SUBJECT. Application for Release of Office Fixture &

1. Industrial Group and Code No.
Private Munition (42 - 12)
2. Designated plant.
Takaoka plant, Nippon Stainless Steel Co., Ltd.
3. Items produced.
All-stoped plant.
4. Articles proposed for release.
A. Office fixtures and welfare facilities.
B. Coal-yards, chimneies, etc.
(Reference. Annexed INVENTORY)
5. Reason for release.

The above-mentioned Takaoka plant, down since March, 1949 when it was closed on account of business difficalties, has not utilized all of the reparations-designated machines and buildings for productive and other effective purposes.

Today, full understandings have been established between the interesting parties as to the utilization of the factory's site for the construction of Takaoka Citizens' Hospital, Health Insurance System which has long been desired by all of the Takaoka City people with much expectation.

In this connection, we have made application for the office fixtures, welfare facilities, coal-yards, chimneys, etc. other than the reparations, designated and registered machines and subsequrnt articles necessary for custody and control as well, expecting to make use of them in the most efficient way upon the receipt of permission from the authorities.

We shall be appreciated so much, if the authorities will permit the proposed release with their esteemed and favorable comprehension and sympathy.
