TO KEEP ORDER IN SAXONY, BERLIN MAY SEND MORE TROOPS

Commander of Reichswehr In That State Appeals to Central Government; Rioting Is Frequent; Socialist-Communist Ministry Is Defiant

Berlin, Oct. 18.—The Government of Saxony, having ignored the ultimatum of General von Mueller, commander of the Reichswehr in that state, expiring at 11 a.m. to-day, the general sent a second letter to Premier Zeigner, saying: "As you have not thought it fit to answer my letter, I beg to inform you that I have referred the affair to the Minister of Defence."

Berlin, Oct. 18.—The frequency of rioting in Saxony and the defiant stand taken by the Socialist-Communist Ministry at Dresden are causing such concern here that the central Government is prepared to send additional troops into Saxony should the situation require them.

EX-PREMIER VISITS LINCOLN'S TOMB

Lloyd George Delivers Address in Springfield, Illinois

In Much Better Physical Condition Than Yesterday

Chicago, Oct. 18.—Former Premier Lloyd George, of Great Britain, accompanied by his party, after two days in Chicago, resumed his American tour today when his train departed at 10.05 a.m. for Springfield, Ill. He was in much better physical condition than early yesterday and showed little evidence of his cold.

A small crowd cheered the wartime premier as he arrived at the station and went aboard his private car. The rainy morning apparently had prevented a large assemblage to see him off. At Springfield Mr. Lloyd George will visit Lincoln's tomb, where he will deliver an address.

Other cities in his itinerary are St. Louis, Louisville, Indianapolis, Marion, Cleveland, Pittsburgh, Washington, Richmond, Va., Philadelphia and New York, where he is to deliver his final address before sailing for England early in November.

EQUAL ADVANTAGES FOR BRITISH TRADERS

Canadian Concessions to France Under Treaty Also Made to Britain

Ottawa, Oct. 18 (Canadian Press)—The United Kingdom is safeguarded in every way by the provisions of the commercial treaty between Canada and France, according to Government officials here. A dispatch from London, England, quoting a letter from Lieut.-Commander F. W. Astbury, Conservative member for West Salford, in which complaint was made regarding certain concessions made by Canada to the French treaty, was shown to officials of the Finance Department here yesterday. In reply, section five of the act which fulfilled the French treaty was quoted. It reads as follows: "The advantages so granted to France, the French colonies, possessions and protectorates by the said convention shall extend to the United Kingdom with respect to its commerce with Canada so long as France and the French colonies, possessions and protectorates continue to be entitled to such advantages."

SAYS FRENCH COURSE LEADING TO WAR

Rev. W. W. Cameron, Toronto, Believes Only Change Will Prevent Clash

Toronto, Oct. 18.—"The seeds of another and more terrible war than those of 1870 and 1914 are being sown now. The time for Germany to have reverted 1918 was 1870 and the time for France to prevent a final Nemesis is now or in the near future," stated Rev. W. W. Cameron in a lecture here yesterday on "The Situation in the Ruhr."

Mr. Cameron was a delegate to the Rappist world convention held recently in Stockholm, Sweden.

PROVINCE LOSES JAPANESE AND LIQUOR APPEALS

Privy Council Says B.C. Must Pay Customs Duties on Bottled Goods

Legislature Powerless to Keep Japan Natives Off Crown Timber Leases

London, Oct. 18 (Canadian Press Cable)—The appeal of the Attorney-General of British Columbia in the action against the Attorney-General of the Dominion of Canada over the question of whether liquor imported into British Columbia by the Provincial Government was liable to Dominion customs duties was dismissed to-day by the judicial committee of the Privy Council.

The appeal of British Columbia against the decision of the Supreme Court of Canada, which provided that liquor imported into British Columbia was also liable to Dominion customs duties, was also dismissed to-day by the judicial committee of the Privy Council.

Judgment was also given dismissing the appeal in the case of the King vs. the Attorney-General of British Columbia over a dispute as to whether unoccupied property fell to the Crown in right of the Dominion or of the Province.

The judicial committee allowed the appeal in the action of Clausen vs. Canada Timber Lands, Ltd. This was a British Columbia case with regard to the regulation of a logging contract.

In the judgment dismissing the appeal in the liquor duties case the Lordships stated that the real issue lay in determining the true meaning given to Section 125 of the British North America Act, which provided that "no lands or property belonging to Canada or any province shall be liable to taxation."

The Lordships ruled without consideration of the scheme of the statute this section created a formidable argument in support of the appellant's case, their Lordships admitted. (Concluded on page 2.)

CANADA'S TRADE AT HIGHER LEVEL

Both Exports and Imports Above Preceding Twelve Months

Exports Below Those of Year Ended September 30, 1920

Ottawa, Oct. 18.—A big increase in Canada's export trade for the twelve months ended September 30 as compared with the corresponding period a year ago is recorded by the Dominion Bureau of Statistics. Total exports of Canadian produce for the last twelve months amounted to \$996,987,587 in value, against \$792,796,845 a year ago. For the year ended September 30, 1920, however, Canadian exports totalled \$1,208,919,175.

Brisbane, Oct. 18 (Canadian Press Cable)—The House of Representatives on the liquor question are as follows: For continuance of the present licensing system, 19,000; for prohibition, 122,000; for state control, 14,000.

BATTLECRUISER HOOD TO VISIT VICTORIA IN COURSE OF EMPIRE CRUISE

The British battlecruiser Hood and Repulse, accompanied by a light cruiser squadron, will sail from England about the middle of next month on an Empire cruise. They will proceed by way of South Africa to Singapore and Australia and New Zealand, and are expected to arrive in British Columbia waters about June. From British Columbia the Hood and Repulse will proceed through the Panama Canal to Halifax and Quebec, the light cruisers visiting South America. It is expected calls will be made at several United States ports en route.

Above is shown a picture of the Hood, the largest ship in the British navy. Launched at Clydebank, Scotland, in 1918, she has a displacement of forty-one thousand tons and is 680 feet long, with 144,000 horsepower engines capable of driving her at a speed of thirty-one knots. She can carry 4,000 tons of fuel oil. Her cost was more than \$30,000,000.

EDUCATIONAL SURVEY OF PROVINCE DISCUSSED BY HON. J. D. MACLEAN

Fine Address By Minister of Education; Defends Schools Against Charge of Extravagance; Opposes Transfer of Control to Municipal Councils

(By Times Special Representative) Duncun, Oct. 18.—The Department of Education will welcome an educational survey, provided "there is sufficient public opinion shown for it," and also proof that such a survey would be in the public interest, Hon. Dr. MacLean, Minister of Education, told the B.C. School Trustees' Convention yesterday afternoon in a splendid address on the educational outlook in B.C. There was a large attendance to hear the Minister, who declared himself against any tampering with the non-sectarian character of the schools, and against transfer of the control of the schools from trustees to committees of the municipal councils. He quoted statistics extensively to show that the cost of education in this Province compared favorably with that in the four western provinces, and was more efficient.

He had a large audience which heard him with interest, and loudly applauded his statement.

Trustees' Duties Dr. MacLean said he could endorse President Harwood's remarks with regard to the efficiency and devotion of the field staff of the Department of Education. The trustees were charged with an important task as trustees, and were discharging duties of great value to the community, in the engagement of teachers, and the providing of school accommodations, which were the most fundamental of their duties.

When they had so many resolutions, they must not fall into the trap of making resolutions, which were the most fundamental of their duties. The trustees had important functions to discharge, in the selection of principals of the schools, and the travelling inspectors should be consulted, while in the last analysis the department might be the source of guidance.

It was not to be wondered at that school accommodation was a serious problem in young and growing countries. Dr. MacLean explained the exact status of trustees in regard to providing accommodation. Unfortunately it was only too true in the Province that many trustees had not given the School Act sufficient study, he declared, in saying the department had many unnecessary references to it.

Much discussion had been vented on the B.C. educational system. "We should consider," he said, "what are the fundamentals of our educational policy. First, it is free, not to the taxpayer, but to all our children. Such a policy should be emphasized. The leaders of political and industrial thought are the product of our educational system," he continued, "so that if you are going to have government of a high class you must get trained leadership and a trained electorate. How necessary that the system may be free in order to have a free choice for leadership. Therefore, I say that your field of choice should be as broad as possible from an educated electorate." (Concluded on page 2.)

POLICEMAN SHOT MAN AND WOMAN

Two in Seattle May Die; Constable Was Shooting at Shoplifter

Seattle, Oct. 18.—Isaac Hamburger, aged sixty, secretary to Federal Judge E. E. Cushman of Tacoma, was shot in the abdomen and Mrs. Violet Davis, of Seattle, was shot in the back here last night when Patrolman S. H. Short pulled out his revolver and attempted to haul an alleged shoplifter on West Lake Avenue between Pine and Olive Streets.

Both victims were rushed to the City Hospital, where it is reported they may die of their wounds.

ADMIRALTY REPORTED TO HAVE NEW NAVAL EMPIRE DEFENCE PLAN

Rumor in London Says It Involves Assistance of Dominions and Is Based on Principle of Development of Dominions' Naval Forces

London, Oct. 18 (Special Cable to the Canadian Press by George Hambleton, Staff Correspondent)—The members of the Imperial Conference met at the Admiralty this afternoon to discuss the problem of Empire defence. A rumor is current in political circles, but without official confirmation, that the Admiralty has submitted or intends to submit a scheme of naval defence involving the assistance of the Dominions and based on the principle of the development of the Dominions' naval forces. For the time being, however, a curtain of the strictest secrecy has been drawn about the deliberations of the conference, although some official announcement may be available later.

PENN'S GRAVE IN ENGLAND NOT TO BE DISTURBED

London, Oct. 18.—During the recent General Oglethorpe agitation it was repeatedly suggested that the removal of the remains of the founder of Georgia would be immediately followed by an attempt to take the bones of William Penn to the United States. The threat was regarded by the Society of Friends as sufficiently serious to cause them to issue a statement to forestall any such effort to disinter Penn's dust from the peaceful little Quaker burial ground at Jordans, where Penn, his wife and five of his children were buried.

ASSIZE COURT VIEWS SCENE OF BIRKLAND DEATH

Judge, Jury and Witnesses Journey to Beach Drive Site of Fatal Accident Last Trial Jury Struck With-out Inclusion of First Woman Juror

Arthur Thorpe, a taxi driver of this city, faced trial in the Assize Court today indicted with manslaughter in relation to the death of Thorwald Birkland, a longshoreman who died after receiving injuries at a motor car accident on Beach Drive, on the evening of October 4. The trial, the last on the calendar, opened at 10.30 a.m. before Mr. Justice

Murphy, with Oscar C. Bass for the Crown and William C. Moresby and Richard C. Lowe for the defence. The accused pleaded not guilty. Mrs. Helen M. Richards, "Juror No. 18," was called in the formation of the trial jury but challenged by counsel for the defence, losing the last opportunity of being of service at the present sitting of the court.

Court Visit Scene After medical evidence as to the injuries received by the victim of the fatality and technical testimony as to the scene of the accident, the Court rose to inspect the site at first hand. Judge, jury, witnesses and counsel were conveyed to Beach Drive, near Shoal Bay, where an examination was made of the ground at that spot. The hearing continued at the scene of the accident with the taking of technical evidence.

After adjournment, the trial resumed in the courtroom, where evidence following closely on the lines of that given at the inquest and at Dr. John H. Moore's first witness called, stated Birkland to have died at 4 a.m. on the morning of October 5 from a fracture of the base of the skull without regaining consciousness. The vomitus, examined prior to death, bore an odor of alcohol, he said. The body bore no external marks of violence.

Death was the result of a blow received. Engineer Robert Fowler, of the Owl and Birkland, testified that the measurements made and the plans drawn of the accident site. Rocks weighing a total of 1,000 pounds were entirely dislodged from a rock bank at the roadside, said witness, while a large section of rock, sixty cubic feet in extent and weighing about 11,500 pounds, was partially dislodged and shifted a distance of roughly an inch and a half. At this stage, on a motion by W. C. Moresby, the court journeyed to the scene of the fatality.

Conviction Recorded After a hearing in which the public was excluded yesterday afternoon, the trial jury in the hearing of Rex versus Jack Steele, indicted for the same offence against a juvenile, returned with a verdict of guilty and a recommendation to mercy on account of the age of the accused. The evidence concerned an allegation of wrongdoing made against the accused, in which testimony of a medical nature was given in support of the case for the Crown. The case went to the jury at 5.30 p.m. after a careful charge to that body by Mr. Justice Murphy. The jury were absent four and a half hours, returning several times for further instruction. A verdict of guilty was brought in at 10 p.m., with a recommendation to mercy on account of the age of the accused.

RETAILERS WOULD CURB HAWKERS AND AUCTIONEERS Forcing auctioneers to take Wednesday afternoon holidays every week and close their business shops at 6 o'clock every other evening. Restriction of the activities of hawkers and peddlers so that their hours of business may be controlled by municipal councils. Power for the people of each municipality to determine by vote just what shall be done in respect to the weekly half holiday in each municipality. Legislation to bring into effect the foregoing was asked to-day from the Hon. the Attorney-General by the executive of the Retail Merchants' Association of British Columbia.

Mr. Hanson is studying the questions raised and seeking opinions from persons affected before any change in legislation is brought before the Legislature.

FOUR NEW GREEK MINISTERS NAMED

LONDON, Oct. 18.—In succession to four Cabinet Ministers, who resigned recently, says a Central News dispatch from Athens, Premier Gonatis has appointed Georges Roussos, former Greek Minister to the United States, to the portfolio of the Interior; M. Sachtoureas to the Foreign Ministry; General Katakakis to the Ministry of War and M. Stratigopoulos to the Ministry of Justice.

HON. DR. SUTHERLAND ADDRESSES FARMERS

Metchosin Farmer's Institute Hear Provincial Minister of Public Works

Special to The Times Metchosin, Oct. 18.—A well attended meeting was held at Metchosin last night, under the auspices of the Metchosin Farmers' Institute, when addresses were given by the Hon. Dr. Sutherland, Minister of Public Works, and J. Y. Copeman, of Victoria.

The meeting was opened by the president, E. Whitney-Griffiths, who outlined the object of the meeting, and gave a short resume of the standing of financial conditions of the Institute. The chairman also announced the forthcoming convention to be held in Victoria.

The forthcoming provincial potato fair was also announced, the chairman asking all members, who had specialized in the growing of potatoes this year to enter in the district exhibit.

Uair—Certified Seed Mr. Whitney-Griffiths spoke of the gradual decline in planting the use of certified seed in the province, and spoke of the difficulty in obtaining such a procedure, and petitioning the Government "to preserve for all time the present road, which is of great value to residents of the district and to visitors to these shores on account of its magnificent view of the historic waters of Royal Bay, the Juan-de-Fuca Straits, the City of Victoria and Esquimalt Harbor, and the historic coast."

The second petition on hand was introduced by a member of the newly formed B. C. Union of Motor Stages, and dealt with a proposed increase in the tax on motor stages operating on routes in British Columbia. A number of signatures were collected in support of the petition.

Dr. Sutherland Speaks The Minister of Public Works outlined the road policy of the Government of this Province, and telling of his time spent this year up in the Sandis Pass, and of his endeavoring to provide means by the making of roads, of giving the people in these settlements some connection with the outside world.

With regard to the roads in the district and vicinity of Metchosin the Minister stated that he was well acquainted with the conditions on account of the increase of heavy traffic and truck hauling would have to be better maintained.

Interested in Truck Roads On being asked whether the people might expect the road from the Colquhoun Hotel to Luxton corner to be paved this year, the Minister replied that that piece of work was included in the program for next year, but whether the bill would go through or not he could not say, he assured the gathering, however, that he had asked for an increase in the tax on trucks, if secured, would be spent on the trunk roads.

The Minister also gave the information that the matter of placarding and crossing roads, a distance away from the actual crossing, a request which came from the Farmer's Institute as a result of several near accidents at the crossing in question, was being taken up by the Victoria Automobile Association, who had undertaken to place the signs as requested.

Hints as to Gasoline Tax With regard to the tax for the trunk roads, Dr. Sutherland assured the gathering that no extra tax would fall on the farmers. There was a bill to be introduced to a tax on gasoline, but gasoline for use in agriculture, for tractors, gasoline saws and fishing boats, would be exempt from the proposed tax, it was concluded by Dr. Sutherland at the conclusion of his remarks.

ADMIRALTY REPORTED TO HAVE NEW NAVAL EMPIRE DEFENCE PLAN

(Continued from page 1.) day met representatives from Nova Scotia, Ontario, Quebec and British Columbia in a round table conference for a discussion of the British Empire Economic Conference. The four provinces were represented by their Agents-General.

Meeting daily, both the Imperial Conference and the Economic Conference are speeding ahead with the work before them and there is every expectation that they will conclude by the end of the first week in November.

Premier Mackenzie King, it is understood, plans to return to Europe in a few days or so later and will pay a visit to the battlefields. The coming week-end will be spent by the Imperial Conference and the Economic Conference at the British Premier's country place.

VANCOUVER FERS WATER FAMINE BY YEAR 1925

Mayor Tisdall and Officials Ask Government For Greater City Water Board

Vancouver is growing so fast and is so confident of the future that steps must be taken now to provide for a water supply for Greater Vancouver so that trouble in the future will be averted; possibly by 1925, as the available supply of water may be exhausted by that date.

This is what Mayor Tisdall and officials of the Lower Mainland municipalities told Premier Oliver and the Hon. T. D. Pattullo, Minister of Lands, at the Parliament Buildings when they arrived with a draft bill proposing a water board with almost absolute powers for the greater city. Reeves Walkem, of Point Grey; Reeve Brock, of South Vancouver, and City Engineer, Fellowes, of Vancouver, were also in delegation.

Premier Oliver said that the bill was a private bill and should come before the Private Bills Committee so that all parties affected might discuss it. He said it should be properly advertised so everybody could have a chance.

PROVINCE LOSES JAPANESE AND LIQUOR APPEALS (Continued from page 1.) but the section could not be regarded in this isolated, distinctive way.

The imposition of customs duties upon goods imported into any country might have man objects, their Lordships continued. "It might be designed to raise revenue or regulate trade by protective native industries or to secure other purposes of attempting to secure both ends."

In either case, their Lordships continued, "it was a power reserved to the Dominion Government to regulate trade and commerce throughout the Dominion, and to the extent to which this power applies, there was no partiality in its operation."

The liquor importation case was a test action to determine whether the Parliament of Canada had power to impose customs duties or excise taxes on goods imported from the British Columbia Government from outside Canada.

The British Columbia Government claimed that the Province was entitled to delivery of the whisky without payment of customs duties or taxes. The Dominion Government resisted the claim on the ground that all whisky spirits imported into Canada were liable to duty and excise tax.

Justice Cassels held that if British Columbia imported goods to carry on a business or trade, it must pay the customs dues charged by the Dominion. This decision was affirmed by the Supreme Court of Canada by a majority of five judges to one.

B. C. Without Power In the Japanese Oriental appeal the main question was whether the Oriental Orders-in-Council Validation Act passed by the British Columbia Legislature in 1921 and Orders-in-Council scheduled to that statute were in conflict with the Japanese Treaty of 1913 of the Dominion Parliament, and was ultra vires.

The Governor-General in Canada of November, 1921, referred to the Supreme Court for their opinion on the question: "Had the British Columbia Legislature authority to enact the Oriental Orders-in-Council Validation Act?"

The Supreme Court, with Justice Dington wholly dissenting and Justice Brodeur dissenting in part, answered in the negative.

The Orders-in-Council provide that in all British Columbia Government leases and concessions, provisions be made that no Chinese or Japanese should be employed.

A noticeable increase is shown in the Victoria bank clearings for the week, as compared with the clearings for the corresponding period last year. The figures for the week ending to-day are \$2,778,425. For the corresponding week last year the clearings were \$2,951,342.

DISABILITY CLAUSE AGAINST CLERGYMEN

School Trustees' Convention Debates Controversial Subject

Duncan, Oct. 18.—At the meeting of the B. C. School Trustees Association the convention this morning called for a poll vote on a motion to ask the Government to introduce legislation removing the barrier against clergymen and ministers sitting on school boards as trustees.

The resolutions committee brought in a third recommendation on this question, declaring that the question ought to be dropped, as one of controversy leading to trouble.

A two-fold proposal had been submitted from Burnaby, to have the clause deleted from the School Act which prohibits clergymen and ministers of religion from acting as trustees and teachers, and also sought the permission to have Bible reading in the schools.

Twice the resolutions-committee had reported unfavorably, and twice the convention had deferred action on the matter.

Trustee Dickson said the use of the Bible was in many respects very valuable in the study of literature, and the lessons of the Bible could be used without infringing on the sectarian question.

The convention resolved to debate the questions separately.

Liquor Profits After a lengthy debate the convention endorsed a motion from Burnaby: "That the statutory provision for payment by the Provincial Government to municipalities for school boards, of part of the profits derived from the sale of liquor be amended to ensure that school boards will be credited with their proportion of profits apart from the school assessment or levy."

It was stated that at present municipalities are credited the amount to be set aside for capital expenditures of buildings and similar items.

Pledge of Honor The convention refused to touch the controversial pledge of honor introduced from Nanaimo, which was recently disowned by the Nanaimo School Board. This issue was considered one solely of interest to individual boards.

Miscellaneous Motions It was resolved to circulate the boards with regard to the best time for the holding of the annual convention which used to be held in February.

The convention declined to adopt a motion by the New Westminster School Board requesting the minister to consider the advisability of placing a seventh subject on the list of entrance examinations, such subject to be known as entrance for teachers or pupils until the time of writing.

The association decided to ask the executive to meet with representatives of the B. C. Teachers' Federation and draft new proposals for releasing teachers.

Attempts to induce it to ask for the abolition of the promotion system by recommendation were frowned upon by the convention.

From Manitoba A telegram was read to the convention this morning from H. W. Coxsmith, secretary of the Manitoba School Trustees Association, from High Bluff, Manitoba, conveying fraternal greetings to the association.

THREE HELD FOR TRAIN ROBBERY (Continued from page 1.)

declared the men would be subjected to a severe grilling. Were Seen Police and special agents say the men were seen in Weed September 29, and in Ashland October 15 by Earl Constable, a special railroad agent, who aided in the arrests here.

The men, Ryan said, admitted that they had been in Oregon and Northern California and declared they had come there to hunt big game. After working on the pass through-out Tuesday night, Police Chief Bernard McShane, Inspector Arthur Ryan, Detective Sergeant William Hallahan, Deputy Sheriff M. C. Robbins and Southern Pacific Agents A. W. O'Brien, of Sisson, E. J. Gleske, of Sacramento, and Constable, made the arrests late yesterday afternoon.

Two hours later G. M. Mulford and Bernice Gordon, said to be companions of the three prisoners, and who were at the same rooming house, were arrested on suspicion of knowing something about the train hold-up.

Were on Bail It was Deputy Sheriff M. C. Robbins' investigations which led to the arrest of the men. Robbins arrested Millett, Underwood and Carroll two months ago on the H. Street Road on a grand larceny charge, preferred by C. E. Williams. The charge is still pending against the men, who were released on bail.

So closely did the description of the train robbers sent out by the Southern Pacific Company coincide with the appearance of the men that Robbins, who had learned they had been seen in Oregon before and after the train tragedy, consulted with police and special agents Tuesday and their arrest was ordered.

FIRE IN THEATRE

Vancouver, Oct. 18.—Fire broke out on the stage of the Capitol moving picture theatre here last night while over a thousand people were sitting in the auditorium.

The orchestra, comprising about twenty men, played steadily on with a blazing panoramic curtain searching their faces. The asbestos curtain was lowered, and the orchestra was still playing when the last member of the audience had quietly left the theatre.

AT THE THEATRES

COMPTON PLAYERS

IN FAMOUS COMEDY

Sir James Barrie's "Admirable Crichton" Presented Last Night at Playhouse

The Compton Players last night further cemented their popularity with the theatre-going public in presenting the famous comedy, "The Admirable Crichton," by the brilliant playwright, Sir James M. Barrie.

Never before has a play been greeted with such vociferous applause as last night's performance. There are four acts, superb in its setting, the scenes being most harmonious in coloring and beautiful in their setting.

The theme of the play is well known. Mr. Compton as Crichton, the butler, again demonstrated his adaptability to any role and displayed his remarkable talent in portraying character roles. Miss Peggy Dundas, takes a delightful part as Lady Mary and effectively carries her role, not only as a society beauty but also as an athlete.

Circumstances place all the characters in this play on a uninhabited island in the Pacific where they had to "shift for themselves."

Ernest Dredin is seen at his best as the Hon. Ernest Woodley, while the roles of Lady Agatha Lasensby and Lady Catherine Lasensby were filled admirably by Miss Winifred MacGuire and Miss Peggy Dundas respectively. Clifford Winterson is seen in a new character and meets the expectations of the audience by his portrayal of it.

Herbert Leslie is seen as Lord Loum, while George Durham plays a creditable part as Lord Brocklehurst. Miss Charlotte Foot, a new actress, made her appearance here for the first time as Mrs. Perkins, the housekeeper. Other characters appearing in the play did justice to the elaborate production which included a large cast of characters. The remaining artists were Wilfred Hill, George Fenton, G. Gibson-Gunn, Miss Kathleen McDonagh, Miss Ethel Watson, Miss Margaret Bisher, Miss Eileen Johnson, Miss Stella Almond and Miss Percy Lewis. Miss Agnes Burton appears in the last act as Lady Brocklehurst.

GOLDWYN FILM AT COLUMBIA

"The Sin Flood," Showing Here To-day, Has an All-Star Cast

When the cast for "The Sin Flood," the Goldwyn picture at the Columbia Theatre for three days, beginning to-day, was engaged, want leading men and ten leading women were needed. All the main roles were of equal importance and called for an actor of stellar ability to play it. The final choice made by the casting director resulted in a genuine all-star cast.

The leading woman in the photoplay is Helene Chadwick, who has played in "The Godless," "Opposite Her," "Richard Dix plays the part of a young lawyer who goes through a spiritual transformation and learns to appreciate the value of a constant love. James Kirkwood, one of the most impressive actors on the screen, is seen in the role of an itinerant preacher. William Grimond, who plays a recreatingly funny impersonation of a "Movie" director in "Boasting for Rome," is a noted engineer and Otto Hoffman plays a down-and-out actor.

For many years, Mr. Lewis has been a well-known figure on the screen; his role of Governor Stenmen in "The Birth of a Nation" will long be remembered. He has an important part in "The Sin Flood." Other members of the cast are How Stepien, Irving Davies, L. H. King, Will Walling and Marvin. The William Fox screen version of the story, directed by Harry Millarde, with Percy Marmont as the hero, is said to be a remarkable faithful reproduction of the novel.

Personality is one of the most abused words in the vocabulary of the day. It has come to mean anything from the cut of an actor's clothes to the manner in which he lights a cigarette.

Men who have achieved distinction are noted for their peculiar and original personal traits, amounting in many cases to sheer eccentricities, which have achieved distinction as their deeds—perhaps more so.

The fact that Balzac wrote a monk's garb while writing; that Carlyle would write in a sound-proof room, and that Beethoven bathed with his clothes on, has a peculiar appeal to the fancy. Dumas preparing a delightful salad, Oscar Wilde in velvet knickerbockers with a fly in his hand, and Byron drinking Scotch from human skulls, are alluring. While the well known peculiarity of Shelley, the poet, who used to be bareheaded in the hot Italian sun to get inspiration for a poem, appears to have been the act of a madman. Probably the most fantastic, if gruesome, eccentricity was that of Sarah Bernhardt, who carried a coffin with her on tour and slept in it frequently.

Mark Sabre, as drawn by the brilliant novelist, has all the eccentricities of genius that intrigue the mind of the lover and student of human nature. The keynote of Mark Sabre's character is simplicity

CAPITOL

One of the most whimsical and lovable characters in present day fiction is Mark Sabre, in A. S. M. Hutchinson's "If Winter Comes," which is showing at the Capitol Theatre. The William Fox screen version of the story, directed by Harry Millarde, with Percy Marmont as the hero, is said to be a remarkable faithful reproduction of the novel.

ROYAL VICTORIA

"The Sporting Earl," which is the attraction at the Royal again to-day, has made just as big a hit in Victoria as it did in England. It is in the line of two big former successes, "Micky" and "The Whip."

In the vernacular of London, The Sporting Earl is a well known figure. In other words, it is a round of fun and excitement. There is an Earl, there is a girl, a big fight, a fire, a cooking story concerning Sir Horace Pilkington, who leaves, an eccentric wife by virtue of which one of his nephews becomes possessed of all the money and his other nephew inherits all his racing stables.

There we have the Sporting Earl.

MAKES FEW PUBLIC SPEECHES IN BRITAIN

But Premier King Has Favorably Impressed People There

Manchester Guardian Speaks of Canadian Leader's Visit

London, Oct. 18 (Canadian Press Cable).—In The Manchester Guardian here are complimentary remarks about the Canadian Prime Minister. Its London correspondent says: "Premier Mackenzie King has made no public statement beyond three or four speeches at public gatherings, and at these he has made a favorable impression. Mr. King evidently prepared his briefest and most important speeches with considerable care. They have a certain flavor of literature and are often garnished by apt allusion and apposite quotation. A good voice and a confident delivery add to his equipment for public speaking."

The correspondent adds that Mackenzie King has inherited from Sir Wilfrid Laurier his imperial policies, which preclude him from playing an aggressive role either in conference or before the public.

"His position on the preference question is that this is a matter for the British electorate to determine," the correspondent says. "While on the questions of defence and policy he may be regarded as holding what the Canadian view, the Canadian Conference nor the British Government can formulate policies or enter into commitments that are binding on Canada until these are considered and formally approved by the Canadian Parliament."

EDUCATIONAL SURVEY OF PROVINCE DISCUSSED BY HON. J. D. MACLEAN

(Continued from page 1)

Rights of Property

Turning alternatively to a country where education was neither free nor general, he said what was the case in Russia. Property was not respected, and lack of education was partly responsible. In some parts of the Province property owners were turning down by-laws, and that was a serious situation. The consequence was that the electorate did not support the trustees to the best advantage, the Minister observed.

Non-Sectarian Schools

Dr. MacLean defended the non-sectarian character of education. He declared there was no province of Canada which was freer. It was a "dangerous thing to be stirring up the passions of our people," he commented, in alluding to the questions of religious education before the convention.

They had the advantage also of a centrally directed, locally controlled educational system. In British Columbia they had a provincial system, not an individual one like the county system in the United States. He looked to a great national system throughout Canada. (Applause.)

Good Teachers

No other province had such an efficient, well trained body of teachers as this province. Dr. MacLean went on. To this end national schools had been established for normal students and for advanced students in conjunction with the University.

Turning to the criticism of the educational system, Dr. MacLean said the work was administered at the cost of one per cent, the least expensive of any province in Canada. The Minister next referred to the situation in Alberta. The cost per classroom in the four Western Provinces was lowest in British Columbia; inspection cost was lower, as was also the expense of educating pupils in the Normal schools.

Per Capita Cost

Dr. MacLean passed to the charge of waste in educating pupils and answered it by comparison with the three prairie provinces. The per capita cost was \$36 in Alberta, \$38 in Saskatchewan and in Manitoba, \$73.70. In British Columbia \$74.69 per capita was the cost.

"The education of a child to-day is financed from two sources, from the local source and the Government," the Minister went on. "When \$100 was spent in Alberta 15 per cent was borne by the Government, 14 per cent in Saskatchewan, 12 per cent in Manitoba, whereas in this Province about 50 per cent was spent from local funds, and 40 per cent, by the Government."

"It can be accepted as generally true," said the Minister, "that the Government contributes largely to first cost of buildings." It was safe to say that the Government dealt more generously than other western governments with educational needs.

Two Policies

The municipalities wanted the schools to be turned over to the governments, yet if the Government took \$2,500,000 additional responsibility, that money must be found from the municipalities.

If the Government took over the control of education, it was likely that any Government would turn that money over to the boards to administer. The situation might be that the whole question of education would be brought into the area of politics. This idea was, in his opinion, the most fantastic, most retrograde step suggested in the Province. Then there were accusations from the Union of B. C. Municipalities that the boards were extravagant. He had been unable to find any precedent for administration through a committee of the Council as the Union at Prince Rupert wanted. He therefore had no intention to create a precedent of that magnitude.

Municipal Indebtedness

"By their fruits you shall know them," he remarked. Had the municipalities kept up to their duties? Last year the public utilities lost \$300,000, and the municipal sinking funds were in arrears \$200,000. What had the schools actually cost? Ten per cent of the debt was due to education. Let them read the report of the Inspector of Municipalities, and then they could answer their council critics firmly and successfully.

Allying to the criticism by various classes of the community of the common school education, and also by the idealists, who believed the system might be broader and finer, he said as practical people they were not dealing with ideal conditions, but as they actually were. Lastly there was the large body of same opinion anxious to do the best with the facts as they found them.

SAYS TRADE IN SOUND CONDITION

Hon. J. A. Robb Speaks Optimistically of Canada's Outlook

Granby, Que., Oct. 18.—Addressing the delegates at the Fall meeting of the Eastern Townships Associated Boards of Trade here yesterday, Hon. J. A. Robb, Minister of Immigration, spoke with much optimism of the financial and commercial situation of Canada until these are considered.

In proof of the soundness of trade, Mr. Robb stated that the exports of Canada in 1920 totaled \$185,000,000, of which over six per cent was manufactured articles. In 1922 the exports exceeded the \$2,000,000,000 mark and forty-two per cent of them was made up of manufactured goods.

Financially there was nothing to worry over. On March 31, 1923, \$489,000,000 was on deposit in current accounts in chartered banks and \$1,708,000,000 in savings. As regards the debt bonds, Mr. Robb stated that \$211,000,000 was in the United States, \$238,000,000 in the United Kingdom and the overwhelming majority of \$1,523,000,000 in Canada.

\$30,000 IN BONDS INVOLVED IN SUIT

Appeal in Merchants' Bank vs. Wilson to Supreme Court of Canada

Ottawa, Oct. 18.—Argument was concluded and judgment reserved in the Supreme Court yesterday in the appeal from the Court of Appeal of Saskatchewan vs. Wilson, MacLaren & Sutcliffe.

Another Saskatchewan case argued yesterday was that of the Canadian National Railway vs. Clark. While driving an automobile near Saskatoon the respondent was struck by a train crossing the road. It was admitted that the engineer of the train did not give warning by whistle or bell, and the whole question was whether the respondent took all reasonable precautions by carefully looking to see if a train was approaching. Clark was awarded \$11,853 by the trial judge, and the Court of Appeal affirmed the judgment. The railway carried the case to the highest court.

FOOD PRICES IN U.S. REPORTED AT HIGHER LEVEL

Washington, Oct. 18.—Retail food prices in the streets of reports from fifty-one cities to the Bureau of Labor Statistics crawled up another two per cent during the month from August 15 to September 15.

Los Angeles, Louisville and St. Louis, with four per cent, were the high group out of forty-six cities showing an increase. The list included Portland, Ore., San Francisco and Seattle, three per cent; Chicago, Dallas, Detroit, Kansas City, New York, Norfolk, Omaha and Pittsburg, two per cent; Atlanta, Denver, Houston, Indianapolis, Salt Lake City and Washington, one per cent. No change was reported at Boston and Butte, Mont.

Retail food price increases for the first six months during the year ending September 15 ranged from eleven per cent at Cleveland to three per cent at Seattle.

BRITISH LABORITES OPPOSE PREFERENCE

Durham, Eng., Oct. 18.—The Labor Party's disapproval of Imperial preference was officially voiced by R. H. Arthur Henderson, M.P., Labor leader, in the course of a speech here last night. He declared that what Premier Bruce of Australia had asked for at the Imperial Conference was the full programme of the tariff reformers.

"A system of tariffs would destroy us by imposing on our impoverished people a burden beneath which they would sink," he declared.

OXFORD DEBATING TEAM WON FROM MCGILL STUDENTS

Montreal, Oct. 18.—The Oxford University debating team, which has been touring Canada and the United States, last night added another laurel to its long list of victories by defeating McGill University in an estimated discussion on the League of Nations.

Oxford proved the league to be worthy of the support of all the governments in the world. The verdict given by a large audience was most unanimous in favor of the Oxford team.

NOT A FAILURE

In spite of the illuminating addresses and articles by such distinguished statesmen and publicists as Sir George E. Foster and N. W. Rowell in this country and Lord Robert Cecil in Great Britain there is still a lot of loose talk in some quarters about the "failure" of the League of Nations to meet the recent Italo-Greek crisis.

to the cyclist himself and puts unfair obstacles in the way of the motorist. And it is only a sort of natural instinct that directs the pedestrian along a straight line on the sidewalk that prevents a collision between himself and the youth who has selected the smoother surface for his route.

THE VALUE OF A BANTING

Canadians will appreciate the interest which the Old Country newspapers have manifested in Dr. Banting and they will similarly appreciate The Daily Mirror's suggestion that the vacancy in the Order of Merit which has been caused by the death of Lord Morley be filled by the discoverer of insulin.

Note and Comment

Mr. Lloyd George and Lord Birkenhead met in St. Paul at a private dinner the other day. We are informed that not even the delicate instruments at Gonzales Hill recorded the impact.

Judged by remarks made to a deputation from Barrow-in-Furness Sir William Joynton-Hicks would appear to consider that the construction of armaments should always be considered as an essential preventive of unemployment.

It is said that the forthcoming race between Papyrus and Zex is exciting very few people among the general public on the other side of the border.

There is a suggestion in Paris that the Soviet Government may acknowledge its debts to France and arrange to pay them. We can think of no quicker way to give 160,000,000 people in Russia a chance to do something for themselves—to qualify their Government for admission into decent society once more.

Oglethorpe University, in deference to English sentiment, has decided to withdraw the request for the body of James E. Oglethorpe, the founder of Georgia State, for transference to the proposed shrine on the campus of the university of Atlanta.

Do the long distance advocates of Imperial preference recall the fact that a little less than twelve months ago the Tariff Reform League went out of existence for lack of funds and interest to keep it alive.

Some Thoughts for To-day

Those that do teach young babes Do it with gentle means and easy tasks. Shakespeare.

With books and money plac'd, for show Like nest eggs, to make clients lay, And for his false opinion pay. Butler.

There is a tide in the affairs of men, Which, taken at the flood, leads on to fortune; Omitted, all the voyage of their life Is bound in shallows and in miseries. Shakespeare.

The Orator persuades and carries all with Him, he knows not how; the Rhetorician can Prove that he ought to have persuaded and Carried all with him. Carlyle.

Our Contemporaries

DOUBLE ACTION Calgary Albertans—Mr. Meighen's argument seems to be something like this: The King Government has done nothing toward reducing the tariff—absolutely nothing—but it has done so much that it has created turmoil and distress throughout the country and is responsible for the emigration. That is what you call a double-action argument.

OBJECT OF NATURALIZATION Regina Leader—Attempting to divide a nation into blocs based on the place of birth or race, creed or color is bad business at any time; and it is particularly unfortunate that any disposition to do this in Canada should reveal itself at a time when we need all of the new settlers we can obtain.

HINCHLIFFE REPEATS TIMBER CHARGES

Joshua Hinchliffe, M.P.P., opened the Fall season of activity on the part of Conservatives in this city last night by a bitter attack on the Provincial Government, particularly on the administration of the Forest Department.

Gus Lyons, president of the Victoria Liberal-Conservative Association, urged harmony among Conservative elements to assure complete triumph of the party at the next election.

The executive was chosen as follows: Mr. and Mrs. R. Hurst, Mr. and Mrs. Espley, Mrs. Noble, Mrs. P. Sinnott, Mr. and Mrs. Hawes, Miss McGraw, Mr. and Mrs. E. Logan, B. Temple, Jasper Fowler, J. K. Jeeves, F. Pelow and J. Tate.

The nominating committee, to act with officers and executive, is as follows: G. A. Michell, Mrs. Michell, Mrs. Otto, T. J. Redding, W. J. Macle, J. Deane, J. Kennedy, J. L. Leigh, W. Poe, A. E. S.P.C.A. PRESENT MONTHLY REPORT

At the regular monthly meeting of the S.P.C.A. held on Tuesday, A. R. Sherwood presiding, considerable business was attended to and a long report of the cases investigated read by the inspectors. Those included: Dogs, eight; cats, fifteen (fourteen destroyed); chickens, two; bull, one; sheep, one; miscellaneous, two; cases in court, one; convictions, one.

With a view to creating an interest in the work throughout the Dominion the Toronto Humane Society has issued an appeal asking interested persons to subscribe to or circulate The Pleader, the official organ of societies in this Dominion, thus keeping in touch with all the forward movements of humane work.

The books were prepared in conjunction with the R.S.P.C.A. in London. Considerable discussion took place in connection with the press report that the surplus herd of 2,000 buffalo at A. Wainwright was to be stamped to make a moving picture, and the animals shot down with arrows. Immediate action was taken by the local society, letters and telegrams being sent out to various organizations. A letter to the Parks Commissioner at Ottawa, protesting against this proposed method of killing, and demanded humane destruction. It has been stated by the Parks Commissioner and others that the animals will be humanely destroyed. The annual meeting of the society will take place towards the end of November, when full reports of the year's work will be given.

NEWS IN BRIEF

Ward One Liberal Association will hold their annual meeting at Liberal headquarters, corner of Government and Broughton Streets on Monday, October 22, at 8 p.m. sharp. Election of officers will take place. All members are requested to attend.

Nurses' Rummage Sale

The Graduate Nurses' Association will hold a rummage sale at 121 Douglas Street, on Saturday at 10 o'clock. Anyone having articles to donate may call telephone 2725, when the goods will be collected.

A mass meeting under the auspices of Victoria Lodge 1299, Local Order of Moose, will be held at the Chamber of Commerce auditorium at 8 p.m. tomorrow on the occasion of the visit of General Dictator George N. Wards. Address by the dictator and Dr. Clem Davies will be included in the programme to be presented.

Stated for preliminary hearing in the Provincial Police Court this morning the manslaughter charge against Edward A. Smith was postponed as counsel for the defence, Richard C. Lowe, was engaged in defending a case in the Assize Court. Smith is charged in connection with the death of four-year-old Peter Johnson when a motor car overturned at Mill Bay on the Island Highway on Tuesday last week. The hearing was adjourned until Tuesday.

Catholic Women's League

The meeting of the Catholic Women's League, held in the K. of C. Hall yesterday afternoon, Miss O'Brien, the president, in the absence of Mrs. Monteith, reported for the hospital visiting committee and gave an account of the work of the Social Service League and Girls' Club. Miss Mary Stewart invited the members to a silver tea at the Girls' Club on Wednesday, November 7. Mrs. O'Leary and Mrs. Woodbridge also gave excellent reports. At the invitation of Father Wood, the league will hold its future meetings in the library at the Bishop's Palace.

Delegates C. F. Moriarty, P. R. Smith and J. A. Green were appointed as a committee to interview candidates for a Labor slate to stand at the next municipal elections. Efforts will be made to have Alderman R. A. C. Dewar stand for re-election. This was the main action taken by the Victoria Trades and Labor Council in its regular session last night. Alderman E. S. Woodward, secretary, informed his hearers that private interests would not interfere with his time that he would be unable to run as a candidate. The Council, however, declined to accept the proffered resignation, and Delegate Woodward consented to continue to act.

Tea Aids Rest Home Fund

A substantial addition to the fund for the establishment of a rest home under the auspices of the Royal Society of St. George was made yesterday afternoon when Mrs. T. K. Leach opened her home on Hilda Street for a tea convened by the Ladies' Auxiliaries. The affair proved a great success. In the afternoon those assisting with the musical programme were Miss Connie Moore, Mrs. Walton, Miss Marcroft and Mrs. John Deaville. Many patrons also attended the tea. Those taking part on the latter were Mrs. Edward Parsons, James Bryant and Mr. Stanley Deaville.

The monthly board meeting of the Columbia W.A. will be held on Friday, October 19, in St. Mary's Hall, Oak Bay, the morning session opening at 11 o'clock, afternoon session at 2 p.m.

AUTO ORGANIZE TO RESIST INCREASE IN TAXES

Open Campaign Following Rumor of \$250 Provincial License

Motor stage operators of Victoria, automobile and equipment dealers and tire and oil men have organized following rumors that a \$250 tax is proposed by the Provincial Government on stage operators this year. About forty members have been enrolled in the organization known as the British Columbia Stage Operators, which also embraces allied trades. Subscriptions are voluntary. Operators have been petitioned and information received by the secretary pro tem of the Victoria organization, W. M. Moore, states that a meeting will be called in that city a meeting is to be held in Nanaimo next Tuesday.

The voluntary subscriptions will finance a campaign to resist the proposed tax should the matter be brought forward. A petition has been circulated with all the stage operators of Vancouver Island and is planned to have one sent to every stage driver in the Province, placed in garages and in the country stores. To obtain information on the stage operators' ability to pay the tax which the meeting feared was pending, questionnaires have been sent to all stage drivers to show the costs of running a motor stage. It is believed by the officers of the association that there will be from the petition to fifteen thousand names on the petition by next week.

George Lilley, acting as chairman of the association, presented the case at the meeting and there was considerable discussion of the matter, especially by stage drivers and taxmen. As a result of the meeting notices are placed up in many of the stages to-day reading as follows: "Think! What would it mean to you if buses and stages were taxed off? The proposed \$250 Provincial tax, if passed, will force them to raise fares or put them out of business. If you do not wish to walk, you will not approve of this tax."

RESPECTED MEMBER OF CIVIL SERVICE DEAD

There passed away this morning at 8 o'clock at the Royal Jubilee Hospital, Harry Abbott Howell, beloved husband of Mrs. Edna Howell, of 219 St. Andrew's Street. The late Mr. Howell was born in Cowichan Island, he was fifty-five years of age. He had been a resident of this city for the past thirty-five years and of Canada for over forty years. He leaves to mourn his loss his widow, one daughter, Mrs. Macdonald, of Victoria, grandchild, five brothers, R. G. Howell and Bert Howell, of the Customs staff; Ben Howell, in the North; Mrs. Perry, Mrs. Decker, of 219 St. Andrew's Street; Fred Howell, of Montreal; also four sisters, Miss Nellie Howell, of the Customs staff; Mrs. Brownlee, of Prince Rupert; Mrs. Decker, of 219 St. Andrew's Street; and Mrs. McRobert, of Vancouver. The late Mr. Howell was on the staff of the Provincial Lands Department, and had many friends who will regret to hear of his demise.

The remains will be removed from the Thomson Funeral Home, 1625 Quadra Street, this evening to his late residence, 219 St. Andrew's Street, from where the funeral will take place on Saturday afternoon at 3.30 o'clock. The Rev. William Stevenson, of the Emmanuel Church, will conduct the service and the remains will be laid to rest in Ross Bay Cemetery.

The remains of the late William Hunt, whose accidental death occurred on Tuesday morning, will be laid to rest in Ross Bay cemetery Saturday afternoon. The cortege will proceed from the Thomson Funeral Home, 1625 Quadra Street, at 2.15 o'clock, and at 2.30 o'clock service will be held at the Emmanuel Methodist Church, when the Rev. Clem Davies, D.D., will officiate. The late Mr. Hunt was a native of England, aged sixty-six years, and a resident of this city for the past eight years. He had lived in Canada for the past forty-five years, for many years residing in Winnipeg. He leaves to mourn his loss, his widow, residing at 3144 Washington Avenue; one son, Reginald Hunt, of Winnipeg; and six daughters, Mrs. Black and Miss Myrtle Hunt, of Winnipeg; and Miss Hazel Hunt, of Los Angeles; also one step-son, Mr. C. A. Caruthers, of Moose Jaw, Sask.

Service over the remains of Mrs. Jane Taylor Weir was conducted yesterday afternoon at 2 o'clock in Rev. Dr. Campbell in the B.C. Funeral Chapel. Many friends and relatives were present, and the castles and hearse were covered with flowers. The hymns sung were "Rock of Ages" and "Abide With Me." The following acted as pallbearers: Messrs. J. Lennon, J. Geddes, J. Roe, J. Riddell, J. Moffat and P. Barber. The remains were laid to rest at Ross Bay cemetery.

There passed away at Sidney on Wednesday, Oct. 17, Susanna Johnston, of Blaine, Wash., aged, sixty-seven years. The remains were removed to McCall Bros' Funeral Home and were forwarded on this afternoon's boat to Blaine for interment.

Breaking all records for the year the City Police Court, for the third consecutive day this week, was without a single case on the docket this morning. Tuesday and Wednesday were similarly free from crime.

FINE RESPONSE TO PUBLICITY BUREAU DRIVE FOR FUNDS

Business Men Behind Campaign For Greater Prairie Advertising

Canvassers Have High Hopes of Reaching \$10,000 Objective

Excellent results are being obtained by the Publicity Bureau canvassers out on a drive to raise \$10,000 for Winter advertising, particularly in the prairie provinces, it was reported at a joint meeting of the executive and finance committee of the Bureau yesterday under the chairmanship of Joseph Patrick.

Satisfactory reports on the first three days' activities were reported by the canvassers. Mayor Reginald Hayward and Alderman Sargent to date have headed the list on the amount of subscriptions secured. The chairman, Joseph Patrick, and Mr. McGregor are following right on the heels in the team contest. The third team consisting of Alderman A. E. Ford and G. C. Pendray will commence work Friday morning.

Those approached for subscriptions realize more than ever the value of the tourist trade to Victoria. The canvassers report following the record Summer and plans for the greater advertising generally find cordial support from the business men of the city.

To date nearly \$1,500 has been secured and it is expected that the objective of \$10,000 will be secured during the next two weeks. The city will match dollar for dollar the first \$5,000.

DAME CLARA BUTT TO GIVE CONCERTS

Great English Contralto and Husband to Sing November 7 and 8

Dame Clara Butt, the great English contralto, is on a concert tour of Canada, and will sing in Victoria on Wednesday and Thursday, November 7 and 8. The famous singer will be assisted by her husband, Kennerley Bamford, baritone; W. H. Squire, violinist; and Ivor Newton, pianist, and the ensemble should ensure two of the finest programmes ever heard in this city. The concerts will be staged at the Capital Theatre at prices within the reach of all. Seats are now on sale at the theatre box office.

SCOUTS NEED OFFICERS AND GREATER SUPPORT

Annual Meeting Reseats the Executive For New Term; More Interest Needed

Minimum of \$1,500 Required to Carry on Good Work in Victoria

"If all the boys in the world were scouts the world would then have international good will," stated District Commissioner G. H. Scarrett at the annual general meeting of the Victoria Association of the Boy Scout Movement held in the Empress Hotel last evening. In presenting a report of the local association for the year District Commissioner Scarrett stressed the pressing need for scout officers and for warmer local support.

This year, he said, the executive wished to raise \$1,500 to carry on the work of the movement which played a large part in the lives of 450 boys in this city, in ten troops and eleven wolf cub packs. The money would be sought in membership fees from increased and active membership among parents and supporters and in public subscriptions.

Officers Re-elected

The election of officers was the chief item of the agenda. His Honor the Lieutenant-Governor, Walter C. Nichol, continues as patron. Sir Frank Barnard was re-elected to the honorary presidency. B. C. Nicholas was re-elected honorary vice-president. James Hill continues as honorary treasurer. Mr. Sheldon Williams was appointed honorary secretary, agreeing to act pro temp. The same executive committee, which last year under the chairmanship of H. T. Ravenhill guided scout activities in Victoria, will serve in the year to come. The executive consists of Messrs. H. T. Ravenhill, A. R. Sherwood, Mrs. G. H. Bissell, C. W. Dixon, John H. Southworth, Mrs. C. F. Gardner, R. I. Hartley, Mrs. A. D. Musket, K. C. Symons, A. MacArthur, P. E. Wilkinson, John Wood and A. G. Smith. Honorary officers and three officers from the scout officers' council will complete the executive, which elects its own officials.

Opening the meeting, Chairman H. T. Ravenhill read the reports of Bishop Schofield and James T. Hill at their inability to be present. The financial report showed a credit balance of \$28,437.21. The executive credit balance, continued A. R. Sherwood, acting secretary, was achieved in the face of the fact that the Community Chest was the sole source of income, and that had hardly attained expectations. The thanks of the association was expressed to the Community Chest workers for their assistance.

In a brief verbal report G. H. Scarrett classed the year past as one of qualified success, but of great obstacles. The need for more officers and greater support was urgent if the gains in the reclamation of the youth were to be consolidated. Rigid economy and general voluntary help alone carried the work of the movement at the present time.

With ten troops, eleven wolf cub packs, numbering 450 boys, Victoria's scout rolls improved in quality if not in numbers. Five officers became graduates of the Gillman course, the university degree of the scout movement; twenty officers carried the work of the local organization, and scout rolls could be doubled with the addition of more officers again. Mr. Scarrett referred to the successes won throughout the year by the various troops and pack in aquatic and land sports.

Good Turn Cup

Special mention was made of scout officers A. MacArthur and C. S. Frampton, who instructed a Gillwell course at Galiano Island. Mr. Frampton later going to Alberta to the same end of the year. The award was the visit of the chief scout, Sir Robert Baden Powell, who had addressed a gathering of 562 boys, leaving a lasting impression. Mr. Scarrett urged the creation of a "Good Turn Cup" to foster the ideals of helpful service.

Ranks Congratulated

In a brief address H. T. Ravenhill, chairman of the executive council and the local association, congratulated all ranks on the work done during the year. There was a real need of greater interest in scouting on the part of the general public. It was a problem for the citizen just as well as the active scout supporter. The movement was one of vital force in the up-building of a community in the removal of inefficiency along every line.

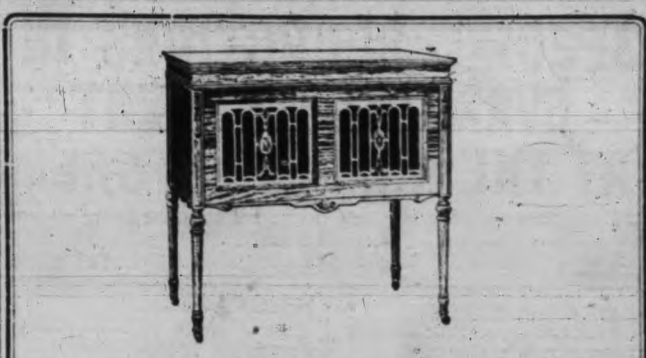

It was not possible for all to give active assistance, but all could help financially and by displaying a more genuine interest in the work of the movement. The work was hampered for lack of adequate funds, and from a trying lack of sufficient officers to guide troops and pack that wished to be put on a working basis. It was essential that \$1,500 be raised this year to carry on the work in the most economical basis that could be established.

Chairman Ravenhill stressed the need for a permanent camp site, for camp supplies and for brick making material to be carried as association property.

"I appreciate very deeply the service being rendered to the community by scouts. There is no real service without sacrifice, and I take off my hat to the scouts for the work they are doing," concluded the chairman.

Power For Good

In a brief address featuring the aims and objects of scouting, G. H. Scarrett found a power for good in the movement enriching the boy, the parent and the nation. Scouting taught self-reliance, resourcefulness and leadership. It provided a useful field of work, and an engaging hobby.

which led often to the discovery of the boy's bent in life, his future career in fact. It proved for the parent—the problem of recreational education, and developed right principles in the teaching of scout law. Scouting, scouting did away with a vast toll of inefficiency, and was one of the greatest factors of potential power for international good will. "If all the boys in the world were scouts there would be international good will in its fullest sense," concluded Mr. Ross Sutherland.

The meeting closed with the National Anthem.

An address by Dr. Charles D. Schofield, Bishop of Columbia, will be given at a special men's service at St. Paul's Church, Esquimalt, on Sunday next.

"My Heart Would Palpitate, I Had Weak Spells"

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes:—

"I took very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that I sometimes thought I would never get better. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I did not stop until I had taken twenty-five boxes. It has done wonders for me and I want to recommend it to everyone."

WHALING SEASON BEING BROUGHT TO A CLOSE

Four Hundred and Fifty-four Whales Year's Catch by Local Fleet; All Steamers Expected Back by End of Week; Season Compares With 1920; No Market For Sperm Whales This Year

"The whaling season this year did not come up to expectations," said Captain George Le Marquand, of the Consolidated Whaling Corporation, in giving his preliminary report on the whaling season this year. "Bad weather in September and October spoiled what might have been an unusually successful season," he stated. "Four hundred and fifty-four whales was the catch this year."

The whaling fleet that went out from here last April is now returning to Point Ellice headquarters, where they are stationed during the winter months. The White and Brown have been there since the last of September, while the Green and St. Lawrence arrived this morning from the north. This makes four of the fleet of eight boats back in port, while the other four, the Grant, Blue, Black and Orion are expected either to-morrow or Saturday.

The tender Gray is due on Saturday.

Compares With 1920

"This season compares with 1920," stated the captain in speaking of the catch. Although Naden Harbor and Kyuquot fell down badly in their catches, Rose Harbor made the average a fair one. The reports from the stations this year are: Naden Harbor 119 whales, Rose Harbor 197 whales and Kyuquot 138 whales. Naden Harbor had a catch of 187 in 1920 but the smallest catch this year is accounted for by the exceptionally bad weather during September and October. This applies also to Kyuquot's catch, which was considerably lower than that of 1920. The Rose Harbor figures are a little above that of 1920, so that the average for this year compares with 1920.

A more detailed report will be given of the whaling season when all the boats return, it was stated this morning, but there are no further catches to add to the list compiled.

U.S. USES CANADIAN ELEVATORS AND HOLD UP GRAIN MOVEMENT

J. W. Norcross Says no Comprehensive Scheme to Market Commodity

Fifty Per Cent of Montreal Port Facilities Being Held up

Montreal, Oct. 18.—Something more than fifty per cent of the grain handling facilities of the port of Montreal are taken up with United States grain, which is being held here for speculative or storage purposes, according to J. W. Norcross, vice-president of the Canada Steamship Lines, Ltd. This will inflict a very serious injury on the movement of the Canadian crop, he added.

Mr. Norcross asserted the lake transportation companies were under "the serious handicap of having to place a freight rate for grain during the latter part of October and November," when they would be forced to operate under conditions of which they could have no accurate knowledge and with the possibility of the port of Montreal being blockaded on the movement of grain. They were, therefore, entitled to reimbursement for the expenses incurred by such delays which were beyond their control, he claimed.

A review of the conditions surrounding the movement of the Canadian grain from the time it reached the country elevators until it was placed aboard the ocean steamers en route overseas indicated very clearly, Mr. Norcross declared, the lack of any comprehensive scheme to market a commodity which was the most important produced by Canada.

RUSSIA BRINGING CHINESE CREW FOR STEAMER BOLIVIA

Eighteen Coolies Aboard Incoming Empress Liner; Will Dock Here Monday

Aboard the incoming transpacific Canadian Pacific liner Empress of Russia, which is scheduled to dock here Monday from the Orient, is a crew of Chinese coolies to man the Danish steamer Bolivia, at present on her way to Nanaimo to load fuel. Arrangements are being made to have this vessel come to Victoria so that the Russia can transfer the crew of the eighteen Chinamen aboard the freight steamer.

The Bolivia plies between San Francisco and South American ports and comes to Puget Sound when cargo inducement offers. This will be the vessel's first visit to this port when she anchors in the Royal Roads to transfer her new crew.

On previous occasions crews have been brought from the Far East and placed in the South American or Mexican trade.

The Empress of Russia has 250 passengers aboard her first class passenger, five of whom are first class passengers. The liner is also bringing a large cargo and mail consignment from the Orient.

MARINE LOCKS TO BE ENLARGED

Novel Experience is Given Tourists to Gothenburg Exposition

Trollhattan Falls, Sweden, Oct. 18.—Climbing mountains in a ship was the unusual experience of many American visitors to the Gothenburg Exposition when they made the trip over the historic Gotha Canal from Gothenburg to Stockholm.

Marine locks in flights of five or six carry tourists ships through granite hills from river to river, until the canal reaches an altitude of more than 200 feet in the highlands of picturesque southern Sweden, and then the ships begin their trip down stairs until they reach the level of the Baltic Sea, and after a short voyage on the open sea, finally enter lakes again and slip into the back drying of Stockholm through fresh water.

It takes two and a half days to make the inland journey of 360 miles from Gothenburg to Stockholm. The actual canal is only 54 miles long, but 58 locks are passed in avoiding the falls in rivers and ascending to the high interior.

Fifty miles of the trip is through the Gotha River, and here at Trollhattan Falls the canal passes around the celebrated falls which are the source of its greatest industrial concerns.

In the early days of the Bolshevist government, when Leninoff was in charge of the effort to re-equip the Russian railways, Sweden was given a contract for 1,000 locomotives. This plan was dangled before the eyes of other industrial nations, who jeered at them for their failure to recognize Russia's need for such great profits promised from participation in its rehabilitation.

The Swedes insisted on having gold in advance on the locomotive order. They finally completed and delivered. Then the work stopped although the Swedish manufacturers still had Russian money which had been advanced for materials. The Swedes altered the plans for the locomotives to meet the needs of the Argentine railways, and are to-day carrying on a lively business with the South American republic which has enabled the manufacturers to return to Russia its advance on cancelled orders.

The Gotha Canal was originally begun in 1800, when the Trollhattan Falls were successfully locked. The canal is a link between Gothenburg and Stockholm was first opened in 1832.

VESSEL FLOATED

Brookville, Ont., Oct. 18.—The steamer Maple Brook, of the Canadian Steamship Lines, which grounded near Dickinson's Landing in low water, has been released, and is proceeding West with her cargo of 200 cases of brandy destined for the Manitoba liquor commission.

DIESEL ENGINES TO BE USED IN FORDS

Orders Reported Placed For Ore Carriers in the East

Shipping men are showing much interest in the reports from Detroit that the Ford Motor Company has placed orders with the American Shipbuilding Company and the Great Lakes Engineering Works for boats of the 600-foot class to be used as ore carriers on the Great Lakes. The ships, which will be 611 feet overall, 590 feet keel, 82 feet beam and 32 feet deep, are the first bulk freighters ordered for the 1924 delivery. The Ford Motor Company will install the engines, it is said, which are to be of the direct Diesel type. The vessels will have twin screws.

The ships will be built by the Great Lakes Engineering Works and will be turned out at the Ecorse yards, the reports state. Other boats probably will be built at Lorain or Cleveland. The boats will be operated in the ore trade between Lake Superior and the River Rouge. Bids for the big freighters were asked some six weeks ago.

If a man finds he can depend on you he is liable to verdo it.

SEATTLE HARBOR TO BE ENLARGED

Big Job is Secured by Todd Yards in Seattle to Convert Auxiliary Schooner

Seattle, Oct. 18.—Warehouse space of the port facilities here were ordered increased yesterday by the port of Seattle commission to include portions of Hanford Street, Bell Street and Smith Street terminals as bonded warehouses. In the past the only bonded warehouse space maintained by the port of Seattle was held at the Spokane Street and Stacy Street terminals. Increasing business was the reason given for the issuance of the order, the commission stated.

Included in the cargo brought to Seattle by the Pacific, Caribbean and Gulf Line steamship Lydia, which arrived Monday, was a shipment of 1,000 tons of oyster shells loaded at St. Joseph, Fla. The vessel departed for Comox, B.C., after discharging her cargo yesterday.

Marking the last cargo brought to the Pacific Coast under the schedule of the old Crowell & Thurlow Line, the steamship Hanley arrived at Everett Tuesday and was loading outward yesterday under operation by the United American Line.

With her bows somewhat damaged above the waterline the General Petroleum Company's tanker Tejon, which collided with the steamship Munro off San Francisco Bay Sunday night, arrived here yesterday under her own power. Capt. W. Johnson of the vessel declared the accident was due to fog. The Tejon was not badly damaged and will be drydocked for a survey at the Todd Yards as soon as her 50,000 barrels of oil are discharged at the General Petroleum Company terminal on Harbor Island.

THIRD INTERCOASTAL SERVICE ANNOUNCED

Toronto, Oct. 18.—Ontario industry will be linked by water route with the British Columbia coast, this fall as a result of the inauguration of the first direct steamship service between Toronto and Victoria by the Ontario Pacific Steamship Company. On November 29 the all-steel freighter J. H. Plummer will steam out of Toronto's harbor, with a cargo of Ontario iron for Victoria, to Canadian Pacific Coast ports. It will sail via the Panama Canal, and the trip will take thirty-five days one way.

Word was received from Montreal to-day that the Anchor-Donaldson Line had cancelled the sailing of the steamer Argon for Victoria, to inaugurate a Montreal-Victoria service and would postpone opening the connection until next Spring.

Tenders Being Asked For Big Repair Job

San Francisco, Oct. 18.—What is said to be the largest repair job ever done in a Pacific Coast shipyard is contemplated by the Pacific Coast Shipyard, a General Engineering and Drydock Company for the task of reconstructing the Associated Oil Company's tanker, William F. Herrin. The work is to be completed in ninety days. The bid is said to have been \$1,000,000 for the job, but the contract has not yet been awarded.

Papyrus Causes Big Stir in His Workout

Railbirds at Belmont Park This Morning Staggered By Speed Shown By Derby Winner In His Last Hard Gallop Before Big Race on Saturday; Zev Made Very Disappointing Showing Yesterday In His Final Workout; Donoghue Is Centre of All Eyes; May Ride In Race To-morrow

New York, Oct. 18.—Papyrus, the English Derby winner, staggered the railbirds at Belmont Park early this morning in a dazzling speed trial, the final long workout for the international race with Zev on Saturday.

New York, Oct. 18.—On the surface as much excited as before the Dempsey-Firpo bout, or at last game of the recent world series, New Yorkers to-day were bating their sporting breath until the barrier springs two days hence at Belmont Park.

French Prince Will Win Million if His Horse Comes Home

Paris, Oct. 18.—Through the victory of A. K. Macomber's Rose Prince in the Cesarewitch Stakes yesterday, Pierre Wertheimer, the French horseman owner of Epinard, noted French three-year-old, stands to win £210,000 without risking a single penny of his own money should his horse finish first in the Cambridgebridge Stakes, to be run October 31 at Newmarket.

Some weeks ago a firm of London bookmakers laid Wertheimer 20-1 against Rose Prince in the Cesarewitch, the winnings, after withdrawal of the original stake of £1,000 to go on Epinard at 6-1 for the Cambridgebridge.

Donoghue, sitting erect and holding a long rein in contrast to the custom of an American style of riding, got his first survey of Belmont track, on which he will match his riding skill with Earl Sande, leading American jockey, in the big race. The little English jockey seemed pleased with the condition of Papyrus, which he piloted to his fifth Derby triumph at Epsom.

Basil Jarvis, trainer of Papyrus, removed last night the last hope that the Derby winner, if victorious over an American style of riding, got his first survey of Belmont track, on which he will match his riding skill with Earl Sande, leading American jockey, in the big race.

Comparison of Horses. The American star has made a much more impressive showing than his rival, Zev, who won eight out of nine starts this season, conquering all of his leading rivals at varying weights and distances, with the exception of My Own, while Papyrus has won in three out of five starts.

Zev's only defeat this season was in the Kentucky Derby, which he lost to Papyrus. Zev's most important victories were in the Withers and Belmont stakes, against strong fields, and in the Lawrence Realization, which was the first of the official trials for American candidates for the international race.

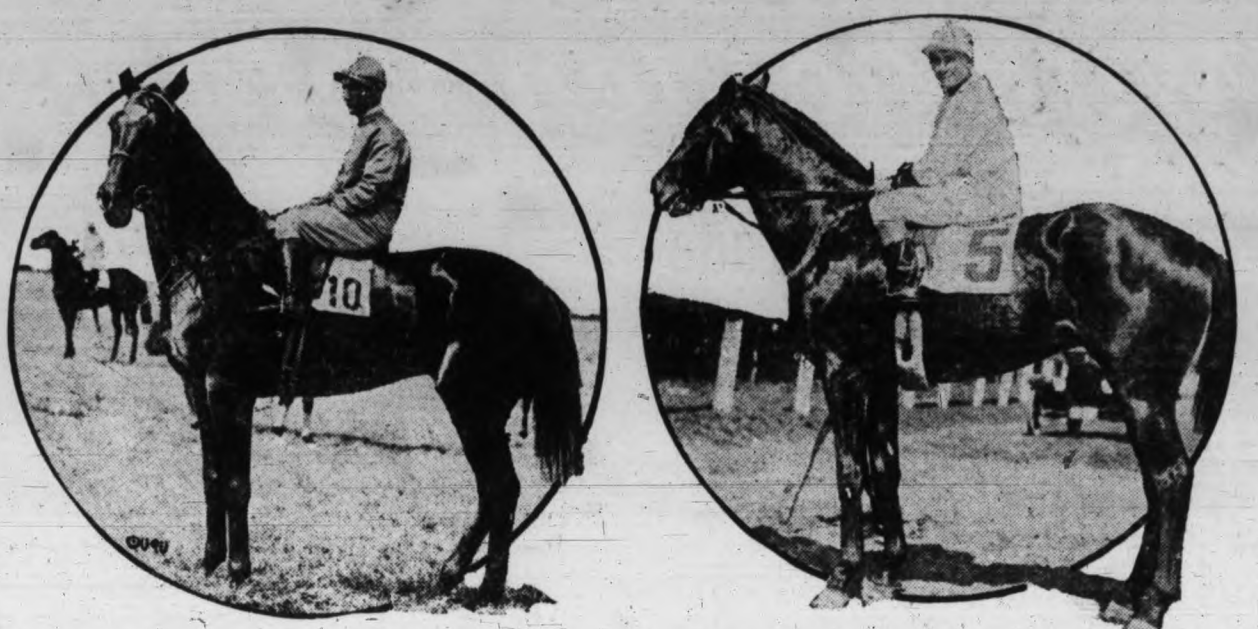

Donoghue's Different Seat. Papyrus, with Donoghue up, had an easy gallop of six furlongs, but is slated for a final stiff preparatory test to-day, probably a mile and a quarter in 2:30.

Challenge Is Sent to Bluenose in Big Fishermen's Race. Gloucester, Mass., Oct. 18.—The American race committee last night sent a formal challenge to the trustees of the international fishermen's trophy at Halifax, to compete this month for the cup, which was won last year by the schooner Bluenose of the Nova Scotia fishing fleet.

A Lucky Find. Montreal, Oct. 18.—Noticing a square scattering off a local golf course yesterday with a golf ball, Mrs. Archie McLean chased the little chap to his nest, where she found sixty-eight golf balls stowed away.

Sollis a Winner. Portland, Ore., Oct. 18.—George Sollis, Salt Lake, won a ten-round decision over Joe Gorman, Portland, here last night.

RIVALS IN GREATEST HORSE RACE IN HISTORY OF WORLD

Interest in the international gallop on Saturday afternoon at New York is exceptionally keen, rivaling that taken in such events as the yacht-race for the America Cup, and all other world championships. Papyrus carries the colors of Great Britain, while Zev will have to uphold the Stars and Stripes.

Canadian Hailed As Man Who Will Topple Dempsey

Jack Renault Will Figure in Elimination Bouts in East This Winter

New York, Oct. 18.—A Canadian contender for Jack Dempsey's heavyweight crown may arise from a series of elimination tests expected to take place during the winter season. The first important encounter having a bearing on the heavy-weight ring situation is likely to be between Floyd Johnson, of Iowa, and Jack Renault, the Canadian champion.

Dempsey Is Booked. Dempsey already has a return match with Luis Angel Firpo on his 1924 programme and may also face Harry Wills, negro challenger, who has been on the champion's trail for more than a year.

A Terrific Hitter. Renault, the Canadian, is a former member of the Royal Northwest Mounted Police, a bad game to come in contact with if you don't happen to be a law-abiding citizen, and as it takes a game and fearless man to bring down Renault, comes with an immediate and telling recommendation.

Better Than Wills. Godfrey, it has been stated by excellent judges, is a much better and more powerful fighter than even the mighty Harry Wills himself. Wills said he didn't care for a match with Godfrey just at this time, and Flynn and Renault jumped at the chance to take on the big colored fellow.

Both Firpo and Willard declined to have any commerce with the Canadian, who is now picking out his opponents for himself and getting away with the thing nicely. Renault says he makes a specialty of the colored class of fighters and in the East has become known as the destroyer of blacks who are not being given a chance with Harry Wills while the latter is awaiting a crack at Dempsey's crown.

SEMI-FINALS REACHED IN TOURNEY FOR COAL CITY GOLF LAURELS

Special to The Times. Nanaimo, Oct. 18.—The competition for the championship of the local golf club was advanced another stage when the semi-finals were played off. Hindmarch, succumbed to Margeson at the fifteen hole, and McFarlane, the present champion, scored a decisive victory over Ford. The final game over thirty-six holes between McFarlane and Dr. Margeson will be played this week-end, and a keen and interesting contest is expected.

The competition for the ladies' championship of the local club has now reached the semi-final stage, the four survivors being Mrs. Glaholm, Mrs. Meakin, Mrs. Sheldon and Mrs. Mitchell.

Teamsters and Bays Triumph in Openers

Broad Street and Cranleigh House, Two New Teams, Meet Defeat But Show Fine Spirit and Plenty of Fight; Wednesday League Will Provide Plenty of Good Football This Winter

The Wednesday Football League was officially opened yesterday afternoon when Mayor Hayward kicked off the ball at the Royal Athletic Park and set the Broad Street and Teamster elevens in action, and A. J. Watson, manager of the Hudson's Bay, put his foot to the ball at Beacon Hill and set the Hudson's Bay and Cranleigh House elevens on the move.

The Teamsters and the Bays were the winners of the opening matches, the former trouncing Broad Street three goals to one, while the Bays handed the Cranleigh House team a four to one defeat. The spectators witnessed a good brand of soccer for the opening game of the season, as the two elevens fought hard the whole of the ninety minutes.

Teammeters Score. The bombardment was maintained, and at the result of a rush up the left wing Soul sent in a beautiful centre, and Lewis rammed the ball into the goal. A few minutes later Veitch brought the score up to three to one when he sent in a hard drive.

Fighting an uphill battle the Broad Street men took the play to the other end of the field, and struck a little hard kick at this stage as time, and time again their shots either went over the bar or hit the post. The Teamsters then enlarged their score with another goal, when Turner again tricked the opposing defence and surprised the goalie by finding the net from a distance on a half.

At the commencement of the final half Broad Street improved greatly, and for the last twenty minutes of play they had the edge. In this half the play was not as fast as in the first, but the Teamsters were beginning to feel the strain. The Teamsters scored another goal when Davis sent in a beautiful shot. It did not count, however, as the whistle had blown for an injured player.

With about ten minutes to go Jeffreys scored the only goal for Broad Street when he sent in a low drive that gave the goalie no chance to save. This ended the scoring for the rest of the match, and the final whistle blew with the Teamsters victorious.

A Dentist's Bill. Los Angeles, Oct. 18.—Jack Dempsey, heavyweight boxing champion, and his brother John were named defendants in a suit to recover \$424.50 filed in superior court here to-day by Thomas M. Savage, a dentist, who asserted he administered dental treatment to John Dempsey last year under an oral agreement with the brothers that Jack would pay the bill.

Wrestling Opens Up. Portland, Ore., Oct. 18.—The wrestling season here will open next Wednesday, when Ted Thye, is to resume his campaign in the light heavyweight ranks where he left off last year, by taking on Jack Reed, of Ogden, Utah. They recently returned from a vacation trip in Canada, where he rested up for his matches this winter. Several challenges were awaiting him on his return. A beautiful chance was missed.

Gleason Quits When Sox Fail to Move Up

Fighting Leader of Chicago Club Places Resignation With Comiskey; Discouraged With His Efforts to Bring Club Back to Championship Form; Giants and Yankees Both Due For Shake-Up Before Next Season; Everett Scott May Quit Game

Chicago, Oct. 18.—William "Kid" Gleason, the fiery manager of the Chicago White Sox since 1915, resigned yesterday, making the fourth managerial position to be filled in the American League before the opening of the 1924 season.

The fifty-eight-year-old pilot, with a record of thirty-seven years in baseball, resigned, he said, because he was discouraged with his attempts to reconstruct the club, wrecked with the exposure of the world's series scandal with Cincinnati in 1919. He set about to rebuild the club when the players who participated in the "frame-up" were dropped, but in the three seasons that have passed, Gleason's fighting spirit alone carried him through, as he had little success in the development of a new team.

"I've given the best that's in me, and the best I did the best they knew how," Gleason said yesterday. "But we didn't seem to be able to get anywhere. A change often works wonders, and I decided to step out and give somebody else a chance."

There has been no hint from President Comiskey that the White Sox are to be the successor of the grizzled veteran, Eddie Collins, second base star, whose injury in mid-season contributed to Comiskey's decision to name a second place contender to a second division club, may be in line for the management. Ray Schalk, regarded as the premier catcher of the league, also may be given consideration, along with Harry Hooper. "Big Ed" Walsh, of spittal fame, who has been assistant to Gleason, may be among the possibilities President Comiskey may consider.

Gleason has been with the Sox for eleven years, and has been a close associate of the manager. He came to the club during the days of Jimmie Callahan, remained a couple of seasons and then quit to coach the Sox in 1918 to aid Clarence Rowland lift the club out of second division. He remained throughout the 1917 season, when the Sox won the world's championship, but through some misunderstanding failed to report the next year. After the close of the race he was offered the management of the club.

Gleason, a student at the old school, learned baseball while a member of the famous Baltimore Orioles and still carries out the teaching of the old master—fight and never give up.

The resignation of Gleason leaves Chicago, Boston, Washington and St. Louis in the race for the title for next season. In baseball circles it is believed that Gleason will be back in the American League next year as a manager of one of the Browns next season and that he has been persistent rumors that Ty Cobb desires to relinquish the reins as leader of the Detroit club but remain as a player.

New York, Oct. 18.—Not only will the New York Giants, fallen world champions, go through a rebuilding process before they are ready to scale their title heights again, but the Yankees, who have won the American League crown, also may bolster a few weak links in their victorious machine before the 1924 season gets underway.

It developed yesterday that Everett Scott, veteran shortstop of the Yankees, had been offered a contract for consecutive games played, is considering voluntary retirement, although Miller Huggins, manager of the Yankees, has not yet asked himself to part with the game's greatest "iron man."

Scott, however, has an attractive financial enterprise, which, if accepted, would mean his passing, after having played up the remarkable record of participating in 1138 consecutive games, a record he started in 1916 with the Boston Red Sox and which nearly doubles the best previous major league mark.

Huggins also is understood to be anxious to obtain a right-handed hitting outfielder, either to alternate with or replace Whitley Witt in centre field. The need was shown in the last game of the series, when Joe Bush, hard-hitting pitcher, was substituted for Witt in the eighth inning rally. Huggins has Elmer Smith available, but he is a left hander at the plate. Smith might be used in a trade to his own and the club's advantage, for Elmer is considered too valuable to remain on the bench regularly.

Carl Mays, veteran pitcher, who has passed the crest of effectiveness, also may be involved in a deal. Series retrospect yesterday brought to light another record made by Bob Meusel, whose \$25,000 contract was the deciding game. Meusel drove in eight runs during the series, shattering the mark of seven established by Tommy Lewis with Pittsburgh in the series of 1903 and equaled by Danny Murphy and Frank Baker, of the old Athletics. Eddie Rubeck, of Cincinnati, under Dave Miller, of Seattle, and is seeking a match with James Delaney, of St. Paul.

Los Angeles, Oct. 18.—Marty Foley, best of the Pacific Northwest light heavyweight crop, went into training under Dave Miller, of Seattle, and is seeking a match with James Delaney, of St. Paul.

New York, Oct. 18.—Manager John J. McGraw, of the New York Yankees, will leave for Europe within two weeks for a trip that will take him through France, Germany, Great Britain and Ireland. Jennings had intended to accompany Babe Ruth, of the New York Yankees, to New Brunswick on a hunting trip, but changed his mind at McGraw's invitation. Though he is going mainly for pleasure, McGraw may arrange a tour for his team.

NEW YORK MARKET

IRREGULARLY LOWER

(By British American Bond Corp., Ltd.) New York, Oct. 18.—While some of the speculative favorites were higher in a quieter market during the morning hours the weakness in rubber and oil shares toward the close gave to-day's stock market a weak appearance.

There were new lows in Northern Pacific and talk of new financing in the Pan American Petroleum issues were influencing factors in the late dealings. However, the market was narrower and showed some resistance to selling pressure in leading issues such as American Can, Baldwin Locomotive, Stewart Warner and Gulf States Steel.

The Canadian Government Merchant Marine, declared Mr. Graham, "already carries its own insurance under the Canadian National Railways."

Regarding the rate on flour, Mr. Graham read a cable he had received from Canadian millers protesting against the discrimination in favor of New York. Such a state of affairs, Mr. Graham claimed, was a stumbling block in the way of development of inter-imperial trade.

His remarks were preceded by a statement of Sir Halford Mackinder that the work done by the Imperial Shipping Commission, which was originated by the Imperial Conference of 1918.

SHIPPING DISASTERS ARE INVESTIGATED

Graham Stated Canadian Views to Empire Economic Conference

London, Oct. 18.—The Canadian complaints respecting shipping were formally laid before the Economic Conference yesterday afternoon and were promised full investigation by Sir Halford Mackinder, chairman of the Imperial Shipping Commission. The complaints were: 1. That insurance rates on the British Law route were excessive.

MIXED MARKET

NEW STOCKS TO-DAY

(By Burdick Bros., Ltd.) New York, Oct. 18.—Mixed price movements again constituted the bulk of the fluctuations in to-day's stock market and there was rather pronounced weakness in isolated issues, traceable to specific influences at work.

The Hill stocks were again under pressure, there apparently being multiplying fears of unfavorable dividend action on Great Northern and Northern Pacific at the next meeting. In other departments, the list some substantial short covering seemed in progress which for a while gave a rather buoyant tone to some of the speculative leaders.

NOTICE OF APPLICATION FOR PRIVATE BILL

NOTICE is hereby given that an application will be made to the Legislative Assembly of the Province of British Columbia at its next Session by the Corporation of the City of Victoria for an Act (to be known as the "Victoria City Act, 1923") providing for the following matters, and giving to the said Corporation and the Municipal Council thereof the following powers, namely:

- Amending "Victoria City Act, 1921," as follows:
 - Amending section 19 to provide for cancellation of "Better Housing" Agreements on default of purchasers and for forfeiture of lands and payments after ninety days' notice.
 - Amending section 19 to provide that tax sale lands becoming re-vested in the City by cancellation proceedings pursuant to said section, shall be deemed tax sale lands for purposes of re-sale.
 - Repealing and re-enacting with amendments Section 27, requiring Collector to appportion tax arrears and future instalments charged against land, among parcels thereof after subdivision.
 - Amending Section 25 to provide for the making of changes and corrections therein referred to in assessment rolls from and after July 15 in each year.
 - Repealing Sections 4, 5, 10 and 11 of "Victoria City Act, 1922," Section 17 of "Victoria City Act, 1921," providing retroactively for the apportioning of the Principal Sum on arrears of taxes among the various parcels into which said land may be subdivided.
 - Validating the Municipal Voters' List as closed October 31, 1922.
 - Enabling the Council to regulate, restrict, define and allot areas of highways or public places for parking purposes, and for classifying vehicles, designating what vehicles shall or shall not use such areas.
 - To acquire lands for parking vehicles, to lease or collect fees or rent therefor, or to grant money for the current revenue for use in acquiring said lands and equipping same with buildings or other equipment for parking or for parking purposes.
 - To grant money from current revenue defraying part or all costs of management, operation and maintenance of tourist camps within or without the City.
 - Enabling the Assessor to assess all parcels of land on which a building stands as one parcel.
 - Enabling the Council to appoint one or more of its own members as Directors of the Provincial Royal Jubilee Hospital.
 - Enabling the Court of Revision to consider complaints against assessments made by the Assessor or otherwise, in the discretion of its members.
 - Enabling the Council to enter into financial agreements for the consolidation and refunding of part or all of the City's debt.
 - Providing retroactively that Section 11 of "Victoria City Relief Act, 1918 (No. 2)," shall not apply to the land upon which a church stands.
 - Enabling the Council to increase license fees which, in its discretion, may be considered inequitable.
 - Validating By-law 232, entitled "Bank Overdraft By-law, 1922."
 - Enabling the Council to make, alter and repeal by-laws for any of the following purposes:
 - To lease any portion of Elk Lake Reservoir and Water Shed property to any Government, person, firm or corporation for hotel purposes or for game farm purposes for a period not exceeding thirty years, and by agreement terminate lease at any time on one year's notice and payment of lessee of compensation not exceeding value of improvements thereon.
 - To subscribe for and out of current revenue to acquire shares, not exceeding par value, of \$10,000.00 of any Hotel Corporation, or to lease of any part of said Water Shed property.
 - By payment out of current revenue to construct and establish camping grounds, bathing beaches, boating, fishing and other sporting facilities, including trap-shooting, tennis, lawn bowling and any other forms of sport, game or amusement, to acquire necessary equipment to operate or lease the same, to make rules and regulations and to charge fees or rentals in discretion of the Council.
 - To supply water to the said Hotel Corporation in terms to be fixed by the Council.
 - To enter into necessary agreements for all purposes herein mentioned.
 - Defining what a building set apart and in use for the public worship of God shall include; enabling the Assessor to assess the same as a separate parcel, and to assess adjoining land as a separate parcel or parcels; and providing that Subsection 1 of Section 20 of "Municipal Act" shall not apply in the

MR. FOX AND THREE OTHERS Part II.

Mr. Fox peeked through the fence and made sure Jimmy was going to take the meat from Mr. Dog's plate. And then off he trotted to Mr. Possum's house and told him he knew where there was a nice piece of meat. "It is in Jimmy Crow's nest, in the tree by the stone wall in the lane near the woods," said Mr. Fox. "I have no love for Jimmy Crow, as you know, Mr. Possum, while you and I are very good friends. So I thought I would tell you he will be out most of the time to-day, as this is his busy time in the cornfields."

Mr. Possum said he thought it kind of Mr. Fox to tell him this, for he was just thinking a piece of meat would taste right good for his dinner or supper. And he would run up to Jimmy's home very soon and take a look about it.

Jimmy Crow took the piece of meat almost out of the dog's mouth, for he had just come into the barn-yard and had seen the plateful waiting for him.

"He was in such a hurry to eat it

NOBODY'S LOVER

By RUBY M. AYRES

As she was standing behind his chair she could not see his face, he knew, and for one moment Jake closed his eyes with a sick longing to confess, in her—and seek her kindly sympathy. But it was only for a moment, and the next he turned and smiled.

"I'm happy to have you for a friend, anyway," and Elisa knew that it was useless to question him further.

But she went out of her way to meet Ursula the very next day and to speak to her of Jake.

"You know he sails for Australia in a week," she asked.

"Yes, I know. He told me. Whatever Ursula had suffered since yesterday, she was quite mistress of her emotions once more, and Elisa was disappointed.

"I hate people going abroad," she said. "So often one never sees them again."

"I think Mr. Rattray will be one of them," Ursula agreed quietly. "I don't think he ever means to come back."

"And she really looks as if she doesn't care," she said, the dismayed thought in Elisa's mind. "Oh, what are the girls of to-day made of?"

There were tears in Ursula's eyes as she parted.

"She thinks it is my fault about Jake," she told herself miserably. "She is angry with me because she thinks I have treated him badly."

The days seemed to fly now there were so few left before Jake's departure. One afternoon, more for some one to talk to than from any real desire to ask him, called round at Mr. Simpson's offices.

"I have never had any reply to my letter," she said.

Mr. Simpson shook his head. "No, but I understand my client to say that he would write to you."

"He has changed his mind, then," she answered. "And after all, why should he write to me? He can't really be interested."

Mr. Simpson had not seen Jake again, though he had heard from him once or twice, and knew that his plans for going abroad were completed.

"And how is the voice going?" he asked interestedly.

"To his dismay tears swam into the girl's brown eyes.

"Oh, sometimes I don't care whether I go on with it or not," she said. "I'm not often silly like this, she apologized. "And, of course, I love singing, and I shall go on, whatever happens. I'm rather a truant to-day, perhaps it's the weather."

Mr. Simpson glanced towards the window. It was a perfect day for the time of the year, and he took his hat and went out, wondering whether she would allow him to take her somewhere to tea, and while he was turning the matter over in his rather sedate mind Ursula rose.

"Well, I must go. I won't waste your time any longer. She took up her gloves from the writing-table, and as she did so her eyes fell upon an envelope lying there addressed to Jake Rattray.

The color mounted slowly to her cheeks, as she said, indicating the envelope, "Do you know Mr. Rattray?"

Simpson, junior, started. He had forgotten that the letter was there.

"Mr. Rattray is a client of mine," he answered. "Do you know him?"

"Yes. There was a little silence. "He is going abroad, soon, isn't he?" Ursula asked.

"To Australia—yes."

Ursula drew on her gloves, and Mr. Simpson saw how unsteady her fingers were as she tried to button them. "Well—good-bye," she said.

He went with her to the door, and as she parted she said, "Mr. Simpson—you won't tell Mr. Rattray, will you... that I asked about him?"

Simpson, junior, lowered his eyes. "I shall not tell him, Miss Lorriemer," he answered, quietly; and he was haunted for days afterwards by the look in her brown eyes as she thanked him and went away.

Ursula called to see Henry March that evening. He was living in a boarding-house, where the food was good and everything else bad, according to his own description. He was surprised to see Ursula, but secretly rather gratified. In his mind he was sure that she had discovered that his prophecy had been correct, and that already she was regretting the home she had had under his roof.

"Will I take you out somewhere?" he repeated, with a broad smile, when she made a timid request. "What are you coming to, this young girl like you should want an

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ-destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream. (Adv.)

leaving England, Mr. Rattray, I am glad to have this opportunity of wishing you God-speed! Waiter... where is the wine list?"

Ursula looked across at Jake. "You are leaving soon?" she asked casually.

Jake met her gaze. "I shall tomorrow," he said. "The shipping arrangements have been altered for some reason beyond my knowledge. I could have waited for a later boat, but there seemed no object in doing so, and, anyway, I shall be glad to get out of the country."

"Exactly. I quite agree with you," Mr. March answered, without looking up from the wine list. "For a young man England is a place to get out of now. What with taxation and other abominations, the Colonies are the place for a man with ambition."

"To-morrow morning!" Ursula had echoed Jake's word in a whisper. She was leaning back in her chair, her hands clasped in her lap. Everything seemed to be whirling around her. Even the noise of the band seemed to have receded to such an enormous distance that she could hardly hear it. Jake's thin face looked a long way off.

"To-morrow!" Then this was indeed the last time she would ever see him. "You're very quiet, young lady," Mr. March said, looking at her over his shoulder. "You don't look well. The room is a bit hot, I must say. Undo your coat."

Ursula said she was quite well. When she thought she was undoing her coat she poured some water from a carafe on the table and drank thirstily.

"And what are you going to do abroad?" Mr. March inquired of Jake. "Have you a job to go to? Or are you going off as so many more scatterbrains do, with the idea of picking up gold without working for it?"

"Oh, I've got a job to go to," said Jake. "There was a note of sarcasm in his voice. He was wondering how he should be able to explain his absence to-night to the Spicers. He had promised to spend his last evening with them, and had only looked in at Mr. March's for a moment when Mr. March spotted him. Even then he would have stayed, only the temptation to be with Ursula again had been too strong to resist."

When he had heard of the alleged sailing he had meant to see her somehow, before he left, even if it had only been a passing glimpse.

He had made all his arrangements. Most of his baggage was gone. He had said good-bye to a weeping Mrs. Sale, and taken Patrick to the Spicer's flat, where he himself was to stay that night.

There was something horrible in the finality of it all.

MILL RATE FOR SCHOOL BUILDINGS AGAIN APPROVED

School Trustees Endorse Effort to Escape Money By-Law

By Times Special Representative Duncan, Oct. 18.—An animated discussion took place at the B. C. School Trustees Association yesterday afternoon on the question of the proposed mill rate for the purpose of accumulating a school building fund. This would obviate the necessity of submitting money by-laws, which entail a great loss in interest spread over a long period. The resolution in favor of a rate was approved.

Grateful for Health Restored by Lydia E. Pinkham's Vegetable Compound

Toronto, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for backache and for weak and dreary feelings caused by my condition. Sometimes I felt so bad that I couldn't do my housework. My neighbor told me of your medicine and I read about it in the 'Toronto Telegram' and thought I would take it. I got very good results. It built me up and I have told several friends what it has done for me. You may use this testimonial as it may be of help to some one who has suffered as I have."

Want Gull Picture For City's Slogan "Follow the Birds"

The publicity bureau is still looking for a picture of a seagull in full flight and is appealing to both amateur and professional photographers to submit their choice to the officials. The picture has to be perfect, for it will be used in Vancouver Island publicity for years to come and will probably be used for a striking new window sign. "Follow the Birds" sticker contemplated for next Summer to be placed on the thousands of visiting cars. Many photographs of gulls in flight are available, but, say the publicity bureau officials, these are mostly of Southern California gulls, which differ just enough from the seagulls around Victoria to make them unacceptable.
