NEW SERIES, VOLUME 20  
No. 1

---

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**T**HE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued quarterly. The entries are arranged alphabetically by titles. The place of publication is given only when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the copyright renewals and extensions made for periodicals under section 24 of the act of March 4, 1909, will be found at the end of this issue, immediately following the text.

Because of the shortage in print paper, the indexes heretofore accompanying the first three issues of each year will be omitted. The fourth number, completing the volume, will have a full annual index to proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is \$0.50, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE

---

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that in so far as any copyright articles deposited from July 1, 1914, to June 30, 1919, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1925.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

**T**HE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued quarterly. The entries are arranged alphabetically by titles. The place of publication is given only when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. Registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt. A dash for the month in a copyright information line indicates a repetition of the previously given month; but when no month precedes the dashes in the line, the first dash repeats from above.

A list of the copyright renewals and extensions made for periodicals under section 24 of the act of March 4, 1909, will be found at the end of this issue, immediately following the text.

The fourth number, completing the volume, contains a full annual index to proprietors. The subscription price for the complete calendar year for Part 2 (Periodicals) is \$0.50, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE

---

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, in so far as any copyright articles deposited from July 1, 1914, to June 30, 1919, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1925.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

NEW SERIES, VOLUME 20

No. 3

---

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

**T**HE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued quarterly. The entries are arranged alphabetically by titles. The place of publication is given only when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. Registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt. A dash for the month in a copyright information line indicates a repetition of the previously given month; but when no month precedes the dashes in the line, the first dash repeats from above.

A list of the copyright renewals and extensions made for periodicals under section 24 of the act of March 4, 1909, will be found at the end of this issue, immediately following the text.

The fourth number, completing the volume, contains a full annual index to proprietors. The subscription price for the complete calendar year for Part 2 (Periodicals) is \$0.50, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE

---

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that in so far as any copyright articles deposited from July 1, 1914, to June 30, 1919, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1925.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

THIS NUMBER CONTAINS THE VOLUME INDEX

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**T**HE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued quarterly. The entries are arranged alphabetically by titles. The place of publication is given only when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. Registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt. A dash for the month in a copyright information line indicates a repetition of the previously given month; but when no month precedes the dashes in the line, the first dash repeats from above.

A list of the copyright renewals and extensions made for periodicals under section 24 of the act of March 4, 1909, will be found at the end of this issue, immediately following the text.

The fourth number, completing the volume, contains a full annual index to proprietors. The subscription price for the complete calendar year for Part 2 (Periodicals) is \$0.50, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE

---

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, in so far as any copyright articles deposited from July 1, 1914, to June 30, 1919, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1926.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*
