P. H. BULLIS, OLDEST PIONEER IN CITY, IS SUMMONED

SETTLES HERE IN 1880 WHEN THERE WAS NO TOWN; TO BE BURIED WEDNESDAY

Philip H. Bullis of 137 South Everett street, the oldest pioneer settler in Glendale, passed away yesterday afternoon at 4:15 o'clock, after an illness of ten days. He was born in New York state April 25, 1840, and first came to California in 1861. In 1865 he returned to Michigan and was married.

Mr. and Mrs. Philip H. Bullis then returned to California in 1869 and settled in San Rafael, across the bay from San Francisco, and moved to southern California to the town of Compton in 1872. They came to Glendale from Compton in 1880 and settled at what is now West Broadway and San Fernando Road.

At this time the name of Glendale or Tropico had not been thought of. There was a small orchard at that time and two small bunk houses at the town of "Ross Ranch," also a small, four-room house at what has since been called "Lomita Park" and a four-room house and perhaps five or six acres of late Valencia oranges and forty acres of deciduous fruit on East Elk avenue near Brand boulevard.

Mostly Pasture Then
No other buildings nor homes were in the valley except the Jeffries place on the west bank of the Arroyo Seco near Avenue 26. There were no bridges across the river of the Arroyo Seco near Avenue 25. There were no bridges across the river of the Arroyo Seco and up to that time the country was being used principally for a pasture.

Mr. Bullis is survived by three sons and a daughter, Joseph W. Bullis of Petaluma, California; W. H. Bullis of 1325 South Central avenue, James Allen Bullis of 111 East Maple avenue, and Mrs. Georgiana Wooley of 1501 South San Fernando Road. His wife and another daughter, Mrs. Jessie Stine, passed away in 1910.

Lefty Herman Goes To Canadian League

"Lefty" Herman, the big Glendale high school athlete who has been making such an enviable record in Southern California sporting circles for the last two or three seasons, leaves Los Angeles next Saturday for Crockett, California, where he will spend three weeks in training camp, prior to going to Edmonton, Alberta, where he will play baseball in the Canadian league. This will be Herman's first chance at professional baseball and his many Glendale friends will watch the northern reports with much interest during the next few weeks in order to keep in touch with his success.

Although "Lefty" is quite young and still has much to learn, it is generally conceded by those who have seen him in action that he has more than an even chance to "break even" with proper coaching and disciplining. He is regarded as one of the best athletes ever turned out by the local institution, having won letters on eleven different teams in three and a half years. This remarkable list consists of three each in basketball, track and baseball, and two in football.

Mr. Miller is past exalted ruler of the Elks' lodge of Salt Lake City. He stated that 500 members from that city will attend the Elks' National Convention to be held in Los Angeles in July, and has made reservations for that number at Los Angeles hotels.

Have You Twin Beds? Want To Trade Them For Couple Of Goats?

Wonder if they're kidding? A party today advertises in the classified columns of The Glendale Evening News "Two goats, fresh soon and will exchange for twin beds" or what have you? That's only one of the many ads worth reading on the liner page.

Here's Another One

Just another goat story. At San Fernando and Los Feliz Roads two automobiles crashed. One was a truck and the other a touring car. In the latter a man and woman were riding in the front seat and a goat was in the rear. All escaped without injury, but the goat was the only one that enjoyed the wreck, according to W. E. Heald, jeweler, who saw the accident.

Decision Is Reached To Do Paving Work

The industrial committee of the Chamber of Commerce appeared before the Board of City Trustees last night while sitting as a committee of the whole. In the consultation it was decided that it would be best to go ahead with the paving of the west side of Brand boulevard across the Southern Pacific tracks at the Glendale tower. The Chamber of Commerce committee will seek to have safety gates installed which the towerman will operate.

City Manager T. W. Watson was instructed to write Superintendent W. H. Whalen at Los Angeles and tell him of the city's decision in the matter of making the new short line boulevard to Los Angeles safe and well paved.

George B. Munn Is Converted To South

George B. Munn of Warren, Pennsylvania, arrived in Glendale yesterday and will spend some time with his son-in-law and daughter, Mr. and Mrs. C. E. Schimmelfeng, 328 West Lexington Drive. Mr. Munn has quite extensive mining and real estate interests in southern California and is contemplating spending most of his time in and around Glendale. To do this will necessitate leaving a large and lucrative law practice in the east, but Mr. Munn considers that what he might lose in a business way will be more than compensated for in the advantages that southern California offers, and especially Glendale, as a residence.

Relative Of Head Of British Navy Visitor

W. R. Beatty of the U. S. S. Arkansas was a caller at the Glendale Sanitarium Saturday. He came to visit J. A. Holton, who is an old friend of his. As his name suggests, Mr. Beatty is a relative of the man at the head of the British navy. Mr. Beatty has been in the service for three years and has gone through many experiences. For a while he was on a ship which had to carry food to the foodless people of the Pribilof Islands.

These islands are a barren group located in the Bering Sea and are a breeding resort for the northern fur seal. The inhabitants were about or a point of starving to death and their only hope lay in Uncle Sam's ability to give the necessary succor. But the trip was full of perils. An interesting account of this trip was published in papers all over the country, as it was so unusual. His account of some of the South American countries was very interesting. Mr. Beatty is not only a "sea dog" but is also an accomplished musician having played for a number of celebrities, including the wife of the former secretary of the navy, Mrs. Daniels.

GIVES LEGAL VIEWS ON STREET WORK FOR TRUSTEES

CITY ATTORNEY SHAW FILES WRITTEN OPINION ABOUT MAPLE IMPROVEMENT

Hartley Shaw, city attorney, at an adjourned meeting of the Board of City Trustees held last night, gave a written opinion relative to the improvement and assessment of Maple street, following several protests against the work made by property owners. The city attorney's opinion follows in full:

"In regard to the communication, from Mr. Heacock which you have submitted to me in regard to the improvement of Maple street, I beg to advise that the same is sufficient to constitute an appeal to you from the street superintendent's assessment for this improvement. This appeal vests you with full jurisdiction to revise the manner in which that assessment is made and the amounts which are assessed against each and all of the lots within the assessment district.

Limited In-Two Respects
"You have power, if you so determine, to order an entire new assessment made on some different principle of distribution of the cost. You are limited, however, in two respects: First, you cannot change the district to be assessed; and, second, that you must assess against the lots in that district the full cost of the improvement, including the contract price and the incidental expenses.

"Before you can act on this matter it is necessary for you to fix a date for hearing and have notice thereof given by posting. This hearing should not be held until after the time for filing all appeals expires, so that if any other appeals should be filed they can all be heard at once. Your first meeting after the expiration of this time will be on April 14 and I suggest that that be the date of hearing. . . . Should, however, an appeal be filed before that time and too late to give the necessary notice before that date on such other appeals, a continuance of one week may become necessary.

"Yours very truly,
"HARTLEY SHAW,
"City Attorney."

MINUTES OF CITY TRUSTEES

At an adjourned meeting of the board of city trustees, April 4, the following business was transacted: The board assembled in an adjourned session at 7:40 p. m., all members present.

Demands

The demands were presented and referred to the finance committee; the finance committee reporting back the following demands approved, and on motion of Trustee Robinson, warrants were ordered to be issued in payment of the same by the following roll call: Ayes—Bartlett, Henry, Lapham, Robinson, Stephenson, Noes—None.

Application of W. E. Roake

The application of W. E. Roake for permit to build a temporary garage in the rear of lot, corner of Acacia street and Brand boulevard, was called up at this time. In this connection a communication was read from Capt. F. L. Weisenheimer, objecting to the granting of a permit, in this case. Dr. Mabry was present and expressed objection. After some discussion the following resolution was, on motion of Trustee Henry, adopted, all voting aye:

"That W. E. Roake is hereby granted permission to erect and maintain for six months a temporary garage building 24 by 30 feet in size on the lot at the northeast corner of Brand boulevard and Acacia street, said building to be constructed of galvanized iron with iron frame and supports and to be situated sixty-eight feet east of the east line of Brand boulevard, and it appearing that this board after investigation that the carrying on in said building of a public garage, machine shop and automobile repair shop will not be a nuisance or interfere with the peace, health or safety of residents of the city of Glendale and that said building will be a suitable place for said kinds of business, permission is hereby granted to said W. E. Roake to carry on, for the period of six months from this date in the said building at the above mentioned location, constructed as above described, a public garage, machine shop and automobile repair shop."

Election Returns Canvassed

A canvass of the returns of the election March 29, 1921, was taken up, the chairman appointing Trustees Bartlett and Robinson to act as tellers. The tellers having completed the count, results embodied in the two resolutions that follow, both adopted on roll call as follows: Ayes—Bartlett, Henry, Lapham, Robinson, Stephenson, Noes—None. Absent—None.

"Whereas, on the 29th day of March, 1921, a special election was held in the city of Glendale at which the propositions of incurring a bonded debt hereinafter set forth were submitted to the qualified electors of said city and voted upon, and the returns of said election have now been presented to and canvassed by this board.

"Now, therefore, be it resolved, by the board of trustees of the city of Glendale, that from said returns and as a result of the canvass thereof, this board hereby finds and declares the results of said election as follows:

"The whole number of votes cast at said election in the city of Glendale was 1476.

PERMIT GRANTED TO BUILD TEMPORARY PUBLIC GARAGE

WILLIAM E. ROAKE IS GIVEN PERMISSION BY TRUSTEES AFTER HEARING PLANS

Permission to build a temporary public garage in the rear of the lot at the northeast corner of Acacia and Brand was granted by the Board of City Trustees, meeting in adjourned session last night, to William E. Roake, after a hearing of protests and favorable petitions.

The resolution granting the permit was drawn up by Hartley Shaw, city attorney, and introduced by Trustee Henry, seconded by Trustee Robinson. It provides that permission to conduct the garage be revoked at the end of six months.

In making his application, Mr. Roake explained that he had been forced to give up his present quarters, that he had purchased the lot at the corner of Acacia and Brand and that he was making plans to erect a permanent building. But in the meantime, he explained, he was without a place to do business, being unable to find a vacant room suitable for a temporary garage. Therefore, he asked for permission to conduct a garage in a temporary building he proposed to erect on the rear of the lot. He stated that he would erect a temporary structure of galvanized iron and that it would be fire-proof in every particular. He proposed, he said, to build it 20 by 30 feet and, when he erected his permanent garage, would remove it and erect a residence on the site.

Letter Is Received

A letter signed by Captain F. L. Weisenheimer, 204 East Acacia, was read in opposition to granting the permit, the writer declaring that it was the endeavor of the neighborhood to keep the homes in the most attractive condition possible and he asserted that a temporary garage would detract from the attractiveness and the value of the homes.

Dr. William C. Mabry, 115 East Acacia, was present at last night's meeting and protested against the granting of the permit, not, he explained, for personal reasons, but because he considered that a temporary structure would be against the best interests of the neighborhood. He said that six years ago a temporary permit had been granted by the city for the erection of a temporary building and that the structure was still standing.

C. F. Parker, 221 North Central, urged that the permit be granted. He declared that he had done business with Mr. Roake for six years, knew that he had been forced to seek a new location, that he could find no room empty, had been forced to buy a lot and, while plans were being made for a permanent building, was compelled to ask for a temporary permit.

Plans to Build Home

Discussion brought out the fact that the location is not within fire districts Nos. 1 and 2. The building would be, however, governed by the building ordinance and the temporary structure proposed by Mr. Roake will, it is declared, conform to the ordinance's requirements. Therefore, as pointed out by Dwight W. Stephenson, president of the board, the trustees had but one question to consider, that being whether a temporary permit to conduct a public garage should be granted.

In answer to questions, Mr. Roake declared that he wanted six months' time, but if he could finish the permanent building before then he would remove the temporary structure. He declared, further, that it is his intention to build a home on the site of the temporary structure when his permanent garage is finished.

In view of all the circumstances, the trustees considered that Mr. Roake was justified in his request and the temporary permit granted him on the understanding that it is for six months only.

Horseshoe Club Is Praised By Visitor

Editor The Evening News:—I am leaving for Louisville, Ky., after spending five months in your beautiful little city. For the past five winters I have wintered in Petersburg, Florida. I was a stranger here for several weeks, only the grocer and butcher to say "Good morning." So, to pass time away I joined the Horseshoe club. Then my real winter began. There are some live-wire members in that club. Petersburg, Florida, has thousands of tourists and the merchants belong to the club and get acquainted.

The city spends more money for sports out-of-door to entertain tourists than anything else. That is what Glendale should do, situated in such a lovely nook and the second largest park in the United States within a stone's throw and no way to get there from here. If I conclude to spend next winter in California, Glendale will be my stopping place, and horseshoe my pastime, for it creates excitement, exercise and health. Try it.

Charlie Chaplin In The Kid, Palace Grand

"Rock-a-bye baby, by the ash can," sings Charlie Chaplin on his first appearance in "The Kid," First National's six reels of joy, which is the attraction at the Palace Grand theatre for the last times today. Then he offers the baby to a policeman, the first gift he ever tendered to a guardian of the peace in any screen production. What follows is the funniest picture which the comedian has ever made. Everyone is talking about it. "Passion," the super-drama which Associated First National will present at the Palace Grand theatre Wednesday and Thursday, has as its star, Pola Negri, the famous Continental actress. The film is presented in nine parts and there are 5000 persons in the cast. It required two years to make the picture. It cost many hundreds of thousands of dollars.

Thomas D. Meddick Makes Double Deal

Thomas D. Meddick recently purchased the S. W. Christy residence at 373 West Wilson avenue. In the rear yard he found about 100 feet of poultry netting which he didn't want. It would cost something to remove the obstruction in the way of his garden, so he did the most logical thing. Advertisied for sale in the columns of The Glendale Evening News. "I could have sold ten times the amount," he said, speaking of the many inquiries he received. "And I have several dollars to boot in addition to having the netting removed by the purchaser." There's a case of simon-pure profit from a few cents wisely invested in The Glendale Evening News' classified columns. Harding's inaugural cost but \$1500 out of an appropriation of \$50,000.

Bartlett & French's Display Is Enticing

Typifying "The Call of the Open Road," a slogan being popularized throughout the country by the motor industry, Bartlett & French, Cleveland and Chandler dealers here, have prepared a window display answering the question "Are You Prepared?"

A Cleveland car is parked along side a camping ground, the trailer with its beds and cooking equipment ready for use stands nearby. In the center of the sylvan scene, a campfire with eggs sizzling in the frying pan makes one wish for their vacation.

Among the incidentals in the scene is a "dead soldier" and other relics of the feasts of yesterday. E. R. Stivers and Ray Galvin of Bartlett & French's force are responsible for the creation.

TRAVELING CLINIC'S WORK EXPLAINED BY DR. BUCHER

GLENDALE MAN IS IN CHARGE OF HEALTH EDUCATION; TRAVELS OVER STATE

Dr. William H. Bucher, of the California Tuberculosis association's traveling clinic, visited his home city yesterday. He resides at 610 West Broadway, Glendale, when not touring the state in the big motor laboratory which is supported by the sale of Christmas seals.

In company with Dr. Bucher in the work of diagnosing tubercular persons who attend the clinic is Miss Lily Schields, a trained nurse. Jack Oberle is the auto mechanic. Already this year they have visited San Joaquin, Sacramento, Merced, Fresno, San Bernardino, Riverside, Imperial, San Diego, Orange and Los Angeles county centers and within a week the big white car will trundle up through the San Joaquin valley to Alameda and other northern counties.

Faces Big Problem

Speaking of his work, Dr. Bucher said that the problem of caring for the Mexican population is the biggest one facing the California Tuberculosis association owing to the unsanitary way in which it lives. Citing as instance at Chino, he revealed the fact that in a family of fifteen, ten have already died and the other three children are afflicted.

"The apathy of Americans toward the Mexicans here in the state is deplorable," he said. "We have them in our midst and we should see to it that they are directed in sanitation and housing so that their health will not be a menace to our own."

"One case of tuberculosis is capable of affecting a whole community. Therefore we are giving out literature to each patient directing how they should live and if they are in need of the services of a physician we try to get someone in the town to look after them."

Reviewing his work as conducted here yesterday from the clinic which stood in front of the Palace Grand's parking space, Dr. Bucher stated that everyone is potentially a subject for tuberculosis.

"It is similar to a person carrying a stick of dynamite about. It is all right as long as it is not jarred. But if it is, look out for the results for practically no one is immune."

GREAT BRITAIN PUT BACK UPON WAR TIME BASIS

GOVERNMENT AGENCIES GIVEN POWER TO TAKE OVER VARIOUS INDUSTRIES

By ED L. KEEN

United Press Staff Correspondent LONDON, April 5.—Great Britain today was thrown back into war times by the coal strike.

To combat what was accepted as a threatened industrial revolution, government agencies were empowered to assume control of mines, food manufacture and shipping, street car lines, canals, harbors, export trade, lighting and all means of transportation.

Some of these were to be taken over today.

Authorities were prepared to introduce the most severe restrictions since the armistice.

To carry out its industrial program the government already has begun extensive military and naval movements. The navy recalled all men from furloughs and stopped leaves. Troops were distributed in such way as to give the government the greatest aid, both in carrying on industries and in preserving peace.

To Decide on Support
Transport workers, commonly recognized as the most radical labor group, met today to decide on ways of supporting the miners.

The transporters went into session early today with President Harry Gosling in the chair.

Railway men meet tomorrow. The two sessions will determine definitely whether Britain faces a near revolution. The three great groups form the triple alliance, comprising over 3,000,000 men and easily the most powerful labor army in the country.

The government's promptness in meeting the challenge was disturbing to transport and railway leaders. As a result it was indicated today they may urge delaying the strike vote until negotiations have been resumed between miners, colliery owners and government agents.

Railway and transport workers were anxious to act, however, to forestall any movement to cut their wages. They believed any reductions made for miners will be applied to them next.

The entire alliance feared owners of the industries were intent on slashing wages to the "starvation point."

Unemployment figures leaped by the thousands. Thirty thousand tannery workers joined the idle today. Two hundred thousand employed in food factories were laid off, 60,000 motor workers, 326,000 brewery employees and thousands in lesser trades swelled the list.

When End Of Long Journey Is Reached

As told in dispatches to The Evening News, Bert Leston Taylor, for fifteen years a column conductor on the Chicago Tribune, has passed away, but some of his sayings and verses will live for a long time, many of his admirers predict.

R. S. Person of Glendale knew Mr. Taylor and he brought one of the column conductor's poems to The Evening News. The poem was published in The Tribune on October 27, 1917, and was based on the fact that when the wounded in hospital came to die, said a British officer, their last request in many cases was for the prayer, "Now I lay me down to sleep."

When my sun of life is low,
When the dew shadows creep,
Say for me before I go,
"Now I lay me down to sleep."

I am at the journey's end,
I have sown and I must reap;
There are no more ways to mend—
Now I lay me down to sleep.

Nothing more to doubt or dare,
Nothing more to give or keep;
Say for me the children's prayer,
"Now I lay me down to sleep."

Who has learned along the way—
Primrose path or stony steep—
More of wisdom than to say,
"Now I lay me down to sleep."

What have you more wise to tell
When the shadows 'round me
creep?
All is over, all is well . . .
Now I lay me down to sleep.

Miss Baldwin Denies Property Purchased

"The property at the southwest corner of Brand boulevard and Wilson avenue has not been sold."

That is the emphatic denial made by Miss Jeanette Baldwin of 903 South Central avenue that she and her two sisters had sold the house 100 by 150 foot lot which fronts on Brand boulevard at Wilson avenue.

According to figures given currency it was sold for \$45,000.

Of course, while it has not been sold, Miss Baldwin stated that \$45,000 would buy the lot.

It has been known to The Glendale Evening News for a week that several efforts have been made to purchase the property and each day this paper has been in touch with news sources regarding its sale.

But it has not been sold and when it is sold The Glendale Evening News will chronicle the fact.

It is also known to The Glendale Evening News that capitalists contemplating the construction of a quarter million dollar hotel and office building on the property offered as high as \$41,000 and quit. He considered \$400 a front foot all that he could afford to pay in view of certain circumstances. The expense of a sewerage district assessment and other improvements is said to have led him to the belief that while the property would be worth the price asked, he would have to spend the difference of \$40 or \$50 doing things which are bound to be done in the near future by whoever owns the boulevard frontage.

Up In Mary's Attic Is Rollicking Story

What would you do—? If you had the sweetest, cutest youngster on the face of the earth, would you take him into the woods and leave him with a rotund Indian squaw like Minnehaha—or would you hide him in the . . . ?

But see this clever, rollicking story at the Glendale Theatre today or tomorrow! Its great human appeal, its hearty laughs, its thrilling moments will not soon be forgotten! Don't miss it! There's a treat in store for you—"Up in Mary's Attic!" Harold Lloyd, who has amused the throngs attending the Glendale Theatre on Sunday and Monday, continues today and tomorrow in his great three-reel comedy, "Now or Never." There is no limit on laughter in this program. Besides there is a Pathe Review, Globe Trot travelogue and Madame Clement plays "My Mother's Evening Prayer" on the Southland's greatest organ.

It is a great big program and all at the same prices, says Manager W. A. Howe.
