Forces of Wrangel Have Joined Armies of Ukrainian Chief

Junction Effected With General Makno's Troops at Sinehnikova in Kharkov Region; Bolshevik Conscripts Surrendering in Large Numbers.

Constantinople, Oct. 5.—(Associated Press)—Forces commanded by General Baron Wrangel, head of the anti-Bolshevik Government of South Russia, have joined the armies led by General Makno, the Ukrainian chief, which have been operating against the Soviet troops in the region of Kharkov.

Barefooted conscripts of the Bolshevik army continue to surrender in large numbers without resistance, but the Bolshevik regulars and student regiments continue their retreat.

Offers Submission. Harbin, Manchuria, Oct. 5.—(Associated Press)—General Lohkivtzin, in command of the former Koi-chak troops which were led by General Kappell, commander-in-chief of the western armies of the old Omak Government at the time of his capture, reported to have telegraphed General Wrangel offering his submission to the Wrangel Government.

General Semenov, the anti-Bolshevik Cossack leader in Siberia, has also offered his aid to General Wrangel. General Semenov's chief lieutenant, General Ungern-Sternberg, is reported to be starting his troops from auring, hoping to compel the Russian soviet to divert troops from the Polish front.

CLAIM \$56,963

FOR MUNN LAND

Claims of Munn Interests Make Certain Arbitration on Bridge Land Question

Claim for \$56,963 for the property required by the city for the construction of the new Johnson Street Bridge, has been filed at the City Hall by Mrs. Munn's interests in accordance with regulations governing the arbitration proceedings which the civic authorities have started.

The Munn interests claim \$46,800 for the land, \$5,970 for interest from September, 1916, when the previous arbitration award was made, and \$1,133.10 for taxes which the claimants have paid during the same period.

In a letter to the civic authorities, Elliott, Maclean & Shandley, solicitors for the Munn interests, state: "We have been instructed by our client, Mrs. K. S. Munn, to say that a verbal arrangement was made on her behalf with the late Premier Brewster, shortly after he took office, that pending a settlement of the agreement referred to in a notice of her claim filed on you, she should endeavor to rent the property and pay the taxes, and when a final settlement was entered into, an account be made up showing the amounts received for rents and paid for taxes, which account would be taken into consideration on final settlement of the agreement."

"Our client's husband, Mr. H. A. Munn, also made a similar arrangement with the present Premier, Hon. John Oliver," continues the letter enclosed with which is a copy of a letter from the Premier to Mr. Munn, confirming a conversation on the subject. "Therefore, when action for compensation and damages comes for trial our client will bring in to account the amounts received for rents since the date of agreement."

Decision in Nature of Challenge, Says Labor President

Ottawa, Oct. 5.—Something in the nature of a challenge, is how Mr. Tom Moore, president of the Trades and Labor Congress, who has returned from India, where he was referred to the decision of the Congress to hold the next convention in Winnipeg.

Our decision to go to Winnipeg is something in the nature of a challenge to our friends, the enemy. They who have opposed the international trade union movement have said that we are afraid to go to the Manitoba city, but we shall be glad to go west and so give the workers an opportunity to see at first hand what our policies and practices are.

BANDITS ROBBED MUTE.

London, Ont., Oct. 5.—While passing a dark spot on Wyatt Street at an early hour yesterday morning, George Morse, aged 62, deaf and dumb, was held up by two men and robbed of \$25.

PRAIRIE INFLUX WILL AGGRAVATE LABOR SITUATION

Report to Minister Indicates Present State of Employment

Victoria Unemployed Show Unwillingness to Leave the City

The report of the Employment Bureau for September, presented to Hon. J. W. de B. Farris, Minister of Labor, states that during the Fall and Winter months there is usually a large influx of men into British Columbia from the Prairie Provinces, on the look-out for work.

The effect of this is to lower the prospect of winter employment here. So far as can be seen at present, there is every reason to expect that the conditions prevailing in former years will be repeated. Some prominence has lately been given to various works projected in Coast cities, by which a certain number of unemployed would be absorbed, but it is well to point out that, even if the whole of such projects mature in the near future, the work provided would scarcely more than meet the needs of the men normally unemployed during that period.

Decline in Placements. The report shows a decline in the number of placements made in the Province for that period as compared with the four complete weeks in the month of August. This was to be expected, for not only was the former month a period of unusual activity within the Province, but it also witnessed the sending out to the Prairies of about 1,400 men, nearly all for harvesting work. In September there was a return to normal figures, the weekly average of 1,441 placements for the month being about the same as for the same month of the first nine months of the present year. The number of men forwarded to points outside the Province dropped to 479 for the month of September.

The industries in the Province where a notable demand for men exists and has, existed for some time past, are logging, lumbering, mining, railway and road construction. Among those who have taken part in making plans for the meeting is Marquis Tokugawa, a prominent member of the Japanese Red Cross Society. It has been decided to bring the presence of Masano Hanahara, Vice Foreign Minister, to make a detailed report on negotiations with the United States relative to California.

Tokio Meeting Called for October 11 to Discuss Question

Arrangements have been made by the Japanese committee of the Opposition party in California, for a general meeting to be held October 11 to discuss the anti-Japanese movement in California. Among those who have taken part in making plans for the meeting is Marquis Tokugawa, a prominent member of the Japanese Red Cross Society. It has been decided to bring the presence of Masano Hanahara, Vice Foreign Minister, to make a detailed report on negotiations with the United States relative to California.

Convention Building Burned at Tokio

Tokio, Oct. 5.—The building in which the World's Sunday School Convention here was to be held was burned just before the opening of the Convention to-day. The building was crowded with the delegates but all escaped.

Canadian Delegates. Toronto, Oct. 5.—According to information published to-day by Rev. H. C. Priest, secretary of the Canadian Forward Missionary Movement, Canada sent 56 delegates to the Convention. The building which was burned this morning was erected especially for the occasion at an estimated cost of 150,000 yen or \$75,000. Delegates from Australia and Great Britain also were in attendance.

Chief Flynn Believes Wrong Man Captured

New York, Oct. 5.—William J. Flynn, chief of the Bureau of Investigation of the Department of Justice, has expressed the belief that Florenz Zelenka, held in Pittsburgh, had no connection with the Wall Street explosion.

Anarchists Held in Italy Start Hunger Strike

Ancona, Italy, Oct. 5.—Sixty persons arrested during the anarchist riots here last June have started a hunger strike as a protest against delay in being brought to trial. Workers in this city, including printers, have proclaimed a general strike in support of the prisoners' claims.

Miners are Now Returning to Work at Premier Mine

Calgary, Oct. 5.—Official word received in Calgary Tuesday was to the effect that a number of miners have now returned to work at the Premier mine at Drumheller, one of the five mines that continued idle owing to the O. B. U. strike. The latter are the Hamilton, Star, Western Commercial and the Excelsior mines.

Senator Gideon Robertson, Minister of Labor, remarked that he was satisfied with the progress that was being made in Drumheller. He was of the opinion that all the men there would shortly be back at work again.

Advices received from the Crow's Nest Pass Tuesday state that all the mines there are working, none of the having yielded to the O. B. U. request to strike. This also applies to Lethbridge, including the Coalhurst mine of the North American Collieries, one of the greatest strongholds of the O. B. U.

MEALS AT CHICAGO HOTELS ARE CHEAPER

Chicago, Oct. 5.—(Canadian Press)—The Hotel Association of Chicago, composed of all the loop hotels have put into effect the revised menu. The price cut was brought about by a request from the City Council high cost of living committee last week to lower their prices to conform with wholesale prices. The price cut ranged all the way from 10 to 60 per cent.

JUDGMENT IS REFERRED BACK TO RAILWAY BOARD FOR RECONSIDERATION

Ottawa, Oct. 5.—(Canadian Press)—Judgment of the Board of Railway Commissioners is to be referred back to the Board for reconsideration along certain suggested lines. Principal among the suggestions to be considered is the discrepancy between the eastern and western rates to the disadvantage of the latter. The matter is before a special meeting of the Cabinet to-day.

CHINESE FREED IN TONG CASE

Judge Says It All Sounds Like Problem Play and Jury Acquits

The jury under Robert Jesse in Mr. Justice Morrison's Assize Court, after being out half an hour, decided shortly after noon to-day that they did not know who had attacked Wong Sing Que with hatchets and steel bars and almost killed him in a Chinese tong battle in Cumberland last March. The jury brought in a verdict of not guilty for Mah Hong Hing, Yee Toy and Chin Yoo Dong, charged with both assault to kill and assault to do bodily harm.

EMPIRE ORGANIZATION TO ASSIST VETERANS

Desire Expressed by Field Marshal Haig at Glasgow, Plans

London, Oct. 5.—(Canadian Associated Press)—Field Marshal Haig, speaking at Glasgow expressed the desire to see a great United Empire organization for helping ex-service officers and men, 200,000 of whom are out of work and their numbers are increasing. Field Marshal Haig mentioned that he would visit Capetown next Spring to assist in forming such an organization.

FRENCH REPATRIATES FROM SOVIET RUSSIA WELCOMED IN PARIS

Paris, Oct. 5.—French repatriates from Russia to the number of 229 arrived in Paris last evening and were officially welcomed home by representatives of the Government. A majority were women and children, many of whom had been in Russia for several years.

PRIZE HOG WAS ROYALLY HOUSED

Des Moines, Ia., Oct. 5.—In Iowa nothing is too good for the hog. Baby Hawkeye, Giant, an eight-month-old junior champion porker, weighing 350 pounds and valued at \$7,000, arrived at a prominent downtown hotel in an expensive automobile yesterday, walked into the hotel lobby on carpets spread especially for his visit, was registered for by W. J. Curmichael, secretary of the National Swine Show, posed for a picture and then sported his way haughtily into the elevator and rose to a tenth-floor, corner front room, where he spent the night.

Little Land Sold at City Tax Sale To-day

With practically no demand for property, the city's annual tax sale commenced at the City Hall this morning. When the morning session adjourned at noon 176 parcels of property had been offered for sale and only fifteen parcels had been purchased. The remaining 161 parcels reverted to the Corporation, whose enormous holdings of non-revenue-producing lands form one of the city's most serious problems.

NATIONS MAY DEMAND DAMAGES FROM MEXICO

Mexico City, Oct. 5.—Intimations that Great Britain, France and the United States have concluded a treaty against Mexico are contained in Washington dispatches to the State Office here. It is believed this treaty may possibly be connected with an agreement regarding the collection of damages amounting to \$20,000,000 resulting from revolutions here.

GERMAN MOTOR FIRM SEEKS ITALIAN EXPERTS

Turin, Oct. 5.—Representatives of a German automobile firm, the Daimler, which manufactures the Mercedes machine are here attempting to obtain men formerly employed at the Fiat Automobile Plant to work in Germany. They seek to take advantage of the present labor situation in Italy. It is understood that exports to go to Germany.

SUGGESTS PLAN TO AID WAR VETERANS; FIELD MARSHAL HAIG

London, Oct. 5.—(Canadian Associated Press)—Field Marshal Haig, speaking at Glasgow expressed the desire to see a great United Empire organization for helping ex-service officers and men, 200,000 of whom are out of work and their numbers are increasing. Field Marshal Haig mentioned that he would visit Capetown next Spring to assist in forming such an organization.

INLAND REVENUE RETURNS BOOSTED

Ottawa, Oct. 5.—(Canadian Press)—There was a net increase of \$7,218,367.99 in the Inland Revenue returns for the month of September, according to the statement for the month issued in the office of the Deputy Minister of the Department of Customs.

Rules Governing Cotton Charges to Canada Suspended

Washington, Oct. 5.—The Interstate Commerce Commission to-day suspended until February 2 proposed rules and regulations of railroads in the South requiring the prepayment of freight charges on cotton and cotton linters from points in the United States to points in Canada.

ARBITRATION PARTY IS DUE AT PRINCE RUPERT WEDNESDAY

Prince Rupert, Oct. 5.—The Grand Trunk arbitration party is due here Wednesday evening. On Thursday the members of the party will be the guests of the Canadian Club at luncheon, when ex-President Tait will deliver an address.

Sir William Meyer, First Appointee to Represent India, in Victoria Last Year

Sir William Stevenson Meyer, former financial secretary to the Government of India, was appointed first High Commissioner of India in the United Kingdom, as provided in the new Indian Reform Act, visited Victoria April 1919, and spent several days at the Empress Hotel.

High Commissioner HAS VISITED HERE

When Sir William came through from San Francisco, where he had landed from a long sea trip, he stayed off at Seattle, and proceeded here. He stated then that he intended to retire after a long and honored career in the Indian political service, and would not go back to India again.

WANT \$2,000,000 GOVERNMENT BONDS; WOULD PAY 100.73

The Seattle financial syndicate which recently purchased a \$1,000,000 issue of British Columbia Government Bonds at 100.73, has expressed to Hon. John Hart, Minister of Finance, a desire to purchase a further \$2,000,000 worth of these bonds at the same figure. In making this announcement this morning Mr. Hart stated that the matter would be given early attention by the Executive Council.

OPPOSE FUSION

The belief is expected here that the Jugo-Slavia and Czechoslovakia would oppose the fusion strongly as once more giving Germany a thrust eastward with the menace of extending the German frontiers so as to bring the former boundaries together. The whole fusion movement in both its aspects has been watched closely by the Allied representatives here. While they say much of the fusion movement is intended as a threat to enable Austria to obtain foreign credits and modification of the Treaty terms still they generally admit that the plebiscite held, will show a majority in favor of Germany.

Social Democrats of Austria Solid for German Union

Fusion Outstanding Plank in Present Election Campaign; Conservative Elements Fear Teutonic Domination; Powers Closely Watching Events.

Vienna, Oct. 5.—Union with Germany has been made the outstanding plank of the Social Democratic platform in the present election campaign. It is expected the Social Democrats will vote solidly for such union, as will the great German party, but the Christian Socialists, the Clericals and other Conservative elements are divided. In the Opposition to the Union, according to students of the political situation here, also will be found a majority of the capitalists and intellectuals, one fearing domination by German finance and the other Prussian influence on Austrian cultural ambition.

In political circles in Vienna it is admitted that the Tyrol and other Alpine provinces, where the greater part of the peasants are strongly Clerical and the Monarchist idea is deeply rooted, will take their cue from Bavaria and one effect of the plebiscite resolution is expected to be intensified agitation for fusion with Bavaria. The Vienna newspapers lately have charged openly that this plan is supported, if not inspired by France, with the assistance of Hungary. It even is currently reported in diplomatic circles here that the two countries recently effected a formal agreement by which the French would consent to military occupation of Austria by Hungary in the event of a fusion with Germany being attempted.

Oppose Fusion. The belief is expected here that the Jugo-Slavia and Czechoslovakia would oppose the fusion strongly as once more giving Germany a thrust eastward with the menace of extending the German frontiers so as to bring the former boundaries together. WRANGLER ACHIEVES FURTHER SUCCESSES

Many Prisoners and Guns Taken in Novoknovaska Region

Constantinople, Oct. 5.—The forces of General Wrangel have achieved further successes against the Russian Soviet forces in the region of Novoknovaska, where 5,000 prisoners were taken and ninety cannon, five locomotives and 100 wagons captured, says an official communication.

The communication adds that in the region of Fineljkovo 3,000 prisoners were taken, with many machine guns and cannon. The Bolshevik forces are described as being disorganized.

East of Niemen.
London, Oct. 5.—Fighting is proceeding in the regions of Novo Grodek and Nesvizh, east of the Niemen and Shtchana, according to Russian Soviet official statements received here yesterday by wireless.

"In the Pinsk region, fighting is in progress west and south of Luninets," the statement continues.

"We are conducting an advance along the Korosten railway. The enemy's attacks on Starokostantynov have been repulsed."

Riga Conference.
Riga, Oct. 5.—The Russo-Polish Peace Conference resumed last evening, under the guise of the chief commission, with all delegates and their staffs present, but the correspondents were not admitted.

The Poles did not present the Polish peace draft, but made a general declaration pointing out the differences between the first and second Soviet peace drafts. The Poles asked revision to the former. They also criticized particularly the boundary proposed in the second draft.

M. Joffe, head of the Soviet delegation, requested a recess of fifteen minutes in which to formulate a reply. The Poles have not announced when their concrete terms will be presented.

TRADE DISORGANIZED BY IRISH DISORDERS, SAYS COMMISSIONER

Ottawa, Oct. 5.—(Canadian Press)—Writing from Belfast to the Weekly Bulletin of the Department of Trade and Commerce, Trade Commissioner J. V. McKenna discussed the effect of the disturbances in Ireland upon trade. He states that after a fairly comprehensive tour of Ireland he finds that there is considerable temporary and local dislocation of trade. The logical centers for the distribution of goods, he states, are Belfast, Dublin and Cork, but at the present time, it is practically impossible for any one house, in any particular city, to distribute effectively throughout Ireland owing to the many boycotts and counter-boycotts which have been enacted.

MINE STRIKE IS PRACTICALLY OVER, SAYS MINISTER

Calgary, Oct. 5.—"The strike is now as good as over," was the comment of Senator Gideon Robertson, Minister of Labor, in referring to the Drumheller flaccid Monday. This is confirmed by reports from the various quarters. Even at the Monarch mine, which was the O. B. U. stronghold in the valley, the greater proportion of the men returned to work Monday morning.
The actual position at the time of writing is that all the mines with the exception of four of the smaller ones, are now working, most of them with a full crew.
All mines at Fernie were working Monday, also those at Michel. The same also applies to the mines in the Lethbridge district.

MANITOBA HAS VAST MINERAL RESOURCES

Winnipeg's Mayor Impressed by Mining Possibilities of Hinterland

Winnipeg, Man., Oct. 5.—That the second largest city in Manitoba will emerge from the wilderness in the northern portion of the Province when the vast natural resources of the hinterland are developed, was the prediction of Mayor F. Gray upon his return from a trip north to the Manitoba Legislative party.

The Flin Flon, he said, would be the greatest copper mine in the world. A stampede to the district is inevitable, he said.

"It makes the brain reel when one sees the possibilities there in timber, pulpwood, fish, water power, copper, lead, sulphide and precious metals."

He said, silver, cadmium and tungsten, north of 53," he said. "The mining possibilities in that district will create one of the most conservative mining fields the world has ever seen."

The people of Manitoba, he declared, have no conception of the unexplored resources of the Province. The Flin Flon mine has ore in eight worth \$150,000,000. The diamond drilling in the mine so far has shown the vein to be 300 feet wide, 2,500 feet long and 500 feet deep and the end of its possibilities are not known, concluded the Mayor.

POWER LINE FROM GREENWOOD TO COPPER MOUNTAIN COMPLETED

Nelson, B. C., Oct. 5.—The West Kootenay Power & Light Co., Ltd., of which Charles B. Hosmer, of Montreal, is president, and Lorne A. Campbell, of Roseland, B. C., is vice-president and general manager, has completed and is operating the power line extending from Greenwood to Copper Mountain near Princeton, and the current is now turned on.

This extension is comprised of a single 110,000 volt line of the H. Frame construction, and the distance from Greenwood to Copper Mountain is 108 miles. It is the intention of the company to operate this line at 60,000 volts until such time as power requirements demand going to the higher voltage. At Greenwood this line is fed by duplicate 60,000-volt transmission lines, from Greenwood to Bonington Falls, at which point the generating stations of the West Kootenay Power & Light Co. are situated.

This makes one of the longest transmissions in Western Canada, the distance from Bonington to Copper Mountain being 120 miles, and in fact it compares as to length with any power transmission yet undertaken in Canada. The transmission line and distributing station are the most modern construction and should do much for the development of the mining industry, which will be served by this extension, and will be the means of increasing tonnage and reworked capacity of the railway and its subsidiary, the Kettle Valley Railway, as power from this line will be used for the operation of the Canadian Copper Company's mines and mills at Allenby and Copper Mountain.

PREMIER MEIGHEN TO OPEN WESTERN TOUR

Ottawa, Oct. 5.—The Prime Minister will open his speaking tour in the West by a meeting to be held in Winnipeg on October 15. His other western meetings will be announced later. The Winnipeg meeting will follow one in St. Paul, Minn., at which Mr. Meighen will open the Government campaign in the East Elgin by-election. Staffordville is the home town of John Stansell, the Government candidate in East Elgin.

CALGARY WOMEN IN CIVIC ELECTIONS

Calgary, Oct. 5.—Organizations of women of the city have decided to run at least one woman in the civic elections, although the name has not yet been announced. Mrs. Gale elected as freema last year will still another year to serve. She has refused to be entered in the majority contest. Registration for the Provincial House has been exceptionally heavy among the women voters.

INDIAN COMMISSIONER

Regina, Sask., Oct. 5.—W. M. Graham has been appointed Indian Commissioner for the three western provinces, Saskatchewan, Alberta and Manitoba, reviving an historical title abolished more than ten years ago. The title was first held by Hon. David Laird in 1875.

WOOL IN ALBERTA

Lethbridge, Oct. 5.—Shipments of wool through the Southern Alberta Wool Growers' Association this year will far surpass those of last year, approximating one million four hundred and fifty thousand pounds. Last year only eight hundred thousand pounds of wool was shipped through the local association to the Canadian Co-operative Wool Growers' Association in Toronto.

LOANS TO FARMERS

Calgary, Oct. 5.—Nearly \$125,000 has been guaranteed this year under the Livestock Encouragement Act of the Province, and it is estimated that a total of \$275,000 will be loaned for the year. The money is being loaned largely by farmers to buy milk cows.

NEW SCHOOL

Cumberland.—The Ryan Construction Company of Vancouver has secured the contract from the Department of Public Works for the urgently needed addition of four class rooms to the public school of this city. Work has now begun and will be hastened to completion.

The government estimate for the work is understood to be in the neighborhood of \$20,000. While the work is under way the classes affected are being taken care of in other rooms.

Happy is the man of to-day who dips into the recesses of a dark closet and unearths a suit of clothes that with cleaning and pressing, looks almost as good as new. Captain Kidd's treasure was not everything.

ASQUITH SUGGESTS COMPLETE AUTONOMY

Only Solution of Irish Problem, Says Former British Premier

London, Oct. 5.—In a communication printed in The London Times to-day, Herbert H. Asquith, former Premier, declares he is convinced that the bestowal upon Ireland of the status of an autonomous Dominion, in the fullest and widest sense, is the only solution of the Irish problem. To accomplish this, says Mr. Asquith, it is necessary to make the Irish people believe that what is offered comes from an honest and also a reliable source. Referring to Viscount Grey's recent proposal concerning Ireland, Mr. Asquith says: "I cannot bring myself to contemplate even as a counsel of ultimate despair, our final abandonment—at least to suggest—of the trust which history has imposed upon us."

Mr. Asquith says no British Dominion claims the right to a separate policy of its own, and that the tendency is toward fully co-operation by the Dominions in all external relations. Concerning naval and military forces, Mr. Asquith writes: "No Irish Government could be so insane as to mortgage its scanty margin of resources for such a fruitless and costly enterprise as creation of an Irish navy. Nor is it readily conceivable that it would seek to deny what it could never effectively prevent—free access to Irish ports and harbors of vessels of the Imperial navy. Further, no grant of autonomy could be regarded as complete which did not include the right to raise and maintain for purposes of local defence an adequate military force."

Mr. Asquith adds that fiscal independence is a necessary incident to Dominion rule.

MAYOR GRAY, OF WINNIPEG, THROUGH WITH PUBLIC LIFE

Winnipeg, Oct. 5.—Mayor Charles F. Gray will not run again at the coming civic elections, he announced his reasons for retiring in the necessity of devoting his time to his private business.

GRAFT INDICTMENTS.

Washington, Oct. 5.—Indictments against eight persons in connection with the alleged graft of the thousands of dollars from world war contracts were returned here yesterday by a Federal Grand Jury. The money was alleged to have been obtained from the soldiers in return for promised aid in obtaining settlement of war risk insurance claims.

PETROLEUM CONCESSIONS.

Mexico City, Oct. 5.—Petroleum concessions recently given to Alfred Mackenzie, a British subject, in Lower California, have been investigated and rejected by United States oil operators, according to newspaper here. Inquiry develops the fact that United States corporations control twice as much territory in Lower California as has been turned over to the British.

NEW HOUSING IDEA.

Hamilton, Ont., Oct. 5.—City Clerk Kem has a unique suggestion to relieve the housing problem. He suggests that a nucleus of public-spirited landlords get together and rent their property only to people who have families. He thinks this would overcome the handicap of the small landlords who will not rent homes to people with children.

FIRE AT MANILA.

Manila, Oct. 5.—Fire destroyed part of the Philippine Senate Building, making it necessary to provide another building for the legislative session opening October 16.

Records of the last session of the Senate were destroyed, together with private papers of many senators.

Estimates place the loss at \$100,000.

TREMOR IN FRANCE.

Clermont, Ferrand, France, Oct. 5.—An earth shock was felt yesterday in the vicinity of Issoire, Department of Puy de Dome. The tremor lasted only a few seconds and no damage was reported.

INDIAN COMMISSIONER

Regina, Sask., Oct. 5.—W. M. Graham has been appointed Indian Commissioner for the three western provinces, Saskatchewan, Alberta and Manitoba, reviving an historical title abolished more than ten years ago. The title was first held by Hon. David Laird in 1875.

WOOL IN ALBERTA

Lethbridge, Oct. 5.—Shipments of wool through the Southern Alberta Wool Growers' Association this year will far surpass those of last year, approximating one million four hundred and fifty thousand pounds. EX-CHIEF OF POLICE ENDORSES TANLAC

Marwick Had Been Going Down Hill Rapidly; Health Is Restored; Wife Also Wonderfully Benefited

"Both my wife and myself owe our present good health to Tanlac, and we both think it the greatest medicine on earth," said G. H. Marwick, of 3329 Clarendon St., Vancouver, recently. Before coming to Vancouver, Mr. Marwick was for seven years chief of police at Medicine Hat, Sask., where he was widely known and popular.

"About a year ago," he explained, "my stomach began to give me trouble, and for three or four months I went down hill rapidly, losing weight and strength continually, and at the time I started on Tanlac I was in a badly rundown condition. My appetite left me, nothing looked good or tasted right to me, and at times the smell of food cooking made me sick. There were days when I hardly ate anything."

"I suffered a great deal with rheumatism in my legs, and at times the pains were so severe that every step I took was agony. There was also a sort of breaking out, something like a rash, in my face that annoyed me a great deal. I never slept well and would roll and toss at night by the hour and wake up in the morning so weak and tired out that I felt like I didn't care whether I ever got up or not."

"But Tanlac relieved me of all these troubles in a hurry. My appetite came back with a rush and I got so I wanted to be eating all the time. The rheumatic pains disappeared from my legs, my face cleared up and I was so built up and strengthened that I was feeling good all the time. That was eight months ago, and I still have a corking big appetite, an feeling fine and haven't felt a return of any of these troubles up to this good hour."

"My wife was suffering in very much the same way that I was and she too experienced a remarkable relief through taking Tanlac. We keep the medicine in the house now all the time, and wouldn't be without it for any consideration. Tanlac is certainly worthy of all praise, and I am glad to tell what it has done for my home."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

LETTERS

Letters addressed to the Editor and intended for publication must be short and legible. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication of letters is entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

PROHIBITION.

To the Editor:—Allow me, through your columns, to congratulate the Rev. R. M. Thompson upon his letter protesting "his campaign by casting slurs on anyone." I also am a believer in moderation in all things, even in the use of language. In so far as I have provided your correspondent with amusement I am pleased and if I have hurt his feelings—perhaps driven the nail in a little further home than he had, and from the tone of his letter it would seem so—I am sorry. But I may say that the Rev. R. M. Thompson is rather late in his protest. I saw no protest from him when the prohibitionists were—and are still—stating that all who take liquor, whether in moderation or excess—there is no distinction made—are practically physical, mental degenerates, etc., etc. On the principle of the "beam and the mote" I look forward to a letter from him protesting against the slurs cast by his friends—the prohibitionists. Your correspondent asked "who is Mr. Hastings?" and the Rev. W. D. Spence enquired "who is Tom Dooley?" I presume when the fist has gone forth from the Prohibitionist Party we who are not of that party must speak in "hated breath and whispering humbleness," for "who are we that fight to criticize?" Mr. Hastings is a voter, and as such full right to express his opinion, like anyone else, on such an important question as prohibition or any

other question. Canada is, as yet, still a free country, and, please God, it will always remain so. If your correspondent has visited Germany I have, he might perhaps be better able to appreciate why I have such a strong love for British Liberty. I have seen enough of "it is verboten" in German cities not to value highly British Liberty. It was a friend of your correspondent's—Mr. W. Macchant—who chose Germany as an analogy and I took my cue from him. If your correspondent will read carefully my letter, which you published, and to which he is replying, he will quite understand what I meant when I stated "the claims of Germany were exactly the claims of the prohibitionists." I do not think my language was in any way ambiguous. I did, inadvertently, omit one point of analogy which I will now give. Germany relied upon force to impose her will and her kultur upon the rest of the world, just as the prohibitionists rely upon force to thrust their ideas of what we should eat and drink down our throats. In case your correspondent has no recollection of it I will inform that at a debate, I think it was at Fernwood, between Mr. Hawthornthwaite, M.P., as anti and Mr. George Bell, M.P., and others as prohibitionists, Mr. Bell and one of his supporters in that debate, here, reported in the press as stating "it was necessary to use a little force."

If your correspondent really desires it, and you can spare the space, I will give in full detail a comparison of the claims of the Germans and those advanced by the prohibitionists, and the methods employed by each. The only difference is that Germany wanted to impose her kultur ideas and the prohibitionists their ideas of what we ought to drink as the thin end of the wedge. I think, however, that my previous letter was sufficiently detailed. It is, I am sure, not necessary for me to explain what is a Pharisee. Your correspondent says "two have seen liquor destroy the home." So have I—in England when district visiting as well as elsewhere—but will your correspondent express

PARIS LONDON VIVAUDOU MONTREAL NEW YORK

MAVIS

Before the opera—a few drops of Mavis Toilet water and a sprinkling of talc—and you are ready to motor off.

Mavis talc will preserve all the youthful charm of your skin. Its cool, soothing touch will really delight you.

No woman's dressing table is complete without these two delightful adjuncts.

Irresistible!

in per centages the proportion of homes destroyed through drink to the total population? He will find it very small when he comes to work it out. Will he prohibit marriages because a not inconsiderable number have resulted in disaster? Will he prohibit preaching because some who wear the cloth abuse their position? Will he prohibit study because some overdo it and have to be sent to the lunatic asylum?

In what part of the Gospel can your correspondent find Christ invoke the Government's aid because he saw sin? Every sinner that was brought to Him He sympathized with and the only ones He ever used some language to warn the Pharisees, Sadducees and Scribes whom he denounced roundly. What did He say when they brought Him Mary Magdalene? What did He say when He found the House of God used as a commercial mart to make money? If the wine which He made from water was unfermented wine, as your correspondent would believe, then where was the point in the parable of the new wine in old bottles?

I am quite in agreement with your correspondent that casting slurs cannot help any cause. I am, and am sure many others who are opposed to prohibition are, quite willing to concede that some prohibitionists mean well, and genuinely think that prohibition will help the cause of temperance, but I have not yet seen any prohibitionists, who write to the press, willing to concede that although we who oppose, disagree with them that prohibition is the best means to the desired end (to save the drunkards), we also are as genuine in our desire for the national welfare. But the language which in the means sought to be employed which we think will lead to unknown and greater evils.

H. HASTINGS,
323 Sayward Building, Victoria,
30 September, 1920.

A WORD OF PROTEST.

To the Editor:—When Robert Smillie started life as a coal miner. According to his own statement it puzzled him for a long time why he should receive tenpence per ton for his life's labor in the mines. He had seven sons, of whom during the war two entered the army, two were conscientious objectors, while three were working in the mines. He had served many times on boards of inquiry into mine disasters in Great Britain, making personal examinations of the mines. He had three times been offered governmental positions, which have been refused. He is a man of simple tastes, his favorite relaxation being a pipe at his own fireside, dressed as any other working miner would be. To the best of his belief he is not at the present time in receipt of any money from the Government, although no doubt his sage counsel and wide experience are still at their command.

At the close of the late war (which he had little to do with) the conviction of the miners that the coal mines ought to belong—not to them—but to the nation, the attitude of the Government was so determined that Lloyd George agreed to appoint a commission of investigation. This commission differed from all other governmental commissions in that we are so familiar in that it was to have statutory powers, that is, its findings were to become law. This on the solemn promise of the British Government.

As a result of that investigation, the majority report of the commissioners was absolutely in favor of nationalization of the mines. It also was the report of the chairman, Justice Sankey. However, the Government, despite its promise, refused to accept this finding, and the mines are not yet nationalized.

At the present time the miners are not, as you say, "waging a foot-by-foot struggle for a two-shilling increase." They now recognize their own power, but also recognize fully the terrible suffering to innocent people that precipitate action on their part would involve. They are therefore willing to temporize, even with a Government which has broken faith that every citizen should recognize their opponent is another step towards their ultimate object. "In five, ten or fifteen years the 'key' industries of Great Britain will be nationalized."

The railway men, while having the same object in view, had not precisely the same grievance as the miners, now have had their settlement was

only a temporary arrangement, as undoubtedly the future will show.

You draw a contrast between the "smooth working" of the railwaymen's affairs as against those of the coal miners, which leads one to the conclusion that you are unaware that the temporary settlement of the railway workers' differences was achieved through the good office of a committee of fourteen, drawn from among the leaders of the principal trade unions of the country.

May I add that while Robert Smillie is probably the most popular labor leader in Great Britain, (an instance may be quoted whereby, by his personal influence he succeeded in reversing a strike vote of his 500,000 followers in three weeks) he has never hesitated in sacrificing that popularity in favor of what he believed to be right. In view of these facts, your references during the past week seem to be somewhat in contradiction of our British spirit of fair play.

FORM BOYS' WORK BOARD

City Activities To Be Co-ordinated; Field Day Planned For Thanksgiving.

Mentors meeting at the Y. M. C. A. yesterday afternoon and evening decided to organize a club for supper and round-table discussion, and form a local boys' work board with delegates from each church to co-ordinate city activities. Thirty boys' workers attended.

Aubone Hoyle gave a lecture on the value of the "Midweek Session," and demonstrated how to organize. Physical Director, Walter Maguire directed the display of group games. Harold Cross outlined a season's programme for the clubs. Co-operation of the Y. M. C. A. was discussed.

The speech of the evening was given by T. H. Hutchinson, territorial boys' secretary of the Y. M. C. A., who dilated on all the qualities that go to make up "The Successful Leader."

It was decided to hold a field day on Thanksgiving for all classes under the C. S. E. T.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, yet about four ounces of Jad Salts, from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juices, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

JUST MISSES HIM.

The purchase of two ex-army mules certainly lived things up in certain stable. The men were used to horses, but the newcomers called for a different sort of treatment. The boss went into the yard one morning and found a man trying to harness up a mule. The animal obviously disliked the idea. After looking in for some time the boss asked—"Does the mule ever kick you, Bill?" "No, sir," replied Bill, keeping a wary eye on the animal, "but he sure settles down when he

FREE This Week Only

At any drug store named below, a 10-Day Tube of Pepsodent. Simply present the coupon.

Watch the results—they are quick and apparent. You will know then what this method means, both to you and yours. Go get this tube today.

We Invite You

To see how really clean teeth shine

All statements approved by authorities

Your teeth are coated with a film. When fresh the film is viscous—you can feel it with your tongue. Later it forms a cloudy coat. It enters crevices and stays. It dims the teeth, and now we know that it causes most tooth troubles. There is now a way to end it. This week your druggist, if you ask, will give you a 10-Day Tube. Get it and see what it does for your teeth. Learn what film removal means.

These methods have been combined in a dentifrice called Pepsodent. Millions of people have come to employ it. You can see the results wherever you look—in glistening teeth, in teeth you envy, maybe. A new dental era has begun, due to these discoveries. And these are benefits everyone should share. So you are urged to let this 10-Day Tube show what Pepsodent can do.

Brings five effects

Pepsodent brings five distinct effects. All are apparent, some are quick. A few days' use will leave no doubt about them. And a little book will tell you what each one means to you.

One ingredient is pepsin. Another multiplies the starch digestant in the saliva to digest starch deposits that cling.

The alkalinity of the saliva is multiplied at once. This is to neutralize the acids which cause tooth decay.

Two factors directly attack the film. One of them keeps teeth so highly polished that film cannot easily adhere.

Every application brings the Pepsodent effects. Together they mean tooth protection like you never had before.

Old ways don't end it

Old ways of brushing do not end film. Millions of people know that. Teeth discolor and decay despite the daily care. The reason lies in film. It clings and hides, and very few escape its damage. It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. All these troubles have been constantly increasing—some have grown alarming. And all because we knew no way to daily fight the film.

A new dental era

Dental science has for years studied to combat film. Ways have now been found to do it. Able authorities have proved those methods by many careful tests. Now leading dentists everywhere are urging their daily use.

Men who smoke will see a quick, conspicuous change

Tobacco stains the film-coat on the teeth. So men who smoke will see a great change quickly. But millions of teeth have that same film-coat with a lesser stain.

Children's teeth are most affected by the film. Young teeth seem most subject to decay. Dentists advise that Pepsodent be daily applied from the time the first tooth appears. Otherwise, decay is almost certain.

Pepsodent brings to women whiter, prettier teeth. But that means cleaner teeth and safer. The luster comes from constant film removal and the high polish given to the teeth.

Victoria Daily Times
TUESDAY, OCTOBER 5, 1920
Published every afternoon (except Sunday) by
THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

AND WHY NOT?
In an editorial article a column long The Colonist to-day tells its readers why in its opinion the Provincial Government should not appeal to the people this year.

Our contemporary's logic is afflicted with a serious limp. If the Government were as defective and its record as bare as the morning paper alleged, obviously it would be most desirable that there should be an election as soon as possible in order that the electors might have an opportunity of remedying these unfortunate conditions in accordance with its advice.

The truth obviously is that if our contemporary thought the electorate shared its grotesque views regarding the Government and its performances, it would be demanding an early election, conjuring up a whole chapter of issues upon which the will of the public should be ascertained.

NOTE AND COMMENT
We are informed authoritatively that all American-Oriental mail carried on Canadian trans-Pacific liners is transhipped at Victoria instead of at Vancouver.

INQUIRY ORDERED.
It is to the credit of the Dominion authorities that an inquiry is to be made into the reason why the ex-soldier patients object to the closing of Balfour Sanitarium and their own translocation to Tranquille.

be supposed that the probe about to be undertaken will reveal to what extent officialdom has obtained itself to the detriment of the patients concerned. And if Ottawa has been wrongly advised by its own officials the public has a right to know it.

SMUTS ON RIGHT TRACK.
If the Prime Minister of South Africa is able to fuse the Unionist and South African parties into one harmonious organization his accomplishment will be second in importance only to the extension of complete autonomy to that section of the British Empire soon after the signing of the Peace Treaty of 1920.

LENINE'S WINGS CLIPPED.
Despite a fairly wide belief that nothing could stop the westward flow of the Bolshevik tide, and notwithstanding the doleful prediction of Colonel House that Germany's unemployed army would be eager converts to the "red" brigades, there is every appearance that the Moscow gang will soon duplicate the removal act which took its sleeping partner from Potsdam to The Netherlands.

WHERE IT STARTED
THE FIRE ENGINE
Machines which threw water on fires were used in older times. Pliny refers to their use among the Romans. Apollodorus also mentions a primitive apparatus which was used in the ancient world.

SOCIAL DEMOCRATS OF AUSTRIA SOLID FOR GERMAN UNION
It blames France for preventing this end, but declares that the history of the Czechs, the Poles and the Jugos-Slavs proves that a people finally achieves its own right of self-determination in spite of all opposition and all obstacles if only it remains firm in its desire.

MACSWINEY NOW AT FIFTY-FOURTH DAY OF HUNGER STRIKE
London, Oct. 5.—Lord Mayor Macswiney, who this morning began the fifty-fourth day of his hunger strike, passed a fairly good night at Brixton Prison, according to a bulletin issued this morning by the Irish Self-Determination League.

OTHER PAPERS' VIEWS
THE ENGLISH LANGUAGE
One of the results of the war has been to make the Anglo-Saxon peoples and the English tongue more dominant than ever. Approximately 175,000,000 people speak the English language.

One of the results of the war has been to make the Anglo-Saxon peoples and the English tongue more dominant than ever. Approximately 175,000,000 people speak the English language.

WHY
Do We Hear Sounds in Sea-shells?
The belief that, by holding a conch or other large shell to the ear, we can hear the sound of the waves beating upon the shore is hardly in accordance with the facts in the case.

WHERE IT STARTED
THE FIRE ENGINE
Machines which threw water on fires were used in older times. Pliny refers to their use among the Romans. Apollodorus also mentions a primitive apparatus which was used in the ancient world.

**DEVELOPMENT OF
TOURIST INDUSTRY**

Herbert Cuthbert Shows Good Roads League How Publicity Pays

"Our tourist industry is located wherever there is a scenic highway, or a pool in which to fish, a mountain to climb, a sea beach to bathe upon, a lake in which to swim or to fish, or a forest in which to camp," said Herbert Cuthbert, Executive Secretary of the Pacific Northwest Tourist Association to the Good Roads League at Nelson to-day.

"So the first important thing we have to do is to cash in on the value of our wonderful scenery and climate is to spend money in telling people about it. Can anyone imagine the number of visitors and the amount of money they would leave behind them that we would have if we spent as much money on the development of our tourist industry as we do in our resources, our lands or our mines or our forests? What we spend now is a mere bagatelle, and yet, so far, no money spent by the state in the opinion of a great many people has brought anything like the returns as that which has been spent on tourist publicity.

The Association's Effort.
It is the work of the Northwest Tourist Association to bring these highways, our scenic attractions and our natural resources to the attention of the world at large, and so our campaign is of a two-edged character, first it advertises our resources, our climate, our attractions and opportunities and then the people we attract return home, living advertisers of all that they have seen with the vital force of having first hand knowledge and become of the greatest publicity value to the state.

Organization is Unique.
There is no other organization like ours, where wise men of two nations, joined together in a board of directors to bring their common country to the attention of the whole civilized world; where we have eliminated international, provincial, state, county and city lines; where we have combined under two flags for this one common purpose, to tell the world there is no place where the people enjoy such a wonderful climate, live in such beautiful surroundings in a country so marvelously supplied with natural wealth and where the people live in comfort, in happiness and contentment, have in common the highest ideals of the two great English speaking peoples.

Country Districts Benefited.
In these days of automobilizing the country district derives as much benefit in proportion as the larger cities, and the money received from the visit of these strangers who often afterwards become permanent residents is more widely distributed than any money that comes from any other industry. It makes less capital to develop the tourist industry than any other, that is, by the state. California was developed entirely by the tourist trade. Money was spent in publicity and the building of hotels, and hundreds of thousands of people come to the state and left their money behind them, and liked the state to such an extent that they came back again in after years as permanent residents when the people of the state had used the money they had previously left behind in bringing water onto the arid lands and in otherwise developing what resources it had.

The Raw Material.
Our waste places of nature, our scenic beauties, our sporting rivers and lakes are raw material for the production of sure revenues than probably any other form of basic wealth, even our cultivatable lands.

Must Develop Industry.
It is necessary, however, that this industry be developed in the same way that we develop any other industry, by the employment of capital and labor. We have the raw materials, but from Atlin Lake, British Columbia, in the north, to Crater Lake, Oregon, in the south and from the sea in the west to the eastern boundaries of these three commonwealths, the whole of the six hundred thousand square miles of scenery are raw material and such scenery as cannot be found anywhere else, either on this continent or any other.

"Every mountain top, every fishing stream, every lake, every highway through our primeval forest, every sea beach has a monetary value that can be sold and that they are never delivered. We receive a cash payment, not for the privilege of possessing, but of seeing them and enjoying them and of leaving them where they are. We receive money for no other natural resource in the same way."

"What do you mean by keeping me standing here like a fool?"
"I can't help how you stand."

Cuticura Ointment is So Good For The Skin
For eczemas, rashes, pimples, irritations, itchings, chaffings and dandruff on scalp, as well as for cuts, wounds, bruises and bites and stings of insects, Cuticura Ointment is truly wonderful. It is so soothing and healing, especially when assisted by Cuticura Soap. First bathe the affected parts with Cuticura Soap and hot water. Dry gently and anoint with Cuticura Ointment. This treatment is best on rising and retiring.
25c Ointment 25c and 50c Sold throughout the Dominion, Canadian Depot: Empire Limited, St. Paul St., Montreal.
Cuticura Soap always without soap.

NORA
Nora, which has always seemed associated with beauty to the extent of frequently being synonymous, really comes under the class of military names and since it is derived from that which a soldier most esteems, it signifies honor.
Honor was a deity in ancient times; but Honorius first appears as a proper name in one of the appellations of the Spanish father of the great Theodosius. It was inherited by that illustrious being, his grandson, the last genuine Roman Emperor and also by a niece called Justa Grata Honoria, who dishonored all three of her honorable names. But some lingering allegiance of the last rulers of the Empire perpetuated their names and finally we have Honoria, a Neustrian maiden slain in a Danish invasion and regarded as a martyr.
For that reason, Honoria is exceedingly popular in France and Germany. It penetrated England also, and in Ireland became a great favorite. In Ontario, Honor or Norah, two Gallic bishops named Honoratus are said to be responsible for the derivation of the popular French Honor. Another explanation is given in Honoria.
Perhaps it is the inherent pathos of Celtic legend which gives Nora the talismanic stone which to dreams of dejected sorrow—let that fashionable glittering jewel should be worn constantly by the bearer of the name since it is said to become a part of the very body and soul of its wearer and to exercise jealous care in guarding her from evil. Sunday is appointed her lucky day and mystic 7 her lucky number.
The most charming of all the poetic tributes to Nora is Thomas Moore's:
Loebia hath a beaming eye,
But no one knows for whom it dreams!
Right and left its arrows fly,
But what they aim at, no one dreams!
Sweeter 'tis to gaze upon
My Nora's eye than seldom rises;
Vow its look, but every one
Like unexpected light, surprises!
O my Nora Creina, dear!
My gentle, bashful Nora Creina!

That Whiff of Fragrance
which never fails in its cheerful invitation to breakfast, comes more frequently, more invitingly, when it's SEAL BRAND COFFEE
that is used. The famous Seal Brand flavour, fragrance and delicacy are sealed right into the tin.
In 1/2, and 3-lb. tins. Never sold in bulk. Whole, ground, and fine-ground, for Triculators and ordinary percolators. At all good Grocers.
"Perfect Coffee—Perfectly made" tells just how to make Coffee. It's free. WRITE FOR IT.
CHASE & SANBORN, MONTREAL

Women and Home
SOCIAL PERSONAL
A most enjoyable event of the social season was the dance given by Mrs. C. Gibbons and Mrs. C. Jarvis-Waldy in honor of Miss Geyes and Miss Marguerite Waldy, in the C. A. A. C. Hall, Cowichan Station, last Thursday evening. Mrs. Gibbons and Mrs. Waldy received the guests with charming ceremony, and presented them in turn to Miss Geyes and Miss Waldy. Miss Geyes, who is staying with her sister, Mrs. Gibbons, is visiting Canada for the first time, having come out last Spring with her and Mrs. Gibbons on their return from England. The dance was the occasion of the debut of Miss Marguerite Waldy, only daughter of Mr. and Mrs. C. Jarvis-Waldy, who until last Easter, attended St. George's School, in "Heslin" class, at Victoria.
Through the kindness of the Y. M. C. A. the sister organization has been granted permission to use the gymnasium and swimming pool each Wednesday evening between the hours of 5.45 to 7.30. This will enable the Y. W. C. A. to carry on a swimming class for girls from twelve to sixteen years, and a gymnasium and swimming class or gymnasium and basketball class for those over sixteen. Miss Wright, a graduate of the Gymnastic Institute, Denmark, has been secured as instructor in gymnastics, and Mrs. Shobolt, of the Victoria Amateur Swimming Club, will instruct the swimming classes.

TO-DAY'S JEWELS
To-day's talismanic gem is the topaz according to the theory of like curing like. It is an excellent gem to be worn by those who fear treachery. Likewise it is believed to cure an envious disposition and to invest its wearer with generosity.
For a time indeed is the possessor of a ruby on this day since it is the natal stone of those whose birth anniversary this is. It is a personal misfortune can befall one who wears this stone. The Ancients believe that a soldier could never slay any man and a traveler could never be harmed among wild savage tribes, if he had in his possession a ruby.
Yellow is a lucky color to-day, it is emblematic of goodness and fame. Those who wear it will be generous and easily approachable for favors. The yellow chrysanthemum is to-day a significant flower.

TO SPEAK HERE ON PROHIBITION
SUCCESSFUL BRIDGE TEA YESTERDAY
Lady Douglas Chapter, I. O. D. E., Held Delightful Affair

MRS. NELLIE MCCLUNG
the well-known Canadian author, will speak in the interests of the People's Prohibition Party at a meeting to be held in this city on Monday next, at a time and place to be announced later. The local organizers of the Prohibition campaign have today opened a temporary headquarters at 556 Yates Street, where the public may obtain information on the movement. Rev. R. M. Thompson is the local secretary.

CHAPTER GIVES \$100 TO I.O.D.E. WAR MEMORIAL
Mrs. Wilkinson, the regent, presided at the meeting of the Florence Nightingale Chapter, I.O.D.E., held at the headquarters yesterday. The treasurer's report showed that the chapter's generosity during the past month had reduced the balance in hand to \$100. The chapter's gift of \$100 to the War Memorial Fund last month made the members realize that the proposed bazaar to be held some time next month to Kootenay was a very gratifying contribution to their home cooking booth at the recent Fair. Mrs. R. S. Day was elected a member of the chapter.

THE WEATHER
Daily Bulletin Published by the Meteorological Department
Victoria, Oct. 5—5 a. m.—The barometer is low to the southwest and rain has been general recently. Kootenay Colder weather reported in Cariboo and frosts are becoming general in the prairie.
Reports:
Victoria—Barometer, 29.87; temperature, maximum yesterday, 52; minimum, 49; wind, 12 miles N.; rain, .22; weather, clear.
Vancouver—Barometer, 29.50; temperature, maximum yesterday, 56; minimum, 30; wind, calm; rain, .24; weather, raining.
Kamloops—Barometer, 29.94; temperature, maximum yesterday, 55; minimum, 48; wind, 4 miles E.; rain, .14; weather, cloudy.
Barkerville—Barometer, 29.92; temperature, maximum yesterday, 42; minimum, 32; wind, calm; snow, 4 in.; weather, snowing.
Porter, snowing.
Temperature, maximum yesterday, 58; rain, .05.
Grand Forks—Temperature, maximum yesterday, 43; minimum, 28.
Nelson—Temperature, maximum yesterday, 54; rain, .28.

IN VOEGUE
The semi-sports type of suit will be most popular.
Black tricolor gowns are embroidered in white.
Several Director hats are seen in taffeta and satin.
A horseshoe effect of black tulle is bordered with straws.
The shaded effect in evening gowns is quite smart.
Plaids and checks in colors are used for street costumes.
MENDING SILK SHIRTS.
Secure ribbon the same width as the stripe or white silk the width of goods between stripes (according to color of shirt, of course), and sew it finely on the cuffs just at the turn up crease. Do this just as soon as they begin to show wear.
After pressing it hardly noticeable except upon close examination. It prolongs the life of the cuffs and saves turning, which soon wears worn again, as the other side is worn.
For other shirts simply get linen or cotton type of desired width—it takes very little time and half a yard does both cuffs.

LATE SUMMER STYLES.
Beardwork almost covers the wooden handle of a light chifton, parasol lined with white chifton and brilliantly embroidered.
Dotted swiss frocks of gray are piped with white organdie or swiss. The dotted surface and the touch of white are enough trimming for charming frocks.
Transparent parasols are made of net and lace with ribs daintily covered with narrow ribbon. Sometimes the ribbon is also used for a wrist strap or bracelet.
In other charming and fresh looking summer frocks, bands of white organdie are machine hemstitched in between bands of the red dotted swiss in a most effective way.
Violet and net are combined in an interesting manner for charming summer afternoon frocks. There are bands of the two materials, hemstitched together, so forming a sort of striped material from which the gown is contrived.

BEADING A VELVET BAG.
In beading a velvet bag, stamp the beads on the wrong side, and it will be easier to see.
EQUALITY.
Willis: "Sure you really think the world is getting more democratic?"
Gills: "Truly do. Start a conversation with any bootblack or garbage collector and you'll find they have 500 shares of the same stock that you have."—Judge.

HORLICK'S Malted Milk for the Home
A nourishing food-drink for All Ages. Anywhere at anytime. Delicious, sustaining, no cooking.
A British banker who, in his younger days worked for some time with a large Wall Street firm in New York, tells the following anecdote of how he landed his job here.
Sent by his father to learn American finance he was armed with letters of introduction to the late J. P. Morgan, whom his father knew well, and to the head of another large banking house with which he wished to connect himself.
When he called on J. P. the great banker read the letter addressed to him and then asked the young man's plans. The latter said that he wanted to get a job with Blank & Co., and had a letter to that firm.
Morgan then advised him to call on the firm in question immediately and present his letter, adding: "I haven't the slightest doubt you will get a satisfactory position with them."
He was right. The head of the firm read the note of introduction and welcomed the young man effusively offering him a better position than he had hoped for. It was not till some time after that he learned that the letters had been mixed in the envelopes and that the firm had got the letter intended for Morgan.

Archdeacon Lloyd Addresses Prohibition Demonstration on Pending Plebiscite
Vote to hold on to the Act you have now on October 20 and then in twelve months time submit the Dominion vote, and catch up to the other provinces and make this country in British Columbia a clean country," said Archdeacon Lloyd at the Prohibition demonstration last evening.

MANY ATTENDED PIONEER'S FUNERAL
Mr. Glendenning Buried Today; Memorial Service on Sunday
Adam Glendenning, of Brentwood, Blenkinsop Road, one of the old-timers of the city was buried today. An impressive service was conducted at the residence by Rev. D. Lister and Rev. Jos. McCoy. The hymns sung were, "My Times Are in Thy Hands" and "Rock of Ages."

Mr. Glendenning's Career.
Leaving Scotland in 1863 Mr. Glendenning arrived in the city in the Fall of 1865 from California, after spending some time in the East. In the Spring of 1867 he returned into the Cariboo remaining there for about eight years. It was during that period that he paid his only visit to his old home in Langholm, Scotland.

FEAR COMPANY WILL NOT YIELD
Thought Unlikely B. C. Electric Will Accede to City's Latest Request
There is little possibility that the B. C. Electric Railway Company will grant the city's request for alteration of the proposed street car agreement submitted to the City Council last night, it was learned today.

Veterans to Entertain—Wednesday
The Veterans will hold at the Caledonia Hall another of their series of fortnightly whist drives and dances. The card tables will be in readiness at 8 o'clock, and dancing will commence at 8:30, continuing until 11:45.

Rotary Club—On Thursday
The Rotary Club luncheon will be entertained with a series of pictures of the interior of British Columbia, illustrated with new slides, by Charles H. French. Albert Maynard will have charge of the lantern.

TIMBERED HILLS ARE RICH RESOURCE
Vast Pay Roll Depends on Lumbering Industry of Province
The payrolls of the lumbering industry of British Columbia last year totalled nearly \$30,000,000, according to a statement submitted to the Board of Trade by the Workers' Compensation Board, and read at this morning's meeting of the Council.
The Board of Trade had, in an effort to discover the value of the industries of Vancouver Island, written the Workers' Compensation Board and asked that investments, earnings, payrolls, employee lists and numerous other details affecting every line of business being followed on Vancouver Island should be submitted, if at all possible.
The Compensation Board replied that up to the present no attempt has been made to segregate the figures for industrial activity in such a way as to make those applicable to Vancouver Island available, and as an instance of the great dimensions which are marking several of the most prominent and rapidly growing fields of development, cited the following as being the payrolls of the timber industry of the Province as a whole: Logging, \$12,455,000; sawmills, \$9,764,000; shingle mills, \$2,522,000; logging railways, \$1,722,000; paper mills, \$2,163,000.

PACIFIC FREIGHT RATES MAY MOVE AFTER CONFERENCE

Important Convention of Allied and Japanese Shipping Companies

The long talked of conference between Japanese, American and British shipping companies in the Far East has been set to be effective on November 1, according to advices received on the Empress of Japan.

The situation in Soviet Russia during the six months that Mr. Elyne lasted there under that revolutionary regime was unparalleled for chaos and terrible cruelty.

As to the second question whether the Japanese tramp owners should be urged to join the new freight arrangement, it is agreed that though their adherence is desirable, no further delay in the carrying out of the new arrangement is to be desired.

Forward freight contracts already made are to remain valid, though particulars of the contracts should be reported to the headquarters of the Freight Conference.

N. Y. K. Temporarily. As a temporary arrangement until the date of the operation of the conventional freight tariff, the steamship companies have agreed to adopt the present rates of the Nippon Yusen Kaisha.

The shipping companies signatory to the Freight Conference numbers eleven, comprising the Nippon Yusen Kaisha, Osaka Shosen Kaisha, Toyo Kisen Kaisha, Canadian Pacific Ocean Steamship Company, China Mail Steamship Company, China Pacific Steamship Company, Straits & Dixon Company, Admiral Line, American Express Company, Pacific Mail Steamship Company, and the Waterhouse Company.

Halifax, Oct. 3.—The American Shipping Board steamer Dakota is ashore at Tepeacas, Barbados, Newfoundland. The steamer is being towed to port and today the Canadian Government steamer Lady Louisa runs an unassisted trip to the port.

REFUGEE FROM SOVIET RUSSIA TELLS STORY OF HORRORS

An echo of the terrors of the Soviet rule in Moscow during the reign of the Trotsky forces in May, 1918, was heard yesterday when W. D. Elyne, former director of Government grain elevators in Moscow under the old imperial regime, told The Times of his experiences in that troubled land.

The situation in Soviet Russia during the six months that Mr. Elyne lasted there under that revolutionary regime was unparalleled for chaos and terrible cruelty.

Compulsory Operation. An instance of the cruelty practiced by the Soviet local councils occurred when the factory in which Mr. Elyne is partner and director fell under the notice of the Soviet.

Under the nationalization order issued by the Central Soviet against the wishes of the workers in Mr. Elyne's factory, his plant fell into the hands of the Soviet nationalization agency.

Princess Rupert Halibut. Prince Rupert, B. C., Oct. 3.—The Sunday halibut catch totalled 175,000 pounds and is selling at 15 and 8 cents as the highest and lowest prices.

OFFICIAL FLYING BOAT MAKES GULF FLIGHT IN FOG

Curtiss HS 2 L Type Machine Reaches Esquimaux From Vancouver

Leaving Vancouver at 10.30 yesterday morning, the first aircraft of the B. C. Air Station, the Curtiss HS 2 L type machine, arrived at Esquimaux Harbor after a trip of an hour's duration across the Gulf.

The machine is a flying boat of the larger type built by the Curtiss Aircraft Works, equipped with a 400-horsepower Liberty engine, and capable of taking four passengers at an average speed of from 50 to 70 miles per hour.

Working With Survey. Next week the flying boat will be taken in to Kamloops Lake where it will be used in connection with the government field survey party that is working in that section of government land survey.

Return Journey. The party left again at 4 p.m., and reached Vancouver safely in one hour of flying time, flying low all the way on account of the mist and rain.

According to Messrs. Neider and Marcus, of Seattle, new owners of the former H. M. C. S. Rainbow, that craft will leave Esquimaux Harbor this evening in tow for Seattle, where she is to be used in the West Waterway territory of the shipping concern.

SCANDINAVIAN DOCKS WITH NINE STOWAWAYS. Montreal, Oct. 4.—After a little delay in the river, the P. O. S. liner Scandinavian from Liverpool and Southampton arrived inshore this morning, bringing the remainder of the Olympic athletes, and a large number of passengers.

PREPARING FOR AERIAL EXPRESS LETTER SERVICE

Several Liners From All Parts of Globe Passing Up Straits

Several ships are due on the coast in the next few days but few of them will touch here, according to word received by the pilotage office.

The Princes Mary is to take the regular run of the Princes Pacific for the next few days, while the latter vessel gets a lay-off.

Word was received to-day by Messrs. Yarrows, Ltd., that the Margaret Coughland, which has just completed her first round trip to Esquimaux, would come to dock at Esquimaux, B. C., on October 1.

WAGE INCREASES ARE GRANTED TO FEDERAL RAILWAY EMPLOYEES. Ottawa, Oct. 3.—The Journal to-day publishes the following: Clerks, freight handlers, station and other employees of the Canadian National Railway and the Grand Trunk Pacific Railway will receive wage increases averaging about 25 per cent, and anticipating to May 1, 1920, as a result of negotiations between a committee from the Canadian Brotherhood of Railway Employees and Representatives of the lines.

THE SAME SOUNDS. Little Jimmie Pester—"You promised to take me to the zoo to see the animals." His Mother—"I know I did, dear, but we won't have time. Your father will be home to dinner in a few minutes and you may sit up and go to the table with him."

Canada's Trade Within the Empire will grow in proportion to the development of the Sea-Conscious Spirit

The map of the Dominion shows at a glance the extreme difficulty of spreading a Sea Conscious Spirit.

Constipation Vanishes Forever

HEAD OF NIPPON LINE MAY RESIGN

According to word received by E. H. Fletcher, Post Office Inspector from J. O. McLeod, superintendent of Railway Mail Service, at Vancouver, the local officials are to interview the agents for the Japanese and C.P.O.S. lines here to arrive at some understanding in connection with the aerial mail service that will be in operation by the United States between Seattle and Victoria on October 15.

Mr. Fletcher has not yet received full details of the scheme, which he stated, was entirely in the hands of the American postal authorities, who are paying for the novel aerial service, but some co-operation may be authorized on this side, in the delivery of the mails put off here to the airplane.

TWO VESSELS FOUNDER. Quebec, Oct. 3.—(Canadian Press.)—The two vessels, the signal service schooner Sauter and St. Charles were lost in the Gulf of St. Lawrence. The first foundered between Godbout and Travers, while the latter sank west of the latter place. The crews of these two vessels have not been ascertained.

Ships at a Glance. Kashima Maru, from Hongkong, Sept. 28. Toyohashi Maru, from Hongkong, Sept. 28. Fushimi Maru, from Hongkong, Oct. 11.

WAGE INCREASES ARE GRANTED TO FEDERAL RAILWAY EMPLOYEES. Ottawa, Oct. 3.—The Journal to-day publishes the following: Clerks, freight handlers, station and other employees of the Canadian National Railway and the Grand Trunk Pacific Railway will receive wage increases averaging about 25 per cent, and anticipating to May 1, 1920, as a result of negotiations between a committee from the Canadian Brotherhood of Railway Employees and Representatives of the lines.

THE SAME SOUNDS. Little Jimmie Pester—"You promised to take me to the zoo to see the animals." His Mother—"I know I did, dear, but we won't have time. Your father will be home to dinner in a few minutes and you may sit up and go to the table with him."

Canada's Trade Within the Empire will grow in proportion to the development of the Sea-Conscious Spirit

The map of the Dominion shows at a glance the extreme difficulty of spreading a Sea Conscious Spirit.

TO DEVELOP OUR SEA-HERITAGE, WE MUST SEND CHOSEN AND TRAINED EMISARIES—OUR MOST ABLE BUSINESS MEN—to make Preferential trade agreements with other nations in the Empire. And we must make good these trade agreements with Canadian Ships.

LEAVE TO APPEAL IN CHURCH CASE
Mr. Justice Martin Refuses to Take Further Part in Application

Vancouver, Oct. 5.—As the people of Canada increase in numbers they seem to die in brains, remarked Mr. Justice Martin at the opening session of the Appeal Court in Vancouver this morning. His lordship's observation was elicited by a motion before the court in the case of Bishop of Vancouver Island versus the City of Victoria asking for leave to appeal to the Privy Council. The dispute hinged on the meaning of the word "buildings," he said, and there was no need to seek aid outside the Dominion for the interpretation of such a trivial matter. Leave to appeal was given by the remainder of the court. Mr. Justice Martin refusing to take any further part in the application.

A crowded courtroom of the city's legal talent attended the opening session. The Chief Justice of the State of Washington occupied a seat by courtesy on the bench with the five appeal judges.
Judgments were handed down as follows:
Weir vs. Weir, appeal allowed, Justice McPhillips dissenting.
Northwest Trading Company vs. Northwest Trading Company, appeal dismissed on an equal division.
Manson vs. Campbell, appeal dismissed.
Van Hemele vs. New Westminster Construction Company, appeal dismissed on an equal division.
The judgments in several other cases were not yet ready, said Chief Justice Macdonald, and these will be delivered during the present session.
The court then proceeded to hear the case of Robert Qua, plaintiff respondent, versus Samuel P. Pond, defendant appellant, the appeal involving the payment of commission on a sale of land. C. B. Hamilton, K.C., of Nelson, appeared for the appellant and R. S. Lennie appeared for the other side.

MR. BALLANTYNE ACCEPTS APOLOGY

Board of Trade Held blameless for Celebrated Episode

In order to "save much scrapping" the Council of the Board of Trade this morning decided that a letter of appreciation from Hon. Charles C. Ballantyne, Minister of Marine and Fisheries, should not be published in full, after having previously authorized that course as a measure of justice to the Minister.

Hon. Mr. Ballantyne wrote that, while he greatly appreciated the apology which the Board had sent him for the manner in which he was addressed, at a meeting held behind closed doors, by a delegation of employees of the Harbor Marine Company, he had quite understood that the members of the Board had nothing to do with the affair. He had been greatly amazed at the manner in which the delegates had addressed him, and could only consider it insulting. He understood that the views expressed were not those of the bulk of the returned men, but only those of a small group of the dissatisfied.

Publicity Countermanded.—On motion of Joshua Kingham it was decided to ask the publication of the letter by the newspapers, but this was countermanded after receiving letters from the Army and Navy Veterans' Association and the Grand Army of United Veterans, both covering resolutions of condemnation for the action of the Board in having apologized, expressing confidence in the action of the returned men in their speech with the Minister, and the latter adding a rider deprecating the holding of the meeting with Mr. Ballantyne behind closed doors.

Sleeping Dogs Favored.—George Warren moved for reconsideration of the former motion, and maintained that the re-opening of the discussion which would follow would be harmful to the interests of the Board of Trade and the city in general through causing a cleavage at a time when support was needed. He considered that while outside organizations had no right to pass such resolutions of criticism of the proceedings of the Board, yet there was no merit in provoking animosity, a result which he felt sure would follow the full publication of the Minister's letter.

After a general discussion, much of it devoted to the ill effects which had followed the closing of the meeting to the press and public, the three letters were filed.
The Council then passed a supplementary resolution moved by J. O. Cameron that the returned soldiers be given a detailed statement of the Board's stand regarding the apology, setting out in particular the reasons for the action, based on the fact that the hospitality of the Board had been outraged beneath their own roof-top. At this stage it was admitted that a letter which Mr. Ballantyne had written to the Harbor Marine Company, with a view to aiding Mr. Spratt in securing the necessary funds for the purchase of the Dominion Government's three-year appropriation for through routes, both east and west, and north and south, with the least possible delay.

A. W. Campbell, Federal Highway Commissioner, in an address in "Federal Aid," explained the principles on which the Dominion Government's three-year appropriation for through routes, both east and west, and north and south, with the least possible delay.
Foreman, provincial works engineer, president of the Canadian Good Roads Association, for early completion of the development of the road system in this province, and of the peculiar problems inherent in providing highways under the conditions encountered here.

GOOD ROADS LEAGUE NOW IN CONVENTION

Mayor Gale Presiding Over Provincial Gathering at Nelson
Nelson, B. C., Oct. 5.—Good roads boosters from every point of the compass, including Eastern Canada and the Northwestern States, are here in attendance at the convention of the British Columbia Good Roads League, which opened its sessions at the City Hall this morning under the chairmanship of Mayor R. E. Gale, of Vancouver. Mayor J. A. Macdonald and W. G. Rose, M.P., welcomed the delegates, and then the convention got down promptly to the work of organization. In his presidential address Mayor Gale laid stress on the vital necessity of adequate highways communication for the opening up of the Provinces, and in particular the necessity for early completion of the through routes, both east and west, and north and south, with the least possible delay.

A. W. Campbell, Federal Highway Commissioner, in an address in "Federal Aid," explained the principles on which the Dominion Government's three-year appropriation for through routes, both east and west, and north and south, with the least possible delay.
Foreman, provincial works engineer, president of the Canadian Good Roads Association, for early completion of the development of the road system in this province, and of the peculiar problems inherent in providing highways under the conditions encountered here.

Let Us Face The Facts

THE great majority of families in Canada cannot have the doctor for every ailment or simple injury on account of the expense, or cannot receive his early help because of the distance, even when their means permit.

For nearly three quarters of a century PERRY DAVIS' "PAINKILLER" has been a leading household medicine for just these purposes. It is used in nearly every country on the globe by people of every race, requiring the printing of directions in over twenty languages and tongues.

This world wide test of long experience warrants our recommending that you always have with you when travelling, or on hand when at home, a bottle of "Painkiller" ready for use in emergencies and especially for the purposes noted below.

For acute painful stomach and bowel attacks (summer complaint) take a teaspoonful dose of Perry Davis' "Painkiller" in a glass of warm water slightly sweetened, following the other fuller directions on the wrapper accompanying each bottle.

For sprains, bruises, insect bites and stings, apply the "Painkiller" freely by hand or with a bandage.

For Chills resulting from exposure to cold or damp, take a teaspoonful dose of "Painkiller" in a glass of warm water or milk, slightly sweetened, just before retiring. This treatment with the other measures given on the directions accompanying each bottle will be found most effective in warding off Colds, Bronchitis, La Grippe and Pneumonia.

For children's Croupy and Bronchial attacks. If a child at bed time shows evidence of such attacks coming on, wring out a flannel cloth in a cupful of hot water to which a teaspoonful of "Painkiller" has been added, wrap this around the child's throat and place over same another cloth. The warmth and drawing power of the "Painkiller" are remarkably effective in checking the ailment, soothing and inducing sleep, sparing both mother and child a restless night.

CLAIMS FRUIT INSPECTION IS NECESSARY HERE

President J. L. Beckwith Speaks Strongly to Board of Trade on Subject

"The time is fully ripe for the institution of fruit inspection in Victoria," said President J. L. Beckwith of the Board of Trade this morning, when bringing before the Council the need of some action to enforce fruit grading in this market.

He stated that the head inspector stationed at Vancouver had claimed that there was not sufficient work in Victoria to justify the employment of an inspector here, and contrasted this with information, gleaned from the city's wholesale fruit dealers, that two men could be profitably employed.

Mr. Beckwith maintained that the institution of fruit inspection here would work no hardship on local producers, and would certainly be an excellent thing for the residents of Victoria. He would make fruit growers market their produce for what it actually is. It would put a stop to the common practice of selling as first grade stuff, much produce which cannot come up to the mark when subjected to inspection. That practice is generally in vogue to-day," he said.

Keep Cheap Fruit Away.—George McGregor took issue with Mr. Beckwith, claiming that fruit inspection would raise the cost as to prevent the marketing of much good produce.

President Beckwith maintained that until fruit inspection was instituted there would be no improvement in conditions, and claimed that recently he had purchased apples and plums which were far from what they were represented to be. Top prices are being charged for fruit which is not up to grade and there will be no improvement until the already existing Acts are enforced, a matter which is impracticable until a fruit inspector is located here," he said.

A committee appointed last Summer to enquire into the matter, will be asked to complete its investigations and make an early report.

RUPERT BEACHED ON SECOND ATTEMPT

Struck Rock Four Miles North of Point of Beaching

According to word brought by some of the passengers off the wrecked steamer Prince Rupert at Swanson Bay, the vessel actually struck some four miles north of the Bay, and was taken back to there after an unsuccessful attempt had been made to beach her at the point where she actually struck. The divers from Victoria left to-day for the scene of the wreck on the Prince George. Diver John McHardy, veteran diver on this coast, went with the party. According to the stories of the divers, the salvaging of the Prince Rupert will be an extensive undertaking, but the ship was beached in a position not unfavorable for the work. She is lying on a slope, with her nose in the mud, and her stern in some sixty feet of water at low tide. The exact extent of the damage occasioned is not yet known, but is thought to have been considerable. It was stated by those on board that had the Prince Rupert been towed eastward to the beach, less damage, and might have emerged with just crumpled bow plates. As it is her bottom is said to have been considerably ripped, though the extent is not yet ascertained.

Great praise is accorded to Capt. Duncan MacKenzie by the passengers for his quick action in beaching the ship. After the shock some of the passengers retired and had to be hustled out for landing.

Kiwanis Club.—Dr. H. W. Rizgo and Harry Nobis, respectively district governor and district director of the Kiwanis Club, will be the speakers at the dinner-timed for this evening at the Dominion Hotel.

Welcomes Pastor.—On Monday evening in St. Saviour's Schoolroom was the scene of a most enjoyable function when a reception was held in honor of the Rev. R. Connell on his return from Pine Lake, Alberta, where he has been spending the last two months for his health. The evening was spent with a concert, and an interesting talk was given by the guest of his Alberta experiences and the prospects of the harvest fields. Later, thirty refreshments were served by the young women of the parish. The schoolroom was prettily decorated with yellow chrysanthemums and Virginia creeper. Appreciation of the pastor's return was shown by the very large crowd present.

Ministers Support Prohibition.—At a meeting of the Ministerial Association yesterday it was decided to request the ministers of all denominations to support the Government of India had the monopoly and control of the liquor traffic, to the great detriment of missionary effort.

Every phase of religion in India is organized into an India-wide temperance movement with the object of securing total prohibition. Mr. Higgins declared that this work of the liquor in the hands of the Government was the greatest evil that missions in India had to face.

INCOME TAX RETURNS DISCUSSED

Board of Trade Surprised by Widespread Ignorance of Law in Eastern Canada

The system under which the Ottawa authorities seek to secure revenue information, or perhaps the lack of system with which they flood the manufacturers and merchants of the country with questionnaires of information were the basis of a somewhat unusual discussion at the meeting of the Council of the Board of Trade this morning.

Practically everyone who contributed to the discussion spoke in some way of the confusion of the waste of time, energy and utter futility of gathering detailed information, for filing in Ottawa, as to the methods of conducting their businesses, yet all endorsed the particular forms which had brought the Finance Department and its activities under fire.

The Bradford Chamber of Commerce had submitted a request for endorsement of a resolution which calls on the Finance Department to allow more time for the filing of return employers forms for income tax assessment. This is a list of the salaries paid to all employees, and is used to check up those employees who fail to make income tax returns when they are liable.

The Bradford resolution claimed that many merchants in Ontario did not know of the existence of the forms, had given no time to file them, and had been on occasion, fined in heavy sums.

Well Known Returns.—While endorsing the resolution as requested, the general feeling of the Victoria Board was that the forms were a necessity, one of the few among the scores which Ottawa is sending out. President Beckwith said he was surprised that anyone had not seen the forms in question or should protest ignorance. "We get them in the mail every so often, everyone seems to have got them," he said.

E. Tomlin met with approval when he said: "The country must have the revenue income tax bring. There are thousands of wage and salary earners liable to income tax who persistently evade their duty, and these forms help to get track of them."

On motion of J. H. Beatty the resolution was endorsed and the retail section of the Board will be reminded of the seriousness of omitting to make the return in question. Emphasis will be laid in the heavy fines now being imposed for omission, and the fact that the forms are obtainable at the post office if not already received from the collector.

PLEADS GUILTY.—Arthur Patrick Parkin, a young bank clerk who came here from the Northwest a few weeks ago, pleaded guilty before Mr. Justice Morrison in the Assize Court to-day to defrauding the Canadian Bank of Commerce of \$450 by forging three cheques of \$150 each.

Brooklyn Helpless before Coveleskie's Pitching

Cleveland Easily Wins World's Series Opener

Dodgers Used Three Pitchers; Marquard Was Ineffective; Mammaux and Cadore Were Steady; Tris Speaker Made Brilliant Catches in Field; O'Neill Leading Hitter.

Ebbetts Field, Brooklyn, N.Y., Oct. 5.—The Cleveleands, champions of the American League, topped over the Brooklyn by a score of 3 to 1 in the first game of the world series here to-day.

The National League champions were helpless before the mystifying slant of the spitball pitcher Stanley Coveleskie. He was given sterling support by the Cleveleands, especially Speaker, who ranged far and near, robbing the helpless Brooklyn of seeming hits.

O'Neill starred at the bat with two doubles. The official attendance was 23,874. The batteries were announced as: Cleveland—Coveleskie and O'Neill for Cleveland; Brooklyn—Marquard and Krueger for Brooklyn.

The line-up follows:
Cleveland—Olsen, s.s.; Wambagnans, 2b.; Speaker, c.f.; Burns, 1b.; Gardner, 3b.; Wood, r.f.; Sewell, l.f.; O'Neill, c.; Coveleskie, p.
Brooklyn—Olsen, s.s.; Johnstone, 2b.; Griffith, r.f.; Burns, 1b.; Gardner, 3b.; Wood, r.f.; Kidduff, 2b.; O'Neill, c.; Marquard, p.

Tris Whiffs After Aplus.
First inning—Cleveland—Evans up. Ball strike one, foul strike two. Evans out. Olsen to Konechky. Wambagnans up. Foul, strike one. Wambagnans bunted, but the ball rolled foul, strike two. Wambagnans flew out to Wheat, who had come in to make the catch. Speaker up. He got a hand when he came up to bat. Strike one, ball one, foul, strike two. Speaker fanned and the crowd gave Marquard a big cheer. No runs, no hits, no errors.

Wild Heave Costly.
Second inning—Cleveland—Burns hit to right, Konechky threw the ball away and Burns scored on the wild heave. Olsen threw out Gardner at first. Wood walked. Sewell singled into right, Wood going to third. O'Neill up. Strike one ball one, ball two. Wood scored on O'Neill's double. Sewell went to third. Mammaux warming up for Brooklyn. Coveleskie up. He grounded to Konechky and Sewell attempting to run home was run down, the play being Konechky to Krueger to Johnston. Two runs, three hits, one error.

A Quiet Third.
Third inning—Cleveland—Evans up. Ball one, ball two, ball three. Evans walked. Wambagnans sacrificed. Johnston to Konechky, Evans taking second. Speaker up. Strike one, ball one, ball two. Speaker flied to Wheat. Burns up. Ball one, ball two, strike one. Johnston took Burns' grounders and Evans was run down between second and third. Johnston to Kidduff. No runs, no hits, no errors.

O'Neill Hitting Hard.
Fourth inning—Cleveland—Gardner up. Ball one, ball two, ball three. Strike one. Kidduff tossed out Gardner at first. Wood up. Wood hit a long drive into left centre for two runs. The ball hit the bleachers ten feet on the bounce. Had it struck six inches higher it would have been a home run. Sewell up. Ball one, strike one. O'Neill up. Ball one, ball two, strike one. O'Neill hit a home run. O'Neill's second two-base hit in the game. Coveleskie up. Foul, strike one, ball one. Kidduff threw out Coveleskie at first. One run, two hits, no errors.

Brooklyn—Olsen up. Strike one, ball one, ball two. Olsen got a single over second, the first hit for Brooklyn in the game. Johnston up. Foul, strike one, ball one, Johnston forced O'Neill, Wambagnans to Sewell. Griffith singled into centre, Johnston going to second. Wheat flied to Evans, who knocked down Speaker in making the catch. Myers up. Ball one, Myers flied

out to Wood. No runs, two hits, no errors.

Cut Off Two-Bagger.
Fifth Inning—Cleveland—Evans up. Evans flied to Wheat. The high wind bothered the outfield. Wambagnans struck out. Speaker up. Ball one, strike one, foul, strike two; Speaker flied to Griffith, who made a catch against the wall and speared the ball with his gloved hand. The catch cut off two-base hit. No runs, no hits, no errors.

Marquard Retires.
Sixth Inning—Cleveland—Burns up. Foul, strike one, ball one, foul, strike two. Burns was a strike-out victim. Gardner flied to Wheat. Wood up. Ball one, ball two, foul, strike one; strike two. Wood struck out. No runs, no hits, no errors.

Brooklyn—Lamar batted for Marquard. Ball one, strike one, foul, strike two. Lamar out to Sewell with a high fly.

Wood. Krueger up. Ball one, Gardner struck out. Krueger at first. No runs, no hits, no errors.

Marquard Retires.
Sixth Inning—Cleveland—Burns up. Foul, strike one, ball one, foul, strike two. Burns was a strike-out victim. Gardner flied to Wheat. Wood up. Ball one, ball two, foul, strike one; strike two. Wood struck out. No runs, no hits, no errors.

Brooklyn—Lamar batted for Marquard. Ball one, strike one, foul, strike two. Lamar out to Sewell with a high fly.

Wood. Krueger up. Ball one, Gardner struck out. Krueger at first. No runs, no hits, no errors.

Three Strike-Outs.
Seventh Inning—Cleveland—Mammaux went into the box for Brooklyn. Sewell up, strike one, strike two, strike three. Sewell out. Mammaux's speed was too much for him. O'Neill up. Ball one, strike one. O'Neill also struck out. Coveleskie up. Ball one, strike one, foul, strike two, ball two. Coveleskie fanned and the crowd cheered Mammaux, who retired the side on strikes. No runs, no hits, no errors.

Brooklyn—Wheat up. Strike one, strike two. Wheat crashed a hit into right field for two bases. Myers up. Strike one, Sewell threw out Myers at first. Wheat going to third. Konechky up. The Cleveleand infield played back. Foul, strike one, ball one. Wheat scored white Burns was batted out to Sewell with a high fly.

Wheat took the strike-out. O'Neill up. Foul, strike one; ball two, foul, strike two; Kidduff struck out. One run, one hit, no errors.

Tris Makes Good Catch.
Eighth Inning—Cleveland—Jamieson now batting for Evans. Strike one, ball one, ball two, foul, strike two. Olson threw out Jamieson at first. Gardner up. Foul, strike one; Mammaux took Wambagnans' strike and threw him out at first. Speaker up. Ball one, ball two, foul, strike one. Johnston knocked down Speaker's grounder and threw him out at first. No runs, no hits, no errors.

Brooklyn—Jamieson well into left for Cleveland. Krueger up. Ball one. Speaker robbed Krueger of a three-run hit with a wonderful catch. Mitchell batted for Mammaux. Strike one, ball one. Mitchell got a single into right field. Olson up. Ball one, strike one, foul, strike two. Mitchell batted for Gardner. Strike one, Johnston popped to Gardner. Griffith up. Ball one, Griffith forced Olson, Wambagnans to Sewell. No runs, one hit, three errors.

Ninth Inning—Cleveland—Cadore went into the box for Brooklyn. Smith batted for Burns. Kidduff threw out Smith at first. Gardner up. Strike one, Gardner grounded out to Konechky. Johnston batted for Wood. Ball one, strike one, Johnston flied to Johnston at first. No runs, no hits, no errors.

Brooklyn—Smith went into right field and Johnston played first base for Cleveland. Wheat up. Ball one, foul, strike one, strike two. Wheat was thrown out at first. Johnston to Konechky, Myers up. Ball one, Myers flied out to Speaker, who made another catch. Konechky up. Foul, strike one, foul, strike two; Konechky struck out. No runs, no hits, no errors.

Interest in Cleveland.
Cleveland, Ohio, Oct. 5.—Interest here in the world's series games between Cleveland and Brooklyn was increased to-day because of the possibility of Rube Marquard being sent to the pitching mound by Manager Robinson.

Stanley Coveleskie, who pitched the Indians to victory to-day, was developed in the old Northwestern League. He is now reputed to be one of the best twirlers in the big leagues. He used to perform before local fans.

REFUSES GOOD OFFER
Toronto, Oct. 5.—Harry Giddings, the well-known horseman, has refused an offer of \$3,000 from J. K. Ross, of Montreal, for Mr. Giddings' two-year-old colt, Royal Victor, by Hearts of Oak-Money.

MURPHY WINS BIG RACE
Fresno, Oct. 5.—Before a crowd estimated at 75,000, Jimmy Murphy won the 200-mile San Joaquin Valley classic auto race here on Saturday in two hours, four minutes, 32 seconds, an average speed of 97 miles an hour. Eddie O'Donnell was second; Tommy Milton, third; Gaston Chevrolet, fourth; Joe Thomas, fifth, and Roscoe Sarica, sixth. The fastest lap was driven by Ralph de Palma at the average speed of 100 miles an hour.

BALTIMORE AND ST. PAUL PLAYING POST-SERIES
Baltimore, Md., Oct. 5.—The post-season series between Baltimore and St. Paul, pennant winners in the International League and the American Association, respectively, will be started this afternoon, and the victor in five out of nine games will be rated as the best club outside of the majors.

OLYMPIC TEAM WELCOMED
New York, Oct. 5.—America's victorious Olympic athletes on Sunday received their official welcome home in a parade down Fifth Avenue, assisted by thousands. Led by Pat Macdonald, the team's hammer thrower and standard-bearer, at the head of the procession, more than 100 of the 275 men and women who won the international matches passed in review.

Union Favors Players' Re-instatement at Once

B. C. A. A. U. Hopes to Have Cards Ready By Friday For Eight of Suspended Players; Jack Matson Presents His Case to Meeting of Amateur Officials Last Night.

It looks as if the storm which brewed a couple of weeks ago and threatened to swamp the local branch of the B. C. A. A. U. is going to peter out and that a peaceful calm will settle over the troubled sea of amateurism. At a meeting of the branch held last evening seven of the suspended players made application for re-instatement and this morning another outcast asked to be taken back into the fold. In order to rush through the re-instatements so that many of the players may get into the soccer games on Saturday, Arthur Manson, provincial president of the B. C. A. A. U. left for Vancouver this afternoon and will take up the matter of re-instatement with the Mainland representatives.

When the meeting was called last evening the applications of Jack Matson, Duglas Pletcher, Bob Whyte, Doc Bacon, Art Minnis, Bob McMillon and E. Newman were read by the secretary. One or two of the delegates were in favor of suspending the players for a period but the majority refused to endorse this action, considering that the suspended amateurs had played their game in good faith, without knowledge of the breach which they were committing and accepted the verdict of their managers. It was held that the managers were the ones who were guilty. The meeting accepted the contention and decided immediately to recommend the re-instatement of the players who had applied.

DETECTIVES GUARD MAN O' WAR AND HIS JOCKEY FROM CROOKS

New York, Oct. 5.—(Canadian Press)—"So that crooks and unscrupulous gamblers will have no opportunity to turn any trick on Man O' War, squad of Pinkerton detectives will accompany the horse to Canada to-morrow," The Herald says this morning. They will guard the horse and jockey Kummer from any outside influences.

Jack Matson Appeals.
Jack Matson, one of the best all-around athletes in the city, was the only suspended player to appear before the meeting. Jack spoke in defence of his action in playing and intimating that he had been harshly treated. He told of having played college in England and his amateur status had remained unimpaired. He did not see why he should be suspended for playing against the professional players. The B. C. A. A. U. would not pay for his expenses. He was not anxious to apply for reinstatement, preferring to devote his time solely to golf, but when he was asked to take part in other games and help along amateur sport and according to him had made application for reinstatement. He said that he had discussed the matter with Mr. Matson, but pointed out that the rules, adopted by the A. A. U., defined their course in such actions, and that no alternative was open to them but to suspend him.

Pendray Phoned.
Pendray, one of the Rugby players, who was suspended along with the cricketers, phoned his application for reinstatement to the meeting, but he was informed that he must apply in writing. He did not seem anxious to do this.

The meeting decided to accept applications for reinstatement up to noon to-day, and then only over the McAdam case, a cricketer, sent along his appeal. McAdam's case, along with the seven passed upon last night, will be taken up in Vancouver to-night by the B. C. A. A. U. It is expected that the reinstatement recommended by the local body, will be endorsed and the players will have their cards by Friday night.

JACK GIFFORD WAS BEST GOAL-GETTER

New Westminister, Oct. 5.—Jack Gifford is the champion scorer of the league this season, the youngest member of the lacrosse team, garnering a total of twenty-six goals during the sixteen games. "Doc" Crookall takes second place with a total of twenty-three, his nearest competitor being Grumpy with twenty-one. The total is surprising to the fans who figured the lacrosse Arabuckie was through with the pastime.

IT PAYS TO BE HONEST LOYAL PLAYERS FIND
Chicago, Oct. 5.—Charles A. Comiskey, owner of the Chicago White Sox, sent cheques for \$1,500 each to the ten members of last year's team who were not involved in the baseball scandal. Letters accompanying the cheques stated the money was sent to reimburse the players for the amount they lost when the White Sox failed to win the 1919 world's series.

COMRADES PRACTICE
The Comrades football team will hold a workout at the clubrooms this evening at 7:30 o'clock. All members are requested to attend.

Royals Issue Challenge To Victoria for Mann Cup

Westminster's first amateur still-hunters are very anxious on getting a hold on the Mann Cup and have issued a challenge to the Victoria Lacrosse Club. The challenge will be played in Victoria on Oct. 16 and 17. The Westminster team has played off a series of meetings held last night. This evening they met the Victoria team at the Metropole Hotel for the purpose of issuing a challenge to Victoria.

The Victoria Lacrosse Club won the Mann Cup last year and defended it in a big series at Winnipeg. This season the club struck its schedule and then dropped out of account. The high transportation expenses. The main reason played off a series which was won by Westminster, who claimed the Mann Cup. The Capitals refused to play with the trophy until it was won on the field of play. This has prompted the Royals to make a very generous challenge.

NO NEW ATTENDANCE RECORDS EXPECTED
Parks at Brooklyn and Cleveland Too Small to Handle Crowds of Former Series
New York, Oct. 5.—Notwithstanding the general increase in baseball throughout the country it is unlikely that in the present series to decide the world's championship that new records will be made in attendance for a single game or for the series. The reason for this is that the capacity of the parks where the games are to be played is insufficient to erase from the record books the top-notch figures that have been established in previous years.

Best Goal-Getter
The action of the Bays in holding out from the rugby league if the suspended players are allowed to play has prevented the amateur league from progressing far. The Bays to stand pat on their announcement that unless Matson and Pendray are reinstated, they will not play against him. The Rugby Union needs the Bays to round out a league of standards and this is causing the rugby officials to yield a point.

Others Must Wait.
All the suspended players who are anxious to be reinstated and failed to apply before noon to-day, must wait until the annual meeting of the B. C. A. A. U. which will be held here on October 31.

Pros to Referee.
In the rules last year a professional was allowed to referee amateur-ice hockey games, but this season has been removed this year. Owing to the isolated position of Victoria in not having well-informed amateurs to referee the games, the B. C. A. A. U. has decided to allow pros to referee the games in the amateur league.

THAT IS THE WAY TO BE HONEST
Chicago, Oct. 5.—Charles A. Comiskey, owner of the Chicago White Sox, sent cheques for \$1,500 each to the ten members of last year's team who were not involved in the baseball scandal. Letters accompanying the cheques stated the money was sent to reimburse the players for the amount they lost when the White Sox failed to win the 1919 world's series.

AMUSEMENTS TO-DAY

Domination—"Alarm Clock Andy." Pantages—"Winnipeg Kiddies." Columbia—"The River's End." Variety—"Romance." Remano—"The Path She Chose." Royal Victoria—"Don't Ever Marry." The Criterion—"Belmont House."

Do you remember Tom Guise, the screen character actor who made such a bit as "The General" in "Twenty Three and a Half Hours' Leave," the film in which Douglas MacLean and Doris May made their debut as stars? He appears with Charles Ray at the Dominion Theatre to-day and to-morrow in "Alarm Clock Andy."

Unique in every way was the entertainment given last night at Pantages Theatre and to be repeated this afternoon and evening by the Winnipeg Kiddies. This talented aggregation of youthful artists who, it will be remembered, came to Victoria a couple of years ago, possesses a dual charm for while their performance is given with all the abandon and innocence of children it has at the same time the finish and ease associated with more mature artists.

COLUMBIA TO-DAY MARSHALL NEILAN Presents "THE RIVER'S END" Also WILLIAM DUNCAN in "SMASHING BARRIERS"

ROMANO TO-DAY ANNE CORNWALL in "The Past She Chose" Weekly Comedy Paramount Magazine

CRITERION Carnival Thurs. Oct. 7 Admission Free

ROYAL VICTORIA "Don't Ever Marry" was the injunction given Joe Benson just three hours before he was selected as the girl of his choice. "Troubles always start with marriage" was the warning and within twelve hours after his wedding Joe had accumulated enough to last an average man through a life time.

PRINCESS To-morrow night at the Princess Theatre will be presented "The Brat" a comedy drama in three acts, so filled with witty sayings and clever situations that the play simply sparkles.

Millinery Bargains Smart ready-to-wear millinery at money-saving prices; also handsome new Fall Dresses and exclusive coats and suits. Deal here and save.

COMIC CHARACTER.

To say that this boy is the funniest "kid comedian" in the world is a strong statement. That he is the funniest on the continent of America has been proven by an effort to secure a teammate for him—an impossible feat—and it is very doubtful if Europe has a youngster that is so irresistibly funny as Jackie Finesilver, who made the gala of merriment in The Original Winnipeg Kiddies who give their last performance this afternoon and to-night at Pantages Theatre.

BARGAINS IN STOCK. Won't interest the man who is nursing a bunch of sore corns. Give him a bottle of Putnam's Corn Extract. It is painless, takes out the corns in one day. Beware of substitutes for "Putnam's." It is the best, 25c. at all dealers.

COUNCIL MANGLES THE TODD MOTION Gives Re-paving Proposal Little Sympathy and Alters It Radically

Alderman A. E. Todd's motion concerning the re-paving of streets out of general revenue met with scant sympathy from the City Council last night, and when it finally was passed, it bore little resemblance to its original form. The motion finally adopted was as follows: "Be it resolved that the City Engineer and the City Solicitor be instructed to have prepared and presented among the frontage owners a local improvement petition, fifteen-year life, petitioning for asphalt resurfacing as recommended by the City Engineer, and covering that section of Government Street extending from the south side of Humboldt Street to the north side of Cormorant Street; the city to pay fifty per cent. of the cost."

Problem of the Future. On many trunk roads which required repaving, Alderman Todd advised, it would be impossible to get the residents to sign local improvement petitions.

EXPLANATION DEMANDED. Young Husband (to wife)—"Didn't I tell you not to bring your mother with you?" Young Wife—"I know. That's what she wants to see you about. She read the telegram."

Lt. Helmsing Reports on Progress of Boys' Naval Brigade at Trail

A very interesting ceremony took place in St. Andrew's Church, Trail, when 59 boys of the Trail unit of the Boy's Naval Brigade paraded for the purpose of dedicating the flag presented to the unit by Lieut. H. P. Helmsing, of Victoria, Provincial Secretary of the B. Division of the Navy League of Canada, who is now in town.

BONUS DELEGATION TO BE SUPPORTED

Victoria Civil Servants Will Back Up Deputation When Bonus Is Requested

WHAT NAVY LEAGUE DRIVE NOW PROPOSES

Seventy years ago Canada was the world's third maritime power. Today through lack of interest of Canadians in their mercantile affairs she is in eighth place. To-day the protection of Canadian trade routes is not given by Canada and her 8,700 ships, manned by 47,000 men are neither officered nor manned by Canadians.

TO UNIFY ALL BODIES. Secretary Palmer stated that steps are now being taken for the amalgamation of all Provincial civil service bodies, with a view to ultimate incorporation with the Dominion organization.

Alice Joyce is working on the final scenes for "Cousin Kate," her forthcoming Vitaphone special production. Immediately upon the completion of "Cousin Kate," Miss Joyce will begin active work on "Her Lord and Master," based on the famous stage success by Martha Morton in which Herbert Kealey and Effie Shannon appeared as co-stars.

Admits Modern Foods Lack Sufficient Phosphate
Why 40% of Men and Women To-day Are Without Sufficient Nerve Force, Energy, Ambition and Endurance.
Thin People Need It Most and Plenty of It.
Just one or two little tablets of real organic phosphate dispensed in drug stores under the name of Bitro-Phosphate taken with each meal is probably just what you need to cause you to jump out of bed in the morning eager for the industrial battle of the day.
If you could swallow the yolks of a dozen eggs every day for a month, it might give you all the phosphate your starving nerves are craving for, but the yolks are too rich for you, and they are a strain on your system.
Phosphate is an important part of every nerve cell, every blood cell and every other cell in the body.
Even the bones must have an abundant supply.
If you are thin, weak, nervous, run-down, have no confidence in your ability to succeed in life and lack ambition, endurance and perseverance, it is probably because the food you eat isn't giving you enough phosphate, and that is all that is the matter with you.
Referring to the matter with you, Dr. Joseph D. Hurrigan, a brilliant medical specialist, formerly visiting specialist at North Eastern Dispensary, New York City, says:
"Common sense, as well as experience, should teach those who suffer from the most logical and sensible thing to do is to get into their systems the substance that is lacking, and that is the organic phosphate—Bitro-Phosphate.
Nearly every drugist dispenses Bitro-Phosphate in the original package, and as the cost is little, even since organic phosphate is advanced in price, thousands are availing themselves of the opportunity of increasing nerve force, putting on weight and growing sturdy and healthy."

MOTION PICTURE HOUSES TO OFFER GOOD INVESTMENT
Figures on Capitol Theatre Here; One-third of Issue Subscribed
FIRST DAY'S RESULT
Messrs. Burdick Brothers, Limited, the underwriters of the Capitol Theatre bond issue, announced this morning that at the close of the first day of bond selling, approximately \$100,000 worth of the \$300,000 issue had been disposed of. The securities appear to have been very well received, a block of \$20,000 being sold to one investor.

Investments in the motion picture business have proven so lucrative and the expansion of the industry has been so great that people unfamiliar with the actual operation of the business are naturally interested to know the factors which determine the production and marketing of films, from the production and marketing of other industrial necessities.
Undoubtedly because both producers and exhibitors have nothing to fear from strikes or labor difficulties is one of the chief reasons why the industry is progressing so steadily and so rapidly.
Another important factor is that the business is on a positively cash basis. No expensive credit and collaterals are required.

Stewart Williams & Co.
Duly instructed will sell by Public Auction at 1219 Wharf Street on
Thursday, October 7
At 1.30 o'clock, the whole of the
Contents of a Country Residence

NEW YORK STOCKS
SHOW LITTLE CHANGE
(By Burdick Brothers, Ltd.)
New York, Oct. 5.—A very much better feeling on the street towards stocks in general to-day and some good solid advances were registered in stocks heretofore dormant. Stocks which show large yields at current quotations are in more active demand. The development of this buying power seems to be increasing and it is particularly noticeable in the railroad stocks and bonds. Industrial stocks have been severely depressed and there seems to be a feeling in speculative quarters that quotations in certain departments have been too extremely low levels.

D.C. ELECTRIC

Accepts All Other Terms, But Will Press For Street Maintenance

SIX-CENT FARE AND A SEVEN-CENT RATE

Though faced with the B. C. Electric Railway Company's final offer...

The Council tentatively agreed, in short, to a six-cent fare, a seven-cent lighting rate...

A portion of the Council wished to accept the company's challenge...

The transportation problem was brought before the Council last night...

Reviews Situation. There seems to be a wrong idea in the minds of some aldermen...

Mr. Goward's Letter. The company's final terms, as contained in Alderman Patrick's letter...
