## NOTED GENERAL PASSES AWAY

### SIR WILLIAM BUTLER SAW MUCH SERVICE

**Soldier and Author Served in Canada in Early Life—His Warning of Boer Outbreak**

London, June 8.—Hon. Sir William Butler, G. C. B., G. C. I., one of the foremost British soldiers of the Victorian era, died yesterday.

Born in 1838 in Suirville, county Tipperary, the late General Butler was one of the "fighting Irishmen" who, during the last hundred years, have won their way to command and prominence in the British forces, notable among the others being the "Iron" Duke of Wellington, Lord Roberts, Lord Wolseley, Lord Kitchener, in the army, and Lord Charles Beresford, who retired from the command of the navy.

He was educated at St. Stanislaus Jesuit College, Tullamore, King's County, and began his remarkable military career in 1858, when he joined the 69th regiment. After serving in the East for four years he was promoted lieutenant in November, 1863, and was sent to Canada, where he went through the Fenian Raid and Red River Expedition in 1870. He was awarded, as late as 1899, the Canadian general service medal with two clasps. For the next two years he was special commissioner to the Indian tribes of the Saskatchewan River line, and was made captain in 1872. The following year, under Sir Garnet Wolseley, he collected native forces in West Africa, and for these services was several times mentioned in despatches and later congratulated and praised by the Duke of Cambridge in the House of Lords, receiving a clasp and the commission of major and being knighted.

His acquaintance with South Africa began in 1875, when he was sent on a confidential mission to Bloemfontein. Four years later he again saw active service in the Zulu war. In 1882 he received the Khedive's Star and other recognition for services in Egypt, and was sent on a special mission to Canada two years later. He was then successfully engaged on active service with the Nile expedition, 1884-85; Sudan, 1885; Merawi and Dongola, 1885, and Wady Halfa, 1885.

It was, however, with his appointment to the Cape command that the late general attracted most attention from the Empire. His study of the ominous attitude of the Boer republics, which had been steadily preparing for war since the Majuba Hill incident of 1881, when Gladstone prevented their annexation by the British forces, led him to forecast the war of the late nineties. His advice to the British government to "put one hundred men where you now have one" was disregarded at the cost of a long and expensive campaign, in which thousands of lives were sacrificed. Incidentally, General Butler came in for much undeserved obloquy on the part of the Jingo press, but a few years ago he was called to the Privy Council.

Sir William Butler was the author of several books, some of them dealing with the Canadian West of his early days. The most notable is, perhaps, "The Great Lone Land." He also published biographies of Sir Charles Gordon, Sir Charles Napier and Sir George Pomeroy.

His marriage, in 1877, to Miss Elizabeth Thorne, brought to him as a life partner an accomplished artist, who had already gained the endorsement of all critics with her painting, "The Roll Call," in 1873. Sir William was throughout his life a devout member of the Roman Catholic church and in many respects was a second Havelock.

## WEDS AMERICAN GIRL

**Marriage of Viscount Maidstone and Miss Margarita Drexel**

London, June 8.—Miss Margarita Drexel, daughter of Anthony J. Drexel, a millionaire banker of Philadelphia, was married to-day to Guy Montague George Finch-Hatton, Viscount Maidstone, son and heir to the Earl of Winchelsea and Nottingham.

The wedding took place at St. Margaret's church, Westminster. The Bishop of London, assisted by Canon Hopley and minor clergy, officiated. The bride was given away by her father. The bridesmaids, were Lady Gladys Finch-Hatton, sister of the bridegroom; Misses Hilda Chichester and Essex Gunning, his cousins; Misses Edith Wayne, Nellie Post and Mildred Carter, Americans; Lady Violet Manners and Misses Rhoda Astley, Sybil Fellowes and Constance Combe.

The bride wore a dress of cream satin, draped in old lace. A long train of white and gold brocade fell from her shoulders.

Viscount Maidstone was attended by his brother, Honorable Harold Fitz-Hatton. The aisle was lined with uniformed "troops" of his regiment, the Royal East Kent Yeomanry.

Following the wedding a reception was held at the Drexel mansion, 22 Grosvenor square. The Earl and Countess Winchelsea, the Drexels and many friends of both families drove from the church to the mansion.

## LIGHTNING KILLS THREE

Dresden, Saxony, June 8.—Lightning struck an infantry regiment that was marching into the German camp, here yesterday. A whole company was carried to the ground. Thirteen soldiers were killed outright and fifteen others seriously injured.

## BUMPER GRAIN CROP PREDICTED

### FAVORABLE REPORTS ON CONDITIONS IN WEST

**Light Frosts Are Reported in Some Districts, But Wheat Crop Escaped Damage**

(Special to the Times)

Winnipeg, June 8.—Notwithstanding the backward weather during the month of May the grain crops of western Canada in general is equal and in many cases very much better than the average of other years. This summarizes the reports of a large number of correspondents who were asked to wire full details of the crop situation in their districts.

The reports show that while early sown grain was considerably retarded by the cold weather of the past month, the rains of last week followed by bright warm sunshine have made up for all the time lost.

Many districts report light frosts at the end of the month, but only in few instances did they cause any appreciable damage. In some districts, oats and barley were nipped, but the wheat escaped altogether.

All that is wanted from now on is plenty of bright sunshine, with occasional showers. In many districts there has been sufficient rainfall for at least two weeks.

The outlook is, on the whole, most promising and with average conditions from now until harvest, western Canada should have one of the best crops in her history.

## BRITISH COLUMBIA STUDENTS AT MCGILL

### Several Will Receive Their Medical Degree at Convention To-morrow

(Special to the Times)

Montreal, June 8.—Seventy-nine more doctors will be formally ushered into the medical profession to-morrow afternoon, when the annual convocation of the faculty of medicine at McGill takes place.

The number of successful graduates is the largest yet, over ninety per cent. of the class having passed. There are seventy-nine in all on the fourth year pass list. Among successful westerners Sydney B. Peelle, of New Westminster, distinguished himself by carrying off two gold medals, the Woodruff medal for the best examination in the clinical branches, and the Woodruff medal for special examination in ophthalmology and otology.

Fourth year prizes and honors include: First prize for the highest aggregate in fourth year subjects, H. Macmillan, Victoria; Medicine honors, H. Macmillan, Sydney B. Peelle; Surgery honors, Sydney B. Peelle; Pathology honors, Jas. H. Macmillan; Ophthalmology and otology, H. Macmillan.

Westerners who will receive their degree to-morrow are: H. Macmillan and H. B. Marshall, Victoria; C. Ewert, Greta, Miss H. H. Hepburn, Edson, Alberta; W. J. McAllister, Winnipeg; M. W. M. Naughton, Mosonon, Sask.; L. A. Patton, Armstrong, B. C.; Sydney H. Peelle, New Westminster; G. T. Wilson, Vancouver.

## NIAGARA SYNOD IN SESSION AT HAMILTON

### Bishop DuMoulin Deprecates Short Pastorates and Sudden Changes

(Special to the Times)

Hamilton, Ont., June 8.—The 26th meeting of the Niagara synod opened in Christ church cathedral school-room yesterday. There was an unusually large attendance of clerical and lay delegates.

In his annual address Bishop DuMoulin deprecates short pastorates and sudden changes among the clergy.

Referring to the increase in crime, he stated that work and controversies were dead and buried, and that in their place was a determination to give the gospel to the whole world before the twentieth century was much older.

## WORK FOR DESTITUTE

Foreigners Will Be Employed For Alaskan Road Until They Earn Enough to Return to Seattle.

Cordova, Alaska, June 8.—On cable instructions to-day from E. C. Hawkins, engineer-in-chief of the Copper River & Northwestern railway, a Guggenheim road, the local offices will provide work for all the idle foreign laborers now destitute and about to become a public charge.

All the men are from Southern Europe. They were brought to Alaska by the railroad, but they were found to be so unsatisfactory they were discharged and instructions went out this spring to send no more such workmen north.

A separate camp is to be established and the 200 men put to work on grading at 50 cents an hour until they earn enough to return to Seattle.

"WITH BUT A SINGLE THOUGHT."  
CHORUS OF LOWER MAINLAND APPLICANTS—"We don't care which of us you take as long as you don't make eyes at that hussy."

## INCREASED RATES ARE NECESSARY

### J. J. HILL SAYS ROADS NEED MORE MONEY

(Times Leased Wire)

St. Paul, Minn., June 8.—James J. Hill, of the Great Northern Railroad, today in commenting on the railroad situation throughout the country said: "The people will suffer if the railroads are not allowed to increase rates. If the administration wishes to cripple the railroads it has the opportunity. The trouble with a statesman is that he does not know what will be the effect of his acts."

"Railroads need increased facilities, but there is no hope of raising the necessary millions under present conditions. The Great Northern refused to participate in the conferences at Washington."

Railroad Regulation Bill.  
Washington, D. C., June 8.—The House Insurgents, in spite of yesterday's defeat which resulted in the railroad bill being sent to conference, believe that they can force the conference to make a satisfactory report.

The insurgents claim that many of the regulars would reject an unsatisfactory conference report and therefore they think that a good bill will be decided upon by the conference.

## MAD MULLAH SHOT AFTER RECENT FIGHT

### Killed by Friendly Natives in Somaliand—Followers Now Without a Leader

(Special to the Times)

London, June 8.—"The Standard" says the notorious Mullah Mohammed Abdul, who long troubled Great Britain and Italy in Somaliand, was captured in the recent fight at Hargeisa by friendly natives and shot. His death has left his followers without a leader.

## SUGGESTS KAISER SHOULD BE ELECTED

### Speech of Leader of Socialist Democrats is Characterized as "High Treason"

(Special to the Times)

Berlin, June 8.—The lower house of the diet yesterday referred to the budget committee the Kaiser's civil list of 2,000,000 marks.

The Socialist Democrats opposed the proposal. Their speaker, Herr Hoffman, was frequently called to order by the chair. He drew the rebuke of "High treason" from the president by his suggestion that the Kaiser should be elected by the people. Among other things Herr Hoffman complained that the "crown had too many children."

## GOED FROM THE NORTH

(Special to the Times)

Seattle, June 8.—Four hundred and fifty-eight thousand dollars in gold-left Fairbanks for Seattle yesterday. About \$1,500,000 in gold is now in transit from the north. Tanana will probably lead in this year's output.

## ELECTING DELEGATES TO GENERAL CONFERENCE

### Complaints Against Method is Voiced at Gathering of Methodists at Chatham

(Special to the Times)

Chatham, Ont., June 8.—Considerable discussion arose yesterday at the London Methodist conference over the method of electing representatives to the general conference. Some claimed that the same ministers go each year and the men in the back ranks never get a chance to go to the general conference.

In commenting upon the race track gambling bill, the committee lamented that legislation seems to balk the progress of moral and social reform. Hon. A. B. Aylesworth was especially criticized for his release of Skill and King and the conference considered that the minister of justice should resign his office as his usefulness as minister was gone. "The country cannot have confidence in a government which will retain such a minister in the cabinet," said the chairman of the committee.

## LIBERALS ARE WILLING TO POSTPONE CAMPAIGN TO LIMIT POWERS OF LORDS

### TO WELCOME ROOSEVELT.

(Times Leased Wire)

London, June 8.—The first parliament under the reign of King George V. began its work to-day.

The Liberals, keeping their promise, announced their willingness to postpone the campaign against the power of the House of Lords until the King becomes familiar with his duties. It is believed that the truce will not last a month.

## ALLEGED TIMBER FRAUDS IN CALIFORNIA

### U. S. Government Institutes Suits to Recover Title to Forty-Three Claims

(Times Leased Wire)

San Francisco, Cal., June 8.—Ninety-seven suits to recover title to 42 timber claims, valued at half a million dollars, are pending to-day in the United States Circuit court here, alleging that the Curtis, Collins & Holbrook Company, of New York, and the Pennsylvania Lumber Company obtained title to the lands by fraud. United States District Attorney Devlin, assisted by Frank Hall, an assistant of Attorney General Wickersham, prepared the suits.

Eric Lyders, in charge of the field division of the United States general land office, discovered the alleged frauds and reported the matter to Devlin. Lyders asserts that the defendants proved up on the timber lands in Plumas county six years ago, after obtaining titles through dummies. The statute of limitation in criminal matters being three years, civil procedure was the government's only recourse.

## SURVIVORS IN NEED OF RELIEF

### HOSPITALS CROWDED WITH EARTHQUAKE VICTIMS

**It is Now Believed Death Roll in Southern Italy Will Not Exceed 75**

(Times Leased Wire)

Rome, June 8.—Southern Italy today is a scene of sorrow and suffering following the short but violent earthquake felt in Campania, Basilicata and Calabria yesterday.

The dead at Calabri, San Sossio and San Sele number 50. Other towns have their one or more dead, while the number of injured is large. The great number of injured men, women and children gave rise to alarming reports that hundreds had been killed, but it is believed now that the loss of life will not exceed 75.

The hospitals in the stricken territory are filled with injured. Improvised shelters are overcrowded with persons seeking medical treatment. Many of the injured fear to enter the larger buildings because of the possibility of a second visitation by earthquakes.

The relief resources of the Red Cross Society have been exhausted and the government is holding back needed aid. It is hoped by those in charge of the distribution of supplies that the King and Queen will hasten the work of relief when they return here. Their Majesties are expected here to-day.

Reports indicate that a hurricane which followed the tremor caused great damage in the earthquake zone. The storm is reported to have killed six persons and injured many others in the island of Sardinia.

## METHODISTS PASS PATRIOTIC RESOLUTION

### Bay of Quinte Conference Offers King Assurance of Fealty to His Person and Throne

(Special to the Times)

Trenton, June 8.—Rising en masse and enthusiastically singing the national anthem, the members of the Bay of Quinte Methodist conference passed a patriotic resolution last evening expressing its deep and heartfelt sense of the loss on the passing away of King Edward and offering to King George an assurance of fealty to his person and throne.

The conference approved of the principle of church union, and hoped that the committees appointed by all the Methodist, Presbyterian and Congregational churches will find in working out the details no difficulties.

CHARGE AGAINST SENATOR.  
Washington, D. C., June 8.—Formal charges against Senator William Lorimer of Illinois are pending before the United States senate to-day awaiting consideration. They were laid before the senate by Senator Cullom, and were in the form of a memorial presented by Clifford W. Barnes, of Chicago, president of the Illinois legislative voters' league.

## ALBERTA COAL MINES ARE SOLD

### Rod Mackenzie is Believed to Be Interested in Deal at Marinville

(Times Leased Wire)

Edmonton, June 8.—The Cardiff coal mines at Marinville, embracing 500 acres of surface and coal rights, have been sold to J. Anderson of O'Grady & Anderson, of Winnipeg, acting, it is said, for Rod Mackenzie of the Canadian Northern, for \$300,000. The mine has a capacity at the present time of one thousand tons a day. The plant is valued at \$125,000. The purpose of the purchasers is to capitalize the new concern at \$750,000 and to float the bonds in the Old Country.

## FIGHT OVER ESTATE

### WOMEN'S FRANCHISE IN NORWAY

(Special to the Times)

Christiania, June 8.—King Haakon has assented to a bill extending women's franchise, which places women on an equal footing with men so far as local elections are concerned. The minister of commerce disagreed with the bill and resigned.

## INDIANS AND B. C. RESERVES

### SOME LEADING CITIZENS HOLD A CONFERENCE

**Meeting Summoned by Bishop Perrin in Anticipation of Settlement of Songhees Question**

(Times Leased Wire)

Anticipating an early settlement of the Songhees reserve question, and desiring to assist in the furtherance of the negotiations which are now in progress, Bishop Perrin took the initiative in summoning a meeting which was held yesterday afternoon at Bishopsclose, of those citizens in the community whose co-operation might prove helpful. Explanatory of the aims and objects of the meeting the following invitation had been forwarded to those requested to be present:

"My Dear Sir:—You no doubt recognize the great importance of securing an early settlement of the Victoria Indian reserve matter.

"A beginning has been made in organizing those who desire to bring about a solution of British Columbia Indian land problems, both general and local, which, while just to the Indians, shall also be advantageous to all other interests concerned, and I have been acting as chairman of the committee which has been formed in Victoria for that purpose.

"The general situation with which we are dealing will be shown by the lecture delivered in Vancouver by Rev. A. E. O'Meara.

"Recent events have opened up to us a definite opportunity of endeavoring, with excellent prospects of success, to bring about a solution of the Victoria reserve problem.

"It has therefore been decided to hold, at my residence, on Tuesday next, 7th instant, at 4:30 o'clock, a meeting composed of members of the committee and others who it is thought will be specially interested.

"Upon that occasion the opportunity above mentioned will be explained, and the taking of such action as may be necessary in order to accomplish the object in view will be considered.

"You are earnestly invited to be present.

"Yours, very truly,  
"W. W. COLUMBIA"

Accompanying this letter was a copy of a pamphlet containing a report of the lectures delivered in Vancouver in April last by Rev. Arthur E. O'Meara, B. A., on "The Indian Land Situation in British Columbia."

There was a good attendance when the meeting was called to order at 4:30 o'clock by Bishop Perrin, who presided. Rev. Mr. O'Meara acted as secretary, and among the others present were: Hon. Edgar Dewdney, Hon. Senator Macdonald, W. J. Sutton, Rev. J. A. Wood, Rev. E. A. Roberts, Rev. Dr. Campbell, Rev. Joseph McCoy, E. J. Martin and A. B. Fraser, Sr.

Rev. Mr. O'Meara was first called upon to outline the plan of action by all parties interested to have a final settlement of the Indian land question in this province. His contentions are set out in the pamphlet in these terms:

"Three statements may be made with some confidence. First, there is a clearly defined issue between the Indian tribes of British Columbia and the provincial government. On the one hand, the Indians have earnestly contended, and still contend, that they hold a title in respect of the lands of British Columbia. This contention they appear to be supported by the royal proclamation of George II, by the Imperial parliament and the colonial office, by the legislative assembly of Vancouver Island, by the department of the Interior and the department of justice of Canada, and by Lord Dufferin. On the other hand, the colonial and provincial governments have for forty years earnestly contended that the Indians hold no such title, and they have based their Indian policy mainly upon that view.

"A second statement is that the two governments have never yet come even near to a real solution of the problem.

"A third statement that may be made is that when the agreement of 1876 was made, it appears that the Dominion government, desired to arrive at a final adjustment of the question upon the basis of some satisfactory dealing with the claims of each Indian nation, but the provincial government was not prepared to go beyond dealing with existing conditions and requirements."

Following Rev. Mr. O'Meara's statement, there was an animated discussion of the various features of the problem, but no definite conclusions were arrived at. A majority of those present felt that it might prove most unwise to inaugurate at this time an independent movement for the settlement of the reserve question, and so expressed themselves. The argument expressed themselves a provincial government were now apparently engaged in earnest attempts to deal with the Indian reserve questions as they arise, and to have any body which might be formed as a result of the meeting, might overtake at this juncture most unwise, embarrassing and therefore unwise.

This view strongly impressed those present and further consideration will be given the proposals to Rev. Mr. O'Meara before any definite action is taken. The meeting adjourned to a late date at the call of Bishop Perrin at a late date.

## RECORD YEAR FOR SUEZ CANAL

London, June 8.—Suez Canal has the most prosperous year ever known the transit dues for the first time exceeded \$24,000,000. The dividend is fixed by nine francs, making it 12 francs. The directors are convinced it will not fall below that in future.

**BUSINESS FOR THE BOARD OF TRADE**

**At Monthly Meeting To-morrow Companies Act and National Park Will Be Discussed**

At the meeting of the board of trade to be held to-morrow afternoon a general discussion of the Companies' Act, 1910, which was passed by the provincial legislature at its last session upon request of the British government, will take place. It is understood that the act, which comes into force on July 1st, gives great dissatisfaction in commercial circles, and severe criticism of some of its clauses will probably be made at the meeting.

In this connection a Times reporter interviewed a number of prominent commercial men in this city and learned that the main objection to the act is, to quote one of those interviewed, "that it is apparently a measure designed to produce revenue to the detriment of commercial interests, inasmuch as it does not improve conditions existing in the commercial circles of the province and does place obstacles in the way of business."

One view strongly expressed was that the requirements of the act in respect to extra-provincial companies are too onerous and have a savor of inquisitorial proceedings. Extra-provincial companies are concerned duly incorporated under the laws of Canada, or any province of Canada, Great Britain and Ireland, or the former provinces of Canada. These companies, not already registered in this province, must obtain a license, the fees being:

When the nominal capital does not exceed \$10,000, a fee of \$25; from \$10,000 to \$25,000, an additional fee of \$5 for each \$5,000; from \$25,000 to \$50,000, an additional fee of \$2.50 for each \$5,000; exceeding \$50,000, an additional fee of \$1.25 for each \$5,000; and in addition thereto, the cost of Gazette fees and fees of solicitors in connection with obtaining the "license" or "registration."

The act also sets forth that extra-provincial companies cannot acquire or hold lands in the province without registration and special fees are provided for this latter right, with heavy penalties for doing business in the province without a license.

"The provisions of the act are very onerous," said a leading commercial man, "so onerous that we believe some companies of unquestionable standing will consider themselves precluded from doing business in the province. The act has, no doubt, strong points in it somewhere—but I have failed to find them. It is hardly conceivable that the legislature would pass a measure that has no virtue in it, but at present the act appears to me to be unnecessary from the view-point of regulation and to work a hardship in the way of taxation."

The National park project, which has been advanced to a definite stage by the reservation of land in the vicinity of Buttle's lake, will also occupy the attention of the board.

As the government has only so far taken the first step in the creation of the park the board will discuss the project with a view to making recommendations for further action, such as surveying, definition of boundaries, game protection and means of access to the proposed park.

The friction of steel on ice is exactly half that of steel on steel.

**MUST HALT WHEN THE FIRE GONG RINGS**

**Regulations for Conduct of Street Traffic Are Issued by Order of the Council**

Hereafter when a fire alarm is sounded all traffic on the downtown business streets of the city must come to a stop in order that the apparatus proceeding to the scene of the outbreak may not be impeded in its progress.

The gongs and lights which have been placed at prominent street corners have been tested on several occasions since their installation and found to work admirably. The noise of the gong commands instant attention and the light, a glaring red one, warns everyone after nightfall. The council has deemed it advisable to give public notification that the rules for the regulation of street traffic framed by the chief of the fire department shall be enforced strictly, and the following advertisement has been issued:

"The public are hereby notified that fire gongs and signal lights have been placed at the corners of the following streets, namely: "Cowanart and Government; Johnson and Broad; Yates and Broad, Port and Government; Yates and Government."

"The sounding of these gongs and the flashing of the red lights are the signals for the instant stopping of all traffic on said streets in the business section of the city, until the gongs cease to ring and the lights are extinguished."

"The strict observance of this rule is required, and all persons are expected to govern themselves accordingly."

**TROUBLE IN OAK BAY OVER SIDEWALKS**

**Secret Meetings of Council Looked Upon With Suspicion by Ratepayers**

There is trouble brewing in the Oak Bay municipality. For a long time past many of the ratepayers have felt annoyed at the secret which is maintained in the work of the council and the committees, where most of the work is done. As long as everything went on all right, however, no active steps were taken to make a protest.

Recently the notices of the assessments for certain works of local improvement, done last year, have been sent out, and these have caused general dissatisfaction. The cost of the work, it is alleged, has been abnormally high. When the contracts for sidewalks were let last year it was thought that the amount of the contract was all that the property holders would be called upon to pay. When the notices were received it was found that the amount assessed against them was nearly double the amount of the contract.

Investigation of the cause for the large increase in the cost discloses the fact that very high prices were charged against the work for filling, office expenses and sundries. These all together amount to nearly as much as the contract price of laying the sidewalk, and in some instances even more.

A meeting of some of the interested ratepayers is being held, and it is not improbable that a public meeting may be called to discuss the matter of the methods of arriving at the charges in local improvement work. It is even said by some that the office expenses charged against local improvements amount to more than the cost of running the office for all the work of the municipality.

The secrecy of the council in conducting the business of the municipality is looked upon with a great deal of suspicion. Not only are the meetings of the streets committee private, but special meetings are called now and then in the offices of the clerk, where neither the ratepayers nor the reporters are allowed to be present.

There is a good deal of dissatisfaction expressed at the dilatory way in which the works of local improvement are being done this year. Although the year is half gone, this work has only just commenced.

**TWO WERE KILLED IN AUTO ACCIDENT**

**Runabout Skids Into Creek—One Occupant Crushed to Death, Another Drowned**

San Jose, Cal., June 8.—The bodies of Miss Dolores Sunol, daughter of the late Antonio Sunol of Baycelona, Spain, and a pioneer settler, and one of the founders of this city, and Mrs. Frances Sunol Lintel of Eureka, Cal., author and linguist, were found under an overturned automobile in the Penitencia creek in Alum Rock canyon. The women, who were cousins, left the cafe at the park at 4:20 o'clock in an electric runabout and must have reached the point where the accident occurred about five minutes later. The machine evidently struck a rock and skidded into the creek.

Twenty minutes after they started down the canyon, Dr. J. F. Richards of San Francisco, started over the same road and discovered the bodies. An examination of the bodies indicates that Miss Sunol was drowned and that Miss Lintel was crushed to death.

**CHASER OFFICERS IN LOCOMOTIVE**

**Indicted President of Steel Car Company Pays Hurred Visit to Pittsburgh**

Pittsburg, Pa., June 8.—That F. N. Hoffstot, indicted president of the Pressed Steel Car Company, made a dash into Pittsburgh on his private car last Sunday and distanced two officers who pursued him with a locomotive when he left the city, became known to-day.

Hoffstot, who is fighting extradition in New York, found that business matters necessitated his presence here for a few hours, no matter what the risk. His private car was shunted on to a side track at Schoenville at 6 o'clock Sunday morning.

Hoffstot's arrival was telephoned to Assistant Attorney William A. Blackley. As he boarded his car for the return to New York a group of detectives whirled up to the station in automobiles. When they rushed toward the car the engine opened the throttle and left them.

The officers hastened to the yards and repositioned an engine. Before the pursuing locomotive got fairly under way Hoffstot was speeding toward the opposite state line. The officers abandoned the chase when it was apparent they could not overtake Hoffstot before he left the state.

**TO PROTECT FORESTS.**

Seattle, Wash., June 7.—An important step toward preserving the forests from damaging fires has been taken by the state fire wardens of Washington, in ordering all locomotives to use practical spark arresters. Railroads failing to comply with this order will see their engines stopped from operating by state officials. A great percentage of forest fires are started by locomotive sparks, or sparks from logging engines. The transcontinental lines have generally shown a willingness to take proper precautions, but even the big roads have been occasional offenders, and smaller lines, including many logging roads have never paid any attention to the law requiring spark arresters.

The Washington Fire Association, organized by timber owners to protect the forests, brought the matter to the attention of the state officers and the law will be strictly enforced. Other northwestern states will be asked to co-operate in this plan in the hope of saving many thousand dollars worth of timber each year.

**DEFENDS VIVISECTION.**

St. Louis, Mo., June 8.—Governor Hadley and Mayor Kriesman welcomed the delegates of the American Medical Association here yesterday at the opening of the association's convention. President William H. Welch, of the association, responded. In the course of his speech he criticized poorly equipped medical colleges. Welch also defended vivisection, deprecating the great campaign that is being waged throughout the country for the purpose of putting an end to "animal torture."

Spain is building a canal 46 miles long to link the Mediterranean with the Bay of Biscay.

**Greatest Medicine of the Age**

Mr. Walter Clark, of Bluefield, W. Va., was laid up with lung trouble, unable to work for two months. He tried numerous medicines without results until he took Duffy's Pure Malt Whiskey. It completely cured him and now he is in perfect health.

"Having been afflicted with a serious case of lung trouble and used many remedies without result—in fact, I was unable to do any work whatever for two months—Duffy's Pure Malt Whiskey was recommended, and I commenced taking the same. I desire to state that I am entirely cured, having been pronounced so by my physician.

"This testimonial is conscientiously given and without any solicitation whatsoever. I consider this the greatest medicine of the present age."—Walter Clark, Bluefield, W. Va. Mr. Clark is a member of the firm of Clark & Co., prominent grocers of Bluefield.

**Duffy's Pure Malt Whiskey**

Is a wonderful remedy in the treatment and cure of all diseases of the lungs, throat and stomach and for all weakening and wasting conditions. It is an absolutely pure, gentle and invigorating stimulant and tonic. When taken at mealtime it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutriment necessary to their sustenance and indirectly to the whole system strength and vigor. It is prescribed by doctors and is recognized as a family medicine everywhere.

If in need of advice write Medical Department, The Duffy Malt Whiskey Company, Rochester, New York, stating your case fully. Our doctors will send you advice free, together with a valuable illustrated medical booklet, containing rare common sense rules for health, which you cannot afford to be without, and some of the many thousands of gratifying letters received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of this great medicine and who continue to enjoy good health. Sold by all druggists, grocers and dealers or direct \$1.50 a large bottle.

## A GREAT MAN GONE.

Dr. Goldwin Smith, or as he was more popularly called, Professor Goldwin Smith, who died in Toronto yesterday afternoon, was something more than a master of a perfect literary style. He was generally known in Canada as the Sage of the Grange, as Thomas Carlyle was known wherever the English language is read or spoken as the Sage of Chelsea. During the long career in Canada of "The Professor" the old Grange, historically the centre of social life in Ontario, in early days also the centre of political life, was the intellectual centre of Canada. Its master was the guide, philosopher and friend of all workers in the stony fields of literature. A great company worshipped there before the shrine of the master. In particular was the old "Professor" the friend and counsellor of newspaper men; many a torch that flares in splendor was lighted at the altar in the Grange; and if the press of Canada today displays a broader and more tolerant spirit in its treatment of domestic problems and in its discussion of matters of wider scope, to a large extent the change is due to the great influence of its sage Mentor.

Dr. Smith at various stages in his Canadian career hazarded excursions into the doubtful realms of the publisher. As has been the case of many a distinguished author, his ventures into that particular field were invariably unsuccessful. A rather extraordinary thing when one considers the splendid gifts of the man and his matchless art as a writer. But the explanation is simple. In Dr. Smith the intellectual completely dominated the sentimental. He professed not to understand the strong patriotism of the Canadian people, that which he would probably have described as their illogical attachment to British institutions, their strong and unalterable preference for "British connection." He had made a study of the American constitution, he acquainted himself with the ways, the aims and the ambitions of the American people, he wrote a history of the United States, and made up his mind that the manifest destiny of Canada—from the point of view of self-interest, and from the point of view of the British people, also lay in annexation to the great republic. Yet, paradoxical as it may appear, Dr. Smith in his own person displayed such a preference for the British flag that during practically all the years he occupied a professorial chair in the University of Cornell he resided in Toronto. In principle he was a citizen of the world, in practice, a devoted subject of the British Crown. Intellectually in practice did not strangle patriotism; sentiment was more powerful than logic.

It is difficult to account for the peculiar turn of the "Professor's" political tenets. Possibly his life with all the greatness of his personality was somewhat embittered by his early experiences in England. The fact is well known that there was something in the nature of a feud between him and Benjamin Disraeli, who blossomed into a Prime Minister of Great Britain and Lord Beaconsfield. The Earl "put Smith in one of his books" as a somewhat unattractive character. The two men were leaders of antagonistic schools of thought. One was conservative and narrow, the other liberal and broad. We do not believe a lampoon could have driven the Doctor from his native land, but it may have had some influence in determining a natural inclination to seek a field which promised larger opportunities. In any event, a change was made from historic Oxford to new Cornell. Both the United States and Canada owe a great deal to the influences, whatever they may have been, which transplanted the erudite professor, the ripe scholar and the gifted writer from the Old World to the New.

When Professor Goldwin Smith honored Canada by his advent as a citizen he found at least some sentiment among the people in favor of annexation to the United States. He fostered that sentiment to the utmost of his ability as a controversialist and his talent as a director of public opinion. He put the matter before his readers with such urbanity that practically no factional passions were kindled. As was his wont, he appealed to the intellect of the people. But pa-

triotism is something more than a mere intellectual concept. His campaign made little progress in the beginning. He left it as cold and lifeless as the clay that lies in one of the rooms of the old Grange to-day. But the unpopularity of Dr. Smith's political views did not militate against his personal popularity. He was prominent in all good works. He was given to charity. He was a public-spirited citizen. The Grange by his will is left as an inheritance to the people of Toronto. His death will be mourned by the whole world, for he was in the best sense of the term cosmopolitan in thought and influence.

## A MINISTER'S MISTAKE.

Church conferences of several denominations in the east are hot foot after the scalp of the Minister of Justice, who, unfortunate man (or perhaps he will be considered fortunate), is too busily engaged in the business of his country at The Hague tribunal to be aware of the attacks which are being made upon him. It is not given to any mortal to attain perfection in all his acts. We have even heard of ministerial feet slipping occasionally, and we believe that it is only charitable and Christianlike in such cases that opportunities should be accorded of bringing forth fruits meet for repentance. As the Toronto Star points out, "while denominational bodies are perfectly within their right in disapproving of the pardon of Skill and King, and the speech of the Minister of Justice thereon, it is not likely that they hope that their demand for his dismissal will be acceded to. A Minister's official career consists not in one act or speech, but in hundreds of acts, and it is by his general career that he is to be judged. In the course of his official duties a Minister must of necessity offend or disappoint many people. If the Prime Minister were to ask for a resignation upon every occasion of disappointment, he would find considerable difficulty in obtaining colleagues. What Mr. Aylesworth is charged with is an error of judgment. That he took too lenient a view of the books seems certain, but no one who knows the man would attribute that to low moral standards. He is a man of stainless character and integrity, who devotes himself with tireless zeal and industry to his public duties. To disagree with Mr. Aylesworth is the right of every citizen. A demand for his resignation may be regarded as a means of expressing disagreement in strong language."

The German people have nowadays the utmost freedom of speech within the Reichstag. The Kaiser's ears must have tingled yesterday, although his Majesty was out of range of the critic's voice. The times are surely out of joint when it is permitted of any one to stand up in a public place and say "the Crown has too many children!" At the same time it is well to remember that the criticism was uttered in a place of privilege. Still the Germans are coming along. Some day they may insist upon the right of "electing their Kaiser." Much depends upon the manner in which the born Kaisers conduct themselves. "The world do move." Occasionally it takes a tremendous spurt forward.

While it may be true, as Mayor Morley claims, if we interpret his letter correctly, that he is the only member of the council who has made a special study of municipal problems and the only master of them, it would perhaps be more in the interests of harmony and progress if His Worship adopted a more tactful way of extolling his ability.

Our old friend the Mad Mullah is dead again. This is surely about the sixth time the mad one who scourge has been caught and dispatched, but he will probably turn up again as the leader of a powerful and troublesome tribe, to add to his fame and his harem.

Business must be looking up in the Comox Valley. The *Islander*, a weekly paper, has been born in Cumberland. It presents a fine appearance from both a typographical and news standpoint for a first issue too.

The Garden of Eden in the blissful time before the advent of the tempter never produced anything so the fruit line so tempting in color or so exquisite in flavor as the Vancouver Island strawberry.

## What Other People Think

### THE MAYOR'S POSITION.

To the Editor:—The difficulties confronting the present council through the accumulating demand for local improvement works, some of which are of a more than usual complicated nature, is but one more proof of the impossibility of successful business management of city affairs under the control of a succession of inexperienced representatives, innocent of the technical and legal pitfalls of which civic government, under the present system is made up, and who are eager to push matters ahead.

The mayor has been accused of preventing the new engineer from exercising a free and full control. In matters of running his department and carrying out the works, decided upon, the mayor has not interfered and will not interfere, except where negligence or delays necessitate, or where the engineer calls the mayor in consultation,

but in matters of general policy it is the mayor's duty to interfere, whenever and whenever, he considers the interests of the city are in question. It is the desire of the people that the mayor shall sit with his hands folded in resignation and allow a new engineer, almost entirely unacquainted with the city's conditions and requirements, to decide off-hand matters of policy which the people, either directly or through their representatives, alone have the right to decide, such as instituting an extreme width for sidewalks or reducing the paved width of portions of our trunk roads, such as Esquimalt and Douglas street to 18 feet.

The Times accuses the mayor of seeking financial gain. If money making had been his object in life he certainly could not have chosen a less remunerative occupation than mayor of Victoria. The man in the ditch has far more money to show for his year's work, and no worry attached to it.

It would be for the utmost benefit both to our newspapers and to the city at large if the editors would serve one or more terms on council work. They would then criticize from a safer viewpoint.

Let us admit that the editors of both our papers are fully qualified to lay down the law intelligently on civic, provincial, Dominion, federal and foreign governments, general diplomacy, literature, art, religions of all types, history, law, astrology, morals, in fact on all the questions and interests that make up this small world of ours. Is it too much then to ask the editors to at least sometimes refrain from condemning a fellow mortal for having the temerity to put his whole study and work into but one, but to him, important question of good civic government, and to forgive him occasionally, if he has the further temerity to fight for those principles which he has evolved from a close study and at least some experience to add to a technical education?

The mayor of Victoria is still learning, and will be always grateful for suggestions and assistance.

A. J. MORLEY, Mayor.

Victoria, June 7th, 1910.

## TRIBUTES TO LATE GOLDWIN SMITH

News of Death of Publicist Received With Regret in London

(Special to the Times.)

London, June 8.—The news of Goldwin Smith's death was received here with widespread regret. The following references are made in the press: "The Daily Mail says: 'He was the most wonderful publicist of our age and ablest analyst of Anglo-Saxon history.'"

The Chronicle: "One of the most distinguished of the extensive family of Smiths that shed lustre on the nineteenth century."

The Daily News appreciates the long span of his admirable and untiring activity. "His essential liberalism was unquestionable and his courage a thing to inspire."

The Express: "A remarkably brilliant scholar."

The Morning Post: "His mind was so constituted that everything it touched it could make interesting. He might be most correctly described as the journalist of genius."

The Telegraph: "In many matters of politics and social thinking it was Smith against the world, but he wrote with so much charm and ease that, though he had few followers, he had many readers. His career is a remarkable instance of a man whose views were never popular yet always found readers by his brilliant style."

The Times, in the course of a three column article, says Goldwin Smith was almost unequalled among his contemporaries as a master of English Canadian politics, determined to fight political corruption, standing alone in prestige and in intimate association with great literary and political figures and of remarkable persons of England, he wrote nothing which did not at once command an attentive hearing. He set the standard of a high literary excellence in Canadian journalism which was recognized and appreciated. He stood for purity in civic administration, for honor as the base of political conduct, and unscrupulous tools of party dreaded the lash of his cutting satire. Even those who differed from him most read with interest and pleasure, his brilliant periods, but in spite of his charm of style and strength of his conviction, the courage with which he expressed them and general excellence of his intentions, he never gained a place of influence in Canadian life to which he probably aspired and to which his abilities appeared to entitle him.

—The W. C. T. U. will meet at the home of Mrs. Veitch, Cloverdale avenue, on Thursday at 3 p.m.

—Application was made this morning by Tait & Brandon, before Mr. Justice Gregory in Chambers, for trial without jury in the divorce proceedings in the case of Tait and Brandon and Palmer. His Lordship granted the application and a date for trial will be set later. H. E. A. Courtney is solicitor for the respondent.

—A concert and social will be held in Christ Church cathedral school room in aid of the St. Agnes Guild of St. James' church, to-morrow evening. An excellent programme has been arranged and refreshments will be served after the musical items have been rendered. A special feature will be a sale of home-made candy.

STEWART-GASS.

The marriage was solemnized this morning of Mr. Walter Scott Stewart, of the C. P. E. ticket office, and Miss Edith Gass, daughter of the late C. A. Gass and Mrs. Gass, 1472 Fort Street.

The ceremony was performed by Rev. W. Leslie Clay at the home of the bride, and owing to recent bereavement in the family was held very quietly.

Mr. and Mrs. Stewart left on the 9 o'clock boat this morning for Seattle and will spend their honeymoon there and in the sound cities, returning later to Victoria to reside.

# Tremendous Reductions on Women's Fine Tailored Suits, Reg. Prices \$25 to \$35, Fri. \$12.90

WOMEN'S FINE COSTUMES at less than half price will be the leading feature in the Mantle section of the big store Friday. There will be no room for any lady to have an excuse for not having a good serviceable, stylish suit, for we have marked them at a price which will be sure of making a clearance. Amongst these will be found some very handsome models, representing the last word in fashion. Coats are all the popular 32 to 36 inch length, lined throughout, some with the new shawl collar effect. Skirts are the new pleated effects, also the latest tunic style. The materials consist of the most favored and popular of the season. These suits regularly sell for \$25 to \$35. Friday.....\$12.90

## Half Price Sale of Belts, for Friday, Regular 50c, for 25c

Friday, 25c will do the work of 50c; that is, in our Ladies' Belt Department, for we are offering some exceptional values indeed in Ladies' Belts, comprising plain and fancy styles, made of heavy silk webbing in all shades and colors, with gilt and silver buckles. These regularly sell for 50c. Friday.....25c

## Broken Odd Sizes in Boys' Boots, to Sell Friday at \$1.35

We have grouped together about 150 pairs of broken sizes in Boys' Boots which we intend clearing out on Friday. There are many different kinds and makes, but all are guaranteed to be dependable footwear. That we intend to make a clean sweep can be easily seen by the tremendously low price they are marked at. Better be on hand early. Per pair.....\$1.35

## Ladies' Cambric Drawers, Reg. 75c to 85c, for 50c

50c is a very small price indeed to pay for such good quality cambric Drawers. Some of these have very deep frill of embroidery, while others have a large frill of tucked lawn and trimmed lace. These would be excellent value at 75c and 85c, but at 50c we venture to say that the same value could not be duplicated elsewhere in the west. Second floor.

## Women's Linen Wash Suits at Interestingly Low Prices

At the tremendously low prices which we are offering LINEN WASH SUITS, there is no room for an excuse of not having one for summer. These materials wear well and look well. They are in various weights, in colors of brown, natural, tan, white and several shades of blue. The styles are practical and attractive, being strictly tailored, and just the thing for wear while travelling, at the seashore, or for general city use. Some have plain collars, others have shawl and tuxedo. Specially interesting are those priced from.....\$7.50

## Fire-Proof Ware

We have received a shipment direct from the potteries, and are thus able to offer a large range of useful articles at very moderate prices. The ware is made from a special clay, which will not break if placed in oven and subjected to the highest temperature used in cooking. It is used by the best cooks, as food prepared in these vessels retains its original delicate flavor. There is no danger of contamination, and as every article is beautifully glazed, it is easy to keep them clean. We have  
COVERED CASSEROLES for baking or stewing.  
SHIRRED EGG DISHES  
PIE PLATES OR LAYER CAKE PANS.

A full range of strongly-made MIXING BOWLS AND MILK JUGS. All are finished in a fine glossy brown outside and lined with creamy white glaze.

## When You Want a Range Get the Arcadian

You will never regret it. Arcadian Malleable Ranges are the last word in range construction. They are built to give satisfaction, and are guaranteed to do it. There is not a better baker or a more economical range on fuel consumption on the market. They are beautiful in design, no puttied joints, every part being firmly bolted together. Better let us show you one.

Daylight Service to Seattle by S.S. Iroquois, leaving 9 a. m. daily, except Sunday.

Parkdale.  
Building permits were issued yesterday to W. H. Murphy for a dwelling to be erected on Belmont avenue, to cost \$1,000; to Holland & Griddle for alterations to their premises on Government street, over the Victoria Book & Stationery Company, to cost \$1,500; to Mrs. Ellen Oliphant for two dwellings on Sully street, to cost \$1,800 each.

Representatives of the Life Boat Association, by the kind permission of Capt. Nicholson, of the Grand Trunk Pacific, will be on the Prince Rupert during the public inspection on Friday, and will give an opportunity to those who feel disposed to aid the work of this worthy institution.

The timber license returns for May show that 753 licenses have been issued for lands west of the Cascades, producing a revenue of \$165,198.75; east of the Cascades, 255 licenses were issued, netting \$40,526; transfer fees amounted to \$285; penalties were \$1,727; coal licenses \$50; and miscellaneous receipts \$5—a total for the month of \$153,469.73.

Extensive improvements and alterations are being made at the city hall. The council chamber will be divided into offices for the city solicitor and the health officer, curtailing the space for the auditorium which will be located on the Pandora street side of the building. Some small alterations are being made in other parts of the building.

The usual monthly meeting of the Daughters of Scotland will take place in the Sir William Wallace hall, Broad street, to-morrow evening at 8.30. A full attendance of members is requested, as all arrangements must be completed for the proposed picnic on the 1st of July. After the business part of the meeting is concluded the members will enjoy an ice cream social.

The dispute between the Powell River Pulp & Paper Co. and the Sayward Milling Co. has been settled by the executive. The Sayward company has to move its booming ground to a point half a mile down the river, but the Powell company has to put in for the necessary additional railway, the route to be chosen by and the work done to the satisfaction of the government engineer.

To assist in the purchase of a piano the pupils of North Ward school will give a patriotic concert in the A. O. U. W. hall on Saturday evening next. They will be assisted by Mrs. Stanceland, Mrs. Gleason, Mrs. Jesse Longfield and J. G. Brown. The children will be seen in fancy drills, marches, club singing and callisthenics.

The final meeting of the royal commission on the insurance as conducted in British Columbia will be held at the court house, Victoria, on June 15. The secretary, D. H. MacDowall, has asked the mayor and council of Victoria to arrange to have a representative in attendance at this session if, in their opinion, there should be some representations to be made in regard to the interests of municipalities in connection with the system of fire insurance.

### LAW OF THE LAND IS CRITICIZED BY WIDOW

#### Judge in Small Debts Court Ad-ministers it Notwithstanding Her Objections

"This is a nice kind of law," said an irate widow in the Small Debts Court this morning, when told that a man need not pay the bills of his wife when separated from her. "A man don't have to pay his wife's bills, you say? Well, I think he should pay a poor widow what is owing to her instead of spending his money on lawyers."

Judges lay out the accounts presented by plaintiff. She had sold groceries to the debtor and his wife. The debtor was willing to pay his share but did not think that he should pay for goods sold to his wife after she had left him.

The debtor was ordered to pay his just share of the debt, and the widow left the court with mingled feelings of satisfaction and resentment.

### KING'S FUNERAL

Kinescope Pictures of National Event at Victoria Theatre.

The first pictures of the funeral of the late King Edward VII. of England, which have reached the Pacific coast will be shown in the Victoria theatre to-night.

The film has been brought direct from London, England, and was produced by one of the leading English makers, who were able to procure special privileges not granted to foreign makers; therefore they were enabled to produce the subject more fully and have succeeded in turning out a magnificent picture, that portrays in a life-like manner the whole of the funeral gorge through the streets of London and at Windsor.

The unequalled gathering of royalty, diplomats of all nations, the splendidly accoutred guards, the blue jackets and the streets lined with the immense crowds of silent spectators in deepest mourning presents a solemn and at the same time dazzling spectacle that is beyond description. The performances are continuous, matinees commencing at 2.30 and evening performances at 8 o'clock.

### POOR CAR SERVICE

Complaints That Track is Often Blocked With Sand and Gravel.

Complaints have been made by residents of the district near the outer dock that the service given by the street cars is anything but what it should be. There is a good deal of sand and gravel being heaped to that side of the track it is impossible for the cars to pass until it has been shoveled out of the way.

Recently a good deal has been tipped near the junction of St. Lawrence and Ontario streets, and when the car conductors and the way blocked they turn their cars and return to town without continuing to the end of the track, a distance of several blocks. The result is most unpleasant to those who have been waiting at the end and who continually miss their cars. When people are meeting engagements or catching a train or boat in town the missing of these cars is simply disastrous.

### TRAFFIC ON CARIBOO ROAD.

It has been decided by the provincial executive that no prosecutions will be instituted before July 15th against persons teaming on the Cariboo road with vehicles of less than a five-inch tire. This suspension of the penalties of the Highway Traffic Regulation Act in relation to wide-tires has been decided on because of the great quantity of freight awaiting transport to Fort George and northern points and the impossibility of having all the orders for wide tires filled at once.

Coroner's proceedings have been commenced in the case of Lub Singh, a Hindoo, who was sentenced on May 17th to two months' imprisonment by Magistrate Jay, for striking one of his countrymen, Sur John Singh, across the head with an iron bar. H. D. Helmecke, K. C., is making an application to-morrow morning and W. C. Moreby will represent the Crown.

J. Haynes, assistant city engineer at Vancouver, is in the city, having brought over certain plans for extensions to the sewerage system at Victoria which are to be filed with the provincial government. Mr. Haynes was to-day the guest of Angus Smith, city engineer of Victoria, and taken for a trip around the city and otherwise entertained.

The usual weekly meeting of the streets committee of the city council will be held this evening instead of on Friday. W. J. Taylor, K. C., city barrister, will be present and advise the board as to the best method of procedure in the effort to straighten the tangle which has developed in connection with the plans for various works of local improvement.

## APRICOTS AND PEACHES ARRIVE

LARGE SHIPMENT REACHED HERE TO-DAY

Prices Remain Steady at Both Wholesale and Retail Markets

Peaches and apricots have arrived on the local market. Although there have been a few boxes of these fruits in town for some days past, the first large shipment only reached this city this morning on the boat which arrived from San Francisco. All the wholesale fruit firms in Victoria received a good supply and their promises to be an abundance of the delicious fruit this summer.

The prices for peaches and apricots are \$1.50 per crate. There will be a little difference between this year's price and last year's. The fruit itself is a little better in quality than that sold here in previous seasons. The growers south are doing the same as the British Columbia fruitmen are, improving the quality of the fruit. The peaches are large in size and present a rosy appearance, besides being very fleshy and juicy inside the skin. Cantaloupes, better known as musk or nut melons, have also appeared and are selling at the wholesale price of 30 cents per crate.

Local strawberries have dropped considerably, and are now quoted at 30 cents per crate. There is a good supply of them and the price is liable to decline again shortly. Gooseberries are now selling at eight cents per pound, having dropped two cents.

The only advance in the wholesale market to-day was that of boiled ham, which was raised to 20 cents per pound. The feed quotations have altered slightly. Middlings and shorts have declined four dollars a ton and the price of hay is 25c. The price of bran has been reduced from 30c to 25c. Hams and Bacon have advanced a few cents per pound on the retail market.

Hams and Bacon have advanced a few cents per pound on the retail market.

### IN POLICE COURT

In the police court this morning R. A. C. Grant was fined \$10 for driving to the common danger in Beacon Hill park on June 4th. He was driving a small automobile with four passengers and ascending the hill from the playing field to the flag pole. The prosecution was laid by Mounted Constable Wright, who, the defendant said, was impertinent at the time of stopping him on the hill.

P. Fleming, for the defence, said, in his opinion, he agreed with accused that the machine was not driven to the common danger.

The magistrate accepted the evidence of the constable against the two witnesses for the defence.

H. C. Cook, J. Slater and C. Hampton were fined \$1 each for riding bicycles on the sidewalk, and a warrant was ordered issued for the arrest of R. Bevan, similarly charged, who had been served with a summons to appear and had not done so.

R. Walker and J. King were charged with stealing a camera from the store of P. J. Williams on May 24th. The men have been brought back from the state of Washington to answer the charge. They are retained here in \$1,000 each until Friday, and are being defended by J. A. Aikman.

The weather over the North Pacific slope is fair and cool, and a high barometer area is central over Vancouver Island, Washington and Oregon. East of the Rockies a low area is centred over Saskatchewan and the Dakotas, rain has fallen at Prince Albert, Qu'Appelle and Melfort, and the weather is mostly fair and cool. Further east a high pressure area is central over the Great Lakes.

Forecast.  
For 26 hours ending 5 p. m. Thursday. Victoria and vicinity—Moderate to fresh southerly winds, fair and cool.

Lower Mainland—Light to moderate winds, fair and cool.

Observations at 5 p. m.

Victoria—Barometer, 30.29; temperature, 48; minimum, 48; wind, 19 miles S. W.; weather, part cloudy.

New Westminster—Barometer, 30.22; temperature, 48; minimum, 48; wind, 4 miles E.; weather, cloudy.

Kamloops—Barometer, 30.05; temperature, 45; minimum, 46; wind, calm; rain, trace; weather, clear.

Barkerville—Barometer, 30.00; temperature, 22; minimum, 30; wind, calm; weather, part cloudy.

Edmonton—Barometer, 29.98; temperature, 28; minimum, 34; wind, 4 miles S. W.; weather, part cloudy.

Winnipeg—Barometer, 29.88; temperature, 42; minimum, 42; wind, 12 miles S. E.; weather, part cloudy.

### Some Interesting Facts About Overlands

Over 800 dealers now are selling over \$200,000 worth of Overlands daily. That's a far larger sale than was ever attained by any other car in the world.

#### Some of the Users

The Government is one of the Overland users. For a year and a half some of these cars have been used in carrying the mails. For 500 days they have made their regular trips, winter and summer, without a moment's delay. Each of these cars has done the work of three horse-drawn vehicles.

The J. I. Case Threshing Machine Company some time ago supplied 25 Overland cars to their country salesmen. They report that one man with one of these cars can do two salesmen's work. The Altman & Taylor Machine Co. have also begun to supply Overlands to their salesmen. We have recently built delivery car bodies on 300 Overlands for the use of storekeepers who want them for use as light delivery cars.

#### All Due to Simplicity

All these new uses for Overlands are due to their utter simplicity. A novice can run one as well as an expert.

The operation of the car is by pedal control. One goes forward or backward, fast or slow, by simply pushing pedals. The hands have nothing to do but steer.

Overlands are almost trouble-proof. The usual complexities have been avoided. One of these cars has been run 7,000 miles, night and day, without stopping the engine.

A child can master the car in ten minutes. Any member of the family can run it. And a car that is rolled on to carry the mails is the car which will always keep going.

#### \$3,000,000 Plant

Over \$3,000,000 has been invested to produce Overland cars in a perfect and economical way. The cars are made as watches are made—by modern automatic machinery.

The 25-horsepower Overland costs from \$1,000 to \$1,100, according to style of body. The wheel base is 102 inches. The 40-horsepower Overland costs from \$1,250 to \$1,500. All prices include five lamps and magneto.

#### Razors At Reduced Prices

### MARAMA IS FILLING FOR JULY EXCURSION

#### Agents Report Big Booking From B. O. and the Prairie and Other Cities

That the R. M. S. Marama will undoubtedly leave with a full complement of passengers on July 1st for San Francisco for the world's championship fight between Johnson and Jeffries, is the opinion of D. E. Brown and Macaulay's representative, who made a trip across to Victoria yesterday to see L. D. Chatham of the C. P. R. and report on the prospects of the bookings from the mainland.

On the Marama there will be over one hundred Vancouver people making the trip and among these are a number of ladies, who are going for the trip alone, while their husbands will take in the fight. These, say the agents, have booked up their passages. Seattle has taken up to date seventy-five berths and twenty are booked from Portland, from where an additional ten bookings have been requested. Among the other bookings are representatives from Winnipeg, Brandon, Portage la Prairie, Revelstoke and New Westminster. The firm also expects to fill twenty berths from the Australians who are coming from the Antipodes on the Marama, and the agent for the firm yesterday said as soon as the Marama passes Honolulu his firm will get into communication with Bob Fitzsimmons, who is on board and book further reservations by wireless.

The local bookings are reported to be good, and with only three weeks to pass before the boat leaves there are but few berths to be had from the Victoria allotment.

Those who are making the trip can book their seats at the rigging here through the C. P. R. office. D. E. Brown and Macaulay sent to San Francisco for an allotment of seats, and on their arrival sold out the entire list of 50 seats and have since sent for an extra reservation. The allotment of 25 and 25 seats are nearly all sold. Purchasers are guaranteed a seat according to the plan on which seats are numbered. From Seattle there is reported by D. E. Brown, Macaulay & Company, a party of forty-five to fifty automobile owners, who are going down with their machines. These will map out a territory from Seattle through Washington, Oregon and California, and leave Seattle some days before the fight.

New York, June 8.—Forty churches of Brooklyn have joined forces to protest against the Jeffries-Johnson fight. They have requested every member of the congregations to mail a postcard or letter to Governor Gillett or some other state official voicing their anti-fight sentiments.

### WILL BREAK INTO JEFFRIES' TRAINING

#### Ordered to Appear Before Nevada Court on an Old Gambling Claim

(Times Leased Wire.) Nevada City, Cal., June 8.—After losing the first round in a legal battle in the Nevada county superior court, James J. Jeffries must appear in court on Nevada City, June 15, to defend himself in a suit to recover \$5,000 brought by Stout and Miller of Reno, Nev. The plaintiffs allege that Jeffries contracted to pay \$5,000 in return for their place of business in Reno. He gave a note for the amount, claim the plaintiffs, and has since refused to pay it.

A motion of Jeffries' attorney for a change of venue to Los Angeles was denied by Judge George C. Jones, who then cited the undefeated champion to appear in court July 15. Arguments that Jeffries would be very busy and that it would be detrimental to him to journey to Nevada City on that date had no effect on Judge Jones.

New York, June 7.—Aviator Glenn Curtiss is planning to duplicate a portion of his record-making flight from Albany to New York to enable moving picture agents to get photographs. If weather conditions are favorable the latter part of this week he will fly from Spayton Duvill creek down the north river, around the Statue of Liberty and up the Manhattan side of the river. He will endeavor to remain in the air half an hour.

### WATSON'S NO. 10 Scotch Whisky

Insist on "WATSON'S"

Canadian representative, J. H. Bonar, 300 Hospital St., Montreal, Que.

### SPORT NOTES

The Cloverdale and Victoria West lacrosse teams play to-night in the city league at Royal park at 6.15. The Wests have strengthened their team by consistent practice, and hope to defeat the Cloverdale team.

Sam Lorimer will be in the Cloverdale ranks, and Stanley O'Neil will be absent from the Victoria West ranks. He is out of town. The Cloverdale team has out its best twelve.

Brock Robertson came into town last night from Saanich to see how Waterloo had placed him for the double-header at Royal park, and took the opportunity of denying the statement issued by the J. B. A. A. that he would be in the line-up for that nine on Saturday. Robertson will catch both games at Royal park this weekend for Victoria against Elice's Pioneers.

Four ball games this week-end. One Friday night and three on Saturday. Beacon Hill residents can have a fifth, for the Empress and Prides play Friday night at the Hill.

Vancouver cricket club will be here on Saturday to play against the Albions at Beacon Hill. This will be the first visit to the Capital city of an outside team this season.

The Albion B team will play the University school at the University school ground, Mt. Tolmie road. The Empress club will have a game, and the Saanich and Strawberry Vale teams are fixing up matches.

Beacon Hill and the Knights of Columbus baseball teams meet to-night in the city league. The game will be called at 8 o'clock and will be played at Beacon Hill, where all the city league games take place.

In the Junior league baseball game last night between North Ward and the Central teams, the North Ward team won. The score was 7 to 1. The game was played at Beacon Hill and refereed by W. Locke.

There is no official information yet as to the changing of the dates for the N. P. A. A. O. but the big four is training with a hope that the race will take place July 20. A week earlier it is impossible for the four as at present contemplated to go to Vancouver.

The big four is fast rounding into condition, and will soon be quickening their stroke, with a view to making time over the course from the shed to George bridge. The crew is well balanced and has enough weight.

Vancouver, disheartened by the defeat administered by Westminster last Saturday, are changing the line-up. Gerry and Hennessy retire, and Pickering and Longworth take their places. The referee has not been selected.

Emeryville will open November 12th this year. This date is one week earlier than last year. The oral plan of betting carried out at Emeryville was apparently successful.

Brooks of Spokane and Suggden of Vancouver are the only 300 class batters in the Northwestern ball league. Lynch and Seaton of the Seattle team have 291 and 295.

"Heiny" Kersten was rider of two winners at Minoru on Monday. He rode Senator and Footloose to victory. These horses, by the way, are both owned and trained by the popular Tom Martin, of this city.

Rowardeman, Cal., June 8.—James J. Jones is down to 220 pounds, according to Roger Cornell, Jeffries' trainer. Today, Cornell said that the big fellow will probably scale below this figure in a short time.

### RESULTS OF GAMES IN BASEBALL LEAGUES

#### AMERICAN.

Detroit, June 8.—The scores in yesterday's game follow: R. H. E. Washington ..... 4 4 0 Detroit ..... 4 4 0 Batteries—Reiding and Street; Killian and Schmidt.

St. Louis, June 8.—The scores in yesterday's game follow: R. H. E. St. Louis ..... 4 12 0 St. Louis ..... 0 6 4 Batteries—Vaughan and Mitchell; Gilligan and Kiffin.

#### NATIONAL.

Philadelphia, June 8.—The scores in yesterday's game follow: R. H. E. Chicago ..... 0 6 0 Philadelphia ..... 1 5 0 Batteries—McIntyre, Brown and Archer; Stack and Moran, Doolin.

Boston, June 8.—The scores in yesterday's game, which was called in the seventh on account of rain, follow: R. H. E. Boston ..... 1 6 2 Pittsburgh ..... 1 4 1 Batteries—Liefeld and Simmons; Brown, Froek and Graham.

Brooklyn, June 8.—The scores in yesterday's game follow: R. H. E. Cincinnati ..... 3 3 3 Brooklyn ..... 7 10 9 Batteries—Beebe and Clark; Barger and Berger.

New York, June 8.—The scores in yesterday's game follow: R. H. E. St. Louis ..... 5 9 2 New York ..... 4 8 3 Batteries—Lush and Phelps; Raymond and Wilson.

#### TWO MEN BURIED ALIVE

Spokane, Wash., June 7.—While working at the base of a 40-foot wall of sand in a sand pit at the city limits yesterday afternoon N. A. Foster, and W. G. Thompson, teamsters, were buried under tons of earth when the wall caved in. Frantic efforts of laborers, during which four shovels were broken, proved useless to rescue the men.

#### LADIES INVITED TO SEE BALL GAME

Free Passage Through Royal Park Gate Saturday to Fair Sex

Saturday will be ladies' day at the ball park, where the Victoria ball team is scheduled to play the second match of a double header against the Elice's Pioneer nine from Seattle. The first game will be played on Friday night.

The ladies' day announcement was made yesterday afternoon by Manager Wattleit, who says that in response to the general support the public has given the nine so far this season, he considers the ball team can well afford to extend this courtesy to the ladies of Victoria, many of whom grace the grand stand by their presence at all matches. In fact, there are many ladies who so far have not missed a game, the Friday night games included.

As regards the team that will line up on Saturday afternoon against the Pioneers, there may be a change in the centre field position. Pete McQuade is slated for it and Brown will hold down the bench for once. Outside this there is no change contemplated except that Steerson will pitch, and either Robertson or Fryberg receive his deliveries behind the plate.

#### SUNG FOR DIVORCE

Carson City, Nevada, June 8.—The predicted suit for divorce of Mrs. Helen Gladys Aoki, whose wedding with Gunjiro Aoki, a Japanese servant, attracted wide attention a little more than a year ago, is pending in the district court here. Aoki is in Seattle and it is believed he will not contest the suit. Mrs. Aoki has been in Carson City with her mother for the past two weeks.

When Queen Victoria ascended the throne her subjects numbered 18,000,000, when she died the figures were about 350,000,000.

### McLaughlin Buick Motor Delivery Wagons

## FRUIT MARKETS IN PRAIRIE PROVINCES

### British Columbia Growers Meet to Perfect Shipping and Marketing

The provincial department of agriculture has received a report from J. C. Metcalfe, who is looking into the marketing of B. C. fruit on the prairies. Writing from Moose Jaw, Mr. Metcalfe says:

On arrival at Calgary, and after interviewing wholesalers and retailers, the general consensus of opinion was that the crop of various kinds of fruit in the American coast states would be a very heavy one this season, and from present reports prices would be low. At the present time Wenatchee valley is reported to have 500 carloads of fruit for sale. The McPherson Fruit Company have been offered 100 cars of mixed fruit on consignment by fruit organizations in that valley, indicating the abundant crop.

The present quotations for future delivery from Wenatchee, f.o.b. there, are as follows: Peaches, per case, 45c.; prunes, per case, 40c.; apples, per box, No. 1, 80c.; apples, per box, No. 2, 65c.; pears, per box, No. 1, \$1; pears, per box, No. 2, 90c.; cherries, per box, 10 lbs., 50c. to 60c.; cherries, per box, 10 lbs., 15th May and before, 85c.

Cherries from California, earlier than the 15th May, costing jobbers there \$1.25 per 10-lb. box, express 7c. per lb., duty 2c. per lb., total, \$2.15, selling to the retail trade, \$2.60.

Strawberries from Tennessee, Missouri and Hood River have been coming in and supplying markets here, but other Oregon berries are in now. By express Hood River berries were costing jobbers at Edmonton, per case, \$4.25. Missouri berries at Edmonton \$2.15. The Missouri berries were brought in by freight via Winnipeg and Saskatoon to Edmonton, but at the present time strawberries are coming in from Milton and Freewater, Oregon, by freight costing, laid down Calgary, \$2.25. They are then distributed from there, selling retailers at Calgary \$5 per case, country customers \$4.75 per case. The varieties are: Oregon, Gibson, Clark Seedling, Magoon and Dollar. Arrive generally in good condition, a few showing mould, the baskets full and well packed.

Mr. Morgan, manager of the Oscar Brown Fruit company of Edmonton, informed me that Mr. Griffin, representing the American houses, had bought the output of strawberries on Vancouver islands, paying f.o.b. there \$1.50 per case.

The last report of the output of the island I have had placed it at 75,000 cases. Salem, Oregon, are offering strawberries \$1.50 per case f.o.b. there, but cost of transportation is higher, from there making it almost prohibitive to bring them in at the present time. A few strawberries from Mission, Hatzie and Hammond, B. C., arrived at some points on the 25th May. Arrived in good condition, but somewhat green and not graded as to size. I may state that carloads of strawberries are coming through from Spokane to Calgary by freight in four days, freight rates \$1 per 100 lbs, duty 48c. icing 10c.

Local grown lettuce on market here now, but not in sufficient quantities to meet the demand, sold by jobbers to retailers at 40c. per dozen, selling imported lettuce at the same price.

The B. C. vegetable growers must get their products on these markets early if they are to obtain profitable returns. I would advise fruit growers, and shippers of B. C. to perfect their shipping facilities and marketing arrangements and give the greatest care to all the details in putting up their fruits this season.

From the present reported heavy crop the good and finished product will sell, while the poor and unfinished may go begging for sale. Peach are likely, from recent reports, to be an exceptionally large crop everywhere. This with the energetic efforts being put forth on the part of American growers and shippers to sell their products in these markets will have the tendency to reduce the price. I would also advise growers and shippers to get quotations into the hands of wholesale and retail dealers with estimate of crop, and varieties for sale as soon as crop is assured.

There is a very determined effort on the part of jobbers everywhere here, operating through their boards of trade, to get the present tariff on fruit reduced from the American side. These efforts and agitation along this line are likely to be continued. Any action by the Dominion government in this direction should be opposed by fruit-growers east and west most energetically.

## FISH IN CHINA.

Openings for Canadian Trade in the Orient.

In a recent special report to the department of trade and commerce, J. B. Jackson, commercial agent in China, says:

The total amounts of fish and fishery products imported into China from foreign countries together with the amounts paid for the years 1907 and 1908 are as follows: 1907, from Canada, 2,634 piculs, valued at 14,052 Haikwan taels, out of a total of 1,067,410 piculs, worth \$27,188. Haikwan taels, 1908, from Canada, 5,067 piculs, 20,652 Haikwan taels, out of 1,066,675 piculs, 7,763,701 Haikwan taels. (A picul is 133 1/2 pounds, and a Haikwan tael is 65c.)

Of the amounts credited to Japan, a large amount of this is Canadian salt herring and salmon. It is credited to Japan because the Japanese merchants in Vancouver are the principal shippers, and Japan in this way becomes the distributing point for these goods to China.

The only fish of commercial value imported from Canada consists chiefly of dried salted herring, packed in boxes of from 350 to 425 pounds net per box. The average price for this class of fish here is about \$35 gold per ton, or a little over 14 cents per pound.

The Chinese prefer the herring well cured, dried and salted so as to lose none of its edible qualities with age. These fish can only be shipped into China from December until April, when the fresh fish is scarce and high in price. It is recommended that the boxes be strapped, as otherwise the

boards swell and warp and often arrive in very bad condition.

The following is a list of the principal fresh fish which are on sale here, being either caught in the China sea from Hongkong north, or in the Yangtze and other navigable streams: Cod-fish, mandarin, salmon, sámi, soles, plaice, mackerel, pomfret, whitebait, bream.

With the exception of salt herring and salmon or other fish of a similar class which can be placed on this market at cheap prices there would not appear to be any opening for trade with Canada.

The great mass of the Chinese people are living from hand to mouth, on very low wages, and any food product to be of use to them—and they are the only ones interested in this class of food—must be cheap, and in fair condition.

## HOUSE PLANTS AND FURNACE HEAT.

House-plants in winter help so much toward that "cozy" and "cosy" atmosphere in the home, that it is a pity that they are not more generally used.

The reason we see so little of winter plants in doubtless because of the poor success which has attended the efforts of people to keep them green and flourishing during a winter season.

Practically the whole cause of their failures in this direction has been simply the lack of humidity in the heated air in the house, and it is just another instance of nature trying to show us that something is wrong.

Low humidity is prejudicial to health, and you may have felt its effects without knowing the cause. The thermometer in the room may show a comfortable temperature, and yet you have a feeling of oppression, and your skin seems parched and dry. The moisture has been practically dried out of the air, but the plants cannot get outside to get a breath of fresh air as you can, and they droop and die.

The furnace has a waterpan, but it is doubtless dry and neglected, but even if it were kept supplied, it is not located so as to provide a uniform distribution of moisture—even if it were large enough to supply the required volume. The best you can do is to re-fill it regularly and often.

A waterpan completely circling the furnace just inside the casing is a new invention which promises to make furnace heated houses alike healthy for both human and plant life, as it guarantees an abundant and uniform supply of moisture to every heated room.

Too much cannot be said as to the importance of humidity, for if plant life will droop and fade without it, how can we expect our wives and little ones at home to keep strong and healthy?

## GRAND TRUNK PACIFIC.

General Manager Reports Satisfactory Progress Between Winnipeg and Edmonton.

Winnipeg, June 8.—E. J. Chamberlin, vice-president and general manager of the G. T. P. Railway, returned from a tour of inspection of the company's line between Winnipeg and Edmonton, and expressed his satisfaction with the progress of work at all points. As for the development of western freight traffic he said the route to the lakes would have to be in readiness before they could look to any effective development in the west. In a general way he intimated that some of the townsites now getting a great deal of prominence are situated at great distances from actual stations and even from the right-of-way of the G. T. P.

Embroidered Wash Belts in all the newest and daintiest styles and designs with pearl buckles and adjustable clasps. Excellent values at 29c., 25c. and 20c. Robinson's Cash Store, 422 Yates St.

# ACREAGE

One acre of good land, near JUBILEE HOSPITAL. Price \$2,000.  
This is undoubtedly a SNAP, and will in a very short time greatly increase in value. Now is the time to buy, while cheap. Easy terms can be arranged.  
TWO ACRES of good land, situated on one of the main arteries of the city, with seven room house, city water, etc. There are 125 fruit bearing trees on this property. We can offer this for a few days only at \$6,000, and can arrange easy terms. For a safe investment there is no need of going any further than this.

**Crown Grant Timber**  
1,600 acres of good timber land, with 15,000 feet of good fir to the acre, about 14 miles from Victoria (one hour's tow), and with three-quarters of a mile of waterfrontage. The timber on this property is in itself worth at a conservative estimate \$15 per acre. Price, for a few days only, \$10 per acre. Call for further particulars.

**Marriott & Fellows**  
619 Trousance Ave. Phone 645

## CHARTER MARKET CONTINUES DULL

**Nanaimo to Acapulco Being Done at \$2.50 a Ton for Coal**

Coastwise chartering during the past week has been dull. The San Francisco Daily Commercial News says in its weekly review of the charter market: "The holidays on this coast and the up-setting of business in England have caused a dull freight market for some days. Practically nothing is doing in grain freights, the early tonnage having been secured and the shippers refraining from adding to their engagements out of a feeling of uncertainty over the tramp steamer prospects.  
Lumber chartering is likewise slow. Portland to Hamburg, to arrive, has been done at 53c. Gray's Harbor to Callao, spot, at 60c. Eagle Harbor to Santa Rosa, private terms. Gray's Harbor to Santa Rosa, 40c. Offshore lumber rates are quoted as follows: Lumber from Puget Sound or British Columbia to Sydney, 30s. 6d. 3d.; to Melbourne or Adelaide, 35s. 6d. 3d.; Port Pirie, 35s. 6d. 3d.; to Fremantle, 35s. 6d. 3d.; to China ports (steam), 35s. 6d. 3d. on gross; direct nitrate ports, 40s. 6d. 3d.; Valparaiso for orders, 40s. 6d. 3d.; with 2s. 6d. less to direct port; to South African ports, 30s. to U. K. or continent. 2s. 6d. 3d.; Guaymas, 53s. 6d. 3d.; Mazatlan, 53s. 6d. 3d.; Santa Rosalia, 58; Honolulu, 55. 6d. 3d.  
The government has chartered two very coal steamers from the Atlantic to go to Bremerton, July-loading at \$4.25, and one to Honolulu at \$4.45.  
Liverpool mail advices report the following fixtures: Coal, Nanaimo to Acapulco, \$2.50; Hull and Tyne or Rotterdam to San Francisco, 11s. 6d. 3d.; Antwerp to Portland, cement, 8s.; Swansea to Portland, 8s. 6d.; trans-Pacific trade, North America, at about 2s. 6d.; delivery Japan; delivery Redondo; Cape Finisterre, etc."

## MOVEMENT OF VESSELS

(Times Leased Wire.)  
Seattle—Arrived: Str. City of Seattle from Skagway; str. Humboldt from Skagway; Br. str. Keeman from Victoria. Sailed: Jap. str. Inaba Maru for the Orient; str. Buckman for San Francisco.

Boston—Sailed: Str. Ivernia for Liverpool.  
Glasgow—Sailed: Str. Carthaginian for St. John, N. F.  
Hongkong—Sailed: Br. str. Empress of Japan for Vancouver.  
Yokohama—Sailed: Br. str. Montegia for Vancouver.  
Los Angeles—Arrived: Str. President from Seattle; str. Watson from Seattle.  
NIPPON YUSEN KAISHA.  
Sado Maru Arrived This Afternoon and Inaba Left Yesterday Bound to Orient.  
Steamer Sado Maru arrived from Yokohama and other Oriental ports just after noon to-day, and is discharging several hundred tons of cargo before leaving for Seattle. She also brought a large number of passengers for this port, mostly Japanese from Yokohama and Kobe. This is the first visit of the Sado Maru to this port.  
Another steamer of this line, the Inaba Maru, passed out yesterday afternoon bound to the Orient. She took a rather small freight and her passenger accommodation was not crowded.  
Suffering for truth's sake is fortitude to highest victory.—Milton.

## HULK YUCATAN AT ESQUIMALT

**SALVED VESSEL IS BEING DOCKED TO-DAY**

**Six Patches Placed on Hull Beneath Icy Waters on Alaskan Coast**

With six holes patched up in her hull, with all her houses gone, and all her fittings spoiled, what was a short time ago the fine steamer Yucatan arrived in port last night in tow of the tug William Joffite, and with the salvage steamer Santa Cruz alongside to keep her pumped out. She is being docked this afternoon, the tide this morning being too low to allow the vessel to enter.  
Captain J. E. Pharo was in charge of the salvage work which ended so successfully. For two months the Santa Cruz was alongside the steamer. The first two weeks the wind prevented any salvage work being done. Icebergs were driven against the wreck and very soon the whole of the aft upper works were carried away.  
One of the great difficulties in the salvage work was the intense cold. The water was full of ice and W. S. and Charles Benjamin, the divers who, assisted by Jack McHardy, of Victoria, did the patching work, suffered very much from the low temperature of the water. Gravely they continued the work. In some places the steamer was lying right on the rock, and it was impossible to put on a patch without first removing the rock. This was blasted away and one patch after another placed in position. The leaks were discovered by clearing the steamer with the salvage boat carried on the Yucatan. The patches were the ordinary wood and canvas affairs, placed on the outside and bolted in place, which prevented the water rushing in. One of the difficulties experienced was in keeping the ice from grinding against them and breaking up, not only the wreck, but the Santa Cruz as well. The bergs were sometimes towed away with boats and in different ways steered away from the scene of action. Captain Young was in charge of the Yucatan and to him, and the divers, as well as to Captain Pharo, belongs the credit of saving the big steamer.  
It took the William Joffite five or six days to tow the steamer to this port. The Santa Cruz is to be sold, but found this impossible. Captain Porter stood by her from the time she went on the uncharted reef in Mud Bay, never leaving her until she arrived at this port.  
An examination of the hulk as she arrived here showed that she was in a very bad state. All the beautiful yacht fittings which had been placed on her to accommodate J. Pierpont Morgan and his party, when the financier made his visit to Alaska, had been totally destroyed. Not a shred of the upholstery was left on her and even the woodwork, with the exception of the deck, has disappeared. The engines, however, are not damaged and the boilers are now in use.  
The cost of the salvage work will be \$25,000 and it is estimated that the steamer cannot be repaired for less than \$100,000. When this amount is spent on her she will be worth probably not more than \$150,000 or perhaps \$200,000. She was insured for \$25,000. The steamer is 29 years old, although still a fine vessel.  
The Yucatan is a sister ship to the Northwestern, which was salvaged two or three years ago by the B. C. Salvage Company of this port, when she was ashore at Latouche Island. This steamer was brought to Esquimalt and repaired here.  
Captain Logan, representing the owners, and Captain Gardiner Johnson, of Vancouver, representing Lloyd's agency, are in the city. James Fowler, Lloyd's Seattle agent, and Frank Walker, of the Alaska Steamship Company, are arriving this afternoon for the purpose of assisting in the survey.  
The Yucatan is 336 feet long, 45-foot beam and is 22 feet deep. At present she is drawing a little over 18 feet of water aft.

## TENDERS FOR DREDGE FOR VICTORIA HARBOR

**Work of Deepening Opposite New G. T. P. Docks to Be Done Soon**

The department of Public Works of the Dominion Government is calling for tenders for a new dredge to be used in Victoria harbor. This dredge will deepen the part of the harbor opposite the Grand Trunk Pacific dock and will, when that work is done, be available for other places. A large sum was, during the last session of the Dominion Parliament, voted for this purpose and the officials were at once instructed to prepare specifications and call for tenders.  
The deepening of Victoria harbor has been going on steadily and consistently for many years, and to-day vessels are able to pass where once there were nothing but mud banks. A large amount of work has been done in the upper harbor and at the entrance to the inner harbor. Now the big dredge Ajax is at work in James Bay and the Mudlark is still continuing scooping the mud from the upper harbor.  
The new dredge will be specially constructed to handle rock. The west shore of the inner harbor has a number of ledges and ledges which must be removed and it is for this work particularly that the new dredges are to be built.

## DR. A. W. CHASE'S CATARRH POWDER 25c

Is sent direct to the diseased parts by Improved Blower. Clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. Blower free. Except no substitutes. All dealers or Edwards, Bates & Co., Toronto.

It purifies the blood—regulates the bowels and kidneys—and clears the complexion. At all dealers—25c. and 60c.

## Abbey's Effervescent Salt

## NEW STEAMER HAS ARRIVED ENTERED STRAITS JUST BEFORE NOON TO-DAY

### Very Fast Trip North From Punta Arenas After Replacing Broken Propellers

Steamer Venture, the new passenger coaster for the Roscovitz Steamship Company, passed the cape just before noon and is expected here this evening. She left Greenock about the same time as the Grand Trunk steamers, but was delayed a week or more at Punta Arenas after having lost two propeller blades in the straits of Magellan. She left Punta Arenas May 11, making the run north in 25 days—a very fine record for a steamer of her size and speed.  
The Venture will be a splendid addition to the fleet of the Roscovitz Company. She is 192 feet long over all and has fine passenger accommodation. As soon as she has been put in shape she will be put on the run north to Prince Rupert and Stewart.  
Captain Golding, who has been in command of the St. Denis, is to take charge of her, his place on the St. Denis being taken by Captain LeBlanc, formerly the pilot.  
The Venture was built at Old Kilpatrick on the Clyde.

## ARRIVALS

Hermine on Way to Load Coal at Ladysmith for Nome.—Coulson Gone to Vancouver.  
Steamer Hermine, which took a cargo of wheat from Vancouver to Manzanillo, returned yesterday and this morning was still in Royal Roads. She is proceeding later in the day to Ladysmith, where she will load coal for Nome. The steamer had a race south with the Germanicus, which left port eight hours after her. She managed to beat her out, arriving 12 hours ahead, thus gaining four hours in the run.  
Steamer Coulson arrived this morning with rails for Vancouver. She discharged part of her cargo at Guaymas and was delayed considerably at that port.

## STEWART GROWING

Rush to New Town Continues Unabated.—Steamer St. Denis Leaves.

Steamer St. Denis arrived yesterday afternoon from Stewart and way ports and is leaving again to-night. She reports that the movement to Stewart continues as great as ever. The steamer took aboard fifty people in from Prince Rupert and brought as many out. Work on the buildings is proceeding rapidly and the town is fast assuming a busy appearance.  
The St. Denis brought a cargo of box lumber and other stuff from northern points.

## SHIPPING REPORT

# HOPE

The future  
Railroad and  
Manufacturing  
Metropolis of B. C.

The future  
Railroad and  
Manufacturing  
Metropolis of B. C.

### Railway Developments

Do you read the papers? Then probably you know that the Great Northern and Canadian Northern Railroads are pushing their lines to completion as rapidly as possible, opening up this wonderfully rich and fertile country with its inexhaustible stores of mineral wealth. Indications point to HOPE as a divisional point for these great roads, employing thousands of men and roundhouses and machine shops will be required, to say nothing of a score of tributary industries which will spring up.

### An Inexhaustible Source of Wealth

Another source of wealth is in the power furnished by the Coquhalla river, which takes its rise far up in the mountains, and streaming down over miles of rocks and earth becomes a mighty on-rushing force. Here is power to drive the wheels of industry. Think how many factories are supplied by the energy of Niagara Falls. Water power is the power of the future—cheapest, cleanest—and where the water power is, there will the factories be.

HOPE IN 1915.

### A Sportsman's Paradise

HOPE has long been famed as a sportsman's paradise, scores of people coming up from Vancouver, Victoria and elsewhere every season to enjoy the fishing and hunting. There are no mosquitoes, and the climate is delightful. Several summer homes are being built there.

### Most Beautiful Scenery in the World

Out-rivalling the far-famed beauties of Switzerland and the Alps, a never-wearing prospect which delights and inspires. HOPE is as magnificently situated scenically as Lucerne, being protected from winter's winds and storms by the majestic mountains known as the Holy Cross, Mount Jahalis, and Hope Mountain. When better known it will be the Mecca for thousands of tourists from all over the world. We could say that this is a superb place for a home. But the adjective does not suffice—any description, no matter how vivid and glowing, is tame and commonplace when compared with the reality.

## This Property Will Be Sold at Public Auction on June 23rd, 1910 at the Driard Hotel, Victoria

But don't wait for the auction if you want one of these lots. You can buy now at the "upset" price, which is positively the lowest price at which HOPE lots will ever be sold. We own and control the finest property in HOPE townsite, located on the banks of the beautiful Coquhalla, in the very heart of what is destined to be in the course of a very few years the premier manufacturing city of British Columbia.

Letters of inquiry and requests for reservations are coming in by each mail, indicating that every lot will be disposed of before the date set for the sale. If you cannot visit the offices named below, write, telephone or wire us at once for further information. This is the investment opportunity of a lifetime.

### Only Selected Property Offered

We have personally inspected every foot of the ground, and guarantee it to be ideally located. Two kinds of lots are offered, business and residential, at prices ranging from \$125 up. Lots are full 50x125 feet. Every lot is guaranteed to be absolutely as represented in every way, and we testify to our willingness to refund the purchase price, with interest at the rate of ten per cent. if purchasers are not entirely satisfied.

**Stewart Williams - Auctioneer**

# Guaranteed Suits at \$18.00

Price alone means absolutely nothing. It is what the price represents, that fixes the value

We select the \$18 Fit-Reform Suits for special mention to-day because they are the greatest values ever offered in Victoria for the money.

They are designed by the greatest creator of exclusive garments in the Dominion. They are hand tailored throughout by the Fit-Reform tailoring corps, the most expert band of skilled workmen in Canada. They present those essentials of good style and good taste that have made Fit-Reform garments famous from one end of this country to the other.

And these elegant suits at \$18 are sold with the same guarantee that goes with our very finest garments: "Money back if satisfaction be not given."

### Discretion in Diamond Buying

Safety and satisfaction in diamond buying is largely a matter of discretion in choosing the house where one can safely place implicit confidence, for it is only the men who have made a long careful study of diamonds who are qualified to determine their values, and the buyer must rely on their integrity.

The recognized reliability of the house of Challoner & Mitchell Co., Limited, is of the utmost importance to the prospective diamond purchaser.

The advantages which come from extensive and direct purchasing enables us to offer the very best values the diamond markets of Europe afford.

Our display of distinguished gem pieces is most unusual.

### Challoner & Mitchell Co., Ltd.

1917 Government Street, Victoria, B. C.

### The Evening Chit-Chat

BY RUTH CAMERON

"Why, if I were any good at that sort of thing, I'd love to make the presentation speech for you," insisted the lady, "but you know how stupid I am that way. Get Marion Ellis."

She is the cleverest speechmaker, the wittiest talker in the club. She knows it. We all know it.

And yet whenever we ask her to make a speech or do anything of that sort, she always sets up a wall similar to the above.

And then we fall all over ourselves to tell her how witty she is, and to recall past successes, and to hoot the idea that anyone else could possibly do it one-tenth as well as she.

After we have kept up this programme for some time she weakens and finally yields.

Why shouldn't she? She has gotten what she wanted—a large and powerful dose of praise and flattery.

Of course, you have met this lady, or rather some of her type—the self-deprecators.

She goes about telling her friends how lonely and how stupid and how uninteresting and unlikeable they themselves are, simply in order to extract complimentary contradictions.

And the pity of it is they usually get them.

Self-deprecation always poses as modesty.

I suppose it may be that sometimes, but fine times out of ten it is simply a sign of a most virulent case of vanity—a shameless fishing for compliments.

The bait is modesty and humility, but underneath the bait the hook of relentless vanity for flattery almost always lurks.

"Oh, dear, I wish I were as pretty as Alice!" sighs the self-deprecator.

She knows just as well as you do that she is as pretty, and prettier, but she wants you to tell her so, and she thinks that is the easiest way to make you.

Did you want to know what your duty is if you are a friend of hers?

Not to tell her so.

If you dislike the habit of self-deprecation as much as I do—and I'm sure you do—it's your duty to help cure her of it, and the best way is to refuse to rise to her bait.

Say, "Yes, it would be nice to be as pretty as Alice," and then change the subject.

She will open her eyes pretty wide for a moment, but if she is much of a girl, she will probably begin to think a bit.

If you know her well enough, you might assist the thinking process. It may hurt at the time, but it will surely help in the end.

And, by the way, while you are assisting with the mote, don't forget to look for the beam.

### FRIENDLY HELP.

The Friendly Help Society acknowledges with thanks donations from a Friend, Mrs. Cooper and the city, cash; collected by cards, Miss M. R. Lawson, \$2.15; Mr. Horner, Mr. Townsley, Baynes Reed, E. Crow Baker, W. E. Horton, J. T. Dickson, Miss Fellows, Mrs. E. H. McKay, Mrs. Wm. Scowcroft, Miss A. S. Kennedy, Mrs. Alex. Gillespie, Mrs. Miller, Mrs. Todd, G. Harvey, Friend and Mrs. R. H. Jamieson, clothing; Mrs. Morton, Duncan, 7 sacks potatoes; Mrs. Turner, 2 baby carriages.

The society would be very grateful for a cook stove for a poor woman. The usual number received assistance of various kinds during the month.

### HOUSEHOLD HINTS

If any soap must be used to clean white paint, put it into the water and not on the cleaning cloth. Soap turns white paint yellow, as does also hot water; use cold water, with a little borax or ammonia in it, about a teaspoonful of ammonia to two quarts of water, or enough to soften the water only. Rinse at once and wipe dry.

To remove white spots from furniture, take two tablespoonfuls of sweet oil, one teaspoonful of vinegar and half a teaspoonful of turpentine, shake these well together; wet a soft piece of flannel in this mixture and rub the spots with it.

Matting should be washed twice during the summer with salt and water—a pint of salt to half a pailful of water and a teaspoonful of alum, thoroughly mixed and boiled. Add paper until about as thick as putty, and it will harden like papier-mache.

Old furniture that has a dull, greasy look should be rubbed with turpentine, and then polished with any good polish.

To take dents out of furniture, wet the place with warm water, then take half a dozen thicknesses of brown paper, wet soaked, and lay upon the dent; upon this hold a hot flat-iron till the paper is dry. Repeat if necessary until the dent is removed.

A brilliant black varnish for iron stoves and fire-places is made by stirring ivory black into ordinary shellac varnish.

### You Can Certainly Make a Saving at This Store During This Week

### Many Women who are Splendid Cooks

dread having to prepare an elaborate dinner because they are not sufficiently strong to stand over an intensely hot coal range. This is especially true in summer. Every woman takes pride in the table she sets, but often it is done at tremendous cost to her own vitality through the weakening effect of cooking on a coal range in a hot kitchen.

It is no longer necessary to wear yourself out preparing a fine dinner. Even in the heat of summer you can cook a large dinner without being worn out.

### New Perfection Oil Cook-stove

Gives no outside heat, no smell, no smoke. It will cook the biggest dinner without heating the kitchen or the cook. It is immediately lighted and immediately extinguished. It can be changed from a slow to a quick fire by turning a handle. There's no drudgery connected with it, no coal to carry, no wood to chop. You don't have to wait fifteen or twenty minutes till its fire gets going. Apply a light and it's ready. By simply turning the wick up or down you get a slow or an intense heat on the bottom of the pot, pan, kettle or oven, and nowhere else. It has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for coffee, teapot or saucepan, and even a rack for towels. It saves time, worry, health and temper. It does all a woman needs and more than she expects. Made with 1, 2, and 3 burners; the 2 and 3-burner sizes can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

### GRAIN MARKET

(By Courtesy F. W. Stevenson & Co.)

Table listing grain market prices for various commodities like wheat, corn, and oats.

### New York Stocks

(Times Lensed Wire)

New York, June 8.—Leading issues today were irregular with a firm undertone. In spite of an occasional weak spell, the market had good support, although the active list opened at declines. Weakness continued until nearly noon, when a rising market was recorded. American woolen lost 2; Reading, 1 1/2; St. Paul, 1 1/2; Union Pacific, 1 1/2, and Steel 1 1/2. Great Northern on certificates lost 1 and Colorado 1/2. Later St. Paul dropped 3; Union Pacific, 2; Atchafalpa, 1 1/2; Southern Pacific, 1 1/2; Consolidated Gas and Northern Pacific 1 1/2; Rock Island, 1 1/2; C. P. R., 1 1/2, and Penna., 1 1/2. These losses, however, were partially made up before noon.

Bonds were irregular.

# YACHT RACES NEXT MONTH

## MANY FAST BOATS TO VISIT VICTORIA

### Long Distance Power Boat Race Will Finish Off Outer Wharf.—The Programme

July 3rd, and the three succeeding days, promise to provide Victoria with the greatest yachting event in the history of the port. The preliminary programme of events is followed out.

On the first day there will be probably a spectacular finish to the Pacific International Power Boat Association's 25-mile power-boat race from Tacoma, via Vancouver. A large number of the finest launches on Puget Sound, will compete in this long test of endurance and speed and the end of the contest off the outer wharf will be well worth witnessing. Last year twenty-four cruises started in this race and seven of them finished the prize of the "Rudder Trophy" presented by Thomas F. Day, going to the launch Soya, under charter to Capt. Ames.

On Monday, July 4th, and Tuesday, the Victoria Yacht Club's regatta will take place. A long list of events, as shown below, has been arranged and exciting racing is promised.

Wednesday will be devoted to the Northwest International Yacht Regatta Association. The regatta arranged by this body possesses a special feature in the awarding of the Key City trophy to the fastest boat of any class over a twelve-mile course, and the Starling shield for the fastest cruiser over a similar distance.

It is expected that over three hundred boats of all classes will be present in port during the regatta and arrangements have been made to entertain visiting yachtsmen.

A buffet supper will be given at the Empress hotel, a garden party at the residence of John Arbuthnot, Rockland avenue, and a smoker at the clubhouse, according to present plans.

Following is the preliminary programme:

Entries for all races to be in the hands of the secretary on or before the 25th June, 1910, together with the certificate of measurements furnished by the official measurer of the club to which the yacht belongs.

Sailing and auxiliary yachts to be measured in accordance with the measurement and racing rules of the Northwest International Yacht Racing Association, adopted at Seattle, Dec. 1st, 1908.

Motor boat measurements to be in accordance with the rules of the Pacific International Power Boat Association.

All sailing entries to be accompanied by certificate of rating.

In the afternoon and evening, of July 3rd, will be held an informal reception by officials of the V. Y. C. at the club house to visiting yachtsmen.

The programme for the Victoria yacht club regatta on Monday, July 4th, is:

- 10.00 a.m.—First race for the McNeill cup. Course 12 miles. Time limit 5 hours.
- 2.00 p.m.—Preliminary gun.
- 2.15 p.m.—Get ready gun.
- 2.30 p.m.—Special class for cruisers. Flag white.
- 2.35 p.m.—26 ft. class, Red.
- 2.40 p.m.—22 ft. class, Blue.
- 2.45 p.m.—29 ft. class, White.
- 2.50 p.m.—24 ft. class, Red.
- 2.55 p.m.—21 ft. class, Blue.
- 3.00 p.m.—18 ft. class, White.
- 3.05 p.m.—Centreboards under 21 ft. Red.

First and second prizes will be awarded in each class, provided that there are at least three boats started.

Course 12 miles; twice round triangular course marked on charts, leaving all buoys to port. Time limit 5 hours.

The programme for Tuesday, July 5th, is:

- 11.00 a.m.—Power boat races.
- Class 1.—Non-cruising cabin boats, open and standing roof boats over 30 ft. L.V.L., handicapped under rules of P. I. P. B. A.
- Class 2.—Same as class 1, but under 30 ft. L.V.L.
- Noon.—Novelty speed boat race. Open for all comers, subject to approval of the regatta committee.
- 2.00 p.m.—Second race for the McNeill cup.
- Wednesday's programme is: N. W. I. Y. R. regatta. Conditions same as V. Y. C.
- 10.00 a.m.—Preliminary gun.
- 10.15 a.m.—Get ready gun.
- 10.30 a.m.—Special class for cruisers.

Flag white.

- 10.35 a.m.—36 ft. class, Red.
- 10.40 a.m.—32 ft. class, Blue.
- 10.45 a.m.—29 ft. class, White.
- 10.50 a.m.—26 ft. class, White.
- 10.55 a.m.—21 ft. class, Red.
- 11.00 a.m.—19 ft. class, Blue.
- 11.05 a.m.—Centreboards under 21 ft. Red.

Prizes will be awarded by the N. W. I. Y. R. A.

Course 12 miles; twice round triangular course marked on charts, leaving all buoys to port. Time limit 5 hours.

2.00 p.m.—Third race for the McNeill cup.

Key City trophy—For fastest boat over 12-mile course, any class.

Scarlet shield—Fastest cruiser over a 12-mile course.

C.

### MORAN DEFEATS CONLEY.

Fight Promoter Will Try to Match Victor Against Abe Attell.

Los Angeles, Cal., June 8.—By virtue of his victory over Frankie Conley at Naud Junction last evening, Owen Moran believes he is qualified for another crack at Abe Attell and unless Promoter Tom McCarry's plans fail to carry, these two little fellows will meet in a local ring on June 25th. Moran won from Conley last night in clean cut fashion. He excelled Frankie in every department of the game, except in the matter of covering his vulnerable points, and waiting for continuous rough weather to blow over. Conley was game, however, and won many friends by the manner in which he assimilated the best Moran had to offer in the way of punishment. In only one round, the first, did Conley appear better than Moran, while in the eighth—the Kenosha boy was more than worried. Conley's defence, however, Moran throughout the fight. Moran's boxing and ducking were the cleverest shown in a local ring in many days and his clean work in the breaks caused much favorable comment. McCarry will try to match Moran and Attell over a 25-round route. Failing in that, he will try for a 10-round battle.

During the last five years 6,250 persons have been sent to the gallows in Russia, most of them for offences which would be lightly treated by London magistrates.

—Parkdale.

### 25 YEARS' SUCCESS

THE GREAT ENGLISH REMEDY.

## HOPE AT LAST COMING TO OWN

### HISTORIC OLD TOWN ON LOWER FRASER

Brighter Times Seem to Be Ahead for Old Time Hudson Bay Post

It is of singular interest how many of the old points selected nearly a century ago for the purpose of trade with the aborigines are now coming to the front. Showing that those entrusted with the duty of establishing these points acted on most reliable information, and that could only have been obtained from the Indians—and so, as is now being proved, the Indians should be given credit for having pointed out to the pioneer the most desirable points for reaching and securing the products of the country which were being sought for by traders, especially the Hudson Bay and Northwest Trading Companies. So in after years, when prospectors demonstrated that the country was full of minerals, and mining centres were springing up, the Indian information was the first sought for, and it was almost invariably found that the

tracks they had followed (they often taking advantage of the deer tracks), were the ones followed with some minor deviations by the trail-maker. The Royal Engineers, who came out in 1858 under Colonel Moody, made great use of this information, and the early trails and roads were all selected after consultation with them and the Hudson Bay officials. In regard to business centres there may be mentioned in the north, Tete Jaune Cache, Fort George, Fort St. James, at the south end of Stewart's lake; mouth of Quesnel, Kamloops, Fort Douglas, Yale, Hope and Fort Langley; and on the Columbia river, Fort Shepherd and Fort Colville, which was found when the boundary was defined, to be a few miles south of it, and consequently it was abandoned. Out of these almost all are, or will become, large business, and some manufacturing centres, and few mistakes can be made by securing interests in any of these points when an opportunity occurs. The latest to attract attention is the well-known historical point of Fort Hope, but it is so close to the doors of the investor that in all probability this property will not realize as much as some of those which, in the minds of the uninformed, increase in importance in the ratio of the distance at which they are situated; although the surroundings of Hope, with its mines, timber, water power and accessibility to the beautiful and rapidly developing country east of the mountains, being within three hours as soon as the railway now under construction is completed, should make it an attractive speculation as any point in British Col-

umbia. As a future resort for tourists there is no spot in the lower country that affords better sport, more beautiful views of unsurpassed scenery than the Hope mountains. Hope has probably more to back it from almost every point of view than any other prospective town in British Columbia. This spot, situated about 80 miles from the mouth of the Fraser river, was established by the Hudson Bay Company more than half a century ago for several reasons. It was at that time the head of feasible navigation on the Fraser and a few miles below the canyons, which were almost impracticable for travel by land and water. At the back of Hope valleys existed a beautiful and rapidly developing country, extending from Hope to the Okanagan and Columbia in the east and to the most northern parts of British Columbia, and every year what was known as the Hudson Bay brigades came from north, south, east and west to receive the annual supplies for the interior posts. It was also for the most interesting sights of early days to be at Hope at that time, when these brigades arrived, consisting of hundreds of pack horses and mules, mostly the former, accompanied by the Hudson Bay officials from the several districts. Packers in-

numerable were decked in their handsome leather headed coats and shawls of different colors, each district vying with another in turning out the most attractive outfit. Most of them brought down their favorite pack horses to take part in their enjoyments and sports. After the supplies had arrived and the packs were made up for the return home, these sports lasted about two days, and Hope was en fete for the occasion. This visit gave an opportunity of the officials annually meeting each other from different parts of the country to learn the news and to consult with the chief factors at Victoria. Up to the time of the gold excitement in 1858 this annual visitation of the Hudson Bay Companies' brigades was the principal business done at Hope, although a large number of Indians made it their home and the mountains being full of game, a considerable part of business was done at the post, and some of the finest marten skins were traded for there. It was also for a time the headquarters of the Fraser river alluvial mining excitement in 1858, some of the bars being of great richness. For several years Hope was one of the most active interior towns on the mainland, but with the working out of the mines it dwindled away to a few inhabitants. But periodical mining excitement in the interior first at Similkameen, then Rock creek and subsequently Granite Creek (all alluvial diggings) gave fresh spirit to the place, for all business in those sections was done from Hope. Then large herds of cattle were raised in the extensive bunch-grass country east of the mountains. These were all shipped via Hope and added to its prosperity; but the building of railways in the interior took that business from the town. However, with all these changes, inevitable in a new country, Hope has been looked upon as a point that must eventually be very important. It has large mines tributary to it that are inferior to any in the province, it has water power of immense capacity, which can be obtained from the Coquihalla and Silver Creek rivers; its timber of all classes, which must be brought out by way of Hope, is as extensive and valuable as any in British Columbia; its cedar will be sought for when the coast cedar is used up—and there is no finer than that on the Skagit river—now it is to have three railways culminating at that point, one, the Great Northern, building with great energy from the east to Vancouver, and constructing parties should be at work at Hope in the near future. The Canadian Northern is about letting contracts for a portion of their main line, and next year will see their grades stretched from the west all the way to Kamloops and Tete Jaune Cache, passing through the town, and as indicated in the press. The C. P. R. propose running a line from Merritt up the Coquihalla and down the Coquihalla through Hope to Vancouver, giving them an alternative through line to the coast. It is needless to expatiate on what must be the future of that town, the foundation of which was laid so many years ago.

# CITY OF VICTORIA

A complete list of Local Improvement Works authorized by By-Law from time to time will be found posted on the Bulletin Board at the Main Entrance to the City Hall.

## Civic Notice

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

- To construct a permanent sidewalk of concrete on the west side of Douglas street from the northern boundary of Lot 4, Block T, Work Estate, northerly to the city limits.
- To light Yates street from Douglas street to Blanchard avenue by means of electric light posts bearing branch lights, also to construct the necessary conduits for carrying all wires underground.
- To construct permanent sidewalks on both sides of Duchess, between Fort street and Leighton road.
- To construct a permanent sidewalk, with curb, gutter and boulevard (including maintenance) on the west side of Richmond avenue from Oak Bay avenue northerly to the north line of Lot 5, Peter's Sub-division, Section 8.
- To construct a permanent sidewalk of concrete on the north side of Collinson street from Vancouver street to Cook street, with curbs, gutters and boulevards, including maintenance.

And that each and all of said works shall be carried out in accordance with the provisions of the "Local Improvement General By-Law" and amendments thereto, and the City Engineer and City Assessor having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable to each case against the various portions of real property to be benefited by the said works, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within fifteen days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., May 28th, 1910.

## Tenders For Construction of Permanent Sidewalks

Tenders will be received up to 4 p. m. on Monday, the 13th day of June, for the construction of Permanent Sidewalks on the following streets: MAPLE STREET, QUADRA STREET, WORK STREET, BLANCHARD AVENUE, and CALEDONIA AVENUE. Specifications and profiles can be seen at the office of the undersigned, to whom all tenders must be addressed. The lowest or any tender not necessarily accepted.

WM. W. NORTHCOTT, Purchasing Agent, City Hall, June 2, 1910.

## Tenders for Garbage Cans

Tenders will be received up to 4 p. m. on Monday, the 13th of June, for the making and supplying of 1000 Garbage Cans more or less. Specifications can be seen at the office of the undersigned, to whom all tenders must be sent. The lowest or any tender not necessarily accepted.

WM. W. NORTHCOTT, Purchasing Agent, City Hall, June 2, 1910.

## COURT OF REVISION

NOTICE IS HEREBY GIVEN that the first sitting of the Annual Court of Revision of the Municipality of the City of Victoria, will be held in the Council Chamber, City Hall, Victoria, B. C., on Tuesday, the 21st day of June, 1910, at 10 o'clock a. m., for the purpose of hearing complaints against the assessment as made by the Assessor, and for revising and correcting the assessment roll.

WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., May 19th, 1910.

## Notice to Contractors

Tenders will be received by the undersigned up to 4 p. m. on Monday, June 13th, for the building of a dwelling at Smith's Hill Reservoir for the use of the caretaker. In accordance with plans and specifications which can be seen at the office of the superintendent of public buildings, to whom tenders must be sent. The lowest or any tender not necessarily accepted.

WM. W. NORTHCOTT, Superintendent of Public Buildings in the City of Victoria, City Hall, May 31st, 1910.

## Asphalt Wanted

Tenders will be received up to Monday, 13th inst., at 4 p. m., for the following: 100 Tons Asphalt, grade D; 100 Tons Flux; 50 Tons Pavement Filler; to be No. 1 quality, to be delivered forthwith at store house, Yates street. The lowest or any tender not necessarily accepted.

WM. W. NORTHCOTT, Purchasing Agent, City Hall.

## Are Light Equipment

Tenders will be received up to Monday, June 13th, at 4 p. m., for the supply of plant, consisting of lamp transformers, switchboard, and co. as per specifications, which can be seen at the office of the undersigned, to whom tenders shall be sent. The lowest or any tender not necessarily accepted.

WM. W. NORTHCOTT, Purchasing Agent, City Hall, May 24th, 1910.

## FIRE SIGNALS

The public are hereby notified that Fire Gongs and Signal Lights have been placed at the corners of the following streets, namely: CORMORANT AND DOUGLAS, CORMORANT AND GOVERNMENT, JOHNSON AND BROAD, YATES AND GOVERNMENT, YATES AND GOVERNMENT.

The sounding of these gongs and the flashing of the red lights are for the purpose of the instant stopping of all traffic on said streets in the business section of the city until the gongs cease to ring and the lights are extinguished. The strict observance of this rule is required, and all persons are expected to govern themselves accordingly.

WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., June 7th, 1910.

## Sidewalk Construction

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

- To construct a permanent sidewalk of concrete on the north side of Fairfield road from Cook street to Linden avenue.
- To grade, drain and rock surface Belcher avenue, between Oak Bay avenue and Fort street, and to construct permanent sidewalks of concrete with curbs, gutters and boulevards (including maintenance) on both sides of said avenue.
- To construct permanent sidewalks of concrete on both sides of Davis street, between Fort street and Leighton road.

And that each and all of said works shall be carried out in accordance with the provisions of the "Local Improvement General By-Law" and amendments thereto, and the City Engineer and City Assessor having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within fifteen days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., June 2nd, 1910.

## PREMONITION OF DANGER

Those who believe in telepathy and second sight will be confirmed in their theories by the fact (which I know on the best authority) that Queen Alexandra, while on her way to Calais, had a special message from Calais, here a rather alarming telegram awaited her which caused the Queen to send on one of the destroyers at once to Dover to have all in readiness for departure directly the royal yacht should arrive. It was a stormy afternoon, and even with the utmost speed her Majesty reached London later than she intended. But had it not been for the premonition of danger, the Queen could hardly have arrived from Corfu in time to be with the King before the end.

## FUTURE OF THE CONGO

King Albert of Belgium has made a notable speech at the opening of the Colonial exhibition with regard to the Congo and its future. Our aim, he said, is the happiness of the native population, and we desire to enjoy the esteem of our neighbors in advancing continuously along the path of progress. His Majesty condemned the extreme exploitation of the country, and declared himself in favor of colonization by customs sanctioned by Christian morals. Belgium was to occupy an imposing place in the economic evolution of inter-tropical colonies, and he wondered whether the necessary effort had been made to develop the railways. He urged the construction of a transport line running right through the colony, and uniting the capital with the heart of Katanga, which might be brought about by the extension of the railways of the Great Lakes.

## HON. F. OLIVER'S TRIP TO FAR NORTH

Mounted Policemen Will Leave Dawson to Meet Minister at Fort Macpherson

Dawson, June 7.—Hon. Frank Oliver, minister of the interior, has wired Major Wood, in charge of the Northwest Mounted Police here, to send a detachment of four men to meet him at Fort Macpherson on July 3rd. The minister is to descend the Mackenzie, then cross the portage to the head of the Porcupine, descend in canoes to the Yukon, come to Dawson and thence to the coast. He has not decided whether he will return east from Prince Rupert or from Vancouver. The police escort leaves here June 12th and will have to hurry to reach Fort Macpherson by July 3rd. Macpherson is located at the mouth of the Mackenzie.

## INSURANCE CLAIM

Court Will Decide Whether Deck of Coast Liner is American Soil

Olympia, Wash., June 8.—Is the deck on a steamship on a San Francisco-Portland run American soil? That is a question the Supreme court will have to decide. If the answer is "yes," the Continental Casualty Company will have to pay O. L. Lewis of Seattle, the insurance on the life of his wife, who was killed on a steamer en route from San Francisco north. The company refused to pay the policy on the ground that it expressly stipulated it would only cover the policyholder on United States soil. The tragedy occurred at sea three miles from shore. The case comes to the Supreme court on an appeal from King county.

## BOY KILLED BY TRAIN

Spokane, Wash., June 8.—In his fear of tardiness at school, little nine-year-old Fay Willston attempted to dash across the Great Northern tracks here yesterday and was almost instantly killed. The train was moving at a rapid rate of speed and struck the lad when it was but half way across the track.

## Fill the Water Pan

AND be sure the furnace heated air contains the natural amount of humidity—moist and refreshing—not the parching heat given off by the average furnace. You'll enjoy more solid comfort and at the same time save coal, by installing a

## "Good Cheer" Circle Water Pan Furnace

The evaporation from this big waterpan, which entirely surrounds the firepot and holds from 4 to 6 gallons, is sufficient to keep the warm air supplied to each and every room almost as humid as the outdoor air. That means genuine comfort without heating the house above 68°—and in consequence a substantial saving in coal. Even more important than the economy is the improvement in the health of your whole family. Breathing the humid, healthy air from the "Good Cheer" furnace, they will escape the colds, sore throats and lung troubles which are bound to follow the continued breathing of the dried out, over heated atmosphere produced by the average furnace with its make-shift little water pan. Before you decide on your furnace write for descriptive literature which explains more fully the advantages of the "Good Cheer" furnace and its patented Circle Water Pan.

THE JAMES STEWART MFG. CO., LIMITED, WOODSTOCK, Ont. Sold and recommended by Pattison & Co., 1032 Frederick Street, Victoria, B.C.

# MAGIC BAKING POWDER

Does not contain Alum

Canada will some day stop by legislation the use of alum in baking powder. Alum powders injure digestion. Great Britain already prohibits alum in foods.

MAGIC is better than any food law requires. MAGIC insures healthful, wholesome food. Brings success to you in baking light, flaky biscuits, cake and pastry. NO ALUM

MAGIC is a medium priced baking powder and the only well-known one made in Canada that does NOT contain alum. Full Pound Cans, 25c.

Made in Canada Be sure of purity—insist on MAGIC E. W. Gillett Co. Ltd. Toronto, Ont.

1206 GOVERNMENT STREET

VICTORIA, B.C.

**FORT GEORGE**

Townsite lots will be the next auction sale of lots held by the Government, so we understand, and as Fort George has a far brighter future than Stewart you should see lots in this townsite sell at a good figure. The Government have reserved the blocks they want in our subdivision.

We have still a few Inside Lots left at \$150 each.

Terms, 1 cash, balance 6, 12 and 18 months at 7 per cent. All our lots are 50x125 ft.; title guaranteed by the Government. This is the best speculation on the market to-day. Buy now. Don't delay.

FOREMAN KILLED
Old Employee of Company Meets Death While at Work in Vancouver

PRINCE RUPERT, June 7.—Among the several interesting and important questions that came before the board of trade council at its last meeting was that of holding a big fair this summer or in the early autumn, and showing to visitors in this way, the immense mineral and agricultural resources of the country tributary to Prince Rupert.

PHOENIX, June 7.—The features of the last week in Boundary mining are the resumption of operations by the British Columbia Copper Company, after an enforced idleness of six weeks, and the commencing of shipments from the company's Jackpot mine, the Wellington camp property to which the C.P.R. has recently completed a three-mile spur.

ACTIVITY IN SANDON CAMP.
Nelson, June 7.—The Sandon camp is looking better than for years. More properties are working, more men are employed, and the result being obtained are better than for a long time past.

FIFTEEN THOUSAND
DOLLARS DAMAGES
Man Injured in Disaster on Electric Railway Awarded Full Amount of Claim

ASSUMES NEW PASTORATE.
New Westminster, June 7.—Rev. T. H. Wright, for the past two years in charge of the Ashcroft Methodist church, has assumed the pastorate of the Methodist church at Cloverdale, succeeding Rev. T. G. Barlow, who goes to China.

MINING IN CARIBOO.
Barkerville, June 7.—For some time past Jack Campbell and a small company have been prospecting a bench of Antler creek, nearly opposite Nugget Gulch, tunnels having been run in several directions till at last their efforts have been rewarded. This is the biggest strike of the year up to the present time. The property is now being turned into an open hydraulic.

Notice to Contractors
Tenders will be received by the undersigned for the construction of the first section of the Canadian Northern Pacific Railway from New Westminster easterly for a distance of sixty miles. Tenders to include grading, bridging, masonry, track laying, ballasting and erection of telegraph line.

L. U. CONYERS & CO.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS.
Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district.

A GOLDEN WEDDING.
New Westminster, June 7.—Mr. and Mrs. Hugh Burr recently celebrated the 50th anniversary of their wedding. There were present their children, nine grandchildren, and one great-grandchild, and one great-grandchild.

CITY HALL SITE.
New Westminster, June 7.—Mayor Lee has received a letter from W. W. Cory, deputy minister of interior, to the effect that the city does not own the present city hall site, having received a grant of this site from the Dominion government on condition that it be used for a specific purpose.

NEW STATION FOR MERRITT.
Merritt, June 7.—It is semi-officially announced that the Canadian Pacific railway company will shortly build a new station at Merritt. The new station will likely be built on a site just east of the present one and will be of a modern type and better adapted to the requirements of this thriving community.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Drake Hardware Co." will be received at this office until 4:00 p. m. on Wednesday, July 20th, 1910, for the construction of a steel bow well twin screw barge loading dredge.

To Contractors
Tenders are invited for a two-story brick building on Douglas street for the Drake Hardware Co. by noon June 14th, 1910.

TOLLER & CO.
Room 1.
IMPERIAL BANK CHAMBERS.

NOTICE.
Notice is hereby given that the Annual Meeting of the Pacific Northern and Ontario Railway Company will be held in the office of Messrs. Bowdell & Lawson, No. 215 Government street, Victoria, B. C., on Monday, the 20th day of June, 1910, at the hour of eleven o'clock in the forenoon.

BANKER BANQUETTED.
Nanaimo, June 7.—That L. M. Richardson had made many friends during his three years' residence in Nanaimo as manager of the local branch of the Royal Bank of Canada, was evidenced last night by the representative gathering of citizens that assembled around the banquet board in the dining parlors of the Windsor hotel and tendered him a farewell banquet on the occasion of his leaving Nanaimo to enter upon the duties of manager of the New Westminster branch of the Royal bank.

VERNON ASSESSMENT.
Vernon, June 7.—Vernon's assessment roll this year shows an increase of \$20,000 over that of last year, according to Messrs. Orchard and Johnson, the city assessors. The total assessment had now reached the \$1,850,000, of which \$800,000 is on improvements, the balance on land values.

NOTICE.
I, C. J. McDonald, hereby give notice that, one month from date hereof, I will apply to Superintendent of Provincial Police at Victoria, B. C., for a renewal of my license to sell intoxicating liquors at the premises known as the Marine Island Hotel, situated at Marine, in the Island District, to commence on the 1st of July, 1910.

Municipality of North Cowichan
Wanted, Municipal Clerk and Collector, to devote the whole of his time to the work. Salary, \$85 per month, duties to commence July 2nd, 1910. Applicants to find bonds or security for \$1,000. Sealed applications (endorsed "Clerkships"), with copies of testimonials, must be in my hands not later than June 22nd, 1910.

To Contractors
Tenders are invited for a three-story brick building on Langley street for Messrs. Sweeney & McConnell by noon June 14th, 1910.

NOTICE TO CREDITORS.
IN THE MATTER OF THE ESTATE OF DUNCAN NICOL FINLAYSON, DECEASED, AND IN THE MATTER OF THE TRUSTEES AND EXECUTORS ACT.
NOTICE is hereby given that all persons having claims against the late Duncan Nicol Finlayson, who died on the 11th day of June, 1910, are required to send by registered post, or deliver to the undersigned, solicitors for the executor, full particulars in writing of their claims, and statements of their accounts, and the nature thereof, and the securities if any held by them, duly verified by statutory declaration.

NOTICE.
NOTICE is hereby given pursuant to the provisions of Chapter 15 of the Revised Statutes of Canada that the Canadian Pacific Railway Company has made application to the Governor in Council for approval of the construction of an extension of its wharf in James Bay, in the Harbor of the British Columbia, and that plans thereof and a description of the site of the proposed extension have been deposited with the Minister of Public Works, and a duplicate of each in the office of the Registrar of Deeds at Victoria, in the said Province.

FIRE AT FERNIE.
Fernie, June 7.—A serious fire occurred in Fernie, British Columbia, when a dwelling house occupied by Henry Harrison, a miner, was completely gutted. Harrison had just gone on shift. Mrs. Harrison and her mother had difficulty in getting out without being seriously injured.

Uncle Walt
The Poet Philosopher
It is a strange and wondrous time; weird things occur in every clime, and portents do not cease; great comets whirl across the sky, and meteors go whizzing by, and storms disturb the peace.

NOTICE.
I, C. J. McDonald, hereby give notice that, one month from date hereof, I will apply to Superintendent of Provincial Police at Victoria, B. C., for a renewal of my license to sell intoxicating liquors at the premises known as the Marine Island Hotel, situated at Marine, in the Island District, to commence on the 1st of July, 1910.

SEALED TENDERS
Will be received up to the 10th day of June, 1910 for the purpose of installing a hot air heating furnace in the Cumberland Public School. Figures are requested for a one furnace, also a two furnace system.

### NEGRO SOLDIER HAS CONFESSED

#### Another Demand for Removal of Regiment Now Stationed at Fort Lawton

(Times Leased Wire.) Seattle, Wash., June 8.—Nathaniel Bledser, private in the Twenty-fifth (colored) infantry, after repeated denials of his guilt, finally broke down under cross-examination to-day and confessed his attack on Mrs. J. W. Redding at her home near Fort Lawton last Saturday night.

Bledser's confession was made to Captain of Detectives Tennant, in the presence of other police officers.

"I was drunk and reckless I guess," was his only excuse. He said that he with another soldier had decided to desert. With a corporal they went to a saloon about a mile from the fort where Bledser drank four cans of beer. They went from there to a chicken ranch owned by a negro named Mason, and there gave the corporal the slip. On their way to a street car they passed the Redding home and saw Mrs. Redding. The attack followed. They afterwards boarded a street car.

Inter Bay residents, number about 50, marched to the home of Alice Whiticar, a negro woman whose house is frequented by soldiers, and ordered her to leave the city. Threats of lynching were rife, but the police arrived in time to protect the woman.

At a meeting of the Capitol Hill Improvement Club, an organization representing one of the finest residential districts in the city, far removed from the fort, last night passed a resolution calling on the war department to remove the troops.

Col. W. S. Miller, of the Twenty-fifth, argued to-day that an entire regiment should not be blamed for the misdeeds of one man, but refused to discuss the matter further.

Inquiry Ordered.

Washington, D. C., June 8.—President Taft to-day refused to order the removal of the Twenty-fifth (colored) infantry from Fort Lawton, following the alleged attack by a negro trooper on a woman living near the fort.

The president's action followed the presentation by Senator Jones, of Washington, of a demand for the regiment's removal following a mass meeting to bring about the transfer of the troops.

The president declared that the removal on unproved charges would be unwise, and it would not be fair to the community, because it would remove a witness from the jurisdiction of the local authorities.

He instructed Secretary of War Dickinson to order the commandant at the garrison to begin rigid investigation at once to ascertain the identity of the offender, and to detain witnesses and confine the regiment to the military reservation until the matter is settled.

### PORTLAND TEAMSTERS' STRIKE.

Both Sides Determined Not to Yield and all Efforts to Settle Dispute Fail.

Portland, Ore., June 8.—All efforts to settle the teamsters' strike has thus far met with no success. The 400 striking teamsters say they are determined to secure their demand for an increase of 25 cents per day and recruits are continually joining their ranks.

A voluntary arbitration committee held several meetings yesterday and will hold conferences to-day in an effort to patch up the differences between the strikers and employers.

With the draymen's association firmly determined to establish the open shop policy and the teamsters firmly convinced that they have the strike already won, there seems little chance for a peaceable settlement.

Mayor Simon has refused the request of the employers that a policeman be detailed to each wagon driven by a non-union teamster.

## Bamboo Porch Screens, Green or Natural

It's nice to enjoy the warm comfort of a sunny balcony or porch, but sometimes in the Summer months the sun gets just a little too strong for comfort. Right there is where the bamboo porch screen comes in. These porch screens are made of split bamboo, and we have them in either green or natural shades. The cost is little and they are ideal for either town or Summer house.

Size 4 ft. x 8 ft., from \$1.50 to.....\$1.00  
Size 6 ft. x 8 ft., from \$2.00 to.....\$1.50

Size 8 ft. x 8 ft., from \$2.25 to.....\$1.75  
Size 10 ft. x 8 ft., from \$3.50 to.....\$2.25

## Beautiful New Table Linens To-Day

The linen mills of Northern Ireland are famous for their table linen productions. The beautiful, satiny, snowy white linens that come from this section of the world are the delight of the housekeeper, who realizes the important fact that if the table linen isn't just right the "table" isn't right. Matters not how dainty the other furnishings may be you must have nice linen.

We have just received a big shipment of dainty linens for table use—direct from one of the largest Irish mills, and we invite you to come in and see some unusually nice table linen. Patterns are pretty and there's an excellent assortment.

Even though the first cost may be slightly more you'll find it pays to buy reliable linens in preference to ordinary sorts. But our prices on these superior linens are no higher than you'll find asked for those other kinds. Best plan is to come in and inspect at close range.

### You'll Find It Pays to Buy Good Linens

HEADQUARTERS FOR SUMMER FURNITURE AND FURNISHINGS

CAMP FURNISHINGS AND EVERYTHING FOR THE SUMMER COTTAGE

### OBITUARY RECORD

The funeral of the late Assunta, infant daughter of Prof. and Mrs. Claudio, will take place to-morrow afternoon at 2 1/2 from the family residence, 831 Broughton street, from where the cortege will proceed to Christ Church cathedral. The remains will be interred in Ross Bay cemetery.

There passed away at an early hour this morning at the family residence, 1705 Fernwood road, John Moore, after a lingering illness. Deceased came to this city from Alberta about two and a half years ago. He was 55 years of age and was born in Ontario. The late Mr. Moore, although only a resident of this city for a short time, was well known. A sorrowing widow and two sons are left—J. H., who is at present in the North, and I. N., of this city. Mr. Moore was a valued member of the I. O. O. F. and the United Workmen. Both these societies will attend the funeral, which takes place on Friday afternoon at 2 30 o'clock from the family residence, Rev. A. J. Stanley Ard will conduct the services. Interment will be made in Ross Bay cemetery.

### At Ross Bay cemetery this afternoon the remains of the late Mrs. Minnie M. Haughton, wife of E. J. Haughton, Dominion superintendent of wireless stations in B. C., were laid in their last resting place.

The funeral took place from the residence of her mother, Mrs. D. S. Morrison, 49 San Juan avenue. Rev. Dr. Reid conducted services of an impressive nature, making touching reference to the

loss the family had sustained, and also giving words of comfort to the bereaved husband and children. The cortege proceeded from the house to the cemetery, where the services for the dead were read by the officiating minister. The attendance of friends was very large, the late Mrs. Haughton being widely known throughout this city. Many floral offerings were presented which testified to the esteem in which the deceased was held and to the sympathy felt for Mr. Haughton. The following gentlemen acted as pall-bearers: W. J. Cullum, Walter Howard, Capt. Geo. Kirkendale, I. B. Dixon, D. Dewar and C. H. Davy.

**SEMI-READY IN VANCOUVER.**

Thomas & McBain, who secured the sole agency in Vancouver for "Semi-Ready Tailoring after the demise of the late Thomas Foster, have opened a handsome new store at 519 Granville Street. E. A. Thomas, the head of the new firm, was for years manager of the Semi-Ready store, and his accession to the ownership is another example of a young man of energy and economy being prepared for the opportunity when it opens up.

### COMPULSORY TRAINING.
