VOL. XII GLENDALE, (LOS ANGELES POSTOFFICE), LOS ANGELES COUNTY, CAL., TUESDAY, JULY 3, 1917 262

INTERESTING EXHIBIT

FANCY COMFORT BAG MADE BY MRS. BEAMON INVITES CONTRIBUTIONS

In the Chamber of Commerce window, No. 1010 West Broadway, Glendale, are two things worthy of consideration:

One is a Red Cross card from Mrs. Harry Duffield, Chairman Tin Foil Committee, Glendale Red Cross, asking that everybody save all bits of tin foil for Red Cross benefit. She says:

"It will be sold to buy comforts for American soldiers. It will help save the lives of the wounded. Telephone or send to Mrs. Harry Duffield, 1222 Lomita avenue. Tel. Glen. 28-W."

NOTE—Tin foil left at the Glendale Chamber of Commerce will be promptly forwarded to Mrs. Duffield. Every little bit helps. The canny Scotch say, "Mony a mickle makes a muckle," or words to that effect. You can save it from chewing gum, candy, soap, cigar wrappers, and the numberless other things sold in tin foil. It all helps. Do your tin foil bit. Do it now.

In the same Chamber of Commerce is a thing of beauty which will be "a joy forever," so long as it lasts. Come to see it for yourself. It is worth the "voyage." Attached to it is this legend, this appeal to practical patriotism:

"It costs a Dollar to Fill Me. AMERICAN RED CROSS Do Your Two Bits Now."

A postscript attached by one in the G. C. C. further explains: This show-model "Comfort Bag" was made by Mrs. A. M. Beamon of Glendale for primary use at her reception given in Masonic Hall, Thursday evening, June 28, as a persuader of contributions to the Glendale Red Cross Chapter, now an assured fact.

Will YOU, who read this, not contribute enough to fill a serviceable Comfort Bag (also here exhibited) which on some lonely battlefield, somewhere in France, or in Germany, may cause one of Glendale's suffering soldier boys to call you "blessed," though he may not know your name? Why not?

PRESENTATION ADDRESS

The following address was delivered by Mrs. M. W. Morris before the Tuesday Afternoon club, June 26th, 1917:

A famous club woman once said: "History is a deceptive book. It lies before us on our every day shelf unread, but let Time hold it in the distance, give it the right shake, and Lo! it lies before us beautiful in its blending of lights and shadows"

So it will be when the history of this Tuesday Afternoon club is written: that the administration just closing will have proved to be one of faithful, loving, prompt service, and in quietness and confidence have passed the last two years.

The memory of it will remain with each one of us, as the sweet perfume of some favorite flower.

It is therefore, Madam President, the privilege and pleasure of the past presidents, officers and directors of this club to see and know, as you leave the chair, that you are well armed for the future, with a watchful reminder that years fly swiftly by, and Time will tell of work done well.

Will you, dear Mrs. Bartlett, accept and wear this token of our love and appreciation.

DEATH OF MRS. HICKS

Mrs. Elmira Hicks departed this life at her home, 1534 Oak street, Sunday evening, July 1, aged 49 years. The deceased had been a patient Christian sufferer for the past six years and death came as a blessed relief to her. She leaves to mourn her departure, her mother, Mrs. Robinsteen, 2 children, Jessie and David Hicks; three sisters, Mrs. E. E. Meyers of San Francisco, Mrs. D. E. Morrissey of Los Angeles, Miss Helen Robinsteen of Los Angeles; three brothers, Elmer J. Robinsteen, Homer Robinsteen and David Robinsteen, all of Los Angeles.

Funeral services will be held at the parlors of the Jewel City Undertaking Company Wednesday, July 4 at 3 p. m. Interment will be at Forest Lawn.

NEW RESIDENTS

Mr. and Mrs. W. E. Rose are newcomers in Glendale and are located at 1436 Milford, having recently come from San Francisco. Mrs. Rose is a former resident of Glendale and owns property here, being better known to Glendale people by her former name, Mrs. Buckholtz.

STATE NEWS

BOARD OF EQUALIZATION WAITS FOR SUPREME COURT DECISION

SACRAMENTO, Cal., July 3.—A supreme court decision is awaited anxiously by the state board of equalization to determine whether the board can exercise discretion under the statutes to exclude the gross receipts of corporations, particularly electric companies, from double taxation.

This question came up when L. E. W. Pioda, tax agent of the gas and electric companies, appeared before the equalization board and requested that the electric companies be exempted from double taxation by the state.

Pioda put up the argument that the electrical companies buy electricity from each other and as each company must re-sell the juice at an advance to clear expenses and make a profit, the state in taxing the gross receipts of the companies, levies a double tax.

For example, if company No. 1 sells juice to company No. 2 at two cents per kilowatt, the two cents is taxed by the state, and if company No. 2 sells to company No. 3 at five cents, the five cents is taxed. Pioda claims that this is double taxation as the two cents is taxed on the first sale of juice and again in the five cents sale, when, he claims, only the additional three cents should be taxed.

By doubly taxing the receipts of the companies, Pioda holds, the companies are forced to raise the price of electricity and the consumer is suffering.

However, when Clyde L. Seavey of the board of control asked Pioda if action by the equalization board in eliminating the double tax would reduce the price of electricity to the consumer, Pioda could not answer beyond stating that a change in rate would be up to the railroad commission.

The board members are of the opinion that double taxation is more a question of equity than of law, but they are in doubt as to whether they can exercise equity in dealing with it.

The supreme court is considering a case in which the point at issue is involved and the board will await this decision before acting on the application of the electric companies to eliminate the double tax.

SACRAMENTO, July 3.—Plans and specifications for the new million dollar state buildings to be erected in San Francisco will be ready for approval by the advisory board in about six weeks, according to State Architect McDougall. The state is anxious to begin the erection of the new buildings as soon as possible.

Plans also are being prepared for the state hospital in southern California, for patients' cottages and administration buildings at the Norwalk state hospital, the two patients' buildings and pathological laboratory at Napa to cost \$90,000, the new bakery, laundry and patients' cottages at Mendocino, two buildings for patients at Agnew and work on the Humboldt State Normal School Buildings, to cost \$230,000.

SAN FRANCISCO, July 3.—Declaring that the lives of women and children would be endangered in a jumble of cars if four car tracks are placed on Market street, merchants of the down town section are preparing to fight the proposal to increase Market street's trackage. The transportation systems propose putting down additional tracks in order to accommodate cars running through the newly completed Twin Peaks tunnel. A lively contest is in prospect.

BERKELEY, Cal., July 3.—War has changed the preferences of the studiously inclined from Greek, Latin, history and the academic subjects to dietetics, food conservation, first aid, home nursing, cooking and sewing. That is the word which goes forth from the University of California summer session. The hundreds of students attending the summer school this year are turning their attention to the immediately useful and allowing their education in the less practical—albeit commendable—subjects, to await the day when their country has less need for practical talents. But the change in the preference for courses is about the only change noticeable. The attendance is practically as heavy as ever and throughout the coming week additional enrollments are expected to swell the present figures noticeably.

WANT WAR COMMENT IN ENGLISH

AMERICAN LEAGUE FOR NATIONAL UNITY URGES GOVERNMENT CONTROL OF FOREIGN LANGUAGE PAPERS

(Special Service to Glendale Evening News)

WASHINGTON, July 3.—Foreigners unacquainted with the English language will be deprived of newspaper reading as a wartime diversion if the recommendation that foreign language newspapers be compelled to print in English all editorial expressions and news bearing on this government's foreign policies is adopted by the government as a war measure. The American League for National Unity, which is fostering the move, urges Federal legislation to enforce such a ruling and, if necessary, governmental control of all foreign language papers. The league charges that most foreign language newspapers disseminate news giving "secret aid and comfort to the enemy" and at the same time "only lukewarm support to the administration."

RUSSIANS CONTINUE BRILLIANT ADVANCE

WAR MINISTER KERENSKY RIDES TO FRONT LINE TRENCHES AND DIRECTS ATTACK

(Special Service to Glendale Evening News)

PETROGARD, July 3.—Sixty-three hundred prisoners, 21 guns and 6 machine guns were the results of the continued big Russian offensive. This makes 17,000 prisoners taken by the Russians since the beginning of the drive undertaken by the new democracy. The brilliant Russian advance was led by War Minister Kerensky in person, who rode to the front line trenches and gave the order to advance. Minister Kerensky says: "Whatever may happen, this puts an end to all slanderous attacks against the democratic Russian army."

INCOMES TO BE TAXED

POOR MAN IS HIT TOO HEAVILY IN PROPORTION TO WEALTHY IN WAR REVENUE PLAN IS CHARGE

(Special Service to Glendale Evening News)

WASHINGTON, July 3.—War wealth incomes, drinks and "smokes" will carry the bulk of the first great war tax. Incomes as low as \$1000 a year for unmarried men and \$2000 for married men will be taxed to raise a part of the \$1,800,000,000 revenue bill. Some senators insist that the rich and the men of big incomes have been tapped too lightly while the purses of the poor and the men of moderate means had been hit too heavily in proportion.

Senator LaFollette has a minority report which would raise the entire revenue, hitting excess profits to the extent of one billion and swollen incomes \$500,000,000. The balance would be raised by internal revenue taxes.

RACE RIOTING CONTINUES

DISTURBANCES BREAK OUT AFRESH THIS AFTERNOON WHEN THREE NEGROES ARE SHOT DOWN

(Special Service to Glendale Evening News)

EAST ST. LOUIS, Ill., July 3.—Race rioting, which reached such a high pitch here yesterday and last night, was renewed this afternoon when a small mob shot three negroes and set fire to several houses. The militia was rushed to the scene but the mob had fled. Governor Lowden has given General Dixon, who is in charge of the military organization of the state, power to take drastic action. Five hundred ringleaders of the mob are under arrest and work of Grand Jury investigations begins this afternoon. The mob leaders will be prosecuted without mercy.

AMERICAN BATTALION IN PARIS

PERSHING'S FORCES TO BE REPRESENTED AT BIG INDEPENDENCE DAY CELEBRATION TO-MORROW

(Special Service to Glendale Evening News)

PARIS, July 3.—A battalion of American troops, representing Pershing's forces, arrived in Paris this morning to participate in the big Independence Day celebration to be observed by Parisians to-morrow. The "Sammies" will naturally be the center of attraction in Paris to-morrow.

SINK AND CAPTURE SUBMARINES

AMERICAN AND BRITISH WAR SHIPS ARE SUCCESSFUL IN ENGAGEMENTS WITH GERMAN U-BOATS

(Special Service to Glendale Evening News)

WASHINGTON, July 3.—One German submarine was sunk and one was captured by American and British war vessels last week. The captured U-boat was taken to a British port. There are no details of the engagements.

WILL CELEBRATE 4TH

GLENDALÉ PEOPLE WILL OBSERVE INDEPENDENCE DAY IN VARIOUS WAYS

Glendale will generally observe the Nation's birthday and many picnics and trips are planned. No doubt there will be a general exodus from town, but those remaining will find an interesting program, athletic sports, etc., at the Pacific avenue playground.

Mr. and Mrs. Frank Campbell and son Gordon, Mr. and Mrs. Henry Watson, Mr. and Mrs. A. D. Hartley, Mr. and Mrs. A. T. Varney and Mr. and Mrs. L. Andrews will picnic in Eagle Rock Park.

Mr. and Mrs. C. D. Lusby, Dr. Ralph W. Lusby and Miss Margaret Lusby, Dr. C. R. Lusby and family, H. A. Wilson and family, all will spend the day at Santa Monica.

Mr. and Mrs. Jno. P. Lampert of 306 West Fifth street, accompanied by Mrs. Lampert's father, mother and brother, Mr. and Mrs. Chas. Casselman and William C. Casselman, 1551 West Seventh street, will spend the Fourth at the beaches.

Mr. and Mrs. Ed M. Lee and family and their guest, Mrs. Miltonberger, and child will spend the Fourth at their cottage at Santa Monica, leaving this evening.

Mr. Arthur G. Lindley and family will join the Good Templars at Brookside Park.

Miss Austin of the First National Bank force will spend the day in Eagle Rock Park.

Mr. and Mrs. W. E. Evans and daughter will be at Hermosa Beach.

Mr. and Mrs. Peggy E. Maxwell of 293 North Kenwood street will spend the day at Seal Beach. Mrs. Maxwell states emphatically that they are going there to fish.

Mr. and Mrs. S. C. Maranville and family will spend the day with Mr. Maranville's parents, Mr. and Mrs. L. D. Maranville, La Crescenta.

Mr. and Mrs. H. G. MacBain will spend the day with Mrs. MacBain's parents, Mr. and Mrs. J. W. Wulff, 4287 Hilldale avenue, Los Angeles.

Miss Ruth Pierce, Miss Marie Schwarz, Mr. B. Deverau of Pasadena and Mr. Paul Pierce will spend the day at Long Beach.

YOUNG MEN, ENLIST IN BATTERY F

Recruits are wanted for Battery F, Field Artillery. Friday of this week is the last day for enlistment in this service and the last chance young men will have to choose the branch of service with which they may be identified. This is a good opening. The pay is good and the service is mounted. Cooks, musicians and mechanics are wanted for the field artillery, as well as fighting men.

Captain Powell has received word to muster in this battery by July 7 and it is hoped Battery F may be recruited to its full strength at the appointed time. Physical and medical examinations are held daily at the recruiting station, 515 Van Nuys Bldg., Seventh and Spring streets, Los Angeles. Young men wishing to join Battery F may receive further particulars by applying at the recruiting station or if their names are left at the Glendale News office they will be forwarded to Capt. Powell.

NOT A GERMAN PLOT

Just as the secretary of the G. C. C. was about starting to the News office to deliver manuscript, he noted a lithe, active male form swiftly and furtively place a suspicious looking box in the cedar tree can at the Chamber of Commerce door and rush wildly away. Without waiting to call the police, or even given time for visions of exploding bombs to deter him, the secretary charged double quick for that German bomb. But too late, the small boy who had placed it there, beat him to it and ran on down the street with his lithe open paper box of 4th of July crackers and Roman candles.

RED CROSS—IMPORTANT

Mrs. W. E. Evans reported at the meeting of the Executive Committee last night, that committee on Hospital Garments and Supplies will have a free public display of their work at the Intermediate School, 3rd street, Glendale, (opposite the new Methodist church) Thursday July 5th, between 3 and 5 p. m. At same time and place will be displayed comfort bags, tin foil, knitting and ambulance pillows under supervision of the respective committee heads, Mrs. A. M. Beamon, Mrs. Harry Duffield, Mrs. George Carter and Miss Maybelle Douglas. Public invited.

CURRENT HAPPENINGS

ANNOUNCEMENT LUNCHEON—ANNUAL S. S. PICNIC—GLENDALÉ RED CROSS

At a charming little luncheon given Monday, July 2nd, announcement was made of the betrothal of two well-known young people of Glendale, Miss Helen O. Wright and Harold Salisbury. This delightful affair was given by Miss Dorothy Lee at her home, 103 Belmont street. Daisies used as the decoration, gave the keynote of the color scheme of white and yellow, which was carried out most artistically in all the decorations, luncheon courses, and favors. The secret was revealed by the finding of the names on a tiny card with a small bag of rice attached, and the other end of a ribbon was hidden in each candy basket at the different places.

A hint was given, however, by a daisy minus all of its petals but one, lying on a sprig of fern in the center of each napkin.

The afternoon was spent in chatter and music. The wedding will be in the near future. The invited guests were Miss Helen Wright, the charming bride-to-be, the Misses Alice McCoy, Lulu Green, Ruth Pierce, Frances Payne, Catherine Lennox, and Mesdames E. Ballenger, C. R. Lusby, P. Butterfield, H. Webb, all of Glendale, and Miss Elsie Woodruff of Los Angeles, and the hostess, Miss Dorothy Lee. Miss Lee was assisted by her mother, Mrs. Ed. M. Lee.

ANNUAL S. S. PICNIC

The West Glendale M. E. Church Sunday School picnic was held at Eagle Rock Park on Saturday, June 30. Big ones and little ones, boys and girls, Fords and Franklins. All were there.

A big dinner at 12:30, track meet for boys and girls, ball throwing contest for the girls and prizes for each winner in every contest. Boy scout class won an indoor baseball game from the rest of the school.

Ice cream and lemonade in abundance cooled us off.

It was the most enjoyable Sunday School picnic we have had since the one last year. As one of the boys said: "We sure did have a swell time."

GLENDALÉ RED CROSS

By Walt. Le Noir Church, Pub. Com.

Last evening, at No. 205 North Brand boulevard, the home of President John Hyde Braly, the Glendale Red Crossers, the modern, practical Rosicrucians, held one of the most successful meetings yet known in Glendale.

"How so?" Because it was a record of successes of which even Glendale, accustomed to success, may well be proud.

Big as the "cherry" is, we prefer not to take two bites at it. So please await with patience a further record, till Thursday or Friday of this week, when all the statistics can be assembled and Glendaleans be fully informed as to facts worth the best efforts of the best workers in the most beautiful, as well as the most patriotic Home City on earth.

WEST GLENDALE METHODIST

July 1 was a great day for Methodism in West Glendale. It proved the true Americanism of our community.

A forceful sermon was delivered by our pastor, the Reverend C. A. Norcross, at the morning service.

The Epworth League met with the entire congregation in the evening. It presented a patriotic program which was full of good things. Following this service a lecture was given on the life of Abraham Lincoln. Pictures thrown on a screen visualized this wonderful life. It was most interesting.

Our Sunday School gave its special offering to the Red Cross at the 9:45 session. Mr. J. P. Hilbert gave us a thoughtful talk upon "What the Red Cross Is." He also read Pres. Woodrow Wilson's letter to the Sunday Schools of America.

SATURDAY EVENING PROGRAM

The City of Glendale is certainly very fortunate in having such a "Band" as is hers. Many large cities have not one so good.

The Saturday evenings are highly entertaining, made so by the high class of music rendered by the local Band.

They never did better than on last Saturday eve. The music of the evening in the patriotic program was a real success.

REV. C. R. NORTON.

GLENDALE, CALIFORNIA, TUESDAY, JULY 3, 1917

DECLARATION OF INDEPENDENCE

IN CONGRESS, JULY 4, 1776.

THE UNANIMOUS DECLARATION OF THE THIRTEEN UNITED STATES OF AMERICA

When in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.

That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed

That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.

Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

He has refused his Assent to Laws, the most wholesome and necessary for the public good.

He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative powers, incapable of Annihilation, have returned to the People at large for their exercise, the State remaining in the meantime exposed to all the dangers of invasion from without, and convulsions within.

He has endeavoured to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migration hither, and raising the conditions of new Appropriations of Lands.

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers.

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of New Offices, and sent hither swarms of Officers to harrass our people, and eat out their substance.

He has kept among us in times of peace, Standing Armies without the Consent of our legislatures.

He has affected to render the Military independent of and superior to the Civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended Legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States:

For cutting off our Trade with all parts of the world:

For imposing Taxes on us without our Consent:
For depriving us in many cases of the benefits of Trial by jury:
For transporting us beyond Seas to be tried for pretended offences:

For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule to these Colonies:

For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments:

For suspending our own Legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated Government here, by declaring us out of his Protection and waging War against us.

He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people.

He is at this time transporting large Armies of foreign Mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of Cruelty and perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation.

He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands.

He has excited domestic insurrections amongst us, and has endeavoured to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions.

In every stage of these Oppressions we have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince, whose character, is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people. Nor have we been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends.

We, therefore, the Representatives of the United States of America, in General Congress, assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States; they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do.

And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

TAKE AN INVENTORY OF THE CONDITION OF THINGS

At this particular time it is in place that the people of the civilized world take time to make a hurried inventory of the condition of governmental affairs. Conditions are unusual. In Germany the war spirit prevails in the head of the government, when possibly the mass of the people would declare against war, providing they were given a right to speak the truth. It would then seem that the head of the German nation is the direct cause of the existence of war in Europe.

It seems unreasonable that two or three rulers can so conduct affairs that millions of men are forced into war. People of an intelligent nation are forced to meet people of another intelligent nation on the battle ground, and there shoot one another down just because a ruler who is hungry for conquest of territory and glory declares war.

Our Reputation

for good work, is a satisfaction, both to our customers and ourselves. It is a satisfaction to us to have our customers tell us that when they send their garments to us, to be cleaned and pressed they know that it will be done in a satisfactory manner.

If you are not already a customer of ours you should know the satisfaction of having your work done here.

BIG PROGRAM PLANNED FOR LEAGUE INSTITUTE

The eighth annual Epworth League Institute of the Southern California Conference, which is to be held at the Huntington Beach camp grounds July 16th to 23rd, promises to be a record breaker.

The complete program is just off the press and has been sent to every Epworth League chapter in Southern California. It is far superior to any previous program. The number of classes has been increased until they cover the entire field of League activities, including two classes in Bible Study, two in Mission Study, one each in Social Service, Personal Evangelism, Recreation and Culture, First Department work, Junior League, Christian Stewardship, Rural Church and Community Life and Epworth League Ideals.

The various committees composed of the leading Epworth Leaguers of Southern California have many new features to present for this year. The dining room is to be conducted by a committee of Epworth Leaguers. It is to be run without profit and will therefore have a most reasonable rate for the week.

Many social features are being planned to accompany the meals. There will be keen rivalry for choice assignments at the tables and these are to be made by the committee, those registering first getting their choice.

The sports committee is planning for match games in tennis, baseball, volley ball and basketball, also cross country hikes, water polo and other water sports. The social committee has an "hour of fun" planned for each evening of the institute. This will be followed by lectures by Dr. Gray, Dr. Kimball, Dr. Dysinger and others. A musical program will occupy one evening, a big pageant is planned for another.

Everything possible will be done to make the week both enjoyable and profitable to the crowds of young people who will attend.

WEATHER FORECAST—Fair tonight and Wednesday, except cloudy or foggy along the coast to-night and early Wednesday morning. Northerly winds.

Mr. and Mrs. Jesse A. Goldthwaite, who were married last week, have returned from San Diego, where they spent their honeymoon, and are at home at 338 Orange street.

Mr. and Mrs. H. E. Adams and Miss Leta Adams, who have been the guests of their daughter and sister, Mrs. A. L. Weaver, 235 South Kenwood street, left yesterday for their home in New York. These ladies have been much entertained during their visit in Glendale and have made many friends who regret to see them go. Mrs. Adams and Miss Leta will visit the Yellowstone Park and other points of interest, arriving home about October first.

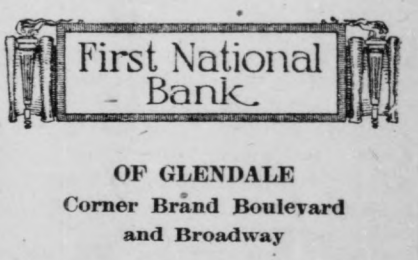

Mind is the beginning of civilization but the ends and fruitage thereof are of the heart.—Alhambra Advocate.

Clerk,
By H. C. LICHTENBERGER,
Deputy.
P. S. McNUTT,
Attorney for Petitioner. 252111

NOTICE

Sealed proposals will be received by the Board of Trustees of the City of Glendale, California, until 7:30 p. m. of Thursday, July 5th, 1917, for three phase electrical power to be furnished to said City to be used in the operation of its electrical distributing system.
Proposal shall state the rate at which power is to be charged for, the proposed point of delivery, and voltage at delivery, the term for which bidder proposes to furnish power at the specified rate, and any other information that will assist the Board of Trustees in determining its action.
The Board reserves the right to reject any or all bids.
By order of the Board of Trustees.
J. C. SHERER,
City Clerk.
Dated June 25, 1917. 25618

Personals

Mr. and Mrs. Lewis Nunn, 1417 Hawthorne street, left Saturday for a trip to the Yosemite Valley.
Mr. and Mrs. E. U. Emery will return this evening from Catalina, where they spent the week's end.
Harold Jurgeson of Pasadena is visiting Herbert and Carl Garbers at their home, 884 Damasco court.
Dr. H. R. Harrower and family left this morning on a motor trip to La Jolla, where they will enjoy a week's outing.
Mr. and Mrs. M. P. Harrison and daughter, Miss Inez, are enjoying the beauties of Yosemite Valley. They made the trip by auto last week.

L. C. Brand, who is spending a few days at his beautiful home on Kenneth road, will soon go to Brand Lodge, Leevring Creek, for the summer.

Miss Margaret Le Com, 1427 Oak street, spent Sunday at the beach. She was accompanied by her uncle and aunt, Mr. and Mr. B. T. Levy, Los Angeles.

Mr. and Mrs. C. O. Pulliam made a flying trip to Fresno over Sunday. Mr. and Mrs. Gus Pulliam stayed with Miss Emma Pulliam during their absence.

Mrs. E. C. Frank and Mr. Harrison W. Frank of Eagle Rock Road spent Sunday at Balboa. Miss Alice Frank was a guest of friends at dinner at the Alexandria, later motoring to Venice.

Dr. F. B. Gonzalez and family leave about July 14th for the Yosemite Valley and Lake Tahoe, returning by way of San Francisco and the coast route. The trip will occupy about three weeks.

Mrs. Geo. Hastings, 209 North Maryland, was hostess at an informal little luncheon on Friday last. Those entertained were Miss Esther McGee, Miss Gertrude McGee and Miss Gladys Mattison, all of Los Angeles.

Miss Helen M. Darsie, who is a former teacher in Glendale High School, visited Glendale yesterday after an absence in the east of over a year, which was spent in Ohio. She was the guest of Miss Donichy, who has been ill. Miss Darsie is returning to her home in Santa Ana.

Miss Gladys Lampert, who is spending the summer at Camp Eureka, Pine Knot P. O., in the Big Bear Lake region, writes that the fishing for the past three weeks has been very good. Fish are biting well and good catches are made. Early in the season considerable disappointment was felt by visitors, as the finny tribe was very shy.

A celebration which is largely in the nature of a family reunion will be held at Hermosa Beach to-morrow, when Mr. and Mrs. Dan Campbell and family and Mr. and Mrs. Arthur Campbell and family will join their parents, Mr. and Mrs. Daniel McPeak of Los Angeles and other members of the family in a picnic to be held at Hermosa Beach. Saturday Mrs. Dan Campbell and children, Daniel, Arthur and Kathleen, will leave for Coronado, where they will spend two months. Mr. Campbell will join them as often as business permits.

The Hospital Garment and Supply Committee of the Glendale Red Cross cordially invite the public to a display of finished garments to be held in the sewing room of the Third street school, Thursday afternoon, July 5th, from 3 to 5 o'clock. There will be no charge for admittance and no collection.
MRS. W. E. EVANS,
Chairman Hospital Garment and Supply Committee.

Miss Marjorie Ainsworth of Orange was the week-end guest of Miss Jennie Lacy, 135 South Kenwood street. In honor of her guest, Miss Jennie planned a "wienie roast" in Griffith Park, and a jolly party, chaperoned by Mrs. R. Lacy, wended their way to that popular resort last Saturday evening and indulged in that equally popular pastime. The moonlight picnic was enjoyed by the Misses Ruth Pierce, Helena Schwarz, Marie Schwarz, Jennie Lacy, Marjorie Ainsworth and Mr. M. Francey.

Mr. and Mrs. Warren Roberts of 707 West Seventh street and Mrs. Roberts' parents, Mr. and Mrs. C. S. Archer, 621 W. Seventh street, returned last evening from Bear Valley, where they enjoyed a most delightful outing. Mrs. Roberts reports her catch of eight fish of goodly size on Friday. Tuesday Mr. and Mrs. Archer, Mr. and Mrs. Roberts and Mr. and Mrs. George Scott of Los Angeles will go to Long Beach, where they will visit with relatives, Mr. and Mrs. John Parmenter.

Little Evalyn Meeker, daughter of Mr. and Mrs. R. W. Meeker, 300 East Colorado boulevard, celebrated her eighth birthday in a most patriotic manner one day last week. Happening as it does so near the "Glorious Fourth," the decorations, flowers and table favors were carried out in the red, white and blue. Numerous flags spelled patriotism, while tiny Japanese dolls, dressed in the colors, were the favors which each happy child carried home.
Those helping Evalyn celebrate were Dorothy Page, Rebecca Brant, Pattie Corby, Nellie Jepson, Leslie McClain and Mildred Meeker.

CELEBRATION IN GLENDALE

The Pacific Avenue Playground committee extends an invitation to all to attend the formal opening of the playgrounds for the season which will be in the nature of a Fourth of July celebration at the playgrounds at 3 o'clock to-morrow afternoon. A splendid program of addresses and music has been prepared, and this will be followed by athletic events for both boys and girls, for which prizes have been provided. Lemonade will be served free and there will be ice cream for sale on the grounds. This promises to be not only a safe and sane but a perfectly enjoyable celebration.

NO PAPER TO-MORROW

To-morrow, Wednesday, being a legal holiday, no Evening News will be published on that date.

DECLARATION OF INDEPENDENCE

On page two of this issue of the Evening News is published the words of the Declaration of Independence. This is a very appropriate time to read carefully the contents of this very important message. Preserve the copy; you may wish to refer to it at some future time.

HORSESHOE CLUB NOTES

Business on the home grounds has been rather slow a few weeks, the hot weather taking the usual enthusiasm out of the pitchers; also some have gone on vacation trips.

J. L. Denney has gone east to visit his old home in Missouri. J. D. Porter recently returned from a 10-day auto trip to Yosemite Valley and reports a great outing, only it took all of his potato money to make it. G. W. Croy was on the grounds a short time one day last week. He is just out of a Frisco hospital after a six weeks' stay on account of a bad case of rheumatism.

Smith seems somewhat stuck up over his private chair on the grounds and thinks some one should furnish him with a sunshade for it.

One day last week three teams from the Pasadena club made us an unexpected visit for 30 games and made our president, Mr. Blatchly, hustle some to get three teams assembled for the occasion, but he succeeded. The results follows:
Glendale: Games Won, 18; Points Made, 540; Ringers Scored, 324.
Pasadena: Games, 12; Points, 440; Ringers, 294.

Pettit made the high score for ringers in 2 series, 66. Hall was high man in single series, ringing the peg 43 times. Hall weighs about 10 pounds more than he did before the game. (Swelled.)
NICOLES.

NOTICE CALLING FOR BIDS

Notice is hereby given to whom it may concern that in accordance with the provisions of the Political Code of the State of California, Section 1617, twentieth, lists of work to be done for and materials or supplies to be furnished to the Glendale City School District will be on file in the office of the district at the Third Street School on and after the first Thursday of each calendar month, from July 1, 1917, to July 1, 1918, and you are hereby invited to secure these lists and submit bids upon same. These lists will describe work to be done and quantities and kinds of materials and supplies to be furnished and time of delivery of same.
The bids will be received in said office at the Third Street School up to 12 o'clock noon on the day they are to be opened, and will be opened at the regular meeting of the Board in said office at 3 p. m., on the second Thursday of each calendar month. The Board reserves the right to reject any or all bids.
BOARD OF TRUSTEES,
Glendale City School District.
26212Tues

MISS WAITE GOES NORTH

Miss Ida M. Waite, principal of the Colorado boulevard school, leaves to-night for San Francisco, where she will spend the Fourth. Miss Waite will then go on to Portland, where she will be in attendance at the sessions of the National Educational Association. After spending some time at Lake Chelan, Miss Waite will visit her sister, Mrs. Tonk, at Caspers, Washington. Mrs. Tonk was a charming visitor in Glendale several years ago and was much entertained. Miss Waite will return in time for the fall opening of school. Her many friends wish her a safe trip and an enjoyable time.

PERSONALITIES IN CHINA'S NEW PARLIAMENT.

On the whole both houses of China's new Parliament are making excellent records in constructive legislation. Time is shaking them down to their work—and they are very fortunate in their leaders.

Among other leaders China's Parliament has trained for the public service—and who are a decided credit to that opportunity—are Chang Chi, the youthful president of the Senate, educated in France, and, though a northerner, a radical of the radicals and an old-time friend of Jaures, the late leader of French Socialism; Tsak Hwalung, who rose to be Speaker of the House naturally from presiding over the ablest of all the provincial assemblies, that of Hupeh, and who has also been Minister of Education; Wang Chia-hsiang, the Chekiang man who has recently been presiding over the Senate, and who combines the zeal of a reformer with the capacity of one of the best police administrators in China; and many others too numerous to refer to here, except to say that there are at least half a dozen of them, of as diverse training and abilities as those I have mentioned, who would be able to make a name for themselves in any legislative body in the world.—Exchange.

WORK WAY THROUGH COLLEGE.

Carl Brown, in charge of the employment bureau of the Y.M.C.A. at the University of Oklahoma, said the other day: "Any boy who has a little money to go on, good health, and the right kind of stuff in him, can get an education at the University of Oklahoma." Mr. Brown is a student who spends all his time outside of study hours aiding students and jobs to get connected. Although the university city is purely a residence town, with no factories in which work may be obtained, students find plenty of employment in boarding houses, offices and so forth, where everything from stenographic work to washing dishes is done by young men and women who are making their expenses in school. Practically every leader in this State school is either entirely or partly self-sustaining. The boys and girls who work their way through college are nearly always successful in their practical callings after their graduate. The lesson of self-sustenance is learned early and for good.

PNEUMATIC TELESCOPE TOWER.

R. W. Dean of Desplaines, Ill., has invented what he calls a "pneumatic telescope tower" for the use of army wireless field sets. The tower, which is 100 feet high, is made up of tight-fitting sections of thin, light steel tubing and is mounted on an army motor truck. Each section of the tower is made airtight by means of leather washers. In the bottom of the truck are an air pump connected to the engine of the truck and a large compressed air tank, which is connected to the base of the hollow tube by an air hose and check valve. Jacks on the base can push the tower into position almost instantaneously, and then the air is turned on. It is shot to its full height by a pressure of twenty-five pounds to the square inch. By opening the air valve the tower will drop back to its shortest length, and can be easily moved to another position. Mr. Dean has presented his invention to the War Department.—The Classmate.

A plucky Massachusetts boy is actually growing his education. At the end of his grammar school course he took the savings he had accumulated from a paper route and invested the money in young peach trees which he set out on a sunny hillside. The orchard thrived and the first crop is going to pay a considerable part of his freshman year expenses. He prepared his orchard according to instructions received from the Department of Agriculture, which takes a paternal interest in all young farmers. One of his classmates in high school made \$50 from his lettuce bed, while a small 10-year-old girl, who had no ground of her own, planted a Japanese cucumber in a big flower pot. The vine grew ten feet high and her neighbors soon learned where to come for fresh cucumbers.

RUBBER.

The total production of rubber in the world last year was one hundred and fifty thousand tons. Brazil contributed thirty-five thousand tons.

The man who wastes his time doesn't seem to realize that he will need it all before he dies.

POLITENESS PAYS.

We are too apt to regard politeness as a mere veneer. The pleasant smile, the spirit of helpfulness, the ready sacrifice, are not of the exterior alone.

A good manner, like the good nature that is a part of it, is not a thing to be thrown on and off with a dress coat or a fine gown. It is of the man or woman, as the aroma is of the rose.

The polite man is at a tremendous advantage. He can win favor and fortune under circumstances where the loose-mannered and slovenly-spirited is left to grumble in failure. It is not altogether because of the surface politeness; it is chiefly because of the sterling character that lies back of it and gives it force and effect.

Politeness is good capital in any business. A Cleveland street car conductor has proved it so, and so has every other man who ever made good manners a permanent part of his equipment. This conductor gave a little better service than he was supposed to be paid for. He was careful of the safety and comfort of the children, the women, the old men and the cripples who rode on his car. He met querulous complaints with pleasant smiles and kindly words. He collected no more fares for the company than any other conductor; he was no more efficient and faithful in other respects, perhaps, than hundreds of his fellows. But, somehow, that one advantage was sufficient to distinguish him above others. He came to be selected for special runs where courtesy was of particular importance. And now he has been made a claim adjuster, and his politeness is at a heavy premium. His kindness to others was unconscious kindness to himself.

Politeness pays. It attracts friends and good fortune. It is a well spring of good wishes. It creates about a man an atmosphere in which "luck" likes to linger.

INVENTIVE GENIUS.

Inventive genius is running amuck in this country. Something ought to be done to stop it. If you don't believe it, look what it's done to our lead pencils. Time was when a lead pencil was just a plain, unassuming writing utensil that started at one end and ended at the other. When it wore its nose out doing its duty you gave it a few slices with a knife and it was ready for work again. It was so simple a child could manipulate it. Inventive genius has put an end, and a lot of other unnecessary things, to the simple lead pencil. The lead pencil today is as difficult to understand as a time table. Not only must we buy it, but we must learn to use it. We must figure out whether it unfolds, works with a spring, is run by a lever, or has a secret combination. That's what untrammeled inventive genius has done for us.—Plainfield (N. J.) Courier-News.

THE NEW DIME'S DESIGNER.

The new dime was designed by Adolph Alexander Weinman, who came to this country from Germany when a youth and studied art at Cooper Institute, New York City. Later he worked in the studios of Saint Gaudens, Martini, Olin, and French. For the last fifteen years he has been practicing his profession. He has executed commissions for individuals and communities. He designed the Lincoln Memorial at Hodgenville, Ky., and at Madison, Wis., and the Lincoln statue in the capitol at Frankfort, Ky. Much of the sculpture on the Municipal Building in New York was designed by him.

THE FOOT AND MOUTH DISEASE.

The United States Department of Agriculture announces that the foot and mouth disease has been eradicated. The cost of doing this has been about \$15,000,000. Cattle, swine, sheep and goats worth \$5,865,720 were destroyed. The disease first appeared in Michigan in 1914. It spread to twenty-two States and the District of Columbia.

THE FIRST SAVINGS BANK IN AMERICA.

The Philadelphia Savings Fund Society and the Provident Institution of Savings in the town of Boston, the two oldest savings banks in America, completed a century of business last December. The 1916 report of the Comptroller of the Currency shows 1884 savings banks in the United States, with 11,148,392 depositors, and deposits of \$4,697,234,249.96.

LEPROSY IN THE UNITED STATES.

A bill has been passed by Congress and signed by the President appropriating two hundred and fifty thousand dollars for a national "leprosarium." There are known to be one hundred and forty-six cases of leprosy in this country. The leprosarium provides for the care of persons afflicted with leprosy, and protects the public.

ADAMANTINE REMINDERS

Young Wife—What do you think of my biscuit? Tramp—Lady, they interest me strangely. I used to be a geologist.—Philadelphia Bulletin.

APPLE JELLY

Peel and core clean and spotless apples. Slice your apples into small pieces; cover with water 1 inch to top of apples, cook into apple sauce, sweeten to taste and set on the ice to cool. Take peelings and cores, barely cover with water. Boil until they are soft, then pour into jelly bag to drip. To each pint of juice add 1 lb. of sugar, boil until it jellies, then pour into glasses.

It only makes a few glasses, but jelly is best made in small quantities, while this is the most convenient way to use apples.

MRS. ISAAC PEARSON.

THREE WORDS

There are three words, the sweetest words
In all of human speech;
More sweet than are all songs of birds,
Or pages poets preach.

This life may be a vale of stars,
A sad and dreary thing;
Three words, and trouble disappears,
And birds begin to sing.

Three words, and all the roses bloom,
The sun begins to shine;
Three words will dissipate the gloom,
And water turns to wine.

Three words will cheer the saddest days,—
"I love you?" Wrong, by heck!
It is another, sweeter phrase:
"ENCLOSED FIND CHECK!"
—Redondo Reflex.

MISSED THE BIG NEWS

An editor of the far west dropped into church for the first time in many years. The minister was in the very heart of the sermon. The editor listened for a while, and then rushed to his office.

"What are you fellows doing? How about the news from the seat of war?"

"What news?"
"Why, all this about the Egyptian army being drowned in the Red sea. The minister up at the church knows all about it, and you have not a word of it in our latest. Bustle 'round, you fellows, and get out an extra-special edition."—Redondo Reflex.

A START TOWARD SUCCESS.

In Kiron, Iowa, there are ten young men who have made a compact to lay aside \$5 out of each week's wages, for one year. In order to do this, they will need to practice some economy, but at the end of the year they will have \$260 each. If wisely invested, this will earn for them the equivalent of a week's wage.

In the daily routine of life you ask of those with whom you come in contact both honesty and fairness of treatment.

More so, than ever, do you need such help during the sorrows of bereavement. Then, as at no other time, you ask and have a right to expect conscientious service—the kind "you" yourself would give were you able to do so.

You ask and expect an impressive service, free of needless expense, yet fitting the occasion.

In using Scovern-Letton-Frey Co. service either in our mortuary, at the church or in your own home, you will find all these requirements met—quietly, restfully and in good taste.

THE COUNTRY EDITOR

He might have been a millionaire,
And won financial fame,
Or sat in a director's chair,
Had money been his aim;
He chose instead to spend his years
In service poorly paid,
And with the paste pot and the shears
A humble living made.

He chronicled the town's events—
The local goings-on;
His fellow townsmen's hopes and bents
Inspired his lexicon.
He felt the public pulse that beat
Around him, and he tried
To make his little country sheet
A thing of local pride.

Unselfishly, with all his heart,
He strove but to upbuild
His town, of which he was a part.
With great ambition filled,
He spoke well of his fellow men;
He praised when praise was due;
He wielded but a kindly pen,
And—no reward he drew.
—Editor and Publisher.

CHILD LABOR.

There are eighty-nine thousand, five hundred children under 16 years of age in the United States who are working as domestic servants, over one million children under 16 are listed as farm laborers, fifteen hundred are classed as hostlers and stablemen. Two thousand children of 14 and 15 years of age are working on steam railroads, and there are

thousands of newsboys, messengers, errand boys and cash girls.

The Federal government protects children in mills, factories, canneries, work shops, mines, quarries, those engaged in producing goods for interstate commerce, but there are many barred from Federal protection. It is estimated that there are one million, eight hundred and fifty thousand children in occupations having no connection with interstate commerce.

Many a man who is afraid of a jackrabbit by moonlight thinks he was cut out for a lion slayer.

During the year 1916 exports from the Philippines amounted to nearly seventy million dollars. Hemp, sugar, and tobacco are among the main exports.
