THE RAID BY REBELLIOUS BOERS

LEADER REPORTED TO BE GAINING STRENGTH

Attack a Camp of Loyalists—Police Outnumbered and Forced to Retreat.

Cape Town, South Africa, Nov. 11.

Advices from the northwestern part of Cape Colony agree that the situation is decidedly grave, and that the natives, who have never been in sympathy with the British plan of government, are flocking to the standard of a rebel chieftain called Ferreira.

It leaked out Sunday night that in the initial fighting at Wickop forty Boers surprised the British police camp and drove off the local troopers.

After wounding two of them and after taking the officer in command prisoner, the rebels managed to secure a much camp equipment and a large number of rifles, together with plenty of ammunition.

Sunday they attacked a camp of loyalists at Uppington and fierce fighting followed that lasted two hours, when the police, finding themselves outnumbered, fled, carrying with them three badly wounded men.

Ferreira with his force, which is augmented hourly, is now in camp on a farm near Uppington, and is reported to be commanding forces from the farms in the vicinity.

It is believed here that he plans to march toward Kurman and then, if able to fight off the troops sent against him, to go on to Kimberley.

Three flying columns of colony troops and police, in whose ranks are numbered many veterans of the Boer army, who have taken the oath of allegiance, are now marching to engage the rebels and hard fighting is believed to be imminent.

It is conceded here that the loyal forces will have their work cut out for them in putting down the rebellion.

For many months past the Boers have been dissatisfied at the attitude of the British colony toward them and many have declared their intention of leaving British possessions and trying their luck in other parts of Africa.

Should the present uprising gain a few initial successes, it is a certainty that the discontented from all over British South Africa will gather to aid Ferreira, and if the latter can arm and equip all who come to him, he will soon have a decidedly formidable force on hand, which will necessitate the British sending regular troops into the field to oppose him.

The government officials here are holding frequent conferences and are hurrying all available men to the scene to aid in demoralizing the rebel column.

Not Considered Serious. London, Nov. 11.—Sir Thomas Fuller, agent-general for Cape Colony—in London, attaches no importance to the Ferreira raid. He believes the object to be robbery and plunder, and says the country where Ferreira and his men are operating is sparsely populated and the farm houses widely separated. It is not impossible, however, that Ferreira may obtain some adherents and do some mischief.

The Cape Mounted Rifles, Sir Thomas declares, are accustomed to guerrilla warfare and will have no difficulty in dealing with the situation.

WILL DISTRIBUTE WEALTH. Mrs. Russell Sage Will Give Bulk of Fortune to Those Whom She Considers Worthy.

New York, Nov. 11.—Mrs. Russell Sage will give away the bulk of her fortune of about \$50,000,000, bequeathed to her by her husband, to individuals whom she considers worthy. It will not be given to endow churches nor those who write begging letters.

GREAT NORTHERN RAILWAY. To Be Completed From Coast to Winnipeg in Two Years.

Winnipeg, Nov. 11.—Official announcement of the Great Northern railroad route from the Pacific Coast to Winnipeg has been made.

THE DEMAND FOR SALMON IS SLOW

SULPICION SHOWN BY BRITISH CONSUMERS

This is Attributed to the Scandals Connected With the Chicago Canned Meats.

The scandals connected with Chicago canned meats is undoubtedly having a prejudicial effect upon the sale of all canned goods on the British market.

This is affecting the sale of British Columbia salmon although an investigation of the methods employed in the canneries of this province during the packing season resulted in showing that the greatest care was exercised to keep everything clean and sanitary.

One of the fishery commission who made the examination stated that the canneries in point of cleanliness were ahead of many kitchens.

The pack of this season is not large so that the little hesitation on the part of the British dealers will not affect prices to any extent. Already the demand is beginning to improve.

R. Mess, of Findlay, Durham & Brodie, attributes the light demand to the scare in Britain resulting from the Chicago canned meat exposures.

The demand for salmon in the United Kingdom is not good, but it is increasing gradually," said R. J. Keer, secretary of the British Columbia Packers' Association.

The United Kingdom is the only place where the Chicago packing exposures had any effect on the demand for salmon. Australia and New Zealand are taking if anything, more salmon this year than they ever did before.

The Canadian demand is also unaffected. We sell a little salmon in Germany and France, but the amount is small, and that trade is handled through London brokers.

Yes, the American canners are selling salmon in the British market this year. I believe that they are selling more than they ever did before, though one would have naturally expected that after the large home consumption of last year when the pack was largely smaller production of this year would have been all absorbed in the United States.

The American salmon is selling in England for less than the Canadian brands. It is bringing but about thirty-four shillings.

Had the Chicago exposures come during the year of a large run of fish on the Fraser, the results to the British Columbia canners would have been extremely bad. They would have been left with the greater portion of their packs on their hands for months.

TWO MEN MISSING. Left on Trip Across Arrow Lake and Have Not Been Seen Since.

Nakusp, Nov. 10.—Word has just been received here from Haley of the appearance of two men working at Seymour's farm, opposite St. Leon, on Arrow lake, and are now thought to have been drowned.

On Sunday last they crossed the lake to St. Leon to get the mail. From there they rowed to the Haley Springs hotel, arriving about 2 o'clock.

PREMIER AT DUNCANS. Hon. R. McBride and Hon. R. G. Tatlow Address Cowichan Electors.

On Saturday night Premier McBride and Finance Minister Tatlow addressed a meeting of Cowichan electors in the Duncans exhibition hall.

Hon. Mr. Tatlow spoke of the financial history of the province of late years, and stated that it was in a bankrupt condition when the present administration came into power.

Mr. Tatlow said that negotiations were in progress to bring farm laborers from England, and it was possible that, within two months, some arrangement might be made to this effect.

Premier McBride dealt with "better terms," and related the story of the Ottawa conference, from which, he said, he retired at the eleventh hour to save accepting a majority vote.

Mr. McBride said that negotiations were in progress to bring farm laborers from England, and it was possible that, within two months, some arrangement might be made to this effect.

Mr. Tatlow said that there was a big preference shown in them toward the East. He did not believe that pioneers should be taxed as was intended in this province.

He said, however, gained an acknowledgment of British Columbia's claims. After referring to the bonuses offered to the East and those proposed for the West, the Premier said that there was a big preference shown in them toward the East.

GROCER ELECTROCUTED. Fritz Alps Killed by Live Wire in Seattle.

Seattle, Nov. 10.—Fritz Alps, a grocer, was electrocuted at 10 o'clock yesterday morning at the corner of Fifth avenue and Terrace street.

More than 2,000 volts of electricity passed through his body killing him instantly. Alps was about 35 years of age and is survived by a widow.

Alps was delivering some groceries when he encountered the live wire. He carried the basket on his right arm. The statement of witnesses differ as to exactly how the accident occurred.

Some say that the wire fell and Alps put up his left hand to ward it off. Others say the wire had fallen before and that Alps started to brush it aside with his left hand.

Deputy Coroner Arnold, who investigated the case, says the wire with which Alps came in contact was one of the service lines of the Seattle Electric Company and an abandoned wire.

A sunset telephone wire had fallen across the Seattle Electric Company wire carrying 2,300 volts. Across those two wires the abandoned Seattle Electric Company service wire which had become charged.

The charge of electricity entered Alps' body at the second finger of his left hand and came out of his right foot.

NORWAY'S RULERS. King Haakon and Queen Maude Visiting King Edward and Queen Alexandra.

Portsmouth, Nov. 12.—King Haakon, Queen Maude and Crown Prince Olaf of Norway, who arrived off Spithead late last night on board the British royal yacht Victoria and Albert, landed at Portsmouth this afternoon on a state visit to King Edward and Queen Alexandra.

They will spend a week at Windsor Castle. A series of festivities have been arranged for their entertainment.

MOROCCAN SITUATION. France and Spain Have Decided Upon Line of Action.

Paris, Nov. 12.—Foreign Minister Pichon in an interview to-day regarding the Moroccan situation declared that the understanding between France and Spain concerning the measures to be taken in Morocco was now completed.

He added: "The terms of the Algerian convention will be strictly followed." Nothing has occurred warranting a suspicion that the Berlioz government is disposed to interpose difficulties.

The organization of the state bank is proceeding as rapidly as possible.

ELECTRICITY. Question of Transmission From Canada to United States.

Washington, D. C., Nov. 12.—Secretary of War Taft has authorized the announcement that the hearing of the question of the transmission of electricity from the Canadian side of the Niagara Falls to the United States has been postponed from November 20th until November 25th, owing to changes in the secretary's personal plans.

New York, Nov. 12.—The demands of the engineers employed by the Delaware, Lackawanna & Western Railroad Company were adjusted to-day at a conference between President W. H. Truesdale and the representatives of the engineers.

The engineers were granted a ten-hour day and increases in wages, aggregating for the 900 engineers \$30,000 to \$35,000 a year.

THE EMPRESS OF CHINA. Oriental Liner Arrived To-Day—Had Stormy Voyage.

The Empress of China arrived this morning on schedule time, having on board 224 tons of freight. Among this were 212 packages of silk and 2,350 of general cargo.

She carried 31 saloon, 21 intermediate and 216 steerage passengers. No Hindu was aboard. The voyage was a stormy one, and the night before last the steamer Pleiades was passed.

Among the officers of the Empress is Dr. C. D. R. Black, son of the late Capt. Black, who is acting as ship's surgeon.

Best range of English and Canadian Blankets, direct from the mills to you; colors, white, red, navy, grey, tan. Our white Blanket at \$3 and grey at \$2.75 are best values in the city.

Robinson's cash store.

The steamer Princess May returned from the North to-day. Among her passengers were George White Fraser and party, who have been engaged on the Alaskan boundary survey all summer.

The order was issued by H. H. Rogers.

Two thousand employees of the mines and smelters in Montana have been granted an increase of wages by the Amalgamated-Copper Company.

The order was issued by H. H. Rogers.

COAL STEAMER MISSING.

Hallfax, N. S., Nov. 9.—The Norwegian coal steamer Finn, which left Montreal on October 21st, is missing, and fears are entertained as to her safety. There is an unconfirmed report that she struck on Byron Island, in the Magdalen islands, and went to the bottom with all hands. Incoming vessels report the storm of the last few days the worst they ever experienced.

URGED BETTER TRADE RELATIONS

BETWEEN THE UNITED STATES AND DOMINION

J. J. Hill Says Canada Will Prosper and Points Out Advantage of Reciprocity.

Chicago, Nov. 10.—James J. Hill was the guest of honor at a banquet of the Merchants' Club to-night, and delivered an extended address upon "Chicago's Interest in Reciprocity With Canada."

In the course of his address he gave figures showing that the trade with the people whom the United States will be able to reach by the construction of the Panama canal, amounts to only about \$54,000,000 annually, while the United States trade with Canada is over \$260,000,000 per annum. He continued: "Whatever commercial policy confers the greatest benefits upon the whole continent will best advance the various parts, and this city will receive and confer inestimable benefits under a more liberal trade convention. Canada will in any event and under any system be opened up and highly developed. Would it, then, be disadvantageous for us to share the products of the fields of Manitoba, Alberta and Saskatchewan? The time is opportune for a practical movement toward better trade relations with Canada. There has been increasing irritation, toward our attitude, and already the fact that our tariff against the Dominion is 49.33, while that of Canada against the United States is 24.83, causes comment and suggests reprisals."

In closing, Mr. Hill said: "What is the first practical step? The consummation most to be wished is the wiping out of customs houses along the northern frontier, and the establishment thereof of absolute free trade. If the time is not ripe for that, the least that it demands is ample reciprocity. There cannot be a beginning until we have fixed in our minds the desirability of a free interchange of natural products and raw materials, giving to the New England manufacturer his fuel and to the farmer of the western plains his lumber and to the makers of books and newspapers everywhere their print paper free from the exactions which a needless tariff now permits monopoly to impose. From this as a beginning work may go forward toward larger liberty by an enlargement of markets and a progress of public sentiment that reciprocity once in operation will assure."

DESPECIABLE ACT.

Men Stole Bronze Tablet From Monument to Victims of the Sloucum Disaster.

New York, Nov. 10.—Probably the meanest and most despicable act that has taken place about New York occurred last night when the bronze tablet on the monument erected in Lutheran cemetery on the outskirts of Brooklyn to the memory of the victims of the burning of the steamer General Sloucum was stolen. The cost of the tablet was about \$400. The theft was discovered this morning and reported to Charles Derach, president of the organization of General Sloucum survivors, which erected the monument. The tablet had been pried off the monument with crowbars, the face of the monument being defaced in the operation. An unsuccessful attempt was also made to remove a tablet from the back of the monument. The police of Middleville, where the cemetery is located, have been informed that the robbery was committed by men who drove to the cemetery in a buggy from the direction of Glendale. The stolen tablet was three feet square and bore a representation of the burning of the General Sloucum and the story of the disaster.

THE YEARS OF DISCRETION.

Mark Twain's "Better to Editor Aiden, of Harper's Monthly.

New York, Nov. 10.—In the famous old Harper publishing house, in Franklin square, to-night, nearly 250 men and women prominent in American literary life, celebrated with Henry Hills Aiden, for 25 years the editor of Harper's Monthly, the 79th anniversary of his birth. During the dinner letters of congratulation from President Roosevelt and Samuel L. Clemens (Mark Twain) to Mr. Aiden, were read. The president in his letter invited the editor to call on him at the White House should he visit Washington this winter. Mr. Clemens said, in part: "Aiden, dear old friend, it is a solemn moment. You have now reached the years of discretion. You have been a long time arriving. How often we recall with regret that Napoleon once 'shot' at a magazine editor and missed him and killed the publisher. But remember with charity that his intentions were good. You will reform now, Aiden."

CHINESE CUSTOMS HOUSE.

St. Petersburg, Nov. 10.—Though Russia, over a month ago, assented in principle to the Japanese proposition for re-opening the Chinese custom houses on the northern frontier of Manchuria, contingent upon similar action of the Japanese at Port Dalny, the final step has not been taken. The foreign office explains that the matter has been settled in principle, and that putting it into execution is only delayed by a minor matter of detail, and that it is not in any way the intention to hamper merchants of other nations.

MANY CHILDREN SICK.

Get their feet wet, catch cold or cramps, and give mothers an anxious time. With the first shiver or sneeze rub the little one's chest with Nervine, soothe the throat, and give ten drops of hot water at bed time. Next morning all is well. No cold, no time lost at school. If Polson's Nervine isn't in your home get it there at once. Dealers sell it in large 25c. bottles.

VILLAGES SHAKEN.

Part of Crater Falls Into Vesuvius Causing Number of Explosions.

Naples, Nov. 10.—At noon to-day Mount Vesuvius and the surrounding villages were shaken up by a kind of earthquake which was accompanied by detonations, and followed by a considerable fall of ashes, especially over Ottajano, which was destroyed during the eruption of last April, and is now in course of reconstruction. The shock caused great alarm. Investigation showed that part of the crater of the volcano had fallen in.

During the afternoon there were three more slight shocks and a further discharge of ashes, which was blown in the direction of Pompell and Ottajano. Thus far Naples has not been affected by the eruption, but a dark column of smoke can be seen from the city hovering over the crater.

Prof. Mattucci, director of the royal observatory on Mount Vesuvius, in an interview with the Associated Press said: "I do not believe this is a new eruption, as all the phenomena preceding such an event are lacking. I think the return of ashes was caused by the slipping down of the superfluous lip of the crater, and that the earth tremblings were due to water from the recent heavy rains having reached the fire inside the volcano, producing an internal explosion."

BOMB THROWER CONVICTED.

Man Who Attempted to Kill Police Captain at Bialystok Gets Ten Years.

St. Petersburg, Nov. 10.—The man named Scheter, who threw the bomb at Police Captain Nansonoff, of Bialystok, precipitating the Jewish massacre there, was convicted to-day and sentenced to ten years at hard labor. The prisoner, who is a mere youth, testified that he entered the terrorist organization in 1904, and served the police faithfully for two years. He became converted to the theory of the revolutionists and determined to "expiate his treachery by killing Captain Nansonoff."

This recalls the famous case of Degdieff, a member of the inner council of the terrorist organizations, who after the assassination of Emperor Alexander in 1881 sold himself to Colonel Sudelkin, chief of the secret police, betraying a thousand of his comrades and confessed his treachery and atoned for it by killing Sudelkin in 1883. Degdieff fled to America, where it was reported he took up his abode under another name.

PHILIPPINE ASSEMBLY.

Will Consist of Eighty-Seven Members—Election Law Pleases Natives.

Manila, Nov. 9.—According to the proposed election law the coming Philippine assembly will consist of 87 members representing each one, a population of 50,000. The election of members of the assembly is to be held July 1, 1907, and the assembly is to convene in sixty days after the election. The Philippine commission will submit the proposed law to public discussion after November 25th. The election must be ordered by the president after March 5th, 1907, on the expiration of two years of peace provided in the act of congress. If there is an insurrection before then it will be necessary to wait two years. The proposed law was decided upon after much discussion, participated in by representatives and leading Filipinos, provincial governors and others. The Filipinos are generally pleased with the proposed law, which is based on election laws of New York, Massachusetts and California.

BUYING AT EDMONTON.

The Klondike King Has Bought Coal Mines and Stone Quarry.

Alex. Macdonald, "the Klondike King," first shipper of gold from the Bonanza camp of the Yukon and the heaviest mining operator in the whole of the north, is interesting himself in several branches of mining in Edmonton, Alberta. He has already acquired a stone quarry at Victoria on the Saskatchewan, and has taken up some local property to the west of Edmonton. He proposes to put boats on the river and to operate the coal propositions on an extensive scale. He says "he has spent his last winter" in the Klondike and will hereafter be a citizen of Edmonton for most of the year, although he still retains interests in the north, which will probably take him there every summer.

VANCOUVER NOTES.

At Friday's meeting of the Vancouver school board the committee recommended that a by-law be prepared to raise the following amounts: \$15,000 for brick addition to Fairview school; \$40,000 for addition to Lord Roberts school; \$50,000 for additions to Seymour school; \$25,000 for school sites and other contingencies; \$20,000 for brick school board office, store-rooms, etc. The report will be adopted.

A peculiarly painful accident happened to Miss Peterson, of 225 Fifth avenue, on Thursday evening, resulting in the loss of a finger. She was alighting from a car at the corner of Ninth avenue and Yukon street. As she passed her hand down the hand-rail on the door jamb, preparatory to alighting, the ring on her finger caught in a little brass projection connected with the door. As she attempted to get her hand free, the ring "clung" to the projection. It stripped the flesh off her finger to the second joint, and then pulled off the joint. The end of the finger fell on the car platform. The lady bore up bravely, and was taken as speedily as possible to where surgical help could be obtained.

The congregation of St. Andrew's church, which has been working up the opera house for nearly three months will reopen their enlarged church on Sunday, November 18th. The whole edifice has been thoroughly renovated within and without. An extension has been made which will give 350 additional sittings on the ground floor. The organ is being rebuilt with new tubular pneumatic action, and additional stops and couplers. A new system of heating and ventilation has also been installed. The vestry and choir room are new. The total cost will be in the neighborhood of \$10,000. The church when completed will seat between thirteen and fourteen hundred.

TUMORS CONQUERED

SERIOUS OPERATIONS AVOIDED

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

The growth of a tumor is so sly that frequently its presence is not suspected until it is far advanced.

Mrs. Fannie D. Fox

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse monthly periods, accompanied by unusual pain, from the abdomen through the groin and thighs.

If you have mysterious pains, if there are indications of inflammation or displacement, secure Lydia E. Pinkham's Vegetable Compound. Right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice if you will write her about yourself. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women.

Dear Mrs. Pinkham:— "I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my periods stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor and would have to undergo an operation."

"Soon after I read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After trying five bottles as directed the tumor is entirely gone. I have been examined by a physician and he says I have no signs of a tumor now. It has also brought my periods around once more, and I am entirely well."—Fannie D. Fox, 7 Chesnut Street Bradford, Pa.

JOCKEY'S DEATH.

Died From Injuries Sustained by Being Thrown From a Race Horse.

New York, Nov. 10.—C. L. Sewell, one of the best known jockeys on the American turf, died last night at the home of his mother at Sheephead Bay as the result of injuries sustained in the sixth race at Aqueduct race track yesterday.

Sewell had the mount on W. S. House's bay horse Lichness. He had the horse in the fifth position at the half mile post where there was considerable crowding, and being on the inside position he was thrown on the rail. The jockey lay helpless and for a time the spectators in the grand stand thought he was dead.

The track ambulance was called and the injured rider was taken to the jockey's room. Examination by the track physician indicated that Sewell was only stunned and no bones had been broken, the prediction being made that he would be seen in the saddle in a few days. He was taken to his home in an automobile. There he complained of extreme pain in his head and body and he soon sank into an unconscious state. A doctor at Sheephead Bay, was called and found that the jockey was suffering from internal injuries and that his life was in peril. A doctor from Brooklyn was called in by the first car for consultation, and they worked over the jockey from half past six o'clock until fifteen minutes after eleven, when he died.

The horse Lichness, on which Sewell had the mount, was an inferior type of thoroughbred and odds of a hundred to one were laid against its chances yesterday.

RAILWAY WRECK.

Five Coaches Thrown From Track by a Broken Rail—One Man Killed.

Manchester, Ohio, Nov. 10.—A wreck on the Baltimore & Ohio Southwestern road early to-day resulted in the death of one man and the injury of seven other persons six miles west of there.

Passenger train No. 5 struck a broken rail. The engine, postal and baggage cars passed over safely, but five coaches were derailed, turned over and rolled down the bank. Three little children of one family were injured, one having its legs crushed. All the crew escaped, except Conductor Graham, who was slightly injured.

"As American citizens, of course," remarked Uncle Ailer Sparks, "we ought to be proud of the inventive genius of our people. There is no country on the face of the earth where they can make pure olive oil and genuine cider vinegar out of as many different kinds of things as we can.—Chicago Tribune.

Miss Jenks—Have you really broken off your engagement to him?

Miss Flattie—Oh, yes. I just had to. He was getting too sentimental—began to talk me about matrimony.—Philadelphia Ledger.

QUITE TRUE.

The Dominion Department of the Interior is, nothing but a "glorified land office." That is to say, the affairs of the Department of the Interior are administered in a business-like manner.

POOR OLD JERRY.

There is nothing so unbecoming an aged party, unless the said aged party has passed from the stage of the seer and yellow leaf into that of second childhood, as capriciousness of mood and variability of temper.

land office" manner. It will be seen that a contrast to our manner of administering public lands that the spectacle will be painful. It may make us weep as we think of the unglorified manner in which lands that have already been made prospectively of great value by the announcement of the intention to construct the Grand Trunk Pacific Railway have been disposed of to favorites of the McBride government, who are certainly not glorified in any sense.

It is no wonder the chief organ of the said unglorified set wonders in perplexity where the money is going to come from to administer the territory that will be opened up for settlement by the construction of the Grand Trunk Pacific Railway.

President Roosevelt, we are solemnly told by telegraph, went a-hunting in Virginia and secured one turkey. We really do not think that was a great feat for so wonderfully accomplished a man as the president of the United States to perform.

Hon. R. F. Green's interpretation of the provisions of the Land Act appears to depend altogether too much upon the personality of the parties making applications. The hon. gentleman could stretch points to the limit on behalf of his friends of Katen Island fame; but when the Dominion government wants to purchase land at its full market value in order to placate and settle the Ithalne Indians the minister peremptorily restricts even the letter of the law.

LORD GREY CENSURED

At Annual Meeting of the Ontario Lord's Day Alliance. Toronto, Nov. 11.—Lord Grey, Governor-General of Canada, for disregard of the Sabbath in preparing on Sunday for a shooting expedition, met with the censure of the annual meeting of the Ontario Lord's Day Alliance yesterday afternoon.

LABOR PARTY NOTES

Application Received for Charter for Branch for Vancouver—Congress Proceedings. Victoria branch, No. 1, of the Canadian Labor Party, will hold its initial meeting on Thursday evening next at Labor hall.

LOCAL NEWS

The Royal Templars of Temperance will hold a social evening in the W. C. T. U. mission hall to which the public is cordially invited.

The Association Football Club of the Province will hold a meeting in the drill hall to-morrow evening, commencing at 8 o'clock. All members are requested to attend.

A lecture on "Our English Cathedral," illustrated by lantern views, will be given by the Lord Bishop of Columbia on Tuesday at 8 o'clock in St. John's Sunday school.

The condition of R. Gullicksen, a seaman on the steamer Throms, who fell from one of the masts to the deck, a distance of 25 feet, on Saturday, and was taken to the Royal Jubilee hospital in the police patrol wagon, is reported to be still serious.

The Dawson World says: "It is claimed the Pueblo is now sufficiently opened up so as to disclose over 200,000 tons of ore in sight, ready for shipping."

Judge Lattinman has returned from a visit to his old home at Thured, Ont., and to-day conducted County court. Owing to his absence for some weeks a considerable amount of business is up before the present sitting of the court.

The death occurred on Saturday evening at the family residence, Swan Lake, of Sparks Alexander Wenzel, aged 55, fifth son of William Henry and Mary Williams, deceased. He was a native son, being born at North Saanich 23 years ago.

The ragged children's dinner fund subscription list is open again at the Y. M. C. A. rooms, 40 Broad street. The fund is well known to require lengthy explanation. It is one of the worthwhile Shaftesbury charities, with the King as patron and the Marquis of Northampton president.

The chrysanthemum show to be given under the distinguished patronage of His Honor the Lieut.-Governor and His Worship Mayor Morley and Mrs. Morley, will be opened in the Carnegie library on Monday at three o'clock to-morrow afternoon.

The country is described by him as admirably adapted for grazing purposes. He thinks that it is superior to the Bulkley valley in fact. There is not the same danger of summer frosts as is reported in the former valley.

Only two ladies—namely, Angelica Kaufmann and Mary Moser—have been admitted to membership of the Royal Academy.

The "highest clouds" reach ten miles above our heads. The clouds are like feathery forms which we see on a clear day. Although apparently motionless, they travel from 75 to 90 miles an hour.

CITY NEWS IN BRIEF

W. V. North is prepared to give cabinet lessons. Phone A 1223.

Electric light baths and massage, ladies and gentlemen. Phone B725, 219 Yates street.

The French Alliance will hold its weekly meeting tonight in the parlors of the Balmoral hotel. At this meeting the question of bringing a special lecturer from Paris will be discussed.

A very interesting time is in store for those who attend the Metropolitan Epworth League tonight, when Rev. T. W. Gladstone and A. J. Pineo, representing the Citizens League, will address the meeting on moral reform and good citizenship. The meeting will be open to the public and a large turnout is anticipated.

Mention was made in the Times on Saturday of the marriage of Capt. Bennett to Miss Magda Bruun. Several days ago Miss Magda Bruun arrived in Vancouver from Norway to wed Capt. Kruger and the ceremony was performed at the Lutheran church in Vancouver on Saturday. Capt. S. F. MacKenzie supported the groom. The bride and groom left on the Charmer for Victoria in the afternoon.

Donation Fisheries Inspector E. G. Taylor of Nanaimo, has been granted leave of absence for several weeks by the Dominion government. He is leaving for Nova Scotia, his mother being seriously ill and for whose recovery the gravest doubts are entertained. Fortunately at the present time the affairs of the inspector's large district are in such shape that he will be enabled to get away without seriously inconveniencing any of the numerous matters which are constantly coming under his jurisdiction.

Bishop Perrin has returned from Thetis Island, where he dedicated a private chapel built by H. B. Burchell. This is the first private chapel built by a layman on the coast. The edifice is a very neat one. It was constructed entirely by those employed on the ranch. The lumber was cut in the saw mill on the premises. The furniture was presented by friends in England. A very pretty silver gilt altar plate has been given in memory of Mrs. Burchell's mother. The dedication of the chapel took place on Thursday morning. The holy communion was administered and Bishop Perrin delivered an address in which he expressed a hope that others would follow the example of Mrs. Burchell. A collection was taken at the service in aid of the M. S. C. C.

Sunday, 4 p. m., at
Men's Meeting Y.M.C.A.

SUBJECT, "TRUE PRAYER."
Mr. E. Washington will give the address. This will open the International Association Week of Prayer, recognized by all our North American Associations. Meetings will be held in our auditorium for men, every evening of the coming week, commencing at 8 o'clock, and led by Association men.

The regular meeting of the W. C. T. U. Refuge Home will be held for the first time at the home, North Pembroke street.

The executive of the Victoria Teachers' Institute are holding an emergency meeting in the Y. M. C. A. rooms this afternoon.

A social will be held on Thursday evening next at 8 o'clock, under the auspices of St. Barnabas' church, in the school room. All friends are invited to be present.

The St. Andrew's Society will hold its monthly meeting in Sir William Wallace hall this evening. Officers for the ensuing year will be elected at this meeting and a full attendance is desired.

There will be a meeting of the Victoria Builders and Pest Stock Association in the parlors of the Queen's hotel, tomorrow evening at 8 o'clock. Arrangements are to be made for the annual show, and a full attendance is requested.

On Saturday the marriage of Mr. George William Andrew of Seattle, and Miss Margaret Elizabeth Williams of Victoria, was solemnized at the residence of Mr. and Mrs. J. Brown, 55, Frederick street. The ceremony was performed by Rev. Herman A. Carlson.

There will be a meeting of Queen Alexandra Hive, Ladies of the Maccabees, this evening at 8 o'clock. The gathering will be held in the W. C. T. U. mission hall, and all members are asked to attend. The delegates to the Women's Council will be selected at this meeting.

It has been decided by the commissioners of the public library that the reading room shall be opened during the winter months on Sunday afternoons and evenings. This will begin next Sunday, and the rooms will be open from 2 to 5 in the afternoon and from 6.30 to 9 o'clock in the evening.

Mrs. Harry Pooley, assisted by other local talent, including Mrs. Hermann Robertson and Mrs. Robin Dunsmuir will make arrangements for a vaudeville matinee to be given in aid of the Royal Jubilee hospital. The intention is to give this some time near the end of January. Robert Jamieson, manager of the New Grand, has with the consent of Sullivan & Constable, the owners, placed this comfortable theatre at the disposal of the local entertainers for the matinee.

A notable addition to the list of local vocalists is announced in the person of Miss Cecilia Needham, who recently arrived from Toledo, Ohio, on a visit with her sister, Miss K. Needham. During her short stay the young lady has, on several occasions, taken a leading part in the singing with the choir of St. Andrew's Roman Catholic cathedral as well as that of the West Saanich Catholic church. Miss Needham is possessed of a clear, melodious soprano voice of considerable range and flexibility, which, with the careful training it receives, augurs well for her future success in the art to which she is much attached. Like most easterners, Miss Needham is enamored of the climate and scenic attractions of Victoria and its environs and may decide to permanently reside in this locality.

PERSONAL

J. Jones, of Vancouver, the claims agent of the Pacific division of the C. P. R. is in the city to-day. He is a guest at the King Edward.

E. J. Coyle, general passenger agent C. P. R. of Vancouver, is in the city to-day. He is accompanied by Mrs. Coyle. They are staying at the Strand.

R. Ainsworth, S. Husby and J. Knudson, who have been operating a small sawmill on the West Coast, have left via Northern Pacific and Cunard liner Carmania, for England and Norway.

Women's and Misses' new fall Cranette Coats at all prices, \$5 up. Robinson's, Cash Store.

NEW CREW ARRIVES FOR THE SHEARWATER

Men Are Quartered in Barracks Ashore While Ship's Overhauling Is In Progress.

All is commotion aboard H. M. S. Shearwater in Esquimalt to-day, attendant on the departure of the old crew for England this morning, and the arrival of the new company on the Charmer last evening. Of the latter there are some eighty men. Immediately upon their arrival a car was on hand to carry them to their destination. They were not placed on the ship, as previously announced they would be, but were taken to the barracks in the navy yard, a new building erected just before the station was reduced. Here the men will find comfortable quarters until such time as the Shearwater can be made habitable again. The cruiser is in the hands of carpenters and machinists, and will not be ready to enter upon her new commission for another month. A great deal of work has to be done in and about her cabins, and in addition her machinery is undergoing an overhauling, which will require fully the time mentioned.

Captain Alcock, who succeeded Captain Hunt in command of the Shearwater, has been in the city some weeks, and the new officers of the vessel have already been given. Accompanying the party which arrived last evening were Surgeon C. R. Richard and Lieut. M. A. Bloomfield. They crossed the Atlantic on the steamer Lake Erie, and journeyed west via the C. P. R. They report an uneventful trip.

It is understood that just as soon as the Shearwater is ready for service again she will be taken out on a cruise. The ship has been listed for three more years' duty on this coast, she being now the only British man-of-war in northern Pacific waters.

Various pretty novelties in Silk and Silk Elastic Belts, also elegant designs in Collars and Ties, Robinson's Cash Store.

Eighteen deer were brought down last night by the E. & N. train, shot by lucky week-end sportsmen.

Sycamore is one of the most durable of woods. A statue made from it, now in the museum of Chicago, at Chicago, is known to be thousands of years old. Notwithstanding this great age, it is asserted that the wood itself is entirely sound and natural in appearance.

Shipping

TO TOW THE LOUISE.
Messrs. Macdonald, Marpole & Co. are preparing plans for a large tug which will be used for towing the coast bulk Princess Louise, when she is dismantled and made ready for her run between Vancouver Island ports and Vancouver. The plans will be completed in the course of a few days, when tenders for construction will be called. The tug will be 105 feet in length, with proportionate beam and depth. Her engines will be ordered from Scotland.

REDUCE THE SERVICE.
The Pacific Coast Steamship Company have withdrawn their regular service to Alaska from British Columbia ports, and from now on through the winter months until traffic increases the company's steamers will only touch at Victoria or Vancouver when there is freight or passengers at either port. This will be the first winter in probably twenty that this rule is to be adopted. It will occur to those who remember that the C. P. R. service from British Columbia ports during the winter months is all there is business for. The City of Seattle was laid off the Skagway run last week, and this week the Princess May will be retired from the route. This will leave only the Princess Beatrice for the C. P. R. Company, and the Cottage City, Alki and Humboldt in the Alaskan service. The Jefferson, which has been running all year, is also to be withdrawn and will be tied up, during which time she will be equipped with oil burners.

LAST TRIP ON SKEENA.
A dispatch from Hazelton says that the navigation season on the Skeena river closed on Friday last, when the steamer Phoenix, Capt. Bosner, made her last trip to the coast. This boat prolonged the season by making the last run at Hazelton, B.C. It is generally conceded that the Skeena is impossible of navigation. Capt. Bosner and his men were banqueted at the Omnesa hotel by Major Morrice, who held the name, paid this morning before their departure, in token of the good service they had maintained on the Skeena.

OFFICIAL INQUIRY.
The investigation into the accident which befel the steamer Princess Victoria a few weeks ago will be held probably this week. Capt. Gaudin, who has been instructed by the minister of marine and fisheries to hold the inquiry, said this morning that just as soon as the witnesses could be obtained, and Capt. J. G. Cox, who will assist him, is sufficiently well, he will proceed with the inquiry.

SHIPPING NOTES.
Steamer Spokane sailed for San Francisco last evening crowded with passengers.

MANY DONATIONS.
Women's Christian Temperance Union Acknowledge Contributions Received During October.
The officers and members of the Women's Christian Temperance Union beg to acknowledge, with thanks, the following contributions received during October: Mrs. E. S. Rowe, magazines and clothes; Mrs. Tugwell, magazines; Mrs. Durham, pair sheets and magazines; Mrs. Anderson, cakes and magazines; Mr. Robinson, sheet; Y. M. C. A., at cake; Mrs. Williams, Mrs. Jeffa, Mrs. Wilson, Mrs. S. Goddard, N. Shakespeare, papers; J. A. Costello, Chilli sack, box of apples; Mrs. F. DOCKS DESTROYED.
Fire at Chicago Caused Damage Estimated at \$75,000.
Chicago, Nov. 11.—The docks of the Lehigh Valley Coal Co. here were burned to-day, causing a loss placed by the company's officers at \$75,000.
Two deer passed loads of heavy weights in grey and dark colors, worth \$25, in sale Saturday at 11c and 20c. Robinson's.

MORE ABOUT OUR EBONY

The small space at our disposal gives little opportunity to do adequate justice to our BEAUTIFUL and GENUINE Ebony Goods. Of course, there are many more items than the list we gave you before. For instance, what more useful present for a gentleman than one of our handsome REAL Ebony Shaving Brushes, from 50c up, or a set of Military Hair Brushes from \$1.75 up, especially if the dense black of the ebony is decorated with SILVER monogram, of which we always carry a very large stock in the LATEST styles of engraved letters. It is much better to make your selection NOW, before we get into the rush of the Christmas trade. Then, if you so desire, we can put them on one side until you are ready to dispatch your present.

EARNEST PUPILS WHO HAVE WON DISTINCTION

Obtaining of Two Firsts in Province Celebrated—List of Successful Students.

The annual presentation of prizes and diplomas to the matriculation and other classes took place at the High school on Friday afternoon.

E. B. Paul, M. A., principal of the High school, was naturally elated with the splendid position attained by his pupils.

The chairman referred to the great success achieved by many of the pupils and instanced, as deserving special mention, the distinction obtained by Nelson King.

The members of the matriculating class who received diplomas were: Harold Beckwith, Marie L. Belyea, Marion C. Blankenbach, Beattie M. Coates, Alfred E. Dinsdale, Margaret J. Driver, H. E. Eberts, Lorna Elberts, Frederick Ewert, Cecilia Green, Coral L. Harris, Peter King, A. P. Huggett, Henrietta Hutchinson, G. C. Irving, A. L. King, John LeRoy Laidley, Alice M. Lambert, Hugh Macmillan, Annie C. Russell, E. D. Sprague, Kathleen C. Watson, William Wilby, Florence P. Williams.

Next came the junior class, those students who completed the second year's work, and are now in the matriculating division. Diplomas were awarded to Gladstone, Chandler, Bassett, Walter, Blake, Elmer, McNaughton, Richardson, Baker, Davies, Graham, Davis, McKillean, Starr, Casper, Pakke, Laing, Robertson, Scott, Dee, Hendry, Mowat, Levy, Dunn, McGregor, Paterson, Grant, Gray.

The results of the mid-term examinations, held recently, were announced during the afternoon. Supt. Easton referred especially to the good work done by the new sub-high classes.

Trustee Mrs. Jenkins presented the medals awarded for swimming under Instructor Ian St. Clair. The recipients were: First prize, girls, Elsie Sparrow, champion swimming and first prize, life-saving, Arthur Boggs; and first prize, diving, Herbert Boggs.

Dear Mother

Your little ones are a constant care in Fall and Winter weather. They will catch cold. Do you know what Shiloh's Compound Cough, the Lung Tonic and what has done for many? It is said to be the only reliable remedy for all diseases of the air passages in children.

SHILOH This remedy should be in every household.

Commercial classes—Stanley Young, Rita Donald. Sub-classes—Blanche Smith, Olive Vincent, Jean Vincent, Alice Ruggs, Daley Salmon, Gladys Walker, Jean Ramsay, Ella Logan, Zilla Balcom, Gordon McKay, Wm. Summerville, T. Roberts, Robert Travis.

DEARTH OF TEACHERS. Presbyterian Church of Canada Needs More Ministers.

"The scarcity of Presbyterian ministers," said Rev. Mr. McGregor, editor of the Presbyterian, recently in referring to the prospect of further pupil vacancies in the Paris Presbytery, "is great. In this Presbytery there are at present six vacancies altogether, and four of those who occupied the pulpits have gone to the West."

The fact that this will be Miss MacLachlan's last appearance in Victoria no doubt accounts for the heavy sale of tickets so far recorded, and there should be a great audience in attendance at the Victoria theatre to-morrow evening to greet the famous singer, "Arizona."

A Women's Kidneys

WHAT DOCTORS NOTICE AND WHAT THEY DON'T.

Disease in the kidneys is one of the last ailments for which a doctor looks when treating women. This is a great mistake. Women are very prone to kidney trouble and in fact many physicians attribute a woman's languor and ill-health to a derangement of the genital organs, when it is simply plain kidney disease, and nothing else.

Many so supposed female complaints are either kidney or bladder diseases. Sick kidneys of course make associated organs sick also. The result is back pains, bearing-down sensations, uterine weakness and headache.

But Dr. Hamilton's Pills go right to the spot. They put life into the kidney that makes a worn-out woman feel like new. Indirectly the blood and nervous centres are assisted by Dr. Hamilton's Pills, and the result is a proper performance of the function and a painless fulfilment of nature's command.

"You can rely on Dr. Hamilton's Pills with implicit confidence; their effect is wonderful. Sold by all druggists. Price 25c per box, five boxes for \$1.00; or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U. S. A.

QUICKER TIME. C. P. R. Will Give Faster Service Between Nelson and the Coast.

A new timetable in connection with the Kootenay service of the C. P. R. will go into effect on November 18th, and under its terms the run from Nelson to Vancouver will be made in twelve hours less than is possible at present. The new time will remain in effect throughout the winter.

A prize of \$20,000 is offered by the beet-sugar manufacturers of France to anyone who shall first discover and apply in France a new method of utilizing sugar in the arts. It is required that the method shall increase the consumption of French sugar 100,000 pounds per annum.

Miss Jessie MacLachlan, the great Scottish prima donna, opened her farewell tour of Canada and the United States at Sherbrooke, Quebec, on September 14th, from Quebec going to Toronto, where she scored a notable triumph, and then to Winnipeg, where an immediate second concert was demanded and accorded. She will appear at the Victoria theatre to-morrow evening.

Madame Schumann-Heink. All enthusiastic admirers of Madame Schumann-Heink declare that she has proved the truth of Laube's saying that "there are no minor roles." Before she became a grand opera singer and concert star, she appeared for some years in operettas and comic operas, beginning with the less important parts and gradually assuming the leading roles.

The New Grand. The New Grand opens the week to-night with a strong bill which includes Maddox and Melvin in a comedy sketch, "The Messenger Boy and the Actress"; Arthur H. Kerns, singer, dancer and high class German comedienne; Mr. and Mrs. Harold Kelly, presenting the charming little comedy, "The Thoroughbred"; the two La Renos, acrobats, ring and wire artists; Frederick Roberts singing the illustrated song, "While the Old Mill Wheel is Turning"; and new moving pictures, entitled "The Evil Day" and "The Fairy of Spring."

EVERY PALE WOMEN READ THIS AND LEARN THE WAY TO GOOD COLOR AND BETTER HEALTH. Pale people have pale blood. In other words the blood is watery and lacks red corpuscles. The stomach is weak. Assimilation is poor and food is not changed into blood.

THE NEW SACK SUIT. The Coat is Made Without Vents in Side or Centre or Back. The president of the Semi-ready Company, who is the recognized authority on men's fashions, has just issued his annual booklet, describing and illustrating the new fall fashions for gentlemen.

FIRST TRAIN. Rejoicing in Nicola Over Opening of Railway Line From Spence's Bridge.

There is rejoicing in Nicola over the arrival of the first train on the Spence's bridge, Nicola & Similkameen railway, owned and operated by the C. P. R., says the Greenwood Times. With gaily decorated locomotive and coaches the advent of the long desired train was hailed by a large crowd of spectators.

PROVINCIAL FRUIT. Very Striking Booklet Has Been Prepared Relative to the Industry.

There has been issued by the provincial bureau of information a very striking booklet touching on the fruit growing industry and intended primarily for distribution at fairs, where British Columbia fruit is being exhibited.

The booklet being designed for a special purpose is specially prepared to cover it. It was compiled by Frank Clarke of the information bureau. It contains information put in as brief form as possible concerning the cost of planting orchards and caring for them, the results of the industry, prices and other information.

GEO. ADE ON SPORT. An Interesting Comparison Between American and English Outdoor Pastimes.

At a recent dinner given in honor of Sir Thomas Lipton by the people of Chicago, George Ade ("treated of" the topic of American sports. "As I understand it," said he, "we are giving this dinner to glorify international sport, and that is why we have chosen as our guest of honor the best international sportsman on record. It is quite proper that we should throw our bouquets at one who is a generous patron of sport.

TALKING PARROTS. From \$5 up. Shipped safely to any point by express. Write for Price List. We make specially low prices to get these birds in all parts of Canada to advertise.

ACCIDENT INSURANCE FREE OF COST

A few days since, The Times made its first offer of free accident insurance to paid-up subscribers to the paper for a certain length of time. The response has been remarkable, the public showing its appreciation of the opportunity afforded by promptly taking advantage of it. Old subscribers have renewed, new ones have sent in their applications, and many of the latter have come from out-of-town readers. We started this campaign with the object of securing **One Thousand New Subscribers** before the beginning of the year. The offer will remain open during that time, so that those whose subscription to other papers expire in the meantime, can subscribe for The Times and obtain free

An Accident Policy For \$1,000; A Total Disability Policy For \$500

THE PAPER

THE TIMES gives all the news of Victoria, Vancouver Island and the Mainland of British Columbia. It contains the full Associated Press News Service, Special Correspondence from Ottawa, Toronto and Coast Points, Weekly Letters from London, Sport, Shipping and Local News, Children's Column and Comic Pages, and, during the Sessions of the Commons and Legislature, Full Reports of the Proceedings.

THE POLICY

Every holder of one of these policies, between the ages of 16 and 65, is protected by insurance for twelve months, in case of death by accident on any street car, railway train, steamer or other public conveyance propelled by steam, electricity or cable, to the extent of \$1,000. Every holder of one of these policies, between the above-mentioned ages and under the above circumstances is protected by insurance in case of the loss of limbs or eyes, involving total disability, to the extent of \$500.

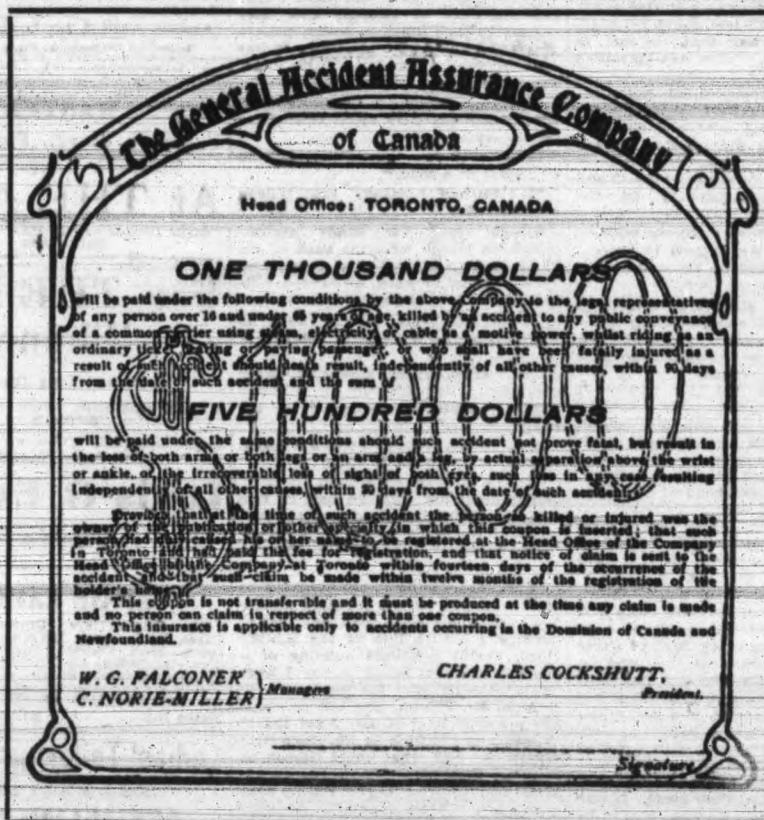

THE OFFER IS STILL OPEN

DON'T FORGET: You get the daily newspaper every night during the long winter evenings, when it is specially welcome to every member of the family, AT THE REGULAR PRICE. THE TIMES pays your policy premium; we protect our paid-in-advance Subscribers AT OUR OWN EXPENSE. These policies are payable by the

General Accident Insurance Company of Canada

A Canadian Company of the highest financial standing. They send direct to you a policy, good for one year from date of registration, and the policy is unlimited as to time to be registered. All you are asked to pay is the registration fee of 20 cents. We pay the premium.

Don't you think you should protect your family when it costs nothing but a slight registration fee? Don't imagine that the registration remittance of twenty cents represents the premium on the policy. IT DOES NOT. The Publishers pay a large premium direct to the Insurance Company. The registration coupon and fee of twenty cents overcomes the possibility of dispute on any question of identity. It is not even necessary to have the policy on one's person at the time of the accident; it can be filed away the same as any other valuable document,

A CHANCE FOR PRESENT SUBSCRIBERS.

Every friend of THE TIMES can help to swell the number of new subscribers to the thousand mark, and we are ready to recognize such efforts in a liberal way.

We will present a \$1,000 Accident Policy to everyone who sends in New Subscribers, accompanied by remittance, as follows:

- For 1 New Subscriber for 3 months to The Daily Times, delivered
- For 1 New Yearly Subscriber to The Daily Times by mail (if Outside of Districts Served On Day of Publication.)
- For 2 New Yearly Subscribers to The Twice-a-Week Times, by mail

Where two new Subscribers to the Daily (by mail) for one year are sent in, the sender will receive two \$1,000 policies. Four New Subscribers to the Twice-a-Week Times would also call for two \$1,000 policies.

This will not interfere with the premium offer to New Subscribers themselves, each of whom will be able to take advantage of the offer of a policy to Paid-Up Subscribers for a specified period.

YOU GET

- The Times Delivered For 3 Months \$2.25
- An Accident Policy for \$1,000
- A Total Disability Policy for \$500

FOR THE PRICE OF THE TIMES ALONE!

This same offer is open to paid-up subscribers of THE DAILY TIMES for one year, delivered by mail (if outside of districts served on day of publication) \$3, SEMI WEEKLY TIMES for two years, delivered by mail \$2.

BRITAIN'S FIGHTING FORCES.

War Secretary Says Efficiency Must Be Maintained.

London, Nov. 9.—At the Lord Mayor's banquet to-night in the Guildhall, responding to the toast "The Imperial Services," War Secretary Haldane said that he and the first lord of the admiralty, Lord Tweedmouth, realized it was a solemn duty, on their part not to diminish the country's fighting force by one whit. It was the duty of a Christian people, the speaker continued, to set an example by reducing the expenditures for armaments, but unless they had a response from other nations this was impossible.

The speaker hoped the time would come when nations would look back upon these days as a period of barbarism, and wonder why they had spent millions in this manner. But until that time arrived, it was in the interest of peace itself that no nation let down its strength, and it was the duty of Great Britain to maintain its fighting efficiency.

The Marquis of Ripon, who was almost inaudible throughout his speech, replied to the toast, "His Majesty's Ministers." He expressed the government's satisfaction that it had been able to continue the foreign policy of Lord Lansdowne, and said he was glad to be able to declare, after consultation with Sir Edward Grey, that at present all indications pointed toward peace. "We wish to be, and we are," said the Marquis of Ripon, "on friendly terms with all nations."

ROSSLAND CAMP.

Strike at Fernie May Cause Closing Down of Some of Mines.

Rossland, Nov. 10.—The coal strike continues to affect unfavorably the shipments of ore from the mines of this camp.

It is evident now that if the strike continues for another four or five weeks the Le Roi No. 2 and the Centre Star will be compelled to close down, pending a settlement of the trouble. They can only give employment to men for a certain period longer without making shipments, as the ore that is broken down, if not received, chokes up the stoves.

The Le Roi management will not make a definite announcement, but it is learned on good authority that it intends to procure a coke supply from Pennsylvania at \$11 a ton delivered to the plant at Northport. The price of silver and copper are so high that it is thought the increased profit to be made on these metals will about compensate for the increased cost of eastern coke over the domestic article. If the Le Roi Company follows out this plan, it will keep the mines here and the smelter at Northport in operation, no matter how long the strike of the coal miners may last.

The shipments for the week consisted of 1,290 tons from the Le Roi, sent to Northport; the shipments for the year to date being 254,538 tons.

STEPMOTHER'S CRIME.

Beat Six-Year-Old Girl With Stick—Found Guilty of Manslaughter.

Youngstown, Ohio, Nov. 10.—The jury in the case of Mrs. Jennie Anderson, charged with the murder of her 6-year-old stepdaughter, this morning returned a verdict of manslaughter. This means a penitentiary sentence of from one to twenty years.

The testimony showed that the little girl died from the effects of 70 sores and wounds on her body, the breaking of both arms and other injuries.

Mrs. Anderson was accused of beating the child with a stick with a nail in each end, and a wound on the eye indicated that the child had been struck by a nail or some other sharp instrument.

KILLED BY TRAIN.

Three Men Run Down While at Work on the Track.

New York, Nov. 10.—Three men were struck by a rapidly moving train and instantly killed to-day at Park avenue and Fifth street. The men were working on the tracks of the New York Central railway under the Fifty-sixth street bridge making electrical connections on the third rail when the train came down upon them. They did not have time to escape.

Their bodies were found scattered along the track some time after the accident. One of the men was named Parson, the police say, and another John Ulrich. Joseph Blackett is supposed to be the name of the third man killed.

ALBERTA'S BUILDINGS.

Premier Says That Lands Will Be Laid Out by F. G. Todd, of Montreal.

Premier Rutherford, of Alberta, stated on his return to Edmonton that during his visit to the East he met Sir Thomas Shaughnessy, president of the Canadian Pacific railway in Montreal. Sir Thomas assured the premier that the architectural design and construction of the proposed C. P. R. bridge over the Saskatchewan river between Edmonton and Strathcona would be of such a nature as to be in perfect harmony with the proposed plans of the grounds and of the parliament buildings. The C. P. R. are anxious to cooperate with the government in maintaining the natural beauty and enhancing the landscape features of the site of Alberta's legislative buildings.

The premier further stated that the site would be surveyed at once to ascertain the amount of land it contained and that a landscape architect had been secured to elaborate a scheme of beautifying the grounds. The plan of the buildings will be in conformity with the plans of the landscape architect so as to give unity and harmony to the scene. F. G. Todd, of Montreal, who is doing similar for the Saskatchewan government will be the architect. The premier said the government were determined to make the proposed buildings in every way worthy of the people and the great province of Alberta.

In the same number of the Edmonton Bulletin that contains this interview with Premier Rutherford is a full page advertisement for the sale of lots at the adjoining suburb of Glenora, in which appears a large half-toned description as Alberta's provincial building. The structure shown is none other than British Columbia parliament buildings, including the trees on the lawn, the formation and the monument to Sir James Douglas.

ONTARIO BANK CASE.

Former Chief Accountant Tells Why He Severed Connection With Institution.

Toronto, Nov. 10.—The trial of McGill, ex-general manager of the Ontario Bank, was continued this afternoon.

J. L. Langton, former chief accountant of the bank, was an important witness, and obtained the protection of the court.

Langton declared that he left the bank in 1903, because he was unwilling to longer be a party to the publication of statements which he knew to be incorrect. At that time Langton was inclined to believe the directors were aware of the speculative nature of the bank's investments, and of the fact that these were being concealed in the returns to the government. He swore to seeing G. R. Cockburn, the president, and McGill, examining the securities ledger, which contained accounts with different brokers, who acted for the bank. Another circumstance which inclined him to believe the directors were conversant with the investments of the bank, was that in 1903 a notice appeared on the directors' book ordering that all sales and purchases of stock should be reported to the board.

DANGER IN CORN SALVES.

They usually contain acids and burn the flesh. The one safe cure in liquid form is Putnam's Painless Corn Extractor, which is purely vegetable, causes no pain and cures in one day. Don't forget the name—"Putnam's."

TRIAL FOLLOWS DISCLOSURES.

Insurance Officials Accused of Forgery and Grand Larceny.

New York, Nov. 9.—Frederick A. Burnham, president of the Mutual Reserve Life Insurance Company, and George Burnham and George D. Eldridge, vice-president of the same company, will be put on trial in the Supreme court next Monday on a charge of forgery and grand larceny. The date was fixed to-day by Justice Greenbaum on the advocacy of District Attorney Jerome. The motion was not opposed by the defendant's counsel. The indictment of the defendants followed disclosure at the recent insurance investigation.

LONDON'S LORD MAYOR.

Sir W. Treloar's Term of Office Inaugurated With Usual Pageant.

London, Nov. 9.—Sir William Treloar's term of office as Lord Mayor of London was inaugurated to-day with the time honored pageant, but the
