1. There is created in the state treasury the rebuilders home loan fund administered by the Bank of North Dakota. The fund consists of all moneys transferred to the fund by the legislative assembly. All moneys in the fund are appropriated to the Bank on a continuing basis for the rebuilders home loan program.
2. The Bank shall develop policies to implement this section. The Bank shall make or participate in loans to North Dakota residents affected by river flooding in the state due to ice jams in the winter and spring of 2019. Loans are available for rebuilding the resident's flood-damaged home or rebuilding nonowner-occupied property. A loan from the fund must have the interest rate fixed at one percent per year for no more than twenty years. A loan made to a homeowner or owner of nonowner-occupied property under this section may not exceed the lesser of seventy-five thousand dollars or the actual amount of documented damage not paid by flood insurance. For purposes of this section, "nonowner-occupied property" means property consisting of one or more rental dwelling units, none of which is occupied by the owner, and does not include hotel or motel accommodations or any other commercial property. For a resident rebuilding the resident's flood-damaged home, up to twenty percent of the loan proceeds disbursed under this program may be used for debt service, debt retirement, or other credit obligations. For every loan made from the fund to a homeowner to rebuild or replace that individual's flood-damaged home, principal and interest payments must be deferred for the first twenty-four months of the loan. There is no deferral of principal and interest payments for a loan for nonowner-occupied property.
3. A resident homeowner or owner of nonowner-occupied property is eligible for a loan under this section only if the home or property is located in an area affected by river flooding in the state due to ice jams in the winter and spring of 2019. To qualify for a loan under this section, the owner of nonowner-occupied property must have been the owner at the time of the flooding event, and the number of rental dwelling units in the property rebuilt under this section must remain the same as before the flooding event. A loan to the owner of nonowner-occupied property must be secured by the property for which the loan is made.
4. An application for a loan from the fund must be made to the Bank or originating financial institution, and, upon approval, a loan must be made from the fund in accordance with this section. An application for a loan to a homeowner or for a loan for nonowner-occupied property under this section may not be accepted after September 30, 2020.
5. Repayments to the rebuilders home loan fund must be transferred annually to replenish the Bank's current earnings and undivided profits which were transferred to the rebuilders home loan fund. If, subsequent to receiving a loan from the fund, the property for which the loan was made is purchased for flood mitigation purposes or otherwise sold, the balance of the loan and any interest accrued on the loan must be repaid to the fund upon the closing of the sale. If the borrower provides financial evidence satisfactory to the Bank to show that the borrower does not have the financial ability to repay the loan in full upon sale of the property, after the sale of the property the Bank may allow the borrower to continue to make payments based on the loan terms.

6. The Bank may deduct, from interest payments received on loans, a service fee for administering the fund for the Bank and originating financial institutions. The Bank shall contract with a certified public accounting firm to audit the fund as necessary. The cost of the audit, and any other actual costs incurred by the Bank on behalf of the fund, must be paid by the fund.

**SECTION 15. AMENDMENT.** Section 23.1-12-15 of the North Dakota Century Code is amended and reenacted as follows:

**23.1-12-15. Revenue to the fund. (Contingent effective date - [See note](#))**

Revenue from the following sources must be deposited in the state treasury and credited to the fund:

2. Any money recovered by the fund under section 23.1-12-23, and any money paid under an agreement, stipulation, or settlement;

4. Any money received by the ~~administrator~~department in the form of gifts, grants, reimbursements, or appropriations from any source intended to be used for the purposes of the fund.

**SECTION 16. AMENDMENT.** Section 23.1-12-17 of the North Dakota Century Code is amended and reenacted as follows:

**23.1-12-17. Registration fee. (Contingent effective date - [See note](#))**

1. ~~An owner or operator of a tank shall pay an annual registration fee of fifty dollars for each aboveground or underground tank owned or operated by that person. If after the fiscal year has been closed and all expenses relating to the fiscal year have been accounted for, the fund balance is less than six million dollars, the annual registration fee of fifty dollars is increased to one hundred dollars. If after the fiscal year has been closed and all expenses relating to the fiscal year have been accounted for, the fund balance is five million five hundred thousand dollars or more and the annual registration fee has been increased to one hundred dollars, the fee must be reduced to fifty dollars. If after the fiscal year has been closed and all expenses relating to the fiscal year have been accounted for, the fund balance exceeds nine million dollars, the annual registration fee is reduced to five dollars. Annual registration fees must continue at five dollars until the fund balance does not exceed nine million dollars. Upon the recommendation and approval of the petroleum tank release compensation fund board, the department shall classify tanks with respect to degree of hazard, determine the risks of each classification, and fix the registration fee for each classification at a rate sufficient to provide for:~~

- a. The payment of the expenses of administration of the fund;
  - b. The reimbursement for corrective action provided under this chapter; and
  - c. The maintenance by the fund of adequate reserves and surplus so the fund may be kept solvent at all times.
2. The department shall establish the schedule of registration fees by rules adopted in accordance with chapter 28-32.
- 2-3. An owner or operator of an existing tank that is discovered at a location that currently and previously has had tanks registered with the fund shall pay an additional twenty-five dollar penalty fee in addition to the registration fee for each aboveground tank and each underground tank owned or operated by that person for each previous year that the tank was required to be registered for which a fee was not paid. The payment includes the fees and the penalty for the failure to register.
  - 3-4. An owner or operator of an existing tank at a location that was not previously and continuously registered with the fund, whether the registration was required by law or not must provide the fund with a phase two environmental study conducted by a qualified firm according to American society for testing materials standards. A tank integrity test must also be performed. The environmental study and tank integrity test must be reviewed by the ~~commissioner~~department along with the application for registration with the fund. If the ~~commissioner~~department rejects the application, the applicant is denied eligibility to the fund. However, if the site is remediated and the leaking tank is replaced, the applicant may reapply for registration with the fund. A new installation that is using a used tank must provide tank integrity test results for the used tank. Use of a synthetic liner in an aboveground dike system negates the need for a tank integrity test. The owner or operator of a new tank at a new site or a new tank at an existing site that had a tank registered at the site previously need only pay the required fees for registration with the fund.
  - 4-5. If accepted for registration with the fund, the owner or operator of the tank shall pay an additional twenty-five dollar penalty fee in addition to the registration fee for each aboveground tank and underground tank owned or operated by that person for each previous year that the tank was required to be registered for which a fee was not paid, regardless of ownership in each of those years. The payment includes the fees and the penalty for the failure to register.
  - 5-6. The registration fees collected under this section must be paid to the ~~fund administrator~~department for deposit in the state treasury for the dedicated credit to the petroleum release compensation fund.
  - 6-7. If a registration payment is not received within sixty days of July first by the ~~commissioner~~department, a late fee of twenty-five dollars per tank per month must be imposed on the tank owner or operator.

**SECTION 17.** A new section to chapter 23.1-12 of the North Dakota Century Code is created and enacted as follows:

**Registration fees before adoption of rules.**

Until the department adopts rules establishing a schedule of registration fees under section 23.1-12-17, registration fees must comply with this section. An owner or operator of a tank shall pay an annual registration fee of fifty dollars for each aboveground or underground tank owned or operated by the person. If, after the fiscal year has been closed and all expenses relating to the fiscal year have been accounted for, the fund balance is less than six million dollars, the annual registration fee of fifty dollars is increased to one hundred dollars. If, after the fiscal year has been closed and all expenses relating to the fiscal year have been accounted for, the fund balance is five million five hundred thousand dollars or more and the annual registration fee has been increased to one hundred dollars, the fee must be reduced to fifty dollars. If, after the fiscal year has been closed and all expenses relating to the fiscal year have been accounted for, the fund balance exceeds nine million dollars, the annual registration fee is reduced to five dollars. Annual registration fees must continue at five dollars until the fund balance does not exceed nine million dollars.

**SECTION 18. AMENDMENT.** Section 23.1-12-18 of the North Dakota Century Code is amended and reenacted as follows:

**23.1-12-18. Reimbursement for corrective action. (Contingent effective date - [See note](#))**

1. The ~~administrator~~department shall reimburse an eligible owner or operator for ninety percent of the costs of corrective action, including the investigation, which are greater than five thousand dollars and less than one million dollars per occurrence and two million dollars in the aggregate. An eligible tank owner or operator may not be liable for more than twenty thousand dollars out-of-pocket expenses for any one release. A reimbursement may not be made unless the ~~administrator~~department determines that:
  - a. At the time the release was discovered the owner or operator and the tank were in compliance with state and federal rules and rules applicable to the tank, including rules relating to financial responsibility, rules relating to infrastructure compatibility, and all rules relating to health and safety which were in effect at the time of the release;
  - b. The department was given notice of the release as required by federal and state law;
  - c. The owner or operator has paid the first five thousand dollars of the cost of corrective action; and
  - d. The owner or operator, to the extent possible, fully cooperated with the department ~~and the administrator~~ in responding to the release.
2. The fund shall compensate third parties for corrective action taken for a petroleum release if the provisions of subdivisions a, b, c, and d of subsection 1 were met at the time the release was discovered. Compensation for third-party corrective action includes compensation for costs incurred in returning the real estate to that level deemed duly remediated by the department.
3. The fund shall reimburse the tank owner, operator, or dealer for bodily injuries to a third party caused by a petroleum release if the provisions of subdivisions a, b, c, and d of subsection 1 were met at the time the release was discovered in an amount determined by:

- a. Findings reduced to judgment in federal or state district court or such other court having jurisdiction over the matter in a proceeding in which the fund has been made a party;
  - b. Findings by an arbitration panel agreed upon in writing by the parties in a proceeding in which the fund has been made a party; or
  - c. A written settlement entered into by the parties in which the ~~commissioner~~director of the ~~department~~ or the ~~commissioner's~~department's agent has participated. The settlement must be reviewed and approved by the ~~commissioner~~director of the department.
4. In any civil action against the owner, operator, or dealer for damages resulting from a petroleum release, if the pre-leak condition of real estate is an issue, and if there is no reasonable means of determining the pre-leak condition of real estate, the condition is that which exists at the time the department determines the real estate has been duly remediated.
  5. The fund may not compensate for attorney's fees of owners, operators, or dealers, nor may the fund compensate for exemplary damages, criminal fines, or administrative penalties.
  6. A third party accepting monetary compensation directly from the fund for damages due to a release caused by a tank owner, operator, or dealer covered by the fund is deemed to have waived any cause of action against the fund or against the tank owner, operator, or dealer.
  7. The fund shall reimburse the department for all costs, attorney's fees, and other legal expenses relating to administrative and adjudicative proceedings under this chapter and any subsequent legal proceeding. Any moneys reimbursed must be deposited in the department's operating fund in the state treasury and must be spent subject to appropriation by the legislative assembly.

**SECTION 19. AMENDMENT.** Section 23.1-12-19 of the North Dakota Century Code is amended and reenacted as follows:

**23.1-12-19. Application for reimbursement. (Contingent effective date - [See note](#))**

An owner or operator that is a first-party claimant and that proposes to take corrective action or has undertaken corrective action in response to a release, the time of the release being unknown, may apply to the ~~administrator~~department for partial or full reimbursement under section 23.1-12-18. An owner or operator who is a first-party claimant may be reimbursed only for costs incurred after July 1, 1989, even if the releases were discovered before July 1, 1989, up to the maximum of twenty-five thousand dollars per location.

**SECTION 20. AMENDMENT.** Section 23.1-12-20 of the North Dakota Century Code is amended and reenacted as follows:

**23.1-12-20. ~~Administrator~~Department to determine costs. (Contingent effective date - [See note](#))**

A reimbursement for corrective actions taken by an owner, operator, or dealer may not be made from the fund until the ~~administrator~~department has determined that

the costs for which reimbursement is requested were actually incurred and were reasonable. All necessary loss adjustment expenses must be included as a component of the loss and must be paid out of the fund.

**SECTION 21. AMENDMENT.** Section 23.1-12-23 of the North Dakota Century Code is amended and reenacted as follows:

**23.1-12-23. Recovery of expenses. (Contingent effective date - [See note](#))**

Any reasonable and necessary expenses incurred by the fund, which exceed the coverage limits provided by section 23.1-12-18, in taking a corrective action, including costs of investigating a release, and in taking legal actions, may be recovered in a civil action in district court brought by the ~~administrator~~department against an owner or operator. The certification of expenses by an approved agent of the fund is prima facie evidence that the expenses are reasonable and necessary. Any expenses that are recovered under this section must be deposited in the fund.

**SECTION 22. AMENDMENT.** Section 23.1-12-24 of the North Dakota Century Code is amended and reenacted as follows:

**23.1-12-24. Costs exceeding reimbursement. (Contingent effective date - [See note](#))**

3. Keep a separate account of the grain business, if the grain buyer is engaged in handling or selling any other commodity, and under no circumstances may the grain account and other accounts be mixed.

**SECTION 10. FARGO FLOOD CONTROL PROJECT DOWNSTREAM IMPACT MITIGATION.** The Fargo Moorhead metropolitan flood risk management project operations may not cause a downstream federal emergency management agency accredited flood protection system in North Dakota to lose its accreditation. For purposes of this section, negative downstream impacts to accredited flood protection systems are caused when the water surface profile passing through such systems is raised by more than one-tenth of one foot for

the one hundred-year event or when the ability of the accredited flood protection system to protect against a two hundred-year or five hundred-year event is compromised. The metropolitan flood diversion authority shall collaborate with the state engineer and accredited flood protection systems in North Dakota to implement this requirement.

<sup>14</sup> Section 12.1-31.2-01 was also amended by section 2 of Senate Bill No. 2071, chapter 114.

**SECTION 3. AMENDMENT.** Section 14-09-00.1 of the North Dakota Century Code is amended and reenacted as follows:

**14-09-00.1. Definitions.**

As used in this chapter, unless the context otherwise requires:

1. "Decisionmaking responsibility" means the responsibility to make decisions concerning the child. The term may refer to decisions on all issues or on specified issues, but not child support issues.
2. "Harm" means negative changes in a child's health which occur when an individual responsible for the child's welfare:
  - a. Inflicts, or allows to be inflicted, upon the child, physical or mental injury, including injuries sustained as a result of excessive corporal punishment;  
or
  - b. Commits, allows to be committed, or conspires to commit, against the child, a sex offense as defined in chapter 12.1-20.
3. "Parental rights and responsibilities" means all rights and responsibilities a parent has concerning the parent's child.
- ~~3-4.~~ "Parenting plan" means a written plan describing each parent's rights and responsibilities.
- ~~4-5.~~ "Parenting schedule" means the schedule of when the child is in the care of each parent.
- ~~5-6.~~ "Parenting time" means the time when the child is to be in the care of a parent.
- ~~6-7.~~ "Primary residential responsibility" means a parent with more than fifty percent of the residential responsibility.
- ~~7-8.~~ "Residential responsibility" means a parent's responsibility to provide a home for the child.

**SECTION 4. AMENDMENT.** Subsection 1 of section 14-09-06.2 of the North Dakota Century Code is amended and reenacted as follows:

1. For the purpose of parental rights and responsibilities, the best interests and welfare of the child is determined by the court's consideration and evaluation of all factors affecting the best interests and welfare of the child. These factors include all of the following when applicable:
  - a. The love, affection, and other emotional ties existing between the parents and child and the ability of each parent to provide the child with nurture, love, affection, and guidance.
  - b. The ability of each parent to assure that the child receives adequate food, clothing, shelter, medical care, and a safe environment.
  - c. The child's developmental needs and the ability of each parent to meet those needs, both in the present and in the future.

- d. The sufficiency and stability of each parent's home environment, the impact of extended family, the length of time the child has lived in each parent's home, and the desirability of maintaining continuity in the child's home and community.
- e. The willingness and ability of each parent to facilitate and encourage a close and continuing relationship between the other parent and the child.
- f. The moral fitness of the parents, as that fitness impacts the child.
- g. The mental and physical health of the parents, as that health impacts the child.
- h. The home, school, and community records of the child and the potential effect of any change.
- i. If the court finds by clear and convincing evidence that a child is of sufficient maturity to make a sound judgment, the court may give substantial weight to the preference of the mature child. The court also shall give due consideration to other factors that may have affected the child's preference, including whether the child's preference was based on undesirable or improper influences.
- j. Evidence of domestic violence. In determining parental rights and responsibilities, the court shall consider evidence of domestic violence. If the court finds credible evidence that domestic violence has occurred, and there exists one incident of domestic violence which resulted in serious bodily injury or involved the use of a dangerous weapon or there exists a pattern of domestic violence within a reasonable time proximate to the proceeding, this combination creates a rebuttable presumption that a parent who has perpetrated domestic violence may not be awarded residential responsibility for the child. This presumption may be overcome only by clear and convincing evidence that the best interests of the child require that parent have residential responsibility. The court shall cite specific findings of fact to show that the residential responsibility best protects the child and the parent or other family or household member who is the victim of domestic violence. If necessary to protect the welfare of the child, residential responsibility for a child may be awarded to a suitable third person, provided that the person would not allow access to a violent parent except as ordered by the court. If the court awards residential responsibility to a third person, the court shall give priority to the child's nearest suitable adult relative. The fact that the abused parent suffers from the effects of the abuse may not be grounds for denying that parent residential responsibility. As used in this subdivision, "domestic violence" means domestic violence as defined in section 14-07.1-01. A court may consider, but is not bound by, a finding of domestic violence in another proceeding under chapter 14-07.1.
- k. The interaction and inter-relationship, or the potential for interaction and inter-relationship, of the child with any person who resides in, is present, or frequents the household of a parent and who may significantly affect the child's best interests. The court shall consider that person's history of inflicting, or tendency to inflict, physical harm, bodily injury, assault, or the fear of physical harm, bodily injury, or assault, on other persons.

- l. The making of false allegations not made in good faith, by one parent against the other, of harm to a child ~~as defined in section 50-25-1-02.~~
- m. Any other factors considered by the court to be relevant to a particular parental rights and responsibilities dispute.

<sup>15</sup> **SECTION 5. AMENDMENT.** Subsection 2 of section 27-20-30.1 of the North Dakota Century Code is amended and reenacted as follows:

2. A petition to commence an action under this section must contain information ~~as required under section 27-20-21~~ by supreme court rule along with an affidavit either prepared by the administrative county, as determined by the department of human services, or prepared by an agency or tribal council of a recognized Indian reservation in North Dakota.

1. The petition must ~~comply with section 27-20-21~~ contain information as required by supreme court rule and state clearly that an order for termination of parental rights is requested and that the effect will be as stated in section 27-20-46.

**SECTION 17.** Section 10-32.1-102 of the North Dakota Century Code is created and enacted as follows:

**10-32.1-102. Series of members, managers, transferable interests or assets - General powers of series - Governing authority - Distributions - Termination of series.**

1. An operating agreement may establish or provide for the establishment of a designated series of members, managers, transferable interests, or assets that:
  - a. Has separate rights, powers, or duties with respect to specified property or obligations of the limited liability company or profits and losses associated with specified property or obligations; or
  - b. Has a separate business purpose or investment objective.
2. A series established in accordance with subsection 1 may carry on any business, purpose, or activity, whether or not for profit, which is not prohibited by this chapter.
3. Subject to subsection 4, if an operating agreement establishes or provides for the establishment of a particular series:
  - a. The debts, obligations, or other liabilities of the particular series, whether arising in contract, tort, or otherwise, are enforceable against the assets of the series only and not against:
    - (1) The assets of the limited liability company generally or any other series thereof; or
    - (2) A member of the limited liability company.
  - b. The debts, obligations, or other liabilities of the limited liability company generally or any other series thereof, whether arising in contract, tort, or otherwise, are not enforceable against the assets of the particular series.
4. The limitations on liabilities in subsection 3 apply if:
  - a. The records for the particular series accounting for the assets of the series are separately maintained from the records accounting for the assets of the limited liability company or any other series thereof. Records that reasonably identify the assets of a particular series, including by specific listing, category, type, quantity, computational or allocational formula or procedure such as a percentage or share of assets, or by any other method in which the identity of the assets is objectively determinable, is deemed to account for the assets of the particular series separately from the assets of the limited liability company or any other series thereof.
  - b. The operating agreement specifically provides for the limitations on liabilities; or

- 
- c. Notice of the limitations on liabilities of the particular series is included in the articles of organization. Notice is sufficient whether or not the limited liability company has established or referenced any particular series in the notice.
  5. This section, an operating agreement, or articles of organization may not restrict:
    - a. A series or limited liability company on behalf of a series from agreeing in the operating agreement or otherwise that any debt, obligation, or other liability of the limited liability company generally or any other series thereof is enforceable against the assets of the series;
    - b. A limited liability company from agreeing in the operating agreement or otherwise that any debt, obligation, or other liability of a series is enforceable against the assets of the limited liability company generally; or
    - c. Notwithstanding section 10-32.1-26, a member or manager from agreeing in the operating agreement or otherwise to be personally liable for any debt, obligation, or other liability of a series.
  6. A series established under this section may, in its own name, contract, hold title to assets including real, personal and intangible property, grant liens and security interests, and sue or be sued. A series may:
    - a. Have separate rights, powers, or duties with respect to specified property or obligation of the limited liability company or profit and loss associated with any specified property or obligation;
    - b. Carry on a lawful purpose regardless of whether for profit, except for the purpose of acting as a financial institution or acting as an insurer; or
    - c. Hold assets directly or indirectly, including in the name of the series or the name of the limited liability company.
  7. An operating agreement that establishes or provides for the establishment of a series may:
    - a. Provide for classes or groups of members or managers of the series having the relative rights, powers, and duties specified in the operating agreement;
    - b. Provide for and specify the future creation of additional classes or groups of members or managers of the series having the relative rights, powers, and duties as may be established, including rights, powers, and duties senior to existing classes and groups of members or managers of the series;
    - c. Provide for the taking of an action, including the amendment of the operating agreement, without the vote or approval of a member, manager, class, or group of members or managers of the series;
    - d. Provide that a member, class, or group of members of a series do not have voting rights; and

- e. Grant to all or certain identified members, managers, class, or group of members or managers of the series the right to vote on a matter separately or with all or any class or group of members or managers of the series. Voting by members or managers may be on a per capita, number, financial interest, class, group, or other basis.
8. The management of a series is vested as follows:
- a. In the members of the series pursuant to subsection 2 of section 10-32.1-39. A member shall cease to be a member of a series upon the divestment of all the member's transferable interests of the series. The fact a person ceases to be a member of a particular series must not by itself cause the person to cease to be a member of the limited liability company or any other series thereof or cause the termination of the series, regardless of whether the person was the last remaining member of the series; or
- b. If the operating agreement provides for the management of the series in whole or in part by a manager, the management must be vested in one or more managers who must be chosen as provided in the operating agreement and who must hold the offices and have the responsibilities as specified in the agreement. A manager ceases to be a manager of a series as provided in an operating agreement and subject to subdivision e of subsection 3 of section 10-32.1-39. The fact a person ceases to be a manager of a particular series must not by itself cause the person to cease to be a manager of the limited liability company or any other series thereof.
9. Notwithstanding section 10-32.1-30 and subject to subsections 10 and 12, if a member of a series becomes entitled to receive a distribution, the member has the status of, and is entitled to all remedies available to, a creditor of the series with respect to the distribution. An operating agreement may provide for the establishment of a record date for allocations and distributions associated with a series.
10. Notwithstanding subsection 1 of section 10-32.1-31, a limited liability company may make a distribution with respect to a series established under this section unless the total assets of the series after the distribution would be less than the sum of its total liabilities plus the amount that would be needed, if the series were to be dissolved, wound up, and terminated at the time of the distribution, to satisfy the preferential rights upon winding up and termination of members whose preferential rights are superior to those of the persons receiving the distribution. A member that receives a distribution knowing the distribution was made in violation of this subsection is personally liable to the series for the amount of the distribution.
- a. This subsection does not affect an obligation or liability of a member under an agreement or other applicable law for the amount of a distribution, except an action under this subsection must be subject to subsection 5 of section 10-32.1-32.
- b. For purposes of this subsection, "distribution" does not include amounts constituting reasonable compensation for present or past services or reasonable payments made in the ordinary course of business under a bona fide retirement plan or other benefits program.

11. Subject to section 10-32.1-51, a series established under this section may be terminated and its affairs wound up without causing the dissolution of the limited liability company. The termination of the series does not affect the limitations on liabilities of the series as provided in subsection 3. A series is terminated and its affairs must be wound up upon the occurrence of any of the following:
  - a. The dissolution of the limited liability company under section 10-32.1-51;
  - b. The time or happening of events specified in the operating agreement;
  - c. The vote or consent of members of the series who own more than two-thirds of the interests in the profits of the series; or
  - d. On application by a member or manager of the series, the entry of a court order terminating the series on the grounds the series is not reasonably practicable to carry on the purposes of the series in conformity with the operating agreement.
12. A person winding up the affairs of a series may, in the name of the limited liability company and for and on behalf of the limited liability company and the series, take any action with respect to the series as authorized by section 10-32.1-51. The person shall provide for the claims and obligations of the series and distribute the assets of the series as provided in section 10-32.1-54. Any action taken in accordance with this subsection does not affect the liability of members and does not impose liability on a liquidating trustee appointed in accordance with this subsection. Notwithstanding section 10-32.1-51, the following persons may wind up the affairs of a series:
  - a. A manager of the series who has not wrongfully terminated the series;
  - b. If the series has no manager who qualifies under subdivision a, the members of the series or a person approved by the members;
  - c. The members who own more than fifty percent of the interests in the profits of the series; or
  - d. On application of a member or manager of the series or a personal representative or assignee of the member or manager, and upon cause shown, a court or a liquidating trustee appointed by the court.
13. A foreign limited liability company doing business in this state and governed by an operating agreement that establishes or provides for the establishment of a designated series of members, managers, transferable interests, or assets shall state the following on its certificate of authority:
  - a. That the operating agreement of the foreign limited liability company establishes or provides for the establishment of series having separate rights, powers, or duties with respect to specified property or obligations of the foreign limited liability company or profits and losses associated with specified property or obligations;
  - b. If any debt, obligation, or other liability of any particular series, whether arising in contract, tort, or otherwise, is enforceable against the assets of

the particular series only and not against the assets of the foreign limited liability company generally or any other series thereof; and

c. If any debt, obligation, or other liability of the foreign limited liability company generally or any other series thereof, whether arising in contract, tort, or otherwise, is enforceable against the assets of the particular series.

14. The secretary of state may adopt rules reasonable and necessary to address requirements related to the secretary of state for registration and continuing existence of the series limited liability companies established under this section.

**SECTION 18. AMENDMENT.** Subsection 2 of section 10-35-28 of the North Dakota Century Code is amended and reenacted as follows:

2. The annual report must be submitted on forms prescribed by the secretary of state. The information provided must be given as of the date of the execution of the report. The annual report must be signed as provided in subsection 5458 of section 10-19.1-01, the articles or the bylaws, or by a resolution approved by the affirmative vote of the required proportion or number of the directors. If the publicly traded corporation is in the hands of a receiver or trustee, it must be signed on behalf of the publicly traded corporation by the receiver or trustee. The secretary of state may destroy all annual reports provided for in this section after they have been on file for six years.

### SENATE BILL NO. 2192

(Senators Bekkedahl, Meyer, Wardner)  
(Representatives Lefor, Schreiber-Beck, Zubke)

AN ACT to create and enact chapter 11-09.2 of the North Dakota Century Code, relating to county lodging and restaurant tax; to amend and reenact subsections 21, 22, and 23 of section 57-39.2-01, subdivision e of subsection 1 of section 57-39.2-02.1, and subsection 22 of section 57-39.2-04 of the North Dakota Century Code, relating to references to tourist court accommodations; and to provide an effective date.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** Chapter 11-09.2 of the North Dakota Century Code is created and enacted as follows:

##### **11-09.2-01. County lodging tax - Imposition - Amount - Disposition.**

The board of county commissioners of any county, by ordinance, may impose a county tax, not to exceed two percent, upon the gross receipts of retailers on the leasing or renting of hotel, motel, or other accommodations within the county for periods of fewer than thirty consecutive calendar days or one month. The tax imposed by this section must be in addition to the state sales tax on rental accommodations provided in chapter 57-39.2. A county may not impose a county lodging tax under this section on the gross receipts of retailers located within the boundaries of a city within that county if the city has imposed a city lodging tax, or subsequently enacts and imposes a city lodging tax, under section 40-57.3-01. A county that imposes the tax in this section shall deposit all proceeds in the county visitors' promotion fund. Moneys deposited in the county visitors' promotion fund must be spent only as provided in this chapter. This chapter applies to all counties and does not limit the authority of a home rule county to levy any taxes authorized by other provisions of law.

##### **11-09.2-02. County lodging and restaurant tax - Imposition - Amount - Disposition.**

In addition to the tax under section 11-09.2-01, the board of county commissioners of any county, by ordinance, may impose a county tax, at a rate not to exceed one percent, upon the gross receipts of retailers on the leasing or renting of hotel, motel, or other accommodations within the county for periods of fewer than thirty consecutive calendar days or one month and upon the gross receipts of a restaurant from any sales of prepared food or beverages, not including alcoholic beverages for consumption off the premises where purchased, which are subject to state sales taxes. For purposes of this section, "restaurant" means any place where food is prepared and intended for individual portion service for consumption on or off the premises and "prepared" includes heating prepackaged food. Accommodations, food, and beverages may all, each, or in any combination be subject to the tax under

this section, if all items in any category which are taxable under state law are taxable, except as otherwise provided in this section. The tax imposed under this section is in addition to state sales taxes on rental accommodations and restaurant sales, and county lodging taxes under section 11-09.2-01. A county may not impose a county lodging and restaurant tax under this section on the gross receipts of retailers located within the boundaries of a city within that county if the city has imposed a city lodging and restaurant tax, or subsequently enacts and imposes a city lodging and restaurant tax, under section 40-57.3-01.1, on the gross receipts from the same transaction. A county that imposes the tax under this section shall deposit all proceeds in the county visitors' promotion fund. Moneys deposited in the county visitors' promotion fund may be spent only as provided in this chapter.

#### **11-09.2-03. County visitors' promotion fund - Establishment - Purpose.**

The board of county commissioners of any county that imposes a county tax pursuant to section 11-09.2-01 or 11-09.2-02 shall establish a county visitors' promotion fund. The local destination marketing organization shall serve as an advisory committee to the board of county commissioners in administering the proceeds from the taxes available to the county under this chapter. The moneys in the visitors' promotion fund must be used generally to promote, encourage, and attract visitors to come to the county and use the travel and tourism facilities within the county. The local destination marketing organization shall receive, plan, execute, and review the expenditure of proceeds from the visitors' promotion fund and report its activities annually to the board of county commissioners.

#### **11-09.2-04. Budget - Contracts.**

The board of county commissioners annually shall review the local destination marketing organization budget as proposed by the organization, if any, under which the organization operates. The board of county commissioners, in consultation with the local destination marketing organization, may contract with any person, firm, association, corporation, or limited liability company to carry out the purposes of the county visitors' promotion fund created under section 11-09.2-03.

#### **11-09.2-05. Payment of tax - Collection by tax commissioner - Administrative expenses allowed - Rules.**

The taxes imposed under this chapter are due and payable at the same time the taxpayer is required to file a return under chapter 57-39.2 and must be collected and administered by the tax commissioner in the manner provided in chapter 57-39.2. The taxpayer shall add the taxes imposed under this chapter to the sales, lease, or rental price and shall collect the tax from the consumer. A retailer may not advertise or hold out or state to the public, or to any consumer, directly or indirectly, that the taxes or any part of the taxes imposed under this chapter are assumed, absorbed, or refunded by the taxpayer. The amount the tax commissioner remits monthly to each county as taxes collected for that county's visitors' promotion fund must be reduced by three percent as an administrative fee necessary to defray the cost of collecting the taxes and the expenses incident to collection. The administrative fee must be deposited in the general fund in the state treasury. The tax commissioner shall adopt rules necessary for the administration of this chapter. The penalties and liabilities provided in sections 57-39.2-18 and 57-39.2-18.1 specifically apply to the filing of returns and administration of the taxes imposed under this chapter. The taxes imposed under this chapter are not taxes subject to chapter 57-39.4. The tax commissioner may offset future distributions of a tax imposed and collected under this chapter if a previous overpayment of the tax was distributed to the county. The tax commissioner, after

consulting the appropriate county official, may determine the offset amount and time period for recovery of the overpayment of the tax distribution.

<sup>27</sup> **SECTION 2. AMENDMENT.** Subsections 21, 22, and 23 of section 57-39.2-01 of the North Dakota Century Code are amended and reenacted as follows:

21. "Retail sale" or "sale at retail" means any sale, lease, or rental for any purpose other than for resale, sublease, or subrental. "Retail sale" or "sale at retail" includes the sale, including the leasing or renting, to a consumer or to any person for any purpose, other than for processing or for resale, of tangible personal property; the sale of steam, gas, and communication service, excluding internet access service, to retail consumers or users; the sale of vulcanizing, recapping, and retreading services for tires; the ordering, selecting, or aiding a customer to select any goods, wares, or merchandise from any price list or catalog, which the customer might order, or be ordered for such customer to be shipped directly to such customer; the sale or furnishing of hotel, motel, or ~~tourist court~~ other accommodations, tickets, or admissions to any place of amusement, athletic event, or place of entertainment; and the sales of magazines and other periodicals. By the term "processing" is meant any tangible personal property, including containers which it is intended, by means of fabrication, compounding, manufacturing, producing, or germination shall become an integral or an ingredient or component part of other tangible personal property intended to be sold ultimately at retail. The sale of an item of tangible personal property for the purpose of incorporating it in or attaching it to real property must be considered as a sale of tangible personal property for a purpose other than for processing; the delivery of possession within the state of North Dakota of tangible personal property by a wholesaler or distributor to an out-of-state retailer who does not hold a North Dakota retail sales tax permit or to a person who by contract incorporates such tangible personal property into, or attaches it to, real property situated in another state may not be considered a taxable sale if such delivery of possession would not be treated as a taxable sale in that state. As used in this subsection, the word "consumer" includes any hospital, infirmary, sanatorium, nursing home, home for the aged, or similar institution that furnishes services to any patient or occupant. In its consideration of mental abnormality or predatory conduct, the court shall consider the age of the offender, the age of the victim, the difference in ages of the victim and offender, the circumstances and motive of the crime, the relationship of the victim and offender, and the mental state of the offender. The court may order an offender to be evaluated by a qualified counselor, psychologist, or physician before sentencing. Except as provided under subdivision e of subsection 2, the court shall state on the record in open court its affirmative finding for not requiring an offender to register.
  5. When an individual is required to register under this section, the official in charge of a facility or institution where the individual required to register is confined, or the department, shall, before the discharge, parole, or release of that individual, inform the individual of the duty to register pursuant to this section. The official or the department shall require the individual to read and sign a form as required by the attorney general, stating that the duty of the individual to register has been explained to that individual. The official in charge of the place of confinement, or the department, shall obtain the address where the individual expects to reside, attend school, or work upon

discharge, parole, or release and shall report the address to the attorney general. The official in charge of the place of confinement, or the department, shall give three copies of the form to the individual and shall send three copies to the attorney general no later than forty-five days before the scheduled release of that individual. The attorney general shall forward one copy to the law enforcement agency having jurisdiction where the individual expects to reside, attend school, or work upon discharge, parole, or release, one copy to the prosecutor who prosecuted the individual, and one copy to the court in which the individual was prosecuted. All forms must be transmitted and received by the law enforcement agency, prosecutor, and court thirty days before the discharge, parole, or release of the individual.

6. An individual who is required to register pursuant to this section who is released on probation or discharged upon payment of a fine must, before the release or discharge, be informed of the duty to register under this section by the court in which that individual is convicted. The court shall require the individual to read and sign a form as required by the attorney general, stating that the duty of the individual to register under this section has been explained to that individual. The court shall obtain the address where the individual expects to reside, attend school, or work upon release or discharge and shall report the address to the attorney general within three days. The court shall give one copy of the form to the individual and shall send two copies to the attorney general. The attorney general shall forward one copy to the appropriate law enforcement agency having jurisdiction where the individual expects to reside, attend school, or work upon discharge, parole, or release.
7. Registration consists of a written statement signed by the individual, giving the information required by the attorney general, and the biometric data and photograph of the individual. An individual who is not required to provide a sample of blood and other body fluids under section 31-13-03 or by the individual's state or court of conviction or adjudication shall submit a sample of blood and other body fluids for inclusion in a centralized database of DNA identification records under section 31-13-05. The collection, submission, testing and analysis of, and records produced from, samples of blood and other body fluids, are subject to chapter 31-13. Evidence of the DNA profile comparison is admissible in accordance with section 31-13-02. A report of the DNA analysis certified by the state crime laboratory is admissible in accordance with section 31-13-05. A district court shall order an individual who refuses to submit a sample of blood or other body fluids for registration purposes to show cause at a specified time and place why the individual should not be required to submit the sample required under this subsection. Within three days after registration, the registering law enforcement agency shall forward the statement, biometric data, and photograph to the attorney general and shall submit the sample of the individual's blood and body fluids to the state crime laboratory. If an individual required to register under this section has a change in vehicle or computer online identity, the individual shall register, within three days after the change, with the law enforcement agency with which that individual last registered of the individual's new vehicle or computer online identity. If an individual required to register pursuant to this section has a change in name, school, or residence or employment address, that individual shall register, at least ten days before the change, with the law enforcement agency with which that individual last registered of the individual's new name, school, residence address, or employment address. A change in school or employment address includes the termination of school or employment for which an individual required to register under this section, the

individual shall register within three days of the termination with the law enforcement agency with which the individual last registered. The law enforcement agency, within three days after receipt of the information, shall forward it to the attorney general. The attorney general shall forward the appropriate registration data to the law enforcement agency having local jurisdiction of the new place of residence, school, or employment. Upon a change of address, the individual required to register shall also register within three days at the law enforcement agency having local jurisdiction of the new place of residence, school, or employment. The individual registering under this section shall periodically confirm the information required under this subsection in a manner and at an interval determined by the attorney general. A law enforcement agency that has previously registered an offender may omit the biometric data portion of the registration if that agency has a set of biometric data on file for that individual and is personally familiar with and can visually identify the offender. These provisions also apply in any other state that requires registration.

8. An individual required to register under this section shall comply with the registration requirement for the longer of the following periods:
  - a. A period of fifteen years after the date of sentence or order deferring or suspending sentence upon a plea or finding of guilt or after release from incarceration, whichever is later;
  - b. A period of twenty-five years after the date of sentence or order deferring or suspending sentence upon a plea or finding of guilt or after release from incarceration, whichever is later, if the offender is assigned a moderate risk by the attorney general as provided in subsection 12; or
  - c. For the life of the individual, if that individual:
    - (1) On two or more occasions has pled guilty or nolo contendere to, or been found guilty of a crime against a child or as a sexual offender. If all qualifying offenses are misdemeanors, this lifetime provision does not apply unless a qualifying offense was committed after August 1, 1999;
    - (2) Pleads guilty or nolo contendere to, or is found guilty of, an offense committed after August 1, 1999, which is described in subdivision a of subsection 1 of section 12.1-20-03, section 12.1-20-03.1, or subdivision d of subsection 1 of section 12.1-20-03 if the person is an adult and the victim is under age twelve, or section 12.1-18-01 if that individual is an adult other than a parent of the victim, or an equivalent offense from another court in the United States, a tribal court, or court of another country; or
    - (3) Is assigned a high risk by the attorney general as provided in subsection 12.
9. An individual required to register under this section who violates this section is guilty of a class C felony. The failure of a homeless individual to register as required in subsections 2 and 3 is prima facie evidence of a violation of this section. The clerk of court shall forward all warrants issued for a violation of this section to the county sheriff, who shall enter all such warrants into the national crime information center wanted person file. A court may not relieve

an individual, other than a juvenile, who violates this section from serving a term of at least ninety days in jail and completing probation of one year.

10. When an individual is released on parole or probation and is required to register pursuant to this section, but fails to do so within the time prescribed, the court shall order the probation, or the parole board shall order the parole, of the individual revoked.
11. If an individual required to register pursuant to this section is temporarily sent outside the facility or institution where that individual is confined under conviction or sentence, the local law enforcement agency having jurisdiction over the place where that individual is being sent must be notified within a reasonable time period before that individual is released from the facility or institution. This subsection does not apply to any individual temporarily released under guard from the facility or institution in which that individual is confined.
12. The attorney general, with the assistance of the department and the juvenile courts, shall develop guidelines for the risk assessment of sexual offenders who are required to register, with a low-risk, moderate-risk, or high-risk level being assigned to each offender as follows:
  - a. The department shall conduct a risk assessment of sexual offenders who are incarcerated in institutions under the control of the department and sexual offenders who are on supervised probation. The department, in a timely manner, shall provide the attorney general any information, including the offender's level of risk and supporting documentation, concerning individuals required to be registered under this section who are about to be released or placed into the community.
  - b. The attorney general shall conduct a risk assessment of sexual offenders who are not under the custody or supervision of the department. The attorney general may adopt a law enforcement agency's previous assignment of risk level for an individual if the assessment was conducted in a manner substantially similar to the guidelines developed under this subsection.
  - c. The juvenile courts or the agency having legal custody of a juvenile shall conduct a risk assessment of juvenile sexual offenders who are required to register under this section. The juvenile courts or the agency having legal custody of a juvenile shall provide the attorney general any information, including the offender's level of risk and supporting documentation, concerning juveniles required to register and who are about to be released or placed into the community.
  - d. The attorney general shall notify the offender of the risk level assigned to that offender. An offender may request a review of that determination with the attorney general's sexual offender risk assessment committee and may present any information that the offender believes may lower the assigned risk level.
13. An individual assessed as a high-risk sexual offender in accordance with subsection 12, may not reside within five hundred feet [152.4 meters] of a public or nonpublic preschool or elementary, middle, or high school.

14. Relevant and necessary conviction and registration information must be disclosed to the public by a law enforcement agency if the individual is a moderate or high risk and the agency determines that disclosure of the conviction and registration information is necessary for public protection. The attorney general shall develop guidelines for public disclosure of offender registration information. Public disclosure may include internet access if the offender:
  - a. Is required to register for a lifetime under subsection 8;
  - b. Has been determined to be a high risk to the public by the department, the attorney general, or the courts, according to guidelines developed by those agencies; or
  - c. Has been determined to be a high risk to the public by an agency of another state or the federal government.

If the offender has been determined to be a moderate risk, public disclosure must include, at a minimum, notification of the offense to the victim registered under chapter 12.1-34 and to any agency, civic organization, or group of persons who have characteristics similar to those of a victim of the offender. Upon request, law enforcement agencies may release conviction and registration information regarding low-risk, moderate-risk, or high-risk offenders.

15. A state officer, law enforcement agency, or public school district or governing body of a nonpublic school or any appointee, officer, or employee of those entities is not subject to civil or criminal liability for making risk determinations, allowing a sexual offender to attend a school function under section 12.1-20-25, or for disclosing or for failing to disclose information as permitted by this section.
16. If a juvenile is adjudicated delinquent and required or ordered to register as a sexual offender or as an offender against a child under this section, the juvenile shall comply with the registration requirements in this section. Notwithstanding any other provision of law, a law enforcement agency shall register a juvenile offender in the same manner as adult offenders and may release any relevant and necessary information on file to other law enforcement agencies, the department of human services, or the public if disclosure is necessary to protect public health or safety. The law enforcement agency shall release any relevant and necessary information on file to the superintendent or principal of the school the juvenile attends. The school administration shall notify others in similar positions if the juvenile transfers to another learning institution in or outside the state.
17. If an individual has been required to register as a sexual offender or an offender against a child under section 12.1-32-15 or 27-20-52.1 before August 1, 1999, the individual may petition the court to be removed from the offender list if registration is no longer mandatory for that individual. In considering the petition, the court shall comply with the requirements of this section.
18. A sexual offender who is currently assigned a moderate or high-risk level by the attorney general may not use a state park of this state as a residence or residential address to comply with the registration requirements of this section. Before arriving at a state park for overnight lodging or camping, a sexual offender who is assigned a moderate or high-risk level by the attorney general

shall notify a parks and recreation department law enforcement officer at the state park where the sexual offender will be staying.

3. If a court has not ordered an individual to register in this state, an individual who resides, is homeless, or is temporarily domiciled in this state shall register if the individual:

5. When an individual is required to register under this section, the official in charge of a facility or institution where the individual required to register is confined, or the department, shall, before the discharge, parole, or release of that individual, inform the individual of the duty to register pursuant to this section. 7. Registration consists of a written or electronic statement signed by the individual, giving the information required by the attorney general, and the biometric data and photograph of the individual. An individual who is not required to provide a sample of blood and other body fluids under section 31-13-03 or by the individual's state or court of conviction or adjudication shall submit a sample of blood and other body fluids for inclusion in a centralized database of DNA identification records under section 31-13-05. The collection, submission, testing and analysis of, and records produced from, samples of blood and other body fluids, are subject to chapter 31-13. Evidence of the DNA profile comparison is admissible in accordance with section 31-13-02. A report of the DNA analysis certified by the state crime laboratory is admissible in accordance with section 31-13-05. A district court shall order an individual who refuses to submit a sample of blood or other body fluids for registration purposes to show cause at a specified time and place why the individual should not be required to submit the sample required under this subsection. Within three days after registration, the registering law enforcement agency shall forward the statement, biometric data, and photograph to the attorney general and shall submit the sample of the individual's blood and body fluids to the state crime laboratory. If an individual required to register under this section has a change in vehicle or computer online identity, the individual shall register, within three days after the change, with the law enforcement agency having local jurisdiction of the individual's place of residence of the individual's new vehicle or computer online identity. A change in school or employment address includes the termination of school or employment for which an individual required to register under this section, the individual shall register within three days of the termination with the law enforcement agency having local jurisdiction of the individual's place of residence. The law enforcement agency, within three days after receipt of the information, shall forward it to the attorney general. The attorney general shall forward the appropriate registration data to the law enforcement agency having local jurisdiction of the new place of residence, school, or employment. Upon a change of address, the individual required to register also shall register within three days at the law enforcement agency having local jurisdiction of the new place of residence. If an individual required to register in North Dakota, including in a tribal registry, resides in another state or on tribal lands, that individual shall register employment and school addresses and any changes in required registration information with the law enforcement agency having local jurisdiction over the school or employment address. The individual registering under this section shall periodically confirm the information required under this subsection in a manner and at an interval determined by the attorney general. A law enforcement agency that has previously registered an offender may omit the biometric data portion of the registration if that agency has a set of

8. An individual required to register under this section shall comply with the registration requirement for the longer of the following periods:
  - a. A period of fifteen years after the date of sentence or order deferring or suspending sentence upon a plea or finding of guilt or after release from incarceration, whichever is later;
  - b. A period of twenty-five years after the date of sentence or order deferring or suspending sentence upon a plea or finding of guilt or after release from incarceration, whichever is later, if the offender is assigned a moderate risk by the attorney general as provided in subsection 12; or

    - (2) Pleads guilty or nolo contendere to, or is found guilty of, an offense committed after August 1, 1999, which is described in subdivision a of subsection 1 of section 12.1-20-03, section 12.1-20-03.1, or subdivision d of subsection 1 of section 12.1-20-03 if the person is an adult and the victim is under age twelve, or section 12.1-18-01 if that individual is an adult other than a parent of the victim, or an equivalent offense from another court in the United States, a tribal court, or court of another country; or
    - (3) Is assigned a high risk by the attorney general as provided in subsection 12.
9. An individual required to register under this section who violates this section is guilty of a class C felony. The failure of a homeless individual to register as required in subsections 2 and 3 is prima facie evidence of a violation of this section. The clerk of court shall forward all warrants issued for a violation of this section to the county sheriff, who shall enter all such warrants into the national crime information center wanted person file. A court may not relieve an individual, other than a juvenile, who violates this section from serving a term of at least ninety days in jail and completing probation of one year.

11. If an individual required to register pursuant to this section is temporarily sent outside the facility or institution where that individual is confined under conviction or sentence, the local law enforcement agency having jurisdiction over the place where that individual is being sent must be notified within a reasonable time period before that individual is released from the facility or

institution. This subsection does not apply to any individual temporarily released under guard from the facility or institution in which that individual is confined.

12. The attorney general, with the assistance of the department and the juvenile courts, shall develop guidelines for the risk assessment of sexual offenders who are required to register, with a low-risk, moderate-risk, or high-risk level being assigned to each offender as follows:
  - a. The department shall conduct a risk assessment of sexual offenders who are incarcerated in institutions under the control of the department and sexual offenders who are on supervised probation. The department, in a timely manner, shall provide the attorney general any information, including the offender's level of risk and supporting documentation, concerning individuals required to be registered under this section who are about to be released or placed into the community.
  - b. The attorney general shall conduct a risk assessment of sexual offenders who are not under the custody or supervision of the department. The attorney general may adopt a law enforcement agency's previous assignment of risk level for an individual if the assessment was conducted in a manner substantially similar to the guidelines developed under this subsection.
  - c. The juvenile courts or the agency having legal custody of a juvenile shall conduct a risk assessment of juvenile sexual offenders who are required to register under this section. The juvenile courts or the agency having legal custody of a juvenile shall provide the attorney general any information, including the offender's level of risk and supporting documentation, concerning juveniles required to register and who are about to be released or placed into the community.
  - d. The attorney general shall notify the offender of the risk level assigned to that offender. An offender may request a review of that determination with the attorney general's sexual offender risk assessment committee and may present any information that the offender believes may lower the assigned risk level.
13. An individual assessed as a high-risk sexual offender in accordance with subsection 12, may not reside within five hundred feet [152.4 meters] of a public or nonpublic preschool or elementary, middle, or high school.
14. Relevant and necessary conviction and registration information must be disclosed to the public by a law enforcement agency if the individual is a moderate or high risk and the agency determines that disclosure of the conviction and registration information is necessary for public protection. The attorney general shall develop guidelines for public disclosure of offender registration information. Public disclosure may include internet access if the offender:
  - a. Is required to register for a lifetime under subsection 8;
  - b. Has been determined to be a high risk to the public by the department, the attorney general, or the courts, according to guidelines developed by those agencies; or

- c. Has been determined to be a high risk to the public by an agency of another state or the federal government.

If the offender has been determined to be a moderate risk, public disclosure must include, at a minimum, notification of the offense to the victim registered under chapter 12.1-34 and to any agency, civic organization, or group of persons who have characteristics similar to those of a victim of the offender. Upon request, law enforcement agencies may release conviction and registration information regarding low-risk, moderate-risk, or high-risk offenders.

15. A state officer, law enforcement agency, or public school district or governing body of a nonpublic school or any appointee, officer, or employee of those entities is not subject to civil or criminal liability for making risk determinations, allowing a sexual offender to attend a school function under section 12.1-20-25, or for disclosing or for failing to disclose information as permitted by this section.
16. If a juvenile is adjudicated delinquent and required or ordered to register as a sexual offender or as an offender against a child under this section, the juvenile shall comply with the registration requirements in this section. Notwithstanding any other provision of law, a law enforcement agency shall register a juvenile offender in the same manner as adult offenders and may release any relevant and necessary information on file to other law enforcement agencies, the department of human services, or the public if disclosure is necessary to protect public health or safety. The law enforcement agency shall release any relevant and necessary information on file to the superintendent or principal of the school the juvenile attends. The school administration shall notify others in similar positions if the juvenile transfers to another learning institution in or outside the state.
17. If an individual has been required to register as a sexual offender or an offender against a child under section 12.1-32-15 or 27-20-52.1 before August 1, 1999, the individual may petition the court to be removed from the offender list if registration is no longer mandatory for that individual. In considering the petition, the court shall comply with the requirements of this section.
18. A sexual offender who is currently assigned a moderate or high-risk level by the attorney general may not use a state park of this state as a residence or residential address to comply with the registration requirements of this section. Before arriving at a state park for overnight lodging or camping, a sexual offender who is assigned a moderate or high-risk level by the attorney general shall notify a parks and recreation department law enforcement officer at the state park where the sexual offender will be staying.

3. If an agreement described in subdivision b of subsection 2 is in a record, the nonparent shall attach a copy of the agreement to the petition.

**14-09.4-07. Sufficiency of petition.**

1. The court shall determine based on the petition under section 14-09.4-06 whether the nonparent has pleaded a prima facie case that the nonparent:
  - a. Is a consistent caretaker; or

**14-09.4-11. Best interest of child.**

2. A finding that the conduct specified in subsection 1 occurred must be based on:
  - a. Evidence of a conviction in a criminal proceeding or final judgment in a civil proceeding; or

**14-09.4-13. Order of custody or visitation.**

1. If a nonparent seeks custody, the court may order:
  - a. Primary residential responsibility to the nonparent;
  - b. Joint custody to the nonparent and a parent or other party; or
  - c. Visitation to the nonparent.
2. If a nonparent seeks visitation only, the court may not order custody to the nonparent seeking visitation.

When issuing a final order of custody or visitation, the court shall make findings of fact and conclusions of law on the record in support of its decision or, if the petition is dismissed under section 14-09.4-07, state the reasons for the dismissal.

**14-09.4-16. Effect of adoption of child by stepparent or other relative.**

If a child is adopted by a stepparent or other relative of the child, an order of custody or visitation to a nonparent remains in effect and is not changed by the adoption unless modified, after notice to all parties to the custody or visitation proceeding, by the court that entered the order or the court that granted the adoption.

The court may issue an order allocating responsibility between the parties for payment of the expense of facilitating visitation, including transportation expenses.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 16.1-05-01 of the North Dakota Century Code is amended and reenacted as follows:

##### **16.1-05-01. Election officers.**

At each primary, general, and special statewide or legislative district election, and at county elections, each polling place must have an election board in attendance. The election board must consist of an election inspector and at least two election judges. Counties utilizing polling places containing more than one precinct may choose to use one election board to supervise all precincts even if the precincts are within different legislative districts so long as each district chairman of each qualified political party is given the opportunity to have representation on the election board if desired. Appointing part-time election inspectors, judges, and poll clerks is permitted if there is sufficient coverage at each polling place to satisfy the requirements of subsection 4 of section 16.1-15-04.

1. The election inspector must be selected in the following manner:
  - a. Except as provided in subdivision b, in all precincts established by the governing body of an incorporated city pursuant to chapter 16.1-04, the governing body shall appoint the election inspectors for those precincts and fill all vacancies occurring in those offices.
  - b. In all multiprecinct polling places containing both rural and city precincts, the county auditor, with the approval of the majority of the board of county commissioners, shall appoint the election inspectors and fill all vacancies occurring in those offices. The selection must be made on the basis of the inspector's knowledge of the election procedure.
  - c. The election inspector shall serve until a successor is named. If an inspector fails to appear for any training session without excuse, the office is deemed vacant and the auditor shall appoint an individual to fill the vacancy.

In polling places in which over one thousand votes are cast in any election, the county auditor may request each district party chair to appoint an additional election judge.
  - (2) The district party chair shall notify the county auditor of the counties in which the precincts are located of the appointment of the election judges at least forty days before the primary, general, or special election. If this notice is not received within the time specified in this section, the county auditor shall appoint the judges. If the county auditor has exhausted all practicable means to select judges from within the boundaries of the precincts within the polling place and vacancies still remain, the county auditor may select election judges who reside outside of the voting precinct but who reside within the polling place's legislative districts. If vacancies still remain, the county auditor may select election judges who reside outside of the legislative districts but who reside within the county.
- b. For special elections involving only no-party offices, the election official responsible for the administration of the election, with the approval of the majority of the members of the applicable governing body, shall appoint the election judges for each polling place.
  3. If at any time before or during an election, it appears to an election inspector, by the affidavit of two or more qualified electors of the precinct, or precincts for a multiprecinct polling place, that any election judge is disqualified under this chapter, the inspector shall remove that judge at once and shall fill the vacancy by appointing a qualified individual of the same political party as that of the judge removed. If the disqualified judge had taken the oath of office as prescribed in this chapter, the inspector shall place the oath or affidavit before the state's attorney of the county.
  4. The election official responsible for the administration of the election, with the approval of the majority of the members of the applicable governing body, shall appoint the poll clerks for each polling place. ~~However, no fewer than~~ At least two poll clerks must be appointed for each polling place.   - f. ~~Candidate receiving fewer than three write-in votes unless the number of votes received qualifies the candidate to be nominated or elected.~~
2. ~~Write-in votes that do not need to be individually canvassed based on the requirements of subsection 1 must be listed on the official canvass report as "scattered write-ins".~~

~~Every new school building and every addition to a school building must be equipped with an approved electrical, closed circuit, supervised fire alarm system with the supply fused ahead of the main switch or disconnect, except that this does not apply to one-room schools. The fire alarm disconnect must be painted red and clearly~~

marked DISCONNECT, and the control panel must have an automatic outlet which can be connected to the city system.

New fire alarm systems in additions must be connected to systems in the existing building so that all stations throughout the entire building will actuate all alarms.

Fire alarm systems must be painted red in color and be clearly marked FIRE ALARM.

Manual stations must be located in the kitchen area, public assembly areas, auditorium stages, main office, and in corridors, preferably near exits or stairs, so that it will not be necessary to travel more than one hundred feet [30.48 meters] from the door of any room to reach a station on the same floor. A pull box station must be located in the main office of a school or elsewhere if directed by the local fire authorities and connected directly to the local fire department in localities which are equipped with a pull box system. This pull box station may be independent of the fire alarm system in the school building. Automatic fire alarm systems must be provided in boiler and furnace rooms, kitchens, and dangerous storage rooms over one hundred square feet [9.29 square meters] in area.

Fire alarm signals must be located throughout the building so that persons in all areas of the building, including high noise areas, will be able to hear the signal.

Fire alarm signals must have an auditory sound distinct from other signals in use in the building for other purposes.

All fire alarm equipment must be listed for its intended use by underwriters laboratories, incorporated.

The wiring in the fire alarm systems and controls must be installed in a metallic raceway. Fire alarm systems for school buildings must be installed in accordance with the rules set forth in North Dakota Administrative Code chapter 10-07-01.

### HOUSE BILL NO. 1286

(Representatives Becker, Blum, Johnston, Paur, Pyle, Satrom, Simons, Strinden)  
(Senators Hogue, Kannianen, Luick, Unruh)

AN ACT to create and enact section 19-03.1-36.8 of the North Dakota Century Code, relating to law enforcement agencies reporting seizures and forfeitures; and to amend and reenact sections 19-03.1-36.2, 19-03.1-36.6, and 19-03.1-36.7 of the North Dakota Century Code, relating to forfeiture proceedings, contested forfeiture hearings, and legal interests in forfeited property.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 19-03.1-36.2 of the North Dakota Century Code is amended and reenacted as follows:

##### **19-03.1-36.2. Forfeiture proceeding as civil action - Standard of proof.**

1. Forfeiture proceedings are civil actions against the property to be forfeited and the standard of proof is ~~a preponderance of the evidence~~ clear and convincing evidence.
2. Forfeiture proceedings are separate and distinct from any related criminal action, and may not be initiated until the owner of the property has been convicted of or pled guilty to a criminal offense, or the individual has died, fled the jurisdiction, been deported by the United States government, been granted immunity or a reduced sentence in exchange for testifying or assisting a law enforcement investigation or prosecution, has abandoned the property, or it can be established beyond a reasonable doubt the property was used in the commission of a crime or constituted the proceeds of criminal activity. As used in this subsection, "abandoned the property" or "fled the jurisdiction" means for a period of more than one year, the owner has not responded to any of the reasonable efforts made by the seizing agency to contact the owner or has not contacted the seizing agency.
3. Two or more law enforcement agencies and courts from different jurisdictions may coordinate, cooperate, and engage in interjurisdictional prosecution under this section.

**SECTION 2. AMENDMENT.** Section 19-03.1-36.6 of the North Dakota Century Code is amended and reenacted as follows:

##### **19-03.1-36.6. Hearing on contested forfeiture - Order releasing or forfeiting property.**

1. If an answer is filed within the time limits in this chapter, the forfeiture proceedings must be set for hearing before the court. At the hearing, the state shall establish ~~probable cause~~ a valid seizure of the property to be forfeited, and for instituting the forfeiture action following which the property meets the requirements of subsection 2 of section 19-03.1-36.2. Following the state's case, any owner or person with a legal interest in the property to be forfeited

who has filed an answer to the complaint has the burden of proving that the property to be forfeited is not subject to forfeiture under this chapter. If the court finds that the property is not subject to forfeiture under this chapter, the court shall order the property released to the owner or other person with a legal interest in the property as that person's right, title, or interest appears. The court shall order the property forfeited if it determines that such property or an interest therein is subject to forfeiture.

2. A court ordering property forfeited under subsection 1 may order only the forfeited property or proceeds from the sale of forfeited property to be deposited with a political subdivision if the political subdivision has created a civil asset forfeiture fund. If the political subdivision does not have a civil asset forfeiture fund, any forfeited property and proceeds from the sale of forfeited property must be deposited in the attorney general's asset forfeiture fund.
3. A political subdivision that has a civil asset forfeiture fund shall establish an application process, including eligibility criteria, to accept and process applications from law enforcement agencies within the political subdivision's jurisdiction for an appropriation from the civil asset forfeiture fund.
4. This section does not prohibit the state and a political subdivision from entering an agreement to divide forfeited property and the proceeds from the sale of forfeited property.

**SECTION 3. AMENDMENT.** Section 19-03.1-36.7 of the North Dakota Century Code is amended and reenacted as follows:

**19-03.1-36.7. Legal interest in property.**

1. A person alleging a bona fide legal interest in property to be forfeited must establish by a preponderance of the evidence that such legal interest existed at the time of seizure or taking of custody of the property. In the case of a claimed bona fide security interest in the property, the person claiming such interest must establish by a preponderance of the evidence that the security interest in the property to be forfeited existed or was of public record at the time of seizure or taking of custody of the property.
2. Upon a determination by the court that property is subject to forfeiture, the owner of the property to be forfeited or any other person with a legal interest in the property may petition the court to determine whether the forfeiture is unconstitutionally excessive.
  - a. A vehicle valued at less than two thousand dollars may not be forfeited unless the court finds the vehicle has been modified to conceal contraband or currency.
  - b. Real property constituting a homestead may not be forfeited.
  - c. In determining whether a forfeiture is excessive, the court shall consider all factors, including the fair market value of the property, the extent to which the owner or person participated in the offense, the extent to which the property was used or received in committing the offense, and the possible penalty that could be imposed for the alleged or committed offense subject to forfeiture.

- d. The court may not consider the value of the property to the state in determining whether the forfeiture is unconstitutionally excessive.

**SECTION 4.** Section 19-03.1-36.8 of the North Dakota Century Code is created and enacted as follows:

##### **23-09.3-01.1. Moratorium on expansion of basic care bed capacity.**

1. Basic care beds may not be added to the state's licensed bed capacity during the period between August 1, ~~2017~~2019, and July 31, ~~2019~~2021, except ~~when~~if:

In determining whether basic care services will be readily available if an additional license is issued, preference may be given to an entity that agrees to any participation program established by the department of human services for individuals eligible for services under the medical assistance program under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.]; or
  - d. The state department of health and the department of human services grant approval of new basic care beds to an entity. The approved entity shall license the beds within forty-eight months from the date of approval.
2. Transfers of basic care beds from one basic care facility to another entity is permitted. Transferred basic care beds must become licensed within ~~forty-eight~~seventy-two months of transfer. The entity receiving the transferred beds or any new facility may seek to participate in the basic care assistance program. If the entity can demonstrate that individuals can be cared for at a more independent level and that this service will delay entry into the nursing facility, the entity may be approved for basic care assistance funds.
3. If an Indian tribe acquires basic care beds, the tribal facility must meet state licensing requirements for those beds within ~~forty-eight~~seventy-two months of acquisition. A tribal facility may seek to participate in the basic care assistance

program. Basic care assistance payments may only be made to a tribal facility that agrees to participate and adhere to all federal and state requirements of the basic care assistance program including participation, screening, ratesetting, and licensing requirements.

**SECTION 2. AMENDMENT.** Section 23-16-01.1 of the North Dakota Century Code is amended and reenacted as follows:

**23-16-01.1. Moratorium on expansion of long-term care bed capacity.**

1. Notwithstanding sections 23-16-06 and 23-16-10, except when a facility reverts basic care beds to nursing facility beds or relicenses nursing facility beds delicensed after July 31, 2011, nursing facility beds may not be added to the state's licensed bed capacity during the period between August 1, ~~2017~~2019, and July 31, ~~2019~~2021. A nursing facility may not delicense nursing facility bed capacity, relicense nursing facility bed capacity, convert licensed nursing bed capacity to basic care bed capacity, revert licensed basic care bed capacity back to nursing facility bed capacity, or otherwise reconfigure licensed nursing facility bed capacity more than one time in a twelve-month period.
2. Transfer of licensed nursing facility bed capacity from a nursing facility to another entity is permitted. The nursing facility may transfer the bed capacity either as nursing facility bed capacity or basic care bed capacity. Transferred bed capacity must become licensed by an entity within ~~forty-eight~~seventy-two months of transfer. Bed capacity transferred as basic care bed capacity may not be reverted to nursing facility bed capacity at any time. A receiving entity may transfer the received bed capacity to another entity within the ~~forty-eight month~~seventy-two month period originally established at the time the nursing facility first transferred the licensed nursing facility bed capacity. The subsequent receiving entity must license the received bed capacity within the ~~forty-eight month~~seventy-two month period originally established at the time of the first transfer.
3. A nursing facility may convert licensed nursing facility bed capacity to basic care. If the converted beds remain in the same facility and are not transferred, the beds may revert to nursing facility status after one year of licensure as basic care beds.
4. Nursing facility beds that are converted to basic care may be transferred as basic care beds. However, upon the transfer, the basic care beds may not be relicensed as nursing facility beds.
5. If an Indian tribe acquires nursing facility beds, the tribal facility must meet state licensing requirements for those beds within ~~forty-eight~~seventy-two months of acquisition. A tribal facility may seek to participate in the medical assistance programs. Medical assistance payments may only be made to a Medicaid certified tribal facility that agrees to participate and adhere to all federal and state requirements of the medical assistance program, including participation, screening, ratesetting, and licensing requirements.
6. A nursing facility, upon prior written notice to the state department of health, may delicense a maximum of twenty-five percent of its licensed nursing facility bed capacity and have the delicensed nursing facility held for a period of ~~twenty-four~~forty-eight months. The total delicensed nursing facility bed capacity that may be held for a nursing facility at no time may be greater than

fifty percent of the number of currently licensed beds in the nursing facility. Delicensed nursing facility bed capacity in excess of fifty percent of the nursing facility's licensed capacity may not be held and is not eligible for the provisions of subsection 7. Delicensed bed capacity not sold or relicensed at the conclusion of the ~~twenty-four-month~~forty-eight-month holding period ceases to exist.

7. During the ~~twenty-four-month~~forty-eight-month holding period established at the time of delicensure, delicensed nursing facility bed capacity that is being held for the nursing facility may be:
  - a. Relicensed by the nursing facility. Relicensing of nursing facility bed capacity may not occur for twelve months from the time of delicensure.
  - b. Transferred to another entity as nursing facility bed capacity or basic care bed capacity. The receiving entity must license the transferred bed capacity as the type of bed capacity transferred within the ~~forty-eight-month~~seventy-two-month period originally established at the time of ~~delicensure~~transfer. Bed capacity transferred as basic care bed capacity may not be reverted to nursing facility bed capacity at any time. A receiving entity may transfer the received bed capacity to another entity within the ~~forty-eight-month~~seventy-two-month period originally established at the time of ~~delicensure~~transfer.   - c. Licensed as basic care beds by the same facility. If the licensed basic care beds remain in the same facility and are not transferred, the beds may be reverted to licensed nursing facility bed capacity after twelve months.
8. Notwithstanding any other provision of this section, a nursing facility bed transferred before July 1, 2019, must be relicensed by the receiving entity within a seventy-two-month period established at the time of transfer.
9. Notwithstanding any other provision of this section, a nursing facility bed in the layaway program before July 1, 2019, may remain in the program for forty-eight months from the time the bed was first laid away.

**Maintenance of certification.**

1. As used in this section, the terms "continuing medical education", "maintenance of certification", "physician", and "specialty medical board certification" have the same meaning as provided under section 1 of this Act.

- 4. Member states contributing information to the coordinated database may designate information that may not be shared with the public without the express permission of the contributing state.
- 5. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information must be removed from the coordinated database.

### **23-27.1-12. Rulemaking.**

- 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments are binding as of the date specified in each rule or amendment.
- 2. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule has no further force and effect in any member state.
- 3. Rules or amendments to the rules must be adopted at a regular or special meeting of the commission.
- 4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:
  - a. On the website of the commission; and
  - b. On the website of each member state emergency medical services authority or the publication in which each state would otherwise publish proposed rules.

  - c. An association having at least twenty-five members.
8. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.
  - a. All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.
  - b. Hearings must be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.
  - c. No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This section does not preclude the commission from making a transcript or recording of the hearing if it so chooses.
  - d. Nothing in this section may be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.
9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

  - b. Prevent a loss of commission or member state funds;
  - c. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
  - d. Protect public health and safety.
13. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions must be posted on the website of the commission. The revision is subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge must be made in writing and delivered to the chair of the commission before the end of the notice period. If a challenge is not made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

### **23-27.1-13. Oversight, dispute resolution, and enforcement.**

1. a. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder have standing as statutory law.
  - b. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.
  - c. The commission is entitled to receive service of process in any such proceeding, and has standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission renders a judgment or order void as to the commission, this compact, or promulgated rules.
2. a. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:
    - (1) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and
    - (2) Provide remedial training and specific technical assistance regarding the default.
  - b. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of

- the default does not relieve the offending state of obligations or liabilities incurred during the period of default.
- c. Termination of membership in the compact may be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.
  - d. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.
  - e. The commission may not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.
  - f. The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.
3. a. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.
- b. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.
4. a. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.
- b. By majority vote, the commission may initiate legal action in the United States district court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.
- c. The remedies herein are not the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

**23-27.1-14. Date of implementation of the interstate commission for emergency medical services personnel practice and associated rules, withdrawal, and amendment.**

1. The compact becomes effective on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, are limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the

commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state that joins the compact subsequent to the commission's initial adoption of the rules is subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission has the full force and effect of law on the day the compact becomes law in that state.
3. Any member state may withdraw from this compact by enacting a statute repealing the same.
  - a. A member state's withdrawal may not take effect until six months after enactment of the repealing statute.
  - b. Withdrawal may not affect the continuing requirement of the withdrawing state's emergency medical services authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.
4. Nothing contained in this compact may be construed to invalidate or prevent any emergency medical services personnel licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.
5. This compact may be amended by the member states. No amendment to this compact may become effective and binding upon any member state until it is enacted into the laws of all member states.

### **23-27.1-15. Construction and severability.**

This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact is held to be contrary to the constitution of any state member thereto, the compact shall remain in full force and effect as to the remaining member states. Nothing in this compact supersedes state law or rules related to licensure of emergency medical services agencies.

1. In areas located within a city or the area over which a city has exercised extraterritorial zoning as defined in section 40-47-01.1, a person may not discharge into the ambient air any objectionable odorous air contaminant that measures seven odor concentration units or higher outside the property boundary where the discharge is occurring. If an agricultural operation as defined by section 42-04-01 has been in operation for more than one year, as provided by section 42-04-02, and the business or residence making the odor complaint was built or established after the agricultural operation was established, the measurement for compliance with the seven odor concentration units standard must be taken within one hundred feet [30.48 meters] of the subsequently established residence, church, school, business, or public building making the complaint rather than at the property boundary of the agricultural operation. The measurement may not be taken within five hundred feet [1.5 kilometer] of the property boundary of the agricultural operation.
2. In areas located outside a city or outside the area over which a city has exercised extraterritorial zoning as defined in section 40-47-01.1, a person may not discharge into the ambient air any objectionable odorous air contaminant that causes odors that measure seven odor concentration units or higher as measured at any of the following locations:
  - a. Within one hundred feet [30.48 meters] of any residence, church, school, business, or public building, or within a campground or public park. An odor measurement may not be taken at the residence of the owner or operator of the source of the odor, or at any residence, church, school, business, or public building, or within a campground or public park, that is built or established within one-half mile [.80 kilometer] of the source of the odor after the source of the odor has been built or established;
  - b. At any point located beyond one-half mile [.80 kilometer] from the source of the odor, except for property owned by the owner or operator of the source of the odor, or over which the owner or operator of the source of the odor has purchased an odor easement; or
  - c. If a county or township has zoned or established a setback distance for an animal feeding operation which is greater than one-half mile [.80 kilometer] under either section 11-33-02.1 or 58-03-11.1, or if the setback distance under subsection 7 is greater than one-half mile [.80 kilometer], measurements for compliance with the seven odor concentration units standard must be taken at the setback distance rather than one-half mile [.80 kilometer] from the facility under subdivision b, except for any

residence, church, school, business, public building, park, or campground within the setback distance which was built or established before the animal feeding operation was established, unless the animal feeding operation has obtained an odor easement from the pre-existing facility.

3. An odor measurement may be taken only with a properly maintained scentometer, by an odor panel, or by another instrument or method approved by the state department of health, and only by inspectors certified by the department who have successfully completed a department-sponsored odor certification course and demonstrated the ability to distinguish various odor samples and concentrations. If a certified inspector measures a violation of this section, the department may send a certified letter of apparent noncompliance to the person causing the apparent violation and may negotiate with the owner or operator for the establishment of an odor management plan and best management practices to address the apparent violation. The department shall give the owner or operator at least fifteen days to implement the odor management plan. If the odor problem persists, the department may proceed with an enforcement action provided at least two certified inspectors at the same time each measure a violation and then confirm the violation by a second odor measurement taken by each certified inspector, at least fifteen minutes, but no more than two hours, after the first measurement.
4. A person is exempt from this section while spreading or applying animal manure or other recycled agricultural material to land in accordance with a nutrient management plan approved by the state department of health. A person is exempt from this section while spreading or applying animal manure or other recycled agricultural material to land owned or leased by that person in accordance with rules adopted by the department. An owner or operator of a lagoon or waste storage pond permitted by the department is exempt from this section in the spring from the time when the cover of the permitted lagoon or pond begins to melt until fourteen days after all the ice cover on the lagoon or pond has completely melted. Notwithstanding these exemptions, all persons shall manage their property and systems to minimize the impact of odors on their neighbors.
5. This section does not apply to chemical compounds that can be individually measured by instruments, other than a scentometer, that have been designed and proven to measure the individual chemical or chemical compound, such as hydrogen sulfide, to a reasonable degree of scientific certainty, and for which the state department of health has established a specific limitation by rule.
6. For purposes of this section, ~~a public park is a park established by the federal government, the state, or a political subdivision of the state in the manner prescribed by law. For purposes of this section, a campground is:~~
  - a. "Business" means a commercial building used primarily to carry on a for-profit or nonprofit business which is not residential and not used primarily to manufacture or produce raw materials, products, or agricultural commodities;
  - b. "Campground" means a public or private area of land used exclusively for camping and open to the public for a fee on a regular or seasonal basis;

- c. "Church" means a building owned by a religious organization and used primarily for religious purposes;
  - d. "Park" means a park established by the federal government, the state, or a political subdivision of the state in the manner prescribed by law;
  - e. "Public building" means a building owned by a county, city, township, school district, park district, or other unit of local government; the state; or an agency, industry, institution, board, or department of the state; and
  - f. "School" means a public school or nonprofit, private school approved by the superintendent of public instruction.
7. a. In a county or township that does not regulate the nature, scope, and/or location of an animal feeding operation under section 41-33-0211-33-02.1 or section 58-03-11.1, the department shall require that any new animal feeding operation permitted under chapter 61-28 be set back from any existing residence, church, school, business, public building, park, or campground.
- (1) If there are fewer than three hundred animal units, there is no minimum setback requirement.
  - (2) If there are at least three hundred animal units but no more than one thousand animal units, the setback for any animal operation is one-half mile [.80 kilometer].
  - (3) If there are at least one thousand one animal units but no more than two thousand animal units, the setback for a hog operation is three-fourths mile [1.20 kilometers] and the setback for any other animal operation is one-half mile [.80 kilometer].
  - (4) If there are at least two thousand one animal units but no more than five thousand animal units, the setback for a hog operation is one mile [1.60 kilometers] and the setback for any other animal operation is three-fourths mile [1.20 kilometers].
  - (5) If there are five thousand one or more animal units, the setback for a hog operation is one and one-half miles [2.40 kilometers] and the setback for any other animal operation is one mile [1.60 kilometers].
- b. The setbacks set forth in subdivision a do not apply if the owner or operator applying for the permit obtains an odor easement from the pre-existing use that is closer.
- c. For purposes of this section:
- (1) One mature dairy cow, whether milking or dry, equals 1.33 animal units;
  - (2) One dairy cow, heifer or bull, other than an animal described in paragraph 1 equals 1.0 animal unit;

  - (9) One turkey equals 0.0182 animal unit;
  - (10) One chicken, ~~other than a laying hen,~~ equals ~~0.0080~~0.01 animal unit;
  - (11) ~~One laying hen equals 0.012 animal unit;~~
  - (12) One duck or goose equals ~~0.0330~~0.2 animal unit; and
  - (13)~~(12)~~ Any weaned livestock not listed in paragraphs 1 through 12 equals 1.0 animal unit per each one thousand pounds [453.59 kilograms] whether single or combined animal weight.
- d. In a county or township that regulates the nature, scope, or location of an animal feeding operation under section 11-33-02.1 or section 58-03-11.1, an applicant for an animal feeding operation permit shall submit to the department with the permit application the zoning determination made by the county or township under subsection 9 of section 11-33-02.1 or subsection 9 of section 58-03-11.1, unless the animal feeding operation is in existence by January 1, 2019, and there is no change in animals or animal units which would result in an increase in the setbacks provided for in this section. The department may not impose additional odor setback requirements.
- e. An animal feeding operation is not subject to zoning regulations adopted by a county or township after the date an application for the animal feeding operation is submitted to the department, provided construction of the animal feeding operation commences within three years from the date the final permit is issued and any permit appeals are exhausted. Unless there is a change to the location of the proposed animal feeding operation or there is a change in animal units which would result in an increase in the setbacks under this section, this exemption remains in effect if the department requires the applicant to submit a revised application.
- 8. A permitted animal feeding operation may expand its permitted capacity by twenty-five percent on one occasion without triggering a higher setback distance.
  - 9. Neither a county nor a township may regulate or through any means impose restrictions or requirements on animal feeding operations or on other agricultural operations except as permitted under sections ~~44-33-0211-33-02.1~~ and ~~58-03-1158-03-11.1~~.

**SECTION 5. AMENDMENT.** Section 58-03-11.1 of the North Dakota Century Code is amended and reenacted as follows:

**58-03-11.1. Farming and ranching regulations - Requirements - Limitations - Definitions.**

- 1. For purposes of this section:
  - a. "Concentrated Animal feeding operation" means any livestock feeding, handling, or holding operation, or feed yard, where animals are concentrated in an area that is not normally used for pasture or for growing crops and in which animal wastes may accumulate. The term does not include normal wintering operations for cattle a lot or facility, other than normal wintering operations for cattle and an aquatic animal production facility, where the following conditions are met:

- (1) Animals, other than aquatic animals, have been, are, or will be stabled or confined and fed or maintained for at least forty-five days in a twelve-month period; and
  - (2) Crops, vegetation, forage growth, or postharvest residues are not sustained in the normal growing season over any portion of the lot or facility.
- b. "Farming or ranching" means cultivating land for the production of agricultural crops or livestock, or raising, feeding, or producing livestock, poultry, milk, or fruit. The term does not include:
- (1) The production of timber or forest products; or
  - (2) The provision of grain harvesting or other farm services by a processor or distributor of farm products or supplies in accordance with the terms of a contract.
- c. "Livestock" includes beef cattle, dairy cattle, sheep, swine, poultry, horses, bison, elk, fur animals raised for their pelts, and any other animals that are raised, fed, or produced as a part of farming or ranching activities.
- d. "Location" means the setback distance between a structure, fence, or other boundary enclosing a ~~concentrated~~ animal feeding operation, including its animal waste collection system, and the nearest occupied residence, the nearest buildings used for nonfarm or nonranch purposes, or the nearest land zoned for residential, recreational, or commercial purposes. The term does not include the setback distance for the application of manure or for the application of other recycled agricultural material under a nutrient management plan approved by the state department of health.
2. For purposes of this section, animal units are determined as follows:
- a. ~~One mature dairy cow, whether milking or dry, equals 1.33 animal units;~~
  - b. ~~One dairy cow, heifer, or bull, other than an animal described in subdivision a equals 1.0 animal unit;~~
  - c. ~~One weaned beef animal, whether a calf, heifer, steer, or bull, equals 0.75 animal unit;~~
  - d. ~~One cow-calf pair equals 1.0 animal unit;~~
  - e. ~~One swine weighing fifty-five pounds [24.948 kilograms] or more equals 0.4 animal unit;~~
  - f. ~~One swine weighing less than fifty-five pounds [24.948 kilograms] equals 0.1 animal unit;~~
  - g. ~~One horse equals 2.0 animal units;~~
  - h. ~~One sheep or lamb equals 0.1 animal unit;~~
  - i. ~~One turkey equals 0.0182 animal unit;~~

- j. ~~One chicken, other than a laying hen, equals 0.008 animal unit;~~
  - k. ~~One laying hen equals 0.012 animal unit;~~
  - l. ~~One duck equals 0.033 animal unit; and~~
  - m. ~~Any livestock not listed in subdivisions a through l equals 1.0 animal unit per each one thousand pounds [453.59 kilograms] whether single or combined animal weight provided under subdivision c of subsection 7 of section 23-25-11.~~
3. A board of township supervisors may not prohibit or prevent the use of land or buildings for farming or ranching or any of the normal incidents of farming or ranching.
  4. A regulation may not preclude the development of a ~~concentrated~~ animal feeding operation in the township.
  5. A board of township supervisors may not prohibit the reasonable diversification or expansion of a farming or ranching operation.
  6. A board of township supervisors may adopt regulations that establish different standards for the location of ~~concentrated~~ animal feeding operations based on the size of the operation and the species and type being fed.
  7. If a regulation would impose a substantial economic burden on a ~~concentrated~~ animal feeding operation in existence before the effective date of the regulation, the board of township supervisors shall declare that the regulation is ineffective with respect to any ~~concentrated~~ animal feeding operation in existence before the effective date of the regulation.
  8.
    - a. A board of township supervisors may establish high-density agricultural production districts in which setback distances for ~~concentrated~~ animal feeding operations and related agricultural operations are less than those in other districts.
    - b. A board of township supervisors may establish, around areas zoned for residential, recreational, or nonagricultural commercial uses, low-density agricultural production districts in which setback distances for ~~concentrated~~ animal feeding operations and related agricultural operations are greater than those in other districts; provided, the low-density agricultural production districts may not extend more than one-half mile [0.80 kilometer] from the edge of the area zoned for residential, recreational, or nonagricultural commercial uses.
    - c. The setbacks provided for in this subsection may not ~~vary by more than fifty percent from~~ exceed those established in subdivision a of subsection 7 of section 23-25-11 unless the township can demonstrate compelling, objective evidence specific to the township which requires a greater setback within the township, in which case the setbacks may exceed those established in subdivision a of subsection 7 of section 23-25-11 by no more than fifty percent. If a setback under this subsection is greater than the corresponding setback established in subdivision a of subsection 7 of section 23-25-11, a person whose animal feeding operation will be or has been affected by the applicable township ordinance may request the

agriculture commissioner review the ordinance. After the review, the agriculture commissioner shall provide a summary of the review to the attorney general and request an opinion from the attorney general regarding whether the ordinance and setback are lawful.

- d. For purposes of this subsection, a "related agricultural operation" means a facility that produces a product or byproduct used by a ~~concentrated~~an animal feeding operation.

9. A person intending to construct an animal feeding operation may petition the board of township supervisors for a determination whether the animal feeding operation would comply with zoning regulations adopted under this section and filed with the state department of health under section 58-03-17 before the date the petition was received by the township. The petition must contain a description of the nature, scope, and location of the proposed animal feeding operation and a site map showing road access, the location of any structure, and the distance from each structure to the nearest section line. If the board of township supervisors does not object to the petition within sixty days of receipt, the animal feeding operation is deemed in compliance with the township zoning regulations. If the township allows animal feeding operations as a conditional use, the conditional use regulations must be limited to the board's authority under this section, and the approval process must comply with this section. The township shall make a decision on the application within sixty days of the receipt of a complete conditional use permit application. If the board of township supervisors determines the animal feeding operation would comply with zoning regulations or fails to object under this section, the township may not impose additional zoning regulations relating to the nature, scope, or location of the animal feeding operation later, provided an application is submitted promptly to the state department of health, the department issues a final permit, and construction of the animal feeding operation commences within three years from the date the department issues its final permit and any permit appeals are exhausted. A board of township supervisors may not:

- a. Regulate or impose zoning restrictions or requirements on animal feeding operations or other agricultural operations except as expressly permitted under this section; or
- b. Impose water quality, closure, site security, lagoon, or nutrient plan regulations or requirements on animal feeding operations.

If a regulation would impose a substantial economic burden on a ~~concentrated~~ animal feeding operation in existence before the effective date of the regulation, the board of township supervisors shall declare that the regulation is ineffective with respect to any ~~concentrated~~ animal feeding operation in existence before the effective date of the regulation.
  8.
    - a. A board of township supervisors may establish high-density agricultural production districts in which setback distances for ~~concentrated~~ animal feeding operations and related agricultural operations are less than those in other districts.
    - b. A board of township supervisors may establish, around areas zoned for residential, recreational, or nonagricultural commercial uses, low-density agricultural production districts in which setback distances for ~~concentrated~~ animal feeding operations and related agricultural operations are greater than those in other districts; provided, the low-density agricultural production districts may not extend more than one-half mile [0.80 kilometer] from the edge of the area zoned for residential, recreational, or nonagricultural commercial uses.
    - c. The setbacks provided for in this subsection may not ~~vary by more than fifty percent from~~ exceed those established in subdivision a of subsection 7 of section 23.1-06-15 unless the township can demonstrate compelling, objective evidence specific to the township which requires a greater setback within the township, in which case the setbacks may exceed those established in subdivision a of subsection 7 of section 23.1-06-15 by no more than fifty percent. If a setback under this subsection is greater than the corresponding setback established in subdivision a of subsection 7 of section 23.1-06-15, a person whose animal feeding operation will be or has been affected by the applicable township ordinance may request the

The petition must contain a description of the nature, scope, and location of the proposed animal feeding operation and a site map showing road access, the location of any structure, and the distance from each structure to the nearest section line. If the board of township supervisors does not object to the petition within sixty days of receipt, the animal feeding operation is deemed in compliance with the township zoning regulations. If the township allows animal feeding operations as a conditional use, the conditional use regulations must be limited to the board's authority under this section, and the approval process must comply with this section. The township shall make a decision on the application within sixty days of the receipt of a complete conditional use permit application. If the board of township supervisors determines the animal feeding operation would comply with zoning regulations or fails to object under this section, the township may not impose additional zoning regulations relating to the nature, scope, or location of the animal feeding operation later, provided an application is submitted promptly to the department of environmental quality, the department issues a final permit, and construction of the animal feeding operation commences within three years from the date the department issues its final permit and any permit appeals are exhausted. A board of township supervisors may not:

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** A new section to chapter 26.1-02 of the North Dakota Century Code is created and enacted as follows:

##### Electronic notices and documents.

1. As used in this section:
  - a. "Delivered by electronic means" includes:
    - (1) Delivery to an electronic mail address at which a party has consented to receive notices or documents; or
    - (2) Posting on an electronic network or site accessible via the internet, mobile application, computer, mobile device, tablet, or other electronic device, together with separate notice to a party directed to the electronic mail address at which the party has consented to receive notice of the posting.
  - b. "Party" means a recipient of a notice or document required as part of an insurance transaction, including an applicant, insured, or policyholder.
2. Subject to the requirements of this section, any notice to a party or any other document required under applicable law in an insurance transaction or any other document that is to serve as evidence of insurance coverage may be delivered, stored, and presented by electronic means if the notice or document meets the requirements of chapter 9-16.
3. Delivery of a notice or document in accordance with this section is equivalent to any delivery method required under applicable law, including delivery by first class mail; first class mail, postage prepaid; or registered mail.
4. A notice or document may be delivered by electronic means by an insurer to a party under this section if the following requirements are met:
  - a. The party has affirmatively consented to the electronic method of delivery and has not withdrawn the consent.
  - b. The party, before giving consent, is provided with a clear and conspicuous statement informing the party of the following:

- (1) The right of the party at any time to withdraw consent to have a notice or document delivered by electronic means and any conditions or consequences imposed if consent is withdrawn.

  - (2) Consents electronically, or confirms consent electronically, in a manner that demonstrates the party can access information in the electronic form that will be used for notices or documents delivered by electronic means as to which the party has given consent.
- d. After the party has given consent, if a change in the hardware or software requirements needed to access or retain a notice or document delivered by electronic means creates a material risk that the party will not be able to access or retain a subsequent notice or document to which the consent applies, the insurer shall provide the party with a statement of the revised hardware and software requirements which complies with subdivision b.
- e. The insurer has provided a copy of the notice or document to the party's insurance producer by electronic means or regular mail.

8. A withdrawal of consent by a party does not affect the legal effectiveness, validity, or enforceability of a notice or document delivered by electronic means to the party before the withdrawal of consent is effective.
9. A withdrawal of consent by a party is effective within a reasonable time, not to exceed five days, after receipt of the withdrawal by the insurer.
10. This section does not apply to a notice or document delivered before August 1, 2019, by an insurer in an electronic form to a party that, before that

date, has consented to receive notices or documents in an electronic form otherwise allowed by law.

11. If the consent of a party to receive certain notices or documents in an electronic form is on file with an insurer before August 1, 2019, and pursuant to this section, an insurer intends to deliver additional notices or documents to the party in an electronic form, then before delivering those additional notices or documents electronically, the insurer shall provide the insured with a statement describing:
  - a. The notices or documents that must be delivered by electronic means under this section which were not previously delivered electronically; and
  - b. The party's right to withdraw consent to have notices or documents delivered by electronic means.
12. Except as otherwise provided by law, if an oral communication or a recording of an oral communication from a party can be reliably stored and reproduced by an insurer, the oral communication or recording may qualify as a notice or document delivered by electronic means for purposes of this section.
13. If a provision of this title or applicable law requires a signature, notice, or document to be notarized, acknowledged, verified, or made under oath, the requirement is satisfied if the electronic signature of the individual authorized to perform those acts, together with all other information required to be included by the provision, is attached to or logically associated with the signature, notice, or document.
14. This section may not be construed to modify, limit, or supersede the provisions of the federal Electronic Signatures in Global and National Commerce Act [15 U.S.C. ch. 7001 et seq.].

The maximum penalty under this section is one hundred thousand dollars. The commissioner may reduce the penalty if the insurer demonstrates to the commissioner that the imposition of the penalty would constitute a financial hardship to the insurer.
