

LIBERAL CANDIDATE FOR OKANAGAN

DR. K. C. MACDONALD CHOICE OF CONVENTION

Many of the Old-Time Conservatives Withdraw Their Support From Price Ellison.

(Special to the Times.) Vernon, Nov. 21.—Liberal delegates to the number of eighty-two from all parts of Okanagan electoral district, met here yesterday to select a candidate to contest this riding at the forthcoming provincial general election.

BROUGHT THOUSAND GUINEAS.

London, Nov. 21.—A Dresden china figure, 11 inches high, representing a lady wearing a huge ermine and carrying a pug dog with another pug dog at her feet, brought one thousand guineas at Christie's auction rooms here yesterday.

In addition to this interesting detail there is a story current that this same group was recently sold at auction here for \$50, but it is now known that the group that figured in the sale was a clever imitation of the original.

MISREPRESENTATION.

President Hays of Grand Trunk Pacific, Deals With Questions of Pacific Terminus.

The Grand Trunk Pacific Company seems to be determined to keep down any misrepresentation in connection with the terminus of the road. Some time ago it will be remembered that an interview was given in which the statement was made that certain private parties would handle lands in the terminal townsite.

This was promptly dealt with by the vice-president and general manager of the Grand Trunk Pacific, who authorized a statement that none of the company's lands would be handled, and that when the proper time came the intention was to register for the handling of the lands without putting it in the hands of outside parties.

During the past summer in the papers of Seattle, Spokane and other United States cities of the Northwest there have been appearing advertisements setting forth the chances of investing in Port Simpson real estate which was described as the terminus of the Grand Trunk Pacific fixed by the company and approved of by the government of Canada.

The map which accompanied the advertisement was described as the one authorized by the Dominion government.

There can be no question that there were many who bit and were sold into under the impression the terminus of the Grand Trunk Pacific was to be at Port Simpson. To Canadians who understand the situation the feeling prevailed that there would be a rude awakening for some of those who had made investments on the strength of the representations of the Seattle house, which was advertising the lands.

The editor of the Railway and Marine News took the trouble to have an investigation into the situation, and wrote to the president of the Grand Trunk Pacific, Chas. M. Hays, with the result that he received the following letter:

Montreal, Canada, Oct. 21st, 1906. Mr. J. P. Parkinson, Publisher Railway & Marine News, 23 Globe Bldg., Seattle, Wash.

Dear Sir:—Replying to your of October 16th, in reference to the fact that you have been selected as the Pacific terminus of the Grand Trunk Pacific railway, and anyone selling town lots or property at any point on the representation that such point is to be or has been selected as the terminus of this railway is guilty of misrepresentation of the facts. There has been acquired in the interest of the railway company 2,000 acres of land on Kater Island, Agby Island and Telpson peninsula, which was purchased from the provincial government of British Columbia, and the Melakultha Indians. There are no individual interests in connection with these land holdings.

CHAS. M. HAYS, President. Forty Pops have lived less than a year after their election.

FRENCH POLICY ATTACKED.

Senator Accuses Government of Playing Into Hands of Great Britain.

(Associated Press.) Paris, Nov. 20.—Senator de Villaine created a sensation in the Senate today by making a vicious attack on the foreign and interior policy of the government. He charged the government with playing into the hands of Great Britain, and demanded to know whether the report was true that a military convention had been planned between Great Britain and France as a prelude to the great adventure in which Foreign Minister Pichon and War Minister Piou had embarked with Premier Clemenceau.

Premier Clemenceau, after defending M. Pichon and General Piou, announced he could not say anything regarding the Franco-British understanding, but stated that he did not believe a military convention existed.

WILL RETURN HOME.

Former Countess de Castellaine to Leave France Next Year. (Associated Press.) New York, Nov. 21.—Mr. and Mrs. Frank J. Gould sailed for Europe yesterday on the Kaiser Wilhelm II. Mr. Gould announced just before sailing that his sister Anna, the former Countess de Castellaine, would return to this country with them at the end of January.

NEGRO REQUESTS TO BE HANGED

MURDERER IS AFRAID HE MAY BE LYNCHED

Will Be Executed and Meanwhile Is Being Guarded by Company of Infantry.

(Associated Press.) Center, Texas, Nov. 21.—Dick Barrett, a negro who killed Dr. Paul on Saturday, will be executed today.

After the funeral yesterday friends of the murdered man were so wrought up that an attack on the jail was imminent. The accused sent for District Attorney Imboden, waived all his legal rights and requested to be hanged.

MEXICO'S FINANCE BILL

(Associated Press.) Mexico City, Nov. 21.—The new finance bill, providing for an export duty of 10 per cent on silver pesos, recently up in the house and passed by that body after a brilliant speech by Minister of Finance Limantour, has gone rapidly through its course in the national senate by which it was approved and passed. It now awaits the signature of President Diaz.

BIG BLAZE AT TOULON.

Portion of Dockyards Destroyed—Damage Amounts to Several Million Francs.

(Associated Press.) Toulon, France, Nov. 21.—The main portions of the dock yards of the Secrete des Forges et Chantiers were destroyed by fire to-day. The foreign vessels in course of construction were saved with difficulty. The loss will amount to several million francs.

NEW INSPECTOR.

(Special to the Times.) Ottawa, Nov. 21.—Major John Beville, Royal Marine Light Infantry, has been gazetted to be inspector of small arms and machine guns.

WINTER SOCIALS.

First of Series Will Take Place at Y. M. C. A. Rooms To-Morrow Evening. To-morrow evening the first of a series of winter socials will be given in the Y. M. C. A. rooms. They will alternate by men only, and mixed audiences, when ladies are invited. The social to-morrow evening will be for boys and young men especially who are not members. All the members are invited to attend and take all available chums with them.

It will be truly a men's evening. The whole programme will be given by men and will include songs, readings, speeches, bag-punching, tumbling and stunts of all kinds. The boys are taking cakes, the association is supplying tea, coffee and sandwiches, and the members will wait on their friends and be "at home" to all newcomers and visitors.

The social will prove a good "mixer" for the membership contest just started with a target in view of one hundred new members. The membership committee elected four team captains, Oswald Barton, Oswald Margison, Chas. Mason and E. M. Whyte, representing the four colors respectively, blue, green, red and white. The entire membership is divided into the four teams, and the time limit is fixed for December 15th at 10 p. m. The winning team will be treated to a supper at the close of the contest, to which will be invited all the new members received and every member of any team who has secured one or more new members. The lounge side will provide the programme. Large thermometers painted on cardboard report the rise of membership at the close of each day. Great enthusiasm is being kindled, and the mercury has already started to rise. The social to-morrow is free to all boys and men.

TROOPS BATTER IN CHURCH DOORS

PRIEST ARRESTED AND TAKEN TO PRISON

French Officials Who Are Taking Inventories Are Meeting With Considerable Opposition.

(Associated Press.) Lille, Department of the Nord, France, Nov. 21.—A captain of the Eighth Infantry, who refused to obey an order to-day to break down the door of a church in order to enable the authorities to take the usual inventory was replaced by a lieutenant. During the taking of the inventory the lieutenant was seriously wounded.

Overpowered By Troops.

Troyes, Department of the Aube, Nov. 21.—The inhabitants of the neighboring towns, surrounded and barricaded their churches when the authorities attempted to take the inventories to-day, but they were overpowered by troops. A priest at Soligny, who violently resisted, was arrested and taken to prison.

WOODMEN OF THE WORLD.

Statements Submitted at Insurance Commission Show a Large Deficiency. (Special to the Times.) Ottawa, Nov. 21.—At the insurance commission this afternoon there was presented actuarial statements in regard to the order of the Woodmen of the World. It was shown that there was in December, 1905, assets amounting to \$157,294, showing a deficiency by calculation of \$859,828. Mr. Kent pointed out that the order was drifting on the rocks. The chief officer of the order said that so far it had been impossible to increase the rates to meet the deficiency.

ROOSEVELT WELCOMED.

(Associated Press.) Ponce, Porto Rico, Nov. 21.—President Roosevelt arrived here this morning from Colon and was received on landing by Governor Winthrop and the other prominent insular officials. The town, which was profusely decorated in the president's honor, was crowded with people from the surrounding country.

EXTENDING BOUNDS OF DOMINION

CAPT. BERNIER TAKES POSSESSION OF ISLANDS

Steamer Arctic is Wintering in Pond's Inlet—Will Proceed Further North in Spring.

(Special to the Times.) Ottawa, Nov. 21.—The marine department has received a report from the Arctic, under the command of Captain Bernier.

The captain went as far north as Lancaster Sound. He visited the spot where the relics of Franklin's expedition were found and took some on board.

The Arctic is wintering at Pond's Inlet, in Baffin Land.

Capt. Bernier took possession of some islands upon which he raised the Union Jack.

Next spring the Arctic will push as far north as it is possible to go along the west coast of Greenland.

FIRE AT VANCOUVER.

Factories and Moulding and Glazing Rooms of Robertson & Hackett's Mill Destroyed.

Vancouver, Nov. 20.—Fire destroyed the factories, moulding rooms and glazing rooms in Robertson & Hackett's mill here this evening. The fire originated with a hot pipe, from which the floor of the factory caught. In a short time all that part of the mill was ablaze. It took the fire department three-quarters of an hour to get the blaze under control. They managed to stop it from spreading to the main sawmill and the dry kilns, but practically all the rest was destroyed. The loss is estimated at \$60,000, which was partly covered by insurance.

DESTRUCTIVE TORNADO.

Court House Demolished and Fifteen Houses Unroofed.

(Associated Press.) Nashville, Tenn., Nov. 21.—News came last night of a tornado which swept through Spencer, Vanburen county, Tennessee, Sunday. The court house was demolished, 15 homes unroofed and many stores damaged. The place was cut off from telephone and telegraphic communications.

PRESENTATION.

Miss Dorothy Sehl Was Recipient of Gift, Address and Congratulations at Alexandra Club.

Yesterday was "guest day" at the Alexandra club, and the opportunity was taken of preceding the afternoon's programme by a pleasing function, namely, the presentation of a gift and address to Miss Dorothy Sehl, who is to be married shortly. The gift was a pretty gold necklace, ornamented with pearls, to which was attached a cluster of carnations, and the address, which was read by Mrs. Rocks Robertson, was as follows:

Dear Miss Sehl—We are gathered together here, taking the very pleasant opportunity afforded by your marriage, to offer to you, on behalf of your many friends among our hospital aid societies, their most hearty congratulations, and to ask you to accept this small gift, as a remembrance of the love and appreciation you have inspired, not only by the willing and active work you have accomplished for the cause itself during your eight years' service, but also by those qualities of mind and heart which have lent grace and kindness to all your undertakings and endeared you to us all.

We are told that the rings and the ornaments of character which you will carry into your new life, to bless your husband and your home. On behalf of the president and members of the Women's Auxiliary, Provincial Royal Jubilee Hospital.

Miss Sehl made a few appropriate remarks, thanking her friends for the tribute they had paid her and afterwards remained as one of the guests of the afternoon, receiving the congratulations of all present.

CROWN PRINCE OF SERBIA IN A RACE

DRIVEN TO FRENZY BY REPORTS OF INSANITY

Bursts Into Office of the Premier and Threatens to Kill Him—His Brother.

(Associated Press.) London, Nov. 21.—The Vienna correspondent of the Daily Telegraph forwards what purports to be an account of the origin of the official details of the present condition of George, crown prince of Serbia.

When Prince George heard the newspaper reports of his insanity he rushed with his riding whip to the foreign office and burst into the room of Premier Paskich shouting "You dog, you intend to confine me, your future master. I'll kill you, I'll trample upon you, I'll trample upon you." The premier had much trouble in calming the prince, who then proceeded to the press bureau where Director Ivanitch, under orders of the prince, composed the official denials in his presence.

When this had been done, Prince George departed, flourishing his whip and crying, "These Swabian and Hungarian dogs shall eat their words."

Similar scenes were enacted in the palace, where, the correspondent says, it is reported that the prince ill-treated his brother, Prince Alexander, who is a quiet youth.

HIGH SCHOOL RUGBY CLUB DANCE TO-NIGHT

The Annual Event Will Take Place in the Victoria Hall, Blanchard Street.

Everyone interested in furthering amateur sport should endeavor to be present at the dance to be given to-night in Victoria hall, Blanchard street, by the Rugby club, of the High school. Mrs. Simpson will direct the proceedings.

The dance is an annual event, but the proceeds on this occasion will be devoted towards the expenses of sending three High school teams to Vancouver on Saturday, and last year, Victoria did not show up very well in the inter-city contests. There is every indication that next Saturday the tables will be turned. The girls' hockey team beat the regular ladies' club last Saturday; the basketball five defeated a team at the Fernwoods' rooms by 30 to 6 on Monday, and the Rugby fifteen are practicing as hard as they can to secure a victory from the Terminal City.

Tickets can be had from any student of the High school, or at the door to-night, and all parents and friends who cannot go to Vancouver to encourage the pupils in their hard tussles on Saturday should, by purchasing tickets, even if not attending the dance, show their appreciation of the efforts of the High school pupils to uphold the credit of the Capital City.

TELEGRAPH OPERATOR'S SUICIDE.

(Associated Press.) South Norwalk, Conn., Nov. 21.—A wireless message received early this morning at Wilson's Point, on the westward bound Fall River liner Puritan stated that a passenger, identified as Stephen L. Sullivan, of Newport, Rhode Island, shot himself in the head shortly before midnight last night and died instantly. He had been employed as a telegraph operator in the Fall River, Mass. office of the Western Union Telegraph Co. No reason for the act is given.

According to Madge in London Truth, the fashionable age for marriage for women now is from 27 to 32, and for men 25 to 30.

CITY PROPERTY IS SELLING RAPIDLY

REAL ESTATE MARKET SHOWS GREAT ACTIVITY

Purchasers Include Both Residents and Visitors From the Capital of Alberta.

So far this week the real estate market has been active for the autumn season. Although present indications do not show that the aggregate will reach the very high figure given last Saturday, the following sales show that there is a large amount of property changing hands.

The two lots on Fort street, adjoining the premises occupied by Eaton & Co. were sold yesterday by the B. C. Land & Investment Agency for a sum in the neighborhood of \$25,000. A local man took advantage of the opportunity of purchasing them as an investment. Another sale was made this week of two lots on the other side of the same street, at the corner of Market alley. They fetched the sum of \$8,000.

It is also reported that G. Michaels has sold his residence on Elliot street to a visitor from Edmonton named Casparhill. The latter gentleman is so pleased with the climate of Victoria that he will reside here in future. He leaves in a few days for the Albertan capital, and will return with his family.

The McCulloch property at the head of Victoria arm was also sold recently to another visitor from Edmonton. It contains about 167 acres, the purchase price being \$15,000.

COLLAPSE OF BUILDING.

Two Men Instantly Killed and Six Slightly Injured. (Associated Press.) Rochester, N. Y., Nov. 21.—The new emulsion building at Kodak Park, the Eastman Kodak works, collapsed this morning and fourteen or fifteen persons are reported killed. Every ambulance in the city has been called to the park, four miles from the centre of the city.

Two Masons Killed. Rochester, N. Y., Nov. 21.—Latest reports indicate that only two workmen were killed and six slightly injured. The men killed were masons engaged in putting up the concrete building.

DIG MILL WILL CUT VERY SOON

MOSQUITO HARBOR PLANT TO START OPERATIONS

Directors Are Reluctant, But Appear Very Well Pleased With Several Weeks' Visit.

It was a funny ten minutes that a Times representative had with Messrs. McEwan and Arnold, of the Sutton Lumber & Trading Company, who arrived yesterday afternoon on the Tese from the West Coast and left almost immediately on the Indianapolis. The interview was held at the offices of the company's solicitors, and both gentlemen, although almost uncommunicative, seemed very well pleased with the prospects of the big mill at Mosquito harbor.

"There's too much said about our mill," was the first remark of Mr. McEwan. "We have only a single hand one, at present, not half as large as our other one on the Sound." Additional questioning brought out the fact that its capacity was 300,000 shingles a day, but such a small total for all.

Mr. McEwan was also reticent regarding the lumber mill, but the latest official timber bulletin gives its cutting power at 200,000 feet per diem. An addition of these two capacities will indicate the importance of the new mill on the West Coast.

"We have enough logs out to keep us busy for several months," Mr. McEwan continued, "and I think the mill will be running before the end of the year."

Although it was pointed out that the timber limits held by the company were much larger than the capacity of the present mills would warrant, neither gentleman would give any information as to proposed extensions. Both seemed satisfied, however, with their several weeks' visit in the vicinity of Mosquito harbor, and went over to Seattle well pleased with the result of their trip.

Mr. Arnold, who hails from Albany, N. Y., expressed himself well pleased with his experiences on Vancouver Island. He will return to his home at once and repeat his visit every year, staying a week or two, while he is associated with the Sutton company.

POISONED BY WILD PARSNIPS.

Washington, Nov. 21.—Two foreigners are dead and 36 are violently ill, several of whom will die, at Millsboro, Pa., from eating wild parsnips yesterday.

VANCOUVER NOTES.

William McClelland Died While Cooking Meal—St. Andrew's Church Re-opened.

William McClelland, living at 546 Game street, Vancouver, was engaged in cooking his evening meal on Sunday last, fell down and died. Deceased was a native of New Brunswick and had attained the ripe age of 76 years. He ran a small store on Cambie street and was fairly well-to-do. He owned some real estate in the city, and shortly before he died deposited \$700 with the chief of police for safe keeping. This sum will now be turned over to the administrator of his estate. He had one daughter living in Alaska.

An inquest was held on Monday on the body of W. Walsh, who was killed by the falling of a scaffold at a house in Mount Pleasant last Friday. The evidence shows that Walsh had built the scaffold himself with the assistance of the owner of the house, and the jury found a verdict of accidental death.

Eloquent sermons were preached at the re-opening of St. Andrew's church by Rev. Clarence McKinnon of Winnipeg, both morning and evening on Sunday, and the congregations more than made up for the loss of the evening it is estimated that fully a thousand people were turned away for want of seating room. The musical services were appropriate to the occasion and the preacher very properly commended the congregation of St. Andrew's for the splendid progress they had made, as evidenced by the increased accommodation and fine appearance of the church.

WILL HUNT SEALS OFF THE CAPE

ELLA E. STARTS OUT EARLY NEXT WEEK

And Will Cruise in Vicinity of Flatery During the Month of December.

To hunt seals, twenty or thirty miles off Cape Flatery, in a section of the Coast conceded by shipping men to be one of the wildest parts of the whole Coast during the winter months, is the daring exploit which Capt. J. C. Voss has now on hand. The schooner he has selected for the purpose is one of the smallest in port. She is now shipping supplies, and according to expectations, will leave here early next week, about two months in advance of the other schooners of the Coast.

It was announced in the Times some days ago that Capt. Voss had purchased the schooner Ella G. and that she was to be fitted for a hunting and trading expedition. But Capt. Voss, who has been doing no trading, is now out for a few months on a seal hunt.

Such an opinion given by many navigators would not be accepted as worth much in view of the size of the schooner, but coming from a man who has accomplished one of the greatest feats in navigation on record some importance is at once attached to his statement. The Ella G. Capt. Voss says, "has three years similar to those of his famous Indian war canoe Tiliikum, in which he travelled around the world, visiting Australia, New Zealand and South Africa and England. She was designed in the water and seemingly well built to ride stormy seas. In fact, the Ella G. was constructed as a fishing boat. She is what is called a double-decker, that is, her stern might be taken for her bow were it not for the rigging and general plan of the deck. The vessel is something like twenty tons, and her dimensions are: Keel, 36 feet; beam, 14 feet; and draught, 9 feet.

For the present voyage her cabins have been made very comfortable, and everything about the craft looks staunch and rigid. For many months she has been idle. She was brought here from the West Coast, where a few years ago she was wrecked and subsequently salvaged. Since then she has made one or two unsuccessful runs down the Coast for fish, with Capt. Alex. McLean, of sealing fame, in charge, and on one occasion rode out a heavy gale in such a manner as to attract no small amount of attention. This was the Montreal, which was wrecked. The little Ella G. was one of the few craft in the vicinity at the time. She put into Callam bay for shelter, but according to the story told Capt. McLean heard that a revenue cutter was there and he at once hoisted sail and headed for the West Coast, arriving in safety, but after a very exciting trip.

In starting out on his present expedition, Capt. Voss has associated with him two of the most expert seal hunters in this port. They are Messrs. Fred Byers and Collinson, and there will be but one other hunter and an entire crew of eight men.

Collinson has hunted out of this port for the past twenty years, and it is largely on his and Byers' experience that Capt. Voss is counting for the success of his cruise. These men believe that there is good hunting to be found during the month of December off Cape Flatery, and from that point south the seals will be followed. This is comparatively a new venture, for not in many years have vessels gone out so early in pursuit of seals in this locality unless heading for the Japan coast, and it will be interesting to learn how well success the baby of the fleet will meet in seas in which oftentimes there is a hostility about running the largest of craft in the coasting trade.

The town of Stockton, Worcester county, Maryland, was visited by a fire Monday night which destroyed every business house in the place except the Stockton bank. Clarence Parsons was burned to death. He was asleep in a room in which the fire originated. Sixteen buildings were burned.

A FAREWELL TO MISSIONARIES

GRAND RALLY TO BE HELD MONDAY NIGHT

Large Company of Methodist Workers For China and Japan Will Be Here.

On Monday evening next there will be a mass meeting in the Metropolitan Methodist church to be addressed by young missionaries, who are on their way to China and Japan. The party of missionaries and their wives are now on their way westward, and are expected to reach Victoria on Monday evening from Vancouver to take the Empress liner from here on Tuesday forenoon. Farewell receptions have been tendered to these young missionary workers at different centres on the way westward.

Never before in the history of the Canadian Methodist Foreign Missionary Society has such a large number of missionaries been sent to the same country at the same time, there being nine of the present party going to China and two to Japan.

The party is made up of the following: Rev. E. J. Carson, B. A., is a graduate in arts of Victoria University, and in theology at Wesley College, Winnipeg. Mrs. Carson was Miss Flossie Dinefield, daughter of John Dinefield, Winnipeg, and a sister of Mrs. Orlando Joffe, whose husband is stationed now in China. They will be supported by the Regina, Moose Jaw and Saskatoon district Epworth leagues.

Rev. W. E. Sibley, B. A., is a graduate of Victoria University. Mrs. Sibley is a graduate of Wesley College, Winnipeg. She is a daughter of the Rev. J. M. Harrison, Medicine Hat, Alta. They will be supported by the Roland and Crystal City Epworth Leagues.

Rev. F. Allan, M. D. C. M., is the only medical graduate in the party. After taking honors in his course he spent a year at post-graduate work in the Denver hospital. Mr. Allan will marry a graduate of Baker University, who is also a trained nurse. They will be supported by the Exeter district Epworth Leagues.

Rev. C. J. Joffe, B. A., is a graduate of Victoria University, and a brother of Rev. Orlando Joffe mentioned above. Mrs. Joffe is a daughter of Geo. Bigelow of Cornwall, Ont. She was a member of the teaching staff of the Cornwall High school. They will be supported by the Sarnia district Epworth Leagues.

H. D. Robertson, B. A., is a graduate of Victoria University, and Mrs. Robertson was Miss Frances Genevieve Hunter of Peterboro, an undergraduate of Victoria University. They will be supported by Wesley church, Hamilton.

Rev. Robt. McAmmond and Mrs. McAmmond have been leaders in the forward movement for missions and summer school work in the Montreal conference. They will be supported by Wesley church, Vancouver, B. C.

Rev. E. W. Wallace, B. A., B. D., is a graduate of Victoria University, and will be supported by Hon. Senator Cox. Rev. N. E. Bowles, B. A., a brother of Rev. R. P. Bowles, latter pastor of Grace church, Winnipeg, is a graduate of Victoria University, and will be supported by the Toronto west district Epworth Leagues.

Rev. E. W. Morgan, B. A., is a graduate of Victoria University. He will be supported by the Broadway tabernacle, Young Men's Club, Sunday school, and Epworth League, of Toronto central district Epworth Leagues.

Rev. C. P. Holmas, B. A., a graduate of Victoria University, and Mrs. Holmas will be supported in Japan by the Wairton, Walkerton and Mount Forest district Epworth Leagues.

Arthur Ozawa, a native of Japan and a graduate in theology of Victoria college, will return to his fatherland to preach the gospel. He will be supported by the Sault Ste. Marie district Epworth Leagues.

Advantage has been taken of the arrival on the coast of this important band of workers to arrange for a grand rally and farewell on Monday night at the Metropolitan church. The public are asked to attend the meeting when stirring addresses are expected from the visitors.

REFORMS IN THE CONGO.

(Associated Press.) Brussels, Nov. 21.—The government accepted the recommendation of the commission of inquiry into the administration of that state, and has abolished compulsory labor in the district of Katanga. Hereafter the negroes will pay their taxes in money.

THE CELTIC REPORTED.

(Associated Press.) Cape Race, Nov. 21.—The steamer Celtic, from Liverpool for New York, was in wireless communication with the Marconi station here, when 210 miles east of Sandy Hook at 5.20 a. m. She will probably dock at 12.30 a. m. on Saturday.

In a dispatch from Berlin, the correspondent of the Cologne Gazette confirms the report published and discussed in the English press for several years past, that Norway intends to propose that the powers, including Russia, shall guarantee the neutrality of Norwegian territory. The correspondent says he has learned that Germany is favorably disposed to this idea.

HAIR BRUSHES

We have Hair Brushes in all styles, shapes and sizes, ranging in price from 25c. to \$35.00. Bristles, Extra Hard, Hard, Medium, Soft and Extra Soft. SCARCITY OF LOGS IS FELT LOCALLY

AND THE PRICE HAS LATELY BEEN RAISED

It is Said the Big Mill Owners Are Trying to Crowd Out Smaller Concerns.

According to authoritative statements there has been, for the past two months, a scarcity of logs in the local market, and during the last few days the price has risen from \$12.50 per thousand feet, to \$15. Even at the latter high price the supply is quite inadequate, and the buyers state that they cannot at present meet the demand for lumber for a variety of reasons. The chief causes of the scarcity are, however, attributed to the loggers, who recently formed a combine, and are now asking high prices, and to the desire on the part of some big mill owners to acquire the smaller ones out of business.

Some local mills are turning on their reserve supplies, and many orders are being laid over until the supply of logs enables them to be filled. Those firms which possess timber limits are, of course, in a better position than those who depend on the open market for their sole supply, but even the former are buying wherever they can, which indicates that the general scarcity is affecting them, and that they are finding it none too easy to satisfy the present big demand for lumber. Among the firms who are suffering is Lemon & Gouinsson, the contractors for doing the interior work of the new C. P. R. Empress hotel.

CHINA'S GREAT TRADE

Dominion Commercial Agent Gives Interesting Details as to Business at Shanghai.

The Dominion commercial agent in Yokohama, in his report dated October 20, says: "The trade of China, in so far as it is represented by the port of Shanghai, which is a very great section of the whole foreign trade of the country, is represented by the British consular report to show a large increase over that of the preceding year. This increase is stated to be in spite of an exceptional run of unfavorable incidents, among which were the boycott of American goods, the blocking of the Manchurian and Siberian ports, a destructive typhoon and flood-tide, the fluctuations of exchange, the indiscriminate seizure of copper 'cash,' the Shanghai riot and its consequent ill feeling, and many lingering incidents of the war proving a serious detour of shipping. The marked and continued increase in the trade of Shanghai speaks volumes for the commercial prosperity of that port, and indeed the whole of China. In 1905 the trade of the port amounted to 496,756,116."

INBOUND LINER

The Blue Funnel liner Antiochus, the third of the Alfred Holt Company's new vessels to visit this port, left Yokohama on the 15th inst., and is due on November 29th. The big freighter is in the command of Capt. Keay, who was last here when in charge of the Deucalion. The Titan and Cyclops, the two other new liners of the Liverpool and the Orient fleet, will visit Victoria next year.

FRISCO STEAMERS

The Pacific Coast Steamship Company's steamer Spokane arrived from San Francisco this afternoon. She was due this morning, but was detained by bad weather.

SHIPPING NOTES

The repairs to the steam whaler Orion have been completed at Purple's ways and the vessel will return to Sechart next Friday. The steamer Hyades will be due from China and Japan on Friday with a cargo for this port. After discharging nitrate at the outer wharf for the Victoria Chemical Works, the steamer Bessemer Dollar, which arrived from Japan via San Francisco yesterday, shifted into Royal Roads this morning to await orders.

READY ON THE SHELF

That's where you'll find "Nerviline" in every well regulated household. So pleasant to take that even little children will cry for it. So certain to cure coughs, sudden colds and tight chest that thousands of bottles are used every day. Polson's Nerviline does prevent illness, it does ease pain and inflammation, and by being handy will save worry and keep down the doctor bill. Large bottles sold for a quarter at all dealers.

JAPANESE TARIFF RISE NOT AFFECTING VICTORIA

Shipments Still Continue Despite Increased Customs Duties Soap Going by Next Boat.

Alexander MacLean, commercial agent for the Dominion in Japan, has the following to say regarding the new tariff imposed in that country: "The new customs tariff in effect October 1st, bears heavily upon luxuries. The Japanese application of luxuries differs widely from that of the foreign classification. Without giving due consideration to this circumstance, and many relative complications, some infer from the tariff a tendency towards a protective policy.

"On toilet goods, for example, the duty is doubled, which may be a fair enough levy upon this class of goods, and certain to have a liberal protective effect upon the manufacturer. Yet the toilet goods—manufacturers in Tokio, Osaka, and Kyoto are moved to petition for fear that the price of raw material for toilet soaps and perfumes made in Japan will largely increase, and that as a result they will be unable to compete with foreign goods in the market from abroad."

Inquire into the matter today at the R. C. Soap Works as to how the new tariff affects Victoria, and the gratifying assurance secured that it has had no ill effect, at all events on the soap trade. For the past six months the company mentioned has been making large shipments to Japan, consisting wholly of laundry soap, which is not affected by the recent tariff. The great need, he says, is shipping space for the next boat, and will continue such shipments immediately, enlarging them as the trade increases.

PERSONAL

W. N. Musgrave, of this city, who has been engaged during the summer as a surveyor for Col. Conrad at Conrad City, has returned. He has great faith in the Windy Hill district and adjacent sections of the county. The great need, he says, is the erection of reduction works on the spot. The cost of transporting the ore to Tacoma or to any of the smelters in British Columbia constitutes a heavy charge upon the producer. He thinks that a smelter will be established on the spot.

Fred Kennedy and wife, of Winnipeg, are at the King Edward. Mr. Kennedy is a son of the late Col. Kennedy, of Winnipeg, whose death, when in Egypt at the head of the Canadian Nile voyageurs, will be recalled by all familiar with the affairs of twenty years ago. They will probably take up housekeeping here for the winter months.

W. A. Morick, the well known lumber merchant of Winnipeg, is at the King Edward. He is a son of the late Col. Kennedy, of Winnipeg, whose death, when in Egypt at the head of the Canadian Nile voyageurs, will be recalled by all familiar with the affairs of twenty years ago. They will probably take up housekeeping here for the winter months.

E. Hodgson, one of the best known mining men on the island, is in the city. He is a son of the late Col. Kennedy, of Winnipeg, whose death, when in Egypt at the head of the Canadian Nile voyageurs, will be recalled by all familiar with the affairs of twenty years ago. They will probably take up housekeeping here for the winter months.

E. Miller, of Grand Forks, who is looking upon as likely to be the Conservative nominee for that constituency at the next election, is one of the latest politicians to reach the city. He is at the Balmoral.

R. D. Waugh, of Winnipeg, son of Richard Waugh, formerly editor of the Northwest Farmer, has purchased ten acres near Esquimalt and will take up his residence here.

W. E. Fisher has returned to the city from Atlin, where he has been practicing law during the summer. He is at the Balmoral.

C. A. Wilson, of the Dominion Bank at Calgary, registered at the Dominion last evening. He went up the E. & N. line this morning.

A party of lumber men is at the Dominion. It includes D. J. O'Brien, P. A. Wilson, T. B. Wilson and J. N. Britten.

Geo. K. Richmond, of the staff of the Bandford cable station, is at the Dominion.

Dr. F. S. Reynolds, of the Nanaimo Herald and Ladysmith Ledger, is at the Balmoral.

Mason F. Adams, of Britannia, is registered at the Balmoral.

S. C. Milligan, of Alaska, is registered at the Balmoral.

B. V. Webster, of Ceylon, is at the Balmoral.

E. J. Matthews, of Seattle, is a guest at the Balmoral.

J. Palmer, of the Chemainus mills, was in the city yesterday.

TIDE TABLE

Table with columns for Date, Time High, Time Low, etc. for Victoria, B. C., November 21, 1906.

The time used is Pacific Standard Time for the 120th meridian west. It is counted from 9 to 24 hours, from midnight to midnight. The figures for high water are distinguished high water from low water.

The height is measured from the level of the water at low tide. This level corresponds with the datum to which the soundings on the Admiralty chart of Victoria harbor are referred, as closely as can now be ascertained.

A blue book issued recently states that the proportion of foreigners to every 100 British persons employed on an British vessel fell from 22.88 in 1905 to 22.66 last year. The total amount of fish landed on the coasts of England and Wales during last year was 11,310,000 cwts., valued at \$7,563,000, according to a statement issued by the board of agriculture and fisheries. There were 9,131 fishing boats and 42,480 men and boys engaged in the industry.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From This Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow-white beds are women and girls who are awaiting or recovering from operations made necessary by neglected diseases.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the abdomen, nervous exhaustion, pain in the small of the back, pelvic catarrh, dizziness, flatulency, displacements or irregularities. All of these symptoms are indications of an unhealthy condition of the female organs, and if not heeded the trouble may make headway until the penalty has to be paid by a dangerous operation and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Mrs. Robert Glenn, of 434 Marie St., Ottawa, Ont., writes: "Dear Mrs. Pinkham: "Lydia E. Pinkham's Vegetable Compound is so well and widely known that it does not need my recommendation, but I am pleased to add it to the many which you have in its power to cure. I suffered from serious female troubles for nearly three years, and the doctors told me that I must undergo an operation, but as I was unwilling to do this, I tried your Vegetable Compound and I am only too pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the immense bills attending the same. Pray accept my hearty thanks and best wishes."

Just as surely as Mrs. Glenn was cured of the troubles mentioned in her letter, so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from female troubles, inflammation, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all women who are ill to write her for free advice. She is a daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address: Lynn, Mass.

MONOPOLY AND PURITY

Grave Warning by the Lancet-The Danger of a Trust.

How important from a medical point of view the question of a soap trust is may be judged from the fact that in the London Lancet devotes a leading article to the subject, the great organ of the medical profession, after reviewing the past history of soap-making processes.

The huge proportions which the soap-making industry has attained are a strong indication that soap has become a necessity of modern life. Only recently we have heard that the soap-makers of this country have combined their strength and their capital to the sum of many millions sterling. It is interesting to consider what are likely to be the results of this monopoly on the great soap-using public. Economy of production is, of course, the great aim of the combination, but as a rule monopoly does not mean cheapening the ultimate product. If the constant use of soap, therefore, is a modern necessity and is a practice forced upon us in the interests of hygiene, the fact of soap becoming higher in price may reduce the hygienic standard.

Again, will the monopoly affect the purity of soap? It is a fact that hitherto we have to thank competition for the purest soaps that can be made—soaps, that is, which are absolutely free from those foreign ingredients which are irritating to delicate skin and which interfere with the soap's normal detergent properties. There is, in fact, no other article used in the domestic toilet upon which so much attention and so much pains have been bestowed to produce it pure, bland, and soothing. Will this standard of excellence be maintained? For the sake of our skins it may be hoped so.

These questions, to our mind, raise another of equal importance. Is it not time, seeing how universal is the use of soap and more particularly for the purposes of personal cleansing, that its purity should be placed under some kind of control and that the public should be protected in regard to soap in much the same way as it is in regard to food and drugs? Honest manufacturers would have no objection to such a suggestion.

A distinguished skin specialist seen by the London Daily Mail representative said: "We have seen the evils of a trust in animal products—in Chicago. Such a 'combine' as is proposed here or it may be carried out will in all probability lead to the use of bad raw materials, dirty rancid fats, and cheap processes, which will produce a soap, it is true, but one which will do infinite harm to the skin."

"As it is the majority of soaps are too alkaline. People like them because they lather well, but while they are cleansing they have a habit of taking off more than the dirt, and set up an irritation of the skin which is most harmful. Soap is an article requiring the greatest care in the manufacture, and the medical profession in the last ten years have insisted on its being pure and healthful for the skin. Even without a trust the country contains much soap made by people who care nothing so long as they can sell it. Bars of it consist of merely a skin of soap, while the inside is rough crude grease or fat. Colored and scented soaps are all dangerous."

There is no beverage that equals good, pure cocoa, and there is no cocoa equal to

For Brass Goods.

Tenders will be received up to 3 p. m. on Monday, the 27th day of December, 1906, for Brass Goods and Pipe Fittings, specification on back of tender, to be obtained at the office of the undersigned.

Tenders must be sealed, endorsed and addressed to W. W. Northcott, Purchasing Agent, City Hall, Victoria, B. C., 21st November, 1906.

MARRIED

IMPEY-KOWALEWSKY—At Nelson, on Nov. 17th, by Rev. N. Potwell, Wm. Impey and Miss Mathilda Kowalewsky.

ADVENTURES OF BILLY TOPSAIL

A ripping story of adventure by sea is regarded by every true-hearted boy as the very best story of all. "The yarn—that's the thing." It is a sea-is-a-rough-see-fun-of-ice-and-sweat-by-the-gates, if the adventure's real, if the hero is not a prig, if the tale concerns itself with heroic deeds and moves like a full-rigged ship with all sail spread to a rousing breeze, the boy will say "Bully!" and read the story again. "The Adventures of Billy Topsail" is a book to be chummy with. It is crowded with adventure, every page of it, from the time young Billy is nearly drowned by his dog, until in a big blizzard, lost on an ice-foe, he reaches Sir Archibald's son, and the old Dictator weathers the gale.

There is "something doing" every minute—something exciting and real and inspiring. The book is big enough and broad enough to make Billy Topsail a tried friend of every reader—just the sort of friend Archie found him to be. And Billy is good company. He is not a prig; he is a real boy, full of spirit and fun and courage and the wish to distinguish himself. In a word, as the lads say, he's "all right, all right!" He sails, fishes, travels the ice, goes whaling, is swept to sea with the ice, captures a devil-fish, hunts a pirates' cave, gets lost on a cliff, is wrecked, runs away to join a sealer, and makes himself interesting in a hundred ways. He's a good chum, in calm or gale, on water, ice or shore—that's what Billy Topsail or Ruddy Cove is. The Fleming H. Revell Company, Toronto, are the publishers.

PRIMA DONNA SLAYS GEISE.

Franklin Fedak, the well known Hungarian prima donna, who is also an ardent motorist, had an experience the other day at which the Budapest journals are laughing. In the automobile she ran into a great flock of geese in the village of Szepesvepely and slew no fewer than 140 of them. She did not stop to inquire as to the extent of the damage inflicted. The villagers, however, knowing that she must return the same way, barricaded the roadway, and when the prima donna came back, travelling at a very fast speed, she very nearly came into dangerous collision with the obstruction and a crowd of villagers. The latter refused to let her pass, and showed her the big pile of dead geese, the various owners of which presented bills, in each case so many birds at four kronen. Franklin Fedak was at first furiously angry, but soon saw the humor of the situation and smilingly paid up. The geese were then placed in the car, and the famous singer departed with her novel "bag" amid the loud cheers of the villagers, who had never before sold geese upon such advantageous terms.

PERFECTION IN TEA.

St. James Tea is a package tea put up in jute covered lead packages weighing one pound. It is packed at the gardens in Ceylon, which enables it to retain its original strength and flavor, most of the package teas sold are imported in bulk and repacked on this side of the Pacific, which must necessarily impair quality. St. James is sold in three grades. Green label, 60c. pound, red label, 50c. pound; lemon label, 40c. pound.

HAMILTON COMPANY RUNS STREET CARS

BUT FEW PASSENGERS TRAVEL IN THEM

Post Office Surplus Will Be Devoted to Improving the Service—Typhoid in Ontario.

Hamilton, Ont., Nov. 20.—Street cars are running to-day on the regular schedule but the people have apparently decided to boycott the company in favor of the strikers. There has been no disturbance and the militia as yet has not been sent for. After a conference with the police commissioners late yesterday, Mayor Biggar called upon the street railway company and asked that cars be not run in the evening. The company agreed and the police commissioners decided not to call out the militia for the present.

The Bank Case.

Toronto, Nov. 20.—Evidence offered in the police court investigation of the charge against Charles McGill, former general manager of the Ontario bank, this morning opened up new ground. Frank Pope, the clerk in the head office, who first made the appropriation of funds known, was cross-examined. He testified to hearing a discussion between the general manager and some of the directors, in regard to stocks. Manager Hagerman of the Yonge street branch told of lending President Cockburn \$4,000 on the latter's demand note. Mr. Cockburn wanted the money to purchase Ontario new stock.

Power From Niagara.

Toronto, Nov. 20.—Niagara power was shipped to this city yesterday over the wires of the Toronto and Niagara Power Company from the works of the Electric Development Company at Niagara Falls.

Typhoid Fever.

Langton, Ont., Nov. 20.—There is an epidemic of typhoid fever in this county. Cases are under treatment with five deaths reported. Impure water is believed to be the cause.

Fire at Sydney.

Halifax, N. S., Nov. 20.—A dispatch from Sydney says a fire is raging in Ward 5 of that city. North Sydney has been asked for assistance.

To Improve Service.

Montreal, Nov. 20.—Speaking in the St. Ann's election contest to-night, Postmaster-General Lemieux announced that it was his intention to utilize the surplus shown in the post office finances last year to the improvement of the service. He also intended giving protection to the Canadian press against the "yellow" press from the southern republic and to give the British periodicals and newspapers the preference.

BURIED BY LANDSLIDE

Seven Trackmen Killed—Bodies of Four Victims Recovered.

Bluefield, W. Va., Nov. 20.—Seven trackmen in a gang of 19, engaged in moving a slide on the Dry Fork branch of the Norfolk and Western railway were killed to-day as the result of a landslide. The men were swept down the mountain side and into the river, twelve men escaping. The bodies of four of the victims were recovered, while those of the others are buried under tons of earth. All of the victims were Italian laborers and were only known by numbers.

AUTOMOBILE FATALITY.

Tom Cooper Instantly Killed in Collision in New York.

New York, Nov. 18.—Tom Cooper, the well known bicyclist and automobilist was instantly killed in an auto accident at Central park to-night. While riding in company with Miss Virginia Vernon, of Jersey City, and Miss Helen Hall, of this city, his automobile ran into another automobile standing still awaiting a supply of gasoline. Cooper was hurled twenty feet and struck on his head. His lady companions were also thrown out and seriously injured. They were taken to the Roosevelt hospital. The occupants of the car with which Cooper's car collided were taken to the police station in the park.

MAY BE CHARGED WITH INFANTICIDE

GERMAN MIDWIFE ARRESTED BY POLICE

It Is Alleged That Bodies of Twelve Infants Were Burned in Stove in Her Home.

New York, Nov. 20.—Mrs. Wilhelm Eckhardt, a German midwife, 60 years old, was arrested at her home on the east side to-day and locked up without bail on a charge of malpractice, with two other women, occupants of the Eckhardt house. One was sent to a hospital and the other taken to the district attorney's office, where she was interrogated.

In asking that the prisoner be refused bail, a representative of the district attorney's office stating that the charge against her would probably be charged to infanticide.

A representative of the New York County Medical Society told the court that he had evidence that the bodies of twelve infants had been burned in a stove in the Eckhardt home.

The investigation leading up to to-day's arrest was instituted after certain reports had been made to the board of health, the medical society and the district attorney by Mrs. Mary Schock, who was said to be the wife of a merchant of Worcester, Mass., and Mrs. Wilhelmina Ibrig, of this city. Both are daughters of Mrs. Eckhardt.

According to the authorities, these women had protested against their mother's alleged occupation. She had asked them to join her in the business. At the time she explained, they swore, that much expense could be saved of the disposal of children's bodies by cremation. The sisters reported the matter to the authorities, and later, at the instance of the police, entered into a business arrangement with the mother.

White one of them was at the Eckhardt home the police state a patient was treated, the midwife later explaining that the infant's body had been burned.

SITUATION GROWING WORSE.

Spanish Battleship Ordered to the Coast of Morocco.

Madrid, Nov. 20.—As a consequence of the receipt by the cabinet of dispatches setting forth that the situation of Europeans in Morocco is growing worse, Minister of Marine Alvarado decided, after consultation with the premier and his colleagues, to order the battleship Pelaya to the Moroccan coast. The Pelaya will proceed either to-night or to-morrow for Tangier, where she will join the French warships. She will take 500 marines. It is reported here, though the rumor lacks confirmation, that the British squadron, now on the coast of Spain, also has been ordered to Morocco. In official circles the opinion is held that the Moroccan situation is imminently perilous. The present arrangements are intended to forestall the serious developments rendered possible by the giving of increased powers to the Bandit Rasuli. The attitude of all the powers concerned is declared to be perfectly harmonious and the first act of hostility on the part of the Moors will be the signal for the disembarkation of landing parties from all the foreign warships.

Chapped Hands and Chilblains.

ZAM-BUK A CERTAIN CURE.

For chapped hands, cold sores, chilblains, etc., there is nothing so effective as Zam-Buk. Mrs. H. H. Rankin, of Appleton, Ont., says: "My hands had been cracked on them which caused me such pain I could hardly work. Whenever I tried to put them near water they would smart and burn as if I had scalded them. They did not seem to be benefited by anything I tried until Zam-Buk was introduced. To my great pleasure, within a very short time Zam-Buk closed up the cracks and healed the sore places. My hands are now white and smooth. I recommended Zam-Buk to a friend, who had a sore finger, and it cured that, too. I think it a splendid household ointment."

Miss E. Heintzman, of Ossington avenue, Toronto, says: "I would advise all who suffer from chilblains to try Zam-Buk. I have suffered from them acutely, and was suffering when I first tried Zam-Buk. I am pleased to say I had only used about three-quarters of the supply when the chilblains were completely cured."

Zam-Buk is a cure for cuts, burns, bruises, eczema, ulcers, abscesses, festering sores, bad leg, ringworm, and all skin diseases and injuries. It is purely herbal in composition. All druggists sell at 50c a box, or post free from the Zam-Buk Co., Toronto, upon receipt of price, 5 boxes for \$2.50.

AMERICAN PORK NOT WANTED.

Paris, Nov. 20.—The elimination of the microscopic examination of pork from the new American inspection regulations has resulted in a preliminary decision on the part of the French customs authorities barring American ham, bacon, tinned pork, etc. Ambassador McCormick, under instructions from Washington, made energetic representations to the foreign office, pointing out that while the microscopic examination had been eliminated, the new meat inspection was more rigorous and more efficient. Foreign Minister Pichon promised to give the matter immediate attention. Fortunately a slight delay will not cause great material loss, as the pork importations to France are comparatively small, the trade never having recovered from the blow it received when American pork was originally excluded from France.

Germany has 1,500,000 bee hives, which furnish 20,000 tons of honey in a year, while Spain comes second as a producer of honey among European countries with 1,200,000 hives and 15,000 tons of honey.

GENDARMES INJURED.

Collisions Between Officials and Peasants During Taking of Inventories.

Paris, Nov. 20.—The net results of the inventory operations conducted throughout the country to-day and to-night show that a total of over 1,500 inventories were made. In only a few cases were there serious collisions between those who resisted the intrusion of the government commissioners and the troops. The reports show that altogether four gendarmes and several peasants were wounded and that about one dozen demonstrators were arrested. They were at once tried and sentenced to short terms in jail. The work has been completed in sixty-three out of a total of eighty-six departments. There still remains 2,900 inventories to be taken, in the other 23 districts, and in some places stout resistance is anticipated.

Premier Clemenceau said in the chamber of deputies to-night that the troops had been ordered to exercise patience, but that if they were fired on, they would reply.

NEARLY WRECKED.

The Roosevelt Had Terrible Experience on the Coast of Newfoundland.

St. John, Nfld., Nov. 20.—Commander Peary's Arctic ship Roosevelt, which is still at George's harbor, had a terrible experience while coming from Hopeville, Labrador, and had to tie up for eleven days in Battle harbor, Labrador, which is about thirty miles north of Chateaubay bay, on account of a hurricane. In Battle harbor the Roosevelt carried her heaviest anchor and several lines had to be put out to keep it off the rocks. The vessel was short of coal, and it became necessary to augment this fuel with wood and blubber. A portion of the ship's interior woodwork was dismantled in order to secure wood. During a blinding snow-storm it is declared that the Roosevelt was nearly wrecked on the west coast of Newfoundland. The steamer is still short of coal.

REVOLUTIONISTS KILLED.

Three Men Shot While Attempting to Murder Chief of Odessa Police.

Odessa, Nov. 20.—A desperate attempt was made here to-day by a band, said to be composed of Social Revolutionists, to murder the chief commissary of the Odessa police. The band did not desert until the police had opened fire with a Maxim gun, killing three men and wounding three. The others escaped.

A band, composed of terrorists, to-day seized £2,000 in the office of the Russian Navigation Company, after killing a police official. In spite of the fact that the peaceful regeneration party has been legalized, the authorities to-day confiscated 2,000 copies of an extra issued by that party.

PREMIER'S PROMISE.

British Government Will Deal With Old Age Pensions When Time and Money Permit.

London, Nov. 20.—Replying to-day to a deputation of members of the House of Commons from the Liberal and Labor parties, Premier Campbell-Bannerman said that the question of old age pensions would be taken up as soon as time and money permitted. He expressed himself as opposed to the contributory scheme because it involved injurious machinery. Old age pensions, the premier continued, far from sapping independence and undermining thrift, would do just the opposite. Any scheme ought to be unobtrusive and must be put into effect by the state, which alone has the means of carrying it out.

THE LOCAL PLAYHOUSES.

Harry Beresford at the Victoria Theatre—New Show at the Grand—The Empress.

"The Woman Hater" What is he? A pessimist, a sceptic, a misanthrope, a nuisance. He scoffs at love because it cannot be mathematically proven to exist and because it defies chemical analysis. To him a beautiful woman is a siren. Love is a deceit and a snare. Then he falls in love and is the first as a lover. He gets the whole gamut of affection. There is no woman hater forever. There is "The Woman Hater" however, and it is one of the funniest farcical comedies ever offered to the public. That is one of the reasons why Harry Beresford is using it as his vehicle this season.

His manager, J. J. Coleman, has engaged a competent supporting cast, and the scenic investments are made in every detail. Mr. Beresford in "The Woman Hater" will be the attraction at the Victoria Theatre this evening.

The New Grand.
The new show which was delayed on account of the floods will arrive this afternoon and will open at the New Grand to-night, and for the remainder of the week, the actors which were held over leaving by the Indianapolis this evening for their respective destinations.

Besides the splendid turn, "Daily in Frogland" by Jerome Freemont and Jerome, there will be Dick and Alice McAvoys, two of the best character portraits of New York's east side, who will present a new comedy creation, "De Pride of Newspaper Row," with special scenery and new songs and dances; Beauchamp, eccentric acrobat and barrel jumper; Gaffney Brown, comedian, "Watch the Cigarette"; Cheveriel, trick violinist; Frederic Roberts singing the illustrated song, "Down in Peaceful Valley," new moving pictures, and Prof. Nagel's orchestra, rendering the overture selections from "The Singing Girl," by Victor Herbert.

This will make one of the strongest shows of the season in this popular theatre, which will doubtless be crowded for the remaining performances of the week.

Empress Theatre.
"What Happened to Jones," the comedy which is holding the boards at the Empress this week, is certainly one of the best productions ever staged at the Fort street house. An augmented cast handles the whirl of fun which centres around the versatile Jones, with comparative ease, and the piece

HASTIE'S FAIR.

Forced-to-Get Sale

Is going on admirably, but we want it to go better, as we have so MUCH to sell, and so short a time to do it in.

runs along through its many complications and absurdly funny situations to the accompaniment of ceaseless laughter. Local artists introduce specialties between the acts, and thus a continuous entertainment is provided. Half of the week's profits are to be applied on the maternity ward, and in patronizing "What Happened to Jones," a good night's entertainment is assured, and at the same time aid is being rendered to a worthy institution.

PUGILIST'S DEATH.

Grand Rapids, Mich., Nov. 20.—The coroner's jury which investigated the death of a pugilist, Michael Ward, returned a verdict to-day finding that Ward came to his death through "a fall as the result of a blow struck by Harry Lewis (Berserfab), while engaged in a prize fight."

CITY NEWS IN BRIEF

The usual social dance will be held in Semple's hall next Friday evening.

The latest production of Paris in French Flannel Blouse ends, 3 1/2 yards for \$2.25. Worth seeing, at Robinson's.

Attractive Dollar Corsets. Of special interest among our new fall assortments are Crompton's No. 167. They give comfort and grace to every woman who wears them. Two pairs plus supporters attached. Price only \$1. Robinson's cash store.

John Cottle and Thomas Meredith, well-known hunters of Northford, were lost a couple of days early this week on Wolf Mountain. They managed to find the trail after about 48 hours' exposure.

The regular meeting of the W. C. T. U. will be held to-morrow afternoon at 3 o'clock in the parlour of the mission, 42 Yates street. A delegation from the Citizens League, Rev. Le Roy Daykin and Rev. J. P. Hicks will address the meeting. Members are requested to be present, and all who are interested in the work are invited.

No cases were up in the police court this morning. To-morrow the adjourned case against seven Chinamen charged with gambling in 35 Piquard street last week will be continued, and it is likely that the police officers who conducted the raid leading to the arrest of the Orientals will again give evidence to rebut the testimony given at the last hearing by several of the accused.

John Trotter, fireman of the C. P. R. telegraph service, is able to be around the streets, although he is suffering from the effects of the explosion of a torpedo placed on the E. & N. line as a warning to trainmen. That the track was undergoing repair. Mr. Trotter was making the trip by the rail yesterday when he encountered the torpedo. Some of the splinters from it entered his leg giving him considerable pain.

What might be termed an intellectual treat was enjoyed by a goodly number who gathered in the school room of the Church of Our Lord last evening to spend an evening with "Tennyson." Rev. A. E. Roberts presented a sketch of the life and works of the great poet laureate, with illustrative readings, which proved both interesting and profitable to his audience. He first dealt with the life of the poet and showed the high moral purpose that underlaid all his writings, and then spoke of his familiarity with the Bible and its highest teachings, and of the influence, moral and social, which his writings had on the age in which Tennyson lived. Mr. Roberts then gave several recitations from "In Memoriam," "Morte D'Arthur" and other poems, after which a programme of Tennyson's songs and recitations was given by several ladies and gentlemen, to whom a vote of thanks was accorded.

Jack London, the well-known writer and Socialist, started a few days ago on a round-the-world trip in a forty-five foot boat. The tour, which is taken under the auspices of a well-known magazine in the United States, will occupy at least two years and "Jack," not "John," please, London will bring to bear on the places and peoples he will visit the fund of sympathy with his fellow beings that has characterized his previous work. Though he has written largely of the sea and seafarers, Jack London has had but a limited experience on the ocean. He served a few months, as a boy, in the United States revenue cutter service, and he made one or two trips from this coast to Skagway, which about completes his personal experience of "a life on the ocean wave." But his powers of assimilation are such that his novels with a marine setting, such as the "Sea Wolf," tremble with the vigor of the mariner's spirit. This should render his relation of experiences under the new conditions the more interesting.

Funeral Notice

The members of Victoria Aerio No 12 will meet in Eagle hall on Thursday afternoon at 1.30 o'clock sharp, for the purpose of attending the funeral of our brother, S. H. Roblin.

By order,
W. H. SHAKESPEARE,
Worthy President.

FRANK LEROY,
Secretary.

The clearings at the Victoria clearing house for the week ending yesterday amounted to \$394,625.

John L. Howard, president of the Western Fuel Company, arrived in Nanaimo last night from San Francisco.

Dr. C. J. Fagan, secretary to the provincial board of health, will return on Friday from an official visit to West Kootenay.

The city council will hold a special meeting to-morrow evening, at which the report of the special committee on trade licenses will be considered.

Rev. G. K. R. Adams lectured in Nanaimo last night on the subject, "Grip and Get," before a large audience. He returned on the noon train to-day.

Don't fail to attend the free lectures on How to Learn a Language in Five Weeks at the Y. M. C. A. Friday and Saturday. You will find them instructive and interesting.

A special dispatch from Ottawa says: "The following appears in the Gazette: Fifth, British Columbia Regiment, to be provisional lieutenant, Hugh Robert Newberry Cobbett, gentleman."

Work was commenced yesterday on the laying of a permanent sidewalk on the west side of Stanley avenue. Progress is also being made on the sidewalk on Douglas street, between Johnson and Pandora streets, and the concrete supports for the sidewalk are already cast.

The main entrance to the court house is closed to traffic to-day. This is necessary in order to affect some changes by which a double door will be provided for the purpose of preventing drafts. During the changes the entrance to the court house is being made by way of the door to the land registry office.

In the County court the case taken by the owner of the cow stable to recover damages for the injury to the carrier during the building of the Rock Bay bridge is still in progress. The action is taken against the city and against the contractor who erected the bridge. The solicitors are addressing the court now, and their argument will it is expected, occupy all afternoon.

According to advices from New Westminster the grocers of that city contemplate increases in prices. The Columbian says: "The grocers of New Westminster will not give any Christmas presents to their customers this year. In fact a condition almost the reverse will be in evidence and customers will be notified that the prices in several lines will be advanced. The increased price of some lines of goods, their claim, is essential, as not only the cost of help, rent, etc. is higher now than formerly, but the cost of the goods has been advanced by the wholesalers. Among the articles that will be advanced are sugar, beans, matches, lard, meats and in fact almost all produce."

TOURIST CAFE TO RETAIN LICENSE

TWO COMMISSIONERS OPPOSE THE MAYOR

W. F. Jackson Allowed a Back Entrance to His Premises But Must Remove Curtains.

Less than fifteen minutes was spent by the license commissioners yesterday afternoon in rendering a decision in connection with the Tourist Cafe, Commissioner Davey expressed himself openly when the board had only been sitting a few minutes, as being opposed to the cancellation of the license and, as Commissioner Phillips declared himself of the same opinion, Mayor Morley took things in a good spirit and said that, since a majority on the board wished the license to continue, he would submit to their decision.

At the opening of the meeting the Mayor said it was in order for Mr. Higgins to advance further reasons, for his client, as to why he wished to retain the back entrance.

Mr. Higgins produced a plan and showed it to the commissioners, saying that it would demonstrate to them that the entrance in question gave access not only to the Tourist Cafe but also to the Pritchard House saloon.

His Worship ventured his opinion that this did not change the case, but his remark only served to arouse Mr. Higgins to a biting oratorical effort in which he claimed that it was unjust and inequitable to prevent Mr. Jackson having a back entrance to his premises and at the same time to allow a neighboring saloon to use a back entrance. He wanted to know whether the board would deal with the matter in a fair light.

The Mayor—On the principle that two wrongs make a right?

Mr. Higgins—How can we say that there is wrong in one case and not in another? His Worship refers to the occasion when the American man-of-war was here and a stream of people were passing through this entrance. How does he know that those people were not going to the other place?

Mayor Morley pointed out that, when the license was granted there was no back entrance and the board would not have granted it had there been one. The license was granted on the place as it was at that time.

Mr. Higgins—There's nothing on record to that effect.

His Worship—It doesn't matter whether you discuss this technically or not. When the license was granted there was no back entrance. Mr. Jackson cut one after the agreement was signed and when I approached him in regard to the matter he smilingly told me he hadn't broken his agreement. If he did not break it technically he broke the intention of it. We have every reason to suppose that the evasive manner in which the witnesses conducted themselves in the police court and from the evasive answers returned by Mr. Jackson to a question of mine just about the real happenings that took place there. The fact that the people concerned are the same as those who used to congest at the Savoy hotel strengthens our suspicions.

Mr. Higgins claimed that nothing had been proved. If Mr. Jackson's place was closed up and the other one allowed to remain open he and his client would not submit to the decision. "We are here for justice," said Mr. Higgins, magnificently, "and we demand justice. As to what was intended by my client when the license was issued, the writing speaks for itself. You have not the authority to cancel the license because he refuses to follow out an unjust demand."

Commissioner Davey—I don't think that there can be the slightest doubt in the mind of any right-thinking man

Luck and Overcoats

Better to be born lucky than handsome.

The world is full of lucky men.

Most of them whereabouts are wearing Fit-Reform Overcoats.

The unlucky chap will wander off somewhere else and buy a "bargain" Overcoat, or a coat without a reputation.

that gambling did take place at the cafe. Had it been proved, for one, would have asked for a cancellation of the license. I do not think, however, that it is right to ask Mr. Jackson to close the back entrance up when his neighbor has a similar entrance.

Commissioner Phillips said he agreed with Mr. Davey. In view of the fact that the back entrance was being used by another saloon keeper it would not be fair to take away Mr. Jackson's license.

Mayor Morley said that, as the majority of the commissioners were in favor of leaving the license alone, it was useless for him to discuss the question any further. There was one point which Mr. Higgins had raised on which he was mistaken. Although the criminal side of the gambling case was closed it could not be so far closed that the license board could not take it into consideration when dealing with the license. He understood that Mr. Jackson had promised to remove the curtains and leave the place clear.

Mr. Jackson said that he had, and this finished the sitting.

WHO'S YOUR TAILOR?

The Compliment One Man Pays to Another Man's Appearance.

When one gentleman asks another the address of his tailor the compliment is not a concealed homage. The touch of warmth and brightness in the winter styles of the Semi-ready tailoring, supplemented by the carefully expressed detail which appeals to men of cultured taste, brings this question to the patrons of semi-ready. "Who's your tailor?"

The answer is generally made by a display of the front emblem of Semi-ready—the silk label sewed on the inside pocket of every Semi-ready garment.

B. Williams & Co. are giving up ready-made clothing and recommending Semi-ready tailoring to every one.

According to a statement made to the Times this morning by City Engineer Topp, there is still about \$35,000 left of the loan which was raised for the installing of the sewerage system which is at present being laid, and if the weather permits, the work will most likely be carried on through the winter to next spring. Although there are yet approximately two miles of sewerage to be laid, the city engineer believes that there is sufficient money on hand to cover the cost of putting it down. The present fine weather is facilitating the work of laying permanent sidewalks, although the curbing stones from Nelson Island have not yet arrived. Mr. Topp, answering a question regarding the Dallas road breakwater, said that it had been heavily tested by the recent rough weather, but had sustained no damage.

On Sunday the new C. P. R. schedule went in force, saving 12 hours between coast points and Nelson.

THE REGINA FIRE.

Report That Several Lives Were Lost—Property Damage Estimated at \$125,000.

Regina, Nov. 19.—Shortly after five o'clock this morning, Regina was visited by the worst conflagration in its history, and so far as can be ascertained from the number of lives lost, several lives have been lost, but owing to the fact that the hotel register was not saved it is impossible to say who slept in the Windsor hotel last night, and consequently it cannot be stated how many lives were lost. That there were a number is generally accepted, and some estimates place the number as high as twelve, including several of the servants.

The fire was the most spectacular one and as the flames roared out of the large number of windows of the big hotel on all sides, it presented an awful and awe-inspiring sight.

As soon as it was possible to clear away the debris and see the remains of the victims, should any be found, which is doubtful in view of the seething cauldron of flame, which completely filled the four walls of the building, a coroner's inquest will be held.

So far as known, the missing are: K. L. Mussetter, manager of the planing mill of Cushing Brothers & Company, Chicago, aged about 50 years; W. Mussetter, city collector for the Cushing Brothers Company, aged about 35 years; R. Johnston, of Regina, a well born, employed by Thos. Harvey, aged about 23.

Injured: Donald Walker, day porter at the Windsor, burned and injured about the back, jumped from second story; Harry Jones, an American, burned and hurt about the back.

In addition to the above, some of the servants are reported missing, and guests are burned and suffering more or less from inhaling smoke.

There appears to be a pretty general opinion that the water pressure was not as good as it should have been, some going as far as to affirm that the streets would not carry as high as the second story. This, however, is denied by others.

D. D. McLeod, who is largely interested in the hotel, places the loss at about \$125,000, a price which he states he refused for the property only this last summer.

Besides loss on the building and contents, all of the boarders and guests, who numbered 65, lost nearly all of their personal effects. The building cost, when erected about 13 years ago, \$55,000, but could not be built now for \$80,000. Insurance of \$41,000 was carried, but the distribution of the policies is not known at present.

Night Porter Miller proved himself a hero, and did not betn for his bravery and presence of mind, the death list would have been considerably larger. He carried a commercial traveller named McGregor, representative of Greenhields Company, to safety, when the latter was almost suffocated. Miller also saved the life of Mrs. Jacobs, of Seattle. Robert Johnson, one of the victims, lost his life in the heroic attempt to save a woman whom he heard screaming where the smoke was so thick it was impossible to see. He rushed in and that was the last seen of him alive. Tonight other guests are still missing, and it is feared that they have perished.

KILLED BY SLIDE.

Terrible Fate of Two Loggers at Knight's Inlet Week Ago Yesterday.

With reference to the death of two loggers at Knight's Inlet on Tuesday last, who were killed by a slide from the mountain side, as briefly announced in a dispatch to the times, the Vancouver Province says:

"With the body buried in the mud of a big slide so that only his heels showed above ground, Joseph Adams was found last Tuesday near his logging camp. Nearby in the wreck of an old shack there was discovered the body of Charles H. Colpelt, partner of Adams. Both men had been killed by an enormous rock and mud slide, which swept down the side of a mountain and engulfed them as they slept.

"The bodies of the two men arrived in Vancouver on the steamer Cassiar. Accompanying them was C. L. Shaw, who, with J. D. Sweeney, operates a logging camp about a quarter of a mile from where Adams and Colpelt were working, at the head of Knight's Inlet.

"Adams and Colpelt, both men of about 24 years of age, left Shaw & Sweeney's camp a week ago last Saturday to start handlogging operations for themselves near the mouth of a creek flowing into Knight's Inlet at its head. Nothing having been heard of the men, Mr. Sweeney on the following Tuesday went over to see how they were getting along. It was he who found the bodies.

"The shack occupied by the two men was found by Mr. Sweeney to have been carried a distance of a hundred and

fifty feet from where it had originally stood. It was nothing but a mass of wreckage, half buried in the mud and debris of a big slide.

"Under the logs of the little house was found the body of Colpelt. One heavy log lay across his forehead, and another pressed down his chest. Unable to release the body, Sweeney commenced a search for Adams. A little distance off, his attention was attracted by what he at first thought was a pair of boots sticking up out of the mud. Examination showed that Adams' body had been completely buried, only his feet protruding from the silt.

"The slide which resulted in the death of two men was about a hundred and fifty feet wide, and came from a high altitude on the hills back of their cabin."

ASIATIC IMMIGRATION.

denounced by the American Federation of Labor.

Minneapolis, Minn., Nov. 20.—Sublimated shipping which involves the enlistment of the seamen employed there as members of the naval reserve, was denounced at today's session of the American Federation of Labor convention. President Gompers touched extensively on this subject in his annual report. Delegate Farber, who read this portion of the committee's report, concluded by saying: "We recommend that the American Federation of Labor refer its condemnation of this bill with its American provision for conscription. The resolution was adopted."

The stand of the International Typographical Union for an eight hour day and of the textile workers in seeking shorter hours and more wages was approved, and the "no wage reduction" policy recommended by President Gompers, was endorsed. The convention unanimously endorsed that portion of the report dealing with the proposed 8 hour law.

The child labor resolution, introduced in the United States Senate, calling for an official investigation of the woman and child labor system in the United States was approved, and its passage by congress recommended.

The bill calling for an 8 hour day for railroad labor was also approved and the convention officially went on record as inviting the deputies of railroads to a joint conference for a consultation of labor questions.

Japanese, Chinese and Hindu labor was included in a sweeping denunciation of Asiatic immigration and a demand for a far more excruciating "slavery" was the term used to imply the employment of Asiatics in the Panama canal work.

"If," reads the report, "the canal cannot be built, except by the introduction of involuntary service, it is better that it be built at all."

TRY THIS FOR YOUR COUGH.

Mix half ounce of the pure Virgin Oil of Pine with two ounces of glycerine and half pint of whiskey. Use in teaspoonful doses. A famous throat and lung specialist, whose camp for consumptives in the pine woods of Maine, has attracted great attention, declares the above formula will break up a cold in twenty-four hours, heal the lungs and cure any cough that is curable. The ingredients can be secured from any drug store at small cost.

Care should be exercised in securing the best quality of glycerine and whiskey, while the Virgin Oil of Pine (Pure) should be purchased only in the original half-ounce vials, which are securely sealed in a round-wooden case, with engraved wrapper with the name Virgin Oil of Pine (Pure) plainly printed thereon. Cheap or adulterated oils which are sold in bulk always create nausea and never effect the desired results.

FAMOUS BELLS.

It would be hard to find any inanimate object which has played so important a part in the history of the world as the bells which have rung as they rushed to battle, and the Florentines, when they went to war, had battle bells mounted on wheels which they brought out and sounded with dreadful din. Bells have rung citizens over nations, and have sounded over pillaged and victorious towns.

In a village in North China there is a bell which it is said has been ringing without intermission for centuries. The natives believe that this bell has a peculiar influence on evil spirits, and that at every stroke of the iron tongue an evil spirit is forever put out of business. One would think that in a hundred years with the bell constantly ringing, the evil spirits in that village must, by this time, have been pretty well exterminated. But the villagers do not think so, and propose to keep up the ringing for at least another century. Relays of bellringers perform the task, and a special tax is levied to pay them for their work. When the people are more civilized they will probably either give up their foolish custom or buy an electric motor to ring the bell.

One of the best known bells in the world is one which has never been rung. It is called the Car Kolokol, or the Car bell, and is the biggest in the world. After it was cast an attempt was made to ring it, so that it could be rung, but it broke from its supports, and made a hole in the ground into which it sank. For more than 100 years the great bell lay where it had fallen, and the earth accumulated over it and about it. Then came a Russian Emperor who had it placed in a square in Moscow where it now stands. A piece was broken from its side when it fell, and through the opening thus made people pass in and out, for the bell is so large that it is used as a chapel, and religious services are held in it. This bell weighs more than 400,000 pounds, is more than 10 feet high and 9 feet 9 inches in circumference. What a noise it would make if it should ever be rung up and rung like any other bell! Among celebrated bells those of the

church of St Mary le Bow, in London, they are called, and all "ackneys," or genuine London people, are supposed to be born within the sound of their ringing.

CONSUMPTIVE SANATORIUM BUILDING FUND.

One hundred thousand dollars (\$100,000) asked for—fifty thousand dollars (\$50,000) needed, to spite committee to Hon. James Dunsmuir's grant of ten thousand dollars (\$10,000).

Is a Consumptive Sanatorium needed? During the month of September of this year a boy nineteen years old became consumptive. He lived in a hotel and was dependent on his own efforts to support himself. As a result of his disease he was turned out of three hotels and refused admission to a public hospital. The boy is now dead. A man who befriended the boy wrote as follows: "God have mercy on us for our neglect of such cases." Need we further ask, is this institution needed? The death-roll from consumption in Canada exceeds twelve thousand yearly; and in British Columbia it is over two hundred.

The number of persons invalided from consumption is authoritatively estimated to be five times as great as the number of deaths therefrom; therefore, we have only one consumptive in ten who is cured.

We have, therefore, before us the appalling fact that yearly we lose the benefit of the services and earning powers of thousands of citizens who are incapacitated by illness, and others we lose outright by death, through this one cause—and that a preventable cause. This is something of a political economy, is it not? In making very seriously, it is a responsibility too vast to be measured by mere figures, or described in mere statistics.

No fanciful theories, untried methods, or mere experiments are proposed. The simple, God-given remedies, viz: Fresh air, suitable food, rest and exercise, under expert supervision, and suitable cheerful surroundings, have more than proved their efficiency. Practically speaking, these requisites are obtainable only in a sanatorium.

A further advantage connected with such an institution is that the admission of a patient means the removal of one source of contagion from the general community; and when a patient of such a person is returned cured, or otherwise to the ranks of the public, he or she is an educational centre of first importance, because the first principle impressed on a patient entering a sanatorium is the care he should exercise in his personal habits; the necessity for cleanliness, for care in disposing of anything about him which would spread, or even be likely to spread, contagion; in a word, he is persistently taught to move and live so that no other human being shall be likely, in the remotest sense, to suffer on account of any thoughtlessness on his part in the care of himself. Such a person, when discharged from the institution, is, by his training, in the sanatorium, not only impressed with the necessity for continuing such caution, but, because of his knowledge so gained, becomes in his family and general surroundings an educational centre, and is infinitely more effective than all the literature and arguments of physicians and authorities on the subject.

The conditions of the consumptives are not only fully understood, but are well recognized, and it is now an accepted fact that consumption is preventable and may be cured, or, at least, arrested. That being so, inaction, so long as the least criminal, it is our duty to endeavor, in any case, to stem the progress of this sacrifice of human beings.

It is proposed to build a sanatorium in British Columbia. The Provincial Government are prepared to assist, and the people generally, through local societies formed all over the country, are willing to maintain. You are asked to help us to build. Action, immediate action, is imperative, if we wish to stem this awful tide of mortality. To stand idly by is longer is tantamount to being willing participants in something worse than race suicide.

IT ACTUALLY DESTROYS THE CAUSE.

That's why catarrh is invariably cured by inhaling "Catarrhazone." The healing vapor spreads to every part of the breathing organs, germs infecting the tissues of the nose, throat and lungs are killed. Nothing is left to cause inflammation. Spots that are sore are healed. Discharge is cleared away and catarrh becomes something of the past. "Catarrhazone" and your recovery is guaranteed. Two sizes, 25c. and \$1.00 at all dealers.

HOW TO KEEP YOUNG.

"May we never grow old," was a phrase in the closing invocation of Rev. Thomas Phillips, in addressing a men's meeting at the Bloomsbury, London, Baptist chapel on the question, "Ought a man to be shot at forty?"

"Youth is not a matter of years," he said; "it depends on the spirit. The crossed conditions of modern life drive men out of the race at a time when their judgment is ripe and their labors most effective. A man who governs his life in the right way should be a better man at forty than at twenty, still better at sixty than at forty, and, if he carefully observes sanitary and hygienic laws, at the climax of a wholesome, happy life at eighty."

"Men grow old before their time because they do not try to keep young. Through the influence of custom and routine, through settling down into the easiest ruts, and through giving up reading and thinking, men, before they are forty, become utterly impervious to any new light."

A Daring Distribution

The undersigned Druggist at the earnest solicitation of the Ferrol Co., Limited, of Toronto, has made a thorough and searching investigation into the merits of FERROL, and of the methods of that Company, and he finds that: Every cure claimed by the Company is absolutely genuine; that FERROL is manufactured from the best quality of Munn's Celebrated Cod Liver Oil (the whole of the oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorus, it is so scientifically prepared, that not one in a thousand finds any trouble in taking it; that the medicine has accomplished the most amazing results in its own city; that its sales in the Home City have been phenomenal; that it is endorsed by all druggists without hesitation or qualification; that it is, in short, all the Company claims for FERROL, and more.

The more I investigated the more enthusiastic I became. It is no longer a question of my willingness to handle the preparation—FERROL—but how can I bring it to the immediate suffering of this city?

It is a heavy responsibility, but I have faith in the honesty and fairness of the Ferrol Company, Limited, of Toronto, and the unequalled merits of their preparation, FERROL.

(Signed) D. E. Campbell

I find also that the druggists in other cities have taken upon themselves the solemn responsibility of standing behind this medicine; and that these druggists have made in each city a daring and remarkable distribution of full-sized bottles.

Impressed by the action of our fellow-druggists, and convinced that they would not have given this remedy such unqualified approval without positive knowledge of its merits, I have decided to follow their example and distribute free of charge

Large Bottles of FERROL Free to the Sick

Commencing Tuesday Nov. 27th, We will distribute 2 gross of this medicine. One bottle being presented to every holder of the coupon shown below. Cut it out and bring to D. E. CAMPBELL'S PRESCRIPTION STORE, COR. FORT and DOUGLAS STREET.

Maintaining a first-class Drug Store, the above named Druggist occupies a commanding position in the retail drug trade of this city, and almost every remedy that is offered to the public seeks an outlet through his store. But with an eye single to the interests of his many patrons he is careful to handle the most reliable preparations. Consequently when a medicine is recommended and endorsed by this Druggist, that medicine must have merit.

The above Druggist, after a rigid investigation, described elsewhere in this announcement, has decided to make, upon his own responsibility, the most remarkable distribution of medicine ever attempted in this city. Convinced by personal experience of the extraordinary merits of

FERROL

He has purchased from the Ferrol Co., Limited, of Toronto, a large number of bottles of this remedy, for free distribution, and he hereby invites every person suffering from any form of blood trouble; any person who is run down, discouraged and in need of a powerful tonic; any person suffering from Coughs, Colds, Bronchitis, Croup and all Bronchial or Lung Troubles, Chronic Rheumatism, Neuralgia, Insomnia, Loss of Weight and all wasting diseases; any person who has sought relief in any other remedy or Cod Liver Oil preparation, and failed to find it, cut out the certificate-printed herewith, fill out the blank lines, present it at the store on the dates given, and get a bottle of this wonderful preparation, FERROL, Free.

It was necessary for me to purchase a large quantity in order to have the privilege of making this free distribution, and the responsibility assumed by me in this matter, I am positive will be appreciated by the public, and the immense sales that are sure to follow will more than compensate me for the expenditure involved.

There is absolutely no sentiment in this endorsement of FERROL. It is merely a business recognition of a preparation that possesses positive merit, and a keen desire on the part of a progressive concern to always supply the best goods at the lowest possible price.

No other distribution will be made, and it will be necessary for you to come early in order to be sure of securing a large size bottle of FERROL ABSOLUTELY FREE

REMEMBER, only ONE bottle will be given to each family. Tell your friends of this Wonderful Offer for fear they will not see this advertisement.

FERROL WHAT IT IS AND WHY YOU SHOULD TAKE IT

THE FERROL CO., LIMITED
CITY
May 24th, 1905

GENTLEMEN,
The bottle of FERROL I secured from you, I have found to do great good. My son used it for a bad cold, and it cured him. I know it to be an excellent remedy for a bad cold and for building a person up after sickness. I might say that it was a prominent doctor friend of mine in the city, who used it for his son, and spoke to me of it. I have since recommended it to a great many of my friends to try.

Yours truly,
J. B. TENNING
T. P. 407

WHAT FERROL DOES.—A careful perusal of the foregoing will readily suggest to the reader what FERROL does. It builds up the run-down constitution as no other preparation can. It cures Anemia, no matter how chronic, by supplying the blood with just what it requires in the only form in which impoverished blood can be so supplied. It prevents consumption by fortifying the constitution against its attacks. It restores Nervous Vitality in a manner little short of marvellous. It cures Coughs, Colds, Bronchitis and kindred diseases by building up the constitution so that the system will throw off the disease by NATURAL PROCESSES—a very different thing from the usual method of treatment by administering cough medicines and other drugs which are sure to impair digestion and are always debilitating in their effects. FERROL, on the other hand, while removing the disease, at the same time INCREASES THE WEIGHT, ENRICHES THE BLOOD and improves the patient in every respect.

It assists in the development of delicate infants and children, and it is particularly valuable for boys and girls at the period of transition into manhood and womanhood, when they are so likely to outgrow their strength and the system is rendered peculiarly susceptible to the attacks of disease. It strengthens the muscles, tones up the nerves, improves the vitality, strengthens the action of the heart, and builds up the whole system so that the germs of disease can obtain no foothold. It has a wonderful recuperative effect on the brain—bringing it to its proper form. Phosphorus, the brain's chief constituent; attacks of depression and morbidness, "brain fog," etc., are dispelled—the cure is basal, constructive and complete.

WHAT IT IS NOT.—It is not a "Patent Medicine"—the ingredients are freely made known. **REMEMBER**—There is only one Emulsion of Cod Liver Oil, Iron and Phosphorus, and that one is FERROL.

If you feel the need of a Restorative see that you get FERROL, and do not be put off with something "just as good"—there is nothing half so good—nothing "just the same." **Protect yourself.**

Cod Liver Oil, Iron and Phosphorus are not new remedial agents; for ages their merits have been known and recognized, and for many years physicians have indulged the hope that some day a satisfactory combination of these remedies would be perfected and the full benefit of their life-giving properties made available.

In "FERROL" that hope has at last been fully realized, and the practical benefits resulting from its use have far exceeded the most sanguine expectations.

These agents are combined in a scientifically prepared Emulsion so palatable that even a nursing infant can and will take it readily, even greedily; so easily assimilated, that the most delicate digestive organs will dispose of it with less difficulty than they would experience in the digestion of the plainest food.

WHAT IT IS.—FERROL, as its name implies, is composed mainly of Oil and Iron—it is, in short, a PERFECT EMULSION of Cod Liver Oil AND IRON, with a medium of Phosphorus added, and a positively the only preparation combining these ingredients.

The apparently extravagant claim that it has no equal in its peculiar sphere is based on the following common sense reasons: It combines in palatable form Cod Liver Oil, the greatest tissue-builder and flesh-producer known to medical science, with Iron, the one and only agent which will supply impoverished Blood with the red corpuscles which it must have in order to insure a healthy condition, and Phosphorus, which has no equal as a Nervine tonic.

THIS CERTIFICATE,

Properly filled out and signed, entitles the holder to one large sized bottle of FERROL (Cod Liver Oil, Iron and Phosphorus), if presented at Campbell's Prescription Store Tuesday Nov. 27 from 9 a.m., until samples are exhausted.

Name of Patient,

Address,

Disease,

The bearer of this certificate hereby agrees to give this medicine a thorough and faithful trial and to report to the druggist named above, within three weeks, the improved condition of his health that is almost absolutely certain to follow.

This Coupon must be presented by adults.

BOXERS TO HOLD BIG TOURNAMENT

ARRANGEMENTS BEING MADE FOR CONTESTS NEXT MONTH

High School Athletes Preparing For the Vancouver Matches—Sporting Items of Interest.

9.00—Harriers—Fifth Regiment to organize at drill hall.

9.00—Basketball—Practice match at Fernwood Y. M. A., North Chatham street.

9.00—Football—Practice match at Oak Bay park.

Amateur boxing, with all its attendant spectacular features, will have its first spectacle this year on December 6th.

His Worship the Mayor said today that, providing the proposed tourney was conducted by reliable people in whom he could trust he had no objection to its taking place.

His Worship the Mayor said today that, providing the proposed tourney was conducted by reliable people in whom he could trust he had no objection to its taking place.

ASSOCIATION FOOTBALL SATURDAY'S MATCHES

There will be several interesting games on Saturday in the Victoria District Union. The Fifth Regiment will play the Y. M. C. A., and the Wanderers meet Victoria West in the senior league, and, in the intermediate section, the Y. M. C. A. will meet Victoria West.

REGARDING SIXTEENERS

There is some probability that the match between the North Wards and Centrals, set for Saturday, will be put off. A number of the players are going over to Vancouver with the High school Rugby team

and it would be hardly fair to force the Centrals to put a weakened team in the field when the matches are going so closely.

VICTORIA UNITED.
This club will appear in its new uniform at the next match with other cities. No arrangements have yet been made for the game proposed for Seattle for December 15th.

RUGBY FOOTBALL.
EVERYONE WORKING.
The Victoria High school is practicing very steadily for the game against Vancouver on Saturday.

THE HORNETS COMING.
Although no official advice has been received by Secretary Sweeney, Nanaimo papers state that the Hornets will be here on Saturday to play Victoria at Oak Bay park.

CENTRALS WILL RUN.
The Central team will have a run tomorrow evening at 6.00 from Oak Bay park to the city in preparation for the match with the Hornets.

HIGH SCHOOL TRAINING.
The fifteen that will go over to Vancouver on Friday night to try conclusions with the Vancouver High school, all had a good practice yesterday afternoon, all the available players turning out to give them a good opportunity to get in first-class fettle.

SUGGESTED CHANGES.
The Daily Californian, organ of the student body of the University of California, has this to say in a recent issue regarding the Rugby rules:

"The Daily Californian is as hearty a supporter of Rugby football as ever. It is a fine game, and is better fitted for the needs of the two Pacific Coast universities than the American game. It must and will become a Western game and not remain an English game. Let it develop along proper lines, retaining its present good points and eliminating its objectionable ones. We know very little about the finer points of the game and are probably very incompetent to make any suggestions, but it seems to us a few alterations should be made before next year. Penalties for off-side plays, holding and unlawful tackling should not be such that they give a team a chance for a place kick. This is practically giving a team three points. Any man on the two teams could have kicked either of the two goals Saturday. True, California's freshman team won on a place kick this year, but we are advocating this change for next year. We are not 'be-grudging' Stanford her six points; she won them fairly according to the present Rugby regulations. We are suggesting a change in Rugby rules.

"Another suggestion we wish to make is that there be two referees instead of one. We are not complaining at the work of Referee Unmack. As far as we know he was perfectly square; but it seems to us that it is impossible for one man to keep his eyes on all the players and to notice all the infringements of the rules."

The Daily Californian is strongly in favor of Rugby, and with the two above

mentioned changes all possible objections to the game will be eliminated."

HARRIERS.
MEETING TO-NIGHT.
The Fifth Regiment will formally organize the Harriers club at a meeting to be held to-night in the drill hall.

LAST NIGHT'S RUN.
The Y. M. C. A. Harriers held their regular run last night in preparation for the race on New Year's Day.

BASKETBALL.
POSTPONED TIL TUESDAY.
The annual meeting of the City Basketball League, that should have been held last night, did not materialize owing to the absence of the secretary, President H. B. Sargison, P. Crompton, L. Cheek, and R. H. Hecocks, substitutes, C. Phillips and E. D. Watkins.

CO-EDS COMPETING.
On Monday, by defeating the crack basketball team of the senior class of Stanford University, the junior girls won the right to meet the freshmen players in the final game for the championship of the University.

ATHLETICS.
GETS NEW MEMBERS.
At the last meeting of the executive of the Fernwood Young Men's Association, held on Monday evening, six new members were accepted.

POOL.
TOURNAMENT OPENS.
The Clarence hotel bottle pool tournament opens this evening, the first match being between Levy, playing 101, and Blakely playing 141.

INDOOR BASEBALL.
FERNWOODS ALSO.
Thursday seems to be the night set apart for the new sport. These members of the Fernwood club who have taken up the game will have a practice to-morrow evening.

TO-MORROW'S MATCH.
The match between No. 2 and No. 3 companies of the Fifth Regiment to-mor-

row night at the drill hall will conclude the preliminary series. It is expected that before Thursday next the season's schedule will be announced and matches thereafter proceed under it.

At the regular meeting of the Ladies' Aid connected with the Church of Our Lord, held on Monday, it was decided to change the place appointed for holding their sale on December 7th from Victoria hall, on Blanchard street, to the premises over the C. P. B. office known as the Westside, which have been secured through the kind services of the agent. While appreciating Mrs. Simpson's generosity in placing her rooms at the disposal of the society for the affair, it was generally conceded that the newly acquired building is more suitable owing to its splendid situation on the corner of Fort and Government streets.

The following humorous example of "English-as-she-is-wrote" was copied from a bottle of Japanese hair preparation made by a Tokio firm, which passed through the hands of the custom's officials this week: "Men of thin hair or bald heads, when used this medicine, get to be grown freely, nice hair in all places, for the desire of those men."

November will soon be gone, and your opportunity to get \$5.00 cabinet portraits at \$4.00 per dozen at Foxall's Studio, 50 1/2 Government street.

Are You Often Bilious?

READ THIS AND LEARN HOW TO PREVENT ATTACKS.
Biliousness is merely a term applied to a condition that exists when the body is over-loaded with bile. The complexion turns yellow; eyes look dull, pimples, itching and eczema break out, headaches are ever present. Biliousness has two great causes: constipation and defective liver action.

When Dr. Hamilton's Pills are taken they not only correct the bowels, but act directly on the liver, regulating its bile secretion. Unlike ordinary medicines which purge and give temporary relief, Dr. Hamilton's Pills remove the condition which causes biliousness; thus permanent cures are effected.

Dr. Hamilton's Pills do cure biliousness and liver ills under all circumstances. We prove this by the statement of Mr. Fenwick Luddington, of New Harbor, N. S., who writes: "Three months ago I had no expectation of ever getting free from periodical bilious attacks. They were preceded by dizziness and dreadful headaches. If I stopped over my head would swim and a nauseous feeling crept into my stomach."

"Dr. Hamilton's Pills fixed up my liver, drove all the bile out of my blood and made me a well man in a few months. To-day I enjoy a good appetite, excellent digestion, and the best of health. Dr. Hamilton's Pills did it all."

Get Dr. Hamilton's Pills to-day. Sold by all dealers, 25c. per box or five boxes for \$1.00. By mail from N. C. Poison & Co., Harford, Conn., U. S. A., and Kingston, Ont.

Magrioni Fine Kid Gloves, \$1.50.

Gloves made from picked skins on which nine months are spent in the tanning; sewn and shaped by workmen skilled to do the best work.

You'll find your kind here.

JAPANESE TACTICS INJURE BUSINESS

AFFECT CATCH AT THE SEAL ROOKERIES

How Presence of Large Fleet Would Be Damaging to Local Interests.

Information now comes from Washington, D. C., indicating that the work of the Japanese sealers in depriving the lessees of the seal rookeries islands of Behring Sea of some of the spoils of a business of which they have long enjoyed a monopoly, has been more successful than was at first supposed.

It is asserted that in view of the raids made on the islands the lessees have not been able to take the regulation number of seals, and a curtailment of the United States government quota is spoken of. Not only did a few Japanese schooners raid the islands, but it was stated by local sealers, upon the latter's arrival home, that the Japanese vessels formed a cordon around the islands and intercepted the seals on their way to the rookeries, their disastrous work in this connection being all the more effective by reason of the special privileges which they enjoyed and which permitted them using firearms of any description, and hunting within three miles of shore.

A correspondent writing to the Fur Trade Review says: "The success of Special Agent Lemby in driving off the seal raiders was a matter of no little surprise at Washington, in view of the fact that there were but few firearms on the island and the native guard had been drilled but little, and had had no experience whatever in police duty. The government officials now realize the folly of the course they have pursued in the past, and the assertion is freely made here that if the rookeries had been known to be guarded by a well-armed force no such raid as that made by the Japanese would have been attempted. Mr. Lemby could long ago recommended the purchase of one or more rapid fire guns, but the government officials were reluctant to supply them pending the settlement of the Behring Sea dispute. It is probable, however, that several such guns will be sent out before the beginning of next year's sealing season, and arrangements will also be made for organizing and drilling an efficient guard. There are some reasons why the natives do not make the best kind of police, and there is some talk of securing the necessary authority for the creation of a small military post on one of the islands, to be garrisoned during the sealing season by a small force of regular troops. A single company would be more than sufficient for the purpose, and if it prevented such raids as that of the past season would be a good investment. In view of the fact that the Japanese killed no less than 200 seals and made off with 120 skins.

While the lessees during the past season came within a few hundred skins of taking the quota fixed by the department of commerce and labor; nevertheless no secret is made of the fact that every possible effort was expended in securing the number taken and that the failure to obtain the full quota was due to the fact that the seals of killable age were not to be found in the herd. It is believed that never before in the history of the islands was the killing carried on in a

more systematic and careful manner. Not only were the rights of the government fully protected by the strict enforcement of the regulations, but the driving of the herd for killing purposes was managed in such a way as to secure the largest possible number of killable seals.

In view of the results of the past season, it seems altogether probable that the department will curtail the quota for next season even should the international negotiations now pending not result in an agreement to prohibit land killing for a year or more. The department authorities do not believe that the absolute cessation of killing would be a good thing for the herd, but there can be no doubt that a reduction in the quota for one or two seasons would add proportionately to the percentage of male life in the herd.

But the prevalence of so many Japanese vessels in the sealing business of the past season is a matter not for the serious reflection of the United States officials alone. In a special sense does it appear to those locally engaged in the industry. So far the Japs have not been able to secure very large catches, despite the weapons they employ. Where they constitute a menace to a large fleet of some thirty or more vessels get into waters where seals are found they make the little fur bearing animals so wild with their ineffectual and indiscriminate firing that hunters using the spear in the same vicinity have no chance for successful competition.

MINING DECISION.

Chief Justice Hunter Gives Judgment in McMeekin vs. Furry.

Chief Justice Hunter in Vancouver on Monday handed down judgment in the case of McMeekin vs. Furry, over the ownership of the Empress group of mineral claims on Howe Sound. Ira Furry, the brother of Oliver Furry, the original locator of the claims, sought to be declared entitled to a half ownership in the claims by right of his wife's estate. Chief Justice decided against this contention, and in favor of the defendant's view that Furry did consent to reduce his original and unassessable half-interest to one of 20 per cent. In consideration that Leopold Roscowitz, who originally held the other half interest, threw into the group the Barabara, Fracton, Balmoral and another fraction.

The effect of the Chief Justice's decision is as follows: "Oliver Furry had no legal interest. He had only a right in equity, to a conveyance of the half interest under the agreement of May 29th, and I think he accepted the declaration of trust in substitution of the obligation created in that agreement.

"There will be a declaration that the Furry estate is entitled to a fifth interest in the proceeds of the sale. Other questions reserved."

C. W. McMeekin, who held an interest in the group, simply brought suit to have the tangle unravelled.

SEAMEN'S INSTITUTE.

Contributions Received During the Month of October: Are Gratefully Acknowledged.

The manager of the Seamen's Institute hereby acknowledge with thanks the receipt of reading matter, etc., during the month of October from the following: Mrs. Wm. Atkins, Mrs. R. B. McMeekin, Mrs. R. Maynard, Mrs. E. M. Stephenson, Mrs. Kitto, Mrs. E. Copeland, Mrs. G. E. Scott, Mrs. H. Allnut (flowers), Rev. R. Connell, C. P. Bennett (Colquitz), O. Averill (Colquitz), J. Rolfe, S. G. Russell, H. H. Bailey, the Salvation Army (War Cry), the Navy League (Victoria-Esquimalt branch), B. C., and the Times and Colonist, daily papers.

Cash donations and monthly subscriptions in aid of the Institute received during the past month from the following are also gratefully acknowledged:

Cash donations, Hon. Senator W. J. McDonald, \$10. Monthly subscriptions, Wm. E. Laird, Rev. C. E. Cooper, Mrs. M. E. McTavish, Mrs. J. D. Pemberton, E. J. Evers, Miss Spurdell, the Bishop of Columbia, Mrs. Wm. Atkins, the George Carter Co., Ltd.; A. Friend, Mrs. J. P. Hibben, Mrs. Allnut.

During the past month literature was supplied by the Institute to the crews of the Twickenham, the British ships Pingal and Don, and to the patients in the Marine hospital.

No British subject may wear the insignia of a foreign order without permission from the King.

LOCAL NEWS

The weekly practice of the Victoria Musical Club will be held this evening in the city hall at 8 o'clock.

The following ladies are cordially thanked for donations to the W. C. T. U. Refuge home during October: Mrs. Shakerpeare, Mrs. Lester, Mrs. Yates, Mrs. McNaughton, Mrs. Frank, Mrs. C. Spencer, Mrs. F. Grant, Mrs. Wm. Grant, Mrs. Cooper, Mrs. Scowcroft, Mrs. Sweet and Mrs. J. G. Brown.

The death took place in the Jubilee hospital on Sunday evening of Magnus Nelson, after a long illness. Deceased, who was a native of Sweden and followed the occupation of fisherman. The funeral took place yesterday afternoon from the parlors of the R. C. Funeral & Furnishing Company, the religious service being conducted by Rev. John Grundy.

The provincial government sale of lands in Vancouver and vicinity is now in progress. To-day and to-morrow lots in Vancouver and Hastings town-site will be sold, and on Friday North Vancouver lots will be disposed of. Yesterday \$28,348 worth of property was sold. This included water front lots and acreage in the Point Reserve. Lots sold as high as \$1,700.

On her last trip south the Waiata sighted two fishermen off the mouth of the Fraser, drifting round on the bottom of an overturned boat, says the Vancouver News-Advertiser. "The men were so exhausted with cold and exposure that they could not answer to the calls from the steamer. The mate then tied a rope round his body and went bravely to their assistance, and fastened the rope in turn round them, got them aboard the steamer. They were an hour on board before they could move a limb. The Waiata took the men to Seattle and brought them back Monday."

After a short illness, S. H. Roblin died in the St. Joseph's hospital yesterday afternoon. Deceased was a native of Adolphus city, Lennox county, Ont., and was 58 years of age. During the early part of his life he engaged in the dry goods business in Nanaimo, and in 1889 came West and has been engaged in business in this city for several years. He leaves a wife and one sister to mourn his loss. The remains were removed to the parlors of W. J. Hanna, and the funeral will take place from the family residence, No. 12 Blanchard street, to-morrow afternoon at 2 o'clock. Rev. G. K. B. Adams will conduct the services.

On the last trip of the Shawmut, which arrived here two days ago, a Japanese passenger committed suicide while the vessel was within about two days of this port. He was bound for Victoria, and was accompanied by his only brother. It is believed that he became despondent over leaving home, and that it was that which accounted for the rash act. During the night he got up from his berth and jumped overboard. A letter left by him indicated that the act was premeditated and that he was brooding over the thought of leaving his native land and going among strangers. He had a passport and also had in his possession about \$100 in cash. The passport and belongings were turned over to Dr. Milne, the immigration officer, on the arrival of the steamer. The passport has been forwarded in turn to the Japanese consul at Vancouver, and the money and belongings have been transferred to the brother of the unfortunate man.

LOOK OUT FOR THIS MAN.

If he offers something "better" than Putnam's Corn Extractor, its advertisement, printed on inferior goods that tempt him, Putnam's is the one sure and painless cure. Use no other.

WEATHER BULLETIN.
