MRS. AYRES PASSES AWAY.

Mrs. Eliza T. Ayres passed away yesterday (Friday) morning just after midnight, at the advanced age of 81 years, 10 months and 10 days. She ate a light supper with the family the night before, although had been suffering from a lack of circulation and severe pains all day. After supper she was quite cheerful and happy, and spent the evening in giving reminiscences of early life, and no thought of her earthly career being at an end was entertained. Just before death came she complained of feeling so tired, and immediately after no response was forthcoming to her husband's appeal for recognition.

Other members of the family were called and Dr. Cooper summoned, but the end had come. Her passing away was as peaceful as her long life of nearly eighty-two years had been.

V. M. Ayres, her husband, had been in poor health for a year or more and she had given him the very closest attention and her watchful care, and he little thought that he would survive her. For eighteen years they have lived in this section, during which time they have been faithful members of the First Baptist Church of San Jose, and now she has been promoted to the larger church above. Her life was a benediction to all who knew her.

She leaves, besides her husband, three daughters, Mrs. C. H. Whitman of Campbell, Mrs. H. W. Young of Independence, Kansas, Mrs. J. F. Boyd of Neligh, Nebraska, and two sons, A. J. Ayres of Nevada, Missouri, and C. M. Ayres of San Jose.

The funeral will probably not take place until next Wednesday, after the relatives from the East arrive.

PRESS NOTES

A. E. Sargent is able to be around after a severe attack of lumbago.

E. J. Wakeman recently moved to the Bourne house on Harrison avenue.

We have no report of the rainfall at Campbell, but the San Jose record will come pretty close to what ours would be. For the storm (Jan. 10 to 19) 4.64 inches; for the season 9.35. Last year at same time it was 11.41 inches.

Wednesday afternoon the excursion of Orgonions, 175 strong, headed by Governor Chamberlain, passed through Campbell over the Interurban Loop. Four cars were necessary to convey the party. They were treated to genuine web-foot weather.

On Thursday night of last week Morning Light Lodge, I. O. O. F. installed officers, District Deputy F. O. Roll and staff from Santa Clara doing the installing. After the work of the evening was over, a genuine Dutch supper was enjoyed in the banquet room. The new officers are: L. W. Hutchins, P. G.; C. W. Greene, N. G.; W. L. Downton, V. G.; J. H. THIS PAPER is kept on file at E. C. DAKES Advertising Ag'y, 124 Sansome St., San Francisco, Cal., where contracts for advertising can be made.

"PRESS" TO MAKE SOME CHANGES.

THE veteran editor, Duncan McPherson of the Santa Cruz *Sentinel*, says he has always made it the rule of his long newspaper career to only give the people as good a newspaper as his constituents were willing to pay for, and in that fact rests his undisputed success. He has always stood ready to increase the size of the paper when the patronage would warrant it. That seems to be the only safe plan. The trouble with most of the country editors is that they are giving a better paper than their pocket books will stand. With meagre advertising patronage and a circulation that is of course limited, the editor tries to issue a paper for \$1 a year, when in justice the price should be \$2. In some towns it is. The price of everything in the printing line, such as paper, type and other material has been greatly increased by the trusts, yet the editor bears all this increase. It isn't just. Not so with the city dailies; they have increased their advertising and subscription rates, thereby making all the patrons contribute a little toward the added expense of publishing the paper.

So in justice to ourselves we purpose on February 1st, 1906, to make a few changes in the PRESS. To start in with, we are going to change the day of publication to a date a little earlier in the week, which we know will be more satisfactory to all concerned. As it is now our friends bring their news in so late it is with the greatest difficulty we are able to issue on Saturday, which often throws the rural delivery over to Monday. This will be avoided. The quality of the paper now used will probably be changed to suit new conditions contemplated and an endeavor made to place the PRESS on a basis more satisfactory to the publisher. In doing this we hope to give a paper that will be more satisfactory to the patrons and of greater value to the town.

Another rule we expect to enforce from that date—February 1st—and that is that no free notices will be inserted for any concert, entertainment, or other doings where an admission charge is asked. We are getting rather tired of being flooded with matter of the free notice order and then nine times out of ten receive not even thanks for the same, but if the editor wants to take his family to the affair has the privilege of going and planking down the "dough" the same as the rest. Hereafter we will charge for such notices and be at liberty to make a donation if we see fit, and also to go and pay our way if we see fit. This has been a rule of the Santa Clara County Editorial Association for some time, but has not been the rule of this paper. Read the notice at the head of this column, as it applies to other classes of notices as well.

The columns of a newspaper are the editor's stock in trade, just as the goods on the shelf are to the merchant, and the editor should not be expected to give advertising space away any more than the merchant his goods. It is only right and just that this matter be put on a business basis.

As the ordinance and election proclamation each have to be published a certain length of time, the election for voting on incorporation cannot be held before the last week in February, giving ample time to have speakers come and address our citizens.

A PROMINENT speaker in discussing newspapers and their benefit to a town, among other things, said:

Every year every local newspaper gives from 500 to 5,000 free lines for the benefit of the community in which it is located. No other agency can or will do this. The editor in proportion to his means, does more for his town than any other person, and in all fairness, man with man, he ought to be supported—not because you happen to like him or admire his writings, but because a local paper is the best investment a community can make. It may not be crowded with great thought, but financially it is of more benefit than both teacher and preacher. Today editors do more for less pay than any man on earth. Patronize your home paper, not as a charity but as an investment.

The man who uttered those words must certainly have "done time" on a weekly paper in a country town.

THERE is not a property owner within the limits of the proposed incorporation who would not be benefited by incorporation.

The Senior Farce, "Merchant of Venice," (up to date) which was repeated on Monday night, drew a fair sized audience, considering the stormy night. The profits from the play were not as much as they had hoped for but considering the weather the results are very satisfactory.

Benjamin F. Wilson of Berkeley, who was to have been here last week to speak, was unable to come, but will be here tonight to speak in Campbell Hall and tomorrow (Sunday) afternoon at the same place at 2:30 o'clock.

"Admission of Capitalism," and Life, Liberty and the Pursuit of Happiness" will be his subjects.

The liquor license asked for by Bert Lane, for the saloon at the seven-mile house, came before the Supervisors last Monday, and as predicted in these columns last week, was denied, he not having sufficient signers to his petition. No application can be made now for a year. Two other licenses were denied the same day. Evidently our Supervisors have a desire to make the petitioners live up to the law.

The continued rains since the 10th ended Thursday night, the creeks running bank high, on account of the heavy fall during Wednesday and Thursday. All irrigating ditches are furnishing water to the orchardists, but many there are who are not in readiness to receive the water, and much that should be used is left to go down the creek. However the creek will no doubt run several days and "checking up" may be possible yet. The storm has been a great thing for the State, although much damage has been done in certain sections.

A new industry has been started on Sunnyside Tract that is of much importance to our town. P. Arnett and son have started in to manufacture cement building blocks, suitable for foundations, chimneys, corner columns, fences, etc. The ones now being made are for Mr. Arnett's own dwelling which he is soon to build on the two lots he has purchased just west of Mr. Stratton's dwelling. Mr. Stratton is to have a cement block fence put in front of his residence lots, two feet high. We have no doubt of the success of the new industry, and it will help to give the town a new style of architecture.

Johnny Reiff, of the Infirmary road, the world-known jockey, has gone to France where he is to marry an English heiress. After the marriage the couple will tour Europe, visiting Berlin, Vienna, Paris, Rome, Naples, and other points of interest, after which they will return to France where Johnny is under contract with the French turfmen. John W. Reiff Sr., who lives in the beautiful Reiff home nearly opposite the County Infirmary, says Johnny will be home for Christmas, accompanied by his bride and her mother and father, who intend to make their future home in California.

Supervisors Do Not Change Boundary Line of Petitioners.

The petition for the incorporation of Campbell came up for hearing before the Board of Supervisors Monday morning. A protest had been filed by J. M. Butts and others asking that the boundary line be cut to the creek on the east, the Santa Clara road on the west, Kennedy avenue on the south and the north line of B. Campbell's property on the north, Attorney S. G. Tomkins appeared for protestants and Attorney P. F. Gosby for the petitioners. S. L. Hayes, B. Campbell, A. G. McMillan and C. H. Whitman testified as to the number of inhabitants, the boundary line and the desirability of not disturbing the boundary line as asked for.

Dr. A. B. Townsend was the only witness opposing the proposed lines. While the protest was supposed to represent some 31 electors that was discovered by the petitioners to be a mistake, but should have read property owners, for there were three women, a corporation and a co-partnership, signers of the petition. A large number of those who signed the protest are non-residents.

The matter was put over until 2 o'clock, at which time the petition was granted as asked for, upon motion of Supervisor Ayer, and Monday, January 22 set as the time for passing the ordinance and setting time for election.

Ballad Song Recital.

Given by Mrs. Judson-McDonald of San Francisco on the evening of the thirtieth of January, at I. O. O. F. Hall. Mrs. McDonald, who was then Miss Judson, will be delightfully remembered by all who were fortunate enough to hear her, as having given a song recital with Miss Fanny Janes, who is now Mrs. Edward Merrill, about two years ago, in Congregational Church of Campbell.

Mrs. Merrill who is always welcomed by music lovers will be at the piano, and another feature of the evening's entertainment as yet not made public will be

announced through these columns later. Tickets are 25 cents and can be procured from any of the members of the Country Woman's Club.

Visits Southern California.

Phil. Blaine, who has been spending a month in Southern California, was visiting relatives and friends here Wednesday. He reports the orange growers of the south not so well fixed financially as the growers around this section. He met a number of Campbellites there, among the number being Miss Mattie More, Miss Minnie Hester, Jack Hester, Arthur Hutchins, Hugh McGee, who have been working in the orange industry at Arlington Heights, the pretty suburb of Riverside, at the end of the beautiful Magnolia avenue (which by the way is lined with large pepper trees.)

HONEST DENTISTRY

It is only a matter of simple calculation to show that good dentistry can be given with low prices. It is the dentist who has only a few patients that must charge high prices. The dental office that is kept

busy can easily afford to give lower rates. It is only another kind of quick sales and small profits.

7423 Patients Recommend Us.

We employ none but skillful dentists of long experience. Our methods are guaranteed to be absolutely painless and perfectly antiseptic. No charge for extraction of teeth unless they are painlessly removed. Where the patient orders a plate we do not charge for necessary extractions. We restore decaying teeth, we replace lost teeth and beautify sound teeth.

We guarantee for fifteen years our plates and bridge work to fit, to be comfortable, serviceable and natural. A discount of 10 per cent to out-of-town patients who pay railway fare to San Francisco.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." Sold by Farrington.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Farrington.

We should all be proud of summer, because pride precedes fall.

REV. CARLISLE P. B. MARTIN, L. L. D.

Of Waverly, Tex., writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." Sold by Farrington.

If you procrastinate you may expect a hard struggle with ruin.

GIVEN UP TO DIE.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Sold by Farrington.

Contracted Chronic Diarrhoea While in the Philippines.

"While with the U. S. Army in the Philippines, I contracted chronic diarrhoea. I suffered severely from this terrible disease for over three years and tried the prescriptions of numerous physicians, but found nothing did me any good until I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, two small bottles of which entirely cured me and I have since had no return of the disease."—HERMAN STEIN, 212 N. Chamberlain's Cough Remedy Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by Farrington.

IMPERFECT DIGESTION

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by Farrington.

CURED LUMBAGO.

A. B. Canham, Chicago, writes March 4, 1903: "Having been troubled with Lumbago, at different times, and tried one physician after another, then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of sufferers." Sold by Farrington.

The man who knows the least tries to tell the most.

Chamberlain's Cough Remedy Absolutely Harmless.

The fault of giving children medicine containing injurious substances, is sometimes more disastrous than the disease from which they are suffering. Every mother should know that Chamberlain's Cough Remedy is perfectly safe for children to take. It contains nothing harmful and for coughs, colic and croup is unsurpassed. For sale by Farrington.

A very small show of daring often conceals great cowardice.

Pleasant and Most Effective.

T. J. Chambers, Ed. Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and best remedy for coughs and colds I have ever used." Sold by Farrington.

A Cold Settled in His Kidneys.

A. J. Jenness, 9201 Butler St., Chicago, writes: "I am a switchman and am out in all kinds of weather. I took a cold which settled in my kidneys and I was in bad shape. I tried several advertised remedies with no benefit, until I was recommended to try Foley's Kidney Cure. Two-thirds of a bottle cured me." Sold by Farrington.
