## Sessions of Press Conference Open in Dominion Capital

Governor-General, Opening Gathering, Says It Will Have Valuable Results; Prime Minister and MacKenzie King Speak; Sending of News Considered.

Ottawa, Aug. 5.—Discussion of cable facilities and rates for the transmission of news throughout the Empire occupied the opening session of the second Imperial Press Conference here this morning. Right Hon. Viscount Burnham was elected chairman and Lord Atholstan was elected honorary chairman, both unanimously.

Informally declaring the conference open, His Excellency the Governor-General expressed the conviction that the assembling of so many influential newspapermen in a conference of so representative a character would have the same valuable results as did the first conference in 1909 and play a big part in the solution of the problems of reconstruction.

Hon. Arthur Meighen, Prime Minister of Canada, and Hon. W. L. Mackenzie King, Leader of the Opposition, spoke formally in welcome to the delegates.

Consideration of the resolution on cable rates will be continued this afternoon. British and Canadian delegates were emphatic this morning in their opposition to the acceptance of anything like subsidies which might possibly imply Government control on the character of the news service.

Confidence Needed. In his speech of welcome, the Governor-General said: "My mind goes back to the time of the first conference in England in 1909. The success which attended it justified that conference in the fullest degree and in the light of the future events proved the highest value in guiding us through that critical period which followed it. It would be idle to pretend that we do not see critical and troubled days ahead. We have to face facts as they are. But we must have vision and confidence in ourselves and no body of men are more capable than this one of having a wider and more far-reaching influence on public opinion. We are now standing at the turning point of our history and you are meeting with great responsibilities. But as your work and influence proved of such vast assistance in the former war problems, we are confident that you will be able to prepare yourselves to meet our responsibility in the immediate future and to prepare the way for brighter times in the days of peace."

Friends. After extending to the delegates a warm welcome to Canada and expressing Canada's appreciation of the honor of having been chosen as the meeting place of the second Press Conference, His Excellency assured the delegates that they would find throughout Canada in the remaining days of the tour the same spirit of friendship and goodwill which had met them on their journey so far.

A dispatch from Ottawa last night said: Among the resolutions to be discussed at the sessions of the Conference is one urging the Government of the British Empire to secure adequate wireless service throughout the Empire by public or private enterprise.

### SOVIET PLANNING TO PLACE ORDERS FOR GOODS IN CANADA

Montreal, Aug. 5.—That the \$5,000,000 order recently placed with a Canadian syndicate by the Russian Soviet Government is only the first of a number to be given in the Dominion is indicated in a statement made to-day by J. G. Ohsal, representative in the United States and Canada of the commercial department of the Russian Socialist Federal Soviet Republic.

### U.S. Railway Increases Will Be Felt in Canada

Montreal, Aug. 5.—The statement was made from the offices of the Railway Association of Canada to-day that whether the Canadian railways are granted increased rates for purely Canadian traffic or not, on all freight or passenger movements to or from the United States on August 26 rates will be increased from 25 to 40 per cent. on freight, 20 per cent. on passenger fares and 50 per cent. on sleeping car fares.

### TO PASS NEW IRISH BILL QUICKLY

British Government Hopes Crimes Bill Will Be Law By To-morrow Evening

London, Aug. 5.—In moving in the House of Commons to-day a motion providing for the passage of the new Irish Crimes Bill by six o'clock to-morrow evening, Rt. Hon. Andrew Bonar Law said the Government above all desired peace in Ireland, but that it must use every means to restore decent conditions of civilized life there.

### WISH HUSZAR PUT OUT OF STATES

Hungarian, Jews in Republic Want ex-Premier of Hungary Deported

New York, Aug. 5.—Deportation as an undesirable alien of Karl Huszar, former Premier of Hungary, who is now in this country on an official mission for his Government, is urged in a resolution adopted by the executive board of the Federation of Hungarian Jews in America. The Secretary of State is requested to investigate Huszar's presence in this country and to co-operate with the Department of Labor in deporting him.

### ALBINO SPRING SALMON EXPERIMENT

Two Specimens at Cowichan Lake Hatcheries in Good Condition

Ottawa, Aug. 5.—(Canadian Press) Two specimens of Albino spring salmon in good condition and weighing about one and a half pounds have been received by the Fisheries Branch of the Department of Marine and Fisheries for its hatcheries at Cowichan Lake, Vancouver Island. These fish are something of a curiosity and have created considerable interest.

### GROUP OF POLICE HUNTING BANDITS

Seeking Robbers Who Held Up Train Near Alberta; B. C. Border

Lethbridge, Aug. 5.—Police cordons have been thrown about the district on the divide between Alberta and British Columbia in the Crow's Nest Pass region, in which the train bandits who, on Monday night held up a west-bound C.P.R. passenger train at Sentinel, are believed to be in hiding. The bandits are believed to be heading for the Flathead district on the boundary, seeking an outlet to the United States.

### SHAMROCK IV. TO BE TRIAL HORSE FOR SHAMROCK V.

New York, Aug. 5.—Shamrock IV, Sir Thomas Lipton's unsuccessful entry in the 1920 International yacht races, will not be broken up but will remain in New York to be used against Shamrock V, as a trial horse in 1922. Sir Thomas states.

### League of Nations Now Costs \$200,000 a Month

San Sebastian, Aug. 5.—Sir Herbert Ames, a member of the Canadian Parliament, in a report submitted to the Council of the League of Nations to-day, estimated that it now is costing about \$40,000 a month to run the League.

### GOVERNMENT DEFEAT IN HOUSE OF LORDS

Upper Chamber Adopted Amendment to Government's Mines Bill

London, Aug. 5.—(Canadian Associated Press)—The Government suffered defeat in the House of Lords late last night on an amendment to the Mines Bill, proposing that instead of a Minister of Mines there should be a Parliamentary Secretary.

### BUSINESS SECTION OF COQUITLAM IS DESTROYED BY FIRE

Vancouver, Aug. 5.—The business section of the town of Coquitlam, seventeen miles east of this city, is reported destroyed by fire. Several stores, a hotel and the fire hall are said to have been burned, and at 1 o'clock the C. P. R. freight sheds were burning. The loss is estimated at \$100,000.

### REDS CONTINUE TO MOVE ON WARSAW

Bolshevik Troops Advancing Six Miles a Day, Says Polish Staff

Warsaw, Aug. 5, 7:30 a. m.—Russian Soviet armies driving against the Polish lines defending Warsaw are maintaining an average progress of six miles a day in the direction of this city.

### POLISH SITUATION CAUSES ANXIETY

Situation As Grave As in 1914, Says One British Official

London, Aug. 4.—(Associated Press).—Among British officials and diplomats of other nations undisguised anxiety is felt over the Russo-Polish situation. One official said: "The situation is as grave as that in August, 1914."

### POLISH DELEGATES GOING TO MINSK

Armistice Agents Left Warsaw To-day to Deal With Bolsheviks

Warsaw, Aug. 5.—Poland's Council of Defence has sent a wireless dispatch to Moscow informing the Soviet Government that Poland was ready to send a peace delegation to Minsk. Two conditions were laid down by the Council. They were: That the Polish delegates be permitted to communicate freely with the Warsaw Government and that the Soviet Government agree to accept in principle the terms Poland will propose.

### FOREIGNERS ARE LEAVING WARSAW, DISPATCH STATES

Warsaw, Aug. 5.—(Associated Press)—Most foreigners, excepting welfare workers and others having business in Warsaw, will have departed from this city by to-morrow night, it was announced to-day.

### IRISH DEPUTATION SPOKE FOR DOMINION HOME RULE

London, Aug. 5.—Premier Lloyd George was told at his conference with the Irish deputation he received yesterday that great progress had been made among Irish Unionists during the last few months in favor of a broad policy giving self-government to the people of that island, says The London Times in reporting the meeting.

### TURKISH BATH PATRONS ROBBED WHILE THEY SLEPT

New York, Aug. 5.—While 175 patrons of the Lenox Turkish Baths here were sleeping early to-day, five robbers entered the establishment, and after holding up five attendants engaged with about \$17,000 worth of valuables checked by the sleepers.

## Kameneff Now Urges Soviet to Abide By the British Terms

### Bolshevik Delegates in London Await Reply to Message Dealing With Poland Sent to Moscow After Mr. Lloyd George Had Spoken Plainly.

London, Aug. 5.—(Associated Press)—Leo Kameneff, President of the Moscow Soviet, is reported to have sent a message to his Government asking that Russia accept immediately the original British proposals for an armistice with Poland.

### SOVIET-GERMAN TREATY REPORTED

Germany Not to Interfere and to Have Possession of Poland Later

London, Aug. 5.—Premier Lloyd George stated in the House of Commons this afternoon that he had just received a message from George Tchitcherin, the Russian Soviet Foreign Minister, saying an urgent telegram was being sent to M. Kameneff, now in London, in reply to Great Britain's note of Tuesday. The Prime Minister added he did not know what the Kameneff telegram contained.

### ARMISTICE AT ONCE

In regard to last evening's conference with the Soviet Delegation here, Premier Lloyd George said he and Mr. Bonar Law had made it clear to M. Grassin that the immediate conclusion of an armistice on fair terms was the only course which would remove suspicion that the Soviet Government was insincere in its professed desire for peace and in its declaration that it intended to respect the independence of Poland.

### LIQUOR FINE OF \$2,000 IN ONTARIO

Sandwich Hotel Proprietor Mulcted; American Woman Fined \$1,000 in Windsor

Windsor, Ont., Aug. 5.—Magistrate Myers and the police court officials were tired out yesterday when, after nearly five hours in the courthouse listening to liquor cases, the magistrate "called it a day." In all fifteen cases were heard and disposed of.

### IRISH DEPUTATION SPOKE FOR DOMINION HOME RULE

London, Aug. 5.—Statements printed by extremist newspapers here that Great Britain has threatened to declare war against Soviet Russia if the Bolshevik advance into Poland is not halted have not been confirmed.

### IRISH DEPUTATION SPOKE FOR DOMINION HOME RULE

London, Aug. 5.—The Evening News learns that the Government to-day considered the Polish situation and that "large quantities of war material are to be sent immediately in concert with France."

### BANK OF ENGLAND

London, Aug. 5.—The weekly statement of the Bank of England shows the proportion of reserves to liabilities is 12.2 per cent. Last week it was 12.3 per cent.

BRITISH SEEK OIL
IN MANY FIELDS
Government Petroleum Department Has Extensive Plans

London, Aug. 4.—(Canadian Press) Favorable oil development results are looked for in Canada, where a large area of promising territory still remains untested, declared Sir John Cadman, Director of the British Government petroleum department, in an address before the Royal Society of Arts here, when he outlined oil development in the British Empire. He showed that active work is being carried out in at least fifteen different countries in five of which, including Canada, important production has been obtained. The other four, he said, were Persia, India, Trinidad and Egypt.

Production of Trinidad increased from 1,500,000 barrels in 1915, to 3,000,000 in 1918, or 100 per cent., and it is expected to reach 3,000,000 barrels within a few years, according to Sir John. Egypt is yielding approximately 2,500,000 barrels a year. Development work is promising and is being pushed in all these countries. Besides these countries, tests have been made, or are now being undertaken, in Australia, where the local Government is co-operating with the British Government, Tasmania, New Zealand, Newfoundland, Jamaica, Barbados, British Honduras, Nigeria, Somaliland and Sarawak. Indications of oil and gas have been encountered in several of these countries, but no important production has been obtained up to the present. In addition, the islands of Cyprus and Malta, in the Mediterranean, are being tested, and favorable geological conditions seem to justify the testing of large areas in Mesopotamia, adjoining the Persian fields, according to Sir John.

EARNINGS OF GRAND TRUNK INCREASE
Montreal, Aug. 5.—Gross earnings of the Grand Trunk Railway system for the last ten days of July show an increase of \$769,236, or over twenty-five per cent. over the corresponding period of last year. This figure was \$3,837,569, as against \$3,068,335.

RAIDS BY SQUATTERS IN THE HEBRIDES
London, Aug. 5.—(Canadian Associated Press)—The House of Commons yesterday dealt with the Scottish estimates, which are unusually interesting this year, on account of extensive land raids by squatters in the Hebrides and elsewhere. The responsibility of the Scottish members attribute to the slow progress of the agricultural boards in land settlement. The boards, however, were able to show a fair record of achievement according to their means and the estimates were passed without a dissenting voice.

MEIGHEN GREETED IN CHAPLEAU, ONT.
Chapleau, Ont., Aug. 5.—Hon. Arthur Meighen, Prime Minister of Canada, and Mrs. Meighen, stopped over here Wednesday, on their return journey to Ottawa from the west, and were given a hearty reception by the townspeople here. The Prime Minister and his wife were met at the station by a deputation from the Town Council and leading citizens, and were escorted to the Nicholson Memorial Hall, donated to the town in memory of fallen heroes by G. B. Nicholson, M.P.

AUSTRALIA MAY BAR ARCHBISHOP MANNIX
London, Aug. 5.—Messages from Australia quote Premier Hughes as saying that Archbishop Mannix would not be allowed to return to Australia.

AUSTRIAN GENERAL WANTED TO ACT AS HOTEL DOORKEEPER
London, Aug. 4.—(Canadian Press)—In Vienna recently a major-general, three months and two days captain recently applied for the vacant post of doorkeeper at a big hotel, according to a dispatch. The advertised pay was about \$1,500 a year. In the topsy-turvy condition of Austrian finances, this is not much. Bootmakers in Vienna receive \$17,100 a year, while magistrates, whose scale of pay has not altered since the war, only have just over \$4,500.

LEADER OF MINERS THANKED BY WILSON
Indianapolis, Ind., Aug. 5.—President Wilson has expressed to John L. Lewis, president of the United Mine Workers of America, his gratification over the prompt action taken by Mr. Lewis in directing the striking coal miners of Illinois and Indiana to return to work. Mr. Lewis received a letter from President Wilson yesterday, saying: "Your action has gratified me very deeply, indeed. It is the action of a patriotic citizen and a man of vision. I am glad that you feel as I do that in your ordering the men to return to work I was speaking in the interest of the general public and of the industrial energy of the country."

COMMUNIST PARTIES AND PARLIAMENT
London, Aug. 5.—Communist participation in parliaments is favored in a resolution adopted by an overwhelming majority at a meeting of the Third International at Moscow, according to a dispatch to The Herald, organ of Labor here. The proposal was submitted by M. Bukharin, editor of the Bolshevik organ, Pravda, of Moscow, who urged that parliamentary action be adopted as part of the Communist programme in all countries where the

RAILWAY PLANS IN UNITED KINGDOM
Government Proposes to Form English and Scottish Lines Into Groups
London, Aug. 4.—The Government's railway programme, intended as an alternative to nationalization of the roads, which are now subsidized, provides for the formation of the railways of England and Wales into six groups, the main groups to absorb all the smaller lines. Present shareholders form the majority of each board of management, but each board also is to include "members elected from and by the workers on the railway." Direct competition between groups is to be eliminated. The Government's financial guarantee ceases and rates and fares are to be fixed, with certain safeguards for the public, so as to produce a net revenue substantially equivalent to some pre-war basis to the net revenue of all companies absorbed in the groups. The state is to take a share of surplus revenues and use it for light railway development.

GAINS ARE MADE BY ARMENIAN TROOPS
Constantinople, Aug. 4.—Via London, Aug. 5.—Fighting continues in the regions disputed by Armenia and the British. The Armenians have met with success in Chaur, from which they have driven the Soviet troops and occupied the city of Gueorouk. Nouri Pasha, brother of Enver Pasha, is reported to have returned to the Chaur region to fight the Armenians.

JAPANESE DENY MANCHURIA STORY
Washington, Aug. 5.—The Japanese Embassy, on instructions from its Government, issued a statement yesterday denying published reports that the Japanese military authorities in Manchuria had backed a bandit plot to cause trouble on the Chinese Eastern Railroad to afford an excuse for the taking over of control of the road by Japan.

SENT TO PRISON
Duluth, Minn., Aug. 5.—The warrant for the deportation of Jack Carney, of Duluth, editor of Truth, has been cancelled by the Immigration Department following Carney's conviction at Chicago and Duluth and sentence to Leavenworth prison for his alleged activities against the United States Government.

All-Wool Sleeveless Slip-Ons
Our Mr. Mallek, who is now on a purchasing trip in the Eastern markets, has sent us an extra large shipment of All-Wool Sleeveless Slip-Ons. These are in a multitude of desirable colors and shades and practically every new style is represented—so a detailed description of them is out of the question, and we would advise a personal inspection. They were bought "right," however, and we are enabled to offer them at prices remarkably low, ranging from \$2.45 to \$4.50

Norwegian Engineer Here From China Formerly Operated in Local Coal Trade

On his way home to Norway Olaf Lied with his family are at the Empress Hotel. They will proceed immediately to Banff.

Mr. Lied is no stranger to Victoria, having operated on craft of the firm of Robert Dunsmuir and Sons, Ltd., in years gone by in the northern coal trade. He is a marine engineer by profession, and the last four years of his career have been occupied in a responsible position in the shipping industry in China. He points out that owing to the shortage of labor in the well established plants in the old world and the United States, so many Norwegian firms were unable to have their orders filled that it became essential to look elsewhere, to those parts of the world which had hitherto held little fame as shipbuilders. Thus it came about that plants were established in China where there are supplies of iron ore in the interior afford a great future for the steel industry.

In this connection Mr. Lied made an interesting comparison between the hematite ore of his native Scandinavia and the magnetite ore of Vancouver Island. He pointed out that so pure are many of the deposits in Norway that they go 90 per cent. iron ore. Owing to the lack of fuel, one of the reasons for which Spitzbergen has been transferred to the Norwegian kingdom, the ore has not been hitherto developed to the extent which they merit, but with the tremendous progress made in electric smelting, in which the Scandinavian countries lead the world, the absence of coal will not be felt, and the ore can be successfully smelted in the electric furnace to produce a high grade steel.

**\$25,000,000 WAS PUT IN TREASURY**

**British Bought With Great Success For Themselves and Allies**

London, Aug. 4.—Lord Inverforth, formerly Surveyor-General of Supplies in the British War Office, by world-wide purchases of raw materials on behalf of the Government was able to turn into the British Treasury on March 31 last \$25,000,000, representing profits on all transactions since 1914, according to his report which he has made to the Ministry of Munitions.

While the profits were large, Sir Arthur Goldfrank, Director-General of Raw Materials, points out that the economic benefits were far greater. The raw materials obtained were largely used in the manufacture of military equipment, with a direct saving estimated at more than \$500,000,000. The purchases were of wool, hides, leather, flax, hemp and similar materials.

**Insurance.**  
Insurance, generally taken out, served to more than make up losses from the submarine warfare, it was stated. The record of Lord Inverforth's activities is in contrast with results obtained by similar departments in other Allied countries.

Among the purchases were nearly 24,000,000 pounds American sole leather and 22,000,000 feet of American rubber.

Included in the chief items of textile and leather equipment for the army and navy, air force and other branches of the public service, for the Allies from August 4, 1914, to March 31, 1919, were: 61,899,622 pairs of boots, 11,528,000 yards of cotton drill, 60,317,000 yards of khaki, 10,314,000 yards of serge, 1,452,354 sand bags, 49,508,669 blankets, 23,776,345 jackets, 164,314,787 pairs of socks and 20,199,510 pairs woolen garments.

Contracts made with British manufacturers for the goods afforded them a larger profit than they made for similar work in pre-war days, it was said, and served to speed up production.

**INDIAN MEDICINE MEN.**  
In the Indian tribe one finds the "Medicine Man" one versed in the healing art of roots, herbs, leaves and bark. In these he discovers emollients, astringents, laxatives and tonics, all of which are prepared and offered to sufferers among the tribe. To such good, old-fashioned roots and herbs Lydia E. Pinkham's Vegetable Compound, the most efficient remedy in the world for female ills, owes its success. For forty-five years it has been restoring the women of America to health, and it is now recognized as the standard remedy.

**TERRITORIAL ARMY SCHEME IN BRITAIN**  
London, Aug. 4.—(Canadian Press.)—Recruiting for the Territorial Army in this country is now increasing steadily in nearly all parts of the country. The modification of the conditions of service which permits trained men enlisting for twelve months and renewing their engagements from year to year, has brought into the ranks a considerable number who found it difficult to commit themselves for a period of three years.

A further concession which has now been sanctioned will enable men who served for six months or more before the war, and are fit for general service, to enlist, even though they may not reach in all respects the physical standard required of other recruits.

**GERMAN SPY IN PRISON IN KANSAS**  
Leavenworth, Kan., Aug. 5.—Lotha Witsche, the only German spy sentenced to death in the United States during the war, has been received at the Federal prison here to begin serving a prison sentence. The death sentence was commuted by the President when he was a lieutenant in the German army.

During a naval engagement in the Atlantic Ocean, in which the Teuton warship on which he was cast adrift, was sunk, Witsche was cast adrift. He was picked up by a vessel bound for Mexico, and later made his way across the international line into the United States. He succeeded in making a number of maps and drawings of harbors and fortifications along the Pacific Coast, and returned to Mexico. There he became confident with an American of German descent, who induced him to return to the United States for further espionage work. He walked into a trap and at Nogales fell into the hands of Federal officers.

### Beware of TENDER GUMS

Unhealthy soil kills the best of wheat. Unhealthy gums kill the best of teeth. To keep the teeth tender keep the gums well. Watch for tender and bleeding gums. This is a symptom of Pyorrhea, which afflicts four out of five people over forty.

Pyorrhea menaces the body as well as the teeth. Not only do the gums recede and cause the teeth to decay, loosen and fall out, but the infecting Pyorrhea germs lower the body's vitality and cause many serious ills.

To avoid Pyorrhea, visit your dentist frequently for tooth and gum inspection. And use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean. Start using it today. If gum-shrinkage has set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

FORHAN'S, LTD., Montreal

the boys when the camp was ended. Geoffrey Frampton paid the Camp a visit over Sunday last, and held Service, addressing the boys upon the life of David, and pointing out particularly the urgent need of the boys to observe the tenth Scout law, purity of thought, word and deed.

To Niagara Canyon. First aid instruction and signalling took up most of the forenoon of each day, with swimming, but time was found to take several hikes around the country, one of the most interesting being to the Niagara Canyon, the Oak Bay Scoutmaster and one Scout attempting and making the climb to the point above the waterfall. A more lovely sight could not be imagined than the view of this well known Canyon, especially from the point above the waterfall.

Judge is Pleased. One of the most interesting incidents was a visit from a well-known Ontario Judge to the Camp, who addressed the boys, and expressed his very great pleasure at the orderliness of their Camp and its site, and praised the boys for their general appearance and the work they were doing, and his own personal interest in the Boy Scout work.

Altogether a more successful Camp from every point of view could not be imagined, the boys all returning in the best of health and spirits, and the time had passed so quickly.

Mrs. J. M. Horton Says It's Cheaper

She says she agrees with the Scotch lady who counts a saving of 50c a month on the milk bill. Mrs. Horton buys Pacific Milk by the case.

They have a large family and a case lasts only a month.

The saving amounts to nearly \$12.00 a year, she says. "Besides, it is better for cooking," Mrs. H. adds.

### REMARKABLE SCENES IN CITY OF PEKING

Capital of China Has 700,000 Population; Meeting of Old and New

Washington, Aug. 5.—"Until recently Peking, capital of China, with its 700,000 people, was the least known of the great cities of the world," says the second of a series of National Geographic Society bulletins dealing with the places on the itinerary of the congressional inspection trip to the Orient. "It took the Boxer Rebellion and the siege of the legations in 1900 to open the long-closed doors."

"Peking is a city within a city. The Chinese city, built in 1548, is the commercial centre. The Tatar city dates from 126 and includes the famous Forbidden City, of which the Dragon Throne of the Son of Heaven, Emperor of the Middle Kingdom, is the centre. The throne is of rare wood exquisitely carved. Just back of it is a screen of golden lacquer so dainty in design and execution that it gives the appearance of golden lace. Around the throne room are arranged the palaces, shut in by purple walls."

**Where Railway Enters**  
"The Chien-men Street bisects the Chinese city from the South Gate, where the railway enters, to the principal gate in the wall separating the Chinese from the Tatar City. Along this main thoroughfare there passes a continuous throng. There, too, may be seen the spring-rigged passenger cart with its blue arched roof and yellow wheels, corrugated metal tires and its awning sheltering driver and mule, or the Mongolian camel, and the ship of the Asian desert, and, interesting above all, the scarlet bridal chair with its piece of bacon and parcel of Heaven, surrounded by attendants making great din as they seek the right of way. Noisy vendors of amulets and medicines of ground tiger bones to strengthen faint hearts, and extracts of rat, snake, etc., make the hair grow, add to the din."

**Altar of Heaven**  
"On the east side of this roadway is an enclosure of about one square mile, which contains the Altar of Heaven, surrounded by shrines and temples, the most important of which is the circular, three-roofed marble Temple of Heaven, with pillars of Oregon pine and roof of deep blue porcelain tiles."

"Near the ornate Temple of Heaven is the Temple of Confucius, 'the most holy ancestral teacher.'"

"The Washington Monument of Peking is the famous thirteen-story Buddhist pagoda, from the summit of which a fine view of the city may be had."

"In the heart of the Tatar City is another enclosure—the 'Forbidden City'—in which stands the Imperial palace, distinctive in China because it is faced with yellow porcelain. Surrounding the palace are the gardens, reception halls, pavilions and offices formerly used by the emperor in conducting the affairs of the empire."

### FEED NERVES

## PLENTY OF PHOSPHATE IN SUMMER

**Keen Minded Men, Energetic and Successful Rely on It, Asserts Prominent New York Physician.**

Bitter-Phosphate a Godsend.

Men and women nervous and fretful, easily upset and often fatigued, need plenty of organic phosphate, and the sooner they heed this advice the better their health will be.

In every one of the millions of cells that make up your body, phosphorus is a most important part.

Your nervous system, your brain, your blood and even your bones must have a sufficient supply of phosphorus or weakness, nervousness and a general run-down condition, as well as lack of normal mental power is sure to result.

Big men of affairs—mighty men who control industries because of their will and power and nervous force—know this, or, if they don't, are clever enough to have a physician who does.

Physicians more and more are realizing that Bitter-Phosphate, as dispensed at drug stores, is a necessity to over forty per cent. of men and women, because present day foods do not contain enough phosphate to give the body and especially the nervous system the supply it needs.

Speaking on this very subject, Dr. Frederick S. Kalle, Editor-in-Chief of Physiological Science, said: "A nationally known author of medical text books, in a most emphatic statement said: 'If I had my way, Bitter-Phosphate would be prescribed by every doctor and used in every hospital.'

Later, Dr. Kalle said: "When the nerve tissue begins to lose its vitality, woman begins to lose her youth and vivaciousness. Her lively, pleasant disposition fades away—she becomes irritable, unaccommodating, moody and despondent. It would indeed be a pity if more men and women were aware of the efficacy of Bitter-Phosphate. Hot weather is dreaded by men and women, who are ignorant of the fact that Bitter-Phosphate, by keeping the vital system in vigor, breaks the force of the heat."

To all such people Bitter-Phosphate is recommended because it is the organic phosphate which, when absorbed by the system, will supply the element necessary for a vigorous, healthy body free from suggestion of weakness or disorder.

Your druggist has Bitter-Phosphate in the original package with complete instructions for best results.

**A REAL SIGN.**

**PENALTIES ARE TO BE MADE HEAVIER**

\$2,000 Fines and Imprisonment For Those Breaking Ontario Temperance Act

Toronto, Aug. 5.—It is believed that as an outcome of a conference between Police Magistrate George T. Dennison, of this city, and Hon. W. E. Rainey, Attorney-General of Ontario, \$2,000 fines for breaches of the Ontario Temperance Act, as well as imprisonment, may become 'fairly common in the Toronto police court. So far heavy fines have been uncommon.

**Druggists.**  
Toronto, Aug. 5.—Druggists have been warned by the Ontario College of Pharmacy that any druggist convicted of contravening the Ontario Temperance Act will lose his certificate and be prevented from acting as a member, director or shareholder of any incorporated company dealing in drugs or medicines in Ontario.

**The WEATHER**

**NEWS AND NOTES OF THE MINES**

**To produce Cheapest Steel**  
The world's biggest blast furnace has been successfully "blown in" at Ebbw Vale, according to the report given by Dr. E. B. Ross, chief physicist of the Bureau of Standards, which makes official tests for practically the entire national output of the United States.

Radium's use in the treatment of disease is the principal reason why the most valuable and mysterious of minerals is coming into more general use. Hospitals and institutions of research are the usual purchasers, Dr. Ross said.

Seventeen grams of the precious substance, worth approximately \$2,125,000, have been tested already this year. Tuesday a man appeared at the bureau with capsules containing one gram, worth \$125,000, the largest single amount ever received for testing.

This fortune concentrated in a few tiny particles looking like brown sand had been obtained from 125 tons of a mineral found largely in Colorado. After the amount of radium is determined officially it will be delivered to the Institute for Maginant Diseases at Buffalo, N. Y. Up to the present year, the total amount of radium tested in Washington was 43 grams, 19 of which came in 1919. As a gram is one-thirtieth of an ounce, the approximate amount of government-tested radium in the United States is two ounces, not taking into consideration losses that have taken place.

**CLIMBED FINLAYSON IN RECORD TIME**

Mountain Overlooking Saanich Arm Scaled in 55 Minutes

Three of the Fairfield Troop and four of the Oak Bay Troop of the Boy Scouts, have made a record ascent of Mount Finlayson. The time carefully checked was from Camp, one hour and a quarter, and the actual ascent being fifty-five minutes. This is believed to be a record, a path being found that led straight up to the top. The ascent was made during the recent camp at Finlayson flats.

An Oak Bay Scout, scouting around the summit, discovered a five cent piece, also a fine deer's horn. The view from the top on all sides was particularly charming, and the boys all felt well rewarded for their efforts.

The health of the camp was excellent. Dr. Barty very kindly paid a visit to the camp and expressed himself well pleased, giving the Lion Patrol and the Fairfield Troop particular praise for their very clean and orderly arrangements.

**Scouts Qualify.**  
The Oak Bay Troop had nine of their Scouts take preliminary instructions in the Pioneer Badge Work, and found it not only extremely interesting, but helpful in every way in bridge building, but making and various kinds of rope tying.

Besides this work, three Scouts passed their Master-at-Arms examination for this badge, one for cook, several for the cooking first class work and second class. Three Scouts made an effort and successfully cooked potatoes and meat in three different ways over a camp fire without the use of any of the ordinary cooking utensils, no pot, pan or dish of any description being allowed. Swimming was indulged in, and great improvement noticed in the

**SEATTLE AIRCRAFT  
PAYS FLYING VISIT**

Curtiss Seagull Lands in the Harbor From Lake Crescent

A glimpse into the future was accorded residents of James Bay yesterday afternoon, when a Curtiss Seagull belonging to the Western Aeroplane Company, of Seattle, glided down out of the skies, and settled in the waters of the Inner Harbor.

J. D. Hill, pilot, was in charge of the machine for Manager J. C. Sullivan, while A. J. Singer, of the Lake Crescent Tavern, with Henry Schmidt, of the Kelly-Springfield Tire Company, Seattle, also made the trip. The machine flew from Lake Crescent to Madison Park, Lake Washington, and thence to Victoria over the Straits, making the trip from coast to coast in thirty minutes.

The occasion of the aerial visitation was the forking out of landing places by the commercial concern, which secured floating rafts at all the American points at which they called. A scheduled service between coastal cities is being aimed at by the Western Aeroplane Company, which hopes to share in the United States mail flights projected to catch the Oriental mail at this point.

The machine was of the regulation Curtiss "Seagull" type, and carried a 160 horsepower motor, taking three passengers with ease. After landing, the aerial visitor was officially cleared at the customs as a "motor car." Pilot Hill spoke of his trip. He stated that the harbor was an excellent place for landing, were it not for the fact that danger from driftwood made the project somewhat hazardous. It is said that if the machine strikes a floating log it would be very badly damaged. Some specially allotted place for landing would be advisable, he stated, and would encourage flying between the two cities.

After leaving here the machine returned to Lake Crescent, with its passengers. The distance from Lake Crescent to Seattle is about 149 miles, and the Western Aeroplane Company is flying a passenger service there for some \$25 a head, single fare, which considering the distance and rapidity of transport is found to prove profitable.

On arrival at the other side the machine had to pass in at the customs again, being treated as an automobile.

**BUTCHERS GO TO BEACH**

Have Bonfire, Community Sing and See Single Men Prove Themselves Better Than Married.

Two hundred took part at Cadboro Bay yesterday in the picnic of the Amalgamated Meat Cutters and Butchers' Workmen of North America, Local 485.

The feature of the event was the butcher community sing at night when all huddled around a big bonfire on the beach.

The sports programme lasted from 7.30 to 6 o'clock. Single men proved themselves to be in better condition than the married men and won the tug-of-war.

Len Bailey and E. Jones tied three times in one of the fast races. Judges had to give up the problem of deciding which was the winner and awarded a double prize.

**Results of Sports.**

Boys' Race, Under 16.—1, Leslie Fox; 2, George Hill.  
Girls' Race, Under 16.—1, Roma Johnson; 2, Doris Rowe.

Boys' Race, Under 10.—1, Dudley Johnson; 2, H. Edwards.  
Girls' Race, Under 10.—1, Wenda Johnson; 2, Ella Barron.

Boys' Race, Under 8.—1, Andrew Hill; 2, Douglas Carter.  
Girls' Race, Under 8.—1, Carrie Greig; 2, Doris Carter.

Men's Open Race.—1, R. D. Black; 2, Gus Meehan.  
Ladies' Open Race.—1, Vera Harper; 2, Mrs. Batchelor.

Spoon and Potato Race, open to ladies and men.—1, Tom Milburn; 2, P. Fox.

Wheelbarrow Race, lady and gentleman.—1, Mr. Perry and Mrs. McGill; 2, Mr. Warr and Miss Crow.

Married Ladies' Race.—1, Mrs. Nott; 2, Mrs. Batchelor.  
Butchers' Race.—1, Gus Meehan; 2, Len Bailey and Ed. Jones, dead heat.

Ran three races and dead heat every time for second prize, so each obtained a prize.

Foot and Shoe Race.—1, Len Bailey; 2, Tom Milburn.  
Drivers' Race.—1, M. Black; 2, Mr. Perry.

Fat Man's Race.—1, Mr. Fox; 2, Mr. Greenshield.  
Butchers' Wives' Race.—1, Mrs. Leach; 2, Mrs. Milburn.

Tug-of-War, Single vs. Married.—Won by single men, two straight heats.

## Scott's

In honor of Miss Helen McNaughton, a picnic was given at St. Margaret's Bay, Gordon Head, on Monday, August 2. Miss McNaughton, who has been teaching school in Shanghai, China, for the past year and a half, returned recently for a month's holiday. Among those present at the picnic were: Miss Nora Truman, of Shanghai; Miss McNaughton, the Misses Uralia and Pomona Edwards, Minnie and Alexandra Williamson; Inez Mitchell, Ruby and Mary Clark, Rosette Townsend, Dorothy Todd, Dallas Cameron, Myrtle Lindquist, May Johnson, Inez Barker and Marjorie Watson.

A quiet wedding took place on August 4 at St. John's Church. Rev. P. A. P. Chadwick officiating, when William Johnston, third son of Mr. and the late Mrs. Johnston, of Eyre-court, County Galway, Ireland, and Lillian, youngest daughter of Mr. and Mrs. D. Hewitt, of Kirkstall, Leeds, England, were united in marriage. Their future home will be at Wellington.

Among the arrivals in the city yesterday were the wife and daughter and adopted son of J. W. Buckler; Mrs. J. W. the Misses Evelyn and Adeline Audrey May, Charles Hilda and William Ernest May; Buckler was recently transferred from Prince Albert to this city by the Metropolitan Life Insurance Company.

A party of Rotarians from Nanaimo returned down yesterday and registered at the Dominion Hotel. Included in the party are Dr. and Mrs. Brown, J. E. G. Partington, P. Cowman, M. L. Ironside, Mrs. Ironside, Harry Murphy and Mrs. Murphy.

At Breadalbane, 1185 Fort Street, the Rev. Dr. Campbell officiated at the marriage of Olin Barnett Hawkins and Mrs. Cora Louise Robertson, both of Seattle. The bridegroom was accompanied as groomsmen by George A. Putnam, and the bride was attended as matron of honor by Mrs. Vera Putnam. After a honeymoon in this city, Mr. and Mrs. Hawkins will make their home in Seattle, where they have many friends.

Mr. and Mrs. R. P. Butchart and their son-in-law and daughter, Mr. and Mrs. Ross, with Mrs. J. Palmer, of Chemahus, have been staying at the Riverside Inn, Cowichan Lake. During their stay they formed a party taking the trip down the Cowichan River by Indian canoe. Mr. and Mrs. Butchart have now returned to their home at Tod Inlet.

City Solicitor E. F. Jones, of Vancouver, is at the Empress Hotel, discussing the question of the serving of beer in club premises. It is possible that Mayor Gale, of Vancouver, may join him in connection with this and other matters of importance.

## Barrister-Journalist is Visitor to City

MRS. LIPSETT-SKINNER of Winnipeg, who is now spending a holiday in Victoria, is a well-known journalist of Winnipeg, having been for twelve years an editorial writer on The Winnipeg Telegram. Early this Spring, Mrs. Skinner was called to the Manitoba Bar, having passed the examinations in the University course and the Law Society's course. Her idea in studying law is not to practice as men do, but to use it for the advantage of women and children and to obtain a better understanding of the present systems of government and of international relations. During the recent election in Manitoba, Mrs. Skinner toured the Province in the interests of the opposition to the Norris government and had the distinction of being the first woman in the Province to take an active and leading part in a political campaign. She is a member of the executive of the Canadian Women's Press Club and a past president of the Winnipeg branch of the organization.

**LIEUT. GOVERNOR AT YESTERDAY'S FETE**  
Women's Auxiliary to G. W. V. A. Held Enjoyable Affair at Mrs. Palmer's

The Lieutenant-Governor formally opened the garden fete held under the auspices of the Women's Auxiliary of the G. W. V. A. at the residence of Mrs. Thos. Palmer, Pleasant Street, yesterday afternoon. His Honor commended the aims of the organization and congratulated them upon their excellent work, wishing them success in their venture.  
A big crowd of patrons created brisk business at the various stalls and as a result the funds of the Auxiliary will be augmented by a handsome sum. The many attractive booths included the following: Home cooking, Mrs. Minnie and Mrs. Kerr; groceries, Mrs. and Miss Forrester; plain work, Mrs. and Miss Morry; miscellaneous, Mrs. and Miss Lewis and Mrs. Wilkinson; ice cream, Mrs. Taylor and Mrs. Poock; children's clothes, Mrs. Morrison, Mrs. Hunt and Mrs. Cave; parson post, Mrs. James; refreshments, Mrs. Bryson and Mrs. Craigdale. High tea, under the convenship of Mrs. Hatcher, assisted by Mrs. McGregor and Mrs. Towel, was served during the course of the day by a corps of Girl Guides.  
T. Wright Hill superintended the shies at Aunt Sally's.  
In the evening a number of the young people danced on the lawn to the strains of music furnished by the G. W. V. A. band. An informal concert programme included Highland dances by Miss Shearer, accompanied by Piper Cameron; Miss Wallis, whistling solo; Miss Beatrice McDonald, song, and selections by Mr. Plowright's orchestra. An amusing sketch, "The Dear Departed," was also staged, the following well-known amateur artists taking part: Misses Hunt, Morton and G. Hickman; Messrs. Barry, Fawcett and Buckle.  
The cake was won by Mrs. Lockley, of Esquimalt; Mrs. King was the winner of the baby's sweater; the \$2 contributed by the South African Plumbe Shop went into the pockets of Victor Palmer; Mr. Allan, of the G. W. V. A., won the white silk comb.  
The Women's Auxiliary, with their president, Mrs. Ricklets, and Mrs. Palmer, the energetic convener of

**LATE COUNTESS AND OMEN OF DEATH**  
Curious Legend Concerns Screebe Lodge Where Countess of Dudley Drowned

London, Aug. 5.—The tragic death by drowning of the Countess of Dudley, recently, must inevitably draw attention to the strange prophecy or "death-omen" that is connected with Screebe Lodge. The lake where the tragedy took place is a very beautiful sheet of water, but is regarded with sinister interest by the natives of this charming part of Ireland.  
There is a local tradition that the centre of the lake contains a cavern of such fearful depth that it is usually spoken of as "bottomless," and the story runs that many years ago a member of the Dudley family wronged a peasant girl, who drowned herself in the lake. Her distracted mother put a curse upon the family, and said that the wives of the Dud-

## MAN FOUND DROWNED, MUST BUILD CITY WITH THROAT SLASHED FROM THE OUTSIDE

Horse Shoe Bay Yields Body of Missing Esquimalt Man

With gashes in his neck indicating that he had previously attempted to cut his throat, the lifeless body of a man believed by the police to be Fred Manely, of 782 Cave Street Esquimalt, was taken from the water at Horse Shoe Bay, Beacon Hill, this afternoon.

The body gave every evidence of having been only a short time in the water and Manely was last seen on Monday being missed since then. No theory advanced to account for the apparent case of suicide, and an inquest is to be held later.

In response to a telephone call from Mr. Ellis, Government Street, the police ambulance answered, and found the body of the man.

Coroner Hart was notified, and the remains removed to the B. C. Funeral Company's premises to await the inquest.

Among papers found in the pockets of the man was a subscription receipt from The Daily Times which aided the identification of the body.

## OFFICIAL DIRECTORS OF HOSPITALS NAMED

Partial List Will Be Published in To-day's British Columbia Gazette

Included in this day's issue of the British Columbia Gazette will be a partial list of the names of the officials comprising the board of directors of the various hospitals throughout the Province. Other names have yet to be selected before the official publication thereof. The term of office in each case will expire on July 31, 1927. Here is the partial list: Port Alberni, West Coast General Hospital; Hazelton, Macaulay and T. A. Armstrong; Ashcroft, Lady Minto General Hospital; S. D. H. Chisler, Barkerville, Royal Cariboo, L. A. Dodd and J. P. Boucher; St. Joseph's Hospital, A. B. Ball, Cumberland, Cumberland General Hospital; Chemainus, Chemainus Hospital; P. A. Jones and R. C. Mainguy; Cranbrook, St. Eugene, R. E. Beattie; Chilliwack, Rev. G. A. Reynolds; Duncan, Dr. H. P. Boucher; Fernie, Mrs. R. Duthie; Hazelton, H. H. Little and L. B. Keady; Kamloops, Royal Inland, P. Carr, Michel, R. Bell; Merritt, Nicola Valley General, N. J. H. Brown; Nakusp, S. J. Harlow; New Denver, Slocan, P. Amey; Omineca, Mrs. Fred King and Dr. J. McPhee; Nelson, Kootenay Lake, Christian, S. Fawcett and G. N. Gilchrist; North Vancouver, G. Chubb and I. B. Campbell; Princeton, Chas. Willerson; Powell River, St. Luke's, W. Daniels and N. Furness; Prince George, William Somerton and Mrs. Caroline Charlotte Ogilvie; Quesnel, J. Holt, Sandom, Miner's Union, W. J. Farkam, and A. McMillan; Silverton, J. H. Harris and J. Burry; Spring Island, Ganges, Lady Minto, C. C. Castle; Trail, L. F. Tyson and J. B. Gray; Vernon, Jubilee, Mrs. H. W. D. Smith and J. Miller; Ymir, W. A. Turner and A. Bremner; Port Simpson, General, Mrs. Margaret Kerwin; Grand Forks, General, E. C. Henniger.

## WOULD CALL EVENT BRITISH CONFERENCE

Ottawa, Aug. 5.—Speaking at the opening session of the Imperial Press Conference here this forenoon, Hon. Arthur Meighen, Prime Minister, extending the welcome of the people of Canada, referred to Lord Rosebery's speech in 1903, which was surrounded with the mystic light of prophecy, especially when he said "Welcome home."

He, Mr. Meighen, would simply say now: "Welcome home to Canada." The people of the Dominion would throw open their hearts and their homes, and, he remarked facetiously, "in some provinces their cellars."

He assured the visitors that they would find the bone and sinew of the Canadians was sound, their blood was red and pure, and the visitors would find nothing unhealthy in the body commercial of Canada.

**Mackenzie King.**

Hon. W. L. Mackenzie King, Leader of the Opposition, suggested that the word "Imperial" in the characterization of the Conference. The former was suggestive of spirit rather than of form and bespoke an attitude synonymous with freedom, justice and liberty, fair play and right. Moreover, it was all embracing and world embracing and distinctive. The word "Imperial" had come to denote a kind of centralization in all matters of organization and in method, autocracy rather than democracy, and as such was not expressive of the spirit of the several democracies that comprised the nationals of the British Commonwealth.

## ANFU LEADERS NOT CAUGHT YET

Peking Government Officials Have Not Succeeded in Capturing Them

Peking, Aug. 5.—(Associated Press) Despite the most vigilant guard over all exits from the Legation quarter of Peking, all persons passing being scrutinized by gendarmes, the searching of all going out through the city gates and the offer of rewards running as high as 30,000 taels for the principal offenders, none of the prescribed officials belonging to the Anfu group has been captured.

Mr. Thomson emphasized the importance of the visit to the city in the near future of the Imperial Press Conference—a body of men more important to the city than any other.

Rotarians were largely responsible for the work of the Development Association. Mr. Thomson assured the club. It was their support, he said, which would ensure its success in the future.

## GOOD WESTERN DISTRICT

On the other hand, the Metchosis, districts and neighboring sections, said Mr. Thomson, had quite as great possibilities as the Peninsula. In Metchosis last year, he mentioned strawberry growers had secured as much as \$17,000 an acre for their fruit.

"If we are to develop the city we must develop the great hinterland which surrounds it," Mr. Thomson said. "The Metchosis, however, which the attraction of tourists to the city was a matter of vital concern, and mentioned the tremendous growth of Los Angeles as the result of its tourist trade. "We have tremendous quantities of electricity going to waste every day," he observed, "so that industries in Victoria need not spoil the tourist trade by necessitating smoke stacks and smoke nuisances. They can be run by hydro-electric power, as are industries all along the coast."

## REGISTRATIONS ARE KEEPING UP AVERAGE

July Surpassed New Incorporations For Same Month Last Year

While the holiday month of July was not marked for any particular record in the number of companies registered in the month which closed last week, the corresponding month last year. In the "low" month of 1915 forty-one certificates were issued against fifty-six for the month which closed last week. In June of the present year sixty-eight new concerns were registered with the Registrar of Joint Stock Companies.

The following represents the week's business ending at noon to-day, official notation of which will be made in this day's issue of The British Columbia Gazette:

Motion Skreenadz, Limited, private company; authorized capital, \$50,000; registered office, Vancouver.

Mercantile, Limited, private company; authorized capital, \$10,000; registered office, Vancouver.

Worster, Potentia Development Company, Limited, private company; authorized capital, \$25,000; registered office, Vancouver.

Vancouver Laundry & Dry Cleaners Limited, private company; authorized capital, \$25,000; registered office, Vancouver.

D. M. Doherty, Limited; authorized capital, \$25,000; registered office, Vancouver.

Ford Lumber Co., Limited; authorized capital, \$25,000; registered office, Vancouver.

McKee's, Limited; authorized capital, \$100,000; registered office, South Vancouver.

Donation Logging Co., Ltd.; authorized capital, \$50,000; registered office, Vancouver.

Nicola Valley Silver Fox Co., Limited; authorized capital, \$25,000; registered office, Merritt, B. C.

Hardy Day Cold Storage & Fish Co., Limited; authorized capital, \$50,000; registered office, Vancouver.

Bevan Lumber & Shingle Co., Limited; authorized capital, \$50,000; registered office, Bevan, B. C.

B. C. Marine Engineers & Shipbuilders, Limited; authorized capital, \$1,000,000; registered office, Vancouver.

Nigel Island Lumber Company, Limited; authorized capital, \$50,000; registered office, Vancouver.

Extra-Provincial Company—Marine Union Manufacturing Company, incorporated in State of Washington, incorporated to do business in B. C.; capital, \$25,000; head offices, Seattle and Vancouver.

## BUSINESS PART OF COQUITLAM BURNED

C.P.R. Freight Sheds, Hotel and Other Buildings Are Destroyed

Port Coquitlam, Aug. 5.—The entire lower business section of this little city was destroyed by fire, which started shortly before noon and swept with great rapidity through half a dozen stores and several residences, causing a total loss in excess of \$100,000.

Shortly before one o'clock the flames leaped the Dewdney trunk road and set fire to the C.P.R. freight sheds. This building was soon reduced to an ash-heap and employees of the C.P.R. were valiantly fighting to keep the flames away from the passenger depot.

The fire started in the old City Hall, now used as a sort of fire headquarters. From there it leaped to the Coquitlam Hotel and the Rowland Block and postoffice, a concrete structure erected in the boom days at a cost of \$30,000. Within the short space of an hour these buildings had gone.

The old Coquitlam Star office was next to go, and the residences of Ronald O'Brien, the home of K. Mackay, another owned by Mr. Sibley, the Wilson poolroom and rooming houses, stables, blacksmith shops, two garages and some smaller buildings in the rear. All burned very quickly.

In the Rowland Block, a three-story building, the upper story is ablaze and it can not be saved.

The Royal Bank of Canada and several offices on the second floor were cleared of all furnishings as the flames got well under way.

## WOMAN OF TITLE WAS ASSASSINATED IN VALENCIA, SPAIN

Madrid, Aug. 5.—Count de Salvatierra, former Civil Governor of Barcelona, and his wife, were gravely wounded, and his sister-in-law, the Marquise de Lejars, was killed last evening in Valencia by five men who fired a volley of pistol shots into the carriage in which the three victims were riding. The Minister of the Interior states that the assassins, who escaped, were trade unionists.

## STAGING REVIVAL OF ROWING AT WINNIPEG

Winnipeg, Aug. 5.—The revival of the Northwestern Rowing Association regatta to be held in Winnipeg to-morrow and Saturday, will see many formidable crews battling for supremacy, entries having been received from Duluth, St. Paul, Regina, Fort William and Kenora.

Store Opens at 9 a.m. and Closes at 6 p.m. Wednesday 1 p.m.

## EMINENT SCIENTIST SECURES DATA

Dr. W. A. Stone Pleased With the Provincial Museum Collection

Dr. William A. Stone, a prominent scientist connected with the Smithsonian Institute at Washington, D.C., was in Victoria recently, and called on Francis Kernode, Curator of the Provincial Museum. Dr. Stone is widely known to the circle of those interested in anthropological and psychological research, and is computing data for publication along these lines.

He explained to the director of the Museum that he had been held up for the requisite data, but that on a visit to the local Museum, had found the very evidence that he required. Thanks to the completeness of the Provincial Museum, his work on these subjects is now nearing completion.

Dr. Stone arrived here from Kalamazoo, Michigan, recently. He wrote to the Victoria Development Association to thank the city for its courteous treatment of himself, and stated that he had been very much pleased by his reception at the Museum and all through his journey here.

## CAMBRIDGE RECEIVES VALUABLE ADDITION TO LIBRARY ON CHINA

Cambridge, England, July 15.—The priceless collection in the University Library, Cambridge, of books printed in the Chinese, Manchu, Korean and Mongolian languages, and of works concerning China in other languages, mostly English, has recently received a valuable addition in the shape of a bequest under the will of Henry R. Kinnear, of more than 400 volumes of the second class above mentioned, hitherto not to be found in the Chinese room, though a few of them already stand in the catalogue of the general library. Such duplicates, however, help towards completeness, in the sense that the whole collection under the two classes is housed in one large and lofty room, with electric light and telephone laid on—an ideally convenient arrangement for purposes of reference and research, the more so as the Chinese room leads directly into the Japanese room, where the student has at his elbow the extensive and well-selected collection formed by the late W. G. Aston, C.M.G.

The number of Chinese books has been swelled by recent additions to more than 5000 volumes, nearly all of which are bound in European style, and are, therefore, much more handy than when placed on the shelves with or without the usual Chinese wrappings, in both of which cases they would lie flat on their sides.

Mr. Kinnear, the library's latest benefactor, had spent 50 years in China (at Foochow and Shanghai), and was recently chairman of the Municipal Council, Shanghai. So far back as 1873 he spent a winter in Peking for the purpose of picking up a little of the so-called Mandarin colloquial, and ever afterwards he kept up a lively interest in the civilization of China, past and present, filling his shelves with books, many of which were of considerable value. There are several complete sets of periodicals and miscellaneous works.

## MADE HAPPY HERE

Automobile Travel Heads Hold Session: Visiting Motorists Praise Island.

Frank Bird of the Western Canadian Motorist Club, A. Sheler of the Automobile Club of Western Washington, and J. P. Edge Partington, secretary of the Nanaimo Automobile Association, gathered here yesterday in conference with Charles L. Harris, Secretary of the Island Automobile Club.

The four men are busy boosting motor travel in the Northwest. They said it was always a treat to come here.

"Everybody belonging to our club on his return from a tour of Vancouver Island raves about the fine treatment they receive here," said Mr. Sheler. "The automobile owners of the West are learning of the glories of this island. Everyone we meet extends us a merry welcome and they seem to put themselves out to make us happy and enjoy ourselves while we are here."

APPOINTMENTS MADE TO PUBLIC SERVICES

Official publication will be made in this day's issue of The British Columbia Gazette of the following appointments to the Provincial Service which have been endorsed by the Oliver Cabinet and approved by His Honor the Lieutenant-Governor:

To be a Justice of the Peace: John Effiant Howes, Salmon River.

To be an issuer of marriage licenses: H. M. Ramsay, Penticton.

To be Deputy of the Registrar-General of Titles: Harry Joseph Crane.

To be a Notary Public: John Longwell Grimison, Victoria.

To be a member of the Provincial Park Board: Thomas Sanderson, of the Municipality of Burnaby. Mr. Sanderson will take the place of Hugh M. Fraser, resigned.

His Honor has accepted the resignation of Frederick Newman, of Coblen, as a Justice of the Peace.

## FRENCH BANTAM WINS FROM NEW YORKER

Montreal, Aug. 5.—Charles Ledoux, French bantamweight champion, knocked out Johnny Frisee, bantamweight of New York, in the fifth round of a scheduled ten-round bout here last night.

## ARRESTED IN CHICAGO

Chicago, Aug. 5.—John Alexander, alias John Laranch, alleged international anarchist and said to be a member of the German Communist Labor Party, was arrested here to-day at the request of New York authorities.

## DID IT EVER OCCUR TO YOU?

The prices in a lot of ways. Have given us this notion? There are more sharks on land these days. Than in the briny ocean. And seeing people meekly pay those prices as they do. If you'll permit here, I'll say. There are more suckers, too.

—New York Evening Mail.

### FINAL SETTLEMENT OF LONGSHOREMEN'S TROUBLE AT RUPERT

Prince Rupert, Aug. 5.—Final agreement between the Grand Trunk

Pacific and the longshoremen has been reached. The men will be paid an increase of ten cents an hour for day work and will receive an increase of five cents an hour for work done pending a settlement. Four hours pay will be given when the men are called at midnight whether there is work or not.

### SMALL CRUISER YACHT MAKING LONG VOYAGE

Seattle, Aug. 5.—The 65-foot cruiser yacht On Time Again, built for a pleasure craft, sailed from here yesterday for Magellan, on the west coast of Lower California, via San

Francisco, manned by Capt. Cecil Newton, F. F. Davis and Ray Olson, of Seattle. She is one of the smallest vessels ever to attempt such a heavy voyage on her own power.

About half the time when a woman does hit the nail on the head she drives it in the wrong place.

### AERIAL MAIL LINE WILL LINK CITIES

Question of Mail Transfer at Victoria Now Interesting the Authorities

Progress is being made in connection with the plans for the establishment of an aerial mail service between Seattle and Victoria to connect with mail liners arriving and clearing from this port for the Orient. Apparently the chief trouble now confronting the authorities is the question of transferring mail from liners arriving here from the Orient to the hydroplanes which will carry the mail to Seattle.

Whether the mail pouches could be better handled from the wharf, or direct from the liner to the hydroplane is the big problem, writes J. O. MacLeod, chief of the railway mail service at Vancouver. Edward McGrath, superintendent of railway mail service at Seattle, Mr. MacLeod has forwarded another report on the situation to the Government at Ottawa.

"While no definite action has been taken at Victoria regarding the proposed aerial mail service between that port and Seattle, I am very much encouraged at the interest shown in the matter by the Canadians," said Superintendent McGrath, in an interview at Seattle. "Our plans are moving slowly, but I am sure it will not be long before Seattle will have the distinction of being the first city in the United States to receive international mail via the air."

It is expected that a day's time will be saved in transferring mail from the Orient to an hydroplane at this port, and after the service has been inaugurated the postmasters in China, Japan and the Philippines will be requested to segregate the mail before it is placed aboard the liners, thereby saving additional time in making deliveries.

### FINE REPAIR JOB ON PRINCE GEORGE

Men Worked Day and Night to Get Ship in Commission Without Undue Delay

Complete details of the repairs necessary to put the steamship Prince George in commission again after her unfortunate mishap in Seymour Narrows, were learned with the arrival of the G. T. P. three-stacker from the North. It was necessary to replace eleven plates and the stem bar, and the fact that the vessel was only out of commission for the one round trip is evident that not a minute was lost. Day and night shifts worked at Prince Rupert until the ship was refloated from the big pontoon dock. On arrival at Prince Rupert from the scene of the accident slight delay followed pending a decision as to whether the repairs be made at the northern port or at Victoria. The Prince George's bow had been crumpled for about five feet back. A part of the stem bar was replaced, new plates riveted, and the work completed so that the steamship was floated on Saturday evening. She was dispatched on schedule on her southbound trip from Prince Rupert. One hundred and fourteen hours was the exact time required to complete the work which was carried out to the entire satisfaction of the underwriters. In addition to the plates it was necessary to repair the braces and decking damage on the inside.

As the mishap was caused by the momentary jamming of the steering gear, this apparatus was given thorough testing while the vessel was out of commission. The Prince George will sail from Vancouver at 8 o'clock to-night on her return trip to Prince Rupert and Stewart.

### ALTA COMPLETING CARGO AT GENOA

Sailing Craft Will Take Stores Here Before Clearing For Africa

On Tuesday next the American barquentine Alta will complete her lumber cargo at Genoa Bay and will later come to Victoria to take aboard stores before clearing on her voyage to South Africa. The Alta's cargo will comprise about 1,600,000 feet of lumber.

The barquentine Conqueror is now completing on the Fraser River and will shortly be ready to sail for South Africa.

Forty Days Out. No word has been received of the barquentine Puako, Captain Helms, which to-day is forty days out from Honolulu, bound for Victoria. The vessel is making an exceptionally long voyage as the average passage by a windjammer from the Hawaiian Islands is under twenty days.

The Puako is under charter to load a cargo of lumber at Vancouver for Australia.

### ACQUITANIA MAKES RECORD PASSAGE

In a special telegram to The Times the Cunard Line announces the daily runs of the Aquitania, which has just been reconditioned and equipped with oil-burners, as follows: "From noon Tuesday to noon Wednesday, 247 miles, average 23.51 knots, total distance 2,128 miles, average 23.33 knots; Saturday to Sunday 492 miles, average 22.67 knots; Sunday to Monday, 541 miles, average 23.25 knots; Monday to Tuesday 548 miles, average 23.53 knots; Tuesday to Wednesday 547 miles, average 23.51 knots; total average, 23.33 knots."

### MONT ETNA TO ENTER DRYDOCK AT THIS PORT

The French steamship Mont Etna, owned by the Compagnie Generale des Transports Maritimes a Yaqueur of Marseilles, is due to leave Vancouver to-night to enter drydock at Esquimalt. Later she will go to Portland to load four for Europe.

### NAVY DESERTERS ARE ARRESTED

Winnipeg, Aug. 5.—Two sailors named Nichols and Upton, who deserted from the British naval draft on its way through Winnipeg about two weeks ago and were arrested here, were taken west by naval escorts last evening. They will be taken to China, where the squadron to which they are attached is stationed.

### TUG GOES ASHORE

Respond, Bound Here From Chemsinus, Touches in Sansum Narrows. While southbound from Chemsinus with two lumber-laden scoops in tow, the tug Respond, owned by Captain W. E. Gardner, of this city, last night went ashore on Burial Island, Sansum Narrows. The tug Hope has been sent to assist her.

### LINERS ALLOCATED TO PACIFIC ROUTES

Admiral Line Gets Five; Ten Others to Pacific Mail and Matson Lines

Washington, Aug. 5.—Allocation of fifteen new 12,600 deadweight ton passenger vessels now building in Pacific yards for service between the Pacific coast and the Orient was announced to-day by the United States Shipping Board.

Five of the vessels, all of which are to have a speed of seventeen knots, are allocated to the Pacific Mail S. S. Company for service between San Francisco, Honolulu, Yokohama, Shanghai and Manila. The Admiral Line is to operate five of the vessels between Puget Sound and the Orient and five other passenger liners will be put into service by the Matson Navigation Company between San Francisco and Honolulu. The Board expects to complete the first of the new liners, the Wenatchee, by September 15, for delivery to the Admiral Line.

The boats allocated to the Admiral Line, of which the Wenatchee is the first, will ply out of Seattle to the Far East, making Victoria a port of call.

### DISPOSAL OF WOODEN VESSELS IN STATES

Shipping Board Grappling With One of Its Most Serious Problems

Washington, Aug. 5.—(By Associated Press).—Disposal of more than 1,600,000 tons of wooden shipping—406 vessels of various types—built as a part of the Government's war-time merchant marine program, is one of the most difficult problems facing the Shipping Board. Twenty-one of the craft, aggregating 82,000 deadweight tons, were offered recently, but no buyers were found.

Only 194 of these wooden craft are now in operation. Seventy-three are tied up at various ports under managing caretakers and 129 are in storage yards. One hundred and seven of those in "storage" are finished hulls, while 32 are converted barges.

Officials of the Board say that when the serviceability of the wooden fleet has been demonstrated little difficulty will be experienced in turning it over to private ownership at about \$90 a ton. These vessels were built in an emergency, many of green timber, and some of them made poor showings a year and two years ago but now that they have "seasoned" officers of the Board consider them practicable cargo carriers.

Because of the bad record of some of the vessels operators have condemned them all, officials declare, whereas the records of those now in operation show very "creditable performance." One wooden ship out of six round trips across the Atlantic in six 500 days and in port an equal number, was laid up for repairs only 22 days.

To date 522 wooden and composite ships, aggregating 1,948,250 deadweight tons, consisting of 322 cargo ships, one tanker, 115 finished hulls, ten sailing craft, 56 hulls converted into barges and 50 standard barges, have been delivered to the Board. A total of 114 of these vessels, aggregating 397,285 deadweight tons, has been sold and 12 totalling 44,546 tons have been lost at sea.

The total cost of the construction of this fleet, estimated by the Board at \$170 a deadweight ton, was approximately \$122,000,000. Sale of the 1,500,000 tons now held by the Board at \$90 a ton would yield \$135,000,000. Those already sold brought about \$25,000,000, so that if the 406 remaining in the Government's possession are disposed of to private owners the total loss through the wooden ship venture would be something like \$170,000,000.

4 Miles from Victoria. An exclusive family hotel, catering to children. Situated on the clean, safe sands of beautiful Cadboro Bay. An ideal playground for the kiddies as well as a quiet home-like rest spot for the grown-ups. LUNCHEONS AND DINNERS Weekly Terms to Families

AN EXCELLENT TABLE Bathing and Boating. AFTERNOON TEAS AND ICE CREAM, ETC. One Own Garage. Stuart Armour and Frances Mary Armour, proprietors and managers. Stuart Armour was formerly Manager at Hotel St. Francis, Mount Stephen House, Field, at Chateau Lake Louise, for the Canadian Pacific Railway Co. Telephone 71280.

The first time I heard that joke I laughed till the tears rolled down my bib.

One in every ten Canadian earners is a railway employee.

ON two million wheels rolls the traffic of Canada's steam railways.

As each train reaches a divisional point these wheels must be tested. For this work nine hundred car inspectors are required.

While the train crew pick up their orders, while engines are changed, while ice and water tanks are recharged, the Car Inspector strikes each wheel and axle—and listens for the false note that marks a flaw.

Though he rarely finds one, the vigilance of the railways cannot on that account be relaxed—and 3,500,000 hours of labor must be paid for this service alone every year.

In 1913, the car inspector received 26 cents per hour for a 10 or 12 hour day.

To-day he is paid 67 cents per hour for an 8-hour day, and \$1.01 for every hour or portion of an hour thereafter!

The wage bill of the railways for car inspection alone rose from \$757,373 in 1913 to \$2,260,756 in 1919!

MOST of the increased cost of railway service in Canada goes back, directly or indirectly, into the pay envelopes of Canadians and the cash registers of Canadian merchants.

Increased freight rates are imperative, not only in the interests of the railways but of the individual citizen and the community as a whole.

This is the sixth of a series of advertisements published under the authority of The Railway Association of Canada

Beekers Invited—Many beekers in the Victoria district will learn with interest that arrangements are planned by the Beekers' Association of British Columbia to stage an exhibit at the Vancouver exhibition. In conjunction with the exhibit, there will be a conference on September 15. Well-known speakers will address the conference. Entry forms may be obtained from H. S. Robinson, 138 Hastings Street West, Vancouver.

Middy Clearance. Investigate New Wall Scheme—The City Engineer's Department yesterday investigated a new system of building walls by use of peculiarly shaped hollow A wall built of the blocks examined would possess the peculiar advantage that at no place would there be a solid mass between the outer air and the inside of the building. Even at the joints there would be air spaces. On account of course, in cold weather, moisture would not accumulate on the inside of the wall. The system is to be used extensively on the prairie and in the East. Civic officials expressed themselves as much impressed with the idea which was originally suggested.

Farmers! Let us give you a few facts proving the economy and labor-saving features of tractor operation. Now, before Fall ploughing commences, is the time to go into this matter of power for the farm. The prices of our dependable tractors are: Beeman Tractor \$395. Avery Tractor \$900. Thomas Plimley. IF YOU GET IT AT PLIMLEY'S IT'S ALRIGHT. Broughton Street Phone 697

BRIEF LOCALS. Bank Clearings—Bank clearings for the week ending to-day were \$2,094,291 as compared with \$2,193,710 in the corresponding week of 1919. Appoint New Teacher—Miss Burridge of the Esquimalt High School staff, has been appointed to a vacant position on the Oak Bay High School staff by the Oak Bay School Board. No Meeting This Evening—Owing to the fact that the Sanctioning Council is not ready to proceed with the passage of the water and sewer bylaws, the regular meeting due this evening has been postponed until early next week. Impressed With City—Eton H. Jessup, associate editor of Outing, New York, is on the coast, and recently visited Victoria, preparing an article on Canada's Merchant Marine for that publication. He was much impressed with the surroundings of this city. Rotary Club Luncheon—A unique introduction "stunt" was one of the features of the Rotary Club luncheon at the Empress Hotel at noon to-day. P. C. Abel conducted the affair and presented as a booby prize to L. D. McLean a ouija board which, he said, would enable him to find out and remember the names and business classification of all members. Amateur Photographic Society—The Amateur Photographic Society will hold a meeting to-morrow evening at eight o'clock in the Exhibition Room, Library, Parliament Buildings, for further organizational purposes. It is particularly requested that all amateur photographers will attend. Wanted a Typewriter—The loan of a typewriter would be greatly appreciated for Lieut. Bowan who is a patient in the Tubercular Ward, Jubilee Hospital. Anyone having a typewriter who would be kind enough to loan it please communicate with the Red Cross Rooms, 117 Belmont House. Phone 6652. To Continue Firemen's Dances—Owing to the firemen's dances having been such a great success they have decided at the request of their many patrons to continue these weekly dances every Thursday evening throughout the season. The next dance will be held this evening as usual in headquarters, from 8.45 to 11.45 o'clock. Oak Bay Trial To-morrow—Held in connection with the fifteen cases of whisky found by the Oak Bay police at 2578 Beachway Avenue, Henry Forbes, charged with being in possession of the liquor will be tried in the Oak Bay court at the Municipal Hall, commencing at 4 p. m. to-morrow. The capture is one of the largest made on the Island, being estimated at well over \$5,000 in value for the liquor seized. Forbes was arrested together with a helper, Thomas Ard, after being under police surveillance for some time. Ard being fined \$100 yesterday for his share in the proceedings. Fire Across Straits—Residents of the waterfront district were treated to a wonderful spectacle last night, when a forest fire at the back of the Olympic mountains in the region of Dungeness, midway between Port Townsend and Port Angeles on the American side, lit the sky for miles around. About ten o'clock the flames could be seen distinctly from the beach at Uplands and the brilliance of the lurid glare and extent of the fire suggests that a very considerable area of timber is in flames. The fire has been raging for some days. Receive Challenge—Confident of victory the Vancouver Rotary Club has challenged the Victoria Bohemians to a baseball game to be held immediately. Rotarian "Bill" Agnew of the mainland city club, attended the local club's luncheon to-day, and warned the Victorians that they could look for a hard tussle if they accepted the challenge. President Denham replied that Victoria and the sure would be on hand to wallopp the Vancouverites if the latter could really, as they claimed, field a team. The Victoria men were invited also to attend a picnic at Vancouver in the near future. This morning at the private chapel at St. Ann's Academy, services were held over the remains of Sister Mary Georgie (Eugenie Laperle), who died at St. Joseph's Hospital on Tuesday. The late sister was forty-seven years of age and a native of St. Malvin, Quebec. She had been with the Order of St. Ann in Victoria for the past eighteen years and was a member of the teaching staff of the academy. The requiem mass this morning was solemnized by the Rev. Father Leterme, who also officiated at the graveside in St. Ann's Cemetery. Right Rev. Bishop Macdonald delivered a funeral oration, extolling the virtues of the departed sister. The pallbearers were: J. J. Wilson, W. McGregor and P. D. Goepel. Mrs. Ann Littlefield, mother of City Police Constable Fred Littlefield, died suddenly last night shortly after eight o'clock at her home, 814 Broughton Street. The late Mrs. Littlefield, who was seventy-five years of age and seemed in excellent health yesterday, enjoying a motor drive in the afternoon and partaking of a hearty supper. Death was due to heart failure. She was born at Guernsey, Channel Islands, and came to Victoria eight months ago, making the long journey alone. She was a passenger on the S.S. Carmarthen at the time of its collision with the steamship Maryland. She is survived by three sons, three daughters and sixteen grandchildren, including Mrs. F. Hobbs, Mrs. A. Dorey and Constable Littlefield of this city, one son serving at a British naval station in China and one son and one daughter with grandchildren, in Guernsey. The funeral will be held from the B. C. Funeral Chapel on Saturday at 2 p. m. Interment will be made at Ross Bay Cemetery.

WM. BRAID & CO. Vancouver, Canada. "Packers of the Famous 'BRAID'S BEST' Tea and Coffee". The Romance of a Great Industry. It is estimated that over five million persons are dependent on the cotton trade. The capital employed in the industry is considerably over a hundred million pounds. Why are certain industries monopolized by certain cities and countries? Everybody knows why it is foolish to carry coals to Newcastle while it is profitable to carry them to Pennsylvania. There is no mystery in the fact that we get coals from Colchester and not from Burnley. There is an evident explanation of why Lancashire, Yorkshire, and the Midlands, with their coal mines, are great manufacturing districts, while there are few factory chimneys in Hampshire and Sussex. But why is Sheffield—steel and its next-door neighbor, Leeds, woolen? Why are the Lancashire mills devoted to cotton and the Yorkshire mills devoted to pure local industries. A variety of causes have made Lancashire the County of Cotton. Industries have frequently begun immigrations. The Huguenots brought silk weaving to Spitalfields. The Flemish brought the manufacture of worsted to Norwich. The century before Edward III, the greatest of the Plantagenet kings and a far-sighted statesman, persuaded a number of Flemish artificers to settle in Manchester, and this was the beginning of the industrial history of the city and of Lancashire. In the reign of Queen Elizabeth, woollen goods were made at Manchester. In the early years of the eighteenth century there were sixty water mills on the Irwell, in which "rustles, tickings, girth-webbs and tapes" were manufactured. The people of Manchester were interested in every new thing, and they were constantly improving their mills with fresh and ingenious contrivances. Until the close of the eighteenth century, all the raw cotton imported into England came from India, Egypt, and the West Indies, and it was exclusively used either for candle-wicks or for mixing with flax or wool. The cotton used in the manufacture of the flax or wool supplied the warp. But Richard Arkwright, a Bolton barber, invented a method of producing yarn from cotton. He used the warp and made other improvements in carding, drawing, and spinning, and in 1785 the cotton industry began to develop at an unprecedented rate. Arkwright was a Lancashire man, but his first mills were set up in Derbyshire. Crompton, a Lancashire mechanic, and James Hargreaves, a Bolton clergyman, invented the "mule" and the power loom, and the steam engine was first used for the manufacture of cotton in 1785. What Lancashire Owe to America. We have arrived, at some of the causes that have made Lancashire the cotton county. The mechanical character and experience of its people, the fact that the first cotton mills were established in the county, the existence of mills, and when the steam engine came, the possession of coal were all contributory causes. In 1843 another factor was introduced. In that year, the first cotton imported from the United States reached this country. It only consisted of eight bags weighing 1,200 pounds. Eight years afterwards, 20,000,000 pounds of cotton was imported from America. In 1860, just before the American Civil War, we obtained 82 per cent. of our cotton from the United States. Liverpool was the port to which the cotton was shipped, and it was natural and inevitable that the cotton landed at Liverpool should be utilized in the mills in the neighboring cities and towns. The dependence on one source of supply had the most disastrous results when the Civil War caused the American supplies to be cut off. In 1862 the imports from America were one-fourth of the imports in 1859. Fervent efforts were made to obtain supplies from other countries, but without much success, and the pound of cotton that cost 5 1/4 d. in 1860, cost 2s. 7 1/2 d. in 1864. India, China, Egypt, South America and the West Indies all produce cotton, but the United States is still responsible for more than half the world's crop and Lancashire remains her dependent. Cotton's Voice in Politics. Crompton and Arkwright provided the means for the great increase in the manufacture and consumption of cotton goods at the end of the eighteenth century, during the years that mark the beginning of the industrial era. The effect that the development of machinery had on the lives of the people, the unrest caused by changing methods, and the political history of the century. All through the nineteenth century cotton was, indeed, the dominant industrial voice in politics. In 1841 a power loom was constructed that reduced the labor of the weaver by one-half, while it vastly increased his output. Similar improvements followed, one after another through the century, with the result that quality was improved at the same time that output grew. A notable event in the history of the Lancashire cotton trade was the

A COUNTY OF COTTON. The Romance of a Great Industry. It is estimated that over five million persons are dependent on the cotton trade. The capital employed in the industry is considerably over a hundred million pounds. Why are certain industries monopolized by certain cities and countries? Everybody knows why it is foolish to carry coals to Newcastle while it is profitable to carry them to Pennsylvania. OBITUARY RECORD

The funeral of the late Ronald Weldon (Boy) Gibbs, the two-year-old son of Mr. and Mrs. Ronald Gibbs of 101 Simcoo Street, whose death occurred last Monday, was held yesterday afternoon at 2 o'clock from the chapel of the Sands Funeral Company. Many friends were in attendance and the funeral of two hymns, hymn sung was "Safe in the Arms of Jesus." Rev. Dr. Campbell officiated at the service and at the graveside in Ross Bay Cemetery. The funeral services of William Evans, aged 75, who died at his residence, 3147 Quadra Street, were held yesterday afternoon at 2.30 o'clock from the above address. Many friends were present at the very impressive service, which was conducted by the Rev. H. V. Hitchcock, at which the hymn "Safe in the Arms of Jesus" was sung. Many floral tributes covering the casket testifying to the high esteem in which Mr. Evans was held. The pallbearers were: E. J. Stead, R. E. Ford, H. P. Thorpe, J. McLennan and D. Hodgson. Interment was made in Ross Bay Cemetery. The funeral of the late Mrs. Lily Rogers, wife of George Rogers, took place yesterday afternoon from the B. C. Funeral Chapel, 215, proceeding to St. Mark's Church, Boleyns Road, where service was conducted by Rev. H. V. Hitchcock, assisted by Rev. F. H. Fatt. The services were rendered: "Peace, Perfect Peace," and "Now the Laborer's Task is Done." Many friends of the family were present and many floral tributes were sent. The remains were conveyed to St. Michael's Cemetery, Ross Bay, for interment. Rev. C. R. Little conducting the service at the grave. The pallbearers were: J. Stuart Yates, J. McLaughlan, A. B. Watson, J. J. Wilson, W. McGregor and P. D. Goepel. This morning at the private chapel at St. Ann's Academy, services were held over the remains of Sister Mary Georgie (Eugenie Laperle), who died at St. Joseph's Hospital on Tuesday. The late sister was forty-seven years of age and a native of St. Malvin, Quebec. She had been with the Order of St. Ann in Victoria for the past eighteen years and was a member of the teaching staff of the academy. The requiem mass this morning was solemnized by the Rev. Father Leterme, who also officiated at the graveside in St. Ann's Cemetery. Right Rev. Bishop Macdonald delivered a funeral oration, extolling the virtues of the departed sister. The pallbearers were: J. J. Wilson, W. McGregor and P. D. Goepel. Mrs. Ann Littlefield, mother of City Police Constable Fred Littlefield, died suddenly last night shortly after eight o'clock at her home, 814 Broughton Street. The late Mrs. Littlefield, who was seventy-five years of age and seemed in excellent health yesterday, enjoying a motor drive in the afternoon and partaking of a hearty supper. Death was due to heart failure. She was born at Guernsey, Channel Islands, and came to Victoria eight months ago, making the long journey alone. She was a passenger on the S.S. Carmarthen at the time of its collision with the steamship Maryland. She is survived by three sons, three daughters and sixteen grandchildren, including Mrs. F. Hobbs, Mrs. A. Dorey and Constable Littlefield of this city, one son serving at a British naval station in China and one son and one daughter with grandchildren, in Guernsey. The funeral will be held from the B. C. Funeral Chapel on Saturday at 2 p. m. Interment will be made at Ross Bay Cemetery.

THAT TREASURED CURL. Only a lock of Auburn hair. Only a little curl, given to him at his own request. By a blue-eyed, saucy girl. "Only a lock of hair," he said, "Here—oh, infinite bliss! Hair is plentiful everywhere, But not such hair as this." "Only a lock of hair," he sang, "I'll treasure it forever, I'll have it set in a frame of gold, And part with it—ah, never!" "Only a lock of hair," he wrote, "He was a bard as well as a poet. 'I shall lead me on to unseen heights, Where fame and glory dwell." Only a lock of hair— Wouldn't he fairly write, And howl with passion, if he knew That lock of hair was false!

INDIAN THREATENS CATHOLIC PRIEST. Ten-Year-Old Fled Imperilled Life of Father Allard. Father Allard, senr. has gone up to Fort St. James, where he will spend a few weeks relieving his brother at the Indian mission, who is about to take a vacation in Prince Rupert, says the Nechaco Chronicle. The Indian mission school has been closed for the summer holidays. While in Atlin some time ago, Father Allard was met at the wharf by an Indian whom he had sent from the community on account of bad conduct ten years ago. The Indian, seeking revenge, followed the priest up to the native village with a forty-four gun and told Father Allard that he had come for him, and exhibited the weapon mentioned and also a dagger; so the priest ran into a house. Then the Indian went to a window and while pointing the gun at the priest was attacked by other Indians who prevented the shooting taking place and the "bad" man was afterwards arrested. Father Allard will likely come up at the Fall assizes held in Prince Rupert. Father Allard has already given the authorities a statement of the incident.

opening up of China to foreign imports. Between 1820 and 1840, Lancashire thrived on its trade with America and the Continent of Europe. After 1840 the Continent began to manufacture for itself, and the high protective American tariffs, that were imposed after the Civil War, and which continue to this day, finally killed the trade with America. A new and a greater market was found in China, and from 1870 to the opening of the great war one-third of Lancashire's cotton goods was exported to the Far East. "Lancashire Thinks To-day"—By the time of the Reform Bill in 1832, Lancashire had become the great manufacturing centre of the country. The manufacturers were naturally eager to produce as cheaply as possible, partly because they were selling largely in foreign markets. Cheap manufacture depended on cheap food, which meant the repeal of the Corn Laws and the importation of foreign wheat. The Anti-Corn League was founded at Manchester in 1839. Its most prominent leader being Richard Cobden, a partner in a printed cotton factory. John Bright, Cobden's most famous associate, was a Rochdale manufacturer. Under these Acts it was permissible to employ children for half-time. In recent years this half-time system has been considerably modified, and the operatives, who used to dread the loss of their children's wages, are now at least half convinced, that child labor is an economic as well as a social evil.—Tit-Bits.

Why Castoria? YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrups were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupefy the child and give the appearance of relief from pain. It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers. A remedy ESPECIALLY prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for herself! without consulting a physician.

900 DROPS. CASORIA. The Proprietary System. A Vegetable Preparation for Assuaging the Bowels and Stimulating the Stomach and Digestion. INFANTS CHILDREN. Thereby Promoting Digestion, Cheerfulness and Rest. Contains neither Opium, Morphine nor Mineral. NOT NARCOTIC. A Helpful Remedy for Constipation and Diarrhoea, Colic, Green Stools, and Feverishness and Loss of Sleep resulting therefrom in Infancy. The Sincere Signature of Chas. H. Fletcher. THE CANTON COMPANY, MONTREAL, P.Q. 35 Doses, 40 Cents. EXACT COPY OF WRAPPER.

Announcing the Arrival of New Styles in Gerhard Heintzman Pianos. Two beautiful new case designs are included in this latest shipment of Gerhard Heintzman Pianos. One is a Sheraton design of remarkable beauty; the other is a perfect example of the Louis XV. style of furniture architecture. Both these instruments embody the refinements of tone and workmanship typical of all Gerhard Heintzman Pianos. May We Show Them to You To-day? WESTERN CANADA'S LARGEST MUSIC HOUSE. 1121 Government Street and 607 View Street.

FLETCHER BROS. MIDSUMMER MODES. The hat and the purse often match in color. Black taffeta is very smart for afternoon wear. Dotted swiss is especially popular this season. Flowers trim—cosumes, head-dresses and hats. A single taffeta foundation serves for several frocks. The most popular shade in neck-wear is toast color. Flocks of gingham often have waists of plain material. The three-quarter length sleeve is featured in some suits. Surf satin and gabardine are most used for tub skirts. Many a tailor fastens its very own cape to its shoulders.

Children Cry For Fletcher's CASTORIA. Have You Tried It? Everybody has read the above headline; how many believe it? Have you a little-one in the home, and has that dear little mite when its stomach was not just right felt the comforts that come with the use of Fletcher's Castoria? You have heard the cry of pain. Have you heard them cry for Fletcher's Castoria? Try it. Just help baby out of its trouble tomorrow with a taste of Castoria. Watch the difference in the tone of the cry, the look in the eye, the wiggle in the tiny fingers. The transformation is complete—from pain to pleasure. Try it. You'll find a wonderful lot of information about Baby in the booklet that is wrapped around every bottle of Fletcher's Castoria. GENUINE CASTORIA ALWAYS Bears the Signature of Chas. H. Fletcher.

## New Club Formed by Water Polo Players

Y. M. C. A. and V. I. A. A. Teams Amalgamate and Named New Body Victoria Water Polo Team; Considered Strong Contenders For P. N. A. Polo Championship.

A meeting of the water polo players of the Y. M. C. A. and V. I. A. A. was held last evening for the purpose of forming a distinctive club so that there could not possibly be any confusion in the event of the joint team being successful in winning the Pacific Northwest championship water polo on August 14. After a lengthy discussion it was decided to apply to the Canadian Amateur Swimming Association for the affiliation of a water polo club which would be made up of players of the Y. M. C. A. and V. I. A. A., and which is to be named the "Victoria Water Polo Team."

Have Fine Team. According to water polo critics the two teams, the "Probables" and "Possibles" represent the finest exponents of this branch of sport ever seen in this city or western Canada.

It is expected that at to-night's practice of the V. I. A. A. ladies' team under the captaincy of Mrs. Harold Martin, a famous ex-English international player, will join the Polo Club. The ladies' team is creating considerable talk all over the Northwest and their services are already in demand. Seattle Crystal Pool, which is also forming a team, have asked for the team to visit them later in the season. A trip to San Francisco is also a possibility, as W. H. Spalding, late President of the V. I. A. A., and now one of the Executive of the Olympic team, is trying to follow Victoria's lead and form a team in that city.

## Famous Track Athletes In Training at Antwerp

Antwerp, Aug. 5.—Associated Press.—Unless the American transport Matoka arrives sooner than now expected, the United States athletes will be among the last delegations for the stadium events to reach Antwerp. Athletes of other countries were training at the stadium Wednesday. Among them were twenty-one Italians with Platt Adams, their American trainer.

Thirty-one members of the Canadian team also have arrived here, among them Earl J. Thompson, Dartmouth's hurdler, who holds the world's record in the 120-yard high hurdles. Thompson is of Canadian parentage.

## GENERAL LECKIE NEW HEAD OF RIFLEMEN

Elected President of B. C. Rifle Association; Next Meeting at Heal Range

Major-General R. G. E. Leckie, C. M. G., R. O., of Vancouver, is to be the new president of the British Columbia Rifle Association. He received the appointment when the new council of the association convened. Major-General Leckie, one of the most popular officers in the district, succeeded General Sir Arthur Currie, who becomes the senior vice-president.

## PLUNGING TESTS TO BE HELD BY V. A. S. C.

Additional Competitions of Interest to Swimmers to Be Staged

Arrangements are being made by Hartrick Dunn, of the V. A. S. C., to hold a series of plunging competitions this month at the Gorge clubhouse. Many swimmers are now taking a great interest in the plunging and some of the V. A. S. C. ladies have done remarkable well.

## Vancouver Tried to Win Game by Talking; Failed

Beavers' Only Run Scored When Morton Threw Ball Into "Doghouse" in Fourth; Cooper Could Not Hold Capitals in Check Through Whole Game; "Baseball Day" a Success.

Victoria, 2; Vancouver, 1.

Vancouver tried to win yesterday's game by talking, but the Capitals refused to come back with even a whisper; they played baseball and won. Had it not been for child's play on Morton's part in the fourth inning the Beavers would have suffered their third straight shutout. Smarting under the sting of the two previous defeats the Brown party strived hard for a win. Guy Cooper, a big league prospect, was sent in to do the twirling for the visitors. When they found that the Capitals were tucking the

Beavers brought their tongues into play and for a time the babbles were worse than that which made Babe famous. But all the chatter availed them little, for Empire Schilling was deaf to the verbal violence of Bob Brown, Patterson and the smaller fry.

The field sports which preceded the ball game resulted in a tie, each team having obtained first in two events and it was decided to let the game decide the "rubber." Harry Morton, the league's leading pitcher, was Leard's selection, while Cooper was sent to the mound for Vancouver. A pitchers' battle was expected and the fans certainly saw a beauty. Morton let the Beavers down with three hits, while Cooper was only touched up for four. The Vancouver twirler was not as steady as Morton. Only thirty-one men faced Morton in nine innings, while thirty-three men swung their clubs at Cooper's offerings in eight innings.

Vancouver's Talley. During the first three innings the teams ambled along in one-two-three order, grabbing one hit apiece. In the fourth Purcell, the Beavers' first baseman, batted one to left centre and pulled up at second. The Vancouver players in what Empire Schilling terms "the doghouse," were tagging Morton considerably and irritated the big fellow so much that he threw the ball in among them. This action caused a general movement of the visitors towards Morton. Cooper and Morton wanted to fight, but nothing happened. As a result of Morton's work Empire Schilling allowed Purcell two bases and as it happened this was Vancouver's only Schilling permitted Morton to resume his pitching.

Capitals Come Back. Vancouver held the lead for an inning and then the Capitals made the Beavers see red. In the fifth Dempsey got a life when Wilson and McNab collided in left field after chasing his high drive. Grover Land followed with a hot double to left which sent Dempsey to third. Morton worked Cooper for a pass, but there was an awful lot of talking over it. Elliott became the day's hero by slapping a drive towards second. Scott knocked down the ball, but was too late to catch Elliott at first. Dempsey scored and Land rambled home when Scott kicked the ball around. Eight men faced Cooper in this inning and it took exactly twenty minutes to retire the side due to the wrangling tactics of the visitors.

Zienke's beautiful running catch of Hinkle's drive to short centre, which resulted in Scott being doubled at second, was the feature of the day and saved Morton from considerable trouble.

Winners in Sports. "Baseball Day" attracted about 2,000 fans, who took a great interest in the sports which preceded the game. When the Vancouver centre fielder, surprised everyone by circling the bases in fourteen seconds, just one-fifth of a second slower than the world's record. Elliott and Church, the best local runners, took a second longer to make the trip.

The Colleries-Vets and Yawros are all primed for their battle at the Stadium to-morrow evening at 8:15 o'clock. The teams will comprise the following: Vets—H. Copas, Roy Copas, J. Cummins, R. Ross, H. Mellivrie, S. Pettigrew, A. Straith, N. Lalonde, Haley Jackson, Jack Cathcart and Fred Liddell. Yawros—H. Brown, F. Milne, Potts, Gandy, McGregor, Robinson, Todd, Mel-drum, Romans, Pickers, E. Brown.

It is expected that a large crowd will turn out to see these rivals match their bats.

Other P. I. Games. At Yakima—R. H. E. Spokane 6 12 0. Batteries—Lambert and Fisher; Eastey and Cadman. At Tacoma—R. H. E. Seattle 9 3 1. Batteries—Edwards and Hoffman; Edwards and Stevens.

## PRESIDENT O'BRIEN PLEASED WITH WAY FANS TURNED OUT

"I am well satisfied with the way the fans turned out for 'Baseball Day' at the Stadium yesterday," said President O'Brien of the Victoria Baseball Club this morning. "Although there were five large picnics on we had about 2,000 fans in the stands. It is good to know that the citizens are behind the team, and I know the players will extend their best effort to bring the pennant to this city."

## UMPIRE KILLED BY A DISPLEASED FAN

Jail-bird Had No Sympathy For Arbitrator and Cracked His Head Open

Walla Walla, Aug. 5.—Harold C. Newcomb, serving a life sentence for murder committed at Tacoma, died, from injuries received at the state penitentiary here Sunday when he was attacked by Charles "Black Diamond" Wilson, a negro. Wilson assailed Newcomb with a baseball bat and struck him one blow on the head fracturing his skull. Newcomb, was umpiring a baseball game, never regained consciousness.

Wilson, who is serving a sentence of from ten to twenty-five years for the murder of a Chinese at Yakima, by hitting him over the head with an iron bar, attacked Newcomb following a decision the latter rendered in the game. The negro was on the side lines, and not a player.

Newcomb was committed in 1913 following the exercise of clemency by Governor Louis Hart, then Lieutenant-Governor, acting as Governor in the absence of Governor Lister. He was sentenced to be hanged as a model prisoner and has given no trouble from the date of his arrival.

## SPENCER'S CRICKETERS WINS FROM THE CONGOS

The Congos Wednesday team won from Spencer's in yesterday's fixture in the Wednesday Afternoon Cricket League. The Congos, who batted first, ran up a total of 126. Spencer's were only able to score 88 runs at their last bat. Fletcher came within two of making half a century, while Street, of Spencer's, made 43.

INDIANS AND YANKS BOTH SUFFER LOSSES

Leaders in American League Finds Road Rough; Ruth Only Got Single

AMERICAN LEAGUE

Chicago, Aug. 5.—Chicago made it three straight by winning yesterday from New York, 10 to 3. For the fourth game, the attendance was officially estimated at 124,000, the largest on record for a four-game series when single game were played.

Kerr got away to a bad start, but settled after the first inning while his team-mates went on a batting rampage against Mcgridge in the first inning and piled up a lead enough to win. But the White Sox were not satisfied and added to their runs in later innings.

Indians Find Going Hard. Cleveland, Aug. 5.—Washington won here yesterday 11 to 3. Morton pitched great ball until the sixth when, with two out, he allowed four runs. Wood, who had pitched but two-thirds of an inning since 1917, then tried to stage a comeback, but lacked control. Home runs by Speaker and Smith drove in Cleveland's scores.

Nationals Trim Browns. St. Louis, Aug. 5.—Philadelphia defeated St. Louis 7 to 2, driving Weisman from the box in the seventh. C. Walker hit a home run in the seventh with two men on bases. Sisler's homer in the eighth with Gerber on base accounted for the local runs.

Tigers Win. Detroit, Aug. 5.—Boston defeated Detroit 5 to 1 on 6-5. Both Leonard and Bush were hit hard.

National League. Philadelphia, Aug. 5.—Causey held

Chicago to two singles yesterday and Philadelphia won 4 to 1. The locals scored their first run on Williams's safe ball; the second on an error by Terry and the last two were forced across by a hit batsman and a base on balls after Carter filled the bases by walking three men in the eighth with two out.

Pirates Blank Braves. Boston, Aug. 5.—Cooper had the better of Fillingim in a pitchers' battle yesterday, and Pittsburgh defeated Boston 3 to 0. In the sixth, Fillingim issued two passes and three singles in succession, scored three runs after two were out.

Western Canada League. Regina 1, Winnipeg 0. Moose Jaw 7, Edmonton 4. Saskatoon 6, Calgary 2.

CATCHER BOELZLE SOLD

Catcher Boelzle, of the Seattle team, has been sold to the St. Joseph, Mo., which is in the Western League.

COWICHAN LOSE TO INCOGS YESTERDAY

A friendly game took place yesterday between Cowichan C. and the University Incoogs, at Mount Tolmie. Cowichan scored 45, being all out before lunch. After lunch the Incoogs, scoring rapidly, totalled 162 for eight wickets. Cowichan did better in their second inning, scoring 92 for five wickets.

Game Regulations Are Defined in B.C. Gazette

Announcement is made in the British Columbia Gazette of the game regulations for 1920. The exception of Point Grey, north of Marine drive, may be shot from October 16 to November 22, according to the appended table. Game may be taken on Vancouver Island with the exception of the Municipality of Oak Bay, from October 16 to Nov. 29. The duck season in the north and east opens on September 4, while in the west the open date is one week later. The deer season in different districts opens on September 4 and 18.

The regulations give particulars as to bag limits, sale of game, trapping, etc., and in the mountain districts full information is given as to the open season on moose, caribou and other animals. Particulars of the regulations are as follows:

Game Animals.

Moose—Bulls only, over 1 year old. In Atlin, Fort George, Omineca and Cariboo electoral districts, Sept. 1 to Dec. 15. In Columbia electoral district, Oct. 1 to Nov. 15. Cariboo—Bulls only, over 1 year old. Throughout the province, except on Queen Charlotte Islands, and except south and east of the main line of the Canadian Northern Railway, Sept. 1 to Dec. 15. Mountain Sheep—Rams only, over 1 year old—North of the main line of the Grand Trunk Pacific Railway, Sept. 1 to Nov. 15. In Columbia, Fernie and Cranbrook electoral districts, Oct. 1 to Nov. 15. In Lillooet electoral district, south of Hinceville, Clinton road and west of Fraser River, Sept. 4 to Nov. 15. Mountain Goat—Over 1 year old—Throughout the province, Sept. 1 to Dec. 15. Bear—On Vancouver Island, Nov. 1 to June 30, 1921. Throughout the remainder of the province, Sept. 1 to June 30, 1921. Deer—All kinds, over 1 year old—in Atlin and Prince Rupert electoral districts (except on Queen Charlotte Islands) and east of the summit of the Cascade range (except white-tail deer in North and South Okanagan Islands, Oct. 1 to Nov. 15. In Lillooet electoral district, south of Hinceville, Nov. 4 to Nov. 30. Throughout the remainder of the province, Sept. 18 to Dec. 15. Noted—Bag limits—One Moose, two caribou, two sheep of any one species or three altogether, north of the Grand Trunk Pacific Railway, and one sheep only within the boundaries of the Columbia, Fernie, Cranbrook,

at the Theatre ROYAL VICTORIA

Rex Beach, author of "The Silver Horde," was born in Atwood, Mich., in 1877. As a young man he studied law, and received his degree from the Kent college of law in Chicago. He practiced a short time, and then joined in the rush for the Klondike. His motives were not based on a love for gold, but on a desire to see the new country and to take part in the adventures of a world which revealed a new horizon. In physique Rex Beach is the counterpart of many of his fiction heroes, stalwart, injured to hardship, yet fundamentally courteous and a good "pal." These qualities served him well in his adventures in the north. Out of them came a series of stirring novels, such as "Pardners," "The Spoiled Man," "The Barrier," "The Silver Horde," "The Auction Block," "The Heart of the Sunset" and the "Iron Trail." Several of Mr. Beach's novels have been made into photoplays. The final chapter, of course, Beach's latest picture, is the photoplay version of his story "The Silver Horde." It was made at the Goldwyn studios and will be shown at the Royal Victoria Theatre again tonight.

DOMINION

Bebe Daniels, the pretty motion picture player who is Wallace Reid's leading woman at the Dominion Theatre, this week in "The Dancin' Fool," made her debut in dramatics at the age of ten weeks. Her mother and father were both actors, and Bebe was carried on the stage in her mother's arms. At the age of eight, Miss Daniels abandoned theatricals to enter a convent. Four years ago, Miss Daniels received her diploma from the convent school and immediately satisfied a long-cherished ambition by breaking into motion pictures. Until recently she had been a model, serving as a foil for one of the leading slapstick artists. Then came the opportunity to do more serious work under Cecil De Mille's direction, and Miss Daniels accepted it eagerly. Her work in the Babylon episode in Mr. De Mille's "Male and Female" and as the "other woman" in "Why Change Your Wife" established her as a character actress of extraordinary ability. As the girl-heroine of "The Dancin' Fool," Miss Daniels has one of the most consistent and successful careers. She is cast as a cabaret dancer, who really is a modest, home-loving girl at heart. The picture was adapted from Clara Kennedy's novel, and the serial by Henry Payson Dowd. Sam Wood directed, and it is a Paramount Artcraft picture.

VARIETY

Scenes in the New York underworld, filmed on the spot, are a feature of "The Dark Mirror," the latest picture starring Dorothy Dalton. This unusual photoplay, which was adapted by Louis Joseph Vance's novel of the same name, will be shown at the Variety Theatre again to-day. Thrilling adventures are "Chinatown" form part of the action. All the characters of this famous quarter are on the screen—the gunman, the dope fiend and the crook. Other episodes, made against a background of New York society, are in direct contrast to these sordid, though intensely interesting scenes. It is a Thomas H. Ince production Charles Giblin directed. Juanita Hansen in "The Lost City," is the big double feature on the Variety bill this week.

COLUMBIA

"Overland Red," the widely read novel by H. H. Knibbs, has been adapted to the screen and produced by Universal, with Harry Carey as the star. The photodrama, said to be among the best yet presented by the famous Ace of the Saddle, is to be shown at the Columbia Theatre to-day. Every theatregoer who enjoys "A Gun, Fightin' Gentleman," "Marked Men" and other Harry Carey successes, will be amused and thrilled by his latest production. Lynn Reynolds, who directed "The Brute Breaker" and other recent successes, supervised the filming of "Overland Red." He has created another Harry Carey masterpiece. Harry Carey, as Overland Red, appears this time as a knight of the road who finds a dying man on the desert. The map dies. In his pockets are gold nuggets and a queer map, evidently indicating the location of a secret mine. Red later attracts the attention of Louise La Charme, an Eastern girl going West to live. An dishonest sheriff, who suspects the presence of a gold mine, arrests Red for the murder of a prospector in the hope that he will divulge the secret, but is outwitted through the aid of the girl. After a series of the most hair-brained situations, in which humor and romance are cleverly mingled, Red, gaining wealth from the mine, finds delight in the happiness of the people he has benefited.

HOW TO POP CORN.

It is done in different ways, but the most approved method is to pop your corns with Putnam's Corn Extract—corns pop out for fair, and stay out, too, when removed by "Putnam's." Try this painless remedy yourself, 25c at all dealers.

WEE KELLY RELEASED. Wee Kelly, the midget twirler of the Victoria team, was released yesterday. Kelly became quite popular early in the season, but lately he has been ineffective while in the box. EXPECT AMERICANS IN GOLF CHAMPIONSHIP. Montreal, Aug. 5.—B. L. Anderson, secretary-treasurer of the Royal Canadian Golf Association, has sent out the first notices governing the 1920 Canadian open golf championship in the expectation that many professionals in the United States will make entries. This year's title event will be held at the Rivermead Golf Club, Ottawa, August 26 and 27, and entries will close at noon August 25. CLEVER ACTING IN "THE THIEF". Mildred Page Players Score Another Hit With Fine Drama. The highly-emotional drama, "The Thief," is the attraction at the Princess Theatre this week and, as presented by the Mildred Page Players, is one of the biggest successes of the season. An enthusiastic house followed the drama at the opening performance last night, with tense interest, and at the close of the curtain greeted the players with an outburst of applause amounting almost to an ovation. As Richard Voysin, Byronn Aldenn carried with an exacting role, this popular actor rising well to the heavy demands of the part. He received excellent support from Miss Page, who played with admirable restraint and convincing emotionalism in the part of his wife, Miss Louise Voysin, the thief. A newcomer to the company, Phil. A. Goodwin, won the

**IF YOU HAVE A NEED** in the way of a house, farm, business or loan.

**South Saanich**

**5 1/2 ACRES**, all cleared and cultivated, situated on the paved road, about 1 1/2 miles distant from city. Good orchard (in bearing) of apples, pears and cherries, and a number of loganberries, about 1 acre in potatoes. The land is all suitable for strawberries, and the owner wishes to sell the tract with the property. Price, including crop, \$4,000.

**ACREAGE**

**JUST UNDER 15 ACRES**, cleared and partly tilled, covering a beautiful view of Gulf and head, has oak floors, electric wiring, with bath and toilet, water laid on, together with barn, etc. House is also good domestic orchard just coming into bearing and plenty of small fruits. The place is being run as a dairy farm. We can sell the property with the most desirable piece of property offered in the district. Price, including crop, \$10,000.

**A. W. Jones, Ltd.**

**Carlin Realty**

**TO CLEAN AN ESTATE**

**4244—MOSS STREET**, near Fairfield Drive, George district, fruit trees and small fruit trees, all kinds of straw berries, plants and small fruits, close to B. C. Electric Station, school, store, church, etc. Graded road to within one lot of the beach. BLACK SOIL. ALL of it is timbered and there are many over 1000 worth of cordwood in the land. Settlers are building. Only one house in it. Phone 1340 or 6127 for appointment to see it.

**4208—CLOSE TO STADANOVA**. Park and on high elevation. We have a beautiful, beautiful 1/2-acre old and most substantially built 7-room house, with electric wiring, including Gerhardt Heintzman piano, large gas range installed several Axminster, Persian and Brussels rugs. Everything to hand to start housekeeping at once. Total price, \$8,500. The semi-bungalow has just recently been redecorated with electric lighting, new kitchen, new bathroom, new pantry, the breakfast room, etc. This forms the downstairs. There is also a back entrance to the bedrooms, which are large, bright and attractive; large clothes presses and linen presses, separate bath and toilet; lot 47x120, 10 ft. low lawns, electric fence front. Property is within easy walking distance of the High school and other schools, also to many of the churches. If you are interested in a home, you will inspect this before buying.

WAR NEWS SHOOKS WHEAT PRICES UP

Alarm in Europe Sends Grain Up 29 Cents a Bushel From Yesterday

Chicago, Aug. 5.-Wheat and other grain prices which have been tumbling hopelessly for the last couple of weeks since the markets in the United States were thrown open, shot up in a sensational manner to-day on the war news.

December wheat was down to \$2.16 a bushel yesterday. To-day it closed up to \$2.45 and closed at \$2.40 1/2. September corn opened at \$1.42 a bushel. Within two hours it had galloped up to \$1.49 1/2. It closed at \$1.48.

Oats also roared up. When the market opened it was found that it was practically bare of offerings as holders of grain were not anxious to sell after reading the overnight news from London.

This desire to hold grain was turned into a fight to acquire it when the cable reports of the announcements in The London Evening News this afternoon arrived.

Great Britain has begun war preparations to intervene in behalf of Poland. The Evening News, which is the evening edition of The Daily Mail, announces. Steps are being taken for mobilization of the British Navy on a war footing, the newspaper states. The British Government is reported to be considering the calling of volunteers for service in Poland.

EXCHANGE SUMMARY.

News of Markets and Finance

STRENGTH IN GRAINS DUE TO EUROPEAN NEWS

(By Burdick Brothers Ltd.)
Chicago, Aug. 5.-The market here to-day had another strong upward move and the close was practically on the top. Dec. wheat had a jump of 17 cents from the low of the day.

Table showing local stock quotations for various commodities and shares.

LOCAL STOCK QUOTATIONS.

Table with columns for stock names, bid, and asked prices.

TO-DAY'S EXCHANGE

(By Burdick Bros., Limited.)
Montreal, Aug. 5.-New York funds to-day, 13 3/4 per cent. New York, Aug. 5.-Demand sterling to-day, \$2.62 1/4.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Aug. 5.-Advances in the United States markets to-day for wheat created a very bullish sentiment for all grains here, the entire list made very substantial gains.

FOREIGN SITUATION CAUSES STOCK BREAK

(By Burdick Brothers Ltd.)
New York, Aug. 5.-The stock market had a severe break to-day when all issues sold off 5 to 10 points. On advice that Britain would take up arms if Soviet Russia's reply to the British note of warning is unsatisfactory had a very unsettling effect on the general list.

Table showing foreign exchange rates for various countries.

What Simcoe Would Now Find At Kingston

WHEN Kingston became the capital of Upper Canada in July, 1792, and Governor Graves Simcoe, with his counsellors, formulated their policies in a little wooden building at 133 Queen Street, who knows what they may have thought about the length of time it would survive them? How do you feel about your own home—so valued by you now? Simcoe's little council house is a monument to the gospel of long preservation through surface protection. It still stands, the first parliament building of Canada, braving the elements of more than a century. Its care was habitual. Unprotected by regular coatings of paint, it could not have lasted one-quarter the time.

"SAVE THE SURFACE AND YOU SAVE ALL" Paint & Varnish

The whole country is dotted with similar examples. Your home can look forward to belonging to the same illustrious company through the same means—surface protection. Think of it! Every attack of decay and rust must necessarily begin at the surface. These insidious enemies are completely checkmated by surface protection. With frequent protective coatings of the surface, the property is invulnerable. Look over your property—all of it and do it now. Save it—Save the surface and you save all.

THIS ANNOUNCEMENT is issued by the Canadian Save the Surface Campaign Committee, for the purpose of educating the public in the Preservative and Protective value of Paint, Varnish and Allied Products for the Conservation of Property, and has received the approval of the Canadian Trade Commission in the following words: "The realization of the above objects will lead to employment during the Reconstruction Period and bears our entire approval."

**ONLY TABLETS MARKED "BAYER" ARE ASPIRIN**  
Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.  
Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nine-tenths of the world. Now made in Canada.  
Handy tin boxes containing 12 tablets cost but a few cents. Druggists Aspirin in an unbroken "Bayer" package.  
There is only one Aspirin—"Bayer"—You must say "Bayer"  
Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer Manufacturing, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

**FARMERS' INSTITUTES  
COMBINE IN MERRY  
ANNUAL OUTING**  
Picnic at Bazan Bay Provides  
Excellent Amusement For  
Happy Throng

A light heart and fair weather being the main ingredients to the success of any picnic, the annual gathering of the Victoria and South Saanich Farmers' Institutes, held yesterday, got away to a fair start that finished in one of the most enjoyable outings of the season. The Victoria Institute and the South Saanich Institute have been picnicking separately every year previously, but this year, following on the success of the joint stock sale, it was decided to hold a joint outing.

At Dominion Farm, By the kind permission of Professor Lionel Stevenson, M.S., superintendent of the Government Experimental Station at Bazan Bay, that charming farm was thrown open to the merrymakers, who chose the eastern slope of the farm, adjoining the railway track. From this point the view of the Straits north and south was unsurpassed, the day being exceptionally clear, and the sunshine brilliant. The wide lawn that hedges the bottom part of the wood, near the railway was used for the field sports and served simply for the purpose. Professor Stevenson joined the gathering and entered into the spirit of the holiday with a will.

The combined Farmers' Institutes mustered some 300 people, and many came in cars, over fifty cars being counted on the spot. The directorate of the two homes were there almost to a man, and the feature of the day was the number of happy children that corralled the proceedings and made the evening ring with youthful merriment. The party arrived about ten in the morning and held a basket luncheon on the grounds about noon.

Races For Everyone. In the afternoon sports gave the children full scope to enjoy themselves. Races for all ages of girls and boys, from the open events down to a race for babies, were keenly contested and created much fun. The babies, in fact, made one of the most closely contested races of the afternoon, and as there were no losers, all was peace with the world. The committee in charge had taken pains to see that every child in this event was accorded a prize, and the happy result proved the wisdom of their course.

Baseball. The piece de resistance, however, was the baseball game between the institutes. It was here that the growing meriment of the happy function wound up to a climax, even the players themselves having to stop to laugh in the less anxious moments of the game. After an unrivaled game, bringing in many plays known and some unknown to the modern scientist, the rival teams—declared honors even, and rested from their labors.

Dancing. In the evening, following a basket supper, and a generous distribution of ice cream and cakes, the merry gathering indulged in dancing on the lawn, presenting a picture of pastoral good-will and meriment that formed a fitting crown to the pleasant proceedings of the day.

The Victoria Farmers' Institute was headed by President H. H. Grist, while Secretary S. W. Raven, R. W. Mercer, J. G. Dobbs, G. A. Robinson, E. Raper, J. D. Gillie and other directors, were in attendance with their families. South Saanich was represented also by a strong list of directors, including President P. L. Simon, Secretary George Spencer, W. Mitchell, W. G. McKay, J. Gould, McIntyre Dean and William Dean, with their families. Ex-Rieve C. H. Jones was noted also with a delegation from the southern section of the peninsula.

After a very merry day the gathering broke up.

Sports Programme. The results of the sporting events were as follows:

Boys, 10 and under—1st, Hubert Raven; 2nd, George Michell; 3rd, Lester Raven.

Boys, 12 and under—1st, Ken Joyce; 2nd, Hubert Raven; 3rd, Lester Raven.

Single women's race—1st, Miss Florence; 2nd, Miss Malcolm; 3rd, Miss C. Jones.

Girls, 14 and under—1st, Thelma Fraser; 2nd, Marie Fisher; 3rd, Gertie Burnham.

Girls, 14 and under—1st, Roy Mitchell; 2nd, Hubert Raven; 3rd, Lester Raven.

Girls, over 14—1st, Thelma Fraser; 2nd, May Malcolm; 3rd, Sally Fisher.

Boys, over 14—1st, George W. Malcolm; 2nd, Sam Bates; 3rd, Hy. Davis.

Married women's race—1st, Mrs. P. Fisher; 2nd, Mrs. J. Bennett; 3rd, Mrs. A. E. Hull.

Married men's race—1st, Geo. A. Robinson; 2nd, J. Stansby; 3rd, J. L. Bland.

Three-legged race, boys—1st, Bale and Malcolm; 2nd, Mitchell and Turner.

Single men's race, half mile—1st, H. Robinson; 2nd, J. Stansby; 3rd, S. Bates.

Three-legged race, girls—1st, Misses Jeanne; 2nd, Miss Fisher and Miss Burnham.

Girls, 12 and under—1st, Jean Brogan; 2nd, Elsie Cunningham; 3rd, Gertie Burnham.

Men's tug-of-war, South Saanich vs. Victoria; South Saanich won.

Ladies' tug-of-war, South Saanich vs. Victoria; South Saanich won.

**MOTORISTS WANT  
CAMPING SITE**

Shawigan Lake Is Receiving  
Full-Measure of Tourist  
Traffic

Shawigan Lake, Aug. 3.—The dramatic sketch and concert which is to be given by a party of Victoria artists is being eagerly looked forward to. The entertainment is under the auspices of the Cowichan Branch of the Navy League, and will conclude with a dance. The supper arrangements are in the hands of the Shawigan Women's Institute. This is the first concert there has been at the lake for sometime, and a large attendance is expected.

The sign which stands at the intersection of the roads leading to Strathcona Lodge and to the lake is very misleading, as the Shawigan Lake Hotel was burned down about four years ago. A half dozen or more motorists a day drive down that hill under the impression that there is a hotel only to be disappointed. Sometime ago the sign was taken down, but a few days ago for some inexplicable reason it was re-erected.

A much-needed improvement is at present underway, that is, the widening of the road leading to the West Arm. Until now this road was very narrow and winding, not at all conducive to safety in motoring.

A public camping ground is something that is very badly needed at Shawigan. Several parties of motorists wanted to camp at the lake over the week-end and some of them experienced quite a little difficulty in finding a place to pitch their tents. Travelling on the island seems to be very brisk this summer, particularly at the week-ends. On Saturday and Sunday the trains have several additional coaches and still they are crowded. Shawigan continues to receive her quota of week-end visitors.

Among those who registered at Pen-y-wern during the past week were Mr. and Mrs. MacFarlane, Miss Gosselin, Mrs. Stevens, Vancouver, George F. Grant, Nanaimo; Miss Morning-Duffy and friend, Victoria.

**INSTITUTES SEEK  
CO-OPERATIVE SPIRIT**  
Metchosin Farmers and Women's Institutes Pay Visit to Sooke

Sooke, Aug. 4.—A meeting was held at Sooke last evening, the first joint meeting of the Farmers and Women's Institutes to be held at Sooke, but judging by the success of the meeting both from a social and business point of view it will not be by any means the last of its kind.

Dr. Felton, of Sooke, made a very able and efficient chairman. Spoken for by Mrs. A. T. Watt, O.B.E., and C. E. Whitney-Griffiths, president of the Farmers' Institute, Metchosin, and secretary of the advisory board of Farmers' Institutes. Mr. Whitney-Griffiths, at the request of the Sooke Women's Institute, spoke of her own experiences in organizing Women's Institutes in England during the war, and the good work accomplished by those same institutes along the lines of increased food production, and the introduction of new industries among the rural women of England. Mrs. Watt concluded her remarks with these words to Women's Institutes: "The ball of opportunity is at your feet, play the game!"

Mr. Whitney-Griffiths. The chairman then called upon Mr. C. E. Whitney-Griffiths to address the meeting. Mr. Griffiths suggested that the various neighboring institutes visit each other from time to time to exchange views and experiences and to discuss things of interest, and importance to farmers. Farming is not profitable, said Mr. Griffiths, and will not be so until farmers organize and co-operate.

Mr. Griffiths said that the means of success lies in the hands of the institutes, that they govern themselves and are not controlled by any executive, neither have the executive any power to interfere with the charter of any institute. Several very important questions were proposed before the advisory board Mr. Griffiths proceeded, and he could promise some fine results as the Government was quite willing to consider matters when placed in a concrete and business-like way—that is one of the things the advisory board is for—to handle the suggestions and requests of the institutes and prepare them for the consideration of the Government.

Dr. Felton, in thanking the speaker for his remarks, said he thought Mrs. Griffiths' suggestion regarding the programme of visits by the local institutes an excellent one and he hoped he should see it carried out.

To Plan Fall Fair. In the course of the evening Mrs. Muir, secretary of the Women's Institute, announced that an executive committee meeting would be held on Saturday, Aug. 7, to discuss further arrangements and details for the Fall fair to be held at Sooke on September 17 under the joint auspices of the Sooke Agricultural Association and the Women's Institute.

The spirit of co-operation appears to be well advanced in Sooke.

Regret was expressed at the absence of Mrs. Miller-Higgs, president of the Sooke Women's Institute who was unable to attend the meeting, her place was filled by Mrs. Carter, vice-president.

R. H. Pooler, M.P.P. was present at the meeting.

**NOT MENTIONING NAMES.**  
He (somewhat embarrassed after the car has stopped on lonely road): "I can't start my engine. The thing won't spark."  
She (coolly): "Must be like some people I know."
