Chamaesyce hirta (L.) Millsp.

13003

Allard's dooryard ditto

Chamaesyce hirta (L.) Millsp.

13004

Allard's dooryard ditto

①

Cenchrus echinatus L.

13005

yellow composite
Jamaica Beach ditto

①

Wedelia trilobata (L.) Hitch.

13006

Jamaica Beach ditto

Ruellia tuberosa L.

yellow natalaria
very showy, on Nov. 4, '45

13007 Jaina Beach
Common

(III) *Crotalaria retusa* L.

13008 Jaina Beach
Nov. 4, just
back of beach
Borreria laevis (Lam.) Gilg.

13009 near Howard Allard's
home in waste ground
Nov. 4, '45
① *Portulaca pilosa* L.

13010 white chickweed
same loc.
date,
waste ground
*Oldenlandia
collitrichoides* Griseb.

13011 Carex, *Cyperus brevifolius* (Rottb.) Hassk.
(III) a small patch in *Kyllinga brevifolia*
not overflown at lawn & spigot Rottb.
on Howard Allard's grounds
Nov. 4

13012 Lavender fl. *Polygala grandiflora* Walt.
on lawn at Howard T. 19
Allard's 10-4
nr. angustifolia

13013 Composite H. Allard's
in waste ground 10-4
① *Parthenium hysterophorus* L.

Cenchrus In Howard
Allard's lawn
10-4

13014 *Cenchrus echinatus* L.
(II)

13015 Gramineae ditto
① ← *Paspalum fimbriatum* (L.) R. Br.
13015 = *Cenchrus browneii* Roem. & Schult.

13016 Gramineae
Sporobolus indicus (L.) R. Br. ditto

13017 Gramineae
Chlois inflata Link. ditto

13018 Legume
In waste ground, *Alysicarpus*
near Howard Allard's vaginalis
home Nov. 4 (L.) DC.

13019 Chickweed
fl. pale blue
(III) *Cuphea parsonsia* R. Br. ditto

13020 fl. white ditto
Borreria laevis (Lam.) Griseb.

Centrosema plumieri (Tuck.) Benth.
13021

crossed foot waste ground near Howard Allard's home
Standard reddish purple, very dark in center; leaf tipped with same color (prominent)

13022

Centrosema virginianum (L.) Benth.

Clitoria pl. lavender - vine near 13021.

13023

Correria laciniata (Lam.) Griseb.

white, small flowered near # 13021, waste ground, Nov. 4

13024

Chamaesyce prostrata (Ait.) Small

waste ground near Howard Allard's 10-4

13025

Corchorus aestuans L.

Roadside near Howard Allard's 10-4

13026

Roadside near Howard Allard's 10-4

Acalypha alopeuroidea Tuck.

13027

Euphorbiaceae

Near # 13026

Chamaesyce hirta (L.) Millsp. 10/4

Gramineae waste ground near Howard Allard's 10-4

13028

Eragrostis amabilis (L.) Wight & Arn.

13029

Legume ditto 11/4
Desmodium procumbens (Muhl.) Hitchc.

13030

Gramineae ditto 11/4
Paspalum blodgettii Chapm.

13031

Setaria geniculata (Lam.) Allard's lawn Beauv. 10-4

13032

Parthenium hysterophorus L.

Composite waste ground near Allard's home 10-4

13033

Ruellia tuberosa L.

2 feet tall - ditto 10/4

13034

wash, resting, 2-3 ft. Small blue fl. Near Allard's, in waste ground. 10/4
Pilea lappulecea L.

Bidens white flowered composite
in waste ground near
13035 Allard's home, 11-4

① Rays white
Bidens pilosa L. var. *radiata*
Sch. Bip.

13036 white fl., composite
near # 13035
11-4
Tridax procumbens L.

13036 = *Parthenium hysterophorus* L.

13037 *Euphorbia*
waste ground near 13035
Chamaesyce nutans (L.) Small 11/4

13038 Very showy scrambling vine
with masses of deep pink
flowers. Ornamental.
a weed in waste ground
near Allard's, 11-4
Antigonon leptopus

13039 waste ground near
Allard's, 11-4
~~Chamaesyce~~
Boerhaavia coccinea Mill.

13040 *Euphorbia*,
near # 13039, 11-4
Chamaesyce hirta Millsp.

13041 Shrub 4 ft, fl yellow,
waste ground near Allard's
11-4
① *Cassia tora* L.

Sedge in damp spot
in Allard's lawn 11-4

13042 *Fimbristylis annua* (All.) Pres.

13043 Anthers, blue fl., 11-5
① Near Howard Allard
Ciudad Trujillo
waste ground *Ruellia tuberosa* L.

13044 Ipomoea - very pale
blue fl., 11-5
② Ipomoea nil (L.) Roth Near 13043

13045 *Euphorbia*
Poinsettia cyathophora (Mill.) K. & Garcke
Near 13043

13046 *Desmodium procumbens* (Mill.) Hitchc.
Waste ground near
13043 11-5
⑩

13047 *Amaranthus dubius* Nutt.
Near 13043
11-5
①

13048 fl. blue
waste ground near
13043, 11-5
Priva lappulacea L.

Cosmos sulphureus Cav.

13049

waste ground Ciudad
Trujillo, near Howard
Allard's 11-5

13050

13087 Legume in dry soil
on Duarte highway Km 36
① near entrance to dam.
Stylosanthes fl. cream colored 10/5
humata (L.) Taub. near Basimo

13088 sedge in dry place P.N. 10/5
Near 13087, beside
highway 10/5 *Cyperus flavus*
(Vahl) Nees

13089 Vine; fl white
Near 13087 in
thicket. 10/5 *Cassipoupa*
americana Nees

13090 waste ground
near Allard's house
Paspalum notatum Sw. 10/5
Flügge

13091

Digitalis sanguinalis (L.) Scop.
near Howard Allards home
waste ground

13092

none - skipped
by mistake 11/6
Axonopus compressus (Swartz) Beauv.

13093

shrub *Desmanthus virgatus* (L.) Willd.
mimosa
waste ground
near # 13091 11/6

13094

vine, *Momordica charantia* L.
fl. yellow, waste ground
near # 13091 11/6
var. *abbreviata* Sw.

13095

tiny white fl, *Ipomoea*
waste ground near Allards
Ipomoea tenuissima
Choisy 11/6

13096

Clitoria
fl. blue
with 13091 11/6
Centrosema virginianum (L.) Benth.

13097

Ipomoea nil (L.) Roth
fil. bluish white
with 13091 11/6

13098

waste ground near
Howard Allards home
11/6
shrub; fl. yellow,
cinerous.
①
Corchorus hirsutus L.

13099

Desmodium tortuosum
with 13098 (Swartz) DC. 11/6
leafy with
to this point 11/6
VI. 25. 1946

13100

woody vine
fl. white
with # 13098 11/6
Jasminum azoricum L.

13101

woody vine
white fl. *Mesochites repens*
with 13098 11/6 (frag) Minus

13102

Prickly shrub
with 13098 11/6
Conoclinium dodonaea
(L.) Nutt.

13103

Mint
red purple fl.
with 13098 11/6
Hyptis suaveolens (L.) Poit.

13104

with 13098 11/6
Hyptis suaveolens
(L.) Poit.

13105 Tree. Leaves shining green above; golden beneath. Bot name for Howard *Chrysophyllum castilloi* 10/6
In his yard. One seen near Bacimo.

13106 vine. fl. white and pink with 13105 in 10/6
Mesochites repens (Jacq.) Wiers
waste ground near Allards

13107 yellow fl. legume at ruins of house destroyed by hurricane of 1930 - waste ground, near Allards 10/6
Stylosanthes hamata (L.) Taub.

13108 Ruins on concrete kitchen of old ruins above
Pilea tenerrima Mez. 10/6

13109 Shrub. fl. purple near ruins of house above 10/6
Melochia pyramidata L.

13110 Shrub; yellow fl. at ruins above; 10/6
Turnera ulmifolia L.

13111 Shrub. fl. yellow with 13110 10/6
Sida acuta Bunn.

13112 Grass, at ruins of house near Allards Nov. 6

① *Tricholacua repens* (Willd.) Hitchc.

13113 Grass, very pretty, purplish red. near 13112 10/6
① *Tricholacua repens* (Willd.) Hitchc.

13114 Legume; on limestone outcrop at ruins near 13112 10/6
Stylosanthes hamata (L.) Taub.

13115 Legume; fl. purple at ruins above
Desmodium procumbens (Mill.) Hitchc. 10/6

13116 Cassia fl. yellow on limestone outcrop. 10/6
Chamaecrista diffusa DC.

13117 At ruins on limestone outcrop above 10/6
Turnera ulmifolia L.

13118 Legume; yellow fl. at ruins above. 10/6
Cassia L.

13119

at ruins of house
near Hongrad Gallard's
destroyed by hurricane in 1930,
on limestone outcrop,
legume
Cassia tra L. 10/6

13120

white fl. on limestone
outcrop at ruins above.
Melanthera buchii
Walt. 10/6

13121

no specimen
Purple fl.
at ruins above,
~~*Stachytarpheta jamaicensis*~~
Vahl 10/6

13122

Purple fl.
at ruins above
Stachytarpheta jamaicensis (L.)
Vahl 10/6

13123

①

Beautiful red purple
grass at ruins above
very beautiful.
10/6

13124

②
Tephrosia
Cinerea
(L.) Poir

Legume, purplish fl
on sand heap at ruins
above; prostrate - 4-5 ft
branches. 10/6

13125

③

Purple fl.
on sandy, rocky soil
near ruins above.
Polygala grandiflora Walt. var
angustifolia T. & G. 10/6

13126

yellow fl
at ruins near
13119
Polanisia
viscosa (L.) DC. 10/6

13127

yellow flowered
on limestone outcrop
at ruins above,
10/6 *Cassia tra*
L.

13128

climbing shrub,
yellow fl; at ruins
above,
10/6
Stigmaphyllon lingulatum (Poir.)
Small

13129

Small tree, white
fl. in pure sand
heap at ruins above.
Boerhaavia
erecta L. 10/6

13130

Blue fl.
Stachytarpheta
jamaicensis
(L.) Vahl
on rocky, thin soil
at ruins above
10/6

13131

yellow fl. shrub
on thin soil on
Turnera
ulmifolia
L. limestone outcrops at ruins.
10/6

13132

Shrub, light yellow
fl. on limestone,
rocky outcrop at
ruins above.
Sida acuta Burm. 10/6

white fl.
at ruins above, on
thin soil on limestone
outcrop
13133 *Melanthera buckii* Nut. 10/6

white, tiny fl. in sand
at ruins above, in
pure sand. 10/6
13134 *Boerhaavia erecta* L.

white fl.
at ruins above,
10/6
13135 *Borreria laevis* Lam. Griseb.

at ruins above,
10/6
13136 *Achyranthes indica* (L.) Mill.

Commelina
at ruins above
10/6
13137 *Commelina elegans* HBK.

Legume in mats; fl.
purple, at ruins above,
10/6
13138 *Clypeocarpus vaginalis* (L.) DC.

Grass
on limestone rock
outcrops at ruins above,
10/6
13139 *Chloris rufata* Link.
also *Wedelia gracilis* L.C. Rich.

Legume, prostrate, at
ruins in mats 3-4 ft.
spread; fl. purple.
13140 *Tephrosia cinerea* (L.) Pas. 10/6

at Piedra Blanca
alt. 550 ft. Nov. 7,
10/6
13141 *Cyperus flavus* (Vahl) Sedge, wet soil
near man brook.

yellow small fl.
wet soil, waste ground
near # 13142 10/7
13142 *Synedrella nodiflora* (L.) Gaertn.

Grass, in shade,

I Cordia globosa (Jacq.) HBK.

13355 Shrub; white flowers (small)
in slender spikes.
Near 13351 11/15
I Heliotropium parviflorum L.

13356 yellow flowered shrub
with 13351 11/15
I Corchorus siliquosus L.

13357 Grass - 6-8 ft tall in
 clump, dry waste ground
 thicket east of Allard's.
 11/15
 I Panicum
 purpurascens Raddi

13358 Vine; leaves with winged
 petioles, ipomoea-like,
 fl large, yellow, a very
 attractive herb, with its yellow
 flowers. 11/15
 II
 = T. lutea
 Mart.

13359 woody vine, 20 feet; just
 in flower, white,
 near 13357. 11/15
 I
 Serjania
 polyphylla (L) Radlk.

13360 Grass 6-7 ft tall
 clump. Near 13357 11/15
 I
 Panicum maximum Jacq.

13361 High climbing legume,
 fl. small, purple
 with 13357 10/15
 III
 Galactia
 striata (Jacq) Nutt.

13362 Yellow fl. shrub, a
 legume
 near 13357 10/15
 I
 Cassia
 uniflora

13363 large tree on property near
 back of Allard's. Flowers white,
 2 1/2 - 3 in long, pendent. Stamens
 5 or longer, 5 alternating
 with the short, 11/15 Full flower
 III
 Ayenia
 grandiflora (L)
 DC.

Prostrate, Euphorbiaceae
 small leaves; in thin soil
 on limestone near ruins.

13364 Chamassycia prostrata (L) Small
 11/16
 Prostrate legume with
 purplish flowers, near 13364
 13365 in thin soil on limestone
 outcrop in old beach line,
 11/16
 I
 Alysicarpus vaginalis (L) DC.

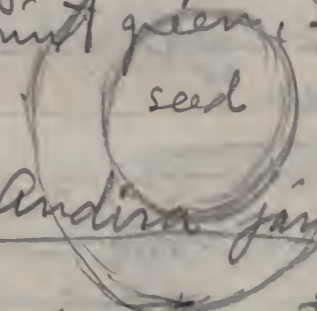

13366 Vine with palmately cut
 leaves, like a medium sized
 morning glory. Fl. with white limb,
 purple within. Near 13364 11/16
 I
 Ipomoea dissecta (Jacq.) Kunth

13367 Tree, gray bark. Fruit
 elongate panicles, 20-30
 ft. tall. Fruit green, smooth, one
 large seed. nat. size
 11/16
 II
 Phoroma small
 purplish = Andira jamaicensis
 (L. Wright) Urb.

13368 Small, yellow composite in
 Allard's lawn. 11/16
 I
 Chrysanthellum
 americanum (L) Vahl

13369 Oxalis. Edge of Allard's
 lawn 11/16
 I
 Oxalis rugosa Thunb.

13370 Shrub - 10-15 ft. Berry or
 drupe ripe, elongate, purple,
 pinkish, soft, juicy flesh, milky.
 Tastes like wild strawberries as our choke
 cherries. One stone inside. Eaten by
 children III 11/16
 Chrysothamnus divaricatus L.
 var. Tiptonum Arn.

Tulip tree - Anapola.
Immortal stranger; Africa trop.
13371 *Platanus* 3 in or more long.
orange red. trees in full
bloom, very showy now. ^{ok}
= *Spathodea campanulata* Beauv.

13372 Very tall tree. Near Allards 11/16
Tree, 20-30 ft. Fruit a drupe
in panicles, green, one seed.
Tastes like turpentine. Called gum
tree.

13373 *Bursera simaruba* (L.) Gay. ^{ok}
Near Allards 11/16

Pityrogramma calomelanos (L.) Link.
From, arising from
transverse root near
Allards; on old shore line. 11/16

13374 Fern resembles shield
fern. Near 13373 11/16
Pteris longifolia L.

13375 Shrub with small purple
flowers. Thicket in waste ground
east of Allards. 11/16
Melochia pyramidata L.

13376 Composite - small yellow
fl. very spicy aromatic
waste land east of Allards.
Pectis elongata W.P.B. 11/16

13377 ^{but never}
Tree large leaves on long
stalks; fl. yellow in slender
peduncles - waste ground east of
Allards. *Carica papaya* L. 11/16

Shrub. Fl. small, white
waste land east of Allards

13378 11/16
Melochia nodiflora Swartz

13379 Shrub 6-8 ft. fl. yellow
Stems surfy. Near 13378

Cochlospermum L. 11/16

13380 Shrub. fl. white
Near 13378 11/16
Capriaria biflora L.

13381 Shrub - flowers small,
yellow. Near 13378
Watteria americana Y. 11/16

13382 Shrub 8-10 ft.; fl. red
Fruit globose, pubescent
11/16 Sample near
Sims

13383 Small fl. shrub; fl.
white 6-7 ft. Near 13378
Cordia globosa Jacq. 11/16

13384 Shrub 8-10 ft. fl. 1/2 in ^{*Bidens*}
arose, white, many stamens ^{*guajava*}
Fruit 1/2 inch in dia. globose, very
hard, many seeded, green, shiny
inferior. 11/16

Legume - shrub; fl. yellow
Beside road toward air part.

13385 *Cassia crista* Jacq. 11/17
||

13386 Herbaceous vine, morning glory
like flower, 1-1/2 inches across.
Filices densely clustered, very
vivid yellow, beautiful. 11/17
||| Near 13385 *Ipomoea polyantha* R. & S.

13387 White flowered vine, herbaceous
like a morning glory, flowers
one inch across; calyx very hairy,
with 13385. Leaves palmately divided.
Ipomoea aegyptia L. 11/17

13388 Blue *Ipomoea*
Roadside near 13385. 11/17
Ipomoea cathartica Poir.

13389 Tall shrub or tree, legume;
fl. yellow in waste
lot S, E of Allards on road
to airport. 11/17
Cassia crista Jacq.

13390 Tall grass, 4-5 ft.
Near 13389. 11/17
Panicum maximum Jacq.

13391 Herb; flowers purplish.
Near 13389. 11/17
Douglas prismatica (L.) S. Wats.

Ipomoea, fl. purple.
Near air part, ad S, W of
Allards.

13392 *Ipomoea tiliacea* (Willd.) Choisy 11/17

13393 Herb, yellowish fl.
Near 13392. 11/17
Aulypha chamudrifolia (Lam.) Muell. Arg.

13394 Malsaceae; yellow fl. 11/17
Sida cordifolia L.

13395 Grass 4-5 feet tall
Near 13392. 11/17
Pennisetum purpureum Schum.

13396 Shrub; yellow fl. legume
Near 13392. 11/17
Cassia occidentalis L.

13397 White fl, mallon
shrub; fl. small. 11/17
Near 13392. *Wissakata contracta* (L.) R. E. Fries

13398 Shrub; fl. small yellow.
Near 13392. 11/17
Triumfetta Lappula L.

shrub; fl. white
Near airport, waste land.
11/17

13966 Dec. 11

13967

fl. white; shrub;
stamens purple, beautiful
Near 13966 Dec. 11

13968

shrub; fl. white
Near 13966 Dec. 11

13969

Urticid, found on
ground in open woods,
near 13966, Dec. 11

13970

Habenaria², white fl.
3 1/2 - 4 ft. tall, in
woods with 13969 Dec. 11

13971

Prostrate desmodium,
fl. small, purple
Near 13966 Dec. 11

13972

Dandelion-like composite
ie (pappus), rays whitish
to pinkish; aculeous. ^{Other} ~~mutans~~
thicket near 13966, near 600 ft. alt.

Tall shrub - large leaves
along trail 2 1/2 miles of
13973 Maimon River from
Piedra Blanca,
Dec. 11

13974 Fern in hole low down
in trunk of Royal Palm
near 13973 Dec. 11.

13975 Fern 2 1/2 miles of
Maimon River from Piedra
Blanca, Dec. 11

13976 shrubby legume; fl. large,
long, pendent; almost climbing,
very beautiful. Near 13975
Common. Dec. 11

13977 Desmodium, fl. purple
wooded banks 2 1/2 - 3 miles of the
Maimon River from Piedra Blanca.
Trailing; fl. purple. Dec. 11

13978 Climbing fern on tree
trunk near 13977.
Dec. 11

13979 Legume (Desmodium)
fl. purple. Near 13977 on
wooded banks. Dec. 11

Fern in woods near
13977. Dec. 11

13980

13981 Creeping, prostrate plant;
fl. pinkish. Near 13977
Dec. 11

13982 Mint. Resembles Poumella
fl. white. Near 13977
on bank beside trail. Dec. 11

13983 Cyperaceae
red soil on trail near
13977 Dec. 11

13984 Red ^{fl.} orchid. No pseudobulbs,
On tree 2 miles of Maimon River
from Piedra Blanca. Dec. 11
Common on orange trees.

13985 Huge pod of vine; ^{Entada}
seeds huge, hard, brown, ^{spandone} along (L.)
Maimon River 2 - 2 1/2 miles of ^{Benth}
from Piedra Blanca. Dec. 11

13986 Palm near 13985 = Bactris
Along trail. Very prickly ^{numerous}
sharp, black, slender ^{thorns}
Dec. 11 ^{Mart.}

seed of 13985
found in germination
13987 a vine, Dec. 11

13988 Fern on tree, 2 1/2
miles up Maimon
River from Piedra Blanca,
Dec. 11

13989 Grass, climbing high
up tree trunks, very
scrambling, in dense forest
along the Maimon River - 6-8 ft

13990 long - 2 1/2 miles up,
Dec. 11
Fern on tree trunks
near 13989. Dec. 11

13991 Flory of Seiba tree
on trunk of. Near 13989
Dec. 11

13992 Prickly prostrate stem
of vine, bearing tubers
Dec. 11

near 13991 in dense
forest along Maimon River,
Dec. 11

shrub 8-10 ft, red fl.,
On trail 1/2 mile up Maimon
13994 River from Piedra Blanca
Dec. 11

13995 Tall vine 15-18 ft, woody
scrambling over trees; greenish
fl. in dense forest along trail near 2 1/2
miles up from Piedra Blanca
Dec. 11

13996 Herbageous; heads on slender
peduncles; fl. whitish. On trail
near 13994. Dec. 11

13997 Fern on banks near
13994. Dec. 11

13998 Shrub, fl. whitish. Dec. 11
Near 13994

13999 Legume near trail of
Maimon River 1/2 mile
from Piedra Blanca. Dec. 11

14000 Shrub; fl. white,
showy. 6-8 ft. Near 13999
Dec. 11

Shrub 1 1/2 - 2 miles of Maimon
River on trail from Piecha Blama,

14001

Dec. 11

14002

Shrub; low; fl. white
Near 14001 Dec. 11

14003

white fl. shrub.
Near 14001 Dec. 11

14004

Huge vine growing to
tops tallest trees - Araceae?
Along river forest on Maimon
River trail 1 1/2 miles above Piecha
Blama

14005

Dec. 11

Moring glauc; fl. lavender
on Dnarte highway near Km 40
Very common everywhere now

14006

Creeper legume; fl. purple
of Maimon River 1 1/2 - 2 miles Dec. 11.

14007

Prostrate mat on dry soil or
legume; caliche soil and coral
fl. yellow rocks.
Dec. 13 [C.T.]

Ipomoea - pure white, purple
deep in throat; fl. 1 in wide.
a vine - Ipomoea? in waste

14008

lot south, Dec. 13
Frequent.

14009

Low growing coarse vine
with waxy white flowers
2 in across, infrequent
Near 14008 Dec. 13

14010

Grass - large purple fl.
Near 14008. Dec. 13.

14011

Desmodium - 3-4 feet -
bushy; fl. purple
Near 14008 Dec. 13

14012

Mint; fl. purple
Near 14008 Dec. 13

14013

Low, prostrate legume,
fl. purplish red.
Near 14008, Dec. 13

14014

Mint; fl. small, white
in heads.
Near 14008, Dec. 13

Commelina; fl. blue
in waste ground south of Alland's
14015 Dec. 13

Succumb in wet soil at La Cumbre
pass at 1000 ft. in roadside
ditch, Dec, 19

14183

Vine, - small purplish flowers -
high climbing over shrubs
at La Cumbre pass at
1000 ft. Dec, 19

14184

Leaves

14185 Low herb

on bank near 14184

Dec, 19

14186 On bank on damp soil
near 14184; Flowers pink, near
1100 ft. Dec, 19

14187 Succumb - few inches high,
in wet soil near 14183
Dec, 19

14188

Andropogon. On dry
well-drained bank near 14183
Dec, 19.

14189

Andropogon
Near 14188 Dec, 19

Paspalum. On bank
near 14188, Dec, 19

14190

14191

sedge. In damp soil
near 14188 Dec, 19

14192

Grass. Near 14188
Dec, 19

14193

Paspalum
Near 14188 Dec, 19

14194

Sedge, in wet soil
at roadside near 14188
Dec, 19

14195

Rubiaceae
Reclining; fl. pinkish
Near 14188
Dec, 19

14196

Prostrate in wet soil near
14188 in roadside ditch;
fl. yellow. Dec 19

In banana plantation
near La Cumbre pass on
14197 Piedra Blanca road at
1100 ft. Dec. 19.

14198 Composite, in same field
with 14197; fl. greenish or
whitish with reddish rays, leaves
basal. Dec. 19. *Chaptalia nutans*

14199 Ophioglossum. In
same field with 14197
Dec. 19.

14200 Melibomia. In
same clearing with 14192
Dec. 19.

14201 In stump in field
with 14192 Dec. 19.

14202 On rocks in deep
wooded ravine at 1200 ft.,
above 14197 - the banana field
Dec. 19.

14203 Grass at edge of banana
field and deep wooded ravine; awns
long, shining, dark purple Dec. 19
= *Oplismenus*

at 1500 ft. in banana plantation, on
extremely steep mountainside; fl. greenish
to yellowish.
14204 Dec. 19.

14205 Grass,
with 14204 Dec. 19.

14206 Eupatorium - white fl.,
5-6-ft. a seed, near
14204 Dec. 19.

14207 Vine - herbaceous, trailing
over herbage; fl. scarlet, Rubiaceae
attractive. with 14204
Dec. 19.

14208 Mint - 6-7 ft
fl. pinkish. Near 14204
Dec. 19.

14209 Legume - trailing, on
mountain above 14204 -
trail through Molasses grass jungle
at 1500 ft. Dec. 19. fl. purplish.

14210 Legume, trailing, near
14209 Dec. 19. fl. purplish.

Polakowsky

Composite: fl. cream in
old banana field planting on
steepest hillside at 1500 ft -
14211 Dec, 19

14212 Peperaceae. Shrub, 6-8 ft.
Mt. side near La Cumbre,
at 1300 ft. in damp ravine.
Dec, 19.

14213 Sedge, in brook
at La Cumbre pass, at
1100 ft. Dec, 19

14214 Commelinaceae. Along
stream on banks near 1000 ft.
fl. blue. Dec, 19.

14215 Fern, tip, middle, base,
near 14214 Dec 19

14216 Fern - entire frond
Near 14214
Dec, 19.

14217 Malvaceae - shrub
fl. pinkish. Near
1100 ft at La Cumbre pass,
along roadway.

Crabapple - shrubby; fl. yellow
Near 14217 Dec, 19

14218

Malvaceae grass
14219 Roadside bank near
14218 Dec, 19

14220 Fern, tip, middle, base
Near 14215 Dec, 19

14221 Climbing fern on steep
banks at La Cumbre pass at
1100 ft. Dec, 19

14222 3-4 ft. fl. white. at
1100 ft. Dec, 19
Near 14221

14223 On shaded bank; fl.
pinkish. A reclining plant;
fleshy. Near 14222
Dec, 19

14224 Lycopodium trailing
over steep banks near 14223
= Lycopodium
cernuum Dec, 19

Legumae, reclining; flowers
purplish. At 10600 ft, at
14225 La Cumbre, Dec, 19

14226 Shrub 8-10 ft; fl. white
Near 14225
Dec, 19

14227 Herb; fl. lavender,
Near 14226. Dec, 19

14228 Cladonia - on damp
shaded banks near 14226,
when touched the green squamules
break off very easily. Dec, 19

14229 Herb, no flowers, low
trailing. Berry size of pea,
a beautiful blue; attractive
Dec, 19

14230 Fern. On banks at La
Cumbre pass, shrub in banks
with beautiful herbage, graceful
green. Near 14226. Dec, 19

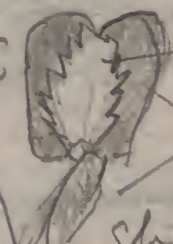

14231 Grass
Near 14230
On bank. Dec, 19

Phytolacca. In mixed planting
barrocas, etc. on extremely steep hillside
14232 Fl. pinkish - plant to 8-10 ft.
stems long, drooping, pointed,
slender - at 15000 ft. Dec, 19.

14233 Palm flowers - Allards -
See # 13873; very fragrant - cream
colored, stamens and pistil only; Dec 20,
stamens variable - 6-7 to 10.
Several flower clusters

14234 Legume - tree 30-35 ft on
Arenida Balsas south of Allards -
just coming into flower. Leaves one pinnate.
Flowers in dense, stiff clusters along the
twigs, bouquet-like. Standard, keel, wings
lavender, pink, with yellow at
center of standard. Very showy. Dec, 20

14235 Legume, Stamens 9 + 1
tree 15-25 ft high
leaves twice pinnate or green
3 times pinnate, fl. white,
prickled.
On waste lot in front of Allards
yellow
lavender
pink
slightly longer
than not. high

Andropogon - at 200 ft near 14229
on dry roadside bank. Dec 21 - 14236

14237 shrub - fl. purple
2-3 ft. near 14236
Dec, 21

14238 sedge - in damper
spot near 14236
Dec, 21

Andropogon. On dry bank
near Kl. 39 Ciudad Trujillo -
14239 on Duarte Highway. Dec. 21

Sedge, in slightly moist
spot near 14239 Dec. 21
14240

Tall shrub or small
tree 10-15 ft tall. fl. whitish
14241 Near 14239
Dec. 21

14242 Herb. Low shrub near
14239 Dec. 21

14243 Labiatae - shrubby
in pasture near 14239,
Kl. 29, at 200 ft elevation.

14244 Grass with 14243 Dec. 21

14245 Grass with 14243 Dec. 21

Grass with 14243
Dec. 21

14246

shrub in same locality,
dry, volcanic soil at 200 ft -
14247 in pasture; fl. yellow
Dec. 21

14248 Vine - maple-like
hyps - low. Near
14247 Dec. 21

14249 Sedge
in moist spot in
pasture near 14247 Dec. 21

14250 In moister spot
with 14247 Dec. 21
fl. pink.

14251 Herb; fl. yellowish;
in low, damp soil;
near 14247 Dec. 21

14252 Bracken fern: In
dry, sterile rocky soil at
edge of thicket on steep hillside
at 400 ft Dec. 21

shrub or small tree - 15-18
ft pods winged, fl. greenish Dec. 21
14253  In thickets in dry
sterile rocky soil in pasture at
400 feet - near Hl. C. T. 29, Quartz
Highway.

14254 Legume - fl. small, yellow
prostrate or reclining; Desmodium
Near 14253 Dec. 21

14255 Shrubby; fl. white
Near 14253

14256 Composite, climbing,
scrambling 8-10 ft in
dry thickets near 14253. fl. or heads
whitish. Dec. 21. Stiff.
Rare in region.

14257 High climbing woody vine;
fl. large trumpet-shaped, deep purplish
crimson - very showy, beautiful,
leaves - helms-like. First I have found, Dec. 21

14258 Herb: in damp soil in shaded
deep ravine near 14257.
Dec. 21

14259 Fern on log in bottom
of ravine, deep and shaded,
near 14258 Dec. 21

Fern, with 14259, Dec. 21
growing in soil in
14260 damp, deep, shaded ravine

Scleria
In low damp soil in ravine,
14261 deep and shaded, near
14259 Dec. 21

14262 ~~Damp~~ soil on hillside
above 14261; fl. white
In open pasture Dec. 21

14263 Sedge. In damp
soil with 14262. Dec. 21

14264 Low, woody; fl. yellow;
In same damp
locality with 14262 Dec. 21

Herb - plant: Dec. 21
14265 on dry, stony, sterile, grassy
hillside near 600 ft, stems 12-15 in tall
fl. showy, rose purple; pretty;

14266 ~~in~~ Moist soil near 14262;
fl. whitish. Dec. 21

Small, ^{blanched} trailing vine, ^{perianth} with small, clear blue, ^{tomato-like} flowers 3/4 in across -
14267 scrambling low over grasses etc.
Very attractive. Profuse ^{in moist} Dec, 21
spots in this dry, stony pasture

14268 Andropogon. At top of
dry rocky hill where a survey
tower with the Dominican flag
stands. Dec, 21

14269 Bulbous plant, in dense
clump (bulbs) fl stems 15-18 in high,
with large, very showy, orchid-like
deep purple flowers; few plants
found. Have not seen this ⁱⁿ ^{pasture}

14270 before. Dec, 21 at 650 ft. ^{on ridge}

Andropogon - on dry hill top
near 14269 at survey tower.

14271 Sedge - side of the
hill - in dry, sterile, rocky soil
near 14269 Dec, 21.

14272 Peeling rubiaceous plant,
with white fl, near 14269
Dec, 21.

14273 Flowers purple. In pasture
near 14269 - in dry, rocky, sterile
soil. Dec, 21

Herb. fl. yellowish
near 14269 Dec, 21

14274

Grass - in low pasture,
dry. Near 14269, Dec, 21

14275

Grass, low, filiform,
Near 14269. Dec, 21

14276

14277 Euphorbia - low, delicate
in pasture - at 300-350 ft.
at foot of hill with tower.
fl. white Dec, 21

14278

Herb, pasture, fl. rose
purple, low. Near 14277
Dec, 21.

14279

Low shrub, fl. yellow
Near 14277. Dec, 21

14280

Herb, fl. rose purple
in pasture near 14277
Dec, 21

Low, prostrate herb;
fl. yellow - at 300 ft - near
14281 foot of hill at Kk, 29 - on
Dante Highway - in dry, stony
pasture, Dec. 21

14282 Shrub: fl. purple,
In pasture near 14281
Dec. 21

14283 Diodia-like plant,
woose, stiff, reclining; fl. white
Near 14281 Dec. 21

14284 Low, yellow branched
or rayed composite; fl. small
In pasture near highway
at Kk. 29. Dec. 21

14285 Low almost prostrate
shrub with scarlet berries, about
the size of pear and prickly leaves,
and small. Has appearance of highly
woody soil near top of hill at
14286 sunny tower at 650 ft Dec. 21

14286 *Oplismenus* - grass in wet soil
in deep ravine on slope north of
sunny tower. Dec. 21

14287 Fern - dry shale cliffs, roadside
(below) approaching Colonia Ranfis -
at 1400 - 1500 ft, Dec. 23

Lantana - fl. rose purple.
At Colonia Ranfis - roadside at
14288 2000 ft. Dec. 23

Composite, roadside with 14287 -
near 1500 ft., on bank; fl. pinkish
14289 Lamiaceae, showy, leaves
woose, rough, rugose, white beneath.
Dec. 23.

14290 Fern. On dry cliffs near
14287. Dec. 23

Andropogon - on dry bank
14291 on roadside near 14287
Dec. 23

sheath of large bamboo
14292 taken at 4-5 nodes above
ground; at 2400 ft. Clump of 30-35,
35-40 ft. tall; circ. of largest at
3 ft. above ground - 13 in Dec. 23

14293 Shrub, prickly and
stinging (no flowers).
with 14292.
Dec. 23

14294 Fern. In shade of
banana planting, with 14292 -
on soil. Dec. 23.

Fern, near Bamfoo clump
14292, at 2400 ft; in shade
14295 on soil, Dec, 23

Composite, white flowers
In shade of bananas with 14292
14296 Dec, 23

Sedge. In damp soil at 2300 ft
west and below Colonia Ramfis, Pt.
14297 Dec, 23

Tall herb - 6-7 ft,
Near 14297. a composite;
14298 not quite in flower.
Dec, 23

Fern on dry banks near
14299 14297 Dec, 23

Fern, in moist soil in ravine
14300 at 2400 ft. west below Colonia
Ramfis. Dec, 23

14301 Grass - In open near 14300
Dec, 23.

On dry bank near 14300;
fl. whitish. Dec, 23.
14302

True fern - stipe, basal, middle
and apical pinnae. In deep, wooded,
14303 shaded ravine (moist)
at 2400 ft west of Colonia Ramfis.
fronds 8-10 ft Dec, 23

14304 True fern - with 14303 -
fronds 8-10 ft. Dec, 23
stipe very prickly -

True - 15-20 ft. with 14304.
No fl. terries small purplish to
14305 black. Dec, 23.

Small palm 4-5 ft. tall
14306 in same ravine with
14304. Dec, 23

Kyllingia brevifolia Benth.
14307 In moist soil ahead of
ravine where 14304 grows. Dec, 23

14308 Low shrub. In shaded
ravine with 14306. Dec, 23.

Sweet potato in flower; flowers
pale lavender, deep purple in throat
and tube. In field at 2500 ft.
14309 above Colonia Ramfis,
Dec. 23

very floriferous; flesh white, sweet.
14310 Composite. In old field
near 14309, at 2500 ft.
rays yellow = Sonchus Dec. 23

14311 Demodium - trailing;
near 14309; fl. purplish.
Dec. 23

14312 Coleus - (not in flower) very
large colony. leaves deep purple-red,
the midrib and veins bordered with
crimson; very showy, beautiful.
Dec. 23.

14313 Tripsacum daniellii (L.) L.
on mountainside, in clearing west of
Colonia Ramfis at 2400 ft. Not ref. for
Dec. 23

14314 Thistle - Cirsium. fl.
purple. at 2500 ft., above Colonia
Ramfis. Dec. 23

14315 Brodiaea-like fern. On dry
mountainside near 14314, in
ruste land at 2500 ft. Dec. 23.

Trailing legume; fl. pinkish
in rose. In waste ground
at top of ridge above Colonia
14316 Ramfis at 2500 ft.
Dec. 23

14317 Herb - 2-3 ft high; fl.
purple. Near 14316
Dec. 23

14318 Sugar Cane. Near 14316
at 2450 ft. 8-10 ft tall,
Dec. 23

14319 Terrestrial orchid, fl. white
(Habenaria-like) 2 rich,
moist shaded soil near 14318
Dec. 23

14320 Chayote - In Panama
planting near 14318. Trailing
heavily, and hanging to vines 8-10
ft in trees. Dec. 23

14321 Cones of
Caenarctia equisetifolia L
Ciudad Trujillo - Avenida Bolívar
Dec. 24, 1945. Dec. 24, 1945

14322 Myponyctes on sticks
Colonia Ramfis, 2500 ft. allard
Dec. 23, 1945

Parkinsonia aculeata L.
at Allard's, Ciudad Trujillo,
14323 Dec. 24 1945. fl. yellow,
Very thorny branches

14324 Flowers of *Rosa Imperial* -
Very large, many petals, rose-like,
deep yellow, massive & heavy. In U.S.
Embassy grounds. Dec. 24

14325 Shrub - much used as hedge -
foliage variegated with green and white;
fl. pinkish; much planted, Avenida
Bolívar. Dec. 24, 1945.

14326 Composite - viney; flowers
orange, showy. On fence on Avenida
Bolívar; ornamental Dec. 24

14327 Shrub tree along Avenida Bolívar.
Fl. large, tubular, light lavender with
darker lavender lines in the throat.
Dec. 24.

14328 Grass. Near the Caribbean
coast - straight south from
Allard's Dec. 26

14329 Grass. Near coastal
rocks on Caribbean shore line
near 14328 Dec. 26

Legume - with large leaves
along the rocks on the ragged,
14330 rocky Caribbean coast near
14328; pods large.
(spray washed) Dec. 26 fl. purplish red.

14331 Grass - along coast line
near the Hotel Jaragua,
Ciudad Trujillo. Dec. 26
(spray washed)

14332 Legume, fl. purplish red
on beach near 14331
(spray washed) Dec. 26

14333 Legume, fl. purplish red -
On beach near, near 14331
(spray washed) Dec. 26

14334 Composite, mat. plant
on rocks and thin soil, prostrate,
fl. yellow. Near 14331 Dec. 26
(spray washed)

14335 Fleecy, herbaceous, prostrate
plant in pure stands on rocky escarpments
washed with spray; fl. whitish
Large mass near near 14331, but
all along coastline. Dec. 26

14336 Amaranth, prostrate; near
coastline, opposite Hotel Jaragua.
Dec. 26

at
14337 Legume; fl. yellow, pea-like.
Large dense growth on the escarpment along
coast. (Spray washed)
Dec. 26.

Near hotel Jaragua

14338 *Sporoclea*, fl. large,
roset. 3-3 1/2 in, coarse, trailing
(on beach spray) Near 14337.

14339 Fleshy plant; all over
the rocks close to escarpments;
fl. whitish (spray washed)
Near 14337, Dec. 26.

14340 *Sporoclea*; fl. white,
like a moon vine, tube long and
rather slender; trailing over the coast
area. (Spray washed) Dec. 26.

14341 Collected near 14337
Sedum; fl. pink. All
over the bare, ragged rock escarpments
in pure stands; prostrate. At home
in showers of spray. Near 14337
Dec. 26

14342 Legume; trailing; fl. rose-
purple, all over the coast line, showed
with spray; showy. Near 14337
Dec. 26

14343 Prostrate, low shrub; flowers
white, fruit a small hard berry;
on edge of rocky escarpments, constantly
washed with spray. Near 14337,
Dec. 26.

13670 - in field north of
Allard's, waste ground
13671 - 13704 collected Nov. 27
in waste ground covered with weeds
east of Allard's.

13705 - 13737 - Collected at road
just west of Allard's in vacant
weed lot. Nov 28.

13788 - 13739 collected along
Maimon River above Piedra Blanca
along trail leading to mts
at 1500 - 600 feet, Nov. 29

13780 - 13833 - collected along
Maimon River above Piedra Blanca
Nov. 29

13834 - 13854 - collected west end
north of Allard's in waste ground,
Nov. 30.

13740 - 13765 collected near Allard's
Dec. 7. Date out of order, inadvertently
subscripted from 13739 to 13779 inc.

13766 to 13779 inc. collected in
waste ground area east of Allard's
and between his house and
Avenida Bolivar. Dec. 2

13855 - 13866 collected in same
area and around Allard's grounds
Dec. 2

13867 - 13873 - collected in Allard's
waste ground N.W. of
yard and in toward airport.

13874 - 13878 collected by Howard Allard 1945 -

13879 - 13890 - collected near Allard's in waste ground, Dec. 4
13891 - 13912 - Collected at and in waste ground east and N. east of Allard's, Dec. 5.
