gasoline tax receipts entirely to road purposes, it was said. Six states devote a portion to road work and North Dakota is an exception which provides that the entire gasoline tax be paid into general U. S. Survey Shows Ability funds. Thirty-five states impose gasoline tax.

State Treasurer C. G. Johnson on June 19 will offer for sale final issue of highway bonds, totaling \$3,000,000. When these bonds are sold, bonds aggregating \$73,000,000 will have been destruction, since the state highway according to the department of voted by the state to road conprogram was inaugurated in 1910. commerce, which has just an-

Man with One Leg Can Get License If Able to Drive

SACRAMENTO, May 8 .-"If a man with one leg-or no legs at all-can demonstrate his ability to drive as good as a physically sound person I believe he should be given a license," today said Will H. Marsh, chief, of hicles, in discussing issuance of drivers' licenses.

"It has come to my attention that there are many persons driving cars who are partially disabled physically. Many such persons have overcome their shortcomings by long practice in driving and in such cases it is not my intention to inter-fere. All we want to know is that the applicant knows how to drive and is capable, physically, of handling a car," concluded Marsh.

The chief of the depart-ment of motor vehicles said that even under the provisions of the bill to be pre-sented by him before the next legislature the restrictions concerning drivers will eliminate only those who are physically and mentally incapable of handling a machine, Poor eyesight, deafness or excitability in extreme degree are far more important disqualifications than the loss of a leg.

A Welcome Member of the Family

A MOTOR car is never more appreciated than in the springtime. Its convenience and enjoyment are shared by all the family-and by speeding up the day's work, it provides more time for recreation.

A Ford Touring Car becomes a welcome member of the family. It provides every motor car essential at the lowest price for which a five passenger car has ever sold-a price only made possible by complete manufacture, in tremendous volume, in the largest and most economically operated plants in the automobile industry.

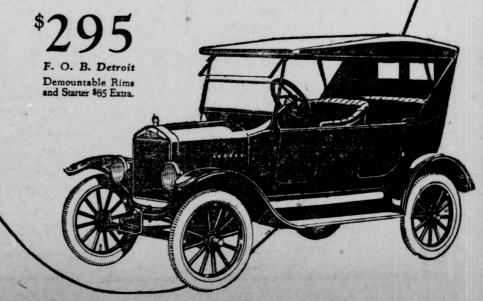

By controlling every step in manufacture, from the mining of the ore to delivery of the finished car, Ford eliminates waste and reduces vital costs to a minimum. One profit is made—hundreds are saved.

This efficiency of manufacture is accurately reflected in the quality and price of the Ford Touring car. FORD MOTOR COMPANY, DETROIT, MICHIGAN

Here's Convincing Evidence of Extra Value The Nash Touring

Let's forget for a moment the good looks of this model.

Let's even forget the wonderful performance -the quietness, the smoothness, the great volume of flexible power.

And then turn to the things you rarely see but which are so vital to your satisfaction.

For example—the crankshaft and connecting rod bearings. All are extremely large. The result is greater smoothness and endurance.

Then, the camshaft. It is over-size. This means

that distortion or deflection from cam action is prevented.

Next—the axle housings. They are of malleable iron rather than pressed steel. This insures permanency of mesh, exact alignment of gears, and greatly enhances operative quietness.

These are advantages of the Nash Four Touring that lift it distinctly above its field.

These-together with many others-are what make this car the greatest buy you can find at anything like this low price.

CIRCUS PEOPLE NEVER TIRE OF

Spend Leisure Moments at 'Big Top' When Other Things Offered

NEW YORK, May 8.—Did ou ever pause to wonder what circus people do to amuse themselves when they are not leading lions around or hanging by their eyebrows on a trapeze?

They do just what everybody else does—stick around "the outfit" or "talk shop," or seek some
recreation very little removed from "work."

Take the Nelson family, for instance, now appearing with the combination Barnum & Bailey & ingling Brothers' big show at Madison Square Garden.

There have been three genera tions of the Nelsons who earned their livelihood under the big top. You'd think Arthur Nelson, father, and Mrs. Nelson and the six unusually pretty daughters and little Paul would be "fed up" on the none too fragrant atmosphere, the blaring brass bands, the snarling arimals and the other less alluring angles of circus life, which, Glendale 918-J. it seems, would long since have lost its glamour for them.

They Like It Several days before the big show opened here recently you could find Pa, Ma, the six daughters and the boy ranged around the "reserved seat" section, enthralled by the intrepid tiger tamer, whose surly charges, after several months of inactivity, real artist. were very much averse to going through their paces.

'Do you know," the elder sister

the bone of the Nelson family, ample exercise for any attractive which, they proudly assert, is the only real "family" in the business, the rest of the so-called families being made up usually of relatives an accomplished horseback rider grandparents and great-grandparents as a "lady acrobat," she can take her turn in the saw-declare, and there is no other dust ring with the best of them. pursuit they would care to fol-

Three Thousand Exponents Of Science to Assemble In Missouri City

By JACK CEJNAR
By International News Service.
KIRKSVILLE, Mo., May 8.— More than 3000 osteopaths from all parts of the United States, Mexico, Canada and Europe are tained. expected to flock to this city the latter part of May to take part in the Golden Jubilee celebration parade will be held, in which will here of the semi-centennial anni-versary of the birth of osteopa-of the Union.

On May 25 all Kirksville will, be in holiday attire to pay tribute pletely every minute in a newlyto the memory of Dr. Andrew T. Still, the father of the science of Millions have been made on big volume sales and a small profit on each sale. That's the policy of the science of osteopathy, who came here in 1875 from Baldwin, Kan., as the ridiculed exponent of a new-fangled theory, and who die the science of osteopathy, who came here in 1875 from Baldwin, Kan., as the ridiculed exponent of a new-fangled theory, and who die the science of osteopathy, who came here in 1875 from Baldwin, Kan., as the ridiculed exponent of a new-fangled theory. fangled theory, and who died here December 12, 1917, honored and respected as the founder of a great new medical science.

To Hold Convention

Following the Still memorial day will come a week's convention of the American Osteopathic association, which will be held in Kirksville for the first time in honor of the fiftieth anniversary of the discovery of osteopathy. Increased interest has been aroused in this convention by the announcement that the two osteopathic colleges in Kirksville are being merged. They are the American School of Osteopathy and the Andrew T. Still College of Osteopathy and Surgery. The A. A. King says:

"I have just received notice from the State Motor Vehicle department that a campaign is now partment that a campaign is now all state. lege of Osteopathy and Surgery, Combined.

Although fifty years have passed since osteopathy was first introduced by Dr. Andrew T. Still, it is interesting to note that some helped Dr. Still in launching the new science are still in active One is Dr. A. G. Hildreth, now in charge of the osteopathic saintarium for the treatment of mental and nervous diseases at Macon, Mo. Another is Harry Still, a son of Dr. Still, who is connected with the osteopathic college here. Members of the first class that ever studied osteopathy are still in active service, and will attend the Golden Jubilee cele-bration here.

Theory Attacked The discovery of osteopathy

was first announced at Baldwin, Kan., June 22, 1874, but so hostile was the medical profession of which Dr. Still, up to that time, had been an honored member, and Dr. Still left Kansas and located

For eighteen years Dr. Still practiced osteopathy almost alone. He lectured and demonstrated in This type of tire, Mr. Hooper says, was tested over 2,000,000 all of the school houses of Adair county and delivered addresses on

the first class of seventeen members was graduated here in 1894. In 1897 the American Osteopathic association was organized—now a society with large membership. Old Idea Upheld

The osteopathy of today is a great advance over that first announced in Kansas fifty years ago, yet the practitioners who are coming back to Kirksville to celebrate still believe absolutely in the two fundamental discoveries of Dr. Still. The first is that the normal body is capable of making within itself all of the medicine it needs; the second is that when the body machine becomes de-ranged the result is pressure! which interferes with the normal flow of the forces and fluids of the body, and this interference must be removed by mechanical adjustment before health is at-

again and help you buy a May bonnet? Oh, Nurse Jane!" sighed the bunny. "I just can't!" "No! No! I don't mean that!"

laughed the muskrat lady house- chair. "I just want you to go to the store for me and bring back some sugar.'

have an adventure on the way."

Twinkling his pink nose, and taking his red, white and blue striped rheumatism crutch down off the clock shelf, Uncle Wiggily hopped over the fields and through the woods to the sugar store and there he bought a large bag of the sweet stuff.

"Did you have any adventure today, Uncle Wiggily?" asked the grocery cat as he wrapped up the sugar for the bunny gentleman. "No. not yet." was the answer But I may have one on my way

"Let us hope so," cheerfully mewed the cat.

All the way back to his hollow stump bungalow Uncle Wiggily looked first on this side of the path and then on the other side for an adventure. But not one could he see.

"Never mind. Perhaps an adventure will be waiting for me on my doorstep when I get home," thought Mr. Longears.

He hopped around the corner of a big rock, and he rather expected to see the Fox or Wolf waiting for him on the steps. But there was only the yellow sunshine which was a sunshine which the yellow sunshine which was a sunshine which the yellow sunshi

adventure today," he said as he hopped up the steps. But, no thing, after all, that I spilled the sooner had he opened the door, sugar." And Nurse Jane said the and gone inside his bungalow than an adventure began. It started when Uncle Wiggily slipped and fell on the floor, dropping the bag

of sugar and bursting it.
"Ha! There I go! Clumsy!
Slippery paws! I suppose if Uncle Butter were here he'd ask me how any good can come of spilling sugar on the floor," laughed Uncle Wiggily, as he hopped up, for he wasn't hurt. "My, what a mess I've made!" he said. "It is hard to see how any good can come of this, but I think it may.

there were many grains left ou violinist; Mrs. Mattison B. Jones, sill.

"Oh, Uncle Wiggily, may I pick up some of the sugar you spilled?" whispered the little red

to himself, as he sat down in a the infuriated elements ran their chair. "Good is already beginning to come of my having spilled the sugar. It will feed the hungry ants. Yes, good is coming from legitimate stage. He contends Dorothy Devore is to be featured in a series of Dorothy Devore comedies. She will start productions at once, and they will be Rob Cat is coming here after me.

Uncle Wiggily quickly hopped t the Christie studios.

Beauty Chats By EDNA KENT FORBES

CORNS AND SUCH TROUBLES I find in one of the newspapers a brief paragraph quoting the opinion of a Milwaukee member of the American Medical society, who says that foot ailments are being conquered by chemistry, that soon there will be no such thing as a corn or a bunion. This is all very cheerful. I am not as sure as he is that chemistry will do away with these troubles, for chemistry cannot prevent a corn resulting from a tight shoe, or a bunion from a pointed shoe, nor will it prevent such troubles as an ingrowing toenail and fallen arches.

If you have bad corns and bun-ions get your physician to send you to an approved chiropodist.
Do not think you are wasting
money. If you have skin trouble
you will go to a skin specialist, if nerve trouble to a nerve specialist, why not then take foot troubles to a foot specialist?

But, if you think you can manage at home, purchase yourself a corn knife and a corn file made of pumice paper, soak your feet in hot water either with a little borax and soap in the water or with a little magnesium sulphate, an ounce to every three pints of water. Remove the loose, callous skin with pumice stone or the pumice paper corn file. The corns themselves will have swollen as a result of the soaking, the tops can be cut off with the corn knife. In fact, if a corn is very bad some of the dead skin can be cut off and the foot soaked again to loosen still more of it. Be very careful you do not cut into the live skin. Paint the corn with a little bit of collodion and keep a soft, thin. pad over it for a day or two so the shoe will not

Soft corns between the toes are the same as hard corn. They are kept soft by the moisture of the feet. Vascular corns, which are Vascular corns, which are mostly under the surface, should always be treated by a chiropo-Bunions should also treated by a specialist.

Poems That Live

THE SPRING OF LOVE A little sun, a little rain. Of soft wind blowing from the West,

woods and fields are sweet again And warmth within the mountain breast.

A little love, a little trust, A soft impulse, a sudden dream. And life as dry as desert Is fresher than a mountain stream.

Uncle Sam Has Some Competition

TRYOUTS IN L. A. **COLISEUM WORTH** COST OF TICKE

Glendale's Allotment for Big Event Is Limited; Ducats on Sale

"If there is a man in Glendale who does not believe that a race between Paddock, Argue, Buck-man and Nash, with Keith Lloyd and Vic Klein thrown in for good measure is not worth the one, two or three dollars asked for tckets to the Olympic tryouts on May 24 at the Coliseum, then we don't want him to buy a ticket," stated Coach Normal Hayhurst of the high school yesterday, and then added, with a shrewd smile, "unless he thinks that he can afford to invest that much money to help send the finest aggregation of athletes in the world to Paris for the purpose of competing in the Olym-

Hayhurst, at the request of the Olympic committee, has consented to supervise the sale of tickets in Glendale for the big event May 24. It's the first time he has ever undertaken anything like this, and he said yesterday that he only did because he believed the proposition was a worthy one, and that he was for American supremacy

He is going to enlist the assistance of the various luncheon clubs, and the members of the high school track team in selling the tickets, and in addition probably will have them on sale at several of the downtown stores.

Allotment Small

"The portion allotted Glendale out of the southland's \$50,000 is growing city in America does not any football work at present.

QUESTION—Runner is trapped between bases and collides with a fielder. Before the runner can get under headway the ball is played back and he is touched by the fielder. Is the runner out or should he be given the next base, or sent back to the base from which he started?

ANSWER—He is cut it in the runner out or should he be given the next base, or sent back to the base from which he started?

ANSWER—He is cut it in the runner out or should he be given the next ten days the Glendale tennis men will have a full calendar. Friday and Saturday the Dudley Cup tournament at Santa Monica will hold their attention, and on Monday they meet the South Pasadena net quartet. May 16 the locals have a match with the Citrus court team, and May 17 they will compete in the runner out or should he be given the runner out or should he b ANSWER—He is out if there was no interference. In a general way a runner must protect himself when he is trapped between bases.

May 17 they will compete in the Southern California interscholastic tournament at Fullerton.

It is hardly expected that anyone from hereabouts will being

QUESTION—First and second bases are occupied. There is one out. Batter hits a high fly, not a line drive, and umpire immediately calls "Batter out." No one makes an attempt to play the ball. Runner standing on second base. Ball comes down and hits him. Is he out?

ANSWER—Yes. There is no exemption to the rule about being hit by a batted ball. He could have got out of the way of the ball without any great danger to himself as a base runner. The batter is out because it is an infield fly.

QUESTION — Batter has two strikes and three balls. Pitcher throws a slow ball and hits the batter. The latter did not try to get out of the way of the ball. What must the umpire do?

ANSWER—The umpire has it in his power to rule the batter out for interference. He may also decline to permit the batter to take first if he is satisfied that the pitched ball was a ball and not a strike.

TENNIS STARS TO HAVE BUSY TIME

Net Artists at Glendale High Are Entered In Several Meets

By ROSS M. RUSSELL, JR.

Of The Evening News Staff, For the next ten days the Glen the Dudley Cup tournament at In with a left to the chin in the Santa Monica will hold their attention, and on Monday they meet the South Pasadena net quartet.

May 16 the locals have a match with the Citrus court team, and May 17 they will compete in the Southern California interestly.

In the meantime, tennis clubs affiliated with the United States Lawn Tennis association are holding secret meetings—and Tilden is traveling about the land making secret meetings—and Tilden is traveling about the land making friends everywhere.

In the finals—Light-heavyweight —S. Paffenberg, Hayden Pythian, Otto Laakso is one Finnish athore.

Otto Laakso is one Finnish athore.

one from hereabouts will bring home the Dudley cup as Allan Herrington of Hollywood High is too good for almost any prep player in Southern California, he being fourth in the national juniors tennis rankings.

There is little doubt as to the Glendale chances of copping the Central league pennant. Alhambra High has the only team which will give the locals any trouble Monday is the South Pasadena match here. Not one of the Dynamiters should his tilt Two to Fullerton

Weinie Maxwell, second man, will both compete at Fullerton, and what one fails to do the other will put across. If both are on their games they should bring home a trophy or two to add to the home school's collection. Their strongest adversaries are Rodney Hous-SALT LAKE, May 8 .- Five er of Alhambra, Craig of Hunt-The Citrus four whom the Dynamiters take on should fall easy

without going into the merits of the arguments which opened the breach, the promoters of the independent league will have hard sledding. The managers' association, comprising over 100 ball clubs, is a power in the bush leagues in the country, and any club outside of the fold is apt to have hard sledding.

It is only by co-operation that baseball is made to go. Kerwin, as owner of the White Sox and secretary of the association is in the promoters of the independent leagues.

Takes Mother on Journey; Stops in England to Meet Net Stars

By COPELAND C. BURG BERKELEY, Cal., May 8 .little girl with sturdy arms and legs, wearing a black dress and hat, kissed her father good bye found a train seat for her mothe and started here yesterday on a journey that will end in Paris in July when she defends the prowess of American women in sport. The girl was Helen Wills, cham pion woman tennis player of the United States.

Pushing aside her school books at the University of California Miss Wills quietly departed for New York, where she will sai May 15 for Europe to play in the Olympic games, and where she hopes to match wits and brawn in a world title battle with Su zanne Lenglen, the French star. Living up to her name of "Lit-tle Poker Face," the 18-year-old American champion had only this to say about a clash with the temperamental Suzanne: She's Out to Win

"No one can tell anything about a tennis match. I've worked hard

SCORE TWO RUNS IN FOURTEENTH,

Mails and Payne Hurl Great Ball as Oaks Capture Second of Series

By R. C. FRANKLIN For Southland News Service LOS ANGELES, May 8.—The Los Angeles ball club played like demons yesterday at Washington park, but they did lose a 14-inning game to Oakland, 3 to 1. The Great Walter Mails and George Payne hooked up in a pitchers' battle. The two teams battled along at an even clip until t fourteenth when three hits and a sacrifice enabled the Oaks to

shove across two tallies and sew up the ball game. Due to the demonstration the day before only a small crowd witnessed yesterday's battle. Ray Brubaker, flashy Oakland shortstop, thrilled the crowd with his sensational stops throughout the entertainment and the doughty Oak infielder saved his team from defeat in the twelfth inning when he speared a hot grounder off Gol-vin's bat and threw to third to catch Billings, who seemed certain to score on the hit.

NEWEST THEATER SAN FERNANDO ROAD & BRAND BLYD. MEET ME AT THE GATEWAY" AT 7:00 AND 9:00

THURSDAY, FRIDAY, SATURDAY

Douglas MacLean

"The Yankee Consul"

Directed By

JAMES W. HORNE (of Glendale)

A sparkling love romance filled with glorious adventure and exciting scenes in colorful, picturesque South America.

One of the biggest comedies the screen has ever known.

Washable Walls

KITCHEN walls and woodwork of delicate tints are a joy when painted with Bass-Hueter Satin Eggshell Finish. Discolorations from the steam of cooking; grease spots or finger prints can then be wiped off with a damp cloth. Better still, frequent washings will not injure the satin-like finish.

Leading hospitals, demanding a permanent sanitary finish use Satin Eggshell throughout. Apartment houses, where changes of tenancy necessitate constant cleaning, use it for both walls and woodwork in kitchens and bathrooms.

By following the directions on the can you will enjoy using Satin Eggshell Finish, or your contracting painter will be glad to use it at your request.

Van den Berg and Campana Will Present Concert **Tomorrow Night**

Glendalians are all most cordially invited to enjoy the program tomorrow night at the meeting of the Glendale Music club at the Tuesday Afternoon clubhouse. In view of this being National Music Week, it will be an open meeting, with Brahm Van den Berg of 1131 North Adams place, American pianist, and Ettore Campana, baritone, appearing as

entertaining artists.

Mrs. Nathan Rigdon, vice-president, who will preside in the absence of Mrs. Mattison B. Jones, who is now en route abroad for an extensive trip, announces the

following program:

Varied Selections

"Ballade in G Minor" (Chopin),

Mr. Van den Berg. "Prologue" from "Pagliacci" (Leoncavallo), Mr. Campana. "Danse Viennoise" (Van Berg), Mr. Van den Berg. Knabe Ampico will re-enact this number from a previous recording

by Mr. Van den Berg.
"Dream of Love" (Liszt), "Prelude C Sharp Minor" (Rachmaninoff), Mr. Van den Berg.

inoff), Mr. Van den Berg.

"Toreador's Song" from "Carmen" (Bizet), Mr. Campana.

"Wedding March and Elfin Dance" from "A Midsummer Night's Dream" (Mendelssohn-Liszt), Mr. Van den Berg.

Special stress is placed by Mrs.

Rigdon on the fact that all club members are urged to renew their memberships Friday night. There will also be membership cards on hand for new members
