5 June 1947

**MEMORANDUM FOR THE EXECUTIVE SECRETARY, ARMY AND NAVY  
MUNITIONS BOARD:**

**Subject: Joint Army and Navy Committees on  
Industrial Mobilization Planning**

Reference is made to your memorandum dated 19 May 1947 on the above subject.

The SWNCC Secretariat has checked the publication insofar as it pertains to the State-War-Navy Coordinating Committee and recommends that the membership of the Committee listed on page 10 be amended to show the proper membership which is as follows:

**MEMBERSHIP:**

Assistant Secretary of State for Occupied Areas  
Assistant Secretary of War  
Under Secretary of the Navy

The SWNCC Secretariat did not attempt to review other committees on which the three departments are represented, presuming that the Board will approach those Departments direct for this information.

A copy of SWNCC Memorandum for Information No. 70 setting forth the scope and organization of the State-War-Navy Coordinating Committee and a copy of a Roster of the State-War-Navy Coordinating Committee and Subcommittees are enclosed for your information.

**For the State-War-Navy Coordinating Committee:**

**H. W. MOSELEY,  
Secretary**

Col Field -

I suggest that in  
reply we give only conditions  
re: SWNCC, & add a statement  
that we did not attempt to  
review other committees on which  
the 3 Depts are represented,  
presuming that the Board  
will approach those Depts  
directly in that connection

MEMORANDUM FOR THE STATE-WAR-NAVY COORDINATING COMMITTEE

Subject: Joint Army and Navy Committees on Industrial Mobilization  
Planning

1. Inclosed herewith is an advanced copy of a publication, prepared by the Army and Navy Munitions Board, Committee on Committees, Boards and Commissions, in an effort to list certain pertinent facts concerning all known inter-agency committees in the industrial mobilization field having joint Army and Navy representation, as well as all Industry Advisory Committees constituted in this same field.

2. The accuracy of this publication is directly dependent upon the accuracy of the information submitted to the Committee by participating agencies. Every possible effort has been made to include all active committees, boards or commissions now operating in the industrial mobilization field, however it is feared that in spite of this there may be some omissions. It is also believed that certain changes have occurred since submission of the basic data on which the publication is founded. In view of the above, a final check is desired before the publication is released.

3. It is therefore requested that this publication be thoroughly reviewed by your office to develop any errors, omissions, or changes which you may think necessary or advisable. Other suggestions for improvement of the publication are also solicited.

4. It is requested that your comments be submitted to the Army and Navy Munitions Board not later than 15 July 1947.

For the Army and Navy Munitions Board:

N. M. MARTIN  
Colonel, G.S.C.  
Executive Secretary
