§ 81.3 Taxes—(a) Information to be included in invitations for bids, bids, contracts, and instructions to bidders.

(3) State taxes. Instructions to bidders will include the following:

(i) To facilitate evaluation of bids no State or local taxes charged directly on the sale of goods should be included in bid prices, but whether or not included, the amount of such taxes should be shown in detail so that appropriate computation may be made to determine the low bid and whether exemption certificates should be issued, etc. The evaluation of bids will be on a tax-exclusive basis since such State or local sales tax is not chargeable to the Federal Government, and if the bid as submitted does not clearly show that any such tax is excluded or that the bidder consents to the deduction thereof in a stated amount or amounts, it will be presumed that the amount of the tax is included in the bid price, the bid will be evaluated accordingly, and if the bid is accepted no exemption certificate will be issued.

(ii) Exception: Lump sum construction contracts, regardless of whether awarded after advertising for bids, by negotiation, or otherwise, including those for construction of vessels and those for improvement, conversion, alteration, or repair of buildings or vessels, will include, without separate statement, the amounts of all State and local taxes payable by the bidder. (41 Stat. 764, 765; 10 U.S.C. 1193) [Par. 7a (3), AR 5-100, Aug. 7, 1940, as amended by Proc. Cir. 89, Dec. 23, 1941]

(20) Federal, State, and local taxes.

(a) Prices herein do not include any State or local taxes imposed directly on the sale of the supplies.

(b) Prices herein include all State and local taxes imposed directly on the sale of the supplies, but consent is hereby given to the deduction of said taxes and the acceptance of a tax exemption certificate in lieu thereof.

(c) Prices herein include all State and local taxes imposed directly on the sale of the supplies, but no deduction of said taxes will be permitted nor will a tax exemption certificate be accepted in lieu thereof.

¹ §§ 81.3 (a) (3) and 81.10 (f) (20) (ii) are amended.

(d) Whether State or local taxes charged directly on the sale of goods are included or are not included, the amount of such taxes should be shown in detail.

(e) Exception: In bidding on lump sum construction contracts, including those for construction of vessels and those for improvement, conversion, alteration, or repair of building or vessels, the bidder will not refer to State or local taxes, and the bid price will include, without separate statement, the amounts of all State and local taxes payable by the bidder. PART 1027—SULPHITE PULP

General Preference Order M-52 To Conserve the Supply and Direct the Distribution of Sulphite Wood Pulp

Whereas the fulfillment of requirements for the defense of the United States has resulted in a shortage in the supply of sulphite wood pulp for defense, private account and export, and

Whereas a large proportion of the sulphite wood pulp producing capacity of certain plants has already been and will in an increasing measure be diverted to the requirements of the defense of the United States including Lend-Lease and Export requirements, thereby depriving the consumers heretofore supplied by such plants of any assured source of supply, and

Whereas the shortage of sulphite wood pulps and the dislocation of channels of distribution thereof caused by the requirements of the defense of the United States including Lend-Lease and Export requirements have made it necessary and appropriate in the public interest and to promote National Defense, to require each producer of sulphite wood pulp to contribute for allocation in the manner and to the extent in this order provided a percentage of its production thereof for use in paper manufacture in the ratio of its total production thereof for use in paper manufacture to the total supply available for all producers thereof for use in paper manufacture, and

Now, therefore, it is hereby ordered, That:

§ 1027.1 *General Preference Order M-52—(a) Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(b) *Additional definitions.* For the purposes of this Order:

(1) "Sulphite wood pulp" means any wood pulp which is produced by the sulphite pulping process or any modification of such process, whether such wood pulp is bleached, unbleached or subsequently treated by caustic or other agents and regardless of the species of wood utilized.

(2) "Producer" means any individual, partnership, association, corporation or other form of business enterprise engaged in the production of sulphite wood pulp.

(3) "Government Supplier" means a producer of sulphite wood pulp under a defense order (as defined in § 944.1 of Priorities Regulation No. 1), or for Export at the written request of any agency of the United States.

(4) "Base Tonnage" means the average monthly production of sulphite wood pulp by a producer during the six month period ending June 30, 1941.

(5) "Allocated Tonnage" means the sulphite wood pulp of the quantity and grade specified in the attached allocation schedule, or any amendment thereof, required to be set aside by each producer each month pursuant to (c) hereof to be disposed of in accord with (d) hereof. The allocated tonnage of each producer represents its pro rata contribution of sulphite wood pulp for allocation to the customers of the government suppliers as provided in (d) hereof and, as specified in the attached allocation schedule, represents approximately 2% of each producer's base tonnage.

(6) "Month" means any calendar month.

(c) *Directions to producers with respect to setting aside allocated tonnage.*

(1) Each producer during each month shall set aside as allocated tonnage, to be disposed of during that month in accordance with (d) hereof, the quantities and grades of sulphite wood pulp specified in the attached allocation schedule or any amendment thereof established by the Office of Production Management, subject to the following conditions and exemptions:

(i) In cases where the allocated tonnage of a specific grade directed by the attached schedule or any amendment thereof to be set aside in any month is less than a carload, a producer may set aside its allocated tonnage of such grade over a period greater than one month, provided written notice is given in advance to the Office of Production Management of the period required for such allocation tonnage to amount to a carload.

(ii) With the written consent of the Office of Production Management a producer may substitute for its allocated tonnage of any specific grade produced by such producer, sulphite wood pulp of equivalent grade purchased by such producer, and government suppliers may negotiate with producers and other government suppliers for the purchase, sale or exchange of allocated tonnage and of tonnage substituted therefor, provided that no government supplier shall dispose of any sulphite wood pulp procured pursuant to this Order unless it shall make available to its regular domestic customers an equal amount of sulphite wood pulp of comparable grade.

(iii) In cases where a producer, because of plant breakdown, inability to obtain raw material or other cause beyond its control, shall fail to produce during any one month its base tonnage, it may, upon written notice to the Office of Production Management, set aside in lieu of its allocated tonnage that proportion of its actual production during such month

which its allocated tonnage bears to its base tonnage.

(2) No producer shall sell, deliver or otherwise dispose of its allocated tonnage except as provided in (d) hereof.

(d) *Allocation of allocated tonnage to government suppliers.* (1) During each month, beginning with January, 1942, a government supplier shall have the right to purchase the allocated tonnage of sulphite wood pulp of the grades and amounts specified and from the producers designated in the attached allocation schedule, at prices no higher than those established as ceiling prices by the Office of Price Administration for the sale of sulphite wood pulp of the grades involved. Such rights to purchase shall be assigned by each government supplier to such of its regular domestic customers as it shall specify in writing to the producers designated as supplying allocated tonnage for it in the attached allocation schedule.

(2) During each month, beginning with January, 1942, each producer shall ship from its allocated tonnage, upon the order of the customer or customers specified by the government supplier as its assignee or assignees in accordance with subparagraph (1) of this paragraph, the quantity of allocated tonnage specified and the grade specified in the attached allocation schedule or in any amendment thereof, provided such assignee or assignees meet the established credit terms of such producer who shall bill the assignee or assignees directly for sulphite wood pulp shipped pursuant to this paragraph; and shall be entitled to receive for each such shipment the ceiling price for such grade established by the Office of Price Administration, subject to the conditions established by the Office of Price Administration respecting such price, or such lower price as shall have been agreed upon by such producer and such assignee or assignees.

(3) Any allocated tonnage set aside pursuant to the attached allocation schedule or any amendment thereof to be available for shipment in a particular month (except that retained for accumulation over a period longer than one month pursuant to (c) (1) (i) hereof) which has not by the end of such month been ordered by the assignee of the government supplier entitled to purchase it in accordance with (d) hereof, may be disposed of as the producer thereof may wish.

(e) *Directions with respect to price and to the equitable distribution of sulphite wood pulp among regular customers.* (1) Each government supplier shall assign its supply of sulphite wood pulp procured pursuant to this order only to its regular domestic customers and without profit to it or mark up on any account.

(2) Each government supplier and each producer shall insofar as possible, sell or assign to each of its regular domestic customers manufacturing paper the grade or grades of sulphite wood pulp most nearly comparable to the grade or

grades thereof heretofore supplied by such government supplier or producer to such regular domestic customers, unless any such customer shall indicate a preference for a grade of sulphite wood pulp of an inferior grade to that heretofore supplied by such government supplier or producer to such regular customer.

(3) In cases where a producer consumes part of its own sulphite wood pulp and sells the remainder, it shall make available for sale each month, after setting aside its allocated tonnage, not less than that proportion of its total residual production during that month which its total of sales thereof during the six months ending June 30, 1941 bears to its total production thereof during the same period.

(f) *Records.* (1) Each government supplier shall keep and preserve for not less than two years, accurate and complete records on a monthly basis of:

(i) Its production of sulphite wood pulp by grades.

(ii) Sulphite wood pulp by grades purchased and assigned for shipment during the particular month, showing separately that sulphite wood pulp assigned in accordance with (d) hereof, and all other sulphite wood pulp procured, together with the producers thereof.

(iii) Shipments of sulphite wood pulp by grades to each customer.

(2) Each producer shall keep and preserve for not less than two years accurate, and complete records on a monthly basis of:

(i) Its production of sulphite wood pulp by grades.

(ii) Shipments of sulphite wood pulp by grades to each assignee of a government supplier under paragraph (d) hereof, showing separately that sulphite wood pulp shipped as allocated tonnage, and all other sulphite wood pulp shipped.

(iii) Allocated tonnage of sulphite wood pulp by grades remaining each month and not ordered by the assignee of the government supplier entitled to it by virtue of this Order.

(g) *Reports.* All persons affected by this Order shall execute and file with the Office of Production Management, such reports and questionnaires as the Office of Production Management shall from time to time require. No reports or questionnaires are to be filed by any person until forms therefor are prescribed by the Office of Production Management.

(h) *Audit and inspection.* All records required to be kept by this Order shall upon request be submitted to audit and inspection by a duly authorized representative of the Office of Production Management.

(i) *Violations.* Any person who willfully violates any provision of this Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(j) *Appeal.* Any person affected by this Order, who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, may appeal to the Office of Production Management by addressing a letter to the Office of Production Management, Reference M-52, Social Security Building, Washington, D. C., setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Office of Production Management may thereupon take such action as is deemed appropriate.

(k) *Effective date and expiration.* This order shall take effect upon its date

of issuance and shall expire at the close of business on March 31, 1942 unless extended by the Director of Priorities. (P.D. Reg. 1, Amended Dec. 23, 1941, 6 F.R. 6680; OPM, Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629 Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

CHAPTER I—DEPARTMENT OF THE NAVY

PART 16—USE, CONTROL, SUPERVISION, INSPECTION OR CLOSURE ON ALL VESSELS UNDER THE JURISDICTION OF THE UNITED STATES

Pursuant to the authority conferred upon the Secretary of the Navy by Order No. 1 of the Defense Communications Board, issued December 26, 1941, under the authority of the Executive Order of December 10, 1941, promulgated under the power vested in the President by section 606 of the Communications Act of 1934, as amended, and by virtue of the authority residing in the Secretary of the Navy to ensure the protection of ship-

ping and to promote the successful conduct of the war; I hereby prescribe that from and after this date the use, control, supervision, inspection, or closure of radio stations on all vessels as defined in Title 1, section 3, of the United States Code, domestic and foreign, under the jurisdiction of the United States shall be subject to the following regulations:

§ 16.1 *Prohibition in harbors, ports, etc.* Radio and signal apparatus (including broadcast receivers), on board all vessels as defined in Title 1, Section 3, of the United States Code, domestic and foreign, shall not be used in the harbors, ports, roadsteads, or waters subject to the jurisdiction of the United States, except in accordance with such instructions as may be issued from time to time by naval authority.

§ 16.2 *Prohibition against use by vessels subject to the jurisdiction of the United States, wherever located.* Radio and signal apparatus (including broadcast receivers), on board all vessels as defined in Title 1, section 3, of the United States Code, operating under the laws of the United States and all foreign vessels, owned or operated by citizens of the United States, wherever they may be, shall not be used, except in accordance with such instructions as may be issued from time to time by naval authority. Radio receiving equipment required for the operation of a vessel which complies with the rules of the Federal Communications Commission limiting receiver radiation may, however, be operated under the direction of the master. Foreign vessels which are routed or protected by armed forces of the United States must comply with this regulation.

§ 16.3 *Sealing of radio.* The radio apparatus, of any vessel as defined in Title 1, section 3, of the United States Code, domestic or foreign, may, while in the harbors, ports, roadsteads or waters subject to the jurisdiction of the United States, be sealed by naval authority, and such seals shall not be broken within the jurisdiction of the United States except when authorized by naval authority.

§ 16.5 *Exceptions, when granted.* Exceptions to any of the provisions of these regulations, may be made by naval authority in cases where it may be found that the use of radio and signal apparatus will not endanger the national security and defense or the successful conduct of the war.

§ 16.6 *Public vessels exempted.* These regulations have no application to vessels operated by the Navy Department or other departments or agencies of the United States Government. The use of radio by such vessels is regulated by instructions issued by proper authority in each such case.

§ 16.7 *Applicability of rules and regulations of Federal Communications Commission.* These regulations and such instructions as may be issued by naval authority under them shall, until amended or revoked, be effective in lieu of any rules or regulations of the Federal Communications Commission inconsistent therewith. Nothing in these regulations or any instructions as may have been issued under them shall be construed to render ineffective such rules or regulations of the Federal Communications Commission as are not inconsistent therewith.

[Docket No. A-1189]

PETITION OF DISTRICT BOARD No. 11 FOR THE ESTABLISHMENT OF TEMPORARY PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF MINE INDEX No. 22, IN DISTRICT No. 11, FOR RAIL SHIPMENTS ORIGINATING AT THE TIPPLE OF MINE INDEX No. 54 IN DISTRICT No. 11

ORDER GRANTING TEMPORARY RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party. The petition states that the washing plant and tipple of Mine Index No. 22, over which the coals of that mine have customarily been prepared and loaded, have been destroyed by fire; that a new washing plant and tipple are being constructed to replace the facilities which were de-

stroyed; that it is estimated that such construction will require approximately sixty (60) days; and that during the pendency of such construction it desires to prepare and load the coals of Mine Index No. 22 over the nearby facilities of Mine Index No. 54. The petition requests the establishment of temporary price classifications and minimum prices for the coals of Mine Index No. 22 in District No. 11 for rail shipments originating at the tippie of Mine Index No. 54 in District No. 11.

It appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth.

No petitions of intervention have been filed with the Division in the above-entitled matter.

The following action is deemed necessary in order to effectuate the purposes of the Act.

Now, therefore, it is ordered, That temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices for the coals of Ayrshire Patoka Collieries Corporation, Clinton Mine, Mine Index No. 22, as presently set forth in the Schedule of Effective Minimum Prices for District No. 11, For All Shipments Except Truck, shall apply f. o. b. transportation facilities at the Lone Eagle Mine, Mine Index No. 54; *Provided*, That such price classifications and minimum prices shall be subject to the same adjustments in f. o. b. mine prices on account of differences in freight rates as are required or permitted in said Schedule in the case of coals produced at the Lone Eagle Mine, Mine Index No. 54; *And provided further*, That the relief granted herein shall terminate upon completion of the construction of a new tippie and washing plant at the Clinton Mine, Mine Index No. 22, and in any event not later than ninety (90) days from the date of this Order, and that upon the completion of the aforementioned new facilities at Mine Index No. 22 the petitioner herein shall promptly file a verified statement to that effect indicating the date of the completion thereof and the date when shipments were resumed from transportation facilities f. o. b. Mine Index No. 22.

It is further ordered, That pleadings in opposition to the original petition, in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: January 8, 1942.
