FREIGHT RATE DECISION AFTER KING GOES EAST

Federal Cabinet Will Take no Action While Ministers in Western Canada

Ottawa, Oct. 28 (Canadian Press).—There will be no suspension of the order of the Board of Railway Commissioners setting aside the Crow's Nest Pass freight rates on decision commodities. This was the decision reached at a brief meeting of the Cabinet held at noon today to consider a petition received from H. J. Symington, K.G., counsel for Manitoba, Saskatchewan and Alberta, asking that the order be suspended until an appeal could be made to the Governor-in-Council.

MESSAGE FROM PREMIER

To-day's meeting of the Council was held following the receipt of a telegram from Premier King quoting the communications received from the three provinces which asked for suspension of the Board's order. Premier King, stated Hon. G. P. Graham today, had replied that the request would be given to call the meeting and it was decided to call the meeting. The meeting had come to the conclusion that, under the circumstances, it was inadvisable for the Board to consider further the findings of the Board until the return of the Premier and his colleagues from the West. Then the matter could be discussed at a full meeting of the Cabinet.

DISCRIMINATION

The petition filed by Mr. Symington was not received by the Clerk of the Council until today. It reviews the history of the agreement in recent years, and states that on July 7 the Canadian Pacific Railway Company filed a petition for the Crown's Nest Pass Act, but other tariffs were not filed to comply with the discrimination sections of the Railway Act.

Aid Inadequate, Rev. Father MacDonnell Asserts; Asks Larger Grant

If Hebridean fishermen cannot make a success of settlement on this coast with a grant of \$600 and a tent apiece, as offered by the Provincial and Federal Governments, they had better not come out to Canada. This is the answer which Hon. T. D. Pattullo, Minister of Lands, made today to the statement of Rev. Father A. MacDonnell, who is fostering Hebridean settlement in this country, that the offers made to the intending settlers are inadequate.

PIONEER OF CITY DIES AFTER MANY YEARS ON COAST

Andrew Townsley Passes After Thirty-nine Years in Victoria

Andrew Townsley, a native of Montreal, and a pioneer of the city of Victoria, died at his home here last night, at the age of seventy-two years. For thirty-nine years he made Victoria his home and after a life of activity at sea and ashore found a position here of comparative quiet as chief of the engineering staff of the Union Club. There he remained in service until he finally retired. When but a lad, and having been born in Montreal, he went into the firm of Frothingham & Workman, and served his time as an apprentice, eventually securing his engineer's papers. He came to this city in 1885. Following his arrival here, Mr. Townsley installed the plant of the Mount Royal Milling and Manufacturing Railway and worked with the firm for many years as engineer. During the Klondike rush he was engineer on the steamer Nora, plying between Lake Bennett and Miles Canyon. He was also on the steamer La France operating between Whitehorse and Dawson. On his return from the Yukon he joined the service of the Victoria Whaling Company. He was engineer on the steam whaler Orion and also was chief engineer at the Sechart whaling station. He was a member of the A.O.U.W., an association with which he had been connected for thirty years. Surviving him are his widow; three daughters, Mrs. N. T. MacDonald and Mrs. J. S. White, of Victoria, and Mrs. W. P. Thompson, of Oakland, Cal.; two sons, Guy F. Townsley and Theodore Townsley, Seattle; one brother, Walter Orion, of Victoria; and three grandchildren.

FISH TRAPS UP AGAIN IN TWO PROSECUTIONS

Keeping of Live Cod in Crates Alleged by City Health Department

Hong Yick, 553 Fisgard Street, and Hop Yick, 525 Fisgard Street, wholesale fish merchants, were charged in the City Police Court to-day with retaining live fish in crates in water at the foot of Fisgard Street, under an Order in Council dealing with that subject. The prosecution was at first brought under the terms of the by-law, but a preliminary plea that the by-law was invalid led to a change in the wording of the charge which is now under Provincial review. Frank Higgins, K.C., for defence, asks a week's remand. This was granted. The prosecution followed a visit by Dr. G. Price medical health officer for the city, to the foot of Fisgard Street, where it is alleged a quantity of cod were found in crates. Dr. Price conducted the prosecution and asserts defendants have control. The case was remanded to-day without evidence being taken for hearing on Tuesday next.

Some years ago the city passed a by-law giving control over the export of what was then alleged to be a system of keeping fish alive for the purpose of marketing. The by-law made it an offence to retain live fish in crates or receptacles and under this several prosecutions were brought against other accused from time to time. It was alleged at that time that this fish found its way to market some days after it was taken from the sea. In one particular case exhibited that was stated by Dr. Price to be in an advanced state of decomposition. The matter dropped. In that guise it has rested upon the present prosecution was started upon the complaint of a local dealer.

A NOTABLE EVENT

Nassau, Oct. 28.—V. B. Harrison, well-known member of the Native Sons of B.C., addressed the council last evening on behalf of the Historic Sites and Monuments Board of Canada, for a site to erect a suitable monument to the first mining of coal on the island. Mr. Harrison suggested the oval near the Post Office, and it was resolved that he should submit plans of the suggested design.

GENERAL ELECTION IN GREAT BRITAIN TOMORROW

(Continued from page 1) Intensified canvass and torrents of speeches by all parties. Political tempers have been growing steadily hotter for the last few days and show no sign of cooling as polling day approaches. Several meetings last night were marked by violent disturbances and the police in some instances were called to prevent dangerous developments. The worst incident occurred outside a meeting hall at Battersea, where a Conservative candidate, Viscount Curzon, missed him but knocked a companion unconscious. The tires were ripped from the lamps were smashed. The Russian affair, growing out of the Foreign Office's refusal to issue a passport to the alleged Zinovieff letter to the British Communist Party, has served to heighten the feeling, but there is nothing to show whether it will have any effect on the result. Labor's chances which the Government's opponents predict.

BITTER COMMENTS

The London newspapers with the exception of The Labor Daily Herald, comment bitterly on Premier Macdonald's blarney references to the Russian incident, the chief of several charges being that the Premier himself blundered in handling the matter, and now seeks to cover up his blunders by the use of the Foreign Office, knowing their position debar them from making any reply or explanation. Comment is also made on the Premier's handling of the affair very obscure in many particulars, some of his critics assuming he is thereby preparing the way for a declaration of belief that the letter is a forgery.

DECLARED BOGUS

Other members of the Labor Ministry continue to comment publicly on the incident, several reiterating their conviction that the letter is a bogus document. Lord Chancellor Haldane, on the other hand, said last night he would be glad if its genuineness were discovered, but said he would not be in a position to say whether the Foreign Office was right to treat it as genuine and deal with it seriously.

Thirty-two members of the Soviet mission left London suddenly for the Continent on Sunday, according to The Daily Telegraph. The reason for their departure is unknown, but it is believed they have been invited to have included a number of Bolshevik agitators.

NEWSPAPERS DISSATISFIED

The most serious allegation, namely, that Premier Macdonald had Zinovieff's letter in his possession without publication of it for party purposes, is disproved by the Premier's speech, though the opposition press is dissatisfied with the Premier's explanation. The Premier's speech is said to be content to relegate to the background the question of the authenticity of the letter itself, but the utmost capital is placed on the Premier's denial of the Russian policy.

SPUR FOR INDOLENT

The Conservatives particularly regard the whole affair as an electoral asset with which to spur apathetic voters to the polls. The Liberal Party, however, though dissatisfied with the Premier's reply in the matter of the letter, loudly warn their supporters not to pay undue attention to the letter, but to concentrate on the defeat of the Conservative protectionist aims.

A WAR REFERENCE

"Ramsay MacDonald was a traitor to the lads at the front in 1917," declared Lieut.-Colonel Sherwood Kelly, V.C., Conservative candidate in the Claydon constituency of Derbyshire, at a meeting last night. "Oh, I wish I could have had him in a platoon," he exclaimed.

GREENWOOD ANTI-SOCIALIST

London, Oct. 28.—Canadian Press (Cable)—With 23 Canadian candidates in the British general election whose fortunes, for personal reasons, are being fought over in different parts of Canada can scarcely be said to have waged prominent battles in the political warfare. Sir Herbert Greenway, in East Walthamstow, however, is making an attack, the result of which is awaited with particular attention in the Dominion. Sir Herbert Greenway, a Conservative member of that constituency, and was re-elected last December, has retired, and Sir Hamar has been accepted in his stead by the Conservatives as a constitutional candidate, or in other words, an Anti-Socialist candidate. J. G. Dale, Labor nominee in East Walthamstow, whose big poll last year made many calculations on the probable result of the vote look foolish, is again a candidate, and a third opponent of Sir Hamar is Percy Heffer, Liberal, who is taking the place of A. M. Mathews, Liberal, who made a surprising good run in the last election. Heffer, therefore, is faced with formidable opposition, and it is too much to expect that all the Liberal votes will be transformed into constitutional votes.

DEFEAT EXPECTED

A. W. Haycock, who was visiting his old home in Ontario when the election date was fixed, and hurried back to attempt to retain the West, last year, is almost certain of defeat. He has a straight fight with Commander F. W. Ashbury, Conservative, who lost the last election by only 116 votes in a three-cornered contest, in which the Liberal candidate polled more than 6,000 votes. Some of the Liberal votes have been made against Haycock through his absence in Canada, while Parliament was still in session, but he replies that his attendance in the House was one

of the best recorded of any of the members. As to talk of Labor men being revolutionaries, Mr. Haycock says: "If we (the Labor men) had given the word for a revolution, nothing would have saved the existing Government. We know we prevented revolution."

LIEUT. COL. GAULT CANDIDATE

Lieut.-Col. H. Hamilton Gault, formerly of Montreal, organizer and commander of Patricia's Canadian Light Infantry early in the war, is again the Conservative candidate in the Taunton division of Somersetshire. Mr. Gault was defeated in a straight fight last year by J. H. Simpson, Liberal, by a majority of 1,300.

In the stiff fight he is now in, Col. Gault has J. H. Simpson against him, and also Rev. G. Woods, Labor nominee. Col. Gault claims to have captured the old radical stronghold of Wellingborough, and has been well received in a tour of the villages of Taunton.

LIEUT.-COL. MACDONNELL CANDIDATE

Lieut.-Col. Angus MacDonnell, Vancouver, B.C., as a party agent for the Conservative in Dartford, Kent, has to wipe out a Labor majority of over 2,900 in order in the seat. Sir Douglas Hogg was refused a hearing at a meeting of Col. MacDonnell last night, notwithstanding that a labor man mounted the platform and appealed for fair play; Col. MacDonnell faces the music cheerfully.

CAPT. HOLT IN FIELD

Capt. Holt, son of Sir Herbert Holt, president of the Royal Bank of Canada, the Conservative in Walsingham, is supported by a Liberal, but even so, in order to win, he has to overcome a Labor win that was made in a three-cornered contest last year. However, it is a straight fight now between him and the Labor candidate.

GENEROUS TERMS ARE OFFERED TO SCOTCH SETTLERS

(Continued from page 1) put up \$300 per family if the British Government would put up a similar amount. The offer was made to do. Father MacDonnell, according to dispatches, thinks the amount should be much larger. In a discussion given to a meeting of the British Columbia Government would also provide each family with a tent, and if they would accept until such time as they could provide homes for themselves. To the idea of tent shelter, Father MacDonnell, according to dispatches, would appear to take exception.

CAN MAKE GOOD

"My viewpoint is that if a real fisherman cannot make good on a rivaling his pocket and a tent to cover his head, it would be a good deal better for him to stay in the Hebrides. I, personally, think it a big mistake to send a man down with debt for an expensive home before he gets on his feet. These men can find immediate employment in the Hebrides, and see no reason, with the assistance offered, why they should not make good."

SAYS AID INADEQUATE

Winnipeg, Oct. 28.—"Provided the British Columbia Government really meant to help, it should really replace her Japanese fishermen with Europeans. I can bring out gradually several hundred families of Hebrideans, and I can bring out gradually 1,000 Hebridean settlers to the Dominion, started here yesterday. During the last year, a number of Hebrideans and many more are available for next year."

BRITISH ASSISTANCE

Father MacDonnell said the offer of \$300 was quite inadequate and he hoped it would be doubled. Under the Empire Settlement Scheme, the British Government will donate the same amount as the Government of Hebrides. A sum of \$1,200,000, he said, would enable each family to have its own house and a few acres of land. "Some of our critics seem to think \$300 is a good deal, one of them even suggesting to me that if I brought out Hebridean fishermen, I ought to provide for them to live in tents until they had saved enough money to build homes of their own," he said.

LABOR MAN SAYS KING AND HE TALKED ABOUT REVOLUTION

London, Oct. 28 (Canadian Press cable)—An interesting description of a conversation about a possible revolution in Great Britain as an outcome of the advent of Labor to office which was held between the King and P. B. Varley, Laborite, who is seeking re-election in Mansfield, Nottinghamshire, was given by Varley at a meeting last night. He said that he had taken place at a garden party at Buckingham Palace after the Labor Party had assumed office.

Time to Settle Rail Freight Rates, Declares McKeown

Winnipeg, Oct. 28.—"I felt when I gave my decision, as I feel now, that this matter of the Crow's Nest Pass Railway freight rates has got to be cleared up at this juncture and I see no good in beating about the bush," said Hon. H. A. McKeown, Chief Railway Commissioner, who passed through here last night en route to Saskatoon, where the Board will meet on Thursday.

Liquor Seal Theft Charges Are Laid

Vancouver, Oct. 28.—Richard McConegan, clerk at the Cordova Street Government Liquor store here, charged with the theft of liquor seal, was remanded by Magistrate Shea this morning till November 4 for trial. The charges against George Nelson also a clerk in the store, were remanded by Magistrate Shea to November 4, by which time it is expected the evidence for the prosecution will all be in the possession of the authorities.

Krassin Travels Far by Aeroplane

Koenigsburg, Germany, Oct. 28.—Leonid Krassin, Soviet Minister of Commerce, claims to hold the world's record among Government members for aeroplane flying. He has completed his fifth flight within 100 days from Moscow to Koenigsburg, and covered 750 miles. Had he taken the railway he would have consumed 115 days in travel. Instead his flight required only seventeen days. He is thus virtually 100 working days ahead.

HOME BANK TRIM ON MONDAY NEXT

Toronto, Oct. 28.—Next in order of the former Home Bank directors to stand trial before Judge Coatsworth on charges laid under the Bank Act, is C. A. Barnard, K.C., of Montreal. The special crown prosecutor, D. L. McCarthy, is not ready to go on with the case, however, and he will ask the Judge Coatsworth that the trial of Barnard be not started until Monday morning next.

ENGINEER DIED

Jersey City, Oct. 28.—The death of Clifford M. Holland, chief engineer of the New York-New Jersey vehicular tunnel, was reported to-day in a message from Battle Creek, Mich.

LABOR MAN SAYS KING AND HE TALKED ABOUT REVOLUTION

London, Oct. 28 (Canadian Press cable)—An interesting description of a conversation about a possible revolution in Great Britain as an outcome of the advent of Labor to office which was held between the King and P. B. Varley, Laborite, who is seeking re-election in Mansfield, Nottinghamshire, was given by Varley at a meeting last night. He said that he had taken place at a garden party at Buckingham Palace after the Labor Party had assumed office.

LONG SERVICE MAN FOUND GUILTY OF DISTRIBUTING OPIUM

Vancouver, Oct. 28.—Ten minutes' deliberation enabled an Assize Court jury to return a verdict of guilty this morning to charges against Peter Brannan and John Driver of distributing opium. Mr. Justice Murphy remanded the prisoners for sentence. Brannan is a war veteran with eighteen years' service as a police officer, principally in Vancouver for the Canadian Pacific Railway Company.

ONE OF THE VERY FEW WASPS SEEN AT COLWYN BAY THIS SEASON FLEW INTO A POLICEMAN'S MOUTH

One of the very few wasps seen at Colwyn Bay this season flew into a policeman's mouth just as he was beginning to answer a woman visitor's request for directions. The officer coughed and spluttered for some seconds, whereupon the woman said: "I'm sorry, but I don't understand Welsh!"

CELEBRATION TO-DAY BY ITALIAN FACISTI

London, Oct. 28.—Italy to-day celebrated the completion of two years under the Fascist Government. Public buildings throughout the Kingdom, by order of Premier Mussolini, and thousands of private buildings were daily decorated in honor of the occasion.

FIRE IN NEW YORK TOWN CAUSED LOSS OF HALF MILLION

Gowanda, N. Y., Oct. 27.—A fire which yesterday swept a block each way from the intersection of Main and Centre Streets had caused damage estimated at more than \$500,000 when it was brought under control after a four-hour fight.

"SATYRIN" "The Rejuvenator" for Men and Women "SATYRIN" is a vital food for the vital glands—it is not a drug. It restores the buoyancy of youth, the joy of living—it renews exhausted tissues. It is not a patent medicine—"cure-all," but "Satyrin" has proved itself a remedy for impaired vitality, weakness or excesses. It creates new habit and may be taken by very delicate persons with the most gratifying results.

The real whole wheat cracker—not made of coarse, uncooked flour, but made of the whole wheat grain, cooked in steam, drawn into filmy shreds and baked in electric ovens. It is more easily digested than ordinary crackers and contains more real, body-building nutriment. The crisp, tasty shreds of flavory, baked whole wheat encourage thorough chewing, and that means healthy gums, sound teeth and good digestion. Delicious with butter or soft cheese. Tastes better when toasted in the oven.

Australian Speaker Is Heard in Toronto

Toronto, Oct. 28.—Australia, if the Australians had anything to do with

it, would always remain "the white man's continent," declared Dr. Herbert Heaton of the University of Adelaide, speaking here last night. All parties in Australia, he said, were agreed on a white Australia for wider reasons than economic ones. It was not only that Chinese, Hindus

and Japanese would work longer hours for lower wages, but because Australians believed that racial intermingling was bad.

LADYSMITH DRAWS WITH CUMBERLAND

Fire of Incendiary Origin Reported at Extension

Ladysmith, Oct. 27.—In a down-pour of rain which made the best brand of football impossible, Ladysmith and Cumberland United battled to a draw yesterday at Ladysmith, score one all. The first half of the game was in Cumberland's favor, but Ladysmith bucked up in the second half, and were pressing strongly when the final whistle blew. Both the goals were scored in the second half. Cumberland's coming when the teams had about fifteen minutes to go, and Ladysmith securing theirs with only about five minutes to go. Considering the day a splendid crowd of supporters turned out. Cumberland's line-up was as follows: Goal, Blair; backs, Mortimer and Stevenson; halves, Monahan, Conti and Braker; forwards, Deluce, Plump, Graham, Hitchens and Bannerman. Ladysmith: goal, Boyd; backs, A. Anderson and J. Campbell; halves, Short, Houston and Heaps; forwards, A. Strang, Chapman, Davies, F. Strang and Appleby. The goal-keepers for the teams were: Cumberland, Plump, and Ladysmith, Davies.

Extension residents had what is thought to be another indication of a fire bug's presence in their vicinity, when on Saturday evening the home of Frank Beban, owner of the Beban Lumber Company of Extension, was found to be on fire. It appears that Mr. and Mrs. Beban were visiting in Nanaimo, and the children were playing in the back part of the house, and smelling smoke found that one of the mattresses in the front bedrooms were on fire. Apparently the culprit crawled through one of the open windows and naturally was not noticed by those in the rear of the house. Luckily the fire being discovered, no damage was done. Matches were found near the bed of a different variety to those used in the Beban household, which is considered proof that the fire is not accidental.

The funeral of the late Zacari Palmer, late caretaker of the Agricultural Hall at Ladysmith, who died on Wednesday last, took place on Saturday afternoon in the Nanaimo Cemetery. Rev. Mr. Moss conducted services in the parlor and at the graveside. The pallbearers were: Messrs. N. A. Morrison, D.

Morrison, James Currie, L. Totten, C. Stevens and Wm. Sanderson.

The funeral of the late Lena Blair took place from the home of her aunt, Mrs. Henry Michie, yesterday to the Ladysmith Cemetery, Rev. J. Fielding Shaw conducting services, and the following acted as pallbearers: Roy Michie, Cecil Hannah, Sam Hayes, Dave Patterson, Donald Forward and Jas. Lumsden.

CHEMAINUS NEWS

Special to The Times

Cheminus, Oct. 27.—The Sg. Canadian Freighter, Capt. Carl Bissett, arrived here with a cargo of 179 tons of fire brick from Glasgow to be used in the new V.I. and M. plant. Comment was made on the speed made in unloading the order, which took three days to load in Glasgow and was unloaded here in one day.

Dr. and Mrs. V. Duke of Victoria who have been visiting Mr. and Mrs. J. Stuart the past week, have returned home.

Miss G. Ledingham of the Cheminus Hospital staff, is away on vacation.

Mrs. Aitken is the guest of Mrs. H. E. Spurling.

ALBERT HENRY LOEB DIED IN CHICAGO

Father of Youth Now in Prison Had Long Been Ill

Chicago, Oct. 28.—Albert Henry Loeb, fifty-six, first vice-president of Sears, Roebuck & Company, father of Richard Loeb, co-murderer with Nathan Leopold Jr., of fourteen-year-old Robert Franks, died at his home here last night after a long illness.

Members of the family and physicians said his death was not hastened by the trial and conviction of his son, now serving a life sentence in Joliet penitentiary.

Mr. Loeb last saw his son May 29, when he was arrested at the Loeb home. The father was stricken May 18, three days before the murder.

FILIPINOS GOING TO HAWAIIAN ISLANDS

500 Sent to Work on Sugar Plantations; Deaths in Recent Riot

Manila, Oct. 28.—Five hundred Filipino laborers left yesterday on the steamship President Grant for Hawaii. The Grant will carry the laborers to Hongkong, where they will be transferred to the steamship Toka Maru, which lists Honolulu as a port of call on her trip to Pacific Coast ports.

The movement of 500 Filipinos to the Hawaiian Islands is the first large shipment since the riot on the island of Kauai on September 2, in which sixteen Filipinos and four policemen were killed in a clash which resulted from strike conditions. The Filipino sugar plantation workers are brought to the Hawaiian Islands under a contract with planters to labor for \$29 per month.

SAY LA FOLLETTE FUND IS LARGE ONE

U.S. Republican National Committee Leaders Talk of Election Outlays

Washington, Oct. 28.—Charges that "enormous sums" are being spent on behalf of the La Follette-Wheeler presidential ticket were made yesterday before the Senate campaign fund investigating committee by the Republican National Committee through its counsel, Weymouth Kirkland of Chicago.

These funds are not included in the fund reported upon by the La Follette organization, Kirkland said. "We have lots of evidence showing the coercion of labor unions with regard to how they shall vote on November 4," he declared.

REPORT OF LIQUOR THEFT UNFOUNDED

Shipment Sent From Vancouver to Dawson Arrived Intact

Juneau, Alaska, Oct. 28.—Telegraphic reports sent out from Dawson that a Government liquor shipment which recently arrived there was ninety cases short are absolutely false, according to a statement made by Commissioner G. P. McKenzie in a communication to Collector of Customs J. C. McBride. The shipment was received intact Dawson as it was made from Vancouver, he said. Commissioner McKenzie, who visited here earlier this week en route to the South for the winter, was indignant over the reports which, he asserted, were entirely without foundation. Only two bottles were broken in transportation of the \$100,000 shipment between Vancouver and Dawson. The check at the latter point, he said, was made bottle by bottle and there was no chance for mistake or error.

DIED OF BURNS

THREE MEN TO BE TRIED FOR ROBBERY

To be Taken to Vancouver From Prison at Walla, Wash.

Vancouver, Oct. 28.—Three men now serving terms of four years each in the Walla, Wash., penitentiary will be brought back to Vancouver next month to face trial in connection with the City Hall payroll and Capitol Theatre robberies. Inspector of Detectives John Jewett states. The men are Frank de Paul, Frank Howell and C. C. Thompson.

HERBERT F. GARDINER DIED IN HAMILTON

Hamilton, Ont., Oct. 28.—The body of Herbert F. Gardiner, seventy-five, well known journalist and historian, was found in his apartment last

night. He is thought to have died Sunday morning. Mr. Gardiner was appointed editor-in-chief of The Hamilton Times in 1880. He severed his connection with The Times in 1902 and was appointed principal of the Ontario Institute for the Blind at Brantford.

"The difference between a woman and a glass," remarked the funny man, "is that the glass reflects without speaking, while a woman speaks without reflecting."
"And the difference between you and a glass," said the sharp girl, "is that the glass is polished."

"Liver Trouble so Severe I Had to Quit Work"

Mr. Thomas Honey, Brantford, Ont., writes: "I was a great sufferer from enlargement of the liver for ten months, and finally I had to quit work. I would wake up in the mornings with a bitter taste in my mouth, had frequent headaches, yellow complexion, and pain in my right side, and between the shoulder blades. It was almost unbearable, and terribly weakening. I could not sleep at night and my heart also bothered me. But the whole trouble has now left me, thanks to that wonderful medicine, Dr. Chase's Kidney-Liver Pills."

The object of this contest is purely educational. Nothing of a commercial nature will be allowed to enter in to it in any way.

PIONEERS CELEBRATE GOLDEN WEDDING

Mr. and Mrs. George Jeeves are receiving congratulations to-day.

Fifty years ago to-day Mr. and Mrs. George Jeeves were married in St. Catharines, Ontario, and this afternoon a number of their friends called at their home, 2531 Blanshard Street, to extend congratulations and good wishes in their golden wedding anniversary.

To-night there will be a family reunion dinner, when four generations will be present to celebrate the happy occasion.

It was on October 28, 1874, that the Rev. McNab united in marriage Mr. George Jeeves of Sandy, Bedfordshire, England, and Miss Julia Woodruff of St. Catharines, Ontario, their sixth years in the East.

Mr. and Mrs. Jeeves came to Victoria, and of their forty-three years' residence in this city, forty have been spent in their present home on Blanshard Street.

For many years Mr. Jeeves was partner in the contracting firm of McGregor and Jeeves, which erected, among other buildings, the Protestant Orphanage, the City Market, Victoria Brewery and the Government Street branch of the Bank of British Columbia to complete the contract. The original contract assigned to the bank after erecting about one-third of the buildings.

Mr. Jeeves' superior taste and sense of Government House, the Armories, St. James Hotel and the B. C. Funeral Chapel. Another source of credit was the late Mayor Charles Hayward on behalf of the reception committee for the Duke and Duchess of York, two daughters and one son survive of the family. Mrs. T. F. Hussey of Cecilia Road, and Mrs. A. E. Kent of Linden Avenue, and one son, Mr. F. E. J. Jeeves of Wark Street, and five grandchildren and one great-grandchild, who is named after her great-grandmother.

CHILDREN'S WARD

The Daughters of Pity, a little band of women who in season and out of season pursue valuable but non-spectacular work in maintaining the children's ward at the Provincial Jubilee Hospital, held their twenty-fifth anniversary meeting at the home of Miss Bannerman last evening.

Twenty-five members were present and listened with appreciative interest to an inspiring address by Mrs. W. G. Wilson, who was accorded a hearty vote of thanks.

Officers elected: President, Miss L. Sylvester; secretary, Miss Muir; treasurer, Miss Craig; executive, Miss Lovell; Miss M. Tait, Miss Taylor and Miss Croft.

Miss Sylvester in her presidential address made reference to the loss sustained by the society in the departure of Mrs. E. S. Hasell, founder of the Daughters of Pity and for many years its honorary president.

The maintenance of the children's ward, and thought as usual has been extended during the year 1923-1924.

"We have been very patiently waiting to see the completion of our ward in the new east wing of the hospital, and we are glad to see it now a reality. When that time has actually come I can say with perfect confidence, we shall be in a good position to take up the work of the children's ward."

The grateful thanks of this society is due to our buying committee, Miss Bannerman, Miss Taylor, Miss Muir and Mrs. McCrea for the readiness with which they use the amount entrusted to their care to the best advantage.

SECRETARY'S REPORT Miss Kathleen Roberts, the retiring secretary, in her report paid a warm tribute to the untiring work of the president, Miss Sylvester. At Christmas and Easter the children's ward and corridors of the hospital had been decorated and the little ones were given tangible reminders of the festive season.

During the hospital drive for funds, the Daughters of Pity handed over its sinking fund of \$256.24 to the authorities. Through the generosity of a silver tea fund was raised for the purchase of scales for the children's ward, which were much appreciated by Miss McKnight, the lady superintendent. In addition to its work for the children's ward, the Daughters maintain a room in the Strathcona ward and hope later to have a room of their own.

The treasurer reported a balance of \$178.43 for new ward. The sum of \$20 had been donated to the local War Memorial fund.

At a meeting a splendid collection of articles was turned in for the bazaar which is to be held in the former T. N. Hibben store, Douglas Street, on Saturday, November 15. After the business was completed, delicious refreshments were served by the hostess and a social hour enjoyed.

All the school children in Canada and the United States over ten years of age will have an opportunity of entering the Better Home Lighting Contest which will be conducted in practically every town and city, commencing November 1 and closing December 1.

In Victoria and district the child will obtain a Home Lighting Primer from the local contest committee which will give him the rules for participating in the contest.

The rules of the contest are very simple and no unusual skill or knowledge will be needed. In fact, it is very likely that the grand and other prizes which are offered will be won by children who, at the present time, have little or no knowledge of lighting.

First, the contestant must take his primer and study carefully the lessons contained in it. Next he visits the homes of his neighbors and looks at the way in which their houses are lighted. In this primer is a table which lists all kinds of lighting fixtures and gives them numbers. All he has to do for this part of the contest is to write down in the table the kind of fixtures that are in two of his friends' homes. He is asked to do this to make him observant of lighting methods so that he will be able to do the next two things better.

On two pages of the primer are a number of lighting fixtures which are models of good lighting. On the other pages are pictures of rooms of a home. There is a living-room, a sun porch, a dining-room, a kitchen, a bedroom, etc. After reading the complete instructions on this part of the contest he then cuts the fixtures from either one of the two pages and pastes them in what he thinks are the proper places in the room pictures. He will be judged by how neatly and accurately he does this. The next and last thing is to write

KING'S DAUGHTERS ARE BUSY SEWING

Considerable activity on the part of the various Circles was reported at the monthly business meeting of the King's Daughters, held in the rest room yesterday afternoon.

Mrs. L. H. Hardie, district president in the chair. The members are busily engaged in sewing for needy cases, two layettes being completed for relief work, an entire outfit of clothes for an orphan having been completed and much sewing being in hand for the orphanage and the King's Daughters Hospital.

A rummage sale to raise necessary funds will be held on Saturday at 10 a.m. at 1815 Douglas Street. Articles may be left at the Hibben-Bone Building before Friday to be called for, on notification to telephone No. 454 or 21651.

Mrs. H. A. S. Morley reporting for the King's Daughters Hospital at Duncan, stated that fifty-two patients were treated in September. The new matron, Miss Black, assumed her duties on October 1. The new maternity wing and kitchen were now in course of erection.

At the opening of the meeting the members passed a standing vote of sympathy to the family of the late Mrs. Dickenson, and paid a silent tribute to her memory. She was a former district president of the order, and was for many years a beloved member of the Ministering Circle.

Call at Canadian National Railways ticket office for details of special trains connecting with Christmas sailings.

The annual exhibition of the Arts and Crafts Society closed on Saturday evening with a delightfully informal dance arranged by Mrs. M. S. Wheatley, among those who attended were: Mrs. Hodgins, Mrs. Mrs. Haldane, Mr. and Mrs. Loveland, Mr. and Mrs. Young, Mrs. Nathaniel Shaw, Mrs. Mitchell, Mr. and Mrs. Sheldon-Williams, Mrs. J. W. Church, Mr. and Mrs. Keeling, Mr. and Mrs. Moore, Miss Dora Donogh, Mrs. Mary Pease, Miss Evelyn Mitchell, Miss Verinder, Miss Peggy Hodgins, Miss Joy Phillips, Miss Phyllis Barton, Mr. McMichael, Mr. P. Burroughs, Mr. Sandy, Mr. Spinks and Mr. J. R. Simons.

LADYSMITH Mr. William Wilson, who has recently taken over the management of the East Wellington Coal Company, at East Wellington, is moving to-day to take up his residence there.

Mr. and Mrs. Wilfrid Gear of Port Alberni, are visiting with their parents, Mr. and Mrs. R. Gear, Third Avenue.

Mrs. C. J. Comox of Comox was visiting her daughter, Mrs. A. Battle Jr., over the week-end, and on Sunday motored to Victoria.

KUMTUKS CLUB

At the kind invitation of Miss Olive Snyder, the Kumtuks Club held its monthly business meeting last evening in the offices of the Social Service League, Arcade Building. A busy agenda included the passing of a number of recommendations which will be forwarded to the Educational Survey Commission for consideration.

Three new members, Miss Vaughan, Miss Johnston and Miss Rita Ormiston, were added to the roll. At the close of business the members were entertained to delicious refreshments, Miss Snyder, Miss Marshall and Mrs. M. Willis acting as hostesses. The members paid a visit to the studio of Mrs. Willis and were much interested in her oils and water-colors and charming specimens of china painting.

Jubilee Auxiliary - The monthly meeting of the Women's Auxiliary to the Provincial Jubilee Hospital will be held to-morrow afternoon at 2:30 at the Nurses' Home. All members are urged to make an effort to attend.

Gum Chewing Aids the Teeth

You have the authority of doctors and dentists for this statement. Your own experience will prove it, if you will use WRIGLEY'S after every meal.

The following quotations from a recent work on teeth and health are worth remembering:

"Dentists have found that the exercise of gum chewing brings about a better nutrition of the teeth . . ."

"The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay."

The busy man—or woman either—rarely has time to clean the teeth after eating. Yet they should be cleaned, and

WRIGLEY'S after every meal

will do it. Also it will aid digestion and furnish welcome refreshment to mouth and throat.

NATURAL HISTORY SOCIETY MEETS

Interesting Talk on Habits of Waterfowl Given

The habits of migratory birds was discussed in interesting vein at the regular meeting of the Natural History Society yesterday. Capt. Crompton, a former member of the local organization, gave an interesting resume of the habits of bird denizens in the West Kootenay district. The slough of the district attracted great numbers of water fowl which found a ready nesting place in the grass. Capt. Crompton, in passing, made a plea for the extermination of the skunk, which he said was destructive to small birds, and particularly to game broods.

A list of wild birds noticed by the speaker was given as follows: Fourteen species of duck, three species of teal, the Ross, Snow and Canada geese; brant, the rare Whistling gull; golden plover (rare), fantailed pigeon, golden eagle, bald-headed swan, sandpipers, Hudsonian curlew, golden plover (rare), fantailed eagle, osprey, Franklin grouse, Killdeer plover, herons, humming bird (an unusually large one measuring at least five inches in length), the Arkansas Kingbird (unusual), Clark's nutcracker, cowbird, Bullock's oriole (rare, but found breeding here), the Grosbeak, the crossbill, several varieties of sparrows, several kinds of swallow, hunting wren, western mockingbird, willow thrush, hermit thrush, magpie, crow, American raven, hawk (Coopers, duck and redtail), and the horned owl.

MAKE PROGRESS WITH MEMORIAL

Details of Gonzales' Hill Tablet Are Being Settled

It is expected that an announcement will be made in a few weeks as to the date for the unveiling of the navigators' memorial at Gonzales' Hill, to be erected by the Historic Sites and Monuments Board of Canada. The Oak Bay Council has approved the site, the necessary conveyance for the cairn, site has been secured, and the matter will probably be placed in the hands of the public works department for the purpose of erecting the cairn.

The only action that the Canadian Government can carry out at the site is similar to that executed elsewhere, namely the erection of a tablet on a suitable base, as was done at last August at Nootka, but the local committee has a more ambitious project in shape, for the carrying out of which it will look to voluntary aid under the guidance of some local society. That objective is to erect pointers to the various historical locations visible from the mountain, particularly those named by the early navigators.

ONTARIO SENTENCE EXPLAINED BY JUDGE

Toronto, Oct. 28.—In explanation of the sentence imposed last Friday on Peter Smith and Aemilius Jarvis Sr., charged with conspiring to defraud the Province of Ontario, Chief Justice Meredith yesterday afternoon handed down the following memorandum:

"So as to prevent any mistakes as to, or misunderstandings of, the sentence pronounced in the case of the King vs. Smith and Jarvis, I am now putting the substance of them in writing:

"Smith: Three years' imprisonment in the penitentiary of this province.

"Jarvis: Six months in the common jail of the County of York.

"One fine of \$500,000 imposed on each, to be paid at once by, or levied from either or both; and imprisonment of each till the fine is paid or levied.

"The fine is made up by the \$250,000 and the \$4,000 of which the province was defrauded by means of the conspiracy, less the legitimate expenses of Jarvis in connection with the redemption of the 'insured stock'—about \$20,000—interest being added to the balance at five per cent from the time the money was obtained until the present time.

"If restitution of these moneys with interest be made otherwise by the prisoners or either of them, the fine should be remitted."

ATTEMPTED SUICIDE

Toronto, Oct. 28.—Gerard Borg, eighteen, of Capreol, Ont., made a dramatic effort to end his life last night in the presence of Desk Sergeant Keel in a police station here when he drew a revolver from a place of concealment and sent a bullet through his head. His condition is serious.

ASSERTS CANADA HAS LOST TRADE

O'Hara, Deputy Minister of Trade and Commerce, Gives Illustrations

Ottawa, Oct. 28.—F. C. T. O'Hara, Deputy Minister of Trade and Commerce, in his annual report, gives pointed illustrations how trade is lost to Canada. He cites a recent case where a ship was required to carry coal from Sydney, N.S., to Montreal, instead of being of Canadian registry, but the charter was made and the commission paid to a foreign broker residing not 400 miles from Montreal. Again, an officer of the Department of Trade and Commerce, saw lying at a pier in New York a number of large packing cases, stamped "Made in Canada." They were awaiting shipment to South America just eight days prior to the advertised sailing of a direct ship from Montreal, which ship sailed with half cargo.

SEATTLE SHIPPING

Seattle, Oct. 28.—Under charter to Mitsui & Company, the Norwegian steamship Halvyn was loading lumber and general cargo here yesterday for the Orient, and the Japanese steamship Horokan Maru, another Mitsui craft, shifted to Tacoma. Last night the Japanese steamship Relyo Maru of the Yamashita fleet arrived.

HEALING CREAM IS QUICK RELIEF FOR HEAD COLDS

Colds and catarrh yield like magic to soothing, healing antiseptic cream that penetrates through every air passage and relieves swollen, inflamed membranes of nose and throat. Your clogged nostrils open right up and you can breathe freely. Hawking and sniffling stop. Don't stay stuffed up and miserable. Get a small bottle of Ely's Cream Balm from your druggist. Apply a little in the nostrils and get instant relief. Millions endorse this remedy known for more than fifty years.

BULLION SHIP IS AT LAST LOCATED

New Yorkers Will Salvage Gold, Silver and Jewel Cargo

New York, Oct. 28.—The Ward liner Merida, which sank off the Virginia Capes in 1911 with a fortune in gold, silver and jewels aboard, has been located by trawlers and the work of salvaging the treasure will be started soon, it is learned. The position of the ship was believed to be between two and five million dollars. The Merida was sunk when rammed in the dead of night by the Admiral Farragut of the American Mail Line. Two previous attempts to locate the ship failed.

Through a circuit in the rail this is accomplished, and if the circuit be broken, for the reason that another train is occupying the block, or that there is an open switch, a broken rail, washout or other obstruction, then the train approaching the signal may not pass. And while it awaits a through signal, trains following in the rear may not approach for the reason that they are also stopped by an automatic signal which will not release them until the preceding train has passed from that section of the track which they desire to enter. A perfect system. No electrical circuit—no through signal—no train may pass.

Earnings of C.N.R. Reported to Public

Montreal, Oct. 28.—Net earnings of the Canadian National Railways for the first nine months of the year were \$5,075,820, a decrease of \$852,875, or 12.3 per cent, as compared with the same period last year, it was announced today.

Weather Man Tells of 40-Mile Gale Over City Last Night

The high wind which swept Victoria last night and worried the navigators afloat was one of the forerunners of the Winter season. It promises the period of storm and turmoil on the ocean which comes with the Winter.

Weather Man Tells of 40-Mile Gale Over City Last Night

Last night's wind attained a velocity of forty miles per hour between 3 and 4 o'clock this morning, according to the statistics at the meteorological station given out by the Daily Times to-day. The storm, which reached its peak at this time and then waned rapidly, until, in the middle of the morning, the sun was shining brightly and the wind had died to nothing but a light breeze off the southeast.

Weather Man Tells of 40-Mile Gale Over City Last Night

During the night, however, the wild gusts from the south, veering into the southeast, brought the waters of the Straits pounding along the coast of Vancouver Island all through the night. There were whiskeys in Victoria's inner harbor this morning. Small craft were tossed about, and shipping generally was somewhat disorganized.

Weather Man Tells of 40-Mile Gale Over City Last Night

There were no mishaps reported during the night, however. VESSELS FELT STORM. The Canadian Pacific coast steamships have felt a touch of the weather. The night boat from Vancouver to Victoria encountered a nasty sea. The Princess Mary reports heavy weather.

Weather Man Tells of 40-Mile Gale Over City Last Night

Southwest storm signals were ordered displayed last night. The weather men thought things were to be at their worst about Vancouver Island, but the storm was centred off the coast of Washington and was moving westward and out to sea. The barometer here was unusually low, having fallen to twenty-nine in a very short space of time. Mr. Denison reported this morning.

Weather Man Tells of 40-Mile Gale Over City Last Night

Mr. Denison forecasts a wind rising out of the west or southwest later today. He expects that storms will be rather common for the next few weeks, but sees nothing to indicate anything unusual in the way of Winter gales. Weather will be generally unsettled, he says.

Weather Man Tells of 40-Mile Gale Over City Last Night

The T.K.K. liner Taiyo Maru, which arrived here yesterday from the Orient, brought 2,180 bales of raw silk valued at \$2,190,000. The silk was put on a waiting express train to be rushed East as soon as the vessel docked.

The Government also sought to show that Fall was impatient over delays incurred in closing the contract for the taxation of the proposed Pearl Harbor, Hawaii, fuel oil base and that protests had been made that bids for the construction of the storage facilities had not been publicly advertised.

Most of the prosecution's points were brought out through the presentation in evidence of more than a score of letters, telegrams and communications, which were identified by Edward C. Finney, First Assistant Secretary of the Interior, whose testimony was not complete when court adjourned till Friday.

Canada's Depression Now Passed, Says Insurance Head
 Prices for Prairie Crop Will be Reflected in Better Conditions, He Declares

Toronto, Oct. 2.—That the lowest point of depression caused by the war is past and that the entire Dominion is on the upgrade, is the opinion of J. F. Weston, managing director of The Imperial Life Assurance Company of Canada, who has just returned to Toronto after a tour of the Dominion which took him right to the Pacific Coast. During the trip he made a close study of economic affairs.

Although Canada will, undoubtedly forge ahead, Mr. Weston thinks there are many things that

CROWN PROSECUTOR CONCLUDES ADDRESS
 Defence Counsel For Former Directors Addresses Judge To-day

Toronto, Oct. 28.—D. L. McCarthy, K.C., crown prosecutor in the trial of Clarence F. Smith, former Home Bank director, charged in the county criminal court with making false statements to the financial affairs of the bank, concluded his address to Judge Coatsworth just before the noon adjournment to-day. He tried to connect the accused with the approval of the report of the fiscal standing of May 31, 1923, which he claimed, contained many false items. "I think it could be expected," he said, "that a director once during his term as a director, should inquire into at least one of these big loans which he knew were, on the bank's books."
 Mr. McCarthy declared that the accused had made no protest or inquiry, although as a director he was responsible to the shareholders and to the Government.
 Gordon Waldron, defence counsel, will address the judge this afternoon.

LARGE INVESTMENT OF PROPRIETARY MEN IS EXPLAINED

The tremendous business done by the proprietary companies of the United States and Canada was the subject of reference to-day by Ervin F. Kemp, representative of the Proprietary Association, with headquarters at Washington, D.C., before the manufacturers, after paying wholesale, retail and freight charges, was annually about \$100,000,000, or about one half of their cost to the public. The business was feeling, like other lines of commodities, the effect of post war taxation, and in that respect the condition on the retail trade was general. Proprietary articles retailing in small quantities were a natural field of levy for the internal revenue officer, and they were paying quite stiffly.
 His association was engaged in watching at the national capital the interests of the various concerns manufacturing special drugs and similar commodities, which as would

MONTREAL POLICE GIVE EVIDENCE IN GRAFT PROBE

Montreal, Oct. 28.—In an effort to determine the authenticity of charges that certain individual members of the police force of Montreal accepted bribes from disorderly house-keepers and criminals, a number of the Montreal police staff appeared this morning before Mr. Justice Coderre, who is conducting an investigation into alleged irregularities in police circles, and submitted either their own bankbooks or those of their wives. Chief of Detectives Egan, Capt. Saue, Lieut. Gregory and several others submitted their bank accounts.
CHIEF ON STAND
 The hearing of Chief of Police Belanger, yesterday's star witness, was continued this afternoon, as requested by counsel for the chief.
 Rev. Father P. Gauthier, cure of St. James parish, took the stand this morning and in answer to questions by Arthur Brodeur, K.C., said that in a certain part of his parish there existed immorality in a grave degree, and that more than thirty houses of ill-fame flourished there. He knew of at least thirty, and he was of the opinion that there were as many others he did not know about. He deplored the fact that little children in the district saw and heard things tending to ruin their morals, and then described the scandal of "so-called prostitution on the street and from the windows."

NO FEAR
 Asked by Mr. Brodeur if the girls doing the soliciting seemed to feel secure from police molestation, witness replied: "They have an apparent feeling of great security. They do not seem to have fear of anything at all."
 Father Gauthier did not believe the police were certain to blame for the situation. Certain officers, he said, did their duty as well as they could, but they found it was practically useless to bring cases before a particular court, because they were almost sure to have them dismissed and sometimes run the risk of losing their jobs.

DISARM TWO SWORDS
 Cross out the world's initial error.
 It is better to heat than to shoot.
 Learn this by heart.

Miss Common Sense teaching the Class of Continents the great lesson of Peace.
 Australia, which knows least of war and therefore most of peace is top of the class.
 Europe, which knows no peace, at the bottom of the class—for awhile.
 To all Nations: Disarm! Cross out this world's initial error—Hate!
 And follow Right—not Might en-during Peace; Pursuing honest work War's waste must cease; For we ourselves are Masters of our Fate.
 The Best is ours—to spurn or emulate. Our pride in skill most surely will increase; The old desire to kill we can police, if we disarm, before it is too late.
 No evil comes to him who evil scorns!
 But God will speed the man who lives to serve His King his country, fellowmen and God.
 The Prince of Peace, with just a Crown of Thorns, Enriched with blood-red rubies in its curve, He conquered all. So! fling away thy rod! Disarm!

ALLEGED MOUNTED POLICEMAN WAS A SPY FOR GERMANY
 Fred Lobb Must Answer Questions Before Proceeding With Compensation Claim

Vancouver, Oct. 28.—Was Fred Lobb at one time a German spy and another a sergeant in the Royal Canadian Mounted Police? This is the question which officials of the Canadian National Railways and O. J. Wheatley would like Lobb and Mr. Justice D. A. McDonald to-day overruled Lobb's counsel's objections and ordered the question and other interrogatories of a similar nature answered.
 Lobb claims unatoned damages from the Canadian National Railways and Wheatley, who is in charge here for the investigation department of their illegal arrest and imprisonment. The plaintiff was arrested in response to a telephone message to Wheatley and the message was subsequently discovered to have been fictitious. Lobb, incarcerated in jail overnight, was then released.
COMPENSATION SOUGHT
 Monetary compensation is sought by Lobb for the injury to his reputation. On this issue, R. W. Hantington, defence counsel, questioned Lobb, and he refused to answer. Today E. C. Mayers and Mr. Hantington applied in Supreme Court Chambers for an order compelling answers to the questions.
 Mr. Mayers said that the defendants contended that Lobb had served in the German army, had resided in London, returned to Germany and received instruction in espionage work, come back to London, Canada, joined the Royal Northwest Mounted Police, alleged he was a member of the London Stock Exchange, said he was a British subject, and was a sergeant in the Royal Canadian Mounted Police during the war. Lobb, if he wishes to continue with his action, must answer these allegations, and to answer these matters in Lethbridge and Fernie when a witness for the Crown.

whereby it is possible to make motion picture X-ray records of the movements of the human heart.
 The map of the world has been redrawn since that attack, but no fact of history or geography is impressed on my mind as is that night of suffering.
 One of the dreadful things about earache is that most of its victims are babies or little children. It can come at any age, but the very young are more susceptible.
 If a little child suddenly starts to cry and fairly screams at times, you should suspect earache. Hunt to see if a pin is sticking into it somewhere and unless this or some other obvious cause is discovered, you must think of earache.
 Too many children have catarrh of the nose. Repeated colds make it worse and cause it to extend to all the mucous membranes of the head. When this happens the Eustachian tube may become involved.
 The Eustachian tube is a passageway which runs from the back of the nose up to the middle-ear. Its purpose is to supply air and drain-ages to the cavity. Every time you swallow you can feel the passage open and if you have a cold, when you blow the nose the ears may feel stopped up for a few minutes. These swollen tissues of the passageway hold the air in the ears, with the uncomfortable sensation as a result. Children may have adenoids, which grow up the mouth of the Eustachian tube, interfering with its drainage.
 When anything occurs to stop up this passageway, there is an accumulation of fluid inside the ear. As it gathers it becomes in its effects like an abscess, pressing on the delicate nerves and producing the most intense pain.
 To avoid attacks of earache there must be found a means of relief from Eustachian obstruction. Nasal catarrh must be overcome and the adenoids removed.
 There is a double incentive. Not only will the earache be guarded against, but also you may be spared deafness in advanced life. Eustachian and middle-ear trouble lead to hardness of hearing.

YOUR HEALTH
 WHAT TO DO ABOUT EARACHE TO AVOID DEAFNESS DANGERS
 By Royal S. Copeland, M.D.

If there are degrees in violent pain, I am sure earache would win the prize as a cause of suffering. The ear is close to the brain. It is supplied with many delicate nerves and is rich in blood-vessels.
 When these vessels are crowded with blood as is the case in congestion, cutting, shooting, knife-like pain is the sensitive nerve endings, immediately the brain cries out in pain.
 The pain of earache is stabbing, cutting, shooting, knife-like, lancet-like—it would take a load of adjectives to describe the suffering of earache.
 Almost everybody who reads this will nod his head in approval, because almost everyone has had the earache. I had it just once and it stands out in my memory more vividly than any other physical

KILLS SELF FOR LOVE—Fort William police are engaged in an investigation of the circumstances surrounding the death of Ruby Corbett, beautiful quarter-breed Indian girl, who was found shot in a farmhouse near that city. One theory is that unrequited love was the cause, it having become known that she had become greatly attached to a Toronto engineer engaged in construction work.

REAL IDEA FOR WAR MEMORIAL—Following the suggestion of Sir William Mulock that a war memorial be erected in Aurora, a site has already been secured. The memorial will be over seventy feet high to the top of a large bronze lantern and will be faced with grey granite blocks. The great lantern surmounting the memorial will be continuously lighted in perpetual memory of the fallen men of the town.

POLITICAL BEDFELLOWS—The new political alignment in Great Britain has brought about strange alliances. Thus ex-Premier Stanley Baldwin, Protectionist, and a Tory of the Tories, and Sir Alfred Mond, one of the most influential of Liberals, and once an uncompromising free trader, are now working in harmony toward the defeat of the Socialists. Sir Alfred was responsible for the two-party bargaining to eliminate many three-cornered contests.

REAL JUMPERS—Athletic training is part of the curriculum at Moulton College, Toronto. The annual sports day attracted a large gathering of friends of the school as spectators and a most enthusiastic entry list of smiling competitors, in the group are Misses Audrey Mitchell, Dorothy Starr and Bada Freeland, first, second and third in the high jump.

ZR-3 IN HER NEW HOME—The ZR-3 is safely settled in her new home. Here the big dirigible is seen tucked away in the giant hangar at Lakehurst, N.J. She will share this with her sister ship Shenandoah, returning from the Pacific Coast. Naval and marine guards may be seen all about the new arrival. A few lucky persons have succeeded in getting into the shed to give the Leviathan of the air a good "once-over."

A \$20,000,000 TARGET—The U.S.S. Washington, only partially completed at a cost of more than \$20,000,000, will be sunk during a drill practice off Virginia Capes in December. The destruction of the ship is necessary under the terms of the armament conference.

BEDTIME STORY

Uncle Wiggily and the Spot Cat

(Copyright, 1924, by McClure Newspaper Syndicate)

By Howard R. Garis

"Dear me, Uncle Wiggily! What's that on your coat?" asked Nurse Fuzzy Wuzzy one morning, as the rabbit gentleman was about to hop away from his hollow stump bungalow, to go look for an adventure.

"Something on my coat?" cried Mr. Longears. "Don't tell me the Fuzzy Fox or the Skilley Scalliger Alligator has huld of my coat!"

"No, no, it isn't any of the bad chaps on your coat!" laughed Nurse Jane. "But I see a lot of spots on your coat—green spots and dirt spots. You must send your coat away and have it cleaned."

"Oh, no!" cried the bunny rabbit. "Why, don't you want to look nice and clean?" asked Nurse Jane.

"Yes, but I can clean the spots off my coat myself," said Mr. Longears. "I will take some gasoline and soap and wash it with some soap and water that I will take the spots off my coat."

"All right, if you think you can do it," said Miss Fuzzy Wuzzy. "But I think you had much better send it to the cleaner's—"

"I'll be the cleaner—with my soap and gasoline—I'll be the cleaner!" laughed the bunny rabbit, just like Cock Robin.

"Nurse Jane also laughed and then she went down town to the three and four cent store to buy a new piano. Uncle Wiggily took off his coat, mixed up some soap and gasoline in a pan and started cleaning the spots off his coat."

"Now in the woods, not far from Uncle Wiggily's hollow stump bungalow, there lived, in a deep, dark dismal den, a queer animal called a Spot Cat. This bad chap, whose fur was covered with specks, was something like the spotted hyena, but not as large. However, he was very unpleasant to meet on a moonlight night, or even on a dark night, if you ask me."

"And when Fuzzy Fox, hiding in the woods, saw Nurse Jane going to the three and four cent store to buy a new piano, the Fox ran to the den of the Spot Cat and cried:

"Quick, now! Nurse Jane is out! Uncle Wiggily is all alone. Go to his bungalow and catch him. Spot Cat, go get Uncle Wiggily!"

"I will!" howled the Spot Cat, who had long wanted to nibble the bunny gentleman's ears.

So the Spot Cat went on tiptoes through the woods until he reached the hollow stump bungalow. Through the window the Spot Cat saw the rabbit rubbing away at something

ORDINATION CHANGE FOR BAPTIST CHURCH

Advisory Committee Proposed in Ontario and Quebec

London, Ont., Oct. 28.—In the report of the committee on ministerial credentials placed yesterday before the thirty-sixth annual meeting of the Baptist Convention of Ontario and Quebec, meeting here, was a resolution, which, if adopted, will revolutionize the entire system of Baptist policy in connection with the ordination of ministers. Without discussion, the resolution, which provides for the appointment of an advisory committee to pass on the ordination of all ministers, was made a notice of motion and the onset of its resolution, which, if adopted, will revolutionize the entire system of Baptist policy in connection with the ordination of ministers.

The committee would include one person from each association in the convention as members, together with any others that the convention may appoint.

Two Were Killed In Seattle Streets

Seattle, Oct. 28.—Miss Elizabeth Ann Edmonds, nineteen, of Falls City, twenty-five miles southeast of Seattle, attending a business college here, and an unidentified man, were killed in traffic accidents in this city yesterday.

Miss Edmonds was on her way to school when struck by a street car, which, when she spoke her opening sentences, her voice sounded a long, long way off. She told herself in panic that she, with her shyness, her inexperience, her lack of police, should have never attempted such a preposterous thing as a public address.

But, suddenly, out of the sea of upturned faces, she encountered a friendly, sympathetic gaze. She stiffened, her backbone reasserted itself. Her voice gained depth and confidence.

She couldn't fall, she reminded herself, after all he had done to make her a success!

So she fixed her eyes on him, water and her throat was dry and parched. When she spoke her opening sentences, her voice sounded a long, long way off. She told herself in panic that she, with her shyness, her inexperience, her lack of police, should have never attempted such a preposterous thing as a public address.

The Surprising Sex

FRESH HONORS

Latour assisted Julie into her evening wrap. It was the night of the political club dinner, the night she was to make her first public address.

"I'm perfectly icy!" she laughed shakily. "Feel!" she laid her chilly little hand on his.

His warm fingers closed around it, warmed it with that strange comforting warmth that was more psychic than physical.

He said nothing and Julie, experiencing sudden inexplicable embarrassment, raised her eyes shyly.

He was looking down at her with an expression that sent the warm blood into her cheeks. And his dark eyes held hers with a curious magnetism.

Julie caught her breath, disengaged her hand gently.

"Oh, do you think I'll fail?" she asked breathlessly.

He reassured her.

"You're going to be an unqualified success. Your speech is excellent and in any event your charm would carry it, whether you speak meaningless words or not."

"I do get through it, it's all due to you, my very dear friend, you've drilled me with the patience of Job. And if you weren't going to be in the clubrooms when I can see you every moment, I'd be in a worse funk than I am."

He laughed reassuringly.

"I know your speech so well, that if you break down, I'll finish it for you."

Julie was perfectly sincere about her stage fright. It gripped her when she rose to face the large audience after the chairman's introduction.

Her hands were trembling absurdly. Her knees seemed turned to water and her throat was dry and parched.

When she spoke her opening sentences, her voice sounded a long, long way off. She told herself in panic that she, with her shyness, her inexperience, her lack of police, should have never attempted such a preposterous thing as a public address.

URGE EARLY WORK ON FRASER HIGHWAY

Leaders of Automobile Club of British Columbia Express Views in Resolution

Vancouver, Oct. 28.—The executive of the Automobile Club of British Columbia was authorized at a well-attended general meeting here last evening to urge upon the proper authorities:

1.—That the Fraser Canyon Highway be built to completion in 1925.

2.—That the road be wide enough for safe driving.

3.—That the contiguous country be set aside as a national park.

President F. G. T. Lucas, in a concluding review of the highway situation in British Columbia, personally laid the matter before the meeting and a resolution embodying his suggestions was adopted unanimously.

"I feel sure," he said, "that the Great War, recently concluded, would never have taken place if all the printing presses in the world had been destroyed in the year 1900. The discontent of the subject peoples of Europe could not have been fanned into flame without this machinery. The chancellors and prime ministers of the world, before and after the murders of Sarajevo, if they had not been forced to obey an informed public opinion of their respective countries."

"Nor would democracy have been intolerant of autocracy and autocracy contemptuous of democracy if their differences had not been constantly paraded in printed words."

Washington, Oct. 28.—The Persian Government will soon send an "extraordinary envoy" to the United States to explain and elucidate to the State Department the government's attitude regarding the murder of Vice-Consul Robert W. Imbrie by a fanatical mob in Teheran and to relieve any tension between the two governments, due to the apparent failure of the Persian authorities to carry out sentence of death against all the chief instigators of the crime.

Bağher M. Kazemi, Charge d'Affaires of the Persian Legation here, to-day informed Acting Secretary of State Joseph C. Grew of this decision of his Government and its statement declaring Persia had done its utmost to satisfy and indemnify the United States and Mrs. Imbrie and that the friendship between the two countries was one of the "essential policies" of the present Persian Government.

Although the State Department had no comment to make on the latest Persian move, doubt was expressed in some competent circles that the situation could be cleared up to the entire satisfaction of the United States Government through the introduction of a special envoy. It is thought the United States will contend the controversy is based on Persian procrastination in executing the two mob leaders whose guilt is held to have been established beyond doubt by Persian military and other courts, and that the Persian Government's only possible course of action is to apply the penalties which its own tribunals sanctioned.

In view of the opinion here that on the firmness with which the United States acts in this case will depend the safety of other diplomats and Christian nationals in various Near Eastern countries, it is expected the United States Government will ask for a rigid application of the law and will consider discussion of the matter of little use unless it tends towards full satisfaction of this country's position.

Appointment of a minister to Persia succeeded J. S. Kornfield, who recently retired from the diplomatic service, will be postponed, competent circles here believe, until there has been a satisfactory settlement of the pending matter.

Edmonton, Oct. 28.—On the first count under the transferable system of voting in yesterday's by-election to fill the Edmonton vacancy in the Alberta Legislature, 177 polls out of 187, gave the following result: Henry Liberal, 4,828; Ewing Conservative, 4,220; Bartholomew Labor, 4,179; Pelton, Independent, Liberal, 1,122.

All the returns of the riding will not be in the hands of the returning officer until Thursday. Those not yet in are not expected to change the result materially.

CHICAGO TRIBUNE EDITOR STATES VIEWS

No Great War if Printing Presses Had Been Destroyed in 1900

Chicago, Oct. 28.—More powerful than steam, more explosive than gunpowder, more world-convulsing than the making or sailing-ship, was the epoch-making invention of the printing press. Col. R. R. McCormick, editor of The Chicago Tribune, declared in an address yesterday before the sixth publicity conference of the Chicago Church Federation.

It was the printing press that brought on the Reformation and the Counter-reformation, followed by the Thirty Years' War, he said.

The Spanish-American war, he continued, was waged solely because American public opinion had been infuriated.

"I feel sure," he said, "that the Great War, recently concluded, would never have taken place if all the printing presses in the world had been destroyed in the year 1900. The discontent of the subject peoples of Europe could not have been fanned into flame without this machinery. The chancellors and prime ministers of the world, before and after the murders of Sarajevo, if they had not been forced to obey an informed public opinion of their respective countries."

San Francisco, Oct. 28.—The Standard Oil Company of California announced a reduction, effective today, in the basic price of gasoline at refineries of two cents a gallon. This will affect the retail price by a similar reduction in California, Nevada, Arizona, Washington and Oregon.

In addition it was announced that, due to a decrease in the cost of water transportation, a further reduction of one cent a gallon will be made at points in Washington and Oregon supplied by way of water transportation.
