

GRAND VIEW DISTRICT

IT IS KEEPING PACE WITH MAIN CITY IN MARCH OF PROGRESS

The Grand View District, annexed to Glendale a little more than a year ago, is showing vigorous growth. The soil there is a rich black loam and it is being turned over just now by ranchers for early crops. A few large vegetable gardens are already in full production and a ten-acre tract at the corner of Grand View Avenue and San Fernando Road is being fitted up for flower culture by its Italian owner, with long trellises and scores of flower beds. F. C. Ayers is equipping with modern houses and up-to-date facilities a six-acre poultry ranch on Tenth Street, just west of Grand View Avenue, which represents an outlay for land and buildings of more than \$15,000. L. L. Craig's new residence on Fourth Street is nearing completion. Three employes of the Moreland Truck Co., Burbank, have bought lots and will start building at once. The residents of this district are, almost to a man, well satisfied with being a part of prosperous Glendale, and their treatment by the city since annexation.

BIG FAMILY GATHERING

Mrs. Arthur C. Brown of 201 W. Milford Street was hostess last Sunday at a big family gathering of 12 relatives, nearly all of whom were her cousins. Some of them she had not seen for twenty-five years. She is convinced that California is like heaven in at least one respect—that most people get there eventually. In honor of the occasion her house was decorated with early blue lupins in combination with pink carnations, a French scheme which worked out beautifully and was greatly admired. Her guest list included: Mrs. Arthur Wellman from Madison, Wis., John Buchmaster from Stuart, Ia., Mr. and Mrs. Ed Burton from Kearney, Nebr., Mr. and Mrs. Joseph Buchmaster from Yorba Linda, Mr. and Mrs. T. H. Buchmaster from Whittier, Mr. and Mrs. H. E. Bassett and son, Harry, from Pasadena, Harry having recently arrived from overseas; Miss Esther Bassett from Whittier and Mr. and Mrs. Imds from Los Angeles.

VIOLET LUNCHEON

Mrs. W. A. Greer, formerly of Fort Worth, Texas, but now residing in Denver, Colorado, who is the friend and house guest of Mrs. Harry Spalding, was guest of honor at a little luncheon of several courses given by Mrs. E. D. Yard of North Maryland Avenue on Wednesday. Other guests were Mrs. Harry Spalding, Mrs. Ray Phillips, Mrs. Minnie Patterson, Miss Minnie Scott, Mrs. George Isaac. Violets were lavishly used both to center the table and to carpet the cloth. Following the luncheon a pleasant social afternoon was spent by the ladies over their needlework.

ELGIN, ILL., PICNIC

The Elgin, Ill., picnic will take place next Saturday at Exposition Park in Los Angeles. It will be an all-day affair with a basket luncheon at noon.

"BLIND HUSBANDS"

FRANCELLA BILLINGTON AN ACCEPTABLE HEROINE IN THE THRILLING DRAMA

Excellent audiences assembled at the Palace Grand Theatre Tuesday and Wednesday to see the film play, "Blind Husbands," in which the Glendale girl, Francella Billington, was starred as the heroine. It is a big production and contains some very beautiful out of door scenes. The climax of the story is reached in the supposed ascent by the hero and the villain of the pinnacle of the Dolomites and the revelation on the summit of the villainy of the villain. It is a thrilling part of the drama which is in some scenes quite unpleasant. There were suggestions of the Yosemite and of half-dome as the scene of the ascent, making spectators wonder if it were filmed there. Miss Billington was very satisfactory as the wavering wife who after all loves her husband and is true to him. The fact that the villain was made to appear a German lieutenant made his villainy entirely plausible.

LEADERS OF YOUTH

PROF. HEAD OF OCCIDENTAL COLLEGE MAKES VALUABLE SUGGESTIONS TO TEACHERS

A fair audience assembled for the third of the series of fine talks which are being made by Prof. Head at the Congregational Church Wednesday evenings. Because they are so valuable to all who have the responsibilities of guiding boys and girls through the period of adolescence, a vote was taken by those present to invite as many of their friends as possible to the next lecture. The talk was followed by a splendid and dramatic recital of the story of Joseph and his brethren.

Professor Head has very same ideas in regard to boys, a good understanding of and close sympathy with them. It is evident he has not forgotten his own outlook on life at that age. This adolescent period in boys, he said, is a period of idealism and hero worship which follows an earlier period in which they are naturally selfish and self-centered. He declared it is almost impossible to get boys of ten and eleven to do satisfactory team work in athletics because of this selfish disposition which makes each insist upon being captain. But in the later period they get a higher conception and are willing to sacrifice for the glory of the team. Boys then are ruthlessly critical, he declared, and a man has to deserve their confidence and respect before he can secure it. Once forfeited, it is gone forever. He advised the Sunday school teachers that Jesus must be presented to boys as a great ideal, a great figure in history, and if the boy is to become interested in the Bible it must come through the heroic figures in it. He quoted from Eugene Poster, who said: "The teacher of boys must prove his interest in boys first by comradeship and second by real sacrifice." "but," commented Mr. Head, "you must not tell them that you sacrifice yourself. You must earn (Continued on Page 3)

MOTORISTS SHOULD STUDY L. A. PARKING LAW

Glendale motorists will find it profitable to study carefully the new auto parking law adopted Tuesday by the Los Angeles City Council, though announcement was made that enforcement of its provisions would be put off until April 10, in order that motorists of the city and surrounding territory would have time to familiarize themselves with its provisions. The ordinance prohibits any parking of autos in certain congested districts, and prescribes time limits and certain hours for parking in other districts.

WEDNESDAY CLUB

Mrs. G. D. Roach of West Lomita was hostess yesterday to members of the Wednesday Club, an organization of ladies who are very well acquainted and who meet fortnightly for an informal social afternoon of needlework, some times doing philanthropic work when there is need as there was during the war. The ladies who enjoyed Mrs. Roach's hospitality were: Mesdames J. F. Hearnshaw, Frank Muhleman, Alfred Muhleman, William Gibson, Frank Hester, Charles Sanders, Miss Clara Ringert, Mrs. H. A. Reed of Long Beach, and the sister of the hostess, Mrs. W. W. Marsh of Los Angeles, who was a special guest. The usual cafeteria luncheon was served and the afternoon was devoted to fancy work.

OLD FRIENDS ENTERTAINED

Mrs. Sallie Braden of 204 Arden Avenue is today entertaining at luncheon a group of old friends in honor of Mrs. Alice Lyman, who is here from Iowa. She has effectively carried out a yellow color scheme in her table appointments, using acacia bloom for floral decoration. Besides the guest of honor she is entertaining Mrs. Pinkerton of Chicago, Ill., Mrs. Elliott of Los Angeles, and her sister, Mrs. J. C. Fitzgerald of Tejana. The ladies will spend a social afternoon renewing old memories.

INFLUENZA IN GLENDALE

Dr. Raymond E. Chase, the Glendale Health Officer, gives a very cheering report of conditions in this city as regards influenza. He admits there are a few cases, but says none is very serious, and that there have been no deaths from the malady here. Health conditions in other respects are excellent, no other disease being in any degree epidemic.

ORGANIZED LABOR VS. I. W. W.

LINE OF DEMARCATION SHARPLY DRAWN BY JUROR IN BISBEE DEPORTATION CASES

(Special Service to Glendale Evening News)

TOMBSTONE, Ariz., Feb. 5.—Two men who have been temporarily accepted as jurymen in the Bisbee deportation and kidnaping cases, attempted to draw the line between the I. W. W. and organized labor at the opening of today's session of the trial. They were C. K. and William Riggs, brothers. They asked permission to make a statement qualifying their answers made yesterday when they said they had no prejudices against labor organizations.

"If the I. W. W. is classed as a labor organization, then I have prejudices against at least alien labor organizations," C. K. Riggs declared. County Attorney French interposed a challenge but followed it with a declaration that all I. W. W.s will not figure in the case from the prosecution's viewpoint.

"Then I over-rule the challenge," declared Judge F. L. Pattee.

THE GERMAN WAR GUILTY

ALLIED LIST AND NOTE DISPATCHED TO BERLIN BY DIPLOMATIS MESSENGER

(Special Service to Glendale Evening News)

PARIS, Feb. 5.—A second note will soon be dispatched to Berlin demanding that the German government punish Baron Kurt Von Lersner for refusing to transmit the allied list of German war guilty and the accompanying note, it was believed here today. A French diplomatic messenger left on the same train with Baron Von Lersner for Berlin carrying copies of the list and note. Von Lersner announced yesterday that he had resigned as head of the German delegation in Paris.

THE DEMOCRATIC POLICY

SENATOR HITCHCOCK CALLS MEETING OF SENATORS FOR NEXT SATURDAY TO DISCUSS SITUATION

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 5.—Senator Hitchcock has called a meeting of Democratic senators for Saturday morning to discuss the Democratic position on Senator Lodge's motion to call up the peace treaty next Monday.

Hitchcock declined to comment on Viscount Gray's letter and refused to discuss a report that he had received a letter recently from President Wilson in which the president somewhat modified his position on the Lodge reservations.

DROP IN PRICES PREDICTED

LIKELY TO BE BROUGHT ABOUT BY CESSATION OF EUROPEAN PURCHASES IN U. S.

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 5.—"A big drop in prices is only a few weeks away," government officials announced here today, "if the present record low levels in foreign exchange rates continues." England, France and Italy will be forced quickly, it was predicted, to curtail their purchases in American markets. This means a reduction in the volume of American exports and the dumping of goods onto American markets. Bread stuffs, meats and dairy products now are being shipped abroad at the rate of nearly \$4,000,000 a day by American producers, packers and exporters, as shown by government reports. If dumped suddenly onto domestic markets, such a vast quantity of food would quickly force down prices, officials said.

The sudden decrease of European purchases in American markets would have a tendency to close factories, and to throw workmen out of employment, say the officials. Americans, they say, "must be able to slope off gradually" from the present record volume of exportation.

HINT OF POLITICAL COLUSION

FORMER GOVERNOR OF MICHIGAN TO BE CALLED TO STAND IN SENATOR NEWBERRY TRIAL

(Special Service to Glendale Evening News)

GRAND RAPIDS, Mich., Feb. 5.—Sensational developments in the trial of Truman H. Newberry and 134 aides on election fraud charges were expected today with the announcement that the government may call to the stand Charles S. Osborne, former governor of Michigan.

Osborne is expected to tell the reasons for the cancellation of the conference scheduled to take place between himself, Henry Ford, Senator Newberry and William Alden Smith, former senator in New York. The conference was to decide who was to be the republican candidate for senator in 1918.

SECOND BIG DEFICIENCY BILL

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 5.—The House today passed the second 1920 deficiency bill carrying \$88,000,000. Most of this deficiency was expended incidental to the settling of war accounts.

PRETTY PAGEANT

THE UNION OF CHRISTIANITY AND DEMOCRACY SYMBOLIZED AT CHRISTIAN CHURCH

The social department of the Christian Church is rejoicing over the receipt of a belated Christmas gift in the shape of a splendid up-to-date gas range installed Wednesday as the result of the generosity of the men of the church who opened their pocketbooks when the need was made known and told the commissary department to go to it and buy the stove. The old saying that "the way to a man's heart is through his stomach" appears to hold good of the churchly heart, for the Wednesday evening church supper is a great institution in the Christian church. Covers were laid last night for about sixty, and fifty or more were present at the Bible study conducted by the pastor.

At eight o'clock a "Pageant of Democracy" was put on by the Women's Missionary Society, Miss Bertha Jackson as "Miss Democracy," taking the principal role. She first appeared in a monologue which set forth what democracy stands for and then welcomed in turn the nations of the earth, represented by girls and women of the church who marched in slowly to the strains of their respective national airs, as played upon the piano by Miss Laura Wilford Brown. Miss Edith Learned personated Belgium; Miss Martha Ray, France; Mrs. R. P. Jodon, Russia; Miss Lillian Shropshire, Italy; Mrs. Helen McBryde, Portugal; Miss Katherine Weising, Poland; Mrs. H. B. Miller, Syria; Mrs. Alton Smith, Greece; Miss Amelia Weising, England, and Miss Birdie Shropshire, America. All were in national costumes. When ranged on either side of "Miss Democracy," the familiar melody, "Silent Night," was played and then "Christianity," portrayed by Miss Garnet Peters, who was dressed in white and carried uplifted a golden cross, appeared, followed by eight little girls representing winged messengers of Hope, all chanting the words of the song. The girls were: Coress Goldsberry, Lois Wardell, Roma Staub, Lida Eubanks, Ruth and Dorothy Cox, Lois Cole and Dorothy Jodon. "Christianity" was welcomed by "Miss Democracy," and then tableaux were arranged in which all the characters took part, and which were displayed under colored lights. Lemonade and wafers were served by way of refreshment at the close of the pageant.

CHANDLERS SELL HOME

Charles L. Chandler and wife have sold their fine home at 611 North Central Avenue to John Everson, a rancher living on Sixth Street and Grand View Avenue. As announced at the time in the Evening News, Mr. Chandler recently purchased a beautiful homesite of several acres along Canada Boulevard, the grounds of which are already highly improved and will build thereon later.

CLAYTONS HOME FROM EASTERN TRIP

G. E. Clayton and wife arrived at home last night from a three weeks' trip in the East, during which they visited Detroit and Chicago, attending the great auto show in the latter city. They stopped at Grand Canyon on their way home. When they left Chicago Saturday the mercury was down to zero and there was much snow. He said that fully six feet of snow has fallen in Michigan thus far this season and nearly as much in Northern Illinois. Conditions in the auto trade were found to be much the same as in California, Mr. Clayton said, only more so. There is the same scarcity of dwelling houses and the same high rents. Hotel reservations have to be made weeks in advance. He visited nearly every auto factory in Detroit and found nearly every one running three shifts of men, thus putting in 24 hours a day. And with all this speeding up of auto manufacturing, there are three million more cars sold ahead of production right now, he was informed. Scarcity of some kinds of material causes delays, also, and skilled labor enough is hard to obtain. Mr. Clayton says all dealers will have to be content with receiving whatever cars are allotted them, as well-informed men in Detroit and Chicago told him that the manufactories can not possibly catch up with their orders for two years or more.

WEATHER FORECAST: Fair tonight and Thursday. No important change in temperature.

PLAYERS' CLUB

OFFICERS HOLD EXECUTIVE MEETING AND APPOINT COMMITTEES FOR ACTIVE WORK

Tuesday evening at eight o'clock members of the executive committee of the Players' Club met at the home of Mr. and Mrs. D. Lamont Greene at 335 West Doran Street. Present were the president, Mr. Greene; vice president, Miss Nellie Mae Williams; corresponding secretary, Miss Ina Whitaker; recording secretary, David M. Wemyss; treasurer, Miss Gertrude Champlain. Reports were had from the Dramatic Section and from the Music Section. The chairman of both reported interesting plans for the future, which will be announced later. The formation of a Tennis Section was proposed, and a promotion committee was appointed. Plans for the St. Valentine's eve dancing and card party were completed and committees appointed. Mrs. D. Ripley Jackson, assisted by Mrs. R. H. Wells, were named to have charge of punch and refreshments; Miss Nellie Mae Williams was placed at the head of the committee on decoration; D. Ripley Jackson was appointed to head the dance committee, and all the officers were delegated to act as reception committee.

The general committee of arrangements for the party reported that fine music had been secured and that tables for bridge and five hundred will be arranged if desired, also that each guest will be presented with a valentine. On the same evening the poster squad, composed of Alec Badger and Eustace Young, assisted by Mesdames D. Lamont Greene and David Wemyss, met and designed some very clever posters.

JUDGE LOWE HOMELESS FIRST TIME IN 44 YEARS

Judge F. H. Lowe, the sale of whose home at 347 Patterson Avenue was mentioned in Tuesday's Evening News, is homeless for the first time since 1876, he says. He came to California in the Centennial year and bought a home in Pasadena which he owned and occupied continuously until 1913, when he bought the late home on Patterson Avenue, and sold the one in Pasadena. He says he has many times hunted for jack rabbits, cottontails and quail all over what is now Glendale, before any town was dreamed of here, crossing the Arroyo Seco at the point where Devils Gate dam is now nearing completion, ranging up along the La Canada and Montrose region, then down over the present Glendale territory.

KARL LACOM HAS NERVOUS BREAKDOWN

Karl LaCom of 433 West Garfield Avenue is suffering from a very serious nervous breakdown and has been taken to a Los Angeles hospital for treatment. He has been employed for fifteen years by Mr. Scheckler, head of the Packard Agency, who is taking a personal interest in the care of his valued employe. Mr. LaCom was sent to San Francisco a few weeks ago, but the work there was so complicated that it caused the breakdown. His mother, Mrs. Kate LaCom of 347 Oak Street, heard this morning that he was considerably better.

MRS. ANGELICA GIVES LUNCHEON

Mrs. R. D. Angelica of 712 North Maryland Avenue gave a charming two-course luncheon yesterday to eight guests, namely: Mrs. Frank Gorman and Mrs. John Watts of Hollywood and the latter's guest, Miss Crawford of Toronto, Canada; Mrs. Arthur Dibbern and her mother, Mrs. S. K. Dorr; Mrs. John Wakefield West, Mrs. James Appel and Mrs. Erich Augustine, mother of the hostess. The rooms and table were decorated with yellow and white narcissus.

HISTORY STUDENTS

At the period when they are accustomed to assemble for their lesson, High School students in the two history classes which have been taught by Miss E. Maud Soper, were entertained this morning by their instructor with a talk on Japan, of which she can speak from first hand knowledge, the talk being followed by a treat of Japanese cakes and tea. One of the classes has been under her instruction for two years, the other for one year and this was a little farewell spread on her part, as they will no longer be with her next term.

BANDIT DIES AT RECEIVING HOSPITAL

BEFORE EXPIRING CHAS. RILEY OF 'FRISCO DECLARES IT IS HIS FIRST JOB

LOS ANGELES, Feb. 5.—Charles Ryley, aged 32, of San Francisco, died at the Receiving Hospital this morning from a gunshot wound inflicted by Policeman H. L. Barlow. Ryley and a man giving the name of Ray Lawrence, aged 24, also of San Francisco, were alleged to have held up a soldier from the Arcadia Balloon School and both were wounded from Barlow's gun as they were attempting to leave the scene in an automobile said to have been stolen from a taxicab company.

Lawrence is now at the County Hospital where an effort is being made to save his life but he is so badly wounded he is not expected to live. Half an hour before his death, Ryley made the following statement:

"My name is Charles Ryley. I came here five days ago from San Francisco where my mother and two sisters reside. This is my first job. I hate to die. My mother and sisters will be heartbroken."

FINANCIAL PERIL OF U. S.

WASHINGTON, Feb. 5.—Disturbed financial conditions in the United States are inevitable unless the speedy stabilization of exchange rates is brought about, Senator Thomas of Colorado declared today in discussing his plan to have Congress take steps to remedy present monetary conditions.

"Our export trade already has been impaired, and is in danger of destruction," said the senator today. "Impairment of export trade means a lowering of production and that means idle mills and workless men. The only evil worse than great inflation is sudden deflation, and that is what we are facing."

W. C. Willets is remodeling his house at 601 South Adams at an expense of \$500.

E. Stromberg is building a five-room house at 522 East Maple, to cost \$3000.

Horace E. Cox and family moved yesterday from 547 Oak Street to 519 Oak Street.

Mrs. Mary Marsh is building a small California house at 232 Dayton Court to cost \$500.

E. H. Behringer has taken out a permit for the erection of a three-room house at 425 Oak Street.

H. Venske has taken out a permit for the erection of a five-room residence and a garage at 415 Salem Street to cost \$3000.

Prof. Harry Howe of the Glendale High School was a speaker Wednesday afternoon before the Women's Club of Gardena on the Japanese problem in this state.

Albert Mills and wife are already camping in their new four-room house at the corner of Pacific Avenue and Vine Street, though it will not be completed for several days.

Mrs. Earl Bryant, who has been a guest in Glendale for a number of weeks and been the object of much attention from her many friends here, returned to her home in San Francisco on Monday.

G. A. Daley, Flood Control Engineer in charge of the Glendale work, has materially aided in the census enumeration by notifying Mrs. Sidney Dell of a large number of Mexican families, the men of which are in his employ. This is an example every citizen hearing of unenumerated persons should follow.

C. P. Brice, general agent in Arizona of one of the big western life insurance companies, who recently joined his family in Glendale to recuperate from an attack of pneumonia, has just been called to Phoenix to the bedside of his son, C. P. Brice, Jr., who is at a hospital there. Mrs. Brice is residing at 304 North Kenwood Street.

Mr. and Mrs. Charles Rush of Terre Haute, Ind., are guests of their relative, Mrs. John Klamm of 1235 East Broadway. They are very much delighted with the country and regret the necessity of returning to the Hoosier state, but hope eventually to be able to come to stay.

The sale of a modern furnished bungalow at 1725 Gardena Avenue by Mrs. Grace Crew to George W. Keiser and wife, of Akron, Ohio, is reported by James W. Pearson, the real estate operator. The Keisers already have possession and expect to make Glendale their permanent home.

Manley M. Johnson recently moved from Salem and Columbus Avenue to the double garage just completed in rear of his costly hollow tile and cement residence building now in course of construction. The rear end of the lot has been improved with goat and chicken houses and trees of various kinds.

Clinton Booth of 123 West Lomita Avenue has been confined to his home for about a week by illness, but is now well enough to get out a little every day. His brother, Senator Booth, from Colorado, is in Southern California for a month with headquarters at Long Beach and will probably be a frequent visitor in Glendale.

Mrs. J. R. Baker of 331 North Maryland is very busy showing the sights of Southern California to her sister and brother-in-law, Mr. and Mrs. R. V. Clark of Kearney, Neb., who are her house guests and will be here for only a few weeks. Mr. Clark is superintendent of the Industrial School for Boys at Kearney. It is their first visit here and they are so delighted with the country that they are hoping some time to come here to live. They have also been visiting friends in Hollywood.

Mrs. S. K. Dorr has recently returned from a visit of sixteen months with relatives in Indiana, Kentucky, Kansas, Nebraska and Texas and was staying with her daughter, Mrs. Art Dibbern of 208 West Lomita, until today, when she went to Fillmore to visit a son. While she was in Lincoln, Neb., there was a constant succession of snowstorms, commencing the day before Thanksgiving and lasting till after Christmas, with continued very cold weather. She was delighted to get back to Glendale.

Wednesday afternoon Mrs. Albert Pearce entertained at her pleasant home at 119 West Lexington with one of the club teas which are so popular just now as a means of swelling the club house fund of the Tuesday Afternoon Club. Mrs. Pearce's guest list included her mother, Mrs. C. F. Lewis, who recently arrived to spend the winter in her daughter's home, Mrs. E. C. Smith, Mrs. Bert Woodard, Mrs. C. D. Thom, Mrs. J. L. Flint, Mrs. H. L. Baker, Mrs. W. E. Evans, Mrs. A. L. Ferguson, Mrs. L. N. Hagood. Simple refreshments were served and the ladies spent a pleasant social afternoon.

PARENTS SHOULD WATCH BOYS' HABITS

C. E. Peck, the jeweler, tells of the theft of a padlock from his shop by a boy who came in with a companion and picked the article while the other boy was in the back room with Mr. Peck, looking for something he said he wanted to buy. Other business men have had similar experiences and in some cases the boys were of very respectable parentage. Parents should admonish their boys to go directly to and from school and to not enter any business place unless on a bona fide errand. They may thus save the boys from forming bad habits which will eventually bring sorrow into the home.

SPECIAL STUNTS

The other day I heard a delightful talk from a well-known literary worker who said that if a writer would get notice from the public he must not be content with doing the ordinary bits of writing, however well he may do them, but must "pull off special stunts."

The point is applicable to workers of all kinds. If they want to make the public sit up and take notice they must do something out of the ordinary, and this something must have sufficient body to be seen without effort. No poet ever aroused much enthusiasm by quatrains and sonnets. No mechanic ever became famous by making earrings. No architect gained a great reputation by designing barns. What we get interested in are the epics, the Brooklyn Bridges, the cathedrals. And after we know these, we take an interest in everything the man does.

MUTUAL BENEFIT READING CIRCLE MEETS

The Mutual Benefit Reading Circle held its one hundred and fifty-fourth meeting Wednesday at the residence of Mrs. Chas. Toll.

The circle had as guests presidents of the different Parent-Teacher Federations in the First District. Mrs. Case of Alhambra told of the success of their Reading Circle and the spread of the idea. They agreed with Mrs. Toll, who said that she felt that the Reading Circle interested people in the Parent-Teacher work who would otherwise never become interested in the work.

Miss Helen White, formerly a teacher in the Glendale schools, was also a guest, and expressed herself as delighted with the work the Circle is doing.

Mrs. Minnette Sherman gave a very fine review of M. V. O'Shea's article on "Teachers' Salaries." She said in part that the world at large had at last awakened to the fact that there was a decided need of more teachers and higher pay. "Federal aid must be given to all the states and to some states in particular." Salaries in California and other states of the first class should be raised 40 per cent and in many of the southern states from 75 to 100 per cent.

PROMOTION FOR MR. MCGILLIS

J. N. McGillis of East Lomita Street, this city, who sold his first life insurance policy on the 15th of October last, has made a fine record. By writing over \$100,000 in insurance in less than ninety days, he was eligible to attend the Century Club meeting of the West Coast Life Insurance Company at San Francisco and has been promoted to the supervisory position of agents of the Arizona Agency, which will include the State of Arizona and the recent addition to that agency of Imperial County, California. Owing to the impaired health of the general agent for Arizona, C. P. Brice, this promotion is most opportune, as Mr. Brice found it very necessary to have some one capable of looking after his organization. Out of a number of possible appointees, Mr. McGillis was chosen, and his selection has been approved by the officials of the company.

NEAR EAST RELIEF

The Glendale churches yesterday decided to begin, as soon as plans can be formulated, the drive to make up the city's designated quota of the Near East Relief Fund, which is, but a broadening of the scope of the work formerly done by the Armenian-Syrian Relief Commission. Glendale's quota is a little over \$3600.

(Continued from Page 1)

the boy's trust and never break faith with him. Never be absent from your place if it is possible to be present. He recommended the club organization which would have meetings between Sundays and which would minister to the mental, spiritual and physical needs of boys, and said, "let the club be self-supporting, each boy paying something for the things he receives."

He also sharply arraigned the church for ignoring its opportunity to furnish entertainment for the developing boy, by frowning upon the theatre and the sort of entertainment the boy craves and will get elsewhere. "The church," he said, "has made an awful mistake in allowing outside institutions to furnish entertainment for our boys. The attorney general of this state has practically said, 'you can not have entertainments in your churches, any entertainments that are paid for.' All the best things that come to the state go by the church. It is not a question of the boy having entertainment or not having entertainment. He will get the entertainment anyway, and it is just a question of whether the church furnishes it. It is no use shutting our eyes to facts. The theatres have gone on doing a great deal of harm when the church might have taken that agency and kept hold of it and made it a power for good."

Mr. Head also declared that boys should be taught by men and girls by women. They crave and need the contact of mature minds of their own sex.

In his introduction to the story of Joseph he said we have been so absorbed in the stories of the Bible as great religious messages that we have lost sight of their great beauty as literature. If they had just been discovered, the world would hail them with delight. In his exemplification of the spirit of forgiveness, Joseph, he declared, more nearly approaches the type of Jesus than any other character in the Old Testament.

TO HAVE FINE COUNTRY HOME

Mrs. Cunningham, formerly of La Crescenta, who recently bought a 5-acre tract on the north side of Sixth Street, east of the Grand View District, is making of it a fine country home. The old house on the place is being completely remodeled and modernized, a new four-room house built for the help and a very large barn and garage will be erected. Fruit trees of various kinds will be set out, also many varieties of flowers, and a winding palm bordered cement driveway constructed from Sixth Street to the house, which sets far back near the rear of the tract.

NEEDLEWORK TEA

Mrs. Mabel Rudy of 313 West Lomita Street entertained Wednesday afternoon with one of the tea parties of which a chain is being given by members of the Tuesday Afternoon Club as a benefit for the club house fund. The ladies spent a social afternoon over their needlework, and dainty refreshments were served by the hostess, her guest list including Mesdames Walter Stamps, S. L. Gillan, Sallie Braden, George Reuter, Edwin Sawyer, Harry Greenwalt, John King, C. E. Norton and R. E. Olin.

GLADLY TOOK "WAR" BREAD

"Oh, mother, must I get war bread?"
Little Daughter had been asked to go to the bakery for bread for her school lunch.
"It's wheatless day, dear."
"But I don't like war bread. It's so dark and different. And the rules aren't for children, are they?"
"No, but you know we were asked to send one million bushels of wheat to the Allies by May first. We have given our word, and our baker is trying to help by making this special bread, which has almost no white flour in it whatever. But, of course, if you don't feel you can help in this way, you may buy a lighter loaf."

Little Daughter started off. In a few moments she returned. Mother unwrapped the package. There was the small, dark loaf, indeed different, but really most palatable and nourishing. Little Daughter's eyes were glowing.

"Mother, the baker asked me if I liked war bread, and I said I did." Mother looked up in astonishment. "But, my dear, you just said—"

"Yes, mother, I know I just said to you I didn't like it, but I was afraid if I told it to the baker, he would think I was a German."—By Jane Dransfield of The Vigilantes.

HE HAD A REASON

A Terre Haute doctor met a friend in Main Street the other day and was telling him how busy he was. "But I took off enough time to go to a ball game the other day," he boasted.
"Well, did you enjoy it?" asked his friend.
"Yes," returned the doctor very enthusiastically indeed. "I made \$25 off one of the players. He broke his leg and I got to set it."—Indianapolis News.

A BULL'S-EYE

For a graphic representation of the progress of the drive get a target, and as many arrows as equal the number of new members you set out to get. The target may be made of a large door-mat, or several door-mats sewed together, faced with a sheet of heavy paper on which the circles of the target are painted. As each new member is obtained, stick an arrow into the target. Begin on the outer circle, and work gradually inward. Save the bull's-eye for the very last member, the accession of whom completes your task. Let us hope that you will have to put more than one arrow into the bull's-eye!

Build for yourself a strong-box,
Fashion each part with care;
When it's strong as your hand can make it,
Put all your troubles there;
Hide there all thought of your failures,
And each bitter cup that you quaff;
Lock all your heartaches within it,
Then sit on the lid and laugh.
Tell no one else its contents,
Never its secrets share;
When you've dropped in your care and worry
Keep them forever there;
Hide them from sight so completely
That the world will never dream half;
Fasten the strong-box securely—
Then sit on the lid and laugh.

"THE CAMPFIRE"

A Girl Scout!

Scouts, atten-shun! Right-hand, salute!

Glendale has a Girl Scout (to-be). Last Thursday night a daughter arrived in the family of our executive, Mr. Kellogg. Already she is "doing her good turn daily," by adding more and more happiness to the already abundant supply in the hearts of Mr. and Mrs. Kellogg. Thus far she seems to be having a little difficulty in clearly pronouncing the words of her "Oath and Law," but Mr. Kellogg feels certain that she will soon master the task. She certainly is a fine little Scout, fellows; if you don't believe it, ask Mr. Kellogg!

Anniversary Week

February 8th to 14th is set aside by the Boy Scouts of America as anniversary week, celebrating the tenth year of our wonderful success and growth as a national organization. Our slogan for the week will be our regular "Good Turn Daily," and each Scout is to bend every effort to induce those about him in the home, at school, at work, or at play, to follow his lead and make it a habit and practice to "do at least one good turn to some one every day." Let every Glendale Scout set the lead, now, and do at least two good turns every day during Scout Week. Think, work, talk, play, and live, the "Good Turn Daily."

Notice to Troop No. 3

Mr. Kellogg wishes to offer his most humble apologies for his absence at the meeting last week. Scoutmaster Loomis, on finding that he could not attend the regular meeting, asked Mr. Kellogg to take charge. Mr. Kellogg accepted the responsibility, but at the last moment found it impossible to be there, and all his efforts to find some one to take his place availed him nothing.

Troop No. 3 will meet under Scoutmaster Loomis tonight, Thursday, instead of Friday. Don't forget it, Scouts!

Tree Planting

We are not allowed to give the number of boys of Troop No. 1 who turned out for the Tree Planting last Saturday. The attendance was not as large as was hoped, but the number of trees planted will make the people of Glendale and the Scouts of Glendale sit up and take notice. Troop No. 2 will meet the City Forester at the City Hall at 8:30 this Saturday with all available tools, and the largest number of boys possible ready to do their "Good Turn" for Glendale and plant trees. We are looking for big things from you, Troop Two!

Troop No. 3 will meet at Central Ave. school. This troop, although but newly started, is making the oldest troops of Glendale get up and hustle, and are rapidly taking their place in the front. Troop No. Three is out to make itself justly famous when their turn comes.

Tests

The total number of tests passed this week number fifty, and more will be passed on Saturday morning at 8:30. That is certainly fine, fellows. With only five troops in Glendale, we are passing more tests every week than the entire City of Los Angeles. Keep it up fellows! That is a record to be mighty proud of. Let's keep the lead now, make Los Angeles ashamed of herself.

Troop No. Four again leads with a total of twenty-one tests passed. The boys who made this record are: William Gillette, Archie Neal, Samuel Tupper, Arthur Wetton, Westley Fine, Edward Woodward, Marion Morrison, Kenneth Lee, Tom Pentacost, Walter Krukow, Kenneth Bartlett, Arthur Barton.

Troop Three comes second with seventeen tests passed by the following: Lynn Criswell, Ralph Eckles, Burton DeGroot, Eugene Wernette, Kenneth Miles, Jack Crawford, Fred Guerdat, Lawrence Lehman, Floyd Kenney and Robert Raymond.

Troop Two Scouts who passed tests are: Jack Alvord, Dallas Kalbaugh, Robert Hatch, Stewart Eaton.

Troop No. Five shows five tests passed by Charles Burr and John Judd.

Colburn Danner of Troop One also passed a test.

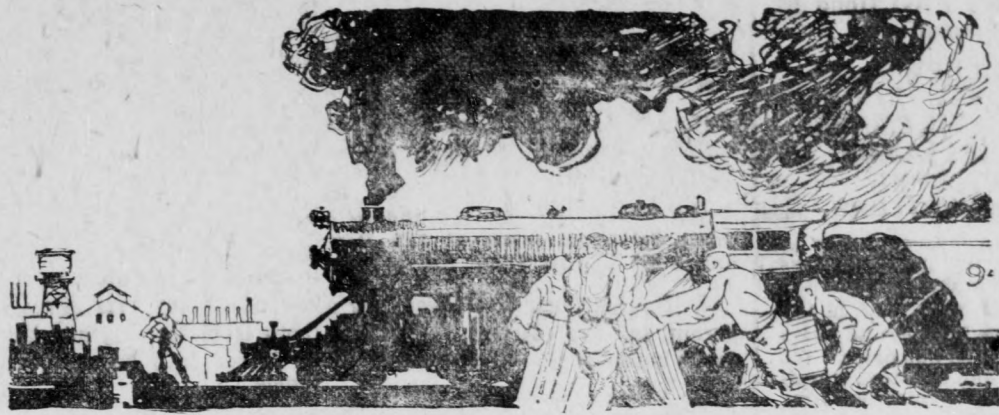

Headquarters

Mr. Kellogg's irregular attendance at headquarters may very likely continue for another week. Boys who need help from him or who wish to see him, will have to be patient for a few more days, until he will again be in a position to attend to his duties regularly. He expects then to be in the office regularly every day from 5 to 6 in the afternoon.

RAKING THEM IN

(For Lookout Committees)

The way to get new members for the society is—to get them. Just ask them to join. Do not look for short cuts, for easy ways. There are none. Do not expect circulars to do it. Or cards. Or letters. They are all good, plus the warm personal invitation. They are all no good without it. Do not rely on general talks, even though the persons whom you want to influence hear them. It is the special.

Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added dollars to the cost of the necessities of life, while freight charges have added only cents.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16 1/2 cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased 20 dollars.

The freight on it has increased only 5 1/2 cents.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 5 3/4 cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

A given unit of any commodity will buy more transportation now than it ever did before in the history of the country. A ton of steel or a bushel of wheat will buy more transportation now than ever before.

THE GERMAN CABINET

(Special Service to Glendale Evening News)

BERLIN, Feb. 5.—The resignation of the German cabinet as a result of the allied demand for the German war guilty, was forecasted here today. The cabinet went into session soon after the list of accused had been received. Political observers said the coalition would undoubtedly break up. The number of democrats and centerists opposed to the delivery of the German accused is believed to be sufficient to overthrow the cabinet.
