PRICE FIVE CENTS

EARTHQUAKE IN CALIFORNIA

Two Tremors Are Recorded Here During Week-end

Northern Part of Golden State Is Rocked

Two earthquakes, one of unusual severity, were recorded at the Gonzales Heights Observatory during the week-end. This morning at 1 hour 6 minutes 13 seconds a severe earthquake was recorded on the seismograph, the maximum wave coming at 1 hour 8 minutes 23 seconds. The record continued over four hours, and owing to the very sensitive nature of the instruments the maximum record showed a movement on the register of over six inches. The movement continued for over four hours and has been computed by Superintendent Denison as 600 miles away, probably in the neighborhood of the northern California coast.

Another earthquake of a mild character was recorded on Sunday at 5:07 p.m. The record lasted for one hour and the approximate distance is about 1,500 miles.

Felt at Sacramento

Sacramento, Cal., Jan. 22.—An earthquake which lasted for several seconds shook Sacramento and towns in the Sacramento Valley early today. At Sacramento the seismograph N. R. Taylor, meteorologist of the United States weather bureau, the tremor stopped the clock in the weather bureau office.

A report received here said the shock damaged a gas tank at Willows. The quake was felt in Sacramento between 1:05 and 1:08 a.m.

At Denver

Denver, Colo., Jan. 22.—Violent earthquake shocks were recorded on the seismograph at Regis College here this morning, according to Professor A. W. Forstall. The shocks continued from 2:10 until 2:21 a.m. The motions of the seismograph needle were four inches long. Professor Forstall estimated the disturbances at from 400 to 1,000 miles north and northwest of Denver and on this continent.

Very Severe at St. Louis

St. Louis, Mo., Jan. 22.—An earthquake, described as "very severe" intensity, beginning at 3:09 o'clock this morning and lasting until 4:26 a.m., was recorded on the seismograph at St. Louis University. Six distinct shocks were recorded, it was stated. The disturbance was estimated to have been 1,400 miles south of St. Louis.

Washington, Jan. 22.—An earthquake described as "very severe" intensity was recorded on the seismograph at George University Observatory here to-day. The first shock occurred at 3:55 a.m., the disturbance reaching its greatest intensity at 4:09 a.m. and continuing until 4:21 a.m. The distance of the observatory estimated that the disturbance was 2,600 miles distant from Washington.

Another Report

Sisson, Calif., Jan. 22.—This town was severely shaken by an earthquake at 1:04 a. m. to-day. Windows and doors were rattled and citizens awakened. The quake seemed to travel from south to north.

At Red Bluff

Red Bluff, Calif., Jan. 22.—An earthquake which was estimated to have continued for two minutes, occurred here some time between 1:07 and 1:10 a. m. to-day. It caused doors and windows to rattle, and cracked plaster in a number of homes, but no material damage was reported.

THREE EXECUTED IN IRELAND TO-DAY

Men Were Put to Death in Dundalk Jail

Forty-eight Executed in Sixty Days

1,000 REFUGEES DIE EACH DAY

Epidemic Thinning Near Eastern People in Greece

1,000,000 Refugees Declared in Need of Aid

Athens, Jan. 22.—The death list as the result of epidemics among Near East refugees in Greece now approaches 1,000 a day, according to Dr. Mabel Elliott, head of the United States women's hospitals and medical director of the relief work.

Fifty per cent. of all the refugees are suffering severely from malnutrition, exposure and inadequate food.

Dr. Elliott declared 1,000,000 refugees must be provided with shelter, clothing and food. The resources of the Greek Government, she said, have been exhausted.

PREMIER TO ATTEND KENNEDY FUNERAL

Other Federal Ministers Will Honor Memory of Late Colleague

Last Rites in Windsor, Ont., Wednesday

Ottawa, Jan. 22.—(Canadian Press)—Premier King, accompanied by four members of the Dominion Government from Ontario constituencies, will go to Windsor to attend the funeral of the late Hon. C. C. Kennedy in that city on Wednesday morning.

Some other members of the Cabinet may also go.

The Premier plans to leave Ottawa Tuesday at noon.

Through At Station

Windsor, Ont., Jan. 22.—Three weeks ago Hon. W. C. Kennedy, member for North Essex in the House of Commons and Minister of Railways and Canals, left Windsor for the Southern United States in the hope of recuperating his shattered health.

The private railway car of the late minister arrived here yesterday afternoon attached to a Wabash train from Buffalo, bringing the body.

An immense concourse of citizens gathered at the Grand Trunk depot, in the funeral party with Mrs. Kennedy were William Pugsley, secretary of the Department of Railways and Canals, John M. McKay, of Windsor, who was with Mr. Kennedy when he died; and a number of friends, who went to Washington to meet the body.

A public funeral will be held Wednesday.

EDMONTON THEFT CASE WEDNESDAY

Armstrong Post Office Hearing Not Continued To-day

Edmonton, Jan. 22.—Owing to the illness of W. J. Heffernan, K. C., crown counsel, it was impossible to go on with the Armstrong case this morning and an adjournment was granted until Wednesday morning next, when the hearing of the charge of theft of \$50,000 against the former Edmonton postmaster will continue.

Evidence given at the preliminary hearing so far has included the testimony of Frank W. Phelan, who was on duty Sunday evening in the registration branch of the post office.

LITTLE SEATTLE BOY LOST LIFE; HOME BURNED

Seattle, Jan. 22.—Philip Moran, four-year-old son of Mr. and Mrs. Elmer Morgan, was burned to death Sunday in a fire that destroyed the Morgan home here.

The child's father was seriously burned in an attempt to save his son's life.

SEATTLE TAXICAB DRIVER MURDERED

Was Shot Through the Head Near Tacoma

Farmers Say They Heard the Shot

Tacoma, Jan. 22.—M. J. Crowder, twenty-nine, a Seattle taxicab driver, was found dead, shot through the head, shortly after five o'clock Sunday morning on the Seattle-Tacoma highway, ten miles north of Tacoma, near Sumner, Wash.

Farmers in the vicinity reported to the Pierce county sheriff's office that they heard a shot shortly after four o'clock but paid no attention to it at the time.

Investigation, however, made an investigation, finding Crowder's body in a field, apparently having been thrown over a fence.

NEW MARKETING PLAN FOR FRUIT

Co-operative Scheme Approved at Kelowna Conference

Special to The Times

Kelowna, Jan. 22.—The fruit growers' marketing conference, started last week-end, is being continued to-day.

It is to be held at the Empress Theatre, which was well filled, the delegates to the conference placed themselves on record in no uncertain terms in favour of the principle of co-operation.

This resolution came after a lengthy discussion following a strong speech by Flood Oliver, of San Francisco, president of the National Fruit Growers' Association.

Referring to the change in conditions during the past two weeks, Mr. Oliver stated that it seemed almost incredible that so much had been accomplished in the short time, and that now all were convinced that co-operation was the only solution of the difficulties which had been the lot of the growers for the past years.

In this connection he said that the Okanagan United Growers had been the only co-operative body in the valley, and he as the adviser, had gone into the plan of organization outlined, which, if properly carried out, would mean a real answer to the question of what was to be done.

Under the plan the grower would be the foundation and starting point. They would be forming a local body. These would elect district representatives, who in turn would elect the directors, of whom it is thought there should be sixteen. These would elect the executive, which would appoint the manager, making it a most democratic body with the grower the real power at all times.

Full Information

Co-operation, said Mr. Oliver, was a failure only because grower did not realize what it was all about, and he warned the delegates to tell the growers that it was their association—to take the idea home with them, and to discuss it with the community leaders in the community to lead the way in speaking of their local as "our local."

Minister Spoke

Hon. E. D. Barrow, Minister of Agriculture, who was also present, took advantage of the opportunity to assure the growers that his Department stood ever ready to assist in any way this movement, which meant so much to them.

LEAGUE COUNCIL TO MEET THURSDAY

Several Questions for International Body to Consider

Extension of Washington Naval Pact Is One

Paris, Jan. 22.—The first session of the enlarged Council of the League of Nations will be held in Paris, beginning next Thursday.

One of the first questions to be brought up will be whether the Council will, in accordance with the suggestion adopted at the last session of the Assembly, call an international conference to deal with the extension of the Washington Naval Agreement to naval vessels of the free city of Danzig and the relations between Poland and Lithuania which will come up again, and some financial problems, including the execution of a plan for Austria's restoration, will be considered.

The relations between the Allied Powers and Germany again will have the floor in connection with the project of the German Government against the presence of troops in the Saar Valley and the jurisdiction of French courts-martial there.

It is expected the session of the Council will last three or four days.

MOVE TO ARRANGE RACE MEET HERE

Racing Organizations to Apply for Use of Willows

Preliminary arrangements for a horse-racing meet at the Willows next summer are being taken to-day by organizations interested in racing.

Applications for use of the Willows grounds for racing purposes will be made to the City Council immediately, it was announced.

The City Council's attitude towards racing is not known. Since the Oak Bay Council is racing last year the city authorities have not bothered themselves about the matter. Now the racing question is to come before them again for action.

The question before the Council appears to be who will run the Summer races and whether more than one organization is anxious to take charge of the races, it is understood, so that race track fans need assured of amusement this year now that Oak Bay electors have voted in favor of racing.

KILLED BY FALL IN A FACTORY

J. Wagstaffe, Hamilton, Ont., Jam Manufacturer, Lost Life

Hamilton, Ont., Jan. 22.—James Wagstaffe, head of Wagstaffe's Ltd., Laidlaw's Jam, was killed by a fall from an elevator shaft in the company's factory to-day and was instantly killed.

Veteran Died

Ottawa, Jan. 22.—John McDermott, aged 88, veteran of the Crimean War, and other campaigns, died at his home here on Saturday from a cold contracted the week previous. He was a pioneer of the early days of Ottawa and worked for over fifty years for J. R. Booth, Ltd. Despite his age, he had never been ill previous to catching the cold which caused his death. He was born in County Cork, Ireland.

WALES-SCOTLAND RUGBY FEBRUARY 3

London, Jan. 22.—(Canadian Press Cable)—Wales and Scotland will be the same in which defeated France on Saturday, with the exception that A. Brown, Glasgow High School, will replace A. Wallace, Oxford University.

PREMIER OLIVER THIS WEEK TO SEE OTTAWA MINISTER

Ottawa, Jan. 22.—British Columbia's views on the matter of immigration, and especially as concerns the co-operation between the Province and the Federal Department, will be expressed by Premier Oliver, Premier of the Province.

MAN SUSPECTED OF THEFT CHASED; COLLAPSED AND DIED

Montreal, Jan. 22.—After being chased by a posse of six men who suspected him of theft, Francis Charrette, 25, of St. Andrew, collapsed in the snow and when picked up was found to be unconscious. He died as he was being conveyed to a doctor.

HARDING WILL URGE LIMITATION NAVY CONFERENCE

Washington, Jan. 22.—The annual session of the Naval Conference, which includes a request by Congress that President Harding negotiate with the other powers for further limitation of naval armaments, was signed to-day by the President.

C.P.R. CONSIDERING NEW DEPOT FOR COAST SERVICE

Is Listed in Improvements for the Year 1923

Esquimalt and Nanaimo Railway Developments

Fort William, Ont., Jan. 22.—The company in 1923 will be to maintain the property generally at its present standard, to improve on that standard where possible, and to make due provision for the increased traffic resulting from a gradual return to prosperity, which is now past the stage of prediction.

Mr. D. C. Coleman, vice-president in charge of western lines of the Canadian Pacific Railway, in announcing the program for the year, Mr. Coleman is returning from Montreal, where the estimates and appropriations were considered by the executive officers of the company.

To Replace Sheds

At Fort William the main work to be undertaken will be the replacement of the existing sheds which were destroyed by fire last year with buildings of an improved type.

At Port Arthur additional trackage will be provided to accommodate grain consigned to the terminal elevators at Current River.

Coaling plants of the latest type will be built at Ignace, Kenora, Winnipeg, Estevan and Red Deer. Additional trackage to meet increased traffic will be provided at Upsala, Dymont, Dryden and Renfrew in Ontario; at Weston Shops, St. Catharines, and at Murray Park, Springdale, Fannydale and Trump in Manitoba; at Killaly, Frys, Falcon, Dingley, Regina Beach, and Leamur in Saskatchewan; at Coalville, Cauts, Stirling, Magrath, Raymond, Glenbow, Bankhead, Eldon, Lacombe, Ponoka and Strathcona, in Alberta; and at Mara, Ruby Creek and Yale in British Columbia.

Among the other large works which will be rushed to completion will be the new ocean pier at Vancouver, the extension to the coaling plant at Port William and the building of a steam ferry for automobile traffic between Bellingham and Vancouver Island.

New stations will be provided at Arden, Dallingford and Carnduff in Manitoba; at Congress, Saskatchewan, and at Lake Whidmer in British Columbia. Extensions of stations and freight sheds will be made at a number of other points.

Lunch rooms will be built at Ignace and Swift Current.

OLD COUNTRY FOOTBALL

London, Jan. 22.—(Canadian Press Cable)—Football games played in England to-day, resulted as follows:

Association Cup Replays

Brighton 1, Corinthians 0. Morecambe 1, Walsley 0. Notts Forest 1, Sheffield United 1. English League—First Division. Blackburn 1, Stoke 5.

Rugby League

Birmingham 3, Devonport Services 1. To Be Rushed. Clifton 20, Birkenhead Park 3.

RUSSIAN ARMY READY FOR DEFENCE

Moscow Editor Says 600,000 in Active Forces

Believes Numerous War Dangers Exist in Europe

NEW REPARATIONS PLAN NEXT WEEK

French to Lay Scheme Before Commission

German Domestic Loan of 3,000,000,000 Marks

Paris, Jan. 22.—Presentation of the new French plan for a new German reparations settlement, which it had been announced would be given to the members of the Reparations Commission to-day, has again been delayed. It is expected now the plan will not be ready until the end of this week.

Discussion of the plan by the Commission will not, in that event, begin until next week.

Although the reasons given for the delay is that more time is necessary to transcribe the plan and put the finishing touches on it, the developments in the German situation are regarded in reparations circles as the main cause.

German Loan

The new French reparations plan provides for a German domestic loan of 3,000,000,000 gold marks guaranteed by the leading industrialists. With the exception of 500,000,000 gold marks, which would be used in stabilizing the currency, the proceeds of the proposed loan would be paid on the Allied reparations account. The guarantees demanded by France are practically the same as she now holds.

No Resistance

Premier Poincare, Louis Barthou and the other French experts will make the proposal contingent upon the withdrawal of all resistance to France's Ruhr policy or to Allied action in other territories occupied under the Versailles Treaty.

GERMANS DEMAND FRENCH RELEASE RUHR MEN HELD

Charge d'Affaires in Paris Has Been Instructed to Protest to the French Government against the arrest of industrialists, and to demand their immediate release and full satisfaction.

He has been further charged to entreat protest in the case of the shooting of a German workman at Langenscheidt on January 19.

BONDS OF PEACE ARE STRENGTHENED

British Empire-U.S. Co-operation Supported by Speakers in New York

Geddes and Others Heard at Canadian Dinner

New York, Jan. 22.—(Canadian Press)—The urgent need for a continuation of the spirit of friendship and co-operation between Great Britain and the United States, and the importance of Canada's position as the keystone of that friendship, were points emphasized by Sir Auckland Geddes, British Ambassador to the United States, and other distinguished speakers at the annual dinner of the Canadian Society of New York Saturday night.

The relations between Great Britain and the United States were now more friendly and cordial than they ever had been in the past, declared Sir Auckland. This was a fortunate condition for the other nations of the world, he pointed out, for upon the unity and co-operation of the English-speaking nations very largely depended the future of the world.

No More Shocks Wanted

"The world is too far from stable to stand any more shocks, Sir Auckland continued. Things have gone too far to allow us to sit idly by and say all will come out all right and pay no further attention to what is going on."

The fundamental essence of civilization is the spiritual life of the people. To-day, in some parts of the world, the spiritual life seems to have grown feeble. Unless a change comes, it will be a short time, as history measures time, until the fabric of civilization will crumble.

FOUR MONTREAL VIOLENT DEATHS

Montreal, Jan. 22.—Four violent deaths were reported over the weekend, two men being killed in a railroad accident, another being killed after a fall down an elevator shaft, and a fourth man dying shortly after collapsing on the street.

BANKS IN RUHR ARE REOPENED AND SOME OF MINERS ON STRIKE

Reichsbank Branches in Dusseldorf and Essen and Other Banks Doing Business Again; German Canal Men Refuse to Tow Coal Barges Seized By French

Essen, Jan. 22.—Strikes, either partial or complete, were in progress to-day in all the Ruhr Valley mines whose directors had been arrested by the French. The state mines resumed operations, the troops having been removed.

Warned by Berlin that they would be imprisoned if they brought coal to the surface, the miners added their contribution to the nation's policy of passive resistance by voting to put down their picks. Their railway comrades, already on strike in the Bochum-Dortmund district, laid plans for a representative meeting at Elberfeld to-day to decide whether they too should refuse to assist in transporting German coal to France.

Essen, Jan. 22.—An order received from the central Government in Berlin forbids the canal employees in the occupied territory to tow any coal barges seized by the French, or to open sluices for their passage.

Dusseldorf, Jan. 22.—The Dusseldorf branch of the Reichsbank, the directors of which refused to continue business last week while troops were on the premises, was reopened to-day. The bank had been closed for several days.

Ready For Business

Essen, Jan. 22.—The Essen branch of the Reichsbank and all the other banks in the city, it was announced shortly after noon to-day, will be reopened for business between 3 and 5 o'clock this afternoon.

Few Trains

Dusseldorf, Jan. 22.—The railroad trains in this region were running desultorily this morning. The service was about ten per cent of the normal schedule.

GERMANS FORBIDDEN TO PAY IMPOSTS TO THE FRENCH

Berlin, Jan. 22.—Minister of Finance Hirth has issued an order forbidding payment of customs and coal tax and export dues to any account other than German.

Trial

Mayerne, Jan. 22.—The trial by court-martial of Fritz Thyssen and the other industrial leaders arrested in the Ruhr Valley who were brought here last week will be held here Wednesday. The French authorities announced that the trial will last only one day.

French Conferences

Paris, Jan. 22.—Premier Poincare to-day began his twice-a-day conferences with Cabinet Ministers and Marshal Foch. These frequent meetings, it has been decided, are necessitated by the developments in the Ruhr situation.

The Ministers heard a report by M. Guillaume, the Director of Mines, who returned from the Ruhr district.

Moderation

The officials continue to express a hopeful view of the outcome of the French occupation despite increasing opposition. It was indicated they intend to continue their policy of moderation toward the German workmen, believing this course will eventually win over the industrial population and break down the passive resistance of the industrial leaders and the Government.

STRIKE BREAKERS BARRED FROM RUHR

Berlin, Jan. 22.—Dispatches from Munich report that 150 Italian and other workmen, believed to be bound for the Ruhr area as strikebreakers, have been held up in Munich and not permitted to proceed to their destination.

Demonstrations

Dortmund—Nationalist demonstrations took place in Dortmund yesterday, and the city was decreed a "danger zone" by the French authorities.

All French, Allied and neutral nationals in the Ruhr district were warned to keep away from Dortmund. They were informed that they would enter the city on their own responsibility.

French troops are ready to interfere in the event of clashes between the Nationalists and the Communists.

Dortzen Active

Dusseldorf, Jan. 22.—Dr. Dorfen, leader of the separatist party in the Rhineland provinces, is reported to have had conferences with prominent members of the secession party for the purpose of proclaiming a Rhineland republic.

The French authorities profess to have no knowledge of Dr. Dorfen's whereabouts. They will not interfere with his activities in the event of his appearance in Dusseldorf on behalf of the separatist party.

Some commentators entertain the belief that France is convinced she has miscalculated the result of the occupation not what she expected, seek a means of withdrawing if possible without loss of her prestige.

To this end, it is stated here, France is re-examining the British and Italian proposals which she rejected at the Paris conference.

Meanwhile developments in the Ruhr district are awaited in Great Britain with much anxiety.

THE RHINELAND IN THE INTERESTS OF PEACE

"I have made war long enough," he said, "to say now to try to enforce peace. My mission here is a peaceful one. I have received instructions from my Government to protect the French engineers' economic mission, and I am doing so without undue severity, but without weakness.

"We have respected all liberties of the population, the press and labor. In some cases the press has taken advantage of this liberty and has printed virulent articles against us, which may necessitate our exercising a stern control and our ordering conflicts between labor and the employers, when our arbitration is requested. In such cases we will find a friend here.

"Our Government has adopted a plan for the purpose of obtaining payment of our just claims. I will enforce that plan by placing at the disposal of the Economic Mission all weapons it needs to carry on its work."

BERLIN PAPER BARS SPORT NEWS FROM FRANCE

Berlin, Jan. 22.—French racing and other sporting news has been added to the German boycott index against France. The National Zeitung announced that hereafter it will suspend the publication of all French sporting events in deference to "the wishes of all decent and patriotic readers."

German student fraternities are petitioning university heads to exclude Frenchmen, Belgians and Lithuanians.

The Theatre Managers' Association has passed a resolution to exclude French plays of all categories.

TURKS PROTEST AGAINST GREEK ARMY MASSING

Constantinople, Jan. 22.—The Turkish Government has handed the British High Commission a note protesting against Greek military concentrations in Thrace.

HOPE DEADLOCK MAY BE RELIEVED

London Newspapers Express Anxiety Regarding Ruhr Situation

French Reported Re-examining British-Italian Proposals

London, Jan. 22.—The critical situation in the Ruhr district is a subject of much anxious comment by the morning newspapers here, which regard the outlook as so dangerous that it is imperative some way of relieving the deadlock be found. Fear is expressed in some quarters lest Great Britain be forced into some form of active intervention against her will. Some circles are also fearful that if France pursues the present line of her policy she will be obliged to increase her forces greatly in the occupied district, with the result that Germany may follow with military action, which would mean war.

There already has been a report that Germany was arranging to reinstate conscription, but no official confirmation of this was forthcoming this morning. Another report, this from Paris, said General Ludendorff had been recently at Muenster, where he witnessed manoeuvres with troops gathered at that point. This, however, was also unconfirmed.

Some commentators entertain the belief that France is convinced she has miscalculated the result of the occupation not what she expected, seek a means of withdrawing if possible without loss of her prestige.

To this end, it is stated here, France is re-examining the British and Italian proposals which she rejected at the Paris conference.

Meanwhile developments in the Ruhr district are awaited in Great Britain with much anxiety.

DUKE OF YORK'S INCOME DISCUSSED

Question of Provision of Funds by Nation Arises

London, Jan. 22.—The coming marriage of the Duke of York to Lady Elizabeth Bowes-Lyon, daughter of the Earl of Strathmore, brings before the British people a question which has not arisen in many years but which in times past has been a point of difference between the Crown and Parliament. This question is the financing of younger members of the royal family. The Prince of Wales has his own estates appertaining to his title, which are sufficient for his support. Princess Mary married one of the richest men in the kingdom, Viscount Lascelles. Although there was no difficulty in her case, King George had precedents plenty for going to Parliament for a money grant if he thought it necessary to do so. The King's younger sons, in starting households of their own, must have subsidies appropriate to their station in life and Parliament either must make grants for them or their father must finance them from his own fortune. Although King George's wealth is a matter of guesswork, he probably might well afford to start his sons in life financially if it was judged by ordinary standards, but custom, strong in Britain, entitles him to expect the national exchequer to provide for them.

In Army Or Navy. Custom forbids the King's sons to work for a living, except in such employment as the army or navy where the pay is insignificant. It also compels them to live up to their position.

The embarrassing duty fell on Queen Victoria of approaching Parliament for grants for her younger children, and also because she remained so long on the throne, for her grandchildren, the daughters of King Edward, on every occasion there was opposition in Parliament, which grieved and irritated the Queen. Even in those days there were radical members of the House of Commons who insisted on asking what the minor members of the royal family did for the nation to earn their lavish upkeep.

With Labor members now constituting the second party in the lower House of Parliament and with more than 1,000,000 unemployed in the country, any proposal to finance the Duke of York on any princely scale, either in the form of a lump sum or an annuity, is certain to bring on disagreeable debates. The Duke has no great fortune of his own, nor has his bride-to-be.

RESEARCH TO AID INDUSTRIES

Scientific Methods to Be Discussed at Ottawa Conference

Montreal, Jan. 22.—For the purpose of discussing industrial and scientific research, the Canadian Manufacturers' Association has arranged for a conference at Ottawa on February 21 and 22. Co-operation in this has been promised by the Advisory Council for Scientific and Industrial Research and the support of the principal Canadian universities has been secured.

ASKS MORTGAGE BE FORECLOSED

Seattle, Jan. 22.—Suit against Jafet Lindberg, of San Francisco, mining man and banker, for foreclosure of a mortgage on \$780,773.53 worth of shares of the Pioneer Mining Company, of Nome, Alaska, has been filed here by James Valentine, Seattle attorney. The complaint asserts that the shares were put up to guarantee an issue of debentures of \$1,100,000. Valentine asserts that the bonds became due January 19. The complaint asks judgment for the total face value of the bonds, the value of the stock to be applied on the judgment.

LIQUOR ARRESTS.

Washington, Jan. 22.—Ten raids by prohibition agents and police Saturday night netted about 400 gallons of assorted liquors and eight arrests, including one woman. The choicest assortment of liquors was uncovered in a house in the fashionable section, where 250 gallons of whiskey were confiscated.

Adjustable!

When you buy a policy you want the one most suited to your own needs.

Our agent endeavors to supply you with the policy most advantageous to you and to your beneficiary.

The London Life has such an exceptionally wide range of contracts that our representative is unusually well able to suit all the needs of his client.

But circumstances may arise in future years that will make a change desirable.

To meet such cases we have designed our "Canadian Series" policies, which not only fill immediate needs but may be generously adjusted to meet future conditions.

RHINE CASTLE OFFERED FOR \$1,000

Apartment House in Mayence Bought For \$65

Coblenz, Jan. 22.—A fine fifty-room castle on the Rhine opposite Coblenz, together with its furnishings and fifteen acres of vineyards, is advertised for sale for \$1,000.

F. Mochau, of Chicago, an army official, who will depart with the United States troops, has just bought his wife's father for \$65, a farewell present of an apartment house at Mayence consisting of six three-room apartments and a plot of land. There were two pre-war mortgages on the house for 4,000 marks, or the old equivalent of \$10,000. Mochau paid off the mortgages for \$2, the present equivalent of \$5,000 marks.

An American army officer a year ago ordered a hunting rifle, then valued at \$100. On Saturday last the rifle was delivered to him, and he paid the mark equivalent for it of thirty cents in United States money.

WALKS FROM COAST TO EDMONTON

Young Man Who Left "Suicide Note" in Vancouver Makes Attempt

Vancouver, Jan. 22.—J. C. Jackson, aged twenty-two, who left a "suicide note" in a hotel room here last week and afterwards gave himself up to the police, started Saturday for Edmonton, where his parents live. He says he is going to walk all the way. Jackson's note instructed the police to look for his body in a certain spot in Burrard Inlet. They did. Three days later Jackson walked into the New Westminster police station and cheerfully explained that the water proved so cold and shallow that he chanced his mind. He was turned over to the Vancouver police, who suggested that he go back home to Edmonton. Having no money, he undertook the 600 miles afoot.

INSANE MAN KILLED WOMAN

Fatally Wounded Two Denver Men; Escaped

Denver, Colo., Jan. 22.—A woman was killed, two men were probably fatally wounded and two others, one the husband of the slain woman and a six-year-old boy, were shot when a man, believed to be deranged, ran amok in a lower down town rooming house late Sunday afternoon. The slayer, said by the victims of the shooting and other roomers in the house to be Louis Cavellitti, a vocational student at Fort Collins, fled, supposedly from the rear of the house. No trace of him has been found.

MAN KILLED AND EIGHTEEN HURT

Electric Train Struck Automobile in Chicago

Chicago, Jan. 22.—One man was killed and eighteen persons were injured when a three-car electric train struck an automobile at a crossing here yesterday.

LOCOMOTIVE MAN ACTED QUICKLY

Prevented Cars Leaving Rails After Engine Smash in Ontario

Toronto, Jan. 22.—When the Canadian Pacific express from Vancouver was approaching Bolton Sunday afternoon, en route to Toronto, it traveling about thirty-five miles an hour, the steel tire of one of the driving wheels of the locomotive splintered. Engineer Newman's attention was drawn to it by a loud rasping noise, and he was slowing down when the big mogul suddenly left the rails. Speedily applying the emergency brakes, Newman succeeded in preventing the baggage car and all the coaches from leaving the rails. Apart from the sudden jolt when the mogul left the rails, the passengers were unaware of the happening. No one was injured.

RUHR EVENTS CLOSELY WATCHED

Reference to Situation in Opening Speech of South African Parliament

London, Jan. 22.—(Canadian Press Cable)—The Speech from the Throne read at the opening of the Parliament of South Africa last Friday by Prince Arthur of Connaught, Governor-General of South Africa, was couched in such a way as to refer to the French army's advance into the Ruhr Valley. Prince Arthur said: "As far from its political aspects, it may bring about an economic crisis in Central Europe which may have very far-reaching effects even for South Africa."

The Capetown correspondent of the London Times says such a reminder of the interdependence of the nations at the present time is very timely for South Africa, where there is a tendency to assume that European events are distant and can not affect South African conditions. Premier Smuts has great prestige here owing to his influence in European circles during the war, and it is known that he takes a most serious view of the present European crisis.

EFFORT TO SAVE LIVES OF TWO

Piccarillo and Lassandra Application to Alberta Appeal Court

Calgary, Jan. 22.—Mr. Justice Walsh Saturday refused to give counsel for Emil Piccarillo and Alessandro Lassandra leave to appeal to the Appellate Court of Alberta against the death sentences pronounced on them on the basis of all or any of the thirty-two questions of law raised by McKinley Cameron in his application. The judge held that some of the technicalities cited were debatable.

Mr. Cameron announced Sunday evening that he would carry the application for leave to appeal to the Appellate Division of the court direct.

BONDS OF PEACE ARE STRENGTHENED

A Great Mission. "I believe with all my heart and soul that the people of our nations, those of the British Commonwealth and the United States, are now called to a great mission. The spiritual life is still strong. Through the advice and encouragement of the English-speaking peoples, hope may be brought to the crumbling around them. The church is still simple. Friendship and co-operation—take or leave it. Take it and the world will come back to prosperity and happiness. Refuse the process of crumbling we have already seen in the world will extend, extend, extend."

Sir Auckland said this friendship and co-operation were not advocated for any selfish reasons or any national benefits.

Debt Discussion. Sir Auckland, in a brief reference to the British Debt Funding Commission, declared that while it was impossible for him to discuss the work of that body, he was optimistic now than ever before that the work would be crowned with success. The British representative, he said, were carrying back to London a most profound impression of the courtesy and appreciation which had been shown to them in the United States.

Firmly United. Right Hon. Sir George Foster, former Canadian Minister of Trade and Commerce and now a Senator of the British Empire, which he declared, "at the end of a hundred years of expansion and development is more powerful, more firmly united than ever before."

Dealing with the future and the possibilities which it holds for the expansion of the population of the various Empire units, Sir George predicted that the tide of emigration and the flow of capital and gold would more and more be diverted to the British Dominions instead of going "to build up alien nationalities and to develop states other than her own." Mutual Respect. "The history of the relations between Canada and the United States," said Bainbridge Colby, who was Secretary of State in the Wilson Administration, "is already written in our unfortified frontiers and in the peace, amity and mutual respect which have characterized our relations for more than a century. We respect the Canadian character, which, while it is British to the core, has a large element of American sympathy, and we claim the respect of our Canadian brothers because we, Americans to the core, are filled with

PEROSI LOSES HIS MUSICAL SCORES

Manuscripts of Noted Composer of Sistine Chapel Taken Away

Turned His Attention to Protestantism and Left Vatican Not to Return

Rome, Jan. 22.—Don Lorenzo Perosi, conductor of the Sistine Chapel choir and considered by critics to be the greatest composer of church music since Palestrina, has become the victim of a singularly tragic situation. Already deprived of his civil rights by the Italian government, the maestro this week at the insistence of his own brothers was deprived of the manuscripts of his compositions and denied the right to leave the country.

According to his brothers, one of whom is the assessor of the sacred congregation, soon to be appointed a cardinal, Don Lorenzo is insane and wants to destroy his own work. For a year this rumor of his insanity has been spread persistently through Italy, since the Protestant doctrines of Calvin, Luther and others. Perosi, Vatican circles became alarmed when the gentle maestro, for years absorbed in monumental compositions, turned his attention to church doctrine and spent the entire day in the public library reading theological writings. The situation became even more strained when Perosi, finding that he differed from the Catholic doctrine, said so frankly and left the Vatican never to return unless the Pope issued an encyclical pronouncing certain doctrinal reforms in the church.

Retires to Monastery. Since leaving the Vatican Perosi has lived in a humble monastery where he studies theology from dawn to dark. A newspaper correspondent had a long talk with the maestro recently and found him to have a charming, tolerant, lucid personality, untouched by aberration, but with

respect for Great Britain and the Dominions and their staunch respect throughout the world of every effort that makes for civilization and justice."

TRAVELERS PLAN INSURANCE CHANGE

Montreal, Jan. 22.—At the thirty-seventh annual meeting of the Dominion Commercial Travelers' Mutual Benefit Society held here Saturday, notice was given that at the next general meeting, to be held next member, the board of directors would introduce a resolution to amend the by-laws by the amalgamation of Classes A and B, that is the older and the younger members, into one class with a combined membership and pooled funds so as to make them into one insurance group with every member paying a pro-rata assessment sufficient to assure payment at death of the maximum amount of benefit.

"My Heart Would Palpitate, I Had Weak Spells"

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes: "I took very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that I sometimes thought I would never get better. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I did not stop until I had taken twenty-five boxes. It has done wonders for me and I want to recommend it to everyone."

DR. CHASE'S NERVE FOOD. 50 Cents a box, all doctors, or Edmondson, Bessie & Co. Ltd., Toronto.

THAT THIRD PARTY.

It is hardly likely that The Kamloops Standard-Sentinel would forsake the Liberal-Conservative Party in British Columbia for any new body under the most alluring name. It is too firmly wedded to Mr. Bowser and his colleagues and thoroughly prejudiced against the Oliver Administration to permit anything of the kind.

There is nothing in the accounts of the formation of the B. C. Farmers' Party in Vernon Saturday to show that it can offer any panacea for the ills of the Province. Its programme offers nothing that has not been already claimed for other platforms; its members, many of them, have been affiliated to other organizations and failed to lead them out of the alleged wilderness; some of the leaders' names are familiar to us as having been identified with parties which refused them the personal promotion they desired.

An attempt has been made to make the new organization as representative as possible. There is General A. D. McRae at the head; another soldier, Col. Edgett, a former farmer ticket political candidate, left the meeting. We have John Nelson, erstwhile proprietor of The Vancouver World, only the other day closely allied to other factions, now with his lot cast for the new idea. There is R. A. Copeland of Lumby, former president of the United Farmers, with our own John Redman vice-chairman, and the ubiquitous B. G. Stewart, of Nicola. T. G. McBrice's chief ally of the general election, who acted as temporary chairman.

While its executive has six members, in it, the announcement is made that it is a farmers' movement. General McRae added that "the issue will not be allowed to lag." This is a somewhat timid pronouncement from a soldier and the leader of a new party, which is to solve our problems and recreate the Province economically and socially.

The Provincial Party charges the Oliver Government with extravagance and complains of taxation which that alleged extravagance has caused. It is quite simple. Taxation is the handiest weapon in political controversy. Any politician can gather a body of men together and obtain a general condemnation of the whole taxing system of any government. Find a merchant ready to damn the personal property tax; get the farmer to object to taxation of the farmer at all; convince the labor man that the poll-tax power given to municipalities is an iniquity that should not be tolerated for another instant, and the Administration responsible for perpetrating any of these things promptly gets in wrong all round.

Our Kamloops contemporary might have asked why it is that no Provincial or any other Party bases its reason for existence upon a desire to assist the Government that is in power and in possession of the confidence of the great majority of the people. The answer to such an inquiry is easily provided. It is more fashionable and entertaining to complain than to assist where political controversy is concerned. Meanwhile the recent session of the Legislature seems to have strengthened the Oliver regime.

In the opinion of Canon Scott the dope peddler should be flogged as well as imprisoned. We agree. The fear of the lash would deter the bold and the cunning. A prison term merely halts a profitable business. He is ready to put up with this form of inconvenience as long as he can protect his hide and begin where he left off after having served his term. But physical pain such as it is possible to inflict by flogging would alter this otherwise stoical outlook. A few lashes with the cat o' nine tails every month would add terrors to a five-year sentence that may be better imagined than described. It is evident that some of the provisions of the Narcotic Drugs Act will have to be strengthened if the illicit traffic is to be wiped out.

Of course Mr. Bowser would lift the reserve on all potential oil bearing areas in British Columbia. Of course he would invite the oil magnate to come in and take the lion's share of something that belongs to the people of this Province. He understands how these little details are arranged. The early history of the Pacific Great Eastern Railway furnishes evidence of the paternal manner in which the Bowser Government looked after the railway magnate. But the present Administration is averse to exposing public property to every Tom, Dick and Harry who cares to come along and pay a small royalty for the cream of what might or might not be a highly valuable natural resource.

The Oliver Government has adopted a policy in respect of the examination of certain strata in the Northeastern section of the Province that will safeguard the rights of the people. Certain investigations have been carried out and an eminent geologist has expressed the view that further exploratory work would appear to be justified. At the same time the reports of Professor Gwilliam were extremely cautious in character, but sufficiently scientific and statistical for the purpose of the promoter and wild-catter whom Mr. Bowser

would admit. No doubt the Government will agree to spend more money in this direction when it has received additional geological data upon which such a course could be justified. So far, however, it has pursued the policy with which every reasonably-minded individual would agree. It has sought to preserve for the people the benefits, if they are realizable, to which they are entitled.

Mr. Bowser knows, moreover, that the great oil companies are extremely wide-awake corporations. Where there is oil or where there may be oil there their geologists are also. We do not suggest in any sense that this valuable commodity does not exist in this Province. We merely point out, and anybody not suffering from political astigmatism will promptly agree, that the absence of any but one single negotiation—and the Anglo-Persian inquiry was never very clear—leads to the belief that British Columbia oil has not yet revealed sufficient evidence of existence to excite the curiosity of people who can usually smell oil miles away.

In view of the investigations made by the Government so far the oil narrative related by Mr. Bowser on Saturday evening can be classified as one of his political wild "kittens." The serenity of John D. Rockefeller's old age will not be disturbed by the Opposition Leader's hint at great liquid wealth locked up by governmental incompetence. Mr. Bowser will have to do better than he did on Saturday before either the oil magnate or the voter will be impressed in this connection.

THAT LETTER TO DICKIE.

The morning paper's report of the Conservative meeting on Saturday night attributes to C. H. Dickie, M. P., the statement that some time ago a Montreal man wrote to him that if he could get the Government to stock a certain brand of liquor there would be something in it for him. "I replied," Mr. Dickie is reported as saying, "that he must be mistaken; that I was not a Liberal."

We shall assume that Mr. Dickie was so intent upon amusing the audience that he did not realize that he was reflecting upon the integrity of a very considerable majority of the Canadian people, because the member for Nanaimo, who by the way received the votes of not a few Liberals in the last Dominion election, knows, if he knows anything at all about his fellow countrymen, that the average citizen whether Liberal or Conservative is not a grafter.

The Nanaimo members remark, however, suggests some interesting speculation. We presume the Montreal man who sent Mr. Dickie that letter was neither a friend nor an acquaintance, for otherwise he would have known what the member's political complexion was. Consequently it must be assumed that the writer was a stranger to Mr. Dickie. Is not the member for Nanaimo curious enough to try to ascertain why he should have been singled out for such a proposition? Was he not deeply hurt to learn that even a stranger should think him capable of doing such a thing?

NOTE AND COMMENT

Dean Quainton told the Island Arts and Crafts Club that culture and art have not the same place in the life of the average North American resident as in the life of the peoples of Europe. This is very true. It is also very true that all the culture and art of Europe have not prevented that continent from making a greater mess of itself and the world in general than ever was made by any section of the globe in which there was neither culture nor art.

We agree with The Vancouver Province when that journal declares that Canada is not an American republic; but we fail to see why her part in the development of this whole continent, not to mention her commercial and industrial investments in Brazil, should in any way disqualify her from participation in the forthcoming Pan-American Conference. At least La Nazion seems to describe the lack of an invitation to this country as something of a slight that should be remedied.

Mr. Pooley's friends appear to be singularly unfortunate in their choice of goods at the liquor vendor's store. First there was the gallant colonel, name unknown, whose Christmas was spoiled because he could not make a bonfire out of his plum pudding on account of the deficiencies of the spirits with which it had been saturated. And now comes the man who, Mr. Pooley claims, had one side of his face paralyzed as the result of "one drink of the stuff sold by the Board." Could this have been the same colonel friend of Mr. Pooley who was disappointed in his culinary pyrotechnic display? We sincerely hope not, for the most malign fate to inflict upon a single person. By the way, we wonder what it was that produced the second. Mr. Pooley should enlighten the public. If the Government is selling nitroglycerine disguised as spirits we ought to know.

OUR CONTEMPORARIES

THE HUDSON BAY ROAD. Winnipeg Free Press.—Reassessment that the policy of the Government is unchanged and that it is its intention to complete the road without further unnecessary delay and to give the northern outlet a chance to show its worth is much to be desired. There can then be intelligent consideration of the problem of how to set about the task of completing the road in a business-like and workmanlike manner and as promptly as the circumstances of the domain will permit.

A TIMID CUSTOMER. London Daily Express.—The very threat of the levy drove capital heading out of the country, and the capital was in many cases followed by those who had the enterprise to make it. Switzerland as a result has already suffered severely. Fortunately, before the damage was irreparable, her people realized that the workers would themselves be the most tragic victims of a bare-brained experiment. This lesson in economics is universal in its truth.

IN CALIFORNIA

To the Editor:—Will you kindly allow me space to make remark on Mr. Madden's somewhat exaggerated report on the cost of living in Pasadena, his Saturday Times.

I have lately returned from a 12 months' stay in that city, and am at a loss to understand how he gets the idea that it costs \$4 per week more for living there than here. By my experience I should say this is an error. The cost of living here is 50 per cent less. All fruits and vegetables are very much cheaper and in greater variety. Meat is better and cheaper, bread 55c per lb. normal price, but subject to rise or fall. Groceries in nearly all cases are cheaper. Fish we found both scarce and dear.

Mr. Madden states that a man is better off here at \$125 per month, than in California at \$125. Yes, perhaps he is, if he can get it. Every chance is given a pushing business man down here, and he does not mind working for it every month, for the privilege of trying to make a living. He can open his store free, work twenty-four hours a day, and seven days a week, if he is so inclined. Mr. Madden states they are out to make every dollar out of the consumer. If this is so, it is not to let them, that is their own lookout—but we did not find this so. They do as we do—try to make a living, and as far as business is concerned, go to it "tooth and nail," up bright and early in the morning. The real estate men boost their land, why not? Do not the Victoria real estate men do the same? Are they saints any more than the others when they come to selling and buying? English, born and bred, and am not out to boost America—far from it, but I do not like to see any injustice paid to Pasadena, whether it be in real estate or business. We were not successful, we met without exception with the kindest of hospitable and unworldly men, wherever we went, and people were always ready and anxious to give us a real good time, and to make us feel anyone in Victoria do as our neighbor did there, get up at 4 in the morning, and drive us from Pasadena to the coast, and back to Pasadena, 2 1/2 to 3 hours (and we were only slightly acquainted) in order to catch the boat for Victoria. Regarding the high rents, the high water, the rents do run, as Mr. Madden says, from \$45 up, but you can almost have your choice for a 6-roomed bungalow for \$45, which includes water. There are no fuel bills in addition, and both gas and electricity are cheaper than in our own city. The rent for the winter never exceeded \$5 per month, and that covered gas for all cooking. I have paid in Victoria as much as \$12 per month for a 6-roomed bungalow. So, after all, there is not much to complain about along these lines. Here in Victoria, a landlord will get from a decent 6-roomed house furnished, and in addition you have water, gas, electricity, wood or coal, and in the winter, the comfort of the Californian winter.

Let me mention the schools. Very often here in Victoria a mother finds it almost impossible to provide the necessary text books required by the schools for her children, especially at High School, and in many cases, for this reason, the child does not go to a High school. But in the Californian schools, all books, with the exception of exercise books, are provided, so one stands at no expense for the education of the family. I sent my daughter to High school, where they found it necessary to have medical attention for her back. No expense or time was of any account to the authorities. They went into the trouble of thoroughly having a specialist for the spine, as well as a lady doctor, and the girl was treated entirely free, and given the necessary individual attention daily, exercises, etc., that have proved of much benefit to her, and prevented what otherwise might have led to serious consequences.

Certainly there are "poor and needy." Is there any city or town in the world without them? Do not the California has ever claimed to have no poor, therefore relief societies of various orders are to be found in Los Angeles, Pasadena and any other city. I think Mr. Madden will be grey-headed long before the so-called boom of Los Angeles has run its course, are too many millions invested there to worry about that. I certainly agree with him on one point of his article, and that is, the wholesale robberies and vice in general. It is simply appalling, but it seems, or would rather appear, that the large American cities specialize in outrages of all kinds. We, like Mr. Madden, used to grumble and things were there, and longed for Victoria and the Old Flag. But now we are back and are in a position to compare notes, we realize where the advantages are. E. E. BOUNDS. 725 Vancouver Street, January 17, 1923.

GREATER VICTORIA WATER ACT

To the Editor:—Alderman Todd and H. Langley, secretary of the Greater Victoria Committee, have on more than one occasion stated that the "Greater Victoria Water District Act" is similar to the "Greater Winnipeg Water District Act." This statement is both misleading and without foundation of fact. The objects of the Winnipeg Act and the Victoria Act are entirely different. Winnipeg, under the provisions of the Winnipeg Act, was faced with a serious problem of an inadequate supply of pure and wholesome water, while Victoria and surrounding municipalities with water in bulk, in the same manner as the City of Victoria now supplies Oak Bay and Esquimalt. The Winnipeg Act provides that one-half of the amount required annually to pay that portion of the expenditure of the Water Company which consists of interest, sinking fund, maintenance, and operating cost, etc., shall be borne by the land in each municipality at a rate shall be levied therefor. There is no such provision in the Victoria Act. In the Winnipeg Act the ratepayers are protected and have a voice in the contracting and raising of money by the Water Board. Section 46 is as follows: "No by-law of the Corporation (Water Company) for raising of money by the issue of debentures or stock, shall be valid or acted upon until approval by-law

Kirk's Wellington Does Last Longer

It is the Coal which must satisfy—the fuel which is guaranteed to be free from all Coal impurities. It costs no more to buy and is delivered by courteous and efficient WHITE LABOR.

of the Corporation of the City of Winnipeg, to be first submitted to the ratepayers of the City of Winnipeg in accordance with the provisions of the city charter respecting the submission of the by-laws for the raising of money." There is no such provision to the ratepayers in the Victoria Act, and the Water Board have unlimited power and authority to issue debentures, mortgage, hypothecate and contract debts to any amount they may see fit, and the only privilege granted the ratepayer is to provide the money in case the revenue of the Company is insufficient.

The Winnipeg Act is a clear cut business proposition, while the Victoria Act is most indefinite, untenable and unworthy. Why does not Alderman Todd take the ratepayers into his confidence and explain exactly what his scheme is and how he proposes to carry it out? If the said Alderman would answer the following questions it would assist somewhat in clearing the atmosphere. 1. Is there any agreement or understanding between the Water Company and the City Council in regard to the terms and conditions under which the Victoria waterworks system is to be transferred to the Company? 2. What, if any, is the understanding or agreement between the Water Company and Mr. J. A. Hayward and associates in regard to the transfer of the Esquimalt waterworks system to the Company? 3. What security is to be given to the City of Victoria for the waterworks bonded indebtedness of over \$450,000? 4. What provision is made and what security will be given to the City of Victoria for the annual payment of interest on the sinking fund of said indebtedness amounting to over \$200,000? 5. Is there any proposition or understanding that Oak Bay, Saanich and Esquimalt shall each assume and pay a proportionate part of the water-

works bonded indebtedness of Victoria City? Has this scheme been submitted to the city's fiscal agents or its bond holders to ascertain how the credit of the city would be affected by the transfer of its most valuable asset to the Water Board, and thereby reducing the security of the bond holders? I stated on a previous occasion, and I now repeat it, that the "Greater Victoria Water District Act" is one of the most remarkable pieces of legislation that was ever placed on the statute book. On February 16, the ratepayers have the privilege of either accepting or turning down this scheme, and should the majority of votes polled be in the affirmative, then the die is cast and the ratepayers shall not again have any voice in the matter. It therefore behooves each and every ratepayer to study and become familiar with this Act so that he or she can vote in an intelligent manner. OEO. A. MORPHY, January 15, 1923.

Are You Sending the Whole Child to School

Everybody worth loving at all loves children. You'd horsewhip your own child if you mistreated one. You have it ever occurred to you parents that you might be neglecting their eyes through neglect of their eyes? You may be neglecting your children to the most cruel abuse conceivable. Five million school children on this continent—a fourth of all the children in all the schools—are not equipped for the work. And why? They lack the most vital weapon of all—good eyesight. There is a duty here and that duty is plainly the parents'. Your child's chance in life may depend upon your taking action now in this matter of his eyesight. We guarantee the most careful examination one moreover that will fascinate the child. Do not delay a moment in getting the facts about your child's eyes and your child upon them promptly for the sake of his future.

to draft hard and fast rules for an indefinite future, it will be controlled by the men whom we elect, who will adjust matters according to the wishes of the public. J. A. BARRON. 1230 Victoria Ave. Oak Bay, B. C., Jan. 22, 1923.

THE UNEMPLOYED

To the Editor:—Will you kindly grant me a little space for a reply to the letter by J.C.M. in The Times of Saturday. In regard to questions 2, 3 and 4 let me state that he has my entire sympathy. These are questions which I answered satisfactorily; but when J.C.M. classes the unemployed as spoiled I disagree emphatically. I am a Canadian born, a citizen, and a good one, of Victoria since 1912. In the late war I served five years over-demobilization and my family have

GREATER VICTORIA WATER ACT

To the Editor:—The above act, aptly described as the most remarkable ever placed on the statute book, is remarkable by the fact that it is the first—real step towards bringing about a unity of endeavor between Victoria and the surrounding municipalities; and is the primary step to live the people up to the possibilities around them. The Act itself, when freed from the distortions of those who are attempting to hang crepe on the splendid efforts of its supporters, is sound in principle, broad in its powers, and equitably drawn up. So far, we have only been asked to register our votes according to our judgment of its tenets. What more information do we need, if we read it right? Among the questions raised is: "What security will be given to the City of Victoria for the water works bonded indebtedness; and other assets relinquished to the corporation?"

What better security on Vancouver Island could the City of Victoria hold than the stock of a water company supplying the entire area of the Greater Victoria district with their primary requirements? None. We see in Section 47 that the interest on the debentures shall not exceed five per cent per annum. We know that the earnings of a water company well managed—and we elect the management—are vastly greater than that. So why raise the spectre of the sheriff issuing a writ against the corporation for debt, and then leaving a tax on the ratepayers to require it? Section 46 deals with that and erases for all time the possibilities of the proposed system being exploited by private interests. Everyone admits the soundness of principle in this project, and why is it impossible for any body of men

had to suffer extremely from the increasing difficulty I find in getting employment. I consider that my nativity alone constitutes both a legal and moral right to help from this city after my own efforts have failed. When J.C.M. states that very few unemployed pay taxes he does not know what he is talking about. Any man who pays rent for a house in Victoria pays double taxes—his own and those of his landlord. When J.C.M. talks of the City Council keeping anybody in luxury he is just showing his ignorance. The term "luxury" as applied to anything done by the unemployed by this city is too absurd to need any refutation, as anyone will testify who has tried to get it. As to the forming of a K.K.K., let me tell J.C.M. that this city contains many unemployed ex-service native born citizens nearly desperate enough to form such a society. With all the will in the world to work. ONE OF THE UNEMPLOYED

## BAND CONCERT PLEASES AUDIENCE

**Mrs. Wolfenden Again Pleases; Other Soloists Appreciated**

There was a very large turnout last evening at the capital, the occasion being the eighth band concert of the Winter series given by the band of the Sixteenth Canadian Scottish. The programme appeared to please more than usual, as those present seemed to be in particularly receptive mood, and judging from their enthusiastic applause, evidently enjoyed the different selections throughout. Bandmaster James M. Miller again met with a hearty reception, and guided the band in his six numbers with skill and judgment. The pieces which met with most favor were the "Orpheus" overture (Offenbach), the quartet from "Rigoletto," the characteristic "Parade of the Wooden Soldiers," by request (Lesso), which had to be repeated, and the concluding selection, "William Tell" (Rossini), in which the many solos by members of the band were well played and gave much enjoyment.

Mrs. A. K. Wolfenden again delighted her hearers, and as at her first appearance last Sunday gave ample proof of her vocal abilities. She sang "Evil's Just That One Hour," with much distinction, and was recalled, giving one of J. L. Gilbert's admirable songs. She was ably accompanied by A. K. Wolfenden, the organist, at the Capitol.

## HARD TIMES DANCE AT LUXTON SUCCESS

**Langford Being Canvassed For Church Building Fund; Metochosin Activities**

Luxton, Jan. 21.—The success of the hard times dance held at Luxton Hall Saturday night under the auspices of the Luxton Hall Committee, was very gratifying to those who had done so much toward it. The hall was filled with visitors from Metochosin, Colwood, Langford and Victoria, as well as a good representation of Luxton residents, and the music provided by Gerald Schofield's orchestra, left nothing to be desired. Mr. Gimlinelli made a very efficient M.C.

After the parade of those in costume they judged awarded the prizes to the following: First lady and gentleman, Mr. and Mrs. Trace as a bride and bridegroom; second lady, Mrs. Gilbert; Schofield in a "Folly" costume made of newspapers; second gentleman, W. Higham as "Mother Hubbard"; with the sobriety and peace the gift of a well sustained character and worthy of special commendation.

During the evening a solo was sung by V. H. Trace. Excellent refreshments were served and the committee are to be congratulated upon their first venture along these lines. The new piano fund will benefit by the results which were further augmented by the winner of the tombola prize returning the amount for auction which example was followed by Mrs. Trace.

Women's Institute. The Colwood-Luxton and Happy Valley Women's Institute met at Luxton Hall on Thursday afternoon. There was an excellent attendance of members and a lively discussion regarding plans and suggestions for the year's program which is very near completion.

Canvass for Church Funds. Langford, Jan. 20.—The community sing which was so successful last year at Langford, but was of necessity discontinued on account of the bad weather, will recommence on Friday, January 25, p. m.

The canvass for funds for the building of the new church at Langford commenced this week and shows promise of great success. The next monthly meeting an address will be given on public health and child welfare by Miss H. G. Kelly.

Girl Guides. The Metochosin Girl Guides held their usual weekly meeting at the Metochosin Hall on Thursday. Miss H. G. Kelly, nurse in charge of the Equilmah Rural Nursing Service, gave a talk on "Prompt action in case of green stick, simple and compound fracture of the arm." The talk was much appreciated by the girls who paid marked attention. Miss Kelly also gave a very comprehensive demonstration to further illustrate her remarks.

Barrister suffering from brain-fog? "I wish I lived in Sweden; divorces are almost unknown there." Friends of a "Perfectly natural," my dear fellow—the land of safety matches, what?

## YOUR HOME AND YOU

The Guest Room in Winter  
 By HELEN KENDALL

"Why, in this the same room I occupied when I was here last Summer?" exclaimed a week-end guest, as she was ushered into a warm, brightly decorated chamber. It looks so different somehow. I remember that it was the coolest-looking guest-room I ever slept in when I was here in August. Now it looks like the warmest, coziest one ever.

"Yes, in this the same room, but it has been turned wrong side out for Winter," laughed the hostess. And then, at her guest's puzzled look of inquiry, she went on: "You see I realized when we selected the cool sage-green and lilac of its Summer hangings, that it was going to look cold in Winter where the linens were in Summer. The whole effect was going to be chilly, I was sure. So I made everything two-sided. The window draperies are soft green and lavender on one side, and glowing red, orange, blue, yellow and violet on a black ground on the other side. One side is cooling, the other side warming. The big wing chairs at each window are covered with the cool chintz in Summer, but when Winter comes I put these gorgeous colorful covers as ever."

Mrs. A. K. Wolfenden

## Social & Personal

Richard Layritz was a visitor to the Okanagan Valley last week. Mr. and Mrs. J. M. Turnbull, of Vancouver, are registered at the Empress Hotel.

Mr. E. S. Higgins, of Yakima, has arrived at the Empress Hotel. Mr. and Mrs. Albert B. Cook, of Medicine Hat, are guests at the Empress Hotel.

Miss Peggy McBride, who has been spending the last few months visiting with friends in Winnipeg, is expected home this week.

Mr. and Mrs. Betty, of Calgary, are spending a short holiday in Victoria and are guests at the Empress Hotel.

Mrs. Arthur Coles entertained with four tables of bridge on Saturday afternoon as well as entertaining with four tables the afternoon.

Mrs. Stuart Livingstone, who has been a visitor in Victoria for a few days, has returned to her home in Vancouver.

Dr. and Mrs. J. K. Unsworth, of Victoria have been visiting in Vancouver for a few days, where they are guests at Alisa Lodge.

Mr. and Mrs. John Moore (nee Sally Lang) sailed on Friday from New York on the Empress of France en route for the Mediterranean.

Mr. W. E. Harper, of the Dominion Astrophysical Observatory, left on the night boat for the Mainland, where he will give addresses in Vancouver and Chilliwack on Wednesday and Thursday, so no conflict with the annual meeting of the Diocesan Board in Victoria.

Mrs. Edgar Lee, who was in the city last week for the Provincial O. D. E. meeting was elected president of the Women's Auxiliary to the Vancouver General Hospital at the annual meeting of that organization held in the Mainland city on Friday.

## PRETTY WEDDING AT PENDER ISLAND

**Miss Christine Hamilton and Mr. George Norris Married Saturday**

The Knolls, Browning Harbor, Pender Island, was the scene of a very pretty wedding on Saturday, when Christine, youngest daughter of Mr. and Mrs. Alexander Hamilton, became the bride of George Edward, youngest son of Mrs. John F. Norris, 212 Cook Street, Victoria, and the late John F. Norris, formerly editor of The Colonist.

The ceremony was performed by the Rev. A. McMillan in a setting of evergreens and white flowers, the bride couple standing beneath a canopy of flowers. The bride was beautifully gowned in white georgette trimmed with radium lace, snowy tulle veil and orange-blossoms. She carried a bouquet of Ophelia roses and stephanotis, and her only ornament was a gold brooch with pearls and pearls. The gift of the bridegroom, Miss Mary Hamilton, the bride's sister, was her only attendant, in a gown of coral-orange, handkerchief of carnations.

Mr. Harry E. Hoosen, cousin of the bridegroom, was best man. During the ceremony Miss Grace Watson sang sweetly "All Joy Be Thine."

Mrs. Hamilton, mother of the bride, in a handsome gown of beige crepe de Chine, and Mrs. Norris, the bridegroom's mother, beautifully gowned in taupe Canton crepe, assisted the bride couple in receiving the guests.

The ceremony was followed by a luncheon for Victoria en route for Vancouver, the bride traveling in a suit of brown velvet with hat to match. On their return they will make their home at 1449 Grant Street, Victoria.

Mrs. J. D. O'Connell entertained at a delightful party last Thursday for her three children, Dorothy, Donald and Maurice. The afternoon was spent in games and dancing. The dining-room was very tastefully decorated, the color scheme being carried out in pink and green.

A surprise party was held on Friday night at the home of Mr. and Mrs. Knott, Pandora Avenue, when a number of friends paid a surprise visit to their son, Eldon. Excellent music was provided by the Misses D. Ford and G. Bousstow. A delicious buffet supper was served, after which dancing was continued until midnight.

Mrs. W. H. Rowlands entertained a party of guests at "the dance" at the Empress Hotel on Saturday night. Mrs. Rowlands again at dinner at her home in the evening in honor of her son, Mr. Tom Rowlands, who was spending the day in town.

Mr. and Mrs. Norman Loughheed have returned to the city from Calgary where they spent the past week visiting Sir James Loughheed. The many friends of Major Clarence Loughheed will be pleased to learn that he is making favorable progress towards recovery after his recent serious illness.

## KUMTUKS HONORED MEMBERS' MOTHERS

## Delightful Tea Party at Residence of Miss Bowron Saturday

Seventeen mothers whose daughters are members of the Kumtuks Club were the honored guests at a delightful tea given by the president and executive of the Club on Saturday afternoon at 628 Vancouver Street.

Miss Bowron welcomed the guests on arrival, and much pleasure was expressed at the presence of Mrs. McLaren, who had, only the day before, celebrated her eighty-fifth birthday. She who entered into the proceedings with an interest and enthusiasm which was the envy of all present.

The social amenities were exchanged over the tea cups, refreshments being served from a table prettily decorated with the Kumtuks colors of blue, green and yellow. An informal programme which gave much pleasure included songs by Mrs. E. B. Shaw and Miss Howell and amusing recitations by Mrs. Mustard.

Mrs. Suddaby, on behalf of the mothers present, expressed their appreciation of the charming idea of a reunion of mothers and daughters, together with the hope that the occasion would be the forerunner of similar affairs.

QUITE AN AFFAIR  
 "I appointed a lady lawyer a receiver to-day." "How did she take it, Judge?" "Asked me if she could invite some other ladies to help her receive." —Louisville Courier-Journal.

NANAIMO NEWS  
 Special to The Times.  
 Nanaimo, B.C., Jan. 20.—The first meeting of the 1923 City Council was held Thursday night, Mayor Busby presiding. Aldermen McGuckie, Randle, Smith, Harrison, McGarrigle and Stuppard were sworn into office.

Finance—Aldermen McGuckie, Harrison and Smith.  
 Fire—Aldermen McGarrigle, McGuckie and McGarrigle.  
 Sewers—Aldermen Smart, Randle and Smith.

Parks and Properties—Aldermen Harrison, Smart and McGarrigle.  
 Lighting—Aldermen McGarrigle, Randle and McGuckie.  
 McQuinn and McGuckie.  
 Cemetery—Aldermen Randle, Smith and Smart.

Housing—Aldermen Smith, Harrison and McGarrigle.  
 The Mayor stated he considered the waterworks question the main bone of contention at this time. He had named the whole council on the committee.

It was decided that the City Council as a whole would act as the court of revision.  
 Nanaimo Lodge of Elks met in regular session Thursday evening and elected the following officers for the ensuing year: President, M. C. Ironside; leading knight, H. C. Brantley; O. Brantley; secretary, T. James; treasurer, A. E. Miller; inner guard, C. Rosewall; Tyler, W. MacDonald; trustees, F. J. Ellison, A. A. Davis and J. Z. Miller. The officers will be installed at the next meeting, which will take the form of a banquet on February 1.

The Liberal Conservative what drive held Thursday evening was very successful. The prize winners of the evening were: Ladies: First, Mrs. Parkin; second, Mrs. Sharp; third, Mrs. Hughes. Gentlemen: First, R. Johnston; second, A. Meshers; third, Jas. Steele.

The Ladies' Aid and Home Nursing class of the St. John Ambulance Association are arranging to hold a whist drive and dance on January 21 in St. John's Hall.

The citizens of Nanaimo will have but two weeks longer to decide whether or not the public library shall remain open on Friday day, and the annual meeting of the Public Library Association at the Athletic Club Thursday night, with Mrs. E. T. Powers in the chair. The meeting, which only numbered fourteen, took up the problem of keeping the library going if possible, regardless of the financial standing of the institution. Miss Stewart, chairman of the Provincial Library Commission, rose to speak to a motion to the effect that the library be closed for one year. Miss Stewart thought that for the little ones was a large "weepie" doll, the by-law was lost, the association should be heartened, instead of discouraged.

The meeting passed a vote of thanks to Bastion Chapter I.O.D.E. for assistance in the past, which had amounted to over \$400. Malaspina Chapter having donated \$45.55. Last year there had been 258 library days, the institution having been closed a number of days during the epidemic of influenza, in which time there had been 11,177 books circulated; 1,656 persons had patronized the library; 48 books belonging to the Victoria collection were considered lost and had to be paid for; and 66 books were overdue, but probably would be returned.

According to the report of Secretary, the library would not be able to qualify for a provincial grant of \$200 owing to the lack of funds to purchase new books. The receipts for the past year totalled \$82.60, and the expenditures were \$97.62.

IN BOWSER PLATFORM ARE THIRTEEN PLANKS

Leader of Opposition Explains His Policy to Large Audience; Hon. Dr. Tolmie, M.P., Discusses Island Development; Speeches By R. H. Pooley, M.P.P., and C. H. Dickie, M.P.

There are thirteen planks in the platform which W. J. Bowser, K. C., placed before the public meeting held in the Auditorium of the Chamber of Commerce on Saturday evening.

Opposition Leader's Platform. After proclaiming that "British Columbia can still be saved," Mr. Bowser's prescription for effecting her salvation was as follows: 1. Restore the Provincial credit by business management.

2. Restore the confidence of the investor, who at present is afraid to come here for fear he will be taxed out of existence.

3. Right Hon. Bonar Law's slogan of tranquility and stability should be British Columbia's watchword for 1923.

4. Lord Rothermere's pronouncement in regard to the new Conservative party in England that it should be a stern foe of "aquandermania," and not encourage the craze for new legislation, was applicable to this Province in every way.

5. Decrease the large cost of administration and thereby lessen the burden of taxation, but not lessen efficiency. That could be done.

6. An adequate immigration policy to get population, settle more people on the land, produce more, and have the newcomers assist in reducing taxation, which is now reaching the breaking point.

7. Reserves on mining to be lifted. To-day all areas were under reserve, and while the Government has spent \$40,000 to \$50,000 in securing reports by experts, nothing further apparently is to be done.

8. The taxation on the farmers must be reduced, and the 1918 policy of cheap loans to farmers be re-established.

9. Abolition of the personal property tax.

10. Prevention of Oriental immigration.

11. Assistance to the farmers to market their produce. The Government should have taken the lead in aiding the fruit growers rather than the export of fruit.

12. More attention to opening up the newer districts with roads giving settlers and to making it in this way encourage settlement.

13. Development of a spirit of optimism rather than of pessimism. Administration is criticized vigorously during the past six years. He pointed out that the Conservative Government in its last year in office had a revenue of \$6,906,757.

In the present year the Government would have a revenue of \$11,752,596, but he challenged anybody to show how the Province was any better off now than then. The present Government had been paying for public works such as the Prince Rupert courthouse and the Esquimalt mental hospital and administration had done this work out of current revenue.

The upshot was that the financial position of the Province was now so bad that it could not be much worse, he asserted. The deficit next year would be \$1,200,000 and there had been deficits every year since the present Government took office. The net debt of the Province in 1917 was \$12,704,000, while to-day it was \$59,235,000, an increase of \$2,235,000 in six years. The total revenue under the present Government to April 1 next would be \$26,223,977. The borrowings to November 1 last aggregated \$43,929,500, or a grand total of \$130,752,592. "How long can the Province stand it?" asked Mr. Bowser.

Sumas Scheme. Speaking of the Land Settlement Board, he pointed out that the salaries of its nine officials were \$35,220 and expenses \$6,542, or a total of \$41,762. In the same period the amount loaned to assist farmers was \$48,850. He contrasted this with the

proposed wheat elevator. Speaking of the proposed wheat elevator here, he stated that this coast offered splendid advantages, shorter hauls, open harbors all the year around, and with better facilities could compete with the Eastern routes. Of the 390,000,000 bushels of wheat produced this year at least 200,000,000 was grown in Alberta and Saskatchewan. At present rates British Columbia could compete as far east as Moose Jaw with better rates, as far east as Virden, Man.

To Hold His Own Meeting. Canon Hinchcliffe informed the audience that he intended soon to hold a public meeting of his own, at which he would review the work of the recent session and let his constituents know what he had done.

In addition to those who spoke, the following were on the platform: Hon. R. F. Green, Senator; Col. C. W. Peck, U.C.A., ex-M.P. for Skeena; H. M. Graham, secretary of the Victoria Association; Lindley Craik, K.C.; M. E. Gordon, Mrs. E. F. Green, president of the Women's Liberal-Conservative Club; Mrs. Randall, president of the Women's Progressive Conservative Club; Mrs. Tolmie and others.

Hon. H. H. Stevens, M.P., was expected to be present and speak, but went word from Vancouver that he

ORPHANS INVITED TO EXTRAVAGANZA

Kiddies Will Be Given Great Treat at Royal Victoria Theatre

The boys and girls in the Victoria orphanage will be given a great treat if the invitation of the management of the Extravaganza to be staged at the Royal Victoria theatre this week of February is being accepted. All the kiddies in the orphanage have been invited to attend one of the performances as the guests of the management, and to witness one of the greatest stage productions ever put on in Victoria. Some of the heavier scenes are of a religious nature and very striking and impressive in every way.

Eight hundred adults and children will participate in the play, and every one is taking an aggressive part in insuring the success of the affair, which is being staged for the purpose of raising funds with which to cover the cost of the great soldier reunion which will be held in Victoria this Summer.

The keenest interest is being taken in the rehearsals at the Empress Hotel ballroom. The children were about five hundred spectators watching the work which is being carried on under the direction of P. L. Lynwood. The adults and children are doing splendidly in their respective parts, and the first general rehearsal was held last night.

From now on it is chiefly a question of rubbing off the rough spots, and the finished product will be something that will surprise local theatregoers when they witness the production early next month.

TEACHERS WILL FURNISH ROOM AT THE HOSPITAL

Listen to Address by General Secretary of B.C. Teachers' Federation

The Victoria and District Teachers' Federation, at its last meeting, under the auspices of the new wing of the Royal Jubilee Hospital.

The speaker of the evening, Harry Charlesworth, general secretary of the British Columbia Teachers' Federation, was then introduced by president W. Cornish.

Address to Be Open. Mr. Charlesworth reported on the year's work of the B. C. Teachers' Federation, and clearly demonstrated that the Federation has been the most successful in promoting educational reforms, and in increasing educational efficiency. Among the items mentioned was an arrangement made whereby teachers could add to their qualifications by attending Summer courses in Victoria and the University of British Columbia.

He also announced that negotiations are almost completed for the privilege of obtaining an arts degree by the University of B. C. Mr. Charlesworth laid special stress on the amicable relations which continued to exist between the teachers' organizations and the Department of Education and School Boards of the Province.

Work of the trustees, especially in connection with their annual conventions. Sick Leave Allowance. An interesting portion of the address was that devoted to the discussion of recent amendments in the Public Schools Act which would be the granting of a uniform and compulsory system for payment during absence for sickness. Under this amendment until the maximum of thirty days has been reached, when in case of serious illness, the teacher is to be granted the total of his accumulated days.

Another amendment of interest was that which gave School Boards the legal power to grant a retiring allowance to any of their teachers for reasons of old age or ill-health.

Dismissals and Resignations. A change of vital interest is the one which deals with the resignations and dismissals of teachers. This will remove many difficulties in connection with this matter, and will undoubtedly work to the benefit of both Boards and teachers.

Mr. Charlesworth was emphatic in declaring that the B. C. Teachers' Federation did not support any contract entered into. Occasional items appearing in the press of isolated instances where this occurred were not to be taken as being general in the Province, he asserted.

Almost all teachers keep their agreements, and so far as the Federation members are concerned, they are under obligation to do so, he stated.

Mr. Charlesworth made a plea for teachers to take a greater interest in the general affairs of the community, and gave instances of many ways in which teachers have already been responsible for movement of great community interest.

Other Matters. Arrangements were made to hold in the near future a series of under the auspices of the association, and a representative committee was named to carry them out. Further details of this will appear later in the press.

After Mr. Charlesworth's address, which was listened to with great attention, those assembled withdrew to the school dining-room for refreshments which were served by the members of the teachers, and a pleasant social hour was enjoyed.

A. O. U. W. INSTALLATION. There was a joint installation of officers of Victoria Lodge, No. 1, U. W. Vancouver Lodge, No. 5, A. O. U. W. at which there was a large number of members of both lodges.

The Grand Master Workman, Bro. John A. McIver, of Port Hammond, was expected to be present to install the officers,

MANY APPRECIATE VOICED CHOIR

Lampson Street School Choir Wins Fresh Honors

One of the most active and perhaps best known of vocal organizations in the community is the juvenile choir of Lampson Street School. Equally-matched. This body of young singers, numbering nearly seventy voices, under its able, keen and judicious conductor, Frederick Waddington, has been maintaining a high order of things. Both in selection and in rendering of its many programmes has this choir given delight to many thousands, and no matter wherever it is found there is sure to be large numbers of delighted people in attendance. It is this fact that deserves to be emphasized here and again at the Victoria High School Saturday concert.

There was another large audience present who, judging from the applause on several occasions enthusiastic and unmistakable, thoroughly enjoyed the rendering of music. Assisted by such instrumentalists as Drury Price, violinist, and Ira Dilworth, pianist, the programme became unusually interesting. Its numbers were presented by Beethoven, Bach, Purcell, Brahms, Rubenstein, Scriabine, Dvorak, Lehmann, D'Camille, Porpora, May Brabe, Godard and Tod Boyd, unquestionably a feast of some of the greatest of composers. The choir gave in all twelve numbers and while it is true many have already been heard and it is hoped will still find a place in future programmes, two or three new numbers gave fresh delights to the adherents of these juveniles, as for instance, the "Chanson de Florian," by the French composer Benjamin Godard, and the beautiful "Sanctus," by D'Camille, a writer of the early 18th century, in the selection of which showed the constant delving into the best of the repertoire of composers for the benefit of his singers.

Drury Price is established among us as a sound and excellent violinist, and his appearances on the concert platform always call forth commendation and hearty applause. His numbers Saturday evening were "Minuet" by Chopin, born at Naples in 1818, arranged by the violinist Kreisler, the Samoan "Lullaby" (Tod Boyd), and a "Slavonic Dance" by the Bohemian composer, Dvorak, arranged also by Kreisler.

Ira Dilworth is one of Victoria's foremost pianists, and besides playing the accompaniment to the other numbers gave two numbers in distinctive style, combined with technical skill and intelligent conception. Those present warmly testified to his approval, indeed throughout the programme manifested their pleasure at the good things provided. This affair was under the auspices of the Victoria High School Parent Association.

PLAYS FIRST GOLF GAME IN CANADA ON OAK BAY LINKS

SIR HENRY THORNTON CANADIAN LAW AIDS AMERICAN MOTHER

Flight of Husband With Child Arrested Here by Court Process

Thanking Mr. Justice Gregory between broken sobs of relief Mrs. Mary Alice Nyland, successful petitioner in an application under the Equal Guardianship of Infants Act, for the custody of her baby girl, Corinne Nyland, aged two years and two months, was re-united with the subject of the litigation in a touching scene at St. Joseph's Hospital on Saturday afternoon.

Sitting in Supreme Court Chambers all day on Saturday, while his own little son was recovering from an operation, Mr. Justice Gregory heard the Nyland application, which was one of the most pathetic stories of human sadness imaginable.

Mrs. Nyland alleged, and proved eloquently on the part of her estranged husband, Richard Nyland, of Prospect, Ohio, and with the order of the court stopped his flight with baby Corinne. The happy mother, baby Corinne, and Nyland left on the afternoon boat for Seattle.

Soon as she landed on American soil Mrs. Nyland was protected by an order of judicial separation awarding her the custody of the child, previously obtained just after the defendant had taken the child and commenced his flight East via Victoria.

It was owing to the fact that the infant fell ill in this city and had to be committed to hospital that the mother's prompt action proved effective and the Canadian law came to her assistance with authority after the fugitive was out of range of the American courts. W. C. Moberly appeared for the petitioner, and H. B. Robertson, K.C., for the defendant.

TO GIVE SECOND LECTURE. A second lecture on the Columbia River will be given by J. P. Forde, engineer of the Department of Public Works, at the meeting of the Natural History Society, this evening at 8 o'clock. Mr. Forde has had exceptional opportunity for studying this river as he was engaged on the C. P. R. engineers staff for several years. He has very interesting slides and much information to give to his listeners. Visitors are cordially welcome to meetings of the society.

GUN WAS A LIFE SAVER. "Yes, I always carry a revolver. The little gun saved my life once. 'How exciting! Tell me about it.' 'I was starving when I pawned it.' Judge.

MOOSE PREPARE FOR CONVENTION

District Officers Here to Arrange for Forthcoming Meeting

An enthusiastic meeting of the Local Order of Moose was held in the K. of P. Hall to discuss the forthcoming convention here. The attendance was large and a number of candidates were initiated and created by Local Moose. Among those present were Bro. E. J. Weeks, of Tacoma, President of the Northwest Moose Association; Bro. G. Rowlands, Secretary of the Association, and Bro. J. Williams, Director of Vancouver Lodge, all of whom addressed the meeting.

The forthcoming convention fixed for June 7, 8 and 9, in Victoria, was the principal item of interest. An attendance of at least 5,000 people is practically assured. Lodges from all over British Columbia, Washington, Idaho and Oregon will be represented, and it is anticipated that at least twelve bands as well as degree teams from most of the larger lodges will be on hand to compete for the valuable prizes and trophies awarded by the Northwest Moose Association.

After the meeting the executive of the Victoria lodge, together with the chairmen of the various district committees conferred with the officers of the Association. It was also decided at the meeting to hold the second annual endorsement ball about the middle of February and an energetic committee already has the matter well in hand.

LEO ORNSTEIN ONE OF THREE FAMOUS RUSSIANS

An unusually interesting musical note is the fact that within a space of less than two weeks, three of the foremost virtuosos of the present day, the first, perhaps the best known violinist of the twentieth century, was Mischa Elman, who played here on January 12. He was followed by Benno Moisewitch, pianist, an idol of London, England, on January 15, and the third, Leo Ornstein, another remarkable pianist, who is to give one concert here on February 2. This famous trio of musicians all hail from Russia, in which country they received their early musical training at celebrated institutions of music. The three are now on a transcontinental tour of the United States and parts of Canada. All are about the same age. The eldest is Mischa Elman, who in a month or two hence will complete his thirty-second birthday. Moisewitch is thirty-one, and the youngest is Leo Ornstein, who on December 11 was twenty-eight years of age. Of the latter music critics during recent years been writing the most. It has been said that he and his work are a development of the turbulent artistic era of this age and that at present Ornstein is the most interesting pianist before the public to-day. His playing of Chopin is nothing short of marvelous.

A standard biographical dictionary of musicians speaking of Ornstein says: "He is one of the commanding contemporary figures of musical evolution. Together with Schonberg and Stravinsky he has taken his position at the extreme outpost of ultra-modern musical advancement and as the exponent of a system of unparalleled originality and boldness of procedure outdistances these two formidable innovators."

band's coat just after she has mended it neatly and lovingly!" The woman smiled. "That could never happen," she said. "The woman would find the letter first—then she would not mend the coat."

Final Reductions in the January Clearance Sale

Final Price Reductions on All Winter Coats, Suits, Cloth Dresses, Silk Dresses, Evening Gowns Separate Skirts and Furs

EXPECTS BUSINESS TO BE IMPROVED

Well Known Eastern Financier Is Here on Visit

An optimistic note is struck by James Rodger, the well-known financier of Montreal, who arrived at the Empress Hotel on Saturday from California, accompanied by Mrs. Rodger.

Mr. Rodger is a periodical visitor here, and since his last visit has been travelling extensively. He finds a considerable improvement in the eastern states, as is also the case in Quebec Province. He believes that it will not be long before business revivifies its influence in British Columbia, in fact in some lines he notes considerable improvement since his last visit to this Province.

He forecasted to the Times greater confidence in industrial enterprises, and that the flow of capital westward, checked for some time, would resume.

Mr. Rodger has recently visited Berkeley, and from here contemplates a visit to Honolulu in the near future.

"What a terrible thing it must be," said he, "for a woman to discover a love-letter in the pocket of her husband's coat just after she has mended it neatly and lovingly!"

Try This Raisin Pie

Neighborhood bake shops and large modern bakeries in your town are baking raisin pies for you that will delight your men folk and save baking at home.

Your grocer or a bake shop will deliver a delicious one. Try one. They are making them with—

Sun-Maid Raisins

C.P.R. CONSIDERING NEW DEPOT FOR COAST SERVICE

At Winnipeg Beach the pier will be renewed and enlarged and other improvements undertaken.

Automatic signal systems will be installed at MacGregor, Petain, B. C., which is the junction point to the Kettle Valley Railway and through the Kicking Horse Canyon between Field and Ogden.

To provide for the increase in westbound traffic, certain revisions of grade will be undertaken in the vicinity of Golden, B. C.

New stockyards will be erected at Broomhill, Fishier, Ambassador, Revenue, Broadacres, Wolfe, Nightingale, Spring, Louise, and Carstairs.

Water supplies will be improved at Frya, Lynch, Wawato, Oxbow, Hirsch, Newdale, Birtle, Weyburn, Sutherland, Carleton Place, Kerris, and New steel water tanks will be erected at Moose Jaw, Outlook and Parkburg.

An extension will be made to the engine house at Hardisty and extensive improvements made to the mechanical plants at Weston, Shops, Noudorf, Regina, Calgary and Aylth.

To provide for the increased perishable traffic particularly fruit changes and extensions will be made in the icing facilities at Winnipeg, Brandon and Sutherland.

Provision is made for the continuation of the work of lining the Connaught Tunnel, and also for the relining of the Loop Tunnel on the Crow's Nest line.

The usual allowances have been made for ballasting for the replacement of bridges with heavier and more permanent structures and for the replacement of rails in the main track and crossing sidings with others of greater weight to accommodate the heavier type of rolling stock.

The construction of a new terminal office building at Victoria for the accommodation of the British Columbia Coast Service is under consideration and a decision will be made as soon as plans have been prepared and considered.

An announcement respecting branch line construction has been deferred until March 1 so time will be afforded for the consideration of all aspects of the situation.

In preparing the programme consideration will be given to the opening up of the new territory for settlement and also the provision of facilities for producers who are now located so far from existing lines that they find hauling costs to the railway stations a heavy burden.

All data in connection with projected lines has been prepared and is now undergoing exhaustive analysis.

Kettle Valley Line. On the Kettle Valley Railway a number of bridges will be replaced with steel structures and improvements will be made to the facilities at Kenton and Princeton.

E. and N. Railway. On the Esquimalt and Nanaimo Railway, the programme of bridge replacement will be continued.

Provision will be made for improvements to passenger train equipment and additional track will be furnished to provide for the constantly growing log and lumber traffic.

"STAR" PRIZE NIGHT AT COLUMBIA SCHOOL. Friday before a very large audience the fifth monthly recital of the season took place at the Columbia School of Music.

The gold and silver star classes whose turn it was to put on the recital gave a very creditable performance, and the prizes for this class were distributed by School Trustee H. O. Litchfield.

Who spoke of the great improvement he noticed in the pupils since he last heard them, and complimented the school on the excellent work it was doing.

The following pupils received prizes in their respective grades, each

room having its own set of prizes: Beta Cottler, Muriel Wood, Miriam Biggin, Ina Grant, Jack Baxter, James Smith, Mary Phillips, Mary Leith, Marjorie Oliver, George Leith, Rosina Murphy, Martha Crombie, Jean Plowright, Mamie Wallace, Peter Luscombe, Marie Henningson, Kathleen Murray, Noel Bass, Marjorie Moffat, Margaret Watson, Clarendia Jeeves, Ellen Dawson, Ray Hadfield, Norman Tyrell, Dorothy Stanford and Phyllis Hadfield.

The following took part in a very secret plan and vocal programme: Jean Plowright, Phyllis Grant, Kathleen Murray, George McGerson, Rosalind Willis, Noel Bass, Dorothy O'Connell, Marie Henningson, Beatrice McMillan, Mary Phillips, Ray Hadfield, Margaret Watt, Beatrice McMillan, Brian Burdon-Murphy, Mamie Wallace, Ruby Cohen, George Leith, Marjorie Oliver, Clarendia Jeeves, Mary Crombie, Martha Crombie, Rosina Murphy, Phyllis Burdon-Murphy, Miriam Henningson, Mildred Halsey, Mary Leith and Jack Baxter.

GOAT BREEDERS HOLD SESSION. Annual Meeting of the B. C. Association.

The sixth annual meeting of the British Columbia Goat Breeders' Association was held in the Exhibition Offices, Vancouver, on Saturday, January 20, and was attended by over sixty members, representative of a total membership of nearly five hundred throughout the province.

The secretary's report showed that goats were holding their own in the matter of price better than any other class of live stock and that good goats were still in strong demand and could command good money.

The market was now settling down and prices were being based on quality first of all. Importations during 1922 were again large, British Columbia breeders sparing no efforts to secure the best, and there is no doubt the new blood will prove of great value.

The secretary's report on maintenance and improve on the high standard already reached by the use of previous importations. The past year had been a most successful one, showing the number of fairs featuring goats having grown steadily. The large fairs at Vancouver, New Westminster and Victoria again showed that the goat section was one of the most attractive and popular features.

The increasing use of goat milk for infants and invalids, and especially in cases of malnutrition is referred to with gratification. During the past winter the supply has not been able to keep pace with the demand and the future indicates considerable development in this respect.

Considerable business, which will be published later, was put through in workmanlike fashion, and the remarks of the breeders and general enthusiasm shown indicates a healthy state of affairs in the goat industry and speaks well for the future.

The following officers were elected for the ensuing year: President, D. H. Mowat, McKay; Vice-President, C. H. Unwin, Victoria; Secretary, Treasurer, George Pilmer, Department of Agriculture, Victoria; Directors: A. Lamb, H. G. Leeworthy and W. H. Cottrell, Vancouver; E. H. Burton, Victoria; C. W. Moore, Fort George; Auditor, W. Moore, Victoria.

PAYING THE RENT. A tragedian on tour sent the landlady's little boy to the postoffice at a 15-cent money order.

"Go! to write for one of them having cream samples," the landlady asked him.

"No," said the tragedian, puffing out his chest. "No, my good woman. But one must look after the dear ones at home, don't you know?"

—Los Angeles Times.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Daily Times, January 22, 1898

The steamer Willapa found anchored in Nootka Sound and abandoned the 235-ton British steamer Commonwealth on her home trip to this port. The Commonwealth was flying distress signals, but there was not a soul on board, the captain and crew having deserted her.

Forty-five returning Klondikers, with anywhere from one hundred thousand to one million dollars in dusts and drafts, according to the men interviewed, struck the city last evening.

Limerick, Jan. 21.—The steamer Lord O'Neill was lost on Wednesday night and the crew were rescued by the British ship Kinkora from Liverpool. The rush was so great in getting away from the sinking ship that the crew lost everything.

SMOKE

At the annual meeting of the British Columbia Coast Service, the following were elected officers for the ensuing year: President, D. H. Mowat, McKay; Vice-President, C. H. Unwin, Victoria; Secretary, Treasurer, George Pilmer, Department of Agriculture, Victoria; Directors: A. Lamb, H. G. Leeworthy and W. H. Cottrell, Vancouver; E. H. Burton, Victoria; C. W. Moore, Fort George; Auditor, W. Moore, Victoria.

MAKING TEMPORARY REPAIRS TO VESSEL

Steamer Princess Beatrice Lightened at Prince Rupert to Permit Work Being Done on Damaged Stem—Leaving Rupert Southbound on Wednesday

Temporary repairs are being made at Prince Rupert to the damaged stem of the steamer Princess Beatrice, which on Saturday morning was in collision with the steamer Camosun off Kingcombe Point, McKay Reach, and the boat is expected to leave Prince Rupert southbound Wednesday, according to a wire received from Capt. C. Sainty to-day.

The point where the Princess Beatrice and Camosun came together at the junction of Kingcombe Inlet and McKay Reach, is a dangerous one, the course running almost at right angles.

Responsibility for the mishap has yet to be determined. The Camosun is now at Vancouver and the Princess Beatrice will be down by the end of the week.

Dangerous Point. The point where the Princess Beatrice and Camosun came together at the junction of Kingcombe Inlet and McKay Reach, is a dangerous one, the course running almost at right angles.

Camosun's Damage. Vancouver, Jan. 22.—With her starboard plates and her forward gangway door bent by the impact with the Canadian Pacific steamer Princess Beatrice shortly after midnight last Friday, the steamer Camosun of the Union Steamship Company arrived in port to-day, and will go in drydock at the Wallace Yard on the course running almost at right angles.

Positions by Radio. (Issued by Canadian Government station at Gonzales Point, January 22. All ship positions as of 11 a.m. January 21, unless otherwise indicated.)

SEAMAN FORCED OFFICERS BELOW TOOK OVER SHIP

Remarkable Story Told With Release of Master of Schooner Centaurus. St. John's, Nfld., Jan. 22.—(By Canadian Press)—How a seaman, Krishan Jacob Lorensen by name, single-handed held up the officers of a Danish schooner and took over the navigation of the vessel until he was forced to capitulate by a bullet from the revolver of the captain, became known here with the release from the penitentiary of Krishan Rasmussen, master and Erik Kindesen, first mate, of the schooner Centaurus, on instructions of the justice department of Newfoundland, which decided, following an investigation, that it had no jurisdiction in the matter.

When the Admiral Oriental liner President Jefferson leaves next Friday on her outward trip to the Orient, she will have a number of prominent people on board. Among those booked to sail by the liner will be Dr. J. McLean of the faculty of the Rockefeller Institute at Peeking, Dr. McLean only recently came from China on a short leave, and is returning to the Orient to resume his duties. Mrs. E. B. Gregory and two children of Vancouver, B. C., are also booked for this voyage en route to join Mr. Gregory at Shanghai.

H. H. Berbert, president of the Kemp-Herbert Department Store Company, of Spokane, accompanied by his family, will make a tour of the Orient, leaving Friday. W. R. Ripley, manager of the department store, will also make the voyage. Nelson Johnson, United States consul general at large, delegated by the Department of State to make a tour of the consulates in the Orient, will be a passenger as far as Yokohama. He will be accompanied by his mother, Mr. and Mrs. Karl M. Wernitz, of Chicago, accompanied by Miss Helen Van Horn, who also leaves in the President Jefferson.

The Jefferson will have a capacity cargo, and some 4,000 bags of mail. Leaving Seattle at 11 o'clock Friday morning the steamship will get away the same evening from Ogden Point here.

Grappled With Mutineer. Finally in desperation the captain resorted to his gun and forcing his way to the deck grappled with the mutineer, the mate rendering all the assistance possible. In the melee the mutineer was discharged without ever inflicting any damage. This seemed to take the fight out of the officers, the captain conceding the point to the mutineer, who then, single-handed, and shortly thereafter they were hurled down the companionway and the hatch again barred against them.

Bullet Found Mark. It was then late in the evening and the weather becoming squally with snow falling, Lorensen brought the ship about and headed out to sea. The captain fearing that the ship might be placed in a perilous position redoubled his efforts to regain control of his charge. Seizing his gun he again advanced up the companionway. Lorensen's foot was ready but before he could swing his arm of the rebellious sailor who was immediately compelled to go forward in order to have the wound dressed. Lorensen later appeared on the after-deck and tearing the bandage from his arm refused to allow anything to be done in the treatment of the wound. Becoming gradually weakened, however, he was compelled to permit his arm to be dressed and later he was placed in the captain's bunk. He died six hours later from loss of blood.

The captain and mate were detained by their retainers of the circumstances and as a result of an investigation by the police the justice department decided that under international law it was without authority to try the case. The men on release were handed over to the Danish Consul, who will send a full report of the occurrence with the depositions and other evidence to the Danish authorities for any action they may think fit to take, when the ship reaches home waters.

VESSELS LOAD SPRUCE AT BUCKLEY BAY MILLS

Special to The Times. Prince Rupert, B. C., Jan. 22.—M. McCulloch has arrived at Buckley Bay, Queen Charlotte Islands, with a crew of between fifty and sixty men to open another logging camp in connection with the operations being conducted by the Massett Timber Company.

The schooner Camano is there loading lumber for Seattle from the old stock cut over a year ago. The new lumber is cut into large canis and rafted in readiness for loading into the company's schooners, which are coming for it from Los Angeles.

The first of these is expected to arrive at the end of this month. The cargo is ready for her and the mill is operating steadily. The steamer Prince Albert also brought a big party of loggers for the Smith Dollar camps at False Bay, Queen Charlottes.

GRANT HAS HEAVY SHIPMENT OF SILK

Cargo on Inbound Ship Said to Be Valued at Ten Million Dollars. Seattle, Jan. 22.—What is said to be the largest shipment of raw silk from the Orient to the United States, will arrive on the Admiral Oriental liner President Grant on January 29, the shipment being valued at \$10,000,000. The President Grant, Captain M. M. Jensen, sailed from Yokohama January 18 and in addition to the silk cargo carries the largest list of first cabin passengers in many months, there being a total of 400 passengers aboard the ship. In addition to other valuable freight, the President Grant brings 7,500 bags of mail. The President Grant has about 1,000 tons of freight for discharge at Victoria.

Will open liner season here this spring, leaving Glasgow, April 19.

ADMIRAL LINE PLANS NEW SHIP TERMINALS

Docks and Office Building Proposed at Seattle to Cost \$3,000,000. Seattle, Jan. 22.—Construction in Seattle of a great ocean shipping terminal costing \$3,000,000 including three huge piers, 1,100 feet in length, warehouses of large capacity and an office building, is planned by the Pacific Steamship Company, the Admiral Line, it was learned Saturday afternoon.

Negotiations for the purchase of the twenty-acre tract of land on which the war-time shipyards of the Skinner & Eddy Corporation, known as Plant No. 2, were located, are now being made by the Pacific Steamship Company and the United States Shipping Board, representing the Government, which owns the land. The Pacific Steamship Company has made an offer of \$600,000 for the property.

Negotiations Resumed. Negotiations for the purchase of the tract were first started by the Pacific Steamship Company in 1920 but were recently resumed. The offer for the tract will be renewed in Washington, D. C., within the next few weeks and presented in person by officers of the Pacific Steamship Company.

President Alexander, who sailed from San Francisco Saturday for Hawaii aboard the steamship H. F. Alexander, held a conference in San Francisco with Vice-President Dollar of the company in regard to the project. They were reported in accord regarding plans for construction of the new terminal and the efforts being made to purchase the site from the Shipping Board.

Leases held by the Pacific Steamship Company for Piers A, B and D and the Grand Trunk dock, on the Seattle waterfront, expire within the next three years. Instead of renewing them it is planned by the Pacific Steamship Company to build its own terminal, concentrating its operations from three huge piers constructed on the site of Skinner & Eddy Plant No. 2.

GOES TO FRASER RIVER.

The steamship Herman French, inbound from sea, passed here at 5:30 a. m. to-day, bound for the Fraser River to load lumber.

The City Council will appoint an assistant to City Assessor William Scowcroft to-night.

The weekly training parade of 11th Fortress Signal Company will fall in at the New Drill Hall on Tuesday evening, at 8 o'clock.

An English mail comprising 13 bags of letters, 25 bags of parcel post and 65 bags of papers, arrived at the local post office this morning. The mail left England on the Empress of France and Empress of Paris on January 5.

A very successful 500 drive was held on Friday evening in Marigold Hall, resulting in Miss K. Brennan winning the ladies' first prize and Mr. Wilkinson the gentlemen's first prize. Mrs. Hoy and Mr. Alexander from the hockey prizes. A winter drive will be held on February 2 at 8 p.m.

Dean Coleman of the faculty of the University of British Columbia will lecture on "Books and Life" at the Victoria College of Arts on Tuesday evening at 8.15. This is the first of a series of open lectures to be given under the auspices of the College Literary Society and the interested public will be welcomed.

Aided by Army—Charged on remand in the City Police Court to-day with vagrancy, it was stated that William Cooper and Ted Castles had left the city. The Salvation Army post here was represented in the court to-day, and Magistrate Jay was told that both men had been assisted out-of-town, one to go to his home on a farm.

**VICTORIANS WIN RABBIT TROPHIES**

Grand Championships Go to Vancouver Man; Rabbit Show in Vancouver

Three Victoria fanciers have been successful in the cup trophies in the Vancouver Rabbit Show at the manufacturers building last week. The winners of prizes and medals were as follows: Woodbine Rabbitry, the Scott & Peden cup; J. S. Hickford, the Victoria rabbit cup; J. S. Hickford, the donator's cup; and Hickford, won his own prize, but handed the Woodbine Rabbitry, of Victoria. In addition to this, J. S. Hickford won the handler's prize.

This is a remarkably good showing for Victoria rabbit breeders, and can be taken as an excellent criterion on which to base future entries in other shows. The Victoria representatives not only won medals and cups, but also made an excellent showing throughout. Nearly every class of rabbit indicated that a Victoria breeder had secured either second or third prize.

Two of the grand championships went to Vancouver breeders, and also made a good showing at the show. C. J. Fothergill was the breeder and owner of rabbits which won the championships. In addition to this he won two other special trophies.

**HOPE TO ESTABLISH CONVALESCENT HOME**

Royal Society St. George Annual Fancy Dress Dance Tuesday

What promises to be one of the most successful social events yet held by the Royal Society of St. George will take place to-morrow evening from 8.15 till 12, when the Society will hold its annual ball at the Conventive rooms, Campbell Building.

Dancing and cards will be the forms of entertainment and prizes are offered for each Mrs. Walter Nichol and Mrs. M. Hayward have promised to attend. Whilst it is hoped that as many as find it convenient to attend in fancy dress will do so, yet the wearing of costumes is purely optional. Refreshments will be served throughout the evening and tickets may be obtained at the door for a quite nominal charge.

The proceeds will go toward the establishment of a convalescent home, an enterprise the ladies of the Society have specially at heart and in which they desire to enlist the support of as many members and friends of the Society as possible.

**RE-UNION BANQUET ARRANGEMENTS MADE**

Is Expected to Be Successful Event; Excellent Programme

The arrangements for the Crusader re-union banquet are being completed by the committee in charge. A programme of a versatile character has been arranged, and many notable speakers will be heard on the occasion of this annual event. Some 120 members of the Bible class are expected to turn out, while letters from out-of-town members will be read.

To defray the expenses of such a banquet a dance will be held to-night at the Conservative rooms commencing at 8.30 o'clock. The proceeds from this dance will go toward the expenses of the banquet, which is expected to be the most successful ever held.

Since last year's event twenty new members have signed their names on the register, and it is the class's aim to double this number during the next year. A musical programme with humorous sketches will provide entertainment, while the history of the class will be read by the historian. Reports from the various committees of the numerous activities during the year will also be heard. William Maynard, teacher of the class, will preside on this occasion. It is due chiefly to his untiring efforts and the co-operation on the part of the class that the membership has grown so rapidly.

Next Tuesday night a dance will be held by the Crusaders commencing at 8.30 in the Conservative rooms. The proceeds of this dance will go to swell the football fund. Ray Kinlock's orchestra will be in attendance.

**START WORK ON SCHOOL BUDGET**

The City School Board will start work on its annual estimates at a special private meeting Wednesday evening. At this meeting the trustees will discuss ways and means of reducing their budget, or at least keeping it to the lowest figure possible. When the board's estimates have been completed, Mayor Hayward will ask the trustees to confer with members of the City Council in an effort to effect important economies in the school administration.

**VICTORIA FARMERS' INSTITUTE.**

The Victoria Farmers' Institute will hold their twenty-second annual concert and dance at Royal Oak Hall on Friday evening at 8 o'clock. A capable committee, headed by J. G. Dobbs and R. W. Mercer, is in charge of arrangements, and a splendid programme of music and dancing is promised.

Tasted Nice All Day.—It was due to using Stilsons' Fresh Ground Special 50c Coffee.

**STUDY PRACTICAL PSYCHOLOGY**

CLASS now forming and to be taught by a Real teacher of 25 years' experience and The Leading Psychologist of western B. C.—TEACHING SUB-CONSCIOUS MIND, MENTAL POWER, SUGGESTION, BUSINESS SUCCESS, PLENTY, SALESMANSHIP, HAPPINESS AND HEALTH, ETC.

**FREE Lecture Monday at 8 p.m.**

Showing the HOW and WHY of Psychology.

Be Sure and Come.

DR. T. W. BUTLER, Lecturer, Teacher and Healer.

**NEW THOUGHT TEMPLE**

Ask for folder. 935 Pandora Avenue.

**HINDU GRAMAPHONE RECORDS STOLEN**

Twenty-eight gramophone records in Hindustani dialect are reported to the city police to-day to have been stolen from the premises of Lab Singh, 1437 Tanton Street. English records nearby were untouched by the thief who confined his depredations to the theft of the Indian records, it is said. The police are investigating.

**YOUTH FACES SERIOUS CHARGE**

Court Refuses Plea of Insanity at Preliminary Hearing and Trial Proceeds

An attempt to withdraw Ronald Lay from the courts on the ground that he was mentally incompetent standing trial failed in the Provincial Police Court to-day.

He is the eighteen-year-old boy who surrendered himself to the City Police after being a fugitive sought by Provincial Police, on charges in connection with trouble at William Head.

After hearing evidence of a medical nature from Dr. Archibald Sinclair, Magistrate Jay refused to accept the application and ordered the preliminary hearing to proceed. H. H. Woolton appeared for the defence.

Lay was charged on remand with breaking and entering the premises of Charles Mann, Colwood, known as the Hatley Park Dairy, and with the theft of a bicycle and the sum of \$13. Dr. Sinclair characterized the accused as suffering from restricted breathing and other deficiencies which might render him abnormal, and stated he should receive medical care. The witness would not state the accused was insane, nor suffering from hallucinations.

Charles Mann told of missing an air saw bicycle and money the latter including a cheque. Thomas Bannister, the owner of the bicycle, identified the machine. Provincial Constable Robert Owens told of the investigations made by himself and Constable Irving which led them to the suspicion that the accused was connected with the burglary. Chief Fry told of the surrender of the accused, and certain admissions he made to that witness. The accused admitted the burglary, stated Chief Fry, and turned the money and cheque out of his pockets on to the hands of his brother-in-law.

At the afternoon session Lay was committed for trial on the burglary charge.

**UNEMPLOYED ASK FOR CONFERENCE**

Want Chance to Explain Needs to City Council

Having failed to move the city authorities to provide work for them, the unemployed now are about to ask the City Council to hold a round table conference with them to discuss their needs. The representatives of the Victoria and District Unemployed Council announced to-day.

Members of the City Council said to-day they would be willing to hear representatives of the unemployed when the Council meets in streets committee on Friday.

The city's plan to go ahead with work on the Esquimalt extension of Johnson Street immediately to provide jobs for some unemployed has been held up, unemployed have been told by Council members. The city is explained, is waiting for the Provincial Government to finish its share of the road work, and the Government is waiting to hear from Premier Oliver on the matter before proceeding.

**FALL FROM BUILDING.**

Slipping while at work on a building at the Lemon Gonnason Co., Ltd., Mill at 11.45 this morning an employee, James Waldon, fell a considerable distance to the ground. The man landed on his feet and badly wrenched both ankles. He was removed to the St. Joseph's Hospital in the Cameron & Caldwell ambulance.

**TO MEET TO-MORROW.**

The Ward Four Liberal Association will hold a social and dance in the Liberal Club to-morrow night at eight o'clock. A splendid programme of music and other entertainment features has been arranged. For those who do not dance card tables will be provided. Bert Zala's orchestra will provide the music and a capable committee is arranging for refreshments.

**MEMO!**

**GOVERNMENT ST. MARKET**

For LOCAL PRODUCTION

To the Manufacturer and Producer

If you want to boost Victoria, boost yourself by showing you can produce the goods.

Take a small stall and demonstrate by keeping the goods before the public. The public are with you and will help you if you help yourselves.

Small rents; light, water, etc. Free.

For information apply to JOHN DAY, at the Government Street Market (late Woolworth's 5c, 10c and 15c Store), or Poultry Store, 832 Yates Street

**PROTECTION**

As the Grand Army of United Veterans' executive will discuss a number of matters of considerable importance to the association, President Crouch requests that every member of the executive attend the evening's meeting, which will be held in the headquarters, Langley Street, at 8 o'clock.

**CROWDS STORM CHURCH TO SEE MENTAL HEALER**

Prof. Jules Armand Makes More Remarkable Cures Before Public

Tells of Thought Transference; Sufferers Follow Him to Hotel for Relief

By crowding persons into the aisles and seating them on stairs, 1,200 persons out of nearly two thousand who jammed outside were able to get into Centennial Methodist Church yesterday afternoon when Prof. Jules Armand, of Paris, France, the noted auto-suggestion and psycho-analysis healer, lectured before the Centennial Forum and performed six miracle cures by direct and auto-suggestion.

One man was treated by the professor for paralysis of one side of his face, which had defied all other treatments for a long time. After the first application of the "Cure" treatment the crowd saw the muscles of his face ease up and he took on an immediate and decided improvement. Prof. Armand said that to effect a permanent cure continued use of auto-suggestion for some time was necessary.

Another man on the platform was relieved of his bad attack of rheumatism by the professor.

Four women were treated in the church. One had her rheumatism relieved, another her deafness and a third her weak eyes. The fourth woman came forward with a broken wrist which had set and started to heal, but which was giving her terrible pain. The direct auto-suggestion treatment Prof. Armand administered in a few minutes before the crowded church was so successful that the woman testified that the frightful pain had practically gone instantly.

Prof. R. S. Baker, president member of the Fellowship of Applied Psychology and Dr. Ernest Hall witnessed the cures. John J. Glasford, president of the Centennial Forum, presided.

Praises Archbishop.

Prof. Armand during his lecture also dealt with thought transference in connection with the recent demonstration of Archbishop de Vermet at Prince Rupert that mind can move matter several miles removed. He said that the archbishop was a very great psychologist.

"The first teaching of applied psychology is to help yourself," Prof. Armand said. "Both telepathy and hypnosis are comprised under applied psychology. In telepathy, in the case of twins it is found that when one is sick, the other will feel it even 1,000 miles away.

"We have many instances of railroad wrecks being seen by people at the time they happen and miles away. At a place near Liverpool when I was there a woman had a terrible dream in which she saw her husband drown. Her husband was away at sea at the time. A little later he returned. She questioned him about his experience and found out that at the time she had her dream, he had fallen into the water and was drowning, but was saved from death by native rescuers.

Gordon at Khartoum.

"Then there is the remarkable case of General Gordon who died in the depths of Africa. His death was known in Cairo practically at the same time as he died, although it was not known to the British officials for days afterwards. This news of Gordon's death was transmitted to Cairo by natives who all over Africa transfer information by mental telepathy.

"The essential in mental telepathy are an active mind at one end and a passive mind at the other. It is easier to convey a picture by thought than a sentence. This means that our thoughts are vibrations. Whatever you think travels through space. We should therefore be careful of our thoughts.

Pursued by Sufferers

Prof. Armand will leave Victoria at midnight to-night or early to-morrow. During the last few days his apartments at the Empress Hotel have been crowded with sufferers seeking relief before he leaves the city. To-day he was making efforts to have some capable psychologist take over the patients and begin treating here with auto-suggestion and psycho-analysis, as some of them will have to continue treatment for some time to bring about a permanent cure. He is holding his last class here to-night.

This morning the professor had a long conference at the Empress Hotel with Prof. Baker about auto-suggestion, psycho-analysis and general psychology conditions in Victoria.

The professor has calls to Seattle and Calgary to conduct healing campaigns among serious cases.

**VICTORIA DEFEATS SALT SPRING TEAM**

In a fast match held Saturday at the Jubilee Hospital grounds the Victoria grass hockey team defeated the Salt Spring Island aggregation by 4 goals to 1. At half time the count stood 3-0 in favor of the local team, in the second period the home club loosed down, and the visitors pressed hard, and Price was successful in netting their lone tally.

For the City Leafeve was high man, getting three goals, while Bunting got the final one.

The teams were as follows: Salt Spring—Best; Wetherall and Springfoot; D. Crofton, Blackburn and Quinlan; Lowther, Robinson, Price, Borradsale and D. G. Crofton. Victoria—Gibson; Hudson and Stanier; Wilson, Munsey and Vincent; Giles, Leafeve, Bunting, Weman and Hodgson.

Ottawa Still Pressed Hard By Canadiens

Senators Defeated Hamilton in Thrilling Battle in Capital, 2-0

Canadiens Trim St. Pats, 3-1, and Force Them Into Last Position

N.H.L. Standing Table with columns for Team, P, W, L, D, Pts

Ottawa, Jan. 22.—Ottawa retained its lead in the National League race on Saturday night at the expense of Hamilton by a score of two to nothing.

It was one of the most strenuous games seen here in years, and at times almost threatened to get beyond control, so great was the feeling injected.

Several other nasty jobs, however, were anything but accidental, and it took Lou Marsh all his time to keep the players in hand.

Summary First period—1, Ottawa, Boucher, 2-0. Second period—2, Ottawa, Nighbor, 13-00. Third period—No score.

Montreal, Jan. 22.—Canadiens are still but one point behind Ottawa in the race for the National Hockey League honors.

The speedy Canadian forwards outclassed their heavier opponents tactically throughout the sixty minutes of the game and their more aggressive earned them the decision.

Summary First period—1, Canadiens, W. Boucher, 1-0. Second period—No score. Third period—2, Canadiens, Couture, 3-00. Final score, 3-00.

Regina, Jan. 21.—Wes Champ, owner of the Regina Capitals, tonight announced that "Spunk" Sparrow, one of the stars of the game, has been suspended indefinitely for breaking training rules.

Sparrow was here with the Regina team on December 24, and was one of their star players.

Liverpool Is Pulling Ahead of Contenders

The First Division Leaders Strengthened Their Position as Result of Saturday's Games in Old Country—J. S. Cook, Former Chelsea Player, Does Well With Everton

London, Jan. 22.—(Canadian Press Cable)—International rugby games overshadowed soccer on Saturday, especially as the excellent attending the cup tie matches has rarely died down.

J. S. Cook, the excellent forward, made a successful debut with Everton, whither he was transferred last Thursday. He scored one of their four goals.

Liverpool strengthened their position at the head of the First Division as a result of its win over Middlesbrough, while Sunderland and Huddersfield played to a draw.

There is a difference only of a point between the leading clubs of the First Division where the fight for promotion has never been keener.

Saturday's most sensational result was Luton's smashing defeat of Swansea, who have been winning consistently in the lower section of the Third Division for some time and are still second on the list.

The unravelling of the football tangle which has developed in this city will commence to-night, and it is expected that there will be lots of hot words before the job is completed.

The Wednesday League will convene to-night at 8 o'clock at the Victoria Arms Club rooms to get the inside story on the transfer of the Garrison players to Fitz's.

Interest in the football case is developing and the fans are anxious to see what the outcome will be.

Surprises In Jackson Cup Tie Saturday

Weiler's Default Game to Sons of Canada; Could Not Field Team

Three surprises were furnished in the second round of the Jackson Cup tie on Saturday.

One game went by default, one resulted in a draw and in the other a Wednesday League club vanquished the runners-up of the First Division.

The chief surprise was the victory of the Hudson's Bay, which stands third in the Wednesday League, over the Sons of England, second in the Wests in the First Division.

The Bays played a sound game in all departments and were better on the day's play than the Sons.

Both teams are in better form than at any previous time during the present season.

Seattle will play Edmonton in Edmonton to-night.

Peterboro, Ont., Jan. 22.—The Scottish curlers broke even in their morning, and afternoon games here Saturday.

Newark, N. J., Jan. 22.—"Babe" Cullen, boxing matchmaker, has written Managers of Benny Leonard, lightweight champion, and Mickey Walker, welterweight champion, offering a purse of \$100,000 for a match between them.

Victoria Rep Fifteen Win in Last Minutes

Gibbons Refused Bout With Champ Because of Size

New York, Jan. 22.—The match sought by Tom Gibbons, St. Paul boxer, with Jack Dempsey, has been dropped into the limbo, at least for some time to come, by William Muldoon, chairman of the New York state athletic commission.

Victoria got into the running for the McKechnie Cup on Saturday afternoon, when its ruggers, led by H. Penderay, turned in a win over the Nanaimo Hornets.

The miners surprised the spectators by their dash and speed. Their forwards were good with their feet, and whenever their three-quarters were given the ball they got off for good gains.

Victoria took the field without Ross Johnson, their skipper, and Hector Goodacre in uniform.

Johnston was absent. Victoria took the field without Ross Johnson, their skipper, and Hector Goodacre in uniform.

There was no halting Victoria at this stage. From a scrum inside the goalmouth, McLean fed the ball to McInnes, who relayed it to Adams.

Newark, N. J., Jan. 22.—"Babe" Cullen, boxing matchmaker, has written Managers of Benny Leonard, lightweight champion, and Mickey Walker, welterweight champion, offering a purse of \$100,000 for a match between them.

London, Jan. 22.—(Canadian Press Cable)—The bout between Joe Beckett, heavyweight champion of England, and Dick Smith, has been fixed provisionally for February 19.

GIRL HOOP SQUADS IN FIERY BATTLE

Mets Will Try to Halt St. Andrew's League-leaders; Three Other Games

The Mets will be out in full force to-night to witness three of their teams play in their various divisions of the Sunday School Basketball League.

Harry Lewis, manager of the Mets team, is bringing out three strong aggregations. The game, which is of the most interest is the Metropolitan vs. St. Andrew's Senior Girls' game.

Metropolitans will meet the Adnacs in the Senior "B" Division, while the Congregationalists will meet the Metropolitans in the Intermediate "A" Boys' League.

The second round of the Empress Billiards Handicap to be played at the Empress Billiard Parlors to-night Hinde (0.250) will meet Jones (0.250) at 7.30.

Four speedy basketball games were played on Saturday night, in the Sunday School League, at the Trades Hall.

The teams were as follows: Bays vs. Wachtler, 13; Hocking, Dunn, 2; Rothwell, 7; and Passmore, 2.

## "OLIVER TWIST" NOW AT ROYAL

### Famous Dickens Novel Is Shown on Screen

When Will H. Hays was in Hollywood, he paid a tribute to the art and spirit of little Jackie Coogan that has gone around the world in the printed columns of the press—he paid the tribute of his tears.

Depth of emotional truth is one of the elements demanded by Mr. Hays and by all other well-wishers of the cinema art.

Another quality more and more demanded of picture makers is that they project some educational value on the screen—not tiresome instruction, but unobtrusive information, valuable to remember and pleasant to recall.

Still a third quality emphasized by Mr. Hays as essential in properly conceived and wrought picture plays, was "wholesomeness."

It ought not to be the purpose of artists working in any medium to debauch the minds of the young or to encourage evil thinking by those unfortunately bent in that direction, inside Mr. Hays.

Its emotional truth and vigor will stir the heart of the most blasé and reawaken in the minds of the most careless, suggestions of life's finer things. When Mr. Hays, congratulating Jack Coogan, Sr., on the character of the stories in which he was promoting his son's artistic and financial welfare, he said, "That's the kind of picture the world needs." And that's the kind of picture "Oliver Twist," which is the attraction coming to-day to the Royal Victoria Theatre, has the distinction of possessing.

In wholesomeness nothing that Jackie Coogan could possibly appear in would harden the heart or debase the mind, so that in this quality, as well as in depth of emotion, patrons of the Royal Victoria Theatre may be entirely assured they will be amply repaid by a visit.

Educationally, the production calls the attention of millions throughout the world to a masterpiece of literature that humanity could ill afford to lose—one of the supreme literary products of all time.

The story, as unfolded, reveals a now corrected abuse which was prevalent in England, and elsewhere, when Dickens wrote his novel. The workhouse system was almost as evil in its result as the slavery evil in this country. All this is disclosed to the minds of young and old, not to mention the glimpses of rural and metropolitan England, as shown in Dunbridge and in London.

These scenes have been reproduced on the screen under the direction of Frank Lloyd, who not only knows the London of the present but the London of the past, but the London of Dickens' day, for that London he knew through the enthusiastic personal of the works of Charles Dickens, who was and is one of Mr. Lloyd's hobbies. "Oliver Twist" is presented as a First National attraction—one of the biggest of the year.

## LIVED IN SPECIAL TRAIN ON LOCATION

### "Quincy Adams Sawyer" to Be Presented at Dominion

A special compartment car and a diner furnished the living quarters for the members of the "Quincy Adams Sawyer" company during the two weeks which were spent on location in the far Northwest. The entire personnel which was engaged in this Metro-Six production was included in the party which filmed the most thrilling water scenes ever flashed on the screen in the waters of the Columbia river. Clarence Badger directed the film, now at the Dominion Theatre.

Because of the remoteness of the location it was necessary to arrange with the railway officials for the construction of a railway siding at the point where the roadbed approaches closest to the junction of the Columbia and Kettle rivers. This siding was the site on which the rolling home of the company rested. Horses and buggies were chartered to transport the riggers to and from the river, a distance of three miles, morning and night.

Three baggage cars were required to carry the necessary electrical supplies, including a large generator and other equipment. Two horses and two wagons also were included, as well as lumber for a boat, two dozen life belts, a surgical emergency kit and other articles. A physician also accompanied the party to provide treatment in the event of illness or injury. Considerable danger was incurred in the filming of many scenes, and for that reason these were left until all others had been taken.

The photographic department was represented by four cameramen and their assistants, and a fifth cameraman who took "still" pictures. Because of the hazards, certain to be encountered in making each scene every precaution was taken to prevent the necessity of "retakes."

The portable projection machine enabled the company to view each night the film "shot" the previous day. In this way any scene which showed poorly could be re-taken the following day.

A portable phonograph was the last purchase made by Assistant Director Charles Hunt previous to the departure. Anticipating tedious hours on the trip he bought it together with fifty records on his way to the train. The location was selected by Mr. Hunt.

Bernard McConville adapted "Quincy Adams Sawyer" to the screen from the famous novel by Charles Felton Pidgin.

## SHOWING AT ROYAL ALL WEEK

Jackie Coogan and Lon Chaney in "Oliver Twist"

as soon as possible. It is hoped to render the Oratorio some time about Easter.

## PLAYHOUSE APPEALS FOR HOME SUPPORT

### Will Resume Performances on Wednesday

If the argument of home production applies to clothing, foodstuffs, and so forth, why not also to Victoria amusements? It is perhaps not generally known that the versatile company which now occupies the Playhouse under the capable management

of Mr. Hincks is a purely Victoria concern. Every one of the thirty odd people employed at the Playhouse in one capacity or another is a Victorian, and all money spent in salaries, cost of materials for costumes, scenery and properties is spent in Victoria. That the quality of Playhouse shows is well up to—and in fact in many cases is superior to—the standard of imported shows will be testified to by hundreds of patrons, many of whom have permanent reservations for every show. The aim of Mr. Hincks and his associates is to give the Victoria public the very best that can be had in the way of clean, enjoyable entertainment at the lowest possible price. It is also the endeavor of the company to make each successive show a little bit better than its forerunner, and in this connection it is prophesied that the forthcoming production of the "Bing Boys in Baghdad" will be the best

## MUSIC LOVERS' NIGHT AT ROYAL

### Third Troop, Victoria Boy Scouts, will be hosts at a dance to be held in the Connaught Seaman's Institute on February 7, commencing at 8.30 p.m.

## MUSIC LOVERS' NIGHT AT ROYAL

In addition to Jackie Coogan in "Oliver Twist," by Charles Dickens, a special programme of music has been prepared

for Music Lovers' Night, when the following numbers will be played:  
Overture: "William Tell" (Rossini);  
"Valse Triste" (Schubert); "Katie Lament" (Foulds);  
Popular: "High Ginks" (Frimb);  
"Mary" (Hirsch).

Music Lovers' Nights are becoming a popular attraction at the Royal, and crowded houses are the rule, and patrons are advised to obtain their seats as early as possible, as this saves standing in line for admittance.

### SAG HARBOR FOLK WELCOME MEIGHAN

Star of "Back Home and Broke" Will Be Shown at Capitol

Thomas Meighan made another town over for motion picture purposes. This was Sag Harbor, L.I., which was used as the locale for "Back Home and Broke," a George Ade story for Paramount, starring Thomas Meighan, which will be the feature at the Capitol Theatre all this week. The star was royally received by the residents of the old town.

Mr. Meighan holds the record for having towns re-named. For "The Conquest of Canaan," the main street of Asheville, N.C., was changed to that of "Canaan," of which Booth Tarkington wrote. Jamestown, Cal., served as the locale. In making "If You Believe It, It's So," and for "Our Leading Citizen," Modesto, Cal., served as the locale. In making "Cappy Ricks," the Meighan company utilized three towns, San Francisco, Boston, and Bar Harbor, Me.

For two weeks the normal activities of Sag Harbor were at a standstill. The ladies' aid society postponed its regular meetings and turned out en masse to see the Meighan company make movies. The town's bank was changed to "The Bradford National Bank" for the picture. The leading department store, the grocery store, the Masonic temple and the homes of several of the citizens of Sag Harbor were transformed to suit the story.

More than 5,000 citizens of the town turned out for the big home-coming parade which was staged as part of the picture, with Mr. Meighan as the leading figure. The main street was decorated with flags and bunting for the occasion.

### TO SHOW AT COLUMBIA AGAIN

Popular Tom Mix to Appear in "The Heart of Texas Ryan"

Tom Mix is coming to the Columbia Theatre three days, commencing to-day, in his greatest Western drama, "The Heart of Texas Ryan," produced by William N. Selig, and pronounced by him to be the greatest Tom Mix picture ever produced.

In supporting of Mix are seen some of the most accomplished actors in the silent drama, including Frank Campeau, who has been seen opposite Douglas Fairbanks in his biggest successes; George Fawcett, one of the prominent character men of Cecil de Mille's productions; Bessie Eyton, a star in her own right and this season starring in the Pacific Coast company of Oliver Morosco's "Civilian Clothes," one of Broadway's biggest hits.

"The Heart of Texas Ryan" gives a thrill in every reel, and presents some of the most daring stunts ever enacted before the camera. Tom Mix is at his best in this production. It will be shown at the Columbia Theatre to-day, Tuesday and Wednesday.

### "THE BAT" TO COME HERE ON MONDAY

Famous Dramatic Hit to Be Shown at Royal

There are always people who like to know the why and wherefore of things. For example, there undoubtedly are many who wonder at the unusual success of "The Bat," the greatest dramatic hit of many years, which Wagenhals and Kemper will present at the Royal Victoria theatre on Monday, January 29.

"The Bat" was written by Mary Roberts Rinehart and Avery Hopwood. It played for more than two years in New York. It has a record of over one entire year in Chicago to its credit, something, incidentally, never before achieved by any dramatic play in that city. And still there are people who may be heard to wonder why.

There are always many causes to assign for the success of a popular play, but probably the one factor which has more to do with it than anything else is whether or no it has a universal appeal. In the case of "The Bat," this is most emphatically the case.

"The Bat" might easily be described in a variety of ways. It is a mystery play that fairly teems with thrills. It is dramatic in the extreme, and there are many moments in it when its comedy is so deliciously funny that they become almost farcical. Then, too, there is an absorbing love story running through it all, with the result that the theatre-goer, no matter how laded he may be, finds in the play exactly that which appeals to him most.

It is not at all improbable, however, that it is the mystery element in "The Bat" which accounts in a very great measure for its astounding success. If the records of the public libraries may be accepted as evidence, more persons prefer books dealing with mystery than of any other kind.

**ELIJAH REHEARSALS**  
Next Tuesday evening at 8 o'clock, the rehearsals for "Mendelssohn's Elijah" will commence in the school room of the First Presbyterian Church. It is hoped that all intending joining the chorus will be present on this opening night, in order that registration can be carried out

POINTS OF INTEREST

(1) BOOK: Authorities on American fiction will back up the statement that, without question, "Quincy Adams Sawyer" is the most famous novel of rural life ever written. 1,000,000 copies of Charles Felton Pidgin's story have been sold, and it is estimated that ten times that number of persons have read it.

(2) PLAY: It was inevitable that so successful a story, so brimful of kindly humor, sharply drawn characterizations and entertaining episodes, should find its way to the stage. The spoken play by Austin Adams was for years a highly successful and lucrative theatrical hit. It toured the country many times, and wherever it was shown it won new friends and found new favor.

(3) COMEDY: The reviews quoted on this page place particular emphasis on the delightful and comic situations written around rural characters. Of these there were plenty in the novel; and in the hands of the players who enact roles—players whose ability in "rube" portrayals amounts to genius—the maximum of fun has been extracted.

(4) BIG RIVER SCENES: Possibly the most thrilling water episodes ever filmed are shown in the final scenes of "Quincy Adams Sawyer." A real ferryboat, its only occupant a blind girl, is seen about to go over steep falls. Just as the ferry is to make the descent, the hero swims from shore and rescues the imperiled girl. It is a truly exciting scene, and brings a smashing climax to the picture.

Local Stock Quotations

Table listing local stock quotations for various companies and commodities such as Wheat, Flour, and other goods.

SHARP BREAK IN CHICAGO GRAINS

Chicago, Jan. 22.—The grain market was a weak affair today. Heavy selling in the opening started the market off to a good start and a number of the longs to liquidate at any price.

BUSINESS MEN URGE CANADA TO CUT EXPENSES

Ottawa Abandoned All Hopes of Getting Any German War Reparations. Montreal, Jan. 22.—Although Canada's revenue continues to expand rapidly, there has been a little jubilation over the fact by the next budget of the Minister of Finance will reveal a continuance of the principles of taxation contained in the budget of a year ago and this would seem to assure a continued high revenue.

Montreal Stocks

Table listing Montreal stock market data including various stocks and their prices.

EXCHANGE SUMMARY

Table listing exchange summary data for various currencies and commodities.

Called Unfortunate

Lloyd George is writing as not merely a publisher in "English" but appear in American and also other European capitals other than English, including Berlin, where they are believed to be having an inflammatory effect.

F.W. Stevenson STOCKS BONDS

102 PEMBERTON BUILDING Phone 362.

LLOYD GEORGE IS CRITICIZED

terday with the tremendous problems he now surveys and may yet be called upon to deal with them again.

The Natural Wealth of Canada

Forests. In the past three years Canada exported forest products to the amount of \$660,000,000, and there are still left great forests of Douglas fir, pine and spruce pulp wood—enough, if carefully preserved, to supply a great trade throughout an indefinite future.

# TIMES DAILY - PICTURE PAGE

Machine for Liquefying Helium

Above is shown the apparatus in the physics laboratory of the University of Toronto, used by Prof. J. C. McLennan to liquefy helium gas, after quantities of liquid air and liquid hydrogen are secured from other machines in the laboratory. On the right are shown Prof. J. C. McLennan (top) and his chief assistant in liquefying helium, G. M. Shrum, M. M.

Little Studies in Natural History

Why is it that an Elephant always fears a Mouse?

"More Coal," Demand French

Here is shown a group of women miners in the Ruhr, coal mines where French baronets are backing up a demand for increased output.

Most Northerly Lodge of Masons Holds Picnic On Iceberg

Members of Eastern Star Chapter From Nome, Alaska, Hold Outing

The above pictures were given to The Times by Mr. and Mrs. Elmer Reed, now of Seattle, who were at the Strathcona Hotel last week. Mr. Reed was formerly an official in the United States Marshal's office at Nome, and will leave again shortly for an appointment in the territorial capital at Juneau. The Masonic lodge members shown belong to Anvil Lodge, of Nome, Alaska.

"Pack Up Ruhr Troubles in Your Old Kit Bag"

In came the French and out marched the Americans. Here are U. S. doughboys on the Rhine preparing to quit the tinder-box which may burst into flaming warfare at the first clash between native Germans and the invading French.

SCHOOL DAYS By DWIG

Russell Thaw

Evelyn Nesbit

Evelyn Nesbit, former wife of Harry K. Thaw, is near death from pneumonia in Atlantic City, N. J. Only her 12-year-old son, Russell Thaw, is permitted to see her.

Unposed

This picture of a golden eagle was one of the many unusual photographs taken by a committee of the National Association of Audubon Societies for the Protection of Wild Birds and Animals. Unconscious of the concealed lens near his nest, the eagle came to rest within camera range.

Lizards in Death Battle

Darwin's theory of the survival of the fittest is dramatically illustrated in this death battle between two Iguana, poisonous Australian lizards. Here is shown their struggle for supremacy.

Nine weeks old, weighing 12 pounds, and as well built as a normal two-year-old child. That is the record of little Norma Loeb, above, according to her father, Dr. Carl Loeb, of Chicago. Norma has been sitting up for a month, and can walk—with a little assistance. Dr. Loeb has trained her to this.

Dry Fleet Captured These Rum-Hounds of the Sea

Anchored in Newark Bay, N. J., are these prizes of the dry navy, ships captured during the past year while they were attempting to smuggle booze into dry America.
