CHUGOKU CIVIL AFFAIRS REGION
ECONOMICS SECTION

TO : Chief, Economics Section DATE: 19 October 1950

FROM : Natural Resources Division

SUBJECT: Progress in Liquidation of Old Fishing Associations

Nat. Res. Division
File No. S-2-G

1. In accordance with your request, the progress chart shown on inclosure 1 gives the status of the liquidation of old fishing associations by prefectures in this region up to 1 September 1950.

2. As can readily be seen, we are making a very poor showing especially in Shimane and Okayama Prefectures. From previous observations by the undersigned, the trouble in Shimane Fisheries Section is the lack of qualified personnel and in Okayama Fisheries Section is due to just plain laziness and lack of interest. Slow progress in all prefectures can be attributable to a certain extent to the shortage of personnel. However, improvements could probably be made if pressure was applied by the Chief, Chugoku Civil Affairs Region.

3. On the other hand, many of the cooperatives are not particularly interested in the assets of the old fishing associations since in many cases they consist of only two or three chairs and desks. It could therefore be estimated in terms of Yen value that approximately 75 to 80% of the total assets have been transferred to the cooperatives.

Fish. No. 3661, '50

16 August, 1950

To: Chief of Fisheries Section (Division) of
To, Do, Fu or Prefecture

From: Chief of Fisheries Administration Division,
Fisheries Agency

Subject: Handing-over of Properties of Fisheries
Organizations to New Fisheries Cooperative
Associations, Instruction for.

CA-EN. 70

1. It is understood that a helpful guidance of your office is being given towards the Fisheries Organizations under your jurisdiction to carry out possible speedy handing-over of their properties to the new Fisheries Cooperative Associations so that it may not only economize the expenses for the liquidation, but also may it as much consolidate the foundation of the new Cooperatives and smooth over their management.

2. But it is reported that there are some cases where old organizations are delaying disposals of their properties, patching up affairs under the plausible pretex of loaning their facilities or properties to new Cooperatives for the lack of full knowledge that the division or transfer of the properties should be carried out according to their shares; and there are reportedly some cases where the failure of making an amicable settlement upon the terms of the disposal between the organizations old and new because of the economical conditions or others is orginating delay in this important and urgent business.

3. Such procrastination is effecting an aggravation of burden upon fishermen and is proving an impediment to the progress of the new organizations. Your warning and positive guidance, therefore, are requested to be given against the aforementioned cases so as not to leave unaradicated the root of calamity in future.

4. As a result of the recent revision of the Corporation Tax Law and the Income Tax Law, the taxation on liquidated incomes of the Fishermen's Associations has been abolished, and the withholding taxation of income taxes at the payment of dividend (including deemed dividend) for membership of Fishermen's Associations has also been abolished.

Under such circumstances, it is requested that your office will make special efforts to implement a speedy handing-over of the properties of the old organizations to the new Cooperatives.

5. It is instructed that your office will submit to the Fisheries Agency by 10th September a progress report of all the organizations, tabulating en bloc, with the statements of reasons for delay, if any.

What is current situation in this region?

SUBJECT: Report of Field Trip, Okayama, Tottori, Shimane and Yamaguchi Prefectures, 9 - 13 October 1950

TO : Chief
Economics Section

PREPARED BY: Richard A. Neis, Natural Resources Division

1. REFERENCE:

Operational Directive Number 13, Civil Affairs Section, General Headquarters, Supreme Commander for the Allied Powers, subject: "Fisheries", dated 12 April 1950.

2. PURPOSE:

To ascertain through spot-checks of Fishermen's Cooperatives the progress of fisheries programs.

3. BACKGROUND:

None.

4. DISCUSSIONS:

a. The following organizations were visited:

(1) Okayama Prefecture Fishermen's Cooperative Association Federation, Okayama City.

(2) Tottori Prefecture Fishermen's Cooperative Association Federation, Tottori City.

(3) Tottori Prefecture Neriseihin Marine Products Processing Cooperative, Tottori City.

(4) Shimane Prefecture Fishermen's Cooperative Association Federation, Matsue City.

(5) Asakumi Fishermen's Cooperative, Matsue City.

(6) Yamaguchi Prefecture Marine Products Processing Cooperative Association Federation, Yamaguchi City

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(7) Muko-shima Fishermen's Cooperative, Hofu City, Yamaguchi Prefecture.

b. Inspections during this trip were concentrated mostly on federation organization and operation. All of the federations visited are operating in the red, short of personnel and consequently being of little economic assistance to member cooperatives. The necessity of close liaison and cooperation between the federations and Prefectural Fisheries Sections who are also short of personnel and funds, was stressed. Except in Tottori where well integrated programs of the federation and Prefectural Government have been developed, a feeling of dis-trust and/or inability of one or the other organization was noted.

c. After admonishing the Shimane Federation in front of its' 100 member cooperatives on 31 July 1950, many improvements were found. On 21 September 1950 they re-opened central fish markets in Matsue City and Izumo City after complete renovations. The re-opening of the markets was well publicized and they have 70 retailers registered at Izumo and 60 retailers registered at Matsue. Long range plans have been made to increase fish storage facilities and take over the distribution of oil and fishing gear from privately-owned companies.

d. Sources of revenue were also a main topic of discussion. Local control of fish marketing was emphasized not only to increase revenue but to increase returns to fishermen by controlling the price of fish. In Okayama City, competition is very strong. There are currently six individual companies handling fish in addition to the federation.

e. Visits to the Tottori Prefecture Neriseihin Marine Products Cooperative and the Yamaguchi Prefecture Marine Products Processing Cooperative Association Federation revealed that they are practically required to be a member of a so-called National Marine Products Fish Cake Society (Zenkoku Suisan Kamaboko Kyokai) in order to insure their existence. Apparently this society exercises theoretical control over supplies of the prefectural organizations. Annual membership fees are required of the prefectures and appear to be exhorbitant. The Yamaguchi Processing Federation which has only 4 cooperative members comprised of a total of 87 individuals must pay ¥128,000 to the society as membership fees for 1950. In return they supposedly receive support of the society in obtaining scarce processing items such as sugar and their support in initiating or changing national legislation which affects fish processors. The society also carries on an information and education program.

5. CONCLUSIONS:

a. The Shimane Prefecture Federation has made remarkable improvements although there is much more to be expected.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

b. The excellent coordination between the Tottori Prefecture Federation and the Tottori Prefectural Government and the favorable results which they obtain proves that this cooperation is necessary to eliminate duplication of effort and to broaden the scope of activities on the prefectural level.

c. The so-called National Marine Products Fish Cake Society appears to be bleeding the Prefectural Processing Associations and Federations.

6. RECOMMENDATIONS:

That activities of the National Marine Products Fish Cake Society be investigated in further detail to determine its' feasability and if deemed necessary submit a special report on the subject to higher headquarters.

RICHARD A. NEIS, DAC
Mining and Fisheries Branch
Natural Resources Division

MEMORANDUM FOR: Record

Reference is SCAPIN 1860 dated 16 February 1948, Subject: "Interpretation of Policy Concerning the Elimination of Control Associations".

The National Marine Products Fish Cake Society (Zenkoku Suisan Kamaboko Kyokai) has all the earmarks of a control association. However, there is no indication that the cooperatives are forced to join or that supplies will be cut off if they do not join.

A more complete investigation will be made. If upon completion of future investigation the National Marine Products Fish Cake Society proves to be a control association a special report will be prepared and forwarded to higher headquarters.

④ 漁船の損害 保険で救へ

船主 漁船保険もいいが保険金の支払いが遅くて困るなどという評判も耳にしますがこの点はどうですか?

答 まことに痛いところを突かれた形で恐縮です。実際今までには水産庁や組合の都合で、加入者に大変御迷惑をおかけしたことがあつたことを認めます。

いうまでもなく保険金の支払の適正迅速ということは保険の生命であることを痛感しますので、最近では水産庁の事務機構を整備して極力組合も督励し、従来の面目を一新しています。**近頃では請求書が到着してから早いのは一週間、遅くても一箇月以内には保険金を支拂うようにしています。**

船主 この際水産庁は漁船保険について一般漁民に対してどんなお考えをお持ちですか?

答 保険という仕事は加入者が多くなればなるほど、危険の分散ができて支払が平均化し、その基礎が確実になつてきます。したがつて保険料も安くすることができます。

それだから水産庁としては毫当り一にも二にも加入促進で進んでおります。

漁民の方々もこの保険の趣旨をよく御了解になつて進んで加入されることを切望いたします。

① 漁船には何をおいても先づ保険

船主 最近よく漁船保険に入れとすすめられますが、漁船保険の必要はどういう点にありますか?

答 漁船は災害でなくても何か事故が起つた場合、自力で復興するには現在のところ、保険に入つているよりほかに方法がないわけです。しかも漁船の事故は最近非常にふえていまして件数からいつても戰前の三倍近くになつています。

万一漁船に天災による事故が起つても、現在の世の中では政府から補助金を貰うことはできませんし、借金をするにも容易ではありません。従つてこの際漁船の所有者は何をおいても漁船保険に入つてその經営の基礎を確実にする必要があります。

船主 漁船保険のことを地方では県庁の保険とか水産庁の保険とかいつていますが、一体どういう組織になつていますか?

答 そういわれるのは本当に遺憾なことでして、漁船保険は県のものでも水産庁のものでもなく、漁業者自身の保険なのです。漁業者がお互に漁船に損害が起きたとき救済するために漁船保険組合をつくりまして、そして保険を引受けたり保険金を支払つたりするのはこの組合がやるのであつて、県や水産庁はその仕事を指導したり監督したりしているわけです。中には県で指導の便宜上、県庁の水産課の中に組合の事務所をおいているところがあり、又水産庁は各組合の引受け保険などに対して再保険ということをしているために、県や水産庁の保険などといわれるのでしよう。水産庁は各組合で集めた保険料の九割を保証する仕事をやつています。これによつて或る一つの組合の加入漁船が颱風などの関係から集団的に災害を受けて破損、沈没などの事故が沢山できても保険金の支払に支障のないようにしているわけです。従つてこの保険は国家が後楯になつていますから極めて確実な保険であります。

② 漁船保険は政府が保証

③ 台風も漁船保険で不安なし

船主 漁船の保険は一般の海上保険会社でもやつているようですが、会社保険と漁船保険の違いはどんなところにありますか?

答 保険会社も漁船の保険をやつてます。しかし会社が引受けるのは漁船としては大形船で津々浦々にある小さい漁船は引受けて呉れないのが普通で、小形漁船まで引受けると経費が沢山かかつて勘定が合いませんから、営利を目的とすればどうしても門戸を閉さなければならなくなります。漁船保険の方は前にも話した通り、水産庁は元より各府県庁でも非常に応援して呉れますし、各地の漁業協同組合でも協力してのばすことができるのです。なお会社では木造漁船に対しては分損といつて船体や機関の一部が破損したときの損害に対して保険金を支払う契約を致しませんが、漁船保険ではこれをやつています。なお又漁船保険は全然営利を目的としませんから保険料は会社保険より必ず安くなつています。

船主 漁船保険に加入するにはどうしたらよいでしようか。又保険料はどの位になつていますか?

答 漁船保険に加入するには、今いつた各地の漁船保険組合に申込めばよいのです。組合は府県庁内にあるものもありますが、そうでなくても概ね府県庁の近くにあります。又県庁から遠い人達はその地元の漁

SUBJECT: Themes for Fisheries Programs - September

1. On 15 August the election for the Sea Area Adjustment Committees will be held throughout Japan. The success or failure of the Fisheries Rights Reform program will depend largely upon the activities of these committees. Through the utilization of information media, efforts have been made during June and July to have the fishermen vote wisely. Following the election, fishermen must be encouraged to cooperate with the committees which they have chosen, particularly in regard to the selection of fishing grounds. The functions and the authority of the committees and the ways in which fishermen, individually and cooperatively, can aid committee members should be explained.

2. Continued stress must be laid upon the strengthening of the economic status of Fisheries Cooperatives. Many Cooperative members do not yet realize that their Cooperatives are business organizations which must have sufficient volume to provide an adequate economic base. The problem of financing Fisheries Cooperatives is a difficult one, largely because a basis for credit has not been provided in many instances and because planning has been inadequate in others. The Government cannot be expected to provide all of the capital required by Cooperatives, even where the basis for a sound loan can be provided. Fishermen must be encouraged to establish an organized system of savings deposits based on a percentage of returns from sale of their catch.
