AG 004-BA

18 MAR 1946

SUBJECT: Release of Certain Military Arsenals by the Japanese Ministry of Finance to Japanese Manufacturing Concerns.

TO: Kyoto Liaison Office, Kyoto, Honshu.

1. Information has reached this headquarters to the effect that the Imperial Japanese Government Ministry of Finance is granting permission to certain Japanese manufacturing concerns to utilize the facilities and equipment of Japanese army and navy arsenals returned to the Home Ministry by occupational troops. These permits by the Ministry of Finance are being accomplished by the use of the form letter appended hereto as inclosure 1.
2. Some of these arsenals and installations are those listed by directive from GHQ SCAP for retention in custody and control for purposes of reparations use.
3. In this connection, your attention is invited to the memorandum for the Imperial Japanese Government issued by GHQ SCAP under date of 20 January 1946, subject: "Custody, Control and Protective Maintenance of Japanese Aircraft Plants, Arsenals and Laboratories". The former Japanese army arsenals and laboratories listed by this memorandum may not be released by the Home Ministry or the Ministry of Finance for use by any manufacturing concern.
4. The fact that arsenals listed on the above mentioned memorandum to the Imperial Japanese Government are returned by the occupation forces to the Home Ministry does not permit the Home Ministry to dispose them to private users. These arsenals are returned only for the purpose of requiring the Japanese Government to arrange for guarding them and for providing maintenance crews, which will store, preserve and protect the machinery located in such arsenals.
5. It is directed that you immediately acquaint all prefectural offices within the area under the jurisdiction of I Corps with the requirements concerning the control of such arsenals, and instruct them that, by order of this headquarters, they are not to make any further disposition of such arsenals or their equipment unless

specifically authorized by this or higher authority.

6. It is requested that you advise this headquarters not later than 23 March 1946 the steps which you have taken to advise prefectural officials concerning this matter.
