1. Forwarded herewith is application for the release of the land and buildings comprising the Sakamoto Maneuver Area, Sakamoto-mura, Ena-gun, Gifu Prefecture (1,243.0 - 1,399.0).

2. Release of the area in question will make available to the Japanese economy approximately 251 acres of forest land, 556 acres of pasture land and 215 acres of agricultural land, a part of which will require additional reclamation. The materials in the buildings will be used for the construction of middle schools in Sakamoto-mura and Nakatsu-cho.

3. Altho this headquarters has, with the concurrence of the 24th Infantry Regiment, permitted limited use of a part of the area for stock grazing, continued retention of the land by the occupation forces is resulting in inadequate care to the forest land and deterioration of the reclaimed portions of the agricultural land.

4. It is recommended that the inclosed application be given favorable action.
