

DECIDING WAR ISSUE

GERMANS DRIVING Foe ACROSS RIVER YSER—TRIUMPH OF RUSSIANS IN EAST

Although no well-defined cause can be attributed for the continuance of the European war, yet it continues, and affairs become more complicated as time goes on. The incidents for the past two days are as follows:

BERLIN (via London, 6 p. m.), Nov. 12.—German general headquarters issue the following:

"The enemy advanced from Newport as far as Lombaertzyde, but was driven across the Yser. The eastern bank of the Yser, as far as the sea, is now clear of the enemy."

"Our attack across the Yser canal to the south of Dixmude is progressing. In the region east of Ypres we have advanced further and captured 700 French soldiers, four cannon and four machine guns."

"The enemy's attacks in the forest of Argonne were repulsed."

"In the eastern theater of the war our cavalry operating near Kalisz has driven back the Russian cavalry, which made a fresh advance."

"Vienna headquarters report that in the battle for the Heights of Misar with the Servians from November 6 to 11, 4300 prisoners were taken."

"Constantinople headquarters reports that the caucasian army is attacking the second line of the Russian positions. According to reports of prisoners, the morale of the Russians is very bad."

"Turkish troops that have crossed the Egyptian frontier have occupied El Arish and Sheikh-Zar."

French Official Report

PARIS, Nov. 12, 10:36 p. m.—The official communication issued by the French war office tonight was as follows:

"To the north we have held all our positions. The enemy has sought to debouch from Dixmude by a night attack, but has been repulsed."

"We have resumed the offensive against the enemy, who had crossed the River Yser and have driven him back at all points except at one place, where he still occupies from 200 to 300 meters on the left bank."

"In the center we have gained some ground in the region of Tracy-le-Val, to the northeast of the Forest of l'Aigue."

"In the Argonne region the German attacks have been very serious, but have accomplished nothing."

The French official statement given out in Paris this afternoon said that the fighting on the left wing continues with violence and has been characterized with alternate advances and retirements, without importance. Generally speaking, the statement declares, the battle front shows no important changes since Nov. 10.

Official Russian Report

PETROGRAD, Nov. 12.—The Russian general staff issued the following statement today:

"In East Prussia on November 11 an action developed on the front of Stalluponen, Krouglanken and the region of Soldau. Our troops occupied Johannisburg (a small town of East Prussia seventy miles southwest of Gumbinnen)."

"Beyond the Vistula battles of secondary importance occurred in the region of Kalisz (Russian Poland) and Neschawa, where advance guards of the enemy sought to progress."

"The Carpathian Austrian rear guard, maintained at the crossings on the upper San in the region of Sanck, was attacked by our troops."

"The siege of Przemysl, which was suspended during the period in which the Austro-German armies were on the offensive, has been re-established."

WASHINGTON, Nov. 12.—The official report from Petrograd to the Russian embassy here today contained the following in addition to what was published from Petrograd: "On the Caucasian front on November 9 on the Keprekioi position, the artillery fighting continued. From some points on the shores of the Black sea the appearance of the enemy's ships was observed."

LONDON, Nov. 12, 9:10 p. m.—A critical stage in the battle in West Flanders has been reached and the next few days, if not hours, should produce something more decisive than has yet occurred."

The Germans have continued to attack with all the forces at their command and the British and French who hold the line between Dixmude and Ypres, but with the exception of the capture of Dixmude, which occurred Tuesday, and some little progress around Ypres, they have not been able to make any material advance."

The French official report, issued this afternoon, says that all the attacks have been repulsed. The German (Continued on Page 4)

EFFECT OF DRY VOTE

ANTI-PROHIBS THINK THE TIME HAS COME FOR SWEEPING REFORMS

The following letter received from Theodore A. Bell, one of the foremost leaders in the fight against prohibition in California, is evidence of the fact that the large dry vote had its effect upon the opposition and that they see the inevitable coming and are willing and anxious to make terms.

Mr. Bell says: The hour has struck for sweeping reforms in the retail distribution of intoxicating liquors in California. In proposing a legislative program that will effectually remedy many of the evils that grow out of the liquor traffic, the grape growers and wine makers of this state can very appropriately take the initiative, for our viticultural interests have always stood for temperance in the genuine sense of the word. Therefore, I respectfully submit the following program, which I earnestly hope may be adopted and presented by you to the next session of our state legislature:

- 1. County option, except in cities having 5000 or more inhabitants.
2. In licensed territory, not more than one saloon for each 1000 inhabitants, or major fraction thereof, exclusive of table licenses for hotels and restaurants.
3. Separate licenses to sell malt and fermented liquors, as distinguished from distilled liquors.
4. No saloon license to be issued to an individual, but only to property, the owner of the property, under heavy bond, to be responsible for the faithful observance of the law.
5. Unlawful for any wine maker, brewer, distiller or wholesaler to have any pecuniary interest in a saloon.
6. Midnight and Sunday closing.
7. Anti-treat law.
8. Drastring laws concerning the sale of intoxicating liquor to minors, women or to persons in an intoxicated or partially intoxicated condition.
9. Such limitations and restrictions respecting the granting of licenses in licensed territory as will forever eliminate dives and deadfalls.
10. When charges are filed before any magistrate alleging a violation of the liquor law, a jury of twelve men to be drawn from the body of the county to try the case, and in the event of conviction, the license shall be suspended until the judgment shall be reversed or become final, and in case of final judgment or conviction, the license shall be forever revoked and no other license shall be issued in its stead.

I shall be glad of an opportunity to present this program, in greater detail, and beg to remain very truly yours, THEODORE A. BELL.

BUSINESS GOOD

Discussing business conditions and the bright prospects for the future, a Los Angeles exchange very aptly says:

The state election is a matter of history.

The new federal banking system will be placed in operation within two weeks.

Immense crops of various kinds have been marketed.

Other great crops now are being harvested from orchards and fields, and still others are assured.

Homeseekers have been arriving steadily.

The heaviest tourist travel ever experienced soon will begin.

The Panama canal is open and the number of vessels entering Los Angeles harbor constantly is increasing.

The great expositions in San Francisco and San Diego soon will open their doors.

As a matter of fact, Southern California has possessed and still possesses many stimulating influences.

The continuation of these conditions not only are assured, but their number and importance are certain to increase.

There never was a time in its history when this section of the great state of California was in a better position to avail itself of its manifold opportunities.

Los Angeles and Southern California progressed at a remarkable rate when the population was increasing much slower than at present; when crops were smaller and less varied because a smaller amount of land was being tilled; when the magnificent Los Angeles harbor was magnificent only in its opportunities for development; when the Panama canal was still an unrealized dream; when, in fact, there was not so great an abundance of any of the prevailing conditions except the glorious climate and sunshine.

These were the days when there was confidence in the then present, confidence in the future, and confidence in the individual.

THE BEST ROADS

SOUTHERN CALIFORNIA AUTOMOBILE CLUB GIVES VALUABLE INFORMATION

Route information for motorists has been issued by the Auto Club of Southern California as follows:

On account of the great amount of highway construction now going on in Southern California, it is almost impossible to go in any direction without coming across places where it is necessary to detour. This condition will continue for the next sixty or ninety days.

The highway contractors in Orange county are endeavoring to get their roads in good condition in time for the opening of the coming fairs.

The best road to Santa Barbara is via San Fernando, Chatsworth, Santa Susana pass, Simi valley to Ventura, then over the Casitas pass to Santa Barbara. The first forty miles of this road and the last fifteen are paved, the balance will be found to be rutty and dusty and will make traveling slow.

The roads going to the beaches are now in good condition, all three roads to Long Beach having been repaired, ready for the winter travel. The new boulevard from Santa Ana to Newport and Balboa is now open. The boulevard to Laguna Beach is being rushed and the last three miles are completed. The remainder of the work from Laguna to Irvine Station is being rushed, with expectation of being open by January 1.

The coast route to San Diego is causing automobilists much annoyance on account of the many detours after leaving Fullerton. There is a detour between Fullerton and Anaheim; between Tustin and Irvine station; between Irvine Station and El Toro; between El Toro and San Juan Capistrano. Just south of San Juan Capistrano there is a detour of seven and one-half miles that is not in good condition. From this point on, however, there is only one or two turn-offs from the new state highway.

The inland route to San Diego will be found to be in fairly good condition. Rough road will be encountered, however, between Elsinore and Temecula. Going via Elsinore and Perris, the highway will be found to be under construction soon after leaving the Box Springs grade.

It is reported that the roads into Corona are being put in good condition, preparatory to the coming races, which take place Thanksgiving day.

As reported before, the old Santa Ana road, which runs from Anaheim to Rincon, is now open and in good condition.

The highway is now open into Riverside, and will be found to be in good condition, with the exception of the rough streets leading into and out of Pomona, and three breaks in the pavement just east of Ontario.

The foothill boulevard to San Bernardino is under construction, just east of Etiwanda, for a distance of three and a half miles, where it is necessary to make a detour through the sand. The contractors on this piece of road are crowding the work, and hope to have it open shortly.

It is hoped that some action will be taken during the coming week about the bridges on the San Gabriel boulevard, which have been out of commission since the rains of last February. It is expected to report both of these open by next Saturday.

Another piece of road has recently been finished, which will be welcomed by automobilists of South Pasadena. This is the paving of the San Fernando boulevard from North Broadway to Tropic. That section of the road lying between the old pigeon farm and North Broadway has all been newly paved, and it is now possible to go to and from Los Angeles via Eagle Rock, Glendale, Tropic to Twentieth avenue and North Broadway, over roads that are paved all the way, and in good condition. The boulevard between Tropic and the pigeon farm, which was very rough and narrow, has been widened and resurfaced.

BRITISH BORN, ATTENTION!

A mass meeting of all men and women born under the British flag now residing in the San Fernando valley is called for this evening at 8 o'clock in the auditorium of the Glendale high school. A society for the furtherance of social and intellectual fellowship is planned. Only those born under the British flag are entitled to membership. Come and do your duty!

O. A. LANE, Chairman of Committee.

Friends of Mrs. Frank C. Peters of 1525 Myrtle street will be sorry to learn that she has been called home to Burlington, Vermont, on account of the death of her mother. Mrs. Peters will be away some time.

WATSON SUBMITS PLANS

OUTLINE SUGGESTED FOR ORGANIZATION AND AWARDING OF PRIZES

City Manager T. W. Watson, who is a member of the committee of one hundred organized for the purpose of beautifying Los Angeles county and also a member of the Glendale City Beautiful association, has suggested the following well thought out plan for the organization of the city and awarding of prizes for beautifying Glendale:

- 1. Divide the city into four districts, corresponding to the four election precincts.
2. A division of the City Beautiful committee in charge of each district; these four committees working in harmony with a central committee.
3. Credits given for general improvement in contest for prizes as follows:
(a) Compliance with sanitary ordinances of city (keeping premises clean of weeds, garbage, rubbish, waste matter, etc.), 17 points.
(b) Trees and shrubbery in parking, 17 points.
(c) Home places, lawn, shrubbery and flowers, 17 points.
(d) Area covered with grass, flowers or trees, 17 points.
(e) Floral effect on vacant lots, 17 points.
(f) Utility of vacant lots, 15 points.
Note: A possible 100 points in all for each district.
4. Prizes offered:
(a) Prize by city and civic organizations of Glendale of \$1 for each point gained in each district. A possible \$400 could be gained by the four districts.
(b) Division between the four districts, according to the points gained, of whatever prizes may be gained by Glendale in the county contest.
(c) Individual prizes of \$5 and \$10 offered by private parties for the best results obtained by individuals in C, D, E and F of No. 3.
From ten to twenty-five such prizes should be obtained by each district committee to be used in future endeavors along these lines.

EPWORTH LEAGUE CONFERENCE

There will be a Pasadena sub-district Epworth League conference at the First Methodist church this evening at half past seven. Delegates will be present from Burbank, Casa Verdugo, Eagle Rock, West Glendale and Tropic, together with the pastors of these churches.

League work will be discussed by the district president, Dr. H. E. Beckwith, also by the first vice-president, J. R. Jennings of Alhambra, Secretary Carl Cooper of South Pasadena and Treasurer E. C. Bidwell of Monrovia. The main address of the evening will be given by Rev. W. N. Jeffers, pastor of the South Pasadena church, recently from Washington.

All young people of the church and community will be welcome.

CHIEF AIM OF TEACHER

A discussion is on, in the Santa Barbara papers, in relation to teaching in the public schools that borders on political questions. It seems the Monroe Doctrine was under discussion in a class, and the teacher took occasion to speak slightly of it; thought it was never of great importance, and that now the little value it once had had waned to the vanishing point. The teacher was criticized for his disrespect to a cherished American doctrine, and for going outside the province of a teacher in a public school, where facts of history, not individual opinions, should be taught.

This raises a rather important question. It will not be disputed that the one great aim of the teacher should be to teach the student to think. If when a boy or girl leaves school, he or she has learned to think—that is to see the relation of things, to separate and analyze things and ideas—the education carried out of school is worth something. If this point has not been reached, if this power has not been developed, then not much has been accomplished. A handful of facts, unclassified—arithmetic, algebra, geometry, history and physics—are so many bits of the general rubbish.

How shall a teacher inspire or awaken the power of thought? In a hundred different ways, according to his or her personality. In any way that kindles the spark in the child's mind. Even a trespass on forbidden ground, a step over the traces of pedagogic limitations, should be forgiven if the result is the kindling of thought, the awakening of the powers of analysis. The rules and customs that hedge a teacher, in school, on the rostrum, or in the pulpit, are generally a double hindrance. They dwarf the teacher and stupefy the taught.

NORTH GLENDALE

YOUNG MISS CELEBRATES HER FOURTEENTH BIRTHDAY—OTHER ITEMS

Mrs. D. E. Johnston of 1115 North Central avenue entertained complimentary to her daughter, Miss Christine Ferriss, who celebrated her fourteenth birthday last Monday evening. The chosen motif was red and white, red carnations and fuzzy white chrysanthemums being used effectively throughout the various rooms of the attractive home. Delicious ices were served during the evening, they, too, being red and white in color, and dancing was enjoyed until a late hour. Mrs. Johnston was assisted in entertaining by her friends, Mr. and Mrs. James W. Cooper of Melrose avenue and her other daughter, Miss Louise Ferriss, and the following guests did honor to the occasion: Misses Cecelia Lyons, Winifred Jones, Harriett Barnes, Elizabeth Mason, Josephine Amin and Messrs. Fred Dodge, Robert Dewar, Manford Barnes, Charles Cowan, Milton Brown and Sloan Freeman.

The Parent-Teacher association of the North Central avenue school held their regular monthly meeting Thursday afternoon at 3 o'clock at the school. There was a good attendance of mothers and teachers. Mrs. N. C. Kelley, the president, presided at the usual business session and at the program which followed. Mrs. Heath of Los Angeles spoke very earnestly on character building and at the close of her address questions were asked which were answered by this lady very interestingly and satisfactorily. A cup and saucer shower resulted in adding several pretty blue and white cups and saucers to the equipment of the blue and white kitchen, of which the ladies are very proud. Mrs. J. W. West was selected secretary of the association to succeed Mrs. Whitten, who resigned, and Mrs. Frank Weetman was elected treasurer.

There will be a meeting of the Casa Verdugo Improvement society at the North Central avenue schoolhouse this evening at 8 o'clock. All are invited to attend. Business of importance will be transacted. By order of committee.

The Ladies' Aid society of the Casa Verdugo M. E. church will hold one of their well-known food sales at Logan's store, corner Stocker and North Central avenue, next Saturday, Nov. 14. Proceeds from the sale will be used to make their payment on the church piano and the ladies are very hopeful of a successful day.

Mrs. Cornelia Sunkes of 825 Lincoln place entertained as her house guests very recently her sisters, Mrs. A. L. Messerli and Miss Clara Bragg of Los Angeles.

The regular monthly missionary meeting of the Casa Verdugo M. E. church was held at the home of Mrs. M. E. Brown of 908 Dryden street Thursday afternoon. An especially interesting program was rendered and following the meeting a social hour was enjoyed.

HOUSEHOLD ECONOMICS

Members of the household economics section of the Tuesday Afternoon club, of which Miss Alice Frank is chairman, will meet this evening with the Misses Shropshire, corner of Fifth and Everett streets. Mrs. Pierce, who has been a domestic science teacher at the Y. W. C. A. in Los Angeles, will give an instructive lesson on food values.

All club members interested are invited to come and enjoy the privilege of hearing this well-known instructor, who was Miss Farmer's assistant teacher at her cooking school in Boston, Mass.

CHAMBER OF COMMERCE

TONIGHT

The Glendale Chamber of Commerce will hold a regular meeting at the Intermediate school, corner of Third and Jackson streets, this evening at 8 o'clock.

Industrial district for Glendale, the municipal park, and a big banquet for the Chamber of Commerce, are questions that will call for the attention of the members.

DELIVERIES OF PAPERS

The Glendale Evening News management is very anxious that all copies of the Evening News be delivered to subscribers in first-class condition and on time. Complaints will receive careful and prompt consideration.

Attention, comrades! Next Saturday, Nov. 14, at 2 p. m., is the regular meeting of N. P. Banks Post, No. 170. T. M. Barrett, adjutant.

O. E. S. INITIATION

OFFICERS FOR COMING YEAR CHOSEN—MISS BORTHICK WORTHY MATRON

The Glen Eyrie chapter of the O. E. S. held a very interesting meeting Thursday night at the Masonic temple. Mrs. Herman Goodrich of Tropic and Mr. Warren Roberts were initiated and after initiation an election of officers was held. The following officers were chosen:

Miss Fredonia Borthick, worthy matron; Mr. A. M. Beamon, re-elected worthy patron; Mrs. E. U. Emery, associate matron; Mrs. Warren Roberts, conductor; Mrs. J. G. Hunchberger, associate conductor; Miss Ruby Borthick, secretary, and Mrs. A. M. Beamon, treasurer. The installation ceremony will be held on the evening of December 10th, with Mrs. A. W. Tower as installing matron.

Mrs. Tower, who as matron was a delegate to the convention of the grand chapter held at San Diego on October 23, gave her report of the convention in clear and well-chosen words, which was greatly appreciated by the audience.

Miss Borthick, associate matron for the past year, presented Mrs. Tower with a beautiful bouquet of carnations as a token of the pleasant year in which they had worked together. After the close of the meeting, light refreshments were served, and everyone agreed that they had had a most enjoyable evening.

MRS. FLOWER HOSTESS

Mrs. J. H. Flower was hostess on Thursday afternoon at her home, 730 Adams street, to a sewing club of young married women, who meet frequently to enjoy a social time together and at the same time create dainty articles with the needle. Mrs. Flower brought from her garden huge clusters of yellow chrysanthemums to adorn the rooms in preparation for her guests, who were Messames Robertshaw, Meagher, Grindel, Harry Flower, Prendeville, Showalter, Peebles, Boss, Patterson, Skiles and Misses Grindel, Askeland and Watson.

A social hour, interspersed with music while needles and tongues flew with equal rapidity, was much enjoyed. The dainty refreshments served by the hostess added to the afternoon's pleasure.

The club decided to meet next Friday afternoon at the home of Mrs. Robertshaw for a "hard-times" party.

MEN'S CLUB GIVE PARTY

The home of Mr. and Mrs. Woodward, 560 Orange Grove avenue, was the Mecca for the members of the Men's club and their families and friends Thursday evening, when they gave the second of a series of parties.

Elaborate decorations of autumn flowers and nutritious refreshments daintily served were features of the evening, which passed pleasantly and quickly with the ever-popular game of Five Hundred.

Among the guests were the Misses Irene, Ethel and Clara Read, Athena and Olga Purl, Miss Lang, Misses Bessie, Mattie Belle and Clara Provolt, Mrs. Provolt, Mrs. Delgado, Mrs. Campbell, Mrs. Frosteck, Miss Mills, Mr. and Mrs. Worley, Mr. and Mrs. Foss, Mr. and Mrs. Seubert, Mr. and Mrs. Bernard, Mr. and Mrs. Peckham, Mr. and Mrs. Faries, Mr. and Mrs. Kelly, Mr. Read, Mr. Norman Badger, Mr. McIntyre, Alex Badger and Jesse Flower.

The next party given by this popular organization will be given at the home of Mr. Jesse Flower, 730 South Adams street, on Thursday, Nov. 19.

PRIZE WINNERS ANNOUNCED

The several hundred Glendale youngsters who have been busy the past month dissecting "Munson the Drug Man," ended their labors last Saturday and the result of this contest has just been announced. The judges, too, had a somewhat strenuous task in examining the papers, each containing hundreds of words, made from the letters in "Munson, the Drug Man."

The winners are announced by numbers, the names not being known. The greatest number of words made by anyone was 2061 and this contestant, No. 44, will receive the first prize, which is a \$10 camera. No. 402 wins the thermos set with 1776 words. No. 218 the ivory brush and comb with 1767 words, and Nos. 9 and 208 the third and fourth prizes of a \$1 box of candy. No sixth prize was provided for, but paper No. 12 was so neatly prepared that Mr. Munson has a \$1 box of candy for this kiddie also.

No doubt these prize winners will soon appear at Munson's store with their numbers to claim their prizes.

FOR TEMPERANCE IN THE BRITISH ARMY

The archbishop of Canterbury presided at a great mass meeting Thursday in London, when resolutions were adopted calling for national support of Field Marshal Kitchener's appeal for assistance in keeping the soldiers temperate.

The archbishop urged that all in the audience who were not total abstainers become so, at least for the period of the war, as an example to the troops. Treating was condemned and it was pointed out that with sterilized water for their use there was no reason why soldiers in the field should not abstain from alcoholic stimulants.—L. A. Times.

IN THE CANAL ZONE

The huge high-power radio station in the canal zone is now complete, and will be placed in operation this month. This will be the second great station whereby the United States is to keep in touch with the battle ships in all parts of the world, and messages can be sent for distances of 4500 miles. The other great radio unit now in operation is at Arlington, and others will be constructed along the Pacific coast at Honolulu, in American Samoa, Guam and the Philippines. The new station in the canal zone will give the United States wireless communication with all of the south half of the Atlantic, and also with parts of the Indian ocean.

AUSTRALIA'S EMBARGO ON SUPPLIES

The United States, and especially states on the Pacific coast, along with other nations that of late years have been purchasers of Australian foodstuffs and coal, will feel the effects of the embargo on exports, save to British countries, just ordered by the commonwealth officials co-operating with imperial authorities. The effect, so far as the Pacific coast states rely on the Australian coal, will be to induce heavier traffic through the Panama canal of supplies from the Virginia and other southern tide water terminals, and also to enlarge the market for such mines as are in operation in the mountain states.

When it comes to wool and meats, the effect of the closing of the Australian source of supply to manufacturers of textiles, and to persons seeking ways of reducing the "cost of living," will be felt more widely; for the distribution of these products has been more general throughout the United States, and has had some, if not marked, influence on prices to consumers.

Inasmuch as both home and outside demand for the output of the farms of the United States, whether in cereals or livestock, is now insistent, and at prices amply remunerative to the producing class, this latest prohibition on competition from abroad will not seem so important an economic event to farmers as it will to the urban population of the country. Through such occurrences it will be brought home to the public that war dislocates the structure of society far beyond the area in which armed combatants are active. From the government's side, the loss of revenue involved will not be large enough to alter substantially any policy previously agreed upon for meeting the treasury deficit.—Christian Science Monitor.

NOTICE OF STREET WORK

Public notice is hereby given that the Board of Trustees of the City of Glendale on the 9th day of Nov., 1914, did, at its meeting on said day, adopt a Resolution of Intention, No. 760, to order the following improvement to be made, to-wit:

That a steel and concrete bridge, together with the necessary appurtenances and backfilling be constructed upon a portion of the roadway of Canada Boulevard across the Verdugo Wash. The center point of said bridge being situated on the center line of Canada Boulevard and 1588 feet Southerly from the South line of Colina Drive (measured on said center line of Canada Boulevard) as said bridge is more particularly shown on plan Number 171.

Also that a channel fifty (50) feet in width be graded along and in the Verdugo Wash from a point 1800 feet Northeasterly (measured on the center line of said Wash) from the center point of said bridge to a point 585 feet Southwesterly (measured on the center line of said Wash) from the center point of said bridge.

The banks of said channel to be protected by levees of pile, the outer or stream face to said piles to be protected by lines of barbed wire. Said Grading, protection work and bridge to be constructed in accordance with plans Number 171 and 172 and special specifications adopted for said work by said Board of Trustees.

Said plans and specifications are hereby referred to for more particular description of said work and made a part hereof.

Bonds will be issued as provided for in Resolution No. 760.

The district to be assessed to pay the costs and expenses for said improvement is described in Resolution No. 760, to which said resolution reference is hereby made for further particulars of said work.

Mary D. Zucker, Plaintiff, vs. John E. Finnal and Helen Finnal, his wife; John W. Martin and Jane Doe Martin, his wife; Frederick Pier and Jane Doe Pier, his wife; H. G. Bittleston Law and Collection Agency, a corporation; John Doe, Jane Doe, Richard Roe and Mary Roe, Defendants.

Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the County of Los Angeles, of the State of California, on the 20th day of October, A. D. 1914, in the above entitled action, wherein Mary D. Zucker, the above named plaintiff, obtained a judgment and decree of foreclosure and sale against John E. Finnal and Helen Finnal, his wife, et al., defendants, on the 16th day of October, A. D. 1914, for the sum of Thirteen Hundred Sixty-three and 86-100 (\$1363.86) Dollars, gold coin of the United States, which said decree was, on the 19th day of October, A. D. 1914, recorded in Judgment Book 306 of said Court, at page 294, I am commanded to sell all those certain lots, pieces or parcels of land situate, lying and being in the County of Los Angeles, State of California, and bounded and described as follows:

Lots nine (9) and ten (10) in block "T" of the Dryden Street Tract in the County of Los Angeles, State of California, as per map recorded in book 12, page 178 of maps, in the office of the county recorder of said county.

Together with the tenements, hereditaments and appurtenances thereunto belonging or in any wise appertaining.

Public notice is hereby given that, on Wednesday, the 25th day of November, A. D. 1914, at 12:00 o'clock m. of that day, in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment, with interest and costs, etc., to the highest and best bidder, for cash gold coin of the United States.

Dated this 29th day of October, 1914.

W. A. HAMMEL, Sheriff of Los Angeles County. By W. T. OSTERHOLT, Deputy Sheriff.

I. H. PRESTON, Plaintiff's Attorney. 6544 Fri.

PERSONALS

Mrs. Frazee's sister, Mrs. M. B. Rounds of Monrovia, is spending the day with her today.

Mr. C. K. Robertshaw has the contract to erect a \$3500 residence on Virginia avenue, Eagle Rock, for J. W. Broxholme.

Mr. and Mrs. C. H. McKeever of Hollywood were guests of Mr. and Mrs. J. E. McKeever of this city on Thursday evening.

Miss Ada B. Cooper has moved to 253 North Central avenue, where she will conduct a private sanitarium in Mrs. Payne's house.

Mr. and Mrs. C. F. Parker of 227 South Central avenue attended the Morosco theater Tuesday night, and greatly enjoyed the play.

Mr. and Mrs. J. E. McKeever of 421 North Brand boulevard entertained Mr. Harold Oswald of Oak street at lunch the other day.

Friends of Mrs. Edward L. Payne, 323 North Central avenue, will be sorry to learn that she has moved to Lancaster, where she expects to make her home.

Mr. and Mrs. James K. Hill of Clear Lake, Iowa, arrived in Glendale the first of this week and are guests of their daughter, Mrs. R. M. Brown, 116 Kenwood street.

Mrs. Wallace Fryer, with Mr. and Mrs. A. C. Oliver of this city, motored to Pomona one day last week. They spent a very happy day and while in Pomona visited Mr. Fryer's uncle.

Mrs. R. D. George of 1214 Arden avenue was entertained Thursday with a birthday party at the Morosco theater given by Mrs. Rhind of 1305 Arden avenue. After the theater there was a birthday dinner at the home of Mrs. Rhind.

Capt. J. A. Neel of 146 South Louise and his son, Jas. S. Neel, will leave here Thursday morning for Pittsburg, Pa., to be gone about seven months. They will go by way of Denver, Colorado, stopping a few days in that city, and then on to Pittsburg, where Mrs. J. A. Neel has been for some time.

Tuesday evening Mrs. Elrod of 1473 West Third street entertained Mrs. Carl Mertens with a dancing party. It was Mrs. Mertens' birthday and the party was in the nature of a surprise to her. There were about ten couples present and a most pleasant evening was passed. Refreshments were served and the house was prettily decorated.

A meeting of the Sunday school board of the West Glendale M. E. church was held Thursday evening in the church parlors. There was a very good attendance and a number of questions concerning the Sunday school were taken up and discussed. It is well for all officers and teachers to attend the board meetings, as they are a great help toward making any Sunday school efficient.

Mr. and Mrs. C. F. Parker of 227 South Central avenue returned Tuesday from San Bernardino, where they had visited their daughter, Mrs. E. H. Lyman, since Friday. While in San Bernardino they attended a luncheon given by Mrs. B. F. Bledsoe to some of her friends before leaving for Los Angeles, where they will make their home during Judge Bledsoe's term of office.

NEW AUTO SERVICE

W. H. Price will inaugurate a five-cent auto service in Glendale, with his 30-passenger stage, beginning next Monday. He will leave Ninth and Adams every morning at 6:30 and every half hour thereafter until 8:30 a. m., going north on Adams to First street, east on First to Verdugo road to five-cent car line (transfers to any part of city), making the fare from Glendale to any part of Los Angeles only ten cents. Return trips will be made at 4 p. m. and half hourly until 6 p. m. A fifteen-minute schedule will be inaugurated if the patronage warrants.

VALLEY VIEW

Mrs. John Johnson of Fresno was the guest of an old friend, Mrs. S. E. Munn of 1615 West Colorado boulevard, the first of the week.

The new school building is being pushed rapidly forward and already begins to loom up most impressively.

Mrs. Gus Klang of 516 Oak drive has been suffering considerably this week with blood poisoning on her left hand.

There are several "Barkises" who are "willin'" that the Pacific Electric should run its Burbank line down Pacific avenue and some of them are very anxious to donate money to the good cause, thinking it will enhance the value of their property. They are undoubtedly correct in this view, but there is no danger of the P. E. running a line down Pacific avenue, as there is no outlet to the south.

H. D. Thaxter and family are located in their recently built garage at 1546 Riverdale drive, where they will build a handsome home on the front of the lot.

H. E. Bruce of 1610 Vine street, who has charge of the power house of the Glendale & Montrose railway at the latter place, is building a home at La Crescenta.

E. A. Garner and family, who have been living at 1501 West Seventh street for several months, will move back to Milwaukee, Wis., in a few days. Mr. Garner has the promise of a good situation with a big insurance firm there.

TROPICO

Through the courtesy of Charles W. Eudemiller, proprietor of the Star theater, the ladies of the Thursday Afternoon club will hold the regular semi-monthly meeting in the theater Thursday afternoon, Nov. 19. Mrs. Harry Bowman, chairman of the program committee, has arranged a most delightful program for that date, as Mrs. Harriet Williams Myers of Los Angeles, secretary of the State Audubon society, will give an illustrated lecture on "The Birds of California."

Mrs. Andrew Stephenson is entertaining Chapter A-H of the P. E. O. Sisterhood at her home on Glendale avenue today with a luncheon.

Mrs. James Brown has returned from the Good Samaritan hospital and is convalescing at her home on Glendale avenue.

Mrs. E. V. Lawton and son of Gardena avenue are spending a few days visiting in Riverside.

MUNSON SAYS

The contest we had for the "kiddies" was a great success, many papers being turned in. No one would have dreamed that so many words could be made out of the letters included in "Munson, the Drug Man," for the winner had 2061 words.

To make the contest perfectly fair, each contestant was given a number, so the judges would not know the name, and as we haven't the names, the winners are advertised by their number, with the number of words each had on their paper:

FIRST PRIZE—3-A
 Folding Brownie Kodak, value \$10, won by No. 44, who had.....2061 words

SECOND PRIZE—A
 Thermos Lunch Kit, won by No. 402, who had.....1776 words

THIRD PRIZE—A
 dandy Brush and Comb, won by No. 218, who had.....1767 words

FOURTH PRIZE—
 Two-lb. Box of Candy, won by No. 9, who had.....1689 words

FIFTH PRIZE—One-lb. Box of Candy, won by No. 208, who had.....1658 words

Paper No. 12 was by far the best-looking paper, and as this paper shows up in such a way, I am going to make a special prize No. 6 for this "kiddie," No. 12, who had 1019 words.

Come in, boys and girls, those of you who have the above numbers, and get your prizes.

CHARIVARI

A number of boys of the neighborhood Thursday night gave a charivari for Mr. and Mrs. Harrod, 124 North Louise street, recently returned from their honeymoon trip. The bride and groom were very much surprised and did not know exactly what to do with their visitors, until Mr. Harrod thought of a happy way out of the difficulty and sent the youngsters all down to the picture show.

Thursday, Nov. 12, 1914, was the twenty-eighth anniversary of the marriage of Mr. and Mrs. M. L. Weaver of Third and Kenwood streets. This date was also the twenty-eighth anniversary of Mr. and Mrs. M. P. Harrison, who reside across the street from the Weaver home. Mrs. Harrison was absent from her home, having been called to Burbank that day, but Mr. Harrison was not forgotten, even if his wife was absent, for he was invited to the Weaver home for dinner and enjoyed a pleasant hour with his neighbors celebrating an event in common.

RECEPTION A HUGE SUCCESS

The reception given on Thursday evening at the high school by the Parent-Teacher association to all of the teachers of Glendale and others interested in the work, was quite the largest and most successful affair of the kind ever held here.

The large auditorium of the high school was crowded and an excellent program was given, after which dainty refreshments were served under the direction of a large committee, with Mrs. H. A. McPherson as chairman.

Among those appearing on the program were: Miss Ruby Dale, Mrs. Coral Harrison Sloan, Miss Helen Beatrice Cooper, Miss Lalla Fagge, Mrs. Grace Bobo, Mr. C. D. Lusby, Paul Butterfield, Ralph W. Lusby, Dr. C. R. Lusby and Mr. Clarence D. Kellogg.

JAIL FOR HIM

One M. T. Brownell of Los Angeles got the idea into his head the other day that the front porch of Rev. Matt S. Hughes' residence, 267 North El Molino avenue, Pasadena, was a good place for him to take an afternoon nap. So he laid down in front of the door and went to sleep. Mrs. Hughes was so frightened that she called on the police for aid, and when awakened from his slumbers by the officers, Mr. Brownell was very peevish, and said that he had known Dr. Hughes for a long time and just stopped for a friendly call. He also said that Dr. Hughes had officiated at his wedding many years ago, and he was very much grieved when the police insisted on his going with them. He is now in jail for ten days, presumably reflecting on the unkindness of the world in general.

FRIDAY, THE 13TH!

Have you been unlucky today? Anything unusual happen to you? Did you miss your car this morning, or did the alarm not awake you as it should? Did the breakfast burn, or did you pound your finger with the hammer? Well, this is Friday, the thirteenth, and that accounts for it all!

ADVICE FOR THE ROOKIES

An adjutant had lectured a squad of recruits on every form of drill and movement, and wound up with this piece of advice:

"Remember that on the field of battle a brave soldier will always be found where the bullets are thickest, and everyone knows where that is."

"Yes, sir," said one of the men.

"It's in the ammunition wagon," Pittsburg Chronicle-Telegraph.

THE SEVEN AGES OF MAN

New York Tribune—President Eliot of the New Haven railroad says: "The seven ages of man have been well tabulated by somebody or other on an acquisitive basis. Thus: "First age—Sees the earth. "Second age—Wants it. "Third age—Hustles to get it. "Fourth age—Decides to be satisfied with only half of it. "Fifth age—Becomes still more moderate. "Sixth age—Now content to possess a six-by-two strip of it. "Seventh age—Gets the strip."

In proposing plans for beautifying the cities of California for 1915, no wide-awake booster has suggested that any city or town indulge in beauty sleep. It is wakeful beauty that is sought.

DECIDING WAR ISSUE (Continued from Page 1)

mans are no longer utilizing green troops in this region, but have brought up the pick of their army, including some Prussian guards, who attempted an offensive movement against the British, but without success.

Both sides express satisfaction with the progress of the battle. Berlin says that the attacks of the allies have been repulsed and that their own attack is making headway, while in London and in Paris it is felt that so long as the allies can hold the line of the canal from Nieuport to Ypres their position is a strong one.

In France from the northwest to the southeast there have been engagements of lesser importance in which according to the French report, Gen. Joffre's armies have succeeded in gaining ground and strengthening their positions. The Germans continue to destroy bridges and railways in Belgium, but with what object remains a secret. It is thought, however, that they are making preparations to winter in that country and they are taking every step to prevent their plans from becoming known to their enemies.

The Russian army under General Rennenkampf is fighting its way into East Prussia and has taken Johannsburg, which is on the railway from Lyck to Soldau, both of which towns are already in Russian hands. This gives to Russia the control of an important railway line, which skirts the frontier in German territory and several branch railways running into the interior.

The central army, which drove the Germans back from the Vistula, has had only unimportant engagements, but it is known to be pushing forward to the borders of Posen and Silesia, which the Germans are crossing. The Russian left wing has followed the Kielce railway to the Austrian frontier and is within a few miles of Cracow, the siege of which is imminent.

The Southern army under General Ruzsky is at Rzeszow, between Przemysl and Cracow, and its crossing of the San river is being opposed by the Austrians. Another detachment continues the siege of Przemysl, while still another is operating against the Austrians, who are holding the passes of the Carpathians.

The army of Armenia, whose base is on Kars, Transcaucasia, is approaching the Turkish fortress of Erzerum.

The manner in which Grand Duke Nicholas, the Russian commander-in-chief, is wielding these armies, and the mobility they are showing, are the subject of admiration on the part of military men here.

A message from Sarajevo says that the governor of Bosnia has addressed a proclamation to the Austrian army declaring that the Servians must be completely defeated before winter. In conformity with this, the Servians have been driven back to their own country, but according to the Servian account, they inflicted a defeat on the Austrians, who attempted to follow them.

There is a steady flow of recruits for Kitchener's army, and it is expected that with the territorials, who number 600,000, England before long will have an army of 2,000,000 men. New armies are also being organized in India.

YES, BUY HERE AT HOME

The advice of local newspapers, given more or less spasmodically or periodically, to residents of the given community to trade at home, may appear to the casual observer to be rather stilted, but there is much of intended good, to all parties concerned, in such suggestions, which may scarcely be taken any more as being advisory, so patent are the results to be obtained from putting the suggestion into constant execution.

"Buy at home" sounds good, fair and absolutely reasonable to anybody who ever claimed any town, city, locality or section as his home. There is a magic tenderness that surrounds the word "home" at once appealing to practically everyone and unconsciously awakening in his make-up the idea of only the best treatment of such place, whether it be in a limited or broader sense. To say to a sane individual, "Treat your own home squarely," would be about the same as telling him to wear his hat on his head—it would be as seemingly needless, hence meaningless; but that is exactly what the "buy-at-home" slogan resolves itself into, after all.

It is well always to remember first those nearest at hand, but there exists in this matter, as there does in all affairs of any consequence, the need of co-operation, if actual results are achieved. Newspapers may exhaust themselves and the patience of their readers with their perfectly well-intentioned counsel to their

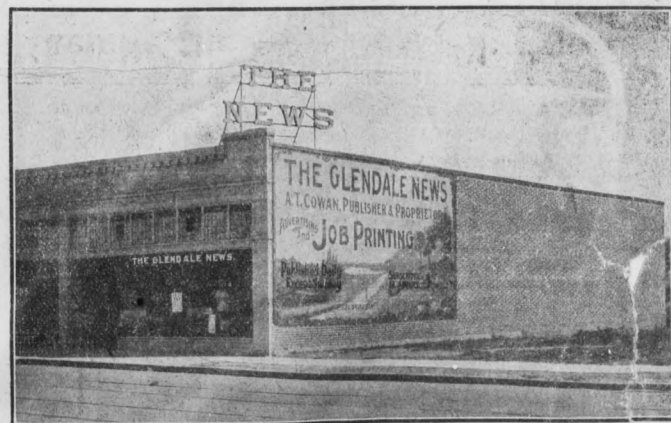

readers to spend their money, for merchandise, luxuries, necessities or for labor, at home, but all of such persuasion will avail little unless the merchant, the dealer, the artisan and the workman in whatsoever line sees to it that he does his part towards attracting and encouraging those who reside around here to give him the first chance, at least, when they need anything in his line.

By this is meant that quality and prices, courteous treatment—all the features that contribute to bringing the customer and the dealer together—must be supplied by the local man that conditions must be favorable from his standpoint if the aid of the papers in boosting for him and for all of the general interests of the community strike a responsive chord in the minds of their readers. The merchant, workman, dealer, market-keeper, whoever he may be—will also find that he can greatly increase his list of probable customers by judiciously using the columns of his home paper, too, in telling the public what he has to offer, the prices he is making, where he may be found, etc., since this suggestion about home patronage surely includes the publisher.—Santa Monica Outlook.

ALL ARE WELCOME
