NO 1734-PC made available the following information
concerning CARLOS MARCELLO and his associates:

NO 1734-PC telephonically contacted agents late evening of 11/21/68, requesting a recontact on early AM of 11/22/68. Contact made, and NO 1734-PC advised that, after considerable wrestling with his conscience during the night, he had come to the conclusion that he would cooperate without reservation. He stated he would do so only with complete assurances that his identity would never be revealed outside the Bureau. Thereafter, NO 1734-PC furnished the following information:

CARLOS MARCELLO is extremely upset with PHILLIP SMITH because MARCELLO's son, JOSEPH C. MARCELLO, is a possible target of a Federal Grand Jury subpoena for having witnessed the bill of sale between SMITH and CHARLES EVANS, the latter representing himself as LEONARD CUNNING, who was killed in gangland fashion in Kansas City on 10/1/68.

NO 1734-PC stated that MARCELLO has ordered PHILLIP SMITH to sell off real estate investments which would normally be held for long term speculative investments because MARCELLO is in dire need of ready cash. NO 1734-PC stated that PHILLIP SMITH has been associated with MARCELLO since 1950 and, outside the immediate family, is the most trusted confidant MARCELLO has, handling all his real estate transactions and advising him on a daily basis regarding his investments.

NO 1734-PC stated that GIUSEPPE GAGLIANO (former under boss in New Orleans) met with MARCELLO in his office at the motel yesterday for unknown reason. NO 1734-PC advised that FRANK GAGLIANO has approached MARCELLO for money to purchase a home and was turned down by MARCELLO. NO 1734-PC stated MARCELLO offered to lend GAGLIANO the \$300 closing costs but no more.

NO 1734-PC stated that an individual, known to him as Dr. FRANK (RAGANO), attorney for SANTO TRAFFICANTE, was in town approximately a month ago and met surreptitiously with MARCELLO

0
COVER PAGE

NO 92-36
JCM - smj

and other unknown individuals. Dr. FRANK stayed at the Bourbon Orleans while in town. NO 1734-PC stated that MARCELLO ordered him to send to Dr. FRANK on 11/21/68, a package containing the complete deposition given by MARCELLO to Life Magazine recently.

NO 1734-PC advised that the reason for the coolness between JOSEPH PORETTO, suspected LCN member, and MARCELLO is that PORETTO allowed a sewerage bill in excess of \$10,000 to accumulate on the Town and Country Restaurant and Lounge, which was billed to the motel. PORETTO refused payment of this bill, and NO 1734-PC advised MARCELLO that, inasmuch as PORETTO's lease option had expired, to put him on a month-to-month rental basis, which was done. Therefore, PORETTO has nothing to sell if he wants to get out of the restaurant, except his fixtures and goodwill.

NO 1734-PC advised that CARLOS MARCELLO can read words in English but has difficulty in putting phrases and sentences together and, therefore, relies entirely on PHILLIP SMITH for direction and guidance. MARCELLO has recently instructed SMITH to tutor JOE C. MARCELLO in the handling of real estate matters, but JOE C. MARCELLO is not overly intelligent and probably, in NO 1734-PC's opinion, will not be able to grasp the intricacies of real estate transactions.

NO 1734-PC advised that JOE C. MARCELLO has PHILLIP SMITH's telephone tapped, as well as JOE C. MARCELLO's wife's telephone tapped. NO 1734-PC advised that BILLY GAUTREAU, former administrative assistant in the Jefferson Parish Coroner's Office, was one of the individuals utilized by MARCELLO to tap telephones. GAUTREAU was recently sentenced to eighteen months in Angola for obtaining funds fraudulently from the Coroner's Office.

NO 1734-PC advised that an individual known to him only as TEX, who is presently incarcerated in a prison in Texas, was another individual utilized by MARCELLO to tap

P
COVER PAGE

NO 92-36
JCM - smj

phones. NO 1734-PC advised that JOE C. MARCELLO maintains a locked cabinet in his office where he stores tapes from the taped conversations, and NO 1734-PC has heard PHILLIP SMITH's voice on one of these tapes.

NO 1734-PC advised that, whenever CARLOS MARCELLO has to appear in court or any type of hearing, he empties the contents of his wallet and gives it to PHILLIP SMITH to place in an envelope until he returns.

NO 1734-PC advised that MARCELLO is an unscrupulous and vicious-type individual whenever he comes upon information which can be used to blackmail people for his services. He advised that his (MARCELLO's) long-time secretary, DOROTHY CROWDER, could be cited as a typical example, inasmuch as MARCELLO holds the mortgage on her home and the fact that she needs money in order to support her sick mother.

NO 1734-PC advised that JIMMY ARNONE, the night clerk at the Town and Country for the past three years, and his brother, JOE ARNONE, recently discharged from the military, and now chauffeuring MARCELLO, are related to MARCELLO on MARCELLO's wife's side of the family.

NO 1734-PC advised that MARCELLO for a long time has suspected a source among his employees at the Town and Country, and NO 1734-PC has assisted him in setting traps to reveal the identity of this source.

NO 1734-PC advised that MARCELLO has many contacts throughout the state and, therefore, NO 1734-PC is extremely concerned regarding his own identity as a source. NO 1734-PC refused to go into specifics because of the circumstances of the contact and the limited time of the contact, but this will be pursued with him in the future among the numerous other aspects of the MARCELLO operation.

NO 1734-PC was contacted 12/3/68, telephonically, on 12/5/68, personally, and on 12/6/68, telephonically.

On 12/3/68, PC advised that CARLOS MARCELLO met with GIUSEPPE GAGLIANO again and also with ANTHONY CAROLLO. He advised that, because of the "heat" being placed on the Town and Country Motel office complex, MARCELLO was taking the precaution of leaving the area when someone came to talk to him about something important, and he did not wish law enforcement to be aware of their presence.

He noted that, for example, when CAROLLO came to meet him, they left almost immediately in CAROLLO's car, either to drive around or to drive to another location, and he does not know the topic of their discussion. In the case of GAGLIANO, he stayed only a few minutes and departed and left a newspaper for CARLOS MARCELLO to read, which MARCELLO put in his center desk drawer.

NO 1734-PC noted that in the case of the recent meetings between MARCELLO, GAGLIANO, and CAROLLO, it is the first such activity that he has noted since the LaStella Restaurant meeting in 1966. NO 1734-PC advised there is definitely something "in the wind" which is prompting these meetings, but to date he does not know the reason therefor, other than the fact that "Dr." FRANK RAGANO (TRAFFICANTE's attorney) called CARLOS MARCELLO on 12/3/68, and there very probably is a connection between this telephone call and these recent meetings.

On 12/5/68, NO 1734-PC advised that GIUSEPPE GAGLIANO again met with MARCELLO very briefly on the AM of 12/4/68. He further advised that Dr. FRANK had tried to reach MARCELLO today from Miami, but MARCELLO was unavailable, and MARCELLO's secretary advised RAGANO that he would not be back in town until late evening and to place the call tomorrow. NO 1734-PC advised that normally either himself and/or DOROTHY CROWDER

R

NO 92-36
JCM - smj

know MARCELLO's whereabouts at any given moment but that today he left unaccompanied, driving his own personal car, and NO 1734-PC speculates that more than likely he drove to Baton Rouge, Louisiana to see his girl friend, GLORIA DE SANTOS; otherwise, he would have utilized a chauffeur.

NO 1734-PC stated that CARLOS MARCELLO had earlier called CROWDER long distance, place unknown, and informed her that he would be back that evening. NO 1734-PC stated that he overheard MARCELLO tell his brother, JOSEPH, that he should be ready to make a trip to Miami next week or the week after. NO 1734-PC speculates that this is probably a result of the meetings between MARCELLO, CAROLLO, and GAGLIANO. NO 1734-PC advised that he will follow this matter closely and immediately advise when he determines exactly how and when JOE MARCELLO departs.

NO 1734-PC advised that an individual by the name of (FNU) SIMON was to meet with CARLOS MARCELLO today concerning the prospective purchase of Churchill Farm Estate. At this point, NO 1734-PC knows only that SIMON represents Brown and Root in a proposed offer to purchase this property. NO 1734-PC noted that this property is estimated to be worth \$18,000,000, and CARLOS MARCELLO's net worth is approximately \$30,000,000.

NO 1734-PC advised that, as of a year ago, he has complete and sole authority to write checks on every corporate entity in which CARLOS MARCELLO is involved. He noted that yesterday for the very first time CARLOS MARCELLO asked him for the figures on the balance of each corporate bank account. He does not know the reason for this.

NO 1734-PC noted that he has copies of all the balance sheets and will make these available. He further noted that he has convinced MARCELLO for the need of a copy machine in the office and will utilize same this coming Saturday when he is alone and can work unencumbered by the

S
COVER PAGE

NO 92-36
JCM - smj

presence of others to copy all documents in MARCELLO's financial empire and other related documents of possible interest. He noted that this task will take some time, as there are many variables involved concerning his access to them, and he will have to work at it piecemeal.

NO 1734-PC advised that CARLOS MARCELLO has essentially four large tracts of land; 1) Churchill Farm Estate; 2) Cyprus Gardens, which is a piece of property of approximately 150-170 acres in size, which is located between the Woodland West Subdivision and the Timberlane Country Club on the west bank of the Mississippi River in the Harvey-Gretna, Louisiana area; 3) the piece of property on Veterans Memorial Highway across from Dorignac's Super Market, approximately 50 acres in size, valued at \$1,250,000; and 4) a piece of property in St. Charles Parish on Highway 90 West, which presently houses a marina known as Al and Maria's on the road to Thibodaux, Louisiana.

This piece of property is 500 acres in size, consisting mostly of swamp land and is owned in the name of JOSEPH BALESTRE (phonetic), son of deceased Captain JOHN BALESTRE, long-time associate of MARCELLO from Morgan City, Louisiana. JOSEPH, as JOHN's heir, inherited one-half interest, and MARCELLO owns one-half interest. JOSEPH BALESTRE is an engineer currently working and residing in the Detroit area at a legitimate job.

NO 1734-PC noted that, in relation to the property across from Dorignac's, that CARLOS MARCELLO had sent him to the City Council meeting this afternoon in Gretna, Louisiana to have this piece of property sub-divided, inasmuch as it was too large for ready sale, and they have found a purchaser for half the property at \$600,000.

NO 1734-PC noted that WARREN DAY, formerly closely associated with CARLOS MARCELLO regarding real estate matters, has arranged for a buyer for this parcel of land and will

T
COVER PAGE

NO 92-36
JCM - smj

receive a 6% commission on its sale. He noted, however, that WARREN DAY is no longer in good graces with CARLOS MARCELLO for several reasons. He stated that DAY is a braggadocio-type individual, drinks heavily, and on one occasion struck NO 1734-PC when he would not divulge to him CARLOS MARCELLO's whereabouts. He noted that DONALD STONE, long-time associate and chauffeur of MARCELLO, was present at the time and ejected DAY from the office. When MARCELLO found out about this specific incident, he severed his close association with him.

NO 1734-PC will follow this situation and advise as to the purchaser and other pertinent details.

NO 1734-PC advised that CARLOS MARCELLO also owns one-half interest in the Holiday Motel on Highway 90 West, but it is in JOSEPH MARCELLO's (JR.'s) name, and they are selling this tomorrow (12/6/68) to the party who owns the other half interest, named STANDRIDGE, for a piece of \$105,000.

NO 1734-PC advised that CARLOS MARCELLO owns several other pieces of land in lot size scattered throughout the parish, of which he can report later in detail, as well as the corporations which control this property.

NO 1734-PC was questioned as to the ownership of the property which houses the club known as Soul City. NO 1734-PC advised that this is owned by JOE C. MARCELLO, the son, and JOE MARCELLO, JR., the brother, but is in the name of an attorney named A. J. GRAFFAGNINO (phonetic). In this regard, PC advised that, before the MARCELLOS opened Soul City, CARLOS MARCELLO had been approached by EMILE IACOPANELLI and Jefferson Parish District Attorney FRANK LANGRIDGE to build an apartment complex on the property adjacent to Soul City, which formerly housed O'Shaunnessey's Bowling Alley, and utilizing both properties for this complex.

U
COVER PAGE

NO 92-36
JCM - smj

NO 1734-PC advised that CARLOS liked the idea and agreed, but in the negotiations thereafter LANGRIDGE and IACOPANELLI left CARLOS MARCELLO's name out and, therefore, CARLOS did not go through with it.

NO 1734-PC advised that JOSEPH PORETTO sent word back to CARLOS on 11/27/68, that he was being interviewed by two FBI agents, and they were on the way back to interview him when they finished there. Later, PORETTO came to MARCELLO's office immediately after agents' departure, to report to him. At that point, CARLOS had a visitor in his office which he sent into NO 1734-PC's office, instructing NO 1734-PC to lock the door and give him coffee.

NO 1734-PC does not know the identity of this individual and, when the FBI did not show up, he went back into MARCELLO's office. When MARCELLO found out from PORETTO that ANGELO PALMISANO had been arrested, he instructed NO 1734-PC to arrange bond for him, which NO 1734-PC declined to do, telling CARLOS he had too many other important things to do and to have G. WRAY GILL or A. J. Bonding Company make the arrangements, which was done.

NO 1734-PC was queried as to whether or not CARLOS MARCELLO made an attempt to bribe any of the jurors at his recent trial in Laredo, Texas, to which NO 1734-PC responded no. NO 1734-PC noted that he feels that, if such an attempt had been made, he would have had knowledge of it.

The same question was posed to NO 1734-PC concerning CARLOS MARCELLO's trial in 1963, with JOSEPH "BABY" MATASSA on charges of obstruction of justice and jury tampering. NO 1734-PC advised that, although one juror claimed he had been approached, NO 1734-PC does not feel that MARCELLO instigated this but rather MATASSA, possibly at MARCELLO's instructions without NO 1734-PC's knowledge, had made the approach to the juror, it being noted that both MARCELLO and MATASSA were acquitted by a trial jury concerning the alleged bribery attempt.

V
COVER PAGE

NO 92-36

JCM - smj

NO 1734-PC noted that MARCELLO is in almost daily contact telephonically with MATASSA concerning the operation of Pelican Tomato Company and that the reason that MIKE DE MARCO was recently hired by Pelican Tomato Company was that the volume of business had increased to the extent that MATASSA and JOE SALADINO could not handle it.

NO 1734-PC was questioned as to MARCELLO's relationship to State Senator JOHN SCHWEGMANN, whose chain of supermarkets is one of Pelican Tomato Company's largest customers. He advised that JOHN SCHWEGMANN and CARLOS MARCELLO are close friends, and he believes that MARCELLO loaned SCHWEGMANN money when he first began expanding his supermarket chain.

NO 1734-PC was questioned as to MARCELLO's exact relationship with Jefferson Parish District Attorney FRANK LANGRIDGE. He advised that they are just close friends and have been for many years, having grown up in the same area. He stated this was also true regarding MARCELLO's relationship with BEAUREGARD MILLER, Chief of Police of Gretna, Louisiana. NO 1734-PC advised that MARCELLO exercises no particular control over either of these individuals as such.

NO 1734-PC was questioned as to what, if any, relationship MARCELLO has with State Attorney General JACK P. F. GREMILLION and the exact purpose of telephone calls made to the State Capitol, from Stevie Motel, Inc., telephone numbers in 1966. NO 1734-PC responded that a great many of the calls were made by himself to Assistants in the Attorney General's Office with whom he had become friendly during his years as Parish Attorney of Jefferson Parish, wherein he would request legal opinions concerning servitude and other questions of realty law.

NO 1734-PC acknowledged that AUBREY YOUNG, former Aide to the Governor, was a contact of MARCELLO in the Governor's Office and frequented the Town and Country Motel

W
COVER PAGE

NO 92-36
JCM - smj

repeatedly until MARCELLO ordered him to stay away because of his drinking problem.

NO 1734-PC advised that he does not know off-hand specific amounts of money or individuals to whom it was contributed, but he knows that MARCELLO contributes heavily to individual political campaign funds for numerous politicians throughout the state at their request and does so by writing checks on his personal account at the Merchants Trust and Savings Bank in Kenner, Louisiana. He stated that he would obtain this information in the future and, if possible, obtain copies of the cancelled checks.

NO 1734-PC was queried as to whether or not MARCELLO has any Swiss bank accounts or investments outside the continental United States. NO 1734-PC stated emphatically that he knows personally that MARCELLO has no Swiss bank accounts. Further, he knows that MARCELLO has no investments in Mexico or any other foreign country.

In this regard, NO 1734-PC noted that, during the time CARLOS MARCELLO was having his deportation problems, he had decided that he liked Guatemala and would remain there; however, his wife, JACKIE, would not leave the country. Further, in order for him to obtain permanent resident status, he would have had to pay the then President of Guatemala \$250,000. MARCELLO asked NO 1734-PC's advice concerning this, and NO 1734-PC advised against it. Later, the President was assassinated, and he pointed out to MARCELLO that he saved him \$250,000, as the successor would have either thrown him out or demanded a like amount. NO 1734-PC stated that he does not know how MARCELLO returned surreptitiously to this country from Guatemala and has never made an effort to determine this.

NO 1734-PC was asked if he ever accompanied MARCELLO on out-of-town trips, to which he responded he had traveled to New York and Washington, D. C. with MARCELLO on several

X
COVER PAGE

NO 92-36
JCM - smj

occasions. He noted the trip to Washington, D. C. was in response to a subpoena concerning VINCENT MARCELLO's difficulty with Federal Communications Commission in the illegal use of broadcasting on radios utilized by the Jefferson Music Company in their vehicles utilized on routes.

The trips to New York were in conjunction with MARCELLO's proposed deportation to Italy, where they met with JACK WASSERMAN and Dr. ROSSI, a former Italian Consul in New Orleans many years ago. ROSSI was MARCELLO's representative and Italian lawyer in Rome in regard to his deportation to Italy. NO 1734-PC knows that money was paid to ROSSI, and he believes that he can find the exact amount in the form of a cancelled check.

NO 1734-PC was questioned specifically about MARCELLO's influence or control over the mayor of Kenner, Louisiana, EDDIE D'GEROLAMO, to which he responded they are merely close friends, and EDDIE D'GEROLAMO takes orders from no one, except his uncle, VIC CORONA, former city marshal of Kenner. He stated at one time CORONA and MARCELLO were very close, but that is no longer the case.

NO 1734-PC was questioned as to DONALD STONE's present relationship with MARCELLO. He stated that at the present MARCELLO has dropped STONE because of STONE's drinking problem but that STONE has received financial assistance from VINCENT MARCELLO to open up a lounge in the Fountainhead Apartments on Lake Villa Drive in Metairie, Louisiana and requested NO 1734-PC's assistance in obtaining the necessary licenses for this endeavor.

On 12/6/68, NO 1734-PC was telephonically contacted and advised that the sale of the Holiday Motel was going into closing at 11:00 AM, 12/6/68, and was being handled by A. J. GRAFFAGNINO in his offices.

New Orleans requested Oklahoma City to contact the Community National Life Insurance Company in an attempt to determine if they had contacted MARCELLO's references listed in this policy.

The following investigation was conducted at Oklahoma City on 10/30/68:

J. G. ROGERS, Vice President, Community National Life Insurance Company, Tulsa, Oklahoma, advised SA THOMAS W. MC LAIN that his records fail to reflect any interview of the references given by MARCELLO. ROGERS advised these interviews would have been made by Retail Credit Company and reported in their inspection report. A review of this inspection report, a copy of which was previously furnished to New Orleans, reflects MARCELLO has either obtained or attempted to obtain substantial amounts of insurance since 1962. Therefore, it is assumed that Retail Credit Company has made previous inquiries for other insurance companies and, in so doing, may have interviewed references.

Mr. ROGERS has reiterated the fact this report was furnished by Community National and should be kept confidential.

The following investigation was conducted at New Orleans:

NO 1712-PC advised that he recently determined from J. FOLSE ROY that ROY and MARCELLO are involved in an insurance company, Mayalan Insurance Company. NO 1712-PC stated that this company was incorporated in the free zone of British Honduras in July, 1966. The original incorporators were TAFT MOODY, who runs a small hotel in Beliza, British Honduras and LAWRENCE LORD TAYLOR. NO 1712-PC stated that TAYLOR operates out of ROY's office at 915 Veterans Highway, Metairie, Louisiana.

After incorporation, the company began writing insurance in Texas through the Insurance Office of Pioneer General Insurance Company in San Antonio, Texas. The Texas Insurance Department, Austin, Texas caused Mayalan a lot of trouble because they were not paying off claims. NO 1712-PC stated that ROY indicated that a Mr. CLINES (phonetic) of the Texas Insurance Department caused them the trouble. ROY indicated that they were collecting better than \$200,000 a month in premiums in Texas.

When pressed by the Texas Insurance Department to file a record of American assets for claims purposes, ROY claimed Churchill Farms, Inc. as principle asset. It is noted that Churchill Farms is a 7,800 acre estate owned by MARCELLO.

As a second asset ROY told NO 1712-PC he claimed Pecos County Water Control and Improvement Bonds, amount unstated, which were transferred from CARLOS MARCELLO to a Mr. CORBETT to J. FOLSE ROY and then to Mayalan Insurance Company.

NO 1712-PC stated that he is slightly acquainted with LAWRENCE LORD TAYLOR and believed him to have served time in the past for mail fraud in insurance cases. NO 1712-PC stated that, from his conversation with ROY, he believed that this whole operation was a device to transfer money of CARLOS MARCELLO out of the United States and that, while handling this transfer of funds out of the United States, ROY has engaged in some type of insurance fraud in Texas.

Investigation concerning this matter is being handled under case captioned "JOSEPH FOLSE ROY, aka, AR," New Orleans file 92-559.

LV 303-C-TE advised he has received no additional information concerning the subject.

NO 1734-PC advised on 12/16/68, that MARCELLO is being driven by SAL BOEMIA to Bay City, Texas in CARLOS MARCELLO's black Lincoln Continental, 1968-1969 Louisiana license 320B871.

MARCELLO is to pick up "PICOU," Lafayette, Louisiana associate of MARCELLO. MARCELLO is transporting transcript of his trial at Laredo, Texas and is to meet with Dr. FRANK RAGANO, attorney for LCN boss SANTO TRAFFICANTE of Tampa, Florida.

NO 1734-PC also advised GUISEPPE GAGLIANO, former under boss of LCN in New Orleans is to be in attendance. The purpose of the meeting is unknown to source, and MARCELLO is to return on Wednesday, 12/18/68.

SAM HANNA (protect identity at his request), Editor, The Concordia Sentinel, weekly newspaper, Ferriday, Louisiana, advised SA JOHN A. PFEIFER of the following information on 12/12/68:

While he was attending Louisiana State University (LSU) at Baton Rouge, Louisiana from 1951-1955, NORMAN M. MAGEE, who was from Port Allen, Louisiana, also was a student in his class and was a fairly talented basketball player. After graduation, MAGEE entered the military service then returned to LSU to obtain a law degree. He was affiliated with a Baton Rouge law firm after his graduation and in about 1960 or 1961 was sent by that firm to open a branch office in Ferriday to help PERRY CORBET get the Delta Security Bank and Trust Company of Ferriday off the ground. He set up his office in a building near the Ferriday City Hall. He shared this building with JAMES "RED" MC NEW, a member of the Ferriday Town Council and an accountant, and with CLYDE WEBBER, JR., who was running an insurance agency at that time. MC NEW and WEBBER, doing business as Colony Realty, owned this office building.

except for the incident following PERRY CORBET's death, at which time it was reported that CARLOS MARCELLO had sent a wreath with his card to CORBET's funeral and may have stopped at the funeral home on the day of the funeral. NORMAN MAGEE, of course, was CORBET's personal attorney and the one handling his estate. However, he has learned that Mrs. CORBET has been supervising MAGEE very closely in disposition of this estate. His personal opinion of Mrs. CORBET is that she is an honest, moral person. /

On 12/17/68, SA JOHN C. MC CURNIN, II advised that MARCELLO, accompanied by SAL BOEMIA and GIUSEPPE GAGLIANO of New Orleans area, had departed New Orleans on 12/16/68, with a transcript of the Laredo, Texas trial in hand and were scheduled to travel to Lafayette, Louisiana to pick up MILTON "PICOU" PONTIER and then continue on to Bay City, Texas to meet with SAM TRAFFICANTE's attorney.

At approximately 12:55 PM PONTIER's house at 505 St. Camille Street, Lafayette, Louisiana was observed, and parked in the driveway was a white 1969 Pontiac Grand Prix bearing 1968 Louisiana license 47I718, registered to MILTON PONTIER at this address.

At approximately 1:00 PM a telephone call to PONTIER's number, 235-4427, determined from the woman answering that PONTIER was not home and was not expected until the evening of 12/17/68.

HO 1293-PC, contacted 12/17/68, at Bay City, Texas, furnished the following information:

This source advised she had originally been placed in contact with CARLOS MARCELLO by one JACK HALFEN, Collegeport, Texas, in connection with MARCELLO's attempt to buy the Oasis Motel at Bay City. HO 1293-PC advised that MARCELLO reportedly made two or three attempts to purchase the motel and used MOISE E.

SIMON, a Bay City attorney, in these attempts. Being unsuccessful, HALFEN reportedly furnished HO 1293-PC's name to MARCELLO as being the one who could effect the sale. HO 1293-PC stated she was contacted from New Orleans by persons representing themselves to be connected with the Holiday Inn Motel chain and went to that city with that understanding.

HO 1293-PC met MARCELLO and his attorney, BOB ANDREWS, a young white male attorney from Florida. MARCELLO claimed he was investing Teamsters Union funds and made an offer of \$850,000 for the motel, furnishing her with \$100,000 earnest money which she brought back to the owner at Bay City. At this point, the owner decided he did not desire to sell the motel and refused to discuss any of the terms with her.

HO 1293-PC stated that, while in New Orleans, she stayed at the Town and Country Motel and was taken to Lafayette, Louisiana by MARCELLO to meet a realtor who was supposed to handle future dealings the two would have. This Lafayette realtor was unavailable, and HO 1293-PC does not recall his name or the location of his office, which she described as a small "two by four rathole." HO 1293-PC has no further information regarding the possible sale of the Oasis and refused to deal with the owner in view of his past activities.

HO 1293-PC further stated that CARLOS MARCELLO is attempting to negotiate for the purchase of 116 acre parcel of land in Houston, Texas, commonly known as Golfcrest Country Club, and recently contacted HO 1293-PC through HALFEN in regard to the purchase of a 16 acre parcel of land in Friendswood, Texas, a suburb of Houston.

HO 1293-PC was requested to attend a meeting at Orange, Texas on 12/17/68, at which the above two prospective sales were to be discussed. HO 1293-PC advised that MOISE

SIMON was supposed to attend the meeting; however, as of noon, 12/17/68, he was still in Bay City, Texas. HALFEN did travel to Orange to attend the meeting. HQ 1293-PC had no knowledge of the location of the meeting or who would be in attendance; however, HALFEN did tell her that he would see her on 12/23/68.

By communication dated 12/31/68, the Jackson Division furnished the following information:

On 12/22/68, and 12/24/68, Attorney FRANK E. SHANAHAN, JR., Vicksburg, Mississippi (who requested that his identity be protected), advised SA JACK G. WILSON that he had heard from a source, who is in a position to be knowledgeable concerning such matters, that one of CARLOS MARCELLO's lieutenants from the Gulf Coast of Mississippi, probably Gulfport, Mississippi, had been in Vicksburg, Mississippi on 12/19/68 and 12/20/68, attempting to arrange things so the town could be opened up to prostitution and extensive gambling activities. Attorney SHANAHAN was unable to find out what this individual's name was, other than possibly GUISSIPPI (phonetic) or COSANDRA (phonetic).

MARCELLO's lieutenant is supposed to have arranged through JOHN E. ELLIS, recently-elected District Attorney, Sheriff PAUL L. BARRETT of Warren County, Mississippi, Chief of Police MARION BROWN, and Detective Captain ROY REDDITT of the Vicksburg, Mississippi Police Department, to place prostitutes at the Holiday Inn, the Magnolia Motel, and the Downtowner, all of Vicksburg. In addition, T. D. FARRIS, T. D.'s Place, China Street, would be given permission and the backing to operate a numbers game at his lounge. BERNIE BIERMAN was allegedly offered the job of strongarm man to keep any dissenting elements in line; however, BIERMAN allegedly refused the offer. BIERMAN was to have his existing debts liquidated, which amounted to approximately \$200,000, in return for his services.

Approximately two months ago, an unidentified gambler from the Gulf Coast is supposed to have offered an ex-gambler, who now resides in Vicksburg, Mississippi, \$10,000 if the Vicksburg man would go into business with him and set up a lay-off operation for the Gulf Coast gamblers. The Vicksburg man is supposed to have turned down the offer, claiming that he is now too old to get involved in this type of an operation.

Attorney SHANAHAN also advised that he has been told that JOHN ELLIS and other members of his family, also attorneys, represent a financial syndicate that is backed by unknown persons in Cleveland, Ohio, whose principal interest is in real estate. SHANAHAN advised that he considered it strange that a financial syndicate would operate through young lawyers with limited experience since graduating from law school, rather than through one of the established and legitimate banks.

Attorney SHANAHAN advised that he believes his information has been supported in part as, after having learned of the above, he talked to one KAY KING who is now a clerk at the Downtowner Motel. KING indicated that she was going to leave town, taking a two-week vacation to Acapulco, Mexico and that she was thereafter going to New Orleans, Louisiana, where she was going to get a setup at an unspecified lounge where she anticipated making \$400 per week. SHANAHAN was of the opinion that KING would be involved in gambling and/or prostitution.

The Houston Division advised on 1/15/69, they were maintaining contact with HO 1293-PC in a further attempt to identify the location of the alleged meeting attended by MARCELLO on 12/17/68.

and that New Orleans has information that O'DAY was making contacts reportedly to obtain financing for this purchase through CARLOS MARCELLO.

Mr. POL advised that, according to his source of information, the meeting on 1/2/69, was at least partially for discussion of the reconstruction work on Blue Lake Manor.

Mr. POL advised that Delta-Wye Corporation, 858 Market Street, Pascagoula, Mississippi, is doing the drafting work for the reconstruction job. He said that Delta-Wye lists A. JOHN OLINGER, P. E., and PHILLIP M. HUMBER, P. E., as its engineers. He said that Associated Realty Company, 858 Market Street, broker-KELLIS MADISON, is one and the same organization as Delta-Wye Corporation. He said that he does not know what activities Associated Realty Company is dealing in.

Mr. POL further advised that Bagwell Neal Contractors, Baton Rouge, Louisiana, is making a very strong effort to obtain the painting contract for the new Ingalls Shipbuilding Corporation under construction at Pascagoula, Mississippi. He said that he suspects that this company may have hoodlum connections but that he has no proof of this. He said that his company would be very desirous of avoiding awarding a contract to any organization that is involved with the hoodlum element.

By communication dated 2/3/69, the New York Division advised as follows:

On 1/29/69, Former PCI MICHAEL RAYMOND and Chicago PCI LEG NETZEL furnished the following information concerning their trip to the New Orleans area:

They advised they departed O'Hare Airport, Chicago, 10:40 AM on 1/22/69, aboard Delta Flight 765. After one stop in St. Louis, they arrived in New Orleans shortly after 2:00 PM. There they were met by FRANK CASONE. RAYMOND was introduced as PAUL ROGO.

CASONE drove them directly to the Town and Country Motel in New Orleans and there left them in the automobile and entered the motel. Shortly thereafter, CASONE came back to the car and told them they had an appointment with CARLOS MARCELLO for the next afternoon. They then had lunch in the New Orleans area and then drove to Gulfport, Mississippi, where CASONE checked them into the Admiral Benbow Motor Inn. CASONE stayed with them the rest of the evening, which included the "Trophy Room" of the Broadwater Hotel, which RAYMOND advised CASONE seemed to be quite well known at.

During the course of the evening, RAYMOND gradually built a cover story for himself with CASONE indicating to CASONE that he was a wealthy financier currently out of Chicago who had excellent banking connections in Miami, Nassau, Bahamas, Switzerland, and Montreal. In turn, CASONE advised that he was the former "boss" of Memphis and was very strong in the Gulfport and New Orleans areas, as well as being a "dear friend" of CARLOS MARCELLO. Both RAYMOND and NETZEL noted that, at all times, CASONE carried a gun with him.

In discussion, he continually mentioned various political figures he was acquainted with and indicated he was currently operating in real estate. Specifically, RAYMOND indicated to CASONE that his intention in meeting MARCELLO was that he desired to put up a major resort hotel in Nassau, Bahamas similar to Paradise Island. He advised that he specifically wanted MARCELLO's cooperation in handling the gambling casino at this proposed hotel. In this connection, RAYMOND indicated to CASONE that he had an "in" with the Bahamian Government to obtain a license for gambling.

During the discussion concerning financing for this project, RAYMOND indicated that major loans would have to be made and that some collateral might be needed to finance these loans. CASONE indicated to RAYMOND and NETZEL that this would be no problem at all, that he or MARCELLO would have

access to any type of collateral necessary. The inference was clear to both NETZEL and RAYMOND that CASONE was referring to illegal collateral, either spurious or stolen.

The following morning CASONE woke them early at 7:00 AM. They then had breakfast and then drove to friends of CASONE's named BETTY and BILL FLANAGAN, who are in the real estate business in Gulfport. They then drove to New Orleans and the Town and Country Motel. They went directly to the rear office of CARLOS MARCELLO but, after waiting a few moments, decided to have lunch. While they were eating lunch, the telephone rang in the restaurant summoning them to MARCELLO's office. As they entered MARCELLO's office, they noted that he was seated behind a large desk which had the initials CM.

CASONE immediately became very subservient and sat on the edge of his chair throughout the discussion.

RAYMOND was immediately introduced by CASONE as ROGO, and MARCELLO advised RAYMOND to call him CARLOS. RAYMOND then proceeded for about 20 minutes to lay out his plans for a proposed resort hotel in the Bahamas. Near the end of his discussion, he indicated that he intended to have the gambling casino on the top of the hotel, which would afford a panoramic view. At this point, MARCELLO jumped into the conversation and advised that this would not be a workable plan. He advised that the casino must be on the ground floor, as the wives returning in the evening with their husbands would never let them get up to the gambling casino. He advised they would also have to consider carefully how many stories the casino would have depending on building costs in the Bahamas. He stated it would also be more profitable to increase the number of rooms that RAYMOND intended from 250 to 400 or 500.

MARCELLO pointed out that he has approximately 100 rooms at his motel and could almost run the motel as cheaply with double that number. MARCELLO also disagreed

CCC

NO 92-36
JCM - smj

with RAYMOND's theory of financing concerning a lease back, as they would have to have the control over the hotel firmly in their hands.

MARCELLO then went into the gambling end and advised he would completely handle all arrangements, including obtaining and financing the gambling equipment and all of the gambling personnel needed. He advised that he had access to lists of gamblers throughout the country, could immediately check on their credit with one phone call, and could arrange needed gambling junkets. He asked RAYMOND whether or not he had the land available, and RAYMOND indicated he did. He also asked RAYMOND whether or not he could obtain adequate financing, and again RAYMOND indicated he probably could.

MARCELLO advised that the next thing he desired in connection with this transaction was to have one of his men go with RAYMOND to the Bahamas so that they could "clock" the take at Paradise Island. He indicated he would like to have this done in the next week or two.

After about 45 minutes of discussion, the conference ended, and RAYMOND and NETZEL left the office, CASONE staying for a few minutes. When CASONE came out, he seemed to NETZEL and RAYMOND "on top of the world." They had noted that, prior to going into the office, he was somewhat uneasy.

It was NETZEL's opinion that RAYMOND had completely impressed both CASONE and MARCELLO with his ability to perform.

That evening CASONE, NETZEL, RAYMOND, and three girls went out. One of their dates was MARCELLO's secretary, DOTTY.

RAYMOND continued with his cover as that of a big financier and spender and, after they had been drinking for some time, invited them all to go to Nassau that night. The following morning he did, in fact, fly them to Nassau, where they stayed several days at Paradise Island. During the course

DDD

of this stay, CASONE spoke with the "pit boss" and several officials of the casino. He then told RAYMOND that the casino was netting \$30,000,000 a year, of which \$10,000,000 was being "skimmed."

RAYMOND then flew the party by chartered airplane to the Florida Keys, where he advised them his yacht would pick them up. RAYMOND advised he actually does have a yacht but that the water was too rough for the vessel to come from Miami to the Keys. RAYMOND stated there they parted, CASONE returning to the New Orleans area, and he and NETZEL flying to New York.

While NETZEL and RAYMOND were being interviewed in New York, CASONE telephoned them and advised on his return he had gone to see MARCELLO again and told him what he had found out about the take in Paradise Island. They advised that CASONE was most intent on progressing the "deal."

RAYMOND advised that, in regards to his taking a MARCELLO representative to the Bahamas to "clock" the count, he thought he would advise MARCELLO and CASONE that he was too tied up in financial affairs and would request MARCELLO to send his own man over alone.

NETZEL advised he would have to immediately return to Chicago, as he was advised by his wife that his daughter had fallen and suffered a concussion.

Both RAYMOND and NETZEL were questioned concerning a possible violation in this scheme, and they both indicated that they were sure that MARCELLO or CASONE or together would offer fraudulent securities if and when the occasion arose to finance the hotel.

NETZEL again reiterated the fact that RAYMOND was in "solid" with both CASONE and MARCELLO as a result of their trip.

ADMINISTRATIVE

The following investigation was conducted by SA DAVID A. BARCLAY:

On January 21, 1969, SA 775-C-TE advised SA DAVID A. BARCLAY that he asked MORRIS JAFFE approximately two months ago how he was getting along with the "Mafia" in New Orleans. Informant said JAFFE told him that nothing further had been developed regarding the shopping center he was planning to build in the New Orleans area. Informant said he doubted very much if the "Mob" would confide very much with MORRIS JAFFE as JAFFE is too talkative. Informant said he will probably see JAFFE at dinner on Thursday of this week and if the opportunity presents itself, he will ask JAFFE if anything further has developed in regard to his contacts with CARLOS MARCELLO regarding the building of the shopping center in New Orleans.

On February 11, 1969, SA 775-C-TE advised SA DAVID A. BARCLAY he has not had a chance as yet to talk to MORRIS JAFFE regarding his interest and/or association with CARLOS MARCELLO in New Orleans. Informant stated he is attending a dinner this Saturday night, February 15, 1969, and possibly JAFFE will be at the dinner at which time he will try to talk to him about his association with CARLOS MARCELLO.

On March 6, 1969, SA 775-C-TE advised he has not had a chance to talk to MORRIS JAFFE regarding CARLOS MARCELLO; however, he doubts if JAFFE has anything going with MARCELLO at the present time, as JAFFE is busy with MICKEY MANTLE and his chain of restaurants and also is busy with the Texaco Oil Corporation regarding the installation of food service with new service stations in the Texaco Oil Corporation chain of stations. Informant advised when the opportunity presents itself, he will talk to JAFFE about MARCELLO and advise Special Agent BARCLAY.

On January 16, 1969, JK 108-C was contacted by SA ORVILLE R. SHOOK and advised he had no information that CARLOS MARCELLO had been making trips to Pensacola, Florida, and he did not know BERNIE BIERMAN.

By communication dated 3/18/69, the Houston Division advised as follows:

HO 1293-PC advised on 3/11/69, that no further action has been taken concerning MARCELLO's efforts to purchase a motel in Bay City, Texas, nor has any attempt been made through HO 1293-PC to purchase the 66 acre parcel of land in Friendswood, Texas, in which MARCELLO had indicated a prior interest.

HO 1293-PC advised that information had been received from JACK HALFEN, who resides at Collegeport, Texas, that MARCELLO is indebted to HALFEN for some past favor. HO 1293-PC stated that HALFEN spends a great deal of time in HO 1293-PC's place of business and has indicated a desire to share a part of the office.
