DRAMATIC VAUDEVILLE MUSIC THEATRICAL MINSTREL BURLESQUE OPERA

IN RUINS

Kernan's new Auditorium almost wholly destroyed. The Maryland badly damaged. Loss estimated at \$60,000.

The Maryland and Auditorium, James L. Kernan's new theatres which were in course of construction at Franklin and Howard Sts., Baltimore, Md., were visited by a disastrous conflagration Saturday afternoon, July 11.

The origin of the fire is a mystery. Gasoline lamps are used to facilitate the work of construction at night and large tanks of gasoline were stored in the sub-cellar under the casino, which were also in great danger. It was thought that one of these tanks exploded but after the flames had been extinguished, examination showed the tanks to be intact. The heat from the building was so intense that the surrounding property was threatened. The flames raced freely in the Auditorium and it was only by dint of hard work and dogged pertinacity that the Maryland Theatre, which is located next door to the doomed theatre was saved by the firemen. As it is, the outer walls of the building which are composed of white terra cotta, are blackened by smoke and will have to be rebuilt. The Academy of Music, which is located directly in back of the theatre, was also in great danger, but quick action on the part of the firemen limited the damage on that building to a few charred window frames, scorched walls and blistered doors.

The white terra cotta of which the walls of the Maryland were built was highly ornamented but these embellishments are hardly discernible. The uncompleted portion of the building evidenced the fact that the new Auditorium would have been extremely handsome. The drawing and plans of the building having been destroyed, J. D. Allen, of Philadelphia, the architect, is preparing another set. Mr. Kernan was not in the city at the time of the fire, but his legal representative, Mr. Charles H. Knapp, estimated the loss at \$60,000 which is covered by an insurance of \$30,000 Mr. Kernan in company with the architect, made an examination of the ruined building, and he says the work of rebuilding will commence as soon as possible. He hopes to have the structures completed early enough to begin his season at about the time originally contemplated.

EVOLUTION.

In the old days of the drama, the stage manager in arranging the musical settings for a play, would write in one place on the prompt book where there was to be a duet or an exciting scene, "hurry music" in another place and where the heroine was telling the story of her life, he described "soft music," and further on at the death scene, he puts down "slow music," and that's all there was to it. He didn't care what the music was so that it met the emotional exigencies of the situation.

Today we have changed all that. The incidental music is one of the important features in the success of a play. Augustin Daly was a manager who realized this thoroughly, and before he died he is noted for the same careful selection of music which is calculated to bring out the best points of his plays. The very best musicians are employed for this work nowadays, and put forth their finest effort in giving the drama an appropriate musical setting. For instance, Manuel Klein, the well-known composer, has been engaged for months in perfecting the incidental music for Captain Barrington, Victor Mapes' play, in which Charles Richman will be starred by Weber & Fields, and also for The Grand Impulse, Mr. Sothern's new play for next season. Myville Ellis, whose Pené D'Autonne, is one of the hits of the new Runaways, has also been working for some months on the music for Bertha Galland's new play, Dorothy Vernon.

Many instances of prominent composers being employed for this work show that incidental music can no longer be called a mere incident.

WHITMARK GRANTED FINAL INJUNCTION.

The litigation between Isidore Witmark and Frank L. Bailey over the interpolation of a song into the score of The Chaparrons, the musical play of which Mr. Witmark is the composer, is at an end. Mr. Perley was obliged to pay the court costs which amounted to ninety-two dollars, and Mr. Witmark has secured a permanent injunction against interpolating any songs into this successful piece.

Henry W. Whitchell entered suit against William C. McKinley, sheriff at Pittsburg, Pa., for \$5,000 damages for an alleged illegal seizure of goods. It is set forth that the sheriff had a writ of foreign attachment in which Casper Gotterdam was plaintiff and Flora M. and Charles E. Hines, defendants, while the owners of the Bion theatre were named as garnishees.

A deputy sheriff, it is alleged, made a levy upon the property of the plaintiff used in the production of Only a Sion Girl, in which the Bianys had no interest, and on account of the necessity of the plaintiff to keep an engagement in Brooklyn, he paid the deputy \$822.41, the amount of the writ, under protest.

Butterfield & Bromfiow are going to open their attractions early this season. Mr. Chas. A. Loder in A Funny Side of Life, will be the attraction at the Camden Theatre, Camden, New Jersey, August 15, and their Man to Man company will open the house in Tarrytown, N. Y., August 8.

C. A. Stephenson of Waterloo, Ia., author of A Red Hot Reel and The Fate of Years, will go on tour next season with a one and three night stand rep. company, under the management of S. W. They will carry seventeen people, a band and orchestra.

Robert B. Mantell has given up his intention of making a foreign tour the coming season and will appear in a new romantic play in the leading roles in this country under the management of Max Zoellner. While resting at The Cedars, Atlantic Highlands, New Jersey, he is putting in a few hours daily studying his role.

Jack Drayton, of whom we publish a likeness above, is well known as one of the youngest equilibrist on the American stage. He is playing parks for the season of 1903.

In the new play, The Light of Other Days, which is the joint production of Mr. W. A. Tremayne and Mr. Hall, Mr. Mantell writes that he will play nothing but first-class theatres next season.

Arrangements have been completed for Virginia Harned's new play for the coming season. Chas. Frohman has negotiated with Hadden Chambers for a comedy entitled The Golden Silence. It will give its first presentation in London, September 3, with Violet Vanbrugh in the leading role. Immediately after the London production Mr. Chambers will come to the United States to assist in rehearsals of Miss Harned's company. The first American production will be given in November after a short tour in Erie.

Charles H. Yale is now rehearsing his three shows in Philadelphia. Mr. Yale is the only manager who owns a theatre which is used exclusively for the rehearsals of his own companies. At his theatrical studio and scene painting place in Philadelphia he has a complete stage constructed with all the necessary appliances for the giving of a complete show. On this stage he rehearses his different companies. The Devil's Auction opens in Philadelphia on August 15. The Way of the Transgressor late in August in Philadelphia and Al. H. Wilson early in September.

Miss Mollie Gertrude Brady, who gained much prominence while with the George Fawcett Stock Company, was married to Mr. Jerome T. Stack, (non-professional), of Baltimore, June 19, 1902, at Havre de Grace, Md. Miss Brady kept her marriage a secret for over a year. Miss Anita Brady, the bride's sister, who is with The Runaways, let the secret out through a letter written to a friend in Baltimore. Mrs. Stack is somewhat undecided as to the continuance of her professional career. It is reported that she was considering a contract with a new Broadway production.

Kathryn Osterman recently registered a copy in advertising by having one entire page of the "New York World" run over in red. The advertisement read as follows: "Kathryn Osterman will appear as Agatha Renier in Miss Petticoats during the coming theatrical season, assisted by 25 capable actors and actresses, dramatized into five stirring acts and seven elaborate scenes by George T. Richardson, by arrangement with the C. C. Clark Publishing Company of Boston. Production staged by John W. Mitchell. Kathryn Osterman's tour in Miss Petticoats conducted by J. J. Rosenthal."

Charles B. Dillingham arrived from Europe June 20, on the Kronprinz Wilhelm. He and Fritz Scheff have selected a comic opera written by H. B. Smith and Victor Herber from among the many submitted. Mr. Dillingham has also contracted with Clyde Fitch for a play with Dickens' Little Nell and The Marchioness as the principal characters. Mollie James will appear in both roles. The American rights to Les Affaires sont les Affaires (Business is Business) have also been secured by this lasting manager. Among the other plays purchased by Mr. Dillingham are, Madeline Lucette Ryley's, The Lady Paramount and The Wire Walker, a musical comedy by Hugh Morton and Bernard Holt.

F. C. Cooper, business manager for Al. W. Martin, writes us that in Mr. Martin's coming revival of Ten Nights in a Company and Boston Tom's Cabin he will set a pace that will be swift and hard to follow. Martin has always been recognized as being in the front rank with his companies. The eastern and western H. T. companies have been newly equipped, both in scenery and parade furnishings. Sullivan & Eagle of New York are building the tableaux, John Herforth of Cincinnati the boats, and Chas. H. Yale of Philadelphia the scenery. Mr. Cooper claims that Mr. Martin's catch line, "A \$30,000 production" will be no misnomer with either company. The cake walk feature will be eliminated and ensemble numbers substituted. Ed S. Martin will manage the eastern and F. C.

Cooper the western company. Ten Nights in a Company will open the season at Joliet, Ill., September 5. J. Wesley Stevenson, for many years Mr. Martin's secretary and treasurer, will manage the Ten Nights Company.

J. E. Waldeck, treasurer of the Orpheum Theatre at Los Angeles, Cal., is to have the theatre of his own in that city in the near future. It will be a vaudeville house; a museum will be conducted in connection with the theatre patterned after the Edeu Musee of New York City.

Frank A. Wood, the energetic and successful press agent of the Hodge Opera House at Lockport, N. Y., will succeed H. H. Forman as manager of the Grand Opera House at Canandaigua, N. Y. He will assume the duties of this position, which is one of the most desirable in the circuit owned by the Wallace & Gilmore Company, August 15.

The management of the Greenwood Opera House at Greenwood, Miss., advises us that prospects for the coming season are very promising. They have secured the services of three leading booking concerns, namely, Klaw & Erlanger, Stair & Havlin and The New York Booking Exchange. The opera house has been thoroughly refitted with hot air furnaces and the opening of the season will take place October 2, when The Telephone Girl, with a company of forty people, will be presented.

With the completion of this theatre, Messrs. Cross and Cain will have control of houses in New Bedford, Taunton, Brockton and Fall River, Mass., and Newport, R. I.

Miss Louise Cecelia Shay, of the Gordon-Shay Opera Company, was married in Cincinnati, July 8, to Mr. Michael J. McCarthy, better known as Joe. Frederica, and a member of Miss Shay's company last season.

Aurice Kaufmann, the American violinist now in London, has arranged with Henry Wolf to tour the United States next winter, beginning in an orchestral concert in New York City about the middle of November.

Lillian Randolph Bailey, a prominent belle of Baltimore, Md., will make her professional debut next season under the direction of Messrs. Nixon and Zimmerman, with whom she has signed for a number of years. She has adopted the stage name of Lillian Randolph.

Charles Murray, who will be with the Night on Broadway next season, will introduce some new songs into the olio. Among them are "See Reads the New York Paper Every Day," "He Ought to Have a Tablet in the Hall of Fame" and "My American Beauty Rose."

Miss Louise Cecelia Shay, a popular and gifted violinist, has been engaged as one of the soloists for the forthcoming "Patti" tour to the United States, and will make her first appearance at Carnegie Hall, November 2. She is an American by birth, although for some time a resident of Brussels.

Miss Lulu Thels has been singing two of Standish and Silberberg's numbers with more than ordinary success in concert and church work. For the former, Miss Thels sings in "Fancy You Are Ever My Side," which has met much favor through her charming rendition of it, and for the latter, "The Voice of Jehovah," which Miss Thels has translated into Latin.

Fred C. Whitney has signed a contract which begins in September, 1904, with Mme. Schumann-Heink, the well-known contralto of the Metropolitan Opera House. It is for a period of three years with the stipulation that the prima donna is to sing in English with a guarantee of \$10,000 for the season. The opera will be supported by Stanislas Stange and Julian Edwards.

Already the European artists who are coming over to this country for the next concert season are being announced. Principal among these are the two great conductors, Richard Strauss and Felix Stoffel. Strauss will be accompanied by his wife, Mme. Strauss de Alma soprano. Other notable musicians coming are Jacques Thibaud, the French violinist, and Alfred Reisenauer, the German pianist. Also, Lowell, Arele and der One. Josef Hollmann, Campanari and Schumann-Heink.

The Ladies' Military Band is enjoying the best season of its existence, so says Leslie J. Spain, the bustling manager of that organization. They have closed a two weeks' engagement at Bushkill Park, Easton, Pa., and opened at Island Park, Sunbury, Pa., July 15. The band is now in its twenty-eighth consecutive week and Manager Spain says it will be almost impossible to secure a rest until next April.

Mr. Spain also says that regarding the new show he will inaugurate the feasibility of putting out a band of fifty ladies. The bookings are made exclusively by J. Leslie Spain and D. T. Heusersey.

Shows come and go, but "The Runaways" is going to fill out the time originally set for that magnificent production at the Casino, and, from present indications, with flying colors. The hosts of friends of Miss Fay Templeton and the other principals of the big aggregation are making frequent visits to the pretty Casino. Chas. Box, the elongated comedian of long experience and many hits, has replaced John D. Gilbert in the eccentric role of Dr. Fiercer, and adds considerably to the fun and smoothness of the performance. He is the most able assistant to Messrs. Arthur Dunn, Alexander Clark, William Gould and the other popular fun-makers of "The Runaways." Miss Templeton continues to sing. Yet "I'm the Same Little Girl and My Hired Belle," the most enthusiastic applause.

Vauvau, the vaudeville star, and Miss Amelia Stone have a new duet in the first act which, with the famous "Hiawatha" song in the second act, gives these capable singers two of the musical gems of the play.

Alfred Aaron, composer of "The Knickerbocker Girl," which is at the Herald Square Theatre, New York, originally wrote it for a road tour, and one of the popular songs is called "Sing My Girl." Miss Hall, leading lady, sang it with marked success in Philadelphia, where the piece had a run. Aaron, little thinking of getting into New York, had previously sold the music publishing rights of his piece to a firm in Gotham. They in turn disposed of the song, "Sing My Girl," to the Shubert's, and Arthur Dunn has made a big hit in it in "The Runaways." Aaron eventually got a chance to get into New York, but when Josie Hall attempted to sing his own song they were notified that the Shubert's have a prior claim, and the song could not be repeated in "The Knickerbocker Girl." Aaron failed, but not to avail, and today finds himself in the peculiar position of being the author of a big song hit that was originally introduced into his own work, but which is one of the distinct encore winners of a rival piece a few blocks further up Broadway.

MINSTRELS.

The W. S. Cleveland Minstrelia will take the road at an early date in excellent form. Ted Galbraith, who will assist Doc Waddell in acquainting the public with the fact that there exists an organization known as the "Ed E. Faust Minstrelia," is spending the summer at Elk, N. Y., in Philadelphia, Ohio.

Thos. Killeen, of Elmira, N. Y., the only surviving member of the first traveling minstrel company organized, was in Scranton, Pa., last week. Mr. "Reynour" as he was known in the business, is always the center of a crowd, when he is telling some of his funny experiences behind the foot-lights and hauling his love songs

right out to the prettiest girl in front. Burnt cork won't do, not for a minute, or there will be a "matinee girls' strike," which will cause a "slump" in love songs all along the line. Because and Always, will be featured prominently in his minstrel tour next season.

John W. Vogel has taken to the woods and streams with rod and lines having set all the wheels in motion preparatory to the early beginning of rehearsals. As Vogel, Arthur Highy and Lew Benedict were discussing the question of bait at Columbus, Ohio, Highy observed to the other "corner man" as our English minister men have it: "Lew, I suppose that Mr. Vogel will, by the rights of his calling, catch nothing but black bass." "Oh, no," returned the facetious Benedict, "from his invariable good fortune he'll land nothing but gold fish." Then Vogel had his saying: "I heard from Agent Potts up at Mt. Clemens today, writin' that there is a negro waiter at the hotel named Kettle who refused to serve Potts because Potts called Kettle black!" The Vogel pictorial expedition is accompanied by the managers, two high bred pointers named Ruby and Velour as pointers for the new \$10,000 electric first part of next season. The origin of the first part is a mooted point. Lew Benedict avers that it was when Adam combed his hair in the Garden of Eden. Arthur Highy endorses his comrade comedian by declaring "Lew ought to know; he was there!"

VAUDEVILLE.

Chester, the hand balancer, joined the Norris & Rowe Circus at Walla Walla, Wash. Amelia and Manolo have signed with Edwin R. Lang, opening July 27, at Denver, Colo. Lulu Thels, the novel whistler, is meeting with great success in her act, which is the acme of refinement.

George Primrose opened his vaudeville tour of twenty-five weeks, June 11, at the Masonic Temple Roof Garden, in Chicago. Jerome and Edwards, peerless acrobats, have resigned from the Patterson & Trainered Carnival Co., and joined the Wallace Williams Show.

Jew Dandy, the well-known Hebrew Impersonator, has been engaged by Henry W. Savage to play in the No. 2 Prince of Wales company, taking the part now in the hands of John W. Ransome.

Heleen Conger was compelled to cancel her engagement at Clutea Park, Chicago, Ill., on account of severe attack of rheumatism which still confines her to her bed. She would like to hear from her friends at 7349 St. Lawrence Ave., Chicago, Ill.

The report that the Marvelous Gilmor Family of acrobats were with the Great Eastern Carnival Company, is erroneous. They are taking a short rest at their farm at Fremont, Ohio. They will open their tour July 29 at St. Louis, Mo., and are booked solid until November.

Mrs. Arnold, of the Aerial Arnolds, was recently stricken with typhoid fever, which necessitated the cancelling of their date at Delmar Garden, St. Louis. Health and strength are rapidly finding their way back to her and it is hoped that she will soon be able to take the road again.

"That Mysterious" team, Latimore and Leigh, opened on the W. B. McMillin circuit of parks at Toronto, Can., June 22, with their novel cabinet mystery, which has proved a big drawing card. They were booked to open at Oakford Park, Greenburg, Pa., week of July 6, but on their arrival found the park and theatre entirely destroyed by the recent flood in Penn. They put on a benefit which netted a neat little sum for the sufferers.

FARCE COMEDY.

The Juvenile Fun Company, under canvas, went to pieces at Emporia, Kan. Harry R. Moore, press agent of Campbell Circus is at his home in Milwaukee, Wis. Moore is using a lot of ink on a new comedy which he expects to produce.

Miss Elizabeth Hillian, the Boston society woman, who recently went on the stage in spite of the opposition of her family and friends, is to be a member of the McFadden's Row of Flats Company. She will begin at the bottom of the ladder, accepting a position in the chorus.

The following engagements to support Chas. A. Leder in the musical farce comedy "A Funny Side of Life," have been made by Butterfield & Bromilow:—The Four Emperors of Music, Morris & Daly, Edna Morrill, Jean Jerome, Ruby Lytton, Bertie Farnsworth, Hal Lawrence and J. T. McCannley.

The rehearsals for the sixth season of McFadden's Row of Flats will begin on Aug. 3, the season opening Aug. 17 at Atlantic City. The tour will extend as far south as New Orleans and west to Denver. There will be thirty-four people in the company, which will be under the management of Thomas R. Henry. Thomas Hodgman will be the advance representative.

From a total chorus of seventy, Gus Hill has selected for McFadden's Flats, twelve girls, all of whom are five feet four inches in height, and the weight of each about one hundred and twenty pounds. This season they are introducing a singing and talking act, which is entirely original with them, entitled, "A Five Dollar Bet."

At Rudapest one of the Deputies to the Reichstag recently protested against the performance of the Niebelungelied at the Royal Opera House. Wagner's music, he argued, had its place only in Germany, for it incarnates the German genius but the Hungarians, a Turanian race, had nothing in common with the German race. Sarah Bernhardt in a recent interview made the following statement: "I am very sorry that Paris, which boasts of the most brilliant collection of dramatic talent in the world, has not a single up-to-date theatre. The Parisian theatres are more backward compared with those of other great cities. I have been in Stockholm and in Germany, where I found the theatres palaces of comfort and luxury, reminding me of the splendid theatres I had seen in America. I really don't understand why some American capitalists do not come forward and teach us a lesson in business enterprise by building a modern theatre worthy of the world's great artists. Why the American lyric artists alone in Paris would be enough to give the enterprise

world-wide fame, and the thousands of Americans residing in or visiting the city would make it a tremendous financial success."

NEW YORK.

The Passing Show. Blonde in Black closed. A "newy" letter.

The hot July sun has proven too much for some of the summer shows and player folk. The Blonde in Black, closed at the Knickerbocker last week, although Blanche Ring, the star, moved up to the New York Roof Garden to slug, in the Good Old Summer Time and The Belle of Avenue A, two of the most fetching songs brought out in several seasons. It is said that The Blonde in Black will reopen at the Knickerbocker on August 5. The Prince of Pilsen, which has had such a successful run at the Broadway, closed on Saturday last, giving its company the first rest in sixty-four consecutive weeks.

The Wizard of Oz continues profitably at the Majestic. This typically American show will be seen in London before long. David Montgomery who played the Tin Woodman, sailed recently to arrange for a London production of the extravaganza in the interests of Messrs. Hamilton and Mitchell. Charles Hawtry will probably make the production and Mr. Montgomery will also arrange with Robert Arthur, a Liverpool manager, for another production there, the two to be made simultaneously. John Swor, of the Swor Brothers, dancer, has taken Mr. Montgomery's place at the Majestic, the partner, Fred C. Stone, remains with the company as the Scarecrow.

Down at Manhattan Beach, Lew Dockstader's Mustrels are appearing. Attractive vaudeville draws crowds to Hammerstein's Paradise Roof Gardens every night. The Earl of Pawtucket, at the Manhattan, with another new leading woman, Teresa Maxwell, now playing the part originated by Elizabeth Tyne. The Runaways and Fay Tompleton, fill the Casino every night. Light opera draws well at the Terrace Garden and there is not a more picturesque spot than Venice in New York, where Duss is giving his summer concert.

Gertrude Coghlan is spending the summer on Prince Edward Island at the cottage where her father, the late Charles Coghlan, made his home during the months between seasons.

Cecil Spooner, who made such a hit in My Lady Peggy goes to Town, last spring at Daly's, is now in London on her vacation and has been engaged for the principal soprano role in Mother Goose, to be presented at the New Amsterdam theatre next season.

Grace George will not appear in Beerholm Tree's production of Pretty Peggy in London but will remain in Paris, where she has leased a house until her trip to Italy in August. She will return to New York earlier than at first expected, in order to go on tour a month before opening at the Madison Square Theatre.

At the Casino, where Miss Fay Tompleton and the Schubert company are playing the Runaways, the management reports very large audiences. The show runs very smoothly and is still one of the most glittering spectacles the town has ever seen.

Ototo, the Japanese operetta, still holds forth on the roof of Madison Square Garden. It attracts good-sized audiences.

This week, The Bohemian Girl, will be the bill at Terrace Garden.

The Wizard of Oz is summing prosperously at the Majestic Theatre. The 225th performance will be celebrated on Aug. 3, with another distribution of souvenirs. So emphatic is the success of this extravaganza that it is doubtful if it will wear out its welcome until Christmas.

Mr. Proctor announces something entirely new this week at his Twenty-third Street Theatre. There will be a one act farce by Julius Chambers entitled A Pair of Boots.

The revivals at the Proctor Theatres this week will be Kindred Souls, at the Fifth Avenue; Hamburg, at the Fifty-eighth Street and My Sweetheart, at the One Hundred and Twenty-fifth Street Theatre. RALPH KELSO.

DOC WADDELL.

LEXINGTON, KY.—Miss Viola Allen's visit to the Blue Grass region of Kentucky seems more beneficial to her health and beauty than the customary European trip attributes to its celebrity patronage.

Mr. W. K. Fuller, contracting agent of the Barnum & Bailey Show, was here in regard to facilities for his show's date in this city, Oct. 8.

I have read and re-read it and each and every time I find something new, something helpful.

Take Barnum's management of Jenny Lind and his handling of Tom Thumb and of Mr. & Mrs. Tiumah, before and after their marriage.

What a fund of inspiration is the Barnum Fourth of July story. It was in 1842 and Barnum wanted to make an outdoor display in front of his New York Museum for the "Glorious Fourth of July."

"Keep cool, gentlemen," said Barnum. "I guess it is all right."

"Right!" indignantly exclaimed one of them. "do you think it is right to attach your museum to our church. We will show you what is right and what is law, if we live till to-morrow; these flags must come down instantly."

"Thank you," said Barnum. "but let us not be in a hurry. I will go out with you and look

at them and I guess we can make it all right."

"Well, mister, I should like to see you dare to cut down the American flag on the Fourth of July; you must be a 'Britisher' to make such a threat; but I'll show you a thousand pairs of Yankee hands in two minutes if you dare to attempt to take down the stars and stripes on this great birthday of American freedom."

"What's that John Bull a-sayin'?" asked a brazen fellow, placing himself in front of the brave vestryman. "Look here, old fellow," he continued, "if you want to save a whole bone in your body, you had better stop, and never dare talk again about hauling down the American flag in the city of New York."

There are those who, perhaps, would pass this story by without giving it a first or second thought. Analyze it. Digest it. There's meat for the future in it and plenty of it.

TENT SHOWS CIRCUS WILD WEST MUSEUM MENAGERIE

WRECK

Of The Wallace Show Train at Shelbyville, Ill., July 16.

The first section of the Wallace Show train was wrecked at Shelbyville, Ill., at about 8 a. m. on July 16, two people being killed and four injured. Four horses were also killed or had to be shot on account of broken legs, and three cars were demolished.

The section had pulled in past the depot and backed down the side track, where it was uncoupled for unloading. Unfortunately the cars were on a grade and by their own gravity started to move down the switch.

The engineer started his locomotive after the runaway cars but before he could overtake them they had telescoped a line of freights standing on the track.

Two sleeping cars at the rear of the runaway section were derailed, one containing 119 sleeping circus employees, being turned completely over and down an embankment. The caboose was smashed to pieces and then caught fire. The blaze was put out, however, before it had done any further damage. Only one person of all the number in the sleeper was injured. This one was Leon Stone, known as "Yaller." He had several ribs broken and by the unusual interest to such an extent that he died at two o'clock the same day.

Ed. Christian, a driver was in a horse car and sustained lacerations about the side and spine from which he died.

The others who were injured were William Brown, chief catcher; John Frisby, knee cut; J. Johnston, porter, leg broken, many others were bruised and scratched less seriously.

The temporal loss to Mr. Wallace has not been computed but it is considerable.

The afternoon performance had to be passed up but the night show was given as usual and to good attendance.

It is difficult to place the blame for the accident, though the railroad crew is generally believed to be responsible.

H. E. Hunt, aged 38 years, died at Burlington, Ia., July 10, after a few days' illness. Hunt was known as "the showman's friend," and was probably known to every circus man of any prominence in the United States. He was wealthy and never failed to entertain lavishly the managers and prominent actors of every circus that visited his city.

John Wilkins, an employee of Sells-Downs Circus, died July 10, from injuries received while walking in his sleep. As he was passing an elephant on the train somewhere between Ogden and Evanston, Ia., he was attacked by the brute, which crushed his ribs and hurt him internally.

Gussie McKee, who has played leading roles with various theatrical companies in past years, died recently at New York City from cancer of the stomach. Mrs. McKee was formerly the wife of Lieutenant Martin of the United States Army.

William Ernest Henly died in London, Eng., July 12. He was a well-known poet and in collaboration with Robert Louis Stevenson, has written several plays. Mr. Henly was 54 years old at the time of his death.

Joseph Allen (known as Happy Hoolligan), a canvasman with Norris & Rowe's Show, was killed at Pendleton, Oregon, July 7. He was run over by the heavy pole wagon. Mr. Allen had lain down under the wagon and the driver not knowing he was there started the horses. Norris & Rowe had the body interred at Pendleton and an effort will be made to locate his relatives. A subscription is being raised among the employees with which to purchase a suitable tombstone.

INDEPENDENCE DAY.

At The Barnum and Bailey Camp. Mr. Bailey's Birthday Celebrated with a Banquet.

There were great "doings" with the Barnum & Bailey Greatest Show on Earth on Independence Day. It happens that July 4 was not only the day selected by the American people for the declaration of their independence, but it was also the day selected by America's great showman, James A. Bailey, for his advent upon this earth. Therefore there were two very good reasons for joyousness on the Gloriosa Fourth in the Barnum & Bailey camp. "The Big Show" appeared in Greenfield, Mass., on the national holiday and, although two performances were given, this was found by the performers and employees for a little fun. George Arlington furnished a sumptuous banquet at which over one thousand people sat down, while the cook tent was lavishly decorated. Speeches were made, and Mr. Bailey himself broke his general rule and made a few remarks in which he expressed his happiness at the safe return

of the show after five years on foreign land and his gratification at again being able to celebrate his birthday and Independence Day on his native beach.

A pretty feature of the day was a visit by Mr. Bailey to the artist's dressing rooms, which had been appropriately hung with bunting and furnished with flowers. During his visit, Mr. Bailey was captured by the lady members of the company, while the gentlemen gathered around and sang "For He's a Jolly Good Fellow." Whether the singing was bad or whether his modesty overcame him is not known, but Mr. Bailey fled to his private tent and remained in retirement thereafter.

Considering the difficulties to be encountered in a one day town the caterers did remarkably, as will be seen by the following detailed menu:

A novel decoration of the gentlemen's dressing room was a huge placard, surrounded by flags of all nations, and inscribed with appropriate sentiments by the principal members of the circus company. It read as follows:
 We, the undersigned citizens of the world, and members of the Barnum & Bailey Greatest Show on Earth, desiring to appropriately celebrate Independence Day, 1903, and to commemorate the birthday of The Amusement King, Mr. James A. Bailey, have decorated our canvas home in honor of a Great Country and a Great Man. (Signed)

BILLPOSTERS DISTRIBUTORS & COMMERCIAL ADVERTISERS

THE ATLANTIC CITY CONVENTION

ASSOCIATED BILLPOSTERS OF THE UNITED STATES AND CANADA HAVE A GREAT MEETING.

The Knights of the Brush owned the Board Walk last week. Big attendance and great interest manifested.

The regular annual convention of the Associated Billposters of the United States and Canada, or the National Convention, as it is popularly but erroneously termed, took place at Atlantic City, N. J., last week. The meeting was held in the Grotto of the Hotel Hudson and was a very warm affair. The attendance, though not as large as the Buffalo or Milwaukee meetings, was big and the interest much keener.

The regular convention was preceded by a meeting of the Board of Directors, which took

The attorneys of both sides then presented their cases to the committee of five. The arguments were very able and lasted far into the night.

The decision of the committee, which is final, was a sort of a compromise verdict. It upheld the Kentucky State Association in refusing the franchise to Ramsey, but directed Ross to buy Ramsey's boards at Ashtland and to pay him therefor \$1,200.00. At Versailles, Ramsey was to have \$250.00 for his boards.

Both payments are to be made within thirty days of the franchise will be forfeited. The decision was quite generally regarded as a victory for Ramsey, but was received with relief by everybody except the Kentucky contingent. Many of the latter were sore and expressed themselves bitterly and openly.

THE CONVENTION PROPER

opened Tuesday, July 14, and was held in the Grotto of the Hotel Hudson. The mayor of Atlantic City addressed the meeting and said

The Independents discussed the situation calmly. Some were opposed to Link on the grounds that it would add to the strength of the so-called "gang." Others were equally as averse to establishing a fourth term precedent. The discussion between sessions demonstrated that both men were very popular. A straw vote taken gave the office to Link.

Neither O. J. Gude nor R. J. Gunning participated in the discussions, although both watched the proceedings with interest.

At the night session, Wednesday, the application for Proctor & Collier came up. Proctor & Collier are advertising agents of Cincinnati, O., and stand very high in their profession. Probably no firm enjoys a better reputation. In addition to this, they control a vast amount of business. Clarence E. Runey regarded their application for a solicitorship as an attempted invasion of his territory.

It could be seen from the very beginning that Proctor & Collier had laid their lines well and obtained some very strong supporters. Sam Pratt was reported to favor their admission; Edward A. Stahlbrodt worked hard for it.

Clarence E. Runey made a speech in his own behalf which was forceful and convincing.

Many delegates remarked that Runey had made the ablest exposition of the solicitors' right to protection that had ever been heard on the convention floor. He marshaled his points in fine array and drove everyone home with blow after blow of telling force.

L. H. Ramsey supported Proctor and Collier and did his level best for them; so did Al. Bryant. When the vote was taken it was found that they had been rejected by overwhelming odds, viz.: No. 189; Yes, 54.

ANOTHER REPORT OF THE CONVENTION.

From our Special Correspondents.

Atlantic City, July 16, 1903.

Everything seemed to favor the 12th Annual Convention of the Associated Billposters and Distributors of the United States and Canada, held in Atlantic City from July 14 to 17. The weather was delightful, the attendance large, the meeting passed off without any squabbles or serious quarrels, and those present had an enjoyable time. It was noticeable that the delegates and members were more regular in attendance at the business meetings than heretofore. Much credit is due to the officers for cutting out the morning session, as it gave the people present a chance for a morning bath and they were then fresh for the afternoon and evening sessions.

Many of the members arrived on Monday and most of them remained until the Convention adjourned. A large number of ladies were present and they attended the business meetings regularly.

The convention held its sessions at the Hotel Hudson and most of the board of directors stopped there. The others were quartered at the Marlborough and the Hotel Agnew.

The members and visitors registered in the following order:

S. Pratt, E. H. Skoum, J. J. Smith, F. C. Zehring, F. W. Chamberlain, Charles Kindt, George L. Chennell, J. E. O'Mealla, W. W. Moore, A. R. Beall, E. E. Cheshire, Chas. C. Ames, Edward A. Stahlbrodt, Paul Terry Lawrence, Mrs. H. T. Lawrence, Robert C. Camp-

Members of The Billposters and Distributors' Association of the United States and Canada in Convention at Atlantic City, July 14-17.

place Monday, July 13. All were present save Len Owens of San Francisco, who was detained at home on account of sickness. After disposing of formal and routine business the directors took up the now celebrated case of Ramsey vs. Ross, which has dragged its way through a year of stubborn contention.

Ramsey invaded Ross' territory at Ashtland, Ky., before the latter was a member of the Kentucky Billposters' Association and erected a plant in opposition to him.

After getting his plant in order Ramsey applied for a franchise for Ashtland. Ross, however, did the same. After due consideration and deliberation the Kentucky State Association granted the franchise to Ross and turned Ramsey down.

Ramsey had in the meantime repeated the coup in Versailles, and the Association also turned him down there.

Ramsey appealed from the decision of the State Association and carried his case to the Board of Directors who considered it at their New Orleans meeting and remanded it back to the State Association for rehearing, with instructions.

The latter then appointed a committee to handle it, but the latter could not agree, hence it was made a special order for final disposition at Atlantic City.

Right bravely the Directors tackled it and right bravely was the battle fought over again. The entire day was taken up with the hearing. Finally, when the shades of night were falling fast, it was referred to a committee of five. Each side was to select two members of the committee and the four thus selected were to choose the fifth, who was to be chairman.

Ramsey selected R. C. Campbell of Chicago and Edward A. Stahlbrodt of Rochester, N. Y.

His opponent chose James O'Mealla of Jersey City and George Rife of Baltimore. These four elected Samuel Pratt of New York City chairman. Mr. Pratt thereby virtually becoming

arbitrator.

some very nice and complimentary things about billposters and billposting.

When President Bryan rapped for order about 375 members were present. The entire afternoon session was consumed with the reading of the minutes of the Milwaukee meeting, and those of the New Orleans meeting of the Distributors. After a recess for supper the members again assembled at 8 P. M. for a night session which was entirely consumed in the election of new members.

A resolution was adopted rulling out all members in towns of less than 3,000 population. This action was taken to prevent the centralizing of vast voting power in the hands of a few people, and its adoption was received with great satisfaction and enthusiasm by the small townsmen present.

At the afternoon session on Wednesday the temperature rose to the boiling point. It all came about over the matter of election of more solicitors. There were plenty of applicants and each was granted the courtesy of the floor. As fast as they were heard their applications were rejected, until that of Fuller and Fuller was reached, when a factional fight ensued.

Al. Bryant supported the Fullers and moved that their application be accepted. A storm of protests greeted the question and finally a vote was taken which brought out the relative strength of the factions. The result was 121, No. 84, Yes. Fullers' application therefore went the way of all the rest.

The factions were also arrayed against each other in the matter of their choice for president. About this time it began to become manifest that there would be a bitter fight when it came to election. It was claimed by one side that at the Milwaukee meeting President Bryan agreed to nominate and vote for Harney Link. The president's friends denied this and were anxious to have him stand for a fourth term. Tom Murphy electioneered wildly for Link and proclaimed his election as certain, offering to bet as high as a thousand dollars on his partner.

East voted against them. Sam Pratt also was said to have voted against them.

The outcome was hailed as a victory for Runey.

The election of officers was made a special order for 10 P. M. The greatest kind of interest was manifested and feeling ran high. Every delegate was present. The contest, if it came to a fight, would be for president. Friends of both Ryan and Link were firm and determined, and when nominations were called for the silence was intense.

Before anyone could get the floor, however, President Bryan arose and electrified the convention with a speech, in which he withdrew. It completely stilled the belligerents and the election then passed off smoothly, resulting as follows:

President, Barney Link; Vice-President, George Chennell; Secretary, Charles Bernard; Treasurer, A. B. Beall. All were elected unanimously.

The elections for the Board of Directors resulted as follows, viz.:

In addition to the above, many billposters and representatives of advertising concerns were present, but did not register at the headquarters. Many of the delegates and members were accompanied by their wives or some relatives, and

the result was that there always was a fair sprinkling of the fair sex at each one of the meetings.

Two official badges were distributed, one being a most little souvenir stating that the next convention would be held in St. Louis.

On Monday, the Board of Directors held two meetings and transacted a lot of routine business. The members and delegates who arrived on that day registered at headquarters and then spent the day in seeing the sights.

On Tuesday, the 11th, a preliminary meeting was held at 10 o'clock, but it was immediately adjourned to meet again at 2 o'clock. At that hour the convention hall was full. President Charles F. Bryan presided, and he appointed Mr. W. S. Burton, secretary-at-arms.

As the Mayor of Atlantic City had an important engagement and had only been secured to make an address by the hustling of Sam Robinson, care was taken that the delegates and members were present.

President Charles F. Bryan of Cleveland, O., introduced Mayor F. P. Stoy, who made a brilliant address, welcoming the delegates to the city. Mr. Stoy said in explanation of the recent war waged in Atlantic City against billposting that the press of the country had made certain misstatements about his attitude on that question. He said that personally he recognized billposting as one of the greatest institutions in the United States, and that it had been very helpful to Atlantic City. The trouble in Atlantic City had originated from the being of bills on the Board of Walk and approaches thereto. This the Mayor claimed was illegal and objectionable, and he had therefore helped to prevent it. In explanation of the ordinance now pending before the City Council prohibiting sign advertising and billposting, he said that it wasn't before him yet, but when it did come he would not sign it. The Mayor then concluded the delegates and said that he would attend a meeting of the Bureau of Safety that afternoon, and that his instructions to the officers of the city when they saw a billposter's badge would be, "Hoys, turn 'em back."

The Mayor was greeted with cheers by the delegates. J. W. Mayer of New Haven, Conn., had been selected to reply to the Mayor and he delivered an address that was a model of eloquence, full of wit and at the same time it contained logic and a number of statements of facts. Mr. Mayer, in opening his address said, "I don't know what the good people of Atlantic City had never met one who had concurred more cordially than I in one speech than this one. We thanked the Mayor for offering them the freedom of the city, but said they would have taken it anyhow. He continued by saying that the country at large had the mistaken idea that the billposter was not a merchant or business man. He continued by showing that the Association through its various branches represented 2,500 members in all of the principal cities and towns of the United States, with an invested capital of from six to ten millions of dollars, and proved by facts and figures that outdoor display was by far the best medium for publicity.

After these addresses and a call of the roll, the reading of the minutes of the meetings of the Board of Directors was in order. There were numerous objections to the reading of these, but the objections were voted down and for one hour and a half the members had to listen to this reading.

The President then made his annual report. He spoke of the legislation in different cities against billposting and of the efforts made to stop it. He spoke of the increase of rates in certain cities and cautioned all owners of plants to be careful about raising the rate for service unless conditions justified it. He spoke of distributing and how it was thoroughly impractical for a set schedule of rates to be put into effect. He also spoke of the new departure in having one day at each convention on which large advertisers could meet the members of the Association and how that would be productive of much good. He praised the efforts of the Milwaukee Sentinel to assist billposting, and feelingly spoke of the death of Mr. Chapman in Cincinnati.

The Treasurer's report showed that the receipts last year were \$11,594.46, and the disbursements, \$11,885.33, and that the reserve fund was in good shape.

The Secretary's report showed there were 503 members in good standing, and that these members through their affiliation with branch societies represented a total membership of 1,708 members. He claimed that new members were applying daily and that the coming year would be the best in the history of the Association.

Mr. Bernard was tendered a vote of thanks for his careful report and the meeting adjourned until evening.

In the evening a number of applications for membership were received and acted upon.

Wednesday afternoon much business was transacted. Applications for appointment as official solicitors came in from numerous advertising agencies but they were all rejected. Many speeches were made by the different members for and against the appointment of these solicitors, but when the questions were put to a vote they were all rejected by a large majority.

J. Walter Thompson of New York, Gunning & Company of Chicago, and Schutler & Company of Chicago were all rejected, although everyone of them had supporters and friends. Fuller and Fuller of Chicago made the strongest bid for appointment. One of the members of the firm was present and he made a strong speech. He was vigorously applauded. After he left the room, Mr. Malin made an eloquent speech in favor of admitting the firm, but upon being put to vote the proposition was lost.

The payment of numerous bills was ordered and a resolution adopted that a change of the by-laws be made so that all stage associations would be compelled to amend their by-laws, so as to make them conform in every particular with those of the national body.

The fight of H. Ramsey against the Kentucky State Association had been given into the hands of a committee to settle. They reported \$300 would have to be paid to Mr. Ramsey for Versailles, Ky., and \$1,200 for Ashland, Ky., within 30 days, or the franchise would revert to him.

The old charges of C. E. Roney against J. W. Coffey of Dubuque, Iowa, were then taken up. This created a lot of discussion. The Iowa State Association had inspected the plant and found it in bad condition. They had ordered it fixed up within 30 days, but nothing had been done. A dozen resolutions were offered in reference to the matter but none seemed to get at the proper settlement. Mr. Campbell wanted the Association to compel Mr. Coffey to erect 2,000 feet of iron boardings within 30 days, but was vigorously opposed by members from the smaller towns. After a long discussion and the offering of a number of resolutions, it was re-

solved that Mr. Coffey be notified to put his plant in good condition within 30 days and to be suspended during that time. At the expiration of that period the president was to delegate the inspection of the plant to a competent man, and if it was not in good condition the franchise would be declared open.

The inspection of all the plants in Ohio which had been ordered was done at a cost of a little less than \$1,000. This was shown by the report of the committee and they advised that several more states be inspected this year.

Ten members were suspended for non-payment of dues and the Twin Cities Association were to be notified that they had not filled their annual report or paid dues for the past year. Some of the members were in favor of expelling this association at once, but the by-laws were read and it was found that this could not be done until they were two years in arrears.

The Wednesday evening session was an important one and the application of Proctor and Fuller of Cincinnati, Ohio, provided a bitter discussion. Clarence Roney made a speech which was frequently applauded. He showed how he had gone into a new field, and after hard work, had succeeded in getting established, and that his efforts should receive some consideration. Mr. Stahlbratt answered him, but as he indulged in some personalities he was ruled out of order. When the vote was taken, Mr. Roney was warmly congratulated as it was found that the application had been rejected by a big majority.

The nomination and election of officers was then proceeded to. President Bryan nominated Barney Link for president in a clean speech and was ably seconded by Mr. Curran. The nominations were then closed and Mr. Link was unanimously elected. He made a speech in which he promised to serve faithfully and to carry out every provision of the constitution and by-laws without fear or favor.

Mr. Campbell nominated George Chennell for vice-president, and J. F. O'Meara seconded P. Mr. Chennell was unanimously elected.

Mr. Kindt nominated A. H. Beall for treasurer and having no opposition he was unanimously elected.

The Board was unanimously elected secretary, and in his speech accepting same, promised to be good.

A vote of thanks was then extended to the retiring president by the Association and the new officers were installed.

After this a little discussion was started over the low prices for posting in Canada. Arthur Ware, the representative from Canada, explained that this was due to the fact that advertisers had to pay a duty of fifteen per cent.

The Convention then adjourned for the day in order to indulge in a champagne supper which had been ordered by the new president, Barney Link.

The officers for the ensuing year are: President, Barney Link of Brooklyn, N. Y.; Vice-president, George Chennell of Columbus, O.; Secretary, Charles Bernard of Savannah, Ga.; Treasurer, A. B. Beall of Sioux City, Ia.

SOLICITORS HOLD MEETING.
The official solicitors met Wednesday morning and formed arrangements, the details, particulars of which were kept a secret. This much was learned that they had agreed to affiliate more closely than ever for mutual protection and that a meeting is to be held in Chicago at an early date, to further discuss the plans as outlined at Atlantic City. Only the newspaper solicitors were made parties to the secret.

Thursday was an "open day" at the Convention. It being understood that the afternoon session was to be devoted exclusively to the members receiving prominent advertisers and friends. It was one of the pleasantest and most profitable sessions of the Convention.

President Barney Link presided and introduced J. H. Mayer of New Haven, who acted as master of ceremonies. In a neat address Mr. Mayer gave an idea of how he was running for office and he thought it would be a good plan to use billposting. He gave a contract and while he said he found out his contract was good he could not find any paper. He was defeated and has been glad since. He claimed that since then both political parties in billposting, one party won, and the billposter claimed the victory. He spoke of the Ohio inspection and how successful it had been. He then said that the Association was for the purpose of giving advertisers full value for their money. He then introduced Mr. Krackowitzer for a very interesting speech. It was one of the best meetings of the Convention, as the people assembled were given many helpful pointers by the speakers.

At the opening of the Thursday evening session a schedule of prices adopted by a committee from the New York Association for distribution was submitted. H. C. Campbell made a speech in reference to the prices and claimed that distributing could not be done for \$2.00 a thousand and a commission of 16-23 per cent paid. Mr. Campbell also claimed that all billposters should be made to put in a distributing plant and do good work. He advocated a uniform price of \$2.50 a thousand for distribution. Many other speeches were made and all of them seemed to be either in favor of an increase in the price of distributing or a reduction in the commission. Mr. Curran, of Denver, in his speech, said that it would be an impossibility in his judgment for a set schedule of rates to be maintained, as in his district he would be compelled to meet higher rates than in the thickly populated portions of the west. Mr. Robertson of the Protective Company said that seventy-five million pieces were placed by that company last year. He said that they had towns which distributed at the rate of \$1.00 a thousand and they run from that price up to \$5.00 a thousand. Speaking of the Lydia Pinkham distribution, he said that out of a recent contract of six million books they only made \$145, although the amount of the contract was \$12,000. Mr. Ross also spoke of the same contract and

stated that he had secured that contract at \$2.00 a thousand, and when he found out it did not pay, tried to secure a renewal of the contract at a higher price. He offered to do the work at \$2.10 a thousand, but lost the contract, it being given to the Moffitt Agency. He claimed that unless the Associated Billposters and Billtributors made it a rigid rule for members to accept only the work from authorized solicitors that distribution would be a failure. He, however, was not in favor of too high a price, inasmuch as the opposition would get all the work.

Mr. Roney spoke of the difficulties of establishing a flat rate for distributing. He said he had worked for years on it and so had the Association, but they had not gotten any nearer to it than when they started. He advocated that each member be allowed to establish his own rate and that that rate should be one which would be profitable to him.

After a long discussion a motion was made to refer the whole matter to the Board of Directors. It was carried and the meeting adjourned until 2 o'clock Friday.

Notwithstanding the fact that numerous people left on Friday morning, quite a crowd attended the afternoon session of Friday. The first matter of importance brought before the convention was a proposition to remove the office of secretary to New York and establish an office there. A motion was made to increase the Secretary's salary to \$3,000, and to allow him sufficient money to pay office rent and clerk hire. Mr. Charles Bryan vigorously opposed it, not only on account of it being unnecessary but also because over one-half of the members had left the city before such an important matter was submitted. San Pratt stated that every labor organization, every advertising agent and most newspapers had a central office with a paid representative to look after their interests. Several members suggested that the office be removed to Chicago and one wanted it located in Buffalo. This brought other members to their feet and Boston, the Pacific Slope, and at last Brooklyn put in its claim. The first vote was taken on the location of the secretary's office in Chicago and it was lost. After a series of resolutions and counter resolutions the matter was straightened out and Chicago was selected as the new place for the residence of the secretary and his salary was fixed at \$3,000. The question of office help and expenses are to be decided by the Board of Directors. On motion of R. C. Campbell, the restriction placed on Lord and Thomas two years ago as regards the American Posting Service, was removed.

At this point Mr. J. F. O'Meara arose and in a beautiful address publicly thanked the ex-President, Charles F. Bryan, for his faithful services and then stated that a large amount had been subscribed to buy Mr. Bryan a testimonial which he and Mr. Pratt were to purchase in New York. He handed Mr. Bryan the subscription list and Mr. Bryan in a voice choked by emotion thanked the members for the token of their esteem. The question of sign men interfering with locations of billposters provoked a little discussion between Mr. McAllister and O. J. Gude.

George Chennell then named St. Louis as the place for holding the next convention and Mr. Curran named Denver. A number of speeches were made which were full of wit. Mr. Curran claimed that if the convention went to Denver, the Chamber of Commerce would give \$500, the Rocky Mountain Association \$200, and the Curran Company \$500; and if that was not enough another check for \$1,500 would be put up. The St. Louis Billposting Company, through Mr. McAllister, then offered \$25,000, if the company was prepared to spend \$10,000, if necessary, to entertain the members. Curran then replied in a happy vein by stating that there were 300 conventions booked and they could not afford to give the billposters a day and one member then said they would take a fight. Bob Campbell warmly supported Denver. His vote being taken Denver was selected, but after some squabbling the vote was reconsidered and St. Louis selected unanimously. It was a huge joke on the St. Louis members successfully carried out and a fitting climax to the convention. Mr. Frost, attorney for the Illinois Association, made a brilliant address, giving full particulars of a legal fight made against the ordinances in Illinois against billposters. His remarks were listened to attentively and everyone after it was over knew more about fighting perjured legislation than they ever did. After a motion had been carried President Barney Link declared the meeting adjourned and the convention of 1903, the best that has ever been held, was over.

The Board of Directors held an evening session Saturday for the express purpose of discussing and settling upon a flat rate for distributing. After many heated arguments the vote was taken and the rate set as follows: Cities over 5,000 population, \$2.50 per thousand; Cities under 5,000 population, \$2.50.

Other questions which were brought up for discussion at this meeting were the legal fights against billposting, municipalities and the much talked about question of licenses. The meeting was adjourned at 12 P. M., subject to the call of the President.

GOSSIP

Of the Annual Convention of Associated Billposters and Distributors of the United Correspondents.

Atlantic City, N. J., July 16, 03.

H. L. De Give of Atlanta made many new friends.

Over 75 people attended the afternoon session on Friday.

Over three hundred people were in attendance during the week.

St. Louis was the unanimous choice as the next meeting place.

Bude and Gunning were selected to represent the Association abroad.

The weather was excellent and the members enjoyed their daily "dips."

The big four were much in evidence, but they did not create any confusion.

The Milwaukee Sentinel distributed near souvenira to all in attendance.

Sam Robinson broke all records by attending faithfully all of the meetings.

Bob Gilla, of Gillin & Company, the New York lithographers, was a visitor.

Barney Link said he would "make good" and Bernard said he would "be good."

The Grotto of the Randolph where the meetings were held was cool at all times.

H. W. Belmont, of the Webster Printing Co., spent two days at the Convention.

It seems a settled fact that the Association will not appoint any more solicitors.

Sam Pratt said he had trouble with city officials but he knew he would win out.

Hoff also wore a Scotch cap but it was not as loud as the one he bought for Chennell.

No excursions nor picnics, but just good hard work, was the keynote of the Convention.

Sheet steel representatives pushed their claims vigorously. Several large orders were placed.

The ocean was very cold but most of the western visitors never missed a morning's bath.

Arthur Ware was the only member from Canada present, so he had to hold a caucus by himself.

George Kirsven, the advertising manager for Madame la Fevre's preparations, was also on hand.

John Misher, the master of theatrical enterprises in Pennsylvania, was diligent in his attendance.

Chamberlain of Iowa refused to talk of show business, as he said he came here to talk about billposting.

Charles Roney didn't say much but what he did say was clinching. He gained his point and was happy.

One of the best and most eloquent speeches heard during the convention was made by Arthur Frost.

The members of the South Eastern Association were present at all meetings and talked in on every debate.

Every person predicted a fight when the election of officers came around, but there was nothing doing.

Miniature jewel boxes containing Uncasets were given to all members and guests on Thursday afternoon.

W. P. Fay refused to bring the blessed baby to Atlantic City, so it could not be elected the baby member.

The Law Committee reported a more favorable feeling on the part of city officials toward all billposters.

Bernard had so much reading to do that his voice became hoarse and the stenographer had to take his place.

Mayer kept up a running fire of jokes about his New Haven plant, in which he owns one share of stock.

Four pictures were taken on the front porch of the Randolph on Thursday afternoon. They were a success.

Bernard in one of his speeches raised his own salary by a slip of the tongue. He said \$12,000 instead of \$1,200.

During the "hot air" discussion over the next meeting place, Mr. Haas of Savannah, Ill., had his coat set on fire.

It was a great convention both in point of numbers and also on account of the vast amount of good work done.

Judge Mayer did himself proud by his witty remarks in introducing the different speakers at the open meeting.

Nothing provoked more discussion than the prices for distribution. Nearly every member expressed his opinion.

Bob Campbell of Chicago was instrumental in buying the morning meetings cut out so he could take an ocean dip.

Loud applause greeted Bob Campbell when he made the motion to remove the restriction against Lord and Thomas.

Mr. Robertson of the Protective Company said he would rather pay the hotel bills of the crowd than make a speech.

Jim Curran promised the members snow balls in July at the next convention, but the members seemed to prefer high balls.

W. S. Jerkes, the paint manager for The Billposting Sign Company, did the honors for a number of National advertisements.

Bob Campbell in nominating George Chennell for vice-president, spoke of him as the youngest, brightest and wisest member.

The members who stopped at the Hotel Agnew were delighted. That is the only hotel in Atlantic City that uses billposting.

Joe Von had a 24-sheet stand advertising the Billposting Company erected on the beach front facing the headquarters.

Hemecrau & Company sent on a special stand of welcome for the Billposters. It was a 2-sheet and was placed in a splendid location.

Mrs. M. Dooley of Atlanta, Ga., attended every meeting but one. She went to New York on business after the Convention was over.

The members of the Association were highly pleased over the Mayor's address, in which he said he would veto the billposter ordinance.

he wanted people to know his town was on the map.

Before the vote was taken on the convention place, Barney Link showed checks for \$1,000 put up by Jim Curran, and a check for \$2,000 put up by the St. Louis Bill Posting Company.

Donald Mac was there in all his glory. Of course, this refers to Press Agent McManama of the Danvers Bill Show. He is so much in love with billposters that he put a week aside to spend with them.

When Curran mentioned Denver as the next place for holding the convention he said he had given away several thurs to other cities, and then one member said, "Curran, you never gave anything away."

Mr. George Hiebelstein, of the Buffalo Courier Company, dropped in on Thursday evening. Loud calls were made for a speech, but he only said a few words stating that he was glad to meet so many old friends.

H. I. Kramer, owner of Casarets, was one of the big advertisers in attendance. He boomed Milwaukee while here and incidentally handed a number of the fancy boxes which contain samples of his medicinal preparation.

Charley Hager has secured the next convention for the World's Fair City after being made the victim of one of the neatest practical jokes ever heard of here. Jim Curran was in it. Hager has guaranteed \$5,000 for entertainment, etc.

George Chennell wore a Scotch cap of vivid hue. When accused of trying to set the pace for fashion he claimed that Hoff bought it for

ber of ladies were present. It was a happy, joyous occasion, which will long be remembered by all the participants.

Col. T. M. Futterer has the following paper on his boards at Hagerstown, Md.—Casarets, Flier's Chewing Gum, Nufungl Pants, Uncle Sam Shoes, Sunny Jim, Vitos and many others. He says that business has been very good, in fact record breaking for the month of June.

John Moore and wife, accompanied by Ballie McMillan (dear to Americans) and his wife, left London, July 7, for a tour of the region of the Rhine. They will return to London where they will be joined by William M. Donaldson in time to attend the British Billposters' Association Convention.

The Hudson Bill Posting Company of Albuquerque, N. M., report the following paper on their boards: Gen. Arthur cigar, Mayflower beer, Bill Durham Tobacco, Coronado Beach, Roslyn Hotel of Los Angeles, Cal., Queen Quality shoe, Owl cigar, W. L. Douglas shoe, M. O. Cigar, Mennen's Toilet Powder.

A. T. Wheelock writes that his plant at Bemidji, Minn., is doing excellent business. He has built 500 feet of new matched lumber to accommodate the circus. One of the boards is 100 feet in length, situated in the best part of the town. He has just completed posting for J. E. Pepper Whisky.

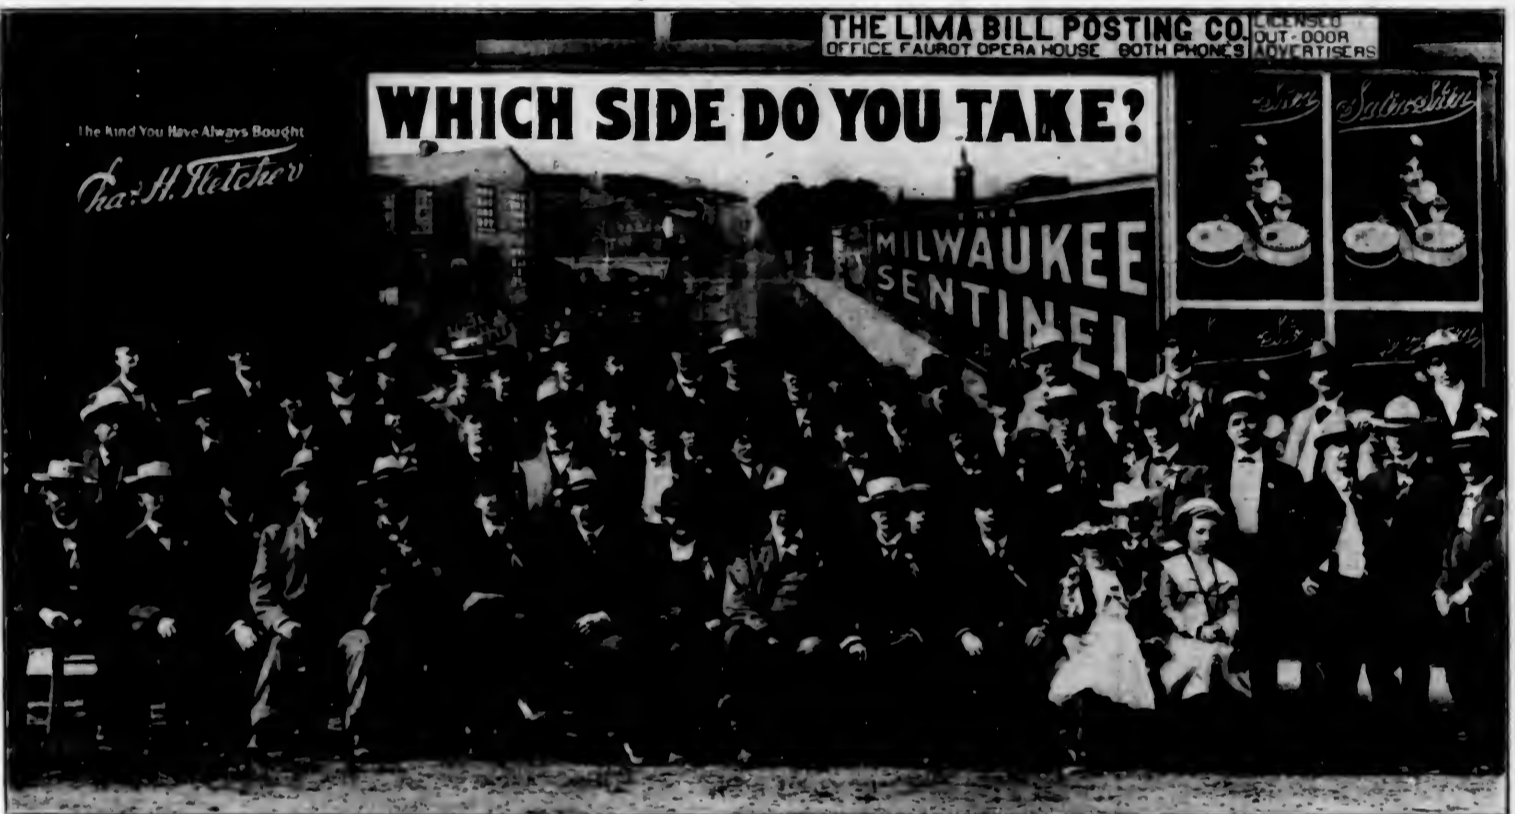

George Enos Thrope, official solicitor of Chicago, has demonstrated his ability to represent the Association in a most capable manner. He now has Harot, Malta-Vita, Kiro, Sunnbrook Rye and several other large contracts. Mr. Thrope has some very nice contracts in view which he will close this coming fall.

At the meeting of the Texas Billposters and Distributors' Association, June 23, the following officers were elected: L. C. Revare, Corsicana, president; J. O. Bell, Denton, vice-president; Will P. Shirley, Weatherford, secretary; J. E. Howard, Galveston, treasurer; Paul Gullis, Gainesville, A. A. Edwards, Waco, and H. Tribble, Yorkum, directors. There were fifty-eight members on the roll. A. A. Edwards and J. E. Howard were elected delegates to the National Convention. The next convention will be held at Galveston in June, 1904.

The solicitors are being congratulated upon the good progress they have made this year in their payment of all obligations to billposters. This is partially accounted for by the prompt remittance on the part of billposters of their list of locations and statements, which has materially aided the solicitors in quickly adjusting their affairs. Any omission on the part of the solicitors in this direction is due to the fact that some billposters have failed to send in their list of locations and bills, thus holding up the entire contract, delaying payment on the part of the advertiser to the solicitor.

An inspector of the World's Dispensary Medical Association recently rendered the following report of the work that had been done by the Chapman Company, Cincinnati: 75 16-sheets, Golden Medical Discovery posters; 75 16-sheets,

him and that he only wore it because he thought that gentleman should know the proper costume for the east.

Kramer, of Casarets fame, got off a good one. He said that the motto of his business career had been "they work while you sleep," and that he had come to Atlantic City to see if the billposters weren't anxious to work him while he was asleep.

The St. Louis Convention boomers got a bad name through the "hot air" club springing a joke that the convention would go to Denver. Needless checks flashed through the air and in race the supply of ink nearly ran out from the signing of checks. None were cashed however except at the bar.

Mr. Bryan read an article from a Cleveland paper in reference to the exclusive Distributors' convention being held in that city. These people claimed that billposters were trying to raise the price for distribution and to do this were trying to force all people who did distributing to take out licenses.

Among the ladies present at the convention were Mrs. George Cheshire, Mrs. Ed. A. Stahlbrodt and daughter, Mrs. W. J. Burton, Mrs. G. P. Fairchild, Mrs. George Castner, Mrs. H. C. Pentz, Miss Irene Lauterka, Mrs. J. Herbert, Mrs. H. B. Lydecker, Mrs. M. J. Dwoley, Mrs. H. F. Stahlbrodt and daughter, and Mrs. Joan Chapman, daughter and son.

A good story was told by Harry Kramer on Bob Campbell. He said that Campbell asked for an increase of rates and Kramer wanted to know why. Campbell said: "Because I have torn down all my boards and now use nothing but steel." "But why should I pay five cents a sheet more on account of that," asked Kramer. "Isn't it worth five cents a sheet to have your advertising backed by the United States Steel Corporation?" asked Campbell. Kramer refused to answer.

Barney Link gave a banquet on Wednesday evening after his election and installation. It was a very enjoyable affair. Quite a lot of latent talent was developed during the evening. Ware, the delegate from Canada, did a lot of clever card tricks. Mrs. Milvianil danced, Mrs. Hreslar and Mr. Curran did some dancing and a number of others showed that they could amuse and entertain. Quite a num-

The Billboard has a larger circulation among billposters than all other papers combined.

William M. Donaldson is enroute to England to attend the British Billposter's convention.

The Billboard meets a billposter's requirements better and more adequately than any other paper in the world.

Surf bathing was very popular among the delegates to the billposter's convention at Atlantic City last week.

Guido and Gunning attended the convention merely as spectators. The fact that they attended however is significant.

The billposters at Vincennes, Ind., have built 1,500 additional boards for the satisfaction of the two circuses now billing that city.

D. L. Mealy of Promontory Point, Utah, writes that he proposes to embark in the billposting business in South Eastern Missouri shortly.

The tips, hints and suggestions in anyone number of The Billboard are worth the price of a year's subscription, to say nothing of its news.

Alex Clark of the New York Billposting Company just happened to be spending a few days at Atlantic City, last week. It was purely a coincidence.

Atlantic City is not well located and has a world of distracting influences for the delegates to fight against but for all that she will always be an ideal convention city.

"Cock Robin" is not just quite the good joke it appeared to be at first. The Billboard knows of two people who are not laughing just as heartily as they did at the beginning.

J. H. Elser, billposter at DeLancey, O., has 1,200 feet of running boards in that city, besides 20 3-sheet boards and 11 8-sheet boards. He also posts twenty of the surrounding towns.

The Billboard prints all the billposting news, all the association news and all the show news as well. It has them all beat. You can run a billposting plant without The Billboard all right, but what is the use? It does not pay.

The Charleston Billposting plant at Charleston, Mo., have posted the following paper: 130 sheets Cremo Cigars, 120 sheets Rialto Cigar, 130 sheets Nebraska Indian Baseball and 30 sheets for the State Fair at Sedalia, Mo.

John F. Otting of Newport, Ky., has posters on his boards of eight different candidates who

Clarence E. Runey of Cincinnati last week sued M. L. Levyne, widely known to readers of The Billboard, for \$10,000, for writing and circulating a jingle said to be a parody on Cock Robin. Runey alleges therein that he was termed a "dead one" and in various ways held up to ridicule. Hennegan & Co. were made parties to the suit, as it is alleged that they printed the libel.

The Utterbeck Advertising Service of Paducah, Ky., reports having posted the following paper: Mennen's Talcum Powder, 200 sheets, Old Virginia Cigaretts, 1,000 sheets; Cremo Cigars, 1,000 sheets; Bull Durham Smoking Tobacco, 1,200 sheets; E. S. Bonnie & Co., of Louisville, Ky. Times. They have also distributed about 20,000 pieces.

J. E. Williams, formerly of Rockford, Ill., and now in the employ of John McVoy & Co., iron merchants of Chicago, sold three car loads of special 28-28-120 iron to the Cincinnati Gunning System and two car loads of the same metal to the John Chapman Co. This was outside of his commercial sales which were exceedingly successful and very gratifying.

The "Morning Eagle" of Bryan, Texas, printed the following July 17: "John R. Mike has recently added ten new billboards to his billposting plant. He now has thirty-two good boards, well distributed about the city, with 2,000 feet of space well covered with railroad advertising, breakfast foods, cigars, etc. He does a big business along this line and keeps his boards in splendid repair."

Will J. Perry writes as follows from Newman, Ga.: "Business has been good with me for some time and more contracts for fall. Here on my boards: Duke's Mixture, Old Va. Cigaretts, Cremo, Lisco, Herald Shoes, Tybee Beach, Mennen's. Distributing good. Weather has been very good. Crops growing very fast. Peaches and melons are ripening and will soon begin shipping in car and train loads."

The report that recently gained considerable circulation and wide credence to the effect that the City Billposting Co. of Guthrie, Okla., had sold out their plant to Joe Severna was erroneous and without foundation. The City Billposting Co., of which A. E. Bentley is president and manager and H. Falkner secretary and treasurer, still continues to control the boards at Guthrie and vicinity.

CONVENTION

Of Exclusive Distributors Well Attended in Cleveland, Ohio.

The first annual convention of The Exclusive Distributors was held in the parlors of the Forest City House, Cleveland, O., July 14 and 15.

The convention was called to order at 10 A. M., the 14th, by President McManama, of Pittsburg, Pa., and 46 members answered the roll call. Much business of interest to distributors was attended to, among which was the license question, a committee being appointed to add the Exclusive Distributors throughout the country in protecting their own business as well as that of the advertisers from excessive high license.

The report of Secretary Steimbrenner shows the Association to be in a very flourishing condition, both in membership and finances, over five hundred new towns having been added since the organization of the Association in Columbus, Ohio, October 15, 1902.

The following officers were elected for the ensuing year:

President, J. F. McManama, Pittsburg, Pa.; 1st Vice-President, C. E. Shirelmer, Lancaster, Pa.; 2d Vice-President, George Altman, Columbus, O.; Secretary and Treasurer, W. H. Steimbrenner, Cincinnati, O.; Directors, Edward B. Bridger, Atlanta, Ga.; Samuel Sloman, Dayton, O.; J. W. Knarr, Buffalo, N. Y.

After the newly elected officers had been installed by Will A. Milton, the convention was addressed by Mr. H. E. Williams, president of the Atlantic Mitchell Company, Cleveland, Ohio. Mr. Perkins of the Vetter Medicine Company, Cleveland, and Mr. Durrell of the Oxola Chemical Company, Providence, R. I.

The convention adjourned 15th. A vote will be taken early in 1904 as to where the next convention will be held.

Mr. H. E. Williams, Mr. Perkins and Will A. Bolton entertained the members of the association while in Cleveland, and all departed after extending a hearty vote of thanks for the very pleasant time shown them.

DISTRIBUTORS' NOTES.

Several billposters there are, who are willing to admit that it was a mistake for the billposters ever to tangle up with distributing. The Homer Advertising Co., of Martinsburg, W. Va., is doing excellent business. They are now distributing samples of Fels-Naphtha soap and have a large contract on hand for tacking May Queen signs.

COMMERCIAL ADVERTISERS

AN ADVERTISING TALK.

By a Man Who Knows, Henry Heineman, Advertising Manager of Fleischmann and Company, Cincinnati.

In advertising an evolution has taken place which is as pronounced as that of other phases of commerce. Ideas of only a decade ago have been discarded as obsolete, and methods that were once endorsed are now only viewed as interesting antiquities. The marked characteristics of good advertising of today, and in which essential it is materially different from that of the past, is that an immediate effect is always contemplated. With the limited supply of advertising media in the past and the expense of the advertiser, the purpose in view was to create a demand by a pompous display of rhetoric. In course of time, however, a rapid change has taken place; advertising methods have multiplied, more extensive media have opened, and the public, emancipated from the condition of a docile listener, has risen to the position of judge, in which it unsparringly exercises the privilege of criticism, censorship and condemnation.

I am frequently asked what is the best advertising medium, and I invariably give the stereotyped reply, "The one through which you are able to sell the most goods," but when questioned as frequently occurs, in which style of advertising the greatest progress has been made within recent years, I have also only one response: "In outdoor display." This method of publicity has evolved from its former primitive condition to the extent that it has created its own field for advertising operations and its new fields surpass the fondest anticipation of the optimist and the widest dreams of the imaginative.

This ascendancy, however, was not achieved without violent opposition, especially on the part of the newspapers, which with much curtness, as a member of the staff of the Cincinnati Commercial Tribune, I condemned outdoor display advertising as being inferior when compared with that in the papers, and still I was only echoing the sentiment that universally prevailed among the fraternity a few years ago. Although this opinion will appear erroneous to the modern, progressive advertiser, nevertheless it was upheld with pertinacity, only yielding to the enormous growth and increase of commercial activities and the advancement of new ideas.

This metamorphosis of outdoor advertising has, however, not been to the detriment of newspaper and magazine publicity. To the contrary, it has become a measure of their greatest assistance. Formerly the columns of papers were filled with all kinds of advertising, much was published in this manner that could have been profitably announced by other and more effective means. In advertising, as in almost everything else, special mediums and methods are sought and therefore the conditions vary in almost every instance. The magazine and newspaper today occupy a larger field than ever before and more successfully, and although jealous of any encroachments their provinces are too distinct to be invaded by other methods. Each executing its special work, magazine, newspaper and outdoor display can exist without infringing upon one another, aiding and substituting, and forming a whole which is defined as scientific propaganda.

The greatest advantage offered by outdoor display advertising is the instantaneous effect that can be produced. As a large surface is at the disposal of the advertiser, elaboration and designing can be executed on the most extensive scale. When permanency of display is wished, by the use of proper materials, the best results can be achieved, and there is constantly before the eyes of the public the name of some brand of goods, whose virtues are eloquently proclaimed in word and picture.

The billboard is deservedly favored as a medium of outdoor advertising. It is admirably adapted for lithographic production and for the highest art achievements. Poster work, to be most effective should be clear in expression, concise in wording and should not be too ornamental in design. It is my experience that long contracts for display are much to be preferred. These should range from six to twelve months. Also great liberality in the showing is to be recommended. Stinginess in this direction invariably entails pecuniary loss. If the appropriation for posting be limited, then advertise by sections, but a thin inadequate display over a large territory is to be condemned under all circumstances.

Bulletin boards to be most effective should be isolated and not bunched. The design, as in the case of a trade-mark, should always remain the same. The sign, by some peculiar attribute

should force itself upon the attention of the public. When such is the case it has in a measure hunted the consumer, and not waited until it was hunted by him.

As the public's memory is flimsy and short-lived, the advertiser should aim to realize the adage, that a drop of water constantly falling on the same spot will eventually excavate the hardest stone.

I am a firm and enthusiastic supporter of wall-painting. An important point, however, is a careful selection of locations. Long showing is very essential and the prominence of the display is another valuable feature. To achieve the best results in the matter of losses the amount of rent should be a secondary consideration. In this kind of display only the best materials should be used, and the surface should be repainted every year. We at present employ on the road five crews of painters who are exclusively engaged in wall-work, painting our specialties—Fleischmann & Co's. Congress Hall Maryland Eye, Fleischmann & Co's. Pilgrim Gin and Fleischmann & Co's. Queen Mary Scotch Whiskey.

I have also utilized the galvanized steel signs with good results. But as after all, the merit of the pudding lies in the eating, the statement that a large increase in the consumption of our goods we can

Above we publish an excellent portrait of Charles W. Stutesman, city billposter and distributor at Peru, Ind. Mr. Stutesman was born in Miami County, Ind., April 10, 1861, and lived on a farm until the fall of 1882, when he accepted a position as fireman on the Pennsylvania R. R. Towards the close of 1884, he moved to Peru, Ind., where he started on his career as a billposter and distributor in opposition to the plant in that city, which had been in existence for over ten years. By giving his personal care and attention to all work, he soon won the confidence of his patrons and succeeded in building up a lucrative business. In the spring of 1901 he secured control of his competitors plant and he now possesses all the boards in Peru and suburbs. He has 2,000 running feet of billboards.

He became a member of the Indiana Association in 1897 and has never missed a meeting. His energy and ability soon put him at the fore in this organization and was elected to the presidency in 1901 and he still occupies the chair. Mr. Stutesman has been a regular subscriber of "The Billboard" since 1885.

directly trace to outdoor advertising, is a convincing evidence that this medium of publicity is deserving of the widest recognition and adoption, and that its development marks a new and more advanced epoch in the interesting history of advertising. HENRY HEINEMAN.

COMMERCIAL ADVERTISERS.

It is said that Clarence E. Roney has sued the Sagine Co., of Columbus, O.

This advice to new advertisers is truly excellent, viz.: "When in doubt, try posters." The poster is the cheapest as it is the quickest way to popularize a brand or trade-mark and create a demand therefor.

If you would be pungent, be brief; for it is with words as with unbecoming—the more they are condensed the deeper they burn.

House-to-house work with samples is always good advertising. It possesses all the simple and direct force that is found in exhibiting, demonstrating and regular distributing.

Raleigh Rye Distilling Co., of Cincinnati, have renewed their contract with Clarence E. Roney, with instructions to make no contract for displays of less than three or six months. They say that results have taught them to keep posters before the public eye for at least ninety days or longer.

L. Newberger & Bros., of Cincinnati, manufacturers of Judge Taft Cigars have placed an order with the lithographers for a fifth edition of 5,000-8 sheets in four colors and 2,000-2 sheets. This will make 25,000-8 sheets and 40,000-2 sheets which Clarence E. Roney has placed for the above firm in two years.

Walter J. Friedlander, proprietor of the Day & Night Tobacco Co., was recently thrown from his horse and suffered painful injuries. He is confined to his bed. Mr. Friedlander's appropriation for outdoor advertising for the month of June, July and August exceeds \$24,000, which is being placed through the Roney Agency.

Ferdinand Westheimer & Sons, of Cincinnati, manufacturers of Red Top Rye, have placed an order for 5,000 8-sheets in four colors, representing two beautiful ladies spinning on a top. Mr. Clarence E. Roney has the contract for the posting. Mr. Westheimer is at present in Europe and will return from his extensive tour September 15.

"That's the last time I'll ever pass through the market," said the low comedian.

"Did the cabbage get a-head of you?" asked the heavy villain.

"No," replied the l. c., "but the blissing of the geese was something fierce."—Cincinnati Enquirer.

The Erie Lithography and Printing Company has secured plans for a new power house and store room to be erected in the rear of the present plant, on Fourth street, between State and Teach. The structure will be 20x60 feet and two stories in height. The estimated cost is \$10,000. The work will begin at once.

Hennegan & Co., the well-known poster printing house of Cincinnati, were last week made defendants in a suit for \$10,000 damages, instituted by Clarence E. Roney who in his petition alleges that they printed and helped to circulate a poem written by Maurice L. Lyvne, a salesman in their employ. Said poem was a parody on the rhyme "Cock and Hen." Mr. Roney through his counsel contends that the parody was directed against him, that he was held up to ridicule therein, and caused much mental distress thereby. He furthermore alleges malice in the circulation of the rhyme and declares that his business has been damaged in the sum of \$10,000, for which he prays judgment.

The Wisconsin State Fair is to be held at Milwaukee, September 7-11, in being widely advertised. A new dairy building is being erected at a cost of \$3,450, and will be completed by August 29.

It is claimed by some people that the old agricultural fair has ceased to be profitable or popular. This is a mistake for the organizers of these annual events of long standing have far outstripped the receipts.

Street Fairs & Carnivals

CINCINNATI FALL FESTIVAL ASSOCIATION.

The attraction committee of the Cincinnati Fall Festival Association, of which R. R. Reynolds is chairman, have made arrangements to place seven shows and have appropriated \$40,000 for this purpose.

STREET FAIR NOTES.

Levitt had a smashing big week at Johnson. The Southern Carnival Company "laid off" at Portland, Oregon, week of July 6. The Columbian Athletic Club of Warren, Pa., netted \$2,000 on its recent carnival.

Joe Waddell has just closed Ashtabula for the Hatch-Adams Carnival Co. for week of August 10. One of the Zenos, with the Hall Carnival Co. met with a serious accident on July 4, breaking his arm.

Mr. Harry Tieke, assistant contracting agent of Palm's Last Days of Pompeii, who was reported as drowned in the West, is said to be in Cincinnati. "Jimmie" Bruns, the popular comedian with Capt. Ament's show, was married recently to Miss Evelyn Watson, the youngest of the noted Watson Sisters.

Mr. Joe Huston, general manager of the Floto Circus, will furnish all amusements for the Dallas (Tex.) State Fair, opening the latter part of September and lasting sixteen days. "Jim" Christie, last season treasurer and assistant manager of the Boston-Ferari Carnival Company, joined the General Amusement Company at Scranton, Pa., as assistant to Mr. Arnold.

During the carnival at Marinette, Wis., the platform above the Ferris wheel at twenty persons were precipitated into the den containing a great number of snakes. No one was hurt. C. W. Parker's big factory at Abilene has doubled its forces and is running day and night to fill the orders for merry-go-rounds, shooting galleries, wagon fronts and carnival paraphernalia.

Jackey Dolph of Columbus, Ind., has trained a white rat to do a high dive. It will climb to the top of a thirty foot ladder and at a given signal will leap into a net. It is an exciting curiosity. The Palace Amusement Company, now in Elyria, Ohio, are receiving some very nice press notices as to the pleasant and harmless amusements which C. Smith, manager of the company, gives the public.

Managers and committeemen desirous of securing a feature attraction should communicate with George LaRose, owner of the celebrated Electric Fountain. He can be addressed in care of "The Billboard." Capt. Ament's Penny Arcade is doing nicely with the Robinson Carnival Co. The Arcade is managed by Ed. May and "Shorty" Morris.

James Burns, Eveline Watson, Will Bertram, Roy Hilliard, Alice Hamilton, Frank Smith and Whilly, the Alhino. The parade of the first day of the McKeesport (Pa.) Carnival was pulled off between showers. The parade was to be headed by the mayor, but shortly after the word for the monster procession was given to move the automobile in which the mayor was to travel blew up. There will be two public weddings performed at the carnival, one taking place in a boy's den.

Following is a list of the shows with the Royal Carnival Company: Bodman's Dog and Monkey Circus, Kelley's Old Plantation, Palace of Mystery, Pashaw's Monster Den of Reptiles, Electrical Palace, Cramer & Reinhold's Lunette, Conklin's Big Vaudeville, Tipp's Ice Dome, Tensdale Glass Blowers. Among the many free attractions is P. E. Kelly, wonderful backward leap from his high ladder. They also carry a steam riding gallery and a Ferris wheel.

Notes from the Dixie Carnival Company: We closed at Marinette, Wis., with big business. Two of the Potter & Rice shows were with us and we separated, they going to Ashland and we to Madison, Wis., where we showed under the auspices of the Forty Thousand Club. From there we went to Stephens and then to Oshkosh, Wis., where business was excellent. We have a fine list of shows with no dancing girls. Thompson's Electric Theatre is a big money getter. Dana Thompson's high dive pleases everyone.

Notes from Ferari Brothers' Carnival Company: The withdrawal of Messrs. Potter & Rice from our aggregation has in no way affected us. Mr. Potter took with him The Statue Turning a Life, but we have many applications for the same. Business has, and some of them are good boys. Business has been excellent, as we will tolerate any grafters. The animal show, ghost show and other attractions have received the hearty endorsement of the people wherever we have been. The report which was published recently in "The Billboard" that Messrs. Sam Hailer, Dan S. Fishell and F. A. Warrell had left is erroneous, as these lights are still bustling for our company.

Kearney P. Sneydy, the well-known high diver, with Ferari Brothers' Carnival Company, in a recent attempt to loop the loop, was very seriously injured at Duluth, Minn. Kearney secured permission from Col. Ferari to make the attempt and the event was scheduled for 11 A. M. At that hour a small crowd of spectators gathered and watched Kearney prepared for the feat. The wheel had almost reached the downward slope of the loop when he lost control of it. He shot into space and fell to the ground, landing on his head, and it was thought that he was killed instantaneously. A subsequent examination showed that he was still living and he was taken to St. Mary's Hospital at Duluth. He is in a precarious condition.

Notes from the C. W. Parker Amusement Company:—After being under water for seven days C. W. Parker's special train of 23 cars made its initial run from Abilene, Kan., to St. Joseph, Mo., where the season of 1903 was officially opened under the auspices of the United Trades and Labor Council. Ideal carnival weather prevailed and the general "strong box" was generously initiated. The free attractions are: Ridgley's High Dive, The Monster Sky Circle, Arlon, the only dirigible air ship carried by a carnival company in America; Victoria Electric Fountain; Electric Theatricals; and Ammarillo on the swinging wire. The paid attractions are: Parker's Captive Balloon, famous \$15,000 "Carry-Us-All" Miniature Railroad, Ferris Wheel, Mechanical Shooting Galleries, Matoscopes, etc. The paid shows comprise the following: All sold out. All controlled by Mr. C. W. Parker; \$10,000 Laughing Gallery; Scene and Electrical, A Day in the Alps; The Great Scenarium, first time in America; The Coliseum featuring Demona, claimed to be the only lady in the world looping the loop in a rolling globe; Electric Theatre; Old Plantation; Autooleo's Colliery Midgets; Lot's Wife. The company carries two electric light and power plants, electricians, carpenters, blacksmiths and scenic artists. The wagon are drawn from the lot to the train by tractor engines. The executive staff is as follows: C. W. Parker, owner and general director; Col. Kennedy, business manager and suit privileges; J. Harry Edwards, general agent; Geo. Eisenberger, midway manager; Harry R. Raver, amusement director; Geo. Mooney, supt. flower parade; E. H. Todd, chief promoter; E. S. McCormick, treas.; R. M. Cramer, secy.; H. R. Raver, press representative.

Notes from the Gaskill-Mundy-Levitt Carnival Co.: We opened in Johnson, Pa., in the many people thronged the midway during the setting up of the shows on Sunday. Monday night was the opening, an admission of 10 cents being charged to the grounds. There were rumors afloat to the effect that the citizens were sore that an admission to the grounds would be charged, and there was talk of tearing down the big fence around the grounds. The grounds were a gift to the city to be used as a playground for the children and the citizens held a mass meeting Saturday night before our arrival and voted to keep the grounds open for the children at all hazards, so when the crowd began to collect trouble was feared. About ten thousand congregated on the outside of the fence and demanded that the gates be thrown open or they would pull down the fence. The militia and a force of policemen were stationed about the grounds to protect our interests. Mr. Levitt called a hasty meeting of the board of directors of the fair and it was voted to give free admission, but the angry crowd had already started on the fence and in less than twenty minutes not a board was left standing. They then made a rush inside and since then the Midway has been a wonder, people coming in great numbers. The annual shows' receipts for one night were over \$900. A Trip to Melodia by the Willards was completely destroyed, the seating arena blown down and terrible damage done. The Old Plantation was felled to the ground and the tent torn to shreds, as well as the German Village, not enough being left to make overalls for the unfortunates. Next to suffer the most was Willards Trip to Melodia. Only the coziness of Mr. Myers, the boss canvasman, saved the Melodia. The Blake Dog and Boy Circus came in line next and was badly damaged. A monkey was killed and a number of cages broken. The Crystal Maze of Mr. Levitt was damaged to the extent of hundreds of dollars. During the worst of the storm, the twin babies of our beloved manager, Mr. Victor D. Levitt, were dying, and while we all feel our personal losses keenly our sympathy for Mr. Levitt knows no bounds.

Stereopticon Men Wanted

In all parts of the United States, to canvass for subscriptions to THE NEW EMPIRE MONTHLY, (25 cents per year; will be 50 cents after August 15. Sample sent if you mention The Billboard.) We provide you, free with six fine slides of pictures of the great Kansas City Flood, (or a full set of Kansas City Flood Slides), hand-bills, sample copies of the Special Flood Number, containing 62 fine flood views, and other advertising matter. We pay very liberal commissions to men giving good references. One man has made \$28.30 in two days, canvassing. This is an excellent proposition for county fairs, chautauques and conventions, showing your slides at night and canvassing in the day time. Our great cattle number and Mexican number now in preparation. Will also be very attractive to country people. Address with reference and route desired.

FOOD SHOWS.

ASBURY PARK, N. J.—Food Show, July 29-Aug. 12, 1903.
COLUMBUS, IND.—Crimp's Theatre (R. F. Gottschalk, Mgr.) Mr. Ranjer, who has been painting and frescoing the interior of the theatre, has left for his home in Indianapolis. Mr. Walter Doup, the stage manager, will make a complete change on the stage, taking out some of the slides and putting in drops.

NOTES.

The Young Men's Club is thinking of giving a dog and pony show in the near future. Mr. W. J. Hall, of Hall & Long's Circus, has submitted a proposition to the club and it will, in all probability, be accepted. The Columbus Fair & Carnival Association has purchased a pony, which will be given to the most popular girl or boy in the city under twelve years of age, which is to be decided by a vote to be taken soon. ALBERT M. KELLER. DALLAS, TEX.—Cycle Park Theatre (W. C. McAdams, Mgr.) The Ewing-Taylor Combination is playing to big business. It is the best repertoire company that has ever appeared before a Dallas audience. They are putting on high class plays and drawing the largest crowds of any company that has ever played at Cycle Park. Mr. Allen Taylor is very clever as is also his support. The Three Phelps, specialty artists, are great. SOL KAUFMAN.

CINCINNATI.

Record Attendance at the Lagoon. Faust received by Chester Park Opera Company. A spectacular and amazing fire; Coney's unexpected and unwinded offering.

Lagoon (J. J. Weaver, Mgr.) The management of this resort has cause for self-congratulation, as the crowds which are now attending the park are way ahead of anything they have ever experienced. Dispite the excellent facilities for handling large crowds it was almost a mooted question to whether or not there was room for a few more. Prof. Whitaker's 400 foot slide or a cable proved quite startling and sensational. Previous to the descent the professor's clothing was soaked in gasoline and as he swung in midair a torch was touched to his garments, showing a flame enveloped form speeding through the air. Many people claimed that a dummy was substituted to make the perilous trip. The vaudeville artists were delayed by a railway accident, necessitating the postponement of the afternoon performance. In the evening a large crowd witnessed the vaudeville acts, consisting of the following:—Con & Conrad, in a novelty act were the real thing; Grason Sisters were appreciated; May Nieldbare proved very popular. Powers, monologist, arrived too late for the evening performance.

Chester Park (I. M. Martin, Mgr.) The opera company drew the usual Sunday night crowd to an acceptable performance of Gounod's Faust. Miss Lichter as Marguerite, Miss Holmes as Shantel was wonderful, his trumpet were warmly applauded. Next, Lohengrin. In the Lakeside Pavilion many clever acts were presented. Last week, The Great Sidonia presented one of the cleverest acts ever staged at this resort and the best act on that week's program. His character changes are wonderful, his tramp act alone calling for more versatility than the general run of performers possess. He was easily the hit of the evening. This week's bill as follows:—Four Rianos in a good acrobatic act; Moreland and Fagan gave a clever rendition of some characteristic songs; Jack Reid and Ella Gilbert in a few lullabies. Dan Rehak was well appreciated. Dan Rehak was a real expert on the bicycle. Coney Island (W. E. Clark, Amusement Mgr.) The immense attendance at this resort witnessed an excellent vaudeville bill including the Great Gay, handoff expert; Herbert & Nolan were hit and were replaced by the Mills Sisters, Stebbins and Cheney, equilibrista and the Musical Casada in a very good act complete the bill. Queen City Beach.—An excellent day for bathers resulted in big profit for the management. The beach was crowded from morning until night. Zoological Gardens (Sol Stevens, Mgr.) Froehlich's Band gave a well appreciated concert and those who delight in "rapping" musical entertainment were invited to take a "back seat." The grounds were crowded with sight-seers.

AMUSEMENT GOSSIP.

The International Alliance of Theatrical Stage Employes held its eleventh annual convention at Columbus, Ohio, last week. The labor difficulties of the past year was the most important question discussed. Headed Lamb failed to appear at Coney Island last week on account of illness. Henry Froehlich of the Cincinnati Orchestra at the Zoo has completed a new composition. It is yet unnamed.

Tommy Nelson, treasurer for the Majestic Theatre in Boston, was in the city last week renewing old acquaintances and while enroute to French Lick Springs, Ind. He began his theatrical career in this city. Nelson will be local manager of the Majestic at Boston next season. Selma Norman is shortly to become the wife of Albert Mack of Toledo. The intended marriage is said to be the result of a romance which began when the two children played together. A letter has been received by the Cincinnati Zoo from Hagenbeck, at Hamburg, Germany, saying that he has shipped to the garden two fine specimens of the European raven. The birds will arrive on the steamer Belgravia along with a number of small animals, including several monkeys.

L. Anderson of the Coney Island Company is slowly recovering from a painful siege of illness. The ring-tailed monkey which will make balloon ascensions next week at Coney is being practiced for a slide for life from a kite. The severity of the management at Coney was badly disturbed by a damaging fire which completely destroyed the bowling alleys, July 19. The heat from the flames was so intense that the back of the theatre was badly blistered and warped. Colonel Paxton claims that the fire was caused by a leaky gasoline stove which was used by the employes to cook their meals. The employes and other people present formed a bucket brigade which prevented a spread of the flames and the possible destruction of several other buildings. An engine was telephoned for but as the run was so long, they arrived too late for any good service. Many people were hurt or overcome by the heat. Heroic deeds were plentiful and the list of injured was big. Colonel Paxton estimates the loss at \$10,000. It is covered by a blanket insurance.

COLUMBUS, GA.—Wildwood Park Casino, (Springer & Peterson, Managers.) The Middleton Stock Co. is in its fourth week at this resort and continues to do a very good business. Independence Day brought people by the thousands. Court House Park. The Fourth of July exercises were held at this park and the crowd was estimated at about five thousand. The Columbus Military Band furnished the music. The park is in the very center of the city and is accessible to everybody.

NOTES.

The conductors and motormen of the Columbus Railroad Co. declared a strike July 7, and at this writing there are very few cars running. It was a week business at Wildwood Park, if it continues.

CLARE J. E. GRAY.

TOLEDO, O.—The Casino opened Sunday with second week of opera, presenting The Chimes of Normandy. The company does not seem to work together and therefore the performances were very unsatisfactory. The Farm presents many clever acts, the headliners being Howard & Lindsey. Others on the bill are Jessie Hall and James Korman, Carlton & Torre and several other popular artists. Bellevue Park.—The Musical Kleistis are there and other good acts.

Next season, Hurlig & Seaman will again run vaudeville at their Toledo house, the Empire.

Mr. Frank Rurt is improving his Lyceum Theatre and when repairs are completed Mr. Rurt expects to have one of the finest houses in the city.

The Fatal Wedding was the bill, and on 26 and 27 Nick Carter, the Detective. Business, weather and performance good. Hereafter there will be no Sunday night performances at the Casino Theatre.

NOTES.

James E. English, manager of the Casino and Kentucky theatres, is enjoying a two weeks' sojourn at West Baden.

The Paducah Chapter United Daughters of the Confederacy are making preparations for the production of Faust, July 5. Miss Lillian Lancaster (Flora Ann Clark) of this city and James A. Young of New York will fill the leading roles, the balance being taken by local amateurs.

MEMPHIS, TENN.—Lyceum Theatre. The crowned success of the summer opera adds more compliments to the efficient manager, Ed H. Thayer, to whose energy and interest the people of Memphis are much indebted. This week's bill is H. Trovatore and it is very creditably produced. Mrs. Marie Greenwood Emberson made a very pronounced hit in the leading role, as did Tom Greene and Henry Learty. The last half of the week will be given to Grand-Gloria. Miss Laura Millard will be prima donna and much is expected.

NOTES.

Springfield Sun, June 22, 1903. A favorite with the audience is Reklaw. As a comedy tramp he does a stunt on the unicycle and also on the bicycle, which is quite funny and it must make the property man work pretty hard to keep him supplied with whisk brooms. He is one of the best tramp comedians in his peculiar line of work ever seen in this city. His make-up alone is enough to create a laugh, let alone what he does. Cincinnati Enquirer, July 20, 1903: "Dan Reklaw, the trick cyclist is the best seen at Chester Park this season." Cincinnati Commercial Tribune, July 20, 1903: "Dan Reklaw is the best trick cyclist seen at Chester Park this season."
